parent, so far as possible, snoun
worship with immature children for
whom he stands as secondary priest,
and that he should offer with these
thanksgiving and praise, and peti-
tion for wisdom and guidance to the
knowing and doing of the will of
God.

The Church of Christ, the Royal
Priesthood, is a special family of
God. "All ye are brethren. One is
your Master, and One is your
Father." Whenever these meet, wor-
ship and praise should constitute a
part of their acknowledgment of the
Heavenly Father. Eloquent praise
should properly be considered prayer,
a united worship, in which all may
participate. But if any of the Lord's
family, the Royal Priesthood, have
gotten into sin, he should hesitate to
take any public part in prayer or
worship. He should consider himself,
because of his enlightenment, to be
one of the wicked, and hearken to the
message, "Unto the wicked God saith,
What hast thou to do to declare My
statutes, or that thou shouldst take
My covenant, and be bound by My
covenant? Who can dispute that the
praise which thou hast instructed and
castest My words behind thee."—Psalm 60:16, 17.

Ah, what changes would be wrought
in Christendom if this principle were
understood and applied? Many costly
choirs of unbelievers would be dis-
missed. The congregational singing
would be much behind its present
musical standard for a time, but
but much more acceptable to God.
Who can dispute that some time the
Christian standard will be lifted to a
much higher level than at present?
Who can dispute that the effect would
be one of great spiritual refreshment
and blessing to those really desirous
of knowing and serving the Lord?
And who would dispute that the ef-
fect upon the worldly-minded would
be beneficial also? It would do them
good to know the truth—that they
are without God and have no hope,
because they have not come into rela-
tionship with God through the great
Advocate, whose only terms they have
thus far received. Might we not hope
that rightly informed, many of these
now indifferent, would become saints
indeed?

this year.

WHEN WILL DARING DRESS GRAZE END? ASKS WOMAN

Woman's Suffrage Movement Said to Have Been Responsible
For Tendency Which is Called "Orgy of Undressing"—
Daring Costumes Much Loved by Americans.

LONDON, July 21.—Now it is the
woman's suffrage movement that is
blamed for what is termed the "un-
dressing" in modern feminine fash-
ions. A vehement indictment of the
progressive tendency in styles is made in
the Times by a woman correspond-
ent who says that her sex is guilty of
an orgy of undressing, the end of
which is in sight. She asks in fact:
"What is to be the end? It is diffi-
cult to see the obvious when you
have gone on undressing it is certain
that you come to the end of
what there is to take off, and the only
thing left is to put on your clothes
again. But nobody can force when
the happy hour of sanity will be with
us."

WILL ORGANIZE CATHOLIC PARTY

Quebec Organ Says it is
Necessary Owing to
Hostility Shown.

[Canadian Press Despatch]
MONTREAL, July 21.—L'Action
Social of Quebec, while denying the
report of founding a Catholic party,
says that if a Catholic party
is ever formed in this province out-
side of the existing parties, or in op-
position to them, it will be the party
of themselves, either by their hostil-
ity or their inaction, which will have
rendered necessary this party will
be Catholic before political
parties. Here, as elsewhere, a Catho-
lic party will be formed on political
grounds the day the so-called politi-
cal parties forget and sacrifice the
rights and interests of the church
and of Catholic conscience. What
is needed is a party which will
ground it will then be necessary for
Catholics to organize in order to re-
sist these encroachments, even in the
political camps, which belongs to them
as well as to all other citizens. L'
Action Social admits that this or-
ganization will be attended by in-
conveniences, but these are less
than the evil which such or-
ganization is called upon to combat.
The organization of a political
party coincides L'Action Social,
and is considered necessary in
order to resist the encroachments
of the political parties. It is always
necessary, in the opinion of the
organ, and at the proper time,
to form a better organization of the
Catholic party.

Bloomer Girls Were Boys In Disguise and Crowd Broke Loose

WASHINGTON, July 21.—One policeman is in a hospital, two others are nursing bruises
and awaiting new uniforms, and part of the Union League baseball park is a wreck to-day, as the
result of a riot at a Sunday baseball game, when 4000 enthusiasts discovered that a team of
"Bloomer" girls were really men in disguise. The team was taken to an eastbound train under
police protection. A half hour before the storm broke the manager of the girls' aggregation had
acquired the gate receipts and had disappeared. The team was so successful here four weeks ago
that it returned for a second appearance, the opposing team being an amateur organization from
Laurel, Md. The trouble started when the "girls" centre-fielder, a husky young blonde, threw a
ball from deep centre to the home plate, catching the runner. The spectators grew suspicious.
A moment later a small boy slipped up behind the supposed divinity that presided at third
base and gave her golden locks a vigorous pull. They came away in the form of a wig, revealing a
chunky young man with an elaborate makeup, ending just above his eyebrows. The team fled
through a storm of bottles and bricks to the shelter of the clubhouse, where the police massed.
The crowd then stormed the ticket windows demanding their money back, venting their ire
on the park property. Several persons were hurt in the melee and a number of arrests were made.

LIGHTNING BOLT YESTERDAY CAUSED MUCH EXCITEMENT

Barn of Andrew Muir Was Struck and Occupants Rendered
Unconscious—The Owner Had a Close Call, Having
Been Dragged Out—Horses Gotten Out.

A severe lightning storm passed
over the city yesterday morning
about ten o'clock, and left its mark
behind it.
A flash struck a frame barn, the
property of Andrew Muir, at 118 El-
gin St., and in an instant it was wrapped
in flames. It also struck and killed
a horse which Mr. Muir was clean-
ing. Arthur Bennett, an elderly gen-
tleman, who, at the time, with others,
was standing in the barn, was knock-
ed down, having the side of his head
severely burned. Mr. Bennett was
picked up unconscious and taken to
his home, where Dr. Ashton gave him
medical attendance. The other gen-
tlemen who were standing beside
Mr. Bennett, received a severe shock,
but were not knocked down. The
lightning also struck the barn, and
in an instant the structure was one
mass of flames. Mr. Bennett, who
fell in the barn, was just dragged out
in time to escape being badly burned.
Two horses, which were in the
stable were brought out safely, but a
quantity of hay, oats and straw was
burned, also three sets of harness.
The storm was of short duration,
there being just one severe case of
lightning. It was this bolt which did
the damage.

MRS. PANKHURST ARRESTED TO-DAY

Detectives Pounced Upon
Her When She Attempt-
to Attend Meeting.

