To Make Appeal For Peace Conference

Action is Being Taken After Meeting In Petrograd

HOLD IT IN NEUTRAL LAND

Resolution By Executive of Council of Soldiers and Workmen's Delegates—Governor General of Finland Makes Strong Plea For Carrying On of War

Petrograd, May 12, via London.—An appeal to the people of a neutral country will be published immediately by the Council of Soldiers and Workmen's Delegates, according to a resolution adopted at a meeting of the executive of the council yesterday. The committee also resolved to send a delegation to establish relations with the socialist delegates at Stockholm and to send delegates to neutral and allied countries to turner the peace movement.

It was resolved to call a conference of the Social International and to invite to it representatives of all parties agreeing with the council's appeal. The resolutions adopted by the executive committee included: First, to convolve a conference of the Socialist International, and to invite to it representatives of all parties and fractions of the International proletarian movement, and to the Council of Soldiers and Workmen's Delegates to the people of the world.

SCANDANAVIAN NATIONS RE-AFFIRM NEUTRALITY

Stockholm, May 12, via London.—An official announcement in regard to the result of a three days' conference by Sweden, Denmark and Norway, says that the conferees determined unanimously that the three countries should maintain a policy of impartial neutrality.

GERMAN SCHEME IN POLAND UNSUCCESSFUL

Copenhagen, May 12, via London.—Advices from Warsaw reaching here today from Austro-Polish sources, say that the movement against the German-creed Polish council of states has undoubtedly been encouraged by the events in Russia. The Russian revolution has weakened the position of the Germanophile faction and the supporters of the new kingdom under Austro-German auspices.

AGAINST COALITION BUT MARGIN NARROW

Petrograd, May 12, via London.—The executive of the Council of Workmen's and Soldiers' Delegates has decided by a vote of twenty-three to twenty-two not to participate in the formation of a coalition government.

MORE FOR ENGINEERS

Lieut. J. D. McBeth, recruiting officer for the Canadian Engineers, returned to the city last evening after a very successful recruiting trip to Mount Allison. He was successful in securing six recruits for the signalling section of the Canadian Engineers. They are: Sherry, Ellis, St. John; George C. McKenna, Sackville; T. C. Lockwood, Liverpool; N. S.; Ralph Snow, Upper Port La-Tour; Samuel W. Spiers, Upper Cape; N. B. and S. P. Garnet, Newfoundland.

OFFRE IS IN BOSTON TODAY

A Stirring Welcome—Mr. Balfour and Party Limit Activities in New York to Rest

Boston, Mass., May 12.—Marshal Joffre and members of the French mission accompanying him, arrived here from New York shortly before 8 a.m. today. They were welcomed with every possible evidence of enthusiasm. Streets and city had provided an entertainment filling every hour of the day and the streets were thronged, not only with residents of the city, but with many who had come from all parts of New England to share in the acclaim of the hero of the Marne.

SCANDANAVIAN NATIONS RE-AFFIRM NEUTRALITY

Stockholm, May 12, via London.—An official announcement in regard to the result of a three days' conference by Sweden, Denmark and Norway, says that the conferees determined unanimously that the three countries should maintain a policy of impartial neutrality.

Copenhagen, May 12, via London.—Advices from Warsaw reaching here today from Austro-Polish sources, say that the movement against the German-creed Polish council of states has undoubtedly been encouraged by the events in Russia.

AGAINST COALITION BUT MARGIN NARROW

Petrograd, May 12, via London.—The executive of the Council of Workmen's and Soldiers' Delegates has decided by a vote of twenty-three to twenty-two not to participate in the formation of a coalition government.

MORE FOR ENGINEERS

Lieut. J. D. McBeth, recruiting officer for the Canadian Engineers, returned to the city last evening after a very successful recruiting trip to Mount Allison. He was successful in securing six recruits for the signalling section of the Canadian Engineers.

SPEAKER FORCED TO STEP DOWN

Sielser Takes Lead Among American League Batters THE MAGNATES IN SESSION

Chicago, May 12.—George Sielser of St. Louis has crowded Tris Speaker of Cleveland out of the lead for hitting honors in the American League. Unofficial averages released today show Sielser driving out eight hits in his last five games, Sielser is leading with an average of .393, although Kummel, a St. Louis pinch hitter, leading seven times in ten games, has an average of .429. Speaker, the 1916 batting champion, has fallen into fourth place. The averages include games of last Wednesday. St. Louis is leading in team batting with an average of .225, having five hitters in the 300 class.

WAR TAX AND OTHER MATTERS BEING DISCUSSED IN NEW YORK—THE RICH KENTUCKY DERBY RUN THIS AFTERNOON

New York, May 12.—At a special meeting here today of the National League of professional baseball clubs, various phases of the baseball situation which have arisen since the opening of the season were to be considered. Among the subjects to be discussed by the club owners and league officers is the government tax on gate receipts, the possible reorganization of players for army service, reduction of club rosters and reports of conditions in the cities represented by senior league teams.

LOCAL LIST OF HEROES IS LENGTHENED TODAY

Pte. Frank L. Portmore and Pte. Phillip Welch Killed in Action—Several Among the Wounded

Mrs. Mayes S. Davis of 33 Main street, received a telegram from Ottawa this morning informing her that her husband, Pte. Frank L. Portmore, who was previously reported missing, was killed in action April 7.

WEATHER REPORT

Issued by Author-ized Department of Marine and Fisheries, R. F. Stuart, director of meteorological service.

FROM THE PHILADELPHIA PUBLIC LEAGUE

London, May 12.—The official statement given out here today says that British troops attacking the Hindenburg line have gained their objective and taken some hundreds of prisoners. The British attacked near Bullecourt, on both sides of the Arras-Cambrai road, and north of the Scarpe River last night and early this morning. The text of the statement reads: "Very successful operations were undertaken by our troops last night and early this morning. Attacks were delivered on the Hindenburg line in the neighborhood of Bullecourt also astride the Arras-Cambrai road, and north of the Scarpe. We gained our objectives at all points and have taken some hundreds of prisoners."

Another Air Raid On Zeebrugge; Perhaps Also a Naval Fight

Dutch Reports Indicate Activity From Above and at Sea—British Press Ahead and French Also Make Gain

London, May 13.—Flashes of light indicating another aerial attack on Zeebrugge were observed between three and four o'clock this morning, reports a Reuter despatch from Flushing, Holland. Later, heavy and continuous gunfire was heard from the west. It is believed a naval engagement was in progress.

BRITISH SUCCESS

London, May 12.—The official statement given out here today says that British troops attacking the Hindenburg line have gained their objective and taken some hundreds of prisoners.

The British attacked near Bullecourt, on both sides of the Arras-Cambrai road, and north of the Scarpe River last night and early this morning. The text of the statement reads: "Very successful operations were undertaken by our troops last night and early this morning. Attacks were delivered on the Hindenburg line in the neighborhood of Bullecourt also astride the Arras-Cambrai road, and north of the Scarpe. We gained our objectives at all points and have taken some hundreds of prisoners."

WITH THE FRENCH ARMIES

Paris, May 12 (noon).—Unusually heavy artillery fighting took place last night on the Verdun front in the region of Avocourt, says today's official statement. French patrols penetrated the German lines at several points in Alsace and in the region of Bezouans.

PARIS, MAY 12.—THE FRENCH STATEMENTS

The enemy's artillery fire along the Chemin des Dames was less active last night. Our batteries kept up a destructive bombardment of the German positions and caused the explosion of a munitions depot northwest of Juvincourt. Fierce engagements occurred in the region of Pantheon, south of Pargny, and in the Champagne in the wood west of Mount Carmillet. Adhem and Dials Rivers have pressed the enemy back into the Jebel-Hamir court wood, with no infantry actions. Our detachments penetrated the German

SAYS ALL CIVILIZATION MUST RISE UP AGAINST THE TEUTONS

Mr. Balfour Moves New York Audience to High Enthusiasm—Germans Attempt to Put the World Under Foot

New York, May 12.—In his speech at the banquet here last night, Rt. Hon. A. J. Balfour moved his hearers to high enthusiasm when he said: "This is not an instance of an individual genius, another Napoleon, seeking to overcome the world, but something far different, far more sinister—an attempt to use every means of science to put the world under foot."

THE LION GOES FISHING.

Word has been received by Mrs. Harry Allingham, 40 Leinster street, to the effect that her husband, Pte. Harry Allingham, who was wounded at Vimy Ridge, is in a hospital in England and since going under an operation is improving as well as can be expected. There was much joy when it was learned that his wound was not serious.

Gr. Albert Johnson

Mrs. Blanche Johnson, of 570 Main street, received a telegram today from Ottawa telling her that her husband, Gunner Albert Johnson had been admitted to No. 1 Convalescent Hospital in Boulogne, France, suffering from a severe injury in the head. Gunner Johnson left here some two years ago with a severe battery unit, but after his arrival in England was transferred to a field artillery battery.

Official List

Ottawa, May 12.—There are ninety-nine names in the noon casualty list today. Twenty-two were killed in action and eight died of wounds. The list includes: INFANTRY.

Killed in Action

J. A. Maxwell, St. John.

Wounded

R. Atkinson, Gloucester; N. S.; C. E. Warren, North River; P. E. L. T. H. Parsons, North River; P. E. L. T. H. Parson, Harbor Grace, Nfld.; P. E. Kaulbach, Bridgewater, N. S.

(11420, Florence)

Good Things Coming
Theatres of St. John

OPERA HOUSE, NEW BILL

Usual weekly change of vaudeville programme at the Opera House tonight and all signs point to the usual big rush at both shows, so, if you are going, better fall into line early to avoid being left. The new programme includes Myrtle, Jess and Art, a classy trio in a comedy variety offering; Stone and Hughes in "A Hypnotic Kiss," a novelty dancing whirl from the Winter Garden; Davis Bros., comedy acrobats; Marie Laurent, prima donna, almost five feet of comic opera; the Newmans in a comedy bicycle riding sensational act, and the 14th chapter of the Grimston Stain Mystery serial. The latter is getting more gripping as it nears the end and the identity of Pierre La Rue seems most puzzling than ever. Two shows tonight, 7:30 and 9. Every afternoon next week at 2:30. Same little plays.

STRUGGLE ON TOP OF SKYSCRAPER

How would you like to engage in a real fight on the extreme edge of the top of one of the highest buildings in New York City? That was what three of the male players found it necessary for them to do in "The Money Mill," the Vitaphone Blue Ribbon feature starring Dorothy Kelly, which was directed by John Robertson and which is the attraction at the Imperial on Monday.

Flashes interspersed in the action show the depth to the street with the busy crowds and traffic beneath. Needless to say the three players were not in danger when the scenes were completed, accustomed though they became to thrilling experiences before the camera.

ALL NEW AT THE GEM

Theda Bara makes her reappearance in vampire roles in the new William Fox picture, "The Vixen," which will be seen tonight at the Gem. Miss Bara plays the part of Elizabeth Drumm, a young society girl who wrecks the life of her sister, Helen, by ingenious plots and false statements. She brings unhappiness to one man, and is saved from bringing ruin on her home only by the forbearance of the sister. "The Vixen" is a powerful play. The vaudeville programme excellent entertainment.

MR. DOLAN OF NEW YORK COMING

Another hit in features is booked at the Palace Theatre for Monday and Tuesday, a clever story of an American pugilist's life in Paris, featuring Jack Mulhall in the role of Dolan of New York. "Plenty of punch," along with this will be shown a comedy also. Orchestral music. Prices 5 and 10 cents.

SCOTT ACT REPEAL ELECTION IN YORK EXPECTED SOON

Fredericton, N. B., May 12.—A petition for repeal of the Scott Act is on in the new legislature here and it is expected to be forwarded to the secretary of state in Ottawa next week. It is expected an election will be held on the repeal of the Scott Act on May 15. The city council last night voted \$300 towards the Children's Aid Society.

A delegation of retail merchants asked support in a scheme to have for cultivation of vacant lots.

An accident to a freight train on the J. C. R. near Perth, Sunday afternoon tied up traffic for several hours.

Notices of Births, Marriages and Deaths, 50c.

BIRTHS

OSBORNE—On May 9, to Mr. and Mrs. F. B. Osborne, 316 Princess street, a daughter.

DEATHS

WELCH—Killed in Philip act at "Vimy Ridge" April 18, 1917, which is a nephew of T. R. Colley, of Colville, and a son of Mr. and Mrs. Henry Welch of Lunenburg, Alberta, aged 19 years.

