"Wilbur House,"
Bathurst, Gloucester County, N. B.

This House, which has been enlarged and thoroughly refurnished, repaired and refurnished, will be opened on Monday next, 12th June.

As regards situation, it is located in a very pleasant town, and being in close proximity to the Bathurst Chertons, is one of the very best summer resorts for tourists and families who leave the heated cities to seek the fresh breezes of the North. The County excels in beautiful scenery and excellent fishing grounds. The hotel is within easy reach of the Intercolonial Railway, and every effort will be made by the Proprietor to secure the comfort and pleasure of all who may patronize the establishment, which will be conducted in the very best manner.

Temperance Reform.

REDBANK.

A friend sends the following, under date 3rd March. Whilst the great Temperance movement is making such rapid strides over the country, it is a happy to inform you that we are also doing something toward the advancement of this great moral reform.

Our Club, which has only been in existence a few weeks, now numbers about 120 members, and at each meeting the number is increasing, as is also the interest in this truly good cause.

At our last meeting, the Temperance Hall was filled to its utmost capacity. The chair was occupied by the President, Jos. White, Esq., and the meeting opened by the Rev. Mr. Anderson (Whitney settlement) with prayer.

The programme then commenced with an address by R. Johnston, Jr., followed by a dialogue from Master W. H. Brown and Miss Bertha Somers.

The recitation from Miss Phoebe Tozer. Then two Misses Barber sang the song, "I have no Mother now." Recitations—"The triumphs of the English Language," by Miss Addie Somers, who was followed by Miss Sophia Somers, who recited "A sad tale, of the Drunkard's Daughter." Short addresses were then given by Mr. John Parks, W. Jones, Esq., and others.

I should occupy too much of your space by going into anything like detail, but the dialogues, songs, readings and recitations by the young ladies were far in advance of any reasonable expectations and would have done credit to a place of more pretensions.

Too much praise cannot be accorded to our young men and women for the noble manner in which they have taken hold and are assisting to carry out the great principles of Temperance Reform.

We meet every Saturday evening. And now, sirs, if you, with a dozen or two more members of your D. R. C. will pay us a visit, while the ice is melting, we will insure you a welcome to our Hall and our homes, and believe you would not regret your visit to Redbank.

NELSON.

A weekly meeting of the Nelson D. R. C. was held on Thursday evening, the President in the chair. The Chaplain opened the meeting with prayer. The choir sang "To the work." Mr. Wm. McKay then addressed the meeting. The choir then sang "Whosoever will." Mr. A. A. Underhill followed with a very interesting address. A song was sung by Miss R. Yee, "I'll never take to drink any more." Mr. Wm. Hubbard gave a very interesting reading which was well received. Samuel Thomson, Esq., of Newcastle, gave a very interesting speech, also a recitation which were well received.

An opportunity was then given for those who wished to sign the pledge, during which time the Choir sang "Dare to be a Daniel." Yield not to temptation." "Hold the Fort." Master Wm. Robinson recited "The Brooklyn Fire," and Miss Katie Ambrose "A District School far away." D. Emerson sang a song. Mr. John Burdell addressed the meeting in a very able manner and was well received. Mr. Wm. McKay gave a reading. Mr. Wm. Gordon sang "Nothing at all," which created a good deal of laughter. Miss Maggie Donald, Miss S. Yee, Miss R. Yee, and Mr. Thos. Gordon sang "A home by the sea." Miss Ida McKay recited "The Union Jack." Master Everitt Bateman "The wolf at the Door," Master Newton Brendle, "I have drank my last glass." Mr. Thos. Harris gave an address. After a collection was taken up, the meeting closed with singing the Doxology.—Com.

CAMPBELLTON.

