REPORT
BY THE
BOARD OF ENDOWMENT
OF THE
UNIVERSITY OF TORONTO AND UPPER CANADA COLLEGE
AND ROYAL GRAMMAR SCHOOL,
TO THE
SENATE OF THE UNIVERSITY OF TORONTO,
FOR THE
YEAR 1851.

The Board of Endowment have now the honor to present to the senate of the University of Toronto, their second annual Report of the state of the property and effects of the said University, as required by the last clause of Section 22, of the Statute 12. Vic., Cap. 82.

When last Report was presented, the Commission of Enquiry into the affairs of the late King's College, which had been so long in existence, had not finished their labours, and regret was expressed by the Board that they were prevented from giving so full an exhibition of the state of the effects and property of the University, as they could have desired.

The final Report of the Commission of Enquiry, has, now for some months been in possession of the authorities of the University; to it, and the set of Books which accompanied it, the Board of Endowment have, of course, had free access, but as the labours of the Commission only reach to the 31st, December, 1849, it is obvious that, until the accounts prepared by them are continued, so as to enable the Board to strike a balance at the end of the year, any attempt to derive a correct estimate of the state of the Endowment, as at this date, based upon the Report, would be futile. The Board have commenced the work of continuing these accounts, and hope before the time arrives for the presentation of their third Report, to be in a position to base that Report on the work of the Commission of Enquiry, but they find that to accomplish this the strength of the office must be increased, as it is utterly impossible, with the other demands upon the labour of the officers of the Board, and their assistants, arising out of the immense arrear of work required to be attended to, otherwise to accomplish the continuation of the books of the Commission. In such circumstances, this Report will necessarily be somewhat similar in the nature of the information it conveys, to that which related to the year 1850, embracing merely the transactions of the year.

It was stated in last Report, that the balance in Cash, at the credit of the Investment fund, amounted to the sum of £4409 15s. 6d.

Having abolished the use of half-pence in the accounts, this sum stands in the transactions of the current year as.....	£	s.	d.
This fund was in the course of the year increased as follows :—			
Instalments on sales of Land,	6918	17	10
Government Debentures were redeemed to the value of	£47	14	0
And there was paid by Messrs. J. G. Ridout, and J. E. Small to account of the principal sums of their respective Mortgages	£59	18	10
Making together of Investments returned	137	12	10
	11466	6	3
To which sum there remains to be added, the surplus Income fund, as ordered by Sec. 42, of the University Act,	758	13	9
Giving a total, at the close of the year, of	12,225	0	0
On account of Investment Fund which has been applied as follows :—			
Invested in Government Debentures	9000	0	0
Paid towards the completion of the Medical Building	150	0	0
Books for Library	102	0	9
Microscopic Specimens	40	0	0
Paid on account of the appropriation for the New Building, Premium for designs, under the sanction of Statute No. 32,	£100	0	0
To T. Young, the successful competitor.....	117	10	0
	217	10	0
And there has been carried to an appropriation account under Statute of Senate, No. 40, to meet the expenditure authorized for the improving the Port Hope and the Port Stanley properties	950	0	0
	10,459	10	9
Leaving a balance still at the credit of Investment Fund,	1,765	9	3
	£12,225	0	0

The accompanying statement of the transactions for the year will exhibit in detail to the Senate, the description of the receipts and the nature of the expenditure, including the re-payment by Upper Canada College of their share of joint management, the interest of the fund from which the income for the Wellington Scholarship is derived, and insurance postage and salaries returned, the whole amount actually received during the year amounted to £11,616 15s 7d, and the sum expended, including the appropriation of £1,000 made under Statute of the Senate No 46, for the payment of the Commission of Enquiry, amounted to £10,858 1s. 10d. leaving a balance of £758 13s. 9d. to be transferred to Investment as before noticed.

It may be proper here to refer to an account which has been established in the office named the "Deposit Account." Parties sometimes remit money the destination of which is not clearly pointed out, and sometimes payments are made which at the time cannot be appropriated as desired, such moneys, whether intended for the University or for Upper Canada College, are placed to the credit of "Deposits," and when the way is clear for their appropriation, or it becomes necessary to return them to the parties by whom they were remitted, they are withdrawn, and so appropriated or returned.

The balance at the credit of deposits was, on the first January 1851.....	£	s.	d.
	125	12	7
The amount received in 1851.....	397	17	6
	<hr/>		
There was appropriated on account of sales of Land.....	523	10	1
Leaving a balance to the credit of this account on 31st December last of.....	254	13	3
	<hr/>		
	288	16	10

Since the Senate by Statute N° 32, "on building," enabled the Board of Endowment to make sales of land, without in each case obtaining the special authority of the Senate, the Board have used every exertion, consistent with the interests of the Institution, to dispose of that portion of the Endowment still unsold, and thus bring it into a position to yield a larger and more certain Income; the result has been, that, including three sales which were previously made with the special approbation of the Senate, the Endowment Board were able, between the month of May and the close of the year 1851, to dispose of 5,989½ acres of land at an aggregate price of £13,174 10s. 7d. or an average of within a very small fraction of £2 4s. 0d. per acre.

Included in these sales is what has been known as the Elora property, purchased at the price of £500 from the late Mr. David Gilkison, in January, 1846, and which was entirely unproductive. The price obtained in September last was £1,350, thus about doubling principal and interest.

