SEMI-WEEKLY

ADMINISTRATION OF OUR TIMBER

Minister of Interior Clearly Enunciates Policy of Department in Address in Winnipeg.

Winnipeg, Sept. 18.—Speaking for more than two hours last night to an audience that packed the big auditorium of the Young Liberal hall to such an extent that it was literally impossible for one more person to wedge his way into the room, the Hon. Frank Oliver answered the Conservative accusations of graft, and gave a straightforward and convincing statement of the position, policy and dealings of the Liberal party. Time and again the remark of the speaker aroused the audience to great enthusiasm, and the spell of his simple and frank exposition, was such that men clung to window ledges and jostled for a footing on the steps of the doorway until the speaker had finished. Mr. Oliver spoke almost entirely without reference to notes, and despite the length of his address, he remarkably clear, strong voice was as audible at the close as it was when he made his introductory remarks. Besides upholding the work of the Liberal party in general, Mr. Oliver defended in particular the work of his own department. Referring to the timber question, he said that the Liberal administration had fully explained the administration of timber limits. His handling of the Conservative limitright lecturer was especially interesting, and the audience arose in a storm of applause on the minister's declaration that despite the efforts of this lecturer, who with his camera had come to the West, in what had been going on under their noses these thirty years, the moving picture campaign had done nothing to show that there had been any improprieties in the timber administration of the present government. In conclusion Mr. Oliver referred to the thirty million acres of new land just acquired by the government as a gift by actual settlers. "The first to apply will be first served," he remarked, "and this is our one answer to the charge of land graft."

On the Platform. The platform from which Mr. Oliver spoke was occupied by a large number of well known Liberals, among whom were: D. C. Cameron, M.P., Cdn. and Ex. Secy. of the Manitoba Chamber of Commerce, J. B. Macdonald, Isaac Philbrick, E. C. Hamilton, W. G. Bell, Mr. Bowyer, J. P. Spiers, Ald. Eggerston, Dr. O'Donnell, S. J. Thompson, Mr. O'Connell, W. R. Robinson, Mr. Saunders, Mr. McPherson, T. H. Johnson, M.P., who filled the chair, declared in opening the meeting, that he had difficulty in resisting the temptation to make a lengthy address when he had the inspiration of the size and character of the audience before him. He apologized for the lack of foresight that neglected to provide an even larger auditorium. He felt perfectly safe in assuring Mr. Oliver that Winnipeg would give a good account of itself at the approaching election in assisting the government to reelection. That such an enormous crowd had come to hear this able lieutenant of Sir Wilfrid Laurier was proof that the government had the confidence of the people of Winnipeg.

Mr. Johnson thought that the people of Canada would agree that the resources of the land had much better remain in the hands of the present government than in those of certain persons who had appeared on the horizon as they had already had experience of their dealings with the landed assets of Manitoba. This reference brought applause and laughter.

MINERS SEEK AID OF LEMIEUX ACT

Union At Morinville Are Prosecuting Mine Owner For An Alleged Lock Out

At the Mounted Police barracks, on Monday morning before Inspector Worsley, George S. Montgomery, manager and part owner of the Alberta Coal Co. at Morinville, will appear on a charge of locking out about twenty miners on Sept. 6th.

The action was taken under the Industrial Disputes Act, better known as the Lemieux Act. The complaint in the case is George Harrison, and he is acting on behalf of the miners' union of Morinville. The penalty provided by the Industrial Disputes Act is a fine not less than \$100 and not exceeding \$1,000.

THE RAILWAY COMMISSION

It is Not Intention to Specifically Divide Work.

Ottawa, Sept. 17.—It is expected that the newly-appointed members of the railway commission, Mayor Scott, Hon. Thomas Greenway, and Prof. McLean, will at once assume their new duties and enter upon the work of the new board. The new commission is expected to perform functions in every way co-ordinate with those of the present members.

What is likely, however, is that cases will be divided up and if necessary a part of the board may sit in the east at the same time as the other part is in the west. Under the act, Mr. Scott's assistant commissioner will have the same functions as the chairman, Judge Maybee, and preside in his absence or when the commission is divided up in the hearing of cases. He will be censor to the present deputy chief, Hon. Mr. Berzler. There is no extra room in the present building, and it is understood to be the intention to at once add three stories. A new court room is needed for the present one is very much cramped.

IN SIX STATES PLACEMENTS

Will Not Take Place on the Regular Election Day.

Ottawa, Ont. Sept. 17.—There are six Dominion constituencies in which polling will not take place till after the general elections. These are Ontario, Saguenay and Gaspe in Quebec, Comox-Alta, Kootenay and Yale in British Columbia, and in the Yukon. The election in the Yukon will probably not occur before December, much time being required to post notices. Substantial headway has been made with the appointment of returning officers for the Eastern provinces, but little has been done in that direction in respect to Manitoba, Saskatchewan and Alberta, the lists being far from complete.

Anglicans To Unite Funds.

Ottawa, Sept. 17.—An effort will be made at the general synod of the Anglican church which opens in Ottawa Oct. 20 to unite the funds of the various dioceses of the church in Canada. An attempt will be made to unite the funds of a special committee, and it is said that there is a strong probability that all the dioceses will enter into common reciprocal arrangements.

Will Investigate English System

Ottawa, Sept. 17.—Ald. Foran, secretary of the civil service commission, who goes to England in charge of the Canadian Olympic team, will while there pay attention to the methods of the English civil service commission and report on the valuable points. He will be absent five or six weeks, and in the meantime the commission will be advised by a special committee, and it is said that there is a strong probability that all the dioceses will enter into common reciprocal arrangements.

Magog, Que., Sept. 17.—Magog is surrounded by bush fires on both north and south. The smoke forest is reported in flames. This is a very dense piece of woods and much damage is likely to occur. The smoke is very thick here.

LIBERAL HEADQUARTERS

The Liberal headquarters for the Edmonton constituency will be located in the John I. Mills' store on Jasper avenue, between the Bowyer and Henry block and the Ballestrer office. The store is today being converted in committee rooms. The rooms will be open from now until after the election on Monday, October 20th.

WHEAT NEVER AGAIN TO GO BELOW 90 CENTS

This is the Prediction of J. J. Hill, of the Great Northern—High Grade Wheat Will Never Be Worth Less—Scientific Farming the Hope of the United States.

