Wilson's Annual Address to Congress Delivered

PEACE TREATY WILL BE DISCUSSED SEPARATELY

Recommendations Include Legislation to Combat Cost of Living,
Labor Unrest, Radicalism, and Readjustment of Nation's Peace-
time Basis.

WASHINGTON, Dec. 2.—General recommendations on legislation to combat the cost of living, labor unrest, radicalism and readjustment of the nation to peace time basis, were the features of President Wilson's annual message to Congress delivered to-day. The peace treaty, the president told Congress, will be discussed in a separate message, that as well as the railroad question. For the second time only since the president established the practice of addressing Congress in person his message was read to-day by clerks.

The President's principal recommendations were:

Establishment of the budget system for national finances.

Re-organization of taxation system with simplification of income and

excess profits.

Readjustment of tariff system, if necessary to meet the changed world conditions and make the system conform with the fact that the United States is "greatest capitalist in the world."

Recognition and relief for veteran soldiers of the world war, particularly in the way of government farms as proposed by the secretary of interior land.

Proper measures to foster dye-stuffs industry built up during the war.

Measures which "will remove causes of political restlessness in our body politic."

An enlarged program for rural development in recognition of farmers part in war.

Measures which "will remove causes of political restlessness in our body politic."

EX-PREMIER HEARST WILL BE TENDERED BIG BANQUET IN TORONTO ON DEC 17TH

Affair Will be Strictly Non-Partisan and is Intended as Tribute to
Personal Character of Mr. Hearst.

TORONTO, Ont., Dec. 2.—Admirers and friends of all shades of political thought will honor Sir William H. Hearst, the ex-premier of Ontario, on Dec. 17th at a complimentary dinner to be held at the King Edward Hotel.

Sponsors for the Hearst dinner make it clear that the affair is to be strictly non-partisan and that it is intended as a tribute to the personal character of the ex-premier.

The dinner will be given by the Ontario branch of the Hearst Foundation, which was organized in 1917 for the purpose of honoring the ex-premier.

"It involves no reflection upon the judgment of the people of Ontario in the recent election," explained one of the committee.

"It must not be taken as a censure on any kind on any political party,

but simply as a tribute to honesty and efficiency in government."

While the Honorary Committee for the dinner has not been completed, its character may be seen from the following partial list: George H. Gooderham, Hon. Gurney, Sir Jas. Wood, Dr. Bruce MacDonald, Mr. Justice Ferguson, Dr. J. Murray, Sir Edmund Walker, W. L. Grant, M.A., Hon. H. J. Cody, Arthur Hewitt, Dr. C. H. Locke, J. E. Atkinson, C. B. McNaught, K. J. Dunstan, Dr. A. C. McKay, Col. F. H. Deason, Mark H. Irish, Dr. Horace L. Brittain, W. E. Rundle, Dr. W. B. Thistle, G. Frank Beer, T. A. Russell, J. R. L. Stay, K.C., Dr. Herbert, A. Bruce, Sir John Willison, C. N. Candler, Angus MacMureh, Frank Arnold, K.C., J. S. Douglas.

WILL CONSIDER SIR ADAM'S DEMAND

TORONTO, Ont., Dec. 2.—Premier Drury was not in a position to-day to discuss the attitude of the Government with reference to the decision of the Federal Government that Sir Adam Beck's demands in connection with the St. Lawrence water powers will not be met.

"That is a matter that will have to be looked into very carefully before I can tell you what position the Ontario Government will take," said the Premier. "It is a very big question and I am not prepared offhand to say what steps will be taken by my Government."

MORE CABINET CHANGES LIKELY

OTTAWA, Ont., Dec. 2.—It is said here to-day that Sir Harry Drayton may not long hold the finance portfolio, but that there is in contemplation a further shuffle of Cabinet positions which will have the effect of sending Sir Harry to the Old Country as high commissioner, succeeding Sir Geo. Perley who now holds that post.

MINISTERS "STAND PAT" ON SALARY

Ontario Cabinet Not in Favor of
Reducing Their Own Salaries.

TORONTO, Ont., Dec. 2.—There are indications aplenty that the Government's immediate policy of the economical administration of Ontario affairs, has not ended with the naming by Premier Drury of \$5,000 for his salary.

Interviews with several of the "standing pat." The present figure of \$5,000 can only be altered by the executive council, and while the Ministers all state that such a "standing pat" has not been considered, it is evident that a consideration of the matter would result in no change, unless a different frame of mind is present.

It is an open secret that Mr. Drury is of the opinion that the other members of the Government are overpaid and that the great discrepancy between the salary of the minister and those of his advisers was one of the chief reasons for the reduction of his own salary.

MORAL MATTERS BEFORE MATERIAL

French Labor Has High Ideals,
Says French Delegate to
Labor Conference.

MONTREAL, Dec. 2.—An appeal to the spirit of community among labor of all races and nationalities for the sake of humanity was made by Leon Jouhaux, secretary of the General Labor Federation of France, last night. Mr. Jouhaux, who is returning from Washington labor conference, spoke on "the aims of Labor and the Washington Conference."

The first aim, he said, was to re-establish the spirit of fraternity and solidarity among the workers broken by the war. He gave a vivid picture of the ideals of French Labor, which he said was poorly understood by the outside world because it was difficult to believe in disinterestedness which placed moral matters before material questions.

JIMMY SIMPSON HASN'T COMMISSION

As Chairman of T. & N. O. Railway
Commission—Consult People
of North First.

TORONTO, Ont., Dec. 2.—There isn't any truth in the rumor that became widespread yesterday that James Simpson has the commission for the chairmanship of the T. & N. O. Railway, in succession to Mr. Englehart, in his pocket. The redoubtable Jimmy himself denied any knowledge of such an appointment, and Hon. Mr. Bowman, Minister of Lands and Mines, who specializes in North-western Enterprises, says no appointment is likely to be made for some time.

The Premier and Hon. Mr. Bowman and Hon. Mr. Mills are about to make a short tour of the Northwest and it would be unreasonable to announce a name before the people in New Ontario had been seen. It is true that Mr. Simpson is well known up north and that many of his admirers are urging that he should be made T. & N. O. Commissioner.

U. S. REPEATS ITS DEMAND

Note to Mexico the Sharpest Yet.

WASHINGTON, Dec. 1.—The Government's note to Mexico, as made public here to-day at the hour of its delivery in Mexico City, renews the request for the immediate release of William O. Jenkins, American consular agent, imprisoned at Puebla, and bluntly charges Carranza with attempting to beset the issue.

In the sharpest language yet addressed to the Carranza Government, and probably more pointed than one Government usually addresses to another in a formal diplomatic communication, the United States says it regards Mexico's plea of judicial process as not releasing Jenkins as "mere excuses," and gives notice that it will not be drawn away from the main facts and into a discussion of "irrelevant and unimportant matters."

Willful Indifference

The attitude of the Carranza Government in the matter, the note says, has been to "assume a willful indifference to the feelings of the American people, and the conclusion drawn by the Government is that Mexico has sought to divert the attention of the American people and the judicial process as well, from the fact that Puebla, second largest city in Mexico, is overrun by bandits while the civil authorities are negligent."

No ultimatum was served, and no time was given in which this Government expects Jenkins to be released and under no circumstances will there be any statement in the note as to what the course of the American Government would be if the renewed request for his release is denied.

THE MILK PRICES AND THE BOARD

H. C. of Living Body Says It Can-
not Hope to do Anything Just
Now.

WAIT FOR TORONTO'S READ-
JUSTMENT

What about the Board of Commerce's attitude towards the recent increase in the price of milk in the city necessitated by the increase price demanded, by the producers. The City Council some weeks ago asked the Board for an investigation. The Board says in a communication to the Council from the Toronto office.

The Toronto office of the Board of Commerce wrote as follows in reply to the council's request to have the Board investigate the recent increase in the price of milk in the city:

"I may say that the Board recently issued a statement to the effect that it is unable to control advances in the price of milk while it is unable to fix the price of milk feeds. However the question of the price for Toronto milk is likely to be taken up by the Board when the time comes. Any decision the Board may come to in this connection will probably be reflected in out prices outside the city."

