

PREMIER CLEMENCEAU GOES DOWN TO DEFEAT AT THE HANDS OF HIS COUNTRYMEN

Deschanel Leads Him by 19 Votes at a Plenary Caucus to Choose a Candidate for Presidency of the Republic.

TIGER ANNOUNCES HIS WITHDRAWAL

Chamber and Senate Stood by Him in His Fight Against Germans, But Drop Him When He Sought Honors.

Paris, Jan. 16.—(By the Associated Press.)—Premier Georges Clemenceau went down to defeat at the hands of his countrymen, today, in a caucus of the Senate and Chamber of Deputies to choose a candidate for the Presidency of the Republic. M. Clemenceau thereupon announced his withdrawal from the contest, and asked his supporters to cast their votes for the reelection of President Poincaré. Senators and Deputies, after the caucus, in which Paul Deschanel, President of the Chamber, led the Premier by nineteen votes, generally expressed the opinion that the vote means the elimination from public life of the father of victory. Premier Clemenceau being neither a Senator nor a Deputy.

Large Attendance.

Never before in the history of Parliamentary elections in France has a plenary caucus been attended by such a large number of Deputies and Senators. 821 out of 920 being present. Heretofore it has been the custom to call a caucus only of the part of the left, but today M. Deschanel stands as the chosen candidate of all the parties. Neither Premier Clemenceau nor M. Deschanel were present at the caucus, but former Premier Briand, Andre Lefevre, and Edouard Herriot, the latter the new President of the Radical Party, were conspicuous, marshalling the Deschanel forces, while Georges Mandel, formerly Premier Clemenceau's confidential secretary, and Edouard Lagna were canvassing on behalf of Premier Clemenceau.

The voting commenced slightly at two o'clock, but at three o'clock an avalanche of Senators and Deputies descended upon the voting place and the polling became brisk and excited. Those presiding at the voting tables were fairly swamped by the venerable Senators and young Deputies anxious to cast their votes before the polling was closed at four o'clock. A few bets were recorded, with M. Clemenceau the pronounced favorite.

Urged to Remain a Candidate.

Most of the Cabinet members, when they left the Chamber, went to Premier Clemenceau and asked him to remain a candidate. The Premier replied that he could not, under any circumstances, consent to do this. He said he would send a letter to this effect to Leon Bourgeois, who will be President of the National Assembly to meet at Versailles tomorrow for the election.

There were naturally two views of the attitude of the Premier who, for more than two years, by his forceful personality and courage, had ruled both Houses of the Parliament with an iron hand. One of the Senators, who was opposed to the Premier, remarked: "M. Clemenceau has been victorious against many attacks in the Chamber and the Senate in the past two years. This was because he was fighting for France. When he seeks personal honors, however, he goes down to defeat."

On the other hand, many of the Deputies and Senators who had supported the Premier in the courtyard, after the close of the balloting, sadly commenting upon the outcome. "Berlin will illuminate tonight," said one of this group, while others of the participants in the balloting were making their way homeward manifesting their exultation by singing and shouting.

NOMINATIONS FOR TOWN OF SACKVILLE

C. C. Avaré Elected Mayor by Acclamation, as Were Four Aldermen.

Special to The Standard
Sackville, N. B., Jan. 16.—Nominations for mayor and aldermen for the town of Sackville closed at six o'clock tonight, the following being elected by acclamation: Mayor, C. C. Avaré; Aldermen for North Ward, Alastair Cameron; for South Ward, W. Hamel Oulton; for East Ward, Edgar P. Smith; for West Ward, Frank W. Cole. These four aldermen were elected for two years, the mayor for one year.

Dr. Record, who has represented North Ward for four years, retired in favor of Alastair Cameron. Mr. Oulton dropped into Avaré's place who last year represented South Ward. Other members are Messrs. J. L. Dixon, F. B. Doncaster, J. Frank Phinney and Seward Babcock.

MEXICAN GOV'T TO SEIZE UPON OIL LANDS WITHIN 50 KILOMETRES OF FRONTIER

Douglas, Ariz., Jan. 16.—The government of Mexico has resolved to buy all oil lands in the zone of fifty kilometres from frontiers of the nation "that are held by foreigners against the perfectly well defined precepts of the constitution," says a Mexico City despatch to El Tiempo, a Canadian newspaper.

"At the same time the executive expects to obtain from Congress a fund of fifty million pesos in gold to buy these properties. It is feared that owning companies will be unwilling to sell these rich tracts of oil lands, but in this case our government would be forced to expropriation."

LEGISLATIVE ACHIEVEMENTS IN CANADIAN HISTORY REACHED HIGH WATER MARK IN 1919

Never Before Has a Government in Canada Carried Through So Many Measures of National Importance and Far Reaching Significance as Has Union Gov't—Hon. N. W. Rowell Reviews Work of Year—Faultfinders Many Because Some Legislation for Country's Good Affected Their Personal Interests—Gov't Fearlessly Acted for the Country and Gave it Standing Never Before Enjoyed.

Port Hope, Ont., Jan. 16.—(By Canadian Press.)—That the year 1919 represented the high water mark of legislative achievement in Canadian history, and that never before had any Canadian Government in any one year presented or carried through so many measures of national importance and far reaching significance as did the Union Government during the past year—this was the proposition put forward, and backed up by an exhaustive review of the record of Union Government for the year 1919, by Hon. N. W. Rowell, president of the Privy Council, in addressing his constituents of Durham County at a meeting here tonight.

Faced the Situation.

Regardless of whether their action would be popular or unpopular, said Mr. Rowell, Union Government had dealt with great national problems from the standpoint of the public good. Several most important measures were carried through in the face of strenuous opposition, and it was only by persistent efforts that the Government was made possible. That Union Government had made mistakes no one would deny, said the speaker, and no one claimed that the Government had done everything they would like to have done. "The net result," said Mr. Rowell, "and it cannot be gainsaid—that outside the boundaries of Canada, the name of Canada never stood so high as it does today; and has suffered so little from the inevitable results which follow a great war with her credit enhanced at home and abroad, and she faces a new year of peace with brighter prospects and a more assured future than in any year of Canadian history."

Not Afraid to Act.

"It is said," remarked Mr. Rowell, "that Union Government is very unpopular. No Government could do its duty during the past two years and be popular with all classes and sections of the community. If Canada was to do her whole duty during the war, it was indispensable that restrictions and obligations should be imposed upon the people in order that the nation's energies should be directed to one supreme effort to achieve it. People do not like restrictions and obligations, and no Government that imposes them can be popular once the pressure of war necessity is removed. No Government that carries great reforms which curtail the rights and privileges hitherto enjoyed by large classes of the community can be continuously popular."

DON'T EXPECT THE DUTCH TO GIVE UP WILLIAM

There is Ample Foundation for Resistance to the Demand, Say Authorities.

Paris, Jan. 16.—The Supreme Council today approved the text of a letter to the Dutch government asking for the extradition of the former German Emperor. The general expectation in French circles is that Holland will refuse to deliver the former monarch.

