REPUBLICAN PLATFORM

Sub-Committee is Preparing Planks—Senator Lodge's Draft.

Favors Maintenance of Protection—Mild Declaration for Protection and Against Trusts.

Chicago, June 21.—The committee on resolutions met in the green room of the Auditorium Hotel annex, immediately after the Republican National convention adjourned, and organized by electing Senator Lodge, of Massachusetts, as chairman; Senator Clark, of Wyoming, as secretary; and R. G. Proctor, of Massachusetts, as clerk. The chair was then authorized to appoint a sub-committee of thirteen to prepare the platform. The committee then adjourned to meet again at four o'clock. Upon re-assembling Senator Lodge announced the committee to formulate the platform.

When the sub-committee met Senator Lodge for the first time presented his draft of a platform, saying that it was intended largely as a basis for action by the committee. His draft included a plank strongly commending the established Republican policy on the tariff, and presenting in terse language the necessity for maintaining the protective policy in the interest of American labor and American industries. Added to this was a readjustment of their schedules found to be desirable in the future. There also was a mild declaration on the subject of reciprocity, and a pronouncement against trusts, but with a reservation in the interest of "established, legitimate industries."

Mr. Lodge's draft did not contain any declaration on the success of the arbitration of the Canadian boundary question, but other members of the committee suggested a plank covering that point. The remark being made that the fact that Senator Lodge had been made a member of the committee should not stand in the way of a proper presentation of it, in view of its importance.

The tariff plank is attracting more attention than any other feature of the platform, and members of the sub-committee expect that no agreement will be reached until a late hour. Already objections have been raised to the wording of the plank, and Representative Daise and Senator Hansbrough are opposing the clause relating to reciprocity. Mr. Daise does not want any reference to the subject, while Senator Hansbrough is contending for the suggestion contained in his resolution that an adjustment of the tariff should be made with regard to enlarged commercial relations with foreign countries.

SNEERS AT EMPIRE'S UNITY

French Paper Says Dundonald Incident Shows it to be Artificial.

Laurier Ministry Will Next Dispose of Governor-General and King's Appointments, it says.

London, June 21.—The Temps of Paris finds in the Canadian Government's dismissal of Lord Dundonald proof of Canada's loose attachment to the Empire, and says:—This grave incident throws a curious light on the artificiality of the pretended moral unity of the Empire and on the great risks of misunderstanding and conflict brought about by the formation of too narrow ties among the diverse parts of the great whole.

The Temps would, it says, not be surprised if the Laurier Ministry next disposed with the Governor-General, though he is of the King's appointment.

NEVER SUBSCRIBED

Chas. Mount, proprietor of the Klondyke Hotel, objects strongly to the imputation that he promised to contribute to the Old Boys' Re-union festivities and then refused to do so. "I never even signed the subscription list," said Mr. Mount. "When the committee were around seeking subscriptions I said I would subscribe if they placed a show near my hotel. This they promised to do and agreed that there should be a show on this side the bridge near my hotel, and one near Calixto Bochar's. The committee agreed, and I told the committee that I would give them \$25 if they lived up to this agreement. I, however, refused to sign the subscription list to give me an opportunity to compel the committee to keep their agreement. I was glad that they didn't put a show over here, as none of them were fit."

GLENGARRY MEN MAKE PROTEST

View Dundonald's Dismissal With Dismay—Best Man We Ever Had.

Has Respect and Affection of Scotchmen Wherever the British Flag Flies.

The following resolution was carried unanimously by a standing vote at a meeting of the members of Ivergarry Camp, S. O. S., at Alexandria, June 18th, 1904, being the anniversary of Waterloo—

"That the members of Ivergarry Camp of the Sons of Scotland have learned with profound dismay of the removal from office of the Earl of Dundonald as General Officer Commanding Canadian Militia."

"That Lord Dundonald was recognized by the whole community as incomparably the best man who had ever held that responsible position, his professional attainments being of the highest, his enthusiasm unbounded, and his devotion to duty an inspiration to the militia force of Canada and the community at large. This highly-placed Scotch nobleman had labored with anxious zeal and at the sacrifice of every social tie and domestic relation to place the Canada militia upon a proper and efficient footing, and his efforts were bearing fruit with promise of complete success, when he was relieved of his command upon a constitutional pretext, yet we cannot but believe that the constitution of Canada would have survived the result of any remarks made by Lord Dundonald with respect to a principle commended upon by him and admitted by all, viz, that the introduction of politics into the militia force and system of Canada is to be deplored and avoided at all hazards."

"And we now desire to place on record our dissatisfaction at and disapprobation of the treatment meted out to so gallant a soldier, who was so loyal to his duty, to his King and to the Canadian people, and who had gained not merely our esteem, but the admiration and affection of all who are Scotchmen by birth or descent, and who now make Canada their home as well as of all other loyal Canadian subjects of his Majesty the King."

FIGHTING NEAR LIAO-YANG

Russian Battleships get out of Port Arthur—Return the Same Day.

Admiral Skrydloff Reports on the Raid of the Vladivostok Cruisers—Conditions in Besieged Port.

St. Petersburg, June 21.—Emperor Nicholas has received the following despatch from Vice-Admiral Skrydloff, dated June 21:—"On June 2 our squadron, consisting of the cruiser Russia, flying the flag of Vice-Admiral Bezobrazoff, and the cruiser Gromoboi and Rurik, left to assume the offensive against the Japanese army. The squadron returned to port on June 20. Its commander reports that on the morning of June 15 the squadron advanced from the north towards the Strait of Shimnosaki. When within twenty miles of the strait our ships perceived on the horizon two steamers which they chased, but could not overhaul owing to the great distance. At the same time a third ship was seen by the cruisers, which the Gromoboi was ordered to capture. The ship proved to be the transport Izumi. In spite of repeated orders to stop, she refused to do so until she had been struck by several shells. She then stopped, and men began to jump overboard. The Gromoboi then signalled for those on board to quit the ship, which was done, the crew leaving in two boats. These, together with those who had jumped overboard, and who were picked up by boats from the Gromoboi, were received on board the Gromoboi. The Izumi, which was of 3,000 tons, was then sunk by our guns. Among the 105 taken on board the Gromoboi were fifteen officers. After the sinking of the transport, two more steamers were sighted by the Gromoboi, and they were chased. They proved to be the transports Sado and Hitachi, each of 600 tons. In the former, in addition to military stores, were men of the telegraph corps and twelve officers, and also pontoons. On the Hitachi were 1,000 troops, besides military stores. The Russia was ordered to capture the Sado, and the Gromoboi the Hitachi, which tried to escape. After several shots had been fired, warning the Hitachi to stop, without effect, our guns opened fire, and she stopped. Those on board, however, paid no attention to the signal to abandon the ship, and after two more shots had been fired they commenced to lower boats. The Hitachi then commenced to sink slowly."

