DR. JAMES HANNA FOUND DEAD IN HIS ROOM

Had Been Suffering from Heart Failure and Passed Away Early This Morning—One of Canada's Best Known Historians, and a Veteran Journalist

In the death of Dr. James Hanna, which took place very suddenly shortly after midnight, New Brunswick loses one of its foremost historians and a man who took a leading place in the ranks of Canadian writers. The deceased was found dead in the room in the Pugsley building early this morning, heart failure being the immediate cause of death. Dr. Hanna had left his bed, but the exertion of getting up evidently brought on an attack. The deceased was taken quite ill on Sunday, but it was not considered that his condition was critical. Dr. Inches attended him and last evening Mr. John A. Bowers spent several hours with him and left him in apparently fair health. On entering his rooms with breakfast this morning, Mrs. Warren was shocked to find Dr. Hanna dead. It is supposed that death took place shortly after midnight. The deceased had taken a sea trip to Philadelphia in September last, but his health did not improve. In November he went to Oak Point and remained there until about two weeks ago, when he returned to this city. Dr. Hanna had been dining at the Club, but ill health made it necessary for him to leave his meals in his rooms. (Continued on Page Four.)

MORE FIGHTING PROBABLE DOWN IN NICARAGUA

Five Hundred Men With Four Guns Have Been From Managua to D. Paso Chamorra.

MANAGUA, Jan. 12.—There is considerable military activity here. Five hundred men with four field pieces have left for La Managua to support the advance of General Chamorra. He has been released from jail on the surrender of 100,000 pesos in unassigned bonds to him by Zelaya as security for an alleged loan to the Government. Passes agree to appear for trial whenever wanted.

TRADE COMMISSIONERS START FOR WEST INDIES

Burleigh and Morris Expect to Meet Fielding and Paterson at Kingston, Jamaica.

SOUTHAMPTON, Jan. 12.—Lord Balfour of Burleigh, Sir Daniel Morris and the other members of the royal commission on reciprocal trade relations between Canada and the West Indies sailed for New York on the steamer Oceanic today. It is expected that the royal commissioners will proceed from New York to Kingston, Jamaica, where they will be joined by the Canadian delegates, Hon. W. S. Fielding and Hon. W. Paterson. Later they will visit the Barbadoes.

JAMAICA IS AFRAID OF LOSING U. S. TRADE

Merchants Don't Want Canadian Preference If It Is to Injure Present Business.

KINGSTON, Jamaica, Jan. 12.—Merchants of Kingston held a meeting yesterday and after long discussion the question, decided they were not prepared to recommend any trade preference with Canada, unless the Dominion took the responsibility of maintaining the advantageous position Jamaica now holds in the United States market.

The meeting of the Liquor License Commissioners to consider the applications for licenses will take place in the Seaman's Institute at three o'clock on Thursday afternoon. There is still no word of the liquor interests' petition in favor of granting a license to M. J. Nugent.

MONTREAL HAS KICK AGAINST THE I. C. R.

Charges Unfair Discrimination in Freight Rates

McGill's New Course in Harbor Engineering Now Well Under Way—Many Students Avoid the Lectures.

MONTREAL, Jan. 12.—The annual report of the transportation bureau of the Board of Trade was presented today and was an arraignment of the I. C. R. for freight rate discrimination against Montreal. It says that the rates to and from Ontario points regulated some time ago by the Montreal Trade Association are still in force and are a severe tax against the city shippers. It gives an example in the rates to the Maritime Provinces, to St. John 94 cents per hundred on first class and to Montreal from St. John 40 cents; to Halifax 86 cents and from Halifax 50 cents. Notice was given to the I. C. R. a year ago, but Mr. Tilston claims nothing has as yet been done. Inter-switching ordered by the railway board at Montreal is refused by the railways and the matter has been put into the hands of the railway board again. The new course in the McGill science faculty, that of harbor engineering, is now fully launched. The initial lecture was held yesterday and was attended by over one hundred students. The course is optional for the science students of the third and fourth years. It is the conditions laid down by Mr. F. W. Cowie, however, in undertaking the honorary engineering, that the course should be taken in all seriousness. The engineers in embryo at McGill have taken the matter very seriously. So widely is the impression abroad that there is a great future for the shipbuilding and harbor engineering of a more general nature, that almost all the students of the two final years are taking advantage of the course, and the number includes two or three members of the teaching staff of the faculty.

MANY FATALITIES IN UPPER CANADA

Three Workmen Badly Burned by Explosion

Two Woodsmen Killed by Falling Tree—Several Deaths on the Railroad—Failed in Attempt to Suicide.

PICTON, Ont., Jan. 12.—George Watson and Charles Dalnair, residents of Port Milford settlement in the southern part of this county, and aged about fifty, were engaged in felling trees in the woods. The men not returning for their supper, search was made and both were found under a fallen tree lifeless.

QUEBEC, Jan. 12.—An intercolonial mailman named Rioux, slipped and fell while coupling cars at St. Flavie and a freight car passed over his legs. Both limbs were amputated at the hospital but Rioux died during the night.

POURVILLE, Ont., Jan. 12.—D. W. Smyth and Sam Hagan, of London, and Sam Hagan, of Forest, all Grand Trunk railway employees, were terribly burned in an explosion which occurred in a deep well beneath the pump house on the railway property here yesterday afternoon. Smyth lit a match in order to detect the presence of any natural gas and an explosion followed, blowing the little building away from the top of the shaft and burning all three men.

SIMCOE, Ont., Jan. 12.—Sidney Jackson, a farm laborer, was struck and instantly killed by a Grand Trunk Railway passenger train from Stratford near here yesterday while driving a sleigh belonging to his employer, Fred Doan. The sleigh was badly smashed but the horses escaped with slight injuries.

TORONTO, Jan. 12.—Arthur Axel, an Englishman, who has been living here for some time, took a dose of rough oats last night and then jumped off York street bridge on to the railway tracks. Two boys saw the man on the tracks and notified the railway officials, who had him removed just before a train rushed in. Axel is at the hospital and the doctors hope to pull him through.

ELK LAKE, Ont., Jan. 12.—The bodies of two men were found in the morgue here awaiting instructions from their friends away down in Gaspé. One of the men, Joseph Langlois, died of typhoid in the hospital, and the other, Ludger Curedau, was killed by a falling tree. Both were engaged as lumbermen in J. R. Booth's camps in Temagami forest reserve. Curedau had his skull fractured and died while being taken to the hospital.

FIVE CHILDREN BURNED TO DEATH

Three Perished in Their Blazing Home

NORFOLK, Va., Jan. 12.—Two children lost their lives and several others were seriously burned in a fire of unknown origin which early today destroyed several of the small buildings on the Jamestown Exposition grounds. The children who perished were Neva and Walter Halstead, whose father, W. H. Halstead, lives in the Baltimore city building as a residence. It was in this building that the fire started and the children were suffocated and burned before they could be gotten out.

LIBERALS BECOMING TARIFF REFORMERS

Many Prominent Workers Favor Balfour's Policy.

And the List is Growing Every Day—Labor Speakers Arouse Enthusiasm—Gelling After Lloyd-George.

LONDON, Jan. 12.—One noteworthy feature of the present crisis is the number of prominent Liberals, especially business men, who have forsaken their former political allegiance to support tariff reform. Each day adds to the list especially in the industrial centres. The movement is supported by Chamberlain's tariff commission, which included from the outset Asquith's father-in-law, Sir Charles Farnham, Sir John Terney, a leading leather manufacturer and chairman of the Nottingham Liberal Association, J. J. Cuddeh, a glass manufacturer, chairman of the Tyneside Liberal Association, and the movement's secretary, Sir John Chamberlain, a leading miller and prominent member of the Liberal council of Hull. Sir John Cuddeh, former of South Australia, while three other commissioners are members of an advisory committee of the board of trade appointed by Lloyd-George himself. Many prominent Liberals have also supported the commission with evidence during the past few weeks. Seceders from Radicalism, especially the account of the Socialists' tendencies of the budget and Home Rule, include Sir Robert Perks, head of a large industrial practice and business manager of Methodism; Sir Alfred Pease, the Cleveland iron maker; E. N. Huxton, leader of Norfolk Liberalism, and a cousin of Rt. Hon. Sydney Buxton, postmaster general; Victor Buxton, another leading Norfolk Liberal; Sir Joseph Jones, president of the Antislavery and Abolition Society; Sir John Swinburne, formerly Liberal M. P.; MacLeod of MacLeod, president of the Yorkshire Liberal Association; Robert Leader, treasurer of the Halifax Liberal Association; George Faber, Yorkshire leader of Durham county; Sir E. Johnston Ferguson, chairman of the Dumfriesshire Liberal Association; Earl Portman, under secretary for war in Campbell-Bannerman's administration; Earl Northbrook, a former Liberal M. P., whose father was a member of the Gladstone administration; G. A. Fenwick, a well known Liberal banker at Rugby; L. H. Blakeney, headmaster of Kings School, Ely; Mark Beaufort, formerly Radical M. P.; Admiral Sir William Laird, a lifelong Liberal; Sir William Chichester, a well known Liberal poor law reformer; Adames, a former Liberal candidate in South Huntingdonshire; Beaumont Thomas and W. H. Edwards, two of the largest tinplate manufacturers in South Wales; Arthur Fowkes, managing director of Fowkes Forge and Engineering Co., who was a leading supporter of Sir William Robson, the Liberal attorney general; John Duffy, Independent Labor party leader of Gateshead; Capt. Kinrad Smith and Bellairs, both Radical M. P.s in the last parliament; James Mathers, cloth manufacturer of Leeds; G. M. Royle, managing director of Thomas Adams and Co., the largest lace manufacturer in Nottingham; W. G. Player, head of the great tobacco firm of Nottingham. The list might be extended almost indefinitely. A most doubtful factor is how far the quiet working men who hold the controlling vote in many constituencies have been attracted by Lloyd-George's, J. D. Shackleton, a leading Labor M. P., in his election address in Clitheroe, frankly supports the budget as the first step towards bringing the whole nation's business of production and distribution into the hands of the state. He says: "The growth of opinion in favor of public ownership monopolies is very encouraging. I (Continued on Page Seven.)"

