GORMAN IN NEW YORK; GETS WORKOUT TODAY IN MADISON GARDEN

By W. H. GOLDING,

Special representative of the Saint John Amateur Skating Association.

BOSTON, Mass., Jan. 13.—From the consensus of gossip at the table and in the club suite of Hotel Bellevue, it was gathered that the World's Championship meet in Saint John the last of the month is going to prove a strong magnet for many New England Canadians who well remember the halcyon days of Hughey McCormick, the Breens and latterly Merritt, Dalton, Bart Duffey and the other old timers.

Therefore there is every indication that when the Boston express rolls into Saint John on the 25th and 26th, it will empty itself of a surprising number of Yankee cousins, sisters and aunts to see the big doings at Lily Lake, and incidentally visit the homeland folks. Boston will probably send some of its sport writers as well, for Gorman's appearance in town today had been of short duration when a representative of a group of papers called upon him at the Canadian Club, got his sporting pedigree and lugged off a batch of photographs.

Yesterday, in Boston, Messrs. Gorman and Golding were entered a lunch by the Canadian Club there, followed by a theatre party. In the evening, they attended the Boston-Canada hockey match, but Gorman did not give an exhibition, owing to the professional character of the game.

SPECIAL EXCURSION.

In a telegram here, Mr. Golding reports that Gorman was interviewed for the Boston papers, and the big meet here was given much publicity. Mr. Golding said that the Boston and Maine had under advisement a project to run special excursions from Boston for the meet, but that the railway would require special newspaper advertising. This matter was talked over at the Monday meeting of the Saint John Skating Association executive today here.

HALF-HOLIDAY MATTER.

It was decided at the meeting to appoint a special deputation to wait on the Common Council with respect to a half-holiday for the meet. Reports on the ticket selling of the reserved section this morning showed that they are going steadily, with more than one-quarter gone already. Citizens are urged to get their tickets early.

RICKARD MAY COME.

A letter from "Joe" Page was read, advising that one of the newspapers, John Gribbes Pittsburg Post, could not come, but that the would take his place. Mr. Page said that Tex Rickard, famous sports promoter, was much interested in the meet here and that there was a possibility of his attending.

Gorman arrived in Boston Tuesday morning and with his party was met by W. Harry Allen, president of the New Brunswick Guides' Association, who has been in New England and New York State on one of his many winter missionary tours with moving pictures of our New Brunswick game and fishing exploits. Harry, true to form, had been in telegraphic communication with E. A. Schofield in arranging for a show of new fishing pictures to be pulled off at the same time as Gorman was received by the club. However, a fixture on the club's calendar prevented the exhibition of movies but Harry, Charlie and party were cordially received at the same and made very welcome at a large round table lunch.

GORMAN IS KEEN.

Charlie states that in all his travels he has not been more gracefully received or given better encouragement. In fact, the Gorman that he met at Jack the Giant Killer in New York on Thursday is a vastly changed Gorman as to state of mind. He is as cool as the proverbial cucumber and claims that in his earlier skating days his fitful outbursts of temperament used to upset him. Now he is perfectly at ease and went on to the fact that Rickard's new Madison Square Garden with no nervous strain but simply determined to do his best, come what may.

Some of Gorman's well wishers are a bit dubious about his performance in the three mile event but Charlie wants them to understand that he has he has specialised and done his best skating in the split distances, his coming within two seconds of the world mark in the three mile event a couple of years ago and his later performance of a credible character at this strenuous length, should hearten him for the New York test on Thursday, though he is not going to prophesy.

MAY NOT REMAIN.

There is some doubt as to Gorman's staying in New York for the Monday one mile event but strong influences will be brought to bear to have him do so at this distance should be more to his liking. The American papers are carrying a lot of pictorial sport chatter about Thunberg's debut and his international rivalry.

WATCH JOE MOORE.

As a matter of personal fact, Charlie is more leary of Joe Moore on this indoor sport than the Thunderbolt. He knows the redoubtable Joseph to be a supreme pat master of the intricacies of oblong courses with their short stretches and heart-breaking corners.

So between Thunberg's intoned intention of breaking into trans-Atlantic fame with a smashed indoor mark for 3 miles, the prospects of his starting at a killing pace—Joe Moore's speed and foxiness, the Canadian contender has got to dope out his own plans pretty carefully.

THUNBERG NO STRANGER.

Of course, Thunberg is no stranger to Charlie. He met him and chummed with him at the Olympiad over in Chaspenix in 1924. At that time the

REACHES NEW YORK.

NEW YORK, Jan. 13.—Charlie Gorman arrived this morning at Hotel Bristol in excellent condition and had practice spin at Madison Square Garden before lunch. He was cordially received by John Murray, of the local skating executive, and Joe Moore.

The newspapers are carrying considerable gossip about Thunberg's first competition in this country and Gorman seems to be the dark horse, as he has never appeared in the big city before.

Therefore, should he win Thursday at the longer distance he will create a sensation. However, nobody is making predictions and Joe Moore himself has no idea who might win.

Fin was in the very blaze of his European glory and what with his natural reticence and inability to speak English he could not get very close to the American-Canadian contingent or rather they could not fraternize with him. It is recalled that after his winning of the Olympic laurel making him the world's premier skater, the overseas boys pressed their congratulations upon him. Poor Thunberg—through an interpreter—did not know just what to make of so effusive a greeting. His enthusiastic Swedish—therefore made some comparison about "champagne and water" that the boys are still trying to figure out.

STRONG SKATER.

Thunberg is a powerful skater, Charlie says. He is thick-set, slightly shorter than Gorman and much the type of Norval Bapatie, the American western ice king of other days. He cuts a terrific clip and like all old world skaters, excels on the straight-aways.

8 PROGRESSIVES OPPOSE GOVT.

IF ALL VOTE, OPPOSITION IS IN MAJORITY

Crisis Develops Rapidly In Parliament At Ottawa

MARGIN NARROW

Meighen Will Face Difficulties If He Attempts to Carry on

Special to The Times-Star. OTTAWA, Ont., Jan. 13.—A crisis in Parliament is rapidly developing, and it is now generally stated that there are enough Progressives ready to support the Conservatives to upset the Government. It will be by a narrow margin, which means that if Mr. Meighen attempts to carry on with such a foundation his difficulties will not be less than those of the Liberals.

This morning it is known that eight Progressives are ready to pull with the opposition tomorrow.

THESE COMMITTED They are: Miss Macphail, Ontario; Lucas and Boutillier, Alberta; Beauchamp, Manitoba; Carmichael, Evans; Fansler and Campbell, Saskatchewan. This will give the Conservatives a majority of one, provided every group in the House is completely represented at the time of the division. It is possible that instead of voting with the Conservatives one or two, or even three of the above named might simply absent themselves from the House.

All this situation has been the result of feverish bargaining between these few Progressives and the Conservatives. Throughout yesterday they sought an undertaking that if Mr. Meighen came in there would be no election this year and they also sought some kind of a written undertaking from him that the tariff would not be raised this year. With these guarantees they feel free to vote the Conservatives into power.

BRINDLE FINED IN INSTITUTE CASE; ORGY THERE, SAYS COURT

Magistrate Henderson Speaks of Drunken Revelry on New Year's Eve; Comments On Manager's Acts; Tells of Good Influence Institute Has Had and Defines Liquor Law.

That in his opinion New Year's Eve was a night of drunken revelry at the Seaman's Institute, and that the defendant had been informed that there were drunken men on the premises before he left, and that he ought to have been attending to other duties as manager, instead of taking tickets for the dance, although he did not make any gain by reason of the men being drunk, was comment of Magistrate Henderson in delivering judgment this morning when he found him guilty of permitting drunkenness on the premises and imposed a penalty of \$100 or three months in jail.

In his judgment the magistrate paid a tribute to the work being carried out at the Institute. He also said that the small number of seamen arrested for drunkenness in this city was a tribute to the work the institute was carrying on.

D. King Halse represented the defendant while J. Starr Tait appeared for the prosecution.

TEXT OF JUDGMENT The judgment follows: It may be necessary to remind people that the Prohibition Act was passed in the year 1916, designed to suppress the traffic in intoxicating liquor in this province and has the same force of law as any other act or statute in our books and is just as much an offence to break its provisions as it is to violate any other law.

What are some of its provisions? No person shall by himself, clerk or agent, expose, procure or keep for sale or offer to sell liquor except for medicinal purposes and then only by persons duly licensed. No person shall publicly drink or offer to other persons liquor in a public place. No person shall keep liquor in any place whatsoever other than his own private dwelling house in which he resides without having a wholesale or retail license.

A private dwelling house is a separate dwelling actually and exclusively occupied and used as a private residence, whether or not it is a lodging house where there are more than three lodgers, or an inn, a tavern or hotel or other house of public entertainment, is not a private residence. Consequently it is illegal for liquor to be had or kept in any of these places and when it is found the person in charge is responsible.

SOCIETIES AND CLUBS. No society or club or association of any kind shall sell or keep liquor in any room or building occupied or controlled by such club or association. No prescription shall be furnished by a physician unless he has visited professionally such person and no prescription shall be given or liquor administered except in cases of actual need.

Liquor shall mean every spirituous or malt liquor and every wine and any and every combination of liquor that is intoxicating, and all liquors contained in a boarding or lodging house without having a license shall be deemed intoxicating liquor.

MUST NOT PERMIT. Primarily then these are the provisions in reference to the traffic in liquor. Incidentally other provisions are enacted which create offences and among them it is provided that no one shall permit drunkenness to take place in the premises controlled by him, or permit or suffer any drunken person to consume any liquor in said house or on said premises.

Inspectors are appointed whose duty it is to prosecute all offenders against any of the provisions of the act under penalty if they do not do so and by section 166, police officers, policemen and constables shall have full authority to, and it shall be their duty to

enforce all the provisions of the act. The provisions of the act are drastic and the machinery ample. There can be no good reason why the law should not be enforced as well as any other law if we are law-abiding citizens and not outlaws.