PERSONALS

H. G. McCafferty of New York, son of Mr. and Mrs. Francis McCafferty of King street east, has been gassed in the British army and is now in one of the training camps in New York state. He has been in newspapers for some time.

Captain A. G. Pierce, late of the 28th Battalion, and for several months trench warfare instructor for the New Brunswick command, now adjutant of the 104th Canadian Forestry Battalion stationed at Yarmouth, N. S., has been visiting in Bangor, Maine, and indirectly looking for recruits for his unit.

Hon. W. F. Roberts, M.D., and Mrs. Roberts returned to the city today from Fredericton.

Mrs. Arthur Bowman left yesterday accompanied by her little son, John, to visit her mother, Mrs. William Beer, in Toronto.

Dr. A. Pierce Crockett and Mrs. Crockett have returned home after a pleasant visit to Boston and New York.

Mrs. W. Lockhart, Mrs. Fred Crosby and Miss Catherine McAvity left yesterday for a short visit to Boston.

Mrs. Duck, who spent the winter in St. John, is now in Rockville (N. B.) with her daughters, Mrs. Freeman Lake, to remain for the summer.

Miss Grace Skinner is spending some weeks in Montreal visiting relatives and friends.

Mr. and Mrs. A. P. Barnhill, Mr. and Mrs. F. C. Beatty, Mr. and Mrs. W. B. Tennant, Miss Dorothy Tennant and Master Nigel Tennant will be accompanied on Thursday on a trip to Boston and New York.

Frank Scott, vice-president and treasurer of the Grand Trunk Pacific Railway, arrived in the city yesterday in the private car Ottawa and went through to Halifax in the afternoon.

General Petain's position is definitely defined as the delegate of the minister of war for the study of all technical questions concerning military operations and for the direction of military services in French territory.

It is now said that the German chancellor will not make his expected speech in peace terms.

ANOTHER LARGE LIQUOR SEIZURE

Barrels Containing Wet Goods Believed Worth \$1,000 in Union Street Fruit Shop

That it is intended that the lid will be tightly kept on under the prohibition law was again exemplified this morning about eleven o'clock when Alexander Crawford, inspector for the city, with Detectives Briggs and Duncan, of the local force, visited the premises of Isaac Webber, known as the Union Fruit Store, on Union street, a little below the crossing of Sydney and Waterloo streets and seized a large quantity of liquor. Seven sugar barrels full of bottles were declared forfeited by the inspector and removed from the shop to police headquarters. The defendant was also taken along with the stock and was brought before the magistrate. He entered a plea of not guilty and said that, although the liquor was found on his premises, it was not his goods and belonged to some other one.

He was freed on a deposit of \$200 for his appearance again on Monday. The value of the confiscated liquor is said to amount to \$1,000.

Speaking of the raid an official said that there was a chain involving certain people in the city who were storing liquor for the purpose of shipping to Halifax. The raid this morning follows days before the seizure of a large quantity of liquor in Antonio Di Benedetto in George street.

LAST POST SOUNDED AT CHURCH SERVICE IN MEMORY OF WM. GRAY

At a memorial service in St. John's church last evening the last post was sounded in honor of the memory of the late Private William Gray, killed in action at the front. He had been a member of the boys' club of the church from its earlier years and was a faithful attendant at the rectory's Bible class. Several years ago he left for the United States and was located there when war was declared. The call to arms summoned him and he returned to St. John's and enlisted in the American Expeditionary Force.

In a letter to his sister, Mrs. Bailey of Richmond street, received only a few days before he sailed, he said that he had a presentiment that there seemed to be the prospect of a life-time ahead but he hoped he might come to himself and possibly be able to return to his home and his old St. John's church would sound the last post for him.

At the weekly service of intercession last evening, Rev. G. A. Kehring told the story of the young man's career and the circumstances which led to his death. He sang the hymn "Now the Day is Over" was sung, and the German hymn "The Last Post" was played. The service was rendered on the organ by D. Arnold Fox.

PRODUCTION AND PRICES

To the Editor of The Times: We are interested in the campaign for increased food production which is being conducted by the Government and possibly for little or no remuneration do their best to assist the farmers with a guarantee that their product will not be sold at a loss. We are interested in the campaign for increased food production which is being conducted by the Government and possibly for little or no remuneration do their best to assist the farmers with a guarantee that their product will not be sold at a loss.

THE GERMAN WAY

Berlin, May 12, via London.—The admiralty announces that a British destroyer was sunk in the engagement on May 10 between German light forces and British cruisers and destroyers. The announcement says the British admiralty has asserted that it has disclosed the facts in connection with the engagement.

LOCAL NEWS

DEATH OF CHILD

Friends of Mr. and Mrs. William J. Quigg, Fairville, will sympathize with them in the loss of their infant son, William James, who died yesterday.

PLOUGHING ON MONDAY

Arrangements have been made by Commissioners Wigmore to have the eight new field at Silver Falls ploughed for potato cultivation, the work to start on Monday. Five acres will be seeded and ploughed by the department for the benefit of returned soldiers and the remainder will be opened for private cultivation.

TWENTY-TWO DEATHS

Twenty-two deaths were reported to the Board of Health this week, as follows: Pulmonary tuberculosis, five; pneumonia, three; diphtheria, one; cerebral hemorrhage, paralysis, mitral regurgitation, cirrhosis of liver, apoplexy, asthma, aneurysm, malignant angina pectoris, cardiac insufficiency, water on brain, heart failure and arterio sclerosis, each one.

NEW INSTALLATIONS

Two new streets are being installed by the water and sewerage department in Queen street, at the corners of Westworth and Pitt and at the corner of Mecklenburg and Wentworth. A new catch basin is also being installed at the corner of Queen and Wentworth. In spite of the wet weather work was continued today on these jobs and on the various sewer repairs around the city.

ON THE RIVER

It has been definitely announced that the steamer May Queen will make her first trip of the season to Grand Lake on next Wednesday morning. She was repaired and is now in good condition for a season's run. The D. J. Pundy is expected to inaugurate this afternoon from Fredericton, thus completing her first round trip of the season. Yesterday she took a good sized cargo up river, but she is not expected to bring much down as freights to the city are high.

THE NEW ENGINEER

Bertold M. Hill, who has been appointed provincial railway and road engineer, taking over the duties formerly performed by E. M. Maxwell and J. L. Peery, is an engineer of established reputation in whose hands the administration of the railway and road system is a native of Charlotte county. After wide experience in other operations, was engaged in a supervisory capacity as engineer during the construction of the central portion of the Valley Railway. He is also provincial engineer in charge of the construction of the railway in Charlotte county, and led the ticket.

BIG MEN HERE ON THE SHIP-BUILDING MATTER

Sites Inspected and Tour of Harbor Made by Glasgow and Montreal Visitors

St. John's is receiving serious consideration as the possible site for a large shipbuilding plant. Sites at Halifax and St. John's are being inspected by a party of big men in the industry, and the decision may not be announced at present, but in the meantime, a careful examination of the possibilities offered by this port is being made.

Thomas W. S. Dickson of Glasgow, who is said to represent large shipbuilding interest now established on the River Clyde, accompanied by A. D. Swan of Montreal, a noted harbor expert, arrived in the city this morning for the purpose of going over the ground in this district. They spent this morning around the harbor front, visiting both sides of the main harbor and also Courtenay Bay. This afternoon they will tour the harbor in a tugboat.

At one o'clock today the visitors were entertained at luncheon in the Union Club by Mayor Hayes who also has as his guests the other city commissioners, Senators Thorne and Daniel and a few other representative citizens.

SIMONDS SAW COMPANY

CHIEF JOINS THE ARMY

Fitchburg, May 12.—Alvin T. Simonds has resigned as president of the Simonds Manufacturing Company to accept an appointment as captain in the Ordnance department of the reserve corps of the United States Army. He is the only member of the reserve corps to begin work for the department.

Mr. Simonds is one of the most widely known business men in Fitchburg and is prominent socially. He is a member of the Alpine and Fire clubs.

The largest saw-making firm in the country, is now engaged on a government contract, in the filling of which Mr. Simonds got experience which, with his long connection with the metal trades industry, will be of no value to the government.

FIX MAY WHEAT AT \$3.16 FOR SETTLEMENT

Chicago, May 12.—The settlement price for May wheat, wiped from the board of trade yesterday as a speculative option, was fixed at \$3.16 a bushel today.

Chicago, May 12.—Summary stoppage of trading in the May delivery of wheat did not long delay fresh advances in the price of other options. Although the market at first showed material declines on account of lack of support, buying was soon resumed in sufficient quantities to make quotations jump in the same extraordinary fashion that of late has kept the wheat pit in a turmoil. July delivery leaped up 18 to \$2.29 against \$2.46 to \$2.40 at the opening and compared with \$2.15 to \$2.20 at yesterday's finish. It crept to \$2.30 and soared to \$2.21, a rise of ten cents over night. The market was extremely nervous.

BOSTON TEACHERS TO HAVE LEA FOR MILITARY SERVICE

Boston, May 12.—The school committee has ordered that teachers who offer to school service who join the army or navy be given leave of absence without pay until June 30, and that such leave be extended so long as they are with the colors. The committee will seek to have legislation enacted to enable it later to give these men their regular pay.

THREATENED COAL STRIKE IN CENTRAL PENNSYLVANIA

DISTRICT NOW AVERTED

Washington, May 11.—A tentative basis of agreement for averting a threatened strike of coal miners in the central Pennsylvania district was reached at a conference of representatives of both sides tonight with Secretary Wilson, of the labor department.

CHIEF INSPECTOR PLEASUED WITH WAY THINGS ARE GOING

Rev. Mr. Wilson, in St. John Today, Speaks of Phases of Prohibition Enforcement

After referring with satisfaction to the energy shown by the local inspector in enforcing the law and the chief inspector, Rev. W. D. Wilson, this afternoon expressed his gratification over the way in which the new law was being enforced all over the province. He said that there had been almost no time in advance to arrange for an organization and preparation for enforcement of the law. Under the circumstances, he felt that the success attained in enforcing the law was all the more gratifying but almost surprising.

Reports reaching Mr. Wilson from all parts of the province indicate that New Brunswick is remarkably dry and, where violations of the law are detected, they are being dealt with promptly and severely. Some trouble, he said, might have been expected from places like Dalhousie, Bathurst, and Edmundburg, where liquor formerly was on sale, but his reports indicated that these places were being kept dry as completely as the rest of the province.

The supreme court decision against the extension of licenses by an up-river county board had settled the matter for that county and a careful watch was being kept to make sure that there would be no more violations.

The first charge under the new act had been dealt with in Campbellton and the offender fined \$10.

A large stock of liquor had been seized by the Gloucester county inspector on the northern shore of the county and the sale of the goods was headed off.

In St. John the number of arrests made by the board of directors and the work of the board is being followed.

SUNDAY AND FARM WORK

To the Editor of The Times:—Sir, Re Sunday gardening and the proposal to ask the government for a suspension of the Lord's Day Act to meet the shortage in food supply, permit me to make a few observations.

The Lord's Day Act was passed as a matter of course, the government cannot suspend it. Parliament alone has power to amend or repeal it. It is a question of the provision of the statute for works of necessity and mercy and not a question of the Lord's Day Act by voting against the proposal to allow Sunday harvesting in bad weather.

The request has not, apparently, come from the farmers, though doubtless many desire the privilege. It is a question of permission would not dissuade the great body of farmers from Sunday rest and the effect would be to reduce the production of the class which will throw into the others' hands what they have long enjoyed, the privilege of unrestricted Sunday labor.

During the past two and a half years of war, circumstances have been made upon Sunday that now seem to have been unnecessary. The manufacture of munitions is a case in point. The manager of a large millinery company made such an admission in his case. The Sunday moving picture shows a man engaged in working on the streets, and it is justly and so the Sunday entertainment for patriotism.

Before expropriating the day for industry, all other possibilities should be exhausted. The day has been made the scapegoat for all the delinquencies of the week, our lack of resources, our unemployment and our crime. Such unlawful and hypocritical use of war-time prices have been made by many enquiries in this regard should be searching.

Conceding places on Sunday to works of necessity and mercy, and notwithstanding the Archbishop of Canterbury's recent concession, we venture to encourage the present proposal as a matter of respect to the law. Sir David Beatty, who is said to represent large shipbuilding interest now established on the River Clyde, accompanied by A. D. Swan of Montreal, a noted harbor expert, arrived in the city this morning for the purpose of going over the ground in this district.

They spent this morning around the harbor front, visiting both sides of the main harbor and also Courtenay Bay. This afternoon they will tour the harbor in a tugboat.