Crowfoot, Minn., Sept. 17.—That 90c will be the lowest price for high-grade wheat in this country hereafter was predicted by President James J. Hill of the Great Northern railroad in a speech here today at the dedication of the state secondary high school for agricultural students. Mr. Hill donated the site on which the school is built and was the chief speaker at today's dedicatory exercises. In his speech Mr. Hill said: "I believe we have seen the last day in the history of this country when wheat will bring 90 cents, which it is worth at the present, and even more if the soil properly cultivated."

Speaking of the needs of agricultural education, Mr. Hill declared that the only way to increase the output of a farm to increase its output is no longer feasible.

RICH PITTSBURGERS HAVE A LAND SWINDLE

Attempt an Elaborate Hoax on Texas Railway Employees—Greatest Land Swindle in the West—Principals Arrested.

Pittsburg, Sept. 17.—Harold S. Bopp, whose father is H. P. Bopp, is one of the most prominent men and financiers of Pittsburg, being the first vice president of the Carnegie Steel Co., and whose fortune is estimated at eight to ten millions, was arrested here this evening with two other young men on a charge of swindling the police. The police declare that one of the greatest land swindles of recent years has been unearthed. The police also arrested Frank L. Steen, a son of Building Inspector Bopp, and a young man of quite elegant offices in a downtown office building, where they said they were general agents for the Union Central Construction Co., the Union Central Construction Co. of Texas, was alleged to be operated together. They advertised in addition the site for the town of Ironville, where they had a vast tract of land, and that they owned land along the right of way to the extent of eighty thousand acres in Texas, Louisiana, and they offered ten acres of land along the railroad to each workman employed by the railroad, who purchased one lot at Ironville at the price of one hundred and ninety dollars, with ten down and ten per month. It is alleged that there is no such town, no such land and no such railroad.

LIBERAL POLICY IS DEVELOPMENT

The Conservative Policy is Slender. Hon. Frank Oliver Speaks at West Selkirk.

West Selkirk, Man., Sept. 17.—A period of prolonged applause greeted Hon. Frank Oliver, minister of the interior, as he came forward to address the meeting here last night. He spoke as follows: "Mr. Chairman and gentlemen, the very flattering remarks with which I have been introduced to you this evening are, I must admit, most decidedly discouraging. I would not wish for a moment to question the sincerity of any friend, Mr. Chevrier, but must say he has held out to you promises which I don't feel able to fulfill. I have had the honor of appearing before several occasions within the last two or three years and quite appreciate that this present occasion, the occasion of the opening of the campaign which will decide the government of Canada for at least the next four years, is an occasion of importance and responsibility and one that I feel myself scarcely equal to. However, there is this in my favor, that I am on record on behalf of the government; which again secures your confidence however fully they may be present are, I am satisfied, sufficiently convincing. (Applause.)

DEEDS THE ESSENTIAL

"It is not words that win elections, but deeds, and the government which has been in power for 12 years need not come before the people on the occasion of another public approval, but the eloquence of my friend, Mr. Chevrier, or of the chairman, may be expected to prevail. (Applause.)

TRIBUTE TO HIS LEADER

"Our premier, and the leader of Liberalism in Canada today, as the apostle of the sunny side, has a principle of conciliation is embodied in him and no country ever needed the indication of the principles more greatly than did the Dominion of Canada when the Liberal premier took office in 1896. It has been the policy of the Liberal party to get Canadians to work together for the development of Canada, but there is more than that. There has to be first had to deal with the question of taxation, and it is on this question again that the Liberal party has been accused of not being true to Liberal principles and to have broken pledges made by their assuming office, of not having put into force the principles of taxation which they promised to the people of Canada at that time.

TRU TO ITS PRINCIPLES

"It is one of the charges that have been made against the Liberal party that it has not been true to its principles. It is my business tonight to point out to you in what way the Liberal party has been true to its principles, and that Liberal principles applied to the government of the Dominion of Canada led to the amount of success which has been achieved during the years of Liberal rule. (Applause.)

WE CANNOT HAVE SUCCESS WITHOUT

"We cannot have success without unity of effort, and it is one of the first principles of Liberalism, and especially, if I may say so, under the leadership of our present Premier, to bring about unity of action and sentiment among all classes and in all sections of our vast country. May I point out to you the conditions which prevailed in our country before the Liberal party took office in 1896. That was a time of stress and turmoil and I am not trespassing when I say that in those years there was more than the possibility, there was the probability, under the administration of our Conservative friends in pursuance of the policy and principles of the Conservative party, that instead of this shoulder to shoulder working for the development of their country they would have been lying at each other's throats. It was the mental attitude of the people of Canada in the last few years of Conservative regime that had as much to do with the stagnation of business throughout Canada as had any other consideration.

MADE ROUGH PLACES SMOOTH

"The first business of the Liberal government was to try to smooth out those differences of opinion which had led to such deplorable results. That was their first duty and that it was achieved successfully is amply proved by the fact that today we hear nothing of that question which agitated the public mind when the Liberal party came into power 12 years ago. It has been but a deep beneath Liberal principles from one end of the Dominion to the other, and instead of attacking each other as they before did, have been working in unity and upping themselves shoulder to shoulder for the advancement of the Dominion. It was because of this that we have achieved this success and not in any other way. (Applause.)

TRIBUTE TO HIS LEADER

"Our premier, and the leader of Liberalism in Canada today, as the apostle of the sunny side, has a principle of conciliation is embodied in him and no country ever needed the indication of the principles more greatly than did the Dominion of Canada when the Liberal premier took office in 1896. MANUFACTURERS HAVE THE REMEDY

Sir Wilfrid Talks Frankly at Annual Banquet Concerning Woolen Industry

Montreal, Que., Sept. 17.—At the Canadian Manufacturers' Association's annual banquet, which was held tonight, the Dominion premier, Sir Wilfrid Laurier, who was the principal speaker, made some interesting announcements. It was the mental attitude of the people of Canada in the last few years of Conservative regime that had as much to do with the stagnation of business throughout Canada as had any other consideration.