Suggest Local Correspondent.

The Board of Commerce also wrote asking the city council to appoint a local correspondent to receive any complaints there may be against high prices of milk. This correspondent is to forward such complaints to the Board.

REPORT SPANISH CABINET RESIGNED

(Special to The Record)

PARIS, Dec. 2.—Dispatches from Madrid to-day said the Spanish cabinet had resigned. The military juntas which recently have been under fire were threatening to ask the dismissal of all infantry officers should the government approve the War and Navy Council's decision on the dismissal of students in the war school from the army. The dispatches said. The Spanish cabinet reported to have resigned was headed by Sanchez Toca.

EXPECT MEXICO TO REFUSE RELEASE

States Has Demanded That Con-
sular Agent Jenkins, Now in
Prison, be Released at once.

(Special to The Record)

WASHINGTON, Dec. 2.—President Carranza of Mexico is expected to reply within a week to the last American note requesting immediate release of William O. Jenkins, U.S. Consular agent imprisoned at Puebla. The Mexican answer is not expected earlier than that and the general impression here seems to be that it will be another refusal. This would mean that negotiation for Jenkins' freedom would continue.

WINNIPEG TRIAL TO BE WIDE OPEN

Consul for Defence Says They Will
Welcome Widest Investigation.

(Special to The Record)

WINNIPEG, Dec. 2.—When J. B. Coyne, K.C., for the crown, during the trial of R. B. Russell, asked that letters written by the accused as well as the replies thereto be accepted as exhibition, J. Edward Bird for the accused made his first important pronouncement. "The crown," he said, "has alleged a specific conspiracy. My instructions are to throw this matter wide open and endorse the widest investigation, there is nothing we are afraid of."

EXPRESS CO. WILL APPEAL

OTTAWA, Ont., Dec. 2.—Should an adverse verdict be found against the Canadian Express Co. in the matter of the 35 cases of champagne addressed to the country club in Quebec and seized on the Company's premises here, it is more than probable that the company will be appealed to a higher court. The hearing in the Police Court has been adjourned till next Thursday.

WALES MINERS FAVOR STRIKE

LONDON, Dec. 2.—South Wales miners have voted by a slight majority in favor of a strike over the question of enforcing the raising of the incompetent relief limit to 250 pounds annually. Official figures on balloting available to-day show 73,837 votes for strike and 72,817 against.

It is said that in the mob last evening there were a number of men from outside counties.

FIVE MILLION HYDRO ACCOUNTS

Against Munitions Board Will be
Collected if Courts Can En-
force Payment.

TORONTO, Dec. 2.—"We will saw wood when we get a new sawhorse," remarked Sir Adam Beck when asked to-day if he would release the exchequer court to hear his demand for \$5,000,000 in respect of the excess power supplied to the Munitions factories during the war. The Dominion Government, it is understood, refuses to recognize any responsibility in the matter. The Chairman of Hydro Electric Commission declines any objection on the part of the federal government or to the probable action to be taken by the hydro. "I think we had better keep our mouths shut," he said. It was learned, however, that the Hydro Commission will fight the claim to a finish.

WILL NOT INCLUDE FUME IN TREATY

PARIS, Dec. 2.—The Supreme Council decided to-day that the question of fume should not be included in the Hungarian Peace Treaty, but be reserved for final decision by Allied and associated powers. This decision was made in the course of the discussion of the Italian or Jugo-Slavs to signing the treaty on account of fume.

SIR EVELYN WOOD DEAD

LONDON, Dec. 2.—Field Marshal Sir Evelyn Wood died here this afternoon. Born in 1838, he served in Crimean and Indian Campaigns of 1858, Ashanti, Kaffir, Zulul and Transvaal wars. He was awarded the Victoria Cross for services in the Indian Campaign and was the author of many works on Military subjects.

NEW LOW RECORD STERLING EXCH.

NEW YORK, Dec. 2.—A new low record for sterling exchange was made in the local market to-day when demand sterling opened at \$3.35, 3/8 below yesterday's close. Prices were quoted at ten to dollar off eight centimes, 12.37 to dollar off four centimes.

MILLIONAIRE FRICK DEAD
NEW YORK, Dec. 2.—Henry Clay Frick, millionaire steel manu-
facturer, died here this morning.

Second Edition

The regular afternoon edition is the second edition of this date, December 2nd.

The first edition was out shortly after six o'clock in the morning. It contained a full account of the proceedings at the Council meeting and the following events. 1570 copies of this edition were sold in the course of the day.

MILITIA OFFICERS ON TRAINING

Conference Held in London Yes-
terday By District Officers
and Ottawa Committee.

The Following Account if From
a London Ont. Exchange:

That every infantry regiment in No. 1. District from the 7th Fusiliers to the 108th, of Kitchener, desires to retain its name and identity in the organized militia of Canada.

That there is a strong feeling for retention of the identity of county overseas battalions, 99th to 241st inclusive.

No militia regiment puts forward a claim to complete affiliation with the 1st, 18th and other fighting units.

Every officer expressing an opinion on the subject favors some form of compulsory service in the militia.

The cadet organization of the district should be developed into a feeder for the active militia.

That cavalry and artillery units desire the appointment of remount officers.

PREMIER WANTS TO RETIRE AND QUESTION OF SUCCESSOR IS NOW UNDER DISCUSSION

Sir Robert Borden is Back at Helm but is not Expected to
Remain There Very Long.

Ottawa, Dec. 2.—Sir Robert Borden is again at the helm but by none, it is expected, that Sir Robert will long remain there. His health is much improved but he is far from being in robust condition nevertheless, and the strenuous burdens of the past five years have left a mark which neither rest nor recreation can entirely eradicate.

It is not disrespectful to Sir Robert to say that the question of his successor is being frankly discussed, for it is believed that he would gladly retire were such a successor found. In unofficial but well informed circles here it is believed that Sir Robert may be given a high post in connection with the league of nations.

Another story is that Sir Robert will be Canada's first representative upon the Imperial cabinet in London which next year's Imperial conference is expected to bring into being.

Waterloo News SHORT BRISK SESSION WATERLOO TOWN COUNCIL.

Better Bathing Facilities at Park Recommended.
ALSO BETTER GARBAGE SYSTEM

The regular monthly meeting of the town council was held last evening and had it not been for the giving of the bylaw for the holding of the Municipal Elections and the appointment of the Deputy Returning Officers, its three readings it would have been one of the shortest meetings on record.

The proceedings opened sharp at 8 o'clock all the members being present.
Mrs. H. Ellis, Elgin Street, was present and addressed the Council with regard to the tax for snow-shoveling levied against a lot belonging to her on Elgin Street. It was pointed out that this tax had been charged up against the party that brought it and when the transfer was made she had no idea there were any arrears of taxes of any kind. The Council listened to her complaint and while one or two were in favor of disposing of the question at once, it was finally decided to refer it to Finance, they to deal with as they saw fit.

Asked for Sewer Connection
Mr. Walter Sommerville, who is building a residence on the corner of King and Union Street, explained to the Council that the Engineer had informed him that connection with the sewer could not be had on King Street, and as the other residents on Union Street between King and Mary Streets already had sewer connections on the latter street it was hardly likely that they would sign a petition for the paying of a sewer tax which would only benefit himself. He had appeared before the Council simply to find out the proper way to proceed. Mr. Sommerville explained further that he is at present paying sewer tax on King Street.

The Council assured Mr. Sommerville that connection would be made for his residence either on King or Union Streets. If the connection can be made on King Street so much the better and it was finally decided to lay the matter in the hands of the Engineer as to the best course pursued.

Only Three Communications
There were only three communications and it only took a few minutes to deal with them. The Kitchen Light Commission wrote acknowledging receipt of resolution re better early service and in reply stated that same would be put into force Dec. 1st. They added, however, Clause 10 of the agreement showing that the town was getting much better service than the agreement called for. Some of the Council members however laughed at this expressing their opinion that the business warranted it or it would not have been done. The communication was read. As per usual procedure the Bell Telephone were granted the privilege to erect three poles on Charles St. under the supervision of the town engineer.