At one o'clock today the visitors were entertained at luncheon in the Union Club by Mayor Hayes who also has as his guests the other city commissioners, Senators Thorne and Daniel and a few other representative citizens.

CATHOLIC GIRLS' GUILD

Reports of Much Good Accomplished During Year Presented at Annual Meeting

The second annual meeting of the St. John Catholic Girls' Guild was held on Thursday evening in the guild building in Colburn street, with the president, Miss Mary L. Killorn, in the chair. In a comprehensive report Miss Killorn ably reviewed the year's work. She outlined the work undertaken by the members and what had been accomplished.

The report for 1916-17 is as follows: The St. John Catholic Girls' Guild has completed its second year of existence and may be truly considered past the experimental stage. Since November in May, 1916, the guild was moved to 25 Colburn street and Mrs. M. Owens assumed charge, rapid strides were made and in May, 1916, the guild was moved to more commodious quarters at 100 Colburn street and new duties have been met and brought to a successful issue.

Through the generosity of His Lordship Bishop LeBlanc, in tendering the use of the building for the last year, the guild has been able to broaden its field of work and admit many girls seeking aid. Although the entire work of the house had developed upon the matron during the year efficient aid has been prevented the work being carried on taken up systematically as we could not have had a paid secretary; so everything done in this line was looked after by Mrs. Owens.

Many deserving cases have been brought to the attention of the guild through the chaplain, Rev. Wm. M. Duke. Very deeply we appreciate his kindly interest in the guild and his untiring efforts in aiding the various committees. Our thanks are also due to the recording secretary, Miss Kathleen O'Neill, whose duties have been arduous but well performed.

The treasurer, Miss A. G. McGuire, reported a small balance on hand after the expenses were met. The membership committee reported through Miss A. White, the physical culture through Miss M. McGuire, the social committee, Mrs. G. T. McCafferty, girls' work committee, Mrs. M. Owens; religious committee, Mrs. J. Gleeson; educational committee, Miss A. McGuire. The various reports were duly received and the matter of recommendations embodied therein were referred to the board of directors.

Five new directors were elected. It was explained that under the constitution five new members of the board of directors were required automatically each year and Miss K. Lawlor, for the nominating committee, submitted the list of nominations and the following were elected by ballot: Miss E. T. Reid, Miss A. White, Miss M. McGuire, Mrs. J. Gleeson and Miss K. Duke. The meeting closed with a few remarks by the chaplain, Father Dowling.

CHEAPER GOAL FOR NOVA SCOTIA

Measure Enacted Enabling Towns to Buy and Sell Fuel

A bill enabling any city or town in Nova Scotia to establish a fuel yard, to purchase fuel and to sell the same to the public, has been passed by the Nova Scotia House of Assembly. The bill was introduced in the house on Tuesday night, and given its second reading on Wednesday. It was given its third reading, ordered to be engrossed and sent to the legislative council for concurrence. H. H. Wickwire of Kings introduced the bill.

Provision is made for the city or town to use any municipal property wherever they wish to establish the yard or to lease any lands for the purpose for a term not exceeding three years. Provision is also made for the appointment and payment of officials to look after the fuel yard and for the borrowing of money for the purchase of coal or the equipment of the yard.

The bill, when enacted, will pare the way to a reduction in the cost of the price of coal to the consumer if any city or town is able successfully to operate and eliminate profits.

Wash That Itch Away

There is absolutely no sufferer from eczema who ever used the simple wash which D. D. D. did not feel immediately that wonderfully calm, cool sensation that comes when the itch is taken away. This soothing wash penetrates the pores, gives instant relief from the most distressing skin diseases. E. Clinton Brown, Druggist, St. John, N. B.

AMERICAN SHIP FIRES ON U. BOAT AND SAVES A BRITISH FREIGHTER

(New York Times)

A Port in the United States, May 9.—The passengers on an armed American ship which arrived tonight from a British port told how the keen eyesight and smart gunnery of the naval crew saved the ship and a big British freighter from being torpedoed by a German submarine on May 2, off the coast of Ireland. Twelve shots were fired from the ship in rapid succession at a range of 1,200 to 1,300 yards, and the submarine disappeared so quickly that it was impossible to tell whether it had been hit.

The gunnery with which American gunners fired was praised by British naval officers who were among the passengers on the ship, but they could not discuss the incident further on account of their position in the government service.

The Evening Times and Star

ST. JOHN, N. B., MAY 12, 1917.

The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening, (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

A CHALLENGE

It was a serious and sobering message Dr. James W. Robertson conveyed yesterday to the people of St. John. In measured words he declared that not since the battle of the Marne has the situation of Britain and her Allies been more perilous, and this for the reason that there is grave danger of inability to supply the civil population and the soldiers with food.

THE GREAT MURRAY DRIVE

A new centre of interest in the war situation has developed. Readers of the Standard today learned that in addition to the heavy fighting on the French front and the beginning of the great drive on the Macedonian front, the Hon. James A. Murray had begun a bombardment at Fredericton which sent Premier Foster in a panic into his dug-out and made great crates and shell holes all over the government side of the house.

It's Easy To Get Rid of Dandruff

Gently rub spots of dandruff, scales, itching and irritation with Cuticura Ointment. Next morning shampoo with Cuticura Soap and hot water. This treatment every two weeks is usually sufficient to keep the scalp clean and healthy.

LIGHTER VEIN

Early Lesson in Ornithology. Squire (to rural lad)—"Now, my boy, tell me how do you know an old partridge from a young one?"

For Wife's Birthday

There was a husband who gave real consideration to his wife's birthday, and on the evening of that day he brought home an interesting little parcel carefully wrapped in white string, which he handed to his wife.

WHERE IS YOUR GARDEN?

The American Lumberman, of Chicago, sent out an enquiry to mayors of cities and towns asking what was being done in the matter of increased production. The answers show that there is a nation-wide movement that there is soil possible. Some mayors intimate that it will be made rather interesting for loafers this summer. Here are a few of the answers:

GERMANS EXTRACTING OIL FROM GRAIN GERMS

Said to be Used as Substitute for Egg Albuminous Powder from Same Source. Berlin, May 12.—If, against all German expectations, the war should continue next year, there will be longer the death of oil which causes the despair of housewives and restaurant keepers at present, for German science, which has solved so many knotty problems within the last three years, has at last discovered that it can be extracted in large quantities from grain.

MOTHERSILL'S SEASICK REMEDY Officially adopted by Steamship Companies on both fresh and salt water—endorsed by highest authorities—used by travelers the world over and generally recognized as the One Dependable Preventive of Seasickness.

Had Severe Cold PAIN IN CHEST SPASMODIC CHOKING

Many people when they contract a cold do not pay any attention to it, thinking perhaps it will pass away in a day or two. This is a mistake for before they know it, it has settled on the throat and is causing a cough or croup.

Good Stylish Pumps

At a reasonable price, made of Patent Leather, black cloth top, Goodyear welt sewn soles and made on a new up-to-date shape.

MOVEMENT FOR TOTAL PROHIBITION IN STATES UNTIL AFTER WAR

The following circular is being sent to the press and citizens of the United States:

Whereas: In the present critical situation the drink traffic has become a greater menace than ever to our country, in that it is found to be the basis of practically every breach of loyalty, and Whereas: Our communities are more menaced today through the activities arising therefrom, and Whereas: In justice to them and protection to ourselves from abusers of their statutory privileges, be it

Resolved: That we petition the President of the United States of America to use the power invested in him by law to prohibit the manufacture and sale of all intoxicating liquors in our country and possessions for the duration of the war, and be it further

Resolved: That copies of these resolutions be forwarded to the several press associations for publication, and that we ask the loyal citizens of the country

to join with us at once in concerted action to this end, directing their attention to the beneficial effects of prohibition as instituted in the warring countries of Europe.

Respectfully submitted,
W. D. HOOPER, Chairman.
REV. C. W. MAIS,
P. M. LAURIE,
A. E. HESS,
W. D. DEEMAN,
R. H. SOMMERVILLE,
Mr. President.

We, the undersigned citizens and residents of the United States of America, deeming it vital to the interests of the country at this time, that the manufacture and sale of intoxicating liquors be prohibited, do respectfully petition you to use the power vested in you as President of the United States of America, to declare their manufacture and sale prohibited for the period of the war, in the United States and its possessions.

ALLIED PARLIAMENT WILL PLAY BIG ROLE

Means of Preventing International Conflicts; Be Permanent Union of Free Nations

Paris, May 12—The results obtained at the recent war council held in Paris were highly satisfactory on all points, and the American government has been informed concerning the discussions, according to Jules Cambon, general secretary to the Ministry of Foreign Affairs. This conference was attended by Premier Lloyd George, Admiral Sir John R. Jellicoe, Field Marshal Sir Douglas Haig and Major-General Sir William Robertson, representing Great Britain; Rear-Admiral William S. Sims, representing the United States, and other military and naval leaders.

"More and more it is becoming evident that the future conduct of the war is going to depend upon America, the moral, material, military and naval forces of which constitute factors of the very highest importance," said M. Cambon today. "Owing to conditions in Russia, activity upon the eastern front may be somewhat slackened by reason of Russia's inner problems, but the action of America gives us advantages offsetting what we might risk losing on the eastern side. It indicates the growing role that President Wilson and America are called upon to play in the final solution."

Referring to the recent congress of the Allied nations in Paris, M. Cambon said "It is an illustration of what President Wilson called an association of free and democratic nations against autocracy."

M. Ribot suggested that the next meeting of the inter-Allied parliament should be held at Petrograd. This could be significant, because this is the latest centre of democratic action which the liberal nations. The parliament of the Allies is destined later to play an important role in international affairs. All-Parliamentary arbitration has been accepted as the chief means for reconciling international difficulties and the arbitration court at The Hague has been set up with that end in view. But arbitration pre-supposes a common basis of agreement. The parliament of the Allied nations will in time formulate a means for averting conflicts and thus avoid the necessity of having to resort to arbitration. "In time the existence of the inter-Allied parliament will become the means of preventing international conflicts and may constitute a permanent union of free nations."

GOLDEN WEDDING.

The fiftieth anniversary of the marriage of Mr. and Mrs. John R. Acheson of Calais, was observed on last Tuesday.

Store Open Until 10 o'clock.

There were present on this occasion two brothers of Mr. Acheson, Thomas and George, who are residents of the neighboring town of St. Stephen; two sisters, Mrs. W. T. Claridge and Mrs. Jennie Ramsdell of Calais, a daughter, Mrs. Charles W. Mathews, and a son, Jack Acheson; a niece, Mrs. Hazel Elliott of Calais, and several grandchildren. Close personal friends were also present. During the evening Mr. and Mrs. Acheson received a purse of \$67 in gold, besides other valuable gifts.

Mr. Acheson was born in Elmville, N. B., on August 24, 1843, and his wife who was Miss Hattie B. Preston, was born in Edmunds. Mr. Acheson was a sergeant of militia at the time of the Fenian raid.

THANKFUL MOTHERS

Mothers who have once used Baby's Own Tablets for their little ones are always strong in their praise of this medicine. Among them is Mrs. Marcelle Boudreau, Misonette, N. B., who writes: "Baby's Own Tablets are the best medicine I know of for little ones. I am very thankful for what they have done for my children. The Tablets regulate the bowels and stomach; cure constipation and indigestion; break up colds and simple fevers; in fact they cure all the minor ills of little ones. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont."

PRaises BRITISH ADVANCE

So Perfectly Organized, Kipling Says, That Germans Can't Stop It.

Rome, May 12—Rudyard Kipling, who has been at the front in France and has been making a short stay in Rome, compares the British army to a machine working so perfectly that no human power can arrest it. He expresses the greatest admiration for the work of the French and English which, he says, the Germans are now powerless to check. The losses—the heaviest in history—which they have incurred by their efforts to do so, must end, he says, in affecting the morale both in the army and the civil population of Germany.

MEN'S FURNISHING DEPARTMENT

Manchester Robertson Allison, Limited

EIGHT WAYS IN WHICH WOMAN CAN MAKE MONEY AT HOME

In a series of letters on the problem of "Making Ends Meet on a Small Income" in Pictorial Review for May, appears the following timely contribution:

Until the high cost of living problem is solved, one must keep on living. Even by most clever planning, a family of four cannot be supported adequately on \$700 a year. Thousands of wives are glorifying their "standing" instead of hurrying it, by helping their husbands increase their income. Below are eight actually-tried and successful plans.

