SATURDAY afternoon the village of Watford did itself proud in honoring the Lambton County volunteers who were returning from camp at London. When the special train carrying the soldier boys arrived at Watford the order to detain was given and a route march was indulged in. The town was gaily decorated for the occasion and the main street was crowded with people. The villagers had prepared a tempting repast for the soldiers but owing to the late arrival of the train the pleasure of doing justice to the repast had to be foregone. The local volunteers arrived home about five o'clock.—Observer.

GIANT TRIPLETS "Currency," "Bobs" and "Stag" Chewing Tobaccos, in big plugs. Quality always the same.

A PHYSICIAN of large reputation tells a good story about himself. "During my absence," he says, "my two youngsters got into my consulting-room, where they began to 'play at being doctors.' Presently one of them unlocked a door and disclosed a skeleton to the terrorized gaze of his playmate. 'Pooh! What are you afraid of he asked. 'It's nothing but an old skeleton.' 'Wh-wh-where did it come from?' asked the other, with chattering teeth. 'Oh, I don't know. Papa's had it a long time. I expect it was his first patient.'"

BUSINESS is brisk at the wire works these days and the large staff of hands employed find it a hard task to keep pace with the orders pouring in. The trade is rapidly expanding and the management have decided to move the executive office from Toronto to Watford. The new secretary-treasurer is a gentleman with large business experience and will be a decided acquisition to local business circles. The Lloyd-Thompson Co. contemplate increasing their local plant to meet the demands of the trade and it is quite probable that the present plant will have to be duplicated. The Co. has also under consideration the matter of installing their own wire plant, having experienced some difficulty in securing a supply of this material. The proposed change means a lot for Watford, and we hope to see it carried into effect.

THE housewife does well to continue to wage war against the common housefly. Her battle with it is on behalf of cleanliness, but if she knew its deadly power she would fight it as she would fight the smallpox or any other disease. We are told that the great breeding ground of the fly is in the neighborhood of stables—the eggs being laid in crevices of the manure. They are hatched in about twenty-four hours. The method by which infection is conveyed by flies is mechanical—not like that of the inoculating needle. Plague, yellow fever and cholera have been disseminated by it; and it is supposed to be active in spreading diseases of the eye, fever and infantile diseases. The sugar bowl or milk jug into which they crowd as opportunity offers are often poisoned by their presence. Safety lies in banishing these pests from the house. Fly screens and fly killers and the handy broom or dust rag should be made every use of.

FOR Quality and Quantity ask your dealer for the new big plugs of "Bobs," "Stag" and "Currency" Chewing Tobaccos.

On Friday evening last the Walnut Ramblers defeated Napier by the score of 12-2. The Napierites went first to bat and succeeded in getting one run over the plate in the first innings, but were unable to do the trick again until the last innings when they registered one more run. The locals played a steady aggressive game and succeeded in getting runners safely around the circuit in each innings. The pitchers, Patterson for the locals, and Smith for the visitors, were effectual at all times, both carrying a stock-in-trade of all the delusive brands of balls that induces the batter to hit where they aren't. A large crowd, which thoroughly enjoyed the game, was present. The return match will be played Saturday 22nd at Napier. Score by innings: — Ramblers—5, 1, 2, 1, 1, 2—12; Napier—1, 0, 0, 0, 1—2.

WHEN TO WED.

Marry when the year is new, Always loving, kind and true. When February brides do mate, You may wed, nor dread your fate. If you wed when March winds blow, Joy and sorrow both you'll know. Marry in April when you can, Joy for maiden and for man. Marry in the month of May, You will surely rue the day. Marry when June roses blow, Over land and sea you'll go. They who in July do wed, Must labor always for their bread. Whoever wed in August be Many changes are sure to see. Marry in September's shine, Your living will be rich and fine. If in October you do marry, Love will come but richly carry. If you wed in bleak November, Only joy will come remember. When December's snows fall fast, Marry and true love will last. —From What-To-Eat.

O'NEIL—FRASER.