DID COHEN STEAL BERTIE, OR BERTIE ABDUCT COHEN?

CIVIL SERVANTS GO TO WORK EARLIER Ontario Govt. Starts Campaign Against Crows

FIRE CAUSES LOSS OF \$15,000 IN WINNIPEG—Hamilton Girls on a Giddy Time Down South.

TORONTO, Jan. 12.—The Ontario government is taking a hand in the work of saving the corn of Kent county farmers from thousands of crows which have gathered and are destroying the corn wholesale. A McKelley, the local representative in Essex county, has been sent to Kent to show the farmers there how to poison crows. HAMILTON, Ont., Jan. 12.—Wondering why his two young daughters, who left for the south last October on a sight-seeing trip with a relative who serves penalty for the willful taking away of another person for the purpose of profit or any personal motive, Cohen declared Tuesday that Cohen can be held under the law even if he is able to prove that the girl consented to accompany him, because of the undue influence over her and the great disparity in their ages. Mrs. Cohen says she will stick to her husband. She says she has no sympathy for the girl who, she says, wanted to accompany and chose her husband to escape a her. (Continued on Page 7.)

STILL NO REPORT FROM THE DISABLED STEAMER

S. S. Ovaravia and Caecilia Still Searching for the Hirundo.

SYDNEY, N. S., Jan. 12.—Nothing has yet been heard from the steamers the Ovaravia and Caecilia, which sailed from here yesterday in search of the disabled Norwegian steamer Hirundo (not the French liner Hirundo as stated yesterday), which is drifting helplessly about the North Atlantic with a broken shaft. The disabled steamer is of 1,343 tons and is commanded by Captain Lorenzen. She left St. Johns, Newfoundland, on Saturday for Halifax, load produce for Cuba. The Hirundo was formerly in the Marble Mountains limestone trade.

MONTREAL DOCKED SHORTLY AFTER NOON

Pomeranian Has Gone, and the Montcalm is Going

Salacia Sails Tomorrow and Britain on Friday—Frigates Heavy and Passenger Traffic Light.

Allan Limer Pomeranian sailed from the Intercolonial pier at 12:30 o'clock this afternoon. The Pomeranian carried a large general cargo and a small number of passengers. She will dock at Halifax to take freight and passengers. The steamer will go to London via Havre. Carpenters are working aboard the Salacia, repairing the side of that steamer. The Salacia will set to sea tomorrow for Glasgow, carrying a heavy general cargo. C. P. R. steamer Lake Montcalm is now ready for sailing. She will get away at midnight. The Empress of Britain will sail on Friday. Advice is that she will carry seventy saloon, one hundred and fifty third class passengers. The British will also take a very heavy cargo. Allan Limer Tunisian, which is this week's mail boat, has 42 passengers on board, consisting of thirty-two first cabin, ninety-four second cabin and three hundred and six steerage. C. P. R. steamer Montreal docked at Sand Point about 1:30 o'clock this afternoon. The Montreal had a rough trip across. She brought eighty-nine passengers. The sailing of the Teed Limer Glenan Head a few days ago for Ireland, made thirty steamships to leave this port this season. The total value of the cargo of exports taken to date is \$5,294,722. Of this \$4,924,473 is Canadian goods. The police were called into Dennis Callahan's house on Brunel street last night to quell a disturbance. Rev. T. Hunter Boyd will speak on the Prevention of Tuberculosis in the Master Painters' rooms, Market building, tonight. The painters, carpenters and plumbers are being present tradesmen are expected to be present by May.

TWO BIG COLLEGES MAY GET TOGETHER

McGill and Toronto Talking About Interchanging Students and Professors.

MONTREAL, Q., Jan. 12.—Reciprocity between McGill and Toronto varieties was the tenor of the speeches at the annual dinner of the medical undergraduates last night. When the president, Burton Loggie, referred to the scheme of interchanging students and professors as well, which scheme had been talked of for some time, the remark was received with enthusiastic applause. Later Dean Clark of Toronto, who was the guest of honor, mentioned the principle and he was cheered to the echo. The dean made a good impression. Dr. Hodrick hoped this bill to make a license to practice for the whole Dominion would be law by May.

NEWS OF SPORT

WELSH WILL ACCEPT ALL LIGHTWEIGHT CHALLENGES  
Freddie Prohman, Montreal Champion, in London—Says Nelson Will Not Listen to Him.

LONDON, Jan. 11.—In a long statement to the newspapers Freddie Welsh claims the lightweight championship of the world and declares he will meet all comers who challenge him for the title. Welsh states that for two years he has tried in vain to get a match with Battling Nelson. He produces proof of the fact that Nelson ignored his challenges and the forfeit made in accordance with the rules of pugilism, and also shows that Nelson is unwilling to accept formal offers for a match made by promoters in California, England and Wales.

LANGFORD CANNOT BOX WITH TWIN SULLIVAN  
Sum is Given Another Disappointment—Town Officials Say Jack is No Opponent for Negro.

PITTSBURG, Pa., Jan. 11.—Sam Langford, a negro fighter, according to an edict handed down tonight, will not be permitted to box here unless a formidable opponent looms up outside of six men that have been named by the director of public safety, John Moran. The head of the police department figures that with the exception of Jeffries, Johnson, Ketchel, Papke, Kaufman and Philadelphia Jack O'Brien, it would be a case of pitting a boy against a giant and that a fatality would result if a bout was allowed to go on with Langford as one of the principals. For that reason a permit was refused for the Langford-Montana Jack Sullivan fight, carded here for January 15.

GARRIGAN IS WANTED BY DETROIT TEAM  
The Tigers needed just one more man to assure them of the world's championship last year, and with that same man added to Jennings' present roster this year, there will be absolutely nothing but a world's pennant for Detroit when the playing season of 1910 is over. That man is Bill Garrigan, the Red Sox catcher. We want him for Detroit this year, and we are going to do our best to get him," says a member of the Detroit team.

AMHERST RAMBLERS TAKE TRURO INTO CAMP  
AMHERST, N. S., Jan. 11.—In the Nova Scotia Hockey League series the Ramblers took the Truro septette into camp to-night on the local ice by a score of 2 to 1. Truro brought a redoubtable team to Amherst, including McGraw of the Montreal Victorias, Moseley formerly of the St. John Hawks, Cushing formerly of Montreal, and Moffatt and Watson late of Ottawa. They were somewhat weakened by the absence of their veteran goalkeeper McKenna, and had been beaten by the posts the score would not have been so large against them. The Ramblers played the same team as was put on the ice against the Ottawa Cliffriders. The first three goals were scored in less than five minutes after the play started, Truro being the first to score, and the next two being made in rapid succession by Chummy Murray. Fifteen minutes later Swadlow again found the net, and immediately afterwards Chummy repeated the trick. In the closing five minutes of the first half Truro shot two goals, the only ones tallied during the evening. In the second the Ramblers scored three additional goals, finishing the Truro team. The game closed with score 8 to 2.

CHICAGO, Ill., Jan. 11.—President B. B. Johnson of the American League announced today that the schedule for the coming season would be the same as last. The double-venue system will be continued in all games.

Those hard night coughs of the children! What shall you give them? Just what your mother gave you, and just what her mother gave her! In some families, Ayer's Cherry Pectoral has been the only cough medicine for seventy years. Once in the family, it stays. Keep it on hand.

Stop Cough

JOHNSON MEN WANT RING SIDE ODDS  
Little Will Wager \$20,000 on the Colored Champion

Gives Out the Names of Sparring Partners—'Charlie' Johnson is a Copper.  
George Little, manager of 'Jack' Johnson, made a proposition yesterday which may result in action. Little, who is in New York, has a \$500 forfeit which he offers for a \$20,000 bet at straight odds on the Jeffries-Johnson fight.