Board of Health Chairman Resigns
The resignation of Mr. P. H. Hasenflug, Chairman of the Board of Health, was accepted. Mr. Hasenflug will stand for municipal honors at New Year's. A successor will be appointed at the next meeting of Council.

Board of Works
Deputy Reeve Stroth, Chairman of the Board of Works, presented his report. His committee recommended that the raters payers on King St. North, who had been assessed a 1½ rate for oiling be granted a refund of 50 per cent. and that the price

Don't Trifle With a Cold.
Influenza was not stamped out last winter. It has appeared again. Many cases are reported.

You can't afford to neglect a cold. With the nose, throat and bronchial tubes inflamed and the system weakened you simply invite the germs of influenza to attack.
Break up the cold with DOMINION C. B. Q. (Dominion Cough, Croup, and Quinine Tablets) in the red box. In a few hours, after taking these tablets, the head will clear; the stuffy feeling and headache will disappear. You should keep DOMINION C. B. Q. always in the house through the winter. No telling when you will need this reliable remedy. All druggists have DOMINION C. B. Q. in the red box. This is one of the standard preparations of the National Drug and Chemical Co. of Canada, Limited.

of gravel from the town gravel pit be set at 25 cents per load. The report was adopted.
More Lights Needed
Reeve Bohlender gave a verbal report of the Light Committee. He recommended the placing of a light at the extreme end of Togo Street and also that the poles on Mary Street from Union St. to the Kitchen Light Commission be placed so as to conform with the present poles in Kitchener which are on the outside of the sidewalk. The report was adopted.

Recommend Improving Park Lake

Mr. Moyer and Mr. Foster of the town property committee gave a report of their inspection of the Park Lake. While nothing definite was decided on for this year, they had located a section of the bed of the lake say 200 feet wide by 100 feet long with a thickness of 3 or 4 inches of gravel and the main part a beach with the same material that the lake would be put in fairly good shape for swimming. A float could also be built to some sort of a shelter should also be built on the opposite side of the lake for the convenience of the mowers and it was estimated that the cost would run in the neighborhood of \$300. They moved that a recommendation be made to next year's Council to carry the work on, which carried unanimously.

Better Garbage Collection

Mr. Sturm brought up the question of the present poor garbage collection. He pointed out there were many complaints from citizens who were obliged to have their cans decorated with the outside of their homes unnecessarily. There was no system to the present mode of collection and something should be done to put the service on a more satisfactory basis. The question will be given consideration.

The bylaw for the holding of the Municipal Elections and the appointment of the Deputy Returning Officers was given its third reading and passed result of which will be found in another column. Council adjourned at 9:20 p.m.

Rebekahs At Home.

The At Home given by the Rebekahs in the I. O. O. F. Hall last night was attended by a large number of twin city members and friends who thoroughly enjoyed the hospitality of the kind hostesses. There was dancing and Progressive Euchre, music for the dance being provided by Krug's Orchestra.

These present had a jolly time and during the course of the evening dainty refreshments were served.

Inquiry of the home of Aid. A. L. Bitter this afternoon elicited the information that the Alderman was suffering with the chill brought on by the experience last night in recovering from the effects.

What are Peps

Peps provide a new treatment for colds, coughs and lung troubles. They are little tablets made up from fine extracts and medicinal essences. When put into the mouth the medicinal ingredients turn into healing vapors, which are breathed down direct to the lungs, throat and bronchial tubes. The Peps treatment is direct. Swallowing cough mixtures into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps are revolutionizing the treatment of colds and their price is within the reach of all. All dealers, 50c. box. Send 1c. stamp for FREE TRIAL PACKAGE.

WILDE HINTS AT A BIG PURSE

Is Getting \$11,500 For Bount in Milwaukee and \$11,250 For a Second One.
WHAT THIS CITY COULD OFFER

According to a reply from Jimmy Wilde received by "Kap" a big sum of money would have to be considered if the noted boxer is to be brought here.

George Dwyer, writing from New York, on behalf of Wilde, gratefully acknowledges the offer. Then come enormous figures \$11,500 and \$11,250 for bouts, which he secures in Milwaukee for a first and second engagement respectively.

"Kap" will reply to Dwyer stating that it would be difficult to get any place in this city big enough to accommodate the crowd necessary to guarantee such a gate. \$50,000 with named as a local possibility. It is hoped to have the negotiations continued.

Dwyer's letter to Kap is as follows: 273 East 176th St., N. Y., Nov. 29, 1919.

"I have just received your wire reading 'Your letter of London Free Press: Would like to arrange bout for Wilde at Kitchener, Ontario. Kindly wire your terms and open date.' Michael Kaplansky."

We have many pressing offers from Canada, and must choose the

most satisfactory; I therefore suggest you wire me without delay stating what your offer is, the number of rounds, opponent, etc., and I will be able to deal with your proposition. As you know, Jimmy is now in Milwaukee preparing for his first American bout against Jack Sharkey. If we go to Canada, it will be after either the Milwaukee bout or one we contemplate in Detroit; and as we are inundated with proposals from all over America, it is important to have your offer in definite form as early as possible. Jimmy gets \$11,500 in Milwaukee and we have been offered \$11,250 for the second bout; so you can see if we go to Canada it will mean the passing up of a host of big bids here; however, Canada is Jimmy's own soil and I know a wonderful welcome awaits him there. It will be a sight to see a little fellow like Jimmy possessed of such unquenchable energy and hitting power, and if he boxed in your city he would undoubtedly fill whatever hall you have, and give you something to talk about for many a day. He will not come this way again. I greatly appreciate your kind interest in this matter, and can assure you that if you can arrange proper terms we will be only too glad to give it the best consideration possible. Tell the boys up there that Jimmy has a warm spot for that strip of continent north of the boundary, and both he and I personally want to go up there if at all possible.

With my best wishes and waiting your prompt reply, I remain,
Yours faithfully,
Geo. Dwyer.

P.S.—Will you be good enough to get your reply to me by special delivery if convenient, because time is all-important and we must make important decisions soon? Thanks.
G. D.

COMMUNICATIONS TO THE COUNCIL

The Waterloo County Teachers' Association through Secretary J. D. Weir, wrote asking for the annual grant from the city which according to the provisions of the statutes based on the comparative school attendance in the county amounts to \$27.80.

City Engineer wrote recommending a storm drain from the drain on Stanley Street to the area at the rear of Mr. John Colombo's property, the approximate cost of which is \$2900.

W. W. Pope, of the Hydro Electric Commission, wrote enclosing figures from the annual report on the business of the London and Port Stanley Railway.

Sir Amelius Jarvis wrote on behalf of the Navy League alluding to the coming visit to Toronto of Admiral Jellicoe. He urged the Council to have a representative of representatives there on the occasion of this visit.

The Goderich Board of Trade Again

The Goderich Board of Trade wrote drawing attention to the proposal made that the matter of considering the putting of the Hydro Commission on a more permanent basis is general. They pointed out that before the matter of adopting a new basis is undertaken the question of considering the revision of the system of rates be undertaken. They enclosed a resolution along these lines urging that it be forwarded to the Premier at Toronto.

Assessment Commissioner M. Huebner drew information the Council that a certain bill for \$14.50 for gas and electric bills had been paid to his department, and he recommended that they be paid over to the proper departments.

A South Queen Street resident, Mr. W. O. Mitchell, wrote drawing attention to an error in the assessment of his property. He asks for an allowance.

The Navy League of Canada wrote pointing out that 1000 bags had been asked of Ontario for the purpose of conveying Christmas gifts to the men of the Merchant Marine on the sea. The League was open to receive presentations and donations for the purpose, which would be gratefully received.

Premier Drury, through his secretary Horace Walter, wrote acknowledging the Council's recent resolution regarding the advisability of putting the Hydro Commission on a more permanent basis, which communication he said would receive due consideration.

OUT O' ORDER STOMACHS

Indigestion, Acidity, Sourness and Gases ended with "Pape's Diapiesin"

The moment you eat a tablet or two of Pape's Diapiesin all the lumps of indigestion pain, the sourness, heart burn and belching of gases, due to acidity, vanish—truly wonderful!

Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapiesin now! Don't stay dyspeptic! Try to regulate your stomach so you can eat favorite foods without causing distress. The cost is so little. The benefits so great.

CLEANLINESS IS HEALTH

By the use of Gillett's Lye, house cleaning is made a pleasure instead of a drudgery. It softens the water and cleans thoroughly whether the dirt is visible or invisible. Destroys all bacteria and infectious germs, removes obstructions from drain pipes, closets, sinks, etc. Refrigerators are made delightfully fresh and clean by using one teaspoonful of Gillett's Lye dissolved in two gallons of water.

"GILLETT'S LYE EATS DIRT"
Made in Canada.

The Great Waterways Association through Secretary F. Sclanders wrote asking the city to contribute to the Association's fund as a member of those municipalities which were represented at the conference in Windsor last week. The amount considered proper for this city was given as \$250.

On Samuel Street from the Trunk Sewer to Sterling Avenue, certified by the City Clerk be granted.

FIRE AND LIGHT

1. That three lights be placed on Zoeller Street, three on Schultz Street, and four on Ahrens Street, West, as requested.

2. That a team of horses be procured from P. K. Weber for No. 1 Fire Station, and that the old team and \$300 be given him in exchange.

3. That the Fire Chief be authorized to purchase a table for his office.

GARBAGE AND SPRINKLING.
1. That the Waterloo County Housing Company be charged \$1.00 per day for the use of the Sprinkling wagon.

I wish to thank the Oddfellows Relief Association for prompt action of policy, and also Mr. J. K. signed.

HELLER—WALLACE

Toronto Telegram: "The marriage
of Edie, eldest daughter of Mr. and
Mrs. W. J. Wallace, to Mr. Harold E.
Heller, Kitchener, Ont., took place
quietly in Donlands Methodist Church,
Rev. D. A. Porter officiating. The
bride wore her traveling suit of navy
blue gabardine, with navy blue and gold
hat and fox fur, the groom's gift.
Miss Laura Wallace, as bridesmaid,
wore taupe broadcloth, with hat to
match. Mr. Ed. Heller was groom-
man. A reception was held at the
home of the bride's parents, Ravina
Crescent, after which Mr. and Mrs.
Heller left for a short trip to Detroit
and on their return they will reside
in Kitchener."

Montreal, Dec. 1.—Two hundred
milliners went on strike to-day,
threatening to tie up the ladies'
hat business in Montreal. The girls
are asking for an increase in wages.

HEALTH OFFICIALS ON THE WARPATH

Canada is being started against the epidemic of colds which is now sweeping the country has led health officials to start an educational campaign showing the dangerous effects of sneezing in public.

"Check your sneezes!" Every public place is a public danger—"Think before sneezing once"—are slogans which are being emphasized in the campaign to check the epidemic and the threat it threatens.

A prominent feature of the campaign is the education of the public to the necessity of treating every case of cold promptly. If taken at once, it is declared that simple treatment will give relief in a single night, and prevent colds from remaining steadily at the treatment recommended for a compound of Aspirin, Phenacetin, Quinine Sulfate, Caffeine Citrate, and Camphor Monobromate.

It is now offered the public under the name of Reid's Grip Fix. Every one should have a box on hand while the epidemic of colds prevails. It is in capsules, taken two hours after a meal, and over a period of six hours gives active results with one capsule at a time. It is not a patent medicine, and getting it is sure to ask for Reid's Grip Fix as there is no home treatment for colds which equals it at 35 cents per box at all drug stores.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Hot Glass of Hot Water With Phenacetin Before Breakfast Washes Out Poisons.

If you wake up with a bad taste, sore throat and tongue is coated; if your head is aching; if what you eat does not form acids in stomach, or you are bilious, constipated, nervous, and can't get feeling just right, inside bathing is the answer. Drink before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and acids from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do not inside bathing immediately upon rising in the morning to wash out the system all the previous day's poisons, waste, gases and sour bile before eating more food.

To feel like young folks feel; like you felt before your blood and muscles became loaded with body impurities, then your pharmacist a quarter of a glass of limestone phosphate, which is inexpensive and almost tasteless. Men and women who are usually congested, bilious, headachy or have stomach disorders should begin inside bathing before breakfast.

NEW FOLKS HAVE GRAY HAIR NOW

Dr. J. B. L. says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, when it fades, turns gray, dull and thin, is caused by a lack of sulphur in the hair. Our grandmothers used a mixture of Sage Tea and Sulphur to keep their hair dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is attractive, use only this old-time recipe.

Everyday we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, so subtly can possibly give it its own color. You just dampen a comb or soft brush with it and draw it through your hair, taking one small strand at a time. By morning your hair disappears; but what is the matter with Wyeth's Sage and Sulphur Compound is that, besides darkening the hair after its applications it also brings back its natural lustre and gives it an air of abundance.

EARN DRESSMAKING IN TWO WEEKS

We teach a complete course of lessons on Dress-making. You cannot afford to go to a shop, where you hem, make, overcast all day, then after serving there 6 months, you will know no more about cutting out a dress than the first day you went there. When in a couple of weeks we can give you a knowledge in cutting, fitting and putting together of waist to most elaborate dress. If you do not want to learn to be a professional dress-maker, then we will only pay you to learn as the dress is so small. A few days' trial given free. No pay in advance. Next class begins Dec. 1st. Terms are \$14.00 including charts, to be paid when through.

LOOK FOR GRAVE AND GOLD

Two Neasme Which Antiquate Explorers Searching Among Santa Barbara Channel Islands.

Again the rugged and little-frequented Santa Barbara channel islands are being explored for the burial spot of Juan Cabrillo, the intrepid Spaniard who visited the California coast in the sixteenth century. The search centers in San Miguel island, the property of J. P. Moore, a wealthy resident of Florida.

Cabrillo died on one of the islands, it appears reasonably certain, and San Miguel is generally believed to be the island where he met death. One legend has it that Cabrillo died of a fever, another that he met a violent death at the hands of a warrior from one of the Indian tribes then inhabiting the channel islands.

He is said to have been secretly buried at night in a cave, in a spot inaccessible except at low tide.

Not all the romance that is associated with San Miguel grows out of the supposed tragic death. For generations Californians have heard of the fabulous sums of gold hidden there by sea rovers.

Treasure is said to have been buried on the island by Sir Francis Drake, after he had stripped Spanish galleons laden with ships. Drake, so the legend runs, left hurriedly and neither returned nor gave a key to the secret cache.

Several of the Spanish and Mexican outlaws that roamed southern California in the Spanish regime, but so constantly repaired and added to that it is now a huge and towering structure with more than a dozen large golden domes.

Here also are the theaters, hotels and shops, which are quite as modern as those of Petrograd or Moscow. Petrich, the fourth district, is well worth seeing, for it is honeycombed with caves and catacombs that in olden days were used as places of refuge and as monastic cells, and where, during holy festivals, one can scarcely move through the dense crowds of pilgrims, of whom three hundred thousand annually visit this ancient and revered monastery.

KIEV WELL WORTH A VISIT

Capital of the Ukraine Remarkable Combination of Old and New Cities.

Kiev contains about five hundred thousand inhabitants, and comprises four distinct districts, which may also be called separate towns. Podol, the commercial quarter, skirts the river Dnieper, and above it, on a steep incline, is Lipki, the residential quarter, and an enchanting spot in summer, with its handsome villas embowered in dark, luxuriant foliage.

North of that is Kiev proper, which contains the university and the cathedral of St. Sophia, a building erected in the eleventh century, but so constantly repaired and added to that it is now a huge and towering structure with more than a dozen large golden domes.

Here also are the theaters, hotels and shops, which are quite as modern as those of Petrograd or Moscow. Petrich, the fourth district, is well worth seeing, for it is honeycombed with caves and catacombs that in olden days were used as places of refuge and as monastic cells, and where, during holy festivals, one can scarcely move through the dense crowds of pilgrims, of whom three hundred thousand annually visit this ancient and revered monastery.

Warships May Carry Mail.