A pretty home wedding took place at 11:30 a.m. Tuesday, June 11th, at the home of the bride's parents Mr. and Mrs. John Fraser, 16th con., Boanquet, when their second daughter, Cecile Kate was united in marriage to Mr. Elmer O'Neil of Warwick. The ceremony was performed by the Rev. H. Currie of Theford, only the immediate relatives of the bride and groom being present. While the wedding march was being played by Miss Isabelle Fraser, sister of the bride, the young couple unattended, took their places beneath an arch of evergreens and apple blossoms. The bride looked charming in a dress of pearl grey taffeta and carried a bouquet of lilies of the valley and maiden-hair fern. After congratulations the party repaired to the dining room, where a dainty lunch was served. The house was tastefully decorated with flowers and ferns. The happy couple left on the afternoon train for Toronto, Niagara and other points east, amidst showers of rice and good wishes. The bride's travelling costume was navy blue voile with waist of net over white silk, and hat of grey silk braid trimmed with flowers and blue ribbon. The presents were many and beautiful, showing in white high in esteem the young couple are held. The bride will be much missed by her many friends on the 16th and lake road.

Sorely Lived Through It.

A terrible experience had Edw. J. O'Connor of Sauli Ste. Marie. "From boyhood," he writes, "I have been a constant sufferer, from Asthma and catarrh. My nose and throat was almost stopped up and I had droppings in the throat. When attacks came I thought I couldn't live through the night. I would sit up gasping for breath and endure great distress. Catarrh made me entirely well." No stronger proof is required. Asthma is curable, so is catarrh. Use "Catarrhzone" and your recovery is guaranteed. Two sizes, 25c. and \$1.00 at all dealers.

Generous Giving.

Those whose hearts have been moved by the recent terrible distress in China will be glad to learn that the China Famine Fund monies cabled by the 'Montreal Witness' amounted in all to \$10,000, most of which was collected during the last two weeks of the Fund. These gifts were received from all over the Dominion, and a good many more 'Witness' readers were preparing to remit when they learned that the fund was closed. The 'Witness' has always lent itself to this work of receiving and forwarding subscriptions for worthy causes, and vast sums have been collected by it for such purposes, one fund the Armenian Relief Fund, alone amounting to over \$15,000. The amount of work and expense involved in receiving acknowledgments and forwarding these large sums of money is very much greater than the general public can at all realize, but the 'Witness' has done it gladly and ungrudgingly, making no charge whatever for services or for newspaper space used.

CASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of J. C. Watson

One On The Scotchman. The following is cut from the New York Sun—It happened in one of the Scotch congregations of Western Ontario that the men had the habit of using this smokeless tobacco, which in certain quarters and with certain people will be a joy forever. According, at the annual meeting it was suggested that the congregation should be furnished with cuspidors. Now, this is a comparatively new word, and not found in the vocabulary of the average Highlander! One of the old members of the meeting, believing that the name designated a new and necessary office in the church, like the managers, deacons, or elders, arose, and said:— Master Chairman, a' will move that Dugal Cameron an Laughlan McTavish be the cuspidors of the congregation. We did not hear that there was a second, or if the men were willing to act.

THOS. SARN, of Eglington, says: "I have removed ten corns from my feet with Holloway's Corn Cure." Reader, go thou and do likewise. The death occurred at Alvinston at 7 o'clock last Friday morning of Mary Matilda, beloved wife of Mr. George McIlwain, after only nine days illness with heart trouble. Deceased, who was in her 54th year, was the eldest daughter of Mr. and Mrs. Joseph Perry of Ennskillen. At the age of 21 years she was united in wedlock to Mr. George McIlwain, and shortly moved to Alvinston, where they have resided ever since.

REGAIN NOW THE STRENGTH YOU LACK!

Winter Leaves Us Miserable, Ailing, Weak BUILT UP NOW.

During the winter the system gets sluggish. The blood, polluted with impurities, deadens the nervous system and dulls the actions of both liver and kidneys; the foulness of the system increases and when spring comes we are limp and useless. Spring "system cleaning," is a duty; the body sewers must be flushed out and waste matter removed—otherwise weakness and nervousness will surely follow. Begin by enriching the blood. Make it pure and nutritious by taking Ferrozone, its the greatest blood former known to medical science. Ferrozone makes the liver fairly sing with new life, makes the kidneys dance with renewed vitality, and thus the winter's accumulation of pollution is expelled. Of course digestion must be improved, and probably the stomach will require aid as well. Ferrozone serves the purpose admirably. Those who use it, enjoy appetite and digestive powers far beyond the ordinary. That tired feeling is replaced by the buoyant, joyous sensation of health and vigor. Day by day as your strength increases, you feel new energy surging through your veins, and know that a tonic of great merit is at work. No remedy more nourishing or uplifting, no treatment so sure to bring lasting health, good spirits and contentment. Ferrozone contains just what run-down folks need; it cures because it supplies more nourishment than you can get in any other way. Free from alcohol and prepared only in chocolate-coated tablets, 50c. per box or six for \$2.50 at all dealers. Be sure you try "Ferrozone."