LITTLE DEFENDS JOHNSON.  
"Johnson is a fighter who can fight; Jeffries thinks he can do the same stunts as a boy who threatens his father. And Johnson is no grandpa in the ring. He is three years younger than Jeffries and has always fought under the handicap of color."

REST FOR JOHNSON.  
"After this stage business is over I will demand that Johnson rest. For three weeks I intend to have Jack eat heartily and put on weight before the hard work in California begins he will weigh 240 pounds. Against Jeffries, Johnson will not weigh more than 198 pounds. At that weight he can show speed that will count. I do not criticize the men Jeffries met, but he has never faced any man who had Johnson's weight and skill."

BOYS UNDER 15 YEARS.  
Harold Boyer, H. Sutherland, Max Drake, Chas. Gorman, Harold Stephens, Charles Alcorn, Earl Penny, Gordon Nutall, Herbert Barr, James Elliott, Gray Sullivan, George Sprout, Fred Wilson.

BOYS UNDER 12 YEARS.

O. Wilson ... 73 78 89 240-80  
Mitchell ... 77 81 83 241-81-3  
Stubbs ... 84 83 82 260-86-2-3

Reduction Sale of Fur-Lined Coats and Furs at M. R. A's  
A saving opportunity for the ladies in very desirable fur-lined coats and furs. The sale starts tomorrow morning at 2.30 in Fur Department—second floor.

Officers of the Order of Canadian Home Circles, St. John Circle, 147, were installed on Tuesday evening by Deputy Supreme Leader, T. C. Winthrop as follows:—

W. H. Vall, vice-leader; F. Watson, grand leader; T. D. Vincent, H. secretary; A. H. Casp, F. secretary; T. C. Northrup, treasurer; C. H. James, chaplain; J. T. Stevens, marshal; E. E. Marshall, warden; W. J. Irwin, guard; W. J. Fraser, sentry; F. Watson, J. C. Martin, trustees.

TORONTO TURNS DOWN OFFER FOR GRIMSHAW  
Big Club Wanted Player for \$2,500—Baltimore Will Play Major League Team.

A big league club has made an offer of \$2,500 for "Moose" Grimshaw. "Nothing doing," is the answer President McCaffrey wired to the would-be buyer. Grimshaw is the Eastern League's leading batter and is worth a good deal more to Toronto than the big league club's offer.

CHAMPIONSHIPS TONIGHT  
The New Brunswick Skating Championships will be held at the Victoria rink to-night. Practically all the fast skaters of the city are entered, and some great skating is expected.

ACCIDENTS AT SAND POINT YESTERDAY  
John Day, while at work on the Embury in the fire department, fell fifty feet to the bottom of the hold. He was picked up unconscious and carried to the ship's hospital. He received a fractured leg, some bad cuts on his head and his back was badly bruised.

AGENTS AT SAND POINT YESTERDAY  
The total earnings of the Toronto street railway for the past year reached \$2,000,257.50, of which amount the city received in percentages alone without including the mileage and taxes the sum of \$20,827.49. When the mileage and taxes are added it will be found that the city netted nearly three quarters of a million on the year's operations of the street railway.

LOCOMOTIVE FUEL  
NEW YORK, Jan. 11.—Oil-burning locomotives are more or less a failure, according to the New York Central, which, after a season's trial, has elected in favor of coal as the most economical fuel. The company asked the public service commission to rescind an order for the installation of oil-burning locomotives which it had set on foot in the Adirondack region not later than April 15, 1910.

SYDNEY REFUSES ALL LIQUOR LICENSES  
SYDNEY, N. S., Jan. 12.—The City Council at a special meeting last night turned down all applications for liquor licenses. There were thirteen applications for the ensuing year. Sydney will be a "dry town."

THE MARITIME RESTAURANT  
121 Prince William St., corner Duke. B. McCORMACK, Prop.

ESTIMATES FOR 1910 ARE CLIMBING HIGHER

Figures for Safety and Public Works Boards  
Former Needs \$7,704 and Latter \$7,070 More Than Last Year—Fire Dept. Gets Its Share.

An increased expenditure of \$15,544 by the Board of Public Works and the Safety Board will help materially to boost the tax rate this year. The estimates are given below: The Board of Public Works of the common council met yesterday afternoon and recommended to the Common Council the departmental estimates for the ensuing year. The estimates amount to \$78,350, an increase of \$7850 over those of last year.

STREETS, EAST ..... \$8,000 \$6,500  
Streets, West ..... 7,000 5,333  
Sewerage ..... 15,000 10,670  
Street plant, etc. .... 700 500  
Street repair, etc. .... 4,000 3,700  
Public grounds ..... 3,000 2,171  
Salaries ..... 2,400 2,100  
Bridges ..... 500 383  
Debt interest ..... 4,150 4,100  
Asphalt walks ..... 10,000 10,250  
Retaining wall ..... 2,000 2,320  
Wood pavement ..... 4,000 4,000  
Paving gutters ..... 500 450  
Plank sidewalks ..... 600 585  
Ashburn Road ..... 200 145  
St. John's Road ..... 400 450  
Sandries ..... 1,000 882  
Stone crusher ..... 3,000 3,880  
Waterworks ..... 500 778  
Westmorland Road ..... 500 500  
Marsh road ..... 300 300  
Egbert Road ..... 200 200  
78,350 \$71,500

Aid, Prink remarked that the Comptroller and Chamberlain will ask the Mayor for the bonds maturing during the present year amounting to \$75,000. He had made that statement, but the Mayor had corrected him by saying that bonds to the amount of \$38,000 matured during 1910. He wished the statement of the Chamberlain to be noted.

The Board of Public Safety at its meeting this afternoon will ask the Mayor for \$21,000, which will run the police, fire and street lighting departments for the year of 1910. This is \$7,074.64 in excess of the warrant of last year. The departmental estimates showing as follows:—

1910. 1909.  
Fire department, \$63,272.10 \$64,900.70  
Police department, \$2,427.47 \$2,828.73  
Light department, 25,389.38 25,590.00  
\$91,088.95 \$93,329.43  
Increase, \$7,074.64.

As will be seen the increase is on the fire department. This is accounted for by the advances in salaries granted by the last council and the estimate for the new engine house in West End.

The fire department total is made up as follows:—  
Salaries ..... \$37,378.53  
Supplies, etc. .... 5,650.00  
Fuel ..... 19,446.00  
Salvage ..... 4,065.69  
Assessing and collecting ..... 2,448.94  
\$69,989.16

In the police department salaries account for \$38,017.87 of the total grant, which is lessened by the estimated revenue of \$4,000.

ACCIDENTS AT SAND POINT YESTERDAY  
John Day, while at work on the Embury in the fire department, fell fifty feet to the bottom of the hold. He was picked up unconscious and carried to the ship's hospital. He received a fractured leg, some bad cuts on his head and his back was badly bruised.

AGENTS AT SAND POINT YESTERDAY  
The total earnings of the Toronto street railway for the past year reached \$2,000,257.50, of which amount the city received in percentages alone without including the mileage and taxes the sum of \$20,827.49. When the mileage and taxes are added it will be found that the city netted nearly three quarters of a million on the year's operations of the street railway.

LOCOMOTIVE FUEL  
NEW YORK, Jan. 11.—Oil-burning locomotives are more or less a failure, according to the New York Central, which, after a season's trial, has elected in favor of coal as the most economical fuel. The company asked the public service commission to rescind an order for the installation of oil-burning locomotives which it had set on foot in the Adirondack region not later than April 15, 1910.

SYDNEY REFUSES ALL LIQUOR LICENSES  
SYDNEY, N. S., Jan. 12.—The City Council at a special meeting last night turned down all applications for liquor licenses. There were thirteen applications for the ensuing year. Sydney will be a "dry town."

THINKS HE HAS FOUND THE GARDEN OF EDEN

Also Accounts for the Flood as an Overflow on the Plains by Collapse of Dykes Along the River.

NEW YORK, Jan. 12.—A cable despatch from Constantinople says that according to the learned Dr. Hammar, Sir William Wilcocks, the British adviser to the Minister of Public Works, thinks he has discovered the "Garden of Eden" in the Garden of Eden. He places it at Hailah, a flourishing city in the Euphrates' north-west of Bagdad.

Why Does Not The Stomach Digest Itself?  
An Unsolvable Problem Which Has Puzzled Physicians of All Schools

A SPECIAL PACKAGE OF STUART'S DYSPEPSIA TABLETS SENT

There seems to be no logical reason why the stomach should not digest itself when we consider the fact that it secretes digestive fluids and adds such powerful enzymes to disintegrate and digest meats, eggs, fruits, cereals, vegetables and other forms of food which it takes in.

In animals which were killed while in full digestion the stomach has undergone genuine self-digestion after death, when the body was kept warm; and in human beings who have died suddenly, while digestion was going on, it was found at the autopsy that not only had the stomach been digested, but also the contents, pancreas, spleen, and portions of the intestines.

