EAST ST. JOHN AS PART OF THE CITY

Delegation Takes Up Matter at City Hall

The Suggested Terms of Union—Expression of Opinions—Special Meeting on Subject Next Wednesday—Other Matters.

A delegation consisting of fourteen property owners and residents of the suburb of East St. John, appeared before the common council in committee this morning to ask that the boundaries of the city be extended to take in that area, under certain conditions laid down in a letter sent to the council in January.

W. F. Burditt said that the delegation proposed a union between the city and East St. John. He said the city had already taken in the suburb of Portland and ultimately he anticipated all the other suburbs joining with the city.

He thought there would be some who would oppose the idea on the plea of the possibility of increased taxation, but he felt that most of those who would receive increased facilities would be willing to assist in paying for them.

The Sewerage Question. A. E. Cameron said as there were difficulties in the course of development in the east end of the city, this feature might be taken into consideration.

The School Feature. C. H. Flewelling spoke regarding the school question. Twenty-five pupils were enrolled five years ago, and today 110 or 115 children were attending the school completed last year.

SENT TO PRISON IN HALIFAX FOR 23 MONTHS. Halifax, N. S., March 16.—In imposing sentence of twenty-three months in the city prison on Alexander Basmanian, a Water street merchant, convicted of receiving stolen goods, Magistrate O'Hearn said that he was not only making an example of the man, but that the severity of the sentence would serve as a warning to other small storekeepers who influence or encourage employees of wholesale houses to become dishonest.

ROTARIANS IN MONCTON TODAY. Moncton, N. B., March 16.—The Rotary Conference of District No. 1 opened this morning in the Knights of Pythias Hall and will continue till Friday evening. Clubs represented are Halifax, St. John, Charlottetown, St. Stephen, Sydney, St. John's, N.B., and Moncton. George O. Spencer, president of the Moncton Club, welcomed the visitors. Mayor J. F. Edgett also gave an address of welcome.

ARRESTS IN IRELAND. Belfast, March 16.—Ulster special constables today removed from Crossley Trencher, near Londonderry, seven youths who said they had come from Donegal, which is Free State territory. The prisoners, who are understood to be Republican police, were lodged in Victoria barracks in Londonderry, charged with having arms in their possession, and with unlawfully assembling.

Gounaris Premier Again. Athens, March 16.—Demetrius Gounaris, whose cabinet resigned last week after a defeat in the Chamber of Deputies on a vote of confidence, has formed a cabinet to continue his ministry in which he is premier and minister of justice.

Spanish Leader Assassinated. Murcia, Spain, March 16.—Julian Ferrer Lascano, leader of the Spanish provisional reformist party, was assassinated yesterday while surrounded by a group of his political adherents. Seven bullets pierced his body. One of his assailants was arrested, but the others escaped.

Some Change in The System of the Sale of Liquor In Province

Also One New Form of Taxation—Forecast of Budget Speech in Legislature This Afternoon—Prediction of Surplus for the Year 1922.

(Canadian Press.) Fredericton, N. B., March 16.—A surplus on the financial operations of the province for 1922 will be shown in the estimate presented under which liquor is sold and one new form of taxation to augment the depressed provincial revenue will be presented.

That was the only official forecast which Premier Foster would make at noon today of the budget speech which is to be delivered in the provincial legislature here this afternoon. He declined to amplify this statement and said no further information would be given out until presented to the house in his budget speech.

The estimates as finally passed by the government were presented to Lieutenant-Governor Pugsley by the premier soon after His Honor arrived at his office about 1 p.m. upon his return from Ottawa.

Quebec Liquor Act. Quebec, March 16.—Hon. Jacob Nolin's bill amending the Alcohol Liquor Act, to be taken up by the house today, contains two important changes from the original draft.

The law of last year provided that the commission could not grant any permit to sell alcoholic liquors (which includes beer and wine) upon the grounds of an agricultural or industrial exhibition, or for any race meeting.

The bill also eliminates Sunday selling in restaurants, but does not carry the prohibition to hotels or clubs. This applies also to legal holidays and election days. At present it is only the taverns and commission liquor shops which close on Sundays, holidays and election days.

WIRELESS REPORTS. Position of steamers reported through the Dominion Direction-Finding Station at Red Head, Thursday, March 16: S. S. Canadian Trooper, passed Lurcher, 11 o'clock, bound St. John.

BUSINESS INQUIRIES. The secretary of the Board of Trade in receipt of an inquiry from a Spanish firm wanting to establish an agency here for the sale of olive oils. A firm in Rio de Janeiro want to secure agencies for reliable fish exporters.

DIED SUDDENLY. James Lavigne, 610 Main street, died yesterday afternoon about five o'clock at the General Public Hospital, following an attack of heart failure at about 4:30 o'clock. He was taken immediately to the hospital but died just after his arrival.

Y. M. C. I. ALLEYS. The Sparrows and Falcons are booked to play in the Y. M. C. I. House League this evening. The framebooms river strings is still high for the week. A special prize is being offered to the bowler making the highest three string total during the week.

CHURCH MEETING. Members of the congregation of St. Philip's church gathered at the home of the pastor, Rev. C. A. Stewart, last night to talk over the affairs of the church. The membership, it is reported, has greatly increased of late and much is being done to encourage a spirit of devotion. A committee consisting of Mrs. George Dickson, Mrs. Amelia Williams and Mrs. J. H. Graves, served appetizing refreshments, and a musical programme was carried out.

ONE OF LAST NIGHT'S BOUTS. James Coyle, who participated in the city boxing championships in the armory last evening, asked the Times today to deny that he had been knocked out by Edward Healey of Halifax in the final for the lightweight championship. He said he was slightly dazed when first struck, but was ready to continue when he was ruled out. He feels that he is a match for Healey despite the fact that he had only one day's training for the bouts.

FOUND DEAD IN SHIP BUNKERS AT HALIFAX. Halifax, N. S., March 16.—The body of a man who had apparently either suffocated or starved to death was found in a closely confined space of the bunkers of the Baltic American liner Letvia, when she called here this morning, twelve days from Danzig and Copenhagen for New York.

Traces of food were found. The body was still warm. The bunker coal appeared to have shifted and enclosed the man in a very narrow space. A stowaway, alive and well, was found in another section of the bunkers.

ONE DEATH IN THE SHOOTING AT SHERBROOKE. Sherbrooke, Que., March 16.—William Sullivan, who early yesterday morning shot E. Martell, a lad of seventeen, on the King street bridge, died early this morning from a self-inflicted wound. Young Martell is reported to be in a critical condition, but may live.

Judge Mulvena today took the anti-mortem disposition of Sullivan, who arrived here yesterday from Lewiston, Maine, and young Martell. The former admitted the shooting, saying he had been drinking, and admitted shooting himself. He gave no reason for the attack on Martell.

As Hiram Sees It

"Look-a-her!" said Mr. Hiram Hornbeam to the Times reporter. "I ain't a-tryin' to get about spooks. We got one now—out to our place in the Settlement. It will require more testimony and at least a slap on the wrist," said the reporter.

"An' what else?" said Hiram. "You kin take my word for it. This mornin' when it was time to get up an' dressed an' went out to the barn an' a large mallet in the stables an' a 'nearly choked to death.'"

"That was a friendly spook," said the reporter. "What else?" "Hiram put the breakfast dishes in the pan," said Hiram, "an' went upstairs for somethin' an' come down agin the dishes was all wad an' an' wip an' put away—yes, sir."

"More and more amazing," said the reporter. "An' when he went to churn," said Hiram, "the butter was there waitin' to be took out."

"Don't tell that at City Hall," said the reporter, "or they will try to get the spook away from you."

"I ain't a-tryin' to get the spook away from you," said Hiram. "I 'ud take 'em six months to make up their minds—by that time Hiram 'ud hev the spook tamed—By Hen!"

COUNTING THE BALLOTS IN THE COAL MEN'S VOTE. Indianapolis, March 16.—Counting of the strike ballots cast by the union bituminous coal miners of the U. S. and Canada was begun today at the international headquarters of the United Mine Workers of America.

Union officials predicted that the vote would show a large majority in favor of a suspension of work on April 1, but announced that the vote would be made public only by percentage.

The workers' leaders here finally have given up all hope of obtaining a settlement in the coal strike. They are now concentrating their efforts on the Pennsylvania, Ohio, Indiana and Illinois and thus the vote automatically will bring about a walk-out, unless the miners order would probably not be sent from headquarters here.

Although the conference on a wage scale for the Pennsylvania anthracite field being held in New York, officials here felt that the two sides would be so far apart that no settlement would be reached before April 1, resulting in a Southern Railway strike morning when he struck on the Rhine and at Constantinople.

TUG TURNS OVER; IS CRUSHED AGAINST PIER. Cincinnati, March 16.—The tug boat Hopewell, belonging to the fleet of the Campbell's Coal Co. of this city, early today turned turtle in the harbor and crushed against a pier of the Southern Railway bridge and was crushed into fragments.

Captain Burnside, superintendent of the tug, reported that the tug was struck on the bow, was crushed, it is believed also that two others of the crew lost their lives. The remainder were rescued.

NOT SERIOUSLY HURT. Friends of Mrs. and Mrs. W. L. Currie, of 48 Victoria street, will be pleased to learn that their little son, Claude, who was injured yesterday morning when he fell from a veranda, is much better, and that it is decided that there are no serious injuries.

Phelix and Pherdinand. Synopsis—Pressure is highest over the Hudson Bay district and lowest over the Pacific coast states and the Nova Scotia coast. The weather is fair throughout Canada and has turned colder in Ontario and Quebec.