It is pointed out in Supreme Council circles that in case the Dutch government is disinclined to deliver Count Hohenzollern, it has a foundation for its resistance, in the fact that the offences named in the Peace Treaty, namely "crimes against International Morality and the sacredness of treaties," are not provided for in Dutch laws, nor in the treaties between Holland and the Allied powers regarding extradition.

THREE YEARS FOR ROBBING CHINAMAN

Montreal, Que., Jan. 16.—James Brindley, who attempted to rob Hum Sing, a Chinaman, by holding him up on Chenneville street, was sentenced to three years in jail in the Police Court. He asked for clemency, saying that he was a married man and the sole support of a mother and sister in Halifax, his native city. When caught Brindley got rid of a blackjack by throwing it out of sight over the roofs of several buildings. The weapon was never found.

DR. McFALL GOES TO MASS. COLLEGE

Ottawa, Ont., Jan. 16.—(By Canadian Press.)—Edwin Reginald Lock, 33 years of age, who has a wife in Canada, today received a seven-year sentence for shooting at a man in Barclay's Bank in Woodgreen.

The prisoner tried to hold up the bank staff, and the clerks captured him. In defence he stated he was suffering from a disease affecting his mental faculties.

FOUND WITH FEET AND LEGS FROZEN

Guelph, Ont., Jan. 16.—Thomas Campbell, a retired soldier, of this city, was found late last night lying beside a road with both feet and hands frozen. His legs were frozen almost to the knees, and a pair of rubber boots, which he was wearing, were frozen to his feet and legs and had to be cut off. He is in the General Hospital in a critical condition.

THE BOLSHEVIK MENACE EXCITES ALL OF ENGLAND

Bolshevik Army Regarded the Strongest and Most Numerous in Europe—Reds Cannot be Confined to Russia.

LEADERS SHOW REMARKABLE POWER

Have Been Able to Mould the Ignorant Population of Russia to Their Will by Mixture of Fear and Falsehood.

London, Jan. 16.—In an editorial dealing with what is called the "Bolshevik menace" the Globe says: "It is time the people should recognize the peril which civilization is menaced. The Bolshevik army is the strongest and most numerous in Europe. We must face the fact that Bolshevism, by its very nature, cannot remain confined to Russia, but must endeavor to spread over the whole civilized world. There is no occasion for panic, but an obvious need for wise and resolute statesmanship."

Dealing with the same subject, the Pall Mall Gazette says: "The significance of the Bolshevik activities in Asia is probably a subject of understatement rather than of exaggeration. Bolshevik leaders have shown remarkable power in moulding the ignorant population of Russia to their will by a skillful mixture of fear and falsehood. If they can extend the process to India they may produce a menace which ordinary terms are quite inadequate to describe. No confidence can rest in the defensive provisions of that country."

The Westminster Gazette says: "Our authorities have themselves to blame if serious discussion is excited by the new official communication to the press about the dangers of Bolshevism. What the nation most desires to know is whether the Asiatic danger represents the natural consequences of the Government's anti-Bolshevik policy in Europe, or whether it stands for a conscious extension of Bolshevism aggression."

The Westminster Gazette asks: "If the new extension of war with the Bolsheviks, which seems likely, is not a mere sequel of the British policy?" "Given an end of that policy by our simple withdrawal from the European struggle," the newspaper asks, "would the Bolshevik state dream of carrying on a new war of aggression in the east?"

The newspaper says the announcement of what amounts to a new war is a negation of all hopes for the world's financial reconstruction. "If the Government," it adds, "expect the nation to acquiesce readily and quietly to such frustration of every hope for the betterment of the world, which they have dangerously miscalculated."

LIVING PRICES STILL ADVANCE

Labor Gazette Reports Another Rise for December in the Family Budget.

Ottawa, Jan. 16.—(Canadian Press)—During December there was another rise in the cost of living, according to the Labor Gazette. The average cost of the weekly family budget of staple goods averaged \$14.70 at the middle of the month, as compared with \$14.27 for November; \$12.63 for December 1918 and \$7.59 for December, 1917. The index number of the prices rose to 322.7 for December as compared with 307.7 for November; 288.3 for December 1917, and 157.4 for December 1914.

Supreme Council Decides To Send Assistance To Interior of Russia

Paris, Jan. 16.—In an official communique issued this evening the Supreme Council approved of recommendations to relieve the population in the interior of Russia by giving them medicine, agricultural machinery, and other commodities of which the people are in sore need, in exchange for grain and flax. This partial lifting of the blockade is described, in the official communique "as an exchange of goods on the basis of reciprocity between the Russian people, and Allied and neutral countries," but through co-operative societies.

These arrangements imply no change in the policy of the Allied governments towards the Soviet government, says the communication of the Supreme Council.

ATTITUDE IS MORE IMPORTANT IN POLITICS THAN PRACTICAL POLICIES, SAYS NEW LEADER

Hon. Mr. King Gives Definition of a Liberal Which Excludes Premier Foster from Party Until Carleton Vacancy is Filled—Otherwise His Attitude Embraces All Canadian Voters—New Political Star is Brilliantly Nebulous in Two Hours' Harangue—Mr. Lapointe, Quebec's Able Son, Causes Weary Audience to Sit up and Roar With Laughter.

Important as policies and concrete measures may be attitude is all important, said Hon. W. L. Mackenzie King at the meeting in the Imperial Hall last evening, and attitude was the keynote of a two hours' address in which he remained on an altitude where he could indulge his penchant for platitudes to his heart's content. The new leader traversed the same ground he covered at Halifax. Declared the Union Government was not representative or capable of dealing with the problems of the day and went on to send extracts from the Liberal platform which intimated that the Liberal party was ready to do a number of things the Union Government has already done or has made provision to do. One statement he made which caused the old line Liberals to sit up was that the Liberals who supported the Union Government was as sincere in aim and purpose as those who supported Laurier, and that anybody who honored the memory of Laurier must accept that view.

Ernest Lapointe, the Quebec leader, described Union Government as a sham and hypocrisy, and thereby ruled Mr. King's declaration of faith in its sincerity of the Liberal Unionist out of court.

Both leaders were given a good reception, and a goodly array of prominent Liberals from all parts of the Province. The theatre was crowded and there was a large number of ladies in the gallery.

Premier Foster presided, with Chairman Belyea of the old line Liberals on his left.

In introducing the new leader Mr. Foster declared that the Union Government had been elected by the aid of the Liberals on the understanding that when the war was over it would go to the people, and that by holding office it was denying the people their rights of representation. He added that he was humiliated when he had to go to Ottawa to transact public business, because he was not there with a cabinet representative from New Brunswick.