The meetings at Campbellton are said to be of a very interesting character. The Club is prospering, and gives promise of much future success and usefulness. The number enrolled so far is 500. The officers are:—President, J. B. McKenzie; 1st Vice-President, John Mac 2nd Vice Pres., Allan M. Kendrick; 3rd Vice-Pres., Richard Dawson; Secretary, William Murray; Treasurer, Malcolm Patterson; Chaplain, Rev. Mr. Tippet; Marshalls, Fred. E. Cross and Allan Thompson.

FINANCE COMMITTEE.
Chas. A. Murray; Thos. Andrew; Dugald Firth.

EXECUTIVE COMMITTEE.
Ladies.—Mrs. Malcolm Patterson, Miss Mattie Dawson, Miss Susan Gerrard.

Gentlemen.—Geo. Phillips, James McDonald, Gustave Asker.

The Reform Club in Campbellton has met with a great measure of success. Considering the population, the number, 500, who have already joined the club, is very large, and will compare favorably with other places. The meetings are held every Monday evening, and draw full audiences.

The Temperance Hall often being uncomfortably crowded, the interest also being well kept up by the numerous speakers, aided by a very efficient choir. A movement is on foot to

purchase an organ, to be owned jointly by the Templars and Reformers, who work together in perfect harmony.

The membership at Flat Lands is now over one hundred.

The Reform Club here has also received a requisition from Dundee Settlement, and intend to go in there on Wednesday the 13th inst. to organize a club. Already 42 persons in that place have put down their signatures not to touch, taste, or handle that which while it can do no possible good, does such a vast amount of harm.

FLAT LANDS.

A correspondent informs us that a large and influential delegation from the Campbellton Reform Club, numbering in the vicinity of one hundred, paid a visit to the Flat Lands, a few miles above Campbellton, on Tuesday the 26th February, by special train, which was secured through the endeavours of Messrs Phillips and Asker.

Quite a number took part in the speaking, among whom were the Rev. Mr. Russell, Rev. Mr. Nicholson, "Ben Walker," and members of the Campbellton Club. The choir of the Campbellton Club were also present, taking with them an organ which was kindly placed at their disposal by Miss Murray, Esq., for the occasion.

Miss Mattie Dawson presiding at the organ in her usually good way. Eighty-two names were secured, and officers appointed to organize a Club.

After which the Members of Campbellton Club returned to town, having enjoyed themselves immensely, while assisting in a good and noble work.

CLIFFTON.

A friend sends the following:—
March, 3rd, 1878.

DEAR EDITORS:—Knowing the deep interest you take in the temperance cause, I thought it might not be amiss to inform you that a Reform Club has been organized here, with nearly two hundred members.

We hold our meetings alternately between New Bandon and Clifton.

The officers of the club are Wm. A. Andrew, President; Henry Scott, Wm. Jennings, and Nathaniel Dempsey, Vice Presidents; Francis Scott, Sec.; Lizzie Brown, Fin. Sec.; E. Hornibrook, Treasurer; N. R. Ritchie, Chap.; R. Daly, Sergeant-at-arms; Robt. Hickson and Jas. Kerr, Stewards.

Our last meeting, which was a very interesting one, was held in "Iock Crystal Lodge" room, New Bandon, on Thursday evening. After prayer by the Chaplain the choir and audience sang an opening ode, some business then came before the meeting. Choir and audience then sang "Hold the Fort." An address was given by the President, after which Miss Ritchie and Miss Francis Daly sang The National Temperance Rallying song, choir joining in the chorus. Mr. Ed. Hornibrook then gave a short address, when choir sang "Dreaming of Home and Mother." Miss Maggie Hodnet gave a recitation. The Blue Ribbon Band, "Where are the reapers" was sung by the choir. A short address and amusing reading was given by N. R. Ritchie. "Gathering up the Shells" was sung by Miss Ritchie and Miss Daly, choir taking up the chorus.

Miss Ritchie presided at the organ throughout the meeting. Several members came forward and signed the pledge. The thanks of the meeting were tendered the choir. Adjourned after singing National Anthem, and prayer.

