TENSION AT FRONT AS DRIVE AMAINTED

GREAT WORK BY AUSTRALIANS AND PERSHING'S MEN

Further Details of the Capture of Hamel

STIRRING INCIDENTS

Graphic Account of Fight is Given by American Officer—'Scotty' Alone Ceta Five of the Enemy in a Dug-out—Prisoners Recaptured

With the British Army in France, July 7.—(By the Associated Press)—In the German counter-attack against the new positions gained by the Australians and American around Hamel two Americans and five Australians were captured by the enemy. Volunteers were called for and an American party brought back the captured men and a German officer, while twelve Australians brought the number of German prisoners to fifty. The story is told by an American officer who took part in the fighting.

'The Boches did not bother us until Thursday night, when they made their counter-attack, which was repulsed. They did succeed in the rush, however, in getting hold of two Americans and five Australians, whom they carried back.

'We immediately called for volunteers to go out after these captured men, and all our men at once yelling for the charge. Corporal Raymond Powell was for the work.

'The guns had put down a heavy barrage. The general led his charge straight through this fierce fire and charged hot-foot after the retreating enemy. The Germans retired to a strong point but the volunteer party went in after them.

'The boys were retaken along with the five Australians and the corporal and his party also captured a Boche officer. In the meantime twelve Australians had died around and joined the American with the result that the city German prisoners were brought back.

'That night a Boche sniper caused a lot of trouble for the men in the front line, and one of my men went across No Man's Land alone after him. The sniper got him and left him dead on the field.

'We were surprised, the officer said, at some of the prisoners taken. Most of them were strapping fellows, but there was a lot of them who, while big, were very young. The Boche put some gas at one time, but it was only a mighty good experience for our men, as they were equipped with the masks.

'I want to say here that those Australians are magnificent fighters. We have been learning the game from them. Our fellows watched the veterans closely and it was a case of imitation without a second lesson.'

The American Attack.

Last night the correspondent slept on the ground with a company of American troops, who played a prominent part in the fighting on Thursday. The story of the fight as related by one of the officers contained many new features.

'The Americans went into the line at a held march,' he said. 'The Fritzies undoubtedly had no inkling that the attack was to be made. At midnight Wednesday we were sent forward to lie out, ready for an advance at 8.10 o'clock Thursday morning.

'Many of our boys were tired when they reached the position, and despite the fact that they were just embarking on the biggest adventure of their lives, a leap into the unknown, they threw themselves on the ground and slept soundly. It was an encouraging sign to us, for it meant that the men were not jumpy. They never did show any sign of nerves, as a matter of fact.

'For us officers there was no sleep during that three hours wait. There were conferences to be held with the Australians, and then, too, the responsibility was weighing heavily on us. We knew that our lads would come through clean, but we could not help being a bit anxious.

'We had to admire the coolness of the Australian officers, who told stories and laughed as though the line was going to happen, though we Americans knew that a little while before the kick off the gunners would put down a barrage which would be the signal for all hands on the job. A few minutes before the barrage was due the allied artillery opened with a harassing fire and American officers were out among our men hot foot to keep them steady, fearing they might mistake this for the barrage.

'Then came the barrage, and we never dreamed there could be such a fire. It was tremendous. The gunners certainly did a wonderful job.

'The infantry started to advance. My men were headed for Hamel village, and our first trouble was encountered in a broad belt of barbed wire in front of the Boche forward line of defenses.

'The tanks had opened the way through most of this, but in spots some of our men were held up for a little time. We got through the barbed wire very well, however, and reached the Boche front line trenches. They were thickly held and we cleared them out with our rifles on the jump. We continued on page 2, seventh column.

Renewal of Offensive By Germans Is Expected

BIG GUNS ARE BUSY

London Reports Activity Astride Somme and Elsewhere—German Army Corps to Aid of Austrians

With the American Army in France July 8.—(By the Associated Press)—Although the entire front continues in a state of tension in expectation of a renewal of the German drive, the enemy effort has not yet developed. Comparative quiet prevailed in all the American sectors last night and this morning.

There has been an increase, however, in the aerial activity, chiefly in the patrolling and scouting branches.

London, July 8.—The German artillery displayed activity in the Somme region during the night. It was similarly active north of Albert, in the vicinity of Beaumont-Hamel, and on the Flanders front in the neighborhood of Bethune.

London, July 8.—The text of the statement follows:—'Mr. Archambault said that it was only in Canada and Germany that legislation was enacted with the consent of the people and added that what has occurred here would have brought about a revolution in any other country. He said that he would take action today or Tuesday.'

Chicago, July 8.—The strike of telegraphers employed by the Western Union Telegraph Company, set for 8 o'clock today, did not take place, it was learned from a source who was visited by S. J. Koenkamp, president of the Commercial Telegraphers Union, after a one-day truce conference with the Secretary of Labor Wilson in Washington.

Secretary Wilson asked the heads of the telegraphers union not to allow interference with the transmission of messages during the strike. The company announced that the strike had been indefinitely postponed.

The strike was called after the Western Union declined to accept the decision of the national war labor board on the refusal of telegraphers to the company to refuse admittance to the Western Union offices where they had been discharged because of their affiliation with the union.

Toronto, July 8.—Mr. Koenkamp is expected in this city within a day or two to make one last effort to secure the employment of suspended operators of the G. N. W. Telegraph Company and to prevent a strike on Wednesday which would spread all over the G. N. W. system, according to an ultimatum served on the minister of labor at Ottawa last night, according to a mass meeting of the operators here.

Some Laid Off.

New Orleans, La., July 8.—Members of the Commercial Telegraphers Union of America who reported for work at the local offices of the Western Union Telegraph Company today before orders were received cancelling the strike call.

Atlanta, Ga., July 8.—Thirty-two union telegraphers left their keys at the local Western Union offices today before orders were received cancelling the strike call.

Belgian Airmen 'GETS' HIS SIXTH HUN

Belgian Army Headquarters, July 8.—Jan Olliviers, the leading Belgian aviator seven and eight years ago, and who established various records there, has just been credited with downing his sixth German airplane. Before taking up aviation he was a racing motor cyclist, creating many world's records on the continent.

Proposes New League.

Dallas, Texas, July 8.—Organization of a new baseball league to be made up from clubs of the disbanded Texas and Western leagues, and to be called the Liberty League, is proposed in a telegram from Jack Holland, manager of the Oklahoma City Western League baseball club, to Hamilton Patterson, manager of the Dallas, Texas, league club.

Grand Circuit Opens.

Cleveland, July 8.—The 1918 Grand Circuit harness racing season opened with a five day meeting here yesterday. Practically all the trotting and pacing stars of the country are included among the 232 nominations to twenty-two events. They will be driven by America's foremost reinsmen.