Fair and Colder. Maritime—Winds increasing to strong northwest; fair and colder tonight and Friday.

SOUTH AFRICAN STRIKE ENDED

Trouble With Miners is Over—Police Say Revolution a Bolshevik Plot.

Johannesburg, March 16.—The strike of miners which has held South Africa in its grip for more than two months has been called off.

The decision was taken by the Old South African Industrial Federation, as distinct from the federation's augmented executive. It announced, first, that the general strike was null and void; second, that the augmented executive is to call off the mine strike; and, third, that complicity in the revolution against the government is repudiated by the federation. Order has been completely restored.

The police declare they have voluminous evidence showing that a Bolshevik plot was responsible for the revolution. The revelations will be "astounding," they assert.

A government official declared today that the prisoners exceeded 6,000, and that those among them responsible for outrages would be dealt with. The railwaymen have resumed work.

London, March 16.—(Canadian Press.) Reuters Johannesburg correspondent cables that a town of Fordburg on March 16 showed that the place was completely clear of revolutionaries and that the occupation by the government forces had been entirely effective.

An inspection showed that the artillery fire had been well concentrated on the market square and had driven the defending Reds back to the suburbs. A prisoner says the Reds had hoped for better terms than unconditional surrender.

TWO PLAYERS OF GIANTS HURT

Frisch Spiked and Buser is Beated.

New York, March 16.—Casualties followed each other in quick succession in yesterday's clash at Spring-Field between the Giants and White Sox, in which the New York team won, 5 to 2.

Frank Frisch, Giant second baseman was sprung; Hal Buser, Sox pitcher, was first struck by hit behind the ear with an inshoot and Umpires Klem and Owen had their feelings hurt by earnest words dropped by the coaching players.

Frisch will be out of the game for a few days and Buser will probably take a couple of practice sessions off to get his batting eye back to normal, relates St. Louis, Mo., March 16.—Manager Phil of the St. Louis Americans, today ordered his players to shun the second fielding practice at Mobile, Ala., following his team's third consecutive victory yesterday, 7 to 3, over the Mobile Shuttlesworth team, but in which his men made six errors.

Cleveland, March 16.—Despite their lack of practice two Cleveland Indians pitchers showed mid-season form during a five inning game between the Yankigans and regulars at Dallas, yesterday. Walter Mails allowed the regulars only one hit, by veteran pitcher Shortstop Sewer, the Yankigans winning 4 to 0. He struck out six men.

Boston, March 16.—The Red Sox regulars yesterday defeated the Yankigans 11 to 9, Quinn, Kerr, Derocher and McDonald pitched for the regulars, and Dodge and Fullerton for the second team. Elmer Smith, former Cleveland-er, drove out two home runs.

Pittsburg, March 16.—The Pittsburg Nationals staged the first practice game of the training season at the Hot Springs camp yesterday, the Yankigans defeating the regulars, 16 to 4. Cooper and Morrison, two veteran pitchers for the second string men and succeeded in holding the regulars to nine hits.

Glasgow, March 16.—The draw for the semi-final round of the Scottish soccer cup play was announced today as follows:—Patrick Thistle vs. Rangers, at Glasgow, March 20; Morton vs. Aberdeen, at Dundee, 21.

New York, March 16.—A. L. Welner, a 14 year old Philadelphia boy, will be partner of Wm. T. Tilden, the American tennis champion, in the U. S. Men's national indoor championship tournament, starting here on March 25. Mr. Tilden recently announced that young Welner is to be his protégé saying he believed the youngster to be a future V. Richards.

DEVONSHIRE HOT FAVORITE FOR SECRETARYSHIP

London, March 16.—(Canadian Press)—With Lord Derby's virtual refusal of the Indian secretaryship, which is based on the conviction that he can assist the cabinet outside better than in it, the Duke of Devonshire, former governor general of Canada, has become a hot favorite for the position.

GREEKS SEIZE ITALIAN SHIP

Capital Stirred by Search and Detention—French Experience Recalled.

Rome, March 16.—Considerable excitement has been caused here by news that Greek warships had stopped and searched the Italian steamship Umbria and Abazia, detaining the latter.

The Messaggero observes that Italy, notwithstanding the Graco-Turkish war, has never recognized the right of Greece to institute a blockade or to search ships, nor did France, which experienced a similar incident in the seizure of the steamship Espoir.

The Espoir recently was released by Greece after a sharp protest from France. The Greeks, however, retained the cargo, which they maintained was contraband of war destined for the use of the Turkish Nationalist army, with which Greece is at war.

The newspaper declares the present case is more serious than that of the Espoir, which was stopped in Greek territorial waters, as the Italian steamships were boarded, it is alleged, on the open sea. The press is urging the government to demand prompt satisfaction.

Constantinople, March 16.—The Greek torpedo boat Naxos, while patrolling the Black Sea with other units of the Greek fleet, seized the steamship Africa, flying the Italian flag, off Ince-Bol.

The Africa was taken to Madania, where after a three hours search of the vessel the Turkish passengers, including the personnel of a Turkish sanitary corps, were declared prisoners of war.

TWO AVIATORS SERIOUSLY HURT

One of Them Holds Record for the Longest Parachute Drop.

Minneapolis, N. Y., March 16.—Sergeant Eugene Revere, holder of the world's altitude record for a parachute drop and Sergeant Roland Blake were seriously injured at Mitchell Field late yesterday when their aeroplane crashed to the ground from a height of 100 feet and buried them in the wreckage.

Revere suffered a broken leg and his face badly lacerated and suffered internal injuries, which surgeons feared might be fatal. The aviators were making a practice "time" flight.

APPLIES TO THE IMPORTS FROM FRENCH COLONIES

Statement in Paris Relative to the Franco-Canadian Commercial Agreement.

New York, March 16.—(Canadian Press)—According to a Havas Agency despatch from Paris the French government have received assurances from the Canadian government that the terms of the Franco-Canadian commercial agreement signed in Paris in January 1921, that Premier Fontaine will be unable to attend the forthcoming economic conference at Genoa, according to a Havas Agency despatch from Paris.

The Chertsey by-election is due to the vacancy caused by the death of Sir Donald MacMaster, K.C. London, March 16.—Premier Lloyd George and Marquis Curzon, secretary for foreign affairs, will be among Great Britain's delegates to the Genoa economic conference, it was announced in the House of Commons today by Austen Chamberlain, the government leader.

SEE PREMIER SOON IN RETIREMENT

Earl of Derby Rejects Offer of Cabinet Place.

Political Enemies of Lloyd George Declare He Cannot Hold On With Dependence Mainly on Votes of the Unionists.

(Canadian Press Cable.) London, March 16.—The Earl of Derby's rejection of the Indian secretaryship, coming on the heels of the failure of the Unionists' meeting on Tuesday to give Premier Lloyd George a vote of confidence, forms the chief topic of conversation in political quarters, where the effect on Lloyd George's tenure of office is warmly debated.

The refusal of Lord Derby to enter the government is believed to have been final and even the most ardent chiltonists are manifestly anxious in view of the failure of Tuesday's meeting and the obvious hardening of the determination of many Conservatives to cut loose from the coalition.

The premier's political enemies declare it is impossible for him to retain his position as head of the administration while depending mainly upon Unionist votes, and urge that it is time he recognized the fact that he has threatened resignation definite.

Meanwhile no word comes from Griceth, Wales, regarding the premier's intention. He is spending his time in resting, golfing and gardening, and his friends say, "thinking things out," while current decisions are left to Austen Chamberlain, and, as is widely asserted, the disintegration of the coalition proceeds apace.

It is said in some quarters that Lloyd George has decided to prolong his stay in Wales to see how far the ferment will work before he declares his hand.

The question whether, after all, he will go to Genoa is also debated in political circles, and it is suggested he is less eager than heretofore to participate in the conference. It is also thought that a report that Premier Lincare of France will not attend proves true. Lloyd George will be still less reluctant to abandon the trip.

It has been repeatedly said that it was his desire to attend the Genoa meeting that mainly led him to the premiership and it is thought that if he now resolves to forego the visit, his resignation will soon be made final.

BRING WAR INTO BY-ELLECTION. London, March 16.—(Canadian Press)—The by-election in Chertsey is proving lively. Though the Unionist candidate, Sir Philip Richardson, has represented the introduction of personalities into the contest, some of his supporters are less reticent, notably C. E. Zillman, known as "the fighting parson," and winner of the Military Cross. He attacked General handling of the fifth army in France by General Hubert Gough, and his statements were founded "on gossip and scandal."

General Gough says he was made the scapegoat by Premier Lloyd George when the confidence of the people had been shaken by Lloyd George's military adventures on other fronts. He proclaims himself a fit successor.

New York, March 16.—(Canadian Press)—In well informed political circles in Paris it was asserted yesterday that Premier Fontaine will be unable to attend the forthcoming economic conference at Genoa, according to a Havas Agency despatch from Paris.

PROMINENT MEN TO SAIL FROM HERE

The Hon. Frank Carr, L.L.D., M.L.C., editor and proprietor of the Quebec Daily Telegraph, director of Quebec Canadian companies, and author of several books, will leave tomorrow on the Canadian Pacific Steamships Ltd. liner Melita for Liverpool. He will be accompanied by his wife. Another prominent passenger is J. L. McNichol, who is leaving Canada for Slam, where he will assume his new duties as pulp and paper expert for the Siamese government. He is going via England, Marseilles, Naples, Port Said, Colombo and Penang, thence by rail to Bangkok which place he hopes to reach by May 1. He was assistant paper controller for Canada under the war measures act. He is to establish and put in operation a complete pulp and paper mill for the Siamese government and will then train the natives of that country in the art of pulp and paper making. He is under a two year agreement.