[Canadian Press Despatch]
LONDON, July 21.—Mrs. Emmeline
Pankhurst, the militant suffragette
leader, who succeeded in outwitting
the police on Saturday, was arrested
this afternoon, when she was entering
a public hall to attend the weekly
conclave of the members of the Wom-
en's Social and Political Union. It
was said she intended at the meeting
to issue another defiant challenge to
the government.
Detectives pounced on Mrs. Pank-
hurst with dramatic suddenness and
before many of those surrounding
her were aware that the suffragette
leader had been seized she had been
whisked into Shaftesbury avenue and
hustled into a taxicab. A few women
accompanying Mrs. Pankhurst, how-
ever, made an attempt to rescue her
and in doing so vigorously trounced
the detectives with their umbrellas.
Half a dozen of them were arrested.
A big force of uniformed policemen
closed up behind Mrs. Pankhurst and
her captors and stemmed the rush of
a mob of infuriated women, whose
yells of "murderers," "assassins" drew
great crowds to the scene.
Some of the women used hatpins as
weapons of defense and a number of
injuries were caused and several ar-
rests were made before Mrs. Pank-
hurst was safely on her way to Hollo-
way jail.
When she arrived at the prison Mrs.
Pankhurst refused to leave the taxi-
cab and had to be carried in by detec-
tives.

[Canadian Press Despatch]
LONDON, July 21.—Ernest Barry,
champion sculler of the world, suc-
cessfully defended his title this after-
noon by defeating Larry Pearce, the
champion of Australia, by two lengths
over the famous course from Putney
to Mortlake on the Thames. Stakes of
\$5,000 accompanied the title.
The Australian visitor led during
the first part of the race, but Barry
took command at Hammersmith
Bridge, about half the distance and
was never afterward in danger.
Lightning in the West.
SASKATOON, July 21.—This city
was visited by a severe electrical
storm last night. The lights in many
parts of the city were put out, the
lightning tore up a section of pave-
ment on First Avenue. Mayor Har-
rison's house was struck and caught
fire, but the brigade extinguished the

AUSTRALIA'S SHIPS ARE NOW READY FOR A LIFE AT SEA

The Big Dreadnought "Australia" Leaves Portsmouth To-
Day For Sidney—Sister Colony's Navy is Strong One
—All on Board are Happy.

LONDON, July 20.—Australia is
forging ahead with preparations for
naval defence and on Sunday the last
section of her fleet unit, the Dread-
nought cruiser Australia, was all com-
pleted for sea. She leaves Ports-
mouth for her new home port, Syd-
ney in charge of Rear-Admiral Sir G.
Batey, who is the first Admiral of
the first dominion fleet.
The light cruiser Sydney, which
will accompany her flagship, made a
start on Thursday. Their arrival in
their home waters will bring the Aus-
tralian navy up to a very respectable
strength. A sister ship of the Syd-
ney, H.M.A.S. Melbourne, is already
in commission there, with three more
large destroyers. A third cruiser H.
M. A. S. Brisbane and three more
large destroyers are now being built
at the Cockatoo Island yards in Syd-
ney harbor.
The light cruiser Encounter has
been lent temporarily to the Aus-
tralian Government by the home navy,
and the small cruiser Pioneer has
been given to Australia, each for the
purpose of training and enrolling Aus-
tralian seamen.

BRANTFORD MAN SHOT BY BANDIT

Many old Brantford friends
will be sorry to learn of the
tragic ending of Albert Pol-
lard Whitehead, who was shot
and killed by a masked bandit
at Cliff House, a fashionable
summer hotel in Manitow, Col-
orado Springs. Mr. Whitehead
was engaged as head night
clerk at the hotel. He for-
merly was employed in the
Court office under the late
Henry Lemmon, and received
his education in the Brantford
schools. He was a brother of
Mrs. George Chrysler of this
city.

VERITY PICNIC A GRAND SUCCESS

Firm and Employes Show
Fine Spirit of Co-oper-
ation.

A very successful picnic was held
at Mohawk Park on Saturday by the
employes of the Verity Plow Co.,
under the presidency of Mr. W.
Gibbs with a very efficient com-
mittee. The kindness of the firm was
also highly appreciated for their big
donation, showing the good feeling
existing between employers and em-
ployees—a feeling the men do appre-
ciate to a very marked degree. Quite
a good supply of free refreshments
were on hand, also a good supply
of candies for the youngsters, making it
a delightful day for all and with the
weather man in their favor it cer-
tainly was a gigantic success. The
programme was all that could be de-
sired and certainly everybody seem-
ed pleased and satisfied with the re-
sults and the way things were carried
out. Everything went merrily on
until about 7.30 when the majority
went home after spending one of
the best times that could possibly be
spent.
The chief event of the day was the
baby show. It was very keenly con-
tested, there being quite a number of
proud parents eager for the honor of
carrying off the prize, but through
the forethought of the committee,
each one received a prize of a dollar
bill in excess of the three special
prizes allotted to the successful win-
ners. Everyone was made happy.
The judges also carried out their part
most efficiently and are to be highly
commended on their good judgment
of the different events. The judges
consisted of Mr. T. F. Simpson,
Chairman, Mr. A. Minnes, Mr. Jen-
kins.

MAN WAS KILLED BY AN AUTOMOBILE

Peculiar Accident at Toronto
in the Early Hours of
the Morning.

[Canadian Press Despatch]
TORONTO, July 21.—George D'
Alessandro, 33 Agnes St., is dead,
Francisco Nicoletti, an Italian bank-
er, is under arrest as the result of a
collision between an automobile and
a heavy wagon loaded with street
girders, on College street, opposite
the new General Hospital at 3-45 this
morning. Nicoletti was the owner
and driver of the car, and was con-
veying the party home from the It-
alian National Club. He apparently did
not see the obstruction ahead, going
in the same direction, and the auto-
mobile plunged under the projecting
ends of the girders. The body of the
car was partly stripped off, D'Ales-
andro being so badly cut that the
lower part of the body that he died
in the hospital an hour later. Nico-
letti was uninjured, and of the other
three passengers, Charles Williams,
208 McCall St., alone sustained an
injury, being merely a crushed thumb.
D'Alessandro was a player in the
orchestra of his name. His father is
the conductor. The police have laid
against Nicoletti a nominal charge
of being intoxicated while in charge
of an automobile, though it is pos-
sible that this will be altered as a
result of the rigid inquiry which the
authorities have instituted.

"SORRY I HAVE TO DO IT" SAID THE MAGISTRATE

When He Fined Chinaman
For Having an Undersized
Fish in Possession.

"I am sorry to do this, but I am
afraid I have to," said Acting Magis-
trate Charlton, this morning when
imposing a fine on Jim Long, a well-
known Chinaman, Long who is an
ardent disciple of Isaac Walton, was
caught just below the railway bridge
with an undersized perch in his pos-
session. This morning he pleaded
guiltily to the charge but declared there
were other men as well as himself
who had caught under-sized fish. He
was fined \$5 and costs or \$7.75 in all.
Charles Roantree and John Brown
were charged with not working. Nei-
ther man appeared but the Chief in-
formed His Worship that Roantree
was working, and that Brown had
been sick and was unable to work. The
charge against Roantree was dis-
missed, but the one against Brown
was adjourned for a week to let the
man get a job.
On Sunday morning, Sergeant Wal-
lace and P. C. Dowling made a raid
on 49 Queen street and found a num-
ber of Armenians gambling. They
will be arraigned in police court this
week, and will likely be charged with
a breach of the Lord's Day Act. The
police have received many complaints
about the noise, and trouble caused by
these foreigners, and the residents in
the vicinity will be glad to know that
an effort is being made to stop it.