WRITS AGAINST COMMANDANTS IN MONTREAL

Archambault, M. P. Says He Will Take Action

Denies Right of Government to Suspend Habeas Corpus by Order-in-Council in Matter of Sending Conscripts Overseas

Montreal, July 8.—Speaking in the Longueuil town hall last night, Joseph Archambault, M. P. for Chambly-Verchères, said that he intended to apply for writs of habeas corpus directed against the commandants of military units in Montreal, and if when the writs were issued the commandants refused to obey the orders, he would apply for writs to have such officers committed to jail for contempt of court.

Mr. Archambault based his statements on the fact that there has been quoted in the press and he had confirmed the courts so far, via, the supreme court of Alberta and Mr. Justice Branson of Montreal, had ruled this order-in-council to be ultra vires.

Mr. Archambault said that it was only in Canada and Germany that legislation was enacted with the consent of the people and added that what has occurred here would have brought about a revolution in any other country. He said that he would take action today or Tuesday.

Paris, July 8.—Thousands of specially devised rifles for sending propaganda over the enemy lines are now in use in the allied armies, according to James Kerecsey, director of the Franco-American Public Information Bureau. From these rifles, general use discharged, by means of which tracts and pamphlets will be scattered along enemy trenches at a range of more than 2000 yards.

For greater distances, small balloons, made of cloth, are used. The balloons travel at a height of from 5000 to 8000 feet.

Washington, July 8.—Allen-owned property valued at millions of dollars soon is to be put on the market, a series of public sales now being arranged by alien property custodian. The first sale will be that of the property of Ornatel Arthur Koppke Company at Koppke, Pa., on August 15.

Perfecting National Defences of Japan.

London, July 8.—Measures for perfecting the national defenses of Japan were adopted upon a plan for co-operation between the army and the navy was decided by a council of field marshals and admirals held recently in Japan, says a dispatch to the Times from Tokyo under date of July 1.

The army it is expected, will comprise twenty-one corps and three regiments to the corps and three regiments to the division. The changes will not necessarily be effective immediately.

In Wall Street.

New York, July 8.—Oil shares led the firm opening of today's stock market, Mexican Petroleum and Texas Company each gaining a point. Equipments, coppers, Marine Preferred and American Sugar were fractionally higher, but representative industrials and rails were irregular. Reactions occurred before the end of the first half hour on the hearsay of U. S. Steel, and a three point break in Samatra Tobacco. Liberty bonds were steady.

Noon Report.

The setback of the first hour made further headway under the increased weakness of equipments and specialties, Samatra extending its losses to six points. Shipping and oils cancelled their gains but offered some resistance to the reversal which centered in the speculative issues. U. S. Steel reflected constant pressure at an extreme decline at 18.4 points and Reading yielded 11.2. At noon most leaders were one to two points under last week's final prices.

Burred Today.

The funeral of William Bell took place this morning from Messrs. Chamberlain's undertaking rooms. Services were conducted by Rev. J. C. Appel, and interment was made in Cedar Hill.

The funeral of Robert LeB. Stevens took place this afternoon from German street Baptist church. Services were conducted by Rev. S. S. Foote. Interment was made in Cedar Hill. Members of the Masonic Fraternity attended.

The funeral of Thomas Anderson took place this afternoon from his late residence, 162 Water street, West St. John. Services were conducted by Rev. E. A. Westwood, and interment was made in Cedar Hill.

Gives Up the Struggle.

Seattle, July 8.—Lack of interest in baseball, due to the war, coupled with the resultant poor attendance, and the operation of the "work or fight" order yesterday resulted in the formal closing which floated down stream had been recovered.

Getting Authority To Call a Strike

Situation Relative to Canadian Railways Is More Tense

Montreal, July 8.—Representatives of the federated trades of the mechanical and car departments of the Dominion railways have wired to all local unions asking for power to call a strike if the Canadian railway was held, with which they have been negotiating for substantial wage increases, continues to refuse to grant their demands. Replies were coming in today and union officials announced that it was practically certain that by tomorrow they would be in direct with the power to send out a strike order.

The final conference between the union officials and the railway board will take place tomorrow and if the reply from the union is in favor of a strike, so it is expected it will be, and no acceptable terms are submitted by the board, then a short ultimatum will be issued by the men, it is said, and a date for a general strike of the shophen throughout Canada will be set.

Following the announcement by the railway board on Saturday that all the amendments of the McAdoo award extended the situation looked brighter for the brotherhood, and a date for a general strike of the shophen throughout Canada will be set.

Secretary Wilson asked the heads of the telegraphers union not to allow interference with the transmission of messages during the strike. The company announced that the strike had been indefinitely postponed.

The strike was called after the Western Union declined to accept the decision of the national war labor board on the refusal of telegraphers to the company to refuse admittance to the Western Union offices where they had been discharged because of their affiliation with the union.

Toronto, July 8.—Mr. Koenkamp is expected in this city within a day or two to make one last effort to secure the employment of suspended operators of the G. N. W. Telegraph Company and to prevent a strike on Wednesday which would spread all over the G. N. W. system, according to an ultimatum served on the minister of labor at Ottawa last night, according to a mass meeting of the operators here.

Some Laid Off.

New Orleans, La., July 8.—Members of the Commercial Telegraphers Union of America who reported for work at the local offices of the Western Union Telegraph Company today before orders were received cancelling the strike call.

Atlanta, Ga., July 8.—Thirty-two union telegraphers left their keys at the local Western Union offices today before orders were received cancelling the strike call.

Belgian Airmen 'GETS' HIS SIXTH HUN

Belgian Army Headquarters, July 8.—Jan Olliviers, the leading Belgian aviator seven and eight years ago, and who established various records there, has just been credited with downing his sixth German airplane. Before taking up aviation he was a racing motor cyclist, creating many world's records on the continent.

Proposes New League.

Capt. Pratt And Crew Are Saved

Are In France, Says Cable Today

When Their Steamer, the George L. Eaton, Was Sunk Recently, It Was Feared That Former St. John Man and His Companions Had Lost Lives

(Special to Times)

New York, July 8.—A cable received today from Brest says that Captain J. H. Pratt and crew of the steamer George L. Eaton are safe in France.

This news will cause joy in St. John. Captain Pratt was formerly commander of the dominion fisheries steamer Curlew here. The George L. Eaton was a vessel of 2,000 tons gross. She left an American port for France about three weeks ago and on last Tuesday came a dispatch stating that she had been sunk, presumably by a German submarine in European waters. The crew numbered thirty. Evidently, from today's cable, all are safe in France.

Two sales of city properties in Lancaster were reported to the common council, meeting in committee this morning, by Commissioner Bullock, and the commissioner of harbors and lands and the city chamberlain were given authority to proceed with the sale of all other city properties in Lancaster.

Several matters in dispute between the city and the federal government or its departments were referred to and action will be taken by the city to effect a settlement.

Mayor Hayes presided and Commissioners Fisher, Hilyard and Bullock, the common clerk and the city engineer were present.

A draft of the proposed agreement between the city and the Canadian Government Railways system with regard to the transfer of the tracks from the face of McLeod and Pellingham wharves to the by side of the wharves was submitted to the meeting by Commissioner Bullock. The city reserves the right to enter upon the new track site for water, sewerage or wharf repairs. On the suggestion of Commissioner Fisher, the road engineer will inquire into the possibility of doing away with a switch in Water street to which of late has been taken. The agreement was approved and referred to council.

