NO. 151

SPECIAL OFFERINGS

—OF—

WHITE GOODS

—FOR—

Skirts and Dresses

This is beyond doubt the greatest "white" season that fashion has ever decreed. White here, white there, white everywhere. No lady's wardrobe is complete this season without a white dress or suit. As usual for the greatest variety of white goods you must come to this store. In no other goods does "quality" show more plainly than in white goods, and it is "quality" we aim at in these special white goods offerings for this week.

India Lawns

Special at 17c—25 pieces of extra fine White India Lawn, the most popular sheer white goods of the season, beautiful bright finish, very special value at a yard, 17c.

Figured Piques

Special at 35c—5 pieces of corded white piques with neat small designs, fine soft finish, do not crush, very special value, at a yard 35c.

Mercerized Vestings

Special at 22c—50 pieces of fine white mercerized vestings in dainty stripes, spots and small figures, correct weight for skirts and suits, on sale this week very special value at 22c.

Indian Head Cotton

Special at 20c—White Indian Head Cotton, 34 in. wide, special value at a yard, 20c.

NOTE.—We will make to your measure from any wash material in the store, fit guaranteed, an eleven gored strapped skirt, at a charge for making of \$1.00. Orders received this week will be executed next week.

Skirts to Your Measure \$4.15.

For this week we offer you a choice of a splendid range of Tweed Suitings, including the New Greys, at the extraordinary low price of \$4.15 for a skirt made to your measure in whatever style you may choose to select from those submitted. Orders received this week will be executed next week. Get your order in early.

THE BEET SUGAR PROPOSITION IS TOO RISKY FOR CHATHAM RATEPAYERS

C. H. Mills of This City, a Former Member of the Berlin Board of Trade, Advises Maple City Taxpayers to Vote Against The Keystone Sugar Co's. By-law—Sound Reasoning.

With every new day, come innumerable expressions of opinion from citizens and ratepayers who have been, and are still opposed to the granting of concessions to the Keystone Sugar Company, to move the Warton beet sugar factory to Chatham, as stipulated in the by-law which will be presented to the ratepayers next month. The stand taken by this journal has been plainly announced, and is directly opposed to the passing of the by-law. This decision has not been arrived at rashly, nor in a hasty manner. The question has been viewed from every standpoint, and investigations of a minute character have been made, and the ultimate result after considering the proposition from a purely unprejudiced viewpoint, is that it is too risky a business for the people of Chatham to take up at the present time. The more the matter is looked into, the worse it appears to the intelligent citizen. During the past few days it has been shown that the views of The Planet are endorsed by nearly every successful business man whose opinion is looked up to in the business and commercial world. It is impossible to give publicity to the opinions of all who have approached us with expressions of congratulation and endorsement. Enough are given, however, to convince the voter who may not have made a study of the proposition, that it is one that goes to the people opposed by the citizens of every walk of life, and especially by the heaviest ratepayers, and a majority of the strongest business men.

Reference has been made in this journal, to the Berlin sugar factory, which showed up sugar factories in a very unfavorable light, and the statements made in this connection have been recklessly denied by Mr. Fowler, the local factory promoter, in a letter to The Planet. Mr. Fowler's letter was simply a denial with no proof of such denial. In view of the circumstances The Planet interviewed Mr. C. H. Mills, of the Thomas Stone & Son Co. Mr. Mills is a gentleman who recently came to this city from Berlin, and a man who while he lived in Berlin, took a very active interest in the securing of factories and industries for that city. He was president of the Berlin Board of Trade during the years 1904 and 1905, and was a member of the Council of the Board of Trade when the sugar factory was secured for Berlin—in fact he took a very active part in the

securing of this same Berlin sugar factory, if there is a man whose opinion on sugar factories should be of value, that man should surely be Mr. Mills.

When approached by The Planet, he felt somewhat backward in giving an interview on the grounds that he was a recent arrival in the city, and did not wish to interfere in a question in which the older ratepayers were so vitally interested, still, as he is naturally interested in the welfare of the place where he is now a resident, and being solicited for his opinion, he felt it his duty to, if possible, give the ratepayers the advantage of his experience in the matter of sugar factories. "In the first place," said Mr. Mills, "I never wish to enter any word against the bringing of any factory to a city. During my whole life I have been enthusiastic over new industries. A city cannot have too many of them, and we cannot have too many men who are ready and willing to push wholeheartedly for concerns which are desirable, and are paying propositions. That is why I feel a certain pang of regret that from what I know of the Keystone offer, I could not support it. I think that just at the present time, it would be a big mistake if the offer were accepted.

"The Berlin proposition was a far different one from the one which the people of Chatham will be called upon to vote upon. There the city gave the company a bonus of \$25,000.00. Here the people are expecting to get their money back again, and that makes them look closely to the security of the company, and security is quite important, especially when there is so much as \$75,000.00 at stake. The security of a trust company would be worse than the security of a bank, and the citizens should know what trust company is going to give this security before the by-law is voted upon, for this is the most important point to be considered in casting their votes. It would be in the interests of the sugar company itself to have this point clear, and to publish the name of the trust company long before the vote is taken. This would insure good faith on their part.

The stand of The Planet seems to be a proper one, and the information published in connection with the Berlin factory, was evidently got from reliable sources. I happen to know all of the details relative to this factory being very closely con-

necting with it from the first, and I can assure you that everything published in reference to the Berlin factory in The Planet's first article last Monday was absolutely correct, with the exception of the reference to Swedes and Pollocks. There may be a few of these connected with the factory, but the majority of the people employed there are largely German people. These are all laborers, and form a class of laborers who cannot be found in Chatham. This class of labor, of course, might have to be imported if a factory were established here. You must also bear in mind that the families around Berlin are mostly large ones, and in many cases women and all get out in the beet fields and work. It has been found that the farmers who have to hire help are not the ones who make money out of their beets, and if they do not make money there is one thing sure, they will not grow the beets. It is a question if the women of this country will get out in the fields and work with sugar beets, and help may have to be secured. It has been shown that the average farmer around Berlin cannot successfully grow more than from three to ten acres of beets, according to the amount of his help. Owing to the small families here then, some difficulty might be found in securing the acreage.

Your high tax rate here, too, should make you more careful. The tax rate of Berlin is only 19 3/4 mills, while here the rate is 27 mills. Berlin was in a better position to offer inducements to a sugar factory.

"Mind you I think a sugar factory is a good thing for the city and for the farmers, if it is put on a firm financial basis, but there is a great chance in going into a concern of this kind. In Berlin the people did not expect to get their money back. They gave a bonus. In the case of Chatham, however, the city expects the company to pay back the loan, and this makes the city very interested in the success or failure of the factory. This is an important point, especially when this industry is still in the experimental stages. It has been held up during the last few years by the Government, and the Government gave it, but we cannot expect this bounty to last for ever, and just what will become of the sugar industry when this support is taken away from it, and it is forced to stand on its own legs, is an uncertain question not very easily answered."

A SHORT MEETING

A Few Citizens Gather to Support Sugar By-Law—The Men Who Were Present

Last evening a meeting of those in favor of passing the beet sugar by-law was held in J. P. Dunn's office, Fifth street. The meeting was not very largely attended, as some of the more representative ratepayers who had received invitations to attend, and were expected at the meeting, did not put in an appearance. There were, however, a few citizens present. The meeting was held for the purpose of condemning the stand taken by The Planet and the views expressed by many ratepayers through this journal. The by-law enthusiasts hold that most of the people who express adverse views on the question, do not know what they are talking about. Promoter Fowler was one of the chief speakers. The speakers put themselves on record as thinking that the proposition was one of the best ever offered this city. Ald. Austin was not present. Arrangements were made for a campaign in favor of the by-law, and committees were appointed to look after the various polling divisions on the date of the election. Those present were A. D. Westman, W. H. Westman, J. Brackin, E. French, S. Bullis, R. Knight, W. Anderson, J. M. Northwood, Davi Lee, J. W. Webb, Ald. Potter and A. J. Dunn.

RICE—OLIVER

The marriage took place on May 3rd, 1906, at Westport, Alberta, of Miss Olive B. Oliver to Wm. W. Rice. William is an old Chatham boy and is the oldest son of Mrs. John Rice, Brook St., this city. His many friends in Chatham will wish him and his bride much happiness and prosperity in the future.

Young men, do your best, and leave it to others to beat it if they can.

HOLDING TO ONE IDEAL

Is What Brings Success—Years of Thought, Experience and Experimental Work—Has Made The Gourlay, The Best Piano In Canada

One cannot produce a perfect instrument in a short time. It takes years of work, worry, and study, profiting by the mistakes of others and sticking to one ideal. To make a piano producing the richest, sweetest, surest tone in the Dominion, and capable of holding that tone, is a most desirable thing. That was made the fundamental principle of the Gourlay manufacturing.

If it were possible to build a better piano than the Gourlay, Gourlay, Winter & Leeming would have made it.

They devote their time, thought and energy to the accomplishment of the ambition to make the Gourlay as near perfection as human skill, ingenuity and modern methods can devise. They have advanced in the marketing of their piano and are now selling direct to the customer at the wholesale price, thereby saving the small dealer's or the agent's profit. They have also introduced a new payment plan that makes it easy for anyone to own a Gourlay.

