Can You Solve the Lucky Star Puzzle? Contest Closes August 12th, 1919, at 12 noon.

It can be done, try your luck with the Lucky Star Puzzle. This contest is open to all—everyone may enter. Only one solution accepted from any one person.

DIRECTIONS—Use any number from one to twelve inclusive. Place a number in each star, in such a manner that when added in any direction the total will be 24.

Use no numbers more than once. It can be done using nine numbers, without using any number twice. Answers can be worked out on this, or on a separate sheet of paper, or on any other material desired. Mail or bring answers. Be sure letters are properly stamped with the proper amount of postage. Only one solution accepted from any individual or family.

INSTRUCTIONS—The First and Second Prizes will be awarded to the nearest correct solutions. Workmanship, neatness as well as the correct solution, will be important factors in deciding the final winners. There is one Piano Free, one Talking Machine Free, and these to the best, neatest, correct solutions. All answers are final. No one can withdraw an answer or substitute an answer. Employees of this store and members of their families are not allowed to enter this contest.

AWARDS—The First Prize is a Brand-New Piano. The Second Prize is a Brand-New Phonograph, the Third Prize is a Valuable Purchasing Voucher, the Fourth Prize is a Valuable Purchasing Voucher. Take your time in making out your answer. Gather the family round, let them all work on it, let them have an equal interest in the Piano or Phonograph should you win it. Someone will win a fine Piano for a few moment's work. Someone will win a beautiful Talking Machine. Some will get valuable Vouchers. It should be you. Try hard. There is luck in the lucky star for someone. The decision of the judges in this matter shall be final.

WHY WE DO THIS!—The scarcity of salesmen and the enormous salaries demanded by these obtainable have compelled us to find another method of disposing of pianos and Talking Machines. This is purely and simply an advertising proposition. We want to get the name of the Amherst Pianos and the Gramophone Talking Machines before every family in the Maritime Provinces.

We intend to send every person who enters this competition a Catalogue of Amherst Pianos and Phonographs.

THIS CONTEST IS FOR FAMILIES WHO DO NOT OWN PIANOS—We want this Piano to go to some family who does not own a Piano now. Should the person entering the best solution own a piano; the solution will not be considered in the awards.

THIS IS A PIANO ADVERTISING CONTEST—Therefore if you own a piano do not enter this competition. This contest is open to all persons and families who do not own Pianos. Send in your solution early. Gather the family around, let them all try. Let them all have an equal interest in the Piano if you win; Use your head; a little time and a little careful attention to detail will win a magnificent Piano for someone—it should be you.

\$5,000 In addition to above Prizes, we will issue \$5000 in Purchasing Orders—Acceptable on Pianos, and Phonographs according to conditions.

MITCHELL LEWIS IN "CODE OF THE YUKON"
Mitchell Lewis, the only male star of Select Pictures Corporation, will appear in his first picture of that company's at the Happy Hour theatre Wednesday. It is entitled "Code of the Yukon" and is one of those "tuff" Alaskan stories that "tuff" men with strong interest from begin-

ning to end. Mr. Lewis will be remembered for his masterly characterization of "Poleon Dorot" in the picture "The Barriery." It is said that in "Code of the Yukon" he has a role of a different quality, quite similar to his first great part. At any rate, suffice it to say that the part of Jean Dubois, the miner, he creates a character distinctly re-

man and one which touches the heart string time and again.
That the picture was written by Anthony Paul Kelly is yet further proof that it promises something extraordinary to patrons. Mr. Kelly started in writing photoplays many years ago when he was in his late teens—and not so late either. Today he ranks at the very top of his art.

His work has gained for him such a reputation that he is constantly sought after by a variety of producing companies. And inasmuch as he is also author of "Three Faces East," one of the few successful war plays of this season, it can be seen that he is a man of no average ac-

of the trials of Jean Dubois, whose mine is stolen from him by a crooked gang. How he retrieves it and when seeking revenge for his sister who has been wronged, suddenly learns that there is a higher power than mere man's, makes an interesting entertainment. Tom Santoski as the villain is particularly good.

Canadian Record Broken at Chatham

The sensation of the first day's meeting at Chatham on Wednesday was the breaking of the stallion trotting record of the Dominion by The Exposer (196), owned by H. C. Jewett, of Fredericton. In the first heat of the 2:15 trot and pace class, the Exposer trotted a mile in 2:10 flat, coming within a half a second of the pacing record for the track and lowering the stallion trotting record in Canada.
The track was fast and all the classes were marked by fast time; there being some surprises. The Exposer won the 2:16 class in straight heats with the Montreal mare, Lady Gratton second. In the 2:14 class Roy Volo, owned by W. B. Lint, of Fredericton, won after five heats while in the 2:24 class Touz, owned by W. G. Fenwick, Bathurst, captured first money, with Singer, owned by Michaud and Faulkner, of Montreal, second. Fern Hal, the Montreal mare, purchased during the Moncton meet, July 1st, by Dr. D. H. McAllister, of Sussex, won the free-for-all in a four-heat event. John A. Hal, owned by W. G. Fenwick, of Bathurst, captured the first heat in 2:12-4, but the next three heats went to Fern Hal, the best time being 2:11-4. Badlight, the Moncton, free-for-all, got third money, while Peter Farren, the St. John horse, had to be content with fourth place.
In the 2:20 class every heat was a horse race and it took five to name the winner, which was Victoria, owned by Dr. D. H. McAllister, of Sussex. Roy Miller, owned by B. E. Reardon, of Moncton, captured second money and Alice Hal, the Fredericton mare, was third. The best time in this class was 2:15-2 made by Alice Hal.
The second day's racing was marked by the largest attendance ever seen on the Chatham track. The attendance on the opening day was also large.
The starter in the two day's events was H. H. Lee, of Maine.

