## SUCIDE WAS WORTH A MILLION

### Edward Steinhauer, Young Pittsburger, Goes to Cheap Hotel to End His Life—Mourned Dead Brother

Pittsburg, Oct. 31.—Edward Steinhauer, a member of an old family and worth more than a million dollars, killed himself in the American House, a cheap hotel, where he was unknown to the proprietors. It was believed at first that he had been plunging on the wrong side of the market, and had also been grieving over the death of a younger brother. He left a letter addressed to a friend, but this gave no satisfactory explanation of his motive. A secret and more serious motive was hinted at by the police.

Steinhauer, who was thirty-eight years old and popular, registered at the American House as "E. W. Lawrence," and requested a large, airy, clean room. When he got to it he ordered stationery. Then a few minutes later the sound of a shot and a falling body called attendants to the apartment and they found him dead, with a hole through his head and a revolver in his hand. On the dresser was this letter, addressed to W. S. Wilson, an old friend and neighbor:

"Dear Billy—Break the news to the dearest ones at home. Tillie and mamma are at Annie's for supper, but grandma is at home. I cannot help this. Forgive me, dear friends. I cannot rest until I am with George."

"Don't phone about this. You might startle them. And, Will, have my body buried up right before it is taken home. Let them remember me as I was. Goodbye old pal, goodbye."

"Annie" proved to be a married sister of the suicide. She, her sister, Tillie, and the mother were present at the news. "George" was a younger brother, who died some years ago under very sad circumstances.

His father was a wealthy brewer and owned much valuable real estate. He died several years ago, leaving more than \$1,000,000 to his son, Edward Steinhauer.

Steinhauer was heavily interested in a steamship line in Nicaragua and spent much of the last two years in that country. He had been making preparations for his return there. Mrs. Steinhauer, his mother, was in Pittsburg during part of the day, and the son made certain that she had returned to her daughter on the North Side before he went to the hotel.

## DR. JOHNSON ACCEPTS M.P.A.A. PRESIDENCY

### Meeting of Executive Called For Nov. 10.—St. John Committee

H. D. Johnson, M. D., of Charlottetown, has accepted the office of president of the M. P. A. A. of the United States, secretary, A. W. Corey, of St. John, is junior vice-president, and will get with two other gentlemen as a St. John committee for the association.

The bulletin with the official announcement of the new president and secretary has been issued. Mr. Johnson has received letters from the new officials asking him to call a meeting of the executive committee at St. John, and suggesting that in the meantime he act as president of the association.

This is distribution day at Tammany Hall. The leaders of the Tammany district received their final instructions from the national committee. The leaders were given a list of names for the district, and were told to use every effort to bring out the full democratic vote. Mr. Murphy said that Judge Gaylor would be elected without any doubt. "I must decline to make public any figures which have not been made public by the national committee," he said. "It would appear that Mr. Hearst will run second in the race, and Mr. Barnard third."

Herbert Parsons, who has charge of the Republican campaign, asserted that Barnard will be elected by about 70,000 votes over Gaylor, and by 120,000 over Hearst. He predicted an overwhelming plurality for the rest of the Republican fusion ticket.

Parsons said that the Tammany party has completely collapsed and that Mr. Hearst will be elected by a tremendous vote.

## JUSTICE MOODY GOES TO HOSPITAL

### Boston, Mass., Nov. 1.—Associate Justice William H. Moody, of the United States supreme court, was taken from his home in Haverhill to the Corey Hill Hospital in Brookline in an automobile yesterday to undergo special treatment under the eyes of experts for rheumatism.

## SUBSTITUTE FOR COTTON IS TRIED

### High Price of Staple Leads German to Experiment with Kapok—Are Successful

Berlin, Nov. 1.—Owing to the high price of cotton, the German textile experts have been turning their attention to other fibres that might be used as a substitute for it. Recently a spinning company at Chamnitz has succeeded in spinning the fibre contained in the seeds of the kapok or silk cotton tree of the tropics. In its natural state, this fibre cannot be spun owing to its extreme brittleness, but Professor Goldberg, of Chamnitz, has discovered a method of treating it to make it spinning, and the yarn is described as having a soft silky feeling.

The fibre has hitherto been used as a padding material for furniture and in making pillows and similar articles and it has answered this purpose so well that the cultivation of the tree has already been introduced into the German colonies of New Guinea and East Africa. The fibre has the advantage of being considerably cheaper than cotton, but no information is at hand showing the wearing qualities of fabric made from kapok yarn.

## RUSSIAN PLAN TO ADVERTISE PRODUCTS

### Steamer to be Sent to a Number of Ports in Near East

Berlin, Nov. 1.—The floating Russian expedition leaving Odessa in the latter part of November to advertise Russian products in the ports of the Near East, will be one of the best steamers in the Russian Steamship & Trading Co., the Imperator Nikolai III. The novelty of the plan and the principle idea of it has caused most of the leading firms trading in the Near East to apply for a share so that the shares are fewer than the applications.

The ship will visit among other places Varna, Constantinople, Smyrna, Mersina, Alexandria, Tripoli, Beirut, Port Said, Alexandria, Pireus and Salonika.

## FIVE BATTLESHIPS TO BE SOLD FOR THE JUNK HEAP

### Washington, Nov. 1.—Iron and steel manufacturers have received requests to submit offers on one of the most notable fleets of scrap iron ever put up for sale, nearly one half of the Ottoman navy, as it appeared on paper. On Nov. 11 bids will be received by the Porte for the sale of five battleships. Their construction made Turkey the third naval power in the world, their destruction at a time when that country ranks near the bottom of the list of naval powers, is a step by the

## MRS. WRIGHT PRESIDENT AGAIN, NOT SURE SHE WILL ACCEPT OFFICE

### Majority Only Four Over Mrs. Asa Gordon in Dominion W. C. T. U. Election Today—Would Like Larger—Union in States Asks Action Against Border Houses

The meetings of the Dominion W. C. T. U. Convention were continued in Centenary Church school room this morning. The session was long and interesting and it was almost 1 o'clock before adjournment was made. Many reports were read at this morning's session, and the election of a president for the next term took place. Mrs. S. R. Wright, of Toronto, receiving the position with a slight majority over Mrs. Asa Gordon, of Ottawa.

