GIANT POWER OF
MONEY TRUST
IN U. S.

Pujo Report Sets Forth That
Consolidations of Big Banks
and Trust Companies and
System of Interlocking Di-
rectorates Result in Creation
of Huge Monopoly.

WASHINGTON, Feb. 25.—(Can.
Press.)—Three divergent reports were
presented to the house today by the
members of the committee which con-
ducted the money trust investigation.

The majority report, signed by
Chairman Pujo and the six other
Democratic members of the commit-
tee, found that a money trust existed,
according to their understanding of
the term.

This report names as the "most ac-
tive agents in bringing about the con-
centration of money and credit," J. P.
Morgan & Co., First National and Na-
tional City Banks, and Kuhn, Loeb &
Co. of New York; Lee Higginson &
Kiddier Peabody & Co. of Boston. Two
bills accompanied the report, one for-
bidding the use of the mails to stock
exchanges which fail to observe pre-
scribed stringent regulations as to the
conduct of their business and the
other prescribing rigid rules for the
conduct of national banks, their offi-
cers and clearing house associations
to which they belong. This report is
substantially in accord with the con-
clusions presented to the committee
by Samuel Untermyer, counsel to the
committee.

Concentration of Credit.
The first minority report, signed by
Representatives Hayes of California,
Hend of Delaware, and Guernsey of
Maine, Republicans, set forth that the
investigation "has not disclosed the
existence of any so-called money
trust," but added, "it has, however, dis-
closed a dangerous concentration of
credit in New York City, and to some
extent in Boston and Chicago."

"While agreeing substantially with
the majority," the report said, "we
think that many of the abuses to be
corrected in the financial system, the
stock exchanges and the clearing house
associations, the undue concentration
of credit in New York City, and to some
extent in Boston and Chicago."

"We allowed the permanent force in
one camp to have its content because
it had content at its barracks and
these men wanted to be able to drink
'be-a-beer' like gentlemen. On
one night I saw 14 of these men
drunk. I have all the facts about
that case and am watching these men.
They are no more beer for them."

Mr. McCullough declared the proposed
scheme for regulating stock ex-
changes "tragic and unwarranted,"
and that there was "no real evil in
interlocking directorates."

DRY. GAVTEEN IS
FIXED POLICY
OF HUGHES

Not Even Mildest Form of
Liquor Will Be Tolerated in
Camps While He Is Head
of Militia In His Reply to
Officers Who Have Ex-
pressed Dissatisfaction.

OTTAWA, Feb. 28.—(Can. Press.)—
"So long as I am minister of militia,"
said Col. Sam Hughes at the military
conference today, "there will never be
allowed in the militia camps any wet
messes, 'mild' or 'light' beer can-
teens. You will kindly not waste any
time discussing this question further.
It is settled."

This should leave no doubt in the
minds of any of the officers who have
been endeavoring to get the order
rescinded, which did away with can-
teens, that there is no chance of any
more beer or liquors being allowed to
be sold in the training camps. This
assertion came unexpectedly just at
the time when several speakers were
endeavoring to raise this question into
the discussion. Needless to say it
called a halt to the discussion as far
as liquor in camp in an unmanage-
able condition, he said, "its regiment
had made a long march at camp and
during the march the men were halted
and liquor in camp was the good."

His remarks were warmly applauded
by a large section of the officers.
Col. Mitchell of Winnipeg had taken
the contrary view. He said that the
militia camps had begun to become
unpopular from the day canteens were
allowed in them. Mothers refused to
allow their sons to go to camp when
they knew that they would be submit-
ted to such temptations. Last year
he returned to camp in an unmanage-
able condition, he said, "its regiment
had made a long march at camp and
during the march the men were halted
and liquor in camp was the good."

"No, no" from the audience.
Colonel is Firm.
"The only way that you can get
back to the canteen is by changing the
minister of militia," said Col. Hughes.
"I have had more experience in handling
men than have most of you. I know
that the greatest blight that a camp can
have is a wet canteen."

"I was on the march that Captain
Lavigne spoke of, and I did them good
by changing the minister of militia,"
said Col. Hughes. "I have had more
experience in handling men than have
most of you. I know that the greatest
blight that a camp can have is a wet
canteen."

"I saw a row of British regulars
at work in England last summer, and
they are out-march, out-drill or out-
maneuver any other troops on God's
green earth, not excepting the Cana-
dians. Yet ninety per cent. of these
soldiers did not drink. They found
that they could not do the hard work
if they drank."

Mrs. A. E. Gooderham of Toronto,
president of the Daughters of the
Empire, said that she would sign a
low nine-year-old son of hers to go
to any camp if she knew that liquor
was sold there.

At 6 o'clock yesterday afternoon the
works committee, without taking a
vote, passed the recommendation of
Works Commissioner Harris and As-
sessment Commissioner Forman that
Terulay street be widened to a width
of 86 feet and extended from Queen
st. to Davenport road, in order to pro-
vide Toronto with another great traf-
fic nerve.

THE GOOPS HAVE REACHED TORONTO
WATCH FOR THEM IN THE WORLD

The "Goops" are a family of unspanked little horrible
examples of everything good children should not be and
do, meant to teach children good manners by showing them
what bad manners look like in print and picture.

The "Goops" will be a daily children's feature of the
Woman's Home Page in The Toronto World, beginning
on Monday. The "Goops" will be little day-by-day
rhymed and pictured lessons in politeness and good
behavior for children. Every mother will be delighted
with the helpful educational influence the naughty little
"Goops" will have on her children. This will be a popular
feature with grown-ups as well as youngsters. Parents
and children, turn to the Woman's Home Page next Mon-
day and see the funny, fascinating little "Goops," written
and illustrated by Gelett Burgess. A "Goop" will mis-
behave every day on The World's Woman's Home Page,
starting on Monday.

COST SIXTY-EIGHT MILLIONS
TO BUILD TWO FLEET UNITS
IN CANADA, DECLARES PREMIER

Outlay Would Be One-Third
Greater Than if Ships Were
Constructed in Britain—
Well-Equipped Shipyards
in Canada Would Cost Sev-
enty-Five Millions.

OTTAWA, Feb. 28.—The house
while in committee of the whole to-
day passed the first clause of the naval
bill. This is merely the clause which
provides that the act be named "The
Naval Aid Act." If the attitude taken
by Hon. William Pugsley in any cri-
terion it looks as if the Liberals in-
tend to obstruct the passage of the
bill as long as they can do so.

Premier Borden gave the house
much information concerning prices
of battleship construction in England
and here, to support his assertion that
they could be built much more cheaply
in the old country, submitting figures
to show that the cost of two fleet
units built in Canada would be \$68,000,000.

Plagues Broken, Pugsley Assests.
Hon. William Pugsley, ex-minister
of public works, crossed swords with
Hon. J. D. Hazen on several features
of the bill. Mr. Pugsley declared that
inasmuch as one large English firm
had at great expense established a
Canadian branch with the expectation
that they would receive orders for
battleships, the government should
fulfill those expectations.

The minister of marine pointed out
to Mr. Pugsley that the Laurier gov-
ernment had ample time to let con-
tracts to this firm before they went
out of office if they had desired to do
so. He contended that Mr. Pugsley
had used this phase of the naval ques-
tion to serve his own ends in the last
general election.

Mr. E. M. MacDonald (Picton), Mr.
German (Welland) and others spoke.
Cost of Fleet Units.
In compliance with Sir Wilfrid
Laurier's request that the government
figure showing the comparative
costs of building ships in Canada and
in England the prime minister read
a memorandum from the admiralty
giving the desired information.

The cost of building the necessary
boats in Canada would be a fleet unit
as follows: One first-class cruiser
or Drednought, \$12,755,860; 3
cruisers (Bristol type), \$3,007,500; 3
torpedo destroyers, \$5,745,000; 3
submarines, \$2,480,800. The total cost,
therefore, of a fleet unit built in Can-
ada would be \$24,989,160, or \$68,577,000
for units on the Pacific and Atlantic
oceans.

The cost of a similar unit built in
England would be \$25,622,222, made
up as follows: One Drednought, \$12,250,860; 3 cruisers (Bristol type), \$3,007,500; 3 torpedo destroyers, \$5,142,600; 3 submarines, \$1,778,333. This, the premier pointed out, meant that Canada could build her ships in Eng-
land at a saving of over eight million
dollars on each unit. He explained
that 33-1-3 per cent. had been added
to the Canadian prices to cover the
extra cost of establishing a plant able
to build warships.

EASTERN RADIAL
TO BE BUILT
THIS YEAR

C. N. R. Electric Line From
Bowmanville Will Come in
Over the York Radial on
Kingston Road, But North
Toronto Terminal Plans
Have Not Been Abandoned.

The new Canadian Northern Rail-
way electric radial line from Bowman-
ville to Toronto will be completed and
a service between Toronto and Bow-
manville put in operation by the fall.

Altho it was at first expected that
the line would divert from the Kings-
ton road at Highland Creek, and tak-
ing a westerly course, terminate in the
vicinity of the North Toronto station,
this had been dropped in favor of a
shorter route.

The right-of-way from Bowmanville
to Pickering has previously been an-
nounced. From Pickering the line will
drop south westerly under the Grand
Trunk at Frenchman's Bay, then over
or under the Grand Trunk across the
Rouge and into Scarborough, and keep-
ing north of the Grand Trunk in Scar-
boro, will connect at Highland Creek,
known as West Hill stop on the York
Radial, with the existing York
Radial tracks.

An official of the line stated to The
World that this did not mean the
abandonment of the North Toronto
terminal plan of the Bowmanville line,
but was being done in order to bring
the line thru to Toronto this year.

The laying of the line from Highland
Creek to North Toronto station may
be undertaken early in the spring of
1914," he said.

President-Elect Not Definitely
Committed Against Free
Tolls, Despite Pub-
lished Reports.

NEW YORK, Feb. 28.—(Can. Press.)
The publication today of the state-
ment that the British Government has
proposed arbitration of the canal
question in a note to the state de-
partment, copied with the comment
of the British press on despatches to
London newspapers purporting to re-
late the president-elect's "wish" as
against free tolls, brought no definite
statement from Mr. Wilson.

The president-elect declined to
make any comment beyond a denial
of the published report that he had
expressed himself with finality on the
question. Mr. Wilson said that he did
not feel it would be proper for him
to discuss the matter of canal tolls
until after he became president and
had had a chance to discuss it with
members of the senate.

Why He's Silent.
The possibility that the senate
might take some action which would
remove the grounds for the British
protest and thus relieve the new ad-
ministration from an embarrassing
situation in some quarters as the chief
reason for his reticence.

On the other hand it is said by those
who know the president-elect's views
on the question of foreign policy that
if the question is flung up to him
he either would indicate opposition to
the proposed free tolls, or favor sub-
mission of the question to a court of
arbitration.

Minister of Militia Deplores
Lack of Equipment to
Meet Pressing
Needs.

OTTAWA, Feb. 28.—(Can. Press.)—
Col. Sam Hughes tonight entertained
the Canadian militia officers at a
brilliant banquet at the house of com-
mons restaurant. It was a fitting
close to a day that will long be re-
membered by all interested in the wel-
fare of the Canadian soldiers.

LOCAL OPTION IN TAXATION IS
SUPPORTED AFTER HOT DEBATE
HOME SMITH LEADS OPPONENTS

Toronto Board of Trade's
Resolution Upheld by Small
Majority. The Hostile
Forces Contended Issue Is
Political One—Want Royal
Commission to Investigate
High Cost of Living.

LONDON, Ont., Feb. 28.—(Can.
Press.)—Assessment reform was dis-
cussed at some length at the session
of the Associated Boards of Trade,
held today, and by a small majority it
was decided to memorialize the gov-
ernment to adopt legislation allowing
the municipalities some measure of
local option in the matter of legisla-
tion.

Other resolutions were adopted,
among them being one asking the
government to establish a commission
to enquire into and produce if possi-
ble a remedy for the high cost of
living, the establishment of a govern-
ment railway from Sudbury north, the
building of more railways in New On-
tario to develop that country, and on
other less important matters. Col.
Ponton, Belleville, was elected presi-
dent for the year.

The board favored meeting in To-
ronto next year, and a resolution was
passed to that effect. The executive
will deal with that matter as well as
the arrangements for an excursion
into Northern Ontario.

Assessment reform created a long
discussion at the meeting, it being the
most important to pick for discussion
at the session. A resolution was in-
troduced by C. B. Watts of the To-
ronto Board of Trade asking the gov-
ernment to enact legislation giving
municipalities some measure of local
option in dealing with the question of
assessment.

Cities' Growth Retarded.
Mr. Watts spoke at length in ad-
vocating the policy, declaring that
the present method of assessment was
equitable, speculators held vacan-
t property in cities for big prices
and kept back the development of the
municipalities. Were the burden of
taxation placed on the land it would
stimulate building and encourage
development. He instanced numerous
cases in Toronto where land was held
at high prices, and the assessment
was low because there were either no
buildings or very poor structures. Mr.
Watts declared that the City of Lon-
don would have to pay three or four
times the assessed value of property
for the federal square. The western
municipalities were assessed at more
than 20 or 30 per cent.

Mr. Home Smith declared that the
resolution had passed the board of
trade by some political stratagem, and
was therefore not representative of the
opinion of the larger portion of the
members of the board. The question
was party question, and such ques-
tions should be avoided.

"This question of tax abuse is advo-
cated by long-haired theorists, who do
not know what they are talking
about," he declared.

The west, he continued, has been
pointed to as an example of how this
scheme works out. As a matter of fact,
building in the west was over-estim-
ated. There was no need to stimulate
building in Ontario. The progress of
this line was excellent. The advocacy
of this scheme pointed to the heavy
burdens of taxation borne by the poor.

The remedy would help a certain
man very little. He favored a gradu-
ated assessment for workmen's
homes and in this way equity could
be done. Extension of the present
allowance on buildings would inevitably
increase the tax rate and as municipal
financing was a serious problem at
the present time, municipal authori-
ties would be given a setback. Land
values were liable to contract.