Special Session Town Council

The Town Council met in special session, 7th inst. Mayor Doyle in the chair. Aldermen present; W. L. Durick, T. J. Jeffrey, A. H. MacKay, C. E. Fish, A. J. Ritchie, and Chas. Sargeant. Absent—Ald. R. W. Crocker and P. Russell.
A letter was read from Busy East Press Ltd., asking for a grant of at least \$150 towards paying expenses of photos and cuts of the town to be used in a special Newcastle issue of Busy East—and to be the property of the town after being used.
Ald. Fish said that a cut in taxes would be of more use than photographic cuts of the town. He was not in favor of expending money for advertising the town.
On motion of Ald. Durick and Sargeant, the letter was placed on file.
A letter from Gerald Foley asked for re-adjustment of taxation on the Hotel Miramichi. The hotel was now assessed at \$20,000 which made the taxes \$680 per year—fifteen per cent of the total income, while Hotel Touraine at Chatham is assessed at \$15,000 and taxed \$150, thus giving it an advantage over the Miramichi Hotel. The hotel also pays about \$1,000 a year to the town in light and water rates.
A letter from John Fenelan objected to his assessment on dwelling and very small farm of \$1,200 and on an income of \$300. He claimed his income should be exempt and his property assessed at \$750.
A letter from Isaac Mitchell objected to assessment of \$1,800 on house he had lately bought from Wm. Traer.
All these petitions were received and referred to Petitions Committee.
The following petition was read: "We, the undersigned, request the Town Council to repeal By-law No. 9 requiring a license to be paid for dances. This law practically makes the expense of giving a subscription dance prohibitive."
The petition was signed by 32 persons.
Ald. Fish moved, seconded by Ald. Jeffrey, that Wesley Macdonald be hired as night policeman by the month.
Ald. Durick and Sargeant moved that ex-policeman John J. Galloway be night policeman.
Ald. MacKay pointed out that all officers must be elected by ballot. He moved, seconded by Ald. Fish, that a ballot be taken on names for night policeman.
Carried by following votes:
Yea—Ald. Fish, Jeffrey, MacKay, and Ritchie.
Nay—Ald. Durick and Sargeant.
The ballot resulted as follows:
For Wesley Macdonald—4.
For J. J. Galloway—2.
Both candidates are returned soldiers.
Ald. Sargeant suggested that the Chief of Police advise the new policeman as to his duties.
Ald. Fish concurred in the suggestion and promised that the Police Committee would attend to the matter.
Adjourned.

WEDDINGS

CHALLIS—FLETT
In All Saints pro cathedral Wednesday afternoon, July 2nd, at five o'clock the marriage of Marguerite Flett, daughter of Mr and Mrs. L. W. Flett of Millerton, New Brunswick, and the Rev. W. G. Challis of Dodsland, Saskatchewan, was quietly solemnized, the Rev. E. Pierce Goulding officiating.
The bride who was unattended wore a navy suit with pale pink georgette crepe blouse and hat to match. She carried a bouquet of Ophelia roses.
After the ceremony the wedding party returned to the Macdonald where the wedding dinner was served.
The bride was formerly a member of the teaching staff of the Moose Jaw schools. She has two sisters in Edmonton, Miss Helena and Miss Lillian Flett of the public school staff. An other sister Miss Ursula Flett of the Leithbridge school staff, attended the wedding also.
Mr. and Mrs. Challis are leaving for their home in Dodsland, Saskatchewan—Edmonton Journal.

Public Holiday On July 19th

Ottawa, July 9.—Saturday, July 19, has been officially fixed as a public holiday for the celebration of peace. The date coincides with peace day throughout the Empire.

Germany Ratifies Peace Treaty

Weimar, July 9, via Cologne by the Associated Press.—The resolution ratifying the peace treaty was adopted by the German National Assembly today.

The text of the ratification resolution as presented to the National Assembly is contained in the following: "The peace treaty between Germany and the Allied and Associated Powers, signed on June 28th, 1919, and the protocol thereto as well as the agreement relative to the occupation of the Rhineland, signed the same day, are agreed.

"This law comes into force on the day of its promulgation."