The customary prayer service led by Mrs. Gordon, was held in the parlors before the convention opened in the Sunday school.

The convention was called to order by the president at 9.45, and opened with the responsive singing of the hymn, "My Faith Looks Up to Thee," led by Mrs. Asa Gordon, who also acted as accompanist.

An expression of pleasure was given to the members present at the attendance of Mrs. S. G. E. McKee, who, through a slight accident, was confined to her hotel for a few days.

A resolution was adopted that a telegram expressing sympathy be sent to a former Dominion president, Mrs. Foster, of Knowlton, Quebec, and a telegram of greeting to the honorary president, Mrs. Annie O. Rutherford, of Toronto.

A telegram was received from the National Order in the United States, urging the Dominion convention to endeavor as much as possible to stamp out the evils of certain houses of notorious along the boundary line. These houses were regular saloons, and were so constructed that only the front door was open to the street.

## EACH PARTY DECLARES ITS MEN WILL WIN

### The Day Before the New York Election—Tammany Funds Distributed

New York, Nov. 1.—New York's mayoralty campaign this year will be carried right up to election eve, and tonight speeches in various parts of the city will be made. William R. Hearst, the leader of the civic alliance, closed his campaign last night in a great meeting at Madison Square Garden.

This is distribution day at Tammany Hall. The leaders of the Tammany district received their final instructions from the national committee. The leaders were given a list of names for the district, and were told to use every effort to bring out the full democratic vote. Mr. Murphy said that Judge Gaylor would be elected without any doubt. ## ANOTHER VICTIM OF FOOTBALL

### Roy Spynck, Indian Player, Dies of Injuries Received Saturday

Kansas City, Nov. 1.—Roy Spynck, 19 years old, an Indian football player, died of injuries received in a game at Buckner (Mo.) Saturday.

Spynck played right tackle, and as he dived for the ball, he slipped and struck his head on the ground. The young man's father, is a full blood Wyandotte Indian.

## CANADIAN FOOTBALL RESULTS SATURDAY

Toronto, Ont., Nov. 1.—(Special)—The Ottawa Rough Riders scored fourteen to the Argonauts' nine in the interprovincial football game here on Saturday.

In an Ontario Rugby football game, seniors, the Toronto Athletic Club beat Parkdale ten to six.

Kingston, Ont., Nov. 1.—(Special)—In a break game of Rugby on Saturday afternoon, Queens defeated McGill in the senior intercollegiate game by 19 to 12. The half time score was 6 to 0 in Queens favor.

Montreal, Nov. 1.—(Special)—Rugby team succumbed to the time-seasoned veterans from Hamilton in an interprovincial game here on Saturday, 24 to 1. The half time score was 10 to 0. The locals were simply overwhelmed, and although they played a steady game, the match was an entirely one-sided one.

## JAP COMMISSIONERS IN WASHINGTON NOW

### Washington, Nov. 1.—Forty-six of the leading bankers, manufacturers and the leading business men of Japan, members of the commercial commission touring the country, arrived here this morning and started in on a three days' inspection of the national capital.

Officials of the state department and the Japanese embassy took the distinguished party in hand and will continue with it until the banquet Wednesday evening that will complete the visitors' sojourn here.

## TO RESTORE CHAPEL OF THE ROSARY

### Begin Nov. 1.—It has been decided to begin the reconstruction of the famous Chapel of the Rosary, which was erected to commemorate the battle of Lepanto, a naval victory won in 1571 by the Italian and Spanish fleets over the Turks.

The chapel was badly damaged by fire in 1897.

## GOLD WAS CHEAPER

### London, Nov. 1.—The Bank of England announced that gold was cheaper today at 75, 74, a decline of a farthing.

## MORE RURAL POPULATION IS NEEDED

### Rev. James Crisp Discusses New Brunswick Before Evangelical Alliance—No Preacher Yet For Campaign

The members of the Evangelical Alliance this morning listened to a very interesting and comprehensive paper dealing with the physical, agricultural, commercial and religious conditions in New Brunswick. The paper was prepared by Rev. Dr. James Crisp and he was warmly commended for his work. Several members spoke in support of the suggestion made by Rev. Crisp that the alliance should interest itself in the problem of immigration in this province.

The meeting was called to order by the president, Rev. James Crisp, D. D., of B. Appel read a portion of scripture and Archdeacon Raymond led in prayer.

The Evangelical Campaign

Rev. G. A. Rose reported for the committee on evangelism. He said he had received a report from Rev. Dr. Crisp, of Boston, respecting that he was unable to come here to address the people as requested. He suggested Rev. Dr. H. B. Manchester, of East Boston, Manchester, should be invited, however, that he would be unable to come here in November, but the members of the alliance knew enough about the evangelist to bring the matter before their congregations in December. He suggested Rev. Dr. H. B. ## C. P. R. WILL NOT ACCEPT TERMS OF HARBOR TRANSFER

### Matter to Come Before Aldermen Today—Durant Likely to Get Site—The Berths

A meeting of the harbor board is being held this afternoon to allot the berths for the steamship lines for the coming winter. The Alhans have applied for No. 1, but the general opinion seems to be that the allotment will be the same as last year, namely—Nos. 1, 2 and 3. C. P. R. No. 4, Dominion, No. 5, Alhans, with No. 6 as spare berth.