Regarding Quinn's wharf, Commissioner Bullock reported that only one tender for the purchase of the wharf had been received; it was from the present tenant and was not definite. He suggested that the property might be disposed of at public sale but, meanwhile, moved that he be empowered to proceed with the work of restoration, by the city's work, using hemlock timber, at an estimated cost of \$6,000. Commissioner Hilyard and the city engineer were in favor of delaying the work until spring and no action was taken.

The sales of the Smith property at \$800 and the Black property at \$1,500, city properties in Lancaster, were reported by Commissioner Bullock. His motion that all the city's residential properties in Fairville, Lancaster, N. B., be offered for sale, at the discretion of the commissioner and the city chamberlain, was adopted.

The mayor drew attention to the unsightly temporary wooden structure over the sidewalk in front of the building at the corner of Union and Dock streets. Attention was drawn to the bad condition of the railway crossings in Mill street and at Reed's Point, where it was said the railway had neglected the paving. The matter will be taken up with the Commissioner Bullock reported that the marine department owes the city a sum for wharves, and payment has been held up until a counter claim against the matter. He also reported that the city must protect a piece of property at berth No. 14 or it would become the property of the government by possession. He reported also that objection had been raised to paying wharfage on the government dredge Fielding, on the grounds that the dredge was being used here. The mayor said that the city had previously given free storage for dredging materials, on the threat that otherwise dredging would be charged for. He thought the wharfage should be collected. The council was unanimous on that.

IN COURT HANDICAPPED TO SOLDIER OFFICER NEAR WITH REVOLVER

London, July 8.—The court-martial of Corporal Jos. Dowling, who landed on the Irish coast in a German collapsible boat two months ago, and who since has been a prisoner in the Tower of London, was begun here today.

Corporal Dowling, in civilian clothes, was brought to the court in an auto ambulance accompanied to a British soldier and accompanied by a non-commissioned officer armed with a revolver. Corporal Dowling pleaded not guilty to these charges—First, that while he was a prisoner of war in Germany he joined a hostile force; second, that he endeavored to induce others to join; third, that he participated in an attempt to land a hostile force in Ireland.

INQUIRY TOMORROW.

The inquiry into the charges laid by Dr. J. E. M. Baxter against Hon. William Currie, speaker of the legislature, in connection with stampage collections, will be opened tomorrow morning in Campbellton. The inquiry will be conducted, under royal commission, by in support of his charges and A. T. Abilene, Hon. Mr. Currie's colleague from Restigouche, will appear for the latter. It is not expected that the inquiry will be prolonged, as the number of witnesses who would have information bearing on the matter is supposed to be few. The inquiry will be held for Baxter left this morning to appear to be limited.

SOME BODIES STILL ON SUNKEN STEAMER

Pooris, Ills., July 8.—Every effort is being made to fix responsibility for the disaster to the excursion steamer Columbia, which sank in the Illinois River on Friday at midnight. The death toll is more than 100 and probably close to 150.

Attempts to recover the bodies still in the wreckage was resumed this morning, with increased vigor. Divers had reported the discovery of twenty-three corpses, and it was hoped to get them out during the day. None of the bodies yesterday resulted in the formal closing which floated down stream had been recovered.

THE TROOPS THAT WERE ON THE CITY OF VIENNA

Ottawa, July 8.—The chief press censor permits the following announcement for publication regarding the composition of the troops on the stranded City of Vienna, all of whom were rescued and brought safely to a Canadian Atlantic port by various vessels:

The troops are made up of railway operating and railway construction units from Ontario, Royal Canadian Engineers and infantry reinforcements from Ontario, Saskatchewan and Manitoba.

WEATHER REPORT. Issued by Authority of the Department of Marine and Fisheries. R. F. Stewart, Director of meteorological service.

Synopsis.—The disturbance near the Atlantic coast has increased in energy and the weather continues cool and rainy in the Gulf and maritime provinces and winds have increased to moderate gales. The weather is fine from Ontario west to the coast.

Forecasts.

Lakes and Georgian Bay—Fresh north and northwest winds, fair and cool today and Tuesday.

Upper St. Lawrence and Ottawa Valley—Northwest winds, cool with showers in eastern portions, fair in western.

Lower St. Lawrence, Gulf and North Shore—Strong winds and moderate gales from northwest with occasional rains. Tuesday clearing.

Clearing.

Maritime—Strong winds and gales, east, shifting to northwest, cool and rainy today. Tuesday showers but mostly fair and cool.

Saskatchewan and Alberta—Fine with a little higher temperature.

New England—Fair tonight and Tuesday, moderate northwest winds.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

HARRY MOREY AT IMPERIAL TONIGHT

A Splendid Programme to Make You Forget the Terribly Bad Weather

It is always possible to offset the discouragements and gloom of continued bad weather by visiting the Imperial Theatre. Take this evening, for instance, Harry Morey, the big manly Vitagraph star, will be seen in a splendid production entitled "A Bachelor's Children," supported by Florence Deshon and a bevy of Vitagraph child actors and actresses. Mutt and Jeff are working in a burlesque shop this change of programme. The Dew family have an adventure with pick-pockets. The History of the War shows how New Zealand and South Africa Spring to Mother England's Aid in Time of Trouble and the Scenic Picture is South Eastern Texas. With good music and a fine, clean, big cozy theatre, what more does a body want?

BANG-UP GOOD SHOW AT THE OPERA HOUSE

Those who saw the complete Opera House vaudeville programme on Saturday afternoon were delighted with the bang-up good show offered. Everything about it is bright and snappy—clean crisp comedy, lively music, all designed to put joy into life. Five high class features, including The Howells, who make beautiful pictures out of colored sand; Dan and Merrill, two happy nonsense purveyors; Kostina and Barretto, good singers, in a striking comic novelty; Nelson Waring, a real pianist, not just a piano player, who will give rare enjoyment to any lover of music; and Fred and Albert, two sensational gymnasts and acrobats. In conjunction with the vaudeville tonight, the serial drama, "The Lion's Claw."

FINE PICTURES AT GEM

In its new programme the Gem is upholding the high standard which has won its pictures such a good reputation. There are two features—starting with "The Eagle's Eye," introducing Von Hintersen and his splendid plots to destroy supplies in the United States, and "Diamonds and Pearls," a powerful five reel drama of modern day life—a beautiful girl's sacrifice of love to desire for riches. Kitty Gordon, noted English stage beauty, plays the lead and wears beautiful gowns. Tonight at 7.15 and 8.45. Five and ten cents.

CORN AND OATS

Chicago, July 8.—Action of congress to advance the price of wheat had considerable bullish influence today on the corn market, despite announcement that President Wilson would not support it. Likelihood that Canada would continue to take corn liberally for flour mixing purposes tended also to stimulate buyers. Offerings were light. Opening quotations, which varied from unchanged figures to 3-4 cent higher with August \$1.54 to \$1.54 1/2, and September \$1.43 1/4 to \$1.46, were followed by material gains all around.