Fruit Growers' Requests. Representatives of the Co-operative Fruit-growers of Ontario waited upon Hon. Mr. Monteith to ask his assistance in procuring the service of an expert to give instruction in packing, so that uniform methods may be adopted by the various branch societies. They also asked that the department appoint someone to organize co-operative societies where such do not exist, and to extend the usefulness of existing and new societies. Hon. Mr. Monteith said he would be glad to assist them in any way possible consistent with the work and duties of the department. The Globe understands, that the department will confer with the Dominion department in order to see that there is no overlapping in any steps that may be taken to meet the request of the fruit-growers.

The deputation included Messrs. W. Dempsey; D. Johnston, Forest; Robert Thompson, St. Catharines; A. E. Sherrington, Walkerton.

She Was Wild With Pain.

From Willow Creek, Ont., Miss E. Diegel writes: "A few years ago I was drenched with rain and got lumbago; it was like a steel rod piercing my back. I also had earache and was just wild with pain. I applied batting soaked with Nerviline to my ear and rubbed on Nerviline for the lumbago. That rubbing relieved and in a few hours I was well. No other liniment could do this." It's the penetrating power of Nerviline that makes it superior to all other liniments. Nothing beats it, 25c at all dealers.

Stolen Buggy Wheels Claimed.

High Constable Hughes, of London, says the four buggy wheels alleged to have been stolen by Edward Hall, the Muncey Indian, have been positively identified by J. Edwards, a Wardville farmer, and that the robe which was also found in Hall's possession has been claimed by a Muncey squaw. A rather humorous phase of the buggy wheel case is that the wheels were stolen several months ago no complaint had been lodged in reference to them, owing to the fact that on the night they were stolen Edwards was getting married and he laid the disappearance of the buggy wheels to a propensity for joking on the part of some of his friends. Among the many charges to be laid against Hall are the theft of a buggy, several buggy whips, four buggy wheels, and a new buffalo robe.

INJURIES FATAL.

Wm. Coffey, Forest, Dies From Kick of Horse. Forest, June 13.—William Coffey, who was seriously injured on Saturday night by being kicked by a horse, died yesterday afternoon as a result of his injuries. Mr. Coffey was engaged in a stall at the Rawlings stables when the accident occurred. He was found lying unconscious with his forehead caved in, apparently by a kick of the horse, and with the back of his skull fractured. No one saw the accident. Mr. Coffey leaves a wife, one son and one daughter, all living in Forest.

WATFORD, JUNE 21, 1907.

Warm Weather Words.

Warm weather is a refreshing relief from the autumnal spring we have had this year, but its sudden onslaught carries with it peculiarities that irritate.

In other years, warm weather has come to us in a slow coach; we have heard the horn from afar, and have prepared for the guest. But this year it has automobiled in without a single solitary toot of warning. We were dressed to receive the best, and we are embarrassed. That we can get over. Our temper was still wintry, when we were called on to present a summery smile, and we have made a sickly grin out of it. That also we can improve, but before we do many kind hearts may be chilled by unnecessary irritation superinduced by torrid temperature. Perhaps you have noticed it in others. Of course, not in yourself.

The World desires to say a word in season to those who have not adapted themselves to the changed weather, and it is, don't be irritated, calm yourself, let your heart be as warm as the weather. You may be sure, Mr. Employer, that your employes are suffering from heat, even as you are, and very likely with poorer chances of recovery. Act you the noble part, and don't fly off the handle at every little chance. If you never before made allowance for the weakness of human nature do it now, while it is hot. Don't drive those under you.

And you who own horses, be a little kinder to them. Don't speed them the whole way. Ease them up, and even let them walk where it is shady.

Warm weather is needed in the country; it is needed everywhere, but nowhere more than in the heart of man, who may, through its instrumentality, be brought to a realization of his own weakness and taught to exercise forbearance to those who happen to be under his authority.—World.

WALDEN-FAIRBAIRN.