\$350 Offered for Capture

Three hundred and fifty dollars in all is now offered for the capture of a Russian, five feet eight inches in height, weight approximately 150 pounds, square shoulder, dark complexion speaking broken English and with the thumb missing from one hand, who the police allege is responsible for the death of Mrs. Albert Vergo of Halifax, who was thrown from a carriage near Bedford with which an automobile driven by the Russian is believed to have collided near Bedford last week and who subsequently died from the injuries sustained. The reward is made as follows: \$200, Halifax, Tuesday and Wednesday, and \$150, Victoria, Monday of Victoria and Nova Scotia Motor League.

The driver of the car did not stop after the accident and returning to the city is alleged to have changed the machine over to the owner from whom he had borrowed it and then to have left for parts unknown.

Notice to Ex-Members of Imperial Forces

War Service Badges, Class "A" or Class "B" issued to members of the C. E. F. are now issued to those members of the Imperial Forces who were demobilized in Canada on August 4th, 1914 and served in the Imperial Forces in the European war, and have since returned to take up their residence in Canada.

Owing to change of policy these badges will now be issued by District Record Officer and not by the Officer Paying Imperial Pensions, Ottawa, as previously stated.

Ex-Members of the Imperial Forces eligible for the award of the above mentioned badges will apply for the badge to which they are entitled, to the District Officer of the Military District in which they reside.

Early Cabinet Changes

Both the Journal and Citizen state that Hon. F. B. Carroll is to quit the cabinet within a fortnight. The Journal intimates that the Minister of Commerce returning to the Liberal fold. Mr. Carroll declines to discuss the matter, contenting himself with a denial of the report that he is to become chairman of the Dominion Court of Commerce. It is significant, however, that he does not deny the reports about his retirement, and, in inner political circles here, his resignation is confidently expected.

Early retirement of Sir Thomas White, Minister of Finance, from the Dominion government is reported on reliable authority. Strong pressure is being exerted on Sir Thomas to remain in the cabinet until the financial situation has reached a more satisfactory basis, but it is said that he has definitely announced his decision to retire. Sir Thomas White has been Finance Minister since 1911, and was regarded as the logical successor of Sir Robert Borden for the leadership of the Unionist party.

Major General G. Watkin, chief of the general staff, is shortly returning to the Imperial forces in England. He is to be succeeded by Brigadier-General Elmley, who commanded the Canadian forces in Siberia.

Correcting Foolish Notions

Professor Stannard, head of the Political Science department of the University of Saskatchewan, spoke the truth when, addressing the Retail Merchants of that province recently he said: "It has been almost the policy of Canada to look upon the thrifty man as mean and narrow in his outlook upon life. We have admired the land speculator and the man who made and spent money, but the war has tended to change this."

The War Savings campaign with its War Savings and Thrift Stamps is following up the opportunity created by the war. It is giving the people the correct perspective. It is bringing home to them the foolishness of waste. It is teaching them to invest wisely. Moreover, the campaign is making it easy for the people to save, because it enables them to purchase War Savings Stamps, which are the soundest possible investment and which pay well.

Holmes vs. Holmes Divorce Case

The Divorce Court has completed its hearing in the suit of Holmes vs. Holmes.

Dr. W. B. Wallace, K. C. and Hon. Robert Murray, K. C., appeared for the plaintiff, Ralph Sherman Holmes of Dooktown. The action was based upon the fact which was proven by evidence this morning that the defendant wife gave birth to a child January 20th last during the absence of her husband overseas. He returning March 2nd, the defendant swore that Rev. Sterling W. Stackhouse of Lewisville Westmorland County, who had been Baptist clergyman at Dooktown, was father of the child.

Rev. Mr. Stackhouse who was named as co-respondent in the case, is reported to be at present in a sanitarium in Massachusetts. He has stated to his friends that he is prepared to return to New Brunswick to face any charge brought by the Baptist denomination pending proof of his innocence.

The Witnesses

The witnesses heard this morning were Hon. Robert Murray K. C., Mrs. Mercy Holmes mother of the plaintiff R. W. L. Tibbits (ex Provincial Secretary), Jessie Robinson, Dr. John Wier, Margaret Brown, the plaintiff and Thomas Parker Justice of the peace, all of Dooktown. Judge Crockett announced that he will give judgment before the close of the sitting.

Selling and Telling

Ames, Holden, McCreedy use Newspapers to Reach the Millions of Canada

The old days of barter where a man would exchange an article of wearing apparel for something to eat, or vice versa, have been replaced by the wonderful system of modern commerce where money is the medium of exchange.

Likewise the selling methods that attended the bartering of articles have been replaced by the modern system of advertising. In former days it was necessary for the maker and buyer to meet. Nowadays this is done through the retail stores, and the wise manufacturer is the one that realizes the power of his contact with the user of his goods, and who remembers that the burden of selling is upon the retailer.

Appreciating this powerful factor of modern business, the firm of Ames, Holden, McCreedy, Limited who are Canada's largest shoe manufacturers, have, during the past two years, sent a direct message to millions of people in Canada through newspapers, magazines, farm publications, etc. This method of advertising embraces over 230 publications.