MADE ROUGH PLACES SMOOTH

"The first business of the Liberal government was to try to smooth out those differences of opinion which had led to such deplorable results. That was their first duty and that it was achieved successfully is amply proved by the fact that today we hear nothing of that question which agitated the public mind when the Liberal party came into power 12 years ago. WILL APPOINT COMMISSION

When the matter was brought before the government last in the month of July, Mr. Patterson, minister of customs, suggested that an expert commission should be sent abroad, and he had reason to believe that this expert was now in England doing the work. When he returned and reported to the government, the Premier said he would be very glad to communicate his findings to the Association, and if the Association then desired to have another commission, on which it would be represented, the government would be very glad to meet its wishes. The Premier then referred to the chairman's suggestion that a

SCOTCH AGRICULTURISTS HERE ON MONDAY

The members of the Scottish Agricultural Commission who are touring Canada, and expected in Edmonton Monday, shown in the above group, are as follows: (1) Mr. J. M. Hodges, Blairgowrie, Perthshire; (2) Mr. Wm. Bruce, Edinburgh and East of Scotland College of Agriculture, Edinburgh; (3) Mr. Geo. L. Aiken, Kirkcaldy, Fifeshire; (4) Mr. John McHutchison Dobbin, Campden, Dalkeith, Midlothian; (5) Mr. Ian A. Forsyth, Ballinacraig, Deiny, Perthshire; (6) Sir John R. G. Sinclair, Barrow House, Wick, Caithness; (7) Mr. Jas. Johnston, Altonay Cottage, Ayr; (8) Mr. E. E. Morrison, Bonnytown Strathiviel, Fife; (9) Principal Wright, F.R.S.E., the West of Scotland Agricultural College, Glasgow; (10) Mr. Harry Hope, Barrowhill, Dunbar; (11) Mr. Wm. Barber, Torrance, Morayshire; (12) Dr. Carlisle Martin, Dundee; (13) Dr. R. Shira Gibb, Boon, Lauderdale, Berwickshire; (14) Mr. A. M. Prain, Inchture, Perthshire; (15) Mr. James Dunlop, Hallhouse, Kilmarnock; (16) Mr. F. B. Greig, Marischal College, Aberdeen; (17) Mr. George A. Mr. M'Hutchison Dobbin, J.P.,... Justice of the Peace for Mid-Lothian;... Director of the Highland and Agri-... cultural Society; of the Scottish... Harbor of Agriculture, of the East... of Scotland Agricultural College;... of the Royal Dick Veterinary Col-... Edinburgh; and of the West... Linton Agricultural Society.

Mr. M'Hutchison Dobbin takes a lead-... ing part in the administration of... county affairs. He is chairman of the... Lasswade District of the Mid-Lothian... county council, and chairman of the... executive committee of the same body. He is also chairman of the Mid-Lothian... and Peeblesshire Lunatic Asylum.

Mr. Forsyth is secretary of the East... Ross Farmers' Club; also of the Easter... and Wester Ross Districts. He... by the end of the winter. This... will facilitate construction oper-... ing next year.

Mr. Forsyth is a member of the council... of the Ross-shire Clydesdale association. He is in command of the 4th... battalion Seaforth Highlanders. He... Sir John R. G. Sinclair, Bart., D.S.O.,... of the Distinguished Service Order; Justice of the Peace for... Caithnessshire; Deputy Lieutenant... for Caithnessshire; Vice-Lieutenant... Caithnessshire; and has directly... landed holdings of various sizes, ar-... able on his estate.

The members of the Scottish agri-... cultural commission now on a tour... of inspection of Canada will arrive... in Edmonton Monday from Calgary. The party has been through the pre-... vices of the east, Nova Scotia, New... Brunswick, Prince Edward Island, Quebec and Ontario, and from Wausage... went through to the Pacific coast. The commission while in Canada are... guests of the Dominion. In Ed-... monton they will be entertained by... the board of trade. From this city... they will proceed east over the C. N. R. to Winnipeg.

Members of Commission. The members of the commission, which consists of twenty-two practical farmers and others interested in agriculture, are:

J. M. Hodges, Member of the Perthshire County Council; chairman of the Eastern Licensing District; Fellow of the Royal Economic Society; member of the Departmental Committee appointed by the Board of Agriculture to enquire into and report on the Fruit Industry of Great Britain (1903); member of the Scottish Agricultural Commission to Denmark (1904), and to Ireland (1906); editor in conjunction with Dr. Carlisle Martin of the Reports, "Farming in Denmark," and "The Revival of Agriculture in Ireland."

William Bruce, B.Sc., Fellow of the Highland and Agricultural Society, Director of the Scottish Chamber of Agriculture.

Mr. Bruce is senior lecturer in agriculture of the Edinburgh and East of Scotland College of Agriculture. After some years spent in gaining a knowledge of practical farming he entered Edinburgh university, where he studied for six years, obtaining among other coveted honors, the Stevens scholarship (in agriculture and chemistry), the Yans Draper scholarship (\$1,500 in agriculture, chemistry, botany and veterinary science).

The Edinburgh and East of Scotland College of Agriculture was established by twelve county councils, the Edinburgh town council and the Scotch education department, to carry on agricultural education and research in a central institution, along with an extensive scheme of experiments and itinerant instruction for the benefit of the contributing counties—these embracing a district which stretches from Forthshire and Perthshire in the north through the Lothians to the borders. Mr. Bruce, in the control of this work, is in close touch with the farming of the most intensively cultivated part of Scotland.

In his official capacity Mr. Bruce is the author of a variety of bulletins on experimental work.

He was a member of the Scottish agricultural commission to Denmark (1904) and to Ireland (1906).

G. L. Aiken, Solicitor and Bank Agent, Kirkcaldy, Fifeshire. Mr. Aiken farms over 800 acres of arable land in Fifeshire. He is a member of the Scottish agricultural commission to Denmark in 1904 and to Ireland in 1906.

J. M. Hutchison Dobbin, J.P., Justice of the Peace for Mid-Lothian; Director of the Highland and Agricultural Society; of the Scottish Harbor of Agriculture, of the East of Scotland Agricultural College; of the Royal Dick Veterinary College, Edinburgh; and of the West Linton Agricultural Society.

Mr. M'Hutchison Dobbin is tenant farmer of Campden and Tothills in Midlothian, 550 acres. He also farms his own property of Deanfoot, 230 acres, in Peeblesshire. He is vice-president of the Dalkeith Agricultural Society, of which he was secretary for fifteen years.

Mr. M'Hutchison Dobbin takes a leading part in the administration of county affairs. He is chairman of the Lasswade District of the Mid-Lothian county council, and chairman of the executive committee of the same body. He is also chairman of the Mid-Lothian and Peeblesshire Lunatic Asylum.

Mr. M'Hutchison Dobbin is secretary of the East Ross Farmers' Club; also of the Easter and Wester Ross Districts. He is in command of the 4th battalion Seaforth Highlanders. He is Sir John R. G. Sinclair, Bart., D.S.O., of the Distinguished Service Order; Justice of the Peace for Caithnessshire; Deputy Lieutenant for Caithnessshire; Vice-Lieutenant for Caithnessshire; and has directly landed holdings of various sizes, arable on his estate.