TOOK HIS OWN LIFE

Charles Knight, a Former Resident of This City, Shoots Himself.

Aet Committed in Olds, Alberta—Deceased was Well Known to Many Chathamites.

The citizens of Olds were startled on Monday evening last by a report that a man had shot himself in the school yard.

Two weeks ago yesterday a young man named Charles Knight arrived in Olds from the north. He appeared to be in a very nervous condition, but as he said his nerves were worn out and that he would be all right after a few days' rest, nothing was thought of his erratic habits. To talk with, Knight was most sensible, and showed no sign of contemplating self-destruction.

He came to Alberta seven months ago, and has been teaching school in the local settlement, Tindastoll, 17 miles north-west of Innisfail. His health had been poor for some years, but the work at Tindastoll, he said, was hard, and as very few English speaking people were in the vicinity life grew monotonous and he became low-spirited. He was compelled to throw up his situation on this account, and had purchased a ticket to his Ontario home. On the train from Innisfail he became very nervous and when he reached Olds he got off, as the motion of the cars was crazing him.

On Monday morning he appeared to be about as well as usual. He went to Earl & Wolfe's, where he bought a common little 32 short revolver together with a box of cartridges. He told Mr. Earl, who was showing him the article that he wanted the weapon to shoot coyotes with. After obtaining the revolver Knight went back to the Hoffman House and wrote several letters, which he posted.

About 4:30 in the evening, as Messrs. Brumpton and Rissell were engaged setting out trees around the school-yard they were startled to hear a shot apparently fired in one of the outbuildings. A minute or two later Knight was seen staggering across the grounds. It was thought at first that he was under the influence of liquor, but before Mr. Brumpton could get over to him he fell to the ground, blood streaming from a wound in his head.

Help was at once summoned and the unfortunate man was removed to the Hoffman House, and Dr. Williams was called in. It was found that Knight had discharged the bullet in his right ear. The bullet was located by Dr. Williams, but it was thought inadvisable to attempt to extract it, and he was sent to the Calgary General Hospital on Tuesday's express, where he died early next morning.

Knight comes from near Chatham, Ont., where his widowed mother and three sisters live. He was about thirty years of age.

When asked the reason for his rash act Knight said that he was sick and thought he would end his troubles forever. He expressed a hope that he could get over his wound and said he would never attempt such a thing again.—Olds Gazette.

TAKEN FOR SPY

Son of Deceased Canadian Judge Arrested—Detained for 3 Weeks in Channel Islands.

London, June 21.—The widow of the late Judge Moss, of Toronto, and her son have arrived from the Channel Islands. It is reported that during their visit to the Islands the son, while taking photographs, was arrested and placed in jail, the military authorities charging him with being a spy. The mother offered every proof that she and her son were Canadians who had come there in the hope of benefit to her son's health. She asked the Governor of the Islands to communicate with Lord Strathcona, but the Governor declined. Finally, after three weeks' detention and the payment of ten pounds, her son was released.

SUNSHINE TREAT

The members of the Golden Sunshine Circle made a visit to the House of Refuge and brought sunshine to the inmates there by distributing cake and tobacco and giving a musical program.

There were about 20 Sunshiners in the party and a very pleasant time was spent. They were headed by president Mrs. George S. Hayward and Mrs. R. V. Bray, who had charge of the excursion. They were received by Mr. and Mrs. Ripley, and the inmates all gathered in the auditorium, where the eatables were distributed and the concert given. The party was taken down the river and back in a launch by Howard Waddell.

ROOSEVELT'S CONVENTION

Yesterday the Republican national convention met at Chicago for the purpose of nominating candidates for the presidency and vice-presidency and formulating the campaign platform.

Mr. Roosevelt will, of course, be nominated for the first place on the ticket. Not only has he no rival now; for at least two years he has not had any serious rival. The picturesque, forceful personality of the president appeals to the imagination of the American people; they like a man who is not a mere rhetorician, but one who does things. They know now that Roosevelt has the courage to do what he says he will do, and that he does not make promises without meaning to do what he can to fulfill them. In short, Roosevelt's fellow-countrymen have learned to respect and trust as well as admire him. How the best-laid schemes of cunning politicians may go awry is illustrated in Roosevelt's case. His enemies so engineered matters that he was compelled against his will to accept the nomination for vice-president in 1900. These enemies thought that by forcing him into the vice-presidency they would kill his chances of a future nomination for the highest position. But by making him vice-president in 1900 they made certain his nomination for president in 1904.

To Canadians, the most interesting feature of the convention will be the Republican platform to be adopted. Will the "old policy" of protection, without modification, be nailed to the mast, or will the "Iowa idea"—a reduction of the duties on trust-made articles—be favored? And what will the Republican platform makers have to say on the subject of reciprocity?

THESE MINISTERS SHOULD GO.

Sir Frederick Borden spoke at a military gathering in Montreal on October 22, 1903. In the course of his remarks he dwelt upon the necessity for proper training and skilled leadership in the militia. Then he proceeded to say:

"We might congratulate ourselves in this country on having at the head of the military side of the Militia Department a gentleman who understood the importance of all he (Sir Frederick) had said. (Cheers.) He was not only a great warrior, as he had proved in a dozen battles—(cheers)—but he was a man of sound sense and judgment, who was here for the purpose of self-aggrandizement, not of playing to the gallery and having his name and praises sounded on every possible opportunity, but of developing the material he found into one of the best fighting forces on the earth."

