Woman and Babe Are Burned to Death Near Fredericton

EARLY VOTE COUNT NOT CONTEST

MRS. L. BAILEY AND LITTLE ONE DEAD

North Devon, N.B., Mother's Apron Ignites as She Starts Fire.

SOON ALL IN FLAMES Neighbors Rush to Assistance, But Fail to Avert Double Tragedy.

Fredericton, N. B., April 14.—Two lives were snuffed out as a result of one of the most horrible burning accidents ever reported here when Mrs. Lucy Bailey, wife of William Bailey, of North Devon, died this morning, and her prematurely born babe succumbed last evening at the Victoria Hospital, where Mrs. Bailey had been rushed for treatment.

Alone in her home with her two-year-old daughter, Maud, about six o'clock last evening, Mrs. Bailey was making preparations to light the kitchen fire. Leaping flames from the white hickwood ignited an oil soaked apron which she was wearing, unconscious of her danger.

In an instant the unfortunate woman was a seething mass of flames. Her cries attracted the attention of Vincent Neale and Fred Graham, two neighbors who rushed to her assistance and with the aid of water and their own strength succeeded in extinguishing the flames but not before Mrs. Bailey had been terribly burned.

GERMANY FAVORS BUT WANTS CHANGES

Acceptance of Dawes Proposal by State Premiers a Foregone Conclusion.

BY CARL GROTT (United Press Staff Cor.)

Berlin, April 14.—The German government this afternoon formally accepted in principle the terms of the experts' reports on reparations, as forecast by the United Press.

Announcement came after a meeting of the state premiers and the cabinet.

(United Press Staff Correspondent)

Berlin, April 14.—Settlement of the tangled reparations problem came a step nearer today as the German state premiers went into session here to discuss adoption of the Dawes report. At the same time German and Allied industrialists were in session in Düsseldorf to discuss a trade agreement.

Acceptance of the Dawes plan by the state premiers was considered a foregone conclusion. It was assumed that the cabinet, after the premiers have formally confirmed the decision to accept in principle the report of the experts, will make known formally a similar decision.

Germans, however, will insist that her delegates at Paris make clear the German desire for final fixing of a definite total amount which the Reich must pay, as well as the necessity for regulation of Franco-Belgian military occupation of the Ruhr.

Amherst, N. S., April 14.—The Nova Scotia bowling tournament for the championship silver cup will open here tomorrow afternoon. Teams have entered from Moncton, New Glasgow, Inver, Springhill, Joggins, River Hebert and Amherst. The local team included W. A. Ross, D. B. Carter, J. D. Widow's \$125 Saved for Tombstone Stolen

New York, April 14.—For months Mrs. Marie Ellis, whose husband, William Alletto, a member of the fire company, was killed while fighting a fire in Twenty-seventh street, has been saving to buy a tombstone which she intended to put up at the grave of her husband on Good Friday, the anniversary of his burial. She had saved \$125. A thief had entered her apartment at 12 North Washington place, Astoria, and stolen the money, together with two diamond rings which her husband gave her. Her four small children were at home when the thief entered, and when Mrs. Alletto returned after a shopping trip they told her that a strange man had been to see them. She investigated and found that the money and rings were missing.

SIR HENRY DRAYTON WILL SPEAK TODAY

Some Budget Proposals May be Modified in Committee—Expect Good Majority.

Ottawa, April 14.—Debate on the budget will open in the House today, with a speech by Sir Henry Drayton, Minister of Finance in the late Government, but there is doubt if the party will really come to grips before Easter. Following Sir Henry's speech the debate will continue tomorrow and Tuesday, but on Wednesday the House will revert to private members' motions. Thereafter, there will be an adjournment till the following Tuesday, when the debate on the budget will be resumed and will be continued from day to day without interruption.

There is every expectation that the budget proposals will be carried by a substantial majority. Conservatives will strongly contest the proposed tariff reductions, but there is little doubt that the Government will have the support of the great majority of Progressives, and thus be in a position to secure adoption of its proposals. In committee, however, there may be modifications of some of the resolutions submitted.

Sackville Girl Dies in Toronto

Toronto, April 14.—Chief Coroner Dr. Graham is investigating the death of Dorothy Lee, aged 25, who died in the General Hospital early on Sunday morning. She was found unconscious in a room in a boarding house on Friday evening.

The young woman, who was employed in a downtown factory, arrived at her home on Friday evening, but did not have dinner. During the evening she screamed for help, and when occupants of the house reached her room they found her unconscious on the floor. She was removed to the hospital, where she died from blood poisoning without regaining consciousness.

BRITAIN WILL CUT IN BUDGET

Reductions in Food Taxes are Considered as Certain to be Made.

HINTS ARE GIVEN

Sugar and Tea Imposts as Well as Entertainment Tax Likely Lessened

(By HARRY N. MOORE) (British United Press.)

London, April 14.—Although the utmost secrecy always surrounds the budget proposals until they are made known by the chancellor several hints from apparently authoritative sources which have been given during the week-end are generally accepted as well founded. A. V. Alexander, parliamentary secretary of the Board of Trade, declared on Saturday that reductions in food taxes are certain. G. H. Wane, junior Lord of the Treasury, speaking on the same day, said that the budget would be essentially a woman's budget with reduction of the sugar and tea taxes as well as the entertainment tax.

LITTLE ENTENTE LINKS WITH FRANCE

Defensive Alliance With Roumania Now Being Formed, Says Foreign Office.

Paris, April 14.—That a defensive alliance between France and Roumania is in the process of negotiations was the only official admission the French foreign office was prepared to make on Saturday concerning the reports that France would guarantee the safety of Bessarabia against aggression from any quarter.