A California woman sent cards, selling her two little boys, kept the vines in fine condition. Summer cucumbers for salad, smaller fall ones for pickles were her stock. What she did not sell, she put up in glass jars attractively. These sold readily for 30 cents per quart. She netted an average of \$25 per month.

A California wife made round, heart-shaped, and animal spiced and sugar cookies, tied neatly in wax-paper, a dozen to a package, 15 cents a dozen. She began with a small oven on her gas-stove, and in two years needed and bought a "baker-size" range. She does all her work in the mornings, and clears \$40 to \$60 a month.

Why not rabbit-raising? An Iowa

5,000 BAY STATE ARMENIANS READY TO FIGHT FOR U.S.A.

Boston, May 12—Gov. McCall has been informed in a letter from S. K. Boyajian, an American resident of this city, that there are at least 5,000 Armenians in Massachusetts of military age, who would be able and willing to form a complete regiment for war service. Many of these who are married fear that their wives, left in Turkey, when the men came to America have been murdered. The governor referred the letter to the acting adjutant general.

Laugh When People Step On Your Feet

Try yourself then pass it along to others. It works!

Ouch ! ? ! ? ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezezone when applied to a tender, aching corn stops up an inflamed artery and soothes the corn at once, and soon the corn drops up and lifts right out without pain.

He says freezezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.

Mid-May Special

In Smart Cloth and Silk Suits

\$25.00 Each

A remarkable collection to choose from

Mostly sample numbers which sell regularly from \$28.50 to \$30.00

There are smart serge suits, high colored sport suits in wool velour and jersey cloth, also a line of dressy taffeta silk suits in newest design. Every one is of exceptional value selected models from high class makers; sizes 16 years to 40 bust.

The serge suits include semi-tailored and belted design in navy, brown, green or black. Some are braided trimmed, others with heavy stitching.

The sport styles are in the new gold shades, apple green, rose and are trimmed with heavy stitching on the large collar, belt and fancy pockets.

The taffetas are in navy and black only, but are beautifully made and very dressy. The coats are silk lined throughout and have heavy stitching in self or contrasting shade on large square collar and pockets, and are finished at the waist line with silk girdle of self material.

The Man In The Street

Have you a little garden plot in your back yard?

Or, rather, are you hoping to have one. This weather offers little inducement for exercise with the shovel and the hoe.

Even if you have no back yard there is no need to be discouraged; one bright citizen says he is going to raise his vegetable supply in window boxes.

After one day's work, some of the city men who are volunteering for farm service will be convinced that they are entitled to a medal for bravery in the field.

At any rate it will teach some city folk a lot more respect for the farmer.

War times have taught us that even the grain and vegetables must be taught how to shoot properly.

The federal government is promising consideration for some of the more pressing war problems; with good luck they may have a war programme mapped out about two years after the war is over, if left to their own devices.

The Toronto Saturday Night casually remarks that the Borden government is the worst since confederation. But why waste time and space remarking on the obvious?

Now that an explanation has been made, every one will be quite satisfied to pay the market price for hard coal. No one would want to see those poor commission brokers and other middle-men in New York starving to death for the lack of an extra three dollars a ton.

The National Colors

The posts where the street cars stop are now decorated with painted bands of red and white. Is the company waiting more revenue or for a big British victory before adding the blue.

A Vicarious Pleasure

"Are you getting anything to drink these days?" a formerly bibulous citizen was asked.

"No, not even a small of it," he answered dolefully. Then he brightened and, with mingled hope and envy in his tone, he added: "But I saw a chap with a peach of a jag this morning."

Another Hard Case

The stranger in town sidled up to the hotel desk. "Say," he whispered, "I'm fearfully dry. Can you tell what to do about it?"

The clerk cordially responded: "Sure; just step out on the sidewalk without your umbrella and you won't be dry long."

Any Volunteers?

A research foundation has been established at Hartford, Conn., by which men drink a news despatch says. There may be a few men around St. John who would be willing to give practical demonstrations, purely in the interest of science of course.

"An Optimist"

There's one chap who thinks he has found a way to speed the reclamation law; he says he is going to appeal to the public utilities commission.

Outward Bound

If the civic public works department wants to relieve the nice new pavement they laid recently in Market square they will have to put a deep sea diver headed down Market slip and traveling in expert spectator, soaked very much like so much sand, was laid neatly and rolled impressively. A lot of time was taken to produce a nice smooth surface, and it looked all right, until some thoughtless teamster drove over it and spoiled the effect. However, the street where it had been placed until this morning. A choked drain pipe in the public fountain, and the resulting stream of water which flowed down to the square put the paving material to the brook simply picked up the street covering and ran off with it. Next time they lay a sand pavement, the pavement course may develop, the pavement should be tied down or restrained by an injunction.

LOCAL NEWS

ENTERTAINED

Mrs. F. U. Mowry entertained, first at the Lyngby Theatre and later at her residence, 116 Elliot row, last evening, in honor of Miss Florence Dustin, who is to be the bride of a young man in a happy event in the near future. During the evening a novelty shower was tendered Miss Dustin.

BURIED TODAY

The funeral of Thomas Carr took place this morning from 121 Brunswick street to the Cathedral, where mass of requiem was celebrated by Rev. Francis Walker. Interment was made in the old Catholic cemetery.

The funeral of James Boyd, whose death occurred in Chicago and whose body was brought here for interment, took place this afternoon from Messrs. Chamberlain's undertaking rooms. Services were conducted by Rev. Mr. Thompson. Interment was made in Fernhill.

MILITARY INQUIRY HERE

A commission under Colonel E. S. Wigle, appointed to inquire into the treatment of soldiers and returned men in Quebec, arrived in St. John this morning. The local part of the inquiry was commenced in the office of the New Brunswick command about 10 o'clock this morning. The commission is composed of Colonel Wigle of the 21st regiment, president, and Lieut.-Colonel J. O. Ostell, D. C. of the 68th Mount Royal Battalion, and Captain Barclay, D.A.A.G., of headquarters, Ottawa, members. Evidence of members of the 217th battalion was taken.

CAPT. J. W. DOLLAR

Expressions of general regret were heard when it became known that Captain John William Dollar died at his home, 22 Elm street, at an early hour this morning following an illness of two years. Although Captain Dollar was only twenty-six years of age he became well and favorably known as a shipping man. He had been attached to the officers' staff of river steamers including the Hampton, Oconee and Elaine, where he became very popular with the traveling public along the St. John river. He was a native of Hampstead, N. B., but after he had received his captain's papers he made his home more or less in St. John. Captain Dollar leaves his wife and one child, also his parents, Mr. and Mrs. John Dollar of Elm street, and one sister, Mrs. L. Costin, of Amherst. The body will be taken to Hampstead on Monday morning on the steamer D. J. Purdy for burial at Queenstown. Services will be held at the home in Elm street tomorrow evening at 8.30 o'clock.

LANCASTER TRADE BOARD IS RESUMING ACTIVITY

Bond Issue For Permanent Sidewalks—Greater Production Campaign—Clean-Up Day

The Lancaster board of trade, which has enjoyed a slumber since some time in 1915, has shaken itself to a new awakening and, according to report, will meet in important session next week.

Among the talked of items of business to come up for discussion will be a new bond issue, which it is understood the councillors mean to ask authority to issue. This involves about \$10,000 and is to be used for more permanent sidewalks.

As Lancaster has not yet taken any particular stand in regard to the greater production campaign in which the city board of trade has interested itself, it is to be expected that this subject will also be talked over.

One of the officers of the board, speaking yesterday, said that the corporation of St. John controlled good arable land in the parish that might be offered to citizens for gardening purposes, and thus demonstrate in very practical fashion the desire to assist in raising greater crops.

Clean-up day should also receive some attention from those interested in the welfare of the community and, judging by the conversations in the street, the board will have a busy evening and supply justify the move to get the members together again.

JAMES DESMOND

The death of James Desmond, a well known and highly respected farmer, occurred this morning at his home in Lakeside, St. John county. He is survived by his wife, formerly Miss Elizabeth Donovan, two daughters, Misses Juliet and Anna, one son Timothy ("Ted") and one brother, Timothy. Mr. Desmond was a native of this county and had been a life-long resident in the Loch Lomond district.

RETURNS WITHOUT SOLDIER HUSBAND SHE WENT TO GREET

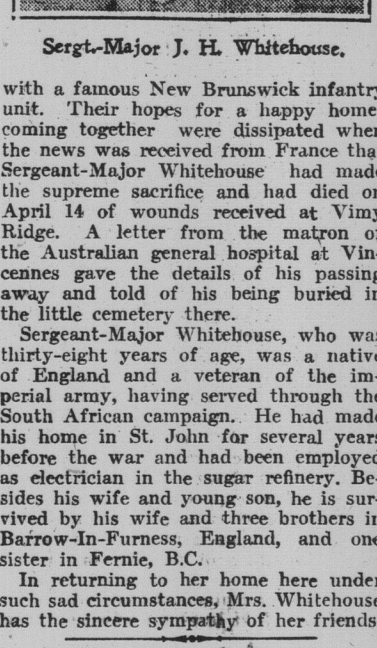

Mrs. Whitehouse Home From England With Her Little Son—Husband Gave Life at Vimy Ridge

The unofficial report that Sergeant-Major John Higginson Whitehouse of this city had died of wounds, which was received here a short time ago, has been confirmed by his wife who has returned from England. Mrs. Whitehouse, accompanied by her little son, had gone to England to be near the soldier husband and father who was at the front.

Their hopes for a happy home-coming together were disappointed when the news was received from France that Sergeant-Major Whitehouse had made the supreme sacrifice and had died on April 14 of wounds received at Vimy Ridge. A letter from the matron of the Australian general hospital at Wincennes gave the details of his passing away and told of his being buried in the little cemetery there.

Sergeant-Major Whitehouse, who was thirty-eight years of age, was a native of England and a veteran of the imperial army, having served through the South African campaign. He had made his home in St. John for several years before the war and had been employed as electrician in the sugar refinery. Besides his wife and young son, he is survived by his wife and three brothers in Barrow-in-Furness, England, and one sister in Ferris, B.C.

In returning to her home here under such sad circumstances, Mrs. Whitehouse has the sincere sympathy of her friends.

BEER AND ALE BARRED FROM EXPORT FROM BRITAIN

W. E. Anderson, imperial trade correspondent here, has received from Hamilton Wickes, His Majesty's trade commissioner in Montreal, notice of the following cable received from H. M. Board of Trade, London, England:

"Export prohibited United Kingdom first May, mineral waters, beer, ale, coddies, paraffin wax, iron and steel constructional material, tubes, sheets, etc., ply wood, railway material, resinous substances. Goods in transit through United Kingdom now allowed by import and export prohibitions, except in neutral ships. Licenses obtainable."

Don't you want some Light Furniture?

A. Ernest Everett
THE HOUSE FURNISHER

Dear Mary:

I think that many people who entertain make the mistake of not having their extra Furniture LIGHT. It is so much easier to move around. And then grass chairs are so "cumfy" and can be used all the year around.

Mrs. W... was so mortified yesterday. While visiting her I snagged my pretty blue silk dress irreparably on an old chair. My dress was worth half a dozen new chairs. It was hard for me to smile and impossible for her.

Amiably notwithstanding
—HELEN.

P. S. I'll bet Mrs. W... has already gone and got some new summer furniture from

URGES USE OF MARSH LANDS

(Amherst News) In view of the enormous heights to which cattle feed has pointed—placing it largely beyond the economic use of farmers—the "News" has repeatedly called attention to the great resources, either wholly or only partially utilized in the marsh lands, particularly of Cumberland, Westmorland and Albert counties. During the past twenty years the cultivated portion of these lands have become less and less productive and less valuable, owing to lack of culture, which in turn is owing to the high price of labor and the lack of intelligent use of labor saving farm machinery that has become so necessary in the culture of upland farms.

There exists at the headquarters of the Tantramar, an Lac, Missisquoi, LaPlanche and Sappan rivers uncultivated lands which, if drained and farmed, would feed many hundreds of head of cattle. They are little else than vast deposits of vegetable fertilizer and need only proper treatment to produce big crops of grain and hay. Within a few years, ditches, drains and ploughing machines for soft soils have been invented and are in successful use.

There are two large bodies of uncultivated lands in sight of Amherst—the Missisquoi Company's lands, and those called the Morse lands. The latter belong to an estate, the former to a company that is in a state of disrepair or in the way of enterprise or patriotic effort to promote greater production against the days of possible famine. Under the law of eminent domain, the right of the people at large are superior to private interests. There is no reason why the two governments of Nova Scotia and New Brunswick should not ob-

tain proper legislation to take possession of such lands and put them in a productive state, giving the owners the right to redeem them after the war. When warnings come to us from all quarters of the imminence of food short, as in our own larders when our people are called upon to make every possible sacrifice when the government may at any time proclaim needless days, why should the impotence of private individuals be allowed to stand in the way of making their rich waste lands productive of food supplies?