Amendment Defeated.
The land speculator who suppre-
s in the west, where this scheme is sup-
posed to have remedied all evils," de-
clared Mr. Smith. "Unearned in-
crement should be taxed a certain per-
centage, but your methods will not do
it."

He suggested an amendment to the
effect that the Ontario Government in-
quire into the matter and see if leg-
islation could not be introduced to ob-
tain a percentage of the unearned in-
crement, but it was defeated by the
delegates.

W. R. Burgoyne of St. Catharines, de-
clared that the present system was
wrong and proper assessment on land
values was needed. He denied that
the matter was political, saying that
the idea originated with the Conserva-
tives. He proposed an amendment
providing that the government ap-
propriate not less than 5 per cent. and
not more than 25 per cent. of the dif-
ference between the selling value of
property and the assessment, but the
delegates would not stand for that.

Mr. Watts spoke briefly concerning the
board to pass his resolution, giving
municipalities local option in this mat-
ter, and it carried by a very close
vote.

Co-operation with Farmers.
A motion to encourage farmers and
farmers' associations to join the board
of trade was introduced by
MacLachlan, of Belleville, but be-
fore it was finally passed amend-
ments calling for the establishment of
a department of immigration by the
Dominion Government, with a mini-
ster in charge, and for the appoint-
ment of a standing committee of the
board to deal with matters of in-
terest to the farming community
were added to the resolution.

The necessity of more railways in
the north country was the reason of

**A DUNLOP TRACTION TREAD TO-DAY**      **AN ORDINARY NON-SKID TO-DAY**

**Get To-morrow's Use From To-day's Tires**

Features that apply not only the day you buy the tires—but six months after—are the only features you ought to pay for. With ordinary non-skids the tread is bound to wear smooth sooner or later—usually sooner—because there is no size to the non-skidding surface. It is different with Dunlop Traction Tread. When you buy this tire you get the biggest anti-skidding surface in the world. The wear on Dunlop Traction Tread corrugations is but the slightest, and it's no greater in the centre of the tread than on the sides. Thus with Dunlop Traction Tread you get the benefit of the traction grip all the way down with the wear. Therefore, you are still getting what you can get from no other tire—what you paid for in the first place. It isn't sufficient that you look ahead when driving your car. Look ahead when buying your anti-skid tires.

Note:—The "buttons" found on ordinary non-skid tires are herewith represented by the figures 1, 2, 3.

**GETTING GRAY? USE SAGE TEA TO RESTORE NATURAL COLOR OF HAIR**

Says Sage and Sulphur Darkens Hair Beautifully and Ends Dandruff.

Hair that loses its color and luster, or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair, says a well-known local pharmacist. Our grandmother made beautiful and even today this simple preparation has no equal. Millions of women and men too, who value that even color, that beautiful dark shade of hair which is so attractive, use only Sage Tea and Sulphur.

Nowadays we are not bothered with the task of gathering the sage leaves and the mussy mixing at home.

Simply ask at any drug store for a 50 cent bottle of the ready-to-use pre-Sulphur Hair Remedy. Customers naturally, so evenly, that nobody can sides, it contains ingredients which take off dandruff, stop scalp itching or even like it. No, it isn't a dye response or soft brush with "Wyeth's Sage and Sulphur" and draw it thru up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and even today this simple preparation has no equal. Millions of women and men too, who value that even color, that beautiful dark shade of hair which is so attractive, use only Sage Tea and Sulphur.

Nowadays we are not bothered with the task of gathering the sage leaves and the mussy mixing at home.

What delights the ladies with Wyeth's Sage and Sulphur is that besides beautifully darkening the hair they say it brings back the gloss and luster and gives it an appearance of abundance. Agents, Robert Simpson Co., Limited.

**WELLAND CANAL PLANS BACKED BY YANKEES?**

North Bay Board of Trade Proposes to Suspect Dark Designs.

NORTH BAY, Feb. 28.—(Special).—At the annual meeting of the North Bay Board of Trade today further strong criticisms were made touching the hostility of the great waterways French River navigation improvement project.

In the opinion of some speakers the opposition "savours so much of Yankee pass for its twin brother" and that it was "another case of shrewd Yankee invasion in a last desperate attempt to coral water transportation for the province."

No reputable engineer, it was stated, had yet been quoted in opposition to the French River improvements who had been closer to that waterway than the Pullman car service department while the public works department at Ottawa were full of correct data obtained on the ground necessary as a basis for a practical and showing the workable link in the transportation routes of Canada. Not only North Bay but the entire northern country directly concerned in navigation out-let, and the entire Dominion would benefit.

**REVISION WORK ON THE STATUTES**

Government Is Satisfied That Work Will Be Well Done.

**OPPOSITION CRITICS**

Long Delay and Expense Gave Rise to Spirited Debate.

Because the statute revision commission, which consists of a number of members of the bench, has been reconstructing the statutes since 1906 and the task is still uncompleted, the opposition used this subject for its criticism of the government in the legislature yesterday. The discussion was rather warm on both sides of the house. N. W. Rowell and W. H. Proudfoot assuming the offensive, and Sir James Whitney and Hon. J. J. Foy the defensive. The cause of it all was a motion by Mr. Proudfoot that an address be presented to the lieutenant-governor calling upon the commission to forthwith complete its work and render its report to the house not later than April 1.

The opposition harped about the great expense to the people because of the delay in finishing the job and the additional financial burden because of "luncheon and entertainment" being provided for the learned judges. The government's reply was to the effect that the commission was doing its work skillfully and carefully, and its task was heavy because of the slipshod methods of the commission under the old Liberal government.

Mr. Proudfoot's amendment was voted down, and Mr. Foy's amendment expressing satisfaction with the progress made by the commission was favored by 35 to 20. The small vote being on account of most of the members having gone to their homes.

**A Heavy Cost.** Mr. Proudfoot stated that in 1887 the cost of revision had been \$79,942, that in 1897 it was \$76,804, and that up to date \$195,583 had been spent on the present revision. "The work is not yet completed," he said, "and I estimate that it will cost more than \$200,000 before it is finished." Six judges had been paid \$82,500, and what he objected to was that so far as the judges were concerned they had other duties to perform and claimed to be so over-worked two years ago that two new ones were appointed. He noticed that on lunches and entertainment for the commission \$6797.80 had been spent, and considered that when these gentlemen were being paid for their work the province should not have to pay for their entertainment. Answer might be given that the expense was more extensive than other previous revisions, but he said that the statutes of 1897 were a very good set of books. This commission, he said, had usurped the duties of the members of the legislature and was a legislative body instead of a revising committee.

**Quite Unnecessary.** Hon. J. J. Foy declared that when one considered who the members who composed the commission were, and the present state of the work, an address urging them to hurry up was quite unnecessary. The cost of the work per annum was not as great as the cost of the other two revisions referred to, and whereas the revision of 1897 was extremely unsatisfactory, skillful work was being put upon the new revision, and it would be one of which the province would be proud. "The statutes in 1897," he said, "were clipped and scissors and left bungled up." There was no skillful work, no skillful arrangement and they were incomplete and imperfect because they were rushed thru. The next revision will be a money waste, it will be just a consolidation of the existing acts.

**Government Satisfied.** In referring to the money spent in the entertainment of the commission, Mr. Foy claimed that in entertaining the men who worked late in the afternoon when others were holding a former government. He then moved an amendment to Mr. Proudfoot's motion substituting a clause expressing satisfaction of the appreciation and satisfaction of the commission and its work.

Allan Studholme went strong on the "luncheon and entertainment" item of the accounts and showed how on the part of \$1400 four poor families had been helped for a year. "Following in the footsteps of a previous administration," he said, "is no excuse. These things which you term 'little' are making the world to-day."

**Sir James Whitney's Defence.** Sir James Whitney, in his introduction of this motion we observe and complete want the fairness of certain members of the house and the disingenuous effort to put the hinges not in the right place. He then stated that he had been told on one occasion that the old statutes made up "the worst legal compilation in the British Empire." The cause of the delay was the thoro nature of the work. In concluding the premier took a fine government, he mentioned by Mr. Rowell. Time was wasted, he said, that the lawyers had become dull and sluggish and now disliked to look up the law.

Mr. Foy's amendment, expressing satisfaction with the progress made by the commission, passed by a vote of 25 to 9. Allan Studholme voted with the opposition.

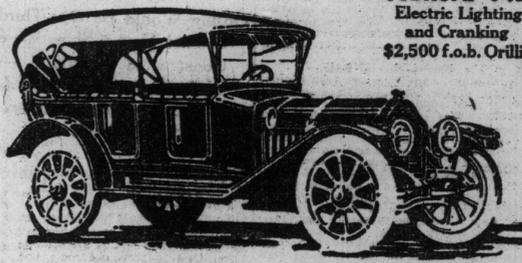

**Are Not Ashamed.** "It was not a revision," he declared, "it was a matter of scissors and paste notes. We are not ashamed of the delay; we are usual, cheerfully and willingly accept all responsibility for the delay—and for the luncheon." He then stated that he had been told on one occasion that the old statutes made up "the worst legal compilation in the British Empire." The cause of the delay was the thoro nature of the work. In concluding the premier took a fine government, he mentioned by Mr. Rowell. Time was wasted, he said, that the lawyers had become dull and sluggish and now disliked to look up the law.

Mr. Foy's amendment, expressing satisfaction with the progress made by the commission, passed by a vote of 25 to 9. Allan Studholme voted with the opposition.

**TO BUILD HOUSES FOR WORKINGMEN**

W. K. McNaught Would Give Toronto Power by New Legislation.

That the city be empowered to purchase land on the outskirts on which to erect workingmen's homes is one of the clauses in the City of Toronto bill which W. K. McNaught will introduce in the legislature. Mr. McNaught said yesterday that the whole plan had not been a finally worked out, but he felt that it would mean a great deal to

ORILLIA READY FOR THE FINALS

Defeat Oshawa at Home and Will Now Meet Woodstock.

OSHAWA, Feb. 28.—Orillia Juniors are now ready to meet Woodstock in the finals of the second game of the semi-finals here tonight. Orillia had scored eight goals from the Oshawa game and increased it to 11 by defeating Oshawa 7 to 4. It was always Orillia. The team: Oshawa (4): Goal, Wilson; point, Barriage; cover, Jacob; rover, Fair; centre, Hall; right wing, Riorden; left wing, Weller.

Orillia (7): Goal, N. Cook; point, R. Held; cover, MacNab; rover, Butterfield; centre, A. Pugh; right wing, L. Jupp; left wing, P. Thornton. Referee, G. Caldwell.

North Bay Defeats Sudbury. SUDBURY, Feb. 28.—North Bay won the eastern division of the International Hockey League here tonight by defeating Sudbury 7 to 3 in a hard fast game.

Weston Hockey Tournament. Two games were decided last night on good ice at the Weston tournament. The first was between Victoria 7 and Parkviews 7. The other games will be decided next Monday and Wednesday. The Harris-Gunn game has been ordered to be played over again.

O.K.'s Triumph Again. O.K.'s defeated St. Marys by the score of 1 to 0 last night at Ravina Rink in a strenuous game of hockey. The goal was scored on an easy shot, which slid into the corner of the net. This put St. Marys out of the running. The teams: O.K.'s (1): Goal, Webb; point, Ball; cover, London; rover, Moore; centre, Kerr; right, Millard; left, Wakeley. St. Marys (0): Goal, Bradley; point, Wagner; cover, Skain; rover, O'Hara; centre, Hogan; right, Venosi; left, Beatty. Referee, L. Brown.

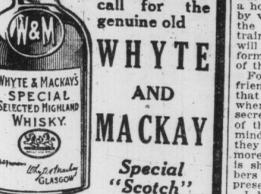

Soo Defeated Blind River. SAULT STE. MARIE, Ont., Feb. 28.—In the International League tonight the Soo defeated Blind River in one of the finishing matches in the series by a score of 8 to 1. Blind River scored its only goal thru a fluke, while the Soo scored every tally. The Soo won on its merits.

Berlin 11, Simcoe 0. BERLIN, Feb. 28.—Before a crowd of 2000, Berlin Intermediates defeated Simcoe tonight by a score of 11 to 0, and clinched another series on the road to championship by a score of 11 to 0. The half time score was 5 nothing. The splendid combination work of the locals demonstrated their prowess as goal getters. The teams: Berlin (11): Goal, Moxon; rover, Moxon; centre, Moxon; right, Moxon; left, Moxon. Referee, Moxon. Monday with a return on Wednesday.

Epworth beat N. Parkdale, 3 to 1 last night, and thus landed the championship of the Methodist League. The winners lined up: Rickoll, Riddell, Drayton, Henderson, Graydon, Thompson, Dewar.

The Gerhard Heintzman hockey team and their supporters are requested to be at the Knox College rink, Spadina crescent, at 2.30 this afternoon, where they will be entertained by Mr. Kilpatrick's picked team.

Whitby Trounced by Collingwood

Northern Town Team Have a Twelve-Goal Lead — Hockey Scores.

COLLINGWOOD, Feb. 28.—The home boys won the Intermediate O.H.A. game tonight by the score of 12 to 0. The half time score was 6 to 0 in favor of Collingwood, the home boys playing all Hall's individual rushes were a feature. Frier's clever handling of the stick kept the visitors down. The line-up: Whitby (0): Goal, Jobb; point, Smith; cover, Michtyre; centre, Rice; rover, Blanchard; left wing, C. Blanchard; right wing, Watson. Collingwood (12): Goal, Cook; point, Hall; cover, Danos; rover, Burns; right wing, Frier; left wing, Burns; right wing, McKinnon; centre, Jobb. Referee, Whitehead, Toronto.

Canadian Boxing Tournay in Arena

Championship Events to Be Decided Within Four or Five Weeks.

The annual Canadian boxing championships will be held in the Arena the latter part of the month or early in April. This is the result of a mail vote on the application to Toronto and Vancouver, President Tees of Montreal, informed Secretary Crow yesterday that this city had won the right to host the event.