REVIEWS THIS CASE. In this particular case the facts are, that the Seaman's Institute, commonly called Mission, has for many years existed on Prince William street, intended to safeguard the sailor, providing him with a home to which he could resort and be removed from the temptations that prevail in city life. The managers have worked with a view of accomplishing the object for which it existed and the institution has been wonderfully successful. It has been a rare occurrence for a sailor to be in court, charged with drunkenness. I can offer no other explanation than that they have been safely sheltered in the building that was erected for them by public subscription and now so splendidly maintained by the provisions of the Navy League. Somehow or other this season a looseness has evidently crept in. How far back that date is uncertain. Reference has been made to the appearance on the night in question of a bag—that would account for three of the bottles, but does not explain why there should be some thirty others. Some labelled "whiskey," others "gin" and others undoubtedly liquor bottles, nor is there any explanation offered.

SAYS DRUNKEN REVELRY. We also have the evidence that when the police visited the place the help was cleaning up, and to that extent making the place look better than it had been. Men had been sick all over the place and had vomited over many beds and there is so much evidence of disgusting character that one can come to no other conclusion than it was a night of drunken revelry and later a veritable orgy, drinking, fighting and drunken sickness. The whole situation was positively opposed to the object, the spirit and the provisions of the act.

Who does the law as well as public opinion hold responsible? Why, the person in charge. But you say he had left the building before the crisis came. Suppose he had, a person cannot escape responsibility by moving away from it. Moreover, I am of the opinion that his assistant called his attention to the condition of things before he left—to which his answer was "perhaps things will quiet down before morning." It may be argued that the defendant had no guilty mind. Even if it could be regarded as a bona fide mistake as to the condition of the drunken persons, that would not be a defence. It could only be considered in mitigation of penalty. The general scope of the act is for the suppression of drunkenness.

SPEAKS OF MANAGER. In old time and as applicable to the common law the maxim of "mens rea" had general application, but modern times have seen the growth of a new doctrine, and it shall be their duty to

Province Will Oppose St. Lawrence Waterway Scheme, Premier Declares

Canadian Press. QUEBEC, Que., Jan. 13.—There will be no export of hydro electric energy to the United States from the Province of Quebec, although Quebec stands ready to co-operate with other provinces for the development of its natural resources and pointed to the fact that the aluminum companies of America were spending one hundred million dollars on the Saguenay River, as justifying a recent address of prohibition the United States from getting hydro power from Quebec sources.

This was reaffirmed last night in the Quebec Legislature when Premier Taschereau speaking during the debate on the address in reply to the speech from the Throne, dwelt at great length on the advantages accruing to the province through the conservation of its natural resources and pointed to the fact that the aluminum companies of America were spending one hundred million dollars on the Saguenay River, as justifying a recent address of prohibition the United States from getting hydro power from Quebec sources.

"The bankruptcy of the Volstead Act" in the United States, was also cited by Premier Taschereau in support of the Quebec Liquor Law.

He referred to a recent address of Dr. Nicholas Murray Butler, president of Columbia University, New York, as showing how many distinguished men in the neighboring Republic viewed the matter of prohibition.

"Where the United States has failed, Quebec's revenue from this source amounted to \$5,000,000 annually, he said.

WATERWAY OPPOSED. Quebec would also oppose the St. Lawrence waterway project, being willing to impose a further immense debt on the Federal Government, a large part of which would have to be paid by the people of this province. The recent decision of the Imperial Privy Council, which vested the bed of the river in the province, through which it flowed, provided Quebec with a formidable arm as far as the St. Lawrence was concerned, said the Premier.

BRINDLE FINED IN INSTITUTE NEW YEAR CASE

Continued from Page 1. Statutes are drawn with greater precision, and the substance of reported cases is that it is necessary to look at the subject of each act, and if in some sections the word "knowingly" appears, it cannot be read into others where it does not appear, and the general scope of this act is to absolutely repress drunkenness, but apart from that, it is the opinion of the defendant's assistant that the defendant should have had his name struck from the roll of members of the institute, and a manager is a person appointed or elected to manage the affairs of the institute. The defendant, selling and taking of tickets took the time and attention of the defendant which ought to have been given to things vastly more important, which should have had the first claim. Had that been done the chances are that the very much regretted result would not have occurred.

JUDGMENT CRITICIZED. It is not to be discovered under the evidence that it was with his desire that he made any gain by reason of these men being drunk, but I am of the opinion that in law the defendant permitted drunkenness by not using proper judgment. The penalty provided ranges from fifty to two hundred dollars. In imposing the penalty I am about to impose I take into consideration his previous record and other features that appeal to me and want it to be understood that it is not in any way to be taken as a precedent to bind me in the future when facts may be argued as similar. I adjudge the defendant guilty, and charge, and fine him one hundred dollars, and in default of payment that he be imprisoned in the common jail for three months.

QUEBEC, Jan. 13.—Church union is once more before the Quebec legislature with the introduction in the Assembly by W. S. Bullock, M. L. The bill merely recites the fact that Federal legislation has been secured, and that the legislature is asked to supplement such federal law. There is nothing in the bill as introduced, to deal with special features of the remaining Presbyterian church, but it is in that matter that the question will be raised when the bill is before the private bills committee for discussion. The legislature is pledged to the principle of a church union bill, in virtue of its unanimously passed resolution of last session.

Convicted Murderer Happier Than Before

MANCHESTER, Jan. 13.—"I think what has taken place is only what should be. I am happier than I have ever been." This was the last message left by a condemned man who had been convicted for murder. Although married, he was keeping company with a woman for two years, and when he saw her out one night with a sailor, he stabbed her. The trial lasted only four minutes, the prisoner pleading guilty and refusing a defence. The Dean of Manchester paid a compliment to his exemplary conduct in prison while waiting for the day of hanging.

BOYS MISSING. It was announced today that Walter Driscoll and Michael Martin, about 16 years of age and of the Boys' Industrial Home, left a team belonging to the home yesterday and have not been heard from since. Harold Donald, who had escaped from the Boys' Industrial Home about two weeks ago with another lad, was found early this morning in a house in Waterloo street by Detective Saunders and Policeman Lobbs. He was sent back to the Home by the magistrate this morning.

Seven Workmen Hurt In Boston Crash. BOSTON, Mass., Jan. 13.—Seven workmen were injured when a part of the historic Parker House, which was being razed to make way for a modern hotel building, collapsed today. Two floors of the old building, which had been in process of demolition for several weeks, caved in suddenly, carrying a gang of workmen down in a heap of debris. Those caught in the avalanche of beams and lumber were at work on the second floor.

PERSONALS. Miss Grace Fairweather, daughter of Mrs. J. C. Brown, 141 Adelaide street, has returned from Montreal, where she visited her aunt, Mrs. J. S. Warrick. GOOD THINGS COMING TO THEATRES OF SAINT JOHN

The Unwanted Child

Opera House Last Half of This Week—Every Woman Should See This Play—Matinee Friday and Saturday at 2.15. The popular Balfour Stock Co. which is now playing at the Opera House, will present for the first time in Saint John the sensational dramatic play "The Unwanted Child." It is not a problem play, but a comedy-drama of our everyday life, a clean, moral play with an excellent cast.

Irish Story Made Over In Ireland

"Irish Luck," Tom Meighen's alluring picture, tonight and Thursday at the Imperial, is of more than ordinary interest. In the making of it the popular star was sent to Ireland with his charming little leading lady, Lila Wilson, and other Hollywood players, and further supported by some of the best actors and actresses of the Emerald Isle. Many of the scenes in Dublin City and picturesque rural sections on the dear "old sod." This was an enterprise on the part of Paramount Pictures that has been well repaid, for everywhere "Irish Luck" is being shown it is being enthusiastically commented upon for its scenic and travel-value as well as its genuine atmosphere and entertaining story. The Imperial's orchestra and organist can be depended upon to give "Irish Luck" its natural setting in the lilting airs of the land of the Shamrock.

HEAR OF GOOD YEAR

Sunshine Class Members Listen to Reports—Elect Mrs. M. R. Pitt President. The annual meeting of the Sunshine Club of the Tabernacle Baptist Church was held last evening in the church vestry. The treasurer's and convener's reports were very encouraging reports on the year's work. The election of officers was as follows: Mrs. M. R. Pitt, president; Mrs. A. B. Kierstead, vice president; Mrs. H. Lowe, second vice president; Mrs. Ella Needham, secretary; Mrs. M. E. Pattington, treasurer; Mrs. Harlow, convener of the sick committee; Mrs. C. E. Belyea, convener of the social committee; Mrs. T. Owens, convener of the visiting committee; Mrs. D. Perry, treasurer for the flower fund. A social hour was enjoyed by the large number of members present. An interesting feature of the evening was a presentation to Mrs. George Gray, for having sold more than 100 scripture text calendars. Refreshments were served by members of the class. An invitation to hold the next meeting at her home, was extended by Mrs. J. Estey, Metcalf street.

Just a Chat. We hope we won't appear to tell tales out of school by giving an opinion that 99 merchants out of 100 are in business mainly to make a fair living with the hope that each year will show something saved up. In time they hope to own all of their stock, which meanwhile has been obtained largely on credit. The great majority hold to a modest ambition of this size and keep satisfied with a steady trade, not being stirred up much about multiplying its size. Once in a while, however, you meet a merchant who sets himself a new high mark every year, a merchant who hates to stand still. If that man's business is run right his extra energy and driving ambition build him a business so big he can buy in huge quantities for cash. Thus he gains an advantage and can give such value for the money that none can meet his offers without losing money.

SAINT JOHN MAN IN HIGH PLACE IN TRADE DEPT.

Wendall Clark Heads Commercial Intelligence Branch in Canada's Service

WAS TREATY MAKER FOR THE DOMINION

Impressed All in a Speech Made at Conference in Winnipeg

Another Maritime Province man who is making good in Canada is Wendall Clark, of the Trade and Commerce Department, Ottawa.

At Winnipeg, Mr. Clark was followed with the closest attention by the leading business men of Canada and was a speaker at that meeting.

ONLY 34 YEARS OLD.

Mr. Clark is but 34 years old, as he was born in 1892, in Saint John.

NEGOTIATING TREATY.

In December of 1923 Mr. Clark was given by the Minister of Trade and Commerce the important task of going to Spain on a special mission to negotiate a commercial treaty between Canada and Spain.

PUBLIC APPOINTMENT.

Soon after his graduation, and in the same year as that event, Mr. Clark, on the recommendation of the president of Toronto University, was appointed by Sir George E. Foster to be a junior trade commissioner.

SERVICES ABROAD.