St. Marys, June 13.—A quiet wedding was solemnized at the residence of Mrs. Fairbairn, 50 Major street, Toronto, at high noon, Wednesday, June 13th, when her daughter, Miss Blanche, was united in marriage to Rev. William A. Walden, B. A., of Camlachie. The ceremony was performed by the Rev. E. N. Baker, pastor of Broadway tabernacle, Toronto. The bride was supported by Miss Dunlop, of Carleton Place, Ont. Mr. Lorne A. Eddy, B. A., of St. Marys, acted as best man. Mr. and Mrs. Walden will visit the Thousand Islands, Montreal and Quebec on their wedding tour. The former is well-known in St. Marys, being a graduate of the collegiate institute.

Aged Minister Dead.

Rev. William Daunt, an Episcopal minister of Huron, Canada, diocese, died at St. Luke's hospital, Detroit, yesterday morning, aged 79 years. Mr. Daunt was a native of Cork, Ireland, and was educated at the University of Dublin, coming to Ontario after taking orders. He married a widow, and educated three of her grandsons for the ministry. Mrs. Joseph Von Snyder, 223 Hubbard avenue, Detroit, is a step-daughter. The body will be taken to Strathroy for burial.

Barn Struck.

Strathroy, June 10.—During a severe thunderstorm to-day a barn belonging to James A. W. Payne, at the east end, was struck by lightning and destroyed with all its contents.

When the fire alarms sounded the rain was coming down in torrents, but the firemen responded to a man.

The run was made in good time and the firemen worked heroically and saved the house and several other buildings, but the barn was burned to the ground. It was insured in the London Mutual for \$400.

MEET WILL BE BEST IN YEARS

Port Huron Will Have Four Days of Racing.

\$5,200 IN PURSES TO BE GIVEN Secretary Knill Says He'll Have the Biggest Crowd Ever.

"We're going to have the best race meeting in years," is the way Secretary Knill, of the Port Huron Driving Park association puts it and he's just brimming over with optimism.

At first the prospects for holding a race meeting in Port Huron were rather dubious but the committee that solicited funds had such gratifying results that the success of the meet already is assured.

The dates are July 9 to 12 inclusive, and the sum of \$5,200 will be hung up in purses.

"We're not only going to have the best meet in years but the biggest crowd that ever attended one," concluded the secretary.—Port Huron Daily Herald.

West Lambton Conservatives.

Sarnia, June 19.—The annual meeting of the West Lambton Conservative Association and the convention for the riding as constituted for Dominion election will be held on Friday, June 28, at the Brigade Hall, Sarnia.

The Conservative candidate for the Dominion house may be placed in the field at this convention, instead of awaiting the nearer approach of the Dominion elections. The speakers will be W. H. Bennett, M. P., East Simcoe; Jos. E. Armstrong, M. P., East Lambton; Hon. W. J. Hanna, M. P., P. P., and Hugh Montgomery, M. P. P.

CHOP STUFF.

Glencoe Presbyterians will adopt the individual communion cup. A vote taken last year showed a majority of over one hundred in the congregation in its favor.

The grey uniforms in the possession of the Forest Excelsior Band which were discarded for the new uniforms, have been sold to the Strassburg, Sask., band, of which W. J. Bell is leader.

The injunction in the matter of the Glencoe Woolens is to be continued until the trial of their case with the Merchants Bank, which in all probability will not be for some time yet.

Bernard Brady of Metcalfe, on Tuesday joined the benedicta, leading to the matrimonial altar, Miss M. Hogan of Lucknow, sister of Rev. J. Hogan, former parish priest of Strathroy and Watford.

Hon. and Mrs. Walter Scott spent Sunday with his sister, Mrs. Morden Buttery, Adelaide. The premier's health has been greatly benefited by his trip to the south. He has now returned to Regina, to resume his duties.

Word has been received in Oil Springs that Rev. W. H. Snyder, formerly of that place died at Lansing, Mich., a few weeks ago at the age of about 80 years. He did not take to his bed but complained of not feeling well and succumbed. His remains were interred at Belleville. His widow still remains at Lansing.

When three hundred children were dispersing from school at Exeter, a cow led by a young man got enraged and charged into the crowd. It carried one boy for a distance on both horns and threw him to the ground, and then pinned a 12-year old girl to the fence. The horns, however, escaped her body, but she had a leg broken. A horse was slightly gored before the cow was lassoed.