Grand Circuit for Canadian Horses

Special Writer Sees a Wonderful Field of Development for Harness Horses.

Mr. J. Jay Critchfield, special correspondent of The Horse World, in an interesting article, gives his impressions of Canada as a racing field, as follows: At the end of my third trip to Canada in the interest of The Horse World, my impressions formed last summer, when Ontario, have been more than confirmed. Nowhere in my experience have I found such enthusiastic people ready to pay the price for a horse that they would not pay for a pig or a cow. The fact that racing, with good purses, is carried on almost all over the country, and that it is always good, larger than it has ever been before, regardless of winter conditions, is a fact that, before there is any thought of racing in the States, meetings will be given in the Northwest, and quite a few of the Ontario contingent will go there and take part in the racing. The opening of the Grand Circuit and the smaller circuits of the States.

Whitby by Default

WINGHAM, Feb. 28.—Wingham defaulted to Whitby in the final Northern Hockey League game, which was to have been played here last night. Wingham, consequently, wins the league championship.

University Schools Defeat Harbord

Yesterday afternoon at Harbord, the University Schools defeated the Harbord Hockey League team, which was to have been played here last night. The game was a close one, but the University team showed some combination. Both goal-keepers were excellent. The game was clean and fast. The teams: U.S.S. (2): Goal, Bishop; point, Plummer; cover, Bieker; rover, Hobbs; left, Bird; centre, Gounlock; right, Brophy. Harbord (0): Goal, Bishop; point, Plummer; cover, Bieker; rover, Hobbs; left, Bird; centre, Gounlock; right, Brophy. Umpire—Mr. Dunkley.

Canadian Lawn Tennis Players After Davis Cup

Secretary W. F. Summerhayes called to England last evening the names of the members of the Canadian team for the Davis Cup. They are R. B. Powell and B. F. Schwengers of Victoria, B.C., and L. G. Maves of Winnipeg. Entries must be in the hands of the secretary of the English Lawn Tennis Association not later than Monday next. The outlook for the present time is for the largest entry in record in this competition, viz. United States, France, Germany, Canada, and India. The challenging countries will play off preliminary rounds after a draw on courts to be mutually agreed upon, and the challenge round will be played against the holders on English courts. Play will probably start in the second week of June, and the earlier ties will be played off at a place mutually agreed upon. If Canada is drawn against either France or Germany, it is probable the tie will be played in Paris or Berlin.

NATIONAL TRUST BEATEN IN FINAL

Trusts and Guarantee Are the Champions of the General Finance League.

The Trusts and Guarantee won the General Finance League championship last night, when they defeated National Trust, 4 to 2, at the Ravina Rink. It was a red-hot contest throughout, with the teams tied, one-all, at the half.

Wear My \$20 Suits and Overcoats

Equal to the best and better than most at \$25. J. H. STOKES, 699 College St. S.E. Corner College and Montrose. Open evenings until 9.

LOCAL OPTION IN TAXATION SUPPORTED

Continued From Page 1. Two motions being presented, one being a general demand for feeders to the Timiskaming and Northern Ontario Railway in that country, and the other for a line north from Sudbury. Messrs. Youn, O'Connor, Mason and other delegates from the north made strong pleas for the roads to develop that district, and the motion was carried.

Enquiry into Cost of Living

The resolution that the government appoint a commission to investigate the high cost of living and propose methods to relieve the condition did not occasion much debate. The delegates were of one mind that something along this line should be adopted, and it was carried without discussion.

Excursion to Buffalo

Only \$2.70 Return From Toronto, Saturday, March 1. Those desiring to spend the week-end in Buffalo should take advantage of this opportunity. Tickets good leaving Toronto, will express 1.15 p.m. and valid returning to Toronto until Monday, March 3, inclusive. Fastest time to Buffalo. Finest equipment, including parlor car and up-to-date C.P.R. Toronto city office, 16 West King Street.

\$3.50 RECIPE FREE FOR WEAK MEN Send Name and Address To-day-- You Can Have It Free and Be Strong and Vigorous. I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excessive, unnatural drains, or the follies of youth, that has cured so many worn and nervous men in their own homes--without any artificial help of medicine--that I think every man who wishes to regain his manly power and vitality, quickly and quietly, should have a copy. So I have decided to send a copy of this prescription free of charge, in a plain, ordinary sealed envelope, to any man who writes me for it.

Hockey Gossip The "poor public gets it in the neck" again. Only 400 seats for Monday night's final game were put on sale at the Arena yesterday morning, and with the 1500 bleacher seats that will be procurable on Monday night, this brings the grand total up to 1900. The thousands of fans who pay their good money all season to see the teams play are given the grand chance of securing less than two thousand seats, when it comes down to the final game, and 1500 of these are rush at that. According to the statement of the O. H. A., got 146, to look after the officers at the outside clubs. This leaves 2000 seats unaccounted for, and the fans would like to know just who got these. By defeating High Park, 2 to 1, last night, Eppurva von their junior section in the M.T.A. League. The Jennings Cup semi-final game of Groups A and B will be played at the Arena at ten o'clock this morning. The

Fred Taylor, Ottawa's star of a year ago, and now of Vancouver, is only substitute played on the first B. C. all-star team to hand, the lineup being: Goal Bert Lindsay (Victoria); point, Frank Patrick (Vancouver); cover-point, Ernie Johnson (Westminster); rover, Lester Patrick (Victoria); right wing, Eddie Oatman (Westminster); centre, Tommy Dundardale (Victoria); left wing, J. McDonald (Vancouver).

HUETHER'S PILSENER AND WUERZBURGER LAGERS A Warming Winter Drink It is a curious but well-known fact that Lager has a warming effect on the body during winter--even when iced. Of course it is cooling at first, but gradually, by quickening the circulation and nourishing the blood and tissues, it greatly increases animal heat and resistance against cold. Huether's Pilsener and Wuerzburger are the finest lagers brewed in this country by the Old German process--a stimulating, satisfying nutritious drink, a fine tonic, and wonderful aid to digestion. To be found in the best homes, clubs, hotels, and cafes. THE BERLIN LION BREWERY, Limited BERLIN, ONT. Toronto Branch--9 Church St. Phone Main 6929

HOTEL FIRE COST LIVES OF MANY

Total of Dead at Omaha May Reach Seventy-Five.

OMAHA, Neb., Feb. 28.—(Can. Press.)—Loss of life estimated all the way from twenty to seventy-five resulted from a fire which destroyed the Dewey Hotel, a second-class hotel occupying a three-story building, at 13th and Farnam streets, today. Three hours after the fire was discovered it was pronounced under control. It was confined to the building where it started.

The fact that the hotel register was destroyed will make it difficult to obtain a list of the dead, and while the manager of the place states that about fifty were registered, and that many of the guests were not registered and the total number was more nearly one hundred.

Of these not more than 25 are known to have escaped. The known dead are: Miss Alice Benneive, Charles Cuning, a bartender who had a room on the Farnam street side of the hotel, jumped from a third-story window and met instant death.

Mrs. C. E. Hawkins, who had a room on the second floor, dragged her door, Miss Alice Benneive, to a window. There Miss Benneive collapsed.

Mrs. Hawkins jumped and the policemen broke her fall she was badly injured. Her sister's body is in the ruins.

The basement into which the burning interior fell within half an hour after the fire started contains at least forty bodies, as the bulk of fire reach them for hours after the building collapsed. Only four bodies were recovered before the flames drove the firemen from the building.

Use Gibbons' Toothache Gum—Sold by all druggists. Price 10 Cents.

BIRTHS.

IRWIN—On Tuesday, Feb. 25, to Mr. and Mrs. W. R. J. Irwin, 27 Dunn avenue, a son.

MUNRO—At 173 Pearson avenue, on Thursday, Feb. 27, to Mr. and Mrs. Arthur Munro, a son.

DEATHS.

BROWN—On Friday evening, Feb. 28, 1913, at his late residence, 22 Brunevo avenue, Toronto, Albert, beloved husband of Elizabeth Roger Brown, in his 73rd year.

Funeral from above address on Monday, at 2:30 p.m. Interment in Mount Pleasant Cemetery. Friends please accept this notice.

COWAN—At Ottawa, on Friday, Feb. 28, Susan Groves, beloved wife of William F. Cowan.

Funeral on Monday, 2nd inst., from Union Station, Toronto, on arrival of 2:30 train from Ottawa, thence to St. James' Cemetery for interment.

THORNE—On Friday, Feb. 28, 1913, at the residence of his son, William Thorne, 114 Lippincott street, Toronto, Thomas S., husband of the late Isabella Thorne, aged 77 years.

Funeral from above address on Monday, at 2 p.m. Interment in Mount Pleasant Cemetery. Friends please accept this notice.

TEEDY—On Friday morning, Feb. 28, 1913, Mary, dear wife of Michael Teedy, in her 70th year.

Funeral from her late residence, 1229 College street, on Monday, March 3, at 8:45 a.m., to St. Helen's Church, thence to Mount Hope Cemetery. Friends and acquaintances please accept this notice.

WARD—On Thursday, Feb. 27, 1913, Lillian May, widow of the late Claude R. Ward, at the residence of her father, Frederick Thompson, 2346 East Queen street.

Funeral from above address at 2:30 p.m., Saturday, March 1.

A Genuine Rupture Cure Don't Wear a Truss Any Longer

After Thirty Years' Experience I Have Produced an Appliance for Men, Women and Children That Actually Cures Rupture.

The above is C. E. Brooks, inventor of the Appliance, who cured himself and who has been curing others for over 30 years. If ruptured, write him today.

If you have tried most everything else, come to me. Where others fail I succeed. I have my greatest success. Send attached coupon today and I will send you free my illustrated book on Rupture and its cure, showing my Appliance and giving you prices and names of many people who have tried it and were cured. It is instant relief when all others fail. Remember, I use no salves, no harness, no ties.

Pennsylvania Man Thankful

Mr. C. E. Brooks, Marshall, Mich. Dear Sir—Perhaps it will interest you to know that I have been ruptured six years and have always had trouble with it. I tried I Appliance. It is very easy to wear, fits neat and snug, and is not in the way at any time, day or night. In fact, at times I did not know I had it on; it just adapted itself to the shape of the body, as it clings to the spot, no matter what position I was in. It would be a veritable God-send to the unfortunate who suffer from rupture if all could procure the Brooks Rupture Appliance and wear it. They would certainly never regret it. My rupture is now all healed up and nothing ever did it but your Appliance. Whenever the opportunity presents itself I will say a good word for your Appliance, and also the honorable way in which you deal with ruptured people. It is a pleasure to recommend a good thing among your friends and strangers, I am, Yours sincerely, JAMES A. BRITTON, 80 Spring St., Bethlehem, Pa.

Others Failed But The Appliance Cured

Mr. C. E. Brooks, Marshall, Mich. Dear Sir—Your Appliance did all you claim for the little boy and more, for he cured him soon and well. We did him wear it for about a year in all, although it cured him 3 months after he had begun to wear it. We had tried several other remedies and got no relief, and I shall certainly recommend it to friends, for we surely owe it to you. Yours respectfully, W. M. PATTERSON, No. 71 S. Main St., Akron, O.

Cured at the Age of 76

Mr. C. E. Brooks, Marshall, Mich. Dear Sir—I began using your Appliance for the cure of rupture (I had a pretty bad case), I think in May, 1905. On November 20, 1905, I quit using it. Since that time I have not needed or used it. I am well of rupture, and rank myself among those cured by the Brooks Discovery, which, considering my age, 78 years, I regard as remarkable. Very sincerely yours, SAM A. HOOVER, High Point, N.C.

Child Cured in 4 Months

Mr. C. E. Brooks, Marshall, Mich. Dear Sir—The baby's rupture is altogether cured, thanks to your appliance, and we are so thankful to you. If we could only have known of it sooner our little boy would not have had to suffer near as much as he did. He wore your brace a little over four months, and has not worn it now for six weeks. Yours very truly, ANDREW EGGENBERGER, 21 Jansen St., Dubuque, Iowa

THE SUNDAY WORLD

The Sunday World this week is brimful of interesting features, including: A full page editorial on How the Fruit Industry of Ontario is Being Developed, Chapter III of "Old Times on the Mississippi" Review of the past week theatre attractions. Pages of interesting items for old country people. Words and music of "Beware of the Siren." Four-color picture of art treasures recently brought into America. Pictures of the Rev. J. S. Woodsworth of Winnipeg, Mrs. A. G. H. White and Madame Innes-Taylor of Toronto. "The Cynical Miss Catherwaite," a short story by Richard Harding Davis. A collar embroidery design.

In the illustrated section there are pictures of the Auto Show, the United States preparing for intervention in Mexico, suffragette store in New York, the Junior school pupils of Haverall on the Hill, junior pupils and staff of the Varsity School, winter sports and scenes in Norway and Switzerland, English prize cats, and the Ontario Veterinary College (graduating class).

Yorkshire Society. Pres. John Scott was toastmaster at the well attended annual dinner of the Yorkshire Society at Williams' Cafe. Appropriate speeches were made by Ald. Sawdison, Frank Oldfield, H. Holdroyd, J. W. Carter, A. Atkinson and H. Wright.

President R. Young of the Lancashire Society responded to the toast of sister societies. The musical program included songs by Mrs. W. C. Robinson, Albert Downing, Joe Williams and Norman C. Whitehead, with Fred Shuttleworth accompanist.

Printers Meet. Typographical Union No. 91 meet tonight to discuss the new newspaper printers' scale under arbitration.

Could Build Vards. Hon. Mr. Pugsley said that with the \$55,000,000 which Canada now intended to send out of the country, she could build a shipyard on the Pacific coast and one on the Atlantic coast, and have enough money left over to make a good start towards the construction of a Canadian navy. He declared that the prime minister in his speech on Thursday clearly showed that the policy of the government was not to establish a Canadian navy.