The question naturally presents itself: "What prevents the stomach from self-digestion during life?" Dr. Hunter declared that the "principle of life" in living things protected this organ from being digested by its own fluids. But Dr. Barnard successfully demonstrated that the hind legs of a living frog when introduced through a natural or artificial opening into the stomach of a dog, undergo complete digestion, and Dr. Swy, through similar experiment, found that the same was true of a rabbit's ear.

While the normal stomach is immune from self-digestion, there are many cases on record, however, in which a person's stomach has digested itself. In such cases, the stomach is in a weakened condition, and is lacking in tone, that it digests an insufficient amount of gastric juice, such symptoms as—heartburn, biliousness, headache, belching of gas and sour eructations are sure to appear, and make one feel generally miserable.

Such symptoms can, however, be overcome by the use of Stuart's Dyspepsia Tablets. They do their work promptly and thoroughly, every particle of food being completely digested, and fermentation, decomposition, and flatulence and heaviness in stomach after eating, relieved and cured. Purchase a box from your druggist; price 50 cents. Also send us your name and address for free sample. Address: F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

GERMANS AFTER POLE IN A DIRIGIBLE  
Expeditio in Charge of Prince Henry to Start for Spitzbergen in the Spring.

BERLIN, Jan. 11.—An expedition is being got to proceed to Cross Bay, Spitzbergen, early in the spring, to arrange for the starting place of the German Arctic exploring party which later in the year, will try to reach the North Pole in a dirigible balloon. Prince Henry is superintending the preparations.

AN ORDER IN COUNCIL has been passed by the Provincial Government removing Joseph Hornbrook from the office of police magistrate of Sussex. This action was taken by the Government on the report of Attorney General Hazen, who as a special commissioner made a complete examination of the details of the case at Sussex last summer. The order in council has been assented to by the Lieutenant Governor and will at once be gazetted. Hiram W. Falkins has been advanced from sitting magistrate of Sussex to police magistrate and William M. Higgs succeeds Mr. Falkins as sitting magistrate. The charges against Police Magistrate Hornbrook were of not observing secrecy concerning prosecutions, failing to submit proper accounts, retaining moneys illegally and general inefficiency.

1 Cent a Word. 6 insertions for the price of 4

### You Should Advertise.

"Back to the woods, for you haven't got the goods," they say to the boy who wasn't in the way. "Though you did the best you could, yet you couldn't quite make good."

And it's so where'er you go if you haven't got the goods. Education counts a lot, but it's money that you've got. If you don't end in red and you're almost down and out, the best fear, help is near, if you've got a want ad here.

Here is a way for you to earn plenty of side money during your spare moments at home.

Every day hundreds of people advertise in the Want Columns of the Sun and Star. They need some one to do a little extra work for them. For instance—such work as addressing envelopes, writing short stories, knitting or sewing. These people will pay you well for your services. Why not take this opportunity of making extra money during your spare moments? It certainly will come in handy. Don't miss these valuable opportunities. Start reading Sun and Star Want Ads to-day.

The slips for the St. Andrews in the games to be played with the Thistle Curling team, were to have been elected at a meeting held last night, but the matter was deferred until to-night.

SEE DICTIONARY AND GET LIGHT

The chap who patronizes cheap restaurants picks up numerous heresay notions which he persists in repeating to such acquaintances as sit at his feet and swallow his ipse dixits. "Now," he will sport, "everybody knows that parsnip is vegetable, while rabbit might be either flesh or fowl. So we have Long Island rabbit—here, and Long Island rabbit, a fowl. A restaurant man is lucid if not right." But he doesn't let where the tooth the ale, the cheese, the sauce and the baking powder come in! Nor does he let why this delectable dish is called "Welsh." There are famous Welsh hares, the finest of hunting, but why should cheese and toast, etc., make a Welsh rabbit? Why not a Scotch rabbit? Why not a Texas rabbit? Why not a Jack rabbit, the noblest animal of his race? More light, more light! This thing is hazy.

### TO LET.

TO LET—Small shop suitable for shoemaker. Apply 185 Duke street. 6-1-11.

TO RENT—Flat, 313 Brussels street. 5-1-11.

TO LET—Upper flat, 17 Celebration street, containing eight rooms, etc. Possession at once. Apply to MRS. SALINA HARNICK, 22 Wall street. 1-1-11.

TO LET—Shop, 15 Sydney street. Apply 216 King street. 1-1-11.

### AMUSEMENTS

A TRIP TO BRITANNY AT NICKELBU

Travel, sport and drama will be most interesting mingled in the Nickelbu new bill for today and Thursday. The scenic vaudeville and dramatic pictures are being accomplished more early each day in this enterprising theatre and the new list of pictures will bear out this assertion quite fully. For instance, it will be the privilege of mid-week patrons to be taken into the jungles of Africa and hunt there the wild leopard with a party of noble sportsmen and Italian photographers. This is an Ambrosia film from Italian laboratories. The next specialty fine feature will take St. John folk across the ocean to quaint, little Brittany and its humble fisher folk, with whom a day of the sportsmen in the boats and at the nets. The theatrical feature of the bill will be the Esquimau drama, entitled "The Brothers," full of stirring situations and intensely dramatic climaxes. Miss LeRoy will delight her hearers with some dainty, little musicals, and Master Packer has a new illustrated song. The orchestra has prepared a bill of exceptional worth. Altogether this is one of the best bills the Nickelbu has been able to present in its career, a good many weeks, and now that the weather has settled down to its winter permanency, specially large crowds are expected.

LA TOUR SPORTS AT THE VICTORIA TONIGHT.

The first sports of the season always draw bumper crowds at the Old Vic and those of the La Tours tonight will be no exception to this rule. The fast skaters who have done so much to give St. John its pre-eminent position in the winter sports, are again on the smooth surface of the ice, and the large number who will gather to enjoy them, will be a further proof of the popularity of the sport. In another column the full list of entries will be found.

BARBARA FAMILY DRAWING RECORD ADVERTISEMENTS AT ORPHEUM.

Those who attended the Orpheum after eight last evening were surprised to find hundreds waiting to buy tickets for the first night of the new right down to the street. But every one waited so anxious were they to hear the family affair which so much had been said since their first appearance Monday evening. The act was even a greater success last night than on its first appearance. Two clever children than those with this talented aggregation have never been seen in this city, and the little ones have made so many friends and admirers during the past two days that it will be difficult to accommodate all who will want to see their clever act during the next few days. Remember that with this big show is given ten acts in one, and all for the small sum of ten cents.

QUEEN'S RINK.

Cook and Peary at the Queens in a five mile dash would prove a drawing card no doubt, that is if the Queens required a drawing card, but with an audience now all the rink can conveniently take care of it, would be the biggest kind of a draw to advertise additional attractions.

Next season when the elaborate plans for enlargement have been carried out, the greater Queens will be able to accommodate all the skaters St. John can produce and extraordinary announcements for the winter's entertainment may then be looked for.

THE GEM.

A complete change of subjects will be shown tonight at the Gem—subjects which patrons cannot afford to miss. The programme is of a higher value than is usually shown at this popular house. The management are reserving an extra strong bill for the week's closing show. The pictures tonight are sure to please. "The Game of Bluff" being one of a series which Gaumont Co. control. This series deal with the middle ages. The continuing of the piece has cost a small fortune. The scenes are laid in one of the most ancient castles in France. "The Man," contains acting of unusual merit, and lovers of art should see the work. A comedy drama, "A New Kind of Athlete," is sure to be a winner, as it is one long laugh. Two other subjects will be a sensation.

The management has engaged a film which has cost a small fortune. The scenes are laid in one of the most ancient castles in France. "The Man," contains acting of unusual merit, and lovers of art should see the work. A comedy drama, "A New Kind of Athlete," is sure to be a winner, as it is one long laugh. Two other subjects will be a sensation.

Wherever this film has been shown it proves to be a sensation.

In the meantime remember that the Gem is offering daily the best show of any entertainment. Contact Mrs. Gilbert will be heard in New York's latest hit. A programme worth while, don't fail to see it.

The Intercolonial Railway management announces that on and after January 15th the night expresses between Halifax and Sydney will be discontinued. The further notice is that trains No. 17 and 18 now performing that service will be run locally between Halifax and New Glasgow on the same time schedule as shown in the present time folder. The through service between Halifax and the Sydney will be maintained by the regular day trains No. 19 and 20, which have sleeping and dining cars attached.

### POLICE RESERVES TO QUELL GIRL STRIKERS

PHILADELPHIA, Jan. 11.—Increased police and charges of police brutality made by the striking shirt waist makers and their suffragette allies, marked the progress of the strike today in this city. Alterations between girls doing picket duty and workers were numerous. More than a score of arrests were made by the police, and on two occasions it was necessary to call out the reserve squad from City Hall. Among those arrested was Oscar Dornelbom, the local strike leader, who was taken into custody while escorting Miss Eleanor S. P. Puse, a prominent young society woman investigating strike conditions. She declared the manner of his arrest was an outrage.