The Melita is expected to have about 700 passengers, 2,100 tons of general cargo and six loads of mail. The Sicilian arrival in port this morning from Kingston, Hanau, with a small passenger list, 800 tons of sugar which will be shipped by rail to Montreal; 600 boxes of grape-fruit and a large number of coconuts. It is the second shipment of grape fruit on the C. P. R. liner. Great care has to be exercised in handling it.

JACKAL CAUSES TERROR IN STREETS OF VIENNA. Vienna, March 16.—A full grown Jackal ran wild through the streets in the heart of Vienna on Tuesday evening, terrorizing the population. The beast pursued pedestrians, charging right and left and biting many persons. It was finally hunted down and killed. It had been suffering from rabies.

REDUCTION OF BRITISH ARMY

War Secretary Gives Figures and Speaks of Risks Involved in Cut.

London, March 16.—(Canadian Press Cable)—Risks involved in the reduction of the British army, in the opinion of the war secretary, Rt. Hon. Sir Laming Worthington-Evans, were outlined by the war secretary in introducing the army estimates in the House of Commons yesterday afternoon. He said the proposed personnel of 182,000, excluding the troops on the establishment in India, showed a reduction of 20,000 compared with the number in 1914, when there was behind the army a reserve of 146,000 men, and 85,000 militia. The reserve there were also possibilities which might be recored. He expressed the hope that the policy of associating the Egyptians more closely with the government in Egypt would make possible a reduction of the troops there, but if this policy failed it might be necessary to send reinforcements to that country. He said there were also possibilities which might require heavy reinforcements of the troops on the Rhine and at Constantinople.

Dealing with the risks involved in consequence of the proposed reduction of the forces of the crown in India. In certain eventualities reinforcements greatly exceeding the present force might be required. RATIFICATION OF IRISH PACT LIKELY

(Canadian Press Despatch.)  
London, March 15—Debate on the Irish Free State treaty was resumed in the House of Lords today. There have been hardy words on both sides of the "die-hard" who would seek to destroy the treaty by amendments but the tone of today's debate gave little indication of such tactics.

WILL TAKE UP SALMON QUESTION

Hon. C. W. Robinson to See About That Stocking of River—The Scott Business Fredericton News.

Fredricton, N. B., March 16—Hon. C. W. Robinson, minister of lands and mines said this morning that he would take up with the federal fisheries department the matter of stocking the St. John River with British Columbia fingerlings last autumn, without consulting provincial authorities or the fishing clubs on the Colvins.

The sale of angling leases in the province is to take place here on Wednesday. In the Fredericton commercial hockey league the Hart Shoe Co. team defaulted to the John Palmer Co., which won the section. The other section was won by Palmer McLeish Shoe Pack Co. A play off will depend upon weather conditions.

The inspectors appointed by the creditors of Gordon G. Scott, lumber man, met here on Friday to discuss the proposition of operating the saw mills at Fredericton and Upper Cross creek. The disposal of other assets also will be discussed.

L. A. Gagnon, chief game warden, has gone to Quebec on private affairs. In the police court, today, a charge of violation of the Inland Revenue Act made against Louis Mars, a Spaniard suspected of moonshining, was withdrawn. Information had been laid by Fraser Saunders. When Mars was arrested on a warrant at his home in Claude Settlement, Parish of Douglas, nothing in the way of a still or its product was found on the premises.

Edgar David Dykeman of Salmon Creek, aged twenty-nine, died in the Victoria Hospital here on Wednesday night. A surgical operation was performed about a year ago. He is survived by his parents, residing at Salmon Creek, four sisters, Mrs. Ephraim Betts of Newcastle Bridge, Mrs. W. J. Brown of Avery's Portage, Mrs. Perry Bishop of Briggs' Corner, and Mrs. Walter McCrea of Salmon Creek; also one brother, Ernest A. Dykeman, at home.

ATTACKS HOTEL TIPPING.

Employe and Patron Both Lose, Says Consumers' League.

Hotel tipping should be abolished, the Consumers' League of New York has recommended as the result of a report made after a study of the tipping situation in hotels. It is disadvantageous to the guest, says the league, not only because it involves the payment of tip money in addition to hotel bills but also because the employe persistently gives service to the guest who tips at the expense of the guest who does not. It is also disadvantageous to the worker, the league holds, because wages are based on the expectation of tips and the worker's income is uncertain. The situation with regard to chambermaids is cited as an illustration of how the system operates. "It is a pleasing appearance and manner, rather than service, which brings in tips to the chambermaid," says a statement by the league. "The advice given by experienced maids to the workers who were making the study for the Consumers' League was to 'fix yourself up' and 'don't be baseful.' The ones who get tips are those who stick around and sass 'em back and make them notice you.' So the chambermaid's tips do not increase with an increase in her efficiency as a worker, neither do her wages."

ALLEGES FIGHT IN CAN. STEAMSHIP

Montreal, March 15—The financial editor of the Montreal Star in his "topics of the street" column today relates some "very remarkable gossip" in connection with the recent strictures on the management of Canada Steamship Lines Limited. He states that an influential group of financiers has been trying to drive the present management out of control of the enterprise in order to obtain it for themselves. To attain this end this group has, the gossip says, circulated vigorous exposures of two to three-year-old history of the company's present underwriting proposition.

FRASER COMPANIES

Edmunston, N. B., March 16—The annual meeting of the Fraser Companies Limited was held here yesterday when the financial statement for the last year was adopted and officers re-elected. President Fraser in his review of the year's business said:—"In the face of unsatisfactory demand and declining prices for our company's products, namely, lumber and bleached and easy bleaching sulphite pulp, your company's operations have been steadily carried on throughout the year." Net profits for the year amounted to \$1,001,469 from which is deducted \$199,227 for bond interest and \$888,873 for other interest, leaving a balance of \$468,859, which, added to last year's surplus, left a total of \$2,745,141. From this balance there was appropriated depreciation amounting to \$445,572, depletion amounting to \$235,403, annual proportion of discount on securities sold \$31,500, and for payment of Dominion government taxes for previous years, \$246,141. In view of the decline in replacement value of logs and manufactured lumber, pulpwood and supplies, the company wrote its inventories down to market value by appropriation of \$1,000,000 from profit and loss for this purpose. After these deductions, there remained at credit of surplus account \$788,142.

WORKERS OF INDIA ARE HUMAN ANTS

Tens of Thousands of Hand-Tended Lamps Lined the Prince's Pathway.

London, Feb. 16—(By Mail)—The principal on which labor is carried on in India, especially in the territories of the native princes, says the Times correspondent with H. R. H. the Prince of Wales, is the immemorial principle of the ant and the coral-insect. Given enough insects anything can be done. So when the Prince drives abroad at night, on the way to a ball, a fete, or railway station, he goes for miles upon miles through avenues of light.

It is all done with the use of tiny oil lamps, whether small glass bowls or the more ancient—and still smaller—red earthenware chiraags, which are minute saucers like very small Chinese tea cups. Not only are all the outlines picked out with these lights, so that each is a palace of flame, but the streets and leagues of roads are hedged with light.

For days before, the ants have been at work erecting tall bamboo poles which support, perhaps, five or six lines of strings at heights a foot and a half apart. On these strings—again for days—the ants have tied the little saucers at intervals of two feet or so. Then all day long they fill the saucers with oil and set tiny wicks afloat in them. It is not quick work, and many hundreds of ants are needed to light, let us say, 50,000 of the little star-like lamps in the course of a few hours. But the effect is incomparable.

INDIAN AFFAIRS

London, March 16.—An agitator named Thuku has been arrested at Nairobi, British East Africa, charged with organizing meetings and spreading propaganda among the Indians there, says a Central News despatch. A form of propaganda which has caught the Indian imagination and is being widely carried out there, says the despatch, consists of daily public prayers, asking that sanity be granted the British ministers.

Delhi, March 16.—The Indian members of council of state at the council's meeting today expressed profound regret at the resignation of Edwin S. Montagu, which they declared was incompatible with India's interests. They hoped that Mr. Montagu's retirement did not imply a change of policy. The government representatives assured the council that fears of a change of policy were groundless.

Delhi, India, March 16.—During the discussion of the budget in the legislative assembly yesterday the government assented to a reduction of the railway appropriation by twenty-five lakhs.

The telegraph and postal credits also were reduced ten lakhs, making the total reduction in the budget in the last two days fifty-five lakhs (\$5,000,000 rupees, normally worth about \$1,750,000).

SULTAN DECLARES EGYPT IS FREE

Says He Will Assume Title of King—Demonstrations in Cairo.

Cairo, March 16—A rescript issued by the Sultan Ahmed Foad Pasha, last night announced that Egypt had become an independent and sovereign state and that the Sultan will assume the title of King of Egypt.

A Cairo despatch to the London Times last week said the Sultan was expected to assume the title of king upon ratification of the British parliament of the decision to terminate the protectorate over Egypt. The British parliament has not yet passed an act lifting the protectorate.

London, March 16—An Exchange Telegraph despatch from Cairo says that declaration of Egypt's independence was followed by several demonstrations in Cairo, the crowds smashing street lamps and uprooting trees. Egyptian cavalry was ordered out to restore order.