The Leader

Mr. King was loudly applauded on rising. He said he was grateful to the Premier for introducing him, and bringing so many members of the Legislature to adorn the platform. He also was pleased to meet so many citizens who did not belong to any particular group. We have come to the time when there was confusion in the mind of government as to the relation which should exist between the governing power and the governed. Some said we did not want an election—farmers or a lot of workmen might get in. So it was claimed those in power should hold on—which was not the Liberal idea of representative government.

hat a Liberal is

Some friends of the press were saying they hoped Mr. King would tell them what a Liberal was. Well, the men in power at Ottawa said the people exist for the sake of the government. The Liberal idea was that the government existed for the sake of the people. That was the difference, and it was said the Liberal party should be more concrete in the measures they proposed to adopt, but in his opinion it was more important what the attitude of mind was to the policies and movements of the day. The world had passed through a great commotion; the stirring and striving were over, and a visible sign of the change that had gone on in the minds and hearts of the people. Out of the commotion there had appeared in Canada a great movement—the farmers and the veterans whose aspirations deserved the greatest consideration, and who were determined to realize in this country the greater measure of justice and higher civilization they had fought for abroad. These movements were the expression of the new

freedom and were in accord with the larger Liberalism.

Some people could not understand the result of the Ontario elections. A large delegation of farmers went to Ottawa. Sam Gompers was invited to

HON. MACKENZIE KING.

address parliament by the speaker. The farmers asked the same privilege, but it was denied them. There and then they determined to show their resentment of this arbitrary attitude their first opportunity to do so was when the House of Commons went to the polls.

Class Organization.

Mr. King said that while class organization for economic purposes might be good when any group entered politics for class purposes it would stir up other class movement. It was inevitable that the farmers and labor should come into field; they represented a reaction from an attitude of mind on the part of the Government which was not the free-loving attitude of the Liberals. When a Government becomes arbitrary it is natural for groups to form in protest. The real critical problem in Canada as he saw it was the danger of the groups not being united in the face of the common enemy. If we are to have different groups each striving for a monopoly of government, we will have disunity of the people: sooner or later you will have the east arrayed against the west, the towns against the country. What we should strive for is unity in the nation and stability in the Government. He was unalterably opposed to class government. What was needed was a party broad enough and liberal enough to include in its platform the aims of all these great progressive groups.

Union Government.

Continuing, Mr. King said the Union party did not have a policy. The present Government was chosen for one purpose only—the winning of the war. The Government should have dissolved when it arrived at peace times or given the country some justification for its continuance. But Premier Borden went to Europe without announcing a policy; when he returned he found disunion and wrangling in the Government. On part of the Government was expressing the hope that the whole would develop a reconstruction policy; but the Liberal Unionists felt that having been elected to support the Union Government they should go on doing so.

Mr. King sympathized with the Premier and the illness that was the result of his many troubles. But he thought it was a mistake for Sir Robert to hold on to office. The only reason he did so was that if he left the whole combination would fall to pieces.

Next session Sir Geo. Foster would be acting Premier, but as he would not be able to attend evening sessions, there would have to be another acting leader. If a question was asked about the harbor of St. John you would never get anywhere; the Ministers would pass the buck.

WINNIPEG CUT OFF FROM OUTER WORLD TODAY

For the Second Time Within a Year the Newspapers of the City Will be Forced to Suspend Publications.

DUE TO NEWS PRINT DISPUTE

Papers Have Arranged With Canadian Press to Post Quarter Sheet Bulletins in Prominent Places.

Winnipeg, Jan. 16.—(Canadian Press)—For the second time within a year this city will be practically cut off from the world news tomorrow. During the strike of last June there were days without knowledge of the outer world almost entirely, owing to the loss of operating staffs for the wires; now the three local papers have had to suspend publication because they have no paper on which to print their editions. This is due to the dispute with the paper makers at Port Franco and there seems little likelihood of a very early settlement and supply of paper.

In order that the people may not be entirely ignorant of the doings of the big world this time, the local papers have made a joint arrangement with the Canadian Press, whereby a quarter sheet will be issued for distribution, containing a fair outline of the news of the day. This will be issued twice daily and hung up in prominent places, outside post offices, etc. On these papers the public must rely for its information for a few days.

The only other places, so far near, where a famine in news and newspaper are, Regina, Moose Jaw and Saskatoon, but the outlook there is tempered by the fact that one or two of the newspapers may be able to continue to publish for a week yet. After that there will be a dark spot in the news situation over two provinces, at least so it would seem tonight.

SINN FEINERS SHOW THEIR HEELS TO ALL OPPONENTS

Preliminary Returns in the Municipal Elections in Dublin Record Successes for Sinn Fein.

Dublin, Jan. 16.—Preliminary returns in the Municipal Elections in Dublin show successes for the Sinn Fein candidates. Three Sinn Fein common-law candidates were elected on the 14th, including Alderman Tom Kelly, now in prison in London, who obtained more than three times the necessary vote. Lord Mayor O'Neil, whose term expired, although running as an independent candidate, was re-elected. Results from the country districts of Ireland indicate the preponderance of the vote went to the Sinn Fein candidates, and it is considered certain that the party, together with labor, will have a considerable majority outside of the city.

Contests in Ulster between Unionists and Nationalists were close in all sections. These parties united to oppose the Sinn Feiners, several of whom were elected despite efforts to defeat them.

U. S. MARINES TAKE PART IN ENDING BANDIT ATTACK

On Port Au Prince, Haitian Capital—Half of Attacking Force Was Killed.

Washington, Jan. 16.—United States marines and Haitian troops yesterday repelled an attack on Port Au Prince, the Haitian capital, by a force of three hundred bandits, more than half of whom were killed, wounded or captured after being pursued outside the city.

The total casualties of the marines was two privates wounded, according to the report of the engagement received at the navy department today from Colonel J. H. Russell, commanding the forces in Hayti.

AMERICAN SHIP SHORT OF COAL

Halifax, N. S., Jan. 16.—(By Canadian Press)—The Marine Department was advised tonight that the several steamers are going to the assistance of the American steamer *Chilford*, which reported today that she was short of coal off this coast. Radioes from the steamers Langley and Novian, state that they picked up the *Chilford's* call, and that they were proceeding to her assistance.

Y. W. P. A. HELD SOCIAL MEETING

Large Number Spent Pleasant Evening at Bond's — Results of Work for Victory Loan Received.

Over seventy members of the Young Women's Patriotic Association were present last evening at a social meeting held at Bond's restaurant. Miss A. L. Brock, president, presided, and after a short session of business, which included an announcement that a check had been received from the Victory Bond Committee amounting to \$275.50, for commission on bonds sold, two of the members, Miss Helen Irvine and Miss Margaret Dixon, gave much appreciated solos. Refreshments were served and dancing enjoyed. Several new members joined, a number of others re-joined, and great enthusiasm was shown in the plans of the association. Nomination papers for the annual meeting were filled in last evening.

Convenors for the entertainment were Miss Charlotte Dodge and Miss Alice Fairweather.

ROSE HENDERSON'S ADDRESS.
Mrs. Rose Henderson, whose splendid address in St. John on Mothers' Pensions will be remembered by all who had the privilege of hearing her give what is said to have been a most eloquent address in Toronto recently before the Club for the Study of Social Science in Margaret Eaton Hall. Mrs. Henderson, who is the assistant judge of the Juvenile Court in Montreal, and has travelled extensively, studying labor conditions in England, Denmark and many other places, gave three basic causes of labor unrest—economic, political and moral.

