UNION VETERANS

Will Organize on Behalf of McKinley and Honest Money.

New York, July 30.—In answer to a call sent out by Col. L. Edwin Dudley, formerly secretary of the Veterans' National committee, a secret meeting was held today at the Murray Hill hotel to consider the advisability of forming an organization of union veterans for active work in behalf of McKinley and honest money...

THE U. S. AND CUBA.

Another Neutrality Proclamation Issued by President Cleveland.

Washington, July 30.—The president has issued a proclamation bearing date of 27th instant commanding citizens to observe neutrality towards Cuba. The proclamation refers to the original proclamation of June 19, 1895, demanding an observance of the neutrality laws in respect to the Cuban insurrection...

BRITISH COMMONS.

A Committee to Enquire into the Affairs of the South African Co.

London, July 30.—The house of commons today adopted the motion of the secretary of state for the colonies, Jos. Chamberlain, to appoint a committee to enquire into the administration of the British Chartered South African company...

MAINE EPWORTH LEAGUE.

Rockland, Me., July 29.—The Epworth league of Maine met in convention today with over 300 prominent delegates participating. The programme included a praise service led by Rev. L. G. Marsh of Randall; prayer by Rev. F. E. White of Houston...

A JULY WEDDING.

At the residence of Hon. James D. Lewis, Lancaster Heights, at 2 p. m. on July 29th his grand-daughter, Miss Estelle E. Lewis, was united in marriage with Charles R. Fisher, who is well known in musical circles in St. John, and was formerly organist of St. Andrew's church in this city...

SCORES KILLED.

An Express Plows Through a Crowded Excursion Train.

Sickening Details of the Horrible Slaughter of Men, Women and Children.

Engineer Fawcett Found at His Post With His Hand Clamping the Throttle—His Wife Fell Dead When Told of Her Husband's Fate.

Atlantic City, N. J., July 30.—A railroad accident, horrible in its details and terrible in its consequences, occurred this evening just outside of this city, and as a result about 100 persons are either killed or mangled. The Reading railroad express which left Philadelphia at 6.40 o'clock this evening for Atlantic City crashed into a Pennsylvania railroad excursion train at the second signal tower about four miles out from here...

The second signal tower the tracks of the two roads diagonally cross. The Reading train was given the signal, but it either failed to work or the speed of the express was too great to be checked in time. It caught the excursion train broadside and ploughed through, literally cleaving it in two. The engine of the Reading train was scattered to pieces. Every car was jammed to its fullest capacity...

As soon as the news reached Atlantic City relief trains were despatched to the scene loaded with coats and bedding. As the bodies were recovered they were carried to the local hospitals and undertaker shops. A general fire alarm was sounded, and the department promptly responded, aiding in the heartbreaking work of digging for the victims...

THE SIXTY MILLION MARKET.

Fall River, July 28.—The Wampanoag mills have posted notices that they will continue the shut down of their factories to August 10, making a total of five weeks. Boston, July 29.—W. B. Clarke & Co., one of the most prominent of the book selling firms of the city, made an assignment today for the benefit of the creditors...

A HEINOUS CRIME.

Austin, Tex., July 30.—One of the most heinous crimes ever committed in the city was brought to light this morning. W. E. Burt, a member of one of the best and most respectable families of the city, murdered his wife and two children, aged 2 and 4 years, last Friday night, and placed the dead bodies in a cistern.

BRYAN'S CHOICE.

Lincoln, Neb., July 29.—Mr. Bryan has announced that he will receive the nomination committee of the democratic national convention August 12, at Madison Square Garden, New York city.

SMALLPOX ON BOARD.

Colon, July 30 (via Galveston, Texas).—The British steamer Earnwell, of the Earn line, from Baltimore, July 29, arrived here today. Capt. Cater has smallpox and the ship was quarantined.

FOR FREE SILVER.

Frankfort, Ind., July 30.—J. B. Chasdele was nominated for congress by the democrats of the ninth district today. He was formerly a republican member of congress. He is for free silver and will receive the endorsement of the populists.

A PASTOR INDUCTED.

The presbytery of Mritainchil met at Loggville pursuant to appointment, on Tuesday evening, says the Chatham Advance, for the induction of Rev. W. C. Calder into the pastoral charge of the lately organized Presbyterian congregation there. The members of presbytery present were: Revs. J. K. McClure of Harcourt, the moderator of presbytery, A. E. Thomson of Bathurst, T. G. Johnstone of Blackville, and Joseph McCoy of Chatham, acting clerk, and John Loggie, sr., the representative elder of Loggville. Among those present in the congregation were several from Chatham and the surrounding country showing their interest in this new enterprise. Also Revs. Messrs. Crossley and Hunter, who are resting there, and Rev. Geo. Steel of Chatham.

Rev. Nad McKays many friends, says the Chatham Advance, will be glad to learn that his health is improving and that his physical ability that he may partially resume his ministerial duties.

the rescue gang set to work. Axes and shovels were piled with vigor and almost at every half dozen strokes a mangled form was brought up and laid tenderly on the waiting pallets. It was a sickening task and the men turned aside faint from a revelation of the work of the spades. A heap of blood stained timbers turned aside by one of the rescuers brought to sight a woman's arm. It had been wrenched off almost by the roots and nothing remained save a dripping stump, even the hand being gone. It had been claid in a dainty white linen glove, the sleeve of which still clung to it.

Not five minutes later a pick revealed a still more ghastly remnant—a human heart that only a few short hours before had been throbbing with life. One woman, whose body was recovered, still held in her dead hand a plate bearing a picture of Atlantic City. It was a baby's picture and the ground near the wreck were many pieces of clothing, which had been torn from the bodies of the victims. As one of the relief trains reached the Pennsylvania depot with its terrible load, one man who lay in a corner horribly injured, regained his senses for a moment, and clamping his hand to his head cried in agony for his wife and children.

A late report says that 14 of the injured have since died at the sanitarium. Superintendent I. N. Sweigard of the Philadelphia and Reading company, sent a telegram to Philadelphia this evening, which said: "There are 87 persons killed, as follows: 12 women, 31 men, 2 boys and 2 girls. About the same number injured." Work is still progressing and the rescuers will remain at work until the last body is taken from the wreckage. William Thurlow, telegraph operator in the lower house, was arrested late tonight and held, pending an inquiry. Seventeen unidentified women, four men, and a female child, all dead, were brought to the excursion house after midnight. Fireman Keller, who was in the Reading train, was fatally injured. It is said that the Reading signal was displayed and that the whistle of the train was sounded. The reading has the right of way at the crossing.

The injured number over fifty, many of them cannot possibly recover and others will be maimed for life. About all the residents of Bridgeport and vicinity, with a few from Philadelphia. The known dead are: F. S. Murphy, Charles E. D. Johnston, John G. Chesley, E. H. Deming, Bridgeport; E. G. Taylor, no address; P. H. Goldsmith, Bridgeport; Samuel Thorn, baggage-master of the Reading train, Atlantic City; D. E. Woods, shipping clerk, Philadelphia; John G. Greiner, Bridgeport; Charles Beckles, Selom; Charles McGeary, Bridgeport; Franklin Dubois, Woodruff; Mrs. Joshua Reinhart, Bridgeport; middle aged woman with ring "G. to V." initials; boy about 4 years; Frank Bell and Mrs. Charles McGeary; Mrs. Richard Trent; Edward Brigidon; Edward Farr, engineer of Reading train. The injured number over fifty, many of them cannot possibly recover and others will be maimed for life. About all the residents of Bridgeport and vicinity, with a few from Philadelphia.

WEDDED IN CHARLOTTETOWN.

Charlottetown is called upon this morning to part with another of its charming young ladies. Miss Jean Nash says Wednesday's Guardian, at 7 o'clock this morning in Zion church her marriage with David Inglis of Flatlands, N. B., will be solemnized. Rev. D. Sutherland will officiate. The church is artistically decorated in honor of the event and does credit to the ladies who had the decorations in charge. W. C. Laird will act as groomsmen. The bride will be attended by her sister, Miss Susie Nash, who is being attended in a travelling suit of navy blue and the bridesmaid in a suit of cream material. The bride, who is a general favorite among a host of friends, is the recipient of wedding presents of almost endless variety and from their appearance it would seem as if each friend vied with the other in making the best selection. After the ceremony the newly married couple will drive to the railway station to take the express train on their way for a trip abroad. The Guardian, in common with Mr. and Mrs. Inglis' many friends, wishes them a long and pleasant journey through life.

NATIONALISTS FIRM.

Cleveland, O., July 30.—The executive national committee of the national party was in session at Forest City house all day today. A resolution was adopted declaring strongly against a compromise with any other party or party faction.

BANGOR DEMOCRATS.

Bangor, Me., July 30.—The Bangor democrats tonight nominated J. P. Bass, John R. MacDonald, and F. Cassidy as candidates for representatives in the legislature.

BURNED BY LIGHTNING.

Gulfport, Me., July 30.—The farm buildings of Mrs. Drew Crockett were struck by lightning today and burned to the ground. There was \$1,000 insurance.

SATOLLI'S SUCCESSOR.

Rome, July 30.—Father Martendilli, prior general of the Augustinians, has been appointed successor to Mr. Satolli as papal delegate to the Roman Catholic church in the United States.

DOMINION SUPREME COURT.

CRAWFORD ET AL V. BROODY ET AL (ONT.)

On Appeal from the Court of Appeal for Ontario—Wills, construction of—Death without issue—Executor's devise over conditional fee—Life Insurance—Estate tail.

Sir Henry Strong, C. J., and Taschereau, Seigewick, King and Glourai, J. J. A testator died in 1856, having previously made his last will, which was subdivided into numbered paragraphs and dated on the 27th May, 1852. By the third clause he devised lands to his son on attaining the age of 21 years, giving the executor power to let the rent and to rent, said executors paying F. all former rents due after my decease up to his attaining the age of 21 years, and by a subsequent clause he provided that "at the death of any one of my sons or daughters, having no issue their property to be equally divided among the survivors." F. attained the age of 21 years and died in 1833, unmarried and without issue. Held, that the subdivision of the will into sections or paragraphs could not authorize a departure from the general rule as to the construction of wills according to the ordinary grammatical meaning of the words used by the testator, and that, as there would be no absurdity, repugnance or inconsistency in such a construction of the will in question, the subsequent clause limiting the estates bequeathed by an executory devise over must be interpreted as referring to all the property devised by the testator's sons and daughters by all the preceding clauses of the will. (Decision of the court of appeal for Ontario reversed.)

Held, further, that the gift over should be construed as having reference to failure of issue at the death of the first devisee and that, thus, the first devisee took an estate in fee subject conditionally to the executory devise over. Appeal allowed with costs. Chisley, Q. C., for appellants. Blake and Macpherson for respondents. May 13, 1896.

ROBARDS V. BANK OF NOVA SCOTIA (N. B.)

Principal and agent—Agent's authority—Extending beyond scope—Representation. The manager of a branch of a bank induced the drawer of a draft to accept by representing that the bank held goods as security for it, and when the goods were sold the draft would be secured by a feature that is sure to draw thousands of people to the bank. The exhibit is to be made under the auspices of the Southern Inter-State Industrial Association, and will be in charge of Mr. J. T. Patrick of Pinebluffs, N. C., secretary of the association. Mr. Patrick is a southerner who has induced many people from the north to go down south.

PERSONAL NOTES.

Rev. Canon DeVeber took the morning service in St. Luke's church, Woodstock, on Sunday last. Messrs. Douglas Hazen, ex-M. P., Charles McPherson, W. H. Thorne, H. D. Troop, Judge Barker of St. John witnessed yesterday's race on the yacht Dream, says Wednesday's Halifax Recorder. Rev. P. Owen-Jones, M. D., headmaster of the Davenport school, St. John, who is visiting his brother, the archdeacon, has assisted at the services at Zion's church, Windsor, on the last two Sundays, preaching last Sunday at evening and the Sunday previous at matins.—Journal. Dr. H. M. Ami of the geological survey of Canada, and lady, are in Halifax, the guests of Dr. A. H. Lawrence. Dr. Ami is one of the leading paleontologists of America, and is now engaged in the exact determination of the various formations represented chiefly in Pictou county. His Larchbury Bishop Kingston, accompanied by Mrs. Kingston, will arrive in Chatham on Saturday next, by accommodation train from the north, and will be the guest of Canon Forsyth at St. Paul's rectory. The bishop will administer the rite of confirmation in St. Mary's chapel on Sunday next at 6.30 p. m. An unusual feature will be the baptism of several adults before the service of confirmation begins. The chair of chemistry and mineralogy in Dalhousie college, late Prof. Lawson's, has been filled by the appointment of Dr. Ebenezer Mackay. He is a native of Plainfield, Pictou county, thirty years old, educated at Dalhousie college, took a course at Johns Hopkins university, and was principal Nova Glasgow high school for six years. He has a most distinguished record for scholarship, and is at present studying botany in Harvard. The many friends of Henry Davidson, of Davidson & Sons, Bridgewater, will be pained to learn that he is suffering a severe illness, and in the latter part of the past week so serious was his condition that the services of Dr. Stewart of Halifax had to be called into requisition. Mr. and Mrs. Davidson had intended leaving for Europe on Friday last by steamer Labrador, but owing to a change for the worse the trip had to be abandoned. Germany has 25,700 university students this term. The law students outnumbering the studying in any other faculty.