While carrying on his European duties, Mr. Clark, in 1919, represented the Canadian Department of Trade and Commerce at the Lyons fair, where Canada had large representation in a section of 72 stands.

that country. In the next year his duties took him, for a like purpose, to Egypt, and there was published by him a booklet on trading with the people of that country.

PAYS VISIT HOME.

Mr. Clark had opportunity to visit Canada in 1920 on an official homecoming and he returned to Italy in the following year.

TAKES OBJECTION.

H. M. Hooper wrote objecting to the early date of the first call for tenders, pointing out that no delivery date was specified.

ON DELICATE MISSION.

The Saint John man's success won for him still further recognition, and in June, 1923, he was chosen by the Minister of Trade and Commerce for a delicate mission to Greece, where he had in hand negotiations for the removal of restrictions on Canadian imported flour.

A. M. BELDING RETURNING.

Many will be glad to learn that A. M. Belding, who was taken seriously ill with pneumonia while visiting his son in White Plains, New York, before Christmas, has sufficiently recovered to permit him to travel.

ELECTED VICE-PRESIDENT.

Mrs. A. B. Fowler was elected first vice-president of the Willing Workers of the German street Baptist church at the annual meeting on Tuesday night.

OPEN TENDERS FOR EQUIPMENT

Twelve Bids Received by Vocational Committee for Two Departments

Are Referred to The Advisory Committee—Eight Come From Local Firms

Twelve tenders for the equipment of the electrical and motor mechanics departments in the Saint John Vocational School were opened at the meeting of the vocational committee yesterday afternoon and two tenders, which were received after the specified time, were ordered returned to the senders.

THOSE AT MEETING.

Dr. L. M. Curran, chairman, presided at the meeting. Others present were E. B. W. Ingraham, John McKinnon, Thomas Nagle, T. B. Carter, A. Wilson, Fletcher Peacock, the director of the school, A. Gordon Leavitt, secretary, S. A. Gifford, acting superintendent of city schools, and W. B. Main, of the provincial vocational department.

The firms which tendered were as follows: City firms, Canadian General Electric Co., Ltd., H. M. Hooper, Canadian Fairbanks-Morse Co., Ltd., Maritime Radio Corporation, Emerson & Fisher, Ltd., A. R. Williams Machinery Co., Ltd., The James Robertson Co., Ltd. and E. S. Stephenson Co., Ltd.; Montreal firms, Rudel-Belnap Machine Co., Ltd. and Maloney Electric Company of Canada, Ltd.; Culliton & Foster, Ltd., Toronto; and the Northern Electric Company, Halifax, and the other firms which sent tenders.

Mr. Peacock was asked to draft an outline of the specifications and he told of what had been done in drawing up lists of equipment for the home economic department of the vocational school and planning the layout of the laboratories.

J. A. Grant & Co., Ltd., contractors for the school quoted \$665 for plumbing and electrical connection of the equipment in the laboratories.

Regular meeting of the Ladies' Auxiliary of the Brotherhood of Railway Carriers and Drivers, held at 7:30 p.m. Thursday evening. Present: Mrs. J. H. Bennett, Tyler, G. T. Hay, organizer, T. C. Cochrane.

There are 27 enrollees in the series of practical courses in automotive electricity and oxy-acetylene welding and cutting, now being held in the Saint John Vocational School for garage men and trade workers under the direction of the New Brunswick Vocational Board.

Ten members of the students are taking the welding courses and 17 the electricity courses. As it is only necessary to have 20 students enroll for the classes to be held the number registered is considered very gratifying.

W. B. Main is giving the instruction in automotive electricity and supervising the course and B. W. Kelly is instructor in welding. The class is held from 9 to 12 a. m. and from 1 to 4:30 p. m. each day and will run until March 9.

MIGRATION PLANS TOLD N. B. CABINET

W. R. Little, of Ottawa, Outlines Proposals For Securing Settlers

FREDERICTON, Jan. 12.—A number of appointments and dismissals were made at the meeting of the Government here this afternoon and evening Premier Baxter announced, most of them of minor importance.

W. R. Little, of Ottawa, representing the Federal Immigration Department, outlined recent proposals for securing immigrants from Great Britain, speaking particularly from a New Brunswick viewpoint.

Mr. Frank D. Comeau, West Bathurst, N.B., writes: "I had a very bad cold and cough that settled on my lungs, and I thought that I would never get rid of it."

One day a friend spoke to me about your wonderful remedy, so I sent and got a bottle of it, and after the first dose I took I got relief, and by the time I had finished the bottle I was completely relieved of all my trouble."

SAINT JOHN, N. B., JANUARY 13, 1926.

THEY GET ALONG.

In its news columns to-day, The Times-Star presents a sketch of the career of Mr. Wendell Clark, a native of Saint John who has risen to a high position in the Dominion Department of Trade and Commerce, and whose address was one of the outstanding features of the recent conference in Winnipeg.

the capacity to get on in the world. When Mr. Garvin says Colonel Harvey's obituary of John Bull is premature, there are some 40,000,000 people in the British Isles and some hundreds of millions in the Empire at large who will agree with him.

Gorman, the Middle Atlantic champion, will meet Thunberg, the Olympic winner, and Joe Moore at Madison Square Garden tomorrow night at the three-mile distance. This will be Thunberg's first appearance in competition since he arrived in the United States. At the championship meeting here there will be tests at all the distances.

Mayor Foster of Toronto, who was re-elected at New Year's, appeared at the first meeting of the new Council on Monday morning last in evening dress. "A new precedent," says the Toronto Star. Apparently with the idea of explaining the Mayor's action, or intimating that there is no satisfactory explanation, the Star presents the following:

Odds and Ends

How They Start

How do the good stories which pass from mouth to mouth originate in the matter of speculation. In a recent number of the Literary Supplement of the London Times there is related a fine incident of the manner in which the world's best anecdotes get started and acquire their snap and pungency regardless of what has really happened.

It has often been said that the Maritime Provinces export brains. It is certainly true that a noteworthy percentage of the men who have achieved eminence in many walks of life in the other provinces, and in many parts of the United States, were born in the Maritimes. It is a matter for much regret that we have not been able to retain more of these talented sons and enlist them in the work of making their native provinces greater, but since they have gone farther afield in search of opportunities it is a matter of pleasure and pride to record their success.

"JOHN TO JONATHAN."

Mr. J. L. Garvin, editor of the London Sunday Observer, has made a characteristic English reply to Colonel George Harvey's recent lamentations over Great Britain. Colonel Harvey, whose observations were well intended but unduly gloomy, made a plea for sympathy for Great Britain, as a country distinctly on the down grade. Mr. Garvin's reply is entitled "John to Jonathan—The Premature Obituary."

He suggests that Colonel Harvey ignored many of Britain's material and moral assets when he pictured the country as struggling under an insupportable load. And Mr. Garvin says pointedly: "The real trouble is one that no human wisdom could foresee. We never dreamed we would have to pay America without being paid ourselves. That is where we are hit. Equal squaring of accounts all round would have left us well on the right side. As it is, we are some 280,000,000 annually to the bad—a pretty sum for a country not one-fifth as rich as the United States."

Mr. Garvin predicts new developments in the line of economic co-operation in Europe which, he intimates, will move them toward the United States in

Dinner Stories

AN Idaho storekeeper tells the following tale of Ole Olson, who later became the little town's mayor: "One night, just before closing up, Ole, hatless, coatless and breathless, came rushing into the store, all droppin' on his knees yellin', 'You, You, hide me, hide me! Ye Sheriff's after me!'"

"I've no place to hide you here, Ole," said I. "You moost, you moost!" screamed Ole.

"Crawl into that gunny sack then," said I. "He'd no more gotten hid when in runs the sheriff."

"Seen Ole?" said he. "Don't see him here," said I, with-out a grin.

"Then the sheriff went a-noshin' round an' pretty soon he spotted the gunny sack in the corner."

"What's in here?" said he. "Oh, just some old harness and a sleighbells," said I.

"With that he gives it an awful boot. 'Yingie, yingie, yingie!' moaned Ole."

AN IRISHMAN once lined up his family of seven giant-like sons and invited his clerk to take a look at them.

"Ain't they fine boys?" inquired the father.

"They are," agreed the visitor. "The finest in the world!" exclaimed the father. "An' I never laid violent hands on any one of 'em except in self-defence."

IS YOUTH HAPPY OR SAD?

IT IS customary to call youth the happy, and age the sad part of life. Is this really true? Probably it would be true if it were desires and passions that made a man happy.

IN GENERAL, and apart from individual circumstances and particular dispositions, youth is marked by a certain melancholy and sadness, while general sentiments attach to old age.

SALVAGE CORPS CHIEFS CHOSEN TO LEAD AGAIN

K. J. MacRae for No. 1; C. A. Cunningham No. 2

ANNUAL MEETINGS HELD LAST EVENING

City Corps at 87 Fires; North End 53—Details Given

No. 1 Company Salvage Corps and Fire Protective Police celebrated its 44th anniversary with a banquet in their rooms Union street, last night, previous to the annual meeting...

Following a well served dinner, conducted by Charles Robinson and Dr. B. A. Langstroth, Captain MacRae welcomed the guests and gave a brief sketch of the company since its organization in 1882...

SECRETARY'S REPORT E. P. Howard, in his report as secretary of No. 1 Corps said: "In the year that has just passed nothing very exciting has transpired, yet I cannot help but feel that since our last annual meeting the corps has not stood still, but has had a period of quiet activity, and in that time gone ahead and improved materially, showing in general discipline and also in the increased interest taken by the officers and members in the line work of the corps..."

GLANCE BACKWARD "Perhaps a brief resume of the corps history during the period that has elapsed might be of interest to the newer members of the corps, for upon looking back I find that enough members have come and gone to make several companies as large as the present one. Members have been with us for a time and have departed, many resigning for business reasons, many having gone to other centres of activity and many others also having gone to their last long rest."

FIRES OF 1925 "The year that has just closed has not been a very strenuous one although there were some rather serious fires particularly during the opening months of the year. The number of fires being about the same as the previous year when we responded to 85 alarms against 87 alarms during the present one."

Up Pike's Peak In Winter

Rockets fired when Rev. George W. McDonald and ten hikers, members of the AdAmAn Club of Colorado Springs reached the top of Pike's Peak after a two-day climb. The fireworks dispersed, threatening cloud banks that hung over the peak and relieved watchers who had feared for the safety of the expedition. Above, a remarkable photograph of the fireworks display on the peak. Below, the party climbing through deep snows.