Removing their side armor, protective decks, barbettes and guns would change battle cruisers into fine mail liners with plenty of room for passengers. That is the proposal of the Swedish minister of marine for application to the Swedish navy's two largest warships. The vessels so pacified would have 2,000 tons dead-weight capacity with a displacement of 4,300 tons and a speed of 25 to 30 miles an hour. Sweden's navy numbers 60 war craft of all kinds, all of which are well designed and constructed, but rather small for actual war purposes. This appears to be the first serious indication of a possible peaceful use for naval units.—Popular Mechanics Magazine.

Fish Joins the "Pipers."

Marshall Foch has acquired a British habit. The French do not generally smoke pipes. Day by day Marshall Foch saw Field Marshal Haig and other British generals in the vortex of the work calmly doing their work behind good high-bowled briar pipes. Foch asked Haig what it was like to smoke a pipe. He bought an English one. He filled it under careful British military instruction. He began the attempt with energy and purposeful determination, but at first smoked more matches than tobacco. Now, however, he has mastered it and thoroughly enjoys a good briar which he has bought from an English firm.

Many Horses Stay "Over There."

Not all our fighters will return to the land of their birth. Most of the men—those that are living—will come home, but many of the horses will not, for there is great need of draft animals in the reconstruction work in France and Belgium, and there are plenty of war-worn horses that a few weeks or months of rest will restore to usefulness. The Red Star animal relief organization in New York is interesting itself in the pleasant task of getting the poor old war horses into fresh fields and pastures green.—Youth's Companion.

The Viceroy's Memoir.

Sir Douglas Haig's Grenadier guard of honor at Charing Cross, when the man of the hour came home, was a particularly fine body of men, and from end to end without wound was hardly a man of the distill stripes. Not a few of the distill stripes people on the platform noticed that three of the guard, standing side by side, had 16 wound stripes between them.

The Wrong End.

The navy boy was home on leave and the old man was admiring his uniform.

"But tell me, my boy, why do they make the pants so wide at the bottom?"

"So we can roll them up quickly," explained the lad.

"You're no son of mine," warned the old man, "if yer goin' ter fight wid yer feet! 'Tis yer jacket sleeves that ought to be wide at the bottom."

At The Theatres

Wasn't it great? The best yet. Just like real professionals, and other comments of a congratulatory nature could be heard last night when the large audience wended its way from the Imperial Theatre when they had sat and enjoyed the opening performance of the Craftsman's Club Minstrels and in the crowd that packed the theatre from pit to top there was not one but enjoyed the excellent bill from start to finish. Minstrel shows are pleasing when they are put on right and last night there was not a hitch from beginning to end. How those old men did put across the jokes and their antics kept the audience convulsed with laughter. The local hits were great and to the point but we refrain from giving any of it away; it must be heard to be appreciated. It was a pleasure to see the grand opening and one could not help but marvel at the fine blending of the chorus. The setting was fine, the costumes were gorgeous and taking it all around it was a performance worthy of professionals. The performance was in three parts, each one viewing with one, another

for prominence but at the conclusion the judges who were the audience pronounced it a dead heat. Getting back to the first part special mention must be made of the Bunk Dance by W. Cudney and C. E. Ellenby. It was a great stunt and when the seedy negro played by Mr. Ellenby made his appearance and mounted the stage he surprised everyone by the manipulation of his feet. He is some dancer and no mistake. Other special features that pleased in the first part were the solos by Mr. Darwin and W. Cudney and while we do not wish to take any of the glory from any of the other performers still their numbers seemed to please the most. As on the last occasion the crowning numbers of a most excellent performance must be given to our own Carlo Berner and last night it is doubtful if a more finished artist ever appeared before a Twin City audience. His four numbers need no comment suffice it to say that the same excellent quality of voice is still there and his perfect rendition of the classics was all that could be desired. It was a real treat and so enthusiastically was he received that he could not help but feel that he had won his way into the hearts of his music critics. The third part of the programme was made up of

three little sketches, namely, the two Squidgums, a musical act, "The Boxtonians and a Travesty on old Sahara. My oh! My how Lays and 'Kap' did put across their lively patter, one would think they had been teammates for years so thorough were they. Then the musical act produced musicians just a little out of the ordinary and when the grand finale came the audience would gladly have stayed for more. Space will not permit us to give a more detailed account as much as we would like but to those who were unable to attend last night we can only say make sure of a seat for to-night or to-morrow night. The men seated around the circle and backed by an excellent chorus of 40 were: Interlocutor, R. Mullin. Endmen—E. D. Campbell, A. G. Frank, W. Cudney, J. Darwin. Soloists—A. McGregor, H. A. Her, W. Wegener. Quartette—G. F. Muter, J. W. Stoner, A. McGregor, W. Wegener. Jazz Quartette—R. Howard, R. W. Ripley, A. Huenegard, W. H. Howard.

from Outside," which is a typical Reach Beach story of life in the semi-barbarous period of the early days of the gold rush at Nome, Alaska. The picture is the dramatized version of "The Wag Lady." "The Wag" being five brothers whose previous record has not been on the side of law and order, and "The Wag Lady" being "The Girl from Outside" whom the five brothers, individually and collectively take under their protecting wing. Incidentally they all fall in love with the innocent young girl who is as safe with this band of crooks as she would be in heaven. However another man is chosen one, an old save him from disaster one of the brothers sacrifices his life. The play is replete with thrills such as one naturally expects from an Alaska gold picture, while at other times the comedy has the audience convulsed. Such was the appreciation last night that the picture was heartily applauded at its conclusion and there will likely be a capacity audience to-night. In addition there is an instalment of "The Midnight Man," and comedy and others.

Excellent Double Bill at the "Star." The "Star" as usual is right there again with a bit double bill and a most excellent bill.

Applied After Shaving Dr. Chase's Ointment Keeps the Skin Soft and Smooth

Almost every man who shaves suffers, at one time or another, from irritation of the skin.

In many cases this develops into a form of eczema and becomes very annoying and difficult to overcome.

Some have the misfortune to contract barber's itch, which is similar to eczema.

Because Dr. Chase's Ointment has conquered eczema it is the most effective treatment available for these skin troubles.

But the best way, after all, is to avoid skin disease by keeping the skin in a soft, healthful condition, and this can best be done by applying Dr. Chase's Ointment after shaving.

Get a box from your druggist to-day and try it out. Regular size, 60 cents a box; family size, about five times as much, \$2.00. All dealers, or Edmanson, Bates & Co., Ltd., Toronto.

Bringing Up Father

MR. JIGGS: ISN'T THERE SOME ONE ON THAT PHONE?

NO ONE BUT ME WIFE.

WHY IS IT JUST BECAUSE WE ARE IN SOCIETY - I HAVE TO WEAR SUCH UNCOMFORTABLE SHOES?

DON'T TALK SO MUCH - HURRY AN' GET DRESSED - PROF. SMART IS COMING TO TEACH YOU SOME MANNERS -

AH! IT'S A NICE DAY FOR A LESSON - IS IT NOT - MR. JIGGS?

YES AN' IT'S A NICE DAY TO GO FISHIN' -

NOW THIS IS THE PROPER WAY TO BOW WHEN RECEIVING AN INTRODUCTION TO A LADY.

IF YOU TEACH ME HOW TO DUCK WHEN ME WIFE THROWS THINGS AT ME - I'D LIKE IT BETTER -

AND WHEN ALL THE LADIES ARE SEATED THIS IS THE PROPER WAY FOR A GENTLEMAN TO SIT DOWN -

OH! I BUMPED MY HEAD A LITTLE - BUT I'M NOT HURT!

THAT'S TOO BAD!

NOW - WHENEVER YOU ARE SITTING DOWN LISTENING TO A LADY - BE INTERESTED - DON'T LET ANYTHING DISTRACT YOU -

WHAT SHOULD YOU DO IF SOMETHING FALLS ON YOU?

SIT STILL - I'LL GET YOU AN AMBULANCE!

POOR PROFESSOR - I WANT YOU TO GET HIM SOMETHING DAIN'TY AND LIGHT TO EAT AND TAKE IT TO THE HOSPITAL TO HIM - HERE'S THE MONEY - GO RIGHT AWAY -

SUPPOSE HE IS UNCONSCIOUS?