SEVEN NEGRO WAITERS TAKEN TO CAMP DEVENS

Ayer, Mass., July 8.—Seven negro waiters from a hotel at Lenox were brought to Camp Devens under the "work or fight" regulations. They are natives of Bermuda and on reaching camp demanded that they be permitted to see the British consul. All, however, were placed in the depot brigade with draft evaders.

FORECAST OF CLEARING WEATHER WELCOME

Much Damage to Crops Has Been Done By the Rain

There will be relief in the prediction of clearing weather for tomorrow, as forecast by Toronto today. The rain has been a lot of damage to crops. Frederickton, N. B., July 8.—Since July 1, when heavy summer rains set in, the section has recorded rainfall at the Meteorological observatory at the U. N. B. up to noon today was three inches. In the last twenty-four hours the rain fell was one inch. Crops have suffered heavily. Grass which was a heavy crop before the rains began, is reported to be lodged in many sections. Potatoes, which had grown very rapidly have been beaten flat. The strawberry growers have suffered considerable loss, as the early varieties of the berries were almost at their height when the rains began. The fruit has been softened and the weather has prevented the picking.

MATTERS IN RUSSIA

London, July 8.—When Emperor William heard of the assassination of Count Von Mirbach, German ambassador to Russia, according to an Echo des Telegrams despatch from Amsterdam, he ordered Foreign Secretary Von Kuehlmann to break off negotiations with the Russian delegates in Berlin. The Daily Mail and the Daily Express agree that the assassination may have momentous consequences and compare it to the murder of Archduke Francis Ferdinand at Sarajevo four years ago. The Express says "German influence in Russia" can only be established on a solid basis by the maintenance of a strong army of occupation. Russia may once more play a part in the war. After Assassination.

Washington, July 8.—Fighting took place in Moscow between Bolsheviks and revolutionary Socialists following the assassination of Count Von Mirbach, German ambassador to Russia, according to an official despatch today from Switzerland.

On leaving the German embassy, the despatch says, the assassin took refuge in a house occupied by the revolutionary Socialists. This building was defended by machine guns. Details of the fighting have not been received.

Amsterdam, July 8.—The position of the Czech-Slovak forces operating in Siberia has become more serious for them, according to a Vienna despatch to the Berlin Tagblatt. They already have suffered several severe defeats. Russian-Hungarian prisoners of war in Siberia are reported taking a prominent part in the fighting against the Czechs.

Polish Help.

London, July 8.—Polish forces are fighting the Germans, co-operating with the Czech-Slovak, according to the Mail's correspondent at Copenhagen.

London, July 8.—A serious counter-revolution has broken out in Moscow, according to a semi-official Wolff Bureau despatch from Moscow.

Fighting of great severity is taking place in the streets between the Bolsheviks and the counter-revolutionaries.

A message received in London today from the Russian Wireless Service dated Sunday evening at Moscow, says that a counter-revolution was started in the Russian capital, but that it has been suppressed.

Several hundred Russians, including the Social Revolutionary leader Alexander Gorky, have been arrested at Moscow.

Despatches to J. M. Robinson & Sons say that the population of the Murman coast has broken with Russia and has joined the Entente, and that there is a possibility of a general Russian revolt as a result of the assassination of German Ambassador von Mirbach in Moscow.

THE ROTARY CLUB.

The Rotary Club today heard a most inspiring report of the great International Convention at Kansas City.

III in Philadelphia.

Frederickton, July 8.—Chief of Police Firth has received from Philadelphia an inquiry which indicates that Moses Fickler, who was a prominent merchant here some fifteen years ago, is in the city.

DEFEND PATENT MEDICINES.

Manufacturers' Representatives Present Merits of Preparations Before Provincial Board of Health.

When the Provincial Board of Health met at the Parliament Buildings this morning Dr. Adam Wright presiding, representatives of the manufacturers of seven patent medicines, together with counsel, were on hand to present the merits of their individual preparations. It will be the task of the board to decide whether they come within the amendments to the Ontario Temperance Act as applied to any patent or proprietary medicine "containing over 2 1/2 per cent alcohol, which is not sufficiently medicated to prevent use as a beverage." The board will consider the formulas, compare them with the reports of the board's analysis, and give its decision in a few days.

Joseph Summers presented the case for the Board of License Commissioners, and was followed by Strachan Johnston, B. Sc., representing the manufacturers of Tanic.

The National Drug Company, making Nadroon Beef, Iron and Wine, was also represented by Mr. Johnstone. B. Rosen acted for the makers of Vinol. Others who addressed the board were Dr. F. B. Gallivan, New York, chief chemist of the United Drug Company, manufacturers of Rexall Wine of Cod Liver Oil; Judge Yale of Chicago, solicitor for Dr. Peter's Magnetic Blood Purifier; and Dr. Limerick, of New York, author of the formula for Winecrack.

None of them attempted to deny that the medicines contained less than 2 1/2 per cent alcohol, but based their claim on the fact that if they could be used as a beverage, the sales would have materially increased in dry territories in the United States, in which they contained was not the case.

Under a new ruling would-be U. S. aviators must undergo military training before taking to the air.

BIG CROWD ON SQUARE

On Saturday evening a great number of persons visited the sale at King Square Sales Company. In fact, so many were in the store at one time it was impossible to wait on everybody and service was a bit upset, even with the extra help provided to meet just such an emergency. This morning stock was arranged and things are again back to nearly normal. The sale will be continued in both departments all this week.

THE POWER COMPANY INQUIRY

Dr. W. B. Wallace, K.C., associate counsel for the city in the New Brunswick Power Company inquiry, returned on Saturday from Boston, where he conferred with Mr. Sullivan who also is appearing for the city in this matter.

Dr. Wallace was accompanied by Arthur E. Cox, chartered accountant, who was engaged with R. A. MacIntyre in the audit of the Power Company's books, prior to the previous inquiry.

The auditor selected by the commission to make a further audit of the books which will be presented at the next session of the commission, is expected to arrive in the city today or tomorrow.

BOMBARDMENT OF COBLENZ EFFECTIVE

Basel, Switzerland, July 8.—The bombardment of Coblenz on Friday by British airmen was the most severe of the war, although the work of the airmen was hampered by the presence of a fog. The northern portion of the railway station and the famous iron bridge were seriously damaged. A bomb fell in the centre of the bridge across the Moselle river and another on the royal palace.

South German newspapers state that twelve persons were killed and twenty-three wounded in Coblenz, but make no mention of the fortress Ehrenbreitstein, across the river, where bombs fell among soldiers. Since the war began this fortress has always been full of recruits.

PERSONALS

J. A. Marven of Moncton arrived in the city today.

Mr. and Mrs. J. U. (Don) Seely have returned from Louisville, Kentucky.

Provincial Liquor Inspector Rev. W. D. Wilson is in the city.