J. B. ROBINSON LEAD. "The usual statement showing attendances at meetings and fires has been posted on the board and from this can be seen that several of the members have been most faithful in their attendances. J. B. Robinson responded to 78 alarms; W. A. Charlton, 77; Foreman C. A. Christie 70; Foreman E. E. Dykeman 64; Charles Robinson 61; Capt. K. J. MacRae 58; Foreman W. E. Campbell and the secretary 51; N. A. Hornbrook 50; and F. J. Newcombe 49."

"We have had our full quota of 12 regular meetings, the attendances, especially during the winter months, being above the average and keen interest shown by the members in the conduct of the corps' business. Fred Doig did not miss any meetings. The secretary, Foreman Dykeman and W. J. Currie attended 10; Captain K. J. MacRae 9; Foreman Christie and S. B. Lordly, 8, and Dr. Langstroth, F. Newcombe, J. B. Robinson and W. A. Charlton 7."

"As a nearly as can be figured in an impartial way the average attendance at any one fire would appear to be 17 and at any one meeting 16, and the operations of the corps for the year 1925 might be summed up as follows: Responded to 87 alarms, worked 79 hours and spread 176 covers, the numbers of covers spread being nearly double of last year when we spread 79 covers."

SOCIAL FEATURES. "The social side of the corps' life has not been neglected and at the annual outing held August 20, 1925, there was a large attendance of members and guests and an enjoyable time was indulged in by all. The Monday evening social evenings, held during the winter months were also fairly well attended and thoroughly enjoyed. Affairs of this nature tend to entice a better spirit among the members and foster a more harmonious feeling of interest in all that pertains to the welfare of the corps. I am sure that it will voice the feelings of the officers and members that this will long continue for in any volunteer organization such as this it is always better to work together in hearty accord."

In conclusion I would again commend to all officers and members alike the corps and its aims. This company, the premier company of Salvage Corps in this city, has stood the test of time for a great many years, and during that period, like a great many other volunteer organizations, has had its strenuous times, through which it has safely passed, and it should be the ideal of every member to work intelligently and faithfully, with moral as well as physical courage, to strive unflinchingly to keep old No. 1 Company where it has always been, right in the foreground, and an organization that could always be relied upon to perform whatever duty the fire service demanded. As I expressed myself once withing without remuneration, and the

Over Million and Half Items Handled at Local Post Office During Christmas Season

WORD was received yesterday from Ottawa that during the Christmas season at the end of 1925 it is estimated that 1,610,000 items were handled by the post office of Saint John, according to figures just compiled. The increase in these is 10 per cent, while there was an increase of 19 per cent in the number of parcels handled. The receipts from postage in the

Christmas season at the local office were \$53,949.69, as compared with \$33,052.27 in 1924, or an increase of 3 per cent. At Moncton the postage revenue in the Christmas season of 1925 was \$65,117.98, an increase of 24 per cent over the previous year. The postage revenue at Halifax was \$53,864.26, as compared with \$47,591.57, an increase of 13 per cent.

MEIGHEN, IF VICTOR, WOULD TRY TO CARRY ON WITHOUT ELECTION

Progressives Want Understanding With Conservatives on Tariff Question—Bourassa Appeals for True Canadian Spirit—Debate Continues Today

OTTAWA, Jan. 12—Hon. Hugh Guthrie, Solicitor-General in the Meighen administration, definitely announced in the House to-night that, if the Government were defeated and a Conservative administration formed, Rt. Hon. Arthur Meighen would endeavor to carry on from session to session without dissolution and would do so just so long as he received parliamentary support. Some significance is attached to this statement of Mr. Guthrie that has been spoken as another gesture towards the Progressives, who are strongly opposed to another Federal contest this year.

Whatever success the Progressives will have achieved in dealing with the two major groups will be disclosed on Thursday, when a vote is expected. Mr. Guthrie declared, in making the statement given above, that he spoke in the presence of his leader, Mr. Meighen and with his authority. Mr. Guthrie went on: "Honorable members who form the Progressive group in the House will realize that their position will be just as strong under a new administration as it is

under the present one. They will occupy the same dominant position in the councils of this House which they do today. If a new government were formed and legislation satisfactory to them introduced and proceeded with there is no reason why such government should not continue until the end of the parliamentary term. But they have this safety valve: should legislation introduced be not acceptable to them, then on account of the peculiar position which they occupy, they would

service at times may be strenuous and have its discomforts, but it has also its compensations, and the sense of satisfaction derived from duty well done is better after all than the plaudits of the people."

20 YEARS SECRETARY The report just read is the nineteenth annual report that I have had the privilege of presenting to this corps, and rounds out 20 years in the office of secretary. I think all will agree with me when I state that I have had more than my tenure of office and I would be greatly obliged in being relieved from the duties, as I find that I cannot give the office the attention it demands. I make this request with only one object in view, the welfare of the corps, as I realize that its interests could better be served by some other member. I will gladly relinquish the office, friends with all the members, glad to have had my small share towards furthering the interests of the corps, and ready and willing to step down and take my place in the ranks and perform the work as called for by the Salvage Corps with unabated enthusiasm.

"I again have the officers and members to thank most heartily for courteous consideration extended during the past year. The following officers were elected: Captain K. J. MacRae; lieutenant, George Farren; secretary, E. Percy Howard; treasurer, E. A. Ellis; Corps surgeon, Dr. L. A. Langstroth; foreman No. 1, C. A. Christie; foreman No. 2, E. B. Dykeman; foreman No. 3, R. E. Geldart; foreman No. 4, J. B. Robinson."

NO. 2 COMPANY. The 28th annual meeting of the No. 2 Company, Salvage Corps and Fire Police, was held in their rooms, No. 5 Fire Station, last night with Captain C. A. Cunningham in the chair. The financial report showed the company is in good standing. The secretary reported that the company had responded to 53 alarms during the year, spread 43 covers and worked 334 hours. Among those present at the meeting was a charter member, R. Parker Hamm, and H. G. Harrison, who are just as active and keen in the work as when they first joined the company. The following officers were elected: Captain, C. A. Cunningham; lieutenant, T. A. Armour; secretary, A. S. Walker; treasurer, Charles Sullivan; Corps surgeon, Dr. P. C. Thomas; foreman No. 1, F. W. Hamm; foreman No. 2, Fred Campbell; foreman No. 3, George Coupe; foreman No. 4, Charles McConnell.

At the conclusion of the business meeting the members and guests enjoyed cards and smokes and refreshments were served.

British Trade Marks Infringed In East LONDON, Jan. 13.—The Federation of British Industries and the Trade Marks, Patents and Designs Association are co-operating in an attempt to protect British trade marks in the Far East.

There is stated to be an excellent trade mark law in Japan, but it does not prevent the copying of British trade marks, names and designs. It is the endeavor of the two associations to persuade the Government to take action where such an infringement takes place instead of, as at present, each case discovered being dealt with by individual firms.

Yesterday In Parliament

IN THE SENATE—Debate on the address in reply to the speech from the Throne was opened. New Senators were welcomed.

IN THE HOUSE—The debate on the non confidence amendment was continued. Those taking part in the debate were: H. Bourassa, Hon. Hugh Guthrie, Hon. Charles Stewart, C. W. Bell, Miss Agnes Macphail and M. N. Campbell.

have the remedy in their own hands." DEBATE CONTINUES TODAY.

A speech by Henri Bourassa, Independent, of Quebec, featured the afternoon sitting. Mr. Bourassa urged a broad Canadian spirit, that Canada should become Canadian and not British in name and Yankeeified in spirit. Hon. Charles Stewart, Minister of the Interior, argued that the Government was maintaining the authority of Parliament.

Two Progressives, Miss Agnes McPhail and M. N. Campbell, of MacKenzie, spoke during the day, but gave no definite indication how they would vote. The debate continues tomorrow afternoon.

GIRL, 15, IS ONE OF WORLD'S RICHEST

Barbara Hutton Has Some \$30,000,000 of Woolworth Money

NEW YORK, Jan. 13.—Fifteen-year-old Barbara Hutton, granddaughter of the late Frank W. Woolworth, has rung up one hundred million dimes on the cash register of the five and ten-cent store business he founded.

Her representative has sold more than \$10,000,000 worth of F. W. Woolworth Company common stock which she inherited from her grandmother. It was one of the largest private sales of common stock in the recent history of Wall Street.

Barbara still has about 35,000 shares of Woolworth stock remaining from her inheritance, and the proceeds from the sale in the open market of 30,000 more of her shares about a year ago. With the increased valuation of her holdings, it is estimated her total inheritance is approximately \$30,000,000, making her one of the richest girls in the world.

She is the daughter of Franklin L. Hutton, a broker, and Mrs. Edna Woolworth Hutton, who died in 1917. Her inheritance came from her grandmother, widow of F. W. Woolworth, who died in 1924.

In Parliament Today

THE SENATE will sit. IN THE HOUSE—The debate on the non-confidence amendment of Mr. Meighen will be resumed by C. G. Power, Liberal, Quebec South.

Jewel Shop Bandits Are Soon Rounded Up

BUFFALO, N. Y., Jan. 13.—Within 30 minutes after the jewelry store of David Gross had been robbed the police arrested two men and recovered the loot. The suspects were seized in different places of the city before the robbery had been reported to the police. Both were taken into custody because they acted suspiciously. The men arrested were Michael Marston and Edward Frigant, both of this city. They are charged with smashing the store window and taking several thousand dollars' worth of diamonds and other valuables.

The Learned Profession of Home-Making Combines Five Jobs in One, and the Woman Who is a Successful Wife and Mother Must Also Be a Financier, General Diplomat, Artist and Poet.

NO COMPLAINT is more general—possibly no belief is more prevalent among women—than that a woman of intelligence wastes her energies and her abilities in being merely a housekeeper.

Following the domestic arts is a despised calling, held in such contempt by the majority of women that they never take the trouble to achieve success in it; and yet there is no other occupation under the sun that requires so many and such varied talents as does the learned profession of home-making.

Did you ever think what a woman must be in order to create and carry on a happy and prosperous home?

CONSIDER: She must be a financier. There can be no peace and pleasure in a home where the wife is always howling under the window, and the bill collector hammering on the door.

