[Special to The Advertiser.]

Hamilton, Feb. 25.—One of the most 30ld-blooded murders ever perpetrated in this city cost the life this after noon of Miss Ethel Kinrade, the 23year-old daughter of Principal Thos of Cannon street public school. Miss Kinrade was killed by an unknown tramp, as she was preparing to leave her home for an afternoon walk. So far the police have been unable to discover any clue to the murderer.

Miss Kinrade lived with her par ents at 105 Herkimer street, and this afternoon told her mother and sister that she was going out for a walk. About 4 o'clock while she was upstairs dressing, someone on the kitchen door. Miss Florence Kinrade, sister of the murdered girl was in the kitchen at the time, and immediately opened the door, rough-looking man whom she ing middle aged, abou five feet eight or ten inches in height. and dressed in a dark suit and overcoat, was standing there. #### Father of Murdered Girl Offers Reward of \$1,000.

Hamilton, Feb. 26.-Mr. T. L. Kinrade, father of Miss Ethel Kinrade, who was murdered in her home yesterday afternoon by a supposed tramp, who was begging for food, has decided to offer a reward of \$1,000 for the arrest and conviction of his daughter's slayer. There is practically little new in the case today, and the police are at their wits' end. The detectives had another interview with Miss Flossie Kinrade this morning, and her story was substantially the same as that she told last evening. The unfortunate young woman nearly collapsed, and the services of a doctor were required. Her mother is also under the doctor's care and a trained nurse is with her now. The father's latest theory of the tragedy is that the desperado mistook Ethel for Flossie, and thought she was going outside to call for assistance. It has been discovered that there were seven shots fired into the girl, three into the ear, two in the mouth, one in the cheek and a seventh in the temple

#### A TALK ON THE LAND OF GOLD.

There should be a large audience at Hyman Hall tonight when an address will be delivered by Mr. F. Congdon on the Yukon. No man in Canada is better qualified to talk of that country than Mr. Congdon. He was gold commissioner there for years, and was also governor of that part of the Dominion of Canada. He is a good speaker, knows his subject thoroughly, and will be able to talk interestingly of that famous land, where part of the year is perpetual day, and part perpetual night. He has witnessed the rush for gold in the immensely rich country, and knows of what took place first hand. His address will be illustrated, and should be heard by all Londoners, irrespective of politics.

There are two very interesting stories connected with the old palace. During his captivity here a gypsy one day approached King Charles I., asking alms. Wishing to please so strange a creature the king gave her money, and at that her changed, and she told how the death of a dog in the room where the king stood would precede the restoration of his kingdom. Years later Cromwell, the Great Protector, already growing weak with suffering, found his favorite hound lying dead in the room, and cried, "The kingdom is departed from me." Dyspepsia is the prevailing malady of civilized life. It is largely due to gross errors in diet, over-eating, too free indulgence in stimulants and over-taxing the stomach with indigestible feed, eating too rapidly without chewing the food sufficiently, indulging in hot biscuits, pastry, pickles, confectionery, etc.

Constipation, headache, heartburn, sour stomach, distress after eating, belching of wind, faintness, and fullness and distention of the stomach are a few of the many distressing symptoms of the poor, weary dyspeptic. Burdock Blood Bitters regulates the stomach, stimulates the secretion of the saliva and gastric juice to facilitate digestion, removes acidity, purifies the blood, and tones up the system to full health and vigor, and thereby cures dyspepsia and all its tributary diseases.

The men were sent away to a good start at 9:11. There was a hot contest in the first lap for leadership, the Italian leading to the tape by a yard. Shrubb sprinted in the second passing Dorando and leading in the third lap by two yards. They maintained this position to the end of the first half mile.

In the seventh mile Shrubb with two laps to the good, repeatedly tried to increase his lead, but Dorando hung close to his heels. The time for seven miles was 37.583-5. The same distance in the Shrubb-Longboat race was cov-'ed in 39.46 1-5.

The hot pace was kept up, the tenth mile being finished in 54.50 3-5, which s nearly two minutes faster than the time made by Dorando when he ran Longboat in a Marathon race here. In the fourteenth mile it was plainly seen Shrubb was the Italian's master. Dorando was game, but could not overtake Shrubb. The little Englishman finished with a fine sprint, showing himself to be a master at the fifteen-mile distance.