Mrs. O. E. P. Belmont is expected here tomorrow when she will be the guest of honor at a meeting arranged by the Pennsylvania's Women's Suffrage Association in the interest of the strikers.

PHILADELPHIA, Jan. 11.—Simultaneously with the appearance of a German professor on television a young French inventor, M. Georges Signoux, assisted by chief of the municipal laboratory of La Rochelle, M. Fourmer, has been making very successful studies of the same subject, and has devised an apparatus by means of which, it is said, one may see the person to whom one is telephoning at a distance.

The mechanism consists of a concave parabolic mirror, which focuses a light of some 3,000 candle-power on the object of which the image is to be transmitted. The image is projected on a screen of selenium, composed of sixty-four separate cells, which constitute an artificial retina. As the light transmits a luminous wave in proportion to the intensity or variation of the light, the only inconvenience is caused by the irritation of the sensitive retina. The only inconvenience is caused by the irritation of the sensitive retina. The only inconvenience is caused by the irritation of the sensitive retina.

The inventor believes that they may eventually succeed in transmitting colored images by a system of cells with the three fundamental colors by which the telephone will give the illusion of a living picture.

Mr. A. M. Brooks of Wellington St., Steeles, says:

"Ten months ago I contracted eczema, which at first appeared on my neck, later spreading to my chest and body. The doctor thought this was caused by the irritation of my shirt collar and the poison and steam from the pulps, as I was then employed at a pulp mill. I began doctoring, but instead of the disease being checked it showed signs of becoming worse; my neck, chest, and my whole body was soon in a frightful condition. The skin actually peeled off leaving the flesh raw."

"I suffered cruelly from the terrible itching and soreness and was completely confined to the house. Not seeing or feeling any improvement, I next resorted to the ordinary salves and ointments recommended for skin diseases, but although I gave each prescription a fair trial, none seemed to be better suited, not more of them. It is a terrible mistake to urge farmers and nonfarmers to enter the cattle business."

"The howl that present prices are putting beef beyond the reach of the poor is unwarranted. It is true that if the consumer demand the choice cuts he must pay for them, but good beef is not so scarce as is generally supposed. At present prices, stock men are just beginning to realize fair return on their investment. What we would advocate is better cattle, not more of them. It is a terrible mistake to urge farmers and nonfarmers to enter the cattle business."

ST. JOHN, N. B., JAN. 12, 1910.

STREET PAVING.

At yesterday's meeting of the Common Council, the general opinion was that street paving should be permanent pavements. The aldermen very wisely decided to first have reports on the different pipe lines under those streets on which pavements are to be laid. In reply to a question regarding the condition of water pipes in a certain section, the engineer stated that the main had been put down in 1878 and was doing as well as could be expected. This reply will be found equally applicable to many other water mains all over the city. The question now is whether "as-well-as-could-be-expected" is well enough? Should permanent pavement be laid over a forty year old iron pipe even though that pipe seems to be in reasonable repair? Admitting that a very considerable outlay is involved, it would be wise to take no risks, but to make certain in so far as experts can be certain, that it will not be necessary to rip up the streets within the next few years in order to replace worn-out mains. The system of water distribution is said to be in rather poor shape, and sections of the pipe lines must of necessity be renewed from year to year. No doubt, when a definite plan is being arranged, it will be found possible to have these two branches of the public work carried on together, thus keeping the cost as low as can in reason be expected.

THE MARKET ENTRANCE.

In the police court yesterday Magistrate Ritchie dismissed a charge which had been brought by Policeman Perry against Constable Weatherhead and Policeman Burchill for loitering about the Charlotte street market entrance. The evidence went to prove the innocence of the defendants on this charge, otherwise the case would not, of course, have been dismissed.

The Charlotte street entrance to the Market is, however, a favorable loafing place for a considerable number of petty officials and private individuals, and if Policeman Perry, or any of the other officers, will go to the market of securing incalculable evidence, which can be readily done—against some of the many frequenters of this spot, they will be rendering a benefit to the city. People who have business in the market have to dodge around this bunch of loafers at almost every hour of the day or night, and the people who block the way are very often men who should know better. Magistrate Ritchie remarked during the hearing of the case, that officials who loiter about the streets have any other persons. Apparently there are numbers of officials who fall to realize this. Perhaps if they were chased off the streets, private citizens would more readily observe the law.

DR. JAMES HANNAY.

Dr. James Hannay's friends, the announcement of his death, this morning did not come as a surprise. It was known that for some time he had been a sufferer from heart trouble, and that since the death of Mrs. Hannay he had been feeling very poorly indeed. At his age it was difficult for him to throw off a weakness against which a younger man might have successfully fought. Yet in his death New Brunswick loses one of its best known writers, a journalist and a best known man who has for many years been more than provincial, and who has rendered valuable service in giving permanence to the records of past events. His four principal works of an historical nature together form an important contribution to the still incomplete review of Canada's earlier life.

Of a genial disposition, warm-hearted, and generous to a fault, Dr. Hannay made many staunch personal friends. He was widely known in Eastern Canada, and his death will cause deep regret among those who had the pleasure of his acquaintance.

SUFFERING CHILDREN.

Many little children have trembled with the cold during the last few nights; have shivered in their comfortless beds and huddled together in a vain effort to keep warm. People who live in heated houses, who have not to worry about whether another shovelful of coal or another piece of kindling can be spared, perhaps fail to appreciate the blessings they enjoy and take all their comforts in the most matter of fact way. They may not be inclined to let their minds dwell on the sufferings of those many families living in the wretched tenement districts such as are to be found even in St. John. Yet to this misery even they should not be closed. One may regard with a certain stolid indifference the wretchedness of grown men and women during these biting winter days, but the suffering of children is another matter altogether. Helpless little ones, who have a right to the best that can be provided for them, are crouching over smoky stoves,

shivering in the bitter drafts blowing through doors and windows, half clad, and in many cases weakened by lack of proper food. They are the ones who find life hard these days, for even the buoyancy of youth cannot overcome the wretchedness of cold and hunger, and these children have just the same feeling as others who live in warm and comfortable houses.

### ST. JOHN IS GOING AHEAD.

☞ The Sun and Star want to help it grow.

☞ Do you?

☞ Will you lend a hand for a boost?

☞ We want a slogan, a phrase of progress, a batttery — call it what you will.

☞ Something that will boil the gospel of go-ahead down to half a dozen words in a sentence that will hit home like a hammer blow.

☞ Something that the papers can use for a headline or business men on a letter head.

☞ If you can think of a good slogan, send it in.

☞ The Sun and Star will pay \$10 for the best slogan, and \$5 for the next best.

☞ Scores have already been received — all of them good. Send more.

The List closes Jan. 14

PRIZES OFFERED FOR AVIATION WEEK

Range From \$3,000 to \$250 But Aeronauts are Given Large Bounties for Participating.

LOS ANGELES, Cal., Jan. 12.—It was announced today that Courtland Field Bishop, President of the Aero Club of America, had sanctioned an aviation meet—\$3,000, \$2,000, and \$500. Shortest distance in starting flight, \$250. Best flight with passenger—\$1,000. Slowest lap at any time, \$500. Quickest start, \$250. Shortest distance in starting flight, \$250.

In addition to prizes they may win, Curtiss will receive \$10,000 for his flights during the meet and Paulhan and the members of his aviation syndicate, MacLaurin and Malsion, will receive \$25,000.

Mr. Bishop cut down the prize list aggregating \$40,000 for the trainees to a more satisfactory to the trainees by the committee. He based his calculations on the ground that large prizes tended to magnify the sporting aspect of the meet and subordinate the scientific interest.

RAILWAY DISPUTE TO BE SETTLED BY CONFERENCE

Eastern Lines Agree to Meet Representatives of Workmen to Discuss the Latter's Demands.

NEW YORK, Jan. 12.—Amicable settlement of the differences over the wage question between the eastern railroads and their employes is envisaged in today's announcement that the railroad officials have agreed to meet representatives of their trainmen the latter part of next week for a discussion of the demands.

The conference, it is stated, will be a general one, but will be divided into groups, each road conferring individually with its respective employes.

From the best of information it is considered probable that a compromise satisfactory to the trainmen will be reached. The indicated action of the railroads is now such that the trainmen believe that most if not all their demands will be granted in any event, a serious clash over the wage question is today considered a remote contingency.

### The Evening Chit-Chat

By RUTH CAMERON

I wonder if many people realize what an immense amount of fun one can get out of life by finding out what other people's lives are like. It seems to me that life associates with like too much.

We are apt to weaken ourselves by being too constantly with our own kind, and never making the effort to hold converse with the other kinds. The bookbinder, the shop girl, the stenographer, the business man, the waitress, the college student all have different angles on life, and if all of them would try to get to each other's angles occasionally they would all be much broader minded and have much more to think about.

Probably not, if you are an average man. Well, some time try asking him how he happened to get into business, and how long he has to work, and how well it pays, and what he wants to be when he gets through being a bookbinder, and see if he doesn't give you something interesting to think about.