There are, of course, a few men in every community who are such gifted money-makers that they can annex more coin than any woman can spend, but for the great mass of ordinary, industrious, hard-working humanity the wife settles the financial status of the family.

DOROTHY DIX

It is her ability to handle money, her knowledge of where to spend and where to economize, her knack of making a dollar buy a hundred and five cents' worth and get a blue trading stamp thrown in to boot, that is at the foundation of every prosperous home.

WE DON'T hear anything about it, because the woman doesn't know herself how awfully clever she is, but the majority of women in this country are doing marvels of financing in the way they make both ends meet in their housekeeping allowance, and keep up appearance, that entitles them to qualify in the Rockefeller class.

She must be a general. She must know how to command. She must know how to set all the multitudinous wheels of household machinery in motion and be able to keep them moving without friction.

She must be able to enforce obedience, inspire enthusiasm, plan campaigns, forestall her enemy, be fertile in expedient and subtle strategy.

Any woman who maintains a comfortable and well-ordered home, the kind of a home that we like to visit, and who raises a nice family and marries her daughters off well, could give the commander-in-chief of the army points on generalship.

She must be a diplomat. The husband question, the children question, and the servant question are not to be handled without gloves. There is no hour of the day that she is not called upon to deal with some problem that requires the finesse of a Talleyrand.

She must be able, if the white-winged dove of peace is to brood over the home nest, to deal with her husband's prejudices, and circumvent them so delicately that he will never know that he is being induced to do the thing that he swore he would never, never do.

She must assert her authority over the growing boy with such cunning that he does not perceive that her fine Italian hand is on the choker holding him tight and steady.

She must be able, without the girls dreaming that she does it, to insinuate a doubt, drop a word of ridicule, imply an impossibility that will keep her daughters out of entangling alliances, and steer them toward the reciprocally profitable matrimonial treaties they should make.

ABOVE ALL, she must be able to see most when she is apparently stone blind, to hear everything when she seems to be deaf as the adder of the Scriptures; to be most on guard when she looks to be sleeping at her post, and to be most chaperoning her daughters when the onlooker and the girls themselves would swear that she was most giving them their liberty.

She must know how to tread very softly if she keeps off the corns of her servants, for whether a woman is agreeable or disagreeable in the home her children are bound to stay with her, but it is the blessed privilege of Mary Ann and Bridget and eke of Hulda and Dinah that they can pack their trunks and go.

Only the very quintessence of diplomacy renders a mistress persona grata to the kitchen, and the woman who preserves friendly relations with that most understood the Alpha and Omega of how to make a jolly cover the discipline of a martinet.

Any woman who, when she is 50 years, has a husband who thinks her a Solomon in petticoats; grown children who quote mother's opinion, and a cook who has been with her five years, is fitted to be Ambassador Extraordinary and Minister Plenipotentiary at the Court of St. James, and nothing but the stupidity of a nation that believes that breeches and brains are synonymous terms keeps her out of the job.

She must be an artist. It is the woman's province to create the beauty of the home. This is true whether it is the palace of the millionaire or the three-room flat of the day laborer.

Every room that she arranges is a picture, just as much as if she painted a Dutch interior on canvas.

She must be a poet. A home is not merely a place of shelter and food, it is a thing no less of the spirit and soul, and a woman must put into it the passion of heart, and the joy of creating just as truly as a poet must put them into his song.

To make a home that is beautiful, that breathes the spirit of home, that is a haven of peace and rest to those who live in it, and that is a glimpse of Paradise to the stranger who is bidden within its gates, is a profession the most exacting in which any woman can engage, and it is one that calls for the most number of talents. Also it is the most profitable, for within it are made the men and women who go forth to bless the world.

AND the wonder of wonders is that so many just plain ordinary women are doing it, and the greatest marvel of all is that they do not realize what a glorious thing they are doing! DOROTHY DIX.

Lacy Dresses, Matching Hats, For Weddings

By MME. LISBETH
IF YOU are a prospective bride and are looking for ideas for unusual frocks for your bridesmaids for the coming wedding, you cannot do better than look over some of the creations designed for the actresses playing in some of the current theatrical productions. If you cannot see the actual plays and the costumes worn therein, you may see some pictures that may at least give you some ideas.

Another pretty dress with infinite possibilities is made of pistachio green chiffon and white princess lace. There is a lace yoke that is veiled by a sear-like arrangement of the long sleeves are attached. The frock has a long waistline and a back apron effect which ends at the waistline in a cluster of silk orchids. The heading of the lace

ruffles introduces another color—it is piped with peach colored binding. The picture hat is of the same pistachio green chiffon and lace as the dress. For the bride's trousseau is a charming negligee fashioned of "moonlight" crepe. Both plain and printed crepe is used in its composition. The sleeves are of the butterfly variety of plain crepe while the negligee proper is printed in a large flower pattern. A bunch of flowers fastens the gown at the waist. As for the bride's lingerie, it is said that smart women are wearing lace chemises and combinations, and that many of these filmy things are of costly real laces.

Fashion Fancies

By Marie Belmont
Soft navy rep is the material chosen for the smart cape frock above.

The dress is made straight, with an inset pleat at the front and trimmed with flat bands of red rep. The little short cape is lined with plaid rep, which repeats the red note in combination with royal blue. The cap may be worn with the frock, or the frock may be worn separately. Cape dresses are featured for wear in the South, and many of them have short, applied capes that flash the back only.

DAILY MOVIE SERVICE
News Notes From Movieland

By Daisy Dean
IF VERA REYNOLDS wants a job as a jockey, Bob Cox, English jockey, is willing to give her a recommendation. When Miss Reynolds was given a part in "The Million Dollar Handicap" the script called for her to win a race in competition with professional jockeys—and she couldn't even ride. She thought her difficulties were over when she hired Cox to coach her, but, alas, he talked a jargon of the tracks that needed interpretation.

At the end of the week Vera became so proficient in race track slang that the pair undertook each other perfectly. She made her first appearance on the screen when 13, playing in Gayety, Charlie and Senett comedies. After "Universal" gave her a part in "Hearts of Oak" Paramount signed her for their stock company on the strength of her performance in that production.

Margaret Livingston's first starring picture for Fox is "Hell's Four Hundred."

Alma Rubens and Edmund Lowe have the romantic leading roles in "Siberia," a melodrama of the Russian prison camps.

Most motion picture stars don't want their children to follow in their footsteps. Claire Windsor doesn't allow her six-year-old son to be in the studio. Bill Desmond emphatically insists that his daughter will never become an actress.

ADVENTURES OF THE TWINS

By OLIVE ROBERTS BARTON

THE SHOCKING OLD LADY. When nightfall came, Inch o' Pie and the Twins drove the little house in the woods.

The poor geese had become tired of flying, for even blue geese, who fly much better than other geese, like to walk once in awhile.

Inch o' Pie pulled on the reins and yelled "Whoa," and they all stopped in front of the funny little house in the woods.

"Perhaps you can stay here all night," said the little fairy. "I'm pretty tired, my dears, and I know you are, and this little house looks good to me."

"What can I do for you, my friends?" asked the little old lady. "It's a cold night for strangers, to be wandering in the woods."

"Right you are, Ma'am," said Inch o' Pie, "and if it won't put you out too much, could you take us in."

"Oh no!" laughed the little lady merrily. "Must be put out to let you in?" "We didn't mean that, if you please," said Nick quickly. "We thought there might be room for us all."

"Well, come in anyway," said the little old lady. "And bring your geese. But I have little to eat but sugar and a bag of candy. I have only one tooth left and it is a sweet tooth. That's why I have candy."

"We have food," said Nancy taking a small basket from her arm. "We can share with you."

For indeed the Fairy Queen had sent them their supper by Silver Wing, all packed so neatly that nobody but a fairy could have done it. I happen to know that Puff, the Fairy Queen's fat cook, fixed up the supper, and when he heard it was for Nancy and Nick, who had helped him to hunt for his lost buttons one time, he searched every corner of the Fairy Queen's kitchen and cellar for dainty morsels to eat.

"I'll lay the table," said the little old lady eagerly, "but I haven't any cloth but a newspaper. You see, I don't live here all the time. I just come here sometimes for a vacation."

KENTVILLE IS GIVEN A HOSPITAL SITE

George Calkin Offers Houses and Land and Town Council Accepts

KENTVILLE, Jan. 12—The Town Council of Kentville, Kings county, N. S., received a pleasant surprise the other night when George Calkin, 80 year-old citizen who has lived his entire life in the town and prospered, appeared before the councilors at a regular meeting and offered to give to the town outright six dwelling houses and 12 large building lots, for the purpose of establishing a modern hospital. The only stipulation attached to the gift was that the town would surrender its title to a site known as the "Exhibition Grounds" to the hospital board that would be organized.

ACCEPTS OFFER

As soon as the councillors received from their surprise the offer was accepted with gratitude. Considerable property adjoining the "Exhibition Grounds" referred to. A modern building capable of easy transformation into a 12-bed hospital is part of the offer, with the suggestion that when the new hospital is erected, the building would make an ideal Nurses' Home.

EX-KING EXPECTED TO LIVE IN FLORIDA

NEW YORK, Jan. 12—George II, once King of Greece, and who long has been the centre of momentous political intrigues in the Balkans, may seek a haven of refuge on the East Coast of Florida. He will not become a permanent resident, friends here say, but will use the home as a winter residence.

BRITISH DEBATERS ARE ENTERTAINED

Urgent Application of Canadian Students With International Students' Federation

An effort will be made to stimulate interest in the formation of a branch of the International Students' Federation here, Paul Reed, of the Imperial Universities debating team announced last night. The team arrived yesterday from England and will debate in several places in the Maritime Provinces, including Saint John.

URGES CO-OPERATION

He hoped that the Canadian university graduates could be induced to join the International Students' movement and believed that the difficulty of distance between the large centres of population could be overcome by enthusiastic co-operation. This would enable Canadian university men to take their place in the International Federation of Students which united the youth of the world in the cause of international understanding and good will.

The visiting team were the guests of honor of the St. Andrew's Young Men's Club at a dinner in the Admiral Beatty last evening. J. J. Murray, president, was toastmaster.