Mr. German (Welland) wanted to know what the government intended to do with the young men now training for naval officers.

Training for Navy. Mr. Borden replied that some of the graduates of the naval college were now serving on the training ships, provided by the admiralty, in foreign waters. The sailors were still serving on the Niobe.

He further stated that he had received a memorandum from the admiralty to the effect that there would be annually eight cadetships open in the British naval service for young Canadians.

In reply to a question asked by E. M. MacDonald (Picton) the prime minister stated that the government intended to increase the scope of the royal naval college at Halifax by providing a course of engineering. This was, of course, he explained, only tentatively suggested.

MILLION DOLLAR COMPANIES.

OTTAWA, Feb. 28.—(Special.)—The Canada Gazette announces the incorporation of Mills Bros. Ltd., with a capital stock of one million dollars. The new company will carry on a general realty and construction business. The head office is situated in Hamilton.

The incorporation of the Industrial Trust Co. Ltd., with a capital stock of one million dollars is also announced.

THE F. W. MATTHEWS CO. FUNERAL DIRECTORS 235 Spadina Avenue

Telephone College 791 and 792 MOTOR AMBULANCE SERVICE 136

COST SIXTY-EIGHT MILLIONS TO BUILD UNITS Continued From Page 1.

should be added to the cost of building the boats in Canada.

He pointed out that the United States had in twenty years built up one of the world's largest navies. He thought that if the United States could build warships, there was no reason why Canada could not spend something like two propositions which had been considered, should be submitted for final decision to the people.

(Mr. Currie (E. Simcoe).—"Does the hon. gentleman mean to treat us as children? The house shouldn't listen to such foolish statements." (Laughter.)

Mr. Pugsley, in conclusion, pointed out that Hiram Maxim & Sons, the shipbuilders, had established a Canadian branch and spent something like \$5,000,000 on the assumption that the Canadian Government intended to establish a local navy.

Not Cheaper in U. S. Hon. Mr. Hazen who followed Mr. Pugsley, opened his remarks by saying: "My hon. friend is always criticizing me for not spending money. I can only say that I do not find the same fault with him." (Laughter.)

He repudiated Mr. Pugsley's statement that ships could be built in the United States cheaper than in England. He pointed out that the United States had built two dreadnoughts for the Argentine Republic at a low price because the ship builders had no work on hand and did not wish to shut down their yards.

Mr. Hazen said that shortly after he

Where Is Heaven?

Both the wise and the ignorant seem to have superstitious ideas and are mystified as to where heaven is. I claim heaven is everywhere you find man in a happy and healthy condition, for heaven is a happy and healthy condition of the soul and body, which is continual to those who live right, act right and do right.

Where Is Hell?

THE INFIDEL AND THE FOOL SAY THERE IS NO HELL. I say there is. What is it? It is a condition or state of misery, sickness, agony and despair, from living in sin, and is everywhere and continual for the one who is living in sin. Disease is hell. Job was in this state or condition, suffering in the body and also the mind. He that turneth away from his evil ways and doeth that which is lawful and right shall save his soul alive.

THE GREATEST PLEASURE

The greatest wealth is written in one word, that's health. We have all sinned and many are now suffering from their past wrong-doings with some disease or complaint, and no one wants to live in a suffering condition if they can get a remedy to heal them of their disease. Follow the above instructions, and if you are suffering, get a bottle of B'Well, it cures all pain; and a bottle of B'Well, it cures Dis-ease.

WHAT IS B'WELL?

B'Well is a medicine that heals the Sick. It strengthens the stomach, regulates the liver and kidneys, it renews lost energy, purifies the blood and carries all poison out of the system. It brings new life to the one who has lived a reckless life and has become a human wreck. Turn your back on that kind of a life. Take B'Well, it will build up your body and strengthen your mind and make you a healthy and happy member of society. It helps the drunkard and it helps the smoker to refrain from their gluttonous appetites; learn to live right and act right, and if you use B'Well it will help you. B'Well contains no poisonous drugs, but is composed of Roots and Herbs that are carefully gathered from Nature's Laboratory. The roots and herbs were created by an all wise Creator for the healing of humanity, and no one can visit 167 Dundas street without being convinced that the above statement is a fact. The result of what medicine can do and has done is there to be seen. B'Well expells stomach or pin worms, but it is not a Tape Worm Cure.

B'Well is a valuable remedy for the middle-aged lady who is nervous and melancholy. It is a real rejuvenator, dull and gloomy feelings disappear and the good disposition returns. It brings joy to the mind and health to the body, brightens the eye and puts the bloom of health on the cheek. This valuable remedy has restored thousands of people to health and happiness and is the sufferers' friend. This valuable remedy is to be had for \$1.00 per bottle, at 167 Dundas street. Can be sent by express. Six bottles for \$5.00. Take Dundas car to Ossington avenue. My store is in the middle of block between Arthur and Halton streets. As Dundas cars do not run on Dundas street between Queen street and Arthur street, hundreds of my customers have gone blocks out of their way, so kindly follow directions and save trouble. Prof. E. L. Mulveney, 167 Dundas St., Toronto—go south from Ossington avenue half a block, on east side of Dundas street.

seem to realize that this condition is a disease, rather than of the stomach, due to indigestion, because of the erection of a false defendant counter-claim in accordance with act. At trial plaintiff dismissed, with costs, and defendant on appeal dismissed, with costs. Appointed, but not executed until March 1st, put in written arguments at time if counsel, as

# Woman's Realm --- the Household, Fashions and Society

## SOCIETY

The Toronto Symphony Orchestra's popular concert takes place this evening at Massey Hall.

Miss Marjorie Macdonald and Mr. Edward Steinbrugg, Jr. will be married in St. Simon's Church at 4 o'clock this afternoon.

Mr. and Mrs. J. B. Hoover of Guelph, formerly of Clinton, Ont., announce the marriage of their daughter, Lela Gertrude, to Charles H. F. Ward, on Tuesday, Feb. 25. The ceremony was performed by Rev. G. C. Stoughton, D.D., in the Church of the Transfiguration (Little Church Around the Corner), New York. Mr. and Mrs. Ward will reside at The Gregorian, 25th Street.

Mrs. George Dunbar's bridge party on Monday afternoon will take place at the Metropolitan Assembly Rooms, College Street.

Miss Lela Hoover, late of the musical staff of Haverall Ladies' College, left last week for New York, where she was married on Tuesday.

Mrs. J. B. Nichols, 25 Balmuto street, left last night for Washington, D.C., to be the guest of the Rev. Suzanne Harris, chaplain of the American Women's Republic.

Mr. and Mrs. F. W. Tanner, 43 St. Andrew's Gardens, and Mrs. A. A. Cox, 50 Nanton avenue, leave Sunday for a six weeks' stay in Florida.

Major and Mrs. Christopher Cooke announce the engagement of their daughter, Maudie, to Dr. William Baillie. The marriage will take place in the Church of St. Stephen the Martyr, March 5.

Miss Aileen Hoover has left Toronto to live with her parents, who have recently removed from Clinton to Guelph.

Mrs. George Barron gave a bridge and children's party this week.

Fresh from the gardens of the finest tea-producing country in the world (the island of Ceylon), "Salada" Tea is sold only in sealed lead packets, thus preserving its delicious flavor and aroma.

**Hale Boys Before Magistrate.**—OTTAWA, Feb. 28.—(Can. Press.)—Bad boys who will not respond to juvenile delinquents' treatment may be more severely dealt with hereafter if a bill now before the senate becomes law. Today it was given a second reading on the motion of Senator Power, who explained that there were some boys who persisted in defying those who had them in charge. The bill provided that such boys could be taken before a magistrate and sentenced to be more strictly dealt with.

**York Pioneers.**—The York Pioneer and Historical Society held their fourth annual social and reunion at the St. George's Hall last night. A meeting for the election of officers will be held next Tuesday.

**Qualifying.**—"Young Ravenyap is taking a correspondence course in elocution."

"Does he expect to become a lyceum lecturer?"

"No, he expects to become a barber."—Youngstown Telegram.

"My wife has lost the power of speech."

"Well, just see that she doesn't receive any sudden fright."

"Would that make her disability permanent?"

"No, it might restore her voice."

—Fit His.

Congress has spent \$30,000,000 in the "improvement" of the Mississippi River.

## THE SECRET OF GIRLISH BEAUTY

**The Blood Must Be Kept Rich and Pure, and the Nerves Properly Nourished.**

Every parent of a growing girl and every young woman who looks after herself, should be constantly on watch for symptoms of impoverished blood. Girls in their teens should not be pale, languid and constantly fatigued. Nature intended them to be bright, energetic and active. The happiness of a lifetime depends upon giving the blood the help it needs at this time, when girls are too frequently hurried to overstudy, overwork or suffer from lack of exercise.

The symptoms of impoverished blood are unmistakable. They are languidness, pale, sallow complexion, shortness of breath, violent palpitation of the heart, particularly on going up stairs, poor appetite, dizziness and headaches, and a tendency to faint. These symptoms of course are not all found in every case, but the more the victim has of them the greater progress has the trouble made and the more imperative is the necessity to at once begin to check it, through the use of Dr. Williams' Pink Pills, which bring back the glow of health and energy to every part of the body. The case of Miss Jeanie Fraser, Hamilton, Ont., offers proof of this. She says: "For about eighteen months I was in a very bad state of health and thoroughly run down. I had no appetite and suffered from most of the symptoms of anaemia. I went to a local doctor and received treatment from him for three months, and although I took bottle after bottle of medicine, I was steadily growing worse, and I got so down-hearted and depressed that I felt I would never get better. At this time I read the case of a young lady whose symptoms were similar to my own, who had been cured by Dr. Williams' Pink Pills, and I decided to try them. By the time I had used three boxes my appetite had improved and I was feeling more and more cheerful. I continued the use of the Pills for a time longer and my health was fully restored." These Pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams Medicine Co., Brockville, Ont.

## "SALADA" A cup of TEA that is a Safe, Pure, Stimulating and Wholesome Beverage.

**SEALD LEAD PACKETS ONLY.**  
Black, Green and Mixed.

## THE NURSERY

CONDUCTED BY E. Elinor Murray  
USE COMMON SENSE

In bringing up a child you are dealing with a little animal which you wish to help to its highest development. You wish to spare it pain and mortification, and make its childhood as beautiful and care-free as possible. Every parent should be able to look back upon the earliest days as a time of perfect enjoyment. In order to produce this, the mother must give the child much of her own Eternal vigilance, we have often said. This is a watchword, and the price of the family happiness. Keep the child interested. Never give him time for unwholesome thought, and never leave him to the mercy of unknown playmates, feed his mind with proper material for the development of his faculties.

## PLUM-COLORED MATELASSE.

One of the pointed jackets, so fashionable now, forms the upper part of this suit. It is shown open, but can be drawn together and buttoned when desired.

The plum-color is very dark and the braid ornaments are black. The back of both coat and skirt are quite plain.

## ANOTHER SCHOOL WILL BE BUILT

Present Carlton Building Will Be Replaced by Modern Structure.

Plans for a \$125,000 school to take the place of the present Carlton public school building were submitted to the property committee of the board of education yesterday afternoon by Supt. Bishop of the buildings department. The plans called for a 24 room building. They were approved by the committee and tenders will be advertised for.

## A WINDSOR LADY'S APPEAL.

To All Women: I will send free with full instructions, my home treatment which positively cures Leucorrhoea, Ectropion, Displacements, Falling of the Womb, Painful or Irregular Periods, Uterine and Ovarian Tumors or Growths, also Hot Flushes, Nervousness, Melancholy, Pains in the Head, Back or Bowels, Kidney and Bladder troubles, where caused by weakness or treatment at home at a cost of only about 12 cents a week. My book, "Woman's Own Medical Adviser" also sent free on request. Write today. Address, Mrs. M. Summers, Box H, 65, Windsor, Ont.

## F. W. TANNER GOES SOUTH

Trips south are very popular among the real estate fraternity, indicating a state of general prosperity. At least a half dozen of the more prominent men in the business are sojourning in the south, and on Sunday F. W. Tanner leaves for a six weeks' golfing trip in Florida.

**IF THIS IS YOUR BIRTHDAY**  
You are fortunate for the year holds much that is good for you. Do not allow visions of happiness to distract you from the practical tasks at hand. Inattention will surely cause you trouble. Those born today will be clever and of good judgment. Their affairs will prosper and they will have many friends. Their training should be practical, but never discouraging to their special talents, as they are capable of becoming artists, writers and scientists of note.

## EFFICIENT HOUSEKEEPING

BY HENRIETTA D. GRAUEL  
DOMESTIC SCIENCE LECTURER

## NEW HOME ECONOMICS

THINGS were different, times were better, when we were young," says the old folks. We'll agree with them if they will agree with us that no time is so old as present time. The average of human happiness may not be much higher now than it has been. The world still deserves to be called "a vale of tears," but there is a possibility of getting good dinners oftener and we get more out of life today than our grandparents did!

The idea that husbands are entitled to as much favor as the occasional guest is growing in favor, and tables are now set with as much care every day as on company days.

The present-day generation is self-respecting and has attained comfort, now, but consider those homes. They were cold where ours are warm; they were without ventilation, and badly lighted by candle light.

Health was sacrificed in every one of their close chambers and draughty halls. The world is growing wrong side in and our royal road leads to learning a high position through all obstacles.

Our passion is for wealth because of what we can do with it; the necessity for good living is growing daily, and our acquirement of it gives us a comfortable superiority over other nations.

The household economy of today is new and improved; it gives women time and strength to master their trade of home-making and to make homes the delightful places they should be.

This economy of common sense is the same that excuses a highly bred horse from farm labor; it gives our women opportunity to imitate business methods in their work and make home worthy the name in all its new aspects.

The three divisions of house work—cooking, sewing and cleaning—need the attention of a capable manager, but they are no longer assumed by one woman, as in grandma's day.

All the first aides in the directory are called in to help. Family laundries, professional cleaners, repairers and caterers have their place in the comfortable modern home.