Of most of the county boards and committees of Caithnessshire Sir John Sinclair has been a member since 1855.

He holds two Nova Scotia baronetries, 1631 and 1704.

James Johnston, J.P., Fellow of the St. Andrew's Institution; Justice of the Peace for Ayrshire; Governor of the West of Scotland Agricultural College; Vice-President of the Royal Scottish Arboricultural Society; Ayrshire Agricultural Correspondent to the Board of Agriculture and Fisheries; Vice-President of the Scottish Estate Factors' Society; Member of the Ayrshire County Council; and of the Ayr District Council; Member of Ayr and Maybole Parish Councils; Chairman of Muirkirk Parish Council and School Board; Member of the Alloway School Board; Governor of Ayr Educational Trust; Member of the Scottish Agricultural Commission to Ireland in 1906.

Mr. Johnston was resident agent on Lord and Lady Falmouth's Kentish estates, 1876-80, and on Lord Falmouth's Cornish estates, 1880-84; was land agent on the Leitham Grange and Fern estates (Forfarshire) of James Fletcher, Esq. of Rosehaugh, 1884-87; and has since been agent on the estates of William Baird, Esq., of Cambusnash, and J. A. Baird, Esq., of Muirkirk in Ayrshire and East Lothian, and for the estates of the late James Baird, Esq. of Auchmedden, in Kingsbarns.

Edward E. Morrison, M.A., Graduate of Arts of St. Andrew's University; Member of the University Court of St. Andrew's as Assessor from the General Council; Director of the Scottish Chamber of Agriculture; Fifeshire Agricultural Correspondent to the Board of Agriculture and Fisheries.

Mr. Morrison is tenant of the farms of Bonnytown and Balmonth, Fifeshire. The former is mainly a dairy farm with over 120 cows, a large number being Friesians or Guernseys. The milking machine is in successful use. As a safeguard against infectious disease, all employees and their families are visited once every week by a medical man. At Bonnytown a steading has recently been erected for dairy purposes. Balmonth is devoted chiefly to the grazing of cattle, horses, and sheep, a stock of breeding ewes being kept. The two farms comprise 650 acres.

Mr. Morrison was sometime a member in Merchiston Castle school, Edinburgh, and in Dalmeid High School, New Zealand.

R. Patrick Wright, F.R.S.E., Graduate in Arts of Glasgow University; Justice of the Peace for the Counties of Dumfriesshire and Kirkcaldy; Governor of the West of Scotland Agricultural College; Member of the Dumfriesshire County Council; Chairman of the Finance Committee; Chairman of Thornhill District Council; Vice-President of Dumfriesshire Agricultural Com- mittee; President of Dumfriesshire Liberal Association; Member of the

Extra-Parliamentary Panel under the Private Bill Procedure (Scottish Act, 1892). Mr. Barber farms his own lands of Torrance, and rents several hill farms, extending in all to about 5,000 acres. He holds the champion plait of the Dumfries, Thornhill and New Galloway societies for Cheviot sheep.

Mr. Wright is joint translator of Fleschmann's "Book of the Dairy," author of "Revision of Blackie's Agriculture," writer of numerous reports on agricultural and educational subjects; editor of "Standard Cyclopaedia of Agriculture and Rural Economy," (twelve vols.).

The West of Scotland Agricultural College (Glasgow) has a teaching staff of thirty-six, and a large experimental station near Kilmarnock, there is a dairy school giving complete instruction in the science and practice of dairying; also one for instruction in poultry work, in forestry and in horticulture.

Mr. Wright was a member of the Scottish agricultural commission to Denmark (1904) and to Ireland (1906).

Harry Hope, J. P., Justice of the Peace for Haddingtonshire; President, Scottish Chamber of Agriculture. Mr. Hope is tenant farmer of Oxwellmills, which, along with Broadmoor Home farm, comprises 420 acres arable and 292 acres grass land. The farms are on the Duke of Roxburgh's estate near Dunbar. The "red soil" in this district is well known for potato growing, and is rated as high as 90 shillings per imperial acre. The potatoes are the late variety for the London market, where, owing to their special qualities, they command a high price. A large breadth of the "red soil" is under potato culture, the high rents paid preventing other crops being grown at a commercial profit.

Mr. Hope contested the counties of Moay and Murray in the Conservative interest at the general election of 1906. He is a member of the Territorial Army association for Haddingtonshire.

Mr. Hope is also chairman of Dunbar (Lindward) school board; member of Dunbar parish council, and member of the county licensing court.

Dr. Carlisle Martin is editor of the "Dundee Advertiser," the principal Scottish newspaper of Liberal politics, and an important organ of agricultural affairs.

He travelled in the United States and Canada in 1903 on a mission of enquiry into the leading branches of commerce associated with land.

He was a member of the Scottish Agricultural Commission to Denmark (1904) and to Ireland (1906).

Mr. Prain has specialized in poultry keeping. Over 5,000 prizes, besides challenge trophies, have been won by his birds at leading shows. Many foreign poultry yards owe their success to his stock.

The poultry aspect of poultry keeping has also been studied by Mr. Prain, who was a delegate to both the national poultry conferences held at Glasgow.

A member of fifteen specialist poultry clubs and a recognized authority on all poultry matters, Mr. Prain has written and lectured extensively on the subject, and has acted as judge at all the leading shows throughout the country. Mr. Prain has also written much for the press on general agricultural subjects.

Dr. Shira Gibb, M.B., C.M., Graduate in Medicine at Aberdeen University; Justice of the Peace for Berwickshire; Director of the Highland and Agricultural Society and Vice-president in 1906; Governor of the Edinburgh and East of Scotland College of Agriculture.

Mr. Prain has been tenant farmer for thirty-six years of the farm of Boon, Laidlaw, County of Berwick. "It is a stock and arable farm

of nearly 1,500 acres. He is prominently known as an experimenter with corn, stock, crops and potatoes in connection with the Highland and Agricultural Society and the Board of Agriculture, and has been awarded medals, gold and silver, for such work. He is a Berwickshire correspondent to the Board of Agriculture and Fisheries.

He is also medical officer of health for the county of Berwick.

Dr. Shira Gibb owns a small estate at Gulls, in Aberdeenshire. He was a member of the Scottish agricultural commission to Ireland, 1906.

A. M. Prain, J.P., Justice of the Peace for Perthshire and member of the Licensing, Appeals and Veterinary Committees of the Perthshire County Council, of the County Road Board, Valuation Committee, and Local Authority. Member of the Scottish Agricultural Commission to Denmark, 1904, and to Ireland, 1906.