GIVE ME TWO DOLLARS WORTH OF CORNED BEEF AN' CABBAGE - PUT IT IN A BUCKET -

IS THAT ALL?

IF YOU EAT HERE YOU'LL NEVER EAT ANYWHERE ELSE

ME WIFE TOLD ME TO GIT YOU SOMETHING LIGHT SO I HAVE HERE SOME CORNED-BEEF AN' CABBAGE - I COULD LIFT A BARREL OF IT -

SORRY - SIR - BUT HE MUST NOT EAT THAT -

I'M SORRY - BUT IF THE NURSE SAYS NO I CAN'T HELP IT - BUT I DON'T WANT TO OFFEND MAGGIE SO I'LL TELL HER YOU ENJOYED IT

He Wants Licorice

Did you ever chew licorice root? 'Most everybody has.

Well, try Adams Black Jack Gum.

Here's licorice flavor *par excellence*. Regular, old-time, back-to-your-boyhood licorice.

And it's tied up with all the goodness of Adams Pure Chewing Gum. It aids digestion, relaxes the nerves, protects the teeth. And it's great for the throat.

Try Adams Black Jack when your tobacco isn't handy, or when you've smoked all you want.

MY DILEMMA

My feelings toward John had by this time reached such a pitch that it was perfectly natural that I should be looking for sarcasm even in the condolences of my mother. And when Charlie Goodwin learned the full details I didn't know what to expect from him even though he had always been kindness itself to me.

I could not but remember John's unthinking remarks in which he rather gloatingly remarked that we would take all the lovely old furniture from my rooms to our apartment at his mother's. He was perfectly willing to annex anything that was mine.

However, I did not have very long in which to pity myself, and that was fortunate, as I have since learned that the most unprofitable thing a woman can do under any circumstances is to get into the habit of thinking herself the butt of Fate.

Mr. Hicks and Charlie entered my mother's room. Mr. Hicks said hesitatingly:

"I am afraid that I shall be the bearer of rather sad news, Mrs. Burke. For some years my old friend, as you know, was not able to attend to his business with the unflinching zeal which he exercised in the first years of your marriage. But he was particularly determined that no one should do for him. Handicapped by his infirmities, he of course did not have a chance to investigate some investments as carefully as he should have done, and consequently some of the later ones have turned out very badly and are now practically worthless. This means, of course, a curtailment of your income and your daughter's."

"Of course," I interrupted, "I shall assign any provision father made for me to my mother."

"I thought you would say that," said Mr. Hicks. "Yes, I know your husband is simply able to surround you with all the necessities and a great many luxuries of life. But Mr. Burke left a will in which he expressly stipulated that your income of one hundred dollars a month should still be paid to you after that everything should be your mother's. Your mother cannot touch this money unless you make it over to her."

Obedient the Order. Mrs. N. was giving instructions to her new servant: Before removing the soup-plate, Mary, always ask each person if he or she would like any more."

Next day Mary, respectfully bowing to one of the guests, inquired: "Would the gentleman like some more soup?"

"Yes, please."

"There isn't any left."

Gambling has taught many a young man how he can't make money.

Anyway, there's no danger of an old toper's dying of water on the brain.

EDITORIAL

Free Press Now The London Free Press Likes Quebec devotes a half-column or so to criticism of an appreciative article in this paper with regard to the people of Quebec. The criticism of the F. P. is directed largely at Sir Wilfrid Laurier, whose life-work the London paper assisted in destroying. It further pays its respects to the member of N. Waterloo, and which is neither here nor there. No defence is made of the desperate campaign of 1917 against the French Canadian people, although there were no worse offenders than the Free Press in that memorable campaign. The editor of that paper doth now affirm his great respect for the people of Quebec. Sudden conversions are sometimes genuine, but not always convincing.

When next the opportunity comes we shall see whether the desire for a harmonious Canada is stronger with the Free Press than the desire to appeal to racial and religious intolerance.

COMMENT

Is it the scarcity of coal that keeps the municipal pot from boiling?

In Biblical days, people used to rend their clothes as a sign of sorrow. Nowadays, when a suit costs anything up to a hundred dollars, it pays better to patch them.

Elinor Glyn, who wrote the notorious novel, "Three Weeks", complains that women's clothes do not leave enough to the imagination. Like many another, Elinor doesn't practice what she preaches.

James Murdoch, of the Board of Commerce, suggests a standard dress for girls at high school. We suspect this is a deep-laid plot of parents to have their daughters wear their big sisters' outgrown clothes.

There are 27 bath-tubs in the million-dollar residence of Ontario's Lieutenant Governor. Hope there is no special significance in the suggestion that the palace be turned into a Farmers' Club.

In three sessions, not one member of the Opposition has been able to get a bill through the House of Commons, unless it was perhaps a divorce bill. In Ontario, Premier Drury promises to be less autocratic. Surely one political party is not always right and the other always wrong.

Next year's council should be representative of all the people, including labor, industry, and business in general. Moreover, this progressive city should once and for all repudiate the destructive influences of race and creed. Let us be Canadians all. It's the only way.

Perhaps the Union Government will stop settling the soldiers on the land, now that they realize what the farmers will do to them at the next election. Of course they could always disfranchise them.

WHAT OTHERS SAY.

Justice For Teachers.

(Hamilton Herald.)

The minimum salary for Hamilton teachers holding second-class certificates is \$600. It is too low. With the price of board what it is today in this city, no servant of the public should be asked to work here for that pay. A woman was recently engaged to assist the janitor of one of our schools at the same pay as is received by many of the teachers—women of culture who have spent years of hard work qualifying themselves for their profession.

Even if increases in the pay of teachers were to have an appreciable effect upon the tax rate, they should get more pay. The public has no right to obtain relief by doling out to those whom it employs less than a living wage. The claims of all other classes of city workers have been recognized—particularly those of the organized workers with political power, who have been dealt with generously. If not with generosity, let the teachers be treated at least with justice.

Tobacco Farming.

(Port Rowan News)

The growth of the tobacco habit and the fashion of high prices have made the "Indian weed" the most profitable of all farm crops. In Norfolk county as much as \$800 an acre has been realized by farmers who experimented with it. There are thousands of farms in the county upon which ten acres of tobacco could be grown every year, and hundreds of such farms in the neighborhood of Port Rowan. Farming in this county is likely to prove to be a rich enterprise for the next ten years at least.

Times-Change.

(Border Cities Star.)

England is hearing some rather astonishing proposals these days. First Lord Beaverbrook sent cold shivers down the backs of the profiteers by suggesting that five billion pounds of war profits be confiscated by the state to help pay the war debt. Now an important financial paper urges that the English Church be disestablished and its property holdings sold for the same purpose. It would be a curious thing to see the profiteer stripped of his profits by state power and the established church severed from its rich estates by way of the auction block.

The Desire for Good Music.

(Christian Science Monitor.)

Pass the home of some day laborer and you are as likely to hear the voice of Caruso or Galli-Curci pouring from the "music box" as you are to hear some of Al Jolson's or Blossom Seeley's jazz. The farmer, the clerk, the artisan, the carpenter, the banker, the broker, the minister, each has his phonograph and each recognizes the operatic music as good. He soon feels that this is better than jazz; that it has a body to it, a meaning, a worth-while and a restfulness that nothing in the line of poor music has. He begins to realize that we were all wrong a few years ago when we thought all good music must be stupid.

Making Mistakes.

When a plumber makes a mistake, he charges twice for it.

When a lawyer makes a mistake, it is just what he wanted, because he has a chance to try the case all over again.

When a carpenter makes a mistake, it's just what he expected.

When a doctor makes a mistake, he buries it.

When a judge makes a mistake, it becomes the law of the land.

When a preacher makes a mistake, nobody knows the difference.

But when an editor makes a mistake—Good night!—Exchange.

Americanizing The Peace Treaty.

Vancouver Province.

Senator Lodge declares that the reservations attached to the peace treaty do not destroy the document, they only Americanize it. If Britain has Anglicised the treaty, and France had Gallicised it, and d'Annunzio had Italianized it, the treaty would be a wayward document, with the Dominions, Japan and China and several other nations to hear from. It was the original intention to make this an international treaty. Mr. Lodge has not been able to go beyond the national view.