Until the books containing the accounts of the Commission of Enquiry are continued so as to enable the Board to strike regular balances, it will be impossible to give a correct estimate of the extent to which, in the course of the year, the reliable sources of income have been increased; but an enquiry lately made into the actual income of the University, falling due in each of the years 1850 and 1851, enables the Board to state that the income of the latter year exceeded that of the former by about £550, and a further enquiry into the probable income for the current year, to be derived from rent, interest and other profits falling due, and receivable during the year, gives as the result, that the Income for 1852, irrespective altogether of arrears, ought to be somewhere about £9,732, or in excess over the year preceding about £1,615.

Preparations have been made for bringing the Port Hope property into the market as Town Lots; a large portion of the land has been surveyed, the plan has been registered and contracts entered into for the grading of certain of the streets. The prices named for the lots, are at present, at the rates of £60 and £100 per acre, with an addition of twenty-five per cent. for corner lots. Of course, as sales multiply, the Board will endeavour to establish an increase of price.

The special attention of the Board has been also directed to the port Stanley property, which although not equally valuable with that of Port Hope, may still be expected, as the Town increases, to prove instrumental in realising a very considerable sum. The principal difficulty in bringing this property into market as Town Lots, arises from the want of proper access from the London Road leading into Port Stanley. The Council of Kings College made several efforts to overcome this difficulty by the purchase of some intermediate property, but without success. A quorum of the Board consisting of the University Members and the Chairman visited the property last autumn, and when there entered into negotiations, which have since, with the approbation of the Senate, been concluded, for the purchase of a small Town lot on the East side of Kettle Creek, and a few acres opposite thereto on the West. Deeds have been obtained from the sellers, but there are reasons why the Board should not expend money in the contemplated improvements until the title to the land on the West side of the Creek is better secured. The Solicitor has it now in charge to accomplish this, and so soon as it is done, a bridge will be built, streets laid out, and the property will be brought into market.

Another subject which it seems necessary to notice, is that of the division of the joint management account. According to the Statute of the Commission of Visitation, defining the duties, and naming the salary of the Chairman, one-sixth of the salary is payable by Upper Canada College, and the remaining five-sixths by the University. After a careful investigation, the Board came to the conclusion that a proper division of the remaining items of joint management for 1851, would be into fifths, of which four ought to be paid by the University and one by Upper Canada College; and the appropriation was made accordingly, each Institution bearing as in 1850 the expense of the attendance at the Board of its own Members.

There is one other subject to which the Board would respectfully call the attention of the Senate, viz.: the necessity of a yearly statute for "Incidental Expenses" appropriating some specific or definite sum of money under that general head, according to the University Act, and dividing it into the several branches of expenditure for the different departments, controlled by the head of each department, and paid on his certificate according to the Senatorial Statute now in existence. These "Incidental Expenses" are made the fourth charge on the income fund of the University, and in the absence of any definite appropriation, the Board are called upon to pay moneys on the certificate of the proper authorities to any required amount that the income fund may bear, thereby jeopardizing the fifth charge, which is for the salaries of the Professors, &c., and affording no such check upon the expenditure of any one department, as the University Act evidently contemplated.

All which is respectfully submitted.

DAVID BUCHAN,
Chairman.

REPORT FOR THE YEAR 1851,
BY THE
BOARD OF ENDOWMENT
TO THE
COUNCIL OF UPPER CANADA COLLEGE.

The Board of Endowment of the University of Toronto, and Upper Canada College and Royal Grammar School, have now the honor, as required by the 59th Section of the Statute 12 Vic., cap. 82, to present to the Council of Upper Canada College their second annual Report, in regard to the state of the property and effects under the charge of the Board, and of the fiscal and financial affairs of the said College.

The Board regret being again under the necessity of apologising to the Council, for the meagre character of the information they can convey. The Commission of Enquiry, to whose labours reference was made last year, did not present their final Report until shortly after midsummer. That Report only reaches to the close of 1849, consequently to enable the Board of Endowment to take advantage of the investigation of the Commission, their accounts must be continued, a labour which the Board have not been able to overtake, but for which the necessary assistance is about to be procured. Books were obtained some time ago, and orders given for the continuation of the accounts; but the present strength of the office has proved insufficient to keep the current business from falling into arrear and to fulfil these orders.

On referring to the last Report it will be seen that, at the close of the year 1850, there was transferred to the Investment Fund as surplus income, the sum of £109 4s. 3d.

At the time the accounts for that year were prepared the expense of joint management had not been apportioned between the University and College. Had such apportionment been made, instead of there being any balance at the credit of income, that fund would have been debtor to the extent of £167 12s. 3d. As it is, the year 1851 has been charged with an expenditure of £276 16s. 6d. more than properly belong to it, for the joint expense both of 1850 and 1851 have been included in the disbursements. This explanation seems called for because it will immediately be seen, that at the close of last year the income fund stood at the sum of £244 14s. 6d., which would not have been the case had the previous year borne the burthen of its own proper expenditure.

During the course of the year the sum received on account of the Investment Fund was, for sales of land

.....	£1464 15 10
which was expended as follows:—	£ s. d.
Payment of an over draft for Investment in 1850.....	15 15 10
Provincial Debenture.....	500 0 0
Books for Library.....	1 3 9

516 19 7

Leaving a balance of.....947 16 3
of which £900 had been set apart for investment on mortgage, but which was not appropriated at the close of the year.