It is clear from the statement that Sir Frederick Borden appreciated the position and the abilities of the General. He recognized Lord Dundonald as "the head of the military side" of the Militia Department. He conceded the ability of Lord Dundonald to conduct the duties imposed upon him under the law. He admitted that Lord Dundonald had no personal and to serve, and that his sole object was to promote the welfare and the efficiency of the defensive force. This was eight months ago. What is all this trouble about? The facts are made clear in Lord Dundonald's statement. The political side of the Administration has refused to co-operate with the military side. It has obstructed the military work and in a manner that to say the least of it is not in accordance with the rules that are followed by gentlemen in other walks of life. It has superseded the King's regulations in order to subordinate the national defensive service to political ends. For these wrongs it expected Lord Dundonald to share the responsibility. He was to give them the endorsement of his reputation. The General protested. Then came the assertion that the expert military man so eloquently described by Sir Frederick has nothing to do with his own part of the business, and that, anyway, if he sees abuses, he must observe silence or resign, failing either of which processes he becomes a foreigner and is treated in a manner that is an insult to him and a disgrace to our country.

Why did not Sir Frederick, knowing as he confessed he did, the high qualifications and worthy purposes of the General, give that officer his support and thus help in producing the result for which, in the speech just quoted, he looked? A strong Minister of Militia would have aided the technical side of his department, and would have resisted the political influences which, as Sir Frederick knows, are destructive of militia and absolutely contrary to law. Two serious considerations are involved in Sir Frederick Borden's connection with this unhappy affair. The first arises out of his treatment of the expert reports

TWO IN ONE SHOE POLISH

2 in 1 is a Paste, shines easily and quickly, and puts a shine on shoes that dust, sun and dampness can't affect. It won't rub off on the clothing—makes shoes look better and wear longer.

of the officer of whom he spoke in such laudatory terms last October. These reports he concealed from Parliament, representing that they were secret and confidential, when they were not of that character. The deception of Parliament warrants, and indeed necessitates, Sir Frederick's dismissal. The reports pointed to the necessity for certain action making for the defense of the country. Such action, although proposed by the head of the military branch, "a man of sound sense and judgment," has not been proven to be necessary, nor has any part of it been considered in a serious and business-like manner. This is a case of official neglect. No man who conceals the truth from Parliament and neglects expert advice is fit to rule a department of State, especially a department which is responsible for the lives and the property of the people. Mr. Sydney Fisher certainly ought to pass from the public service for his unworthy statements in Parliament, and for his attempt to do in the militia force what would not be permitted in any police force. But he should not go out alone. Sir Frederick, who sleeps at his post, and Mr. Fisher, who seeks to make the militia a party organization, with the concurrence of the somnolent political head of the defensive machinery, ought to disappear together. Mail and Empire.

SUPREME TEST OF LOVE.

Atlanta Constitution.

A Chicago club woman declares a man will eat anything his wife cooks if he really loves her. But, in its way, the test is a good deal like that of my lady's glove in the lion's den.

THE END OF IT.

Montreal Gazette.

The worst thing about Mr. Fisher's partisan interference with the militia is that it has set a vicious example, which newspapers unfriendly to the government are rushing to imitate. If the conditions continue they will soon be regarding an officer's position in the force as a piece of political patronage to be fought for in the party caucuses like a civil service job. A little of this would ruin the militia. The hope in the situation is that before such an end is reached, the public will have ruined the mischief makers.

You Must Digest Your Food as Well As Eat It—Dodd's Dyspepsia Tablets Ensure Perfect Digestion.

A good appetite may or may not mean that you are in good health. If you eat well and your food is digested your body will benefit from the heat and strength the food contains.

But many people who eat well have simply a false appetite caused by one of the varied forms of Indigestion and Dyspepsia. These people need help. They need Dodd's Dyspepsia Tablets. Take Mr. H. Bailey, of 206 Patrick street, Winnipeg, for example.

Mr. Bailey says: "I have gained in weight eight pounds since I began to use Dodd's Dyspepsia Tablets. Before that no matter what I ate I never seemed to gain strength or put on weight."

If you would have health and energy be sure your stomach is doing its full duty. Dodd's Dyspepsia Tablets ensure the stomach doing its full work.

FOOTBALL

SANDWICH DISPUTE DARRELL'S VICTORY SATURDAY.

Some exciting play marked the Sandwich-Darrell game in the first round of the western division of the Peninsular League finals at Sandwich on Saturday, when, according to the decision of the referee, Sandwich lost the game to their opponents by a score of 1 to 0. In the first half the honors were about as evenly divided as possible and it was difficult to determine which team had the strongest aggregation. The Darrell men were the heavier and were evidently in better form. Sandwich worked hard and showed considerable improvement as the game advanced, but want of practice was evident and the combination was not as good as it might have been. Several times the Sandwich men pressed the Darrell goal hard, but did not succeed in forcing the ball between the sticks. Darrell, occasionally made some hot rushes, but they were lacking in scientific play and were invariably beaten by the home backs. During the first half of the game Ellis Beeman of Sandwich, dropped out minus his wind and was replaced by William Thernan, who proved himself one of the most useful men on the Sandwich side. On the Sandwich forward line J. Williams played a very good game, while Bass, the home team's goalkeeper, also made a couple of clever saves. As the time limit was nearer after the resumption of play the game grew fast and furious, each side striving hard to score. Sandwich led off with several rushes at the Darrell goal and the visitors retaliated by a hot attack on the home goal. It was at this period that the visitors gained a goal, according to the decision of Referee Butler, which ended in the stoppage of the game for a period of about fifteen minutes.

The team almost instantly disbanded and entered into a hot argument over the merits and demerits of the referee's decision, and they were joined on ground by the supporters of both sides. Referee Butler gave his decision for Darrell.

An unsuccessful attempt was made to break into the grocery store of John McCorvie, in the I. O. O. F. block. The brass band over the lock on the front door was pried up. Evidently the burglars were disturbed in their work.

Mrs. George Kendall and daughter, Elizabeth, of Colborne St., left yesterday to visit Mrs. Kendall and son, Thomas, of Liverpool, England. Miss Kendall has been in very poor health for this last two years and her many friends wish to see her return much improved in health.

The great St. Louis Fair is now entirely complete and it the largest of its kind ever held in the world. This is a good time to go, as rates are low; and intending visitors should call on W. E. Russell, City Passenger and Ticket Agent, 115 King St., for special rates and information.