It was pointed out that a treaty would be merely one of a purpose of safeguarding the execution of the existing treaty and not direct against any one nation or government. The treaty probably will be drafted before the departure of M. Duca, the Roumanian minister of foreign affairs. When it is signed it will mark practically the completing link-up of the countries of the Little Entente behind France.

A despatch from Paris on Saturday said it was likely, according to a report in authoritative circles, that a Franco-Roumanian pact would be the outcome of the visit of King Ferdinand and Queen Marie of Roumania to France. It was asserted that Roumania probably would endeavor to obtain a written undertaking from France to support her in the event of an attack.

France, it was added, would consider the treaty, if concluded, as a general defensive pact for the maintenance of the peace treaties along the lines of the Franco-Czech treaty.

SMUTS WILL FIGHT TO WIN EVERY SEAT

Labor-Nationalist Party Claims it Will Have Majority of Twenty.

Capetown, S. A., April 14.—(Canadian Press cable, via Reuter's.)—The real fight for supremacy in the Union Federal elections, which will take place June 15, starts after the Easter holidays. Meantime members and candidates are hurrying to their constituencies to prepare for battle.

At an important meeting of the executive of the South African party, the party of Premier Smuts, a decision was reached to oppose all independent candidates and fight for every seat. The proceedings were private, but it is understood that Premier Smuts in a stirring speech rallied the party to a pitch of enthusiasm. The premier emphasized that the issue lay between the pact between Labor and Nationalists and sane government, which secured the finances of the Union and obtained the most stable conditions.

It is unlikely there will be any considerable reshuffling of seats. Labor Leader Creswell will stand again for Johannesburg. There will be half a dozen Communist candidates in the Rand and Durban.

The South African party organization is preparing for a terrific fight, and is daily growing more hopeful of being returned. On the other hand, moderate supporters of the Labor-Nationalist pact estimate that the opposition will have a majority of twenty.

Refused to Give Up Girl; Lad Is Jailed

Fall River, April 14.—Despite that manly hero, 19, had worked steadily and turned over his pay of \$22 each week, his father, Manuel, charged him with subterfuge and a second district court. The youth admitted that the only grievance the parent had was that he would not renounce his "best girl." The latter contended that what her father had said. She lives in an apartment in the same place as 29 Astoria street, where the Pedro's live. Judge Handley said that if he did not do as his father directed him to, he would be sent to the house of correction for 30 days in the House of Correction in New Bedford.

MORE MENNONITES COME TO CANADA

Five Thousand From Russia—Must Conform to Laws of Dominion.

Kitchener, Ont., April 14.—During the summer it is expected that \$200 Russian Mennonites will be brought to Canada according to plans of the C. P. R. and the non-resistant relief committee. The newcomers will settle in Waterloo, Lincoln and York counties and western Canada. The Russian government is said to be favorable to their leaving the country and the only stipulation it makes is that Mennonites do not return.

Last year about 2900 came to this country and this year's contingent will commence coming about mid-June and will be met at Montreal by their brethren from Ontario who will dispatch them to the places where work is to be provided for them. The C. P. R. will transport them to Montreal from Baltic ports for \$140.

Nova Scotian Fatally Shot, Two Women Are Injured In B. C. Cafe Tragedy

Courtenay, B. C., April 14.—One man murdered and two women fatally seriously wounded is the outcome of a frenzied piece of gunplay enacted in a restaurant here Sunday afternoon. Alfred Corbett, owner of the eating house and alleged slayer, is in jail, having calmly submitted to arrest.

Corbett and his wife were quarrelling at the time when Spencer Teed, an employee of the city public works, was dining. Thinking Corbett was about to strike the women, Teed went to intervene when Corbett, it is alleged, drew a gun and first shot Teed in the lung and then about the heart. He then fired, he said, two more shots into his wife, one striking her in the right side and the other in the breast.

The crazed man then is said to have turned his gun on Mrs. R. Simpson, an employee of the eating house, and fired his fifth shot into her shoulder. Teed died a few minutes after admission to the hospital. Little hopes are held for Mrs. Corbett. It is thought Mrs. Simpson will recover. Amherst, N. S., April 14.—Spencer Teed belongs to Amherst. He left town about two years ago. He formerly was a shunter with the Canadian Car and Foundry Company's Amherst branch. His brother, William, resides here.

WAS ILL-TREATED

Russian Archbishop so Chained by Imprisonment That Friends Did Not Know Him.

Riga, Latvia, April 14.—Archbishop Zepiak, head of the Roman Catholic church in Russia, arrived here on Saturday from Soviet Russia. The venerable prelate was penniless, ragged and emaciated, the Soviet authorities having failed to provide him with food, money or proper clothing for the trip. Catholic officials here who had known him previously, failed to recognize him. His hair and beard had grown long and white and he appeared broken and haggard.

Although Archbishop Zepiak knew that he had been previously condemned to death he was wholly unaware of the Pope's efforts to secure his release. When he was told by his guards to leave jail he thought that a harsher fate was in store for him, the Soviets having given him no intimation of his destination. He realized he was at least free from his fifteen months of bondage only when he arrived at the Latvia frontier, where the two guards who had accompanied him from Moscow ordered him to quit the country.

INTEREST IN ELECTION IN CITY KEENER

Good Vote Registered in the Morning Hours at the Polls.

ALL CONFIDENT

Many Combinations Suggested as Outcome in Guessing Results.

The comparative listlessness which has marked the civic elections here for the last few weeks gave way this morning and, with fine weather and a large number of representatives of the various candidates busy at the polls, the contest took on considerably more interest, and by noon the indications were that the vote would be at least well up to the average. A good vote came out this morning.

Perhaps the most outstanding feature of the contest was the confidence displayed by the backers of every candidate in the final result of today's ballot. While only two of the four candidates for the mayoralty, and four of the seven aspirants for the post of commissioner can survive the primaries today, all combinations were put forward as possible results.