The sugar refinery proposition of F. C. Durant will again be taken up for consideration and some arrangement will probably be made for granting a site where the I. C. R. trestle now runs from the Ballast wharf to the water front. It is stated that the Strait Shoals site would not be acceptable to Mr. Durant, even if it could be secured.

The agreement regarding the transfer of the west side harbor lots to the government for the use of the C. P. R. will also probably come up for discussion.

The C. P. R. have declined to agree to the provisions of the agreement drawn up by the navy and it will probably be decided whether a delegation should be sent to Montreal or the C. P. R. asked to submit a counter proposition.

## YOUTH STARTS ON WALK ACROSS THE CONTINENT

### San Francisco, Nov. 1.—Chas. Hahn, a long, lank, pedestrian, started his journey for New York, taking a southern route. The entire distance to be covered is 7,000 miles, and Hahn, who is twenty years of age, expects to complete the journey in 230 days.

From this city Hahn will go to St. Louis, Los Angeles, through Arizona, and by that route to the Atlantic coast States.

## DEMOCRATS EXPECT GAINS IN MASSACHUSETTS

### Boston, Nov. 1.—While the Republicans were confident of the reelection of Governor Draper and the rest of the party today, they admitted that the Democrats were the greatest foe against which they had to contend.

The interest in the pre-election figures is on how much the total Republican vote of 228,000 last year will show a falling off, and whether the Democratic vote of 108,000 will be increased. It is expected that it will show an increase was generally admitted today by close political observers, who point out that a majority of the 23,000 voters who were in the Independent League last year, would naturally go into the Democratic column.

The last time a Democratic governor was elected in Massachusetts was in 1904, when W. L. Douglas defeated John L. Bates by 36,000, reversing almost exactly the Republican plurality of the year before.

## MONTREAL HAS AN ANNIVERSARY TODAY

### Montreal, Nov. 1.—(Special)—The centenary of steam navigation on the St. Lawrence is being celebrated here very quietly. Flags are flying on a few public buildings, and employees of the brewery established by John Molson, who built the first steam vessel built here, are having a holiday. Otherwise the anniversary is unobserved. The vessel made her first trip on November 1, 1809.

## OUTBREAK IN KOREA FEARED

### London, Nov. 1.—The correspondent of the Star at Kobe, Japan, telegraphs that an outbreak in Korea is feared, and a widespread unrest caused by the assassination of Prince Ho.

He adds that General Okubo, commander-in-chief of the Japanese army, has abandoned his projected visit to Tokyo and is getting ready to deal with the threatened uprising.

## KILLED IN JUMP FROM AUTOMOBILE

### Chicago, Nov. 1.—Believing the automobile in which she was riding today with her husband and baby boy, was about to collide with a rapidly moving trolley, Mrs. Mary Blakeley jumped out and was run over and killed by the trolley. Before she made the jump Mrs. Blakeley threw out the child, but the little one escaped unhurt. Mrs. Blakeley avoided the collision by quick

## MR. McBRIDE'S RAILWAY SCHEME ATTEMPT TO HOODWINK PUBLIC

### British Columbia Premier Gets Hot Shot From Government Organ in Victoria—Practical Railway Man Throws Another Bombshell Into the Conservative Camp

Toronto, Ont., Nov. 1.—(Special)—A Globe special from Victoria, (B. C.) says: "The government organ this morning published what Premier McBride states to be the contract with the Canadian Northern. It turns out not to be the contract at all, but a preliminary agreement. It does not meet public expectation in the matter at all, and the opinion of all classes is that it is an attempt to hoodwink the public."

The terms are guarantee of bonds for \$35,000 a mile and exemption from taxation for ten years. Liberal criticism is that such a proposal should have been submitted to the legislature before discussion was asked for in the same manner as followed by the federal government in the matter of construction of the Grand Trunk Pacific Railway.

"T. W. Paterson, a practical railway builder of long experience, who sat in the legislature for one term, threw a bombshell into the McBride camp this morning by exposing the true inwardness of the Canadian Northern contract. He declares the government got absolutely no security, and under the proposed agreement MacKenzie & Mann can go to the money market and raise all the money they want for which the province would have to guarantee."

"He says the clause providing that the line in British Columbia should be of the same standard as in the prairie sections is faulty inasmuch as in some sections of the prairie the grades are excessive."

"Mr. Paterson denounces the whole contract or agreement as a bold attempt to sell the province into the clutches of the Canadian Northern."

## LOSE NO WORK WHILE FIGHT GOES ALONG

### Important Move Against White Plague—Victims in Early Stages Cared For Working Hours

New York, Nov. 1.—In order that in the first stage of tuberculosis may be enabled to continue their work, and contribute to the support of their families while undergoing treatment, a "Night Tuberculosis Camp" will be inaugurated tomorrow at the New York Throat, Nose and Lung Hospital, East Fifty-seventh street.

The institution was first to establish a special clinic for tuberculosis, supplying food as well as medical care. This was in 1894. Now the officials of the hospital believe they are taking an even more effective way of fighting the scourge.

Some time ago the building next door to the hospital—a Jewish synagogue—was vacated and secured for a nominal sum. The problem of securing funds for equipment was solved when Minnie Calve and several other eminent artists offered their services for a benefit concert, which took place last March.

The Plan

The functions of the night camp are described by Dr. Edward J. Berningham, surgeon-in-chief of the medical staff, as follows:

"Our night camp idea is the most practical and humane step which has yet been taken in the war on tuberculosis," said Dr. Berningham. "In incipient or moderately advanced stages of the disease, men who are still able to attend to business, but who under another treatment would be forced to stop work, can now support their families and go to work regularly. This will sometimes even preserve many homes that would otherwise be broken up."