At the Gem Theatre.

A fine two reel special feature pho-
to play "Love and War in Mexico,"
is being shown at this popular theatre
and is singularly appropriate owing to
the present trouble in the Mexican
Republic. Scenes are actually pho-
tographed during the revolution, and
the story is full of interest from start
to finish. There are other comedy
and farce subjects among the motion
picture portion of the programme.
Those popular rag-time monarchs on
the banjo, Marie Stewart and Co.,
on the bill and feature the greatest
lady banjost in the world.

WANT AD HOROSCOPE: JULY 21. The person having this birthdate has the power to succeed in medicine, surgery, dentistry. Lawyers are born on this date, who make eminent successes both in the profession and as politicians.

It Has Killed Hundreds. Strong purgatives have killed many a good man. Costiveness is bad—violent cathartics are worse. If bothered with stomach trouble or biliousness, try Dr. Hamilton's Pills. They are so mild that you can scarcely feel their action, yet so effective that the entire system is cleansed of wastes. Dr. Hamilton's Pills move the bowels gently, they tone the kidneys, assist digestion, clear the skin. For those subject to colds, biliousness, jaundice there is no better medicine. Try a 25c. box of Dr. Hamilton's Pills.

DO YOUR EARS RING?

This is the beginning of Chronic Catarrh. If not checked, the result is deafness. A simple remedy that many physicians advise is to slowly inhale "Catarrhozone" a few times each day. The soothing vapor of Catarrhozone cures the Catarrhal condition and hearing improves at once. Head noises, buzzing ears are cured. For Catarrhal deafness, throat, nose and lung catarrh there is probably no remedy so efficient.

BRANTFORD WON FROM TWIN CITY

An Interesting Cricket Match Was Played Here on Saturday—The Score.

The Berlin-Waterloo Cricket Club journeyed to this city to play a Western Ontario League cricket game on Saturday and were defeated by the locals by the score of 77 to 34. Brantford's win was largely due to a splendid all round cricket of H. S. Leach who scored 41 runs by faultless cricket and was not out, and who took six Twin-City wickets for the small cost of 12 runs, Captain Walsh and F. W. Seagram also did good work for the locals, the former scoring 70 runs and the latter taking four wickets for eighteen runs. Maddick did well for the losers scoring ten runs, and E. F. Seagram took three wickets for twelve runs. The Brantford fielding was very fine, being a great improvement on previous matches, both Walsh and West making splendid catches.

PROFESSIONAL LACROSSE

"Is Professional Lacrosse Doomed?" forms the heading of a special article in the Toronto Mail-Empire.

It is to be regretted that the answer must be largely in the affirmative—the more's the pity.

No finer or more picturesque sport was ever evolved under proper conditions, but with the introduction of the heavily-paid player, imported from anywhere and possessed of no local pride on behalf of the city whose name he wore, conditions commenced to creep in which proved far from satisfactory.

A like condition of affairs obtains in Old Country cricket. Professionals of that grand old game not only have the seasoning of amateurs playing on the same side—for that fact there does not professionalize those who come under the sobriquet of "gentleman players"—but, in addition, all of the inducement and advantage are for the man to do the very best there is in him.

In other words, baseball and cricket are as clean as every human encouragement and device can make them, whereas, as far as professional lacrosse is concerned, that, unfortunately, has not been the case. Brantfordites have only to recall what happened to their "all-star" team when it played against Shamrocks in Montreal for the championship to realize that fact.

Lacrosse can never die out—it is too fine a game in all its essentials for that—but the professional end of it has largely in Ontario. It still flourishes in the West, but with the large and constantly growing influx of citizens there from the United States, and with the crop of Canadian fans already on hand, the diamond ere long, in a professional sense, is likely to supplant the nets.

To be frank about it, baseball is going to be largely Canada's national game of the future, and the sooner we develop more of our native sons to play the game, the better.

PROHIBITION AS A PARTY CRISIS

This is not an article intended to discuss the merits of Prohibition as such, or otherwise. Many excellent people favor the inauguration of such a movement, and others do not, and agreement between these two extremes is never likely.

The fact to be considered at this juncture is that the matter has to an extent been put directly in the party field by Mr. Rowell, leader of the Ontario Liberals, who has made the "abolition of the bar" in this Province the main party plank.

Already there has been more than one sign of dissent on the part of Liberal supporters. Mr. Hal Donly of Norfolk, who has more than once carried the Liberal flag in contests in the county of Norfolk, has come out plainly in his paper, the Simcoe Reformer, with the statement:

The Reformer has never admitted the right of Mr. Rowell and those who acted with him to commit the Liberal party of the Province of Ontario to a crusade on behalf of the Dominion Alliance; and today we are confirmed in the opinion we have held from the beginning, that, if persisted in, it will irremediably disrupt the party.

Mr. Donly adds that the only "practical thing" to do is to call an early provincial convention of Liberals to take action.

The Woodstock Sentinel-Review, another staunch Liberal sheet, referring to the claim that the turnover in North Grey was a blow at Rowell's "abolish-the-bar" plan, says "there is little doubt that such an explanation will occur to many Liberals."

The Windsor Record (likewise Liberal) remarks that the longer that crusade is kept up, the longer will the Ontario Liberals "remain in Opposition."

The Guelph Mercury, still another Liberal sheet, although not strenuously critical, admits that "a platform such as Ontario Liberals have adopted is not going to be an immediate suc-

cess," and it adds that there is "no necessity" for any alliance between the Rowell party and the Dominion Alliance.

The truth of the matter seems to be that Mr. Rowell rushed into this thing after conference with only a few leading Liberals, just as Sir Wilfrid Laurier did with regard to Reciprocity.

The point these Liberal papers are seeking to establish is that the Alliance work should be maintained separately as such, and not adopted as an out-and-out Liberal plank when there are differing opinions on that subject in the ranks.

As for Sir James Whitney and Hon. Mr. Hanna, while not forming a fighting agreement with the Alliance as such, they have admittedly given, and are giving, this Province the best and most strict license enforcement ever yet possessed by it—an enforcement in direct and vivid contrast to the openly lax administration of the liquor laws under Ross.

NOTES AND COMMENTS

Sylvia Pankhurst returns to jail for another hunger strike. A "returned convict," as it were.—London Free Press.

Returned to make herself empty could more nearly hit it.

"Three new dreadnoughts," says John Bull, "are absolutely necessary, with Canada's assistance, and welcome; without it I'll build them myself and pay out of my own pocket."