TWO MORE MONTHS WOULD HAVE SEEN THEIR FINISH

Quebec, Jan. 16.—We were one and one-half months on milk and bread, and if help had delayed another two months, the rescuers would have found our dead bodies in both lighthouses on Belle Isle, said Raoul Bergeron, one of the light house keepers from Belle Isle, who was rescued about three weeks ago, by the Newfoundland steamer Seal and who arrived in Quebec yesterday afternoon. He brought his wife, his two children and with him came W. J. Wyatt, another keeper who also brought back his wife and two children.

OPPOSE JUVENILE COURT.

The regular meeting of the Trades and Labor Council was held last evening when a resolution was adopted condemning the idea of the establishment of a Juvenile Court, and the appointment of a probation officer on the ground that such an institution was likely to develop gratuitous interference with the liberties of the people. A committee was appointed to lay the council's views before the meeting of the county council. Other business before the meeting was of a routine nature.

ON TREASURE HUNT.

All the Y. M. C. A. Junior "A" and "B" boys are going on a treasure hunt this morning through Rockwood Park. The morning gym classes will be cancelled for the hunt. The boys will lunch in the Log Cabin.

Afternoon Tea aboard Ship

THE EX-KAISER.

According to press despatches the Supreme Council of the Allies has at last drafted a note to Holland which practically amounts to a demand for the surrender of the ex-Kaiser. It was reported some weeks ago that Holland would refuse extradition, but when a resolution to this effect was introduced into the Dutch Parliament it received practically no support. There have been suggestions that the Allies would not press for extradition, but would try the ex-Kaiser without requiring his personal appearance, and that the judgment which might be made would not be enforced. This would be to make the solemn arrangement of the Peace Treaty, a farce, and Germany has set her hand, a farce, and the trial a travesty. No doubt there are powerful influences seeking to postpone or prevent the trial of the ex-Kaiser, but the statements of Premier Lloyd George and of the other Allies are so explicit that this matter has been so long in the air, that the Allies would hardly be consistent in proceeding with the prosecution of the lesser criminals who acted on orders emanating from the All-Highest. Meantime efforts are being made to develop sympathy for the ex-Kaiser among his former cannon-fodder. The Berlin Tageblatt says he is much aged, and has become corpulent, though he eats very little. The trembling in his right arm and leg has become very pronounced, and he speaks very slowly, in contrast to his former habit. He is described as a broken, old man, mentally shaken to pieces, and unable ever again to play an active role. But he more than ever thinks himself deceived, tricked and forgotten by his advisers and the entire nation of Germany which he considers lost.

PRUSSIAN AID.

While the blood and iron policy of Minister of Defence Noske, the ex-captain, ex-Socialist editor, whom Maximilian Harden calls the "Bourgeois Bismarck," has so far sustained the authority of the Central German Government, the efforts to fuse the component parts of Germany into a single State do not appear to be meeting with much success. Menaced by the Spartacists on one hand and the Junkers on the other, the central Government has also to contend with other forces which are working for the disintegration of the once powerful Empire. Under the Republic there is still much talk of Prussian domination, and in Bavaria particularly the advocates of State rights are nearly in revolt against the central Government. The Christian Peasants' Union and the Bavarian Peasants' Association, important parties which hitherto have been mutually antagonistic, have decided on united action to promote the interests of Bavaria. They have been joined by Dr. Helm, a former Centrist leader, who has appealed to the middle classes to support the peasants, declaring that Bavaria has never enjoyed her rightful influence in the affairs of Germany, and deprecating any attempt at union between Germany and Austria. A single-State Germany Dr. Helm describes as an inflated bladder marked Prussia.

WOMEN AND PEACE.

A group of the most prominent women of Great Britain have issued a manifesto with a view to increasing the membership of the League of Nations Union and "strengthening the organization already devised in the League of Nations Covenant, and to develop and improve its machinery for promoting peace and goodwill among men." The manifesto points out that the League can only become a living reality if it is backed by the strong determination and support of the men and women of the countries concerned. It adds: "It is useless to criticize statesmen for not acting, unless we have done our part. If women share this duty with men, they will help to create a new force in the world, which will strengthen the foundations of peace. The League of Nations will then become not merely words written upon paper, but a living and powerful force for putting an end to war."

ROBBING THE HUNGRY.

Nearly every nation is doing something practical to aid Austria. A British Relief Commission is helping middle-class sufferers, and public subscriptions are being taken to supply food for the starving poor of Vienna. The American Relief Committee has undertaken to provide daily for 125,000 children in Vienna and 40,000 in other Austrian cities. Italy is feeding the children of its ancient enemies, Norway, Sweden, Holland and Denmark have contributed \$20,000,000 to the relief of Austria. Argentina has voted \$2,000,000, and is sending food-stuffs in battleships, being unable to secure other transport. But in face of all this, the Vienna Mitags-Post declares that 80 per cent.

of the foodstuffs sent voluntarily fails to reach its destinations, for the simple reason that it falls into the hands of profiteers and other unscrupulous persons, who sell it secretly, at high prices. This is a new form of Bolshevism.

FOOD PRICES.

While there has been a big increase in the prices of foods in Canada since the outbreak of the war, the increase is very much lower than in European countries except Spain. The latest available figures showing the percentage increase in retail prices of food in various countries as compared with July, 1914, are as follows:

Country.	Rise.	Per cent.
United Kingdom	131
Foreign Countries:		
Belgium (Brussels)	261
Denmark	112
France (Paris)	183
France (other towns)	188
Holland (Amsterdam)	108
Italy (43 towns)	181
Italy (Rome)	114
Italy (Milan)	248
Norway	198
Spain	57
Sweden	209
Switzerland	141
United States	84
British Dominions:		
Australia	48
Canada	92
India	53
New Zealand	50
South Africa	36

As a supplement to the above figures we reproduce the following table from a White Paper lately published which compares the expansion in currency of various countries with the rise that has occurred in prices. Wholesale prices are supposed to have been 100 in 1913, and retail prices 100 in 1914. The figures are as follows:

Country.	Cur-ency	Whole- Retail
	of all sale prices	kinda. prices. of food.
United States	173	206.0 181
Japan	223	214.0
Switzerland	230 250
Denmark	240 212
United Kingdom	244	257.2 217
Netherlands	270 203
Sweden	275	339.0 336
Norway	305 271
France	365	336.0 263
Italy	440	329.9 281

At the 1st November, the retail prices of the principal articles of food in Great Britain, according to The Labour Gazette, average 131 per cent. above the pre-war level of July, 1914. For all items (including food, rent, clothing, fuel and light, etc.) the increase at the 1st November averaged 135 per cent. as compared with 120 per cent. a month earlier. As against the 131 per cent. increase in prices, the average increase in expenditure on such articles was estimated to be 119 per cent., the difference between the two percentages arising from changes in dietary. The general increase in the prices of all the items ordinarily entering into the working-class family budget between July, 1914, and November, 1919, is about 125 per cent. If the amount of increased taxation on commodities is deducted the increase is about 6 per cent. less.

MR. KING'S MISSION.