Many Women Voting.

In different wards the percentage of qualified voters who had deposited ballots up to noon varied, but on the whole it was said that the vote was well up to the average, in some places large. It was reported that several of the voting places that a large number of women were turning out to exercise their franchise.

ARE RESENTFUL OF INTERFERENCE

Church Union Promoters Recognize Only Authority of Parliament.

Claiming that the provinces have no authority to determine whether the Presbyterian, Methodist and Congregational churches may unite, and recognizing only the authority of the parliament of Canada in such a matter, leaders of the three churches affected by the recent church union developments in the committee of the Ontario legislature have issued the following statement:

From the beginning of our Canadian life, the various Christian denominations have been working together. Union after union has taken place, and any necessary legislation sought for by the uniting churches has been granted. A new situation has been created by the action of the private bills committee of the Ontario legislature in adopting the following resolution before passing upon the principle of the church union bill.

"That before proceeding further with the bill the law clerk of the committee be instructed to draft clauses by which the bill will be amended by adding clauses providing for the preservation of the Presbyterian Church in Canada, the Methodist Church and the Congregational Church as separate entities and for giving to any congregation the right, by vote of its members, to remain in its mother church, and to keep therein any property owned by it."

Without Authority

1. We recognize the authority exercised by the provinces over civil rights, but the provinces cannot determine that dominion-wide churches shall not unite. The churches operate in each province and beyond the borders of the Dominion. They have decided to unite for the common prosecution of their work throughout the Dominion and in foreign missionary fields. These three churches have decided their ecclesiastical policy in view of Dominion-wide conditions and one body which can say whether the United Church of Canada is to be recognized by law and given incorporation in the parliament of Canada. Therefore, to settle this question, we now make our appeal directly to the parliament of Canada, before whom our petition for legislation has already been presented.

Would Prevent Union

2. The resolution above quoted, if carried into effect, would have prevented the three churches from uniting as churches. It therefore puts the Joint Union Committee in a position where it has no option but to reject the bill because it is the direct negative of the principle of the legislation which the three churches instructed their committee to secure. The basis of union, as agreed upon, calls for the union of the three churches, and the incorporating clause of the proposed Dominion Act therefore reads: "The said churches so united are hereby constituted a body corporate and politic under the name of 'The United Church of Canada.' The resolution of the Private Bills Committee expressly provides that the three churches shall not unite and the only union authorized is a union of congregations which may separate themselves from their parent churches. It decrees that the remainder which will not enter the union are to continue the parent churches as separate entities, and made church into which such congregations may enter. This denies to the churches all right of corporate action. It is a decree that denominationalism shall continue in Ontario whether the churches consent or wish it or not.

Must Claim Freedom

No application for legislation has ever been presented to the Dominion House at the request of a large number of Canadian citizens; there has never been one that represents nobler aims and greater hopes. The multitude of our people in these churches are greatly in earnest about this matter. We believe that this movement has been inspired of God. The Spirit of Jesus is drawing His people together, and our churches must fearlessly claim their freedom to follow the Divine guidance.

J. Lambert Alexander, chairman of the Congregational Union of Canada, S. D. Chown, general superintendent of the Methodist Church, Alfred Gandler, Moderator of the General Assembly of the Presbyterian Church in Canada.

AT 85 THIS MAN IS LIFE SAVER

Octogenarian Frenchman Plunges Into Seine and Rescues Woman.

Paris, April 14.—It is given to few men to attempt life-saving at the age of 85. M. Emil Decolins, a white-haired octogenarian, has just effected a rescue in circumstances which deserve to be set on record. He was plucky smoking his pipe at his window, which overlooks the Seine at Asnières, when a woman's screams broke on his ears. The woman had flung herself into the river and had regretted her act, for she shouted in the hope that someone would rush to her rescue. The old gentleman, seeing the woman floundering, laid aside his pipe and plunged into the stream. He swam like a fish, say eye-witnesses of the exploit. A few vigorous strokes, and he seized the woman by the hair and brought her safely to the bank. A small crowd had gathered, and M. Decolins handed over the woman to those who came forward and offered to look after her. Returning home, he changed his clothes, and when, later on, friends came to congratulate him on his heroic exploit, he could not be seen. He had left to spend the week-end at Orleans. This is the fourth rescue from drowning effected by the octogenarian. He has saved three lives since the war.

ACCEPT INVITATION TO VISIT ST. JOHN

35 Progressive Members Expected to Arrive Here Easter Monday.

The thirty-five members of the Progressive Party of the Federal Parliament, who are to visit Halifax have telegraphed their acceptance of the invitation extended to them to visit St. John and they may be expected to arrive here on Easter Monday. Premier Veniot, who had joined with Mayor Fisher in extending a cordial invitation to the party, will be unable to be in the city when the western members are here. Mayor Fisher, who received definite announcement of the date of the arrival of the party, said last night that no definite plans had been made for the entertainment of the visitors and that it was probable that arrangement of their programme while in St. John would be deferred until after today because of the election. The telegram received on Saturday by Premier Veniot was as follows: "In reply to your telegram regarding Progressive members visit, we thank you for invitation to St. John. Arrangements are being made to spend whatever time is available with you in St. John. (Signed) W. E. DARBY, Secretary of Progressive Party."

NEW YORK BOOTLEG KING OFF TO ITALY

Takes Million Dollars With Him—Name Does Not Worry Him.