CALL FOR VOLUNTEER PLOWMEN IS ISSUED; 120 TRACTS ON LIST

(St. Louis Republic) The Thrift Gardens Committee of the Woman's Council, under the auspices of the St. Louis Continuous Clean-Up and Paint-Up committee, will have four plowmen in the field on Monday. The Thrift Gardens Committee now has 120 lots on its list waiting to be plowed. Mrs. G. V. R. Mechin, president of the Woman's Council, said that if the weather permitted all 120 would be ready for planting by Saturday.

The Thrift Gardens Committee of the Chamber of Commerce, appointed to co-operate with the Woman's Council, said that not only volunteer plowmen are needed, but money is required to finance the stupendous undertaking, which is giving work to hundreds of people, he said. The thrifty gardens headquarters are at 710 Locust street. Here seeds may be had at cost and applications received for vacant lot gardens. Persons desiring to talk about himself, does he? Landlady—That new boarder don't talk about himself, does he? Housemaid—No. Landlady—Wonder if he's married? Housemaid—Sure he is. Landlady—How do you know? Housemaid—He only uses one book in the wardrobe in his room.

THE CHIEF CHARM OF LOVELY WOMAN

Soft, Clear, Smooth Skin Comes With The Use of 'FRUIT-A-TIVES'

NORAH WATSON, 86 Drayton Ave., Toronto, Nov. 10th, 1915.

A beautiful complexion is a handsome woman's chief glory and the envy of her less fortunate rivals. Yet a soft, clear, skin-glowing with health is only the natural result of pure blood.

"I was troubled for a considerable time with a very unpleasant, disfiguring rash, which covered my face and for which I used various and remedies without relief. After using 'Fruit-a-tives' for one week, the rash is completely gone. I am deeply thankful for the relief and in the future, I will not without 'Fruit-a-tives'."

NORAH WATSON, 86 Drayton Ave., Toronto, Nov. 10th, 1915.

At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

PLANNING DAY HOME FOR SOLDIERS' CHILDREN

A meeting of the executive of the patriotic fund and representatives of the Women's Patriotic Auxiliary and the Soldiers' Wives League was held yesterday afternoon in the board of trade rooms in order that ways and means may be devised for the giving of better care to the children of the men who are at the front.

"No matter how regular the Features—Beauty is dependent on the Complexion"

So said the Great Napoleon. He could have gone much further and said that a woman can not be even attractive without a Good Complexion.

Why are so many women careless in this respect, when the remedy is so simple? SEELY'S DOUBLE CREAMS not only preserve a good complexion, but they provide a Good Complexion where it is lacking.

Send us a Postal for FREE Beauty Book. SEELY, Perfumer Windsor, Ont., and Detroit, Mich.

Wincarnis is the one thing you need when you are—Weak, Anaemic, Nervous, Run-down

THE wonderful results of Wincarnis in cases of Weakness, Anaemia, Nerve Troubles, and that "Run-down" condition, are due to the four-fold power that Wincarnis possesses. Wincarnis is not merely a "tonic"—it is a Tonic, a Restorative, a Blood-maker, and a Nerve Food—all combined in one.

Take advantage of the new and lasting health Wincarnis offers you. Don't suffer needlessly. Remember that Wincarnis has an unvaried reputation of 30 years' standing.

Imported in Two Sizes—\$1.00 and extra large bottle \$1.65

Produce More and Waste Less

Message to People of St. John—Dr. J. W. Robertson Heard in Interesting Address

The message brought home to St. John and delivered in the Imperial Theatre yesterday afternoon by Dr. J. W. Robertson, of Ottawa, had for its object the greater need of production and the saving of such important foods as wheat, beef and pork.

Two causes were cited by the speaker as being responsible for the present shortage of food—the partial failure of crops, not due to the neglect of man, and the wholesale destruction of food by the marines.

Dr. Robertson paid a glowing tribute to the navy, saying: "Her sweet excellence was told by her eloquent silence."

Continuing, he told of his journey into France, and of the condition of the French troops as he found them behind the front at Verdun.

"You can get these pills through any medicine dealer, or by mail at 30 cents a box, or six boxes for \$2.00 from The Dr. Williams' Medicine Co., Brockville, Ont."

"Unless this continent grows more food, unless we prevent wastage as we do in our own homes, we are in danger of becoming ourselves with the main things of life our armies may be weakened, and the cause lost."

"Entente Cordiale" is not a political phrase, said the speaker, "for it has been substituted into a term of friendly devotion."

"A man who wastes food today is traitor," continued Dr. Robertson, "Make it a part of your daily creed."

STRENUOUS WORK SOON TELLS ON YOU

Business Men and Breadwinners the Victims of Nervous Exhaustion

When worry is added to overwork soon become the victims of nervous exhaustion—neurasthenia—the doctor calls it. Some have no reserve strength in their systems to bear the strain.

Dr. Chase's Kidney-Liver Pills are so good that they can hardly eat anything without being troubled by it. I had tried many cures, herbs, pills and salts, and was under the doctor's care for some time, instead of getting better.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 2c, a box, 9 for \$1.00, at all dealers, or Edmonson, Bates & Co., Limited, Toronto.

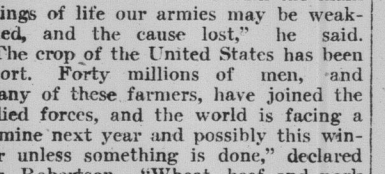

that you will obtain from the food-stuffs needed by the armies."

In closing, he gave suggestions for organization and from the benefits I have obtained on growing operations to enlighten and inform the public, another committee on my part, and I must say that in a short time I obtained relief.

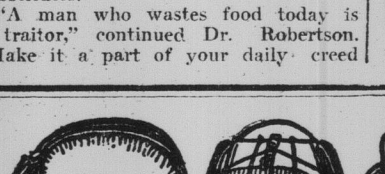

May have been moved a vote of thanks, and pointed out, though the message was not an altogether pleasant one, it was most earnestly and heartily heard. E. A. Schofield, the motion, and the vote was made unanimous.

Clergyman Has Recovered

Was Unable to Fill Appointments and Greatly Discouraged by Continued Ill-Health

Gananoque, Ont., May 11.—The many friends of Rev. George Alton are pleased to hear of his recovery after a long period of ill-health from biliousness, stomach troubles and severe headaches.

Mr. Alton had become very much discouraged over his inability to obtain relief, and thought he would have to quit the ministry, when fortunately he read about Dr. Chase's Kidney-Liver Pills and began their use.

Rev. George Alton, Gananoque, Ont., writes: "I had been suffering from bilious attacks for four years. I was very weak, had headaches, and my stomach was so bad that I could hardly eat anything without being troubled by it."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 2c, a box, 9 for \$1.00, at all dealers, or Edmonson, Bates & Co., Limited, Toronto.

TWO EYES ARE ENOUGH, SAYS POTATO EXPERT

Ontario Government Specialist Tells Amateurs How to Cut Tubers—Some Leave Three

S. C. Johnston, B.S.A., vegetable specialist of Ontario department of agriculture, has answered through The Star a number of questions relating to potato-tubers or the information of amateur gardeners.

Wm. Rennie Company: "Potatoes are usually planted in three sets of two eyes each in each set and the sets should be spaced in weight as possible. It is a good practice to take the first set from the stem end, to cut slanting across the potato and finally to divide the seed potato into two eyes."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 2c, a box, 9 for \$1.00, at all dealers, or Edmonson, Bates & Co., Limited, Toronto.

"NEVER MIND, BOYS, ON WE GO," LT. BERT BRIGHT'S LAST WORDS

Artillery Officer Shot Through Heart at Vimy Ridge — Signaling Squad in Hot Work—Great Battle as Seen From Viewpoint of Artilleryman

The heroic death of Lieut. Bert Bright, the rallying of a decimated signalling squad, the tremendous artillery attack are among the incidents related in a description of the battle of Vimy for fifteen to twenty months were very much aware of the great change.

Ablutely we have a tremendous preponderance of guns. Less than a year ago we could not fire a shell but we received ten in return; today we can give the Hun a hundred, yes, a thousand to one.

Day and night the rattle, the bark and boom of our guns resounded all along the line. At times we found time to stop and even pity the Hun under that awful rain of death.

Gradually the great day drew near, arrangements and plans of months were soon to receive the crucial test. Every body was on the "qui vive," and as the last night arrived the tension became noticeable everywhere.

In spite of the ferocity of the bombardment there seemed to be a strange silence, the hope of victory mingling with a fearful uncertainty.

A Blaze of Flaming Glory
The storm broke with a suddenness and intensity that was well nigh appalling. It was hardly daybreak when the first gun was fired. It was as a match that lit the fuse of destiny.

Like a huge tidal wave the roar of guns rolled down the line of battle, the sky was lit up with the varied and continuous flashes of thousands of gun flashes.

Simultaneously the whole front line broke out in a perfect glare of hellish glory, the bursting of shrapnel mingled with a new sky rocket invention of the Hun—the golden rain shells. It was a magnificent yet awe-inspiring sight, a blaze of flaming glory that spell death or pain to thousands.

At the guns every body worked with frenzied accuracy. The perspiring gunners set fuses, loaded and fired, the guns reeking with cordite smoke, the guns steamed and the empty shell cases rattled into a hot and ever-growing pile.

Directing the Fire
In the control station the O.C. sat beside the telephonist, waiting for every item of news from his forward observing officer, and directing the fire of his battery. All day long the noise of battle raged.

We knew little of what was going on ahead, but kept up that continual pounding. A few "skumps" came back and crashed into the road nearby, but they were like the kick of a dying man—no one heeded them.

The Signallers in Front
But how about our forward party, those gallant signallers, who advance with the first wave of the attacking infantry, and lay the line that keeps the eyes of the battery focused on the enemy's movements. They were new to this work. Previous to this their experience had all been with that impersonal shelling that the Hun devours the back country with. Now they were treated to a new and entirely personal experience of seeing a line of blue-coated figures pointing rifles and machine guns directly at their little party, and seeking to get them, and them alone.

Suddenly two lieutenants went down one shot through the hip, the other through the stomach.

"Never mind, boys, on we go," cheered Lieut. Bert Bright, who was in charge of the party.

But scarcely had he uttered the words when he seemed to draw up to his full height, smile that gallant smile so characteristic of him, then sink suddenly into

a shell hole, shot through the heart. No better man ever lived, and no braver man ever died. He feared none but God and was the idol of his battery. His tall commanding figure and officer's uniform proved all too good a target for the now fleeing sniper.

"She's Some Old War"
"What shall we do?" gasped the survivors of the party; a triple catastrophe. A tall nigger-out came along, one of those lantern-jawed individuals, about as wide as a bean-pole. His big feet slopping through the mud, his reeking bayonet at "ready," and his mustard-stained jaws working from ear to ear over a quid of tobacco that bulged from one cheek; he came awkwardly along, as unconcerned of the swirl of machine-guns and the crack of rifles as he was of the driving sleet and rain beating on his face.

"Well, boys," he grinned, "she's some old war, ain't she?" He squirted a long stream of tobacco juice about fifteen feet ahead, and was gone.

"Well, I'll be d—d," said every signaller inwardly, "if that guy can do that, so can we," and the crisis was over.

Last but not least came the news of victory. It was a great day, and although our joy was tempered by our sorrow, we lay down with the consciousness of having done well, and of having taken one more step toward the goal.

Lieut. Bright was the eldest son of A. E. Bright, 246 Evelyn avenue, West Toronto. He was a university boy, studying for the ministry, who went over as a private and earned his promotion at the front.

FRENCH CIVILIANS SHOT BY GERMANS

Baltimore, Md., May 11.—Frank B. Gibson, in charge of the finances of the American Relief Clearing House in Paris from last fall until two weeks ago, arrived here today, and declared that France's suffering, in addition to her dead, were 3,600 men blinded in battle, tuberculosis, fostered among non-combatants by their German captors, and the civilian populations of towns marshalled and shot with the ultramarine.

He declared that in Ham, in the Somme province, during one of the German retreats, the civil population was ordered to assemble on a hill. When they had assembled he said, the Germans turned the mitrailleuse on them.

He said, his authority, Captain Charles Sweeney, was on the scene three hours later and talked to the wounded. Spite was the only reason ascribed.