MRS. A. MCGORMAN IS DEAD AT HOPEWELL HILL  
Reverdy Steeves, Aberdeen School Principal is a Brother.  
(Special to Times.)  
Hopewell Hill, N. B., March 16—Widespread sorrow was caused here by the death of Mrs. Alberta McGorman, widow of Robert McGorman, who passed away at her home here this morning after an illness of only one week, due to pneumonia and heart trouble. During the thirty-five years of her married life, which she had spent here, Mrs. McGorman had been highly esteemed for the gentility and kindness of her disposition and her fine Christian character. Her death will be a great loss to the Baptist church and Sunday school and she also will be much missed in other community activities. She was a woman of more than average ability and attainments and before her marriage had been a teacher in the public schools. She was a daughter of the late William Steeves of Coverdale, and is survived by one son, Robert; three brothers, John Steeves of Cherryfield, Westmorland county; Reverdy Steeves, principal of the Aberdeen school, St. John, and Dr. Charles Steeves of Denver, Col.; also three sisters, Mrs. Henry Smith of Coverdale, Mrs. Watson Lutes and Mrs. Kenneth Milner of Moncton.

ROYAL YEAST CAKES  
As a health builder, Royal Yeast is gaining in popularity every day. It is a food - not a medicine. It supplies the Vitamine which the diet may lack. Royal Yeast is highly beneficial in cases where the system seems "run down". Royal Yeast is the richest known source of vitamins, and when taken into the system acts as a corrective agent. Royal Yeast Cakes are recommended for their purity and wholesomeness. It is the purest, the most convenient and economical yeast on the market.  
Two to four Royal Yeast Cakes a day will work wonders. A full day's supply can easily be prepared at one time by using one glass luke warm water and teaspoon sugar to each yeast cake. Allow to stand over night in moderately warm room. In the morning stir well and pour off liquid. Place in refrigerator or other cool place and drink at intervals as desired throughout the day.

LADY SECRETARY TO CORONER SHOT

Assailant Sent Two Bullets Into His Own Body After Attack—The Girl Instantly Killed.

Roslyn, Long Island, March 16.—Miss Virginia Forget, twenty-three years, who for several years was voted one of the most popular graduates of Roslyn High School, was shot and instantly killed late this afternoon by William Magee, forty years, and head of a family, who then sent two bullets into his own body, and died at eight o'clock in Nassau Hospital.

The tragedy has aroused the entire village because Miss Forget and Mr. Magee had lived here all their lives and both were well known by the townspeople.

The sound of three pistol shots was heard a little after five o'clock by most of those persons who were in the business part of the town. They hastened in the direction whence the reports came, and were crowding around the door of Coroner Westervelt's establishment, where the following statement was obtained from him before he died.

"I was in love with her. I told her that I truly loved her, and I tried to keep her from going with other men. I went to the place where she was employed to have another talk with her about these other men, who were providing her with money and fine clothes. She only sneered at me. That drove me temporarily insane, and I shot her and then myself."

"Mr. Magee was in the habit of dropping into my store to visit both me and Miss Forget," stated Coroner Westervelt. "If you had asked me for the model man of Roslyn, I would have named Mr. Magee first. He was a president of one of the church clubs for many years. He was devoted to his wife and two children. He had been a carpenter here most of his life."

Miss Forget also had lived in Roslyn most of her life. She was the daughter of Mr. and Mrs. Napoleon Forget. I never had any reason to suspect that Mr. Magee harbored any ill-feeling towards my secretary. I remember on one or two occasions he told me he had lived next door to her parents, that he had seen her grow up from babyhood, and that he regarded her as an exemplary young woman. Mr. Magee was one of the most upright men I have ever known. He was industrious, honest and sober."

"He was injured on Lincoln's Birthday when he fell while hanging out flags in honor of that holiday. He suffered a broken wrist, and I can't help thinking that he also suffered from mental injuries which were not suspected."

IN OLD POSITION  
Failure of Negotiations Between British Shipbuilders and Union.

London, March 16.—(Canadian Press).—Negotiations between the shipbuilding employers and the union's negotiating committee ended suddenly as a result of the union delegates refusing to accept an offer by the employers to accept sixteen shillings and six pence off the bonus of twenty-six shillings and six pence by instalments, instead of in a lump sum, as had been proposed. The employers say that the original position between them and the men has thus been restored.

KNOWING HE HATH WINGS

(Victor Hugo, "Chants in Crepuscule.")  
O Friend, why followed still by sorrows bright?  
Why still in tears forlorn?  
You with a heart as somber as the night,  
As tender as the morn!

What matters it though life below, so frail  
From man and woman, too,  
Seems ever ready 'neath our feet to fall  
Your soul remains to you.  
Your spirit which, it may be, soon shall fly  
Above all earthly things  
Beyond the griefs that cloud our mortal sky  
And far from our complaints.

Be like the bird that for a moment's play  
And unawares is in the water and  
On bending branches swings,  
Yet sings, although the twig beneath him  
Away,  
Knowing that he hath wings.

LIGHTER VEIN.

Playing It Safe.  
An old southerner wandered along a small stream and came upon a ducky sitting on a footbridge below and a dam, and a boat dangling in the water and a shot-gun thrown across his lap.

"What are you doing, Sambo?"  
"Oh, I've got a good job, your honor here."

"What are you doing?" again asked the Southerner.  
"The shootin' me' rats under 'at dam."

Whoop! a muskrat appeared under the dam. "Look, Sambo, there's one! Why don't you shoot him?"  
"Oh, no, ma'am! Do 'y' think I've gwine tuh get out of a job?"—Judge.

Taking Joy Out of Life.

A certain theatrical actor after a dreary and uneventful tour, finally arrived in a small New Jersey town. That night, though there was no general applause of the audience, he received hand-clapping to arouse the dejected spirits of the actors.

The leading man stepped to the footlights after the first act and bowed profoundly. Still the clapping continued. When he went behind the scenes he saw an Irish stagehand laughing heartily.

"Well, what do you think of that?" asked the actor, throwing out his chest.  
"What d'ye mane?"  
"Why, the hand-clapping out there."  
"D'ye call that applause? Why, that's the audience killin' mosquitoes!"—Judge.

Harsh Sentence.  
Abe Cory brought the following story over from New York the other day:  
A negro charged with stealing a watch had been arraigned before the court. The judge was so convinced that he was guilty, and said:  
"You are acquitted, Sam."

"Acquitted," repeated Sam doubtfully.  
"What do you mean, judge?"  
"That's the sentence; you are acquitted."  
Still looking somewhat confused, Sam said:  
"Does that mean I have to give the watch back?"—Christian Evangelist.

ENTRUSED OVER OPERA

Il Trovatore Presented in a Masterly Manner in the Imperial Last Evening.

"Il Trovatore" Giuseppe Verdi's great composition, which has regaled music lovers throughout the world for years, was heard with all its charm in the Imperial last evening, sung by a company from the Boston English Opera Company.

Every seat was taken and the audience was charged with enthusiasm ready to welcome and applaud. Every note was a delight to the ear and combined with an attractive and strong voiced chorus their voices were richly blended into perfect harmony.

The masterful direction of the orchestra was a treat in itself. Their accompaniments and obbligatos were rendered in artistic manner, bringing out nicely the many beautiful passages.

Helena Morrill as Lenora made a decided hit in this difficult role. Her best work was in the first scene of the fifth act by the tower of the prison. Her beautiful soprano voice rang out with purity either vivaciously or plaintively by turns unaffectedly by a fine skill and admirably managed throughout all the ranges and gave artistic pleasure. He also has a splendid appearance and is a clever actor.

Norman Arnold made a marked impression as Manrico "The Troubadour." He possesses a rich tenor voice and a beautiful poised and polished style. His voice was controlled with a fine skill and admirably managed throughout all the ranges and gave artistic pleasure. He also has a splendid appearance and is a clever actor.

Henry Kung, as Count di Luna, was a good choice for this difficult part. He has a rich baritone voice which rang out with force in the many dramatic passages and with pathos in other parts. His pleasing accent fitted into the role and made it more realistic, while his acting was exceptionally praiseworthy.

Edward Orchard as Ferrando made a most favorable impression, with his deep bass voice. He had few opportunities to demonstrate the richness of depth of his voice, but occasionally a passage here and there gave the audience an idea of his ability. He performed in a highly commendable manner.

Dorothy Bott as Assunta, the old Gypsy, also won popular favor. Her alto voice was brilliant in the higher ranges and well modulated and full of pathos in the dramatic passages. Her singing in the duets was exceptionally good and impressed deeply.

The Anvil Chorus and the "Misereere" were given in the numerous tuneful passages that intersperse the composition and all who participated were given credit by the audience who applauded repeatedly and in a manner which gave evidence of their appreciation.

The opera was conducted by Mrs. Edward M. Beck, who also presided at the piano and whose talents were brought out in the many difficult but beautiful accompaniments. Her good work was not lost on the audience and she shared in the plaudits.

NEW INTEREST IN THE SMALL CASE

Affidavit from Toronto Barber Relative to the Missing Theatrical Millionaire.

Toronto, March 16.—Interest has suddenly kindled in the two year mystery surrounding the disappearance of Ambrose J. Small, Toronto millionaire, and there is a demand in several quarters for a widening of the scope of the investigation rather than continue it as a "one man job."

Detective Mitchell, who has been working on the case, having failed to solve the mystery, pressure is being brought to bear on the board of police commissioners to take action. The Misses Small, sisters of the missing man are carrying on an independent inquiry through the police and other friends are equally active.

The telegram put new life into the investigation last night by a barber named Mitchell, signed by a barber named Weatherall who says he shaved Mr. Small on the day he disappeared and that he saw him consult his watch before leaving the shop.