New York, April 13.—Mike Cusumano doesn't mind being called "king of the bootleggers" in New York or even in America. Nor does it disturb him that half a dozen of his bartenders are behind jail bars, or that 15 complaints and two commissioners' warrants are pending against him. "Pass Her On Street" But, he explained to David Siegel, assistant U. S. district attorney, to be known by such a name in the old country and to have the approbrium bring scorn and unhappiness to an 11-year-old daughter over there—that's different. "They pass her by on the street, her playmates," Mike said. "They make faces at her in school and say, 'Daughter of the king of bootleggers in America!' She writes me that she is unhappy and sends me the newspaper clippings of dispatches from New York calling me that name, and begs me to come home."

Turns Wealth Into Cash So Mike has turned his wealth into cash—nearly a million dollars, some say—and is sailing today for his native town of Cinegati, Italy, "to be the richest man in town and make my daughter happy." He visited the federal attorney because he didn't want it thought he was running away to avoid prosecution. "But we haven't a thing on Mike," Mr. Siegel explained. "A lot of complaints, but no evidence that would convict. We're glad to wish him bon voyage."

MEMORIALS TO MINISTER.

As memorials to the late Ven. Archdeacon W. O. Raymond, once rector of the church, two handsome oak hymn boards have been placed in St. Mary's church by the members of St. Mary's band, which organization was founded by Dr. Raymond more than 20 years ago. The dedication of the hymn boards took place last night when Rev. R. Taylor McKim, rector, presided and offered the dedicatory prayers. The members of the band attended in a body. The hymn boards are of finely polished quartered oak and are surmounted by a gold cross. A brass tablet has the following inscription: "In loving memory of Archdeacon W. O. Raymond, presented by St. Mary's Band." When St. Mary's band was first organized Dr. Raymond secured the old instruments from the Rotherly College band.

BRITISH OR BOER?

Can Smuts save South Africa for the Empire? This is the momentous question to be answered in the elections which are expected in June. Had Botha lived the danger would be less menacing. He and Smuts together, by their courage and influence, were able to keep the loyal element in safe command of the situation.

In 1921 political conditions had become dangerous and Sir Thomas Smartt, leader of the British group, allied himself with General Smuts, who had succeeded Botha as head of the loyal Dutch party.

That election gave Smuts a clear majority over all the other parties, the leading being: South African, 74; Nationalist, 46; Labor, 14. One seat went to a Constitutional Democrat.

The task before General Smuts is one of immense gravity and significance. In spite of the constant effort he has made to make South Africa worthy of Britain's generous gift of self-government after the Boer war, there apparently has been of late a growth of separatist sentiment.

FROM MESSENGER BOY TO PRESIDENT. No matter how poor a boy is when he sets out to see the world, if he has aptitude, health, a capacity for hard work, and a determination to get along, it is hard to stop him short of success, sometimes of very great success. He will make opportunities for himself, and he will be fitted to profit by others which come along.

A case in point is that of Patrick E. Crowley, the new president of the New York Central Railroad. Crowley had to go to work before he had any education to speak of. He educated himself later, as he went along. When he was fourteen he was a messenger boy in the employ of the Erie Railroad, and the ordinary observer would have said that his chances were poor.

By the way, has been a stepping stone for many to greater things—and within a year he was a telegraph operator. Later he became a station agent, and then a train dispatcher, and at twenty-five, he entered the employ of the New York Central, where dispatchers are numerous enough to make up a brigade. But he was not just an ordinary dispatcher. In these years he had worked hard, read much, and learned much of the railroad business. He was

examples. Yet there is no denying the fact that in answer to the cry for economy the Government pulled in its horns very extensively, too extensively says every community where justified federal expenditures have long been awaited. That the regular ordinary expenditures of 1922-23 were less by \$22,000,000 than in 1913-14 tells quite a story in itself.

Regardless of political affiliation everybody seems to welcome the cut in the sales tax. If it has any friends they are silent. Tariff reduction is different. It is viewed through political spectacles. It has been said that every man is a protectionist in his own business and a free trader in everybody else's and there is more than a little truth in that.

The late George E. Day was a good citizen, with a host of friends. He was active in civic affairs and for sixteen years served as a valued and vigilant member of the School Board. He stood high in several of the fraternal orders. His death is a real loss to the community and its deep sympathy will be extended to the bereaved.

EDISON AND THE SOUL.

(Toronto Globe.)

It is particularly interesting to observe from time to time the way in which men of science in the various realms of human knowledge face the ultimate facts of life. Sometimes they endeavor to explain them, while at others they recognize their inability to do this, and fall back on an attitude of agnosticism. Some recent instances are full of significance for all who desire to come in contact with reality, and are not content with a mere negative position.

THE MONEY.

This country has a debt of \$2,400,000,000, mostly due to the war. The fashion in which the war's legacy revolutionized federal taxation is remarkable enough. For example who realizes that the Dominion's ordinary expenditures were less in 1922-23 than they were in 1913-14?

another faculty as well. In the words of Pascal, "the heart has reasons that the reason does not know." Mr. Edison's life-work has been done in a sphere which tends to make a materialist, and with the equally real and scientific realms of psychology and philosophy he has had little to do, and, therefore, knows little. But the fact that these departments are outside his special field does not prove their non-existence, or that he is justified in deciding everything by intellect alone.

With homing instincts, blind, unquestioning. He seeks again the haunts of last year's nest—The cold, stark earth, the bare-boughed, naked trees, Awake no terror in his dauntless breast.

Interment took place in the new Catholic cemetery. Relatives were pall-bearers. Floral tributes were numerous. There was a large attendance of relatives and friends.

**"ASSISTANT PASTOR" CHARGED WITH THEFT.**  
Bond street Congregational church, now flourishing under the leadership of the Rev. William Mackay, says the Toronto Star, has an "assistant pastor." This fact was discovered on Wednesday by Rev. Mr. Mackay and Detectives Williams and Johns of Dundas west station, following a complaint from a lady in Jarvis street, who said a man called at her home, stating he was the "assistant pastor" of Bond street Congregational church, and was soliciting funds for the church.