The toast list was as follows: The Club, Donald Young, J. J. Murray; The Church, Stuart Trentoway, Rev. J. S. Bonnell; The Press, W. E. Campbell, G. S. Piers, L. W. Bewick; Our Province, Albert Finley, J. W. Parkhill; Saint John, Canada's national winter sports, Arthur Speight, W. W. Rogers; Canada, F. W. Barton, R. H. Gale.

EVOUNG TRIAL TO BE BEGUN NEXT WEEK

C. R. Mersereau is to Defend Him on Charge of Man-slaughter

The Grand Jury, empanelled for the January term of the Circuit Court, which opened yesterday, found a true bill on the charge of manslaughter in the case of the King vs. Braddock Evoung, committed for murder in connection with the fatality in the Seamen's Institute on New Year's Eve, when a Police Officer Stephen McCavour lost his life.

The jury retired to hear the evidence in the Evoung case at 11:30 yesterday morning, and at 3 o'clock returned with the announcement that they were unanimous in that they could find no proof for murder, the only charge in the indictment.

APPLICATION MADE

On behalf of the Attorney-General, application was made by A. N. Carter, to have the charge changed to read "manslaughter" instead of "murder," and this was granted by Mr. Justice LeBlanc.

The jury then retired and heard the evidence again, after which they brought in a true bill on the new charge named in the indictment. Trial of this matter will be commenced on next Tuesday morning at 11 o'clock.

TRUE BILLS FOUND

True bills were also found by the grand jury in the cases of the King vs. George Robins and Leo Ruba, charged with robbery with violence, and the King vs. George I. Collier and Margaret Collier, charged with the theft of \$200 from Mrs. Jean Lavigne, of Pond street. Trial of these matters will follow the manslaughter case next week.

APPLICATIONS FOR GRANTS ARE FILED

The Common Council yesterday afternoon approved of the recommendation of the committee of the whole that the widow of Mayor F. L. Potts receive the amount due for the unexpired term of his office and this will be paid her in semi-monthly payments or in one sum, as she may elect.

BRAZILIAN TOPS STRONG LIST IN MONTREAL MART

Activity Follows Announcement Yesterday of Increase in Dividend. BUYING OPERATIONS BIG IN WALL STREET Many Issues Make Gains at Opening, Due to Favorable Developments

Canadian Press. MONTREAL, Jan. 12.—Brazilian, following the announcement yesterday of an increase in the dividend, was easily the most active issue at the opening of today's stock market. It opened up 1-8 at 84 but lost fractionally in subsequent trading, easing to 83 1/2, and then firming to 83 3/4. The balance of the list was strong, there being no recessions in the early trading. Consolidated Smelters, Montreal Power and Wayagamac sold the same at 191 1/2, 294 and 89 1/2, respectively. National Breweries was the strong spot with an advance of 1/2 to 57 1/2. British Empire Steel second preferred was up 1/2 at 10 1/2, while Albitibi, in a small lot transaction, was higher by a similar fraction at 7 1/2. The balance of the list received no attention.

NEW YORK, Jan. 12.—(Opening)—Buying operations were resumed on a broad scale at the opening of today's stock market in response to a series of

favorable dividend, merger and recapitalization developments by large corporations. Initial gains of a point or so were scored by Baldwin, Pullman, U. S. Steel, Sears Roebuck, National Biscuit, California Packing, Hudson Motors and Stewart Warner.

Young Man Threatens Morgan Power

By MARGERY PICKARD. A young financier, little known to the public at large a year ago, is threatening the Morgan power in Wall Street. Clarence P. Dillon, head of Dillon, Read & Co., is the new wizard of "Money Alley."

His following a series of gigantic deals, worthy of Rockefeller and Morgan in their palmy days, with a venture into international finance and business. He is, according to accounts, now quietly working on a merger of German steel companies, which would include the Krupp interests, and give him enormous power in European industry.

His recent purchase of the National Cash Register Co. and the distribution of its securities to the public, followed within a year his coup in outbidding J. P. Morgan & Co. in a struggle for the Dodge Brothers' auto interests.

Now Mr. Dillon is laying plans for the development of a powerful banking group to rival that of the Morgan family. He is in the process of raising the last 10 years of the firm has sold billions of new securities to the public, offerings of the last year reaching nearly \$60,000,000, or about 10 per cent of all issues, other than real estate loans, sold in New York.

MINTO COAL MINES TIED UP BY STRIKE

Men Will Take Secret Ballot at Mass Meeting Tonight. FREDERICTON, N. B., Jan. 12.—The Minto Coal Company's mines at Minto, Sunbury county, are shut down completely today because of a strike of the company's miners, according to word received here this afternoon. The company employed 325 miners and had a daily output from its mines, of about 375 tons. The miners are to take a secret ballot on Wednesday night at a mass meeting and the management predicted the mines would be running again by Thursday.

According to Manager D. A. King, of the Minto Coal Company, the strike is sponsored by "One Big Union." He declared that "Communist agitators connected with the One Big Union from the West are taking a shot of the strike which has had the coal mines in Alberta tied up for over a year."

Reports On Work of King's Daughters

The first quarterly meeting of the Main Street Baptist Sunday school for the present year was held last night in the schoolroom, with Superintendent W. McAlary in the chair. HAROLD W. RISING CHOSEN PRESIDENT

St. George's Society Elects—Regret Retirement of F. E. Hanington as Treasurer. Resolutions of regret at the death of two valued members, Hon. J. R. Armstrong and Dr. Thomas Walker, were passed at the annual meeting of St. George's Society last night in the Knights of Pythias Hall with the retiring president, R. G. Schofield, in the chair. Harold W. Rising was elected president for the ensuing year. Fourteen members were proposed and the total membership was reported to be about 200. Regret was expressed at the retirement of F. E. Hanington, treasurer for more than 16 years. The charitable committee reported a large amount of relief work had been done, but conditions were considerably better this year than last.

THE STORY OF JOSEPH MARTIN FEELS LIKE A NEW MAN SINCE TAKING "FRUIT-A-TIVES"

The story of Mr. Joseph Martin of St. Ursula, P.Q. reads like a modern miracle. He was an unusually bad case of indigestion. "For about ten years I could not digest my food. For a year I could not work, orange, and I was like dead. Now I work and eat as much as I like and feel like a new man. Your 'Fruit-a-tives have relieved me completely, and I would have died without your remedy for a year without getting any relief. I am thankful to you, as you have saved a martyr of dyspepsia." (Signed) Joseph Martin. "Fruit-a-tives" are different from any other medicine, being made of the intensified juices of fresh apples, oranges, figs and prunes combined with lecithin. They will give you prompt relief. 25c and 50c a box—at all dealers.

Completes One-Fifth Of 10,000-Mile Ride

BUENOS AYRES, Jan. 12.—A. H. F. Schifely has covered one-fifth of the 10,000 miles he is attempting to make on horse-back from Buenos Ayres to New York. Starting on April 21 last, and riding as the crow flies, he has arrived in Lima, Peru, says a dispatch to La Nación, from the Peruvian capital. The two Criollo horses which Schifely is using are said to have reached Lima in one condition.

DO YOU GET HOT FLASHES?

Is that old fever of yours kicking up? Get hot flashes—spots in front of your eyes, or dizzy spells? Best thing in the world for a lady is 15 to 30 drops of Seign's Syrup in a glass of water. Try it and see for yourself.

QUARANTINE RACES

LONDON, Jan. 13.—Several counties have been quarantined and a number of racing meets and hunts cancelled because of influenza. Cattle breeders are demanding prohibition of importation of hay and straw.

Indigestion

When chronic, is best relieved by Dr. Chase's Kidney-Liver Pills. In most cases, indigestion results from torpid liver and sluggish bowel action. Tablets for the stomach and aids to digestion fall in this chronic form of indigestion. You must get the filtering and excretory organs right before you can expect permanent relief and this is best accomplished by the use of Dr. Chase's Kidney-Liver Pills. Chronic indigestion is a very common ailment. On this account many suffer for years not realizing that relief is at hand in the form of Dr. Chase's Kidney-Liver Pills. Headaches, biliousness, spells of constipation and diarrhoea are among the accompanying ailments. What a relief it would be to free of this condition which makes one feel so miserable and it is so easy by using this well-known regulator of the liver, kidneys and bowels.

ENTIRE DARTMOUTH AMATEUR CLUB IS SUSPENDED BY M. P. B.

ATTEMPTED TO USE BARRED MEMBER ON TEAM

M. P. B. May Act To Abolish Hockey Association

THE Dartmouth Amateur Athletic Club and all its registered players have been suspended by the executive of the Maritime Provinces branch of the Amateur Athletic Union of Canada for insisting on attempting last night to play the players suspended by the M. P. B. last week in violation of the residence clause, according to word contained in a telegram received here this morning by W. B. Stirling, New Brunswick vice president, from J. G. Quigley, secretary-treasurer, Halifax.

PROBABLY MEET HERE
Vice President Stirling, in commenting on the matter here this morning, said he thought it very likely that the M. P. B. would call a special meeting to be held in Saint John during the week of the big skating meet, but that the matter of the residence clause would not be taken up. "If the M. A. H. A. persists in this defiant attitude, we will be compelled to request the authority we granted there," he said. Mr. Stirling added that under the circumstances created by the Dartmouth tangle, the M. P. B. could not have done otherwise than suspend the players for breaking the residence rule and that the fault for all this mess lay at the door of the M. A. H. A. "We have the rule on the books sanctioned by the clubs of the union. Could we stand by and see it violated flagrantly in this case? Deifying the rest of the union was not the way for Dartmouth to secure a hearing," said Mr. Stirling. Developments are awaited here with interest.

LOCALS MUST WIN IN SUSSEX TONIGHT

Victory Needed to Keep Local Outfit in Running With Moncton

While keeping their hockey eyes on the Moncton-Saint John game here Friday night—a mighty important fixture in the league schedule—the local hockey outfit is not overlooking anything in connection with tonight's game at Sussex against the Radcliffe boys. To keep in the running, it is absolutely necessary for the locals to win tonight and they are taking their strongest line-up and a grim determination to wipe out that 6 to 5 defeat inflicted on them here last Friday by Sussex. Sussex never was any easy nut to crack on their home ice and some nighting fast hockey is expected tonight.