Mr. Prain has farmed on a large scale in the County of Forfar, and has also managed a large sheep farm in Western Perthshire. Mr. Prain has specialized in poultry keeping. Over 5,000 prizes, besides challenge trophies, have been won by his birds at leading shows. Many foreign poultry yards owe their success to his stock.

The poultry aspect of poultry keeping has also been studied by Mr. Prain, who was a delegate to both the national poultry conferences held at Glasgow.

Mr. Prain has been tenant farmer for thirty-six years of the farm of Boon, Laidlaw, County of Berwick. "It is a stock and arable farm

of nearly 1,500 acres. He is prominently known as an experimenter with corn, stock, crops and potatoes in connection with the Highland and Agricultural Society and the Board of Agriculture, and has been awarded medals, gold and silver, for such work. He is a Berwickshire correspondent to the Board of Agriculture and Fisheries.

He is also medical officer of health for the county of Berwick.

Dr. Shira Gibb owns a small estate at Gulls, in Aberdeenshire. He was a member of the Scottish agricultural commission to Ireland, 1906.

A. M. Prain, J.P., Justice of the Peace for Perthshire and member of the Licensing, Appeals and Veterinary Committees of the Perthshire County Council, of the County Road Board, Valuation Committee, and Local Authority. Member of the Scottish Agricultural Commission to Denmark, 1904, and to Ireland, 1906.

Mr. Prain has farmed on a large scale in the County of Forfar, and has also managed a large sheep farm in Western Perthshire. Mr. Prain has specialized in poultry keeping. Over 5,000 prizes, besides challenge trophies, have been won by his birds at leading shows. Many foreign poultry yards owe their success to his stock.

The poultry aspect of poultry keeping has also been studied by Mr. Prain, who was a delegate to both the national poultry conferences held at Glasgow.

He has been chairman of the school board, the parish council, and other offices in his district. He is extensively employed as an arborist in agricultural matters.

Alumnus of Edinburgh University; Justice of the Peace for Invernesshire. Mr. Mackintosh is land manager for the Congested Districts (Scotland Commission), with immediate charge of their large estates of Kilmuir and Glendale in Skye, and various settlements in the Highlands and Islands. On the Kilmuir estate there are in the hands of the commissioners several large farms, which are managed by Mr. Mackintosh, pending their partition into small holdings.

Formerly Mr. Mackintosh took part in the management of estates in Fifeshire, including the Earl of Crawford's estate of Belcarres, Sir Ralph Astlebury's estate of Haleskirk, and Sir Coutts Lindsay's estate of Leuchars. He was also manager for Lady Gordon Cathcart on her South Uist, Benbecula and Barra estates.

On other Highland estates in Mr. Mackintosh's charge were important folds of pedigree Aberdeen Angus and Highland cattle.

Mr. Mackintosh acquired experience of the legal side of estate management in the office of Messrs. Todd, Murray & Jamieson, W.S., Edinburgh.

Mr. Mackintosh has been a member of the Inverness Parish Council and of number parish councils and school boards.

John Spier, Director of the Highland and Agricultural Society; Director of the Scottish Chamber of Agriculture; Governor of the West of Scotland Agricultural College.

Mr. Spier holds the farm of Nowton, near Glasgow, consisting of 400 acres of highly rented land, devoted partly to ordinary farm crops, to crops of the market garden class and to the production of milk.

He is a strong advocate of the value of the periodic weighing and testing for fat of the milk of all cows, and supervises and summarises this work for the Highland and Agricultural Society.

In 1886 he was selected for an enquiry into the butter trade of Holland and Denmark.

In 1883 he was one of two farmers who were asked by the Canadian government to visit and report upon the country. He then spent three months between the Atlantic and the Pacific.

Mr. Spier was dairy commissioner to the Royal Commission on Agricultural Depression (1882-3), and farmer member of the Royal Commission on Tuberculosis (1886-7).

He is a regular contributor to the "Transactions of the Highland and Agricultural Society." He was a member of the Scottish Agricultural Commission to Denmark (1904) and to Ireland (1906). He has studied the agriculture of most European countries.

James Keith, Mr. Keith is tenant farmer of 600 acres in Aberdeenshire. He is also proprietor of 800 acres. Mr. Keith fields Irish bullocks and would like to feed Canadian. He would like to be a member of the Scottish agricultural commission to Denmark, 1904, and to Ireland, 1906.

W. Henderson, J.P., Justice of the Peace for Perthshire; Member of the Perthshire County Council and Chairman of several of its Committees, including that for administering the Diseases of Animals Act; Member of Executive Committee of Scottish Chamber of Agriculture.

Mr. Henderson farms land mostly arable, partly in owner and partly as occupier, and is a breeder of short-horn cattle.

He has taken a leading part in the movement for the free importation of Canadian cattle, knowing that a resumption of the trade would not only be of material benefit to both countries, but would tend to strengthen the relationship of Canada and Britain in a very special manner.

Mr. Henderson achieves Canadian cattle to be the healthiest in the world, and protests against their exclusion. He is a member of the executive committee of the "Free Importation of Canadian Cattle Association."

Mr. Henderson played as a member of the Scotch-Canadian curling team in the winter of 1902-3.

He was a member of the Scottish agricultural commission to Denmark, 1904, and to Ireland, 1906.

Inspector and Valuator for the Board of Agriculture and Fisheries; Inspector for the Local Government Board of Scotland; Land Valuator and Reporter for the Courts.

Mr. Spence is tenant of the farms of Dunninald Mains and Balkeillie in Forfarshire, and Johnston Mains in Kincardineshire, consisting in all of 800 acres; also the grazing of Garwick Hill.

He is both agent and manager of the home farm at Langley for Augustus W. Crickbank, Esq., of Langley Park.

Mr. Spence is one of the largest, if not the largest, of seed potato growers in the middle region of Scotland.

He is successive lake collector for the Montrose and Brechin districts.

For twenty-four years Mr. Spence has been a member of what is known as the Estabrook Black Watch, in which battalion he holds the rank of major and last year was presented with the officers' blue service medal.

He has been often pressed to enter the local public boards, but has always refused nomination on account of his other engagements.

Mr. Spence was a member of the Scottish agricultural commission to Denmark, 1904, and to Ireland, 1906.

BULLETIN CO., Ltd. DUNCAN MARSHALL, Manager.

FRIDAY, SEPTEMBER 18, 1908.

WANTED-FACTORIES.

The opening of the new packing plant is an event of more than usual importance in the history of the city and district.

But there ought to be a broader significance than these immediate and direct benefits. The new plant is the largest west of Winnipeg.