COAL SUPPLY NORMAL.

Mayor Woodman Advised From Boston That There is No Need of Consumers Being Alarmed.

(Bangor Commercial.)

That the supply of coal is normal and that consumers should not worry is the

word received from Boston by Mayor Woodman on Wednesday. The mayor, who is a coal dealer himself, has been in communication with the Massachusetts Public Safety committee, and on Wednesday received this letter:

May 8, 1917.
Hon. John F. Woodman,
Mayor of Bangor,
Bangor, Maine.

Dear Sir:—
Referring to our recent correspondence on the subject of coal supplies for New England, it is very evident from my investigation that there is no immediate need of exciting the consumers of coal in any way. There is a fair supply for this season of the year. There is a reasonable tonnage being transported, and, with the exception of a very few points my opinion is that the stock of coal in the hands of the ultimate owners is up to normal. My own opinion is we should be conservative in our methods and not allow ourselves to become unduly excited over what may take place six months from now.

I believe some co-operative effort will be made to conserve New England's various interests. You will be advised relative to this matter in a reasonably short time.

Yours very truly,
W. A. CLARK.

The Way to Buy Sugar.

The daily papers reflect the sudden daily ups and downs of sugar prices. The economical housewife can have but one determination as a result: namely, to buy sugar in large quantities—which means 100 pound bags—when the prices are down.

And, of course, she buys
ROYAL ACADIA SUGAR
"Every Grain Pure Cane"

Then she is sure of the best sugar, bought in the best way—the economical, convenient way. To each woman the bottling of highest quality have no terrors. Retail prices are obtainable in 2 and 5 pound cartons, 10, 20 and 100 pound bags, barrels and half barrels.

Government and It's Advertising

Campaigns in Dominion Have Proved Successful

Expert Talks in New York

Increased Production and Consumption And Raised Lungs With Little Cost

"In Canada, as in Great Britain, it has been demonstrated beyond question that the advertising columns of the press can be used effectively in promoting the business of a government," said John M. Imrie, manager of Canadian Press Association, Inc., in the course of a five-minute talk to the Bureau of Advertising of the American Newspaper Publishers Association at its annual luncheon in the Waldorf-Astoria Hotel, New York.

by far the most extensive general advertiser in Canada. Its advertising appropriations during 1916 exceeded the combined appropriations for that year of any other three Canadian general advertisers. Already in 1917 its advertising expenditure has been almost as large as for the entire twelve months of 1916.

The Keeley Treatment Cures LIQUOR AND DRUG USING Safe, Sensible, Successful since 1879—in over 400,000 cases. Methods rational and humane, health always improved. No nausea, sickness or bad after effects—nothing "phoney". Pleasant surroundings, ideal location, complete equipment. Special privacy for women. All business and correspondence strictly confidential. THE KEELEY INSTITUTE 523 CUMBERLAND AVENUE PORTLAND : MAINE

Food is our life fuel THE proper food, well digested, is what makes our life go on. We eat enough, but do we digest enough? Do we obtain all the nutrition our body needs from the food we eat? Nine times out of ten when you feel "run down", depressed, you can trace the cause to this fact. You are not securing all the nutrition your body needs from the food you eat.

with the fact that the population of Canada is less than 8,000,000. Raising Patriotic Fund. "The Ontario government conducted an advertising campaign in the press of Toronto as an aid in raising Ontario's share of the Canadian Patriotic Fund. About \$25,000 was spent in advertising and the subscriptions received from Toronto and York county alone amounted to \$2,500,000.

URGES C. E. MEMBERS TO ENLIST IN THRIFT ARMY Boston, May 12.—A letter which is being sent from Christian Endeavor headquarters here to 3,000,000 members of the society throughout the country, urges all to "enlist in the Christian Endeavor army of production, economy and thrift." Prizes are offered for the best crops raised by members.

The death of Miss Janet Stollart occurred at home in Ferrisville, Minnesota, on Monday. She was a daughter of John Stollart, and was 58 years of age.

It Costs Nothing To Try Gin Pills Have YOU Tried Gin Pills? Pain is a warning you must not neglect. Don't say "Oh, it will go off again in a day or two." A pain in the back, or in the sides, means the kidneys are out of order, demanding instant attention, or complications will follow—rheumatism, Stomach and kidney ailments, Constant headaches point to another need for Gin Pills, which have proved themselves of inestimable value in regulating the bowels as well as the kidneys and the bladder.

Canada was the apple campaign of 1914. Its purpose was to increase the domestic consumption of Canadian apples in order to make up for the loss of foreign markets through the war. The food and other values of the Canadian apple were presented attractively in educational advertisements and a booklet of apple recipes was offered. There were 69,000 individual requests for that booklet, and at the close of the campaign many wholesale apple dealers reported increases in the sale of Canadian apples for domestic consumption of from 200 to 400 per cent.

at least \$500,000,000. This amount represented the payments on the first two war loans, the debenture stock and the war savings certificates plus the net increase in the savings deposits in the chartered banks of Canada. These figures should be considered in conjunction

Scarcity of Cattle "For thirty-seven years I have been bringing cattle from the Annapolis Valley to Halifax," said Herb Williams, of Clarence, to The Halifax Herald. "Never before have I seen anything like the present shortage of cattle and it is very evident that the end is not yet."

Dizziness and Specks before the Eyes Liver derangement is the cause behind these distressing conditions, and only restoration of perfect natural action can effect lasting cure. That is why Dr. Cassell's Instant Relief is so immeasurably superior to the old-fashioned cathartic liver-pills and aperient salts. Such things can only give passing relief by forcing the liver to unnatural action, and have to be continued. Dr. Cassell's Instant Relief strengthens the liver, and so brings about natural action in a natural manner.

THE GREAT HEALTH RESTORER OLIVEINE EMULSION COUGHS COLDS BRONCHITIS LA GRIPPE AND LUNG TROUBLE OLIVEINE EMULSION An Ideal Tonic, Blood Purifier and Flesh Producer Invalids, delicate Boys and Girls, overworked Mothers, business Men and Women run down from sickness or hard work of any kind, should use "OLIVEINE EMULSION." It improves the appetite and strengthens the digestive organs so that the full benefit of the food is received, makes rich red blood, and so invigorates the system that germs cannot secure a foothold.

Cold, Calculating Common Sense We print in this announcement a list of the states showing the great progress that Prohibition had made on its own merits in the United States before the Union entered the war. In connection with that list we want you to see what is the view of a business man's periodical devoted to commercial, economical and other financial questions (The Analyst, New York). Its Kansas correspondent writes: "To-day the argument for Prohibition is simple and direct—namely, that human experience and medical research and experimentation have showed beyond doubt that alcohol is a poison, and that in its toxic qualities and effects it differs in degree, and not in kind, from cocaine and opium. This conviction is the strength and support of Prohibition, and the cause of its uninterrupted progress. It is clearly seen to be an economic measure rather than one of morals only."

MANY N. B. MEN GIVE THEIR LIVES

Casualty List Tells of Killed and Wounded — Two Recruits Yesterday

The midnight casualty list contains the names of nine New Brunswick men. The list follows: Killed in action, R. E. Bradshaw, St. John; A. Ayres, Moncton; Gunner R. A. Ripley, Moncton; died of wounds, Lieut. C. H. McDougall, Clifton; missing, V. Brewer, Cross Creek; wounded, J. A. Proctor, Sussex; G. R. Climo, St. John; H. McKel, Browns Falls, and O. Lutes, Lutes Mountain.

Private John William Cripps, of Moncton, was wounded at Vimy Ridge. The Sackville Tribune states that on Monday night a letter was received by his parents from the lieutenant in command of Private Hubert Kileup's company at the front, stating that their boy had been killed in action on April 9. The letter stated that the fatality had occurred in the early morning, Private Kileup being hit in the head by a machine gun bullet and instantly killed. The peculiar part of the affair is that no official notification has been received from Ottawa. Private Kileup enlisted with the old 148th and was transferred on the other side to a well known unit. He leaves besides his parents, six brothers and four sisters.

Word was received on Monday night of the death from wounds of Private Frank W. Miller, son of Winslow Miller, of West Sackville. Private Miller leaves besides his parents, four sisters and three brothers. The sisters are Mrs. S. E. Weston, of Oak Point; Mrs. Garfield Hare, of Taunton (Mass.); Mrs. William Stultz, of Sackville, and Miss Jennie, of Fredericton. The brothers are Roy Miller, in Amherst; John, Charles and Henry, at home. His many friends in town deeply regret the death of this young soldier and sympathize with the bereaved relatives.

George Hartt, of Grand Falls Portage, received the following message on May 7: "Regret to inform you Private Owen Albert Hartt, of the Mounted Rifles, died of wounds in Ontario Military Hospital, Orpington, on May 6." Private Hartt was one of four brothers who have enlisted in the great struggle for liberty and justice. He was about twenty years of age and leaves an aged father and mother and two brothers and one sister at home. One sister married, and three brothers at the front. He was a general favorite and much sympathy is felt especially for his aged and crippled mother in this sad time.

Word has been received in Sackville that Private Ed. Hicks had been wounded on the 3rd line by gunshot in the neck and chest. No further particulars have been received up to the present time.

Recruits

Two recruits were secured in the city yesterday. They were: C. H. Cooper, Ontario, Machine Gun Section, and John A. Rowley, Greenwald, Forestry Battalion.

Guarding the House

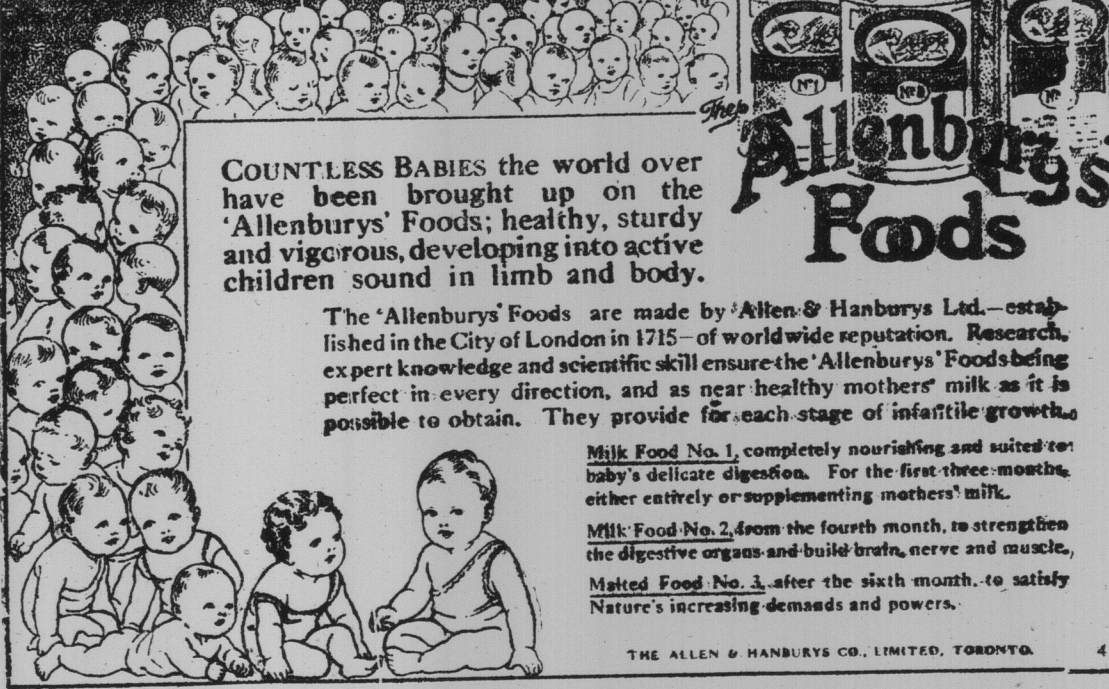

Hon. P. J. Veniot, minister of public works, has appointed thirteen men who have served in the present war but who have been discharged on account of physical disability, as special guards for the

legislative building. The men went on duty Thursday morning. Uniforms are worn. Several of those appointed have been similar duty before. They are divided into a day and a night guard. Artillery Field Day

At Partridge Island, yesterday was field day with the boys of the batteries, and in spite of the unskilful weather, all the men participated in the various sports and contests with a spirit which showed the keenness of their organization. The following events were run off: Baseball game by picked teams from the batteries. The score was, Foxy and Newcastle pitching for the losers, and McCrea and Perkins for the winners. 30 yards dash—Gunner Eaton, 1st; H. O. Clark, 2nd. 100 yards dash—Gunner Eaton, 1st; H. O. Clark, 2nd. Standing broad jump—Clark, 1st, with 8 ft. 11 3/4 in.; Lieut. Bridges, 2nd. Running broad jump—Clark, 1st, with 17 ft. 1 1/2 in.; Lieut. Brown, 2nd; Gr. G. Somerville, 3rd. The tug-war between No. 9 and the 3rd C. G. A. went to the 3rd after a hard tussle. The run-hop-step-and-jump was won by Clark with a distance of 33 ft. 11 in. The officers' relay race, in which three batteries were entered, was won by the 3rd, and one for the regimental staff. The composite battery again won, although the 3rd was a close one, over a course of about three-quarters of a mile. Lieut. C. Alward came first, Gr. Somerville second, and Lieut. Foster third.