Mrs. Kendall and daughter Lizzie left this afternoon for Liverpool, England, where they will remain for the summer. Miss Kendall has had delicate health for some time past. Her many friends hope that the change will restore her health, wishing both a safe and speedy voyage.

ROADS VS. LIGHTS

"If the Chairman of the Board of Works would have the holes in the streets filled," remarked Ex-Ald. Andrew Thomson this morning, "we could probably do without light for a little while. I was going down one street on a day last week when we suddenly struck a rut, pitching a range off the day. The range was broken and the damages amounted to \$10."

"But say," continued Mr. Thomson, "if that citizen who is complaining about the lights would get in at a respectable hour at night, instead of having his wife running around with a lantern looking for him."

CAUSGROVE--BALMER

This evening at five o'clock, Mr. James E. Causgrove, of the Canada Business College staff, will be united in marriage to Miss Maud Balmer, second daughter of Mr. and Mrs. J. C. Balmer, of Leamington.

A large number of relatives and friends of the contracting parties from Chatham, Ridgeway, Thamesville, Northwood, Kent Bridge, Port Huron, Turin, Troy and Beechwood, St. Louis, Mo., Moosejaw and St. Annes, Ill., are expected to be present.

The groom is to be supported by Mr. E. A. Balmer, brother of the bride, while Miss Beatrice Causgrove, sister of the groom, will assist the bride. The wedding march will be played by Miss Rose Causgrove, of Thamesville. The bridal party will leave Thamesville on the 9.54 Wabash for Detroit, Cleveland, and other western points.

Mrs. Causgrove will be at home after September 1st at their home on Joseph street.

Yesterday afternoon the students of the Canada Business College assembled in the lecture hall to show the high place Mr. Causgrove holds in their esteem. After the reading of a very flattering address Mr. Causgrove was the recipient of a very handsome solid gold locket and a public school teacher in the county for six years and a teacher in the Business College for two years, has made many friends in the city and vicinity who will join with us in wishing Mr. and Mrs. Causgrove long life, happiness and prosperity.

AT THE TOP.

It is a laudable ambition to reach the top of the ladder of success. But many a man who reaches the top finds his position a torment instead of a triumph.

A man can succeed and be strong if he heeds Nature's warnings. When there is indigestion, loss of appetite, ringing in the ears, dizziness, spots before the eyes or palpitation of the heart; any or all of these symptoms point to weakness and loss of nutrition.

Dr. Pierce's Golden Medical Discovery is the medicine to turn to.

\$2,000 FORFEIT will be paid by the World's Dispensary Medical Association, Proprietors, Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below.

"For about two years I suffered from a very obstinate case of dyspepsia," writes R. E. Second, Esq., of 13 Eastern Ave., Toronto, Ontario. "I tried a great number of remedies without success. I finally lost faith in them all. I was so far gone that I could not for a long time bear any solid food in my stomach; felt melancholy and depressed. Could not sleep nor follow my occupation. Some four months ago a friend recommended Dr. Pierce's Golden Medical Discovery. After a week's treatment I had derived so much benefit that I continued the medicine. I have taken three bottles and am convinced it has in my case accomplished a permanent cure. I can conscientiously recommend it to the thousands of dyspeptics throughout the land."

The "Common Sense Medical Adviser," too large pages in paper covers, is sent free on receipt of 31 one-cent stamps to pay expense of postage and mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE NURSERY.

To cleanse the baby's rubber blanket use a flannel cloth dipped in kerosene.

Half a dress shield fastened on the underside of baby's bib prevents the moisture from wetting his dress and underclothing.

"If children could be sent to a chewing school as they are sent to a kindergarten," says a common sense physician, "there would be a marked improvement in the race."

Oil stoves should be banished from the nursery. They foul the air to such an extent as to render them unfit for use in any room not provided with a free current from open door to open window or ventilator.

Don't allow a child to be exposed to the infection of measles, scarlatina, etc., under the impression that these are "childish ailments" which they must have. There is no disease that any child "must have."

Lunch For Children.

Because things to eat do not always present an attractive appearance their nourishing quality is not properly appreciated.

The value of dates for children's school luncheons is not fully appreciated. They are rather sticky, bothersome things as they are originally purchased, and should be separated and washed. The date is then rolled in cornstarch or powdered sugar and straightaway becomes one of the appetizing trifles dear to youth and at the same time is healthful and nourishing.

Chocolate Macaroons.

Chocolate macaroons, notwithstanding their aristocratic appellation, have as their foundation stale bread. This is dried in the oven and grated. One-quarter its bulk in shredded cocoanut and pulverized chocolate is used, the whole being delicately flavored with a few drops of vanilla. The beaten whites of eggs are next stirred in in the proportion of five to a breakfast cup of the macaroon compound. When thoroughly mixed this should be of a consistency to drop lightly from a spoon upon well buttered paper and baked in a quick oven.

Take More of the Same.

"My wife taught me something the other night that isn't down in the medical books," said a Stock Exchange man. "We had some peppery tomato soup for dinner. I was hungry and I suppose I was trying to eat too fast. At any rate I got some of the soup in my windpipe and commenced to strangle. I coughed and coughed, and drank about two glasses of water. Still I coughed."

"Take another spoonful of soup," said my wife.

"Not for mine," I said. "I choked on that once and I'll wait until this burning gets out of my throat."

"She insisted, however, telling me it would cure the irritation. Just for luck I made the attempt and the effect was magical, for the irritation disappeared immediately. My self-appointed physician told me also that to cure that choking sensation you must take some more of the very liquid on which you strangled. She said it was especially efficacious in the case of a strong acid like lemon. How is that for a housewife remedy for a common complaint?"

"Just Folks."

"My boy," said a certain well-to-do business man of the state of Texas to his son, who was starting out for a career in an eastern city—"my boy, let me tell you something which may be of help to you. You get up there, and may see a heap of people who have more money than you have, a heap of people who have more brains than you have, and more success. Some of them may even be better looking than you are. Don't you worry about that and don't you be scared. Whenever you meet another man who allows his superior, you just look at him and say to yourself, 'After all, you're just folks.' You want to remember for yourself, too, that you're just folks. My boy, after you have lived as long as I have, and have knocked around the world, you will come to see that that's all any one of us is—folks."