Mr. and Mrs. J. W. Spears of West Toronto arrived yesterday to spend a few days with Mrs. Spears' parents, Doctor and Mrs. A. D. Smith.

A QUERY AS TO PRICES AND SIZE OF CAKES IN ST. JOHN

A careful and business-like housewife has asked the Times to print the simple query: "Are St. John's fancy bakers skimping?" Upon questioning the lady it was learned that she has been noticing a gradual diminishing in the size of such homey food as putty-pans, ginger drop cakes, cream puffs and other small plain sweetcakes made to sell by the dozen. An added assertion is made that prices for such food have gone up quite appreciably of late. Now that the public has become used to the higher figures the alleged skimping in sizes is reported.

One striking instance was quoted where a certain delicious puff which used to sell at 25c a dozen is now as high as 40c. In some shops, an increase of 10c on the dozen and with all this jump in price, the puff is really getting smaller.

The household lady thinks if the food controller makes it impossible for bakers to sell this kind of food, they may interfere with their business by forbidding filled cakes, loaves and such luxuries, the doughnut hole is said to be a sure barometer of the propriety of the times, by factious writers, but food, whether it be home-made or "bought-in," is no joke nowadays.

Other householders, perhaps know if these contentions are borne out by the facts. This paper has not investigated the matter and merely writes a lady-like objection, which came to it in the quoted query, "Are St. John's fancy bakers skimping?"

It is tempting to revive the time-honoured controversy about the size of the hole in the doughnut when a matter of this kind is brought up for discussion. The doughnut hole is said to be a sure barometer of the propriety of the times, by factious writers, but food, whether it be home-made or "bought-in," is no joke nowadays.

SENATE COMMITTEE AGREES TO PROHIBITION

Washington, July 8.—Legislation to prohibit the sale of distilled liquors, wine and beer after January 1, 1919, and to prohibit the manufacture of wine and beer after that date, was agreed upon today by the senate agricultural committee.

Provision for the exportation of liquors already produced was considered and probably will be reported in some form before the senate acts on the amendment.

PROHIBITION AND WATER POWER

Washington, July 8.—Nation-wide prohibition as a war emergency measure and water power legislation urged by the administration were before congress when it went back to work today, with all hopes of an extended summer vacation abandoned.

NOT BY PATRONAGE

Ottawa, July 8.—An indication of the intention of the government to have important positions filled by the civil service commission is the calling by the board of the S. J. Libby in a manner which is not in accordance with the provisions of the civil service act.

CONVENTION OF SCIENCE TEACHERS IN CAPITAL

Frederickton, N. B., July 8.—The Dominion Science Teachers' convention for New Brunswick will open in the Normal School tomorrow morning and will continue until Friday afternoon. It is being held to prepare teachers for the vacation work, which they will undertake among the girls' clubs of the province.

BUTTON, BUTTON, WHO SEWS IT? "W" WOMEN DO MOTHERLY MENDING

Sewing on buttons for the whole American Army in France whenever necessary—that's only one of the tasks of the 200 American women in the Y. M. C. A. post exchanges in France. Some job. Being a mother, though, is always a job, and the Y. M. C. A. women went over to sew on buttons and mend tears.

IZ WAR TRADE BOARD TO BE DISSOLVED?

Ottawa, July 8.—Under the caption "War Trade Board too protective to suit many people in western Canada," the Ottawa Citizen publishes the following: "Without any official comment on the way or the other, there is much rumour in the air at Ottawa, concerning the war trade board, and the possibility of its dissolution is talked of. The board was created last winter to investigate the problems of imports and exports, having regard particularly to war economies. The argument that the restrictions operate as a form of protection is emphasized."

ENLISTED IN BANGOR

Seven more men who enlisted in the Canadian army at the local office of the British Canadian Recruiting Mission, left Bangor for Portland Saturday morning. The men wore white arm bands on which was printed Canadian Forces. Incidentally, the Canadians left on the same train as a score of recruits for the American army, and were given cigarettes by members of the American Red Cross, who had assembled at the Station for the American recruits.

SINN FEIN

(John O'Keefe in the New York Times.) Ye lie when we say ye Irish are! Was Judas suckled in Mullingar, Sinn Fein?

Shall a Queen have a beggar's bedding? Shall the deer lie down with the pack? Shall the sunburst rise for the spreading Of the cold north wind and the wrack? Shall the Irish thrush be wedding With the two-faced vulture black?

Ye traitor to Erin, traitor to Christ! Ye traitor to clean souls sacrificed! Sinn Fein!

In the turf that the saints' tears water— In the innocent fairies' mead— Ye have knelt as the madman's daughter Went sowing the poison weed, And its stem is the spear of slaughter And its seed is the devil's seed!

Ye traitor to altar, traitor to fame! Ye traitor to Belgian babies slain! Sinn Fein!

Shall ye butcher the lambs now bleating, Till the Mother shall stand agape? Shall the brother ye kiss in greeting Be the slant-browed murder-sape? Are your babes for the tiger's eating? So the lion they may escape?

Ye traitor to freedom, traitor to man! Ye traitor some day to your own mad clan! Sinn Fein!

So ye open the dawn with thunder, Till the buried of ages stir, And ye stand, from the world asunder, Half coward, half paeder, While the hap's' voice dies, drowned under By the trumpet of Lucifer!

Ye say ye are Irish through and through? Not till Iscariot's Irish, too, Sinn Fein!

GREAT WORK BY AUSTRALIANS AND PERSHING'S MEN

(Continued from page 1) hardly stopped here at all but passed over toward the village.

The support trenches, which had dugouts were more strongly held, and we cut our way through without much difficulty. You understand that when I speak of the Boches who had been Australians as well as the Yankees, for we were only helping in the show.

From the direction of the German machine guns and rifles were working hard and there was plenty of stuff coming our way.

"When we reached Hamel we found a lot of dugouts filled with Boches and their cutters up trees with machine guns. We cleaned them out all systematically.

In the Village. In the centre of Hamel we captured a company headquarters. I saw a mighty fine thing there. A dare-devil Australian officer climbed to the top of a building and raised a big French flag from the flagstaff under a heavy shell fire. The German guards tried to shoot him down and succeeded in tearing away a corner of the building while the Australian was still working, but he got the flag up. The last I saw it was still flying with the Germans still firing away.

"There was a lively battle south of Hamel where the Germans had some strong outposts. Australians and American machine guns and rifles were working hard and there was plenty of stuff coming our way.

"We worked around the Vace and Hamel woods, which had been pretty well cleared in the Boche in the past. Just in front of Vace wood, one of our boys who we call 'Scotty' came in with a dugout filled with Boches who had been left behind. He naturally thought some of our men were there and went down to see what was going on.

The answer was a crack on the head. He knew then that they were not Yanks, but Boches. He opened his eyes and looked at the Boches. Finally a Boche began to yell 'kammer!' When the fight was over it was found that he had killed three Germans, and he took nine prisoners.