The lady went upstairs to get some money and when she came down, the "assistant pastor" had vanished and so had her handbag. As ministers do not act that way as a rule, she notified Mr. Mackay.

The police were called in. Detectives Williams and Johns took up the case—and as a result of their investigation, a man who gave his name as George Durham, was arrested. Durham was charged with breaking into Bond street church on two separate occasions, also the theft of money, and five charges of fraud. And Bond street has no assistant pastor—Rev. Mr. Mackay is the only pastor.

"Both Convenient and Economical"

—Malcolm Dawson

The North American Life "Paid up at 65" Policy appealed strongly to Malcolm Dawson.

"The first big advantage," said he, "is that I can stretch out my premium payments until I am sixty-five years of age. This reduces my annual payment as compared with that of a short term policy."

"Then, too, I am paying for the policy during my 'big money years, and it will be fully paid up and my worries will end just about the time my earning power will begin to wane and further payments might be a burden."

No wonder the North American Life "Paid up at 65" Policy attracted Malcolm Dawson.

The fact that it has all the advantages of a short term policy with a premium which is only slightly higher than a straight life contract has made it a popular form of insurance.

You might profitably investigate our "Paid up at 65" Policy. The attached coupon will bring full particulars.

RESCUED WIFE AND CHILD IN RUSSIA

Lt. Colonel Brown of London Had Thrilling War Experiences.

London, April 14.—A fortune lost, but honors won in the war; a romantic marriage and a flight from the Bolsheviks, with a price on his head; a visit to Russia disguised as a woman, and the thrilling rescue of his wife and child. These were some of the experiences of Lieut.-Colonel James Harvey Brown, banker, of London.

Lieut.-Colonel Brown, although born in England, spent most of his life in Russia, where he amassed considerable wealth as head of a company which controlled almost the entire shipping of the Caspian Sea and adjacent ports. He fell in love with a beautiful Russian woman and married her.

His happiness, however, was short-lived, for war broke out soon afterwards. Later his ships and other property were confiscated by the Bolsheviks, and a large reward was offered for him, dead or alive. After weeks spent in hiding he escaped to England, where he joined the army, served with distinction in Mesopotamia and Palestine, and gained the D. S. O. and O. B. E.

After being demobilized Colonel Brown began scheming to rescue his wife and child, who were still in Russia. Several attempts failed, but eventually he chartered a steamer and sailed for a Russian port.

Disguised as a woman, he set out on his perilous enterprise, knowing that discovery meant certain death. After hair-breadth escapes he rescued his wife and child, and by means of a Russian agent he brought them safely to the port where a vessel was standing by, with steam up, ready to sail at a moment's notice. This adventure cost him about \$40,000.

At the same time Colonel Brown brought back from Russia for his family a quantity of money worth thousands of dollars. With this he started a foreign exchange agency and banking business. He was successful from the outset.

AT CENTENARY. Palm Sunday was recognized yesterday in Central church by the theme of the sermons and the music. The flowers that were placed in a receptacle were in the memory of the late member of the church for many years.

Mr. Lewis V. Lingley, who has taken the place of soloist in the absence of Mr. L. M. Curran, was heard in the morning service and in the solo "Jerusalem," from Gault's Holy City in the evening. Mrs. George H. Moore and Audrey McKee took solo parts in the "Hosanna." Rev. Robert G. Fulton preached from "There is Another King—Jesus," in the morning, and from "The Unknown Christ," in the evening. It was announced by Rev. Mr. Fulton that there would be service four evenings this week in the church, and on Friday morning, when the regular Good Friday service will be observed, the collection to be for the poor of the church. The congregations yesterday were large.

HOLDS CLOSING SERVICE. The closing Gospel service at the King's Daughter's Guild for this season was held yesterday afternoon with H. W. Robertson presiding. The address of the afternoon was given by Mrs. M. D. Austen, convener of the spiritual committee during the last two years. "The Sincerity of the Master" was the subject of yesterday's address. Miss Edith Magee was the soloist.

CONCLUDES SERMON SERIES. The "Cellar of the Clergy" was the subject on which Rev. William Hogan, C. S. R., rector of St. Peter's, addressed a large congregation in the church last evening, concluding his series of Sunday night Lenten sermons. A solemn high mass was celebrated yesterday morning at 10:30 by Father Hogan, with Father Coffin as deacon and Father Woods, C. S. R., as sub-deacon.

VISITING MINISTER HERE. Rev. P. McLeod, of Georgetown, P. E. I., conducted the services in St. Matthew's church yesterday; large congregations attended. Mr. McLeod is a graduate of Toronto University and for four years was the minister of the church in Kilbury, Ont. Recently he was stationed in Port Elgin, N. B., and during the last few months he

has been acting as supply minister. He will take charge at St. Matthew's next week also. A quartette selection was given at the evening by William McAuley, Mr. and Mrs. George Wallace and Miss Irene Galbraith.

No lustre lost— as new as ever

How pretty those beige silk stockings were when you first saw them. It seems a shame that they must be washed, risking their lovely sheen. You can safely trust them to Lux. The instant soapy Lux suds gently pass through and through the delicate silken weave, dissolving all dirt, dust or perspiration that might possibly harm the threads, and restoring the stockings to their original charm.

After a Lux bath, the finest hosiery will have its original loveliness, to lend charm to dainty ankles.

Speak Up For HOT + BUNS

A year ago the ROBINSON bakers failed to satisfy the last minute calls for Hot Cross Buns. Working day and night they can only do so many thousand dozen.

If you don't order early you take risks, for the preference for ROBINSON'S extends from Yarmouth to Quebec. This year ROBINSON'S are still better—think what that will mean!

"PROVIDENCE will take care of my family," you say.