FROM THE BISLEY CAMP.

Queen's Prize Won by Thompson, of Edinburgh, Scotland.

Canadians Show up Well and Win Many Prizes in the Aggregate Matches.

Bisley Camp (Eng.), July 26.—(Reported especially for the Mail and Empire.) The closing day of the N. R. A. meet of 1896 opened with a tremendous wind storm. By the time the marksmen had commenced to shoot the wind had died away somewhat but was still very strong and blowing from the left. The light was bad too, heavy clouds every now and then hiding old sol's face. Clouds of dust flew along the firing mounds, completely enveloping competitors and scores, and rendering good shooting an impossibility. In the afternoon the wind was still very strong from the left rear, and the light, if anything, worse than in the forenoon. Despite these conditions the firing was carried on with a determination. Interest centered around the final stage of the Queen's prize. In this three Canadians were shooting, viz., Hayhurst, Munro and Mitchell. (Sergt.) They made a gallant struggle, but did not succeed in carrying off the blue ribbon, that honor falling to Lieut. Thompson of the Queen's Edinburgh Volunteer regiment. His aggregate score for the three ranges was 273. With the same scores last year Thompson secured eight prizes in the same contest. The winning score in 1895 was that made by Hayhurst, 273. The ranges in the third stage of the Queen's are the 600 and 900 yards, and ten shots are allowed at each range. The Canadians scored as follows:

Table with 4 columns: Name, 800 yards, 900 yards, Total. Rows include Hayhurst, Munro, Mitchell (Sgt.), etc.

Over the three ranges the aggregates of the Canadians were: 1st stage, 2nd stage, 3rd stage.

Table with 4 columns: Name, 1st stage, 2nd stage, 3rd stage, Total. Rows include Hayhurst, Munro, Mitchell, etc.

The grand aggregate prizes were also awarded, and the Canadians got their share. In this prize go to volunteers whose scores in the Queen's (first stage), St. George's vase (first stage), Martin's cup, Daily Graphic, Graphic, Daily Telegraph and Alexandria make up the highest aggregate.

Table with 4 columns: Name, Score, Prize. Rows include 5th Munro, 8th Hamp, 9th Runyons, etc.

Weller's splendid possible, made in the Thorburn match, won for him the first prize of fifteen pounds. The range in this match is 600 yards, number of shots seven. Mitchell (Lt.), with a score of 33, won the second prize of ten pounds in this contest.

Campbell, with a score of 34 out of the possible 35, won first prize of ten pounds in the Robin Hood match. The range is 200 yards.

The fourteenth prize, of two pounds, in the Armourer's, was won by Mitchell (Lt.), with a score of 28. The possible is 35, the range being the 900 yards.

Mitchell (Lt.) and Spearling won third and fifth prizes respectively in the Ladies'. The prizes were three pounds each. Mitchell and Spearling scored 34 points each out of the possible 35. In the same match, with two scores of 33, Mitchell (Lt.) also won seventh and eighth prizes of two pounds each. Another score of 33, also made by Mitchell (Lt.), was counted out.

Mitchell (Lt.) won fifth prize of three pounds in the Fletcher; range 500 yards, number of shots seven. His score was 33. Other Canadian prize winners and scores in this contest were: Seventeenth, Hayhurst, 33, one pound; eighteenth, Ogilby, 33, one pound; nineteenth, Huggins, 33, one pound. With a score of 31 out of the possible 35, in the Marsden, Crowe won the twentieth prize of one pound. Scores of 32 each won prizes in the

Morris for the following Canadians of one pound each: Munro, Mitchell (Sgt.), Ross and Huggins.

MACKINNON CUP. For the Mackinnon challenge cup, in which five volleys were fired, in a time limit, at the 500-yards range, a number of teams entered. The Irish team won with 39 points, the Canadian and English teams tying for second place with 31 points each. The teams are composed of ten men and a captain. Points are allowed for drill. There is only one prize.

AN EXERCISE IN PRONUNCIATION. (Punch.) There was a young fellow named Cholmondley. He was always at dinner set dolomondley. His fair partner said: "Dear me! You behave very rhodomondley!"

There was an old parson named Bouchamp. Who would lecture his flock and bespeak him. "They must learn their letters and be better from below!" (He said) "and I am going to teachamp!"

There lived a young lady named Saint Clair. Whose eyes were the merriest twain Clair. She said to her beau: "Do you mind agitating the saint Clair?"

A fine old land owner named Marjoribank. Read the summer heat dry paths and park. "So about his state, To protect his old pate, He craved his fustian and tartan!"

A wealthy old butler named Saint John. Had a fire and went off for an ink John. He helped to play, But alas, the next day He was plagued with rheumatoid twain John!

THE PRESIDENTIAL CONTEST.

Candidate McKinley Attends the Women's Centennial Banquet at Cleveland.

C. Vey Holman, a Democratic Delegate to the Chicago Convention, Issues an Address.

Washington, July 23.—Senator Stewart of Nevada, who returned today from St. Louis, said that he saw no propriety in the populists' communicating to Mr. Bryan what occurred at St. Louis, or asking him to accept their nomination or platform. Such a course, he added, would have no other object than to embarrass the candidate.

Cleveland, Ohio, July 28.—Ex-Governor McKinley spent a good portion of his time at the Hollenden hotel today, where he received many callers. This was women's day in the centennial celebration, and many ladies were among those who called to greet the presidential nominee. This evening he attended the women's centennial banquet at the grand railway. Mrs. McKinley was prominent at the women's meeting at the central armory this morning, and was introduced to a large number of those attending.

Rockland, Me., July 28.—C. Vey Holman of this city, one of the delegates to the national democratic convention at Chicago, has sent the following communication to the democrats of the state: "All democrats of the state of Maine recognize the fact that the recent so-called national convention at Chicago was dominated in its organization and conduct by a spirit of injustice, dishonesty and absolute disregard for the most elementary rules of order and procedure who deprive and condemn the surrender of the majority of that body to populist theories entirely alien to the creed of true democracy, who decline to accept the declaration of alleged principles put forth by the gilded party, and who refuse to be bound in any measure embodying the articles of genuine faith, but rather as subversive and revolutionary of all that this nation has been taught to admire and revere as democratic doctrine, who refuse to participate passively in the political criminality which unjustly and without warrant unseated legally and properly qualified delegates in order to reverse the just control of certain state delegations and thus defeat the will of the democratic electors of those states duly expressed in their local caucuses and conventions who believe that it is inconsistent with the fundamental principles of democracy to advocate and secure the highest possible standard of value and the fullest possible measure of soundness in the administration of our finances and in the regulation of our monetary system, and who believe that the simple dignity of Maine's terse motto 'Dingo' (I lead) should never be prostituted to the direction of an unworthy cause of the propagation of an unsound principle, are requested at once to communicate with the undersigned their views upon the advisability of immediately calling a conference in this state to consider what action shall be taken upon the call issued by the Chicago sound money conference for a representative democratic national convention to place in the field a presidential ticket upon an honest and straightforward democratic platform." (Signed) C. VEY HOLMAN, Holman, Maine.

Boston, July 28.—The "honest money" democrats at a meeting this afternoon adopted resolutions favoring the nomination at the coming democratic national convention of anti-free silver candidates for state officers.

Lincoln, Neb., July 28.—There is a well defined rumor afloat in this city that Nebraska will present another candidate for president, J. Sterling Morton, secretary of agriculture, has been in Nebraska for a week or more. It had already been reported that he was here to check the tendency of democratic federal office holders to gather about the Bryan free silver standard, but it has been generally reported in this city that he is here to pave the way to a presidential nomination. The gold standard delegates will meet in conference in this city some day this week to fix a date of a state convention.

Children Cry for Pitcher's Castoria.

HALIFAX CARNIVAL.

St. John's Four Defeat the Ferguson Crew.

And Holman and Sannton Win Two of the Chief Bicycle Events.

Gaudaur and Rogers Capture the Professional Double Scull Race—Gossip About the Boys in Pink.

AQUATIC.

The First Day's Races at Halifax. Halifax, July 28.—The first day of the Halifax aquatic carnival is over, and Gaudaur finds himself winner of the \$500 prize and the professional single scull championship of the world. This was the greatest event of the day.

Thousands of Americans are in the city, and in this event they saw a thoroughly good race for second place, for it was a walk over for Gaudaur. He led the field from the start, and maintained his advantage to the end, when he won by twenty lengths ahead. The time was 20 minutes 25 seconds for the three miles and a turn.

The water had been rough all day, but at 10 o'clock, when the race was called, the wind had died out and the water had become comparatively smooth. The three men who made the race interesting for second place were Durman, Rogers and Hanlan. The two Canadians kept well together with the Boston man slightly in the rear. Durman turned the stake boat second, followed the next second by Hanlan, and with about four lengths of clear water ahead of him. Rogers turned next, Hanlan was relegated to third place, with Hanlan two feet behind him.

The next, the fishermen's scull race, was a splendid contest. The men rowed in each boat the middle man, pulling two oars and the others one each. It was won by John Fitzgerald and others.

In the third race for cutters, two boats entered, one manned by Royal Engineers and the other by men from the Commercial Cable company's steamer Mackay-Bennett. The latter broke an oar at the start and finished 45 seconds behind the Engineers. It was declared a dead heat on time allowance and will be rowed over again on Friday.

The next was the fishermen's four-oared, the prizes being \$75 to first and \$25 to second. There were three crews entered for this, the McLeod-Sullivan of St. John, the crew of H. J. Gaudaur and the St. John crew. Only the last two turned up. It was the St. John crew's race almost from the start. They rowed between 35 and 37 strokes, but sailed badly. They had the outside course and got more wind than the Ferguson crew. They showed bad form and frequently got off the course and came near fouling one of the warships.

In avoiding this they nearly lost their lead. The other crew hugged the shore closely, rowing in a steady pull. The St. John men had the race notwithstanding the bad management of their boat. They turned the buoy with a long sweep, fully a minute ahead of the Huggins crew, and gained nothing by it and finished, winning by about 20 lengths. Time 21.50. The Ferguson crew's time was 23.25. The names of the winning crew were: Harry Dalrymple, James Wm. Pathebell and Allen Lambert. The Ferguson crew were Wm. Robinson, Walter Ferguson, H. Ferguson and James Moreash.

The two-mile race for men-of-war cutters was won by a crew from the Royal Engineers. The crew consisted of three men, and was second and the Intrepid third. The race for the Labrador whalers was not as good as was expected. There were seven entries, and five of them were from the boat used by the Mackay-Bennett crew. The referee overruled this decision, and all the boats but two withdrew. They raced and the Mackay-Bennett came in first, but was disqualified on account of turning the stake boat from the wrong side; time, 25 47 1-2.

The fishermen flats race was a stubborn contest, Gin winning by a few feet. The St. John men here feel no surprise at the result, as they were well placed because of the weakness of the bow oar. The steerage was bad, and after half a mile the bow man is said to have been only a passenger. Halifax rowed well, but St. John was better backed, but lacked strength in the bow.

Halifax, July 29.—The second day of the carnival brought beautiful weather. The bicycle parade in the morning included three hundred wheelmen from the city and suburbs. Over 25,000 people saw the boat races, and tonight more than 6,000 spectators witnessed the electric light sports.

The event of the most general interest at the regatta was of course the double scull championship, but the four oared professional working boat race attracted attention because the St. John crew that is to start in Friday's \$1,000 championship event took part. It was an easy victory for St. John, the crew consisting of Gaudaur, Holman and Sannton. The wind at the start and gradually losing ground till they stopped rowing, a half mile from the finish. The Ferguson crew were by no means a representative crew, however, being made up from workmen on the wharves. The St. John men had the outside course, and got all the wind and rough water that was going, while the Ferguson crew had smooth water on the inside. The course steered by neither crew was good. No one imagines that the race was a test of what the St. John crew can do, but at the same time it was somewhat disappointing to admirers of the pink.