The amount received on account of income during the course of the year from all sources, including Fees for tuition and the Government grant, was...£4395 1 3

The disbursements during the year, inclusive of the expense of joint management for 1850 as already alluded to, were.....£4639 15 9

Leaving income debtor in the sum of.....£244 14 6

A more detailed statement of the receipts and payments will be found in the quarterly and annual accounts already presented to the Council.

The arrangement for the appropriation of the joint management account varied in some respects from that of 1850.

According to the Statute of the Commission of Visitation, defining the duties and naming the salary of the Chairman of the Board of Endowment, one-sixth of the salary is payable by Upper Canada College, the other five-sixths by the University. After a careful investigation the Board arrived at the conclusion that a proper division of the remaining items of joint management for 1851, would be into fifths, of which Upper Canada College should pay one.

As pointed out by the Act, each Institution bore the expense of the attendance at the Board of its own members.

The Board would take this opportunity of stating that, owing, no doubt, to the locality of the greater portion of the Endowment of Upper Canada College, there is a much greater difficulty experienced in making sales than in the case of the University. The lands of the latter are, in general, situated in the more settled portions of the Country, and are, of course, more in demand and command better prices.

The lands of Upper Canada College are, to a very great extent, in Seymour to the Eastward, and in Ekfrid and Mosa to the West, which, as compared with the front Townships, are but very indifferently settled.

Nevertheless, the Board have been able to make some sales. In 1850 they disposed of 2010 acres at an aggregate price of £2940, and an average of \$5.85. Of this quantity more than one half was embraced in the sale to Mr. Roaf, of the Huffs Island property.

In 1851 they sold 2558 acres, at an aggregate price of £3314, and an average of \$4.91½. The total average of the sales of the two years is a fraction over 27s. 3½d. per acre.

The Board is at present taking steps in reference to an inspection and valuation of all the lands under their charge, which they have every reason to believe will result not simply in affording a more correct knowledge of the state of the property, but in promoting sales; and although they regret to perceive that the College is at present struggling under difficulties, arising from a deficient, or at any rate, a very narrow income, as compared with the expenditure, they have every reason to hope, that in the course of a few years the sales will be so increased as to put the Institution in a position to enable the Council to extend its usefulness by adding to the number of branches in which instruction is given, and reducing the fees paid by the pupils.

The Board would conclude this Report, by respectfully urging upon the Council the necessity there exists for the practice of the most rigid economy in the expenditure of the Institution, otherwise there will, in all probability, arise the necessity for a very serious deduction from the incomes of the Principal and Masters. In connection with this subject, the attention of the Council is also respectfully called to the necessity of a yearly Statute for incidental expenses, appropriating some specific or definite sum of money under that general head, according to the Act of Parliament, and dividing it into the several branches of expenditure for the different departments. These incidental expenses are made the fourth charge on the Income fund of the College, and in the absence of any definite appropriation, the Board are called upon to pay moneys to any required amount that the Income fund may bear, thereby jeopardizing the fifth charge which is for the salaries of the Principal, Masters, &c., and affording no such check upon expenditure as the Act of Parliament evidently contemplated.

All of which is respectfully submitted.

DAVID BUCHAN,
Chairman.

REPORT OF THE CAPUT FOR THE YEAR 1851.

1. In the Report for 1850, the Caput gave a brief sketch of the measures, which were preliminary to carrying the Act of 1849 into active operation, as it regarded the Convocation, the Senate, the Caput, the three Faculties, and the Endowment Board. They at present propose to notice the principal proceedings of each of these bodies during the past year, and to subjoin detailed information, from which correct views may be formed of the progress and prospects of the University:—

CONVOCATION.

The proceedings of this body present no measure of any public interest with the exception of the matriculation of students and admission to degrees, particulars of which will be found elsewhere (p. p. 14, 15.).

SENATE.

The subjoined List, giving the titles of the Statutes passed by the Senate in 1851, will sufficiently explain the objects to which the chief attention of that body was directed during the year.

STATUTES.

- January 11th, Relative to Chair of Agriculture and the Establishment of an Experimental Farm.
 February 1st, Relative to the payment of the salaries of Vice Chancellor and Deans.
 “ “ For the amendment of Statute No. 10 relative to Endowment Board.
 “ 15th, For additional sum of money to complete and fit up Medical Building.
 “ 22nd, Relative to Caput.
 March 8th, Relative to Commission of Enquiry.
 “ 22nd, Relative to Fees payable by Students of Medicine.
 “ “ On the subjects for Matriculation Examination.
 May 7th, Of the Election of Annual Officers.
 “ 14th, To establish a cycle, according to which the Crown and Collegiate members of the Senate shall vacate their seats.
 “ “ To fix the salary of the Professor of Agriculture.
 “ “ Relative to new Buildings.
 “ “ Of the Chancellor's Medal for evidences of Natural and Revealed Religion. Established by Hon. P. B. de Blaquier.
 “ 21st, To amend clause No. 3 of Statute No. 14 relative to salary of President.
 August 13th, For surrender and exchange of Land.
 October 3rd, As to declaration of secrecy on admission to Convocation,
 “ “ Relative to University and District Scholarships.
 “ 18th, To amend Statute No. 32 relative to Building Committee.
 “ “ For purchase of Microscopic Specimens.
 Novem. 15th, For purchase of Books in Metaphysics and Moral Philosophy.
 “ 29th, To explain Statute No. 34, relative to salary of President.
 “ “ To amend Statute No. 32, relative to Building Committee.
 Decem. 20th, To restore Professor Croft his house rent.
 “ “ Relative to Clinical Lectures in Medicine and Surgery.
 “ 26th For payment of expenses of the late Commission of Enquiry.
 In the month of June the Hon. C. Widmer, Hon. H. Sherwood, John Cameron and John Roaf, Esquires, vacated their places, and about the same period D. Buchan, J. McMurrieh, W. Proudfoot and J. Hallinan, Esquires, resigned their seats. On July 26th, the following appointments were made, viz:

CAPUT.—The principal subjects which engaged the attention of the Caput during the year, in addition to measures connected with the ordinary discipline and government of the Institution, was the examination of Testimonials submitted by Candidates for the Professorship of Agriculture, and for the new Professorships established by the Visitatorial Commission. The number of Candidates for the respective Chairs was as follows:—

Agriculture.....	3
History and English Literature.....	16
Civil Engineering.....	6
Natural Philosophy.....	10
Modern Languages.....	10
Mineralogy and Geology.....	5
Natural History.....	6

During the present year additional Candidates have presented themselves. In no case was the competition confined to residents in Canada West, but Candidates of high standing in England, Ireland and Scotland, the Continent of Europe, New Brunswick and Nova Scotia, sent in application for the different Chairs.

In the transaction of business much difficulty and delay have been occasioned by the number at which the quorum is fixed by the Act, viz., 4, being four-fifths of the whole number of members composing the body.

BOARD OF ENDOWMENT.

For the proceedings of this body during the year, the Caput beg to refer to the annual Report prepared under the authority of Section 22, 12 Vic., cap. 82.

THE FACULTIES.

No business of any public importance has been transacted by the Faculties during the year. In December the following Professors were elected Deans:—

LAW,—S. CONNOR, L. L. D.; **MEDICINE**,—W. Beaumont, M. D.; **ARTS**,—Rev. James Beaven, D. D.

COMMISSION OF VISITATION.

Two very-important Statutes were passed by this body during the year; one, whereby the new Professorships already referred to, were established, and another, making provision relative to the religious instruction of the Students. The only religious denomination which has taken action under the latter, is that of the Congregationalists, by whom the Reverend A. Lillie was appointed Professor of Divinity. The Commissioners have taken no further action since the month of May, D. Buchan, Esquire, having resigned his seat at the Board at that period.

COMMISSION OF ENQUIRY.

In the month of July, 1851, this body appointed by Statute of King's College, in July, 1848, to examine into and report on the fiscal affairs of the Institution, presented their final Report.

The Caput will now proceed to give detailed information under the same heads which were adopted in their Report of last year.

II. BUILDINGS.

(1.) No change has been made since last year in the arrangements for conducting the business of the Institution. The Building Committee which was appointed by the Statute of the Senate in May, 1851, held its first meeting on the 17th of that month, and on the 24th, issued an advertisement inviting Architects to send in designs. On August 11th, the Committee proceeded to examine the designs which had been sent in by Messrs. Young, Thomas, and John Tully, and decided in favour of Mr. Young's, as the best of the three. The Committee were occupied during the remainder of the year in modifying the plans. By a Statute passed October 18th, 1851, the number of the Committee was increased from 7 to 11, and another Statute relative to their authority was passed on November 29th.

(2.) GROUNDS.

During the past year, convenient portions of ground were set apart for the Experimental Farm and Botanical Garden, and the necessary preparations are at present (August 1852,) in progress, under the supervision of the Professor of Agriculture, and a Committee appointed by the Senate to take charge of the Botanical Garden.

(3.) LIBRARY, MUSEUMS AND APPARATUS.

No important addition was made during the past year, in any of these departments; about 130 volumes (exclusive of Periodicals and Pamphlets,) have been added to the Library. The Anatomical and Chemical department have been increased, the former by about 25, and the latter by about 40 preparations.

(4.) OFFICERS.

The only changes which have taken place, are the election of G. W. Draper, M. A., as Pro-Vice Chancellor, in place of L. W. Smith, B. C. L., resigned; of D. McMichael, B. C. L., as member of the Caput, in place of G. Crookshank, M. A.; of L. W. Smith, B. C. L., as Secretary of Convocation in place of Mr. Edward Nation, who acted in that capacity pro tempore; Dr. Beaumont, as Dean of the Faculty of Medicine, in place of Dr. Nicol; and the appointment of David Buchart, Esquire, as Chairman of the Endowment Board, in place of Hon. Francis Hincks, resigned; and of Mr. Drummond, as Book-keeper of the Endowment Board.

(5.) STUDENTS.

(1.) Number admitted during the year 1851, 58.—Matriculated, 13; Occasional, 45.

(2.) BIRTH-PLACES.

Matriculated,—8, Canada West; 2, United States; 1, England; 1, Ireland; 1, Scotland.

Occasional,—19, Canada West; 12, Scotland; 3, England; 2, Canada East; 2, United States; 1, Ireland; 1, New Brunswick; 1, Gibraltar, and 4 Unknown.

(3.) AGES.

Matriculated,—Maximum, 22; minimum, 18; average, 19½.

Occasional,—Maximum, 36; minimum, 16; average, under 24.

(4.) RELIGIOUS DENOMINATIONS.

Matriculated,—8, Church of England; 2, Methodists; 2, Free Church, and 1, Baptist.
Occasional,—20, Free Church; 7, Church of England; 7, Methodists; 3, Church of Scotland; 2, Presbyterians; 2, Universalists; 1, Congregationalist; 1, Baptist, and 3 Unknown.