Then quit working and saving. Eat, drink and be merry—Providence will take care of the morrow. Nonsense! Providence provides means to attain ends. Life assurance is one of these means.

Do you know anything more pitiful than a wage-earning widow? Would you care to have your wife come to that—through your neglect? You can save her from such a fate by means of an Imperial Life Policy.

Let us send you our free booklet, "That Home of Yours," which tells all about it. You'll find it of interest.

PELEPSCOT CO. HAS BUSY SEASON

The Pelepscot Paper Company, with over 20,000 cords of pulpwood to ship, about three million of logs to manufacture and ship, is having a very busy season.

Montreal, April 14.—The flotation of a \$12,000,000 Canadian Pacific five per cent. bond issue and the confining of its distribution to Canada, is an event of importance in the current financial history of this country. It is another indication of Canada's "coming of age" in financial matters. Forty years or so ago, when the men who built the C. P. R. had thrown all their fortunes and those of their friends into the venture, and were seeking in Europe and the U. S. the means of completing their task, the success of \$12,000,000 loan for public subscription in Canada would have been extremely hazardous. If not altogether impossible.

CATTLE PRICES IN ARGENTINA LOWEST IN FIFTEEN YEARS

Extreme Depression in Market for Beef Continued Through 1923.

The extreme depression in the market for beef in Argentina which began in 1921, due to over-expansion in production continued through 1923. The average price of chilled best steers in Buenos Aires, calculated on the basis of live weight in United States currency, was \$2.25 in 1923, compared with \$3.24 in 1922. The average price for the best grade of beef steers in the five-year 1923 period of low land values and generally low production was \$2.25. The average in the seven years 1914-1920 was \$3.75, with a maximum of \$5.85 in December, 1919, writes "The Agricultural Review."

Morning Stock Letter

New York, April 14.—While the list looks like it could go lower now, we believe that stocks are a better purchase than a sale at these prices. The let up in business has not done much to stifle a slump so far, and there is up in the next few months as there is for it to fall off. Oils and rails hold better than the Industrials, but of course they are affected by selling in the general list. On dips they are a purchase. While we have long been expecting a rally that does not come, we think that on another selling movement issues bought.

Brokers' Opinions

Brokers' opinions.—April 14.—Housman & Co.—"There is no disposition to predict that the market has reached a point where purchases can be made on short covering." "We do not advise people who are holding stocks in anticipation of a substantial upward swing during the last few months as there is for it to fall off. Oils and rails hold better than the Industrials, but of course they are affected by selling in the general list. On dips they are a purchase. While we have long been expecting a rally that does not come, we think that on another selling movement issues bought."

Coming Events

March cotton consumption reports at 10 o'clock. General Electric orders quarter ending March 31st last, \$72,687,900, decrease \$28,459 from previous quarter, and \$8,144,148 over 1923.

BICYCLE FOUND.

A bicycle found in the street by the police was taken to the North End station where the owner can receive the same on application.

WELL-KNOWN CITIZENS REMOVED.

In the death of David W. Beyer and George E. Day, both announced this morning, two familiar figures are removed. In addition to the information contained in the obituary notices of these worthy gentlemen, it will be remembered Mr. Beyer was for years clerk of the City Market in succession to Mr. Dunham, and Mr. Day was upon two occasions a candidate for civic honors in the Lorne ward district, being opposed by Isaiah W. Holder. Later, Mr. Holder, as alderman, proposed his rival for the honored position of school trustee, which he filled most energetically until his death, giving useful and conscientious service to his city.

COLLECTOR IMPROVING.

Many friends of C. B. Lockhart, collector of customs here, will be pleased to learn that he is rapidly recovering from a sickness that has confined him to his home in West St. John for several days. Mr. Lockhart expects to be back at his desk this week.

The wear tax

Every time you pay a repair bill for your battery, you are paying a tax.

Taxes, like death, are said to be inevitable, yet thousands of Exide owners seem to be tax-exempt as far as repairs go. Give an Exide Battery ordinary care and you can expect from it extra-ordinary service.

This means not only continuous service but long service. Which in turn means decided economy—a greater economy with each month or year that you own your battery.

The prices of Exide are at a new low level. The quality is at the same high level.

Repairs, cleaning and sundry supplies and expenses..... \$22,860

The secretary reported that he had been informed by Vassie & Company that they could not rent the two upper floors as they had lost a tenant for their King street building and would have to use it themselves.

The secretary submitted a letter from Hon. J. B. M. Baxter, M. P., in which he stated that he had no further advice to offer in the matter of settlement of the claim of the Canadian Westinghouse Company for sales tax on switching equipment and had notified the company that the offer to pay half the bill had been withdrawn.

The engineer reported that it was hoped to complete the North End system early in the summer and recommended that the following tenders be accepted, subject to authorization or the expenditure by the city council:

BULLETS FROM DOORWAY KILL MARKED MAN

Tommy Ritchie Dies With a Curse for New York Slayers.

New York, April 14.—Tommy Ritchie didn't get a chance even in the end. The two men who drilled his back with bullets had hid in the doorway at 173 Chrystie street until Tommy came by. Then they got him at a few feet.

Tommy, impotent with hatred and helpless in the face of death, cursed them—turned his hardened olive face that was becoming ashen green towards them as they ran and cursed them. Then he staggered a few steps and fell to the sidewalk.

They will stop there, fearing they already have said too much. After that, "I dunno; no spik." So the police have taken his finger prints to learn if he was Thursday Ritchie who did time up the river and, some say, was a "cokey" because his skin was olive yellow.

Chrystie street, between Rivington and Delancey, was unusually quiet about 3:15 yesterday when the two men waited in the doorway of the empty store. The door behind them was open, with a mass of yards at the rear, but for those who knew it a fairway to the Bowery on beyond.