"In our night camp we shall take absolute charge of our patients during all the hours except those when they are actually at business. The men will sleep here and will take two a day, wherever possible, three meals a day. We aim to cure by sanitary diet as well as by sanitary housing."

"The camp feature consists of sleeping practically in the open air. The dormitory is a large hall 70 by 90 feet, set in light, open on three sides, and with two large ventilators occupying about one-half of the roof. There are shower baths, toilets, steam-heated dressing rooms, lavatories, recreation room, a large, well-ventilated dining room."

"The camp is also equipped with pneumatic cabinets, apparatus and appliances for the treatment of throat and nose affections of the tuberculous. The electro-therapeutic department is the best in the city, and is supplied with two large static machines, two large coil machines, two vibratory machines and an X-ray battery."

"This camp, which is in the nature of an experiment, is for men only—men who are still able to help others and help themselves, and who will probably be restored to health by proper treatment in three to six months. Every detail of the men's lives is to be directed and supervised by us."

"The 'Emma Calve' ward, where the men will sleep, is a marvel of the builder's art. The windows move on pivots, and in this way three sides of the dormitory are thrown open. Wire connects with the static machines in the next room which will be used to carry ozone into the air."

Each bed will be provided with three big army blankets, but the patients will be required to keep their faces exposed. There is room for two score men, who, if they are able, will be required to pay \$1 a day for food and treatment. Well-known specialists, under the direction of Dr. H. Holbrook Curtis, will render their services.

## ITO'S BODY BROUGHT TO HIS HOMETOWN

### Tokyo, Nov. 1.—The warship Iwate with the body of Prince Ito on board arrived at Yokosuka, a little before ten o'clock this morning. Among the officials who met the warship were Count Inouye, who was Prince Ito's closest friend, Marquis Ono Minoru and Baron Shimpei Gotto, minister of communications.

Tokyo, Nov. 1.—The body of Prince Ito was received in this city this afternoon with honors consistent with the distinguished career of the Japanese statesman. From Yokosuka a special train brought the party to Tokyo. The scene at the railroad station here was remarkable. The platform was filled with the most distinguished representatives of public and private life, among those paying honor to the late prince, including five princes. At Yokosuka the privilege of guarding the casket had been relinquished by the navy and assumed by the army, and here it was placed in a carriage and drawn by troops to the Ito home. The route was lined with hundreds of thousands of mourners and from every house were displayed flags and crepe, the latter being of bright colors, as is the custom in Japan. The body will be in state at the late residence of the prince until the funeral on Thursday.

## ENGLISHMEN EATEN BY CANNIBAL TRIBE

### Manila, Nov. 1.—Rear-Admiral Sabe reports that when the United States Pacific fleet touched at Admiralty Islands it was learned that cannibals captured and ate a boat containing three Englishmen and three Chinese. One of the Englishmen who escaped through the connivance of a native life, said that his companions had been killed and eaten.

There have been repeated reports of attacks by savages upon shipwrecked sailors in Polynesia during the past few weeks, and it is possible that the story told by the fleet is another version of the massacre at New Britain in September. In that instance, Capt. Lindsay and his crew of ten of the Ketch Rabaul, who were on a trading expedition, were said to have been killed and their bodies burned with their boats.

## MR. CAHAN DEFENDS THE CEMENT MERGER

### Montreal, Que., Nov. 1.—(Special)—A reply was made to the charges of the Canadian Union of Municipalities today by C. H. Cahan, president of the Canada Cement Merger. He says that the merger has not yet taken over the factories of component companies and has not yet organized its selling department. Therefore, he claims that, though some companies may have raised prices, the charge is entirely absurd as regards the merger.

One of the oldest telegraph operators in the province is dead—Alex. McNaughton, who has been in the service of the G. N. W. for more than fifty-five years.

## WALL STREET TODAY

### New York, Nov. 1.—Holidays in foreign markets subtracted something from the usual opening business here. Buying orders were in the ascendant and prices advanced. Union Pacific and American Cae rose 1 and Erie and Pressed Steel Car large fractions. Vulture Detaching Pfd sold at an advance of 3. International Pump declined 3/4.

## CHOLERA AND BUBONIC

### Amoy, China, Nov. 1.—It is officially reported that there were fifty-two deaths from cholera and seventy-eight deaths from the bubonic plague in this city during the fortnight ending Saturday last.

### Washington, Nov. 1.—Prosperity has arrived, according to a statement issued today by the Bureau of statistics of the United States Department of Commerce and Labor. During September, the business of the country and the movement of railway freight cars reached proportions which exceeded those of the same month last year. In fact, the bulletin declares, while the number of idle cars at the end of last month had not altogether disappeared, there were indications that a car shortage would quickly develop. The improved conditions are most pronounced in the coal and iron trades. The movement of lumber also was somewhat

### Paris, Nov. 1.—The Petit Parisien's Milan correspondent learns from a member of the court well acquainted with the Duke of Abruzzi that the duke is in constant correspondence with Miss Katherine Elkins and will soon be promoted to rear admiral, soon after which his marriage with Miss Elkins will be celebrated. It is said Miss Elkins will become a Catholic.

WHITNEY ON TEMPERANCE

The most significant recent statement in Canada on the subject of temperance is that of Sir James Whitney of Ontario. Whether it is viewed from the standpoint of one who believes Mr. Whitney to be sincere, or whether it be said that he has been forced into this attitude by public sentiment and a desire to weaken the Liberal advocates of prohibition in Ontario, the very fact that he has declared his anxiety to aid in "the minimizing and ultimately doing away with the evils of the drink habit" immediately in that province, where already local option has achieved great victories, Mr. Whitney invites all who are prepared to do something to lessen the "terrible evils of the drink habit" to unite their efforts.