If you will stop at the Gourlay Exhibit on King St. in the Seano Block, you can see a full line of Gourlays and have their methods explained to you. Open evenings. GOURLAY, WINTER & LEEING.

WANT—GERBER

At eight o'clock yesterday morning Albert Want, of Howard Township, was united in marriage to Miss Mary Gerber, of the same township, the ceremony taking place at St. Joseph's church.

The happy couple left on a short wedding trip during the morning and upon their return they will take up their residence in Howard.

The person who is none of these things.

VERDICT FOR PLAINTIFF

J.M. Pike Wins an Important Seine Case at Wallaceburg

KIME GETS \$7 DAMAGES

The case of George Kime, of Mitchell's Bay, against W. B. Wells, Division Court Clerk, of this city, for damages for unlawfully taking away and detaining the carp seine of the plaintiff, was tried by His Honor Judge Dowlin with a jury at Division Court held at Wallaceburg on Tuesday.

It was shown that plaintiff is a fisherman, having a carp fishing license to fish in Lake St. Clair opposite lots one and two, 11th concession, part of the Big Point Club shooting preserve; that on 18th of May last the water being rough plaintiff could not get across the Bay with his "carp" of carp and he tied his boat to a pole on the shore and placed the seine on a pole about three feet from the water's edge. During the night the seine disappeared and when Kime went to get it to fish next day he found it was not where he had left it the evening before. He made enquiries and during the morning of the 17th asked Mr. Wells if he had seen it. This Mr. Wells denied.

Afterwards in the afternoon Kime, from the Big Point observatory, where he was posted, observed Wells get out of a canoe and go straight to the place on the fish pond, a mile or so away, where the seine had been deposited, get the seine, put it in his canoe and paddle with it to a point about a quarter of a mile from where the seine was originally left by Kime on the lake shore.

This high handed dealing with his property was resented by Kime, hence the lawsuit.

The jury brought in a verdict Tuesday in favor of the plaintiff Kime, and judgment was entered in plaintiff's favor for \$7.00 damages and costs. Much interest has centered in the case both in this city and the Township of Dover. J. M. Pike appeared for plaintiff and A. B. Cameron for defendant.

Chief Holmes points out that it is against the law to ride a bicycle on the street at a "rate of speed" greater than six miles an hour. There are many offenders in this city who may not be aware of the law in this respect.

PUBLIC COMMENT.

That friend of Hon. Mr. Emerson, who was allowed to make over \$8,000 in three weeks by land deals, is the latest among grafters to be brought to the front. All the booting has not been in the West. The present Government will take the lion for making millionaires at the expense of honest taxpayers.

Despite the fulminations of the editor of The Toronto Globe against the sports system and the partisanship of the Whitney Government, it will be observed that Mr. Whitney has made the Rev. J. A. Macdonald, editor of the Globe, and a number of other Grits, members of the Board of Governors of Toronto University. This, comments the Brockville Recorder, will rather astonish a lot of extreme party men on both sides, but the fact is that Premier Whitney is too big a man to place party interests before Provincial interests. He places the public interests first, and the people of Ontario are finding that out rapidly. The contrast between the playmate partisans of the preceding regime and the big men of the present administration is being brought daily into a prominence which cannot fail to fill the former with keen anguish.

DISTRICT

BLenheim

June 28.—Mrs. Geo. H. Lane and children left on Tuesday evening for Detroit to join her husband, Captain Lane, of the steamer H. E. Packer, and intend taking a short trip on the boat.

Mrs. Geo. Topholme, and daughter Ida, of Ridgeway, were Blenheim visitors on Tuesday.

Mr. Phillip Colborne, who has recently taken a situation at J. W. Fleming & Son, has rented E. W. Knight's house on McGee street and will shortly move his family here from Bridgen.

Word has been received from Listowel that L. H. Edmonds' horse, Darkey Boy, has pulled off the biggest event of the day at the races held there today.

Mr. Stevenson, principal of the Guilds Public school, has had charge of the P. S. Leaving class at the school; 47 pupils are writing for it and 82 pupils are writing on the entrance work.

Mrs. James Sterling returned from Chatham last evening, where she has been visiting relatives.

Rev. Hugh Cowan, of Bridge End, and Rev. G. Gilmore, will exchange pulpits on Sunday next.

Miss M. R. von Cullen has returned from Toronto. She has studied music for the last nine months under Prof. Welsman, of Toronto College of Music.

E. W. Knight has rented the rooms over H. Faust's harness shop.

Mrs. J. M. Dunlop is visiting relatives at Wheatley this week.

Don't Dose the Stomach

Cure Catarrh by Breathing Hyomei.

There is one treatment for nasal catarrh which is based upon common sense and at the same time, is thoroughly scientific.

Hyomei is not a cure-all; it is a specific for the cure of catarrhal troubles. Breathing through the nose pocket, instead of the mouth, with every outflow, the aromatic healing of Hyomei penetrates to the most remote part of the nose, throat and lungs, healing all inflammation and killing the catarrhal germ, wherever present.

The Hyomei nasal outfit sells for \$1.00, and consists of an inhaler that can be carried in the vest-pocket, a medicine dropper, and a bottle of Hyomei. The inhaler lasts a life-time, and if more Hyomei is needed, extra bottles can be obtained for 50 cents.

It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that treats without stooping, sneezing, dosing, applying the medication and healing where the disease germs are present.

Do not dose the stomach to cure nasal catarrh; breathe Hyomei.

If you cannot obtain Hyomei of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write to-day for consultation blank that will entitle you to services of our medical department without charge. The R. T. Booth Company, Hyomei Building, Ithaca, N. Y.

THE RATEPAYERS ARE AGAINST THE BEET SUGAR PROPOSITION

Merchants and Taxpayers Express Their Views to The Planet—Security is Not Considered Good—The By-law is Very Much Out of Public Favor

In view of the strong wave of public opinion against the passing, and even the submitting, of the Beet Sugar By-law, The Planet gives below the expression of opinion from some of the taxpayers who are opposed to the measure. These citizens add their words of opposition to those expressed by other ratepayers and published yesterday.

W. Wilson, of Coltart & Wilson.—The citizens gave the sugar people sufficient evidence at the last election to prove that they don't want the factory here. Now they try to do almost the same old by-law out before us again. From what I have observed, the people do not want the factory any more now than they did then; in fact, many are against it now who formerly were in favor of it. I have been in Berlin, and I know the statements made in The Planet the other evening regarding the Berlin factory to be absolute facts. The only thing Chathamites will derive from such a concern for their \$75,000 is the vile smell which always permeates the air in the vicinity of beet sugar factories. The by-law is a very poor thing, and it is a pity that the city should be saddled with even a portion of the cost of submitting such a weak affair, which will never carry by the votes of the citizens.

A. R. Coltart—I am against the passing of such a by-law. I cannot see that the outlay of so much money to bring a seemingly indefinite proposition to the city would be anything but folly.

A. C. McKay—I don't think the proposition is any good when all the facts are considered. It is not in the best interests of the citizens that such a by-law should be carried.

David Nagle—I have read up the proposition, and I cannot see how the passing of such a by-law can be of benefit to the citizens of Chatham. Why, you can smell the refuse from the Wallaceburg factory before you get anywhere near the plant. They

have to put the windows of the electric cars down when they draw near the sugar factory, to keep the stench out.

One gentleman speaking to a reporter this morning, was quite indignant that the Council did not demand that the promoters of the scheme to bring the Wamton factory here, should place the money which is supposed to pay half the cost of submitting the by-law with the city treasurer. "Yes, I know they left a marked cheque with Ald. Austin," he continued in reply to an explanation, "but that cheque will not pay us to pay even half. If this by-law is defeated, and there is every indication that it will be, where are we going to look for the rest of the money incurred through submitting the by-law. It will just be a case of the city having to fork up the bigger share."

Mr. Wendell Wilson, of this city, was in Wallaceburg recently. He says that the smell from the decaying pulp and refuse in the vicinity of the sugar factory was very nauseating, and permeated the whole neighborhood. The G. T. R. hog pens in this city, he says, are not in it for a minute with the vile odor which comes off the refuse from the sugar factory.

The smell from the Wallaceburg factory, so a Wallaceburg man says, pollutes the whole town and people living there are forced to keep their windows closed to bar out the sickening stench.

N. H. Stevens—I am strongly against the beet sugar proposition as offered to the city by the Keystone Co. It is the poorest, the very poorest, proposition ever offered to the city, and in the interests of both the citizens and the farmers of Kent County I strongly advise the ratepayers to vote it down.

DECORATED THE GRAVES

The members of the local Macabees tent on Sunday went to Maple Leaf Cemetery, where they decorated the graves of deceased brethren. There were over a hundred Sir Knights on parade, and about two hundred members and their wives were present to witness the impressive proceedings.

Come 16 graves were decorated, 15 of which were the graves of deceased County of Kent Macabees, and one that of a deceased brother from Chicago, Ill. The 24th Regiment Band was in attendance.

On their return to the lodge rooms the brethren passed a hearty vote of thanks to Grand Master Turner for his courtesy and kindness during the ceremony.

FASHION HINTS

LADIES' COSTUMES.

No. 4135.