A FEAT OF MEMORY.

Zangwill's Knowledge of the Famous Trials of History.

As an indication of the quality of Zangwill's mental processes I may relate an incident that occurred while we were producing "The Children of the Ghetto." Mr. Zangwill was seated in my office, and we were going over some of the details of the play. It was the day that Labor, intimately connected with the Dreyfus case in Paris, was assassinated. Knowing that Zangwill had intimate knowledge of the case, a New York newspaper sent a representative up to see him. The reporter entered and after conveying the news said:

"Mr. Zangwill, we want from you a history of all the famous trials you can call to mind for our paper."

"Indeed?" said Mr. Zangwill. "I think I can prepare that for you. Come to see me in three or four days, and I will have it ready."

"We want it now," objected the newspaper man. "We want to print it in our paper tomorrow morning."

"But you surely don't expect me to quote you dates and facts out of my mind on the spur of the moment, do you?" asked Mr. Zangwill in astonishment. "Such a thing is out of reason."

"I'm sorry, but it's the only way we can make use of it," replied the newspaper man firmly. Mr. Zangwill thought a moment and then asked if he could have my stenographer for a short time. He was called in, and Zangwill dictated to him then and there a two column resume of all the famous trials of history, from Savonarola down, and quoted every important date and historical feature connected with each.—From "Israel Zangwill," by George C. Tyler, in Bohemian.

The Crowning Blow.

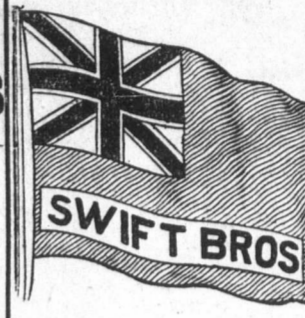

"Mothers and nurses have devised and invented many ways of procuring obedience and correct behavior from their little charges," said a park policeman. "The familiar 'bogey man' is still employed, but the times change and the people with them. The last fine day, when the park was filled with mothers and nurses, I heard a new way of appealing to the love or fear of a child. A stylishly dressed young woman leading an irrepressible youngster, after making all sorts of threats and promises without effect, said, 'Child, child, you give me wrinkles under my eyes!'"

To Cure a Bad Habit.

A way to cure a bad habit is thus explained by the Rev. Samuel McComb in the New York World: If you have a habit you wish to get rid of put your mind upon it after going to bed. Resolve to discard that habit at the moment you are lapsing from semi-consciousness into complete unconsciousness. Repeat the operation several nights, several weeks if necessary, and cure will follow, provided that the day after the first night the experiment is started you obey the impulse that will come on you to avoid the accustomed habit.

REUNION NOTES.

Only a few weeks now. A relay race will be a feature of the athletic sports.

Now is the time to become a member of the Association. Don't wait for the last minute.

Brooke and Warwick are interested in the Reunion. Many old residents of these townships will be home in August.

There is a general tidying up all over town. Ninety per cent. of the residents expect guests and are anxious to have things looking their best. Let the good work go on.

Longboat, the champion long distance runner of the world, regrets that he has another engagement for Reunion days, and will not be with us. We would use Thomas white if he could come.

Scores of people who are not immediately connected with the old town, are interested in the Reunion and are writing the Secretary for particulars. The Reunion will be the greatest ad. the town has ever had.

Mr. and Mrs. Thomas Kadey, of Vancouver, B. C., are the first to arrive to attend the Reunion. They have been away for twenty-three years and came back expressly to meet their old friends, and they have a host of them.

Great interest is manifested in the Old Boys' Souvenir number. It will be profusely illustrated with public and private buildings, portraits of prominent old boys, and a fund of historical matter. A limited amount of advertising space can be secured by prompt application.

D. W. Bole, M. P. for Winnipeg, an old Watford boy who has reached the top rung of the ladder, contemplated a visit to Europe this summer, but will endeavor to postpone his trip until after the Reunion. Mr. Bole is very much interested in the Reunion, and will make a special effort to meet his many friends in the old town.

I. B. Lucas, M. P. P., of Markdale, one of the youngest and brightest members of the Ontario Legislature, is an old Warwick boy, and has not forgotten the scenes of his youth. He will be home for the Reunion, and many friends will be pleased to renew old friendships on the old "sixth line," which has produced many old boys who figure prominently in political and business circles.