Crabs walk backward, men should not. Even those souls who measure all circumference by the almighty dollar admit the economy of present-day ways and means.

The old dispensation taught that mother should be a heaver of wood and a drawer of water, and she became, eventually, a beast of burden in many a home.

The new economy brings science to her rescue and gives her time to cultivate an element of personality that makes her perfect after her kind. Seven billion dollars was spent for living expenses in America last year, and nine-tenths of this great sum was spent by our women.

The modern economic teach women to think in dollars instead of half-pennies, and women who look forward, not backward, find life is getting to be too good to be true.

## THE WOMEN SHOW MORE DIPLOMACY

Men May Think They Are Bright, But Donovan Lauds Women.

WILL DO THEIR DUTY Assist by Their Intellect and Charm in Building Up Empire.

Yesterday afternoon A. E. Donovan, member for Brockville, delivered an address on "Women's Influence and Citizenship," before the ladies' branch of the Centre and South Toronto Conservative Club at their quarters on Simcoe street.

Before introducing the speaker, Mr. Arthur Van Koughnet referred to the death of their vice-president, Mrs. Nordheimer, "a great Conservative and imperialist." In his opening remarks Mr. Donovan reminded his audience that in Canada women should be free from prejudice. No opportunities than Canadian women, and ladies present, said the speaker, might owe their origin to Merry England, or to the green hills of Erin, but the moment they reached Canada they found an open door and an opportunity to distinguish themselves. Canadian women are noted for their beauty, talent, intellect and devotion to country and God. Some do not recognize their possibilities. Men often think they are very big, but women are keener diplomats than men. Canadian women, in their splendid circumstances and environments, are constantly looking for those who are fallen and starting them out on a new life. To cultivate patriotism, Mr. Donovan advised his listeners to read the history of their country, which they would find most charming and to read the editorials of the newspapers, for these are the condensation of the opinions of forty volumes of the works of experts and professionals. This would help them to teach patriotism to their children and give them an understanding of the important things about them.

None of the nations of old, neither Greece, Rome nor Persia could compare with the British Empire, and it

O'BRIEN'S NEW BUILDING

O'Brien's Limited, beg to announce that they will move to their new building number 186 King Street West, (opposite Spinaux Theatre) on March first.

Toronto, February the 22nd.  
Wm. O'Brien & Co. Ltd.

## Edgley's Opening

We cordially invite you to our Spring Opening of Children's Wear. Hats, Coats, Imported Novelties, Misses Models, and Infants' Specialties which will merit your inspection.

Edgley's Limited The Children's Shop 117 1/2 King St. W.

(We carry everything for the children)

Toronto March First to Eighth. Ninety hundred & Thirtieth.

## MOTHER AND BABY

A mother's greatest care is the health of her baby—the prevention of childhood colds, worms and other childood ailments and the keeping of her baby happy and strong. Baby's Own Tablets are the mother's best friend in caring for the baby. They are absolutely the best medicine in the world for little ones. Concerning them Mrs. Jas. Poltras, Mont Louis, Que., says: "I am well satisfied with Baby's Own Tablets, having used them for my baby with great benefit. They are the best medicine in the world for little ones." The Tablets are sold by medicine dealers or by mail at 25c a box from the Dr. Williams Medicine Co., Brockville, Ont.

## DR. LOGAN AT VICTORIA UNIVERSITY.

Dr. J. D. Logan will deliver a lecture before the Literary and Scientific Society of Victoria University tonight on "Achimides and Chullain—Greek and the magnanimity, with applications to modern education."

The Canadian Institute. Prof. C. A. Zavitz of the Ontario Agricultural College will give an illustrated lecture on "Some Interesting Features of Ontario's Agriculture," in the institute, 198 College street, on Saturday, March 1, at 8 p.m. All interested are cordially invited.

The honorary governors who will visit the Toronto General Hospital during the week commencing March 2 are: Messrs. W. G. Gooderham and Thomas Kinnear.

## Good News From The Lumber Camp

Men in the lumber camps have free medical attendance, and while many suffer from piles on account of exposure to cold and dampness, the doctors do not seem to have any cure for piles.

Many letters come from lumber camps in praise of Dr. Chase's Ointment, and here is a sample of how they read.

Mr. William Jones, cook in lumber camp at Prairie River, Sask., writes: "For a long time I suffered from itching, bleeding piles, and could not sleep nights, because of the intense itching. Two doctors treated me, but the relief was only temporary. I saw Dr. Chase's Ointment advertised in a newspaper, and it cured me completely over four months ago. Two sides me here and cured by the treatment I gave them. After all the treatment I tried I never expected to be cured. The relief was so great that I am grateful for it." Dr. Chase's Ointment is a positive cure for itching, bleeding and protruding piles.

## CUT DOWN LIST OF WITNESSES

Banking Committee Receives Pruned Report From Special Committee.

OTTAWA, Feb. 28.—The list of witnesses to be asked to appear before the banking and commerce committee, cut down to half the original length, was submitted to the committee today. The following are included:  
 J. P. Ferguson, president of the National Bank, Chicago; Lawrence O. Murray, superintendent of currency; H. C. McLeod, former manager of the Bank of Nova Scotia; Sir Edmund Walker, president of the Bank of Commerce; E. L. Pease, manager of the Royal Bank; Joseph Henderson, director of the Bank of Toronto; J. Z. Plummer, president of the Dominion Steel Corporation; Gordon Waldron, editor of The Farmers' Sun; G. F. Chipman, editor of The Grain Growers' Guide; C. A. Dunning, secretary of the Saskatchewan grain growers, a representative of United Farmers of Alberta; the manager of Weyburn Securities Bank; G. R. Clarkson, liquidator of the Farmers' Bank; the proprietor of The Farmers' Advocate; and A. K. Bunnell, Brantford, president of the Canadian Chartered Accountants.  
 Additions may be made later if deemed advisable.

## WILL NOT BE OTTAWA'S M.H.O.

KINGSTON, Feb. 28.—(Special.)—It is almost certain that Prof. W. R. Connell, bacteriologist and pathological specialist at Queen's, will not accept the position of medical health officer at Ottawa. The position of health officer alone would not suit him and the salary of \$5000 would be an inducement. Queen's medical faculty will increase his salary.

## C. P. R. SURVEYOR IS ELECTROCUTED

Verne Baker Grasped Steel Tape Line Thrown Over Hydro Wires.

LONDON, Ont., Feb. 28.—(Canadian Press.)—Verne Baker, aged 20, son of C. W. Baker, Byron, employed on a C. P. R. surveying party working east of the city, was instantly killed today near Centreville, a few miles from Ingersoll, by a shock from the hydro-electric high tension wires.  
 Baker and a number of other men were working alongside the line when one of the party threw a steel tape-line over the wires in order to measure the distance from the ground. Baker grasped the tape, and as he did so 110,000 volts passed thru his body.

## BRITISH PRESS LAUDS ATTITUDE OF WILSON

LONDON, Feb. 28.—(Can. Press.)—Despatches from Washington announcing that President-elect Woodrow Wilson had expressed himself in favor of supporting Senator Ellhu Root's amendment to the Panama Canal bill, repealing the provision exempting American vessels from paying tolls for passage thru the Panama Canal, have given rise to considerable comment in the English newspapers, which voice their gratification over his alleged attitude.

## Sir John Willison at Guelph.

QUELPH, Feb. 28.—(Special.)—There was a big attendance at tonight's meeting of the Canadian Club, when an address was delivered by Sir John S. Willison of Toronto, on "Journalistic Reminiscences of Public Men and Public Life in Canada."  
 Wm. Tytler, president, occupied the chair for the first time.

## CABLE LETTER SERVICE IS EXTENDED TO CUBA

English or Spanish Cables Will Be Accepted After Today.

The G.N.W. Telegraph Co. announces that the cable letter service, which has been in effect between Canada and the principal European countries for several months, will, on March 1, be extended to Cuba. Cable letters for points in Cuba will be accepted either in the English or Spanish language, and will be delivered within twenty-four hours. Between points in the Province of Ontario and Quebec and Havana a charge of \$1.50 will be made for a minimum of twenty words, and 5c for each additional word. From points in Manitoba to Cuba the minimum rate will be \$1.75 for twenty words, the extra word rate being the same as in Eastern Canada. To interior points in Cuba a slightly higher rate than the above will be charged.

## ANOTHER PROOF FROM THE WEST

That Dodd's Kidney Pills Are a Natural Remedy.

For Cases of Exhaustion and Nerve Weakness—How S. Jeremy Found Relief When He Cured His Kidneys.

Sniatyn, Alta., Feb. 28.—(Special.)—That the natural remedy for exhaustion and nerve weakness is one that will give good circulation and pure blood carrying nutrition to all parts of the body, is again proved in the case of S. Jeremy, a well-known resident of this place.

"For over two years I suffered from attack of exhaustion and nerve weakness," Mr. Jeremy states, "I tried many nerve foods and tonics, but must admit that Dodd's Kidney Pills have benefited me more than anything else I ever used."  
 "I am more than grateful for what Dodd's Kidney Pills have done for me."

Nerve weakness and exhaustion are caused by impure blood. Impure blood is caused by diseased kidneys failing to strain the waste matter of the body out of the blood. The natural remedy is to cure the kidneys. Dodd's Kidney Pills have yet to find a case of kidney disease they cannot cure.

## CLOTHING WORKERS' STRIKE ENDS

NEW YORK, Feb. 28.—(Can. Press.)—The garment workers' strike, in progress here since early in January, involving at its height 150,000 or more workers, was officially declared off today. The workers accept the manufacturers' terms, which include a raise in pay, revision of certain working conditions, arbitration as to hours and the open shop principle.

## Strathcona Trustee

H. P. Hill, an Ottawa barrister, has been appointed trustee of the Strathcona trust in place of J. M. McIntyre, the new chairman of the Ontario Railway and Municipal Board. The Strathcona trust is the grant which Lord Strathcona, Canada's high commissioner in London, made toward the promotion of military training in the dominion. Mr. Hill will represent eastern Ontario.

## RULE GOTHAM ON MILITARY LINES

Foreigners Do Not Respect Civil Officers, Says Grand Jury Foreman.

NEW YORK, Feb. 28.—(Can. Press.)—The foreman of the extraordinary grand jury, which has indicted several policemen, and is still continuing its inquiry into the grafting system, laid before the legislative committee on remedial police legislation today a carefully prepared scheme for police reform.  
 "By observing the traffic squad," he said, "the police are a fine body, but if a citizen really wants to know the character of a policeman, let him serve as a grand juror."  
 This witness, Thomas C. Wood, declared that the large foreign element here laid upon the police a "terrible burden." From the district attorney's records, he showed that 22,000 persons convicted between 1904 and 1911, the foreigners numbered 8500. The chief trouble, he said, was that the immigrant did not respect a civil officer. For this reason he favored a police force on military lines headed by a commissioner with a salary of at least \$25,000 a year and retireable only on account of age. He suggested a man of the type of Col. Goethals, builder of the Panama canal.  
 Mr. Wood endorsed the recommendation for a training school on military lines and suggested that the assemblymen and senators from New York City should have the appointment of five men each to this school.

## SARNIA OFFERS GOOD OPENING FOR HYDRO

SARNIA, Feb. 28.—(Special.)—According to the report of Engineer Jeffreys, of the Hydro-Electric Commission, the amount of energy being used in Sarnia at the present time is close to 4,900 h.p., and does not include the power being used by the St. Clair Tunnel Company, which they manufacture themselves. Mr. Jeffreys reports that he visits all the hydro-electric plants in the town, and talked with the managers, who are all favorable to getting the power from the Falls for the operation of their plants. Using such a large amount of power will bring the cost of the "white coal" down to about 31 dollars per h.p. Everyone in the town and all the smaller places in the county are anxious that the power should be secured as soon as possible.  
 Kingston's Exports Grow  
 KINGSTON, Feb. 28.—(Special.)—The declared value of exports from Kingston to the U. S. during January and February was \$96,558.30, an increase of \$13,222.67 over the same period last year.

## Would You Like To Be a Real Man Again?

Here is a new method by which you (like thousands of men all over the world are doing today) may secretly treat yourself without drugs or medicines with a view to quickly restoring your feeling of youth that you may get back your complete, vigorous vital health and strength. Everything is explained in my illustrated booklet for men, which I will gladly send to you free, sealed, by mail, just as soon as you write for it.  
 Please use the free coupon below.  
 As to your own present physical condition, let me say from a close personal observation of hundreds of thousands of cases of lost vitality in young, middle-aged and elderly men, covering an experience of over 30 years, I honestly believe that "Lost Vitality," as we term it, is actually no real disease in itself at all, and that under certain favorable circumstances, any man, anywhere, can easily and permanently restore his own full strength and health. If he but makes an honest, conscientious effort along certain common sense lines, which I am able to suggest, and which include absolutely no medicines or drugs of any kind. You simply use a little vitalizing application of my invention, called the Sanden Health Belt, which you wear comfortably around your waist during sleep for 60 to 90 days. That is absolutely all there is to the whole treatment, excepting, of course, you are expected to lead a decent, manly life, free from debilitating excesses and dissipation. This Health Belt in itself is a marvel of power, and sends a great, even flow of vitality into your blood, organs and nerves. Wearers the world over say it takes all pain and weakness out of the back, often from one application, and builds up the strength, thus giving back the full vigor of youth, so you soon find yourself answering: "Never felt better in my life" to your treatment for rheumatism, kidney, liver, stomach, bladder disorders, etc. has come over you. With special attachments the Health Belt is also a wonderful treatment for nervousness, indigestion, etc.  
 I have compiled (and will send to you free) a little 15-page illustrated booklet (pocket size) which is most complete private guide for men, young or elderly, single or married. You can also yourself up exactly from a careful reading of this booklet. It reveals certain truths and gives a clear, wholesome idea of those great vital subjects which should be familiar to every man. It fully describes my Health Belt and tells you how and where you may secure one to wear for the restoration of your own strength. As soon as I hear from you I will forward the book by mail in plain, sealed envelope. There is absolutely no obligation involved in accepting this free book, as over a million have been sent all over the world. If in or near this city it will pay you to call and test the Health Belt. Hours: 9 to 6. Entrance: 5 Temperance Street.