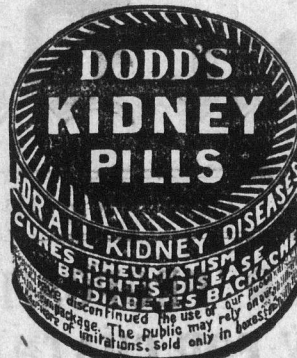

There is nothing prettier for outing wear than a sailor costume, and the one portrayed is of blue linen, trimmed with braid and a sailor knot of blue silk. The blouse is made to slip on over the head and left to pouch slightly all around over the belt. The applied yokes, which is a pretty feature, may be used or not, and choice is given between a square sailor collar or one that is in round effect. Full length or three-quarter sleeves are provided for in the pattern. Seven gored are used for fashioning the skirt, which is in round length, and the closing is at the back. Light weight flannel, serge, cashmere, pique, chambray, gingham, cotton chevrot, mohair and pongees are recommended.

The quantity of material required for size 36 is 2 1/2 yards of 36 inch goods. Pattern No. 4135 is cut in sizes 32 to 40 inches, bust measure. Mailed postpaid on receipt of 10 cents, name, size and address to the Fashion Department of the C. Austin Co.

This label in all genuine.

Mr. R. Birch and bride have returned from Montreal and other eastern points, where they spent their wedding tour. They will take up their residence on Queen street.

Tunis Wagner, who lives on Adelaide street, on Monday dug up new potatoes in his garden. These are the first early potatoes so far reported to the G. H. J., and Mr. Wagner says they were all well developed, being as big as a good sized hen's eggs. The potatoes are early Yorks, and were planted on April 24th.

LETTERS

THE SUGAR BY-LAW.

To the Editor of The Planet:

"I have been to Berlin, and the statements in The Planet on Monday cannot be substantiated. I have more faith in the Sugar Beet Factory as a good proposition for the city than I had before. You can put that statement in as prominent type as the one appearing in Monday's Planet, as I can produce the evidence to back it up," said Ald. Austin, when interviewed this morning.

"When I read Monday's Planet the statement in the headline was such a strong one that it certainly gave me a start, but on reading the article I noticed that not a single citizen of Berlin was quoted as authority for the statements, and I decided to investigate for myself. "I went to Berlin without knowing the attitude of any of the citizens to the question, and called on men representing nearly every class in the community—the manufacturers, the laborers, the merchants, the bankers, the editors, etc., over 20 in all, and to my question as to whether the Sugar Beet Industry was a detriment or a benefit to the city, only one man in the entire number was in doubt on the question; the rest of them said without the least hesitation that it was a decided benefit."

"This one man would not say it was a detriment, but simply that he did not like it. When asked the reason why he said, 'Well, I have a nice property on the street leading to the factory and in the fall of the year they keep the roads all cut up drawing beet to the factory.' When I met the President of the Board of Trade just previous to leaving, he told him of my experience, he said, 'Why, that gentleman is a pessimist, never sees any good in anything.'"

"The first man I interviewed was Mr. Scully, Manager of the Berlin Furniture Manufacturers' Factory in Berlin, which employs 70 men. He said, 'It's a fine thing for the town, puts a lot more money into circulation, so is an excellent thing for the business men, improved the wages of the laboring class, and provided work at a season when a great many men would otherwise be out of work.'"

"Does it bring an undesirable class of people into your city, who, after the factory closes down, become a drug on the labor market?" "Not at all. As a matter of fact you cannot find an idle man around Berlin to hire at any price to-day."

"Mr. Robt. Smyth, dry goods merchant, and vice-president of the company, and one of the active managers at the present time, when interviewed, gave a very full history of the company from its commencement up to date, and which did not materially differ from the statements made by Mr. Fowler at the public meetings. Mr. Smyth said: "While I cannot recommend it to anyone as an investment, I consider it a splendid acquisition to a city. You would certainly make a great mistake to turn down such a proposition as you have, where the city is guaranteed against loss and outside parties are taking all the risk incidental to a new industry. When we have ten or twelve factories operating in Canada the success of the industry will be assured."

"S. J. Williams, President W. G. & R. Shirt and Collar Factory, said, 'I was President of Sugar Co. for several years, know the whole history thoroughly, retired from the board owing to pressure of my own business, am not now a member of the executive, but you can make it as emphatic as you please, I thoroughly endorse the Sugar Beet Industry. Berlin spent two to three thousand dollars investigating the question. We took a delegation of 150 over to Bay City and looked into the matter thoroughly. Galt sent a delegation as well and made every effort, as a result of that trip, to secure the factory for their town, but Berlin's natural situation and the push and energy of the citizens captured the factory, and Galt is sore.'"

"Nothing but municipal jealousy prompted that statement in The Planet. Galt never had a factory and the land surrounding it is not adapted for beet growing; then why should this Planet man go there for information? The whole statement is misleading. If your city has the loan guaranteed by a Trust Company and none of your citizens hold a dollar of stock, what do you need to worry if the industry does not pay dividends to the stockholders?"

"As an employer of labor I can say labor conditions are better than formerly; the family a thrifty mechanic can increase the earnings considerably by the help of the younger members during the cultivating season, etc., and undoubtedly all classes of business in the community are benefited. Our factory cost the city \$25,000 by way of bonus, and looking back over my whole experience with the industry I consider it an acquisition to the city, and your city will do well to support the by-law."

"Mr. Schell, grocer: 'A good thing, pays good wages, helps a class of people who require it. We always feel the benefit of it when the factory commences. The farmers have more money to spend, people who never have money in the winter time have it now.'"

"Mr. Jackson, manager Berlin Furniture Co.: 'We employ men only and find as a result of the factory coming we have to pay more wages, but of course that applies to any additional factory.'"

"Ald. C. Hann, president of the Trade of Labor Union: 'A good thing, provides labor for men at a time when work is scarce, a great assistance to men who work on corporation during summer. The Labor Union endorses the proposition fully.'"

"Ald. Ratley, editor News-Record: 'The factory is well worth what it cost us, advantages the town.'"

"The first two years no money was made owing to the cost of educating people to grow the beets, and getting the factory running properly. The third year the factory made good money. Last year the company made a mistake in changing the management and as a result did not get the results from the beets handled. This has been remedied and they calculate on having thirteen million pounds of sugar to market this year against the nine million last year. Sugar has advanced 50 points lately, so the sugar on hand is a splendid asset."

"The man who wrote that article in The Planet evidently wanted to know the by-law. If he were in our town the citizens would look him up."

"Mr. Shantz, of the Dominion Button Works, employer of 250 hands, 50 per cent. of them men, says: 'As a firm it costs us money, it means labor conditions are better than formerly, but it certainly helps the town; we are loyal enough to pay our share.'"

"The farmers tell me they have better crops off the land as a result of the extra cleaning they receive when they grow beets. "You will find it a good thing for your town."

"I do not want to weary you nor your readers, but I have notes here of interviews with many others, two bankers, another editor, three more manufacturers, and five or six merchants, but all are of the same tenor. D. B. Detweiler, president of Board of Trade, when shown article in The Planet, said: 'The man who wrote it surely was not in town and wanted to knock it.'"

"In conclusion, let me say that I will accompany the proprietor of The Planet and a third party to be selected, or send three citizens to Berlin, let them spend two days in thoroughly canvassing the town, and if they do not bring favorable reports from seven out of ten interviewed, I will pay all the expenses. If The Planet will agree to do the same should the reports favor the sugar industry."

"By the way, why cite Nebraska, a place of which we know nothing comparatively? Why not take the factory of Cairo, Mich., as an example?"

CHAS. AUSTIN.

Ald. Austin is evidently attempting to impress the ratepayers that The Planet is trying to knock the city, but after judgment had once been passed upon by our citizens he and others should graciously accept defeat. The gentlemen interviewed by Ald. Austin in nearly every case are holders of stock from twenty thousand dollars downwards, and are looking after their own interests and those of Berlin, and are doing precisely what every loyal citizen of this city would do if the position of the two cities on the sugar factory were reversed. Chatham contains fewer pessimists possibly than any city of its size in Canada, or it would not be pointed to from one end of the Dominion to the other as the most progressive of any of the smaller cities, and if by any chance a beet sugar factory should locate here they will be just as loyal as the gentlemen Mr. Austin came in contact with on his visit yesterday. The Planet's interviews were obtained from what it believes reliable sources, and from its general observation of the business in Canada and the States, and from the mystery surrounding the gentlemen from a distance who have been in the city and are here personally interested in getting the bonus it had no hesitation in advising the ratepayers to kill the proposal by their votes on polling day.—Editor Planet.

BY-LAW MAY BE WITHDRAWN

The Beet Sugar Proposition May Never Go to the Polls

PUBLIC ARE DOWN ON IT

There is a well-founded rumor afloat just now to the effect that the City Council will do the wisest act under the circumstances, and at their next regular session, withdraw the beet sugar by-law granting the Keystone Sugar Company the sum of \$75,000 as a loan to remove the Warton plant to Chatham. It is known to be a fact that numbers of influential ratepayers have waited on certain of the aldermen, and asked them to withdraw the by-law before further expense to the city is incurred.

It is understood that four of the nine aldermen who compose the Council Board have signified their intentions of opposing further action towards having the by-law submitted. Mayor W. S. Marshall, who was never very enthusiastic over the proposition, is likely to cast his vote against incurring any more expense with the proposition.

The four aldermen who will stand out against spending any more of the people's money on the proposition are Ald. Stone, Bensen, Thompson and Scullard.