The Executive Committee met in the Council Chamber Tuesday evening. In the absence of Reeve Parker, who arrived later, Mr. Shrapnell was voted to the chair. The design for a badge, submitted by Miss Nesbitt, was adopted by the Association as the official badge. It is handsomely gotten up and is commended to all who desire an attractive souvenir of the Reunion. Messrs. Farrell, Gibson and D. Roche were appointed a special committee to wait upon the Town Council to secure an appropriation. The question of providing accommodation for the crowd was discussed, and will be further considered. Another meeting will be held in a few days when the President returns.

WORTH TAKING

One ounce Fluid Extract Dandelion;
One ounce Compound Salatone;
Four ounces Compound Syrup Sarsaparilla;
Mixed and taken in teaspoonful doses after each meal and at bedtime, is pronounced by a prominent physician to be the best mixture for the cure of the kidney, bladder, and all urinary troubles.

This says the doctor, is the most simple though remarkable prescription ever written to cleanse the system of impurities and waste matter. It acts as a powerful tonic to the kidneys, forcing them to filter out the acids and poisons, overcoming rheumatism, lame back, sciatica and other afflictions arising from sour, impure blood.

The ingredients can be procured at any good drug store, and being purely vegetable and entirely harmless, can easily be mixed at home.

If you have a suffering friend show this to him, as he will undoubtedly be pleased to learn of so simple and highly recommended a remedy.

VISIT OF THE 27th REGT.

For several years past the officers and men of the 27th Regt., St. Clair Borderers, have done Watford the honor of paying the town a visit, giving a route march on their return from the brigade camp at London. This courtesy, on the part of the regiment, has been highly appreciated by the citizens of the town, and as an evidence of appreciation it was decided to give the volunteers a reception on their way home on Saturday. The Board of Trade took the initiative in the matter and received the hearty co-operation of the business men and citizens generally. The town was gaily decorated with flags and bunting in honor of our guests and arrangements made for serving a luncheon and extending a welcome to Watford. Unfortunately, owing to a break down on the special train, the soldiers were unable to remain any length of time in town, the special being nearly three hours late, and the Forest and Theford companies having to make connection at Sarnia. The route march was given as usual, but there was no time for the welcome service for which extensive preparations had been made. While there was a general disappointment, there was no one to blame but a defective railway service, and the youngsters were regaled with the viands that had been prepared for the soldiers, and the greeting speeches will keep for another occasion. Whatever Londoners may think Lambton is proud of it's soldier boys and is every ready to give them the best which is none too good.

COME ANYWAY, BUT COME

LACROSSE.

The Strathroy Lacrosse Club visited Watford Friday evening and won from the local team by 7 goals to 3. The game was rather loosely played, no spectacular plays being made on either side. Watford showed more composure in themselves and played an aggressive game. Strathroy has a strong, well seasoned team that can give any of the western clubs a stiff argument.

Line up—
Strathroy—Goal, Canning; point, Urquhart; cover point, Grundy; first home, Newton; second home, Small; third home, Wilson; centre, Cardiff; first defence, Alexander; second defence, Brown; third defence, Zaph; outside home, McDade; inside home, Calvert.

Watford—Goal, Chatters; point, Anderson; cover point, C. Dodds; first home, H. Johnston; second home, H. Willoughby; third home, Stapleford; centre, L. Johnston; first defence, P. Dodds; second defence, Jack; third defence, Ferguson; outside home, Taylor; inside home, R. Stapleford.

Referee—H. Zaph, Strathroy.

Dan Graham's Troubles.

Daniel Graham, charged in the Sarnia Police Court with being drunk and incapable, was remanded for a week. He stated to the police that he had been assaulted and robbed while at the Normandie hotel yesterday, and it was thought necessary to keep him here as a witness, two men being in custody charged with the robbery.

John Norman and George Ellinor were arrested yesterday on information that they had robbed and assaulted Daniel Graham, of Strathroy. The police had quite a time in capturing Norman. He took refuge in the women's closet on one of the ferry boats, and locked himself in. The hose was turned on him and he was thoroughly soaked with water before he surrendered and allowed the police to arrest him. The crown attorney asked that the prisoners be remanded for one week to secure the attendance of necessary witnesses. The remand was granted.

Forest Young Lady Dies.