A St. John member of the committee said tonight, in accounting for the moves of his crew: "The bow man is sick with cramps and with slight hopes of being in shape on Friday. Ojala of ten or six days ago, in Halifax, and St. John men are not anxious to bet."

Oarsmen Gaudaur and Rogers showed by this afternoon's double scull race that beyond the shadow of a doubt they are superior to Bubbear and Barry, the Thames champions, and of Durman and Hackett, the Ontario scoulers. The race was rowed in water almost perfectly smooth, and the weather conditions were favorable for a good contest, and an immense multitude saw Gaudaur and Rogers defeat Bubbear and Barry by fifteen lengths, while Durman and Hackett were a quarter of a mile in the rear.

Gaudaur and Rogers took the water first on the referee's signal and went off at a stroke of 38 to the minute, the Englishmen following with 40 to 41 stroke. They gained all the way down, and at the turning buoys Gaudaur and Rogers were four lengths ahead, despite their rather poor steering. But they made a fine turn, and by the time the Englishmen were round Gaudaur and Rogers had seven lengths of clear water between them and Bubbear and his mate. The race homeward, as it had been downwards after the start, became a procession, the leaders with every stroke increasing their advantage. Durman and Hackett had dropped so far behind that the spectators almost forgot about them.

When Gaudaur and Rogers crossed the finish line they were nearly twenty lengths ahead of the English pair. The time was 18 min. 43 1-2 seconds. Previous to this race the English four were looked upon as almost sure winners of the four-oared \$1,000 championship race which comes off on Friday, but now this has become more doubtful, and the stock of the Gaudaur four has advanced.

There were besides this race several events of interest to men-of-war sailors and marines. A dead heat was rowed between a cutter's crew from the cable ship Mackay-Bennett and the royal engineers.

Halifax, N. S., July 29.—The second day's aquatic events got off the afternoon, the weather conditions being most favorable. The first event, the man-of-war gig race, was won by a boat manned by marines from the British warship Crescent. A crew from the British warship Tartar was second.

The next, the fishermen's scull race, was a splendid contest. The men rowed in each boat the middle man, pulling two oars and the others one each. It was won by John Fitzgerald and others.

In the third race for cutters, two boats entered, one manned by Royal Engineers and the other by men from the Commercial Cable company's steamer Mackay-Bennett. The latter broke an oar at the start and finished 45 seconds behind the Engineers. It was declared a dead heat on time allowance and will be rowed over again on Friday.

The next was the fishermen's four-oared, the prizes being \$75 to first and \$25 to second. There were three crews entered for this, the McLeod-Sullivan of St. John, the crew of H. J. Gaudaur and the St. John crew. Only the last two turned up. It was the St. John crew's race almost from the start. They rowed between 35 and 37 strokes, but sailed badly. They had the outside course and got more wind than the Ferguson crew. They showed bad form and frequently got off the course and came near fouling one of the warships.

In avoiding this they nearly lost their lead. The other crew hugged the shore closely, rowing in a steady pull. The St. John men had the race notwithstanding the bad management of their boat. They turned the buoy with a long sweep, fully a minute ahead of the Huggins crew, and gained nothing by it and finished, winning by about 20 lengths. Time 21.50. The Ferguson crew's time was 23.25. The names of the winning crew were: Harry Dalrymple, James Wm. Pathebell and Allen Lambert. The Ferguson crew were Wm. Robinson, Walter Ferguson, H. Ferguson and James Moreash.

The two-mile race for men-of-war cutters was won by a crew from the Royal Engineers. The crew consisted of three men, and was second and the Intrepid third. The race for the Labrador whalers was not as good as was expected. There were seven entries, and five of them were from the boat used by the Mackay-Bennett crew. The referee overruled this decision, and all the boats but two withdrew. They raced and the Mackay-Bennett came in first, but was disqualified on account of turning the stake boat from the wrong side; time, 25 47 1-2.

The fishermen flats race was a stubborn contest, Gin winning by a few feet. The St. John men here feel no surprise at the result, as they were well placed because of the weakness of the bow oar. The steerage was bad, and after half a mile the bow man is said to have been only a passenger. Halifax rowed well, but St. John was better backed, but lacked strength in the bow.

Halifax, July 29.—The second day of the carnival brought beautiful weather. The bicycle parade in the morning included three hundred wheelmen from the city and suburbs. Over 25,000 people saw the boat races, and tonight more than 6,000 spectators witnessed the electric light sports.

The event of the most general interest at the regatta was of course the double scull championship, but the four oared professional working boat race attracted attention because the St. John crew that is to start in Friday's \$1,000 championship event took part. It was an easy victory for St. John, the crew consisting of Gaudaur, Holman and Sannton. The wind at the start and gradually losing ground till they stopped rowing, a half mile from the finish. The Ferguson crew were by no means a representative crew, however, being made up from workmen on the wharves. The St. John men had the outside course, and got all the wind and rough water that was going, while the Ferguson crew had smooth water on the inside. The course steered by neither crew was good. No one imagines that the race was a test of what the St. John crew can do, but at the same time it was somewhat disappointing to admirers of the pink.

A St. John member of the committee said tonight, in accounting for the moves of his crew: "The bow man is sick with cramps and with slight hopes of being in shape on Friday. Ojala of ten or six days ago, in Halifax, and St. John men are not anxious to bet."

Oarsmen Gaudaur and Rogers showed by this afternoon's double scull race that beyond the shadow of a doubt they are superior to Bubbear and Barry, the Thames champions, and of Durman and Hackett, the Ontario scoulers. The race was rowed in water almost perfectly smooth, and the weather conditions were favorable for a good contest, and an immense multitude saw Gaudaur and Rogers defeat Bubbear and Barry by fifteen lengths, while Durman and Hackett were a quarter of a mile in the rear.

lingwood Corner and get the message sent forward. When Thompson arrived there he borrowed a wheel and hurried through, wheeling the ten miles in forty-two minutes, and it was then carried along the next ten miles in forty-six minutes. The Truro men in the meantime had come up to West Chester and the message was there about two o'clock, local time.

Halifax, N. S., July 29.—Harris and Symonds arrived at Wellington, 22 miles from Halifax, at 10.15 tonight, standard time. The message was delivered to the wrong person at Westchester, Colchester county, and turned up at Collingwood corner in the same county. On account of impassable roads the men will remain at Wellington until daylight.

Halifax, N. S., July 29.—The Wanderers electric light sports tonight were witnessed by six thousand people. Holman of St. John won the second heat of the half mile bicycle race in 1.11, but he was beaten in the final. The two mile bicycle Sannton of St. John won the first heat in 5.14; Unsworth of Charlottetown second. The second heat was won by Naas in 5.30, with Holman second. Unsworth won the final in 5.21.4, with Sannton only one foot behind.

Holman won the mile bicycle (30 class) in 2.37 1-2 and he was second in the one mile bicycle handicap. The five mile bicycle was won by Sannton in 14.34 1-2. Tom Birds, the Boston sprinter, won the 150 yards dash in 15 1-4 seconds, the 300 yards in 31 3-4, and the 600 yards in 1.13 1-2.

REV. A. A. MCKENZIE.

The following appears in a recent issue of the Presbyterian Witness, Halifax, N. S.: The Rev. A. A. McKenzie, D. D., minister of the Presbyterian church at St. Stephen, N. B., will be welcomed by many friends of his academic days, and others, on his return to the province, intending to accept of a charge of those special departments in which he gave early promise of reaching more than average proficiency.

A native of P. E. Island, young McKenzie found in the Prince of Wales' college the stimulus and aid of those special departments, and of his own powers, and cherishing honorable ambitions, he found his way thence to Kingston, where he received warm and generous encouragement in languages and in philosophy from the professors who had charge of those special departments.

Looking to Glasgow as the foundation of inspiration in philosophy we find him after a year or two sitting at the feet of Professor Edward Caird, and strengthening himself in his metaphysical aptitudes. Then came a pastorate, first in the parish of Law, in the west of Scotland, and afterwards in South Dulwich, London, England. His health giving way, he returned to his native province, intending to accept of what his severer studies in order to regain physical health.

It may be stated that two of Mr. McKenzie's fellow-students now hold professorships in Scottish universities. With recovered health Mr. McKenzie resumed his favorite studies, and a few months ago presented himself for final examination as a candidate for the degree of D. Sc., at Kingston, the standard of which is virtually set by Professor John Watson. This degree implies an exhaustive examination in metaphysics and ethics on the part of a student who has given evidence of capacity for the independent investigation of philosophical systems and theories. Of the few students who have taken that degree at Queen's, none has reached it by more ingeniousness of aim and effort than did Mr. McKenzie.

P. E. I. CHEESE SHIPMENTS.

The first shipment of cheese for the British markets from the Island of this season was made Friday by John Podmore, consisting of some thirteen hundred boxes, the prices paid being seven cents per pound, amounting to about \$7,000 for distribution among the farmers of this neighborhood, says the Guardian. The above prices speak well for Prince Edward Island cheese, when compared with Ontario markets of the past week, which have not ruled over 5 1/2 cents for last half of June make. The salesmen who have been fortunate enough to clear the shelves of cheese up to the first of July are to be congratulated, considering the present state of the markets. They are not only saving shrinkage in weight and interest of money, but realising upon goods that are fully fit to market and if kept exposed to the usual heat of the season of the year will become less valuable every day. Present prices for cheese are low but they are only in sympathy with other staple articles of food, and we would advise farmers not to lose courage but to persevere with their new undertaking, which is only in its infancy and with every prospect of a revival in trade, improved times may be confidently looked for. We hear it is Mr. Podmore's intention to remain with us, representing some of the largest importers of cheese in England and Scotland.

SHE FORESAW HER DEATH.

Miss Ott Said Her End was Near a Few Hours Before She Was Found Dead. LaPorte, Ind., July 27.—A strange verification of a premonition of death is reported from Elkhart county. Miss Katherine Ott, twenty-eight years of age, retired last night with the remark that she would not be living this morning. Her faith in the reality of what she believed was a revelation so strong that she made arrangements for her obsequies. This morning she was found dead. Lightning had struck the house during a storm this morning and Miss Ott was instantly killed.

WATER; DEATH.

Portland, Me., July 28.—Peter Foley, 22 years of age, was drowned today by falling through a hole in Deak's wharf. Foley was intoxicated.

HANGED HIMSELF.

Centermontville, Me., July 23.—Geo. Douglass hanged himself in his father's barn this morning. The cause of the suicide is unknown.

SUNDAY SCHOOL WORKERS.

Annual Meeting of the St. John County Association.

The Reports Presented Dealing With the Work During the Year—Officers Elected.

A fair number of ministers and Sunday school workers assembled in the school room of Queen Square Methodist church on July 23rd to attend the opening session of the St. John County Sunday School Association. The meeting opened with singing and scriptural reading by Rev. Mr. Peckles, after which prayer was offered by Rev. Mr. Whittaker and T. S. Simms. The president, George A. Henderson, in his opening address regretted the small attendance, but complimented the members of the association on the great advance which had been made during the year. After a few general remarks and a brief review of the year's work he concluded by appointing the following committee, nominating Messrs. T. S. Simms, W. C. Whittaker, Andrew Malcolm and E. R. Machum; credentials and statistical Messrs. J. Hunter White and William T. Robb. The report of the county secretary, Alexander W. Watson, was then submitted and adopted. The total number of Sunday schools in the county is 73, of which 69 are kept open all the year. The total membership is 10,554 scholars and 266 teachers, and the average attendance of 6,722. During the year \$101.64 was raised for the provincial Sunday School association, \$1,884.55 for missions, and \$5,190.31 for the Sunday schools themselves.

J. Hunter White, the former treasurer, submitted a report. The former treasurer was J. E. Marsters, and his last report, from October, 1895, was submitted. The expenses for the year for printing, postage and other items amounted to \$32.37. The following collections had been received:

Table with 2 columns: Item, Amount. Rows include Annual meetings, German street Baptist S. S., St. John Presbyterian S. S., etc.

Mr. White explained that since he became treasurer none of the Sunday schools had reported to him, therefore he could not submit anything later than that submitted by the late treasurer.

A conference, led by Rev. Mr. Fotheringham, on How Should the Church Train the S. S. Teachers, concluded the morning session. The afternoon session opened with devotional exercises, after which the report from the various districts were listened to. W. C. Cross then gave an informal lesson and E. R. Machum an address on House to House Visitation and Home Care Department. The session concluded with a paper on Teachers' Duty to the Home by Miss Murphy.