Did you ever talk to a telephone girl about life at the switchboard? I did the other day and I found out a lot of things that I don't believe many people know, and that I think are worth knowing.

For instance, when you ask your operator a perfectly simple question that you are sure she could answer if she wanted to, and instead of answering it she insists on saying, "I'll give you information," wouldn't it cool your wrath some to know that she does that, not because she wants to be disobligeing, but because she is not allowed to say anything except a few formulae?

On all the big exchanges, this girl told me, the operators are absolutely forbidden to say anything except a few prescribed formulae, such as "What number are you calling?" "I'll give you information." "The line is busy." "Shall I call you?" and two or three others.

The slightest infraction of this rule—even answering "Good morning!" to a pleasant greeting, for instance—is punished by fine or suspension.

Isn't that rather interesting?

While you waited for your change, did you ever talk to the shop girl about people as they look behind a counter?

Did you ever ask some rich man how he looks from his angle?

Did you ever get one of the waitresses at your favorite restaurant to tell you some of the funny and interesting experiences that come her way? No, they won't think you a Paul Pry at all if you go about it rightly.

Don't you like to tell about your own peculiar experiences, your own view of life, your angle on the world?

Well, so will they if you ask them in the right way.

### The Lighter Side of Life

"Is she changeable?"

"What number are you calling?" "I'll give you information. It always becomes her."

Tramp—Could you give me a little vinegar and a rag to put on my foot?

Housewife—In sorry I haven't any vinegar, but I can give you a little bread.

"Thank you, that will do very well—and I shan't need the rag."

"I'll be ready in a minute," she said to her husband.

"You needn't hurry now," he called up some time later, "I find that I shall have to shave again."

"It's very simple, after all, to tell where the cars will stop."

"I can't see it that way."

"Certainly, if you're waiting here, they stop there; if you wait there, they stop here."

He—So your husband has given up smoking? It requires a pretty strong will to accomplish that.

She—Well, I'd have you to understand that I have a strong will.

THE SIZE OF IT

Mr. Flatwell—Look here! You must have made a mistake. I haven't ordered a piano.

Delivery Man—Taint a piano. It's your wife's new hat.

IMPOLITENESS NOT INTENTIONAL

A man hired a Swedish carpenter to repair some blinds on the outside of his house. During the day the man's wife came out to see if the man was getting on all right.

Is there anything you need, Mr. Svensson?" she asked on her second trip.

The carpenter gulped once or twice, but made no reply. The lady repeated the question.

"No, thank you, and no answer."

"Why don't you answer me, sir?" said the lady indignantly.

"I'm looking at you and looking down at her gravely."

"My mouth was full of screws," he said, "I couldn't speak until I eather some."

REGAL OINTMENT

Is strongly antiseptic, destroys and prevents the growth of germs that cause suppuration and by its mild stimulating action starts healthy granulations from the bottom of the wound, thus exerting a strong tendency to heal without a scar. 25c a Box

Sent by mail on receipt of price.

PLAN TO ORGANIZE NEW BASEBALL LEAGUE

PROVIDENCE, R. I., Jan. 12.—Plans for a new baseball league to be known as the United States League, are outlined by Dr. G. H. Lawson, the promoter, who is here in the interest of the organization. Grounds for another baseball park in this city have been leased and as soon as the Eastern League schedule is made known, the officials of the United States League will meet here for the purpose of formulating a schedule.

BREAD Watch This Space

A fresh reason given weekly for choosing Butter-Nut

DEATHS

CARROLL.—In this city, on the 11th inst., John S. Carroll, in the 52nd year of his age, leaving 3 sons and a daughter to mourn. Richmond Virginia papers please copy. Notice of funeral later.

Funeral on Thursday morning at 7.45 o'clock, from the residence of Mrs. D. Dwyer, Milford. Friends are invited to attend.

D. B. YANER, Solentif Optician, 38 Dock Street. Close 6 p.m. Sat. 9 p.m.

### A COLUMN FOR WOMEN

Household Hints

Some exceedingly attractive picture frames are made of linen with a simple design embroidered in satin stitch. The ribbon, too, is exceedingly attractive when massed together, are considered very smart on black and white net, the coral on the black and the gray net being very effective.

Turquoises or coral beads, quantities of them massed together, are considered very smart on black and white net, the coral on the black and the gray net being very effective.

Skins continue to be hugged in around the knees, either just below or just above. They are often very tall, but they lie in a mass about the feet whether they are full or scanty.

Generally satins, all are folded, but some are double-pointed, some point upward, some downward at the front.

Fur bands are made to imitate Spanish bolero effects, furnish outlines on dresses, are used for headings and edges to boucées—in fact, for is applied to gowns, coats and wraps wherever fancy, governed by good taste, suggests.

LADIES' YOKE SKIRT.

Paris Pattern No. 2183—All Seams Allowed.

Nearly every tailor effect skirt has a yoke of some kind this season, and among the most novel is the one here presented, the yoke portion of which is fitted by hip seams, and to it box plaited flounce and front and back panel gores are attached, these being attached by a short distance from their upper edge. The closing of the garment is invisibly effected at the left side-back seam. The design is adaptable to serge, voile, cloth, tweed or fancy camel-hair mixtures; also, later in the year it will prove effective for linen, rajah, pongee, crash, duck or gingham. The pattern is cut in five sizes—22 to 30 inches waist measure. For 26 waist the skirt requires 8 1/2 yards of material 38 inches wide. Width of lower edge is about 4 1/4 yards. Price of pattern, 10 cents.

DR. JAMES HANNAY FOUND DEAD IN HIS ROOM

(Continued from page 1)

The late Dr. Hannay was born at Richibucto on April 23, 1842. He was the son of the late Rev. James Hannay, a Presbyterian clergyman. His mother was in maidenhood Miss Jane Salter of Hants county. The deceased received his early education at the St. John grammar school, and pursued the study of law and in October, 1866, was admitted attorney of the supreme court of the province. He was called to the bar in 1867. The same year Dr. Hannay received the appointment of official reporter of the supreme court, a position he held until 1876. During his tenure of office Dr. Hannay gained distinction by the publication of two large volumes, dealing with the decisions of the supreme court.

Not finding the practice of law suited to his tastes, Dr. Hannay abandoned it for the profession of journalism. He entered active newspaper work on the St. John Daily Telegraph, and from 1872 to 1885 was associated with the late Hon. William Fisher in the editorial management of the Telegraph. In 1883 Dr. Hannay went to Montreal, where he occupied an editorial chair on the Montreal Herald for a year and a half. He was subsequently connected with the Brooklyn (N. Y.) Eagle and passed through the positions of general writer, literary editor and associate editor during his stay in the United States.

Returning to St. John in 1888 he assumed the editorial chair of the Gazette. In 1893 he accepted the chief editorship of the St. John Telegraph. Dr. Hannay's writings were warmly appreciated. In the discharge of his editorial duties he combined a wide knowledge of affairs with a vivid yet graceful mode of expression. He was quick in perception and rapid in composition. Dr. Hannay was generally optimistic and believed in supporting first what was best for his native country.

When quite a young man Dr. Hannay wrote poems under the nom de plume of "Saladin" for the St. John Courier and other papers. Later he gave a number of ballads relating to Acadia, describing picturesque incidents in its history. These were widely circulated and gained for Dr. Hannay a position among the ranks of the leading Canadian poets. The Acadia ballads were recently reprinted in pamphlet form. When Stewart's Quarterly was established in St. John by George Stewart, Dr. Hannay became one of its best known contributors, supplying sketches and stories written in the

lighter vein.

Dr. Hannay's first effort historically was a series of sketches of the early forts in New Brunswick. This was shortly followed by "The Captivity of John Cyles among the Miclets from 1689 to 1693," which he published in 1875, with an introduction and annotations by himself. The same year he wrote a history of the city of St. John.

Meanwhile the author had been collecting material for the work which afterwards made his reputation as an historian. He had been for some years busy in the libraries upon a history of Acadia, and in 1879 he published his "History of Acadia." The work was very favorably received by the public and obtained high commendation from the reviewers. It possessed the qualities essential to both an historical and literary sketch. The work was an elaborate and scholarly production, its pages showing clearly the research of the historian, the judicial cast of the thinker and the grace of the "literateur."

In 1883 Dr. Hannay's next historical work, "History of the Queen's Rangers," appeared in the St. John Sun. After that his historical labors ceased for a time, but were renewed in the projection of three or four more important works. These were the "History of the Loyalists," which was printed in the Telegraph during 1894; "The Township of Manegerville," the "History of the War of 1812," and the "Life and Times of Sir Leonard Tilley," the latter published in 1897.

Dr. Hannay's latest work, the "History of New Brunswick," in two volumes, was published last year. The work is one of his best attempts and has had a large demand. These works form a library of great value, especially with respect to the history of our own province. They give a constructive story of New Brunswick from the earliest times down to the present, dealing as they do with the periods of French occupation, early English occupation, the arrival of the Loyalists, the war of 1812 and the latter days of political life.