TO-NIGHT

Daughters of Rebekah, in their hall at 8 o'clock.

Court McGregor, No. 6, I. O. F., in their room at 8.

Strawberry Social, Holy Trinity Church Grounds, at 8.

Local Branch No. 21, Association of Steam Engineers, Eberts' Block, at 8 o'clock.

LOCAL

PROBABILITIES.

(Special to The Planet) Toronto, June 28.—11 a. m.—Light to moderate winds, fine and decidedly warm; a few scattered thunderstorms, chiefly on Friday.

Mrs. Masson of Toronto, is visiting her son, Mr. Masson, Fifth St. Miss Kennedy, of Windsor, is the guest of Mrs. McMillan, Murray street.

P. C. Dezella disposed of a dog at the Police Station yesterday morning.

The young boy who was brought up in the Police Court yesterday will be sent to the Mimico School. James McGregor and Colonel Sam Holmes have returned from the Joy Club, where they have been spending a few days fishing.

Lost, on Wednesday afternoon, a black and white fox terrier dog. Finder will be rewarded by leaving at Hugh Lamont's, Dufferin Ave.

The Park street Methodist Sunday school have their annual excursion to Belle Isle Park on Tuesday, July 3rd. Boat leaves Rankin dock at 7.45.

Home to the Garden Party on Holy Trinity Rectory Grounds this evening. Mrs. John Cooper, Mr. Wilfrid Smith and others will sing.

While up the river some days ago, Roy Brisco and John Bennett ran across an old hutch bark canoe floating near one of the banks. The canoe, which is likely a relic of the time when the red man plied the river, is now on exhibition on Brisco's dock.

Mrs. Jaffray's Estate.

Toronto, June 28.—Application has been made by Hon. Robert Jaffray, William G. Jaffray and Christopher Eaton for probate of the will of the late Sarah Jaffray, deceased. The estate consists of \$14,881.75 in real estate, \$66,302.22 in stocks, \$3,636.10 in mortgages, besides cash and personal effects. After making several gifts to her husband and children, the testatrix devised the residue of her estate to her executors in trust to pay the income derived therefrom to her husband during his life, and after his death equally to her four children.

Revolution is Progressing.

Mexico City, June 28.—News from Salvador relating to the revolution in Guatemala is that Gen. Toledo has advanced into the country without encountering resistance during a three days' march. It is believed that he is now near or at the City of Guatemala. Many Government troops have deserted to him. The capture of Ayutla in Northern Guatemala by the revolutionists is confirmed.

LOW SUMMER TOURIST RATES WEST.

During the entire summer the Chicago and North Western Railway will have in effect very low round trip tourist rates to Colorado, Utah, California, Oregon, Washington and British Columbia points. Choice of routes going and returning with favorable stopovers and time limits. Especially low excursion rates to the Pacific Coast from June 25th to July 7th. For further particulars, illustrated folders, etc., write or call on B. H. Bennett, General Agent, 2 East King Street, Toronto, Ont.

Men of character are the conscience of the society to which they belong.

Minard's Liniment cures Dandruff.

INDIGESTION AND BILIOUSNESS CURED

Bileans Restore an Amherst Man.

The value of Bileans in cases of long-standing indigestion and biliousness is illustrated by the experience of Mr. Thomas Molyneux, of Amherst. He says: "For fully three years I was subject to indigestion and bilious attacks. The latter would come on every two or three days and cause me great suffering. I had experimented during that time with I don't know how many different medicines, but the biliousness and indigestion went on just the same. I saw Bileans very highly spoken of in some of the newspapers, and obtained a supply. These I took according to directions, and I am pleased to say that from first commencing with Bileans I have not had another attack. I consider them a fine medicine."

Bileans for Biliousness cure headache, constipation, piles, liver trouble, indigestion and all digestive disorders, female ailments, skin eruptions, biliousness, sick headache, bad taste in the mouth, foul breath, dizziness, fainting, buzzing noises in the head, feelings of uncomfortable fullness even after a light meal, wind pains, anemia, debility, etc. They also act as a general tonic, and by improving the tone of the whole system enable it to throw off colds, chills, rheumatism, etc. They improve the general circulation, and are a boon to pale-faced girls and weak women. For all purposes to which a household remedy is put Bileans will be found of excellent service.

Obtainable from all druggists and stores at 50 cents per box, or direct from the Bilean Co., Colborne St., Toronto, upon receipt of price. Six boxes for \$2.50.

NOTICE

COURT OF REVISION, TOWNSHIP OF HARWICH

The municipality of the Township of Harwich will hold a Court of Revision on the Assessment Roll of said Township for the year 1906 at the Township Hall on Thursday, July 19, 1906, at the hour of 10 o'clock a. m., for the purpose of hearing and trying appeals against the said Assessment Roll, or any portion thereof. The Roll was returned on June 26th, therefore any person having any grievance and desiring to appeal against the same must file said appeal with the Clerk of said Township on or before the 19th day of July, 1906.

GEO. W. RISEBOROUGH, Clerk of Harwich. Clerk's Office, Harwich, June 27, 1906.

THAT USURY BILL

Interest Limited to 12 Per Cent.—Heavy Penalties.

Ottawa, June 28.—Mr. Fielding's bill respecting money-lenders was reported by the Committee on Banking and Commerce yesterday morning.

The bill provides that no money-lender shall stipulate for or exact on loans of less than \$500 a rate of interest or discount greater than 12 per cent. per annum, which rate is to be reduced to 6 per cent. per annum from the date of judgment in any proceedings to recover the amount due, and provision is also made in the case of suits for recovery for reopening closed accounts and the readjustment of the same, relieving the borrower from payment of any sum in excess of the rate allowed, and providing for the repayment of the excess of interest charged.

Provision is made that this bill will not apply to transactions in which the interest charged was less than 50 cents. The bill applies to all persons who lend money at a rate of interest greater than 12 per cent.

Canada Soaked.

Ottawa, June 28.—Some startling figures were brought out yesterday afternoon before the public accounts committee, respecting the profits of the mysterious George T. Merwin, in selling supplies to the Marine and Fisheries Department.

His profits, in many cases, amounted to more than 100 per cent. One engine, for example, cost Merwin \$335; he sold it to the Government for \$960. Another engine, which cost him \$263, cost the Government \$550.

Railway Bills Reported.

Ottawa, June 28.—The Senate railway committee yesterday passed bills respecting the Windsor, Essex & Lake Shore Rapid Railway Co.; to incorporate the Bar's Falls & French River Railway Co.; respecting the Montreal, Ottawa & Georgian Bay Canal Co.; to incorporate the Temagami, Cobalt & Temiskaming Railway; to incorporate the Cobalt Range Railway Co.

Seed Men Meet.

Ottawa, June 28.—The third annual convention of the Canadian Seed Growers' Association opened yesterday. Last night, Prof. J. W. Robertson delivered the presidential address, and addresses were delivered by Hon. Sydney Fisher and Hon. W. R. Motherwell of Regina.

NEW ADVERTISEMENTS.

E. A. Mounteer,

CHARING CROSS.

Robert McEachern, of Battle Creek, Mich., has moved to our town and has taken up his residence on the old McEachern homestead on the townline.

The double track grading on the M. C. R., is about completed and trains are expected to be running over this place, in a few days.

The funeral of the late Geo. Knott took place on Friday last and was very largely attended.

To pity distress is but human; to cleans house is no sign that she is intellectual.

Miss Flossie Edmondson will leave for Stratford the latter end of this week, on a couple of weeks visit to friends.

Wait for Park street Methodist Sunday school excursion to Belle Isle Park on Tuesday, July 3rd, per steamer City of Chatham. Boat leaves Bankin dock at 7:45.

The many friends of the Rev. Mr. Forrest, of Leamington, will be pleased to hear that he is recovering from his serious illness in the Chatham Public General Hospital.

Have you canned your berries yet? Now is the time. We will have a plentiful supply from the lake Friday morning. Don't wait until it's too late—get them now. The King Edward Grocery. Phone 51.

Monday evening the members of the Park street Epworth League held their final meeting of the year. The meeting was in charge of Joseph Rutledge. Addresses were delivered by W. H. Westman and Mrs. Penning, of London, Eng., and a solo was rendered by Miss Belle Riddell.

Complaint has been made about a pile of dry brush which has been left lying on the banks of the creek along Tecumseh Park. Should the brush by any means catch fire, two rows of shade trees would be endangered.

M. Glab, proprietor of the Empire Hotel, Wallaceburg, was up before Magistrate McDougall on Monday, charged with selling liquor during prohibited hours. He was fined \$50 and costs, \$50.70 in all. The information was laid by License Inspector Nathaniel Massey, and Crown Attorney H. D. Smith prosecuted.

The two locomotives, Nos. 107 and 112, which were badly smashed up in the C. P. R. collision last week, are both running on their regular time again, the repair work having been executed with lightning-like rapidity.

Miss Ethel Sandison entertained a number of friends Tuesday evening in honor of her sisters, Misses Margaret and Cora, who have been visiting her. They returned to their home in Denver, Col., to-day.

Our Great Clothing Sale closes on Saturday night, June 30th. If you have not already taken advantage of it, do so before it is too late and save yourself 25 per cent. off every dollar's worth of clothing you want. Stone the Hatter.