Correspondence.

Chatham, March 6th. A. D., 1878.

DEAR EDITORS:—Happening to be in Chatham last evening a friend of mine invited me to attend the weekly Meeting of the Dutcher Reform Club. Messrs. Editors, if you will have the kindness to publish what I saw and heard there you and I may be the instruments in God's hands of doing a little good.

The first on the Programme was Music by the band, which merited my full approval. Then followed the choir, followed by an address from the Rev. Mr. M. Bain, of stocks. It seems that the Club intend building a hall and club rooms, and to carry out that intention called a meeting in the afternoon, when it was determined to open a stock book, and also to apply to the Legislature for an Act of Incorporation, the speaker dwelt on the different kinds of stock &c. After this speaker a bald headed man with a mouth full of tobacco suggested to the President the idea of calling one of the Assistant Marshalls to help him keep order among the Young Ladies on the stage, which idea was speedily carried out. To the mind of a stranger like myself the idea seemed preposterous, and I would have been more consistent with common decency if the President had suggested to that young man that his tobacco spitting made more noise, was more offensive, and very ungentlemanly when so many Ladies were all around him. On enquiry I found that this young man belongs to the

Choir and is what they call a piper singer, (I think he is base enough without adding singer.) After this little interruption matters went along quite smoothly. Next on the Programme was a song by two school boys, and reminded one of the sing song style of reading adopted long ago in country schools when the teacher wishes to show the efficiency of her favorite reading class. Next a recitation by Master Stafford Benson, which was highly creditable to the young lad. This was followed by a song from a number of young ladies belonging to the neighboring village (as I was informed.) Mr. Bourne of Newcastle then recited "The Bridge of Sighs." Mr. Bourne has a good voice and manner, a little practice and perseverance would make him what is called a first class reader. The picture of the suicide was rendered in a voice which if tuned to old hundred would have sounded sublime. Next on the Programme was a song entitled the village choristers, here again our noble youth of the bald headed distinguished himself, as his singing from where I was seated sounded like the howling of an infuriated herd of swine. Another intermission caused by the President suggesting "that the audience would not keep time with the feet, no gentleman would do it, therefore it must have been done by the mob in the back seat. The stamping of my mind was done to drown the howling of our distinguished tobacco chewer. Mr. Grierson followed with an address against intemperance, facts and figures were made to speak truth against the evil effects of intemperance, this gentleman tried to trace the cause of the famine in India to Gin. The band again favored the audience with another of their choice selections, and inquiring what was the name of the tune I was informed by my friend that each performer played a tune to suit himself and the whole was christened the "Dutcher Medley," and a fine old Medley it made. While the band was playing people were kindly invited to step forward and sign the pledge.

Next on the Programme was an address from Mr. Thomson, of Newcastle, on strong drink when applied to nations and men, which was a fine address. This was followed by a song from Mr. Desbrisar, who has a fine voice and is a first class performer. Next a recitation from Master Louis Brehant, a youth of five years, which was really wonderful. Next was a solo by Miss Knight, as I never say anything good, bad or indifferent about the young ladies I will be pardoned if I pass this by without comment. Mr. Thomas Myres then addressed the audience in Dutch, and as I never studied that language I was unable to understand what he said although he seemed to afford some amusement to persons present. Next was a solo by Mrs. J. R. Goggin, with chorus by Choir. Minutes of afternoon meeting read and approved. The choir then sang one verse of God save the Queen.

When every one departed to their homes perfectly satisfied with the evening's proceedings. Now Messrs. Editors, since the Inhabitants of Chatham were satisfied it will become me to say I was not.

A STRANGER.

ESQUIMAUX CHURCH.

Esquimaux, Feb. 28, '78.