There was a great to-do in Chrystie street afterward. Men and women came running and in a few minutes public order was restored. The children flocked to see the scars of the bullets on the brick walls of the store and the blacksmith shop next door. That will make talk for weeks to come on Chrystie street, with a rolling of eyes and a knuckle in the cheek.

News Notes Gathered From World of Stage and Screen

Conrad Nagel Scores Inconsistency

Hollywood, April 14.—"The motion picture actor is damned if he's decent, and damned if he isn't." Conrad Nagel, featured player for Goldwyn Studios, thus voices the plaint of the decorous majority of Hollywood's professional folk.

CONRAD NAGEL

While Nagel doesn't believe that notoriety and screen success are necessarily associated in general, he does say: "I actually believe there would be less criticism of my selection for a certain type of parts had I been divorced three times, remarried in Tin Juana and mentioned in several of Los Angeles' more spectacular shootings."

"It sometimes makes me feel like committing every crime on the calendar," says Miss Wilson, trying to gnash her pretty teeth.

Lois Wilson, charming and capable actress, with Lasky, is another who feels that her untroubled private and public life has not exactly aided her screen progress. Everywhere she's spoken of as Hollywood's best good girl. And it's beginning to irk the wholly admirable Lois because she, too, must be cast always in roles the public will consider consistent with repute.

with a \$200,000 suit against her manager, Charles L. Wagner, and her accompanist, Homer Samuels, charging that she had alienated her affections. Soon after she was granted her divorce, in January, 1920, the singer was married to Mr. Samuels.

At that time Mme. Galli-Curci asserted that her husband had earned "practically nothing" since their marriage in 1908 and that he had run her heavily into debt while she was absent from New York on tour. She accused him also of infidelity, citing an alleged affair with "an ebony chambermaid" in Tulsa, Okla., as one instance.

34 Newspapers asked 2024 people [in the States]

"What pen will you buy next?"

And more answered Parker than any other

New Public Sentiment due to Parker Creations that abolish pen faults and inspire writing

IN 34 cities in the U.S., "Inquiring Reporters" were sent out by newspapers near the close of 1923 to interview pen owners at random. These investigators only knew their newspapers wanted the facts. They knew not why. They knew nothing which would prejudice their reports.

They canvassed people on the streets, in offices, stores and homes. And everywhere they asked 3 questions:

"What pen do you now own?" "When was it bought?" "What pen will you buy next?"

Then the newspapers certified the returns. And Ernest & Ernst, the Certified Public Accountants, audited them. The results show:

**MAKES ANOTHER RECORD FOR PORT**

Big Fish Express Shipment Here Week-end—Bustle at Sand Point.

Another record was established at this port last week when the C. P. R. Express brought across the Bay more than 38,000 pounds of wet fish for the Dominion Express. The consignment consisted of 167 large cases, for Montreal and points in eastern Canada. The fish was mostly haddock.

**Gain For Year**

The Dominion Express foreign department report that during the last year their general cargo business from the United Kingdom totaled 1,980,000 pounds. This was destined to points throughout Canada and elsewhere. This is an increase of eighteen per cent over the previous year. It is interesting to note that a large percentage of these shipments came through the port of St. John. They consisted of gloves, glass, stationery, cutlery etc. Over the week end alone there were four car loads of express handled from the Canadian Pacific steamships Melita, Montclair and Marburn.

**Good Cargoes**

In addition to the large movement of express matters C. P. liners brought nearly 8,000 tons of general cargo to this port from Friday night until Sunday morning. The S. S. Brecon had more than 2,000 tons, the Melita 2,400 tons, the Montclair more than 2,000 tons and the Marburn 1,300 tons. There was also a heavy mail consignment. It required four cars to forward it.

In addition to handling the cars of mail and express there were also a number of cars required to handle the baggage and 84 passenger coaches to convey the returning Canadians and the new settlers to destinations throughout the Dominion. This heavy movement of passengers and the large quantity of general cargo, mail, express and baggage started Friday evening and yesterday at 1 o'clock the last train pulled out conveying the passengers from the Marburn to destinations chiefly on the prairie lands in the west.

**DOUGALL BURIED.**

A cable was received from Hamburg today by Nagle & Wigmore, steamship agents, that Mr. Dougall, who was killed at the German seaport while a member of the crew of the steamer Welland County, had been buried there. Beyond that, the cable did not go.

**CITY BY-LAW CASES.**

Four men were reported over the week-end by Inspector H. L. Heutsis for working in the city without a license. Two of the men paid the required amount, and they were not called on to appear in the police court this morning. Another agreed to make satisfactory arrangements with the city chamberlain and to return to court tomorrow and report. The fourth did not appear when his name was called and it is said that he left the city.

**NEW BAPTISTAL FONTS.**

The new baptistry in Germain street church was used for the first time at last night's service. It is the only one of the kind in the Maritime Provinces, excepting in the First Baptist church, Halifax. The font is incorporated into the large new pipe organ, and is located above the heads of the choir. It is specially lighted. A new scenic baptistry font, picturing the River Jordan, with special atmospheric lighting, will be used for the first time in Central Baptist church here next Sunday.

**AT MISSION CHURCH.**

Sunday being Palm Sunday, members of the choir recently ordered by the council for action at its meeting tomorrow afternoon and will probably be ordered. It is proposed to offer for sale \$600,000 of bonds at 5 1/4 per cent, running for periods of 10 to 30 years. Of these there will be \$11,000 at 10 years; \$25,000 at 15 years; \$94,500 at 20 years and \$389,000 at 30 years. The balance of the issue \$189,000, will be bought by the city and placed in the sinking fund.