We got through to our final objectives, and carried out the consolidation without much interference from the Boches, who did not renege upon their word.

BATTALION OF GIRLS

Hallfax Echo.—The Patriotic Service Battalion of Girls with their "Always Ready to Help" motto is daily gaining new laurels. Only this week Capt. Gordon Bates, C. A. M. C., of Toronto, who is visiting the city, told Miss Glass that the Patriotic Service Battalion was doing some of the best war work of the Dominion, in trying to make life happier and more homelike for the soldier and sailor boys in a good, wholesome way. The captains of the various companies are most particular that the rules are kept in a thoroughly patriotic manner and the following motto of the battalion is proving a wonderful help: "Promise to be loyal to my company, to render willingly and gladly any service required of me to help make the life of the sailor and soldier more normal; to live up to the highest standards of character and honour."

WAR VETERANS OF PROVINCE ORGANIZE

At a meeting held yesterday morning in the local Great War Veterans' Association rooms in Wellington row it was decided to proceed with the organization of the provincial headquarters of the G. W. V. A. Representatives were present from St. John, Fredericton, Moncton, Campbellton, Sussex, and St. Stephen. Among those present were: Captain Barton and C. Carter, of Moncton; Lieutenant Patchell, C. Bishop, E. J. Puddy, H. Allingham, Gordon Johnston and J. Barber, all of St. John; W. Paré, of Sussex; W. Richard, Fredericton; Lieutenant O. Lawson, Campbellton, and H. Warder, St. Stephen. The meeting was called to order at 10.15 o'clock with Major Gordon Johnston in the chair and O. J. Lawson as secretary. The election of officers resulted as follows, following an unanimous motion that the organization be proceeded with: Captain Barton, Moncton, president; C. Bishop, St. John, vice-president; O. J. Lawson, Campbellton, secretary; H. Patchell, St. John, treasurer; executive committee, C. Carter, Moncton; H. Allingham and Gordon Johnston, St. John; W. Paré, Sussex; J. H. Warder, St. Stephen; L. Sewar, Campbellton; George Power, Moncton, and A. Ashford, Fredericton.

MONCTON BRANCH OF THE NAVY LEAGUE

The new branch of the Navy League of Canada, formed last week at Moncton at a citizens' meeting called by the mayor, heard an address by Colonel E. T. Sturdee, president of the New Brunswick division. He told of the existence of the navy league in England for the last twenty years, and how much it had done to stir up public opinion and the government, on the importance of sea power. He said it was due to the efforts of the Navy League that the "two to one" standard was adopted, that is, to build two British warships to every one that Germany built, and the result was shown when war broke out, as the British fleet was ready. He also gave out the objects of the Navy League, and showed what they were doing in educative, charitable and patriotic work.

After a general discussion it was resolved that those present should form a branch of the Navy League, and officers were elected as follows: President, the mayor, John B. Toombs; vice-president, Captain Masters; secretary, G. S. Smith; treasurer, A. J. Macquarrie; executive committee of the regent of the I. O. D. E., the presidents of the local Red Cross, and the Patriotic League, and several prominent citizens, the number to be completed later by the executive. Enrollment in the branch has all present paid their fees, while it was announced that Fort Cumberland Chapter I. O. D. E. would join in a body, it is expected that the Moncton branch will soon number 500 members.

Fredericton branch has a campaign last week and secured several hundred new members, while their gathering of children at the Opera House resulted in more than 400 joining as junior members.

At Woodstock.

A branch of the league was organized at Woodstock, N. B., on Friday. Judge Carleton was elected president and E. H. Reed secretary. C. B. Allan of St. John was present and assisted with the organization.

DISCIPLINE WAS SPLENDID WHEN STEAMER STRUCK

A Canadian Atlantic Port, July 7.—When the Hall liner, City of Vienna, with 1,400 Canadian troops consisting of various drafts and details on board, ran ashore on a dangerous rock near here in a thick fog, it was at first feared that there might be a considerable loss of life. There was a heavy on-shore swell and the steamer, exposed to the full force of every wave, was in danger, it was thought, of speedily breaking up, but the troops and men have all been safely landed and the ship herself still holds together so that there is even a possibility of saving her.

One of the ship's officers told the Canadian Press that the discipline of the troops when the steamer struck was splendid. There was no sign of excitement, or confusion, he said, and the men formed up and obeyed orders as precisely as if they were on parade.

On Saturday night a fire broke out in the Masonic Temple in Germain street and did damage to the extent of \$700. The loss is covered by insurance. The fire originated in the janitor's closet. The lower floor of the building is occupied by the militia.

A reinforced concrete gondola freight car has made its appearance in Chicago yards.

RECENT DEATHS

The death of Robert LeB. Stevens occurred at his home, 148 Germain street, Saturday, after an illness of three months. He was sixty-five years old. Besides his wife, he leaves one daughter, Mrs. Duncan McLean, of Sydney, and two sons, John R. Stevens of Glace Bay, and Stephen E. Stevens, of the North End.

William Bell died in the General Public Hospital on Saturday, after a short illness. He was a member of the 280th Battalion. He was a former resident of Hampton.

The death of Thomas Anderson occurred on Saturday at the residence of his son, 162 Waterloo street. He was seventy-six years old. Besides his wife, he leaves seven sons.

Rev. Ernest Andrew Rennie, rector of Christ Church, Covington, Louisiana, died in Toronto on Saturday afternoon. At one time he was assistant to Rev. Dr. Armatage in Halifax.

Fred H. Steeves of Hartland was advised on Saturday of the death of his brother, H. Percy Steeves of Riverdale, California. He was a native of New Brunswick, having been born at Somerville.

The Evening Times and Star

ST. JOHN, N. B., JULY 8, 1918.

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

There is much speculation and very little light regarding coming events on the French and Italian fronts. It is confidently predicted by some that Ludendorff is about ready to resume the offensive against the French or British lines, and by others that the series of successful attacks on various points by the Allied forces during the last ten days are preliminary to a major offensive by Gen. Foch.

There is the same degree of uncertainty as to events of the immediate future on the Italian front. Some military observers believe the Austrians are preparing another drive, and others are of opinion that the Italians will continue to press forward by degrees, and that they may even attack upon a formidable scale.

"A General Manager.—The new organization will have a general manager who will supervise the work of the entire organization and its sub-divisions. Assistant secretaries or assistant managers will be in charge of the most important divisions.

"West Canada divisions.—One of the most important bureaus will be that given to the development of west Canada. Of the letters of endorsement received during the campaign by the committee in charge, hundreds have laid special stress on the necessity of a division that would deal exclusively with the problems and the development of the west.

Apart from its favorable location as the gateway of the great west, it is undoubtedly true that the wonderful progress made by Winnipeg has been in large measure due to the progressive spirit of its citizens. They know what is meant by the community spirit, and it has been invoked many times to the great benefit of the city.