Arthur Stringer, the novelist, was in the city yesterday. Mr. Stringer is at present residing at the Beach, but he will leave in a few days for New York to attend the rehearsal of a new play which he has dramatized from one of his books.

Dr. Thos. Weston, of Muir, Mich., is in the city spending the day with his sister, Mrs. H. A. Colville. The doctor is accompanied by his daughter, Velma, and Miss Flossie Gillo. They leave this evening for Dresden to spend a few days with relatives in that town.

A cool forty-seven gallons of ice-cream were disposed of by the school-ars and their friends at the MeKeough School picnic on Monday evening. The ice-cream was supplied by C. E. Lister, of the Maple City Creamery, and was all made without ice by the special refrigerating machinery at their establishment.

Saturday night finishes our great 1-4 off Clothing Sale. Without doubt this has been the best sale of any we ever put on in our 24 years of business. Don't miss this opportunity of visiting our store and securing one of our great clothing bargains before 12 o'clock Saturday night, June 30th. Stone The Hatter.

Mr. Amos Mounteer has received an invitation to attend the silver wedding anniversary of Mr. and Mrs. J. D. Arthur, now living in Castle Rock, Wash., but who were formerly well known Chatham folks. Mr. Arthur was at one time a photographer here, and his studio was located in the rooms above the store now occupied by A. H. vonGuntlen, the jeweler.

Mrs. Jason Churchill and daughter Rea, of Windsor, are the guests of Mrs. Sterling, Lorne Ave.

Kelvin Stevens, of Adelaide St., caught a 22 lb. carp in the river on Tuesday morning, by the C. P. R.

Ed. Richards, while engaged at a window at the Dowling Works, Tuesday, fell 14 feet, breaking one of his ribs and receiving a shaking up.

Chum Aitken returned to the city yesterday afternoon after attending the meeting of the Dominion Life Underwriters Association at Toronto and also attending to private business in Ottawa.

On Tuesday morning workmen commenced the tearing out of the old front of the Reliance Loan & Savings Co. building. This thriving firm will have a fine new front erected, and the building will be remodelled inside from top to toe.

The six-year-old son of Elijah Leavans, Richmond street, while walking around barefooted Tuesday evening, stepped on a piece of broken glass, suffering a nasty gash to one of his feet. The wound was nearly three inches long, and required several stitches.

Mr. N. H. Stevens, of the Canada Flour Mills, has organized a city baseball team. Mr. Stevens never does anything by halves, and he has equipped the team with all the necessary paraphernalia, and placed it in the field ready to meet all comers. The new team played in Wallaceburg on Tuesday and were defeated by 10-9 in a very close contest.

A small fire, which originated from some brush, occurred to the rear of John Northwood's residence Tuesday evening. Fortunately, the blaze was noticed in time by Fireman Ryall, who happened to be passing that way. He and some other members of the department were soon on the scene and extinguished the blaze.

WE ARE EXPERT TINSMITHS

OFFICIAL VISIT

A large number of C. P. R. officials were in Chatham Tuesday on different business connected with the railroad. W. Macaulay, Roadmaster, passed through the depot going on a tour of inspection. Superintendent C. Murphy, in his private car, arrived at Chatham in the forenoon and spent several hours in the city. Among the other officials were, Mr. Sprague, travelling engineer of the company, G. Walker, Inspector of water tanks, and R. Ferguson, C. P. R. plumber.

Minard's Liniment cures Dandruff

WAGON BROKE DOWN

A wagon loaded with about three tons of old iron, and belonging to Serning & Kovinsky, broke down on Tuesday morning in front of Moore's elevator on Adelaide street. The wagon had just been driven over the C. P. R. crossing when a few yards from the track, the collapse of one of the hind wheels left it immovable in the middle of the street. Two trains were in the vicinity of the depot at the time, and it would have meant a serious block on the line if the defective wheel had given out a few seconds before it did.

A Message to Those WHO SELL GUM.

Grocers, Druggists, Confectioners and the Proprietors of News Stands and Fruit Stands.

On **Saturday Next** will appear in the Chatham papers the first of Bode's free gum coupons. These coupons will be published in every issue of these papers during the week following. Five of these coupons can be exchanged wherever the gum is sold for a free package of Bode's Mental "Pepsin" Gum.

They will create an enormous demand immediately, and will be in turn redeemed by the Wholesale House or the Manufacturers.

Telephone Your Wholesaler for Full Particulars and Plan to Stock Up.

Profit by experience; don't delay ordering. BODE GUM CO., MONTREAL. Toronto Office, 23 Scott St., McEachern & McPherson, Representatives.

Royal Household Flour

It doesn't pay to experiment with your health. That's what you do when you buy cheap flour. You can get flour that is carelessly made from inferior wheat for a little less than you must pay for guaranteed

but it is poor, even dangerous economy. The purity, quality and uniform goodness of Royal Household Flour insure wholesome, appetising baking every time. It is cheapest in the long run and the best for every purpose. Get enough to try from your grocer.

Ogilvie Flour Mills Co., Limited

JEANNETTE'S ORECK.
 The Rev. Mr. Walden is expected here on Sunday next to take charge of the Methodist Church services. Mr. Means of Detroit, who has been visiting relatives here, returned home on Monday, accompanied by her mother, Mrs. Williams. Several of our P. S. pupils are writing on the entrance exam. in Tilbury this week. Miss Alma Duffy, of Chatham, has opened a class in instrumental music—organ—and in painting. Miss Margaret Smith is spending a few days with her parents here. She expects to leave on Thursday next to take up a special course of study in Detroit. Mrs. and Miss McDougall, of Scotland, are spending a few months at Holland House here. There was a large congregation in the Methodist Church on Sunday, on the occasion of Mr. Peters' preaching his farewell sermon.

CEDAR SPRINGS.
 The ice cream social at the Methodist church, Thursday evening, proved a great success. The proceeds amounted to about \$24. Allie Smith has purchased a new rubber tired rig. Miss Mary Addams, of Ridgeway, is the guest of Miss Dorothy Clarke this week. Miss Edith Kennedy has returned home from visiting friends here. Mrs. Cleveland has returned from Detroit after spending a few days with her daughter, Mrs. McLaughlin. Miss Winnie Tebborne has returned from Chicago to spend the summer at Wellington Gate. H. McDowell spent Sunday at home. Mr. Guthrie has returned from a trip to London. Mrs. W. F. Gibson is spending a couple of weeks with her mother, Mrs. S. A. McDowell.

BLOOD DISEASES CURED
DR. K. & K. Established 25 Years.
NO NAMES USED WITHOUT WRITTEN CONSENT.
 He was surprised at how the New Method Treatment for a serious blood disease with which I had been afflicted for twelve years. I had consulted a score of physicians, taken all kinds of blood medicine, visited Hot Springs and other mineral water resorts, but only got temporary relief. They would help me for a time, but after discontinuing the medicines the symptoms would break out again—running sores, blotches, rheumatic pains, looseness of the hair, swellings of the glands, palms of the hands scaling, itches of the skin, dyspepsia, stomach, etc. I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease 3 years ago. I had to jump, but took his advice. In three weeks the sores commenced to heal up and I became encouraged. The New Method Treatment for four months and at the end of that time every disease since. My boy, three years old, is sound and healthy. I can truly recommend your treatment with all my heart. You can refer any person to me privately, but you can use this testimonial as you wish.
Before Treatment: sores, blotches, Rheumatic pains, looseness of the hair, swellings of the glands, palms of the hands scaling, itches of the skin, dyspepsia, stomach, etc. I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease 3 years ago. I had to jump, but took his advice. In three weeks the sores commenced to heal up and I became encouraged. The New Method Treatment for four months and at the end of that time every disease since. My boy, three years old, is sound and healthy. I can truly recommend your treatment with all my heart. You can refer any person to me privately, but you can use this testimonial as you wish.
After Treatment: Blood and Skin Diseases, Urinary, Bladder and Kidney complaints of men and women.
 Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you had done for others? Will you do for an honest opinion? Free of Charge. Charges reasonable. **BOOKS FREE**—The "Golden Monitor" (Illustrated), on Diseases of Men. Sealed Book on "Diseases of Women" Free.
NO NAMES USED WITHOUT WRITTEN CONSENT. Everything confidential. Question list and cost of treatment FREE.

SUICIDE OF A WITNESS

Tried Beyond Endurance in Toronto's Civic Inquiry.
Q. D. McCulloch, Secretary of the Bennett & Wright Contracting and Plumbing Co., Ends Life With Carbolic Acid In His Garden—He Was One of the Best Known Bowlers in the Province and Generally Popular.

Toronto, June 27.—Worried to desperation, as his friends say, through his connection, as a witness, on behalf of his employers, in the civic enquiry, Q. D. McCulloch, 623 Ontario street, secretary of the Bennett & Wright Contracting and Plumbing Co., and a prominent bowler and curler, ended his life on the lawn back of his residence yesterday morning. An improvised pillow of clothes taken from the line was placed under his head and a vial which had contained carbolic acid lay beside him when he was found.
 Mr. McCulloch rose yesterday morning earlier than usual, ate a fairly hearty breakfast, and seemed to be preparing to go to the office. He displayed a little more than the usual affection toward his family, and bid them good-by. He then went into the garden and was later discovered dead.
 Mr. McCulloch was extremely popular with all who knew him. He was born Quebec Province 49 years ago, and moved to Toronto 20 years since. A wife, two sons and a daughter survive him, all of whom reside at home.
 He was vice-president of the Granite Club, which club he had been associated with about one year, and for 12 years he was secretary of the Ontario Bowling Association. He was a co-author of a manual on bowling published last year and was one of the few who are capable of preparing the bowling schedules.
 When His Honor Judge Winchester was informed of the tragedy he was shocked.
 Crown Attorney Drayton was deeply grieved to hear of the sad occurrence. "Mr. McCulloch was not to figure at all in the coming cases of course he had not been subpoenaed," said Mr. Drayton.