Allenbury's Foods

COUNTLESS BABIES the world over have been brought up on the 'Allenbury's Foods'; healthy, sturdy and vigorous, developing into active children sound in limb and body.

The 'Allenbury's Foods' are made by Allen & Hanbury Ltd., established in the City of London in 1715—of world-wide reputation. Research, expert knowledge and scientific skill ensure the 'Allenbury's Foods' being perfect in every direction, and as near healthy mother's milk as it is possible to obtain. They provide for each stage of infantile growth.

Milk Food No. 1, completely nourishing and suited to baby's delicate digestion. For the first three months, either entirely or supplementing mother's milk.

Milk Food No. 2, from the fourth month, it strengthens the digestive organs and builds brain, nerve and muscle.

Malted Food No. 3, after the sixth month, to satisfy Nature's increasing demands and powers.

THE ALLEN & HANBURY CO. LIMITED, TORONTO.

To Help The East.

With the fear that, under the present proposals for granting land to soldiers, the east will suffer in competition with the west, the Eastern Townships Associated Boards of Trade at a recent meeting in Sherbrooke, Quebec, decided to urge upon the government to broaden the legislation with respect to grants to soldiers. They ask that the \$2,000 loan be available to a soldier buying an improved farm in the east as well.

RUSSIA MENAGED BY FRATERNIZING

Mingling With Enemy by the Soldiers Has Become Extensive—Dance in "No Man's Land"

Petrograd, May 12—It is reported that at least twenty German divisions (about 300,000 men) have been transferred from the eastern to the western front as the result of the fraternizing of the soldiers in the trenches. During the Russian Easter, it is stated, a dance was held between trenches to gramophone music, at the nearest angle the war has taken on.

It is necessary to have an exact understanding of the spirit that animates the fraternizing of the extent to which it prevails. To estimate its exact importance it must be accepted as the newest angle the war has taken on.

The facts exist and every indication goes to show that this fraternizing of opposing troops at the front is extensive. The Russians have proved in every phase of the revolution that they are quick at spreading any accepted idea. Reports state there has been no firing on long stretches at the front for more than a week. But this is not true on parts of the front.

The spirit of this is the appeal of the Eighth Artillery Brigade to be attached to the infantry, which always will fire on the enemy, even on those advancing toward us in the attempt to fraternize. We consider any other attitude toward the enemy to be cowardly and treacherous. We will not fire on our own men but fraternize with the enemy because every Russian soldier is needed. Those who wish to fraternize are not traitors; they are only weak, undecided and over-confident.

This appeal proves that many soldiers regard the Germans as "false brothers," and think their attempts to fraternize with the Russians are treacherous. The spirit of the appeal shows that fraternizing is not altogether general in the trenches. There are some points at least where the Russian artillery is active.

Opinion is divided as to whether an attempt should be made to suppress this fraternizing because its extent makes the outcome of the war more doubtful, or to take advantage of it and so spread dissension in the German armies. If the Germans are really affected by this fraternizing, the latter course is considered possible and is acceptable from a military point of view. But the public is still grasping for accurate knowledge of the extent to which the Russian soldiers are meeting the enemy brothers. The public fears the Germans are only pretending friendship, as indicated by Gen. Gueke and told in these dispatches. Less conspicuous incidents

APPEAL TO CITY MEN TO AID THE FARMERS

Forms are now being printed by the board of trade for a compilation of the names of clerks and employees of city industrial and mercantile establishments, who will be willing to spend their summer holidays assisting in the increased production on New Brunswick farms. The forms are to be presented to each employer in the city, and he, in turn will submit them to the young men and boys who work for him, make up a list, with dates on which the men will be available, and turn it over to the board of trade officials who will be in a position to fill the wants of the farmer, made known through the local immigration bureau and other sources. It is hoped that within another week or two, the approximate number available from this city will be known.

School Boys Volunteer

Halifax Chronicle—The returns made to the department of education by school teachers of the province respecting the number of boys available throughout the school districts for farm work have been tabulated. Additional returns are coming in by every mail. Up to date 1678 boys over thirteen years of age have volunteered for farm work under the regulations issued by the council of public instruction. Of these farms, while 461 are available for assistance on other farms, 191 of the latter have already been placed.

Physicians Explain Why They Prescribe Nuxated Iron So Widely

For Creating Red Blood, Building Up the Nerves, Strengthening the Muscles and Correcting Digestive Disorders—Often Increases the Strength of Delicate, Nervous, Run-down Folks 100 Per Cent. in Two Weeks' Time

CHICAGO'S FORMER HEALTH COMMISSIONER SAYS IT SHOULD BE USED IN EVERY HOSPITAL AND PRESCRIBED BY EVERY PHYSICIAN

Opinions of Dr. Howard James, late of the Manhattan State Hospital of New York, Dr. A. J. Newman, Former Police Surgeon, City of Chicago, Dr. Schuyler C. Jacques, Visiting Surgeon, St. Elizabeth's Hospital, New York and Other Physicians Who Have Tested Nuxated Iron in Their Own Private Practices.

NOW BEING USED BY OVER THREE MILLION PEOPLE ANNUALLY.

New York, N. Y.—It is conservatively estimated that over three million people up to the present time have taken Nuxated Iron. Such astonishing results have been reported from its use both by doctors and laymen that a number of physicians in various parts of the country have been asked to explain why they prescribe it so extensively, and why it apparently produces so much better results than were obtained from the old-fashioned iron. From my own experience and that of my colleagues, I can say that I believe my own great physician, Dr. Howard James late of the Manhattan State Hospital, Brooklyn formerly Assistant Physician, Brooklyn State Hospital, said: "I have never before given out any medical information as I ordinarily do not believe in it. But in the case of Nuxated Iron I feel I would be remiss in my duty not to mention it. I have taken it

ever used for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders." Dr. Howard James late of the Manhattan State Hospital of New York and other physicians who have tested Nuxated Iron in their own private practices.

Dr. Ferdinand King, New York Physician and Medical Author, says: "In the most common foods of America, the starches, sugars, table syrups, crackers, polished rice, white bread, soda cracker, biscuits, macaroni, spaghetti,

me after having been on a six weeks' course of it." "SAY, DOCTOR, THAT THERE'S STUFF IS LIKE MAGIC." Previous to using Nuxated Iron I had been prescribing the various mineral salts of iron for years, only to meet complaints of discolored teeth, disturbed digestion, indigestion, hardened secretions, etc. when I came across Nuxated Iron, an elegant, innocuous preparation containing organic iron, which has no destructive action on the teeth—no corrosive effect on the stomach, and which is readily assimilated into the blood and quickly makes its presence felt in increased vigor, snap and staying power. It enriches the blood, brings roses to the cheeks of women, and is an unfailing source of renewed vitality, endurance and power to men who have been prostrated by the nervous strain of the great business competition of the day."

Dr. E. Sauer, a Boston physician who has studied both in this country and in Great European Medical Institutions, says: "As I have said a hundred times over, organic iron is the greatest of all strength."

Absorption Process Makes Faces Young

Success has at last come to scientists who have discovered a new method of removing the outer veil of facial skin which would be both painless and harmless. The wonder is no one has discovered it until now. It has been known that ordinary microbeads were not only removed, by gentle absorption, the way to healthy, youthful skin beneath. The absorption also cleanses the pores, creating the skin's breathing capacity and increasing tone, color and natural beauty of the new skin.

A simple and marvelous wrinkle-remover which has also proved quite successful in all cases of skin blemishes at home. All one need do is to dissolve an ounce of powdered acetate in a half pint of witch hazel and bathe the face in the solution once a day for a while. After the very first application the fine lines disappear and the deeper ones soon follow.

PREMIER IN FIRST SPEECH
BEFORE THE LEGISLATURE

Hon. Mr. Foster Makes Splendid Impression—Opposition Leader Also Heard—Debate to be Resumed on Monday Evening

Fredericton, May 11—The second day of the session was interesting from the fact that the new premier, Hon. Mr. Foster, and the new leader of the opposition, Hon. James Murray, both delivered addresses of considerable length. Both of these gentlemen were in a pleasant mood and did credit to themselves and to the parties they represented. If any of the premier's friends felt any anxiety as to how he should acquit himself as the leader of his party and premier of the province their fears were quickly allayed. He made an excellent speech, pointed, concise and of an eminently businesslike character.

Hon. Mr. Murray was courteous and made much out of little. Some of his criticism was founded upon many absurd rumors that have been current about strife for cabinet positions, etc. The usual complaint about dismissal of officials was made, of course, and there were some notices of inquiry upon the same subject. There was not a large attendance of spectators in the house during any of the time.

Premier Foster's reference to the government's enforcement of prohibition was warmly applauded, as were many of the other points he made. The debate was adjourned by E. L. Potts and will be the order of the day on Monday evening when the house reassembles.

Hon. Mr. Murray presented a petition from the mayor and aldermen of the town of Sussex in favor of a bill to amend the town incorporation act insofar as it related to the town of Sussex.

Hon. Mr. Veniot presented the petition of the town of Bathurst in favor of a bill to authorize the alteration of certain roads of the town and also to permit the issue of debentures.

Hon. Mr. Murray introduced a bill to amend Chap. 51 C. S., 1909, respecting the education of the blind.

Hon. Mr. Smith introduced a bill to amend Chap. 51 C. S., 1909, respecting the fifty-sixth annual report of the crown land department.

Hon. Mr. Tweeddale held on the table the annual report of the department of agriculture.

Hon. Mr. Byrne introduced a bill to amend the children's protection act. In doing so he said the object was to increase the grant to the Maritime Home for Girls at Truro. The amount now paid per child to that home was \$75 a year by the municipality to which the child belonged and a further \$75 was paid by the province. It had been represented to the government that owing to the great increase in the cost of food products and for other reasons these amounts were not sufficient to enable the home to be kept up properly and the bill now introduced gave authority to increase the amount. He also introduced a bill to amend the judicature act 1909 to provide for three sittings a year for the York circuit court; also a further bill to amend Chap. 126 C. S., 1903, respecting grand jury amendments to this act passed last year reduced the number of grand jurors from forty-two to twelve and some doubt had been expressed as to whether this provision applied to county courts also.

It would be anomalous to require twenty-four jurors in the county courts while twelve were sufficient in the circuit courts, and this bill was to rectify matters.

Hon. Mr. Murray brought down the annual report of the auditor-general on

written of her noble work on behalf of those who were making sacrifices on the fields of Flanders. All sympathized with her royal highness in the position she occupied by the fact that the land of her birth was at war with the land she lived in, but that did not deter her from carrying out her duties and supporting all movements for peace power, the comfort and help of the Canadian soldiers. He believed he was expressing the unanimous opinion of the legislature when he said that they conveyed to his royal highness their deepest sympathy.

The Late Session. As leader of the government he regretted the lateness of the assembling of the members of the house at a season of the year when activities in all lines of commerce and work are at their height, but such being the case he could only express the hope that unnecessary discussion would be eliminated, and the business of the house might be put through with dispatch having in view, however, the proper criticism and the measure consideration which each and every measure deserves.

Pursuant to promises to the electors of the province made previous to the general election, a thorough audit of the accounts is now in progress in order that we might ascertain if the surplus shown in the statement as it appeared in the Royal Gazette for the end of the fiscal year ending Oct. 31, 1916, was a real surplus or only a fictitious one shown for the consumption of the electors.

Statements were frequently made by speakers during the campaign on this side of the house and indignantly denied by the government that large amounts and accounts contracted previous to that time were not taken into account but were held over for later payment, thereby not showing the true state of affairs as they actually existed. If the statements were made with respect to this matter are true then he would say some improved method of bookkeeping must be inaugurated whereby a true statement of the liabilities as they exist at the end of the fiscal year shall be forthcoming for the information of the public and not gotten up and trumped up for the occasion.