The St. John Standard, this morning, claims credit for the Hazen government for good resulting from the amendments to the license law. The prohibitionists of this province asked for more, and because they were able to do it with so strong a force of public sentiment behind them which reference is made. They forced the hand of Mr. Hazen. The hand of Mr. Whitney is being forced in Ontario.

MR. BORDEN'S TROUBLES

The Standard the other day made the statement that the Toronto Telegram and Winnipeg Tribune were not Conservative party papers. The purpose of the Standard was to convey the impression that the utterances of those papers should not be taken as an evidence that there is any trouble in the Conservative ranks. But what about Premier Borden's troubles? One of the Conservative premiers who toured the country with Mr. Borden prior to the federal elections? Premier Roblin says: "I see something larger than a man's hand on the Conservative horizon of Canada in the way of a cloud." Mr. Roblin hopes the cloud will be dissipated, but the cloud appears to be the smoke of a Dreadnought. His views and those of Mr. Borden relative to a Canadian navy, do not coincide. Which will yield to the other? Mr. Roblin agrees with the Toronto Telegram and Winnipeg Tribune. Is there to be a revolt in the west against Mr. Borden's leadership, and a demand for the leadership of Mr. Roblin or Premier McBride? These gentlemen doubtless have ambitions, and are not oblivious to the fact of a growing western representation and influence in the parliament of Canada. Possibly Mr. Roblin sees visions and dreams dreams. Mr. Borden has much to do before that Dominion convention is held. The Conservatives of the west have their own ideas about leadership, naval policy, the tariff and other matters. They will make it interesting for Mr. Borden.

BRITISH SHIPPING

There will be considerable local interest in the report of the annual meeting of the Manchester Liners, Limited, held last month in Manchester. The report stated that the depression in steamship freights continued with increased acuteness during the year, and was further accentuated by the cotton strike and the prohibition of cattle exports from Philadelphia. Despite these conditions the directors were able to report a profit on working of £16,026 7s 10d.

THE SETTING OF THE SUN

Broad are the fields, and long the road Where the dust has sought its rest, And the day's last rays are creeping there With the shadows from the west; The old fall fence recedes in the distance, With its years of duty done, And a peaceful song floats through the trees With the setting of the sun.

BIG GAME INDEED

E. S. Bruce, of the U. S. forest service, told at dinner in Washington a story of the woods. "Two boys," said he, "went shooting in a forest. As they passed a ruined house on their way home, a huge owl flew out. One of the boys put up his gun and fired. The owl, with a ghastly shriek, fell to the ground, and the other boy picked up the bird and said, 'We better run,' said the younger. 'Dear knows what'll happen to us. We've gone and shot a cherub!'"

HENRY VIII'S REBIRTH

A SHOOTING CASE

Gilbert Lauchner Arrested, Father in on Another Charge

Gilbert Lauchner, Jr., was arrested on Saturday afternoon charged with shooting Elijah Taylor, colored, and also with carrying a loaded revolver. The shooting occurred near the St. John Iron Works. The accused man was taken to the hospital and will likely be all right. The shooting is declared to be accidental. Son after Lauchner was arrested, his father was placed in jail on a charge of stealing part of a lamb from the woodland of George Irving, 82 Duke street.

LOSS OF DREAD-NOUGHT PLANS

LONDON, Oct. 28.—Reginald McKenna, First Lord of the Admiralty, admitted in Commons today that confidential drawings having to do with the construction of the Dreadnought cruiser, Indomitable had disappeared. He added, however, that as the British battleship had been in commission for some time the missing plans had lost much of their value.

SAILS AS SAFEGUARD FOR STEAMSHIPS

In British maritime circles the expediency of requiring every steamship to be supplied with a suit of sails, now widely discussed, reveals the radical change which has come over the equipment of great passenger and cargo carriers in little more than a decade.

REPORT OF MR. TEED

Magistrate Key of Moncton Examined by Commissioner

The report of M. G. Teed, K. C., commissioner to investigate the charges against James Kay, Police Magistrate of Moncton, N. B., is published in full in this issue.

"I find, that he had not retained the same dishonestly but under color of right and bona fide.

"I also find that he had not accounted for renewal execution fees received by him in connection with his office of city court commissioner, and for which he should have accounted, and in respect of which he has expressed his willingness to account, and that such retention of the last mentioned fees, though caused by carelessness, and extending over a long period of years, was not done intentionally, dishonestly or fraudulently, but through oversight by reason of the manner in which both the accounts and the cash were kept.

"I have therefore, no recommendation to make in regard to his dismissal."

WOMEN'S EFFORTS TO SAVE MRS. ROBINSON

Ottawa, Oct. 31—A petition from the councils of women all over Canada signed by many thousands of women from the Atlantic to the Pacific for executive clemency in the case of Mrs. Robinson, of Sudbury, now under sentence to be hanged, for putting to death the unnatural children of her husband and daughter, was presented to Hon. A. B. Aylesworth, minister of justice, by Mrs. Adam Short and Mrs. Peter Carmichael, of Ottawa, on Saturday. Hon. Mr. Aylesworth said the petition would be duly considered by the government.

Representatives of the Federation of Labor waited upon Sir Wilfrid Laurier, Hon. Mr. King and Hon. Mr. Lemieux yesterday and presented the resolutions adopted by the federation at its recent annual meeting. One of them asked that the provisions of the Lemieux act be extended beyond the mining and transportation industries to any industry which could be regarded as a public utility.

In reply to this Mr. King expressed the opinion that the act might be extended some future time, particularly in the case of the building trades, but that this could not be done until the demand came specifically from the trades interested.