Forest, June 14.—The sad news was received here this morning of the death of Miss Violet Morphy, second daughter of Mr. H. L. Morphy, a prominent merchant of Niagara Falls, Ont., and formerly one of the leading business men of this town. Miss Morphy was highly esteemed in Forest and was a great favorite among the young people. She had been suffering for some time, but all medical aid seemed to be unsuccessful. Interment took place at Niagara Falls on Saturday afternoon.

Larger Wheat Crop.

Regina, June 17.—Preliminary estimates based on official returns to the Department of Agriculture from correspondents in all districts of Saskatchewan indicate that the total area under crop in 1907 is 2,876,417 acres. Preliminary estimate last year indicated a total average of 1,999,500, and the final figures were 2,500,817. Preliminary estimates of the acreage in wheat this year are 1,958,246, compared with a preliminary of 1,365,000 and a final of 1,730,586 last year.

Rev. William Daut, M. A., a superannuated English clergyman and well known throughout this district, died in Detroit at the home of his daughter, Mrs. Schneider, on Wednesday last. The late Mr. Daut was born in Ireland 70 years ago. He came to this country when quite a young man and among his many charges were Aylmer, Adelaide and Ridgetown. The remains were brought to Strathroy for interment.

After several people of Windsor had lost valuable dogs through poisoning, an investigation was made by the police, with the result that poisoned meat was found on the lawn of Dr. Mervin. He admits having placed the poison there, but says it was done to kill sparrows.

A FAMILY MEDICINE.

Dr. Williams' Pink Pills The One Medicine Best Suited for the Whole Household.

Dr. Williams' Pink Pills are the greatest blood-builder known to medical science. They never fail to make rich, red blood—lots of it—the kind that brings health and strength to the sufferer. They are a family medicine—good for the grandmother or grandfather; the mother or father or for the growing children. Thousands have found new health and strength through the use of these pills. As proof of their being a family medicine Mrs. Chas. Castonguay, Michipicoten River, Ont., says:—"My husband was ill for five months and was unable to do any work. He made several trips to the Soo to consult doctors and spent much money on medicine but nothing helped him—in fact he grew worse. He could not eat much and the little he did eat would not remain on his stomach. His stomach was examined by X-rays and found to be in a terrible inflamed condition. After remaining at the Soo for some time under the doctor's care without finding relief he returned home discouraged and afraid he was going to die. It was then Dr. Williams' Pink Pills were recommended and by the time he had taken nine boxes he was perfectly well and able to go to work again." Mrs. Castonguay continues:—"I have also used the pills for female troubles and found them a perfect medicine. My little one also owes good health and a rosy color to them."

Dr. Williams' Pink Pills cure all the troubles due to poor blood or shattered nerves, such as anaemia, rheumatism, dyspepsia, neuralgia, St. Vitus dance, partial paralysis, etc., simply because they make rich, red, health-giving blood. Sold by all medicine dealers or by mail at 50c. a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Burglars at Strathroy.

Strathroy, June 15.—While the residents on Caradoc and Metcalfe streets were slumbering peacefully on Friday night last several unknown thieves, no doubt professionals, entered several houses in search of valuables. In each case entrance was made by way of the cellar.

The Free Press correspondent, in an interview reports the loss of a small sum of money and while there the thieves helped themselves freely to the good things in the pantry.

Captain F. W. Orr, who lives next door, also missed some money and found the back window open where the thieves had gained admittance.

Mrs. J. D. Sifton, who lives on the corner of Caradoc and Metcalfe, was visited, but the thieves were unable to gain admittance.

The Free Press correspondent, in an interview learned from Mrs. Sifton that she had a considerable sum of money in the house at the time and had an entrance been effected no doubt they would have made a good haul.

Dr. O. L. Berdan's house was not overlooked, Berdan was awakened by the smell of matches, and suspecting something was wrong came down stairs to investigate, when the thieves made a hurried exit.

It is thought that they are the same men who operated in Glencoe during the week.

Farmer's Excursion to Guelph

Guelph, June 14.—There is the largest crowd of the season here today, attending the excursions to the Agricultural college, from East and West Lambton and North and South Waterloo.

From the former came by special train about 800 and from the latter districts about the same. But the number by no means represents the total number in the city, for an immense crowd of farmers from the surrounding townships drove in to meet their friends from the neighboring county.