The Savages' Proverbs.

The proverbs of savages are shrewd and witty. The Basutos say, "The thief catches himself;" the Yorubas, "He who injures another injures himself;" the Wolofs, "Before healing others, heal yourself." In Accra they say, "Nobody is twice a fool;" among the Ojib, "The poor man has no friends."

A Pashto proverb says, "A feather does not stick without gum." Others are: "A crab does not bring forth a bird;" "A razor cannot shave itself;" "Cross the river before you abuse the crocodile;" "Truth is only spoken by a strong man or a fool;" "Perseverance always triumphs;" "The thread follows the needle;" "Preparation is better than afterthought."

A Sixtus V. Salad.

When Pope Sixtus V. was an obscure monk he had a great friend in a certain lawyer who sank steadily into poverty while the monk rose to the papacy. The poor lawyer journeyed to Rome to seek aid from his old friend, the pope, but he fell sick and told his doctor to let the pope know of his sad state.

"I will send him a salad," said Sixtus, and duly dispatched a basket of lettuce to the invalid. When the lettuce was examined money was found in the hearts. Hence the Italian proverb of a man in need of money, "He wants one of Sixtus V.'s salads."

A Long Sleep.

An agricultural laborer in Russia is reported to have slept for seven months. He "dropped off" while at work in the fields, was carried home and remained slumbering for the period mentioned, watched from time to time by physicians. Curiously enough, he lost so little flesh that no attempt was made to feed him. When he awoke he was as weak as an infant, but after a fortnight's nursing he was strong enough to return to his work.

Why Italians Fence Well.

Experiments show that the nervousness of southerners acts in a most marked manner to their disadvantage. Owing to a greater nervousness and quickness of response they impose severer strains on already tired muscles. The skill of the Italians with the foil is an instance of the greater speed of their motor nerves.—Professor Mosso's Book on Fatigue.

Consulting the Sage.

No Korean couple would think of marrying without consulting the sage, who fixes the happy day for them. This he does simply by adding the bride's age to the bridegroom's, and, after determining which star rules the destiny of their united ages, he decrees that the wedding shall take place upon the day sacred to that star.

Give and Take.

"I always contend, sir," said the girl's father meaningly, "that young men should be in bed before 10:30 each night."

"Yes," replied the young man who was calling on the girl; "I hope you set that good example yourself, sir."

Health.

A man too busy to take good care of his health is like a woodchopper too busy cutting down trees to keep a keen edge on his ax or a draftsman too much engaged in drawing to sharpen his pencil.

In Process.

Visitor—Has your little baby sister got any teeth? Tommy—Oh, yes, I think she's got 'em, but she ain't hatched 'em yet!

The Ainu women in Japan tattoo their faces to give the appearance of men with whiskers.

Can't Sleep?

Here's a prescription that never fails to bring sound, refreshing sleep: Every morning, before breakfast, take a foaming glass of ABBEY'S SALT. Take it faithfully—give it a fair chance—and it won't be long before you "sleep like a babe" and feel "a nundred per cent. better" in every way.

Abbey's, being a granular salt, contains no alcohol; liquid preparations may.

Druggists, everywhere, sell it. 25c. and 60c. a bottle.

THE BIG GAME

**Suggestion That Employers
May Give Opportunity
to Their Workers
to Attend**

**Chatham's Splendid Efforts to De-
velop the National Sport—A
Worthy Cause**

The proposal, which is being sub-
mitted by the citizens interested in
the maintenance of healthy and moral
athleticism, to request the merchants
and factories to allow their employees
an opportunity of witnessing the
great championship lacrosse game
with St. Thomas on Monday next at
4.30 o'clock.

In the Townships, Chatham has this
year a genuine championship team
and purposes going right after the
Provincial honors and the movement
to develop the grand national game
in this city is worthy of hearty en-
couragement and assistance.

Monday's match will likely be the
crucial one as neither Chatham nor
St. Thomas has yet met defeat. If
Chatham wins she secures the district
championship, which means that she
will go on for the finals for the cham-
pionship of the Province.

It is hoped that employers may
see their way clear to help the man-
agement in this matter. It has been
suggested that the employees of fac-
tories would be glad to work an
hour later on Saturday for the op-
portunity of getting away Monday
to the match.

NARROW ESCAPE

James Clark, a drug clerk in the
store of Capt. J. W. McLaren, had
a very narrow escape from drowning
at Sandy Bottom last evening. He
could swim a little but got beyond
his depth and sank. A chum of his
was returning from swimming across
the river. He went to Clark's as-
sistance but was so exhausted by his
exertions that he had to leave his
comrade. Clarence Stringer, son of
Nelson Stringer, and Gilbert Duffy
were on the bank. Clark had gone
down for the last time when the
two lads reached the spot. The two
began diving. Young Stringer found
Clark and brought him to the sur-
face. With the assistance of Duffy
he took the young man ashore. After
considerable work the lad was restor-
ed to consciousness. Young String-
er deserves the Humane Society medal
for Clark owes his life to Stringer's
prompt and energetic action.

PRETTY WEDDING

A very pretty and pleasing cere-
mony was performed this afternoon
at the residence of Mrs. Wm. Wal-
ters, Belkirk street, when her daugh-
ter, Miss Mabel, was united in mar-
riage to Samuel F. Kennon, of the
Grand Trunk Tunnel office at Port
Huron.

Miss Eva Warren, of St. Thomas,
formerly of this city, was bridesmaid,
while Fred Leper, of St. Thomas, was
best man.

In this wedding to-day Chatham
loses one of its fairest and most pop-
ular daughters. Miss Walters was a
valued operator at the telephone of-
fice.

Mr. Kennon was for some years
connected with the local G. T. R.
freight offices, but some months
ago secured his present lucrative po-
sition at the Tunnel. Sam is popular
with all who know him.

Rev. J. W. Hoyt, of the William St.
Baptist Church, performed the cere-
mony at 2.30, in the presence of a
large number of invited guests.

Among those present for a dis-
tance were, Mr. and Mrs. E. H. John-
ston, of London; Clyde Edmonds and
Albert McDonald, of Port Huron.