Mr. Smith (Carleton)—A rather serious reflection on the auditor-general. Hon. Mr. Foster, continuing, referred to the Audit act, which he said, had been passed so much about since 1906, and which was to prevent overdrawn accounts and extravagant expenditure. He believed that that act needed a revision and the powers of the auditor-general strengthened. These and other matters would be fully investigated by the auditors now at work and a full statement laid before the people as soon as possible.

The Valley Road. The speech from the throne referred first to the construction of the Valley railway. He did not wish at this time to enter into a discussion with respect to the merits or demerits of the methods employed in its construction, nor was he prepared to say that all the money obtained for this purpose did not go into what the conditions were when the war is over, for he did not know, nor did he think anyone else did.

We can only go by what we think and read. We find that following the civil war look there was a period of expansion commenced. Conditions as they exist today bear heavily on those who are dependent on a stable income and he did not think a better comparison could be made of the condition of the finances of the province than that of an individual with a stable income. Our income is nearly stationary. We find that through large expenditures made during past years and the necessity of protecting our guarantee for railway bonds, that the income of the province left for the public services has become reduced. But plenty of opportunity will be afforded for a free and frank discussion of the financial affairs when the budget is brought down. He was going to take this opportunity to throw out a warning to those who will be making some demands for expenditure that they must recognize the amount of the public debt and the necessity for economy in public expenditures. Proposals such as one now before the government for the co-operation with the

\$100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Halls' Catarrh Cure is taken internally and acts through the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Halls' Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Time for Government to Wake Up

Ottawa, May 11—The maritime Liberal members, led by E. H. MacDonald, made a vigorous appeal to the government in parliament today to take belated steps to launch a campaign of Canadian shipbuilding. Messrs. MacDonald, Sinclair, Carroll, Turgeon, MacKenzie and J. J. Hughes all pleaded for aggressive leadership on the part of the dominion administration to meet the exigencies of overseas transport and naval defence of the Canadian coast, and relieve the strain upon the naval and shipping resources of the mother country. They declared that it was high time the government awoke to its obligations instead of continuing to remain supine and inert.

Mr. MacDonald closed a spirited debate with a warm rejoinder to the acting premier. He protested that the Atlantic coast was left to the protection of United States cruisers and destroyers and that no effort was being made toward naval construction in Canada.

"So far as the creation of a merchant marine in this country is concerned," Mr. MacDonald exclaimed, "the government has apparently no policy. Is it going to have any policy, or does it ever propose to do anything?"

Germans Lose Heavily in Counter-attacks

London, May 11—The Germans, returning to the attack today against the new British position south of the Souchez river, forced the British to give ground and withdraw from a portion of the front, says the British official communication issued tonight. Later, however, in a counter-attack the British regained all their old positions, the Germans suffering heavy losses.

The communication says: Canadian Headquarters in France, via London, May 11—(By Stewart Lyon, Special Correspondent, Canadian Press)—The enemy attacked with vigor last night, and again this morning, the sector of the trench west of Avion which was captured Thursday morning. In this morning's attack the Germans retook part of the trench. Fighting is still in progress, and at the time of filing this it was spreading to the south.

Artillery activity during the night was exceptionally heavy, and on the north end of the line near Souchez river the enemy used flame projectiles against our trenches.

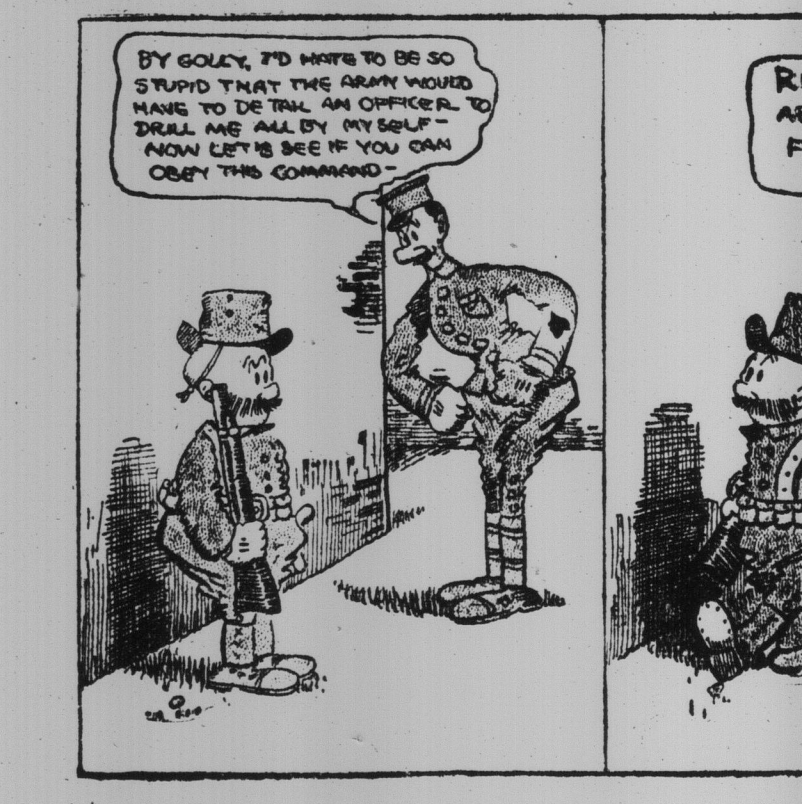

FOUND MUCH LIQUOR. Alexander Crawford, local inspector under the prohibition law, made his first seizure last night when he took 200 bottles of brandy and twelve bottles of Jamaica rum from the home of Antonio Di Benedetto, 5 George street. The thirteen cases of liquor were removed from a room in the upper part of the building by Inspector Crawford, assisted by Police Detectives Briggs and Duncan, and were removed to central police station. No arrests, as yet, have been made. It is believed to be the first seizure in the province under the new law.

COCKTAILS GO UP A NICKEL. Hotel Men Predicts a Similar Advance in Beer Before Long. Cocktails and all other mixed drinks have been advanced five cents in New York, according to the justice posting on Wednesday in hotel bars and prominent cafes. The reason given by the Hotel Men's Association, which is responsible for the raise, is the increased price of ingredients.

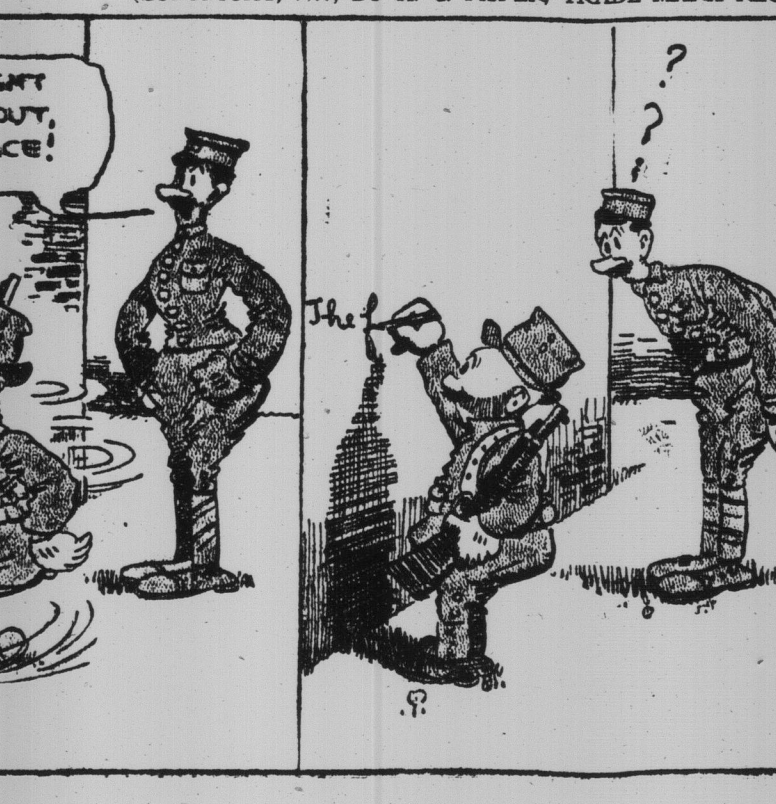

PREPARATORY SERVICE. A special service was conducted last night at the First Presbyterian church, West Side, preparatory to communion service on Sunday morning, and as a part of the celebration of the sixtieth anniversary of the church. It was well attended. Twenty-four joined the congregation and there was one adult baptism. The pastor, Rev. J. A. Morrison, occupied the pulpit.

CHEERS FOR MARNE HERO ROCK HALL AS JOFFRE APPEARS

St. Louis Gives Wonderful Reception to Him

GREETED BY 50,000

Coliseum Packed by 15,000 Eager to Welcome Members of French Mission to the United States

(A. G. Brown in St. Louis Republic.) St. Louis last night pledged anew its loyalty to the Stars and Stripes and its love for the colors of France...

For an hour prior to the arrival of Joffre and his party the demonstration ran riot.

"SALUTE"

A Daily Treat in Every Household

Sealed Packets Only. Refuse Substitutes.

Black or Natural Green

with pent-up enthusiasm. It sang "America" as only 15,000 throats can roar out the inspiration of the anthem.

The body of the great auditorium was a panorama of swiftly moving colors. The red, white and blue of the United States and the blue, white and red of its sister republic, handed each attendant as he entered the door, waved from every hand.

As Joffre, himself, was introduced to present a regimental flag to Col. Robbins that new Fifth Missouri Regiment, he was greeted by cheers, but the demonstration was subdued.

Before then stood the most famous veteran of the great war; its present most famous veteran of the past three years, and into the future that no human mind knows, the thoughts of the thousands seemed to go.

And then, very briefly, Mayor Kiel was introduced by Judge Selden P. Spencer and welcomed the visitors.

No Peace With A Hohenzollern

Kaiser And The Whole System Must Go

Punish The Men at Top

German Armies Must be Thoroughly Defeated and Junkerism Torn to Pieces

(Lovat Fraser in the London Daily Mail)

Under the German constitution the Kaiser has sole power to enter into most classes of treaties with other nations and to make peace.

In Hunland these powers are real. If we began peace negotiations tomorrow we should have to negotiate not with the German peoples, but with William Hohenzollern.

On August 1st last year I ventured to urge that the allies should unite in solemnly declaring the German Emperor and his heir-apparent to be jailbirds of civilization.

At one time there were letters of protest and people began to say "Hush! It was urged that it would never do to discuss the sacred and inviolable principle of dynastic rule.

The Russian revolution has suddenly swept these objections into oblivion.

MAGIC BAKING POWDER CONTAINS NO ALUM. It is a pure phosphate baking powder and is guaranteed by us to be the best and purest baking powder possible to produce.

The perfect leavening qualities of "Magic" combined with its purity and wholesomeness make it the ideal baking powder. The ingredients are plainly printed on the label and our half century reputation should be sufficient guarantee of the high quality of these ingredients.

E.W. GILLETT COMPANY LIMITED WINNIPEG TORONTO, ONT. MONTREAL

core opponents of the existing order of things in Germany are the handful of minority Socialists, who are mostly under lock and key. Germany may in the end be regenerated from within, but never spontaneously.

There is Only One THE ONLY KIDDIE-KAR. Imitations lack the sturdy construction and patented features of the original. Look for the label on the seat. THREE SIZES—ONLY ONE QUALITY. \$1.50 \$2.50

Joffre's Smile Greeted Crowd. He was smiling and waved salute after salute at the crowd. He wore a blue eye and brilliant red trousers. He and Viviani immediately were ushered to the first machine, while other members of the party were separated and taken to other machines.

Pure and White—Always Right! REGAL FREE RUNNING Table Salt. See that Spout! Made in Canada.

Joffre Has Kindly Face. Joffre has a kindly face that seems ready to break into a smile at any moment. He smiled many times last night. Marks of war could be read in his face, and as he sat there and watched the crowd an expression of concern seemed to cross his countenance.

Belgians are starving— Canadians have plenty! Our heroic Allies deserve—and sorely need more help than we are giving! GIVE—GIVE! Freely—quickly—often to the BELGIAN RELIEF FUND.

When the auditorium was reached Troop B, the marching band, played a tune, and only those who were in the official party were allowed to pass. The crowd at the Coliseum had been nervous and impatient. Suddenly a youngster in the gallery yelled: "There he is!"

"Nature" chose Assam. Scientists tell us that Assam in northern India was the original home of the tea plant. Thousands of years ago "Nature" chose the climate and soil of this favored region as most suitable for growing tea. It is, therefore, natural that the hillside gardens of Assam (see picture) grow the teas which to-day are famous for their flavor, fragrance and rich strength.