The evening session was well attended and like the two former ones opened with devotional exercises, prayer and the singing of hymns. After the reports of the various committees had been received, the following officers were elected: President, Alex. Watson; corresponding and statistical secretary, Miss Alice B. Estey; recording and financial secretary, A. E. Chapman; treasurer, J. Hunter White; normal superintendent, W. C. Cross; president for Simonds East, M. R. Gillmour; Simonds West, R. Stirling; Lancaster, Chas. F. Baker; Carleton, John McKinnon; city, north end, Miss Phoebe Vanway; south end, R. Dunsmuir. Additional members of the executive committee are as follows: Rev. Mr. Fotheringham, E. R. Machum, A. Malcolm, W. J. Parks, A. J. Heath, T. S. Simms, Jas. Patterson, J. W. Barnes, Miss M. E. Smith, Miss Annie Fritze. Delegates to the convention to be held at Woodstock on October 20th to 22nd were chosen as follows: Alex. Watson, J. Hunter White, Mrs. A. Malcolm, Mrs. W. J. Parks, Miss Alice Estey.

Addressed by the field secretary, Rev. A. Lucas, and by representative from the N. B. S. S. Association, and addresses on How Can We Promote a Deeper Spiritual Life; In the Home Through Sunday School Influence, Rev. Mr. Penna; In the School by the Superintendents, Rev. Mr. Minchin; In the Class by the Teacher, Rev. G. O. Gates, concluded the business of the session.

The quarterly session of the executive of the Provincial Sunday School Association was held in the Y. M. C. A. rooms on July 27th. Rev. A. Lucas presiding. The date of the opening of the provincial convention at Woodstock was changed from October 13th to October 20th. This was done to secure the help of Prof. Hamill, a noted international normal teacher from Iowa. The outgoing committee decided the convention will make a thorough business-like advance in educational and Biblical lines. It is probable that the officers will then be able to establish a normal department for Sunday school teachers.

STEAAMER CARRIES 202,000 BUSHELS OF CORN.

Chicago, July 28.—The steel steamer Queen City has again broken a cargo record. The amount given out by the tally men when the spots were taken from the hatches was 202,000 bushels of corn. This exceeds all previous records by 37,000 bushels on a draught of 16 feet 3 inches forward, and 16 feet 9 inches aft. The Queen City broke the Lake Superior iron ore record on her trip from Two Harbors to South Dulwich, carrying 4,687 gross tons on a draught of fourteen feet and four-tenths feet. Her present cargo weighs 5,500 tons, and would have loaded ten schooners of the old days. Five years ago a cargo of half the size was considered a big load. It is without doubt the largest cargo ever carried on the lakes.

BELONGED TO NOVA SCOTIA.

Block Island, R. I., July 28.—Miss Della McGrenn, housekeeper of the Ocean View hotel, died yesterday from apoplexy. It is supposed that her native place was Nova Scotia.

SCHOOL WORKERS.

Association of the St. John Association.

Meeting Dealing With the Year—Officers Elected.

Ministers and Sunday School assembled in the Queen Square Methodist Church on July 25th at a session of the St. John School Association.

The meeting was opened with singing and prayer by Rev. Mr. Flock. Prayer was offered by Baker and T. S. Simms.

George A. Henderson, address regretted the meeting, but complimented the association on the which had been made.

After a few general brief reviews of the concluded by appointing a committee, consisting of Messrs. W. C. Whitcomb, W. R. Macdonald, and T. S. Simms.

The committee reported that the membership is 10,554 teachers, with an average of 6,722. During the year raised for the provincial school association, \$1,150.01 for the same.

The treasurer, submitted the former treasurer's report, which was read and approved. Items amounting to \$1,150.01 were collected.

Dr. Jameson and his co-defendants were apparently unmoved. Sir Edward Clark asked the court's disposition to move for a new trial.

The judges returned Sir Edward Clark's verdict rendered the defendants refused to instruct for a new trial and expressed a desire to settle the case now.

In passing sentence, Lord Russell said that the verdict was given on evidence which reasonable men would be able to disregard.

Dr. Jameson was sentenced to fifteen months imprisonment without labor; Major Sir John Willoughby was sentenced to ten months imprisonment; Major R. White, seven months imprisonment.

Dr. Jameson, who had hitherto hung his head, looked up proudly when the sentence had been passed.

After the sentence formalities had been completed the warden of Holloway prison appeared and took up positions on each side of the prisoners.

There was absolutely no demonstration in the court room when the prisoners were taken away or outside of it when they were escorted to jail.

SENT TO PRISON.

Dr. Jameson and His Men Found Guilty and Sentenced.

The Doctor and His Party Heard the Verdict of the Jury Unmoved.

The Sentences Run from Five to Fifteen Months—All Taken to Holloway Prison.

London, July 28.—The attendance at the trial of Dr. Jameson and his associates was never so large as today.

The jury, after having retired about 4.30, returned about 5.24. The judges came in five minutes later and the jury gave an affirmative answer to all the questions by the chief justice, but they add a rider to the effect that the disturbances at Johannesburg were provocative.

Lord Russell said their answers were equivalent to a verdict of guilty. The foreman said they were not unanimous upon the point of the prisoner's guilt, but his lordship replied that the answers of the jurymen to the questions propounded were equivalent to a verdict of guilty against all the defendants.

The jury consulted together and afterwards rendered a verdict of guilty. Dr. Jameson and his co-defendants were apparently unmoved.

Sir Edward Clark asked the court's disposition to move for a new trial. The judges returned Sir Edward Clark's verdict rendered the defendants refused to instruct for a new trial and expressed a desire to settle the case now.

In passing sentence, Lord Russell said that the verdict was given on evidence which reasonable men would be able to disregard.

Dr. Jameson was sentenced to fifteen months imprisonment without labor; Major Sir John Willoughby was sentenced to ten months imprisonment; Major R. White, seven months imprisonment.

Dr. Jameson, who had hitherto hung his head, looked up proudly when the sentence had been passed.

After the sentence formalities had been completed the warden of Holloway prison appeared and took up positions on each side of the prisoners.

There was absolutely no demonstration in the court room when the prisoners were taken away or outside of it when they were escorted to jail.

THE SOCIALISTS' CONGRESS.

Objection Taken to an American Delegate Taking His Seat.

London, July 28.—When the Socialist and Trades Union congress re-assembled the members of the American section objected to the presence of a delegate from the New York Hack Owners' Union.

The delegate protested against this treatment, reminding the assemblage that he had come 2,500 miles to vote, and claiming that the members of the New York Hack Owners' Union were working men, as they drove their own cabs.

He also threatened to go back to the United States and tell the people there how he had been treated.

After further discussion it was decided to admit this delegate, and the congress again adjourned amid disorder arising from the question whether Mrs. Jaures, Millerand and Viviani, the French socialists, should be allowed to vote in the congress.

CUBA.

Foreigners Compelled to Register on Landing at Havana.

Havana, July 28.—Capt. General Weyler has published a decree to the effect that in view of the difficulty of communication with foreigners residing in the country, they may deliver their papers to the nearest civil authorities, who will forward them to the office of the general government.

ROME.

Rome, July 28.—Signor Bernard Tanlongo, formerly governor of the Banca Romana, is denouncing a scandal which was to Italy what the Panama canal scandal was to France, and which caused the overthrow of the ministry, tarnishing the fame of many men in public life and sowing widespread suspicion of corruption and dishonesty throughout Italian public life.

Signor Tanlongo was the central figure in the Banca Romana scandal which was to Italy what the Panama canal scandal was to France, and which caused the overthrow of the ministry, tarnishing the fame of many men in public life and sowing widespread suspicion of corruption and dishonesty throughout Italian public life.

Governor Tanlongo was accused of having fraudulently appropriated 23 million francs from the bank.

P. E. ISLAND NEWS.

Little York, July 28.—The farmers are now busy at the hay, which is generally a pretty good crop. The grain fields at present look very promising. The potato bug and horn fly still abound to the great annoyance of the farmers.

The members of the Methodist church of Highlands held a successful strategy and ice cream festival and concert on Thursday, July 28th.

A new post office has been opened on the Brockley Point road, which will be known as the Thornydale post office. Silas R. Prowse is the postmaster.

George Balrsto of Cove Head has sold his trotting horse Herdic to R. J. Wood of Charlottetown for \$200. Herdic won the three minute race on the provincial trotting park on the Queen's birthday, making the half mile in 1:13.

James Balrsto and wife of Boston are home on a holiday trip, visiting friends in Cove Head. Miss Rebecca Brown is home from Boston, spending some holidays in York.

Dr. Bruce Shaw of Cove Head returned to Montreal on Wednesday, July 28th, to resume the work of his profession in the Victoria hospital.

George Millett of Union Road, who went to Boston last fall for his health, is home again, as well apparently as usual.

Blake Bros., butchers of Charlottetown, have purchased from Senator Ferguson four fine Galloway fat cattle, two and three years old, weighing over forty-four hundred.

Senator Ferguson is very successful in the breeding of the Galloway cattle. He introduced them some years ago from Scotland and is now the only breeder in that line in the maritime provinces.

He carried off all the prizes for Galloways last fall at the Charlottetown and St. John exhibitions. The same firm have also purchased from Michael Perry of York three fine fat cattle, netting in weight over thirty-eight hundred.

Benjamin Hertz has placed on his farm on St. Peter's road 30 more Jersey cows, which he purchased from the famous Belvidere herd of Mrs. E. M. Jones of Ontario. Not long ago he purchased fourteen from Mrs. Jones, so that now he owns the whole herd.

Edward Brady of Grand Tracadie went to Boston this spring, but had to return recently on account of illness. On Monday morning a fire occurred on the premises of Gus. Mason, near Southport. One large barn and two smaller ones were burned.

The carriage and some smaller articles were saved. The loss, though partly covered by insurance, is a heavy one.

Dogs are again commencing their ravages among the sheep. One farmer in North Rustico had nine killed recently.

On Monday morning Benjamin Stewart of Marshfield died at the early age of 47. He had been very sick for some time and his death was not unexpected. He leaves a wife and family to mourn his loss.

Prof. Shaw and his bride have arrived home from their honeymoon and will stay for a while at Brackley Point. William Fraser of Brackley Point arrived home Tuesday in the May P. from a trip to Barbados.

Dr. Alexander, son of George Alexander of Stoupe, is carrying on a successful medical practice at Lachute, P. Q. He was recently appointed president of a bicycle club there.

A LIFE INSURANCE QUESTION.

The Relation of the Silver Question to Policies Held in Canada.

A circular issued by a United States insurance company to the effect that if the silver crusade were successful its covenants would be paid in that currency, which would probably mean a loss of fifty per cent. on the face of a policy.

So far as can be gathered from inquiry among the insurance men, the Canadian policy holders would not suffer. For example, a very large company, with very extensive business in Canada and in this province, pays all liabilities by check on the Bank of Montreal, and has deposited in Canada, subject to Canadian government control, over a million dollars more than the law requires, and more than half a million more than all its liabilities in this country.

Some companies agree to pay in gold if so stipulated, and some very large policies in this province are so written.

FAREWELL TO REV. DR. MACRAE

The Congregation of St. Stephen's Church Were Out in Force

The Address Presented—Speeches Made by Various City Clergymen.

The people of St. Stephen's church turned out in large numbers July 28th to say farewell to Rev. Dr. Macrae, the retiring pastor. The school room had been elegantly decorated for the occasion.

NEW ENGLAND IN DEBT.

Its Condition Worse Than That of the West.

New York, July 24.—A special from Washington says: Statistics recently issued by the census bureau show that, while the mortgages upon western farms amount to a large sum, the farmers of the east are 13,000 more deeply in debt.

The total valuation of the farms in New York and in Iowa is almost identical. Yet the farms in New York have mortgages upon them to the extent of \$134,960,708, or 43 per cent. of their total value, while Iowa's farms are in debt only 33 per cent. of their value.

In Nebraska, the home of Candidate Bryan, the percentage of incumbrance, as compared with the value of the farms is only 23 per cent., while in Pennsylvania it is 46, in Connecticut Rhode Island 42.5, in Connecticut 40.4, in Delaware 44.0, and New Jersey 49.4.

The farmers of Massachusetts are in debt to the extent of \$11,381,941. Those of Vermont are in debt to the extent of \$11,985,490, and those of Connecticut \$3,577,785.

In comparison with these, the farmers of the state of Arkansas are indebted only \$2,034,345; of Georgia, \$1,757,507; of North Carolina, \$3,757,577; Kentucky, \$5,335,854.