Possibly to conceal his lack of practical grasp of public affairs Hon. W. L. Mackenzie King told his audience last night that his main business on this planet is to promote national unity. Incidentally he mentioned that Laurier's great aim and purpose was to promote national unity. It used to be said that Laurier had accomplished his purpose and made Canada a nation. But if Mr. King means anything by his eloquent talk about his great mission he must have come to the conclusion that Sir Wilfrid's life-work was in vain, and that it is necessary for a greater man to attempt the great task. Mr. King has no small conceit of himself. But probably Mr. King is no more clear as to what he is driving at when he talks of national unity than he is when he is trying to expound Liberal principles. He also told his audience that the Canadian spirit had been forged in the red heat of war, and that the blood of her soldiers had set the seal upon her nationhood. And if that is so Mr. King's eloquence is superfluous, if not a piece of gratuitous impudence.

Mr. King is worried by the appearance of political groups which threaten the extinction of the party he would like to lead. In one breath he said the appearance of these groups was inevitable and likely to be productive of good; in the next breath he declared he was unalterably opposed to all group or class movements in the political field, though he was prepared to admit their value in the economic domain. Possibly the group political movements which are appearing in Canada represent class antagonisms which may menace national unity, but the more immediate danger which bothers Mr. King and no doubt other politicians is their possible ef-

fects upon the unity of the old line parties. They do not necessarily threaten national unity; the better expression which may be given to group interests may promote a national unity in a larger sense than it exists today. France is a country which has a variety of group political movements. And there is probably no country in the world where the national spirit flames with greater splendor or where the sense of the national unity is more strong.

In any case the principles of Liberalism offer no solution of the problems of class antagonisms. In England, where it ought to have some message for a country with problems more acute than Canada, it is sterile of practical suggestions, and even the middle classes who have been the bulwark of Liberalism in the past are turning away from it.

The Liberal leaders say that a Government elected in the abnormal time of war should have gone to the country on the return of peace. That argument would apply to the Veniot-Foster Government. Premier Foster's great concern for the people's right of representation may now be extended to Carleton County.

Diamonds in 1920

Our advice to those who are intending to buy diamonds is to make the purchase at once. All indications are that the great demand of the past few years will continue in 1920 and the limited supply of gems not be materially increased.
 We are advised by those in closest touch with the situation that diamond prices will be much higher a year from now, and that the first of a series of price advances may be looked for within the next few weeks.

OBITUARY

Mrs. Elizabeth Heffer

The death of Mrs. Elizabeth Morgan Heffer, widow of the late Captain Thomas Bissett, will be learned of friends with sincere regret by her numerous friends. Mrs. Heffer had been confined to her home for some time. She was born in this city, and for a number of years was a member of the Ladlow street Baptist church, West St. John. She is leaving to mourn one daughter, Emma, residing at home, and one son, Auber W. Heffer, residing in Santiago, Chile. Miss Emma Heffer, her daughter, is connected with the Y. W. C. A. in their work at the Winter Port. Mrs. Robert Barbour is a sister.

The funeral will take place this afternoon at 3 o'clock from her late residence, 141 Britain street. Interment will be made in the Fernhill cemetery.

John Surratte.

Moncton, Jan. 16.—John Surratte, one of the oldest residents of Westmorland county, died Wednesday night at his home in Fox Creek, Parish of Moncton, at the age of ninety-two years. Four sons, Isaac and Camille, of Moncton; Charles and David, Leger Corner, and one daughter, Mrs. Thomas J. B. LeBlanc, Fox Creek, survive. One of the sons, Camille, is the well known travelling auditor of the C. N. R.

PUT STOMACH IN FINE CONDITION

Says Indigestion Results from an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or rather, ferments as a noted authority. He also tells us that indigestion is caused by hyper-acidity, meaning there is an excess of hydrochloric acid in the stomach which prevents complete digestion. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a table-spoonful in a glass of water before breakfast and drink while it is effervescing and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus procure a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.

Lumber Interests In Need of Snow

Prominent Lumberman Informs Standard That Much of Season's Cut Will Not Reach Mills if There is Not Soon a Heavy Snowfall.

A serious situation confronts the lumbering interests of New Brunswick if there is not soon a heavy fall of snow. Elwood Burr, one of the prominent lumbermen of the province, was in the city yesterday, and in conversation with a Standard representative, said that all large lumber interests at stake, were longing for better hauling. Conditions have been ideal for the operation this season, and there has been a tremendous cut, according to Mr. Burr, throughout the whole province. If the needed snow does not soon arrive it will be quite impossible to get all of the season's cut on the way to mills, and a heavy loss will follow.

With the prevailing high prices it means much to the business interests of the province that every stick gets to market when there is a big demand. The Burr interests operated on the Keswick waters this season and have cut six millions of feet of lumber. They have recently disposed of their timber and mill properties in British Columbia, where they operated a few seasons.

EVANGELIST DIXON DRAWING CROWDS

At Centenary Church Last Evening Large Congregation Gathered and Listened to a Stirring Message.

The meeting held in Centenary Church last night was a great success. In spite of all the counter-attractions there was a large attendance. Evangelist Dixon delivered a most faithful message in which he declared that there was deliverance offered to all who were weary of sin. His text was Second Chronicles, 22:15—'Shall God deliver you at my hand?' He compared these words of the King of Assyria to the remark of the Kaiser of Germany in which he called the British Army 'that contemptible little army.' He believed that many, all over the country, are watching this special effort in St. John with great interest and many are prophesying its failure. He said a man once said to him that tiger hunting was great sport, but he ceased when the tiger got hold of the hunter. So the pursuit of sinful pleasure was great fun, but when habits of sin are formed that grip the life, the fun ceases and the enemy triumphs over his victim.

Sannachrit returned to his own land a defeated man with his splendid army destroyed. So there is power in Christ that can destroy the forces of appetite. Mr. Dixon stated that after his conversion he was not allowed to wear any distinctive garb or badge to show that he was a Christian. As he was a soldier, he carried his Bible in one hand and his rifle in the other to the amusement of his comrades. An Irish wit, named Pat Roache, who did much to turn ridicule upon him, was wounded in the same battle in which Mr. Dixon lost his arm. While they both lay wounded on the battlefield Pat begged his rifle for him.

Miss Dixon sang very sweetly: 'Somebody Came and Lifted Me, Who could it Be But Jesus.'

The chairman of the evening was the Rev. G. F. Dawson, H. A. Goodwin led in prayer.

Queen of Rumania Sends Letter of Thanks To Canada

Lady Tilley has received a copy of the following letter which was sent to Lt.-Col. Noel Marshall, Chairman of the Canadian Red Cross Society:

Bucharest, December 13th, 1919

Dear Sir—It cannot deny myself the pleasure of sending you personally a word of thanks for all the wonderful help you have sent out to Rumania.

You can little realize what your aid meant to me, the Queen, who has been struggling since three years against such very heavy odds. To see one's country invaded, looted, destroyed, handicapped in every way, and to be unable to relieve all the misery, is a great torture.

Thanks to the wonderful generosity of the Canadian Red Cross, I was able to help thousands, and it touched me quite particularly that all their gifts were put into my own hands to distribute as I thought best, thus giving me the almost holy joy of helping my people as a mother should be able to help.