Messrs. Editors:—I was very much surprised in looking over the last Address to find there a piece of nonsense, signed "Bible Christian," (and having no place to date from) referring to the Esquimaux Church, New Messrs. Editors, it is too bad that this community, at least the Protestant portion of it cannot be left alone in regard to their Church. I know as much about that Church as any one or I think I do, much more than "Bible Christian." I have seen all the papers and accounts connected herewith, they having been in my hands for some time. It is quite true that the subscription paper was headed, "The Church to be free to all protestants," and I have much pleasure in stating that it is so. The writer goes on to say that the Methodists have power to stop any Minister of any other denomination from preaching in it; &c. &c. and I have much pleasure in stating that they have not that part of the question. Before there was a piece of lumber on the ground; yea, before they had the ground whereon to build the lumber, a meeting of the Protestant people of this settlement was held at the residence of Mr. John Lewis, to come to some conclusions about building, and to arrange for a site, &c. All the Protestant people of the place were there (and they are the only ones interested.) During the meeting there was some discussion concerning what denomination should have control of the Church when built. Mr. Thomas Phillips, who was present, brought in a resolution to the effect, that the Church be handed over to the Wesleyan Conference, with the understanding that the Church was to be free to any Protestant Minister of any other denomination. The resolution was seconded by Mr. Charles M. Lean, and was concurred in by all present, with the exception of two. At the same time, Mr. Alex. Wilson offered a piece of ground free upon which to build the Church, which was accepted. The "Bible Christian" (a Christian he must surely be) says the people were a mixed denomination, some members of the Church of England, some Presbyterians. Probably they were; but are they now? I have a good chance to know, and will say they are not, that is the people who own the Church with the exception

of one or two and they are quite willing to see the Methodists preaching in it. The next question, how many Presbyterians signed the subscription list, and what was the amount of their subscriptions? That I could easily answer but I will not do so now. The persons who collected the money asked the parties who subscribed to aid a poor place to build a meeting house, and it was supposed the money was given voluntarily, but if there are any parties dissatisfied because the Methodists own the Church, and want their subscriptions back I think if they apply to the trustees they can be accommodated.

In conclusion, I would say that the Christian gentlemen who the subscribers names (what a list!) and the amounts subscribed, all right, with the exception of one or two, but he has not got half the number. He also says Miss E. Tait collected \$140.00, which is untrue, and shows that the "Bible Christian" friend does not know any thing about the subject he is trying to agitate. What he does know he merely gleaned from hearsay. I for one think if the truth was known, the "Bible Christian" has not subscribed one cent towards the Church. If there are any persons who are dissatisfied and would like to know any thing about the Church, I say let them enquire of any of the trustees, who I am sure will let them have all the information in their power. All the lists of those who handed lumber are on hand, and some parties paid their subscriptions that way, although our Christian friend did not see them. If he wants to discuss the question let him come out under his true name, and people will see if he is worth arguing with. But let him state the truth, and tell the people what the different Protestant denominations have done towards promoting Christian knowledge the last two or three years, and tell the people what a minded person will see who has the right to control the Church. I see the Miramichi Presbytery have appointed a committee to enquire into Esquimaux Church, who I presume are able to judge right from wrong, and fair from an unfair deed. If the committee come to the right place, that is to the truth, they will get all needed information.

I am Messrs. Editors,
Your Obedt. Servt.

A SUBSCRIBER WHO KNOWS.

Feb. 25, 1878.

DEAR EDITORS:—In consequence of a letter which was received by Rev. Mr. Anderson, Baptist Minister, stationed here, from Rev. Mr. McCallagh, Red Bank, I, as some think, have got myself into trouble. I wish to make use of a small space of your paper, to disabuse the minds of those who think so. I am charged by the representative of the Presbyterian interest in this section with defamation of character, quite a serious charge if established. I am not desirous of wasting words but let me tell the people of the river that one of the

The Estimates.