Most of the visitors are at the college taking in the sights and the many educational features provided by this popular government institution. No accident has so far occurred, and as the day is fine the visitors appear to be having a jolly time.

Back From the Old Country.

Toronto, June 17th.—John Farrell, immigration agent to Great Britain for the Ontario Government, who has been in England since last fall, arrived in Toronto yesterday with a large party of men and women who have been placed with farmers throughout Ontario.

Mr. Farrell said today that the prospects of a great increase in the number of immigrants is very bright.

The men want to come out in personally conducted parties," said Mr. Farrell. They do not like the idea of leaving home and coming to a strange country, without knowing they are going to work.

"Yes, every one of the party I brought over have been placed, and go to their destinations today."

"What about the women?"

"They are the wives of the men and a number of girls who came out to take domestic service."

"Does the government give any financial assistance?"

"No, not financial assistance, but we help them in every other way we can."

"Are there lots of good servant girls to be had?"

"Yes, thousands of them, but they have not the money to come out. I brought twelve with me for friends who sent me the money to pay their passage, and not one of them is disappointed."

Mr. Farrell passed through Watford with a portion of his contingent Monday evening. About a dozen of the immigrants were placed in Watford and vicinity, and had the appearance of being the right kind. Five of the bunch deserted at Toronto having been offered better

inducements and John was kept busy watching his charges. They all speak highly of the manner in which Mr. Farrell looked after their welfare and comfort. Mr. Farrell enjoyed the trip immensely, and has a fund of interesting reminiscences of the trip, which included a visit to Paris.

Brigade Camp for Sarnia.

The claims of Sarnia as a site for the annual military encampment, now held at London, are being made the subject of considerable discussion among the men who returned from camp at London on Saturday.

A few days ago the claims of Sarnia were strongly put forward, and it was hoped the camp could be brought there.

The tract of land owned by the Grand Trunk to the north of the town is an ideal camp ground, superior in many ways to Carling's Heights, and stretches from the town limits to the shore of Lake Huron. The proximity of the lake and the fact that this whole stretch of land is unoccupied and instantly available are urged as reasons why Sarnia should be considered as a claimant for the camp.

The street railway and the Grand Trunk tracks traverse the districts referred to.

Militia men claim that a change of location would be popular at the present time for various reasons.

SUTORVILLE

Weddings are all the rage around here. Mr. John W. Lucas spent Sunday with Mr. Wm. Butler a former resident of this place.

Mr. Will Burchiel, of Glencoe, accompanied by Mr. Roy Siddall, were the guests of Miss Llywella and Ollie Lucas over Sunday.

Mrs. Wm. Stuart and her little daughter Blanche are renewing acquaintances around here.

Mr. Herbert Holbrook has the material on the ground for the erection of a new house. The cement foundation is well under way, and when the building is completed will be quite an improvement to our town.

WESTERN FAIR, LONDON.

The "Western Fair" of London, Ont., is again to the front with great preparations for 1907. The dates this year are Sept. 8th to 14th. A large amount of money has been expended upon the Grounds and Buildings this year and everything will be in a first-class condition for the comfort and convenience of visitors and exhibitors.

Several thousand Prize Lists have already been made and hangers and large posters are being sent out. Several new classes have been added to the Prize List. There will be a dog show this year in connection with the Exhibition. The interest of the Exhibitors has been carefully considered in arranging the Prize Lists.

The Attraction Committee will provide a very interesting and entertaining programme. Knabenshue with his arship will be seen daily.

The Secretary, Mr. A. M. Hunt, will be pleased to mail a Prize List or give any information regarding the Exhibition on application to the office, London, Ont.

Dr. J. C. Forsyth, Strathroy has returned to Dawson, Yukon territory, after taking a six months' post-graduate in New York.

TORONTO.

Toronto, June 18.—The run at the city cattle market was not nearly as large as last Thursday's and prices have dropped a little all round, more especially, however, on the commoner grades, there being a drop of from 20c to 25c on cheap cows and bulls. Trading was very brisk and the run was soon disposed of. The present high price is causing the farmers to bring in all their available good stocks and the market is very firm, even under these conditions. The market has been firm for good quality stock for a couple of weeks and shows no tendency to break.

The run today consisted of 75 loads, containing 1,411 cattle, 549 sheep and lambs, 350 hogs and 453 calves.

The hog market remains unchanged at \$6.90 for select and \$6.65 for heavies and fats.