Acadia College honored Dr. Hannay in 1890, when it conferred the degree of Doctor of Civil Law upon him. The deceased was an excellent speaker and had lectured on various occasions on his historical subjects.

In 1864 Dr. Hannay was married to Margaret, daughter of the late Elias T. Ross of this city. She passed away last year in Fredericton, where they had been residing.

On the retirement of Michael McDade from the official representation of the House of Assembly Dr. Hannay took that position. He capably performed the duties until two years ago, when he was succeeded by W. W. Hubbard.

The deceased will be buried at Fredericton.

BIRMINGHAM, Ala., Jan. 12.—General Rufus N. Rhodes, president and editor of the Birmingham News and a director of the Associated Press, died today at his home here. Death was caused by Bright's disease.

PITTSBURG, Jan. 11.—Tom Longboat, the best-footed Indian, and Percy Smallwood, the Welshman, who held the world's middle distance championship title, have been matched. It was announced today, to race the twelve miles distance here in the exposition rink on Jan. 24th.

### "WHY AM I WEAK?"

That is the question every weak man puts to himself. If you have thought much of your trouble you know that the force which keeps up the health and strength of your body is nothing more or less than electricity. All the motive power in your body is born of electricity. That is what you lack, and that force given to your weak organism, as I will give it, will renew your strength. You will be able to enjoy life. You will be strong again. I can point with pride to hundreds of men who come to me after having failed to get the craved results from drugs and other treatments, men broken down, sleepless, short of memory and without the courage and energy of strong people. They have come to me almost without hope, discouraged, and I can point to these men today, after their having worn my Electric Belt, happy, enthused and shouting with gladness in the possession of the full vigor of perfect manhood. These men will at any time be glad to tell you what I have done for them.

Dear Sir—Your Belt cured me of rheumatism and sore back a year and a half ago and I have had no reason to put on again. You know and I know that I had such a soreness across my loins and kidneys I could not turn in bed without catching hold of something. The first night I had it on it was a little better, and I used it as directed by you. This, I think, is part of the cure. I do not state these few lines as a person who does not know what he is talking about. I am not built that way.

Port Hood, C. B.  
Dear Sir—Your Belt cured me of rheumatism and sore back a year and a half ago and I have had no reason to put on again. You know and I know that I had such a soreness across my loins and kidneys I could not turn in bed without catching hold of something. The first night I had it on it was a little better, and I used it as directed by you. This, I think, is part of the cure. I do not state these few lines as a person who does not know what he is talking about. I am not built that way.

Do you doubt it? If so, any man or woman who will give me reasonable security can have my Belt with all the necessary attachments suitable for their case, and

**! Cure You or You Need Not Pay**

This appliance has cured in most every town and city in the country, and if you will write me I will send you testimonials, given to me by people that are probably better known to you. My Electric Belt not only cures weakness, but Rheumatism, Sciatica, Lumbago, Backache, Kidney trouble, Nervousness, Constipation, Indigestion and Stomach trouble. I have a beautiful 80-page illustrated book, which I will mail, sealed, to any address FREE. This book is full of good, interesting reading for men. Call today. If you can't call, send coupon for Free Book.

**M A. McLaughlin, 214 St. James St., Montreal, Can.**  
Dear Sir—Please forward me one of your books as above mentioned.

NAME.....  
ADDRESS.....  
Office hours—9 a. m. to 6 p. m., Wednesday and Saturday until 8:30 p. m. White plainly

that came under the notice of an official, and vanished during the midnight hours. Needless to say the duty on this was paid, but it led to further enquiry, with the discovery of palpable evidence of fraud.

It is estimated that the customs loss in respect to this paper alone is about \$5,000. "Paper" duty on an average will run about \$100 per ton.

The department has had detectives on the trail of the minor employees suspected.

**To Be DYSPEPTIC Is To Be MISERABLE.**

Dyspepsia is the prevailing malady of civilized life. It is largely due to gross errors in diet, over-eating, too free indulgence in stimulants and over-tasting the stomach with indigestible food, eating too rapidly without chewing the food sufficiently, indulging in hot alcoholic beverages, pickles, confectionery, etc.

Burdock Blood Bitters has an established reputation, extending over thirty-four years, as a positive cure for dyspepsia in all its forms, and from all diseases arising from it.

Can Eat  
Can Sleep  
Can Work  
Can Enjoy Life

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

The first regular meeting of St. Luke's Junior branch of the Anglican Young People's Association was held last evening in St. Luke's Schoolroom.

The president, Mr. W. J. Howe, was transacted, the Rev. L. M. Duval, missionary on furlough from West Africa, gave an address on his work in that country, and aroused interest in the Yoruba people. On next Tuesday there will be a musical evening in the choir room of the church.

The annual meeting of the Congregational Church will be held at 8 p.m. this evening. Yesterday afternoon the Ladies Aid Society of the church held its annual meeting at 43 Sewell Street, the residence of Mrs. C. H. Flewelling.

The treasurer's report showed that \$17 had been raised during the year. Officers were elected. They are as follows:—President, Mrs. John Wade; vice-presidents, Mrs. C. H. Flewelling, Mrs. H. S. Bridges, Mrs. C. E. MacMichael; secretary, Mrs. H. P. Kerr; treasurer, Mrs. H. W. Cole.

**Chamberlain's Cough Remedy**

**WILL CURE Your Cold. Try It**

The uniform success that has attended the use of this remedy in the cure of bad colds has made it one of the most popular medicines in use. It can always be depended upon to effect a quick cure and is pleasant to take.

It contains no opium or other narcotic, and may be given as confidently to a child as to an adult. Price 25 cents. Large size 50 cents.

### LORD MILNER IS MAKING VERY STRAIGHT PROTECTION

His Huddersfield Address Reads Like a Speech by Hon. G.E. Foster—Instances to Prove That Foreigners Pay Duty and That Revenue and Protection Can Go Together.

The cable despatches have shown that Lord Milner, who made such an excellent impression during his tour of Canada, is taking a prominent part in the British struggle among the broad-minded advocates of Unionist policy, taking a very broadly imperialist line, but in others he has hesitated to take his stand purely upon the basis of protection pure and simple. In his early campaign speech at Huddersfield, for instance, full reports of which are to hand, and which was directed to the most advanced working-class population, he had not a word to say of any effects of tariff reform other than those of the purse and pocket. The substance of his speech was as follows:

He commenced by describing the outcry against the Lords for rejecting the budget as "pumped up indignation." The main message, he said, consisted in trying to divert public attention from the constructive policy of the Unionist party, but which was the constructive policy of the Unionist party, which their enemies greatly feared, by raising the bogey of an aristocratic conspiracy against the liberties of the people. They were not going to waste their breath or time by disproving the existence of a class in which nobody really believed. They might be great fools in the House of Lords, but they were not such fools as to think it possible to shut out the millions of the people. "I don't believe one of us wishes to," he said, "I am certain I don't myself, but even if we did we are perfectly aware we couldn't. There is nobody in this country who could successfully attempt to suppress the mass of the people except the House of Commons." A single elective chamber, free when elected from any kind of effective control, might, he thought, be a real alternative to the present system. It was true the thing could not last, but it might do irreparable mischief before it was rejected.

**TRADE QUESTION MORE URGENT**  
He would not discuss the constitutional question to the neglect of another question which, in his opinion, was more important. It was the question of the tariff. He was not going to discuss the tariff question. He was not going to discuss the tariff question. He was not going to discuss the tariff question.

**WHERE FOREIGNERS PAY DUTY.**  
"He knew their opponents contended that import duties always fell on the consumers in the importing country. But was that the experience of the British manufacturer? Was he not always able to add that to his price and to make the foreign consumer pay? Every man of business knew that it was not so. He could hardly take up a newspaper in these days without coming across some letter or some article in which the writer was entitled to speak with authority, protesting against the tariff. He was not going to discuss the tariff question. He was not going to discuss the tariff question.

**CHURCH OF ENGLAND SYNOD BOARD MEETS**  
The Church of England Synod quarterly boards commenced their sessions yesterday afternoon in the Church of England Institute with a meeting of the Board of Finance at 2.30. At this meeting encouraging financial reports were received. The Home Mission Fund has a balance on hand of \$1100, but there is a slight shortage of funds for the year.

**CHURCH OF ENGLAND SYNOD BOARD MEETS**  
The Committee on Lord's Day Observance organized at four o'clock yesterday afternoon, with Rev. W. H. Sampson, deputy chairman, and Rev. J. W. B. Stewart as secretary. A general talk on the Lord's Day Observance took place, but no definite action was taken. The Lord's Day was considered fairly well observed.

**Every Woman**  
The annual meeting of the Germantown Baptist Church was held last evening in the church schoolroom. The church affairs, financial as well as otherwise, were reported to be in a satisfactory condition. The question of selecting a pastor to succeed Rev. W. W. McKim was discussed, but no definite choice was made. The officers were re-elected.