"The German ambassador has been assassinated at Moscow. The people of the Russian Empire have joined the Allies. Kerevsky believes the Germans will march on Moscow. The new developments will at least compel the German to maintain large armies in the east, and to that extent Russia is again in the war to the benefit of the Allies. But still more important developments in the far east of Russia are now foreshadowed.

There is much to be hoped for in this direction if the Allied war council has really decided upon military as well as economic intervention in Russia.

The Winnipeg Free Press says—Theodore Roosevelt has commended himself anew to the regard of the world and the respect of posterity by his shining record, all through the peace, about the war. He was against the Hun from the opening gun, and was outspoken and persistent in favor of the United States intervention which this was unpopular doctrine south of the line.

"What branch of service would she be best at?" "I don't know just what it is she is interested to do, but if there's a vacancy in the purchasing department she'd be a right-at-home there."—Hamilton Herald.

Baron Korekyn Takahashi has written an article for the Tokyo Keizai, in which he urges Japan to help Russia in this task. Japan must co-operate with the Allies; the United States, especially, should be convinced of the honest intentions of Japan. Those jealous of America's economic enterprises in Russia merely reveal the narrowness of their outlook.

"The Anglo-Japanese alliance is strengthened by the Franco-Japanese and the Japan-American agreements, and across Russian territory is extending her influence into the East and menacing the safety of Japan. The Anglo-Japanese alliance has become an important factor in the diplomatic organization of which that alliance is the foundation.

IN MISERY FOR YEARS
Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oakdale, Iowa.—"For years I was sickly in misery from a weakness and a painful ailment. I could do nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer for it has done such good work for me and I know it will help others if they will give it a fair trial."

Mrs. LIZZIE COURTNEY, 108 5th Ave., West, Oakdale, Iowa. Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published? Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

work for me and I know it will help others if they will give it a fair trial."

MADE 800 AT OPERATIC SHOW

At a recent business meeting of Royal Standard Chapter, Daughters of the Empire, it was shown that the unique and spectacular entertainment, "Twilight in an Oriental Garden," produced a net profit of about \$800. The receipts were considerably in excess of this figure, of course, but numerous unforeseen expenses were entailed in putting on the production. The Royal Standard Chapter has several other notable money-raising achievements to its credit this year so far, including \$1,400 from a Peddler's Sale and \$600 from a tea in the Discharge Depot, besides several collaborations in patriotic schemes with sister bodies and affiliated societies.

HEAVY TOLL OF GERMAN AGES BEING TAKEN. Foughten With a Total Record of 363 Successes are Known to be Killed or Captured This Year. British Headquarters in France, July 8.—(Associated Press)—Germany has lost many star pilots in the bitter air fighting that has raged with intensity this year. At least fourteen enemy aces, who were each credited with twenty or more victories and whose aggregate successes had totaled 363, are known to have been killed or captured. Among these famous airmen were Captain Baron von Richtofen, who, it is said, had shot down eighty Allied planes; Lieut. Max Muller, whose score was 81; Lieutenant Bulow, whose record was 29; Captain Tschacke and Lieutenant Wusthoff, both of whom had marked up 27, and Lieutenant Louzer, who is said to have accounted for 24 Entente airplanes. Many other prominent pilots from the Kaiser's force, whose reputations were almost as great as those named, have lost their lives or are in prison camps. Enemy bombing squadrons also sustained heavy losses. Pilots of bombing machines who were killed or captured include Captain Klein, commander of the England squadron, which conducted raids over the British Isles; Captain Koehl, who recently received the order of Pour-le-Merite, and Captain Wesce. Last year thirty-two prominent German airmen, for whom the enemy high command had claimed an aggregate of 231 air victories, were killed or captured. These figures do not include large numbers of practically unknown youngsters who daily are meeting their end while fighting or bombing.

THE STAR TONIGHT. A STUPENDOUS ATTRACTION—FIRST SHOWING IN ST. JOHN. Can a Young and Inexperienced Girl Successfully Fight a Clique of Crooked Financiers? That is the Question You Will Ask Yourself as You See IRENE CASTLE. In the Five-Part Pathe Play VENGEANCE IS MINE. You have heard that Mrs. Castle is one of the most famous dancers that ever trod the stage. In this feature she exhibits the art which first made her famous. It is a strong dramatic story adapted from the novel by John A. Morosco. Mrs. Castle proves that not only is she a great dancer, but a great screen star as well. Ruth Roland in Shifting Sands. READY TO MEET THE ENEMY EVERYWHERE. The Size of a Ton of Coal. A ton of egg coal contains from thirty-two to thirty-eight cubic feet, averaging about thirty-five. By measuring the cubical contents of your bin you will be able to estimate how much to order to fill it. This may be done by multiplying together the length, breadth and depth of your bin—Popular Science Monthly.

RECENT WEDDINGS. The marriage of Percy L. Jonah of Berry's Mills to Miss Martha Steves of Hillsboro, took place in Montreal on Thursday. Miss Jessie Winnifred Hunter, of St. Andrews, Quebec, and James Home, president of the Beverage Paper Company, formerly manager of the New Brunswick Paper and Paper Company at Millerton, were united in marriage in Montreal on Saturday. The marriage of Miss Florence Juanita Bartheaux of Advocate to Charles Alpin Doukha of Amherst, took place in Advocate on July 2. The ceremony was performed by Rev. A. M. Angus. Miss Sara Palmer of Rexton and Roy George Lowerson of Mount Whatley, were united in marriage in Rexton on July 6. The ceremony was performed by Rev. W. M. Bacon. Addressing Chicago Methodist ministers, Rev. John Thompson predicted a heavenly future for all who fall in battle, even "unbelievers."

LOCAL NEWS
POLICE COURT.
Three persons were before the magistrate this morning. A fine of \$8 or two months in jail each on drunkenness charges was imposed.

DIED IN HALIFAX.
In Halifax Saturday, George H. Hushman, second son of the late George and Catherine Hushman, passed away, leaving three brothers and sisters.

DEATH OF GORDON BERRY.
Arthur, now serving with the C. E. F. in France, and one sister, Miss Reine, who has returned recently from the ambulance at River Glade. The funeral will take place on Wednesday afternoon at 2:30 o'clock from his parents' residence.

BIG SALMON FOR JOHN MCCORMICK.
A large harbor salmon, fresh and dainty and nicely packed in ice was shipped by express to John McCormick, noted Irish tenor, by one of his recent St. John admirers on Saturday. At a recent concert in Boston the St. John lady had the pleasure of personally meeting the renowned vocalist, and his wife, Mr. McCormick courteously acceded to a request for an autographed photo and the salmon shipment will doubtless prove a delicious bit of reciprocity.

PRETTY HIGH PRICES DOWN SOUTH.
A St. John lady and gentleman, recently returned after a brief stay in southern United States, give some idea of high prices prevailing in that section. A plain breakfast roll costs ten cents, an ordinary meal for two not less than \$5, the cream forty-five cents each, and admission to a first-class picture show \$1.25 a ticket. Of course these are first-class hotel food and amusement prices but in the cheaper circles the high ratio is maintained. Little old St. John does not seem so badly off after all.