AWAITS GRAND JURY'S ACTION.
Harry K. Thaw Held For the Murder of Stanford White.
 New York, June 27.—Frankly admitting that he killed Stanford White, the famous architect, and pleading in justification of the deed that White had ruined the life of his wife, the beautiful former chorus girl and artists' model, Florence Evelyn Nesbit, Harry Kendall Thaw of Pittsburgh, brother of the countess of Yarmouth, occupies a cell in the Tombs awaiting the action of the grand jury on a charge of murder.
 His counsel will offer the defence of insanity, and yesterday the prisoner was examined by eminent alienists retained on his behalf, and by the district attorney's office.
 The coroner's inquest will be held on Thursday.

MONEY IN IT.
Handbook Operators Reap Large Profits, So Books Show.
 Toronto, June 27.—The men charged with making handbooks on the races and the frequenters of their places appeared in the Police Court yesterday. They did not elect or plead. At the request of their counsel, Mr. Robinson, a remand was granted until Friday.

DEAF MUTE KILLED ON TRACK.
 St. John, N. B., June 27.—Freeman Leaman, a deaf mute, was instantly killed near Sussex yesterday morning. He was walking on the railroad track to work, when a special military train came along, and Leaman, not hearing the whistle or bell, was horribly crushed. He left a wife and several children.

FORCED TO EAT BOOKS.
Human Beings Who Were Compelled to Devour Literature.
 Among the causes that contribute to the destruction of books, says an Italian writer, Americo Sclariatti, there is one very curious one that may be called Bibliophagy. No reference is intended to the mice that once destroyed in England an entire edition of Castelli's "Lexicon Heptaglotton," but to human beings who have literally devoured books.
 In 1370 Barnabo Visconti compelled two papal delegates to eat the bull of excommunication which they had brought him, together with its silken cords and leaden seal. As the bull was written on parchment, says the Scientific American, not paper, it was all the more difficult to digest.
 A similar anecdote was related by Oelrich in his "Disertation de Bibliothecarum et Librorum Fata" (1769) of an Austrian general who had signed a note for 2,000 florins and when it fell due compelled his creditors to eat it.
 The Tartars, when books fall into their possession, eat them that they may acquire the knowledge contained in them.
 A Scandinavian writer, the author of a political book, was compelled to choose between being beheaded or eating his manuscript boiled in broth.
 Isaac Volmar, who wrote some epigrams against Bernard, duke of Saxony, was not allowed the courtesy of the kitchen, but was forced to swallow them uncooked.
 Still worse was the fate of Philip Oldenburger, a jurist of great renown, who was condemned not only to eat a pamphlet of his writings, but also to be flogged during his repast, with orders that the flogging should not cease until he had swallowed the last crumb.

McClary's Sunshine Furnace
 The grates in the "Sunshine" consist of two pairs (4 bars), with short bulldog teeth, and are operated by two different shakers.
 If any part burns out it can easily be removed by simply taking out a pin, and replaced without getting an entirely new set.
 It's a real comfort to have so many simple features in your furnace—means constant ease and economy.
 Sold by all enterprising dealers. Booklet free.

 Mr. Will Harris, of Merlin, visited relatives in Dawn recently.

ZONE CENTRE.
 Zone Council met Monday, June 18th.
 The crops in this part are looking fine.
 Born, on Friday, June 8th, to Mr. and Mrs. Edward Chapman, a daughter.
 Miss Belle Tinney left on Monday to spend part of the summer with her sister, Mrs. J. McAllister, Brown City, Mich.
 Mr. Thompson, operator at North Bothwell and Miss Laura McGaffey, eldest daughter of Mr. and Mrs. Wm. McGaffey, of Zone Centre, were married on Wednesday, June 20th, at the home of the bride's parents. The bride was unattended and given away by her father. A few happy couple left on the four o'clock train for Montreal and other eastern party, and on their return will take up their residence at North Bothwell Station. The groom's gift to the bride was a handsome piano.
 Mr. T. H. Richardson of Wallaceburg, and brother, J. Richardson, of Underwood, Bruce Co., spent a few days this week with the former's daughter, Mrs. Geo. H. Lidster.
 Bourne Bros. are working in Bothwell this week.
 Mr. and Miss Steele, of Highgate, were the guests of Mr. and Mrs. J. W. Vanhorn, Sunday last.

Verbal Chiropractor.

The pastor, who was calling upon a member of his congregation, asked the name of the sprightly little daughter whose winning ways had attracted his attention.

"We call her Ella," said the little girl's mother.

"That is a good name, Mrs. Donley," remarked the minister. "It has been named classic by Charles Lamb." "Well, to tell the truth," explained Mrs. Donley, "her name is Cornelia." "It's easier to call her Ella," said the minister, "and she probably likes it better. It is a painless extraction of a corn."

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces, such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten-fold to that which they claim to cure. You can possibly get Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Catarrh Cure, be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c. per bottle. Take Hall's Family Pills for constipation.

\$3,000,000 Worth of Bugs.

Custer, S. D., June 27.—The Federal Government has begun the destruction of timber worth \$3,000,000 or more in the reserve near here to kill bark beetles, which threaten all the timber on the reserve.

SIR JAMES WATSON'S OPINION.

He says that the commonest of all disorders, and one from which few escape is catarrh. Sir James Watson, a famous English physician, who has been home for local treatment, which is best supplied by "Catarrhazone." No case of Catarrh can exist where Catarrhazone is used; it is a miracle worker, relieves almost instantly and cures after. Other remedies fail. Other remedies cannot reach the diseased parts like Catarrhazone because it goes to the source of the trouble along with the air you breathe. Catarrhazone is free from cocaine. It leaves no bad after effects. It is simply nature's own cure. Accidents substitute for Catarrhazone which alone can cure catarrh.

Fatal Trip on Car Bumpers.

Port Hope, June 27.—Arthur German, formerly of this town, who has been home for the past few weeks from Wisconsin on a visit, was instantly killed at an early hour yesterday morning, a short distance this side of Cobourg, while bumping his way back to Port Hope from the camp there. He was in his 34th year. The body was mangled beyond recognition.

HOW TO GET CONSUMPTION.

Ninety per cent of the "lungers" contract consumption by allowing power of resistance to fall so low that a favorite condition for the development of the bacilli is provided. In a healthy system consumption cannot take root. But where there is weakness and debility, there you find tuberculosis. For developing strength and building up the weak, nothing equals Ferruzone. It makes the blood nutritious and the nerves enduring. The way it converts food into nutriment, the appetite it gives is surprising. Just what the man verging on consumption needs—that's Ferruzone. If tired and weak don't put off. Fifty cents buys a box of fifty tablets—at all dealers.

Some people spend all their lives looking behind them.

Sunlight sleep is better than other sleep, but is best when used in the right way. Buy Sunlight Soap and follow directions.

Life comfort is often at our elbow, only we do not see it.

Where laughter never comes the doctor is sure to.

CONTRACT WITH A RAINMAKER.

Text of Agreement Made by Yukon Council With Hatfield.

The contract that has been made in the Yukon with Charles M. Hatfield, the California rainmaker, to increase the rainfall in the gold fields this summer, is in the following terms: "And whereas, Mr. Hatfield has undertaken and agreed to increase the rainfall in such part or parts of the Yukon Territory as may be indicated to him by the board hereinafter provided for, to an amount sufficient to ensure, as far as rainfall will, a successful and prosperous summer for the placer mining industry of the Dawson district, to the satisfaction of the said board, on the following terms, that is to say: That he be furnished free of charge transportation for himself and one assistant, and for said appliances from Los Angeles, Cal., to the part or parts of the Yukon Territory so selected, and from here back to Los Angeles, and living expenses for himself and said assistant during their stay in the said Territory for the purpose of so increasing the rainfall. That if successful in producing such increase of rainfall in the Yukon Territory in such part or parts thereof as aforesaid, and renewing such increase from time to time for a period not exceeding four months, as may be determined by the said board, that he be paid in lawful money of the Dominion of Canada the sum of ten thousand (\$10,000) dollars less the cost of such transportation and living expenses.

"And whereas it is expected that the Commissioner-in-Council of the Yukon Territory will vote the sum of five thousand (\$5,000) dollars to be paid to the said party of the first part, if successful, to the satisfaction of the said board or a majority thereof, in increasing the said rainfall:

"And whereas the said sum of five thousand (\$5,000) dollars is to be collected by subscription, for the purpose of paying or providing for the payment of the balance of the said sum of ten thousand dollars:

"In consideration of one dollar the parties to the contract agreed to abide by the provisions. The board referred to might be selected as follows: Three by the Commissioner of the Yukon Territory; three by the party of the first part; and one umpire to be selected by the six selected as aforesaid, and by the Commissioner of the Yukon Territory if said six within five days fail to select one as an umpire. The board's decision was to be considered as final, and if, in its opinion, Hatfield did not succeed in increasing the rainfall he promised, he was to get no pay.