(5.) *Total number of Students attending Lectures at the close of the year 1851, 124.*
—9 in Faculty of Law; 50 in Faculty of Medicine; and 65 in Faculty of Arts. Of these, 8 were Graduates; 40 Matriculated Students, and 76 Occasional Students.

(6.) BIRTH-PLACE OF STUDENTS ATTENDING LECTURES, &c.

Graduates,—5, Canada West; 1, England; 1, Ireland; 1, Canada East.
Matriculated,—23, Canada West; 5, Ireland; 5, England; 3, Canada East; 2, United States; 1, Scotland, and 1, Malta.
Occasional,—27, Canada West; 26, Scotland; 7, Ireland; 5, England; 3, United States; 2, Canada East; 1, New Brunswick; 1, Gibraltar; 4, Unknown.

(7.) RELIGIOUS DENOMINATIONS OF STUDENTS ATTENDING LECTURES, &c.

Graduates,—6, Church of England; 2, Methodists.
Matriculated,—27, Church of England; 3, Free Church; 3, Congregationalists; 2, Church of Rome; 2, Universalists; 1, Church of Scotland; 1, Methodist; 1, Baptist.
Occasional,—39, Free Church; 13, Church of England; 9, Methodists; 3, Church of Scotland; 3, Congregationalists; 2, Presbyterians; 2, Universalists; 1, Baptists; 1, No Church, and 3, Unknown.

(6.) GRADUATES.

Number of Degrees conferred during 1851—12; 2 M.D.; 2 B.C.L.; 8 B.A.

* Religious Denominations of Graduates of 1851—9, Church of England; 2, Methodists; 1 Church of Scotland.

GENERAL STATISTICS FROM OPENING OF UNIVERSITY.

Number of Students admitted :

	1843.	1844.	1845.	1846.	1847.	1848.	1849.	1850.	1851.

	0	6	22	5	13	14	16	17	12
2 D.C.L.; 11 M.D.; 18 M.A.; 11 B.C.L.; 1 M.B.; 1 C.M.; 60 B.A., and 1 Mus. Bac. Of these, 3 (in 1850) were conferred on Professors, and 12 by admission <i>ad eundem</i> .									

(7) *Present Establishment, December 31st, 1851.*

(a.) (1) OFFICERS AND SERVANTS.

Visitor:—RIGHT HON. JAMES, EARL OF ELGIN AND KINCARDINE, K. T., M. A., Governor General, &c.

Chancellor:—Hon. P. B. DeBlaquier, M. L. C.

* In last year's Report, there was an error under this head. The numbers should have been, 1 Methodist and 4 Congregationalists.

† Of these, 5 were incorporated from other Universities.

Vice Chancellor:—H. H. Croft, D. C. L., Professor of Chemistry and Experimental Philosophy.

President:—Rev. J. McCaul, L. L. D., Professor of Classics, Logic, Rhetoric and Belles Lettres.

P. V. Chancellor:—G. W. Draper, M. A.

Deans Law:—S. Connor, L. L. D.; Medicine, W. Beaumont, M. D.; Arts, Rev. James Beaven, D. D.

Professors:—Rev. J. McCaul, L. L. D., Classics, Logic, Rhetoric, and Belles Lettres.

“ Rev. James Beaven, D. D., Metaphysics and Ethics.

“ H. H. Croft, D. C. L., Chemistry and Experimental Philosophy.

“ W. C. Gwynne, M. B., Anatomy and Physiology.

“ John King, M. D., Medicine.

“ Wm. Beaumont, M. D., Surgery.

“ G. Herrick, M. D., Obstetrics and Diseases of women and children.

“ W. B. Nicol, M. D., Materia Medica, Pharmacy and Botany.

“ Rev. R. Murray, M. A., Mathematics and Natural Philosophy.

“ Lucius O'Brien, M. D., Medical Jurisprudence.

“ S. Connor, L. L. D., Law and Jurisprudence.

“ J. H. Richardson, M. D., Practical Anatomy.

Assistant Librarians:—
 { R. J. Tyner, B. A.; Ths. T. Robarts, B. A.; Jas. A.
 Preston, B. A. A M. Clarke, B. A.; Edward Fitz-
 gerald, B. A.

Lecturer:—J. M. Hirschfelder, Esquire, Oriental Literature

Librarian:—J. McCaul, L. L. D.

Curator of General Museum:—H. H. Croft, D. C. L.

Curator of Anatomical and Pathological Museum:—J. H. Richardson, M. D.

Bursar:—Allan Cameron, Esquire.

Solicitor:—Skeffington Connor, L. L. D.

Bookseller:—H. Rowsell.

Printers:—Rowsell and Thompson.

Acting Superintendent of Grounds, Steward and Beadel:—Daniel Orris.

Attendants:—9.

(b.) (2.) *Members of Convocation.*

Hon. P. B. DeBlaquière, Chancellor.

H. H. Croft, D. C. L., Vice Chancellor.

Rev. J. McCaul, L. L. D., President.

G. W. Draper, M. A., Pro. Vice Chancellor.

Rev. James Beaven, D. D., Professor, Metaphysics and Ethics.

W. C. Gwynne, M. B., “ Anatomy and Physiology.

John King, M. D., “ Medicine.

Wm. Beaumont, M. D., “ Surgery.

G. Herrick, M. D., Professor, Obstetrics & Diseases Women & Children.

W. B. Nicol, M. D., “ Materia Medica, Pharmacy and Botany.

Rev. R. Murray, “ Mathematics and Natural Philosophy.