Colonel Boyle has been an invaluable aid—he has seen my country in its greatest misery and stood by us faithfully when so many dared not stay, so his heart has understood myself and girls have meant to me.

The name of "Canada" is now known throughout Rumania, and it is a sweet satisfaction to me to hear her name blessed by thousands of suffering women and children.

The King hopes that you will accept the Regina Maria Cross, First Class, as a special appreciation of your kindness.

I shall never forget what you have done for my people.

(Sgd.) MARIE, Queen of Rumania.

To Lt.-Col. Noel Marshall, Chairman Canadian Red Cross Society, Toronto, Canada.

Thoughtful.

Sister—"I wonder what became of the candy papa brought me?"
Little Brother—"I ate it."
Sister—"What did you do that for?"
Little Brother—"I didn't want you to have the toothache again."

Leaving It To Him.

"I'm afraid your husband is beyond help," said the doctor to his wife.
"I can give you no hope."
"Here you," came a voice from the bed, "I haven't snuffed out yet."
"Keep quiet, dearie," answered the wife. Leave it to the doctor; he knows

Diamonds in 1920

Our advice to those who are intending to buy diamonds is to make the purchase at once. All indications are that the great demand of the past few years will continue in 1920 and the limited supply of gems not be materially increased.

We are advised by those in closest touch with the situation that diamond prices will be much higher a year from now, and that the first of a series of price advances may be looked for within the next few weeks.

You are cordially invited to inspect our stock.

The Call:-More Dunlop Cord Tires Wanted. The Answer:-A New Factory Costing \$1,500,000.

Another Dunlop Tire Factory Being Rushed to Completion

AN appropriation of \$1,500,000 has been set apart for building and equipping a new factory in Toronto.

Up to the minute in every respect, the new Building will be devoted especially to the manufacture of

DUNLOP CORD TIRES

The demand for Dunlop Tires to-day justifies this Building. That fact is self-evident. Had it not been for war conditions, the new building would have been up before.

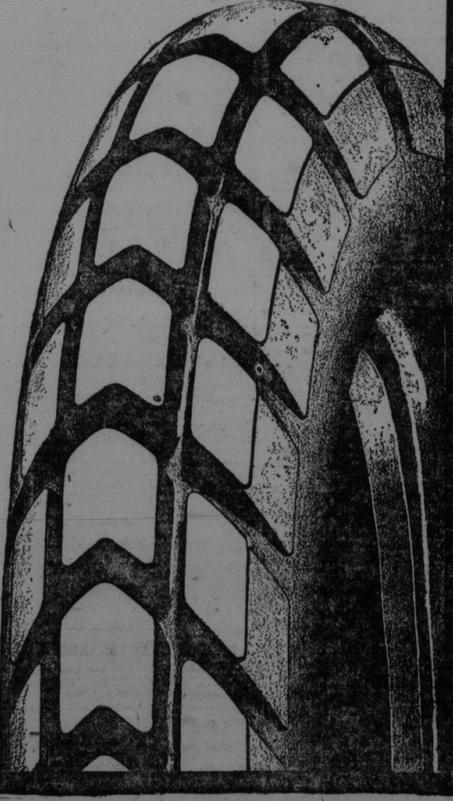

The 1920 Dunlop Tire will be even better than the 1919—and last year's product has certainly made fame for the name—Dunlop.

- Unassailable Fact No. 1—More dealers than ever are stocking Dunlop Tires
- " " No. 2—More car owners than ever are using Dunlop Tires
- " " No. 3—More tire users than ever are boosting Dunlop Tires

You might as well get Quality Insurance with your tire purchases: Dunlop Tires Made-in-Canada not only represent the best that this country can produce, but Dunlop supremacy the world over furnishes the additional security of the "Master Brains of Tiredom."

BRITISH PORTS.
Liverpool, Jan. 15.—Old str Canadian Selquem, Halifax.
Steamer Moved.
The S.S. Manchester Mariner which was berthed at No. 2 Sand Point, was removed to the Customs House wharf in order to make room for the C. P. O. S. liner Empress of France, which occupies two berths, Nos. 2 and 3.
Fire on Steamer.
Fire broke out on S.S. War Peridot Thursday afternoon which did considerable damage to the sleeping quarters of the steamer. G. H. Hampton, foreman of the government pier, gathered a crew of men and fought the blaze. The origin of the fire is unknown.
500 Miles from Here.
The Furness Withy liner was reported by wireless yesterday to be about 500 miles from this port, and is due here Monday. She is bringing a full general cargo.
Sailed Yesterday.
The R. M. S. P. liner Caraquez sailed yesterday from Bermuda for St. John with passengers and cargo.
Ship of Coal.
Halifax, Jan. 16.—The United States shipping board steamer Guildford reports by wireless from 135 miles off Halifax, that she has only enough coal to run her within sixty miles of this port, that she is leaking and requires assistance. A tug will be sent to tow her here. She is a vessel of 3,500 tons, and arrived at Norfolk on January 10th, and is believed to have sailed with a cargo of chemical salts for a trans-Atlantic port.
Arrived on Empress of France.
Captain George S. Webster, of the C. P. O. S. liner of the Empress of France, arrived here yesterday as a cabin passenger on the Empress of France.

THE WEATHER. Toronto, Jan. 16.—A fairly important disturbance is centered tonight south of Lake Erie, causing strong easterly winds and snow in southern Ontario. Decidedly cold weather prevails in nearly all parts of the Dominion.

AROUND THE CITY. Skating this afternoon with band at Victoria Rink Band in attendance also tonight.

GALES EXPECTED. Storm Signal No. 3 is displayed. Danger of easterly gales with heavy snow is predicted. The storm is moving rapidly up the Atlantic Coast and has been the cause of much damage south of here.

WENT TO OTTAWA. Colonel H. P. McLeod, M. P. left Fredericton yesterday for Ottawa where he will attend a special meeting of the Dominion executive of the Great War Veterans' Association representing the New Brunswick command.

LOCAL MUSICIAN HONORED. The many friends of Miss Beryl Blancha, one of the city's talented musicians, will be interested to learn that she is to participate in a musicale to be given under the auspices of prominent musical people in New York the latter part of February.

S. R. O. SIGN OUT. The classes at the Vocational School are filled to capacity. The ladies of St. John are taking advantage of the opportunity to take up courses of work and the S. R. O. sign was hung up last night. Many desiring to attend Friday evening found there was no place for them.

LEFT FOR NEW POSITION. Mr. Frank F. Heaman, one of the popular young men of the city, left yesterday for Upper Canada where he has accepted a position with a large dry goods manufacturing establishment with headquarters in Toronto. His many friends in this city wish him every success.

LOST ITS FOOTING. While proceeding down King street yesterday morning a horse with yellow harness, slipped and fell. All attempts of the driver to bring the horse to its feet were futile. However, with the aid of Officer James McNamee and several pedestrians who were passing at the time, the sloven was detached and the horse righted none the worse for the mishap.

SUCCESSFUL OPERATION. The many friends of Miss Katherine Good, 51 Richmond street, will be pleased to learn that she is feeling quite comfortably at the General Public Hospital after an operation for appendicitis. Miss Good was admitted to the hospital on Tuesday night and was operated on early Wednesday morning. Her many friends hope for a speedy recovery.