The agreement was signed by Hatfield on the one side and by the following on the other side: W. C. Norwood, manager, \$1,000; Anglo-Klondike Co., by George T. Coffey, manager, \$1,000; O. R. Brenner, \$500; J. F. Burke, \$500; Canadian Klondike Mining Co., limited, per Geo. Hargreave, G. M., \$500; The White Channel Gold Hill Hydraulic, Ed. Simpson Treasurer, \$500; Bonanza Creek Gold Mining Co., Ltd., per E. Weir, manager, \$500; Max T. Keeler, witness; A. J. Beaudette, \$250; J. N. Redmond, Frank Redmond, witnesses.

MILITARY TRAINING.

Trustees Simpson of Toronto Tell Why Socialists Object To It.

Mr. James Simpson, a prominent Socialist and a member of the Board of Education, expressed his opinion on Sir Frederick Borden's recent speech, in which he advocated teaching school children how to handle the rifle.

"The Socialist has no objection to the development of marksmanship or physical development," said Mr. Simpson. "What the Socialist objects to is the development of the military spirit amongst the Public school pupils which of necessity involves national animosities and prejudices. If Sir Frederick Borden seeks to to make the Public schools a kindergarten for the regiments of Canada, Socialists will oppose it to the bitter end. The development of the military spirit in the Public schools is of necessity involved in the method of military training advocated and endorsed by military men.

"The general assumption is that peace is best preserved when nations are armed to the teeth, but the careful student of economic conditions realizes, more and more, that the military forces of the nations are being utilized to perpetuate the sovereignty of a ruling plutocracy. In the great conflicts between the capitalist class and the working class, as in the case of the working class and the State of Colorado, the military powers are extensively used to preserve law and order, but are actually serving to maintain conditions against which the working class are fighting.

"The burdens of militarism are to-day weighing down the wage-slaves in all the so-called civilized nations of the world, and there is an ever-growing conviction that these burdens must be removed. The military forces of Germany would to-day be utilized to limit the franchise rights of the working class of that country were it not for the strength and virility of recent years in Hungary and Russia demonstrate beyond doubt that the Socialists are the only political organization to which the oppressed classes can look for their emancipation.

"These being the facts of history, no sophistry or appeals of the jingo can influence the Socialist to change his attitude towards the growing spirit of militarism in Canada, and there never was a time in the history of our country when the voice of the working class was so much needed to attract the attention of the people to the evils resultant upon the adoption of the policy so strongly promoted by the Minister of Militia."

Had to Be Waked Up For Sentence.

Chief Justice Murray of British New Guinea had an uneasy experience. He was about to sentence a native Papuan to death for murder when it was found that the culprit had lost all interest in the proceedings and had fallen fast asleep. In that sultry land of cannibals and head hunters the heinousness of murder is not yet adequately appreciated by the average native.

Mooney's Perfection Cream Sodas

Mooney's Biscuits are an evenly balanced, wholesome, nourishing food, equally good for young and old. Made from Canada's finest wheat flour, rich cream and pure butter. Baked by the Mooney baker in the Mooney way.

Say "Mooney's" to your grocer.

Corner Grocery Philosophy.
"It's a mighty serious thing to be a father," observed the venerable man on the cracker barrel. "If your boy turns out well your wife gets all the credit, and if he goes to the devil you get all the blame, and if he gets to be famous just as likely as not he'll be ashamed of both of you."—Chicago Tribune.

HAVE YOU HEARTBURN?

It is quite common with people whose digestion is poor. Immediate relief follows the use of Nervine. Stomach is strengthened, digestion is made perfect, lasting cure results in every case. Use Polson's Nervine once and you'll never be without it, because every type of stomach disorder is conquered by a few doses. One 25c bottle of Nervine always convinces. Sold everywhere for the past fifty years.

Note and Antidote.

Him—I told your father this afternoon that I fairly doze on you. Her—What did he say? Him—That he would provide me with an antidote tomorrow in the shape of an assignment for the benefit of his creditors.—Chicago News.

A BILIOUS HEADACHE.

Is one of the meanest things in the world. To prevent biliousness use Dr. Hamilton's Pills, which keep the system clean and pure, regulate the bowels, give tone to kidneys and liver. You'll never have a headache, but you'll have vigorous, bracing health by taking Dr. Hamilton's Pills, 25c per box or five boxes for one dollar.

Explained.

"Yes," said the conciliated bore, "she was quite frigid when I called, but she became more pleasant the longer I stayed."

"I understand," replied Miss Sharpe, "the longer you stayed the nearer you approached the time of your departure."—New Orleans Times-Democrat.

There are some women who seem to be personally unlovely. The grown daughters are companions as well as children, and the color in the mother's cheeks, the brightness in her eyes, the roundness of her form, what is speak of abounding health. What is her secret? She is at the middle age of life when so many women are worn, wasted and faded, and yet time has only ripened her charms. The secret of this matronly health and beauty may be told in the brief phrase, Dr. Pierce's Favorite Prescription. The general health of a woman is so intimately related to the local health of the delicate womanly organs, that where these are diseased the whole body must suffer. The "Favorite Prescription" drives the debilitating diseases, heals ulceration and inflammation, cures female weakness and imparts to the delicate female organs natural vigor and vitality. Women who have lost their health and their beauty have been made robust and rosy again by the use of this marvelous medicine.

No Fee.

"I hear Mrs. Galleys was quite a beauty in her youth." "Yes, My uncle was going to marry her, but she eloped." "Ah! And jilted your uncle?" "Jilted him out of his fee, yes. My uncle was her pastor."—Philadelphia Press.

It is wonderful what a little careful grooming will do for a woman. It's inspiration and bewitching. The effects of Hollister's Rocky Mountain Tea, 35 cents, Tea or Tablets.

A. I. McCall & Co.

He who would be a great soul in the future must be a great soul now.

Cleanliness is the first law of beauty; also the second and third. No matter what your complexion is, Hollister's Rocky Mountain Tea will cure them. 35 cents, Tea or Tablets.

A. I. McCall & Co.

Gloomy reflections are not likely to come with self-imposed idleness. Minard's Liniment cures Burns, etc.

MOTHER AND CHILD.

They Should Be Together at the Bed-time Hour.

There may be some mothers who feel it to be a self denial to leave their parlor or fireside or work to put their children to bed. They think that the nurse could do just as well, that it is of no consequence who "hears the children say their prayers." Now, setting aside the pleasure of opening the little bed and tucking the darling up, there are really important reasons why the mother should not yield this privilege to any one. In the first place, it is the time of all times when a child is inclined to show its confidence and affection. All its little secrets come out with more truth and less restraint; its naughtiness through the day can be reproved and talked over with less excitement and to the tenderness and calmness necessary to make a permanent impression. If the little one has shown a desire to do well and be obedient its efforts and success can be acknowledged and commended.

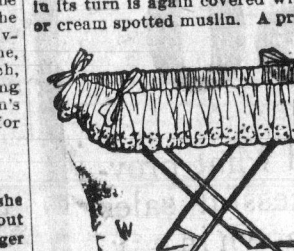

We must make it a habit to talk to our children in order to get from them our expression of their feelings. We cannot understand the character of these little beings committed to our care unless we do. And if we do not know what they are we shall not be able to govern them wisely or educate them as their different natures demand. Certainly it would be unwise to excite young children too much by conversation with them just before putting them to bed.

Every mother who carefully studies the temperance of her children will know how to manage them in this respect. But of this all mothers may be assured, that the last words at night are of great importance even to the babies of the flock. The very tones of the voice they last listened to make an impression upon their sensitive organizations. Mothers, do not think the time and strength wasted which you spend in reviewing the day with your little boy or girl. Do not neglect to teach it how to pray, and pray for it in simple and earnest language which it can understand. Soothe and quiet its little heart after the experiences of the day. Let it have had its disappointments and trials as well as its play and pleasure. It is ready to throw its arms around your neck and take its good night kiss.—Boston Traveler.

BABY'S BASKET.

A Pretty One May Be Made of a Card-board Box and Camp Stool.

No baby need be without a pretty toilet basket even though the mother's resources be limited. Station requires only a small outlay in money and deft touches of clever fingers. The basket itself has as a foundation one of those nice flat cardboard boxes in which gowns are sent home. The inside of the box is first well padded with wadding and the whole afterward covered with silk or mercerized satin, which in its turn is again covered with white or cream spotted muslin. A pretty lace or cream spotted muslin. A pretty lace or cream spotted muslin. A pretty lace or cream spotted muslin.

edged roll of muslin must be put all round the box, and on no account skimp your frill.

The four corners of the box are finished off with ribbons or flat rosettes made of silk. Do not forget to make a large pin cushion. A triangular one is convenient, as it fits in one corner. A cover for the basket when not in use could be made from a piece of silk covered with muslin to match that on the basket.

The basket is nothing more than an ordinary camp stool. Remove the canvas seat, sandpaper the legs and enamel the metal of the silk which lines and decorates the basket.

When quite dry place the box on top, and securely nail it on the top bars. This can be done either before or after, but a neater effect is gained when it is put on afterward. Glue headed nails would be an eyesore showing on the inside if they were driven in strongly and evenly.