The percentage of the debt of compared with the values of the farms in Illinois is 34 per cent.; in Indiana 30 per cent.; in Kansas 35 per cent.; Michigan 22 per cent.; Minnesota 31 per cent.

Of the western and southern states there are in Illinois 101,305 families owning their farms free of encumbrance; in Kentucky there are 118,680 in the same condition; in Missouri there are 108,945; in Ohio 97,196; in Indiana 97,196; in Nebraska 60,029; in Texas 119,098; in Alabama 63,793; in Arkansas 76,961.

Of the eastern states there are in New York 97,569 families who own their farms free of encumbrance; in Massachusetts only 29,435; in Connecticut 14,961; in New Jersey 11,050; in New Hampshire 20,210; in Rhode Island 3,339; in Vermont 14,965.

The average encumbrance on each mortgaged farm in the eastern states is: in New York \$1,749; in Connecticut \$4,717; in Rhode Island, \$1,635; in Connecticut \$1,266; in Delaware \$2,247; in Massachusetts \$1,323; in Vermont, \$1,004.

In the states in the west and south the average encumbrance on each farm is: in Nebraska \$1,084; in Kentucky, \$1,069; in Illinois, \$1,684; in Indiana \$272; in Michigan \$890; in Minnesota \$41; in Mississippi \$619; in Missouri \$653; in South Carolina \$830; in Tennessee \$667.

IRISH LAND BILL.

Provisions of the New Measure Before British Parliament.

London, July 29.—The new Irish Land Bill, which was introduced in the house of commons on April 13th, provides for facilitating the purchase of the holdings and prevents the lessee from having rent levied on his improvements.

It also embodies the most non-contentious proposals of the Irish Land Bill of 1895 and modifies other provisions. The new measure provides that the tenant on the payment of two years' arrears shall be deemed to be in just possession of his holdings.

He is enabled to borrow to the extent of £1,500,000 (\$7,500,000) in regard to evicted tenants the government could not consent to the use of public money from private sources, but it announced its willingness to renact the clause of the land act for a year and so act as a mediator.

BRITISH PRIVY COUNCIL.

Decides Two Quite Important Canadian Cases.

London, July 29.—The privy council has dismissed the appeal from the judgment of the supreme court of Canada of December 9, 1895, affirming a decision of Mr. Justice Burbridge in the case of Rose and others against the queen.

The appellants brought an action in the court of exchequer of Canada by petition of right to recover from the dominion government the sum of \$23,806, which they claimed to be due on two contracts for the construction of sections 9 and 15 of the Intercolonial railway.

The privy council also dismissed the appeal from the supreme court of British Columbia in the case of the Esquimalt and Nanaimo railway against Bainbridge involving the right to mines and land granted for railway construction.

Victoria, B. C., July 29.—The celebrated precious metals case between the E. & N. railway and the provincial government has been finally decided by the privy council of England, which body affirms the decision of the colonial courts that gold and silver in the E. & N. belt did not pass with the sand grant, but remained vested in the crown.

FIGHTING STETSON'S WILL.

Boston, July 29.—John G. Stetson, attorney for John Stetson, senior, announced today that an appeal will be taken from the decision of Judge Grant in allowing the will of the late John Stetson.

Children Cry for Pitcher's Castoria.

OVER THE FALLS.

Boy and Skiff Plunge Down Thirty-Five Feet to a Whirlpool's Rocky Bed.

Trenton, N. J., July 27.—Everybody here is talking today of the marvelous escape from death of George Ellis, a youngster born under so lucky a star that, though carried over the thirty-five foot falls of Assinipink Creek, he emerged from the water alive.

The rope, which Mrs. Ellis was holding loosely, slipped from her grasp, and the boat, caught by the current, drifted toward the water gate leading to the falls.

The boy had no oars and no means of guiding the craft. Mrs. Ellis shrieked and the spectators ran frantically about the rim of the reservoir, shouting all kinds of impossible directions.

The swirling eddies caught the boat and it drifted rapidly toward the brink. The spectators were running about for ropes and planks. Some of them, feeling that the boy would certainly be killed, turned their backs that they might not see him die.

There came a crash, a splintering of wood and then the roar of the water. The onlookers rushed down to the creek head. Nothing could be seen of the boy or boat in the tumbling waters that dashed against the rocks.

More fragments of the boat appeared. Then, after a lapse of several minutes, the spectators saw the boy in the whirlpool, twenty feet below the falls, with his feet toward the bank. The boy rested a moment and then swam to the shore, where he fell exhausted.

Some of the spectators caught him and carried him to his mother's use, at the Fall and Factory streets. It will be some time before he recovers from the shock of his terrible experience.

THE HERBERT FULLER

Has Been Ordered to Boston Instead of Sailing for Rosario.

Washington, July 29.—Although the owners of the barkentine Herbert Fuller, now lying at Halifax, are desirous of having the ship resume the voyage interrupted by the murder of Captain Nash, his wife and his second mate, and have shipped another captain and men to fill the vacancies in the ship's company, it is by no means certain she can be permitted to proceed on her way to Rosario.

The district attorney at Boston, who is now in charge of the prosecution of the case, today requested that the Fuller be ordered to come to Boston so that he might supplement the evidence obtained by Consul Inghramham at Halifax.

The consular officer accordingly was directed to detain the vessel, which was just about to sail for Rosario. Meanwhile the representative of the owners at Halifax appealed to the government to allow the ship to proceed, asserting that as she had been thoroughly overhauled and all visible evidences of the crime had been eradicated away no useful purpose could be served by bringing her to Boston.

This statement was forwarded to the district attorney at Boston and it will be for him to say finally whether the Fuller shall sail away or must come to Boston.

Halifax, N. S., July 29.—The barkentine Herbert Fuller has been ordered to Boston by the government of the United States as a material part of the crown's case at the approaching trial.

AMHERST.

Sudden and Unexpected Death of Mrs. W. B. Huestis.

Amherst, N. S., July 29.—Amherst tonight is shocked at the very sudden and unexpected death from heart disease of Mrs. Adeline J. Huestis, wife of W. B. Huestis, J. E., which took place at 7.30. After having been for a drive in her pony carriage she drove round to the door of her husband's office, beckoned to him to hold the horse while she alighted, and then alighted and walked into her husband's office. Feeling unwell she lay down on a sofa, when it was seen that something serious was the matter and medical aid was summoned, but death had seized her and in less than four minutes she was a corpse.

She was a daughter of Gilbert P. Betts of Wentworth, was sixty-one years of age, and was up to a very brief time before her death in apparently robust health. Four children survive her: Fred, R. and Harry F. of Providence, R. I.; Edna and Mary of Amherst, and Mabel E., wife of Arthur Casey, and Mabel E., wife of Clarence Casey. The deceased was a leading milliner here and had occupied her store since 1888.

WILL THEY OBEY?

Washington, July 29.—Postmaster General Wilson has issued an order to all railway clerks, directing them not to take an active part in the political campaign.

INTERCOLONIAL RAILWAY.

On and after MONDAY, the 22nd June, 1896, the trains of this railway will run daily (Sunday excepted) as follows:

Table with 2 columns: Train Name and Schedule. Includes entries like 'Express for Campbellton, Pughwash, Pictou and Halifax', 'Express for Halifax', etc.

The trains of the Intercolonial Railway are heated by steam from the locomotive and lit by electricity. All trains are run by Eastern Standard time.

MONCTON.

A Boy of Thirteen Drowned in the River While Bathing.

Moncton, July 29.—Eddie Crowhurst, the thirteen year old son of William Crowhurst of the Intercolonial railway shops, was drowned in the river this afternoon. He went down to bathe with two other boys, when he got beyond his depth and was carried up river. He could swim a little, but owing to the swift current he could not reach the shore. His companions, younger than himself, were unable to render any assistance, but ran with the drowned boy's clothing and notified his mother, who became almost frantic with grief. All efforts to recover the body so far have been fruitless.

THE WEEKLY SUN.

ST. JOHN, N. B., AUGUST 5, 1896.

MR. LAURIER AND HIS POLICY.

We reprint this week a full report of Mr. Laurier's programme speech as given in the Montreal organs of his own party.

The tariff programme as laid down by Mr. Laurier is mainly a declaration that the protection policy may stand as it is until next winter, and then nothing rash will be attempted.

The liberal conservatives do not complain of Mr. Laurier's adoption of their Northwest policy, their fast transit and cold storage policy, or with the declaration that the school question will be settled in six months.

Mr. Laurier is welcome to as much of the liberal conservative policy as he chooses to take, but we fear that he and his colleagues will find themselves incapable of carrying on the system that they have condemned and denounced.

A TRIUMPH OF BRITISH LAW.

The trial, conviction and sentence of Dr. Jameson and other participants in the Transvaal raid is a triumph of British law over British popular sympathy.

intended to do honor to the participants. Yet in face of it all the leaders of the raiders are brought to the bar, found guilty by a British jury, sentenced by a British judge to the common prison, and will serve out their term like other criminals.

THE HIGH COMMISSIONER.

Sir Donald Smith, though a liberal conservative, can very properly hold the high commissionership under the present government until the ministry chooses to replace him.

FREE COINAGE AND LIFE INSURANCE.

The circular letter prepared by President Greene of the Connecticut Mutual Life Insurance Co., to which reference was made by this paper a few days ago has had a somewhat wider influence than Colonel Greene expected.

Should we come upon a silver basis policy would for the present be paid in dollars, and the great bulk of them will probably be paid in dollars worth not more than from twenty-five to thirty-five cents.

It is therefore our duty to warn you that by so much as it was your duty to make this provision for the protection of your families, by so much as it is your present duty to see, so far as your action can prevent it, that no part of that provision is lost to them by being paid in dollars which are worth anything less than the one hundred cents in which you have been paying your premiums.

It should be stated that Colonel Greene explains that his company, unlike some others, has never agreed to pay its policy holders in gold, or in any particular kind of dollar. The result is that the insurance would be payment in any money that was legal tender.

MAN AND WIFE DROWNED.

Brattleboro, Vt., July 30.—E. A. Tyler, proprietor of The Brooks, and his wife were bathing in the Connecticut river, about half a mile above the suspension bridge, yesterday afternoon about 4 o'clock and were drowned. Their bodies have not yet been recovered.

A miner in the Dolocouth mine at Camborne, Cornwall, recently fell 120 feet down a shaft without hurting himself. The explanation offered is that there was a strong current of air rushing up the shaft at the time.

It is probable that the strong United States companies which do a large business in this country, as well as in other places outside the national borders, will take steps at once to vindicate their policies from any suspicion that the cheap money programme may cast upon them.

COLONIAL MEMBERS OF THE JUDICIAL COMMITTEE.

It is reported that Mr. Chamberlain has induced his colleagues to consent to the immediate appointment of a Canadian and an Australian member of the judicial committee of the privy council.

THE UNITED STATES AND CUBA.

Following the conviction of Dr. Jameson and his aids for breach of the neutrality laws, comes the proclamation of President Cleveland reminding the people of the United States that they must not interfere in behalf of the insurgent Cubans.

Mr. Davies is reported to have said that it is impossible to find a tory with a fine tooth comb in Prince Edward Island since the election. The trouble with Mr. Davies is that he goes the wrong way about the search. He will find all the tories he wants before he is much older, and what is more they will find him.

The dark conspiracy of the Westchester mountaineers to capture our mayor's message was frustrated by the intrepid conduct of the brave Truro boys, who rescued the priceless document and hurried it forward to the rightful owner.

Mr. Laurier in his programme speech gave the country to understand that he would try to secure preferential trade with Great Britain and a renewal of the old reciprocity treaty with the United States. It will puzzle him to work the two together.

The valued Telegraph still refrains from offering observations on the subsidized press or on railway printing. Yet there has never been a time when the subject received more thought from the proprietors of the Telegraph.

More than two hundred democratic papers in the eastern, middle and northern states have refused to support the candidate and platform of their party.

MAN AND WIFE DROWNED.

Brattleboro, Vt., July 30.—E. A. Tyler, proprietor of The Brooks, and his wife were bathing in the Connecticut river, about half a mile above the suspension bridge, yesterday afternoon about 4 o'clock and were drowned. Their bodies have not yet been recovered.

A miner in the Dolocouth mine at Camborne, Cornwall, recently fell 120 feet down a shaft without hurting himself. The explanation offered is that there was a strong current of air rushing up the shaft at the time.

IN THE KITCHEN. How to Make Huckleberry Pudding and Raspberry Tart.

Blisque of Clams—Boiled Salt Mackerel—Crab Soup—Potted Cod's-roe Sandwiches, etc.