THE UNKNOWN "QUALITY."

Huntingdon Gleason: "Throughout the whole inquiry just concluded not a particle of evidence could be found in any way connect Mr. Stanfield with the offence."

DEAF TO WARNINGS.

The Opposition leaders were not without warnings that continued obstruction was likely to do them more harm than good.

THE MAN BEHIND.

The hat is being passed in Colchester, N. S., to raise money for Mr. Bayne's defence.

THE LAND FOR THE SETTLER.

During the first half of the present month one million acres of land in the three prairie provinces passed directly from the ownership of the Government into the possession of farmers.

DOUBLE-HEADED SEDITON.

Dr. Goldwin Smith, a veteran lecturer who has won distinction by successively supporting and opposing almost everything in the calendars of religious faith and public policy.

SCOURGE AT MANILLA.

Manilla, Sept. 18.—During the twenty-four hours ending at 8 o'clock this morning, twenty-five cases of cholera and six deaths have been reported.

MR. FOSTER'S SPONSOR.

If Mr. Borden now finds himself embarrassed by the possession of a lieutenant with whom he does not dare appear in public he has himself to blame.

EDMONTON BULLETIN

is like a one-legged stool, reliable enough while the forces counterbalance, but very liable to lose its equilibrium if struck by a trade depression.

So far as we can gather from the sleepy reports which the papers have been able to give us on at Ottawa during the last three days of last week, it was a fight for more readiness to bring down information.

Now an Opposition is certainly justified in demanding the fullest information. But the minister who was behind with his information explained that this Department was getting its ready as rapidly as it could, and that he would soon lay it on the table.

"There is, in my mind, considerable evidence to show it came out of several funds."

"One witness swore that Bayne said if he (Bayne) had been in Truro, he (Bayne) would have got him (the witness) some money."

"Another witness said that Bayne said there was some money for Five Islands. All showing, to my mind, that it was not Bayne's private funds but party money he was using."

ONTARIO'S DROUTH.

After congratulating the Toronto Fair on not having been ruined by rain, the Mail and Empire adds in a different tone:

"Unfortunately the weather that is most inviting to Exhibition crowds is not just now the best for the country. It is hoped that rain will soon fall over the greater part of the settled and productive area."

WHEN DOCTORS DISAGREE.

A few days ago the Toronto News told us that while the woollen industry of Ontario had been left to languish in the hot winds of competition, the cotton industry of Quebec had been nursed into lusty development by a sheltering clause in the tariff schedules.

Now the manager of one of the Montreal cotton mills declares before his brother manufacturers that unless the duty on cottons is increased these plants too will wither and die.

This is a distressing conflict of authority, which would be discouraging to Mr. Borden, back the News the cotton men will be incensed, and a cold shudder will creep along the spine of the protected phalanx.

During the first half of the present month one million acres of land in the three prairie provinces passed directly from the ownership of the Government into the possession of farmers.

DOUBLE-HEADED SEDITON.

Dr. Goldwin Smith, a veteran lecturer who has won distinction by successively supporting and opposing almost everything in the calendars of religious faith and public policy.

SCOURGE AT MANILLA.

Manilla, Sept. 18.—During the twenty-four hours ending at 8 o'clock this morning, twenty-five cases of cholera and six deaths have been reported.

MR. FOSTER'S SPONSOR.

If Mr. Borden now finds himself embarrassed by the possession of a lieutenant with whom he does not dare appear in public he has himself to blame.

EDMONTON BULLETIN

is like a one-legged stool, reliable enough while the forces counterbalance, but very liable to lose its equilibrium if struck by a trade depression.

So far as we can gather from the sleepy reports which the papers have been able to give us on at Ottawa during the last three days of last week, it was a fight for more readiness to bring down information.

Now an Opposition is certainly justified in demanding the fullest information. But the minister who was behind with his information explained that this Department was getting its ready as rapidly as it could, and that he would soon lay it on the table.

"There is, in my mind, considerable evidence to show it came out of several funds."

"One witness swore that Bayne said if he (Bayne) had been in Truro, he (Bayne) would have got him (the witness) some money."

"Another witness said that Bayne said there was some money for Five Islands. All showing, to my mind, that it was not Bayne's private funds but party money he was using."

ONTARIO'S DROUTH.

After congratulating the Toronto Fair on not having been ruined by rain, the Mail and Empire adds in a different tone:

"Unfortunately the weather that is most inviting to Exhibition crowds is not just now the best for the country. It is hoped that rain will soon fall over the greater part of the settled and productive area."

WHEN DOCTORS DISAGREE.

A few days ago the Toronto News told us that while the woollen industry of Ontario had been left to languish in the hot winds of competition, the cotton industry of Quebec had been nursed into lusty development by a sheltering clause in the tariff schedules.

Now the manager of one of the Montreal cotton mills declares before his brother manufacturers that unless the duty on cottons is increased these plants too will wither and die.

This is a distressing conflict of authority, which would be discouraging to Mr. Borden, back the News the cotton men will be incensed, and a cold shudder will creep along the spine of the protected phalanx.

THE LAND FOR THE SETTLER.

During the first half of the present month one million acres of land in the three prairie provinces passed directly from the ownership of the Government into the possession of farmers.

WITH THE FARMERS

THE EDMONTON FALL FAIR.
The Grand, Central, or other words, the Fall Fair which is to be held in the Thistle Ring, Edmonton, from October 12th to 17th inclusive, is a bid for the attention of all classes of people in the community. The farmers will be interested in the exhibition of grains and grasses, in the field and garden produce, and in the dairy and poultry products. Their wives and daughters will be anxious to see the display of house and nursery plants, of domestic manufactures, and of the ladies' fancy work. The children in the city and country will be ready to compete in the school exhibits and may create a good-natured rivalry in this regard. New features that are bound to prove a success are the school districts' exhibit, the individual farmer's exhibit and the photo-competition. The management have made provision for a grand display of the good merits of the district as a whole, and it is to be seen in both town and country to give it every support.