THE SOO GOING AHEAD

"I would like to have that article
in last night's paper about me cor-
rected," said Chas. Simmons, who has
just returned from the Soo, to a
Planet reporter to-day. "I think the
Sault is improving and found it much
better this last trip than I expect-
ed. I have so much faith in the place
in fact, with its splendid backing,
that if I had \$10,000 uninvested I
would put it in real estate in Sault
Ste. Marie. Great improvements have
been made since 1902. Fine stone
buildings have been erected and
others are under construction. One
large stone building burned down
since 1902 is being pulled down for
reconstruction. The electric cars are
running again, which is a great ad-
vantage to the people. I don't think
the inhabitants of the Soo have any
cause to fear as to the future pros-
perity of the place."

In selecting your lambs for show
remember it's not the biggest lamb
that wins, but the biggest good
lamb. It is always well to select
several more than the number which
you intend showing, so as to be pre-
pared for accidents, such as sickness
and death.

CONSUMPTION BEGINS WITH A
COUGH.
The cough rakes and tears the ten-
der tissues of the throat. Inflamma-
tion supervenes and then serious
bronchial or lung trouble is estab-
lished. The important time is at the be-
ginning. Stay the progress of the
cough by using fragrant, healing Cat-
tarhzone, which reaches every part
of the bronchial tubes, throat and

ease germs, stops the cough, heals
sore spots, clears the nose and throat
of discharge. Cattanrhzone soothes,
never irritates. Guaranteed for ev-

Canada's Apples in Scotland.
Canadian exporters are year by
year gaining a stronger position in
the Scotch market. About half of the
apples imported into Scotland now
are from the Dominion. The system of
inspection at Canadian ports and at
British ports, whereby the quality of
the fruit is in a measure guaranteed,
has proved useful to the shipper as
well as to the buyer.

POISONED.
Rank Poison is Created when Food
does not digest, and that is when
Sickness Commences.
If the man or woman who does not
feel right, will at once look to putting
the stomach right they will strike the
right key—Every ache and every pain
is a cry of poison, too much of which
has been made in the process of con-
verting food into nutriment. It may
be the headache or sideache of the
kidneys telling they are overtaxed and
cannot filter the poison—it may be
weight, pain or distress in the stomach
that tells of fermentation and decom-
position instead of digestion—it may
be the backache or dizziness, which
tells poison has reached the fluid which
surrounds the brain cells. The first
cause is the same—lack of gastric juice
to properly digest. ANTI-PILL, the
Great System Treatment, is a new dis-
covery which acts on the mucous
membrane of the stomach, a natural
supply of gastric juice is assured. To
prove the wonderful action of ANTI-
PILL, you may have a free trial bottle
by addressing Wilson-Fyle Co.,
Niagara Falls, Ont.

DISTRICT DOINGS
DRESDEN

June 21.—Miss Kenny, of Chatham,
is the guest of her brother, M. Kenny,
of the Queen's Hotel.
F. A. McKim was a Chatham visi-
tor yesterday.

Mrs. Frank Cragg, of Detroit, is
the guest of her parents, Mr. and
Mrs. Wm. Rudi, Brown street.
The Sunday school scholars of Miss
Bond paid a surprise visit to the
Methodist parsonage last night and
presented their teacher with an appe-
arance book of poems and an appe-
arance address. Next Sunday will
be Rev. Mr. Bond's last Sunday in
town, as he goes to Forest for the
first Sabbath in July.

James Hughes, of Kent Bridge, was
a Dresden visitor last night.
Two links of local bowlers visited
Thamesville yesterday and played a
couple of games with the Thames-
ville club. The first game was the
scheduled county league contest and
was won by Thamesville, but the
Dresden players turned the tables on
them in a friendly contest held in
the evening. The following were the
Dresden players: Dr. J. I. Wiley, J.
Taylor, G. E. Weir, and C. H. Gor-
don in one rink, and T. N. Wells,
Dr. H. S. McDonald, W. H. Wilson
and Mr. Melville in the second rink.

About ten o'clock last night a seri-
ous fire was narrowly averted in E.
H. Dever's gent's furnishing store,
by the prompt action of a volunteer
fire brigade. During a few minutes
absence from the store of Mr. Thomp-
son, Mr. Dever's watchmaker, a lamp
exploded and when Mr. Thompson re-
turned he found the northwest cor-
ner of the store in a blaze. He
promptly closed the back door to
shut off the draught and gave the
alarm at once. A volunteer brigade
of water carriers quickly arrived,
pails were furnished by the hardware
and grocery men and in a very few
minutes the fire was extinguished.
The damage to the stock and furni-
ture will be slight, more goods being
damaged by smoke and water than by
the flames.

Quite a number from Dresden took
in the Makabeah concert in Tupper-
ville on Monday night. Jas. Baker
and Mr. Jazard contributed several of
the numbers on the program.
The ladies of the Presbyterian
church will hold their annual ex-
cursion to Detroit one week from
to-day, Wednesday, June 29th.

Next Sunday, June 26th, a special
children's service will be held in
Christ Church instead of the usual
morning service.

fects and cleans at the same time.

DARRELL.
A "Shingle Social" will be given by
Choir Girls' Society at French's Metho-
dist Church, Con. 4, Chatham town-
ship, on Thursday evening, June 30.
Program commencing at eight o'clock
and all are cordially invited.

The Chatham and Camden S. S. con-
vention will be held on Thursday of
this week at French's Methodist
Church. An excellent program will
be furnished and the event promis-
es to be a successful one.

Miss Hazel Agar entertained a
large number of her friends and her
home on Friday evening. All the
football boys were present to enjoy
the evening's amusement and supper,
which apparently invigorated them
for their subsequent contest at Sand-
wich. They evidently found absolute
satisfaction in the sandwich line be-
fore going west, thus accounting for
the aversion to any more on Satur-
day. Miss Agar is complimented on
the enjoyable evening given her many
guests.

Robt. Blackburn, Chatham, well-
known in the neighborhood of Darrell,
received a stroke of paralysis on Sat-
urday morning while eating break-
fast. Mrs. French, upon receiving the
intelligence, went to the assistance of
Mrs. Blackburn, her sister.