**Get this Book FREE by Mail**

DR. A. B. SANDEN CO., 140 Yonge Street, Toronto, Ont.  
 Dear Sir:—I am interested in the book, as advertised, free, sealed.

# NEWSPAPER CIRCULATION

The Experts who have furnished their report on the circulation of Montreal Newspapers have come to the conclusion that there are several ways in which a dishonest paper can put itself in a position to claim figures of circulation wholly misleading, if not grossly dishonest, when appealing to advertisers.

The Experts report that "The Montreal Star" stands alone on the American continent inasmuch as "The Montreal Star" has continuously for twenty five years, claimed **LESS** than its **REAL** circulation.

The Montreal Daily Star's circulation is really close up to 100,000, but in making claims to advertisers it has deducted all foreign circulation as being of no value to local advertisers, and has deducted all ephemeral circulation as not having a permanent value.

The Permanent Increase in Four Years is 20,000.

In the meantime, while advertisers get their announcements in the full circulation of The Montreal Daily Star up to 100,000, and "The Weekly Star" up to 160,000, they are charged only on the basis of 86,000 in the "Daily" and 132,000 in the "Weekly" edition. This is significant, and "The Montreal Star" is reported as being the only paper in America that makes the distinction.

"The Montreal Star" leaves it to its readers to place their own value on this mode of doing business.

FRAUD CHARGED IN CAMPAIGN

Temperance People From Huron County Complained to the Government.

Declaring that a local option bylaw in St. Stephen Township, Huron County, was defeated by fraud, a deputation of temperance advocates called on Provincial Secretary Hanna yesterday and asked for an investigation.

Rev. Mr. Powell of Exeter told Mr. Hanna that County Constable Down had evidence in his possession that the young men had bribed the voters to vote against local option.

WILL FIGHT BILL

Insurance Companies Opposed to C. R. McKeown's Proposal.

It is likely that insurance companies will fight against the passage of the amendment to the Insurance Act which has been introduced in the legislature by C. R. McKeown.

In defence of his bill Mr. McKeown said that companies do not have to accept a policy, and "it is their own lookout if they agree to the age of an applicant without requiring proofs."

Settlers' Excursions to Alberta and Saskatchewan. Commencing March 11 and continuing every Tuesday thereafter until April 29 inclusive, the Grand Trunk Railway system will issue one-way settlers' tickets from stations in Ontario, Peterboro, Port Hope and west to points in Alberta and Saskatchewan.

UNFIT TO LIVE—MUST DIE. The verdict rendered a thousand times when corns get sore. Do them to death by Putnam's Corn Extractor. It cures painlessly in twenty-four hours.

New Dunlap Hats Are In

The Dunlap—made in New York—hat is the crown of the American gentleman. We are the sole agents for this very high-class hat.

There is something about a Dunlap that does not belong to any other make of hat for men. It isn't altogether the quality and it isn't altogether the style—it is a full measure of both.

Every man who wears a Dunlap hat looks comfortable and intelligent.

As well as the new Dunlaps we have the new Stetsons and the new English hats, "Hillgates" and "Heaths." We are the sole agents for the "Heath" made-in-London hat.

Buy a new hat for Easter and do it right. There is only one real hattery in Toronto.

W. & D. DINEEN COMPANY Limited 140 YONGE ST., COR. TEMPERANCE Open Saturday evening, 6 to 10 o'clock.

Notice to the Travelling Public

Everybody Likes the Walker House and Everybody Will Like the Grand Union Hotel

George Wright and E. M. Carroll, proprietors of the Walker House, beg to announce their purchase of the GRAND UNION HOTEL, Toronto, which will be operated under their personal management.

The GRILL ROOM now run in connection with the GRAND UNION HOTEL will be closed until further notice for extensive alterations.

The Cautious Scot. A Scotsman went to a solicitor, laid before him a question, and asked him if he could undertake the case, reports The Birmingham Weekly Post.

Humber Valley Surveys

This is the southerly, and probably the best known of the Humber Valley Surveys, being situated on the east bank of the Humber, extending from a point a short distance north of the Lake to Bloor street.

Riverside Subdivision

The property is nicely wooded; is at an elevation of over 100 feet above the Lake, and has sand and gravel soil. The district will be annexed to the City this year, under the terms of the Humber Boulevard agreement, and construction will commence early this spring on the Humber Valley Electric Railway, which runs through the subdivision.

J. K. MACDONALD, Treasurer. I certify that the foregoing statements in detail and summary give correctly the various expenditure by the York Highways Commission during the year 1912. E. A. JAMES, Engineer. Toronto, Feb. 28th, 1913. Having audited the Books and Accounts of the Treasurer of the York Highways Commission and compared the above summary of Expenditure, I certify the same to be correct and the total Expenditure two hundred and forty-one thousand four hundred and eighty-three dollars and seventy-two cents. R. C. JENNINGS, Auditor. Toronto, 28th February, 1913.

VARSITY PROFESSOR IS HIGHLY HONORED

LONDON, Feb. 28.—John Charles Fields, professor of mathematics at the University of Toronto, was elected a fellow of the Royal Society today.

John Charles Fields, Ph.D., F.R.S., C. and now F.R.S., associate professor of mathematics in the University of Toronto, is a native of Hamilton, Ont., where he was born in 1863.

HOW TO CONQUER RHEUMATISM AT YOUR OWN HOME

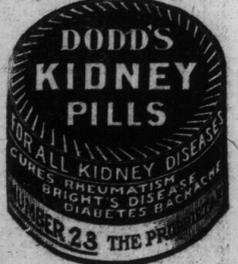

If you or any of your friends suffer from rheumatism, kidney disorders or excess of uric acid, causing lameness, backache, muscular pains; stiff, painful swollen joints, pain in the limbs and feet; dimness of sight, itching skin or frequent neuralgic pains, I invite you to send for a generous Free Trial Treatment of my well-known, reliable Chronocure, with references and full particulars by mail. (This is no C.O.D. scheme.) No matter how many may have failed in your case, let me prove to you, free of cost, that rheumatism can be conquered. Chronocure succeeds where all else fails. Chronocure cleanses the blood and removes the cause. Also for a weakened, run-down condition of the system, you will find Chronocure a most satisfactory general tonic that makes you feel that life is worth living. Please tell your friends of this liberal offer, and send today for large free package to Mrs. M. S. MERRIS, Box 23 Windsor, Ont.

GONE "PEACH CRAZY" IN NIAGARA FRUIT BELT

ST. CATHARINES, Feb. 28.—(Special.)—At the convention of fruit growers, concluded here this afternoon, it developed that the fruit output of St. Catharines had increased 500 per cent. during the past ten years. W. H. Bunting of this city, after an exhibition of apple packing in boxes by H. J. Carey, remarked that it seemed extraordinary, right in the centre of the fruit belt here, that apples are to be found on sale that were grown in the far western states. The Niagara district, he said, has gone "peach crazy." He had proved that apples could be grown here at a profit, but it was a case of commercial suicide to put No. 2 apples in a No. 1 box. Kingston Old Boys. The annual open meeting and concert of the Kingston Old Boys' Association was held last evening in Forsters' Hall under the patronage of Colonel Pitt Henry and Lady Pitt. Thomas A. Gillen, the president, and John J. Donnell welcomed the guests, among whom were Hon. Justice B. M. Britton, Dr. A. E. Ross, M.L.A., and Dr. McIntyre.

St. Luke's Church.

The Right Rev. James F. Sweeney, Bishop of Toronto, will preach in St. Luke's Church, corner of St. Joseph and St. Vincent streets, tomorrow evening at 7 o'clock. Special reference will be made to the appointment of the new pastor, Rev. G. F. Doherty, and to his induction, which will take place as soon as possible. Mr. Doherty will assume charge of the parish on Easter Sunday and will preach at both services on that day.

550 HORSES AT AUCTION  
AUCTION SALES TUESDAYS AND FRIDAYS  
PRIVATE SALES EVERY DAY

The time is here when we have the biggest demand of all the year for horses, and our shippers are sending us a huge number of the very best horses of every class, fresh young horses in the condition, which will be sold at next week's auctions. Every horse in the Repository stables is consigned to us for immediate sale. Next week's selections include the best selections in Canada of:

HEAVY DRAUGHTS, 1550 lbs. and upwards; LIGHTER DRAUGHTS, 1450 to 1550 lbs.; EXPRESS, DELIVERY AND GENERAL PURPOSE HORSES, FARM HORSES, ROADSTERS, CARRIAGE AND SADDLE HORSES.

## OUR ANNUAL SPECIAL SALE OF HEAVY DRAUGHTS 300 HORSES

WILL BE HELD AT THE REPOSITORY ON TUESDAY NEXT MARCH 4

This is certainly one of the finest shows of big horses that we have ever offered at any time. The quality is absolutely the best of their class. Buyers will find plenty of grand horses for heavy work at this sale, and our object is to sell every one of them.

## A CONSIGNMENT OF TWO CARLOADS OF WORK HORSES

WHICH THE OWNER BOUGHT WITH INTENTION TO SHIP TO THE NORTHWEST, WILL BE SOLD UNRESERVED AT THE REPOSITORY ON TUESDAY NEXT MARCH 4

The consignor bought two carloads of good horses as ever were shipped west, and paid high prices for them. He has taken sick and cannot travel west, and every one who has thought it best to sell his horses here. They will each and every one be sold for the high dollar, without any reserve whatever, and purchasers will get their opportunity of buying an excellent lot of horses at their own prices.

## OUR ANNUAL BLUE RIBBON SPEED SALE OF TROTTERS, PACERS, ROADSTERS, CARRIAGE AND SADDLE HORSES

WILL TAKE PLACE ON THURSDAY, MARCH 27

We request early entries for this important sale, and the earlier the entry the better position the consignor will secure on the catalogue and at the sale. This is the principal sale of the year for these classes of horses, and owners of such horses should be sure to take advantage of it and communicate with us at once.

GOVERNMENT BONDED INSPECTED STABLES

## TO MAKE CANADA A LAND OF ROSES

First Rose Society Holds Its Meetings—Bright Future Assured.

### ENCOURAGE CULTURE

Aim to Have Rose Gardens in City and Country.

A meeting of the first Rose Society in Canada was held on Wednesday, at the home of Dr. and Mrs. Allen Baines, 228 Bloor street, Toronto, who kindly lent their beautiful rooms for the purpose. The utmost enthusiasm prevailed, and it is evident that the society, supported as it is, by many of the leading people in Toronto, is destined to have a great future.

The proceedings opened with the introduction to the meeting by the president of J. T. Moore, of Moore Park, who is the hon. president, and in him it was felt that the society possessed one who has the welfare of this organization thoroughly at heart. "Canada can grow roses," has been proved by many a wise and skilful amateur. Today there are rose gardens here which can hold their own with those across the sea. It is our proud aim to increase the love of her beauty and to scatter rose gardens all kinds, large and small, throughout the length and breadth of the land.

The rose is a wild flower of the mountains and plains of Canada. The wind carries over many a moorland and mountain side the fragrance of sweet brier, and the glorious crimson from thousands of the beautiful Rosa lucida is seen in rough places when the cool light of early winter days floods over the land; therefore let us entwine the rose among our emblematic maple leaves, which form for it a fitting surrounding.

The Rose Society, then, is to be a living reality, a joy to all who love the flower, whether there be a luxurious rose garden, a simple plot in city or suburb, or the cosmopolitan society appealing to all. It will join its efforts to those of other flower societies in the endeavor to make Ontario, and Toronto in particular, a very sweet name, in which horticulture and commercial activities go hand in hand in the mutual advancement of the whole country in this great and prosperous land.

Much business was transacted. It is the intention of the society in due course to have a room or rooms of its own, a library, books and pamphlets to assist members in the cultivation of the flower, exhibitions, lectures, and no stone will be left unturned to help each individual to make the pursuit of rose-growing a real success.

The officers are as follows: Hon. president, J. T. Moore, Moore Park; president, E. T. Cook, vice-presidents, Mrs. Allen Baines, Mrs. Pattison, Mrs. Hartley Dewar, Miss Coleman; hon. secretary, Miss Armour, 103 Avenue road, Toronto; hon. treasurer, Miss B. Francis; council, Dr. Helen MacMurchy, Mrs. L. A. Hamilton, Mrs. Northcote, Mrs. Goldwin Howland, Mrs. Strachy, Mrs. W. H. Aikins, Mrs. O. B. Sheppard, Miss Adna Nevitt, Mrs. Irving Nevitt, Mrs. Stainer, Miss Lockhart Gordon.

**Fine Art Rug Sale.** Nothing in recent years has been more remarkable than the vogue of eastern rugs. This is easily explainable because of their intrinsic quality and their fine weaves. Toronto has had many sales of oriental rugs and their continued popularity is the best of all proofs that they meet a genuine public demand.

On Tuesday, Wednesday and Thursday of next week a fine collection of oriental rugs will be submitted to public competition. It includes all the best products of eastern looms, in all the kinds with which Toronto is now familiar. The sale is without reserve and will be conducted by Messrs. C. M. Henderson & Co. in their art rooms, Nos. 87-89 East King st. The collection is on view today and Monday and is well worth public attention.

## UNION STOCK YARDS OF TORONTO, LIMITED HORSE DEPARTMENT

"CANADA'S LEADING HORSE MARKET."

## AUCTION SALES NEXT WEEK

### MONDAY MAR. 3rd AT 11 A.M.

General quality. Some of our shippers make a specialty of Heavy Draughts, others of Wagon Horses and Expressors, and others of Drivers, etc., and they are thus enabled to buy and sell at the rock-bottom prices, and we are kept supplied with the finest in each class. Included in our consignments are many extra choice individuals, which are well worthy of your special attention. Do not overlook them.