Fresh berries, sweet and juicy, are cooling, refreshing and nourishing, and should be included, like many other fruits, among the necessities of life and have a place on every table.

Blanche—Blanch two dozen almonds with two ounces of sweet almond oil in a saucepan, and boil for half an hour.

Blanched almonds—Take half a pound of flour, ten ounces of sugar, three or four entire eggs, and a little vanilla. Mix and whip the sugar and eggs, add the flour, and the paste into sticks six or seven inches long, on a slab, waxed, and dusted with flour.

Blanched almonds—Take half a pound of flour, ten ounces of sugar, three or four entire eggs, and a little vanilla. Mix and whip the sugar and eggs, add the flour, and the paste into sticks six or seven inches long, on a slab, waxed, and dusted with flour.

FEDERAL POLITICS

Eight Ministers Returned by Acclamation Thursday.

Israel Tarts as the Gleeeful Lord High Executioner

Fortage La Prairie Patrons Opposed to Dr. Laurier's Return to the Provincial Legislature-Laurier's Manitoba Commission.

Ottawa, July 29.-A report is current under the new regime D. A. G. are to be reduced to one for each province, the appointment to be for four years instead of for life, as at present.

Sir Oliver Mowat arrived from Toronto this evening and proceeded to the residence of Judge Sedgewick, which he has taken for a couple of months.

The minister of justice brought back with him the list of Q. C.'s which he took along when he went to Toronto. The list has been subjected to severe revision.

Tarts is still enacting the role of lord high executioner with unrelenting faith. Today he dismissed ...

Monday, July 29.-There is serious trouble here over the apolls, the shifting of the position of harbor commission-ers giving great trouble to the leaders.

Winnipeg, Man., July 29.-This morning the Liberals filed petitions against the return of Hugh John Macdonald, member for Winnipeg; Nat. Boyd, member for Macdonald, and Dr. Roche, member for Marquette.

But in case you were unseated, what then? He was asked.

Discussing the protest in Winnipeg in his column the Free Press says: "The Liberals have little or nothing to say of the protest. From what could be gathered during the past few weeks, it is said that Mr. Macdonald is unseated Mr. Martin will not be a Liberal candidate in the city."

JUDGES FOR EXHIBITION.

The secretary of the exhibition association has received a communication from Prof. J. Hugo Reed, V.S., of the Ontario Agricultural college at Guelph, Ont., accepting the association's invitation to judge horses at the exhibition this fall.

The president of the French liberal association of Winnipeg announces that Hon. J. Israel Tarte has written him that he will visit Winnipeg at an early date.

Ottawa, July 30.-The following members have been elected by acclamation: Quebec East, Laurier; Kings Co., N. S., Dornier; Brome, Fisher; Quebec Co., Fitzpatrick; Gaspé, Cartwright; Portneuf, Joly; York N., Mul-ki; Queens W., P. E. I., Davies; Quebec, July 30.-Hon. William Laurier, president of the council, was elected by acclamation in Quebec East today.

The nomination for Portneuf county took place today. Hon. Sir Henry G. Joly de Lotbiniere was re-elected by acclamation as minister of inland revenue.

Hon. Chas. Fitzpatrick was also returned unopposed.

Knowlton, P. Q., July 30.-Hon. Sydney Fisher, minister of agriculture, was elected by acclamation for Brome county, on offering for re-election without assuming office. Shortly after a public meeting was held at the drill hall. Among those present were Mr. Fisher, M. P. for Brome; D. B. Melgus, M. P. for Missisquoi; G. H. Farnalace, M. P. for Shefford; Hon. J. I. Thibe, Mr. Brodeur, M. P. for Rouville; J. C. McCortell, H. R. Duffy, H. E. Williams, and many other of the prominent members of the liberal party in the district of Bedford.

Toronto, July 30.-The conservatives put no opponents in the field to Sir Richard Cartwright, minister of trade and commerce, in South Oxford, or William Mullock, postmaster general, in North York, and the Patrons had no idea of doing so. Both ministers were therefore returned by acclamation.

Hallifax, N. S., July 30.-Hon. L. H. Davies was elected by acclamation in Charlottetown today.

F. W. Borden was similarly honored in Kings county.

D. B. Woodworth in a speech after Borden's nomination had closed stated that he withdrew from his conditional acceptance of the nomination by the liberal conservative committee in deference to wishes since generally expressed by leading members of the party.

Ottawa, July 30.-Laurier wired the local liberal association today his consent to arrangements for a reception to be given him here on the 31st of August.

The election of eight ministers today by acclamation leaves four, besides those in the senate and the vacant portfolio of the interior, to be provided for. Tarte's nomination has been postponed until August 3rd, and Fielding's in

What is CASTORIA

Castoria is Dr. Samuel Picher's prescription for infants and children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil.

Castoria is an excellent medicine for children. Mothers have repeatedly found its good effect upon their children. It is a safe and reliable medicine for infants and children.

The Castoria Company, 71 Broadway Street, New York City.

INSURANCE COMPANIES

Would Pay All Claims in Silver or its Equivalent.

Little Rock, Ark., July 30.-A statement was widely published a few days ago that President G. L. Green of the Connecticut Life Insurance Co. of Hartford had issued a circular letter to policy holders notifying them that in the event that the government adopts the free coinage of silver the company would be compelled to pay all claims in depreciated silver coin.

F. W. Aloop of this city sent a clipping of this statement to Secretary of the Treasury Carlisle, with a request for an expression of opinion on the subject. He has received a reply from Mr. Carlisle, in part as follows:

In case free coinage of silver should be established in this country, I presume insurance companies and other institutions would continue to make their payments by checks and drafts as heretofore; in my opinion the whole volume of our currency would sink at once to the silver basis, and these checks and drafts would be paid in silver dollars or their equivalent, instead of gold or its equivalent.

STEAMER ASHORE.

She Was Chartered to Run Between Eastport and New York.

New London, Conn., July 30.-Steamer Tiltie, under charter to the New York and Eastern Steamship company, New York, went ashore on the south side of Fogo's Island during a dense fog last night and lies on a rocky bottom with a hole stove in her. It is doubtful if she comes off. She was chartered a week ago to run between Eastport, Me., and New York, and left here Monday, so she was on her first trip, with herring for cargo. She is understood to be commanded by Capt. Brewster, who was in charge of the steamer Pentagon when that vessel ran ashore a few weeks ago.

KOOTENAY A SURE CURE.

A SWORN STATEMENT THAT KOOTENAY HAS MADE ANOTHER CURE OF RHEUMATISM.

Province of Ontario, County of Wentworth, to wit:

J. James A. Campbell, of the City of Hamilton, County of Wentworth, Province of Ontario, formerly of Port Elgin, Ontario, do solemnly declare that I am employed at 109 King Street, East, in the City of Hamilton, that I was afflicted with rheumatism, in my limbs and body for two years, and so severe was the pain that I was confined to my bed for a time. I received medical attendance in the United States and Canada, and also tried mineral baths in both countries. They all failed to effect a cure. I then began taking Ryckman's Kootenay Cure. I have used three bottles and now feel perfectly well and free from rheumatism. I attribute my cure solely to Kootenay Cure. It is certainly a wonderful medicine, and has built up my constitution. I heartily recommend it as a good tonic as well as a sure cure for rheumatism. And I make this solemn declaration conscientiously believing it to be true, and knowing that it is of the same force and effect, as if made under oath and by virtue of the Canada Evidence Act.

(Signed) JAMES A. CAMPBELL. Taken and acknowledged before me in the City of Hamilton, in the County of Wentworth, this 19th day of December, 1895.

(Signed) W. FRED WALKER, A Commissioner for taking affidavits and a Notary Public.

No wonder. Rock bottom prices on high grade clothing is our pride, our pleasure. We have three thousand pairs of Pants, right out of the makers hands the past week, which we will sell at \$1.50 a pair. This sale will open Monday, Aug. 3d, and will be for this week only. Don't miss seeing the great stock of Men's Pants, worth \$3, only \$1.50 this week. Mail orders received up to Monday, Aug. 10th.

Fraser, Fraser & Co. 40 and 42 King Street, Cheapside

OTTAWA. TELEGRAPHIC.

OTTAWA, July 28.—No official intimation has been received by the government of the consent of Great Britain to the appointment of a Canadian judge on the judicial committee of the privy council. The cable announcing the consent of the Salisbury cabinet to such an appointment has occasioned no surprise, however, in official circles here. It has been on the cards for some time that such an appointment would be offered to Canada. Hon. Mr. Laurier said while the government had not been formally notified of the fact, he had no doubt the official intimation would be forthcoming in the course of a week or two, and the government would be asked to recommend the Canadian jurist for the position. Upon that recommendation the appointment of a Canadian representative, he said, would be made without delay. The general opinion, as stated in the dispatch, is that the government here will recommend Hon. Edward Blak for the judgeship.

A party of one hundred and thirty Austrians are en route for the colony of their compatriots, near Edmonton. The party was established a year ago and is said to be doing well. At present it numbers six hundred people. The new comers possess a fair amount of money for the purchase of stock and implements.

It is learned at the customs department that no steps have been taken towards the establishment of a port of entry on the north shore of Quebec, in the Labrador region. Shortly before the change of government the collector at Havant, N. B., was commissioned to proceed to the coast and make a selection of a suitable port, but the commission was revoked and nothing has been done since in the matter. It was along this coast that "Capt. Howard, of Canada," a customs officer, raised such a racket last summer by seizing Newfoundland fishing vessels for landing supplies in Canada without the payment of duty. All vessels were subsequently released without penalty. Howard is not acting for the customs department this summer. He is attending exclusively to his lobster business on the coast, where he has a ten years' fishing lease.

Collector Min of Victoria, B. C., has forwarded his report on the seasonal operations of the Canadian sealing fleet in Japanese waters. The catch on the whole is slightly better than that secured last year, averaging 649 skins to each boat, as against 610 last year, totalling 33,019 skins. In addition there was the catch of eight American schooners, 3,903 skins; catch of seven Hakodate sealers, 2,417 skins, and the reported catch of four other American craft, making a grand total of 55,324 skins. The collector further reports that this year the Victoria sealers shipped all their seal skins home from Japan by the C. P. R. steamers. Many of them were sent home their shot guns and by the same steamers, so that they may escape molestation in Behring sea by the United States cruisers.

Ottawa, July 30.—Since the opening of navigation 2,811 vessels have passed through the Canadian Soo canal. Officials of the interior department estimate that immigration to Canada to date this season is 75 per cent. below the arrivals of last spring. This means that unless a great improvement be taken place by autumn this will be one of the dulliest immigration seasons in many years.

Surveys of Trent Valley canal are being made from Trenton to Frankford and from Lake Simcoe to Georgian bay. Work is being pushed on the Trent valley canal, under contract, and between four and five millions will be the cost of completing the system from Lake Ontario to Georgian bay.

Ottawa, Aug. 3.—The executive of the D. R. A. meets on Wednesday to select ammunition for the matches. Three issues are available, the Canadian make of 1884, the Imperial of 1885 and 1886, the 1885 ammunition being the output of the Royal laboratory.

The marine department has been notified of extensive poaching on the government oyster bed at Shediac, N. B.

There will be a council meeting tomorrow, Hon. Mr. Scott presiding in the absence of Hon. Mr. Laurier.

The revised returns of trade and navigation for 1895 will show exports of \$121,800,000, the largest by two millions of any year since confederation.

It is not likely by the election in North Grey can be brought on before parliament meets.

HALIFAX.

In the City on a Pleasure Trip—Bicyclists Suspended.

Halifax, N. S., Aug. 3.—W. F. Herzog of Transvaal, South Africa, is now in this city on a pleasure trip. He is an ardent Boer and says Jameson's raid has set back the country for 25 years. He is in favor of customs federation with South Africa, leaving the question to look out for itself. He believes that now, as the result of Jameson and Rhodes' work that soon the Transvaal will be an independent republic.

H. H. Cameron of Halifax, the bicyclist, has been suspended by the W. A. for racing in class to which his record precluded his entry. He is also suspended indefinitely pending investigation.

W. F. Mitchell of Guelph has been suspended for a similar reason.

A woman hates to admit that she can't get married.

will be composed of these well-known marksmen: Wynne, McKinn, McKay, Ivens, Inman, Fleming, Huston, Brown and Woodside.

Mitchell's drug store at Prince Albert was destroyed Saturday night by an incendiary fire.

Today the sensation was created by the arrest of a prominent Prince Albert citizen on the charge of firing the building.