The surprising thing to advertising men and advertisers who make use of the daily newspapers, is that there should exist some firm to-day who will not realize the power of newspaper advertising. It is so very logical that if you have an article to sell, you must convey this fact to the party who has the power to buy it. It is incredible that many manufacturers to-day will spend all their energies in making the article and then sit down and let it sell itself. Selling is inevitably linked up with telling.

As far as Ames, Holden, McCreedy advertising is concerned, it is unique in the fact that it does not attempt to stampede the reader into demanding the A. H. M. Brand. Each advertisement contains valuable pointers regarding the purchase of footwear, rules to follow and pitfalls to avoid. The public is naturally becoming convinced that the safest method is to buy shoes bearing the A. H. M. Brand, which is shown in every advertisement. To-day, over 5000 shoe dealers are featuring this brand, and seven conveniently located branch warehouses are supplying their wants.

Moreover, Messrs. Ames, Holden McCreedy have published, for free distribution, a most sensible and interesting booklet entitled "How to Buy Shoes." This booklet, which contains much valuable information for the guidance of the shoe-purchasing public, is not in any way technical, but is a plain, common sense statement of fact. It runs to thirty-one pages, but from cover to cover there is no request to buy Ames, Holden, McCreedy shoes. That is left to the judgment of the reader.

This booklet is attractively printed and easy to read, and includes illustrations of some popular styles. It is being sent free of charge to those requesting it from the head office of the company at Montreal.

Austria and Hungary at High Tension

Paris, July 10—High tension between the Austrian and Hungarian governments is indicated in despatches received here today from Vienna and Budapest. The Austrian Foreign Minister, Dr. Otto Bauer has demanded the recall from Vienna of the Hungarian Minister, Czobor.

Bela Kun, head of the Hungarian Soviet government, in return, has demanded that the campaign against the Hungarian legation at Vienna be stopped.

The despatches report that supporters of Bela Kun are entering Austrian territory.

No Canadians in Celebration in London

London, July 9—Some disappointment is expressed that no Canadian troops are apparently to figure in the great peace celebrations here July 19. The Allies invited include three thousand Americans, also French, Italians, Belgians, Japanese and even Chinese. The Canadian official explanation to The Star's representative is that no Canadian unit is available for show.

Approximately 28,000 Canadian troops are now overseas, including 1,400 reconstructing Canadian canteen in France, 5,000 hospital patients several thousand on hospital stores, and administrative staffs, 51,000 returned to Canada in June. The program for July estimates return of all available men and dependents, a total of 35,000. Only the essential staffs and hospital patients will remain after July 31.

Want Blockade Raised

Paris, July 10—The official text of the German National Assembly's repudiation of the peace treaty will arrive shortly, by a special courier from Weimar. Baron Kurt von Lersner, head of the German peace mission, announced today in a talk to Premier Clemenceau, President of the Peace Conference.

Baron von Lersner asked that the blockade against Germany be raised, and that prisoners of war be liberated as soon as possible.

Warship Renown to Bring Prince

London, July 10—(Reuter's)—Reuter's learns that the warship Renown escorted by two cruisers, will probably take the Prince of Wales to Canada.

Those who will attend the Prince of Wales on his visit to Canada will be his private secretary Sir Godfrey Thomas; equerries, Captains Lord Claud Hamilton and Hon. P. W. Leigh. These are members of the Prince's household.

The following special appointments for the tour are approved by the King: Chief of Staff, Rear-Admiral Sir Lionel Halsey; Naval Aide; Commander Dudley North; military secretary Colonel E. W. Grim.

Watering Farm Horses

Walter Moore, a well known writer, says:—"It is a common thing for farmers to work horses in the hayfield from morning to night, watering them only at noon. This is done even on days of excessive heat. The driver usually has two or more refreshing drinks in the middle of the morning, and again in the afternoon; but the horses, who are equally as thirsty, go without. This want of water is not only distressing, but it causes the horses to drink to excess at noon and again at night, which often results in colic, and always tends to produce a distended stomach, or what farmers call a 'hay belly.' Farmers who would treat their horses humanely should take water into the field for them in hot weather.

COPENHAGEN CHEWING TOBACCO

Copenhagen is used differently from ordinary chewing tobacco. Take a small pinch, for a quart, and put it between the lower lip and gum, in the centre. Afterwards you can increase the size of the pinch to suit the strength of the chewer you desire. Copenhagen is strong because the tobacco of which it is made is not like the usually concentrated plug but like one of the finest quality, being made of the best, the light, high-flavored tobacco.

Scientifically prepared. **COPENHAGEN SNUFF** Pleasing flavor.

American Travellers Want Private Ownership

The Traffic Club of New York, with a membership of eleven hundred, of which the majority consists of users of the transportation systems of the country, has adopted the following resolution:

That Government ownership, management or operation of railroads is not conducive to economic efficiency, and that private initiative, enterprise and responsibility in the creation, extension, improvement and operation of the American railroads should as a matter of national policy be fostered and preserved.