There is a movement on foot in the Old Land to fight the "undressing craze" of the fair sex. It is a fact that many modern-day outfits of the daughters of Eye make some of them look like transparencies.

A French doctor claims to have discovered the origin of rheumatism. That was known long ago. It was when Adam saw Abel after a certain episode and cried out, "Give me room, tis him."

Hawthorne, a man of prominent family, who is about to be released from the penitentiary in the States for misrepresentation in the sale of Cobalt stocks, has announced that prison exercise has developed his pedal extremities so much that he intends to walk a thousand miles. It's a great pity that he didn't do that previously—away from his dupes.

Suppose a young man should say to his father: "Dad, you've made a great many expenditures on my behalf, and now that I am well able to do so I want to bear my share of your continued outlays," and then suppose after Dad had replied, with a handshake, "Good for you, my boy; your help will be welcome," and then still further suppose that some middle-some old grandmother had upset the entire scheme, and you have a picture of just what has happened to Johnny Canuck in connection with the navy proposal.

Says the London Statist, a leading financial paper in the Old Land: It is true that Canada has borrowed freely. But it should be realized that most of the money has been thoroughly well-expended, and will bring in immense output of natural wealth in a short time. Already the productive power of the country has grown in a wonderful manner. In considering the situation in Canada it should not be forgotten, first, that the Canadian banks hold large cash balances, both in London and in New York; secondly, that the Canadian Pacific Railway is in a position to raise any amount of capital it can reasonably expend; and, thirdly, that the credit of the Canadian Government is of the highest, and that the Canadian Government can rely on British investors for money if it is really needed.

FIREWORKS

Motion Pictures of Flame Latest Thing at Canadian National

Moving pictures in fireworks are surely the newest thing in pyrotechnics. And the newest thing in all lines are served at the Canadian National Exhibition. Among the most picturesque framed in fire that are on the bill are: a threshing machine, with wheels running and grain pouring from the spout, an auto fire engine that runs so fast it crashes into an automobile, and flying machines. Add to these the changing illumination, the colored balloons, the exploding bombs, the soaring rockets, the massive gold fountains, and dispersing radiating batteries, and you have a fireworks bill more varied and more wonderful than anything ever before presented at the Canadian National.

Tired Feet and Bunions

Dear Mrs. Lincoln: Will you tell me what I can do for my feet. They seem very tender and tired. Will you also tell me what causes bunions. I want to say too, that my feet sometimes swell.

Albion. For tired, swollen feet, make a good bath with alum, one ounce, rock salt, two ounces, and borax two ounces. Keep this in a bottle and use two teaspoonsful to each quart of hot water. Bathe the feet every night for 15 minutes. Bunions are caused by the ill-fitting shoes. All pressure on the joint should be relieved, and after the foot has been plunged into very hot water several times, paint the bunion with colorless iodine.

ECHO PLACERS HOLD A PICNIC

It Was Their First Annual and It Proved Most Enjoyable One.

The first annual picnic of the Echo Place Improvement Association was held Saturday afternoon in Mohawk Park, about 400 attending, including those had been sent out to 125 families. The Association have improved a good many things, but try as they will, it will be very hard to improve on the first annual picnic. There is always a manifest esprit de corps among the members of the Association, and it was quite noticeable Saturday afternoon. Many of those attending brought their friends, and they were heartily welcomed by the Association. The picnickers were especially glad to have with them Mr. J. W. Westbrook, M.P.P., and Councillors McCann and Greenwood, and one of the new members of the Association, Mr. A. L. Baird, K.C.

Games and Races In preparing for the affair, the picnic committee took special care in choosing the games and races, which by the way, is characteristic of all the undertakings of the association. There were events for all ages, married and single, prospective brides, and in fact everybody.

Married Ladies Won The soft ball game between the married and single ladies, was won by the married ladies. They no doubt took the game from the brides-to-be owing to the excellent practice they have been giving the rolling pin. It will be very interesting to learn that Mrs. T. Rispin made three home runs.

Councillor Greenwood some Runner Another feature of this successful picnic was the race run by Messrs Westbrook, McCann and Greenwood. Councillor Greenwood is a great runner, and Mr. Westbrook—nuff said.

Were Inquisitive There was a peanut race, which was won by Miss Margaret Patterson, a spoon and potato race, Mrs. J. W. Grummett taking first place, and the Misses Smith second place.

Miss Mabel Edmondson won the prospective bride's race, and then the picnickers looked at each other and asked, "Who is the man?" Pity pardon the reporter for listening, and for being so observant.

Was a Shame The nail driving contest and the soda biscuit eating contest were, without a doubt, the funniest of the picnic. Pieces of maple and three inch spikes were supplied the contestants in the way, ladies more shame on the young man who supplied the maple, and they were required to drive the spikes. The spikes refused to be driven, they bent, and they flew, the ladies became very excited, and when one much braver than the rest became thoroughly disgusted, she rose and spoke, saying: "Show me two men who tried and failed."

A pine scantling was secured and Mrs. Douglas took first place and Mrs. Patterson second place.

In the soda biscuit eating contest, Gladys McConkey was first and Ada Edmondson, second.

The three and needle race which was won by Mrs. J. L. Barnes, and Mr. T. H. Thoms, proved to be one of the events which gave the picnickers a good, hearty laugh.

Other Events Boys' race, 25 yards, under 7 years—1 Ross Moyer, 2 Jack Ashton.

Girls' race, 25 yards, under 7 years—1 Edna Lewis, 2 Jennie Patterson.

Girls' race, 50 yards, under 10 years—1 Gertrude Williams, 2 Edna Davidson.

Boys' race, 50 yards, under 10 years—1 Martin McCann, 2 Ernest Horsman.

Boys' race, 75 yards, under 15 years—1 James Davidson, 2 Ernest Horsman.

Girls' race, 75 yards, under 15 years—1 Alberta Davidson, 2 Lillian Davidson.

Married Ladies Race—Mrs. Uptgrove.

Saramble Race—1, W. Styles, 2 Ernest Horsman.

Three-legged race—Messrs. Elmer Grummett and Morley Myers.

Bouquet for the Ladies. Here is a bouquet for the Echo Place Ladies. After the sports were concluded with the exception of the wheelbarrow race and the tug of war (more about that in a minute), the picnickers sat down to a tempting lunch. It was quite noticeable the large amount of home-made cooking. The ladies of Echo Place are certainly good cooks, and their husbands are to be congratulated. Two large tables, nicely decorated with flowers were set out when the call to lunch was given the tables were simply taken by storm. Several large flags formed a portion of the decorations.

Tug of War. After the lunch a tug of war between the married and single men took place, the benedicts coming off victorious.

There was also a tug of war between the married and single ladies, the married ladies pulling the strongest took the girls into camp.

The wheelbarrow race was some stunt.

Excellent Committee. Suitable prizes were awarded the winners of all the events. The selection in appointing the picnic committee certainly made no mistake. The committee was composed of Messrs. J. L. Barnes (chairman), F. T.