There never was any danger that the Canadian Parliament would Canadianize it.

Col. Currie, M. P., Says.

(Toronto World.)

For a number of years Canada in general, and Canada in particular, have been burdened with a bunch of uplifters. Well-meaning men, maybe, with their satellites, secured the ear of Sir Robert Borden and Sir William Hearst, and these two governments, Union at Ottawa, and Hearst government at Toronto, have long been recognized by the large-sized halo surrounding each. To anyone who understands humanity, such was nauseating, and a child might discern that it would not last long. Unrest in the public mind found vent and the Hearst government disappeared.

Not Fired.

Lawyer (examining prospective juror in criminal case)—Mr. Juror, have you any fixed opinion as to the guilt or innocence of the accused?

Juror (emphatically)—Naw, I ain't got no doubt but the guy's guilty, but they ain't nobody fixed me.

Yes, Doris, a girl finds it harder to be engaged to a war hero who will not talk about what he did than to a war liar who is perfectly willing to talk about what he didn't do.

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.
 Mother! You must say "California."

OH! MY NICE HAIR IS ALL FALLING OUT

Hurry! Let "Danderine" save your hair and double its beauty.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of delightful "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Help your hair grow long, thick and strong and become soft, glossy and abundant.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Ouch! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn stops soreness at once and soon the corn dries up and lifts right out without pain. He says freezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.

City Council Rejects Proposal to Have Another Vote on Name of City and Session Comes to Disturbing Close

Office and Plant of News Record and Ontario Journal Partly Destroyed. Mob Attacks Aldermen Bitzer and Bowman. Both Members of Parliament Appear in G. W. V. A. Hall.

Dec 2-1919

THE NAME QUESTION

Will not be reopened by the City Council who last evening by an unanimous vote struck out clause 6 of the Finance Committee report which was to the effect that the petition by about 700 ratepayers to have another plebiscite on the present name and "Berlin", be granted.

All the Aldermen who were present voted in favor of not taking action on this petition. They were Aldermen Schreiter, Iler, Reid, Ratz, Lippert, Uttley, Baetz, Gofton, Sass, Greb, Zettel and Asmussen. Ald. L. O Breifhaupt, who is on his honeymoon trip, and Aldermen Bitzer and Bowman, who however, figured at the meeting later were not present.

The meeting of the Council a few minutes after the name question had been disposed of ended in an uproar which was not limited to the Council Chamber but extended to other parts of the city at the expense of several prominent citizens.

THE MEETING.

Long before 8 o'clock arrived the Council chamber was packed. Standing room was unavailable. People, men and women, representative of numerous organizations in the city, were squeezed into the hall like sardines in a box. "Cops" at the doors to the council chamber said "No pass." Only the councilmen and those who had business to transact with the city were permitted to enter.

The crowd of five hundred citizens made up of members of the G. W. V. A., Daughters of the Empire, the Woman's Canadian Club, the Trades and Labor Council, the Manufacturers, the Young Business Men's Club and others. The mood of the audience indicated that they were not in any way inclined to consider the submitting to the people of a bylaw on the name. This mood became more pronounced as the delay by the aldermen in appearing for business was lengthened.

At 8.15 o'clock only two aldermen were in their seats. A conference of the aldermen on the proposed bylaw it is said was being held. It was after 8.30 o'clock when the aldermen appeared. A din accompanied their arrival. After this had subsided the audience started to sing God Save the King and the Mayor and aldermen arose and participated.

The regular preliminary business of the Council was proceeded with.

There was a big budget of communications. Among them were a number of protests from various organizations against the proposed bylaw, in which it was stated among other things that "for the sake of peace and harmony in the city, the name question should

not be touched. These included the Board of Trade, the Trades and Labor Council, the Sons of England Lodge, the Daughters of the Empire, the Woman's Canadian Club, and the F. W. D. Auto Company. The latter said that to change the name of the city back from Kitchener to Berlin would seriously interfere with their export business in the British Empire. One reason why they located here was the name "Kitchener". Other reasons given in the various letters were of a patriotic nature.

A COUNTER PETITION.

A counter-petition against the proposed new bylaw to be submitted to the people was in the form of a big roll containing 5431 signatures. Mr. Jacob H. Baetz and Mr. George S. Ahrens had also forwarded an affidavit taken before Mr. George Bray, barrister-at-law, to the effect that every name on the list was that of a citizen of at least 21 years of age.

FINANCIAL REPORT SUBMITTED

It was generally expected that the bylaw submitted. When Alderman Baetz moved that the Finance Report, moved that the Finance Report be adopted, as anticipated an amendment was proposed by Aldermen Zettel and Baetz to strike out clause 6. When submitted, this amendment was carried unanimously. Vociferous approval was in evidence and it was only after some minutes that the Council was able to proceed to other business. The crowd began to file out and it seemed that all was well. But then arose cries for "Bitzer and Bowman". As mentioned by some in the audience, which was quite large, no special thought was, however, directed to this incident.

The Council then proceeded with other business when suddenly a disturbance came and owing to this unusual meeting had to be postponed.

Mob Attacks Office and the Plant

Of the News Record and Ontario Journal

With the extensive alterations underway in the front of the Record office and the work of the mob which attacked the building and the equipment; our plant last night had every appearance of what is left after a terrific cyclone has gone through a building.

Beginning at the front of the office the big plate glass window and the panes in both doors were smashed; counters, desks and chairs were overturned.

In the mechanical department forms were knocked over, key-board machines were upset and very much type was dumped. Many of the windows at the rear and sides were smashed. Damage was also done to the minor equipment throughout the plant.

The total loss runs into thousands of dollars.

NOTES.

Good morning!

The News Record was hit; sorry the taxpayer may feel the blow.

It took all night, but we got the extra out.

A new front was coming anyway in the Record office. The carpenters are saved some work.

Who said we needed fresh air?

In a few days we hope to be on the job same as ever.

The name question was buried, did peace and harmony die with it?

We are trying to figure out what connection there was under present circumstances between the name question and the News Record.

A. H. Liedemann, Strathroy, was arrested for the second time in the period of a week on a charge of unlawfully having in his possession a smash for the manufacture of liquor.

The steamer Myron, loaded with lumber became water-logged and went ashore near Whitefish Point Lake Superior, and it is thought the crew of 18 have perished.

This is the front page of the NEWS RECORD EXTRA as it appeared at 6 o'clock this morning Dec. 2nd. 1919

ATTACKS ON CITIZENS

Another cyclone struck the city last evening. But it was not the usual storm.

It struck three members of the City Council, namely Aldermen Bitzer, Bowman and Asmussen, M. P. P. and also North Waterloo's member in the Dominion House, Mr. W. D. Euler, and in addition the News Record of which Mr. Euler is president.

Messrs. Bitzer and Bowman, who had not been present at the Council meeting were seized by the mob and brought to the City Hall. Here Mr. Bowman was secured from further attacks by the action of the police, while Mr. Bitzer was forced to endure a series of incidents ending in Victoria Park.

Alderman Asmussen, M. P. P., who had gone home after the meeting, was brought back to town and taken to the G. W. V. A. hall. Another section of the mob called at the residence of Mr. Euler M. P. Later on Mr. Euler at the request of some of the G. W. V. A. proceeded to their hall, and owing to his refusal to kiss the flag by compulsion received several blows.

About five minutes after the disposal by the city council of the petition on the name question to have the matter resubmitted to the people the storm came. This was at about 9.15. Disorder was heard in the northeast corridor of the City Hall. There was a stir near the door between the corridor and the council chamber.

Suddenly Ald. H. M. Bowman was shoved through the crowd into the assembly hall, accompanied by members of a pursuing crowd.

Ald. Bitzer also appeared in a similar way, both having been accompanied to the hall after they had been located. Both were forced into their seats, and demands to kiss the flag were made. The two aldermen declined. The crowd which had brought them into the building then seized them and forced them out of the east side-entrance of the council chamber. In the melee Ald. Bowman was seized by the police and taken to the guard-room downstairs for protection.