That the extension of the present system of Federal control for a period of five years, or any extension beyond the limitation now prescribed by law of one year and nine months after the proclamation of peace, is earnestly opposed as prejudicial to the public interest.

That the recognized ineffectiveness of continuing the Government operation of the railroads for twenty-one months after peace under the present law is a conclusive reason why the proposition should be relinquished, and that in view of the termination of hostilities, it should be the policy of the Railroad Administration to restore the integrity of individual property and prepare for their return to the respective owners.

That the principle of reasonable, responsible and adequate Governmental regulation of transportation facilities is recognized and accepted; but that such regulation should provide for the encouragement, protection and development of the railroads.

That the Congress should promptly enact such revised legislation as will provide a uniform system of regulation in essential matters, safeguard the public interest, ensure adequate revenues to provide for equitable treatment of all questions affecting wages and working conditions of employees and attract sufficient capital to maintain and develop transportation facilities which shall meet the necessities of the commercial manufacturing and agricultural interests of the country.

That energetic efforts should be exerted to accomplish the early return of the transportation systems of the country to the control and management of their owners, and the enactment of suitable legislation for the protection of the shipping and traveling public, the carriers and their employees.

For Your Convenience

THE saving of the extra steps and extra motions has been shown to be a big thing in the business world. Efficiency engineers at fancy salaries have been hired to study the most convenient ways of getting work done. The biggest industries have proved that convenience pays, and it is the same in the household.

EDDY'S MATCHES & Indurated Fibreware

enable the housewife to save many extra steps and extra motions which may be unnoticed at the time, but which require time and energy just the same.

Eddy's Washtubs and Pails are easier to lift, easier to move, and keep the water hot longer. Eddy's Matches are safe, reliable and non-poisonous. They have been standard in Canada since 1851.

Small things? Perhaps. But your end-of-the-day fatigue is the product of many such small things. And that is a big thing.

SINKING THE GERMAN FLEET

A great surprise was sprung upon the world and upon the British Admiralty and nation in particular, when the German officers and crews in charge of the German warships interned at Scapa Flow, on the order of their Admiral, scuttled their vessels and sent them to the bottom. As they had no means of blowing them up they opened the sea-cocks and then took to the boats. The ships sank gradually, and this gave the British an opportunity to beach a number of them. Only one vessel—the Baden—was left afloat. The crews of the German ships were rounded up, one of the boats being fired upon with fatal results before the crew surrendered. It is said that the German Admiral Von Reuter will be court-martialed for this breach of Armistice. The trick was characteristically German, and its further revelation of the perfidy and treachery of the Hun. It certainly will not help to make the terms of peace easier for Germany, but will serve as a warning to the Allies to keep their eyes more closely upon the unscrupulous enemy until all their demands have been met. At the same time, the German crews have unwittingly done the Allies a good service in sinking these ships, as the disposal of the German fleet was one of the questions upon which agreement had not been reached at the Peace Conference. One of the proposals which met with considerable favor, was to send it to the bottom of the sea. The vessels, most of them at least—were out of date and worthless as fighting machines. By sinking them the Germans have disposed of a troublesome question and have facilitated the work of the conference. If they would now tie a stone about their Kaiser's neck and send him after their sunken vessels they would still further clear the way to a final and a permanent peace.

Summer Complaints Kill Little Ones

At the first sign of illness during the hot weather give the little ones Baby's Own Tablets or in a few hours he may be beyond aid. Those Tablets will prevent summer complaints if given occasionally to the well child and will promptly relieve those troubles if they come on suddenly. Baby's Own Tablets should always be kept in every home where there are young children. There is no other medicine as good and the mother has the guarantee of a government analyst that they are absolutely safe. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

The Rainbow Trail

Starring William Farnum, that portrayer of big, brave, masterful primitive men, "The Rainbow Trail," offered to you, as a William Fox Standard Picture, stands as one of the supreme achievements of screen-craft.

"The Rainbow Trail" is as big and overwhelming as the mountains and far-flung plains which form its setting. It is a story of the West, when the West was young and hard and relentless. It depicts the passions, the quick impulses and the vast forces which were merged in those men who hewed a civilization out of the Rocky Mountain wilderness.

The memory is yet fresh of that other Western picture, "Riders of the Purple Sage." "The Rainbow Trail" is a sequel to that famous story. Both "The Rainbow Trail" and "Riders of the Purple Sage" are dramatizations of novels written by Zane Grey, who is without a peer in his genius for reviving the early days of our great West. In book form "The Rainbow Trail" like its companion novel, "Riders of the Purple Sage," sold into the millions of copies all over the country, and did more than anything else to cement Zane Grey's fame as one of the foremost American writers. Realizing the immense screen possibilities in these novels William Fox purchased the picture rights to them.

In doing this he also had in mind the tremendous popularity of Zane Grey's works and the great assistance this prestige would be to exhibitors who showed these pictures. That this estimate was not wrong was amply proved by the success of "Riders of the Purple Sage."