Morrow, E. Grummett, Chas. Zeman and W. A. Fitness. Among the ladies who greatly helped to make the picnic a success were Mesdames, H. Craddock, J. L. Barnes, J. J. Burke, F. T. Morrow and Chas. Zigman. Success to the 1914 picnic!

AT ALGONQUIN NATIONAL PARK

Mr. H. R. Charlton, General Advertising Agent of the Grand Trunk System, has returned from a visit to the Algonquin National Park of Ontario for the delectation of mankind by the Provincial Government of Ontario for the delectation of mankind and the propagation of fish and game and which has become the mecca for the ever-increasing multitude of sportsmen and tourists who annually make their pilgrimage into Canada's summer playgrounds for their vacation.

An innovation which the Grand Trunk has introduced this year of a series of log cabin camps throughout this 2,500,000 acres preserve has made a hit, and Mr. Charlton says many are the encomiums of praise heard from those who are registered at "Nominigan Camp," the first of the system which has been opened. To give one an idea of the response to the attractions of this delightful place might be mentioned the names of the places from which the first guests arrived and which are as follows: Cincinnati, Ohio; Jamaica, Brazil; Pittsburgh, Pa.; Foxborough, Mass.; Chicago, Ill.; Washingtonville, N.Y.; Hackensack, N.J.; Toronto, Ont.; New York City, N.Y.; Winnipeg, Man.; and Montreal, Que. The principal attractions of the park are its wildness and its high altitude (2,000 feet), its splendid fishing in the twelve hundred lakes that are found in its confines, including black bass, speckled trout, salmon trout, grey trout and grise. The indications this year are that good sport is assured and many are the exceptionally fine catches being made.

Salmon trout ranging up to twelve and fifteen pounds are not uncommon; the speckled beauties tip the scales up to three and four pounds.

An interesting camp on Cache Lake at Algonquin Park Station is known as North-way Lodge where 60 young ladies from fifteen to eighteen years of age are enjoying a two-months sojourn under canvas in the most idealistic way chartered by an experienced lady thoroughly versed in outdoor life, who is assisted by a staff of ladies who teach them swimming, woodcraft, etc.

BUMPER WHEAT CROP Thousands of Men Required in Western Canada.

This Year's Harvest Promises to be the Largest in the History of Canada.

According to present indications, the wheat crop of 1913 will be the greatest ever harvested in Manitoba, Saskatchewan or Alberta, thus requiring the farm laborers of the East to assist in harvesting the world's greatest bread basket.

The Governments of the respective Provinces state that many thousands of men will be required for this year's harvest. These will have to be principally recruited from Ontario, and the prosperity of Canada depends upon securing labor promptly. The Canadian Pacific, on which company will fall practically the entire task of transporting the men to the West, is already making special arrangements for this year. Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run, and special trains operated, making the trip in about thirty-six hours and avoiding any change of cars or transfers. This will be a day shorter than any other route. Dates, rates and conditions will be announced in a few days.

THE PROBS

TORONTO, July 21.—The barometer is now highest over the Great Lakes and Middle Western States, with a disturbance moving southward from Hudson's Bay towards Ontario. A few local showers have occurred since Saturday, but the weather has been mostly fine and warmer throughout the Dominion.

FORECASTS:
 Moderate winds, fine. Tuesday, west and southwest winds, fair and warmer.

 A communication is on file at the city clerk's office from the Brantford Development Company, with a diagram attached of the siding which they are asking to have placed along side of their premises.

Work Retarded.
 The work of building the addition to the Bellview school is still somewhat retarded owing to the Ohio freestone for the window sills not arriving. Such work as can be done is being gone ahead with.

May Be Robbery
 High County Constable Kerr received information this morning to the effect that a robbery took place at Harrisburg during the night, and left to investigate the case this afternoon.

Abused Horse
 An Indian rented a horse from L. Anquish to drive to the Indian Reserve yesterday, and in the afternoon he received word that the man to whom he rented it had abused it. The county police will likely be asked to clear up the matter.

Excursion Coming
 Mayor Hartman received an official programme this morning of the annual excursion and picnic of the West Toronto Business Men's Association, which will be held here in Agricultural Park on Wednesday afternoon. The programme consists of 26 events.

Mourn the Loss.
 Mr. and Mrs. Edward Crocock, 54 William street, mourn the loss of their infant son, Stanley, aged 7 months, who passed away Saturday night. Many friends will sympathize with Mr. and Mrs. Crocock in their sad loss. The funeral is taking place this afternoon to St. Joseph's cemetery.

Died Saturday.
 The death occurred at the House of Refuge Saturday night of George Calveria, aged 67 years. The funeral took place this morning from the undertaking parlors of Mr. H. S. Peirce to the G.T.R. station, interment taking place at Springford, Ont.

It was Wash Day.
 The work along the L. E. and N. Railway above the Lake's Dam is progressing rapidly and the river front back of Gaywood Park, presents a very different picture. Yesterday was wash day among the foreigners in the camp and many of them were seen doing up their laundry, while others were taking a dip in the Grand.

 Several more applications have been received by the Imperial Home Reunion Association of Brantford, and are being considered. The association have already been the means of bringing together several families when without the assistance of the association it would be almost an impossibility.

A Money Saver.
 The steam shovel purchased recently by the city is doing excellent work on West street. The man in charge is an expert and keeps the eight teams which are on the job busy all the time, the excavated earth being drawn down to the head of Greenwood Park to fill in the deep hole which has hitherto been there.

Has Local Bearing.
 The following question appeared in the legal questions and opinions column of the Toronto Mail and Empire, in their issue of Saturday last: W. S. Peterboro—Q. Is there any reason why a civil servant should not pay taxes on his income? Answer:—There is no reason why a civil servant should not pay taxes the same as anybody else, unless he is exempt by law under Assessment Act.

Mr. E. J. Pipher left for Muskoka to-day to spend his vacation.

SIR LANCELOT IN THE CITY.

"Go, bring to me my strongest mail, My sword and lance, my bow and arrow, And choose the biggest lance you find Repeating on the weapon rack. Let there be brilliant torches, bear To light the dangers from afar. I mean to step across the street Tonight and get a good cigar."

"Mehinks, moreover, it were wise To have my gallant charger brought And armored like a battleship With plates in cunning fashion wrought; To have a warhorse met at arm's end Attend the quick assault to bar When I begin to cross the street Tonight to get a good cigar."

What time these doughty words he spoke The Lady Guinevere did weep So much a dozen serving maids Could scarce her eyes in kerchiefs keep. "Alack, my love, alack!" she cried, "For me this rash design forget! Brave knight ye be, but you have ne'er Fung up with any handle yet!"

Sir Lancelot he would not yield, But sallied forth in brave array And set the neighborhood aghast With admiration and dismay. A thousand windows opened wide, A thousand doors were half ajar, Wherefrom the people watched him start Across the street for that cigar."