The significance of this evidence is that Mr. Small's watch and keys were found under his pillow at his home on the morning following his disappearance although all the evidence up to the present has indicated that he left his theatre during the night of Dec. 2, 1919, but never reached there.

"EMPTY BRAIN TO REMAIN YOUNG"

This is Advice of a French Scientist—Perfect Rest for High Blood Pressure.

Paris, March 16.—"Empty your brain." The learned French Academy of Medicine endorsed this method of retaining youthful health and vigor, after Professor Gueniot, one of the prominent members of the Academy faculty, submitted a lengthy report demonstrating the hundreds of cures of various maladies it has effected.

The simple prescription above is declared by Dr. Gueniot to have been particularly effective in treating high blood pressure, heart trouble, liver diseases and kidney and brain disorders.

The remedy consists of spending from ten to fifteen minutes of each day in perfect repose. Every muscle in the body should be completely relaxed. The brain must not be permitted to function during this period, in fact "absolutely cease thinking."

According to Dr. Gueniot, this latter phase of the treatment will prove impossible for more than a minute at a time at first, but with practice, one should be able to empty the brain completely for fully ten minutes at a stretch. This, he declares, will prove to be worth more than eight hours sleep and is the secret of many old men's youth and the unbelievable energy of many millionaires.

BUSINESS ADDITION

Messrs. Chas. Magnusson & Son, men's clothing and furriers of 64-66 Dock street, have now completed the installation of a new display window which now gives them a street display of six windows. Also, the interior has been cleaned and painted and presents a very neat appearance. They have been successful in securing the St. John agency for the Prince and Re-In-For-So Brands of boys' and juvenile clothing. This is one of the finest lines of boys' clothing made in Canada. Messrs. Magnusson & Son state that the garments were made at prices to create a ready demand for the Prince Brand.

Messrs. Magnusson & Son are to be congratulated for the splendid addition of boys' department to their establishment. Watch Friday's issue of this paper for further particulars. 3-17

Dr. Prince's Report on Mysterious Fires in Caledonia, N. S.

The report of Dr. Walter F. Prince, director of the American Society of Psychological Research on the Caledonia "spook" haunt was released at Halifax yesterday afternoon. The salient points of the report are as follows:—The fires were produced by Mary Ellen, as shown by marks on the building. She is not morally culpable, owing to having been in an altered state of consciousness. There is added possibility that this altered state was brought about by a disincarnate intelligence. The experiences of Carroll and Whidden were probably of a sub-normal character, and may have been owing to a psycho-physiological cause.

The experiences of Harold Whidden and P. O. Carroll, were probably of a supernormal character which does not necessarily imply that the supernormal cause was spiritualistic. It may have been owing to a psycho-physiological cause which is perfectly natural though as yet imperfectly normal.

"Apart from the statements of Signor Marconi and other experts, I have proved that the wireless wave theory cannot be true, unless the waves are endowed with intelligence to know just when people are in the house, with a dislike for the upper part of the room walls, with a repugnance to having persons see them break out into flames, and with ability to transport cushions from one room to another and the like."

**Your New Floor Coverings It's An Important Question**

Every home lover begins to think about making certain changes in the interior of the home at this time of year. The question of floor coverings is one of the first to be considered. Here are a few practical thoughts we would like to bring to your attention.

**When You Buy Rugs Buy Quality**

Remember! When you ask for a certain make of floor covering today, the name alone means very little. There was a time when the name "Wilton" or "Brussels" on a rug was a guarantee of good quality. Now—the different makes are produced in so many grades that a rug bearing a well known name, such as either of the above, may be very inferior or very superior.

We are prepared to give you the advantage of our years of experience in handling and selecting the best quality R. A. Carpets do not stand the tests of actual wear (under proper conditions) you can be assured that your loss will be made good.

**Rug Stocks include:**

- Oriental,
- Brussels,
- Wiltons,
- Axminsters,
- Tapestries and others.

**We Aim to Give You Thorough Satisfaction.**

First of all our spacious floor room affords you ample opportunity to make a satisfactory choice. Then—if after receiving your carpet or rug at home you find that it does not harmonize as you thought with the surroundings, we will readily exchange your purchase for something more suitable.

Measurements taken and estimated cheerfully submitted. (Carpet Dept., Germain Street Entrance.)

**The Right Price The Right Variety**

As to Price—M. R. A. Floor Coverings are purchased direct from the manufacturers, thus eliminating any middle profit. Every article is priced at the latest lowest market quotation.

It's only natural to want to see a good variety of floor coverings before you select the ones you require for your own home. In our carpet department will now be found a larger supply of merchandise than we have been able to show for some years. Early buyers will benefit by choosing from complete stocks.

**WRIGLEY'S NIPS**

This peppermint flavored candy coated gum is a delight to young and old.

It "melts in your mouth"—but the gum in the center remains to aid digestion, brighten the teeth and soothe the mouth and throat.

There are the other WRIGLEY friends to choose from, too:

he himself was born in King street. Mr. Hay was of Loyalist descent and the property on King street stands on ground which was included in original grant to the Loyalists. Although he never took a prominent part in public affairs he was always interested in civic matters. He was a member of St. Andrew's Curling Club and the second oldest of the curlers. In his younger days he was an expert rickman. He was a loyal member of Centenary church. Until the day before Christmas he was active about his business but since that time he had fallen gradually. He will be sincerely mourned. He leaves two daughters, Mrs. F. L. Bowman, of Rotherham, and Miss Clara Hay, at present at home; one son, C. Leonard, of this city; one brother, John M. Hay, of this city, and two sisters, Miss Maria, of St. John, and Mrs. Emma Fowler, of Brown's Plains. Four grandchildren also survive.

**John H. O'Brien**

John H. O'Brien, aged seventy-nine, one of three brothers noted as oarsmen forty years ago, died on March 11 at Bath (Me.), from heart trouble. Mr. O'Brien was born in St. John and went to Portland when a young man. With his older brothers, Moses, now dead, and Nathaniel, he gained quite a reputation in rowing circles. He is survived by his son, William J. O'Brien, of Bath. Mr. O'Brien was a member of the old Portland longshoremen's crew, which gave the rats crew a hard battle in a race in 1875.

**SAYS SPOOK FAILED TO WIN SWEETHEART**

(New York Times.)

Intercession through the spirit world to make a man's love grow warm did not succeed, according to testimony by Miss Lena Dunkley, a matron employed at the Brooklyn truant school. She was a witness against Mrs. Anna Warwick of 177 Miller street, Jamaica, south, before Judge Burt J. Humphrey in the Queens county court. Mrs. Warwick is head of the Mayflower Spiritualistic church at 108 Jamaica avenue, Brooklyn.

"I wanted a man I knew to love me," testified Miss Dunkley. "I had tried to gain his affection, but had failed. I was introduced to Mrs. Warwick and she told me that she would straighten out my love affair through the intervention of the spirits. I gave her \$500. Then Mrs. Warwick told me to look at the picture of the man I wanted to love me. She said that I was to turn a candle in front of the picture, gaze steadily at the man's neck, and concentrate my thoughts. I did this for some time, but there were no results. After two weeks I went to Mrs. Warwick and told her

I was no nearer marriage than I had ever been. She said she was surprised and that no man had ever escaped her net yet."

She told me to keep on and I would get somebody, anyhow. I told her that I did not want anybody, but

that I wanted one particular man. Then I asked for my money and she said she would give it to me before. Mrs. Warwick said she had given a personal loan and that she had given a note in return.

**WRITER'S MOTHER IS LATEST VICTIM OF POISON PEN**

Fear Led to Formulation of Plan of Double Suicide—Daughter was Rescued.

Paris, March 16.—The poison pen campaign of Tuile, which during the past three years has cost the life of one police official, the sanity of two others and the marital happiness of dozens of families, has claimed another victim—the mother of the author of the campaign of calumny. But far from being an act of poetic justice, visited on the malicious writer of poisoned lives, this strange vampire, who has lived by sucking happiness from the lives of others, finds her own physical cowardice responsible for the tragic end of her mother.

Mlle. Angèle Laval, who was named the "Tiger's Eye" by Doctor Locard, a handwriting expert of the prefecture of Lyons, escaped an immediate reward of her deeds through the action of the minister of justice in removing the examining magistrate, in whose hands the case was, because of his scrupulous appeal to clairvoyance. A new magistrate is being appointed, however, and the official findings of Dr. Locard are being submitted. The case was expected to be continued this week.

**Discovered in Pond.**

Early today Mlle. Laval and her mother disappeared from their home. Towards nightfall cries were heard by peasants from a neighboring pond. Several men, rushing to the scene found Mlle. Laval struggling in the water. After she was rescued the young woman stated that her mother also was in the water. The body of the older woman was not recovered till several hours later.

Mlle. Laval related to her rescuers how the fear of shame which would accompany the proceedings had led her to plan suicide. Her mother had joined her in her intention and together the two women had thrown themselves into the

**Delicious in the Cup**

 is "Pure to a leaf"

The instinct of self-preservation, however, had been too strong with her and she had struggled and cried for help.

Inasmuch as this is the second time that Mlle. Laval has contemplated suicide and as her plans were directly responsible for the death of her mother, little sympathy for the young woman has been aroused in the city where she has created so much misery.

Mlle. Laval probably will be arraigned before the new magistrate immediately after her mother's obsequies.

**UNIVERSITY COURSE TO MAKE BELLHOPS AND HEAD WAITERS**

Boston, March 15.—Bellhops and head waiters de luxe are to be turned out by Boston University. Seventy-five men have signed for a six weeks' course for college men who work in summer hotels during their vacation.