BUILDING PURCHASED. The Bank of Nova Scotia has purchased the building at the corner of Mill street and Paradise Row, owned by Mr. Hawker and recently badly damaged by fire. The structure is on land belonging to the bank. No advice from Toronto headquarters as to what it is proposed to do now that the bank has the building as well as the land. Mr. Hawker will secure premises near the corner.

SKATING PARTY. The National History Society Juniors held a skating party last night in Victoria Rink. After enjoying several hours on the ice, the party adjourned to the Society's rooms, where a programme of dances was carried out. The evening was concluded by the serving of refreshments. There were eighty members present and the entertainment was thoroughly enjoyed by all.

FORTHCOMING EVENT. A wedding of much interest in the province is announced to take place at Moncton on Wednesday, January 21st, the principals being Miss Alda Boyer McAnn, niece of ex-Mayor and Mrs. L. W. McAnn, of Moncton, and Major Douglas Vincent White, M. C., son of Dr. and Mrs. W. W. White, of St. John. N. B. Miss MacAnn has been on the staff of the Mount Allison Ladies' College for the last two or three years, and is well known to many former Mount Allison students in the provinces.

PLEASING PRESENTATION. The officers and men of the Canadian Army Dental Corps, stationed in the city, met in the Armory last evening and presented one of the popular officers of the corps with a magnificent Morris leather chair, accompanied by a box of cigars. The presentation was made by Captain Farrar on behalf of the officers and men of the unit to Captain Godsoe. Though completely taken by surprise, the recipient thanked all for their kindness, and gave a very neat speech. The evening was pleasantly spent with music and songs.

Women's Hospital Aid Much Pleased

That County Finance Committee Has Recommended Erection of Nurses' Home—Society Has Over 2,000 Members and is Doing Good Work.

Members of the Women's Hospital Aid expressed themselves last evening as greatly pleased with the fact that the Finance Committee of the County Council in their estimates have recommended that the sum of \$151,000 shall be expended in the erection of a new Nurses' Home in connection with the General Public Hospital.

Starting with a membership of seventy-three, the Aid now numbers over two thousand members. With Mrs. E. Atterton Smith as president, the work of caring for patients at the Hospital was undertaken and a "follow-up" system adopted which has worked out splendidly.

Family Troubles Before Magistrate

William Dean Answers to Charge of Assault Preferred by Wife—Peppery Session—Abortion Charge Against Physician—Drunks Take the Count.

In the police court yesterday morning, Dr. Francis K. Morris, who is charged with procuring abortion, was re-arrested. The information was laid by a woman and as a result the doctor is now lodged in jail.

The case against Sergeant H. S. Seville was postponed for further hearing, after evidence had been given by his wife, and Ruth Williams, his sister-in-law.

A drunk received the usual sentence. The case of William Dean charged with assault by his wife, was resumed in the police court yesterday afternoon, the case having been adjourned one week in a hope that the husband and wife, defendant and complainant in the case, might come to some agreement by which they would continue to live together.

On the opening of the case yesterday afternoon, E. D. O'Neil, on behalf of the defendant, stated that the husband had secured a large house and farm in Musquash and was willing to resume conjugal relations with his wife once more.

Mrs. Dean said that she had no intention of going back to her husband, all he wanted was her baby which he had attempted to steal from her several times.

The judge endeavored to make a reconciliation through relatives of the couple. The wife's mother said it was a matter for her daughter alone to decide she herself had tried ever since the marriage to get the two to live happily together, and she would now leave the matter to her daughter as she was the woman who had to live with the defendant.

"Perhaps your sister might go and live with you for a while, till things settle themselves," suggested His Honor. A vigorous protest came from the back of the court room and the sister's husband came forward and said that he would have nothing to do with the defendant, moreover, he asserted that if the insinuations which Mr. Gerow, counsel for the defense, and his client had made in court, had been made elsewhere, he would have made it hot for them, and he intimated that he would bring action as it was.

S. D. Bustin, for the prosecution, said that scurrilous remarks had been made in the conducting of the defence, which were utterly groundless. Had he so desired he could have brought forward damaging evidence by reliable witnesses against the defendant, William Dean.

The case was allowed to stand till Monday afternoon at 2:30 o'clock. B. L. Gerow asked that the deposit of his client be refunded as he was no longer living with his wife. The matter will be decided when the case is resumed Monday.

Two drunks received the usual sentence, \$5 or two months. One of them paid the fine.

To Honor Memory Of Overseas Men

Royal Bank Plans to Place Memorial Tablet in Home Town of Each Hero.

C. E. Neill, general manager of the Royal Bank of Canada, at the annual meeting referred particularly to the good work of the staff of the bank in replying to the vote of thanks tendered by the shareholders to the staff Mr. Neill said:

"On behalf of the officers of the bank I thank you for this fine expression of appreciation. I have already spoken of the ability and loyalty of our staff, which cannot be too highly commended and to which I attribute much of our success. The increased number of our branches, with the consequent expansion of business, has meant harder work and more responsibility for our officers, but all have cheerfully undertaken extra duties in the emergency.

Returned Men Placed. "We have fulfilled our promise to take back into the service all our men who have returned from overseas, and have, as far as possible, arranged the staff so that no returned men should suffer, either in the matter of position or salary through having responded to the call of their country.

"As to those who have not returned, we are having prepared for the bank's records a history of the achievements of each of our officers, to give his life in the great conflict, and our directors have authorized an expenditure to provide a bronze memorial tablet to be placed in our branch in the home town of each of these heroes. We desire to do everything possible to keep green the memory of their brave deeds and glorious death."

Opposition To Juvenile Court

Judge Forbes Condemns the Idea in Strong Language.

The proposed Juvenile Court was denounced as unnecessary and unjustified by His Honor Judge Forbes, at the meeting of the finance committee of the Municipal Council.

Judge Forbes said there had been a Juvenile Court here since 1883, and that to establish another would mean adding unnecessarily to the financial burden which was already too great for a considerable number of people to cope with.

He treated as ridiculous the assertion that the proposed court could be carried on for \$5,000, and remarked that the cost would grow speedily and to an alarming degree.

He said that the present machinery of the law enforced by judges and lawyers with legal training and by the police officials who had considerable experience, was not sufficient for the needs of the court, and that a new court, presided over by a judge with only a probation officer to assist, could achieve better results.

INSTRUCTORS MET IN CONFERENCE

Large Number of Vocational Instructors Present—New Departments Decided Upon—Two More to be Appointed.

The instructors of the Vocational Industrial classes met last evening in the School Board rooms. The following were present: George B. Hennessy, M. C., president; J. M. Moore, M. C., secretary; John Flood, Jr., M. C., mathematics; John Flood, Jr., M. C., mathematics; John Flood, Jr., M. C., mathematics; John Flood, Jr., M. C., mathematics.