Winnipeg, Man., Aug. 3.—Bishop Reeves of Mackenzie river has arrived at Edmonton from the north. The bishop left Mackenzie river on June 20th, and at that time the berry crop was just coming up and gardening well advanced. The summer lasts from the middle of May till the end of September. The work of the missionaries in the diocese lies amongst the Eskimo and nine different tribes of Indians. These all support themselves by hunting and fishing.

The work of the mission on Herschel Island is the centre, lies principally amongst the Eskimos, and extends along the coast east of Mackenzie to Herschel Island. Some Eskimo come to the mission from as far west as Behring Straits. The Eskimo are still heathen, but some of them having been baptized, but they are showing a desire for religious instruction. This desire has arisen largely on account of the marked change in the characters of the Indian neighbors, who have become Christianized, and with whom they were formerly continually fighting and quarrelling. Since the Indians have become Christianized all bitterness between the two bands has gone and they are quite friendly and the Eskimo are now anxious to learn about the new religion.

There was a severe storm throughout Manitoba Saturday and Sunday, but with the exception of a few instances no serious damage was done the crops. Regarding the crops prominent Winnipeg business men are optimistic, but this is not necessarily so, as the crop will not be as heavy as the exceptionally big crop of last year, and it would be unreasonable to expect it.

Both parties had protests ready, but 12 o'clock struck and closed the office without any being entered.

Therefore, only eleven Ontario members are protested, all conservatives.

QUEBEC.

Montreal, July 30.—The greater part of the Montreal exhibition buildings were swept out of existence by fire early this morning. The fire started in the power house of the Montreal park and island railroad to the north of the exhibition buildings. At the time the fire brigade from that portion of the city was out in response to a third alarm for a bad fire in the premises of Charles Mackay & Co., wholesale hardware, St. Peter street, consequently the flames burned uncontrolled, and when the fire apparatus did get to the scene the main building and many smaller ones were burned to the ground. Quite a number of electrical cars were destroyed. The loss will be about \$150,000.

Montreal, July 30.—Word has been received from Rome that the holy sees views with displeasure the attitude assumed by Archbishop Langens in London and Londoners in relation to the recent Canadian general elections.

Montreal, Aug. 3.—Hon. J. Israel Tarte, who was returned to the House of Commons by the voters of the district of St. John, has announced that he will not accept the nomination in which he is invited to run for the House of Commons in the district of St. John.

Montreal, Aug. 3.—Hon. J. Israel Tarte, who was returned to the House of Commons by the voters of the district of St. John, has announced that he will not accept the nomination in which he is invited to run for the House of Commons in the district of St. John.

BOSTON LETTER.

A Former St. John Base Ball Pitcher Doing Great Work.

Police Looking for a Missing Nova Scotia—P. E. Islander Swindled by a Confidence Man.

Small Business is the Rule in the Lumber Market—The Fish Trade Shows Some Improvement—General News.

(From Our Own Correspondent.)

Boston, Aug. 1.—The police of Boston and Cambridge are looking for Charles Clark, a Nova Scotian, who has been missing from Cambridge for several weeks. Clark is a carpenter and has been in this country only two months. He came here from Lewiston, Me., to look for work and boarded at first with T. A. Morrison, 4 Kingswood street. Later he went to Cambridge and then disappeared. Clark's wife and two children arrived from the province a few days ago, but she will be obliged to return at once as her husband is not here.

Charles A. Higgins, clerk for Jacques & Co., Brookline, left on his vacation last week and went to the province. On his return he was arrested by the International wharf on a charge of embezzling \$400.

Police inspectors Michael Kelley and Morris Wolfe left on a tour of the maritime provinces a few days ago. Secretary James B. Reynolds of the democratic state committee and other prominent citizens are also down that way this week.

The annual moonlight outing of the Maritime Province Association of this city will be held next Wednesday night at City Point, St. John's, N. S. A large number of provincialists is expected.

The Boston base ball club is not making any more progress this year than last. The team has been handicapped by the injury of several of the players, and on its western trip lost 79 per cent of the games played. The club has taken another step upward this week and should win most of the games for the next two weeks. "Jim" Sullivan, the Charlestown pitcher, who formerly played in St. John, is doing better work than ever he did. He had the satisfaction the other day of keeping the champion Baltimore nine down to five hits, and yesterday the Philadelphia team was only able to score one run with Sullivan in the remainder of the season.

The Albany team of the Eastern league will go back to Toronto again. The Hamilton, Ont. club, it is understood, has engaged Amos Rusie, the famous New York pitcher, for the remainder of the season.

James Healey, who claims to belong near Summerside, P. E. I., was arrested out of \$50 in money in the possession of a day or two since by Constable McPherson, St. John, N. S., on a charge of passing counterfeit money.

HORN-FLY VS. POTATO BUG.

The horn-fly like the potato bug has come to stay. Intelligent farmers do not smear the potato leaves with filthy greasy mixtures to keep off the bugs, nor do they use anything to kill them, so with the horn-fly, the sensible up-to-date farmer does not cover his cattle with kerosene or coal grease, because he knows these things will not kill a single fly while they taint the milk and injure the health of the animal, but they do use Shives' Insect Powder.

which kills the flies and is harmless to the animals. Be sure you get from your merchant or druggist genuine Shives' Powder, it is cheap and sure. It kills the flies every time. Sold only in cans with dropper attached. Look for the name on the wrapper. Wholesale Agents, J. W. Manchester & Co., 100 Water Street, Montreal, P. E. I.

J. W. MANCHESTER & CO., Wholesale Agents, T. A. Barker & Sons, 6 Mulgrave, Canadian Drug Co., W. B. Thorne & Co., St. John, N. B.

ACUTE DYSPESIA.

A TROUBLE THAT MAKES THE LIVES OF THOUSANDS MISERABLE.

The Only Rational Treatment is to Remove the Cause of the Trouble - One Who Suffered Greasily Shows How This Can be Done at a Comparatively Trifling Expense.

The life of a dyspeptic is beyond the pale of happiness. It is a life that can be fatal. There is always a feeling of over-fulness and distress after eating, no matter how carefully the food may be prepared, and even when the patient uses food sparingly there is frequent cessation of the distressing pain. How thankful one who has undergone this misery and has been restored to health feels can perhaps be better imagined than described. One such sufferer, Mrs. T. B. Worell, of Dunbarston, N. B., relates her experience in the hope that it may prove beneficial to some other similar sufferer. Mrs. Worell says that for more than two years her life was one of constant misery. She took only the plainest foods, and was at last seriously aggravated by palpitation of the heart brought on by the stomach troubles. She lost all relish for food and grew so weak that it was with difficulty she could get up the stairs. At last she was advised by the necessary work made life a burden. At times it was simply impossible for her to take food, as every mouthful produced a feeling of nausea, and sometimes brought on violent vomiting. Both Mrs. and Mr. Worell had taken a great deal of medicine, but did not find any improvement. At last she read in a newspaper of a cure in a similar case through the use of Dr. Williams' Pink Pills for Pale People. After using three or four boxes there was a great improvement in her condition, and after the use of eight boxes Mrs. Worell says: "I can assure you I am now a well woman, as strong as ever, and in the best of health. My present condition is entirely the result of Dr. Williams' Pink Pills, which have proved to me a wonderful medicine."

Mrs. Worell further says that Pink Pills were also of the greatest benefit to her husband, who suffered greatly with rheumatism in his hands and arms. At times these would swell up and pain so great that he could not sleep and would sit the whole night beside a fire in order to get a little relief from the pain. He writes that he derived from the use of Pink Pills his freedom from his system, and he has since been free from the terrible pains which had formerly made his life miserable. Both Mrs. and Mr. Worell say they will always strongly recommend Dr. Williams' Pink Pills to all suffering friends.

These pills are a blood purifier and nerve restorer, and there is no other remedy so effective in either of these directions. They will cure if given a fair trial. The genuine Pink Pills are sold only in boxes, the wrapper around which bears the full trade mark - "Dr. Williams' Pink Pills for Pale People." Be careful to get the genuine medicine, also colored pink, which are offered by the dozen, hundred or ounce, or in boxes, without the directions and trade mark. Always refuse these imitations, no matter what the interested dealer who tries to sell them may say.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE.

Wants a Cottage Hospital—Canadians are Asked to Contribute.

(From the Assiniboian.)

Saltcoats, 260 miles from the nearest hospital, with the worst possible travelling conveniences. There is only one doctor to attend the sick, scattered over some hundreds of square miles. Medical aid under these circumstances is not only expensive but in numerous instances quite beyond reach. The women are the greatest sufferers during the time of child-birth, for want of proper attention. It is possible to overcome all this by the erection of a cottage hospital at Saltcoats. The Rev. T. A. Taitelbaum, the Episcopal clergyman of Saltcoats, Canada, is asking for funds to enable him to undertake the erection of this much needed institution. The Archbishop of Rupert's Land—Dr. Mackay and the Bishop of Qu'Appelle—Dr. Burn, have highly commended this work. Mr. Taitelbaum will acknowledge through the Cottage Hospital Monthly all contributions for this purpose sent him. Those who in their own homes know what good and careful nursing means in days of sickness, will sympathize with this work. Donations, no matter how small, will be gratefully received. We take much pleasure in endorsing this philanthropic movement, and heartily commend it to our readers as one well worthy of their support.

The many friends of the Rev. E. J. Etherington will be pleased to hear of his success in his new parish of Trinity Quebec city. He has been consecrated by the bishop, and is rapidly building up the congregation of Trinity, one among the most important of the city and which had of late, through various causes, diminished in numbers.

The S. S. Damars, which sailed last week from Halifax for London, had over ten thousand cases of lobsters in her cargo.

THE MARKETS.

Revised Every Monday for the Weekly Sun.

COUNTRY MARKET.

ELECTION PROTESTS.

Fredericton, July 31.—The New Brunswick liberals have opened the ball with election protests against the return of the conservative members in Restigouche, Kent, Charlotte and Westmorland. These petitions were filed with T. C. Allen, clerk of the pleas, here today.

M. E. Alexander is the petitioner against Mr. McAllister's return as member for Restigouche, and H. F. McLatchey is named as attorney and agent for the petitioner.

Francois LeBlanc petitions against Mr. McAllister's return for Kent; A. O. Earle of St. John, attorney and agent.

In Charlotte Saml. Murray and John T. Horne are the petitioners and G. G. Riell attorney and agent.

In Westmorland Melvin Steeves is petitioner and A. O. Earle attorney and agent.

Wm. Pugsley is counsel for all the petitioners.

Digby, July 31.—A Yarmouth paper says "The sheriff of Digby has received an offer from Trout Cove to pay \$10 for the privilege of hanging Wheeler, and a Yarmouth man has written offering to do the job for the price of a return ticket."

DIGBY.

Digby, July 31.—A Yarmouth paper says "The sheriff of Digby has received an offer from Trout Cove to pay \$10 for the privilege of hanging Wheeler, and a Yarmouth man has written offering to do the job for the price of a return ticket."

Among the arrivals at the Evangelical line last evening were Dr. J. T. McBride of East Orange, N. J., and Dr. L. G. Widden of Brooklyn, N. Y.

Joseph Sonia, one of the two fishermen reported lost from the Gloucester fishing schooner Joseph Rowe while attending to the trawls on the Newfoundland banks, was a man 23 years of age, unmarried, and belonged to Cheticamp, Digby Co. He formerly fished out of this port, but has been fishing out of Gloucester for the past two years.

Digby, Aug. 1.—The resignation of Capt. John Richards of the Prince Rupert was a genuine surprise to everyone here, and generally regarded as a loss to the town.

ACCIDENTALLY KILLED.

Mr. John McLeod of Military road was accidentally killed on Thursday by falling from a third story window to the ground below.

METHODIST ITEMS.

A fancy sale and picnic at Boletown recently realized \$175, which goes toward parsonage improvements. The Rev. A. Kinney, the Reformed Baptist minister who with his congregation united with the Nova Scotia conference, has been appointed conference evangelist for the present year.

POINT DE BUTE.

Mrs. Wesley McLeod of Newark and Mrs. Amy McLeod are spending some weeks with R. T. McLeod of Point de Bute. Dr. H. S. Trueman and Mrs. Trueman of Somerville, Mass.—Mrs. T. C. Wry of Gladstone, Mon., and Mrs. Dr. Grey of Fairville, St. John, are visiting the father, Morton Trueman, Point de Bute.

DROWNED AT HALIFAX.

Halifax, July 31.—John Innes, fisherman, was drowned in Northwest arm tonight. He was setting a seine when he fell out of the boat.