The course will show the young men how to become any sort of hotel official. It will be given by the vocational department of the College of Business Administration.

**THE RED CROSS**

A meeting of the New Brunswick Division of the Red Cross Society was held yesterday afternoon. The sum of \$500 was granted to the St. John Society for relief work and authority was given for the expenditure of \$7,000 on the erection of a recreation hut for the Lancaster hospital. Miss E. H. Jarvis gave the report of relief work.

Treasurer reported a balance on hand of \$20,500.23. Ward was received of the formation of a new branch in Campbellton. Mrs. E. R. Taylor gave the military hospital report and Miss Jessie Lawson gave the report of the Junior Red Cross committee. It mentioned the petition sent to the board of education concerning Junior Red Cross work in the schools. Commencing July 1, Junior Red Cross will be an optional subject in the school curriculum. This announcement was heard with much satisfaction by the meeting. Miss E. Melickjohn, superintendent of public health nursing, gave her report and told of the work done by her and the six nurses in the field. Miss Allison's report of the sewing committee was read and Mrs. J. F. Robertson reported on the next issue of the bulletin. Mrs. H. Lawrence reported for the port committee. Miss K. Stewart spoke for the

under-branch.

Miss K. MacDonald has been appointed by the Red Cross Society to visit all the centres throughout the Dominion in an effort to obtain their co-operation in a nation-wide organization for preparedness. At a meeting of the New Brunswick division held yesterday afternoon she said that this proposed organization would deal with larger disasters like the Halifax explosion case. The idea was to give relief of all kinds and to help in re-establishment work. She told of many cases where preparedness had been the means of saving lives and property. The work included a survey of each locality to locate available supplies of necessities as well as those people who could give special service. This information should be forwarded to provincial headquarters where it would be tabulated. Arrangements should be made with the railways, telegraph and telephone companies and the police to secure their immediate help. For funds in case of an emergency, Miss MacDonald said, it was perfectly ethical to draw on any of the funds. Several members spoke on the subject and a vote of thanks was ten-

dered to Miss MacDonald. Prompt action along these lines was promised.

**SCOUT LEADERS' CLASS.**

Addresses on the patrol system and forest fire prevention were the topics for considerable discussion last evening in Trinity church schoolroom at the second class for the scoutmasters' training school now in full swing under the auspices of the district Boy Scouts' Association. In speaking on the patrol system, V. C. Timberley said that it was the only foundation on which a successful troop could be established. Mr. Timberley also dealt fully with the organization of a troop. P. S. Webb, of the provincial forestry board, also addressed the class on forest fire prevention. He gave the young men present considerable valuable advice on this subject. There were twenty-two present.

**GERMANS TO CLEAR BUILDINGS OF ALL MONARCHICAL INSIGNIA**

Berlin, March 16.—All insignia of monarchical Germany must be removed from public buildings, Minister of the Interior Adolf Koester told the Reichstag. He added that the government had decided to fix a definite period within which this decision would be carried out.

Exceptions will be made, he said, only where these emblems have been structurally incorporated in buildings where their removal would destroy the architectural value and effect.

All paintings, busts and statues in government offices must also be removed if their retention is incompatible with the republican regime. This order will chiefly apply to portraits of former Emperor William, although Herr Koester

said exceptions might be made if their removal destroyed the "artistic and historical unity" of the interior decorations.

**CONAN DOYLE TO LECTURE ON PSYCHIC PHENOMENA**

New York, March 16.—Sir Arthur Conan Doyle will come to the United States next month to lecture in a brief tour on his investigations concerning life after death.

His local manager announced that the creator of Sherlock Holmes would discuss his personal experiences as an investigator of psychic phenomena, and sum up his conclusions. One of his lectures will be illustrated with "fame-rendering" most striking scientific conditions.

Sir Arthur expects to reach New York about April 8.

**Why women everywhere trust the Simmons Label**

UNTIL Simmons Limited introduced Simmons sanitary mattresses, buying mattresses was pretty much a matter of assuming that all's clean that looks clean.

Often that was true—but often not. There are no Dominion-wide Pure Bedding Laws.

Many a woman has bought a "new" mattress filled with old, "renovated" material. Shocking to think about. Unsafe to use.

That's why Simmons Limited has always taken such an uncompromising stand for clean, new, sanitary materials only in mattress making, establishing a standard of unquestionable purity.

The Simmons Label on a mattress can be relied upon to identify mattresses of pure, fresh, new cotton. Built for Sleep.

Each mattress delivered in a sealed carton roll—unhandled, clean, sanitary.

How long should a match be?

The expressed wishes of Canadian match users—met by Eddy's—since 1851.

- EDDY FACTS When you buy Eddy matches you buy Insurance, Confidence, Safety, Security, Peace of Mind, Thrift—not merely matches. —guaranteed non-poisonous since January 1st, 1915. —will not grow them to start fires. —the head is glued on tight—It can't fly off. —carefully selected straight-grained white pine, to stand any strain of striking. —chemically treated to prevent dangerous "after-glow". —burn with a slow, steady flame. —coated and packed under Government supervision. —fulcrum—full value. —each more than a match—a light!

Out of every hundred matches, women use over fifty. Smokers burn up the balance. Canada is an enormous country, with varying likes and dislikes. There is room for different requirements in match service. So Eddy, ever ready to satisfy popular demand, makes various lengths of matches, with various coloured heads, packed in various sized boxes. Canadian men and women know what they want. Their requirements cannot be standardized! In Canada popular demand is reflected in the sale of Eddy's "Silent Fives" (approximately 500 matches, the most for the money), Eddy's "Black-bird" (approximately 400 Silent Eddy's with a black face and red tip), Eddy's "Red Bird" (approximately 400 shorter, sturdy, sure-fire matches with a red face and white tip). Eddy's supremacy has been achieved by consistently meeting the consumer's desire—everywhere in Canada. Eddy's will continue to do so in the future. Longest in service—the most for the money—Eddy's is the Canadian word for matches.

MORNING NEWS OVER THE WIRES

Rev. R. W. Weddall, D. D., pastor of the Methodist church at Shediac, will retire from the ministry early this summer and move to Fredericton with his wife and daughter. They will reside in Fredericton in the future. Rev. Dr. Weddall has had fifty-three years of service in the Methodist church. A large number of Orangemen were present on Tuesday night at the formal dedication of the new Orange Hall in Moncton. Among those taking part in the programme were Provincial Grand Master S. B. Bustin and F. L. Belyea, both of this city. Returns from the by-election in East Scotland, which yesterday elected Hon. Dr. J. H. King, minister of public works, to parliament, are still incomplete, but it is certain that Dr. King will have a majority of more than one thousand votes over his Progressive-Labor opponent, H. M. Brundson. The vote stood last night at 9,078 to 1,909. Lord Manton, while fox-hunting near Stratford-on-Avon, on Monday, was thrown from his horse and killed. He was chairman of the firm of Joseph Watson & Sons, Limited, and was a director of the Lancashire and Yorkshire Railway. He was also noted as a sportsman.

NO SCHOOL TAX LEGISLATION

Toronto, March 15.—The government of Ontario has no intention of introducing legislation at the present session looking to revision of the act regarding the abolition of corporation school taxes, as requested by the separate school authorities. This was the reply given by Premier Drury today to a deputation of the Catholic educational council. Mr. Drury declared, however, that the government was ready to co-operate with the council in the preparation of a stated case, for submission to the courts. CORONA CLUB ELECTS. The Corona Club held its first annual meeting last night at the Y. W. C. A. recreational centre and by way of celebrating the event a social evening was enjoyed. Miss Bettinson gave the club a lesson in military drill and some new spring bonnets were brought a stage nearer completion. Mrs. John McAvity, the president of the Y. W. C. A., was a guest at the meeting and refreshments of cake and cocoa were served under the convenship of Miss Margaret Whalen. The election of officers resulted as follows:—President, Miss Margaret Whalen; vice-president, Miss Ida Campbell; secretary, Miss Annie Hughes; treasurer, Miss Susie Stephens. There were twenty-three members present last night.

MELITA CONCERT PARTY.

One of the very best concerts of the season was given last evening in the Seaman's Institute by the members of the Melita concert party before the biggest audience of the year. J. Grey, a former member of the Empress of France concert party, soon found that he had not been forgotten here, while Billy Williams and Jack Wilson were recalled repeatedly. George Beart sang

several original compositions that brought the house down. Two numbers were contributed by Miss Elsie Roop, of this city, and added greatly to the excellence of the programme, which was as follows: Solo, Miss Roop; comic song, Billy Williams; solo, J. Grey; monologue, J. Wilson; humorous song, G. Beart; recitation, J. Wilson; solo, Miss Roop; comic song, G. Beart; monologue, J. Wilson; comic song, Billy Williams. George Beart acted as accompanist.

The cleanest floor-covering you can imagine—

We all know woven carpets and rugs are never absolutely clean. For even beating and sweeping cannot altogether eliminate the dirt and dust that's ground into them. Gold-Seal Congoleum Art-Rugs are so different. Dirt, grass—even liquids—will not penetrate their smooth, waterproof surface. A few moments with a damp mop make them absolutely clean and spotless. And they lie flat and smooth without fastening of any kind. A room looks fresher and more cheerful with a Gold-Seal Congoleum Rug on the floor. The patterns are so colorful and artistic—suitable for every room in the house. Yet with all their beauty and practical advantages Gold-Seal Congoleum Rugs are most inexpensive.