Lucius O'Brien, M. D., “ Medical Jurisprudence.

Skeffington Connor, L. L. D., Professor Law and Jurisprudence.

J. H. Richardson, M. D., “ Practical Anatomy.

* Rev. F. J. Lundy, D. C. L.

Henry Boys, M. D.

James Bovel, M. D.

John Scott, M. D.

W. C. Chevett, M. D.

C. J. Eastwood, M. D.

* The names of all these Graduates are given whose degrees entitle them to seats in Convocation.

*(8). Courses of Study in the different Faculties for the year 1851, 1852.**(A) (1.) LAW.*

- 1st. Year—Subjects of Lectures and Blackstone's Commentaries, vols. 1, 111 & IV.
 2nd year—Addison on Contracts, Stephen on Pleading, Taylor on Evidence, and Smith's Mercantile Law.
 3rd year—Gilbert's Law of Tenures, (5th Edit.); Blackstone's Commentaries (vol. II.); Sugden, on Vendors and Purchasers, and Saunder's Essay, on Uses and Trusts.
 For B. C. L. Pothier's Treatise on the Law of Obligations, Storey's Conflict of Laws, Montesquieu's Spirit of Laws, and Spence's Equity Jurisdiction.
 The Subject of Lectures for Michaelmas Term, 1851, Hilary and Easter, 1852, was the Law of Evidence, referring to the works of Mr. Taylor and Mr. Phillips.

*(B.) MEDICINE.**Requisites for the Degree of M. D.*

A. Having taken a degree in Arts in this University, or in a University or College, the degrees of which are recognized by this University, or having passed the Matriculation Examination.

B. Having attained the age of twenty-one years.

C. Having been engaged in medical studies not less than four years; having attended not less than two courses of Lectures, each of six months duration on each of the subjects marked Nos. 1, 2, 3 and 4; one six month's course on each of the subjects marked 5, 6 8 and 9; and one three month's course on the subject marked 7, in this University, or in an University, College or School of Medicine, recognized by this University.

1. Practical Anatomy with Dissections.
2. Anatomy and Physiology.
3. Principles and Practice of Medicine.
4. Principles and Practice of Surgery.
5. Materia Medica and Pharmacy.
6. Chemistry.
7. Practical Chemistry.
8. Midwifery and Diseases of Women and Children.
9. Medical Jurisprudence.

One year, at least, must be spent in attending Lectures in this University; and certificates of attendance upon more than four, or less than two of the above subjects in one year will not be received.

D. Having attended the Medical and Surgical Practice of a recognized Hospital for eighteen months, and Medical and Surgical Clinical Lectures during six months of the above time.

E. Having passed examinations in all the above subjects.

F. Having performed the appointed exercises, consisting of a thesis on some Medical subject, chosen by the Candidate, and approved by the Dean of the Faculty; and the performance upon the dead subject of such capital operations as may be required by the Examiners.

(C.) ARTS.

MATRICULATION EXAMINATION.

Classics.

Homer, Iliad Bb. I. & VI.
 " Odys, B. IX.
 Xenophon Anabasis, B. I.
 Lucian Charon, Vita and Timon,
 Virgil Æneid, B. II.
 " B. VI.

Mathematics.

Arithmetic.
 Algebra (Elementary Rules.)
 " to Quadratic Equations,
 Euclid, B. I.
 " Bb. II. III. IV Def. V. & B. VI.

By a statute passed by the Senate in 1851, the following have been appointed as the subjects of examination for Candidates for admission:—

1851.

CLASSICS.

Homer, Iliad, B. I.
 Xenophon, Anabasis B. I.
 Lucian, Charon. Vita Timon.
 Virgil, Æneid, B. II.
 Sallust Catilina.
 Ovid, Fasti, B. I.
 Translation from English into Latin
 Prose.

MATHEMATICS.

Arithmetic.
 Algebra, Elementary Rules.
 Euclid, B. I.

Additional for Candidates for Honors.

Homer, Iliad, B. VI.
 Homer, Odyssey, B. IX.
 Virgil, Æneid, B. VI.
 Horace, Odes, B. I.
 Translation from English into Latin
 Verse.

Algebra to Quadratic Equation (inclusive.)

Euclid, Bb. II. III. IV.
 Def. V. and B. VI

1852.

ALGEBRA AND ARITHMETIC.

Homer, Iliad, B. I.
 Xenophon, Anabasis, B. I.
 Lucian, Charon and Vita.
 Virgil, Æ., B. VI.
 Ovid, Fasti, B. I.
 Cæsar, de Bell. Gall. B. V. and VI.
 Translation from English into Latin
 Prose.
 English Composition.
 English History to present time.
 Roman History to accession of Augustus.

First four Rules of Arithmetic.
 Vulgar and Decimal Fractions.
 Extraction of the Square Root.
 First four Rules of Algebra.
 Proportion and Progression.
 Simple Equations.

Euclid, B. I.

CLASSICS, &c.

Grecian History to death of Alexander.
 Outlines of ancient and modern Geography.

Mathematics.

Additional for Candidates for Honors.

Homer, <i>Odyssey</i> , B. IV.	Algebra.
Lucian, <i>Timon</i> .	Quadratic Equations.
Demosthenes, <i>Olynth I.</i> (Barker's ed.)	Permutations and Combinations.
	Binomial Theorem.
Horace, <i>Odes</i> , B. I.	Euclid.
Sallust, <i>Catilina</i> .	Bb. II. III. IV. Def. V.
Cicero, in <i>Catilina</i> , <i>Orat. I.</i>	B. VI. and B. XI. to Prop. 21.
Translation from English into Latin Verse.	