The Finance Minister of the Dominion submitted his estimates for the year to the House of Commons on Tuesday. The total demand of the Gov't of Parliament amounts to \$20,248,283, which \$15,900,000 is chargeable to Capital Account and Public Debt, and \$23,410,000 to Consolidated Fund. The estimate of last year on Consolidated Fund account was \$23,287,228, and the total estimate \$24,490,567. While therefore there is a small increase on Consolidated Fund account, there is a large increase in Capital Expenditure.

Burned to Death.

A correspondent at Bridgewater, N. S., sends the following incidents of a fire near that town which has already been noticed by us. He says: "The inmates were David Okie and wife; his son and wife and child a year old, a single son and daughter. The latter son, aged 16, was burned to death, and his sister, 17, to the face. He was very badly burned, but is expected to recover. Mrs. Okie, junior, 26, wandered about in search of her child, and had thrown it out of the window into the snow. He called to the mother that the child was safe, but could not get near her, and she, bewildered, did not understand what he said. She was horribly burned in the head, face, shoulders, back, breast, &c., and had nothing on but a piece of her night dress on her neck and shoulders. In this state, and barefooted she went in the sleet storm to the next neighbour's living room, where she lay for some time. She died yesterday evening. The daughter and son were standing by her bed. The unfortunate was in a small log house of only one room. The fire was caused by ashes in a barrel standing in the porch, which had a light belonging to the house."—Record.

SPECIAL NOTICES.

The spring months are a very trying season of the year to those constitutionally inclined to disorders of the respiratory organs. The unusually mild weather sometimes so prevalent about mid-spring encourages many to hope that they have escaped their customary complaints. The second winter, which generally succeeds such a mild spell, no doubt disappoints hundreds, many of whom need not be disappointed, for they may defy any cough from becoming languid by using Dr. Wilson's Pulmonary Cherry Balsam; and from experience it, duty compels us to say, it seems designed for the express purpose of securing to the weak and infirm the means of preserving good and robust health.

NOTICE.

At a meeting of the Council of the Municipality of the County of Northumberland, held at the Council Chamber, Newcastle, on the 14th day of January, A. D. 1878. Resolved: That the following By-Laws be made and established for the government of the said Municipality.

By-LAW Relating to Public Exhibitions. Be it ordained by the Municipal Council of the County of Northumberland, 1. That before any circus, show or meeting of any kind, or public exhibition, of which the managers or proprietors are non-residents, at which an admission fee to be charged, shall be allowed to exhibit, they shall pay to the Collector of Rates in the district, as follows: Circus and Menagerie combined, \$20 00; Circus or Menagerie, 10 00; Any Show or Exhibition in a public hall, for first exhibition, 2 00; Strong Apparatus, thereby relating to Public Exhibitions, passed at April sittings 1876, and the same is hereby repealed. A BY-LAW Relating to Drifts. Be it ordained by the Municipal Council of the County of Northumberland, 1. That no person, under any pretence whatever, shall drive, or lead any horse, mare, gelding, or other cattle, upon or along any bridge within this County, upon a length of 40 feet in length of span, at greater depth than the water level, or upon any other bridge, to be applied when collected, as follows: one third shall be paid to the complainant, and the balance to be expended in repairing the bridge upon which the offence was committed, under the direction of the Surveyor-General, and the same may be applied, and if not so expended, the balance shall be paid to the Secretary-Treasurer, for the use of the Municipality. 2. That every Justice of the Peace, or other person, expending any money on any bridge, or other structure, shall be deemed to have expended the same, and shall be liable to the same penalty of \$4 for each neglect to do so. 3. That section 1 of a By-Law Relating to Drifts, passed at April sittings 1876, be, and the same is hereby repealed. A BY-LAW Relating to Cattle going at large in Hillsdale and Ludlow. Be it ordained by the Municipal Council of the County of Northumberland, 1. That no horse, cattle or sheep be allowed or suffered to go at large, on the shores, banks, intervals, or along the River Miramichi within the Parishes of Hillsdale and Ludlow, between the first day of May and the first day of October in any year. 2. All the penalties imposed by a By-Law Relating to the going at large of Cattle and Sheep, passed at April sittings 1876, shall apply to any violation of the foregoing section in like cases; and all fees payable by the Hogs, Constables and Pound Keepers, respectively, for performing their several duties. WM. LAWLER, SAML THOMSON, Warden, Secy-Treasurer.