What need of this absorbing tale To tell the gentle reader more? Already doubtless all have guessed The gallant knight's "put it on!" His lady's love affair to mar Went all to pieces when the knight Bore back in triumph that cigar. —Chicago Inter Ocean.

Philanthropist.—Now, you boy, why don't you give that man a hand? "Boy—give 'im a hand! Why, he's going of his own accord." —Punch.

Up Against It.
 "I suppose you're very happy now that you're elected mayor?" "Well, I can't say that I am. I thought I would be, but it hasn't worked out that way."

"That is cheering, of course. It is due to know that the majority of the people believe in me. Still, I'm not altogether contented. Here you've been elected to the highest honor in the community; you have splendid opportunities to do good work; you may graduate from this position to broader service for the state and possibly from the state to the nation. You ought to be happy if any one is."

"I know it. But I'm not. The fact is I am up against it. I have four political managers who did splendid service for me, and each one demands the same job." —Detroit Free Press.

His Rising Hopes.
 Mr. Jenkins was talking with a young man whom he hoped might become his son-in-law. Wishing to encourage the young man, who had very little of this world's goods, the old gentleman said: "I am proud of my girls, sir, and there is nothing I would like better than to see them married to bright, smart young men. I have made considerable money, and the girls won't go to their husbands penniless, by any means. Now, there's Belle, twenty-five years old, one of the best girls in the world. I shall give her \$10,000 when she marries. Then next comes Caroline, who won't see thirty-five again, and I shall give her twenty thousand. And the man who marries Belle, who is forty, will have thirty thousand."

"The young man reflected for a moment or so and then inquired: "You haven't got a daughter about fifty, have you?" —Harper's Bazar.

He Won.
 During the dinner hour two book-layers were playing cards in the house they were building. "Look here, matey," said Bill, "this 'ere game is too slow. Let's try something more exciting. I'll bet you two bob that I can see a diamond first time."

"Done!" said Jack, his comrade. "Bill horrowed a sharp knife of another workman and cut the pack fair in half. "There," he cried, "and over the money, sonny. The ace of diamonds is cut first go."

Jack grinned. "I reckon it's you who'll be the spinning one," he said. "I got the ace in my pocket while you was a porroing the knife." —London Mail.

The Castle Builders.
 Captain (or was he?) one of the English Officers at the New York horse show, took his defeat at the hands of the Dutch officers very philosophically. "Bear up, old chap. Make the best of it," an American said to Captain Gray, who at the contest's end.

"Oh, I will never fear," was the reply. "We English are a shrewd, hard-fellows. We're always building castles in the fog." —Washington Star.

Veracity.
 "Thomas, what time did you get in last night?" "Somewhere 'round 12, I da'." "I happened to be awake and looked at the clock. It was 8?" "Three o'clock? Well, that's a quarter of 12!" —Puck.

ROYAL TEMPLARS HOLD PICNIC

The Royal Templars held their annual picnic at Burt's Grove on Saturday, and a most enjoyable time was spent. A number of the members were away on holidays and some were away on Verity's employees picnic, but notwithstanding this, over fifty undertook the journey to Burt's Grove. Arriving on the grounds after a quick run through delightful scenery, sports and games were indulged in. A baseball match was played between sides captained by two of the ladies. The umpire had to be "lively" when some of the ladies were firing the ball in. One ball from his better half neatly plumped him in the back. Some keen races were witnessed, and then all sat on the green sward in a family circle and ate and drank to the good things. Some of the party departed for Brantford on the 8 o'clock car, the remainder went back to the banks of the Grand river and sat around a bonfire, and amused themselves by giving stories of adventure, afterwards arriving in Brantford about 11 p.m. after a most enjoyable outing.

McEwan, 146 Terrace Hill street, on the 16th inst, with twenty-six members and visitors present. Excellent papers were given by Mesdames A. McWebb and A. Kinney. Cool dishes for summer with recipes, and "Health and Happiness or Hygiene in the Home," by Mrs. Kinney. Solos were given by Mrs. W. Kinney of Moyle and Tranquility branch and by Mrs. M. Savage and little Miss Ariel Savage. Dainty refreshments were served by the hostess at the close of the programme.

BEING A BRIDEGROOM IN ARMENIA

If the fathers and mothers of well to do young men who are constantly menacing their social station by leading to the altar brides whom they have selected during an evening supper party could succeed in introducing Armenian wedding customs into this country they would probably have less to worry about. In place of the hasty dash to the City Hall, followed by an equally hasty trip to the nearest Alderman, which is customary in show girl society alliances, the ardor of the young bridegroom, according to Armenian customs, would be allowed to cool for a period of five or six days. In the large cities of America this is almost long enough for the happy couple to become not only settled in their new home, but altogether unsettled again. In Armenia everybody has a good time at a wedding except the bridegroom. First all the friends gather, and an entertainment with dancing takes place. The bridegroom is expected to arrive after the entertainment is at its height, and it is considered good form for him to appear with his face covered with powder to simulate pallor induced by the solemnity of the occasion. Friends of the bridegroom then give him a public shave, and then fall upon him and strip him of his clothes, after which he is supplied with a new set of garments and completely dressed again. While they are performing the offices of valet to the groom the young men present are supposed to hold lighted candles in their right hands. The day after this opening marriage feast the bride rides to church and the bridegroom walks. The priest who receives them in the porch reads to them a short sermon on their duties in the matrimonial state and then the wedding party proceeds to the altar, where the foreheads of the high contracting parties are bound together with gold chains. The wedding festivities continue for at least three days after this and the couple are not regarded as really married until the ceremonies have all been concluded. The social celebration of the wedding is gone through with as conscientiously as the religious part. Altogether it is probable that if Armenian customs were foisted upon America the casual marriage parties of which our reads so much would no longer be in fashion.

ster thus addresses our misses through Harper's Bazaar: "Little girl, you look so small. Don't you wear no clothes at all? Don't you wear no shimmy-shirt, Don't you wear no petty-skirt— Just your corset and your hose— Are those all your underclothes?"

Girls are seen on the streets in clothes—or the lack of them—that their mothers would once have thought immodest at home. It is related of Mme. Tallien that she appeared as Diana at a masked ball at the French court in the days of the first empire, in a gown so filmy and gossamer-like that it could be passed through a man's finger ring. Under it she wore a single garment of the same material. Are we to emulate

eventually, the undress of the French madame? What are the mothers thinking about to permit such a style of dress? What has become of the modesty we were wont to associate with young and presumably innocent girls? They may be modest, but they certainly don't look it. If this display of the person is intended to charm men, it is a great mistake, as it may allure, as the fallen woman allures, but to man the charm of a girl is her mystery, her elusiveness, her refinement as shown in modest mien and attire. Even, hot weather doesn't excuse girls for cheapening themselves as they do; and the remarks made about them are neither admiring nor admirable.