COMBINATION

Last night's game saw the Sussex team playing the three man combination and the five man defence. The forwards under the watchful eye of Harold Radcliffe checked back to centre every time the puck went behind the Moncton net making five men for the Moncton team to pass and in last night's game Clegg seemed to be the only one capable of penetrating the line. On the other hand the Moncton team played a more open game and the Sussex team found trouble passing the forward line but when this was accomplished everything was left to Wilson, who was on the job in the nets, the Sussex forwards passing the Moncton defense as though weren't there. During the last stages of the game, L. Wilson, in attempting to stop the Sussex players, stepped into them harder than the rules call for and as a result he was given several rests in the pen.

TROJAN ROVERS WIN

The Trojan Rovers swamped the East Saint John team in a Girls' City League game last night in Knox gymnasium. The final score was 9 to 8. After the game the winners entertained the losers at a banquet.

Shakeup Made In Ranks of Montreal Maroons By Eddie Gerard

Along The Sport Trail

By JOHN A. DUNLOP

OUR OLD FRIEND GEORGES—don't forget the "G"—Carpentier is back in the good old U. S. A. but this time he says he is not here to box but to try and arrange matches for Mr. Paolino, who holds the extremely doubtful title of European champion. But when Tex Rickard starts flourishing his fountain pen and gets his paid press agents to work, maybe Georges will be lured into the ring again. Search where you will, there never was a more over-rated fighter than this Frenchman. He never beat anyone in his life worth beating and yet there seems to be a fetish to match him with the topnotchers. They talk now of sending him against Berlenbach, Delancy or Stribling. When they talk that way, they talk about murder and kidding the public. Mr. Carpentier can stage the most realistic dive that was ever invented and somehow the boys fall for it. Here's hoping that he'll stick to his word and try and arrange a funeral for this chap Paolino. This Spanish onion met the German sauerkraut champion the other day and it took nine rounds to do the dirty work. Both Francois Deschamps and Carp, who handle the Spanish, cried themselves sick over the performance. He too had they didn't keep on crying. Hans Brettenstrater—that's the German—started to mix it up with Paolino and the bullfighter got mad and tossed science to the winds. If he ever pulled a performance like that against Mr. Delancy, he'd straightway lose all interest in proceedings. Anything for an international touch, however, suits Tex Rickard, whether it is the King of Madagascar or the President of the Bolsheviks. We sometimes suspect if they faked up Joe Beckett as Beckett, the Hungarian champion, by putting some whiskers on him, Tex Rickard would try to sign him up with Dempsey.

SOMETHING DOING tomorrow night at the Victoria with the policemen's sports on the card. There should be some exciting competition.

THE EUROPEAN INVASION of U. S. sportsworld is on in earnest now with the arrival recently of Charley Hoff, Norwegian pole vaulter extraordinary. Following him are Houbert, the German sprinter who took the measure of Charley Padlock and Murchison; George Goodwin, English walker, and others. Hoff is a young man and speaks English very well. Unlike Pasvo Nurmi, he does not shun the crowds and seems anxious to make a good impression on them. He is only 23 years old and stands 6 feet, 2 inches. He weighs barely 147 pounds so there was not much for a man of his frame to shove over the 13 feet, 11 and 13-1/2 inches, which is the world's record. The indoor mark is 13 feet and Hoff should have little difficulty in setting up a new one before he goes home. Although pole vaulting is his main accomplishment, Hoff also shines at running and jumping. More than ordinary interest attaches to his visit in view of the presence on this side of the water of Clas Thunberg, the Finnish champion. It seems to be the mode these days to get the European flavor into the dishes being served up to the fans. Albin Stenroos, winner of the Marathon, still is on this side of the water and it is quite possible he will remain along with Willie Ritola, another noted Finn athlete.

"AL" MELO, who recently took Eddie Shilke's crown from him, faces a tough one in Morris Schifler on Monday night next in Boston. Tommy Milligan gave Schifler quite a thrashing.

Scotchman Tenders For Walker Bout

BERDERN, Scotland, Jan. 13.—David Smith, boxing promoter, has offered a purse of about \$67,900 for a match between Mickey Walker and "Tommy" Billigan, for the world's welterweight title, to be fought in Industrial Hall, Edinburgh. The purse is guaranteed and will be deposited immediately if the offer is accepted. Walker has threatened to defend his title elsewhere if the Boxing Commission does not sanction the bout for New York.

GOOD BASKETBALL FOR THIS EVENING

Y. M. C. A. Floor Will be The Scene of Three Contests
On the Y. M. C. A. floor this evening at 7.30 o'clock the Harriers club with the Y-Nots. This game should be a thriller from start to finish, as both teams have been practicing hard for this game. So far this season the Y-Nots have beaten the Harriers twice in the same number of times they have met. Can the Y-Nots do it again?
The second game is between St. Peter's and High School. Both these teams are out to win and they will give the spectators a snappy game of basketball. High School, still with the memory of a defeat a week ago, will try hard to stop the St. Peter's quintette from scoring.

Will Meet Greb

Tiger Flowers is finally to get a real chance at Greb's title, in a decision bout in Madison Square Garden, New York, February 25.
If Flowers does succeed in defeating the wily Greb the former will be the first negro ever to rule the middleweight division. There have been many great and popular colored fighters listed in the history of boxing and many of them have ruled their divisions, but never has one become champion of the middleweights.
Flowers, however, has shown himself to be a hard hitter, a good ring general, a clever boxer, and possessor of a popular personality. His setbacks have been delivered by light heavyweights. Should he defeat Greb he would have no trouble proving his right to the title. It looks like Tiger's big chance.

Final Arrangements Made For Policemen's Sports

Final arrangements for the annual policemen's sports to be held on Thursday night of this week at the Victoria rink have been completed and another bumper crowd is expected to witness some keen competition in the various events carded. The sports originally were set for Jan. 8 but the death of Mayor Fois caused a postponement until Thursday, Jan. 14. There are 117 entrants and the program is scheduled to start at 8 o'clock on Thursday. There positively will not be any delay in getting the long program underway. No tickets will be sold at the rink and holders of tickets are requested to be on hand early if they wish to avoid disappointment.
C. C. BAND TO ATTEND.
The City Cornet Band will be in attendance and give a program of musical airs that should be greatly enjoyed. One of the features of the meet will be the special events carded for the policemen themselves. This annual affair is always well attended and looked forward to by many citizens and a record number of tickets have been sold this year. Willie Logan, Ed Snodgrass and other star seniors are entered.

Hornsby and Tilden

By HENRY L. FARRLETT
(United Press Sports Editor)
NEW YORK, Jan. 10.—(United Press)—Among the most remarkable athletes of recent years are Rogers Hornsby and Bill Tilden. Both are young men of regular physique and good habits and they like their game. Hornsby may last longer in the spotlight than Tilden, not because Tilden will fade quicker but because Hornsby has a professional interest in his work. Tilden may tire of being an amateur and take up dramatics and literature as his profession. Hornsby, of course, will remain a ball player as long as his legs hold up under him and then he has a career ahead of him as a manager.
ST. PATS LOST.
It is all the more remarkable to remember that Hornsby and Tilden are still in their prime. They are both young men of regular physique and good habits and they like their game. Hornsby may last longer in the spotlight than Tilden, not because Tilden will fade quicker but because Hornsby has a professional interest in his work. Tilden may tire of being an amateur and take up dramatics and literature as his profession. Hornsby, of course, will remain a ball player as long as his legs hold up under him and then he has a career ahead of him as a manager.

ALBANY, N. Y., Jan. 13.—Black Bill, flyweight champion of Cuba, gave Lee Willie Woods, champion of Scotland, a boxing lesson in a 12-round bout here last night.

SKI EXPERT IS HERE

Leonard Lehan, Montreal, En Route to Europe For Further Laurels
Leonard Lehan, of Montreal, ski expert, will sail from Saint John today on the steamer Brant County in quest of laurels in Finland and Sweden. Lehan on his European invasion will go over as a member of the crew, as Hilton Belyea did on the occasion of G. H. Robertson's trip to Europe. Lehan will compete in the Holmenkollen meet, most famous of the ski contests of the world, as well as other competitions in Europe. Lehan's trip was arranged by J. Broch, of the Canada Steamship Lines, well known in Saint John where he spent several winters.

Best Way to Loosen Stubborn Cough

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, rheumatic asthma or winter coughs.
To make this splendid cough syrup, pour 5 1/2 ounces of Pine-Sol, a 16-oz. bottle and fill the bottle with plain granulated sugar 87 1/2 oz. shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get 16 ounces—a family supply of much better cough syrup than you could buy ready-made for \$2.50. Keeps perfectly and children love its pleasant taste.
Pine-Sol is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.
To avoid disappointment, ask your druggist for "16 ounces of Pine-Sol with full directions and don't accept anything else. Guaranteed to give you complete satisfaction or money promptly refunded. The Pine-Sol Company, Montreal, Que., Canada.

KITCHEN FINED FOR BREAKING TRAINING RULES

Nelson Stewart, Maroons' Star, Now Leading N. H. L. Scorers
MONTREAL, Jan. 13.—There was a shakeup in the Montreal Maroon pro hockey camp last night, prior to the Montreal-St. Patricks game at the Forum. Manager Eddie Gerard did some lopping off with an axe and when he was through, Hobbie Kitchen stood indefinitely suspended and fined \$200 for inattention to training. Frock Lowery was released outright to make room on the strength for Toots Holway, recently released by St. Pat's, who was signed yesterday to carry the relief defence burden for Kitchen. Holway took his regular turn on the Montreal defence during the game last night. Kitchen's suspension was not unexpected. Recently the former Niagara Falls amateur star has been careless about training periods. He had previously been warned for similar actions, but apparently the admonitions of Manager Eddie Gerard went unheeded.