C.P.R. CROP CONDITIONS.
Following is the report of the crop conditions and the weather for last week along the line of the C.P.R. in Alberta, as compiled by A. Price, western superintendent, from reports received from the agents of the railway company:

- Carstairs—Very best weather; threshing will be general this week.
- Didsbury—Dry and warm.
- Bowden—Warm and pleasant.
- Penhold—Fine and warm.
- Strathcona—Fine.
- Whitby—Dry and warm.
- Dayland—Very warm; no frost; threshing will be in full swing in a few days.
- Killam—Clear and warm.
- Sidgwick—Warm and fine.
- Tees—No damage reported; no frost; fine and warm.
- Grummond—Good and warm.
- Macleod—Fine; no damage reported.
- Grummond—Good.
- Pincher—Fine.
- Crossfield—Generally clear; fine and warm.
- Olds—Weather very warm.
- Blackfalds—Fine and dry; threshing general.
- Lacombe—Warm and fine, beginning threshing.
- Ponoka—Fine; no damage.
- Leduc—Fine; no damage; grain harvesting in fine condition.
- High River—Clear and warm.
- Gleichen—Favorable.
- Crossfield—Fine; no damage.

AT NEW WESTMINSTER FAIR.
Thomas Daly, exhibitor, who has charge of the Twin City exhibit which leaves for the New Westminster fair next week, has been busy duplicating the phenomenal success which similar exhibits have met with at the Dominion fair at Calgary and the industrial exhibition at Toronto. Mr. Daly has been untiring in his efforts to this end for the past month and now has a large quantity of grain, grasses and vegetables collected which he claims are better than any that have been sent from the Edmonton district.

"The Twin City exhibit at the New Westminster fair this year," said Mr. Daly, to a Bulletin representative, "is bound to have a great effect in advertising the wonderful growth of vegetation which we have this year. While collecting vegetables this week I saw some turnips, carrots, cabbages and onions that had a most remarkable growth. In Johnnie's garden at Edmonton I received some exceptionally good carrots, onions and four varieties of potatoes. These show a later growth than the other exhibits and profit a great deal by it."

"How about the grains and grasses, Mr. Daly?"

"Well, we are away ahead of last year in this line. To fall wheat in sheaf and threshed is a feature this year and splendid fall wheat it is. We have a large number of oat sheaves, gotten up for exhibition purposes, which are fully six feet in length. Spring wheat sheaves have also been secured. These are of the Red Fife variety, chiefly, and are quite ripe. Of grasses there is no end to the variety."

Mr. Daly, on behalf of the boards of trade of the Twin Cities, has chartered a special car to convey the exhibits to the coast. This will be loaded on Monday and Mr. Daly will proceed with it to New Westminster where he will be on hand to answer the many inquiries which will be made concerning the Twin Cities of Alberta.

ON THE MARKET SQUARE.
Market Clerk Grierson stated to a Bulletin representative this morning that the market is reviving slowly after the summer lull. The fine weather keeps the farmers at home threshing or stacking their grain and doing a little fall plowing. They are the most marketable product on the market at present. More than two hundred tons of hay were disposed of this quantity will gradually increase until winter, when probably fifty loads per day will be offered. Most of the hay comes from Beaumont, Alberta, Sturgeon, Fort Saskatchewan

and St. Emile districts. Prices are unchanged. Cattle, or other words, the Fall Fair which is to be held in the Thistle Ring, Edmonton, from October 12th to 17th inclusive, is a bid for the attention of all classes of people in the community. The farmers will be interested in the exhibition of grains and grasses, in the field and garden produce, and in the dairy and poultry products. Their wives and daughters will be anxious to see the display of house and nursery plants, of domestic manufactures, and of the ladies' fancy work. The children in the city and country will be ready to compete in the school exhibits and may create a good-natured rivalry in this regard. New features that are bound to prove a success are the school districts' exhibit, the individual farmer's exhibit and the photo-competition. The management have made provision for a grand display of the good merits of the district as a whole, and it is to be seen in both town and country to give it every support.

ONION LAKE CROP GOOD.
Rev. Edward Cunningham, parish priest of Onion Lake, was in the city yesterday. He says the settlement in his immediate vicinity are enjoying a prosperous year, and that last fall the administrator colony has had a beautiful harvest and a year without mishap, as their plucky efforts were rewarded by the settlement of Onion Lake area in the vicinity of the settlement of the C.N.R. from Prince Albert, along the north shore of the Saskatchewan.

Mr. Cunningham, during his visit here, met the aged Father Lacombe, who in 1885 established the first school in Edmonton. He was a native of the village of the old Hudson Bay fort, where William Christie was chief factor. The school, which existed for four years, was taught by C. Scollen. Father Cunningham is the son of John Cunningham, a clerk in the Hudson Bay Company's service, who died at St. Albert during the smallpox epidemic of 1871. Father Cunningham was educated in Ottawa University and ordained by the late Bishop Grandin at St. Albert in 1880.

ALBERTA FIELD COMPETITIONS.
The field competitions which were held at the Agricultural Society in Edmonton, Alberta, resulted in the prize winners as indicated below. The judges were supplied by the senior branch of the Dominion department of agriculture, and were as follows: At Cardston W. H. Fairbank, S. A. B. Bennett, Alberta Red. At Lethbridge, Magrath, Alberta Red. At Medicine Hat and Macleod, J. T. Heisinger, jr., Magrath, Alberta Red. At Lacombe and Leduc, James H. Woodford, Cardston, Alberta Red.

- 1—Thos. H. Woodford, Cardston, Alberta Red.
- 2—E. E. Harris, Cardston, Alberta Red.
- 3—S. M. Woolf, Cardston, Alberta Red.
- 4—Spring Wheat.
- 5—S. M. Woolf, Cardston, Preston.
- 6—J. T. Heisinger, jr., Magrath, Alberta Red.
- 7—E. French, Magrath, Alberta Red.
- 8—E. Bennion, Magrath, Alberta Red.
- 9—Spring Wheat.
- 10—J. T. Heisinger, jr., Magrath, Alberta Red.
- 11—J. T. Heisinger, jr., Magrath, Alberta Red.
- 12—Raymond Winter Wheat.
- 13—L. D. King, Raymond, Alberta Red.
- 14—S. A. B. Bennett, Alberta Red.
- 15—M. H. Brimhall, Raymond, Alberta Red.

- 1—Henry Holmes, Raymond, Red Fife.
- 2—Thos. Bennett, Raymond, Red Fife.
- 3—Wm. A. Redd, Raymond, Sonora.
- 4—Medicine Hat.
- 5—A. E. Weston, Lethbridge, Alberta Red.
- 6—W. S. Sherd, Lethbridge, Alberta Red.
- 7—Spring Wheat.
- 8—W. H. Paxon, Cardston, Red Fife.
- 9—C. S. Cross, Lethbridge, Red Fife.
- 10—Hamilton Bros. & Galbraith, Lethbridge, Red Fife.
- 11—H. Hassard, Josephsburg, Alberta Red.
- 12—F. A. Adams, Macleod, Alberta Red.
- 13—J. G. Macleod, Red Fife.
- 14—M. R. Matheson, Grummond, Red Fife.
- 15—Lacombe.
- 16—J. A. Switzer, Lacombe, Alberta Red.
- 17—W. Metcalf, Lacombe, Alberta Red.
- 18—Southward Bros., Lacombe, Alberta Red.
- 19—E. Alpaugh, Conjouring Creek, Alberta Red.
- 20—John Hamner, Leduc, Red Fife.
- 21—Alphonse Masse, Beaumont, Alberta Red.