The star of "The Rainbow Trail" could be nobody but William Farnum. More than any other actor playing before the camera, William Farnum has the ability for interpreting the roles of big, powerful men; who fight the long hard fight against the powerful forces of nature. Farnum has a positive genius for this type of acting; and his work in "The Rainbow Trail" is better than anything he has ever done.

A sequel to "Riders of the Purple Sage," "The Rainbow Trail" takes up the fortunes of Lassiter; years after they had been locked up in a lost canyon. Not only does Mr. Farnum portray the role of Lassiter; the two-gun man had terror of the Utah border; but he also takes the part of Sheriff, a two-fisted fighting man who goes to the rescue of these imprisoned people. This dual role gives Mr. Farnum some of the most splendid opportunities of his screen career; and he rises to his opportunities like the sterling actor that he is.

A feature of "The Rainbow Trail" is its magnificent scenic effects; in fact in "The Rainbow Trail" is shown the grandest scenery in the world. Two hundred miles of wind-worn rock, all smooth and bare, without a single straight line canyon, saves bridges. This is the Grand Canyon of Arizona where William Farnum and his company spent a week. Other scenes show the world, mysterious Delated Desert; others take the spectator into the forgotten civilization of the Aztec and dwellers Aztec, the pictures shift to that colorful, picturesque home of a doomed race the Navajo Reservation. The scenery of this production is liberal education in itself.

"The Rainbow Trail" was directed by that genius of the camera, Frank Lloyd, who also directed "Riders of the Purple Sage," and a number of other big William Farnum successes. The scenario was written by Mr. Lloyd and Charles Kenyon, who has several big screen plays to his credit. As in all other William Fox Standard Pictures, "The Rainbow Trail" has been erected and other large sets furnished.

DOAKTOWN

Auxiliary of St. Thomas' Presbyterian church gave a very excellent supper in the Orange Hall on Saturday the 5th. Home made candy, Ice Cream and fruit were sold, and the fancy work booth just at the entrance to the hall was a pretty sight. The Ladies of the society received many compliments for their very dainty fancy work of which they are justly proud. The sum of \$375.00 was realized which will help to pay the debt on the Manse.

Miss Florence Hinton who has been sewing in Derby and other places has returned home.

Miss Violet Russell who has been spending her vacation with her parents Mr. and Mrs. Ernest Russell, returned to her duties as stenographer in St. John on Tuesday.

Mr. "Bun" Wathen and bride were visitors to our town recently.

Misses Fowler and Minnie Pedolin of Newcastle, who have been visiting Mrs. Bella Freeze returned home on Friday.

Dr. Freeman MacDonald who has been in Boston doing surgical work during the winter, is spending a well earned vacation at his home in Blissfield. Dr. MacDonald motored to Boston on Monday, accompanied by Mrs. MacDonald, Messrs Charles and Arthur Smith, where he will perform some operations, after which he will spend the remainder of his vacation in Blissfield.

Mrs. Dr. MacDonald of Blissfield gave a most enjoyable reception in honor of Mrs. H. Russell Clary on June 1st. Those receiving invitations from Doaktown were: Mrs. Ellis Mersereau, Miss Rena Russell; Mrs. Wm. Bamford; Mrs. W. C. Cummings; Miss Bertie Ogilvie, Mrs. Frank Swim Mrs. James Swim, Mrs. William White, Mrs. John A. MacDonald and Misses Lillian and Ruby Price.

Mr. Robert S. Russell motored to Fredericton on Monday last to attend the circus there on Tuesday. He was accompanied by Misses Leola Snow, Ann Murray and Floss Hinton.

Those attending the Supper and Fancy Sale given by the Ladies of St. Thomas' Presbyterian church on Saturday were: Mr. and Mrs. T. Vye, Mrs. Jack McKay, Miss Vida McCloskey, Mr. Del McCloskey, Master Audrey McCloskey, Mrs. Wm. MacMillan, Miss Jean MacMillan and Dr. and Mrs. Ryan.

Our soldier boys are gradually getting home, among those who came last week were, John Amos, George

Minor, Will Russell, and Perley Mersereau.

Miss Essie Bamford who underwent an operation at the Victoria Hospital, Fredericton two weeks ago, is improving and we hope to see her back again soon.

Miss Mary Swim who has been attending Fredericton High School arrived home by Monday night express.

Greatest Rule of Health

And How it May be Carried Out With Dr. Chase's Kidney-Liver Pills.

You sometimes hear it said that the most important Rule of Health is "Daily movement of the Bowels." Constipation begins with the bowels but it does not end there. You must also consider the way it affects the liver, the kidneys, the digestive system, and in fact the whole human body.

Headaches, backaches, aching limbs, indigestion, biliousness, kidney derangements, appendicitis, and the most serious diseases imaginable often have their beginning with constipation of the bowels.

There is one treatment which has a direct and combined action on the bowels, the liver and the kidneys, and gets these organs into good working order in remarkably quick time, and that is Dr. Chase's Kidney-Liver Pills.