Ald. Bitzer was forced to accompany the crowd down King street to the G. W. V. A. hall, where the ceremony of kissing the flag was insisted on. Later he was released and adorned with a Union Jack in the lapel of his coat and accompanied by P. C. Blevins, proceeded up King street. Near the corner of Queen street he was again seized by the pursuing mob who rushed him to the lake in Victoria Park, where several immersions took place. This was the climax of his experience and he later left for his home.

The Record office then was the object of an attack, as described elsewhere.

The next objective was Ald. Asmussen, M. P. P., who was at his home. The mob asked the member that he accompany them to the G. W. V. A. hall. An altercation followed. Individuals who were in the crowd reported that the alderman brandished a revolver, stating that he had it to protect his wife and family. The mob replied they did not want

his better half but him. The upshot of the altercation was that the alderman accompanied the crowd to the hall where after the usual flag salute he gave an outline of his attitude in the council on patriotic questions since he entered the council. He said he had been conscientious in all his actions, and never had any ill-will to the G. W. V. A. He regretted he had never been invited by the Association to visit them. As to the Freeport Sanatorium he was not against the city supplying water to the patients, but he objected to the fact that the city alone was to pay for the cost. Galt and other places should have been included in the matter of paying the cost. If he had ever done anything which was not considered patriotic, he regretted the misinterpretation. The alderman thereupon signed a statement to that effect.

After this incident the mob directed its attention to the member for North Waterloo, Mr. W. D. Euler, M. P., who was at the Lancaster Club across the street. Mr. Euler was asked to accompany them to the hall, and he did so quite willingly. When there he was asked to join in the singing of the National Anthem and to kiss the flag.

He spoke at some length on his course in public affairs and he said that he was quite willing to salute the flag but not when forced to do so. Under proper circumstances he would certainly kiss the flag, to do so under these circumstances would be to dishonor it. As to his loyalty he considered himself as loyal as any of the men to whom he was speaking. The tumult continued and the member persisted in his declaration that he would not kiss the flag under these circumstances. He carried out this declaration. He received a few blows in the face, after which he departed from the hall under the protection of a few of those present.

At an early hour this morning it was learned from Mr. Euler, who had come down street that his injury is not serious.

Woodstock Carries Industrial By-Laws

Woodstock turned out to the polls yesterday and carried the two industrial by-laws submitted, with handsome majorities, as a result, the location here of the Brunswick Canadian Products Company and the Warren Pipe Organ Company is assured.

The city voted almost solidly for the by-laws, each receiving majorities of over a thousand. The two by-laws together polled less than 200 negative votes.

The two plants will commence erecting their factories shortly, it is understood.

Horticultural Directors Met.

The Board of Directors of the Kitchener Horticultural Society held its regular monthly meeting at the home of Mrs. H. J. Wolfhard, 147 Queen St. South on Sat. evening, Nov. 29th.

Owing to the recent changes in the Horticultural Society Act the society year has to be changed to coincide with the calendar year, and while practically all business for the year was concluded, there will still be another meeting to present the final report and to set a date for the annual meeting which will be held early in January.

After the business of the evening the Directors spent a very pleasant social hour enjoying the many good things served by the hostess.

William Schell Dies at Norwich.

William Schell, a lifelong resident of Oxford and prominent in the municipal life of the county is dead at his home in Norwich following an illness of several months. He spent nearly all his life there and was for years warden of the county. He was reeve of the township of North Norwich and a member of Oxford County Council. He was a past president of the Otter Mutual Fire Insurance Company and a member of the board of directors.

Platoon System is Referred Back.

The Stratford City Council passed a grant of \$60 to Stratford General Aid. A resolution offered by the fire committee for a two-platoon system at the firehall was referred back to committee of the whole for further information.

A resolution was passed calling on the Government to establish the hydro power commission on a permanent basis, with Sir Adam Beck as chairman for three years and the municipalities having a direct representation.

By-laws for \$50,000 for park purposes and for \$25,000 for the establishment of a soldiers' clubhouse were read and sent on to the ratepayers at the election in January.

Guelph, Dec. 1.—Sir Adam Beck

it was hoped, would be present at to-night's meeting of the City Council, but he wired that he was unable to do so, having other engagements. Answer was sent to Sir Adam informing him that the report of the railways and manufacturers committee respecting the street railway, which was to have been presented to the City Council this evening would be deferred until he can be present and explain his proposition. It is probable that a special meeting of the Council will be called at a date when Sir Adam can attend.

The report of the railway and manufacturers committee recommended that a by-law be submitted to the people in January for authority to raise \$150,000 by the issuing of debentures to put the street railway in proper condition and to establish a ten minute service with new cars and to appoint A. E. Baldwin as manager at a salary of \$1,800 per year.

Cars Soon Ready Again

The street railway cars which were damaged in the collision some weeks ago are rapidly being repaired. They will be on the line again in a few weeks.

The department is going to install electric stoves in all the cars of the line.

Annual A. O. U. W. Election.

The annual election of officers of the local A. O. U. W. lodge will take place this evening.

Division Court Held.

Division Court was held this afternoon at the county buildings by Judge Spotton of Guelph. Indisposition prevented Judge Hearn from performing the duties.

"There Is No Place Like Home"

How often have these words warmed and thrilled our hearts as we listened to them quoted by some great orators or sung by some leading singers of the land. The words touch a chord within each one of us that vibrates each time we listen to the words.

What makes a home? This might be a debatable question, but we believe that one of the greatest factors in making a home, is attractive comfortable furniture, the kind we sell in our store.

Every home-maker appreciates the effect a nicely furnished home has on the members of the family, or friends. There is more home-like furniture to-day than there has ever been in the past. Come into our store and let us show you this class of furniture.

HAS PETERED OUT84 Per Cent. of Men Back at Work
—Coal Strike Situation May
Force General Shut-Down
and Thus Help Steel
Leaders.(Special to the Record.)
Pittsburgh, Dec. 3.—The nation-wide
steel strike, now in its 11th week, has
practically petered out according to re
ports received at the headquarters of
the national organizing committee, al
though the strike headquarters will not
admit that the fight is lost.
A statement issued recently showed
that about 75 per cent. of the men had
returned to work. A survey of the
western Pennsylvania, Ohio and West
Virginia, taken a week ago showed
about 84 per cent. of the men had re
turned.
However, the present coal strike sit
uation may force a general shut-down
within a short time, unless the coal
supply increases. This, it is thought,
would prove beneficial to the steel
strike leaders who with the men prac
tically all idle might be able to rally
their forces and prolong the strike.

REVIVE HOCKEY AT CHATHAM AGAIN

Chatham, Dec. 1.—The report that Art Ross, former hockey star of the Ottawa N.H.A. team is to be employed in Chatham at an early date has set things buzzing in the local hockey world, small as it may be. For in the advent of Ross' arrival and his willingness to again handle a stick, Chatham, it is thought, may be represented by a fairly creditable assemblage during the coming winter months.

In Alf Stewart, of K. of C. baseball fame, and his brother, Parry, Foley, McLean and Ross, Chatham would have an excellent foundation on which to construct a team. The city is without a rink but the players themselves believe they could acquire sufficient practice on the river and any municipal skating area that might be established, to contest many exhibition games with outside teams.

ALL READY FOR BIG BOUT

Saturday's big bout between Jack Jarvis and Fred Crompton should draw a record house as tickets are selling like hot-cakes, and the fans are advised to "shop" early for their tickets. These two men recently fought 10 sensational rounds at Oshawa under the auspices of G.W.V. A. and had a packed house, quoting the "Reformer" report of the bout, which was hard fought and stubbornly contested up to the last round "Lags." Both Gladiators left their corners with a rush. Crompton smashing some terrific punches to the head. While Jarvis stepped in and out, with left and rights to the body coming together in the centre of the ring they exchanged punches for punch and had the fans standing on their chairs when the gong sounded ending the most sensational fast and furious contest seen in this town, both boys making many friends by their splendid showing. So boys let's hope that we have a repetition of their form or bout, and we certainly should, as both boys are training faithfully realizing the opposition. Much interest is being centred in the 6 rds. bout between Barney Schultz and Kid McKay and speculation is high as to the outcome. Wolf Mason is expected in town to-morrow to complete his training.