LEADING SCORERS

MONTREAL, Jan. 13.—The scoring list of the N. H. L. including last night's games, is as follows:
Stewart, Montreal, 15; Moros, Canada, 14; Denneny, Ottawa, 13; Burch, New York, 12; Herberts, Boston, 10; Jellat, Canada, 8; Dy, Toronto, 8; Selbert, Montreal, 7; Cooper, Boston, 7; McCaffrey, Toronto, 7; Broadbent, Montreal, 7; Adams, Boston, 7; Boucher, Ottawa, 6; H. Smith, Ottawa, 6; Noble, Montreal, 5; Nighting, Ottawa, 5; Milks, Pittsburg, 5; White, New York, 5; Green, New York, 5; Green, New York, 5; Neville, Toronto, 5; R. Smith, Pittsburgh, 5; Mitchell, Boston, 5; Starnes, Boston, 5; Bellefleur, Toronto, 5; Rothschild, Montreal, 5; Pete Lepine, Canada, 5; Gorman, Ottawa, 5; Drury, Pittsburg, 5; McKinnon, New York, 5; Coghlan, Ottawa, 5; Harrington, 5; H. Lepine, Canada, 5; Mantha, Canada, 5; Holmes, Canada, 5; Lowery, Montreal, 5; Dinamore, Montreal, 5; McCurry, Pittsburg, 5; Darragh, Pittsburg, 5; O. Coghlan, Pittsburg, 5; Spring, Pittsburg, 5; S. Coghlan, Boston, 5; Hittcham, Boston, 5; Shay, Boston, 5; Kilrea, Ottawa, 5; Simpson, New York, 5; Randall, New York, 5; Campbell, New York, 5.

BOSTON BEATEN

BOSTON, Jan. 13.—The Boston Bruins have a wholesale respect today for the prowess of Howie Morens. He scored three goals in the last five minutes of play to give Canada a 4-2 victory over the Boston team last night, after the Bruins apparently had the contest surely won.
The match was the fastest that has been played on a Boston rink this season. Boston held an advantage for the first two periods, and a part of the third. Then Morens contributed his flashing exhibition of stick handling and skating and turned the tide in favor of the visitors.
Penalties were extremely costly to the Bruins. Three of the goals scored by Canada came when one or two of the Boston players were in the penalty box. Morens gave a good exhibition in goal and turned away many hard shots.
For Boston Herberts and Cooper starred, with speedy rushes and a hard knock for the Bruins, for the Boston captain was off when Canada knocked in two corners and took the lead.

REPORTS WERE GOOD

Quarterly Session of Main Street Baptist Sunday School Last Evening

The recent tea given by the Doorkeeper's Circle of the King's daughters was the most successful event the circle has yet held, it was shown in reports given at the meeting of the circle yesterday afternoon at the residence of Mrs. A. E. Logie.

Tre president, Mrs. J. Williams Hart, was in the chair and the meeting was largely attended. The report on the Christmas giving was especially gratifying and showed that a large number of homes had been reached. Mrs. C. F. Sanford conducted a bible study class during the meeting and the subject of the afternoon was "Job."

Arrangements were made for the annual meeting which will be held next week at the home of Mrs. W. A. Nicholas.

DR. BARRY TALKS ON USE OF INSULIN

Dr. J. M. Barry greatly interested the members of the Saint John Sub-division of the Catholic Women's League at their meeting in the K. of C. hall last night when he gave an excellent address on the use of insulin in the treatment of diabetes cases.

Miss K. Laylor, president, was in the chair. Arrangements were made for the opening of a Red Cross home nursing class.

The educational committee reported that the lectures would be continued throughout the winter. The social committee reported that plans had been made for a Valentine tea. Other committees which reported included immigration, social service, physical and massage.

LADNER INTRODUCES BILL ON COPYRIGHT

OTTAWA, Jan. 12.—A bill to amend the copyright act was introduced in the House this afternoon by L. J. Ladner, Conservative, South Vancouver, and received first reading. Mr. Ladner explained that the bill was based on the findings of the special committee of the House of Commons which made its reports toward the end of last session.

RHINELANDER IS TO SUE FOR DIVORCE

Kip Said to Have Gone to Connecticut to Establish Residence

WHITE PLAINS, N. Y., Jan. 12.—It was reported on good authority that Leonard Kip Rhinelander, who lost the suit to annul his marriage to Alice Beatrice Jones Rhinelander on the ground she failed to tell him she was

a quadroon, had gone to Connecticut to establish a residence so he could sue for a divorce. In Connecticut it is necessary to establish a residence for one year before a divorce action.

Leo Parsons Davis, counsel for Mrs. Rhinelander, said it would make no difference if Rhinelander had gone out of the state, as Mrs. Rhinelander's action for a separation on the ground of abandonment could be brought by serving him by publication. Mrs. Rhinelander declined to discuss her husband, saying it didn't make much difference to her where he was, as he had to pay her alimony just the same.

The motion of Mrs. Rhinelander for additional alimony and counsel fees will not be argued until about March 1.

Y. M. C. A. Workers Take Over Work at N. B. Protestant Orphanage

The Junior Leaders Corps of the Y. M. C. A. have taken the responsibility of providing leadership for the boys at the N. B. Protestant Orphanage, Manawashig Road. The idea is to give a certain amount of wholesome recreation and to teach the children group games. Yesterday afternoon two of the leaders, Douglas Macdrew and Donald Stewart, went to the Orphanage and organized the class with 70 boys members. The program will be mainly relay games, indoor baseball, dodge ball, checkers, tag, and other games suitable to the ages of the boys. A meeting will be held each week. The directors of the Orphanage appreciate very much the efforts of the Y. M. C. A. on behalf of the boys in their care.

David Henderson pleaded guilty this morning to having been over strength in his beer shop in Main street. He was fined \$200. J. Starr Tait appeared for the prosecution.

COMES TO MEETING.

L. P. Stratton, district deputy grand chancellor, Knights of Pythias, will be here tonight from Moncton to attend a joint session of the Saint John Pythias lodges.

MAKING GOOD.

Harry G. Fleming, a former Saint John boy writing to friends here, says that he is now with Frick and Pope of the K. K. circuit as stage actor doing trick and fancy skating. He has made quite a success at this game since going to the United States several years ago and has appeared in the Boston Arena.

SPEAKS OF SAINT JOHN.

The December 24 issue of the London edition of the British Journal of Commerce has a short notice about the Port of Saint John. It says this port, which is used in the winter time when Montreal and Quebec are closed, has 15 berths for the accommodation of ocean vessels and of the 15 berths ten are equipped with grain conveyors.

PYTHIANS TONIGHT.

Tonight there will be a joint meeting of New Brunswick and Union lodges, Knights of Pythias, for the installation of officers and an official visit of Grand Chancellor Capt. J. A. Mowry. He will be accompanied by Past Grand Chancellors Mr. Justice Grimmer and Bayard Silwell and Grand Master of Exchange, Mr. J. A. Mowry. At the conclusion of the business session refreshments will be served.

DESTROYED PROPERTY.

A man arrested last night on drunkenness charge loosened one of the bolts in the toilet and through it a pane of glass in the window of his cell, according to evidence given this morning in court by Policeman Edwin Thomas, night deskman at the central station. The man was fined \$8 for drunkenness and remanded for investigation. Another man forfeited a deposit of \$8 on a drunkenness charge by his non appearance.

COUNTY ESTIMATES.

The finance committee of the Municipal Council met at 2:30 this afternoon to take up the budget for 1926. The various institutions are asking about the same as last year. Representatives of the institutions will present their claims before the committee, beginning with the General Public Hospital. Each will be given a half hour to present their case. The parish appropriation for Lanecote and Simonds will be larger than last year but these will not affect the general tax rate.

CULLUM LODGE PLANS.

Cullum Lodge, No. 86, L. O. B. A., met last night in their hall in Simonds street, Mrs. D. Jewett, the W. M., in the chair. The members were held last evening in the community hall at Little River, and was largely attended. The election of officers resulted as follows: President, Lewis J. Dorey; vice-president, Gordon Stuart; sec. sec., Earl Kilpatrick; treasurer, Mrs. G. McCaskill; janitor, Harry Vaughan; auditors, Mrs. J. Bovard and Mrs. H. Vaughan. The newly elected president, speaking on the value of organization, urged all present to become members, in order to deal with the important items now affecting the community, among which were mentioned the street railway extension and the proposed lighting system.

NICE FLORAL TRIBUTES.

Beautiful floral tributes were sent by friends in connection with the death of Isaac N. Phillips, Harding street, yesterday, as follows: Large wreath from family; sprays from Mrs. Charles Belyea, Mr. and Mrs. O. R. Phillips, Mr. and Mrs. Carey Black, Mr. and Mrs. Edward Cunningham and family, Mr. and Mrs. William Wright, Fairville Baptist church class, Mr. and Mrs. William Appleby and Bruce Wright, Mr. and Mrs. Clarence Godsoe, Miss Lyla Gregory, Nashwaak Pulp and Paper Mill pond and wood room.

CLAN MACKENZIE AUXILIARY.

The ladies' auxiliary to Clan Mackenzie met in the moot room in the Orange Hall, German street, last evening with Mrs. Benjamin Haines, Lady Chief, presiding. Acknowledgement of a gift of \$25 from the auxiliary was received from the Protestant Orphanage. One member was initiated, Mrs. W. Simonds, Mrs. George Shaw, and Mrs. Harry McGowan were appointed to arrange for a card party to be held next meeting night, February 9, at an open meeting. After the business session six tables of bridge and dancing were enjoyed. The executive of the Clan provided dainty refreshments.

KITCHEN SHOWER.

On their honeymoon, Mr. and Mrs. Clifford K. Seely were pleasantly surprised to find that their home had been invaded by about 40 friends, who awaited them and tendered them a kitchen shower. The gifts were presented in a very daintily trimmed basket, which was carried into the room by little Miss Ellen MacKinnon and Master Russell Merrill, dressed as bride and groom. The recipients thanked their friends heartily for their kind remembrance. Games and music were enjoyed and refreshments were served. Mrs. Seely was formerly Miss Edith Nason of Grand Bay, N. B.

Half an Hour's Work Required to Free Him—Dead When Taken Out

A. B. Oetker, of Schiedam, Holland, a member of the crew of the steamer Schouwen, met death this morning when he was buried in a coal slide in the bunkers of the ship. The victim of the fatality was 33 years of age. The accident happened about 9 o'clock this morning and it required nearly half an hour's hard work to get the body out of the coal which had buried it. While working to free him the ambulance was summoned and the body was taken to the hospital where he was recovered. It was found that the man was dead and Coroner H. A. Porter was notified. Mr. Porter gave permission to remove the body to Brennan's undertaking parlors and gave instructions that Coroner Dr. F. L. Kenney be notified, the accident having occurred on the West Side. Later in the morning the body was viewed by Dr. Kenney who said he would probably hold an inquest but had not yet fixed the time.