An evidence of the growing importance of Canada is given by the action of the New York Herald which has just assigned a member of its staff to look after Canadian affairs. R. H. CHURCH ANNIVERSARY

The congregation of the Carleton Methodist church, observed their 80th anniversary yesterday. The services, which were of a very interesting nature, were well attended. A feature of the morning service was an address by Mrs. Livingstone, of Ontario, who is a delegate to the W. C. T. U. convention, now being held in the city. In her address, Mrs. Livingstone pointed out the evils of intemperance and defined the aims and purposes of the W. C. T. U. Her address was much appreciated. The pastor, Rev. J. Heaney, gave a short history of the Methodist church on the west coast, and gave some very interesting facts in this connection. He paid a glowing tribute to the men and women of the church of the past, who made the church a possibility, and a reality, and also included the ministers, who have served the church so well.

The evening service was characterized by a special musical programme. The choir was assisted by Harrison's orchestra and several friends also gave assistance. The pastor preached the anniversary sermon, taking for his text, Matthew x-2: "Freely ye have received, freely give."

SATURDAY AND SUNDAY WITH THE DOMINION W. C. T. U. DELEGATES

In the schoolroom of Centenary church on Saturday afternoon W. C. T. U. sessions were continued. There was a large attendance and important business was done. A feature of the afternoon's meeting was the reading of her biennial address by the president, Mrs. Gordon Wright. A summary appeared in Saturday's Times.

The afternoon session began at 2.15. After devotional exercises and the reading of the minutes of the previous meeting, the hearing of reports was resumed and Mrs. W. B. Johnston's on the press was read by Mrs. Bascom. Gratitude was expressed in this that the secular press today offers such a wide open door for the discussion of religious and temperance work. The report urged that greater use of the press be made by the local unions. There was no discussion following the report and the report was adopted.

Mrs. Ewing, of Quebec, then gave her report on the medal contests. Full reports had been received from every province except Manitoba. There had been a large number of contests for gold and silver medals and books all over the dominion, and in every case the results were very encouraging and the outlook for larger work bright. The total number of contests in the dominion during the year was 231.

Several persons participated in a discussion following the reading of this report, which was adopted. Musical and essay contests were mentioned in the report. There was some slight difference of opinion among the speakers as to whether the songs and essays ought to be exclusively on temperance.

Mrs. Currie then read the report on the official organ of the W. C. T. U. This report was adopted. It was noted that two years ago an increase of subscriptions was noted and the delegates were reminded of the fact that in answer to a question, Mrs. Waycott said that there were 1,800 subscriptions altogether. British Columbia in 1909 sent \$11,511, and in 1908, \$10,911. Alberta in 1908, \$40,775, in 1909, \$47,775. Saskatchewan in 1908, \$13,225, in 1909, \$12,775. Quebec in 1908, \$48,533, in 1909, \$51,775. Nova Scotia, in 1908, \$9,500, in 1909, \$8,775. Foreign subscriptions 1908, \$3,500, in 1909, \$2,500.

Mrs. Currie contended that the fact that there was a deficit on the paper was a disgrace and that the fact that the paper was not published was a disgrace.

A brief address was then given by Mrs. I. C. Archibald, of Chicago, Illinois, on the progress of the work of the W. C. T. U. in that country, and the convention adjourned.

During the evening reception were given the annual reports of the W. C. T. U. of the Y department at the residence of Mrs. E. S. Hennigar, 28 Orange street.

The beautiful weather of yesterday afternoon had the effect of bringing out a large attendance of children and their mothers to the annual meeting. It is expected that the bridge will be completed by the end of November, when through the track-laying machine can start in laying steel. In this way the machine will be able to put down four or five miles of steel a day, even during the winter months, the ties being already placed and spaced.

Work will be pushed ahead all winter until McLeod River is ready to be bridged. The steel will be laid by trains, so that as soon as this bridge is finished the track-laying machine can start in laying steel. In this way the machine will be able to put down four or five miles of steel a day, even during the winter months, the ties being already placed and spaced.

FREDERICTON NEWS

Fredericton, N. B., Oct. 31—The football match yesterday between St. John and Fredericton High school resulted in a victory for the home team by a score of five to nothing. The game was quite exciting at times and proved good sport for the spectators. Harry McLellan of the city refereed.

Miss Margaret W. Torrens, daughter of the late Henry Torrens, died at her home, King street, this evening, after a lingering illness from tuberculosis. She is survived by her mother and three sisters.

The death occurred at Gibson last night of R. Melville Bailey, a well known resident. He had been ailing for some time, and his death did not come as a surprise. Deceased was forty-nine, and leaves a widow, one daughter and three sons.

Miss Laura E. Culligan, daughter of Henry Culligan, died at her home at Marysville today, aged thirty-four. She is survived by her parents, one brother and one sister.

The body of the late William Taylor, who was drowned from the dam at Marysville several days ago, has not yet been recovered. A large force of men were out today grappling for it.

A. D. Thomas, who holds down a job in the local government school book department at a salary of \$700 per year, was among the speakers at the Tory rally here on Tuesday evening.

The Canadian Pacific Telegraph offices were removed yesterday to commodious quarters in the Sharkey block, Queen street.

Evangelist Mahy, of Stratford (Pa.), who has been conducting services here for the past week, concluded his engagement this evening with a monster mass meeting in the Methodist church. The meetings have been very successful and many have professed conversion.

The Mission

Of those corpuses in your blood that have been called "Little Soldiers," is it not true that they are constantly endangering your health. These corpuses are made healthy and strong by the use of Wood's Great Peppermint Cure.

This medicine is a combination of more than 60 different medicinal agents in proportions and by a process known only to ourselves and it has for thirty years been constantly proving its worth. No substitute can be "just as good."

MORNING LOCALS

W. P. Archibald, dominion parole officer, in the city yesterday after an inspection trip through the maritime provinces, spoke of the good work being done by the juvenile law in Manitoba and Prince Edward Island, the only two provinces where it has been established. Under the new act, no boy or girl under sixteen years of age, is sent to jail, but is given, instead, a term in a detention home.