### UNION BLEND TEA

the tea that satisfies

PUT my business reputation as a Judge of good tea back of every packet of Union Blend Tea that I sell. I do that in this way: if you don't like it, you will never buy again. And I cannot afford to spend money in advertising to gain your confidence and then destroy that confidence by offering you inferior tea. Therefore, I don't do it. You inferior tea. Therefore, I don't do it. You inferior tea. Therefore, I don't do it.

### INTERCOLONIAL RAILWAY

Change in Sydney Train Service

On and after January 16, 1910

Trains Nos. 17 and 18 will be discontinued between

New Glasgow

—AND— The Sydneys

Synopsis of Canadian North West Land Regulations.

Any person who is the sole holder of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader is not permitted to pre-empt a quarter-section of 240 acres. Duties—Must reside six months in each of three years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$2.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$200.00.

W. W. COY, Deputy of the Minister of the Interior. N. B.—Unauthorized publication of this advertisement will not be paid for.

### LOCAL NEWS

A glove found on King street awaits an owner at the central police station.

This evening members of Division No. 1, A. O. H., held their assembly in Hibernians Hall.

The police report finding a pair of eyeglasses and a child's mitten on Main street yesterday.

Coroner Berryman, when seen by The Star, said he had investigated the death of Dr. Hannay and decided that an inquest was wholly unnecessary.

A handsome suit of plain black or blue, standard fabric, at 10 per cent. of the regular price. The reduction is genuine. Visit C. B. Pidgeon at the corner of Main and Bridge streets.

The ambulance went to Sand Point at 10 o'clock this morning to convey a man named Hughes to a hospital. Hughes received a bad injury to his spine while working about the Empress of Britain yesterday afternoon.

A special meeting of St. Vincent's Alumnae will be held in St. Vincent's de Paul rooms on Thursday evening at 7.30 o'clock. A full attendance is requested.

There will be a meeting of the St. John's Club tomorrow evening. A paper will be read by M. G. Paddock and John Miles will exhibit his paintings.

The regular intercollegiate hockey matches may not be played in St. John's as has been intended. Captain Charles Jones of the U. N. B. team is making arrangements whereby the Fredericton curling rink will be used for the games.

The work of preparation for the Dominion Fair going on at present is largely of a routine nature. Owing to the absence of some of the members no meetings of the executive are being held this week. The secretary is now busy drumming up exhibitors.

The Mechanic's Lien case of Hamilton vs. Seymour and Whitehead was continued in County Court Chamber this morning before Judge Forbes. The case was adjourned at 12.30 and will be continued tomorrow at eleven a. m. A. A. Wilson and G. H. V. Belyea for the plaintiff, and G. H. V. Belyea for the defendant.

Elaborate plans have been made for the annual reunion of St. Peter's Y. M. C. A. which will take place this evening. The Catholic societies of the city will be the guests of President Casey and the members. The St. Peter's orchestra have prepared an excellent programme and several addresses will be made. Each of the visiting societies will contribute four numbers to the programme.

William Murray, of Campbellton, is in the city. Mr. Murray is one of five defendants in a case against the Restigouche Boom Co. Tomorrow H. H. Powell, K. C., and W. H. Wallace, K. C., are coming for the plaintiff. The case will be heard before Chief Justice Baskin in the Equity Court for an injunction restraining the defendant from cutting a boom near Tide Head on the Restigouche River.

Rev. Gordon Warman, whose disappearance from near Woodstock last fall caused much uneasiness to his friends, has been definitely located at Fisher River, Selkirk, Manitoba. This information is given by Warman himself in a letter to his father, W. A. Warman, of Moncton. The young man says he has decided to become an agriculturist and is presently located.

The premises on Dock street formerly occupied by N. Barry Smith, the druggist, who recently failed, have been taken over by Charles R. Wasson, the King street druggist. The shop is now in the hands of the carpenters, etc., and will be thoroughly renovated and made up to date in every respect before being reopened. It will be conducted by Mr. Wasson as a branch of his King street store.

Probate Court—Estate of Mary McCarthy, widow of Dennis McCarthy, carpenter. The deceased died intestate on 12th September, 1897, leaving two sons, Dennis and Jeremiah McCarthy, and one daughter, Mary Ann McGrath, wife of James McGrath, butcher. The others renouncing the right to administer in his favor, Dennis McCarthy, of St. John, cabinet maker, is appointed administrator. No real estate property situated on the north side of North street. Mr. Arthur C. Fairweather, K. C., proctor.

The Y. M. C. A. and Portlands will meet tomorrow evening in the senior basketball league. The match will take place in the Y. M. C. A. gymnasium. This is the first appearance of the Portlands, who last year took the championship from the Argonauts. J. Elliott will replace H. T. Thorne on the line-up. A fast match is looked forward to.

A subscription list to aid the Seaman's Institute management in paying off the \$1,200 owed on the contract of the building was launched this morning, and the first person to sign his name was Mr. James F. Robertson of the firm of Manchester, Robertson and Allison. Mr. Robertson showed his appreciation of the good work being done for the sailors by subscribing one hundred dollars to the fund. The subscription lists will be circulated through the city and the institute management expect that the debt of the building will be cleared off in a short time.

A young sailor called at the central police station this morning and complained that another tar had departed from the Elliott Hotel, St. John, in his clothing, taken away with him. The sailor asked assistance in picking up his luggage. He belonged to Nova Scotia and roomed with the other sailor last night. He says that he does not believe that the other sailor meant to be a thief but made a mistake in picking up his luggage. The sailor with the wrong bag of clothes is supposed to have left this morning for Wolford and the police will enquire into the case.

### THINKS GERMAIN ST. HAS BEEN SLIGHTED

Residents Will Ask for Share of Pavments—Only Part of City Willing to Pay Half.

The residents of Germain street feel that they have a grievance in the fact that their locality has been entirely overlooked in the provisions which have been made for laying permanent pavements.

They state that it was their agitation for better streets which led the aldermen to take up the proposition at all and that when some action was planned their claims should have received some attention. It is felt that cause of their offer to pay half of the cost, an offer which has not been duplicated by any of the streets which are to benefit by the appropriation to be made this year.

A gentleman who was prominent in the movement when it was first taken up intimated this morning that delegation from the residents of Germain street would ask permission to appear before the Common Council to ask for a grant for their street.

### BOY FROM THE COUNTRY PULLED THE FIRE ALARM

Young Morris Tells How It Happened—Walter Moore Admits Striking a Constable.

There was a brief session in the police court this morning. Kenneth Morris, a boy of 12 years, was charged by Sergeant Kilpatrick with ringing in a false alarm from box 221 on the corner of Barker and Somerset streets Sunday last at 11.30 o'clock. The boy said that he saw the glass in the box broken and having recently come from the country did not know anything about the alarm. He ignorantly pulled the hook.

A lad named Albert Connell corroborated the evidence given by Morris. Chief Kerr was in court and said he did not desire to prosecute in view of the circumstances of the case.

The magistrate dismissed Morris with a warning. He thought the boys should have attended court on Saturday, instead of during school hours.

Walter Moore, aged 24 years, was charged with assaulting Constable A. M. Sherwood on the Marsh Bridge. The constable gave evidence that on the 24th of December he was arresting a man named Forbes. Quite a number of people gathered about and Moore struck him in the face.

Moore pleaded guilty to the offense, saying he was too drunk to control his action. He was remanded.

### TREASURY BOARD MEETS TOMORROW

Increased Revenue Will Not Mean Larger Expenditure—Tax Rate Will be Higher.

The Treasury Board meets tomorrow afternoon at three o'clock to take up the estimates for the coming year. With the increased expenditure already recommended those to be passed by the Board will be available noon and the additional amount to cover the salary increases in the treasury department, the Board will have to face a largely increased expenditure. Under the new assessment act some new revenue will be available and the assessors have succeeded in finding more taxable property. In spite of this, however, it is not at all likely that there will be enough increase in the revenue to cover the increased expenditure without raising the assessment rate. Last year the rate was \$1.33 and this year there are fears that it will be over \$2.00.

The Common Council meets on Friday afternoon at four o'clock to receive the report on the estimates.

### PERSONAL

W. A. S. Magee of the Allan Line staff returned today from Ottawa, where he was summoned on account of his father's death.

Ralph Harrison of the U. S. Immigration department returned to the city at noon today.

G. C. Jordan, wife and child reached the city at noon today on the Boston express.

H. W. DeForest arrived in the city today from Boston.

### Reduction Sale of Fur-Lined Coats and Furs

A Bonafide Price-Lowering Movement and an Astonishing Opportunity to Purchase Advantageously

A prompt readjustment of stocks has been necessitated by a busy season and we intend to effect it by means of price reductions. The desire to possess a fur-lined coat or nice furs is dear to every feminine heart and this sale affords the opportunity to purchase at such substantial savings that the effort to attend will be really worth while. Taking into consideration the splendid values it will be an event of uncommon importance to ladies with furs and coats to buy.