Even the most-observant cannot join the parade on our main thoroughfares without being convinced that the assertion that manufacturers are more or less concerned about what women are going to wear than about what they are going to take off has considerable foundation in fact. Really, some of our young pedestrians couldn't take off much more in the way of attire without falling into the hands of the police.

The manager of a certain business who has a number of girls under him sent one young miss home to "get some clothes on" the low shoes, cobweb hosiery, abbreviated skirt, short sleeves and exaggerated V at the throat incurring his emphatic disapproval. It is not without due and sufficient cause that a rhyme-

Peterboro played the best ball and deserved to win and to the victor belongs the spoils.

The visitors got the games and the spectators, who were not so large as the usual Saturday attendance, got the worth of their money. The score: First Game. Brantford.

LONDON, Ont., July 19 -- St. Thomas used three pitchers Saturday in a vain effort to prevent the Tecumsehs from winning their eleventh straight game, and beating the former leaders on the fifth successive occasion.

HARD FOUGHT GAMES IN FOOTBALL LEAGUE

Dufferin Rifles and Tigers are the Winners—Two Scoreless Games Played—Plenty of Excitement—The Scores.

SATURDAY RESULTS: Dufferin Rifles 4, S. O. E. 1; Tigers 2, All Scots 1; Y. M. C. A. v. Cockshtutts United 0, Tutela 0, Dragoons 0.

There were some hard fought games played in the city football league on Saturday afternoon. The Y. M. C. A.-Cockshtutts and Tutela-Dragoon games ended in a draw, neither of the four teams being able to score a goal.

The Dufferin Rifles, by pulling themselves together in the last stages of the game, got the decision over the S. O. E.

The Military men by a burst of speed, scored three goals in succession near the end of the game, though the Englishmen gave them a hot race.

COLMENDALE vs. ALL SCOTS

This game was played on the O. F. B. grounds, both teams being at full strength. Captain Hoyle for the Tigers, winning the toss, played his men towards the track. The first ten minutes the Scots worked hard, but after this the Tigers had all of the game.

Drake had hard lines all through the game, the goal disallowed in the first half was particularly good. Duffen kept a good goal and it was hard to see him beat by the penalty.

Knowles who was selected to keep goal, played a good game at outside left.

All players and members of the Duffs are requested to be at Agricultural Park at 7:15 p.m. Tuesday, 22nd inst.

Dragoons vs. Tutela—Tie Game.

This match which was fast and hard-fought throughout, resulted in a draw of 0-0. The Tutela team is undoubtedly a good one and play well together, but they could not do anything against the Dragoons, who forced the play and showed generally that they are not to be despised.

Y.M.C.A. and Cockshtutts' Draw.

Cockshtutts and Y. M. C. A. met at Agricultural Park in what proved to be one of the fastest games of the season. Cockshtutts lined up with the same team that was picked, but the "Y" were less fortunate. Goalkeeper Figwell having wrenched his knee in practice and W. Holland was on the sick list, but the substitutes were equal to the occasion.

The game started with Cockshtutts attacking, the "Y" playing only ten men, Mason cleared for the "Y" and after about fifteen minutes of up and down play Stone came on the field and played outside right for the "Y".

The play became exceedingly fast and Holland rushed the shop boy's goal and was hurt against the post. After five minutes delay the game was resumed with Cockshtutts on the defence, but Stubbs was playing a good game at back and kept the "C" from scoring.

The whistle went for half time with

no score. The game started again with Cockshtutts' again attacking, but Mason and Clark kept them out of shooting range, the substitute goal-tender doing what little he had to do well, although he was plainly nervous. The gym boys again attacked as before, wearing their opponents down toward the end of the period, but could not score and the game ended in a scoreless tie.

League Meeting.

A special general meeting of the Brantford Football League will be held on Wednesday next at 8 p.m. in the Borden Club Room. Items of interest to all players will be discussed. The draw for the 2nd. round John Hill Cup will take place.

The amount collected at the Cup tie Holmedale and All Scots on Saturday 19th (\$8.55) was considered good, there being a small crowd present. The Council trusts that the general public will give their support to a larger extent in future to these games.

The thanks of the Council are extended to Messrs. R. H. Jago and F. Jolley for checking collection, also to Mr Cassell, referee and A. E. Hollister and A. V. Maskell (linemen) for services so generously given—the latter gentleman is a Hamilton football enthusiast.

At the Ranges

The third match for places on the Ottawa team, took place on Saturday at Mohawk Ranges. The scoring was not very high. There is a lot of dissatisfaction amongst the attenders at the butts owing to the amount of "blow backs" that are to be found every Saturday. Scores:

WHITE SOX TOOK THE FIRST GAME

Chappelle Starred, Having a Single and Triple Against Brown.

SECOND FOR MACKMEN

Falkenberg Pitched a Great Game Against N. Y.—Washington Lost.

CHICAGO, July 21.—The Sox and the Athletics broke even in two red hot games Saturday. The Sox won the first 4 to 3, and the Athletics grabbed the second 3 to 1 in twelve innings. The second was in danger of being called on account of darkness, but the Sox were not to be deterred.

Chappelle, the high-priced recruit, starred in the first. He was there with a single, a triple and a walk in four times at the plate, but he could do nothing with Brown in the second.

The score— R.H.E. Philadelphia . . . 000102000—3 7 1 Chicago . . . 20000110X—4 6 2

Second game— R.H.E. Philadelphia . . . 01000000000—3 10 4 Chicago . . . 00001000000—1 5 1

WASHINGTON WAS BEATEN

ST. LOUIS, July 21.—Washington dropped the last game of the series to the Browns in the 9th inning when the game was seemingly stowed away. The final score was 1 to 3 in favor of the Browns.

In the ninth, Compton, batting as a pinch hitter with the bases full and one out, drove Williams and Brief across for the winning runs. Score:— R.H.E. Washington . . . 020010000—3 4 2 St. Louis . . . 002000002—4 5 3

Three Hits Off Falkenberg

CLEVELAND, July 21.—Lajoie and Graney caused the downfall of Keating Saturday. Falkenberg has never shown more high grade work than he lavished on the contest of Saturday. For five innings not a Yankee unbuckled a hit against the tall and lanky hurler, and only one alien had journeyed as far as third.

The second was a pitchers' battle between Lake and Leonard until the eighth, when singled by Speaker, Wagner and Thomas, and errors by Moriarty and Thomas gave Boston five runs. Score:— R.H.E. First game— Boston . . . 000000001—1 8 1 Detroit . . . 000000021X—3 3 1

Second game— Boston . . . 100000005—6 12 1 Detroit . . . 020000000—2 8 2

CANADIAN BOWLERS BEATEN IN IRELAND

Forty-four Shots Behind in a Match With Kenilworth.

LONDON, July 21.—The Canadian bowling team, which concluded its Scottish tour Thursday with the splendid record of seven wins and four losses to its credit, are now in Ireland.