When it is considered that the largest amount ever asked by the late Government, and that too in an exceptional year, was \$22,245,713, and that the present Government after reducing their expenses in several directions, in order to make as favorable an appearance as possible in the coming year, require \$23,440,000, it is not surprising that the present "economical" Government expended over \$1,000,000 per annum (averaging \$1,500,000 per year) in controllable items, more than the "corrupt and extravagant" administration of Sir John A. Macdonald cannot fail to have great weight in the country.—Intelligencer.

A Montreal despatch, dated 5th inst., says:—"A better feeling prevails here to-day in financial circles. The 4th inst. was looked forward to with great anxiety among the dry-goods trade of this city as the time that would try men's stability, the bills of last fall to English and American manufacturers were pressing, and it was well known that many old houses would have to succumb. These apprehensions were not justified, as bankers concur in saying that the general feeling was never more promptly met, and not a single house but Merrill's has gone under."

"PULMONARY CONSUMPTION arises from a deficiency or deficiency of vitality in the natural bioplasm or germinal matter; and this deficiency manifests itself not only in a general wasting or atrophy of the whole body, but also in a peculiar degeneration, chiefly of the lungs and lymphatic system, of portions of this bioplasm into a sluggish, low-lived, yet proliferating matter, which, instead of maintaining the nutrition and integrity of the tissues (which is the natural office of the bioplasm) clogs them, and irritates them with a substance which is more or less prone to decay, and eventually involves them also in its own disintegration and destruction."

THE MASON & HAMLIN ORGAN SINGS ITS OWN PRAISES, AND LEADS THE WORTHY. Pronounced by Masters of Music, and most competent critics, to be incomparably the foremost of all instruments of its class. The Mason & Hamlin Organ— "Charming with it." The Mason & Hamlin Organ— "Exquisite in tone." The Mason & Hamlin Organ— "Excels in tone." The Mason & Hamlin Organ— "Surpassingly fine." The Mason & Hamlin Organ— "Has no equal." Frederick, N. B., August 27, 77.

THE POPE'S CORONATION. ROME, March 3.—Pope Leo XIII was crowned in Sixtine Chapel to-day. The ceremony commenced at 9.30 in the morning and terminated at 1.30 in the afternoon. The Cardinals, Prelates and Diplomats accredited to the Vatican, and a few other persons were present. The Pope was afterwards carried to his apartments, blessing the spectators on the way. A few houses are illuminated to-night. Crowds broke the windows which were illuminated for the Pope's coronation, but were dispersed by the troops without casualty. When Cardinal Simoni was about to resume his office as Pontifical Secretary of State, the Catholic Powers and some Cardinals protested against his restoration, because of his reactionary tendencies. Cardinal Simoni therefore resigned and Cardinal Franchi was appointed in his place.

WHAT THEY SAY OF IT. A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicine which have withstood the impartial judgment of the people for so long a period as Dr. Thomas' Electric Oil. One of the best of the world's physicians, Dr. Thomas' Electric Oil. Read the following and be convinced.—T. H. Robinson, East. Hove, writes: "I have been troubled with liver complaint several years, and have tried many different medicines with little or no benefit, until I tried Dr. Thomas' Electric Oil, which gave me immediate relief, and I would say that I have used it with the best effect. No one should be without it. I have tried it on my horses in cases of wounds, etc., and think it is equally as good for Warkworth, writes: "I have sold some hundreds of bottles of Electric Oil, and it is pronounced by the best of the world's physicians, Dr. Thomas' Electric Oil.