Additional for those who purpose proceeding to the degree of M. D. without passing through Faculty of Arts:—

Mechanics.—Composition and revolution of forces, the mechanical powers.—Definition of centre of gravity, and mode of finding it for any rigid body—method of measuring velocity and dynamical force—The laws of motion—The motion of a body falling freely under action of Gravity:—

Hydrostatics.—Explanation of the pressure of a fluid, and the Laws that “Fluids press equally in all directions,” and that “the pressure of a fluid is proportional to its depth”—Statement of the law of bodies floating—Description and explanation of a Hydrometer, and the mode of finding specific gravity by means of it—Description and explanation of the thermometer, barometer, syphon, common and forcing pumps, air pump, and steam engine.

Optics.—Laws of reflection and refraction—Decomposition of sun-light by prism—Formation of images by mirrors and lenses—Description of the eye and the mode in which vision is effected by it, with the correction of the defects of long and short sight by lenses—Description of the telescope and microscope.

1853.

In addition to the subjects for 1852, the following

For Candidates for Honors.

Sophocles <i>Ædipus Rex</i> .	Nature and use of Logarithms
Livy, B. I.	Plane Trigonometry:
	Solution of plane Triangles.

For those who purpose proceeding to the degree of M. D. &c.

Acoustics:—Nature of sound, and description of ear.

Astronomy:—Motion of Earth round its axis, and round the sun, with applications of these motions to explain the apparent movements of the sun and stars, the length of days, and the change of seasons—Explanation of eclipses and the moon's Phases.

Heat.—Expansion—change of aggregation—latent and specific heat—vapours—rain—snow—temperature of earth—powers of absorption—emission and reflection—explanation of dew and hoar frost.

Electricity.—Several properties of electrified bodies—theories of Franklin and Dufay—distribution of electricity in bodies—principle of lightning rods—atmospheric electricity—explanation of thunder—explanation of voltaic pile—action of currents on each other—Ampere's theory of magnets—reciprocal action of magnets on galvanic currents—voltaelectric induction and magnetolectric machines.

After 1851, Candidates for Honors in one department (either classics or mathematics) will not be required to take any of the subjects for Honors in the other.

FRESHMEN.

REPORT

OF THE

PRINCIPAL OF UPPER CANADA COLLEGE,

OF

1851.

To His Excellency the Earl of Elgin & Kincardine, Governor General, &c., &c., &c.

MAY IT PLEASE YOUR EXCELLENCY,

The annual Report which is required of the Principal of the College by Section LV. of the 12th Victoria, cap. 82, cannot from the monotony of my employment and the fixed and regular order into which the system has quietly and fortunately lapsed, present any new or startling features. The occupations and the routine of one year are so nearly identical with those of another, that the change in the number of the year may be almost said to be the only change or mark of distinction.

Although such data are but barren soil from which to elicit a long or varied report, and may therefore place me so far in an unfavorable light, yet, in the opinion of those acquainted with the nature of Educational Establishments, this state of quiet and repose will be regarded as the greatest blessing to the College. Institutions of Education belong not to that class whose roots grasp the more firmly from the hurricane beating upon them.

It gives me pleasure to state, that the year 1851 has been upon the whole a successful one; the number of pupils in the College has slightly increased, and the year closed with the prospect of an advance in the number of scholars.

I have not, I am sorry to say, yet been enabled to advise the Council to introduce into the system instruction in Chemistry and Agricultural Chemistry, nor to ask them to put upon the grounds the workshops to which I alluded in my Report to Your Excellency, for the year 1850.

At the commencement of the year 1850, when the new Act came into operation, the College was entirely without funds or the means of adequately supplying its wants, inasmuch as the Board of Endowment, which alone has the power of disposing of our property to create an income, did not go into operation for nine months after the first of January, 1850, so that we could not have closed with any proposition for the purchase of the smallest portion of our land however advantageous.

We have suffered and are still suffering from this mishap, and one consequence is that, although I see the premises getting into a dilapidated state, I yet know it is useless to recommend their thorough repair, as the funds therefore are not to be had. I live on, however, in the hope that our Endowment Board, who, as I believe, are giving their best energies and kindest feelings to their duties in behalf of the College, will be yet enabled so to turn our Endowment to account, that we may ere many years have elapsed, not only be placed in a position beyond the fear of want, but have our resources so improved that we may be enabled to become still more extensively useful to the Province at large, and that the U. C. College may repay tenfold through its many useful, good and honorable sons, the liberality of the yearly grant. The Report of the Endowment Board for 1851 to the Council, breathes the same feeling in the following words: "Although the Endowment Board regret to perceive that the College is struggling at present under difficulties arising from a deficient, or at any rate a very narrow, income as compared with the expenditure, they have every reason to hope, that in the course of a few years the sales will be so increased as to

put the Institution in a position to enable the Council to extend its usefulness, by adding to the number of branches in which Instruction is given, and reducing the fees paid by the pupils." The hope, however, of the Endowment Board must wait patiently for its completion and realization, from the fact which they state in another part of their Report, they say: "The Board would take this opportunity of stating that, owing no doubt to the locality of the greater portion of the Endowment of Upper Canada College, there is a much greater difficulty experienced in making sales than in the case of the University."