### THURSDAY MARCH 6th AT 11 A.M.

Several mid-week shipments will be in for sale on this day, and will strengthen our offerings materially. In addition to these we shall sell a number of serviceably sound workers and drivers consigned to us by city people who have no further use for them, also a number of sets of new and second-hand harness, and carriages, waggons and sleighs of every description, all consigned for immediate and unreserved sale.

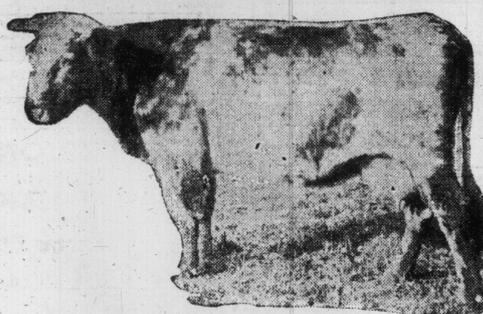

**HORSE BLANKETS**—We have an almost unlimited stock of the very best blankets, all grades, at surprisingly low prices. Be sure to look over our stock before buying elsewhere, as we are sure we can suit you.

**FUR ROBES**—We are kept supplied with these robes in several grades and prices by a prominent manufacturing firm, and you will find it greatly to your advantage to buy here.

### WE SELL STRICTLY ON COMMISSION

ALL HORSES sold with a warranty are returnable by note the day following day of sale, if not as represented.

P. MAHER, Proprietor. GEO. JACKSON, Auctioneer.

Lady Lass, roan Shorthorn cow, giving 56 lbs. of milk per day, the property of James Bowes, lot 2, concession 2, Township of Vaughan, to be sold at Mr. Bowes' sale of farm stock on Thursday, March 6th.

**FASHION NOTES.** The newest jobs are developed of chamois lace and satin, and show semi-medical collars edged with black ostrich feathers. Turbans of tulle and lace are worn with evening costumes. A single layer covers the coiffure, and is caught to the head with a band of embroidery or fur. Black mousseline de sole, combined with dull gold embroidery, is effectively used. The white blouses of crepe de chine, satin and mousseline de sole are popular. Frequently these show touches of fur, and are invariably trimmed with a vivid color. Olive-green is a hue much in vogue at present; it appears in frocks and millinery. Rumors afloat regarding the spring styles predict that the cutaway coat will continue in favor, but will probably be longer; skirts will show no marked increase in width. There is a leaning toward the slanted seams of top coats, giving a "peg-top" effect. In the millinery world, malines, ribbon and the fantasie will be popular trimmings. Shapes promise to be small and medium in size, rather than wide-brimmed. The tricorne, long, narrow hats with one side sharply turned up, and the rolling brim varieties, will be much worn.

## VIGOROUS STRENGTH

YOU WHO HAVE BACK PAINS, RHEUMATISM, NERVE WEAKNESS, INDIGESTION, CONSTIPATION, LIVER, KIDNEY OR BLADDER TROUBLES. My Electric Belt has restored health and strength to thousands of nervous, debilitated and pain-worn men and women. You can also be cured if you will grasp the opportunity I offer. Read what the cured say. Electricity, furnished by my Belt, cures by giving back to the weakened nerves, muscles and organs the vitality they have lost, reducing inflammation, developing the full vigor of health and removing the effects of overwork, exposure to weather and long-continued illness. This grand restorer of life carries a strong current direct to all parts, and is a positive cure for all loss of strength. It develops and expands all weak organs; no case of falling vigor or debility can resist the powerful Electric current. I have cured thousands, and I can cure you if you will write me. You are a broken man as a result of living a reckless, fast life; your errors and dissipation have drained the vital forces from your body. Before you are forty life will have been all its pleasure for you unless you stop this drain now. It is a grand method and every man who has ever used it is praising it.

**Dr. McLaughlin's Electric Belt** has brought strength, ambition and happiness to thousands in the past year. I will not promise to make a Hercules of one who was never intended by nature to be strong and sturdy. Even that one I can make better than he is, but the one who has been strong and lost his strength I can make as good as he ever was. I can give back to anyone what he has lost by abuse of the laws of nature.

Dear Sir—You will think I have forgotten you, but such is not the case. I know my case was a severe one, and it took some time to get fixed up. I am very thankful to you for what your Belt has done for me, and it will do the same for others if they would but give it a trial. I have been all right for some time, but have not written to you until I could give you a satisfactory report. Kindly accept this, with my best wishes for your every success, for I am cured of what I thought was my worst trouble. You are at liberty to use this if it will help others to get within reach of your wonderful Belt. Believe me to remain yours thankfully. Weak Back—Bladder—Rheumatism and Nerves. Transcona, Man., Oct. 8, 1912. A. Stevens.

Dear Sir—After using your Belt as directed, I can truthfully say that it has entirely cured me of my troubles. I had a weak back, my bladder was weak; I had Rheumatism and was very nervous, but your Belt has cured me completely. Yours very truly, J. Penson.

This Belt, with special Electric attachment, will restore your vigor. It affects every organ of the body. It cures Nervous Debility, Rheumatism, Lame Back, Lumbago, Sciatica, any case of Kidney Disease that has not gone as far as Bright's Disease, Stomach Trouble, Constipation.

**FREE BOOK**—Write to-day for our beautifully illustrated 84-page book, with lots of good reading for those who want to be strong. Send coupons and we will send this book, sealed, free.

**Call To-day** If You Can't Call, Send Coupon for Free Book. DR. M. O. McLAUGHLIN, 237 Yonge Street, Toronto, Canada. Dear Sir—Please forward me one of your books as advertised. NAME ADDRESS OFFICE Hours—8 a.m. to 6 p.m. Monday, Wednesday and Saturday. 1-25-12

## UNION STOCK YARDS LIMITED

TORONTO LIMITED ONTARIO

THE PRINCIPAL MARKET FOR

BEEF, FEEDER AND DAIRY CATTLE SHEEP, LAMBS, HOGS AND HORSES

DIRECT CONNECTION WITH ALL RAILROADS

been garnered in, and these were ordered out. Following the voting, on which the Independents went with the government and the Socialists with the Conservatives, old varsity halls rang with cheers and counter cheers for nearly five minutes. President Hindmarsh with much credit kept the wild proceedings outside the bounds of serious disorder. Earlier in the evening a resolution, introduced by an independent member, congratulating Prof. Fields on the receiving of the degree of D. Sc., passed unanimously. George Willett, student of wild life, will go to San Francisco to outfit for a long voyage among a group of desert islands, 1600 miles northwest of Honolulu, where he will study wild sea birds and animals. Willett will sail to Honolulu in a government transport and will then transfer his instruments, camera and outfit to a revenue cutter, which will carry him to the islands. He will be accompanied by three men, who will work under his direction. Willett will make his headquarters on the island of Laysan. This island is a sandy waste, without a tree. Edmund Gosse, writing about Sam-

uel Butler, the mid-Victorian author and critic, notes his popularity today. "His violent independence pleases a generation which hates discipline more than it hates evil or injustice," says Mr. Gosse. Whitlaw Reid, at a literary dinner some years ago, uttered a maxim which he suggested should be hung up in every newspaper office, says the London Chronicle. It was, "Fewer words, shorter stories, better told." Professor Louis Hirsch, chemist and graduate of Heidelberg, has grown wealthy thru his ability to rid whole districts of disease-carrying rodents. He contracted to clear the Capitol at Washington of rats, mice and other vermin and is making good. Do not suffer another day with Itching, Bleeding, or Painful Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c. A Box. All Dealers, or Edmondson, Bates & Co., Limited, Toronto. # Stock Markets—the Doldrums—Sentiment is Cheerful

## CANADIAN ISSUES ARE MARKING TIME

Trading of Circumscribed Nature and Price Changes Few and Far Between.

## BRAZILIAN VARIABLE

Shares Wind Up Day at Steady Figures—Sentiment Is Cheerful.

Securities did little more than mark time in the Toronto Stock Exchange yesterday, the speculative movement being of a very circumscribed nature. In fact, outside of the dealings in Brazilian there was little in the events of the session to call for comment. The tone was a shade easier than on Thursday, with some half a dozen of the specialties showing a disposition to make for lower levels. Brazilian, Twin City, Mexican Light and Power, Spanish Silver and Sawyer-Massey preferred were the only issues to undergo any adjustment toward higher prices, and even in these instances the change in position was limited to the merest fraction.

**Downturn in New York.** In the afternoon the Wall st. list made a break toward lower levels, and this had some effect on sentiment here. The New York Exchange held up in splendid style, however, and consequently, no apprehension was entertained, the general feeling being that the bears had all their cards on the table, for the time being at least. Were money to work easier in Canada our market would probably give a fair account of itself, but as long as the stringency continues so acute, there is little hope of improvement.

**Irregular Underlines.** Brazilian rose about half a point in London and the better tone was reflected here. The shares opened at 97, but profit-taking came into play on the advance, and the quotation worked back to Thursday's final figures of 95 1/2 by noon. The close was at 95 5/8, leaving a gain of just an eighth for the day. Twin City at 105 1/2 and Sawyer-Massey preferred at 102 1/2, Spanish at 66 1/4 and Mexican L and P. at 74 7/8 were slightly higher, but the enhanced figures were not held by all through. Mackay common rose 1/2 at 83 1/4. General Electric was down to a new level since last June at 111, which compared with a top record of 122 1/8 last October, and a broken lot of Interlake preferred changed hands at 88, off a year's point for the day. Duluth Superior sold below 70 again. A rise of half a point in Electric Development bonds was the feature of the investment issues. They sold at 83 1/2, up 1 1/2 points from the first of the month.

## FINANCIAL OUTLOOK IN EUROPE BRIGHTER

Increased Buying For Investment Noted in the London Stock Market.

LONDON, Feb. 28.—Month-end requirements hardened money rates today, but discounts were easy. The stock market continued to benefit from the improving continental situation and today increased investment buying was noticeable. A number of shares and gilt-edged securities. Consols advanced another fraction, and Mexican falls and Granak Trunks were strong. Paris brought diamonds and copper shares, but the best prices were not quite maintained.

## PREFERRED STOCKS OFFER GOOD CHANCES

There has, during the last few years, been shown by the discriminating investor a steadily growing partiality for the many local Canadian preferred stocks, say A. E. Ames & Co. in their monthly circular. This is no doubt due, among other things, to the superior security of the class companies, which stands at the back of this form of stock (2) a certain definiteness of dividend, which comes to the investor in a regular and stable price at which many of these issues are now selling, and, consequently, the attractive yield which such an investment affords; and (4) the more than satisfactory experience which investors have had in this class of security over a term of years.

## NEW PETE LAKE ENGINEER.

The Peterson Lake Silver Cobalt Mining Co. has appointed Stanley Graham, who has had considerable experience in Mexico and throughout the Dominion, engineer in charge at their property in Cobalt. With the revenue from the Seneca Superior lease, the company is in splendid position to develop its holdings. Mr. R. Lamb is the consulting engineer.

## NEW C. P. R. STOCK.

The first sale of new C.P.R. stock in the New York market took place yesterday afternoon, the shares changing hands at 224 1/4. Initial installment paid. A transaction took place in the Toronto Exchange last week at 220.

## NEW DIRECTOR.

Mr. D. B. Hanna, third vice-president of the Canadian Northern Railway Company, has been elected to the board of the Title and Trust Company.

## Your Last Will and Testament

Your will must be carefully drawn up, with due regard to the many local restrictions. It must be securely deposited for safe keeping. It must be promptly filed in the Surrogate Court after the testator's death. Its provisions must be carried out to the last detail by an executor.

Correspondence invited.

**THE TRUSTS AND GUARANTEE COMPANY LIMITED**  
43-45 King Street West, Toronto.  
JAMES J. WARREN, President. E. B. STOCKDALE, General Manager.

## BOND PRICES AT LOWEST IN YEARS

Remarkable Decline Shown in Values of Representative Investment Securities.

There has been no encouragement in the past few years for the man who lets bought bonds for an appreciation in their value. An average selection of listed railroad bonds which have cost more than 91 on an average just a year ago could not be sold at the present time for 85. In other words, they have declined more than three points in a year. In the past three years the decline has been five points, and in four years six points. Those who buy them for the income return, however, should not worry about these declines. In the month of February there was the remarkable decline of over a point in the average price of twenty-five representative railroad bonds listed on the stock exchange. One has to go back to the month of March, 1910, to find another such large decline in one month, and then back to January, 1908, when there was a sharp reaction from the advance following the war. The present average price of bonds is lower than it has been since 1908, with the exception of three months in the latter part of 1907, and two months earlier in 1908.

Table showing bond prices for various months from 1913 to 1908.

## BANK CLEARINGS MADE NEW RECORD

Best February in History of Toronto—Twelve Years' Comparative Figures.

Bank clearings in Toronto established a new high-water mark for February last month, the total of \$182,899,495 being over \$16,000,000 ahead of the same period last year. Compared with January, the figures show a decrease of \$1,186,415. The showing for the first two months of the year is the best in the history of the city, being over \$2,000,000 better than the corresponding period of 1912, which were the top mark up to that time. The detailed record over a term of years follows:

Table showing bank clearings for various years from 1913 to 1902.

## DULUTH SUPERIOR RECORD OF EARNINGS

Earnings of the Duluth-Superior Traction Company made a slightly better showing than that of the same period over the same period of 1912 being 5 per cent. The previous week it was 5.9 per cent.

## FAILURE RECORD OF THE DOMINION

The number of failures in the Dominion during the past week in provinces, as compared with those of previous weeks, compiled by the Dominion Agency as follows:

Table showing failure records for various months from 1913 to 1912.

## BRAZILIAN IN LONDON

Bongard, Ryerson & Co. received cables from London quoting Brazilian cables as follows (Canadian equivalent about three points below these):

## MONEY MARKET

Bank of England discount rate, 5 per cent. Open market discount rate in London, 4 1/2 per cent. New York call loans, open 3, high 4 1/2, low 3. Call money in Toronto, 6 to 6 1/2 per cent.