They afford relief quickly, but they do more than that. They positively cure constipation, and insure lasting regularity of the bowels by setting the liver right.

Mr. L. Lock, 39 Home street, Brockville, Ont., writes: "For many years I have been troubled with constipation and have tried a number of remedies, but without obtaining much benefit. About a year ago I started using Dr. Chase's Kidney-Liver Pills, and have found them to be the best medicine for constipation that I have ever used. I would strongly advise anyone troubled with this complaint to try the same remedy."

Listless, Peevish Girls

When a girl in her teens becomes peevish, listless and dull, when nothing seems to interest her and disinterest does not tempt her appetite, you may be certain that she needs more good blood than her system is provided with. Before long her pallid cheeks, frequent headaches, and breathlessness and heart palpitation will confirm that she is anemic. Many mothers as the result of their own girlhood experience can promptly detect the early signs of anaemia, and the wise mother does not wait for the trouble to develop further, but at once gives her daughter a course with Dr. Williams' Pink Pills, which renews the blood supply and banish an aemia before it has obtained a hold upon the system.

Out of their experience thousands of mothers know that anaemia is the sure road to wdsae illa. They know the difference that good red blood makes in the development of womanly health. Every headache, every gasp for breath that follows the slightest exertion by the anemic girl, every pain she suffers in her back and limbs are reproaches if you have not taken the best steps to give your weak girl new blood, and the only sure way to do so is through the use of Dr. Williams' Pink Pills.

New, rich red blood is infused into the system by every dose of these pills. From this new rich blood springs good health, an increased appetite, new energy, high spirits and

Always the Same

"Beaver" Flour is as uniform in quality as a minted five dollar gold piece. Its proportions are as accurately fixed, and as scientifically determined. The wheats used in milling "Beaver" Flour are analyzed—and the percentages of gluten, starch etc. are found by chemical tests.

We know—

from years and years of experience—just how much western spring wheat to add to the choicest Ontario winter wheat—to obtain the desired strength.

BEAVER FLOUR

Equally good for Bread and Pastry. Milled of Blended Wheat.

This is why "Beaver" Flour always gives good results—why it requires less shortening—why everything you make with it has a flavour that you cannot get with western spring wheat flour. Try "Beaver" Flour yourself for both Pastry and Bread—you'll find it equally good for either, and best for both. Remember, to insist on having "Beaver" Flour—the original blended wheat flour.

"Canada is par Golf," Says Champion Evans

Canadian golfers are hard to beat, but Canadian hospitality cannot be beaten. Declared Charles (Chick) Evans, Jr., amateur and champion golfer of the United States, after he had returned from the Hamilton and Scarborough Golf Clubs, Canada expects in those clubs had completed him to play his best and then both of the had made him a life member. Canada, says the royal and official game every month in the United States because the Japan surveyors "chick" Evans shall be no "winner" either.

This year will be the greatest in the history of Canada and the United States go far to international golf in comparison. One of Canada's best golfers will play against him at the Hamilton and Scarborough Golf Clubs, Ontario, on July 15th, and the United States, who was the champion of the United States Golf Club at St. Andrews-by-the-Sea in a 18-hole match, 5,500 yards in length, and there is also a 18-hole match at Agawamut Golf Club, N.S.

Champion Evans has a very high opinion of Canadian golf courses, and the Hamilton Golf and Country Club in particular. "This club," he says, "is one of the very best holes in North America. It is well laid out and is a thorough test of golf."

Moncton will Celebrate Peace Day

A tentative programme for the celebration of Peace Day in Moncton has been adopted by the City Council. In the morning there will be a parade in which all the societies and labor unions, with the G. W. V. A. at head, will be held, after which there will be addresses by clergymen and other prominent citizens. Baseball games, band concerts and fireworks will make up the afternoon and evening programme.

Marshal Joffre to be Honored

Paris, July 10—Marshal Joffre, it was announced today in the lobby of the Chamber of Deputies, will lead the troops during the first part of their triumphant march here Bastille Day, July 14, but on arriving at the presidential stand to salute President Poincare, he will leave the procession and will be invited to take his seat beside the President.

More than one hundred deputies, dissatisfied with the place given Marshal Joffre in the parade, introduced in the Chamber a resolution, which they signed inviting the government to give Marshal Joffre and commanders of armies and army corps under him, places in the victory parade merited by their eminent services in the battles of the Marne, which saved the country and civilization.

An official note was issued today saying: "The newspapers announce the government has not invited Marshal Joffre to participate in Monday's parade in the place which is due him. This news is false."

Grampian Hits Ice-Berg

Montreal July, 10—Advice from St. John's to the offices of the C.P.L.S. here states that the Grampian collided head-on with an iceberg last night and sustained damage five feet above the water line. The accident happened six miles northwest of the Cape Race.

Captain Chose to Hit the Ice Hill

The killed and injured were members of the crew who were asleep in the bow of the ship when she struck. Virtually all the passengers were awake, but, although there were more than 500 women and children aboard, there was little excitement and there was no panic.