Benj. Agar spent Sunday in Dover.
Get your heads together, boys, and
determine the number of w-rings
needed and place your order with
your local storekeeper. He would
be pleased to fill your order.

Now is the time for the bells to
ring. June is rapidly passing.
Darrell, accompanied by their bunch
of supporters, boarded the west-
bound Wabash at Chatham on Sat-
urday to meet the "cup-holders" of
the Peninsular Football Association.
The teams lined up at 6:10 p. m. and
began the struggle for the champion-
ship. The game was fast and well
contested. The first half ending 0-0,
all determination they entered the
last half, but for this period the
game was Darrell's, in spite of the
Sandwich "rooters." After many per-
sistent efforts to pass the defence,
Darrell's sturdy forwards succeeded in
forcing the ball through the stakes.
During the last ten minutes the
"Stars of the West" struggled de-
spairately to score, but of no avail,
French having but one kick-off dur-
ing the half. The game resulted in
a well deserved victory for Darrell by
a score of 1-0. Referee, Mr. C. Stu-
art, of Windsor.

The return final game will be play-
ed Saturday afternoon, June 25, on
Tecumseh Park, Chatham. The
game will doubtless be one of the best
contested games ever witnessed on
the grounds.

BANISH THE WRINKLES
In Many Cases They Are Merely
Signs of the Ailments of
Women.

A woman's face plainly indicates
the state of her health. Wrinkles,
which every woman dreads, are not
necessarily a sign of age. Pallor of
face, wrinkles and a prematurely
aged appearance are the outward in-
dication of these ailments that afflict
womanhood alone, and from which
she too often suffers in uncomplai-
ing silence, rather than consult a
doctor. In this condition Dr. Will-
iams' Pink Pills are woman's best
friend. They actually make new,
rich, red blood, and this blood acting
upon the nerves and all the organs
of the body, brings new health and
happiness to weak, weary and de-
pendent women. Mrs. John McKerr,
Chickney, N. W. T., tells for the ben-
efit of other suffering women how she
found new health through the use of
Dr. Williams' Pink Pills. "For some
years," says Mrs. McKerr, "I was
greatly afflicted with the ailments
that make the lives of so many of
my sex miserable. The suffering I
endured can only be understood by
those who are similarly afflicted. I
tried many medicines but found none
that helped me until I began the use
of Dr. Williams' Pink Pills. These
have actually made me feel like a
new person, and the suffering I had
endured almost continuously has
passed away, and life is no longer
the burden it once seemed. I think
these pills worth their weight in gold
to all who suffer from female com-
plaints or general prostration."
We ask every suffering woman to
give Dr. Williams' Pink Pills a fair
trial. They will not disappoint you
and the benefit they will give is not
for an hour or a day—it is perma-
nent. You can get these pills from
any dealer in medicine or by mail
from the Dr. Williams' Medicine Co.,
Brookville, Ont., at 50 cents a box
or six boxes for \$2.50. See that the
full name, "Dr. Williams' Pink Pills
for Pale People," is on the wrapper
around every box.

BEWARE OF OINTMENTS FOR CAT-
TARRH THAT CONTAIN
MERCURY,
as mercury will surely destroy the
sense of smell and completely de-
range the whole system when enter-
ing it through the mucous surfaces.
Such articles should never be used
except on prescriptions from reputa-
ble physicians, as the damage they
will do is ten fold to the good you
can possibly derive from them. Hall's
Catarrh Cure, manufactured by F. J.
Cheney & Co., Toledo, O., contains no
mercury, and is taken internally, act-
ing directly upon the blood and mu-
cous surfaces of the system. In buy-
ing Hall's Catarrh Cure be sure you
get the genuine. It is taken inter-
nally and made in Toledo, Ohio, by F.
Cheney & Co. Testimonials free.

Gloves.
One glove should never be turned into
another after the manner of stockings.
Each finger should be laid out as flat
as possible, with the thumb folded in-
side the palm. Too much stress can-
not be laid upon a well clothed hand,
as this and a neatly shod foot are the
marks of a lady, no matter how shabby
her frock.

NOTHING LIKE EXPERIENCE.
"One truth" learned by actual ex-
perience does more good than ten ex-
periences one hears about." Tell a man
that Chamberlain's Colic, Cholera and
Diarrhoea Remedy will cure cholera
morbus, and he will most likely for-
get it before the end of the day. Let
him have a severe attack of that dis-
ease, feel that he is about to die, use
this remedy, and learn from his own
experience how quickly it gives re-
lief, and he will remember it all his
life. For sale by all druggists.

LACROSSE

Joe Tit, who is one of the managers of the Maccabee excursion to Detroit, has received a letter from Alex. Reid, the secretary of the Detroit Lacrosse team, asking him to arrange a game between the Tecumseh and Detroit for the day of the excursion. The letter has been received, acknowledged and filed. Manager Frank Babcock is not anxious to take his team to Detroit until it becomes fashionable to wear pite humor. They have not yet fully recovered from their last trip. However when they are, they hope to have another game with Detroit and will make it another victory.

W. G. Coupland of the Bugle Band Lacrosse team has received word that the game will not be played here. The Bugle team defaulted to Blenheim on Monday. Mr. Coupland is arranging a game with the Wallaceburg senior team on the first of July in Wallaceburg. His team will also likely go to Petrolia on the 27th of this month to play an exhibition game.

Manager Frank Babcock of the Tecumseh Lacrosse team, has received word that St. Thomas will be here next Monday for a game. This game will practically decide the championship of this district in intermediate lacrosse and no one should miss seeing it. It is understood a half holiday will be declared in order to enable every one to see St. Thomas have a strong team and it will keep the Tecumseh busy to win from them. The Tecumseh have not been beaten this year and they intend to hold their reputation. Practice games will be played with the Bugle Band team on the exhibition grounds to-night and Friday night at 6.30. A bus will be at the Garner House and the Park House to-night at half past six o'clock to take the players to the grounds.

SACHEL OF THE SATELLITE

And still the weather continues hard on the corn crop.

McKeough School Picnic to-morrow. That's why all the boys and girls in North Chatham wear that happy smile.

Being a minister man, his fellow Aldermen naturally expected that Ald. McCoig would understand scriptural quotations the best.