THE SEPTEMBER PORK DEAL.

(Montreal Trade Bulletin.) There appears to be a great deal of excitement over the September pork deal now being run in Chicago.

AFTER IRONCLADS.

Madrid, Aug. 2.—The shipbuilders of Genoa, with whom the Spanish government have been negotiating for the purchase of two ironclads, have finally declined to sell to Spain the cruiser Garibaldi on the ground that Argentina has a prior right.

BE WELL AND YOU WILL BE HAPPY.

Paine's Celery Compound Nature's Avenue to Health. If you are sick and out of sorts it is within your power to make yourself healthy and strong.

THE CUBAN REBELLION.

The Insurgents Defeated, Many Being Killed and Wounded. Havana, Aug. 2.—Col. Maroto has had a battle with a numerous band of Garcia's followers on the heights of San Miguel, in Matanzas province.

FIRE IN A MILL.

Fire broke out shortly after six o'clock Friday evening in Miller & Woodman's saw mill at Spurr Cove, Milford. The flames first appeared over the boilers, but were extinguished before they had spread or done any considerable damage to the mill.

HALIFAX CARNIVAL

The Canadian Crew Win the Four Oared Race at Halifax.

Englishmen Lost by Bad Steering, While the St. John Men Were Too Light for Their Boat.

Splendid Showing by the Halifax Men-The Crew Will go to Belleville.

(Continued from Page Two.) Halifax, July 30.—The weather continues very fine, but the prospects predict rain for tonight or tomorrow.

The Royal Berkshire regiment, Royal Artillery, engineers and sailors and marines of the British warships in port were reviewed by Gen. Montgomery Moore and Admiral Berkeley.

Halifax, July 30.—The carnival race meeting this afternoon was attended by 4,000 persons. The events were all well conducted.

The free-for-all trotters and pacers' purse (\$500) was won by Special Blend, owned by E. LeRoy Willis of St. John.

Only three started in the 2.25 class, trotters and pacers. Purse, \$250. E. LeRoy Willis, owned by J. R. Lamy of Amherst.

In the running race four horses started. The bay gelding Herman of Lone Star stables, Quebec, was first.

Halifax, July 30.—The harbor illumination tonight was a magnificent spectacle. From 8.30 till 10.30 the harbor was resplendent with fiery beauty.

Major Markham was one of the judges on the best decorated boat in the procession. (Associated Press.)

Halifax, N. S., July 30.—The harbor illumination tonight was the finest of its kind ever witnessed here.

Halifax, N. S., July 30.—The horse races this afternoon attracted over 3,000 people.

In the running race the Quebec horse Herman won.

THE FOUR OARED RACE.

The next race was expected to be interesting, but it went the other way. It was the professional four-oared race, with a first prize of \$250.

St. John got off well and at once began to work hard. They steered wildly, however, and lost considerable ground.

The interest in the four-oared professional race for a purse of \$75 was caused by the fact that the St. John crew who are to measure blades with the champions on Friday afternoon were to show what they could do.

The St. John crew did not seem to be working much within their strength. They expected the stake boat twenty lengths ahead, and on the way home appeared to better advantage, rowing about a 31 stroke.

Halifax, July 31.—A stiff north wind blew down the harbor all afternoon, making the roughest water of the week.

Halifax, July 31.—A stiff north wind blew down the harbor all afternoon, making the roughest water of the week.

great speed for about a quarter of a mile, was undoubtedly too light for the boat and was too light for the boat.

The 62nd band of St. John arrived here today at 12 o'clock and played from the depot to their quarters on Hollis street.

The prizes won in the carnival aquatic (except the four-oared race) were presented to the winners at the gardens.

APPORTIONMENT OF TAXES.

The Rate is Now Printed on the Back of the Tax Bills.

Some time ago the council decided to have the apportionment of the rates printed on the back of the tax bills.

The bills for 1896 will for the first time show this apportionment, which is as follows:

Table with 2 columns: Description and Amount. Includes items like Poor, Schools, Hospitals, etc.

By a glance at the table the taxpayer can see the relative cost of the departments of the city or may think he can.

THE QUESTION ANSWERED.

The Reason Why Some Dealers Sell Poor Dyes.

Many ladies who have been deceived by the limitation dyes so often served by some dealers and druggists, ask the question: "Why will these merchants persist in selling us dyes that are positively worthless?"

This question is easily answered. The dealers who sell these common dyes do so for a very selfish and base purpose.

This question is easily answered. The dealers who sell these common dyes do so for a very selfish and base purpose.

CHARGE, TRIPLE MURDER

Bram and Brown Held for U. S. Grand Jury.

Hearing in Boston Before Commissioner Fiske—Lohece, a Seaman, and Monks on Witness Stand.

Defence Offered no Testimony—Bram Appeared Cool Throughout the Day—Trial Will Take Place in October.

Boston, July 31.—Before United States Commissioner Fiske today, the preliminary examination of Thomas Bram, first mate, and Charles Brown, seaman, of the barkentine Fuller, was begun.

It was ordered that both prisoners be tried together. The first witness was Frank Lohece, seaman, of the Fuller. He testified that at 2 o'clock on the morning of July 14, he believed Brown at the wheel. He saw Bram going down the companion way in a hurry towards the cabin.

"How did Brown handle the bodies?" asked Mr. Cook. "Rough," the witness replied. Further the witness said Brown had a cap and blue woollen shirt. In the presence of the mate, he heard the steward (Spencer) ask what cuts were on the captain. The mate replied he didn't know.

"Did you have on the same clothes after the murder as before. He threw his pair of overalls overboard, saying, 'I could be held as the murderer now. I have blood on my clothes.' The witness insisted on putting the mate in irons. The mate said, 'I am an innocent man.'"

BRITISH COMMONS

The Irish Land Bill Passes its Second Reading.

A Large Gathering of Ladies Present at the Debate in the Lords.

The Committee to Enquire into the British South Africa Company Raid.

London, Aug. 1.—The first Saturday sitting of the house of commons occurred today, which heralds the close of the session, and it is expected that parliament will prorogue Saturday, August 15.

The Marquis of Salisbury displayed his personal interest in the Irish measure by slumbering heavily while the Marquis of Lansdowne moved its second reading. Twice during the hour he inclined his head to the secretary of state for the colonies, Joseph Chamberlain, who eventually consented to preside over the committee.

WAS BOUND FOR SHEDIA.

Bark Ernest Abandoned in a Sinking Condition.

New York, Aug. 2.—The French line steamer Labourgogne, which arrived today, brought into port Capt. Arnes and eleven of the crew of the German bark Ernest, which was abandoned in a sinking condition on July 28 in lat. 45.1, long. 32.15.

GREAT LOSS OF LIFE

By a Disastrous Tidal Wave on the Coast of Northern Japan.

Shanghai, Aug. 1.—The recent disastrous tidal wave along the coast of northern Japan was paralleled by a similar phenomenon on the coast of Kiangsu, northeast of the province of Kiangsu, in which Shanghai is situated.

P. E. ISLAND.

The Hay Crop is a Little Above the Average.

A Tron Merchant Poisoned by Inhaling Paris Green—St. Paul's Episcopal Church Consecrated.

Charlottetown, July 30.—Every train and boat brings large additions to the number of tourists visiting P. E. I. The hotels are fairly well filled, and some think the number visiting this year is larger than former years.

Farmers are getting along well with the hay and the crop is a little above the average. Everything else looks well and the apple crop gives prospect of being immense.

LIVING PICTURES.

About every one in New England will remember the great series of living pictures that was produced at Keith's new theatre, Boston, two summers back, as scarcely a person failed of seeing them.

FELL OFF TRINITY CHURCH.

Henry Carr and Lewis Traime, waiters, while working on the roof of Trinity church Saturday had a narrow escape from losing their lives.

A BARGE OVERTURNS.

An imperial government transportation barge with ninety tons of stores on board, turned completely over at the Ordnance wharf about one o'clock yesterday and allowed the stores to sink to the bottom.

CLOTH OF WOOD FIBRE.

The important question of how best to withstand winter's frosty weather interests everybody. And this question is now settled by the great possibilities offered by Fibre Chamolite.

Our Mangerville, Sunbury Co., Correspondent writes:

"Wm. deVeber has sold his farm to John McConell of Marysville for \$3,300. The farm contains about 120 acres and cuts 80 tons of hay. Twenty dollars resulted by a pie social in Sewell's hall has been presented to Rev. A. Freeman."

PROVINCIAL NOTES

Thos. Hainston of Greenville, N. S., one of Cumberland's oldest justices of the peace, is dead.

It is estimated that something like \$3,000 has been expended on the sewers of Woodstock this year.

Twelve cars of cattle have been shipped from Anzac this summer. They averaged 22 head per car.

Bright Ora cleared Thursday for Bridgewater, N. S., with 175 lbs cement and 250 lbs lime.

Fall shad have struck in already. The Pisarino fishermen are capturing them in considerable numbers.

The highway bridge at Norton is being repaired. It will receive new planking and the piers will be straightened up.

Writing to a friend in this city, a New York man remarked: "There are 10,000 men walking the streets, vainly seeking employment."

Says Tuesday's Quoboo Chronicle: Eloquent sermons were preached on Sunday at Trinity church by the Rev. J. de Seynes, B. D., of St. John, N. B.

R. A. Stuart, proprietor of the Steen lake black granite quarry has received orders for several large monuments. These will be manufactured in St. George.

The Truro Condensed Milk and Canning Co. are loading three cars with their goods for Vancouver. One car was sent forward last week to the same market.

H. Elderkin & Co. have sold the schooner Gazza, 70 tons, built in 1894, to Capt. T. M. Dodsworth and Arthur S. Mills of Parroboro. Capt. Dodsworth will command her.

The Sun is informed that the amount of money taken from R. Bates at Truro, was referred to in Wednesday's Sun, was about \$100, not \$1,500, as was rumored at first.

Professor Robinson of the New Brunswick agricultural department has been holding meetings and giving lectures on dairying in the different sections of Restigouche county.

D. McMillin, Q. C., has received an invitation from Sir Frank Smith to attend the Irish national convention at Dublin in September as a representative of St. John.

At Campbellton on Tuesday J. W. Black of St. John and Miss May London of that place were quietly married at the bride's home. The happy couple will make their future home in St. John.

Miss Frankie Rabbit, eldest daughter of Ald. Babbin, and Lee L. Street, C. E., of Boston, son of Collector Street, are to be wedded at the cathedral, Tuesday, Sept. 1st.—Fredericton Herald.

The British schooner Athlete arrived at Portland, Me., on Monday from Bass River, N. S., with 3,381 bags of Tripoli material, used by the Fossil Flouring Co., to which the cargo was consigned.

John Moser, the well known botanist, has been in the city for some days. He is working at the collection of mosses in the Natural History rooms. Mr. Moser is a specialist in that subject.

Commencing Friday, 31st July, and until further notice, the Prince Rupert will leave St. John for Digby at 6.15 a. m. and 2 p. m. daily, making close connection with trains for Halifax and Yarmouth on both trips.

One of the largest and most successful Salvation Army corps in any country town or village in the maritime provinces is the one established at Acadia Mines, in charge of Capt. Goodwin of Yarmouth.

Commencing Friday, 31st July, and until further notice, the Prince Rupert will leave St. John for Digby at 6.15 a. m. and 2 p. m. daily, making close connection with trains for Halifax and Yarmouth on both trips.

The schr. Melbourne, which has been laid up at Bellevue's cove for some weeks, has been sold to parties in New York, and sailed in ballast for that port. She was owned by the W. D. Lovitt & Co., Yarmouth.

The town of Parroboro is to be congratulated on the appointment of W. H. Magee to the principalship of the high school. Mr. Magee is a graduate at Dalhousie with honors and also a Ph. D. at Cornell university.—Amherst News.

Flags hoisted over A. A. Mabee's wood working establishment on Main street July 29th in honor of the marriage of George Pitt, head moulder of the above establishment, to Miss Lizzie Long, daughter of Alexander Long of Long's End.

Mrs. Williams, the mother of the little girl drowned in the Creek at Onabog on Saturday, arrived in this city last week from Philadelphia, where she was at the time of her daughter's death. She will go up river today.

The Prince Rupert left her wharf Thursday afternoon about 6 o'clock on a trial trip. She ran out as far as Cape Spencer and then down nearly to Point Lepreau. Everything worked satisfactory, to the delight of the managers of the line who were on board.

The nine year old son of John Webb of Economy, N. S., died on Sunday evening last. He had a horse and at last advice had not been seen. Large searching parties have been out scouring the woods, but their quest has been unsuccessful.