SUFFERED YEARS WITH ECZEMA
"Frui-a-likes" Cleared Her skin
Pointe St. Pierre, P. Q.
"I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good. Then, I used one box of "Frui-a-likes" and two boxes of "Fruit-a-likes" and my hands are now clear. The pain is gone and there has been no return. I think it is marvelous because no other medicine did me any good until I used "Frui-a-likes" and "Fruit-a-likes," the wonderful medicine made from fruit."
Marian PETER LAMARRE, 50c. Box 6 for \$2.50, trial size, 25c. At dealers or sent postpaid by Fruit-a-likes Limited, Ottawa.

TO FOIL LIQUOR FORGERS.
Permit Writing Machines Declared Solution of Problem.
Regarding the change in the method of issuing liquor withdrawal permits through the adoption of special permit-writing machines, as announced from Washington by Federal Prohibition Commissioner Haynes, a statement has been sent out from the Department of Prohibition Enforcement in which it is said:
"Last the Prohibition Enforcement Service has found a solution of the problem that promises to block license forgers. This is the employment of special permit-writing machines. These machines, which ingenious and thoroughly efficient, are small and simple in operation. They resemble a check protector and employ the most modern protective principles of the company. The most important feature of the machine is that the amount of liquor to be withdrawn is perforated entirely through the paper and also mactrated, all in one operation."

DO YOU SMOKE TOO MUCH?
There are many men on whose heart and nervous system tobacco produces the most serious results. It causes palpitation, pain in the heart, irregularity of its beat, makes the hands tremble, sets the nerves on edge, causes shortness of breath, and loss of sleep. To counteract this demoralizing influence on the heart and nerves there is a remedy to equal
MILBURN'S HEART AND NERVE PILLS
They make the heart beat strong and steady, restore tone and vigor to the nerves, and remove all the evil results caused by the tobacco. Mr. Frank Lutes, 71 Terrace Hill St., Brantford, Ont., writes: "I had been troubled with palpitation of the heart for a number of years, and by spells it would bother me a lot. The doctor told me it would stop on its own time if I did not cut out tobacco. When I would get a spell my heart would pound, and I would break out in a perspiration, and get so weak I would have to sit right down and quit my work. Also in the night I would wake up and my heart would be going. I should say, about 120 beats a minute. About three years ago I got a box of Milburn's Heart and Nerve Pills, took them, and found that they did the job. I am feeling fine and have gained over 20 pounds in weight." Price, 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

WAR ON PROHIBITION.
French Minister of Agriculture Opens Wine Week.
(Special Cable to the N. Y. Times and Montreal Gazette).
Paris, March 13.—With the dictum that the only way to beat drinking spirits was to drink wine, Henry Cheron, French Minister of Agriculture, this afternoon opened the French wine campaign in the solemn surroundings of the Sorbonne. There is going to be nothing but wine and bacchanalia about this wine celebration. At today's meeting the solemnity of the delegates and public was no less than it was in the conference hall in Washington, when Secretary Hughes rose to propose the limitation of naval armaments. On the chairman's table was a glass of water, but the audience, wine drinkers to a man, was a living confirmation of the truth of the chairman's contention that not only was wine the best preventative for alcoholism, but the best antidote to every human ailment and a sure possessor of old age. Roundly declaring that America was mistaken about wine, because most Americans had never tasted good wine, and all those who were opposed to it had never tasted it at all, Minister Cheron proclaimed war on the prohibitionists. The whole object of this wine week is to encourage export and help the industry through the very difficult times.

Egg Harbor, N. J., March 17.—Clarence Mitchell, 15 years old, died from a ruptured blood vessel caused by sliding home in a baseball game a few days ago.

BAXTER HEARD IN THE COMMONS

At the morning session of the House of Commons at Ottawa yesterday Hon. J. B. M. Baxter of St. John-Albert delivered his maiden speech.

He spoke briefly in French and then in English. He said that he was glad to come from that part of the country which was so much richer by the existence of the two great races and declared that the spirit of MacDonald and Cartier still lived in the Conservative party and that such spirit would prevail in this country as soon as his party had a definite fixed policy.

Real Campaign Speech

Mr. Baxter then went into a real campaign speech on the alleged merits of protection. "From the standpoint of the city of St. John where millions of the tax payers' money has been spent I say the time has come to do our business through Canadian ports," said Mr. Baxter.

Discussing the port of Portland, to which a large portion of Canadian shipping goes, he said: "If we are to maintain the railway burden then let us give Canadian ports and no other ports every pound of freight. I trust I will have the assurance of the government that it will cut off that stream of freight from Montreal to Portland and use the Canadian ports of St. John and Halifax. They with others which in time will be built must be the outlet of our goods instead of the ports in the country to the south."

Mr. Baxter also demanded that the maritime provinces be given a "fair square deal" in regard to the return of natural resources to the western provinces.

In conclusion Mr. Baxter said that people had become dissatisfied with the administration of most governments regardless of party and when you got away down they are hoping that they

GIRLS! LEMONS WHITEN ROUGH CHAPPED HANDS

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quart of lemon-bleach lotion to soften and whiten red, rough or chapped hands. This home-made lemon lotion is far superior to glycerine and rose water to smoothen the skin. Famous stage beauties use it to bleach and bring that clear, rosy-white complexion, because it doesn't irritate.

BE PRETTY! TURN GRAY HAIR DARK

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Corns? —just say Blue-jay to your druggist Stops Pain Instantly

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in two forms—a colorless clear liquid (one drop does it) and in extra thin plasters. Use whichever form you prefer, plasters or the liquid—the action is the same. Safe, gentle. Made in a world-famed laboratory. Sold by all druggists. Price: Write Bauer & Black, Toronto, Dept. 192 For valuable book, "Correct Care of the Foot."

will get government where they will get a dollar's worth for every dollar spent. Mr. Logan of Cumberland.

Hence Logan, who followed, was given an enthusiastic reception. He reminded the speaker that they had come into the house together in 1896 and were the youngest members then in the commons. "No one in this house was more pleased than he to see him the first commoner," said Mr. Logan, who without further preliminary went into a speech on the rights of the maritime provinces in connection with the Intercolonial Railway. He reminded Mr. Baxter that it had been the Conservative party which voted down a resolution for the better protection of the maritime provinces ports.

There is not a Liberal member in this house who wants to put the Intercolonial Railway back into politics, said Mr. Logan. None want it operated again as it was a few years ago. Those who say that we are trying to put the road into political control again or to restore patronage do not know what they are talking about, but people should know the facts about the Intercolonial. The Canadian National Railways do not contain the Intercolonial and cannot because the statutes do not allow it. The Intercolonial at present through an order-in-council is operated by the Canadian Northern.

Your Daughter

Is your daughter at that critical age, approaching womanhood, when nothing is so important to her as mother's care and mother's advice?

It is during this time that her whole future health and happiness may be at stake.

With most girls this important development takes place at a time when school work is most exacting and the nervous system is consequently under a most severe strain.

An enormous quantity of rich, red blood is necessary to meet the demands of the system, and, this falling, there is the development of anaemia, chlorosis or some form of nervous trouble, such as St. Vitus' dance.

The Derby

A Spring and Fall Overcoat with Raglan shoulders

—is the most comfortable of all Spring and Fall overcoats. It owes its origin to the necessity of providing overcoats for the British army commanded by Lord Raglan in the Crimea in 1854.

Provisions and supplies from England were often delayed for months, through lack of transport facilities, and severe winter weather found the army coatless. To tide them over until the arrival of their regular clothing rations, the soldiers were instructed by Lord Raglan to cut holes for their heads and arms in empty fodder sacks. From this rough covering the Raglan overcoat had its first inception, and gradually has become the gracefully draped coat of the picture.

ATHLETIC

Paris, March 16.—Los Angeles will get the 1924 Olympic games, if they are not held in Paris, so Baron Pierre de Coubertin, president of the International Olympic committee, told a correspondent yesterday. "In no case can the Olympic games be held in France in any city other than Paris," he was quoted as declaring. "If Paris does not organize the games they will automatically revert to Los Angeles. It is Paris or Los Angeles," the baron concluded.

Plan Field Day.

The annual Y. M. C. A. field day will be held on Wednesday, March 22. The city business houses will be canvassed and asked to subscribe \$8,000. At a meeting of the directors held last evening plans for the day were perfected.

SKATING.

Hearn Captures Title. Bobby Hearn, Brooklyn speed skater, captured the metropolitan one-mile indoor skating speed title at the 181st street Ice Palace in a spectacular finish the other night. Throughout three-quarters of the whirl around the twenty-lap causer Hearn lay back and allowed Henry Neuhub, West Becker and W. Murphy to take turns at making the pace. Then suddenly the Brooklyn skater came to life, overtook the field in a fierce sprint in the back stretch to finish first. Becker was just at his shoulder over the tape, with Neuhub third. The time was 1:23.5. Two semi-final heats in the 440-yard dash were run off, the qualifiers being W. Murphy and L. Morris in the first and Dave Robinson and West Becker in the second. The time was the same in each heat, 0:49.5.

ATHLETIC.

St. John Leading. The St. John Y. M. C. A. heads the list for the Canadian Hegathlon contest in the returns so far reported. Some associations have still to report, but the following reports have been sent in:

Association	Highest Individual	Points Scored
St. John	2,823	316
Montreal	2,789	443
Montreal, North Branch	2,706	489
Calgary	2,669	487
Moncton	2,621	335
St. William	2,533	463
Regina	2,520	462
Sherbrooke	2,093	448
Kingston	2,070	408

It will be noticed that St. John's highest individual score is the lowest of any Association, indicating the absence of any one star man, but also indicating in a pointed way the high average that the local boys have scored. Further reports will be awaited with interest.