I would like to know what the Chairman of the Board of Works thought when his colleagues began banding him out those Golden texts.

Perhaps you wonder why I am worrying about the weather damaging the corn crop. If the corn crop is injured the price of corn juice is likely to be elevated.

Labor vote Geo. G. Martin is very apt in his choice of similes but he must make some of his temperance fellow aldermen feel uncomfortable when he says they want beer.

Ald. A. B. McCoig—If Ald. Edmondson had been asked to tell the number of Texas Maidens instead of the number of Virgins he could have supplied the information quick enough.

Henry of Navarre had just instructed his men to follow his white plumes, "If I only had my auto," he mused, "they could follow the smell." But they went on and presently won the day.

Special to the Satellite, via Cape Horn and wireless from The Planet's representatives now touring England. Liverpool is nearly all we expected and England is a fine country. Yours N. H. Stevens, John A. Walker, K. C.

To-morrow, a feature of the McKeough school picnic will be a relay race between the English, Irish, "Foreigners" and Canadian pupils. I'll venture to wager that the "Foreigners" will win.

Instead of seeing the man who led the British relief into Ladysmith, the men at the Niagara camp saw the man who fed the Canadian soldiers in South Africa on rotten dog biscuit. The sight must have been inspiring to the young citizen soldiers.—Hamilton Spectator.

A VOCAL JAG.

JUST TWO.

With winsome Sadie—just room for two.

THE TRAGEDY OF A RAG.

The screams of a River Street woman attracted quite a crowd to her door the other evening. The woman had been sweeping her front room toward dark and a moving object on the floor caught her attention. She slipped the broom over it and began to yell for help, feeling certain that she had a mouse under the broom. She was afraid to lift the broom, for fear the mouse might get loose and eat her or do some other equally foolish thing. One big brave man rushed into the house followed by half a dozen others, all expecting to see a woman being killed. The situation was explained. Each of the men found some weapon with which to hammer the poor little thing when the broom was lifted. At a given word the women raised the broom and each man landed in the place where the mouse was supposed to be. There was a loud laugh by the men and much embarrassment on the part of the woman when it was seen that the supposed mouse was a piece of black rag that had been moved about in the draft caused by the broom and which her alarmed vision pictured as a horrid mouse.—Detroit News.

and consequently the Gromoboi was ordered to expedite the sinking of her, which was soon accomplished. The Sado stopped after several shots had been fired across her bows, and in consequence of our signals, her boats, which were fairly numerous, were lowered, and several capsized. Other boats, crowded with men, headed towards Tzu and Iki Islands, which were visible in the distance. The weather was calm and the sea perfectly quiet. The Rurik picked up some of the officers, soldiers and crew, but it was only possible to capture four foreigners engaged on the transport and twenty-five officers. The other troops did not leave the transport and the Rurik was ordered to torpedo and sink her. The transport not sinking at the first torpedo, another was fired, which sank her.

Our squadron, when considering the matter ended, and in view also of the growing darkness, proceeded on its cruise, a Japanese cruiser watching all the time. On the following day, in the Taugant street, our squadron stopped the British steamer Allanton. Her captain declared to the officers sent to examine her that he was proceeding from Huroan to Singapore,

We Haven't

Been holding our heads high among the few who make REALLY good clothes, with, perhaps, pardonable pride, for 15 years without a good reason.

The steady upward growth of our business, made without any fuss or feathers, and always based on frank, straightforward methods, proves this. We should like to have you try one of our UNLINED SUMMER SUITS at our risk. Doesn't that seem fair?

The money's yours without any argument if you're disappointed.

They are certainly hard to beat.

with 6,500 tons of coal. An examination of the crew, an inspection of the ship's papers and certain irregularities in the log, coupled with the fact that the steamer had previously conveyed contraband to Japan, led us to doubt the neutrality of her cargo, and she was sent to Vladivostok under guard. There her case will be examined by a prize court. No other ships were seen during the cruise.

IS THE CORK OUT?

St. Petersburg, June 21.—According to an unconfirmed report, the Russian battleships Retvizan and Pobeda went out of Port Arthur June 18, and returned to port the same day.

FIGHTING REPORTED.

New Chungang, June 20, midnight, (delayed in transmission).—According to an American missionary, who claims to have received information from a native source, a force of Japanese cavalry attacked the Russian outposts at Liao-Yang last Saturday. According to the same authority, the fighting continued on Sunday. Faint sounds of firing were heard for several hours this morning in the direction of Hai-Cheng. A strong wind has been blowing in that direction to-night and frequent flashes, believed to have been from artillery fire, were seen.

STUDENTS' SERVICE

The McMaster University students conducted another crowded service at the Baptist church last evening. Miss Leinster's singing was very sweet and impressive, as was also that of Mr. Bryant and the quartette. The

preliminary and closing services were participated in by Rev. Messrs. Torrie, Hoyt and Prof. Campbell, and the addresses of the evening were delivered by Messrs. Courtis, Harkness, McPhail, Lailay and Benson.

The service was powerful and very impressive, a number remaining for the after service. The band will conduct services at the church every night this week except Saturday.

LIBERALS STRIKE

Woodstock, June 21.—At the annual meeting of the South Oxford Reform Association at Mount Elgin last Friday, delegates from Norwich were conspicuous only by their absence. But one lone representative appeared and he was the bearer of a letter signed by the absentees, the contents of which have just leaked out.

The trouble is all over the action of the license commissioners in refusing a license to the Brown House, Norwich. The letter treats the license commissioners as part of the Liberal party machinery and holds the Reform Association responsible for the action of the commission in granting or refusing certain licenses. "Under these circumstances," the letter concludes, "we, the undersigned local officers of the South Oxford Reform Association, deem it our duty to formally protest against such proceedings, and we deeply regret that we must decline to attend the coming annual meeting of the association to be held at Mount Elgin, on the 17th of June, or take any active part, or cast our votes in the coming election to redeem South Oxford to the party."

It is a fact that Teachers of Cookery all over the country use and recommend Cleveland's Baking Powder.

This is not an accident.

These women in their work must have the best; and when they choose Cleveland's it means that by experience and test they have found it the purest and strongest made.

The housewife will find the method of these Teachers a safe guide to good, wholesome baking.