**WAS SUCCESSFUL.**

A New England supper and sale held on Saturday afternoon under the auspices of the Ladies Bible Class of the Main street Baptist church proved a big success and a good sum was realized to be added to the mortgage liquidation fund. Mrs. E. E. Flewelling was general convener. The table conveners were Mrs. S. D. Hamm, Mrs. R. J. Burk and Mrs. W. S. Whittaker, candy table, Mrs. H. Cowan; anons, Mrs. E. C. Cowan and Mrs. M. **HYDRO MATTERS.**

Two carloads of 25 foot poles and several service transformers had arrived today. It was said this morning at the office of the Civic Power Commission and these would be used in extending the distribution system and making ready for power loads. It was said the number of meters installed to date is 3,700. A meeting of the commission is scheduled for Wednesday afternoon to deal with the matter of a new building. It was announced at the office of the New Brunswick Electric Power Commission this morning that the mill of McDonald Brothers, at Nepesic was being connected to the hydro lines and this made the third mill to be using electric current. The load at the Manchester sub-station, it was said, was growing so that it would be necessary to put in a larger transformer.

**LAST SAILING OF WINTER APRIL 25**

Montclair Will be the Final Passenger Ship of Season Here.

The last Canadian Pacific passenger liner due here is the Montclair, which is expected to reach port next Saturday from Liverpool. According to advices received she has a total of 950 passengers, comprising 122 cabin and 821 steerage. The ship is possessed by 113 crew, 177 children and two infants, and the third class 722 adults, 115 children and seven infants. The liner is bringing a party of 102 boys, who are destined to the Bernardino Boys' Home in Toronto. There is also a Salvation Army party of 20 on board. These passengers will be sent forward to their destinations in four special trains.

As soon as this steamer is handled it is expected that the members of the port staff of the C. P. R. will leave for Quebec, where they will carry on their respective duties during the summer season.

**FEAR POISONER WILL GET PETS**

Duke Street Residents Report Several Cases of Brutal Destruction

What is believed to be systematic poisoning of cats is reported from Duke street and residents of the area affected are up in arms against what they say is a brutal destruction of animals.

Last week, the latest in a row of some eight or nine somewhat similar occurrences was reported. A pet kitten was found by its owner lying in agony in the yard, and soon afterwards it died. The body was taken to a local veterinarian, who pronounced it a case of poisoning, probably from eating poisoned meat or other substance which had been left around.

Information is said that, within the space of a few months, eight or nine cats have met agonizing death in this manner and there is much indignation aroused. Other instances are cited where cats have returned to their homes in a very sickened condition, possibly due to nibbling at some poisoned substance.

Residents of the district are now fearful of allowing their pets out of doors. It is argued that if cats can be killed in this manner so can dogs, while there is even a possibility of a child, in its innocence, picking up some of the poisoned matter.

Consequently, there is a demand that means be taken to put an end to what residents believe is systematic brutality.

**AT THE CATHEDRAL**

There was a very large attendance of the men of the Holy Name Society at the 7 o'clock mass in the Cathedral yesterday and for the monthly communion, and also at the Holy Name Society mass at 8 o'clock. McDonald received some 30 new members into the society.

The palms were blessed by His Lordship Bishop LeBlanc at the 9 o'clock mass, it being Palm Sunday.

This is Holy Week, and the special services were announced. There will be chanted on Wednesday, Thursday and Friday evenings. On Holy Thursday the mass will be the blessing of the oils and the procession to the repository will be at 9 o'clock. The mass of the pre-sanctified on Good Friday will be at 10 o'clock. The church will be open all night Thursday until Friday morning as customary in recent years, and people will attend at the repository at the Holy Saturday services, starting at 7:15 o'clock. On Easter Sunday there will be pontifical mass at 11:15 o'clock.

**STRUCK BY AUTO; IS UNCONSCIOUS**

Mrs. Geo. Mitchell in Hospital; Companion's Identity Unknown.

Mrs. George Mitchell of 213 Prince Edward street, was seriously injured when struck by an automobile in Rothersey avenue last night. She was walking along the highway when an automobile, driven by George Thomas, struck her and threw her forcibly to the pavement. The woman was accompanied by a young man, who also appeared to be stunned, but after being placed in an automobile he disappeared and his identity is still unknown.

The driver of the automobile and the other occupants went to the police station last night and their statements were taken. The driver was detained and was still kept in the guard room this afternoon until the condition of the woman could be determined. A report from the hospital this afternoon was that her condition was unchanged and that she was still unconscious.

According to statements made by the driver of the automobile and Philip Torrey, who was with him, they did not see the woman until they struck her. After the accident they took the woman to the hospital.

The driver of the car was summoned to the police court this morning from the guard room and a charge was read against him, speeding in Rothersey avenue. The report was made by Policeman McFarland. The defendant was found guilty and a fine of \$10 was struck.

Sergeant-Detective Power said today that he had not up to that time learned the name of the young man who was with Mrs. Mitchell.

**ENGAGEMENTS ANNOUNCED.**

**As Hiram Sees It**

"Well, sir," said Mr. Hiram Hornbeam to the Times reporter, "I was up to Fredrickson myself. I went up to see Dave Mercereau about starting a pig club out to the Settlement, and the very first man I run into was Jim Pinder. He said Dave didn't know no more about pigs than Venot did about roads. He said they were both shoats in politics an' orto be turned over to Martin o' the Miramichi to be fed up. Jim told me he was eighty-three years old last month—an' I seen him settin' there in his place in the house one night till twelve o'clock. He was wide awake, too. Next mornin' I seen him in that there public accounts committee diggin' into a blue book an' sayin' things about how this here government wastes money. He was as bright as a button. I guess he'd king o' the Nackawack must agree with Jim."

"But what about the pig club?" queried the reporter.

"Oh, that's all right," said Hiram. "Dave said he'd fix it up for us afore he went over to that there British Empire Exhibition—yes, sir."