At a meeting of the congregation of Lorneville Presbyterian church last night a letter was read from Rev. A. D. Fraser, of Blackville, stating that he found it impossible to accept their invitation to become pastor. No other names were suggested.

A large number attended the service in the Seaman's Institute last night when Mrs. Whitman of Canoe, gave an interesting address on the work among the sailors there. Other speakers were Mrs. Black and R. M. Smith, who made an appeal for funds for the work in hand.

The twenty-seventh annual convention of the Salvation Army in the maritime provinces will be opened in this city on Saturday, November 6, continuing until Wednesday, November 10.

Today the three trip a week service of the Eastern Steamship Line commenced with the steamer Calvin Austin and Governor Cobb which will sail from St. John on Monday, Wednesday and Friday mornings at 8 o'clock for Boston via Lunenburg and Portland. The rates are \$3.50 to Boston and \$8 to Portland with steamers at \$1.

About 8 o'clock last evening a still alarm was rung in at No. 6 engine house, West End, for a fire in the home of Mrs. Emery, King street. The fire had started in a woodbox in the kitchen. Little damage was done.

At Newcastle, Queens County, The Black Diamond Coal Company, Limited, has been organized with James Herbert Curry, president, James Miller, vice-president, James Miller, vice-president, Harvey Walton, manager and Chas. D. Dykeman of Jones, secretary treasurer. Harry Walton, James O. Miller, Chas. D. Dykeman, Amos A. Wilson and G. H. Curry are directors.

The annual Hallowe'en social of Queen Square Methodist church was held by the Epworth League on Saturday evening and the programme proved very enjoyable.

The first of a series of social lectures was delivered last evening in Christadelphian Hall by B. J. Dowling. His subject was "The Immortality of the Soul."

A general pulpit exchange was effected in the churches yesterday in the Presbytery of St. John. The congregations were impressed with the fact that the time to wipe out the foreign mission society debt of \$16,000, it will be necessary to arrange for a systematic collection.

R. Earle Rich, who was sentenced to two years in Dorchester Penitentiary last year, passed through the city on Saturday en route to the United States. Rich got into trouble as the result of some financial transaction here. He was released by the secretary of state, Mr. B. H. Wood, understanding that he does not come back to Canada.

Sunday morning a monument to the late Abraham Isaacs was unveiled in the private cemetery of the Isaacs family, Westmorland Road. The service was conducted by Rabbi Andur.

In St. Matthew's church yesterday morning, Rev. J. J. McCaskill took as his subject, "The Vision of Christ." His subject was "The Immortality of the Soul."

The church parade held yesterday by the Scarlet Chapter, L. O. L., was well attended. After attending the funeral of their late brother, Mr. Cooey in the morning, they marched to Ludlow street church where Rev. W. R. Robinson gave an interesting sermon.

OBITUARY

James Clarke News of the death of James Clarke, of Milltown, N. B., reached the city last evening. Mr. Clarke was suffering from asthma for a long time and died yesterday morning about 3 o'clock. Deceased was 61 years of age, death coming to him on his birthday. He was born at Millford and was well known in athletic circles, having rowed with the Neptune crew for a long time. He was one of their oarsmen when they took second place on the Charles River. Mr. Clarke was survived by his wife, one son, James, at home, and seven daughters. Mrs. James Gifford, of Millford; Mrs. D. M. Yale, of Monroville (Mass.); Mrs. W. Herbert, of Brooklyn (Mass.); Mrs. G. Wallace, of Millford; Miss Alice, of Somerville (Mass.); Miss Gussie and Miss Annie, of Millford.

ira Miller

Centerville, Oct. 30—Word has just been received by his son, Ward, at Royalton, N. B., that Ira Miller, was dead at the Sanford Colony, Shiloh (Me.). Mr. Miller was aged 75 years and is survived by one son, Ward, and two daughters, all resident at Royalton. His wife had died about a year ago.

Mr. Miller was a good man and will be much missed in the community. Some time ago he became an adherent of the Sanford evangelism and was on a visit to their headquarters when death came. The body will be brought home for burial at Royalton.

George Williams

The death of George Williams occurred on Saturday from appendicitis. He was eighty years of age, and is survived by his parents, Mr. and Mrs. William Williams, of 9 Marsh Road, and by two sisters, Misses Annie and Rebecca, at home.

TWELVE KILLED BY EXPLOSION IN MINE

Vermont Fire Victims Now Number Nine—Truro Merchant Accidentally Shoots Himself

Jamestown, Pa., Oct. 31—Twelve men were killed in the Cambria Steel Company's coal mine, two miles from here, tonight, as the result of what is supposed to have been a dynamite explosion. All the dead are foreigners. Three men escaped with their lives by a perilous climb on life ladders through poisonous mine gas and falling slate up the steep walls of the main shaft. At the time of the explosion fifteen workmen, all track layers, were in the mine. The explosion occurred at sundown as the workmen were putting their tools away at the end of their day's work. The concussion caused by the terrific subterranean blast shattered many windows in the mining village surrounding the mine. Halifax, Oct. 31—S. M. Bentley, of Truro, one of the leading business men of this town, accidentally shot himself on Saturday afternoon, as a result of which he died this morning. Bentley fired the second barrel to attract help; some boys responded and gave the alarm. He was taken home and it was found that he had shot himself in the chest. He had been out an hour when he stumbled and the gun was discharged, its contents entering his body. Bentley fired the second barrel to attract help; some boys responded and gave the alarm. He was taken home and it was found that he had shot himself in the chest. He had been out an hour when he stumbled and the gun was discharged, its contents entering his body.

Saturday was the last of the open season for partridge and Mr. Bentley, whose house is near the Victoria Park, went into the woods with his gun to seek some game. He had been out an hour when he stumbled and the gun was discharged, its contents entering his body.