## FOREIGN EXCHANGE

Glazebrook & Cronyn, exchange and bond brokers report exchange rates as follows at closing:

Table showing foreign exchange rates for various currencies.

## MINNEAPOLIS GRAIN MARKET.

MINNEAPOLIS, Feb. 28.—Close—Wheat—No. 1 hard, 87 1/2; No. 2 hard, 85 1/2; No. 3 hard, 83 1/2; No. 4 hard, 81 1/2; No. 1 soft, 84 1/2; No. 2 soft, 82 1/2; No. 3 soft, 80 1/2; No. 4 soft, 78 1/2.

## DULUTH GRAIN MARKET.

DULUTH, Feb. 28.—Close—Wheat—No. 1 hard, 87 1/2; No. 2 hard, 85 1/2; No. 3 hard, 83 1/2; No. 4 hard, 81 1/2; No. 1 soft, 84 1/2; No. 2 soft, 82 1/2; No. 3 soft, 80 1/2; No. 4 soft, 78 1/2.

## NEW YORK MARKET INCLINED TO DRIFT

No Demand For Stocks Shown and Movements Were Small.

## CALL MONEY IS HIGHER

German Bankers Active Bidders—Banks Will Show Small Cash Loss.

NEW YORK, Feb. 28.—There was no strong demand for stocks today from any quarter. Price movements were small and variable, and the trading was dull. With the change in a few days of the traders' interest, it is to be expected that the market will drift. The market was inclined to let the market drift, and it is to be expected that the market will drift. The market was inclined to let the market drift, and it is to be expected that the market will drift.

## MUCH WHEAT IN FARMERS' HANDS

Estimates Greatly Exceed Those of Last Year—Big Corn Reserves.

CHICAGO, Feb. 28.—Estimates that farm reserves would be shown by the government report to be much heavier than had been supposed, brought about depression today in wheat. Despite a fluctuating market, the outcome was a shade lower. Corn finished unchanged to lower, oats off a shade to 3/4c, but provisions went up 2 1/2c to 3c. Calculations regarding the amount of wheat in first hands ranged from 145,000,000 bushels to 145,000,000 bushels against 122,000,000 a year ago. Hints of a surprise in this respect came early from the northwest, but the market at Duluth had more heed to unexpected reports, gradually increasing. Large receipts of bonded wheat at Duluth encouraged the bears, who continued to find assistance in perfect conditions for the winter crop. Big export clearances for the day and week led to a rally after midday, but the buying slackened again after the wants of the shorts had been filled. Huge stocks in elevators and on track, as well as here, reserves and fine weather were also bought in substantial fashion, and prevented any material break. Covering by shorts sustained oats.

## CROWN RESERVE AT HIGHEST FOR YEARS

The directors of the Wetaulor-Lorrain Silver Mines met yesterday in New York to take action on the dividend which was decided to drop the disbursement for the time being. The usual payment has been 3 1/2c quarterly and a bonus of like amount.

## SILVER DOWN AGAIN

LONDON, Feb. 28.—Bar silver was quoted at 27 1/2 for the ounce today, a decline of 1 1/4 since Monday. The weakness was attributed to continued selling by China.

## BRITISH CONSOLS.

Feb. 27, Feb. 28.  
Consols, for money, 74 11-16 7 1/4  
Consols, for account, 74 11-16 7 1/4

## MINING STOCKS ARE DOING STUNTS

Hollinger and Crown Reserve Both Soar to New High Records.

## MARKET BOILING OVER

Active Demand For All the Gold Mining Issues—Cobalts Are Neglected.

While some irregularity was shown in the price trend at recurring intervals, the mining list, on the whole, evidenced remarkable buoyancy again yesterday. The only indications of weakness were apparent in certain of the Cobalt stocks, where trading was reduced to narrow proportions, a national consequence of the concentration of interest in the gold mining securities. Crown Reserve was a notable exception, with the price up to a new high record in years, the shares crossing the four dollar level, a figure not attained since 1909. Hollinger, soaring again, establishing a new high record in this market, making a net gain of 40 points for the day and a full \$1.55 up for the week to date. The buying of this issue has been of a very convincing nature, and the scarcity of offerings clearly established. The previous high record for the shares was \$11.50, struck in 1911. Pearl Lake was firm with a sale of 60-day stock at 6 1/2, a new record. McManey Looks Good.

## RECORD OUTPUT OF SILVER BULLION

Over Five Million Ounces Shipped From Cobalt Last Year—Revised Figures.

COBALT, Feb. 28.—Authentic figures prepared for official publications place the bullion shipments last year at approximately five and a half million ounces, worth three and a half million dollars, thanks to the rise in the price of silver. This is almost a million dollars more than the total output of the camp previously from this source. The grand total of the bullion shipments to date is over 10,000,000 ounces. Statement showing bullion shipments from the Cobalt district (during calendar year 1912):

Table showing bullion shipments from Cobalt district for various months.

# Opening Displays At Simpson's

## This Is a Season of New Weaves

Before you select the materials for suit and dress you should make a careful comparison of the weaves and colors, new and old. Our dress goods include all the standard materials in all the usual and proven colors, as well as a marvelous array of odd shades and textures in almost every kind and weight of dress goods, many of them exclusively shown by the Simpson Store.

## Our Display is Unique and Complete

Bedford Cords, in a fine assortment of new tones and color combinations, fine, medium, and heavy cords.

Whipcords, in self, two-tone, and multi-tone effects.

Wool Velours and Wool Ratines, in new Spring shades.

English Worsted Suitings, in Whipcord, Diagonal Stripe, and other new designs.

Hairline Stripe Suitings, in black, navy, cream, and other grounds, with contrasting hairline stripes, etc., and many others.

## Monday's Special Item

1,500 yards New Whipcord-Finished Diagonal Suiting, \$1.50 value for, per yard ..... \$1.10

A very timely purchase from a North of England maker shows a full range of new shades; also black, navy, and cream. This is a splendid cloth, of good, firm weave, that will tailor well and always retain its shape. Thoroughly soap-shrunk and dyed, and finished perfectly; 50 inches wide. Reg. value \$1.50 per yard. Monday, per yard ..... \$1.10 (Second Floor.)

See The Other Page in This Paper for Further Simpson Announcements for Saturday

## The New Spring Silks

Each Monday during March will be supplementary Opening Day in the Silk Department, making regular showings of fabrics received during the previous days. Included in Monday's display will be:

New Brocaded Crepe de Chenes, in colors and in black. New Broche, Charmeuse Satins, in self and combination effects. Brocaded Silks and Satins, in Duchesse, messaline, and silk-satin finishes.

New Fancy Silks—This section gives the finest showing of Foulards, Persian, and Oriental Silks we have ever secured. Particularly noticeable are the new Bulgarian Silks, very striking in color blending, and most effective in use.

New Striped and Shot Silks, in great variety, brown and white, blue and white, and black and white, are strong sellers at present.

New Charmeuse Satins, in black and colors, in various makes, such as Crepe, Meteor, and Grenadine.

The display of New Draping Fabrics is large and well chosen.

(Second Floor.)

## The Richest Tributes of the Fashion World

are laid down for you in Our Spring Opening Displays. Each day in the past week has brought a generous addition to the showing; cases of exquisite millinery, dozens of new suits and dresses, handsome waists and new fabrics; while the other important details of your costume are liberally provided by the newest and daintiest of boots, gloves, hosiery, veilings, trimmings, and whitewear, newly shown.

What you will wear this Spring is easy to decide with such a wealth of suggestions ready for your seeing, while the great buying power of the Simpson Company has secured prices that give added attraction to hundreds of the most desirable items for your Easter shopping.

## The Whole Realm of EASTER MILLINERY

"Variety is the spice of life" and also the very life of a millinery business, such as we carry on in the Simpson Store. Every woman who comes to us is looking for something individual, something that will not be met with on every street, at every reception, at every church service. Simpson millinery is individual, so many different models are shown that seldom do we put on the market any great number of similar designs. Here you can get your own style, done in your own way, yet showing the grace of Paris and New York origin.

For the convenience of our customers we have divided the Department into (1) French Section, (2) Simpson Model Section, (3) Young Women's Section, (4) Section for Black and Black and White Toques and Mourning Goods, (5) Imported Suit Hats and miscellaneous sections for trimmings, etc.

### AN ABUNDANCE OF PARISIAN FLOWERS

makes a charming display of exclusive novelties—being part of a shipment received a day or two ago.

### A NEW LOT OF NEW YORK SHAPES.

Very smart Hats that fit closely. About 100 new models, include some from Kurzman and Joseph of New York.

## To Celebrate the Finest Millinery Opening

this store has ever known, and also to draw attention to our enlarged and more-complete stock of exclusive Feather Novelties, we offer until sold:

## 250 Handsome Twenty-Inch Ostrich Plumes, Saturday \$3.45

In black or white only. Our regular \$6 value. Celebration Sale price, \$3.45. Not more than two to any one customer.

## Popular Poplins on Exhibition and Sale

A splendid range of lovely shades in highly mercerized poplin, giving one finish of silk. Colors are pink, sky, black, mauve, Alice, green, tan, linen, champagne, etc. 27 inches wide ..... 25c

The Celebrated "Sunresista" Poplin. It is utterly impossible to move the color of this make by any means, sun, rain, sea, or wash, but a new discovery in the dyeing of the textile fabrics only just perfected in Manchester, England, give it all the advantages we claim. 28 inches wide, all colors ..... 35c

Indian Suiting, 36 inches wide, a plain cloth splendidly adapted for outing suits. An excellent range of colorings, as follows: White, cream, champagne, linen, steel, Alice mauve, green, tan, grey, navy, brown, and black, all fast colors ..... 20c

"Sunresista" Suiting, a plain cloth exactly like a poplin but without the twill. This is colored with the new dye that absolutely will not move. Colors are white, champagne, pink, sky, mauve, grey, reseda, tan, brown, Alice, and black. 28 inches wide ..... 25c (Second Floor.)

## The Robert Simpson Company, Limited

## Handsome New Suits for Misses and Women

Every day has added something to the surpassing stocks of the Women's Suit Section—and at the same time many of the new models have found owners. To come promptly is the secret of securing the best.

Monday will present an almost new display, owing to this rapid changing of stocks, and for those who have not been here within the last few days the department holds many surprises, both in stocks and their convenient arrangement.

### EASTER SUITS FOR MISSES AND SMALL WOMEN.

Made of black and navy English serge, coat strictly tailored, bound with black silk braid, effective and stylish, fastens with two bone buttons, skirt in the new four-gored model, semi-side effect, trimmed with silk braid and buttons. Extra value for ..... \$17.50

### SUITS FOR WOMEN AND MISSES.

Of Bedford cords, worsted, serge, diagonals, and pretty tweeds, graceful, smart models that are both stylish and handsome. Coats are beautifully lined throughout with colored satin, collar handsome—fronts inlaid with the new Oriental velvet or satina, cut-away or rounded fronts; coat fastens with two or three novelty buttons, and has tailored pockets. Skirts are caught up at the sides in the new way and are button trimmed. Shades grey, blue, tan, navy, and black. Prices \$25.00, \$27.50, \$35.00, and \$45.00.

### AN ATTRACTIVE COAT FOR MISSES OR WOMEN.

A particularly good quality of English coating serge, in navy only, is the material, beautifully lined throughout with splendid messaline in shades of gold or blue, cut in jaunty style, with cut-away front and prettie Robespierre collar, fastened at throat with black satin scarf. \$25.00 value for ..... \$18.50

### STRIKING COATS FOR SPRING WEAR, \$16.50 to \$37.50.

Some of the latest importations from the most exclusive New York and English manufacturers, are made from a large range of attractive materials—New black and white checks, navy and black, serge and Bedford cords, in white, tan, and navy, ensembles, ratines, and chinchillas.

The styles are absolutely correct and the newest for this season's wear. Short length coats, with cut-away fronts and caught collars of Burgarian silk or cretonne patterns, or full length traveling coats in comfortable styles for motor or steamer. Range of prices ..... \$16.50 to \$37.50

### SPRING COATS FOR GIRLS.

Are made of serge, vicuna, and cheviot, cut on straight lines, with a large rounded or straight collar, with pointed revers, daintily trimmed with materials in contrasting shades, and finished with novelty buttons. The tailored sleeves are detailed with stitching on the lapel back cuffs, which match the collar. Sizes 8 to 14 years. Prices range from ..... \$3.95 to \$8.75

## Charming One-Piece Dresses

of charmeuse satin, English serge, Bedfords, and poplins, in navy, black, tan, and blue and striped effects, have the high collar or flat satin collar finished with lace jabot and dainty bow ties. The skirts are graceful, caught-up, overdressed and panel styles. Remarkable values at \$12.50, \$14.50, \$17.50 up to \$35.00. (Third Floor.)

## Handsome Blouses

The blouse has come to its own again. Fashion's arbiters in Paris, London, and New York are in perfect agreement that not for years has the blouse had the prominence and the vogue that will be accorded to it this year of grace, 1913.

In conjunction with this dictum the amazing beauty and variety of the new blouses form a combination very hard indeed to resist.

Without in any way forgetting the charms of our wonderful collection of novel crepe, charmeuse, brocade, and melanges of silk and lace, we would particularly call your attention to our extraordinary showing of

### WHITE LINGERIE BLOUSES

which, since the advent of that most graceful of materials

### COTTON VOILES

have provided us with such wonderfully beautiful garments that to-day the woman who is suitably bloused and skirted can feel well and fitly clothed according to the mode of the season.

Again, the prices need not worry you. It is surprising what a pretty waist (as dainty in its way as a Paris Model) you can purchase for two or three dollars. Even at these prices the range of styles is immense.

Monday we show in all its perfection the most exceptional lot of new blouses ever gathered in Toronto, with the added pleasure of beautiful spacious department and courteous saleswomen to serve you in it. (Third Floor.)