- 1—W. H. Paxon, Cardston, Banner.
- 2—T. T. Heisinger, jr., Magrath, Tartar King.
- 3—David Powelson, Raymond, Banner.
- 4—M. H. Brimhall, Raymond, Banner.
- 5—C. E. Alfred, Raymond, Banner.
- 6—W. H. Paxon, Cardston, Banner.
- 7—Hamilton Bros. & Galbraith, Lethbridge, Banner.
- 8—A. B. Carle, Medicine Hat, New Bonaventure.
- 9—W. J. Glass, Macleod, Dodd's White.
- 10—D. J. Gray, Macleod.
- 11—A. Switzer, Lacombe, Banner.
- 12—R. A. Trout, Blackfalds, New Bonaventure.
- 13—J. J. Alpaugh, Conjouring Creek, New Bonaventure.
- 14—O. L. Melin, Calmar, Banner.
- 15—F. O. Lachance, Leduc, Big Four.

UNION OF A.F.A. AND C.S. OF E.

A synopsis of the proposed constitution of the union of the A.F.A. and Canadian Society of Equity, which was drafted at the recent annual meeting of the latter organization and which will be submitted to a joint convention to be held in Edmonton, January 15, and 16, 1931, is published herewith. The objects of the Association are the general provisions set forth in the somewhat lengthy constitution as follows:

- 1. To forward the interests of the producers of grain and live stock and to obtain profitable prices for all products of the farm and orchard.
- 2. To put forth our utmost efforts to secure the building and maintenance of elevators, elevators, warehouses and cold storage warehouses in principal market cities and in all localities where practicable, so that farm produce may be held and marketed at the most advantageous price instead of passing into the hands of speculators and combine.
- 3. To endeavor to secure legislation relating to the farmers' interests and equitable rates of transportation.
- 4. To open up new markets and encourage old ones.
- 5. To report crops in this and foreign countries so that farmers may operate intelligently in planting.
- 6. To educate the young men of the nation on their rights, duties and responsibilities, so that they may understand the evil effects of speculation and upon their calling to watch legislation affecting public questions and discuss the effect upon the wealth producers.
- 7. To prevent adulteration of food and the marketing of inferior products.
- 8. To promote social intercourse.
- 9. To settle disputes without recourse to law if possible.
- 10. To encourage the establishment of an equitable banking system.
- 11. To use our influence to secure an improvement of our farming methods.
- 12. To work for the best system of insurance of life, fire and crop, by the government if necessary.
- 13. To hold meetings for the discussion of subjects pertaining to the production of superior varieties of grain and live stock, and the best means of marketing the same.
- 14. To encourage the establishment of marketing agencies which will be able to obtain by united effort profitable and equitable prices for farm products.
- 15. To suggest to parliament from time to time, as it may seem best, any legislation which will be necessary to meet changing conditions.

General Provisions:
The members of this association or union are expected to extend fraternal aid to some another member in distress, and to their families in bereavement; but it is a cardinal principle that "the hand that is not neither shall he eat." Industrial habits are important qualifications as any other, and while we advocate the principles of benevolence and charity, we do not encourage the idlers to lighten their substance upon the shiftless and unproductive.

All members of this association or union are expected to cultivate harmonious relations with the largest association and industrial organizations. Members shall favor each other in all their business relations, and they should endeavor to lay over all differences until all other means of agreement and settlement have been exhausted. In all such cases the association or union recommends arbitration.

Party politics and religious discussions are prohibited. When any member wishes to take political action in connection with the meeting, counsel for the Western Stock Shippers' association, represented that owing to the failure of the secretary of the railway commission to supply him with data and evidence with which to support the shippers' claims he would therefore keep the members busy. Counsel for the railways suggested that the demands be made specific and that they be submitted to the railway commission as well as the secretary of the commission.

Will Prepare a Statement.
"I will prepare a statement of the attitude of the live stock interests in Alberta," said Mr. Stevens, who explained that it appeared from the request of the Central Alberta Stockers' association with instructions to endorse and support the demands of the shippers that they were not ready to proceed and had gone prepared to take only a secondary part. I simply had to endorse the shippers' claims, and I would inform the stock growers of Alberta of the points of merchandise as follows: Decrease \$342,974,571 for the twelve months ending May, 1927, and \$333,014,368 in 1928, said producers would be glad to give a statement of this feature of Canadian trade with the result that some progress had been made. The foreign trade shows foreign sales of \$269,619,002 in 1928 as against \$249,211,351 in 1927.

The trade commissioners' service was dealt with and the fact that an increase in the number of agents necessary was pointed out. As present there are but five commission in Great Britain, Leeds, Birmingham, Manchester and Bristol. In proportion to the business which is \$150,000,000, it said the staff needs much enlargement. As a commission report of the foreign trade commission, commissioners be appointed for England, Ireland and Scotland, immediately to be followed by others as rapidly as possible.

Criticism was made that the monthly reports issued by the department of trade and commerce were not made the vehicle for the free publication of enquiries of British foreign agents for their goods in Canada to the detriment of Canadian manufacturers. Though complaints were made that the association has been discouraged it is stated no improvement has been noticed. Inquiry was made for Canadian goods would be welcomed by the association.

The report of the technical education committee says that in the past four years to secure the establishment of a system of schools throughout the country for two days, and upon their return will probably meet the Grand Truck Pacific officials, who will also inspect the 2,000 cubic yard hill of the Canadian White Company immediately west of the bridge over the river. The party will go west over the G.T.P. line now being graded, probably as far as the Pembina River bridge. They will be absent from the city for two days, and upon their return will probably meet the Grand Truck Pacific officials, who will also inspect the 2,000 cubic yard hill of the Canadian White Company immediately west of the bridge over the river. The party will go west over the G.T.P. line now being graded, probably as far as the Pembina River bridge. They will be absent from the city for two days, and upon their return will probably meet the Grand Truck Pacific officials, who will also inspect the 2,000 cubic yard hill of the Canadian White Company immediately west of the bridge over the river.