The Resident School House—is, I am happy to say, a most successful experiment; for not only is it for the first time since the foundation of the College a pecuniary saving; but the admirable way in which it works, the happiness and cheerfulness of the boys—the constant and unceasing supervision exercised by the residing Masters—the total absence of all complaint against it—the almost clear terminal reports of conduct which regularly go home to the Parents, have amply repaid me for all the trouble and anxiety I have experienced in bringing it to its present state.

The Commercial Department—of which I spoke in my Report for 1850, as not receiving that support which was expected, has begun to attract attention, and the numbers in it have advanced, and are steadily increasing.

EXHIBITIONS.

The names of the successful Candidates for Exhibitions in the subjects of Examination furnished to your Excellency in my Report for 1850 are,—

- (1.) D. O'Brien,.....IV. Form Upper Canada College.
- (2.) W. Radenhurst,.....IV. Form Upper Canada College.
- (3.) W. Francis,.....IV. Form Upper Canada College.
- (4.) G. J. Beard,.....IV. Form Upper Canada College.

The subjects of Examination for the Exhibitions for 1851, '52 are,—

Latin—Æneid II.*

Greek—Valpy's Delectus.

Euclid—Book I, deductions thereon.

Algebra—to end of Simp. Eqr. inclusive (according to Budge.)

French Classic F. Reader—A. de Fivas, page 57 to 77. 2nd Race History de France—conducted in French.

Arithmetic—to end of Vulgar Fractions (Thompson's Arithmetic.)

Geography Modern—Europe and North America.

Geography Ancient—Italy.

Natural Philosophy—Comestock, page 101 to 171.

Ancient History—Rome.

PUBLIC PUBLICATIONS.

1851.

NONE.

CONCLUSION.

In taking a retrospect of the year 1851, I cannot but feel thankful for the measure of success which has been vouchsafed to our exertions; and it is no small gratification to me to feel that, if Upper Canada College ever deserved the kindly interest which your Excellency has been pleased to evince towards it, the Institution may still honestly continue to solicit from Your Excellency, that favorable consideration which has been, and will continue to be, no small incentive to further exertion.

I have the honor to be,

Your Excellency's

Obedient, humble servant

F. WM. BARRON, M. A.,

Principal, U. C. C.

minutes of Council to parties concerned; answer all correspondence therewith; copy and send reports when asked for by the Government, the Endowment Board, the College exchequer, excepting salaries; check every item; pay all monies for the College School House; take receipts in duplicate for the College and Endowment Board; and check terminal reports sent to the Exchequer, by the reports furnished by each Master to the Principal.

PRAYERS,

BEFORE ENTERING UPON THE BUSINESS OF THE DAY.

Let us Pray.

Our Father, which art in Heaven, hallowed be Thy name, Thy kingdom come ; Thy will be done in earth, as it is in Heaven ; give us this day our daily bread, and forgive us our trespasses, as we forgive them that trespass against us ; and lead us not into temptation ; but deliver us from evil ; for Thine is the Kingdom, the power, and the glory, for ever and ever. Amen.

O Lord, our Heavenly Father, Almighty and Everlasting God, who hast safely brought us to the beginning of this day, defend us in the same by Thy mighty power ; and grant, that this day we fall into no sin, neither run into any kind of danger, but that all our doings may be ordered by Thy governance, to do always that is righteous in Thy sight, through Jesus Christ our Lord. Amen.

O ! Almighty God, the giver of every good and perfect gift, the Fountain of all wisdom, enlighten, we beseech Thee, our understandings, by Thy Holy Spirit ; and grant, that, whilst with all diligence and sincerity we apply ourselves to the attainment of human knowledge, we fail not constantly to strive after that wisdom which maketh wise unto salvation ; that so, through Thy mercy, we may daily be advanced both in learning and Godliness, to the honour and praise of Thy name, through Christ our Lord. Amen.

The Grace of our Lord Jesus Christ, and the Love of God, and the Fellowship of the Holy Ghost, be with us all evermore. Amen.

AT THE CLOSE OF THE BUSINESS OF THE DAY.

Let us Pray.

Our Father which art in Heaven, Hallowed be Thy name, Thy Kingdom come ; Thy will be done in Earth, as it is in Heaven ; give us this day our daily bread, and forgive us our trespasses, as we forgive them that trespass against us ; and lead us not into temptation ; but deliver us from evil ; for Thine is the Kingdom, the power, and the glory, for ever and ever. Amen.

Most merciful God, we yield Thee our humble and hearty thanks for Thy Fatherly care and preservation of us this day, and for the progress which Thou hast enabled us to make in useful learning ; we pray Thee to imprint upon our minds whatever good instructions we have received, and to bless them to the advancement of our temporal and eternal welfare ; and pardon, we implore Thee, all that Thou hast seen amiss in our thoughts, words, and actions. May Thy good Providence still guide and keep us, during the approaching interval of rest and relaxation, so that we may be thereby prepared to enter on the duties of the morrow with renewed vigour, both of body and mind ; and preserve us, we beseech Thee, now and ever, both outwardly in our bodies, and inwardly in our souls, for the sake of Jesus Christ, Thy Son, our Lord. Amen.

Lighten our darkness, we beseech Thee, O Lord, and by Thy great mercy defend us from all perils and dangers of this night, for the love of Thine only Son, our Saviour, Jesus Christ. Amen.

The Grace of our Lord Jesus Christ, and the Love of God, and the Fellowship of the Holy Ghost, be with us all evermore. Amen.