At Dublin Saturday they were once and defeated by Kenilworth by 11 shots. The result in this instance, however, can scarcely be regarded as a true reflection of the capabilities of the team, inasmuch as several of the Canadian teams were feeling far from fit after a tedious eighteen-hour journey from Edinburgh to Dublin. Straight Backs and Curved Fronts is Latest Fashion Edict From Paris

The New Curves Are Often Accentuated by Trimming Details.

SIX months ago a returning fashion expert brought over from Paris a supple tricot corset on new lines. This corset had only half the usual number of supporting whalebones, thus allowing the figure to lose the stiff and crusted appearance it had had for several years and to relapse into a more natural pose.

Now comes the news from overseas that the corset of six months ago has resolved itself into an even more extreme shape, straightening out the curves of the back and accentuating the curves in front.

Imagine a corset, apparently of traditional shape, facing down the back and fastening down the front. Further examination reveals that this corset has been shaped and supported by whalebone to give a perfectly straight back while there is no such restriction in front.

This is just the reverse of the famous "straight front" corset that appeared about fifteen years ago and with difficulty became the fashionable shape, gradually flattening out the feminine curves till the figure took on a youthful slenderness that made all womankind look the same age—from the back.

As for this revolution in corset lines, with the exception of the fashion extremists, it will probably not be taken up in a great hurry this side of the water. Like the "straight front" of other days, it demands time to get the average woman into that frame of mind where she is willing to commence all over again to acquire a new silhouette.

A New York actress, fresh from the seductive shops of Paris, has already acquired the new figure and admits that not only the corset is responsible, but that a queer little pad, sold in the shops for this purpose, is tucked under the corset to exaggerate the natural contours in front.

The latest Paris gowns, worn on the stage in the most recent plays or at the race meets, show that this new figure has gained a foothold in Paris. In one photograph of a tailored suit the curious width across the figure is accentuated by the pose. The costume is made of navy blue tulle material. The skirt has one seam, set shape, down the centre front. The fitting is done by long dart like pleats taken at the sides, both front and back, that do not extend to the hem, but stop a little below knee depth.

A small round hat with an extension of tulle has two long quills posed on the extreme brim edges.

Pleats, fullness and tucks accentuate

In front the skirt is caught up by two deep tucks that let out at the back to form drapery folds. NOVEL MANTLE STYLES.

New combinations are being launched in Paris in afternoon costumes that show a great deal of originality and skill in their peculiar adaptations to modern social life. For, with the return of the dress to afternoon fashion, new styles of outside garments are required. In this model the result has been achieved in a natural and artistic manner. The skirt and mantle are of the same material, the fashionable shade of grey chrysanthemum. Through the wrap is on the so-called butterfly order, reaching to just below the waist only, because of the shaping of the skirt drapery it looks like a long wrap, as the lower edge of the short mantle folds under with a puff instead of a hem.

"Despicable" was all that came from her lips; at which I shuddered and groped about for the handle of the door. But she would not let me go. Subduing with grand self-restraint the emotions which had hitherto swelled too high in her breast for either speech or action, she thrust out one arm to stay me and said in short, commanding tones: "How was this to be done? You say you took the money, yet it was James who was sent to collect it, or so my father says." Here she tore her looks from me and cast one glance at her father. What she saw I cannot say, but her manner changed, and henceforth she glanced his way as much as mine and with nearly as much emotion. "I am waiting to hear what you have to say," she exclaimed, laying her hand on the door, so as to leave me no opportunity for escape. I bowed and attempted an explanation. "Agatha," said I, "the commission was given to James, and he rode to Sutherlandtown to perform it, but it was on the day when he was accustomed to write to you, and he was not easy in his mind, for he feared he would miss sending you his usual letter."

And then I told the story you know so well—how I took the money and how, after Mr. Gilchrist had accused you of the theft, you found out my guilty secret and told me that you had taken my crime on yourself and how afterward my virtue was not equal to assuming the responsibility for my crime.

"John," she said—she was under violent restraint—"why do you come now?" I cast my eyes at Philemon. He was standing just as before, with his eyes turned away. There was discouragement in his attitude mixed with a certain grand patience. Seeing that he was better able to bear her loss than either James or myself, I said to her very low: "I thought you ought to know the truth before you gave your final word. I am late, but I would have been the most fearful enemy which had ever left the lips of mortal woman."

"To be continued."

A STEP FOWARD FOR WELSH BILL

Opposition Failed to Divide Measure Into Two Parts.

The Welsh Church Bill is now ready for the third reading, the preliminary stages having been completed on Monday and Tuesday. On the former day the House of Commons went into Committee on the money resolutions of the Bill. Mr. McKenna moving the resolution authorising the issue, out of the Consolidated Fund, of sums necessary for payment of principal and interest of money borrowed by the Welsh Commissioners under the powers conferred by the Bill.

In doing so he said there was not the smallest ground for the statement that public money would be used for the purpose of bringing the Bill into effect. At the beginning the Commissioners would not be able to meet the great claims made upon their revenues, and it was proposed that the Treasury should guarantee any loan which they might have to raise. In the event of there being no commutation, the loan could not exceed more than a few thousand pounds.

On the other hand, if there was commutation, they might have to borrow a very large sum, in order to pay out the life interests. As the life interests fell in, the revenues would, of course, increase, and in a few years the Commissioners would be able not only to pay out of them the cost of their office, but to repay any loans they might have raised.

Two Million Loan If commutation were accepted the Welsh Commissioners would have to borrow a sum exceeding £2,000,000, and unless they could do so with a Treasury guarantee they could not hope to offer to the disestablished Church anything like as good commutation terms. These resolutions Mr. Cripps described as mean and petty, but Mr. Booth replied with the opinion that the Government's cumulative scheme was a good business transaction, the terms being much better than those given in the case of the Irish Church.

When the allotted three hours for the discussion had been filled, the guillotine fell, and, after a division, it was decided by a Government majority of 111, that the resolution be reported to the House.

When on Tuesday, the Committee's resolution came before the House, a division was challenged, but the resolution as reported was agreed to by 313 to 98—a Government majority of 215.

On the motion that the House go into Committee on the Bill, Mr. Hume Williams moved that the Committee have power to divide the Bill into two Bills, one dealing with the disestablishment and the other with the disendowment of the Church in Wales.

His object, he said, was to give the House an opportunity of registering separate opinions upon two questions which were equally distinct. Mr. Hoare seconded.

Mr. McKenna said that no practical good could result from the acceptance of the motion. The only result would be that two divisions would be necessary instead of one.

On a division the instruction was negatived by 306 to 199—majority 107.

The King's Interests Mr. McKenna announced that he had received a message from the King stating that his Majesty had been pleased to place at the disposal of Parliament for the purposes of the Bill his interests in the bishoprics and other ecclesiastical dignities and benefices in Wales and Monmouthshire.