Suggestions For Decorations.

A dainty shade for table decoration and very effective in a glass candle stick is made of white net cut to fit an isinglass frame. Ornament the net with ruffles of fine German or French Valenciennes lace. Line with a soft valencienne lace. A similar idea can be used as lamp shade, painting a conventional design in tulips to form sections on shade. Cut out paper between design and fill in with a shirred lining of chiffon in any desired shade. Fold the wings together, which will give the butterfly the appearance of flying. Still another idea is to use a large brass ring, the kind used for crocheting. Have little bells with ribbons attached to tie on a ring for each game won.

Banished the Roaches.

A housekeeper who was recommended to try cucumber peeling as a remedy for cockroaches strewed the floor with pieces of the peel cut not very thin and watched the sequel. The pests covered the peel within a short time, so that it could not be seen, so voraciously were they engaged in sucking the poisonous moisture from it. The second night that this was tried the number of cockroaches was reduced to a quarter, and none were left alive on the third night.

Rest and Comfort For the Kidneys.

If your kidneys are all inflamed—if there are sharp, shooting pains in the small of the back and dull ache through the hips—if there is a constant desire to urinate—if the urine is hot and scalding—if the head aches and specks float before the eyes—you can't imagine what relief there is for you in

Bu-Ju

THE GENTLE KIDNEY CURE

These wonderful little pills soothe and heal kidneys and bladder—take away all pain—the urine—enable one to go through the night without arising—and relieve every trace of your kidney trouble.

Said He Wasn't Superstitious. "I have often wondered," said the philosopher, "why so many people give way to superstitious fancies." "I never do," answered the man who always assumes superiority. "So many people think it is unlucky to see the moon over the left shoulder. Now, I always have the best luck when I see it that way."—Washington Star.

NO DIFFERENCE.

No distinction is made as to the kind of Piles that Dr. Leonard's Hem-Roid cures. The names Internal, External, Bleeding, Blind, Itching, Suppurating, etc., are simply names of the different stages through which every case will pass if it continues long enough.

Piles are caused by congestion or stagnation of blood in the lower bowel, and it takes an internal remedy to remove the cause. Dr. Leonard's Hem-Roid is a tablet taken internally. It is a permanent cure and no case of Piles has ever been found it failed to cure. Money back if it does not. A guarantee with every package. Price \$1.00, at any druggist's, or the Wilson-Felt Co., Limited, Niagara Falls, Ont.

Impatience.

In all evils which admit a remedy impatience should be avoided, because it wastes that time and attention in complaints which, if properly applied, might remove the cause.—Johnson.

Removes Black Heads, drives away beauty ills. Stimulates the whole nervous system. Great purifier known. Nothing so helps fading loveliness as Hollister's Rocky Mountain Tea. 35 cents.

EXECUTORS' NOTICE TO CREDITORS

In the Surrogate Court of the County of Kent.

In the matter of the estate of Hubert Murphy, late of the city of Chatham, County of Kent, Engineer, deceased.

Notice is hereby given pursuant to R. S. O., 1897, chapter 129, and amending Act, that all persons having claims against the estate of said Hubert Murphy, who died on the sixth day of May, A. D. 1906, are requested to send post prepaid, or deliver to Geo. A. Sayer, solicitor for Francis Hallinan, the executor of the last will of the said deceased, on or before the fourth day of July, A. D. 1906, their names and addresses, and descriptions, and a full statement of the nature of their claims and the nature of their security, if any, held by them.

And further take notice that after the date last aforesaid, the said executor will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which he shall then have received notice.

And the said executor will not be liable for said assets, or any part thereof, to any person or persons of whose claim or claims he has not received notice at the time of such distribution.

Dr. Charteris Claims Local Men Were Not to Blame

ACTION IN MYERS DEATH

Toronto, June 27.—There will be an investigation by provincial authorities into the death of Charles Meyers, a lunatic in Chatham Jail. Meyers died of starvation, having refused to take nourishment. A coroner's jury on Monday evening returned a verdict that "deceased came to his death from starvation while in a state of insanity," and Dr. Charteris, the jail surgeon at Chatham, said last evening that there was nothing to investigate.

Meyers was at one time a hack-driver in Toronto, but had returned to Chatham. Relatives noticed that his mind was affected when he evinced an overpowering fear of arrest for crimes of which he was not guilty, and a refusal to take food. He was committed to jail June 11 and died on Sunday.

It is claimed that he should have been sent to the asylum at London instead of being incarcerated at Chatham.

On June 22 Dr. Charteris wrote Dr. Bruce Smith, inspector of charities and prisons, referring to Meyers, that he was rapidly failing, and stating that there were no appliances for feeding him against his will.

Dr. Smith, in reply, said: "Surely you do not mean to tell me that you are not equipped with a stomach tube and soft rubber catheter, the former to be used through the mouth and the latter through the nose for feeding insane patients who refuse food."

"If this man should die for want of nourishment, the fault must not be charged to the department, for there has been no delay here whatever in expediting this man's admission to the asylum."

Dr. Charteris told The World that the jail was not supplied with facilities for feeding an unruly and violent patient against his will. When, finally, through weakness, nourishment was administered, his vitality was so sapped that recovery was impossible, and he died two and one-half days later. Everything possible had been done.

Meyers' relatives have taken the remains for burial.

According to the new Act, unless a patient is "dangerous," he is not to be confined to a prison, but "in some safe and comfortable place."

PARK WAS OPENED

The Electric Railway's Pleasure Resort Will be a Popular Spot This Summer

The C. W. & L. E. Electric Park, which is situated on the 6th concession, was formally opened Tuesday evening. A large number from the city attended the opening, it being estimated that over two hundred people were present. The ride on the trolley out to the park and return was very inaugurating, and the resort itself promises to become quite popular with Chathamites. The grounds are beautifully situated, just a nice distance from the city, and make an ideal spot for picnics and the like.

The park was beautifully lit up by neon-colored electric lights which gleamed amid the trees and fantastically swinging on invisible wires, turned the place into a veritable fairyland. The 24th Regiment Band was present, and dancing was indulged in on the large platform which has been specially erected for lovers of the torchlight dance. The refreshment stands did a good business in the usual peanuts, candy and ice-cream, and there was much merry-making among the visitors during the evening.

It is to be deplored that a number of indiscrete young men who live in the vicinity of the new park, took advantage of the occasion to act like a lot of rowdies. It is claimed that they made use of profane language, and carried on in a very ungentelemanly manner while ladies were still present on the park. They broke bottles, tore down some of the tents and managed to make general nuisance of themselves. There were eight young men mixed up in this disgraceful affair, and as they are known it is likely that prosecutions will follow. None of the young men were from Chatham.

General Manager Warburton said yesterday morning that the company will tolerate no rowdism on the park. In this, the company will meet with the approval of their many patrons, who are assured that measures will be taken to prevent a recurrence of such rowdism.

Better Than Spanking

Spanking does not cure children of bad habits. There is a constitutional cause for this trouble. Mrs. M. Summers, Box 4, Windsor, Ont. will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if your children trouble you in this way. Don't blame the child; the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

Malice is sharper at the hilt than in the blade.

Old age is a sprinter that overtakes us all.

NEITHER RUBNOR TUB

Have terrors for the brands of collars we sell. The fabrics are fine in appearance and sturdy in construction.

All the comfortable summer shapes are here.

Ever try a quarter size?

If you have collar troubles of your own, try one, perhaps you are only a quarter of an inch away from collar comfort.

15c. or 2 for 25c.

20c. or 3 for 50c.

GEO. MEYNELL,

3 DOORS WEST FROM MARKET. KING ST., CHATHAM
IT PAYS TO BUY AT MEYNELL'S.

LETTERS

CEMETERY DISPUTE.

To the Editor of The Planet:
In reference to your item of last week regarding burial of Wm. Johnston, we might say that as we had charge of said funeral, your information must have been obtained from a very unreliable source. In justice to ourselves we deny ever making any such accusations, and as for Mr. Turner, he has always been very courteous and obliging to us, and has done favors outside his usual duties.

S. JAHNKE & SON.

Pure Food Bill Reported.

Washington, June 23.—The pure food bill was reported to the Senate yesterday. The bill makes it a misdemeanor to manufacture, sell or offer for sale any article of food, drugs, medicine or liquors which is adulterated or misbranded, or which contains any poisonous or deleterious substance.

Farmer Suicides.

Ottawa, June 28.—Samuel Renard, a farmer of Wright County, Que., while mentally deranged, took a shot gun to the fields and was later found with an ugly wound near the heart.

ANOTHER SIX MONTHS

Tom Gillies, a well known figure in the city, appeared before Magistrate Houston on Tuesday morning at the Police Court, charged with vagrancy and begging.

It was not Tom's first appearance. He had been up before Mr. Houston several times previously, always on the same or similar charges. He is not altogether a bad fellow, his one besetting sin being drunkenness. In prison, according to the officials, he is an industrious worker and a most affable man, his willingness to perform any work allotted to him making him a general favorite.

A short time ago Tom came out of the Central Prison after serving a six months' term. Since then he has been repeatedly warned about begging, but without avail. On Tuesday morning Pete Dettis found him begging as usual and brought him in.

Mr. Houston sentenced him to another six months' in the Central Prison, which means that Tom will just be able to get back to Chatham in time for his Christmas dinner.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.