That the Grampian did not suffer the fate of the Titanic, with considerable loss of life, is believed to have been the decision of the captain to strike the iceberg bow on, instead of taking a glancing blow on the side. The berg, which was very large, was encountered forty-five miles off Cape Race in the early evening, when it was too late to clear it, although the ship was proceeding slowly.

Wild Strawberries

Wild strawberries are found in nearly every part of Canada and cultivated varieties may be grown successfully in almost every section where the wild plants thrive. However, cultivated strawberries require attention in the Dominion Experimental Farms Bulletin No. 92, "The Strawberry and its Cultivation in Canada" obtainable from the Publications Branch of the Department of Agriculture, Ottawa, complete information is given regarding the preparation of soils, the plants and their treatment, cultivation and irrigation, and many other points useful to the strawberry grower. A section of this publication is devoted to methods of combating insects and diseases which attack the strawberry. Ripe strawberries in shipment and storage deteriorate from a number of causes, one of the most important of which is rot induced by various fungi. Perhaps the worst of these is the ordinary bread mould (Rhizopus nigricans). It breaks down the tissue, and liberates the juice which runs out of the basket while the softened fruit sags down. From this outstanding symptom the rot has been called "leak". This disease can be greatly reduced by care in picking, and selection, cleanliness in packing, and by keeping the temperature below 50 degrees F. while in storage.

Prince in St. John August 15th.

His Royal Highness the Prince of Wales, will arrive in St. John on Friday, August 15, and while in New Brunswick will be the guest of the province.

Word to this effect has been received by Premier Foster, but details of the arrangements for the prince's visit have not yet been settled. Sir Joseph Pope will arrive from Ottawa in a few days for the purpose of completing the arrangements.

On the arrival here, his royal highness will be officially welcomed by the mayor on behalf of the city and the premier on behalf of the province, but other matters in connection with the welcome which will be accorded him still are to be arranged.

There are a few of the older citizens to whose memories the coming event will recall the visit of the prince's grandfather, the late King Edward, when as Prince of Wales, he was in St. John in 1850. Fresh in the minds of the citizens is the visit of his father, the present king, who came to the city as the Duke of York in 1901.

Wilson Presents Peace Terms to Senate

Washington, July 10—President Wilson in presenting the peace treaty with Germany to the senate today declared that "a league of free nations had become a practical necessity," to which the framers of the treaty felt obliged to turn "as an indispensable instrumentality for the maintenance of the new order it has been their purpose to set up in the world."

The "most skeptical" of the peace conferees at Paris, the president said had turned more and more to the League of Nations as discussion progressed in seeking solution of the problems that arose in examining terms of the treaty itself.

"The fact that the covenant of the League of Nations was the first substantive part of the treaty to be worked out and agreed upon," the president said, "while all else was in solution, helped to make the formulation of the rest easier."

Mr. Wilson said the agreement on the covenant had given the conferees a feeling that their work was to be permanent and that the most practical among them "were at last the most ready to refer to the League of Nations the superintendence of all interests which did not admit of immediate determination of all administrative problems which were to require a continuing oversight."

Serious Situation at Sydney

Due to the closing down of the collieries at Sydney Mines a serious situation is reported to exist in that town. Hundreds of steel workers and miners marched to the city council chamber and a committee of the men laid their case before the councillors demanding that either positions or relief be given them immediately.

Wednesday afternoon, according to a report received here, the men held a great demonstration at which J. B. McLachlan, secretary-treasurer of the United Mine Workers was one of the principal speakers. The men were in an extremely determined mood, and threatened drastic action if the situation was not relieved immediately. Already telegrams have been sent to the prime minister and to Hon. Giddoon Robertson, minister of labor, informing them of conditions and demanding that the government take action as to re-open the mines and steel works as the latter are entirely closed down, only one mine in operation and that at half time, and three hundred machinists working only about two days a month.

The Sydney Mine workers are especially embittered against the Government Railways' action in placing large orders for coal in the United States and in districts worked by alien labor, claimed that it was a direct violation of election pledges and productive of serious unemployment. This feeling has also communicated itself to Glace Bay and indignant telegrams have been forwarded to Ottawa by officials of the U. M. W.

Slate for BEAUTY Asphalt for Protection

If you will write your name and address on the margin of this advertisement, tear the ad. out and mail it to us, we will send you, free of charge, miniature samples of the best shingles you can use for your home roof.

For Better Roofs

DURO 4 in 1 Asphalt Shingles make a beautiful roof. The crushed slate surface, Red or Green, is thoroughly satisfying to the most critical eye, and since the color cannot fade or wash out the satisfaction is permanent.

But even more important are these facts—one DURO 4 in 1 Asphalt Shingle takes the place of eight wooden shingles, and so saves labour and freight money. The asphalt base is perfect protection against weather and fire. And because DURO 4 in 1 Asphalt Shingles are so durable, the cost per year of service is very small.