THE SMALLPOX.
As yet there is no full return from physicians and others relative to the number of people vaccinated during the late smallpox trouble. The Board of Health has really not urged a too prompt report, as the danger from the disease is not altogether passed, indeed there is always a risk of the trouble breaking out afresh in any centralized community. Therefore vaccination is still going on. It is thought, however, that St. John people have quite generally observed the regulation, especially with regard to the children.

ST. JOHN BOY MARRIED IN SOMERVILLE.
J. Douglas Sinclair, son of Mrs. William Sinclair, corner of Pitt and Princess streets, was united in marriage to Isabel Hewson at Somerville, Mass., on June 17, and the young couple have taken up their home at 21 Sargent avenue in that city. Mr. Sinclair, who is a bookbinder by trade, will be remembered by his business friends and school-day associates. He has been absent from St. John for more than twelve years. Mrs. A. E. Henderson, Mrs. C. T. Lugin, Mrs. John Hastie and Miss Sinclair of this city are bridesmaids, the groom, and Peter Sinclair a brother.

FAIRVILLE TEACHERS ARE ASKING SALARY INCREASE.
The annual school meeting was held in Fairville this morning at two o'clock. A. W. Carten was elected chairman. As the books were not made up, no auditor's report was given, and the meeting adjourned for some days. It is hoped by the trustees by changing the time of next meeting to be connected that a better attendance of ratepayers and parents can be secured.

It is understood among the items of new business to be considered will be a request by the teaching staff for increase of salary. One of the trustees is said to be tendering his resignation before his two-year term is up, and the next meeting promises to provide an interesting session.

APPOINTMENTS TO 7TH GARRISON REGIMENT
The appointments of Captain Warren and Lieutenant William J. Brown to the 7th Canadian Garrison Regiment at West St. John, appeared in reports this morning. Since the District Depot at Fredericton has come under the control of Military District No. 7, the military authorities here have deemed it advisable to appoint an officer who is known as a hospital representative who will be directly responsible to A. A. G. of M. D. No. 7. This officer will be a connecting link between the military headquarters and the district depot at Fredericton. This appointment will be learned of with the keenest of interest by the convalescent soldiers, as they now will have a channel through which they can communicate with headquarters. The new officer will be attached to the district depot at Fredericton.

ALONG THE RIVER
The sun refused to come out along the river yesterday. Instead there were showers in the afternoon. While last week's moisture gave a wonderfully rapid growth to grass and vegetables, the farmers are now anxiously looking for warm sunshine. If it does not come the strawberry crop will be ruined, and it is suffering already. Should the weather become fine, berries are expected to be fairly cheap before the season ends.

The dull weather did not mar the pleasure of the usual week-end dance in the pavilion at Public Landing. More than a score of young ladies and gentlemen from Woodman's Point were there, and the blue of the navy mingled with the khaki of the field forces on the dancing floor. Last week, however, because of the weather, was not favorable for out-door activities.

Grand Bay was a nasty bit of water for small motor boats last evening, as a strong wind down the Kennebecalls kicked up a cross-sea of some dimensions; but the number of boats up river was much smaller than usual.

MORE DESERTERS FROM GERMANY BY AIRSHIP.
Copenhagen, July 8.—Three more German airmen, deserting their country, have landed in a giant seaplane on the Island of Masnedo, off the south coast of Sotland, Denmark.

ARBITRATORS IN STREET RAILWAY MATTER CHOSEN
W. Frank Hatheway For The Men, George E. Day For The Company—Third To Be Agreed On

The nomination of W. Frank Hatheway has been approved by the Ministry of Labor, Ottawa, as the arbitrator selected by the New Brunswick Power Company employees in the proposed settlement of the wages difficulty by arbitration under the Lemieux Act, and the selection of George E. Day the nominee of the N. B. Power Co., has been likewise accepted.

Who will be chairman of the three-member board is of course not suggested. It is expected that meetings will be commenced soon after the completed board is settled upon.

STEADINESS OF DOWNPOUR AFFECTS THE ROADS
Good Deal of Government Work Undone by Heavy Rains Since July 1

The last week of continuous rain has played costly havoc with highways and byways in the affected territories of the province and it is understood the soaking has been pretty general throughout the counties.

Roundabout St. John, where autolets and suburbanites can see for themselves, it is known that much damage has resulted. While modern roadways, such as local government engineers are laying in various localities, are constructed to shed the heaviest and most persistent downfalls, thoroughfares where rebuilding work has not yet commenced pools of water, washouts and wash-offs have changed the roads into gullied and pitted swamps of mud and stone.

Considerable temporary work done at government expense to improve conditions until the road-making plants could reach their districts, has been undone. Slopy hills which had been nicely smoothed off and made easy for automobile and horse traffic, have been washed off again, the top-dressing of earth and fine stone being swept in miniature cataclysms that recurring heavy showers created since the opening of the rain carnival on Dominion Day.

Wooden culverts and trestle bridges of minor importance have been undermined and in a few places side-ditch streams grow to such proportions that they broke down the side of the roadway. Another effect of the steady rain has been deep cross-ruts or washout holes, laying bare jagged rock and cobblestones.

Auto drivers are especially deploring the damage and sloughy conditions brought about recently, for while the important highways can be freed quickly and will perhaps dry out nicely when the sun is at all possible. Progress being made so far in all directions as well for the realization of this hope, today substantiate the foregoing. Newly repaired thoroughfares have been washed off and rutted with traffic because of their sodden condition. An automobile who traversed the highway from St. John to Burton, Sunbury county, by the river road and back to the city via Wolford, says the rain has set work of a road-making character, back quite seriously.

Residents at the Kennebecalls shore near the city where there are no railway or steamboat facilities, say that instead of automobiling back and forth to town the last few days, they are subsisting on the Official on the Incoming C. P. R. and Government Railway trains today report that fortunately to date there were no washouts on their lines.

LUKE FORESTALL WOUNDED
Former St. John Man Injured in Face and Leg

The news that Luke Forestall, formerly of this city, has been wounded in the face and left leg has been received by his sister, Mrs. John L. Coleman of Hampton Village. He went overseas with the 118th battalion, under Colonel Weidemann, and had advanced to the rank of sergeant. In order to get the front more promptly, he gave up his stripes and went to France as a private. While in St. John, for many years, he was employed with T. McAvity & Sons. Afterwards he was employed with the Canadian Buffalo Forge Company for Montreal, but returned to New Brunswick to enlist. His brother, Peter Forestall, enlisted in Montreal with the 60th battalion and went overseas with them. He was wounded about a year ago, but again at the front, now serving with a trench mortar unit.

GUNNER ED. JENNINGS AGAIN GASSED; FOURTH TIME IN CASUALTY LIST
For the fourth time Gunner Ed. Jennings, son of Mr. and Mrs. P. L. Jennings of East St. John, is among those in the Canadian casualty list. This time he is gassed again. Once before he suffered from gas and twice before was wounded. Lieut. Frank X. Jennings is a brother.