BASKETBALL

Acadia to Meet Trojans. The Acadia basketball team will meet the Trojans in the Y. M. C. A. on Friday evening, as neither the Y. M. C. A. or Y. M. C. I. floors could be obtained for the match. The college boys are expected to give a good account of themselves.

THE TURF

Revival in Russia. Petrograd, March 16.—Horse racing, recently revived in Russia, has regained so much of its former popularity that the Soviet government has decided to re-establish the "calculators" which correspond to the pari-mutuel betting machines used in Canada.

According to the communist newspapers, the decision was reached when it was found that prohibitory decrees did not prevent bookmakers from operating. The revenue from the "calculators" also was a consideration. Most of the events are for racing horses, and ordinary rubber-tired sleds are used, despite the snow which frequently covers the tracks.

THE LEGISLATURE

Fredericton, March 15.—Today was another featureless one on the floors of the house.

Several private bills were given their first reading, including one in regard to assessment in the county of St. John, one relating to landlords in the county of St. John and one relating to highways in the town of Lancaster.

Mr. Hayes introduced a bill to amend an act relating to assessments in St. John county.

Mr. Scully introduced a bill relating to landlords in the county of St. John, also a bill relating to highways in the parish of Lancaster.

The house went into committee with respect to the bill to amend the act to consolidate and amend the schools act.

Hon. Mr. Foster moved that the time for presentation of private bills be extended until Wednesday next. He suggested that during the week-end recess honorable members confer with their constituents on this matter.

Hon. Mr. Foster moved that leave of absence for Hon. J. E. Hestington be extended until Wednesday next for the period during which they had been doing business, including four months receipts from vendors, are shown in the first report submitted by the New Brunswick Board of Liquor Commissioners, which was tabled in the legislature yesterday.

**LOCAL NEWS**

**BADMINTON**  
There was no meeting of the Garrison Badminton Club yesterday afternoon, but play is on this afternoon instead. The finals in the men's and mixed doubles and probably in the ladies' doubles will be played off on Saturday afternoon for the club championship.

**POLICE COURT.**  
In the police court this morning a man named Gustafson was remanded on a charge of being drunk and having liquor in his possession. Acting Magistrate Henderson held court this morning in place of Magistrate Ritchie, who is in Wolfville attending a debate there between the Mount Allison and Acadia girls, at which he is one of the judges.

**A LANCASTER CASE**  
A colored man was given in charge in Lancaster this morning by M. Burdett, charged with acting in a mysterious manner in that locality. The arrest was made by Policeman Power. The accused came up before Magistrate Allingham later in the morning. It came out that the man appeared to be lost and was knocking at the doors of certain houses with a view to aid, rather than with any intention of breaking in. He was fined \$50, but was allowed to go on suspended sentence.

**ABOUT AS LAST YEAR.**  
J. M. Woodman, general superintendent of the C. P. R. New Brunswick district, and N. R. DesBrisay, district passenger agent, returned today from Boston, where they attended a conference with officials of the Boston & Maine and the Main Central railways in connection with their summer time schedules. They said the time tables would be about the same this year as last.

**WELL KNOWN HERE.**  
Warren Ogilvie, late manager of the Eastern Hat and Cap Co., Truro, whose sudden death in Montreal was announced this morning, was one of the witnesses in the trial of John Paris here. Mr. Ogilvie is survived by his second wife and a young daughter. His first wife was a daughter of the late N. C. Scott of this city. She and her sister, Mrs. Bonnell, of St. John, were killed in an automobile accident near New Glasgow about two years ago.

**ANOTHER PRESENTATION.**  
C. C. Waddington, late purser of the Caraquez, left last night for New York en route to England. In addition to the silver desk cigarette case presented to him by the Caraquez sporting club on Monday night, Mr. Waddington yesterday received a handsome silver flower basket and a silver ash tray from the stewards and firemen of the vessel. The presentation was made by E. Belbois, and appropriate remarks were also made by E. Wood, of the steward's department. Chief Officer Tepper and Purser Stephenson, who will take positions on the Caraquez, arrived in the city from England, via New York, yesterday.

**EXCURSIONS TO IRELAND.**  
It was announced at the local office of the Cunard line this morning that personally-conducted trips will be made to Ireland from New York and Boston, during May and June. The new Laconia, oil burner of the Scythia type, will sail from Boston on May 31 and June 28, with the first and third of these excursions. The Carmania will carry the second, leaving New York on June 14 and Boston June 15. The Laconia trips will be under the personal supervision of James A. Burns, prominent in Knights of Columbus circles in Boston. Mrs. Burns, the Carmania voyage will also have an Irish representative in charge. At least one Catholic priest will accompany each steamer. Altars for the celebration of the service of the mass will be installed on each steamer. People of all denominations will be eligible to join the excursions.

**DETECTIVE POWER AWAY TO TORONTO**

Matter of Arrest of Man in Case in Which Bigamy is Charged.

Sergeant Detective Power has gone to Toronto to take charge of a man being held there in connection with a warrant issued here on a charge of bigamy. It is alleged that the man, whose name is given as Alexander C. Grant and age thirty-nine years, was formerly a Presbyterian minister, having preached here in 1912, it is alleged, he was married in Winnipeg and lived with his wife until he went overseas with the Canadian forces. The alleged second marriage is said to have taken place on February 28 in this city when he is said to have married a young girl and to have taken her to Toronto with him where he was taken in charge by the police, acting on information received from his first wife, who is now living in St. Andrews. He will be brought to this city for trial.

**EAST ST. JOHN AS PART OF THE CITY**

(Continued from page 1)  
J. E. Quinn said if the city did not accept the proposed scheme, the community would be compelled to go ahead and arrange its own plan for the future.

Community's Growth.  
Alexander Magee said twelve years ago there were twenty-five buildings between Kane's Corner and the Little River. There were 125, and he predicted in the next ten years the number would be doubled.

Mr. Burdett said that if it was left until vested interests had gone on with their work, it might be more difficult to effect a union. He was of the opinion that quite a large majority would be in favor of the scheme. He said the present assessed value was \$400,000. He suggested that any legislation necessary to authorize the extension of the boundaries be prepared for the present session. The proposed area to be taken in would be from the One Mile House across the Fernhill line to the old Catholic cemetery line to Little River, both cemeteries excluded, then to the sea along the Little River line.

To the mayor, Mr. Flewelling said the bonded debt of the school district was \$88,500, \$1,600 of which was being paid off yearly.

Mr. Quinn said there was another zone lying outside the area described by Mr. Burdett, consisting chiefly of farm lands, residents of which, he thought, should be allowed to vote separately should a plebiscite be taken.

The mayor said sewerage debentures of the city outstanding were nearly \$400,000, and he thought the time might come when those served might be asked to help pay the cost. He thought that the proposal for union was well worthy of discussion and would receive earnest attention at an early date.

**A Special Meeting.**  
After the delegation withdrew Commissioner Jones suggested the matter be taken up at a special meeting.

Dr. Frink said the place had been built up and the people were asking now that they be brought into the city and the city build streets and water and sewerage systems and assess them at half rate. It was decided to hold a special meeting on Wednesday afternoon at three o'clock.

**The Market By-Law.**  
A delegation of merchants of Haymarket square appeared in connection with market by-laws. J. B. Dever, speaking for the delegation, said that some of the merchants present were held to the police court and a fine of \$20 was taken on a charge of forestalling. In one case the fees would have been 28 cents.

Just across the street, the merchants escaped without the payment of a \$20 license and city fees, due to being in the limits of the old town of Portland, exempted under the terms of union. He thought the law was discriminatory and some remedy should be applied.

Commissioner Thornton presumed the law was for the benefit of the consumer. He did not see how a remedy could be applied. He felt, however, that any remedy suggested would have serious consideration. The commissioner said that farmers could sell goods to any man by paying the necessary fees, even if the goods had not been exposed for sale for the required three hours.

On the suggestion of the mayor it was decided to have a conference of Commissioner Thornton, Mr. Dever, the market clerk and the city solicitor to endeavor to solve the difficulty.

The market in the opinion of Commissioner Jones had outlived its usefulness and he thought the question of abandoning the whole project should be considered.

The suggestion of the mayor for a meeting was agreed upon. The delegation consisted of W. S. Knowles, D. A. Porter, Patrick McGuire, John Cogger and W. L. Walsh.

A letter from the Canadian Municipal Journal was to the effect that a copy of that publication was being sent to the mayor, Commissioners Bullock, Jones and Thornton, J. King Kelley, Adam P. MacIntyre, H. E. Wardroper, common clerk, and G. G. Murdoch, city engineer. It was decided to have the copy addressed to Mr. Kelley redirected to Commissioner Frink and that addressed to Mr. Murdoch sent to Dr. Frink. A bill for \$16 for eight subscriptions was passed.

Heber S. Keith wrote on behalf of Mrs. Hannah Donovan, complaining that the failure of the Clyde street sewer to function caused water to go on her property. He said that the proposed Forest street sewer might remedy this. The Christie Woodworking Company and others were also complaining. The matter was referred to Commissioner Jones and the engineer for report.

Commissioner Jones announced that the question of fixing water rates would be taken up at a meeting on Tuesday. The councillors of Simonds and Lancaster had been asked to be present.

**Relief Ship Re-floated.**  
Hamburg, March 15. — The U. S. steamer Westnunham, which ran ashore off Heligoland last week, while on her way to Russia with a cargo of corn for famine relief, was re-floated on Tuesday evening and proceeded to the River Elbe in tow. The leakage caused by her grounding has been brought under control.