St. Johnsbury, Vt., Oct. 31—When the ruins of the Citizens' Savings block had been wet down to a temperature which made possible thorough search, it was definitely learned that nine lives were lost in the fire which practically destroyed the principal business building of this town early today. Two other persons were probably killed and two were taken to a hospital suffering from severe, but not dangerous, burns. The property loss is estimated at \$50,000, partly covered by insurance.

Of the nine persons killed, two fell from the upper stories of the building in an attempt to reach safety by means of rope ladders, while seven were burned to death, their bodies not being recovered until several hours later.

The block, a four-story brick building, was a combination of stores, offices, tenements and assembly hall. A restaurant and the town police station were located in the basement, the Citizens' Savings Bank and a number of stores were on the second floor, several offices were on the second floor, the third floor was given up to tenements, and there were two assembly halls on the fourth floor. A restaurant, several offices and two tenements were occupied apartments on the third floor.

COMPANY NOT RESPONSIBLE: Jury Exonerates Street Railway From Liability for Assault by One Passenger on Another. A peculiar case involving the rights and responsibilities of common carriers with regard to assaults committed on their part, was decided last Thursday by a jury in an action brought against the Montreal Street Railway Company for damages by a man who had been assaulted and badly injured while riding on a street car. The injured party was the victim, but that the man who committed the assault should be held liable—if he could be found.

The action was brought by J. E. Young, who claimed damages to the extent of \$1,500 from the company. He alleged that some months ago he was boarding a pay-as-you-enter car, which was pretty well crowded, and was just going to pay his fare after the car had started, when he was struck a violent blow by another passenger. The force of the blow knocked him clean off the moving car, and he fell to the road, sustaining a fractured skull and other severe injuries. In the meantime the man who hit him had disappeared, and has never been found.

Mr. Young was confined to the hospital for six weeks, and still suffers in his head as a result of the fracture. He entered against the company, claiming that they were responsible for the protection of their passengers and the case has occupied the attention of Mr. Justice St. Pierre and a special jury for several days. After addresses by counsel and the judge yesterday afternoon the jury retired and in a short time brought back a verdict dismissing the action with costs, exonerating both the company and the plaintiff from responsibility for the accident, and declaring that the unknown man who committed the assault was alone liable for damages.

DIES IN CLUB HOUSE IN QUEBEC Albany, N. Y., Nov. 1—State Comptroller Charles H. Gass died yesterday at Huntington Lodge on the preserve of the Bountinai-Kiamia club on Long Lake in the Laurentian Mountains, Quebec, according to a despatch received here.

GRAND OPERA SINGER SHOOTS HER HUSBAND Mme. Talbot Mortally Wounds A. E. Talbot, Bookmaker, After a Quarrel. Reno, Nev., Nov. 1—Mrs. A. E. Talbot, a grand opera singer, known on the stage as Madame Talbo, shot and mortally injured her husband in the office of Judge W. D. Jones here.

Talbot is a horseman of this city and a former race track bookmaker of the Coast. He ran a gambling house here and amassed a fortune. As the culmination of a series of quarrels Talbot knocked his wife senseless last night. She threatened to bring suit for \$25,000 damages, a divorce and a division of property worth \$75,000. To discuss this suit Talbot sent for his wife to come to the office of his counsel, Judge Jones. It was while engaged in a controversy over the settlement that Mrs. Talbot drew a revolver and fired two shots, one of which pierced Talbot's right lung. Shortly after the shooting the police found Mrs. Talbot in her apartments lying on a couch in a kimono and calmly feigning sleep. She was locked up. Mrs. Talbot is said to have sung many operas abroad with success. In this country and Canada she has confined herself to concerts.

INSTANCES ON DIAMOND WHICH SHOW UMPIRE MUST HAVE NERVE

Some Experiences of O'Day—Fitzimmons Thirty Years in Ring—One Football Player Killed, Another Probably Fatally Hurt—General Sporting News

Frank O'Day has as much or more nerve than any umpire of the National League has faced a series of difficult decisions in baseball the past season, more than any other fallen to the lot of any other official of the game.

His latest exhibition of nerve was shown on a recent Sunday in the game between the Cubs and the White Sox.

Then, the year before that, during the series between the Cubs and Tigers, O'Day decided a case which resulted in a third game. It was played at the West Side and the score was 3 to 0.

ARCHDUKE IN JAIL ON SWINDLE CHARGE

Twenty Year Old and Debrauds Tradesmen—Wife Aged Fifty

Paris, Nov. 1—A man about 20 years of age, who is called Count Kubata, but who is really Archduke Karl Heinrich, son of Archduke Otto, and a woman aged 50 years, who has a certificate showing she was married to Count Kubata in 1908, have been arrested on the charge of swindling tradesmen.

They had little baggage, but were accompanied by seven children. The principal swindler, the proprietor ordered placed, twenty francs from the well, two loads of mixed fruit and rotten horse manure.

The front was at the time about two feet thick in the ground with a descent of about three feet. The proprietor, a Frenchman, had been in the business for several years.

When the well-water ran into a brown or copper color, similar to the nature of the water, he desisted from drinking it. He was advised to drink only water from a household continued to drink it, and in about two or three weeks after was ill.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Bellevue, Que.—Without Lydia E. Pinkham's Vegetable Compound I would not be alive. For five months I had painful periods and inflammation of the uterus.

I suffered like a martyr, and I thought I was going to die. I had a tumor, and I was advised to have an operation.

Bronchitis exhausts the vitality more quickly than any ordinary food or medicine can restore it.

For over thirty-five years Scott's Emulsion has relieved bronchitis in all stages; it is the only remedy used the world over for this disease; nothing equals it in keeping up and restoring flesh and strength.