The teachers for the sheath metal drafting and chemistry have not yet been appointed. The class in show card writing under F. M. Springer, the Imperial Theatre artist, will open Wednesday evening at 7:45 o'clock in the Cliff street school. This course is especially reserved for window dressers, clerks, and all those connected with the advancement of salesmanship. It includes the following material and utensils: Brush manipulation; letter formation; styles; laying out; disposition of color; methods of treatment; attractions and ornamentation.

It is necessary for those taking this course that they be definitely disposed to it, and should be artistically inclined.

GREAT QUESTION SETTLED. The Philadelphian class of the German Baptist church held a debate last evening, the subject for debate being, "Resolved, that the girl in business does more for the good of humanity than the girl in the home." The affirmative, which was supported by Miss F. Alward, Miss Nina Lewers and Miss K. Doherty, was awarded the debate. Miss E. McKinnon, Miss M. Smith and Miss H. Gray argued the negative. Refreshments were served at the end of the debate, thus concluding a very enjoyable evening.

Life Crushed Out At Union Station

Alfred E. Corbett of 84 City Road Caught Between Cars Being Instantly Killed—Assistant Has Hand Crushed—Deceased Man Leaves Wife and Two Children.

At about 5:45 o'clock last evening a shocking accident occurred at the C. P. R. Wash House in the Union Depot yards while the Boston train was being made up.

Alfred E. Corbett, C. N. R. brakeman, of 84 City Road, and his associate, Charles McCullum, while making a coupling between two cars of the Boston train, found the knuckle of one car was frozen and would not work.

While trying to remedy the matter, the engine, with four cars attached, backed up striking the car at which the two men were working. Corbett's head was caught between the two buffer plates and he was killed instantly. It took forty five minutes before the body could be released. McCullum had two fingers of the left hand badly crushed and was rushed to the General Public Hospital.

Coroner Horace Porter was summoned and gave orders for the removal of the body to Chamberlain's undertaking rooms.

Corbett had been in the employ of the railway some eight years. He leaves a wife and two children. McCullum, after having his hand dressed at the hospital, was able to return to his home at 110 Victoria street.

When interviewed by a Standard reporter last night Coroner Porter stated that he had not considered an inquest necessary, the death being purely accidental, and he could not see that it was due to the negligence of any of the railroad officials.

ROYAL SCARLET ELECTS OFFICERS

Members of St. John County Chapter Held Annual Meeting Last Night, Electing and Installing Officers.

At the annual meeting of the St. John County Royal Scarlet Chapter, the following officers were elected and installed to office: W. Comp in Com.—William M. Campbell; Comp in Com.—William Donahue.

Chaplain—Jas. E. Arthur, Scribe—Alex. Ellison, Treasurer—William Sallis, H. at A.—R. B. Stackhouse, First Lecturer—Geo. B. Ward, Second Lecturer—Geo. E. Chase, First Cook—H. Hamilton, Second Cook—E. McAfee, I. H.—H. Milley, O. H.—D. J. Stratton.

Reports of various officers showed chapter to be in flourishing condition. The election was conducted last night by J. W. Comp in Com. R. A. C. Brown.

St. John's Greatest Mercantile Event

Oak Hall's 31st Anniversary Sale.

A mercantile event that is now a part of the city's history, for it has grown in importance along with the great development and growth of our city during the last thirty years.

From a small beginning many years ago the Oak Hall annual Mid-Winter Sale has grown so enormously in proportions until now it is not only a great event looked forward to by the many customers and friends of Oak Hall in the city, but one looked forward to throughout the entire province. This year the sale is bigger and better than ever, for this great wearing apparel store is well aware that the people expect values to be shown at this event, that are seldom equaled at any other time or place. Ten days are set aside at this season, and preparations are made to handle an enormous volume of business. Anyone who visits the store during the period knows the tremendous turnover that is done. Therefore, it is a well founded fact, and the policy of Oak Hall to do this turnover at a minimum of profit, adhering to their established motto—"A large volume at a minimum profit."

GOOD ROADS PLAY IMPORTANT PART IN NATIONAL DEFENSE

Highways Helped Win for France When They Made Possible the Rushing up of 35,000 Troops in Motor Cars to Defend Paris.

"Roads—not kings or presidents—rule nations." Roads influence more than any other single factor the future, not only of nations, but states, counties and all political sub-divisions.

France gives the rest of the world a lesson with the method of supervision by which she keeps her highways in perfect condition.

Names six ways to kill a minister: 1. Tell the others that you don't like him, but never tell him why.

2. Criticize his sermons. Say he's too old-fashioned in his theology, or he's too liberal; his sermons are too long; he is too closely confined to his notes; he's tiresome, stupid and monotonous.

3. Complain because he doesn't call as often as you think he ought to. Forget that he has several hundred other people to call upon.

4. Criticize his family, especially his wife. Say, "She takes up too much of his time, she tries to run the church, she is not in sympathy with his work, she has too many hats, she dresses too well, or not well enough."

5. Go to some other church because you don't like your own minister, and because the other minister is more sensational, more dramatic, more educated, more orthodox, more heterodox, more social and more anything else that suits your fancy.

6. Always look for your minister's weakest points; never look for his strongest qualities might mean to be convinced that with all his failings he has consecrated himself to the high calling of God for your salvation.

There is nothing else.

HEAVY BLAST RIPS TELEPHONE WIRES

Twenty Down Between St. John and Moncton, as Well as Trunk Lines to Rothesay.

At noon, yesterday, a heavy blast from the Provincial Line Company's Works at Lewis's Lakes, disrupted the telephone service to Moncton, as well as the trunk lines to Rothesay.

Great annoyance was caused by the interrupted service of the afternoon. It is expected that all lines will be working on normal this morning.

Very Queer. Ethel—"What did father say when you told him you wanted to marry me, Edward?" Edward—"A very queer thing, darling. He asked me if there was any insanity in my family."—Answers.

Girls! Your hair needs a little "Danderine"—that's all! When it becomes lifeless, thin or loses its lustre; when ugly dandruff appears, or your hair falls out, a 35-cent bottle of delightful, dependable "Danderine" from any store, will save your hair, also double its beauty.

FREE OF TERRIBLE KIDNEY TROUBLE

After Three Years of Suffering, "FRUIT-A-TIVES" Brought Relief.

MADAME HORMIDAS FOISY, 624 Champlain St., Montreal.

"For three years, I was ill and exhausted and I suffered constantly from Kidney Trouble and Liver Disease.

My health was miserable and nothing in the way of medicine did me any good. Then I started to use 'Fruit-a-tives' and the effect was remarkable. I began to improve immediately and this wonderful fruit medicine entirely restored me to health.

To all who suffer from Indigestion, Constipation, Rheumatic Pains or great Fatigue, I advise the use of 'Fruit-a-tives'."

INDUCTION SERVICE OF REV. M. LEGTE

Large Congregation Assembled at Knox Presbyterian Church for the Impressive Services of the Ceremony.

The Presbytery of St. John met in a special session in the vestry of Knox Presbyterian church at 7:45 o'clock last evening and was constituted with the choir. The Rev. F. S. Dowling, of the St. Andrew's church, was moderator, and Rev. J. A. MacKegan, of St. David's church, was clerk.

At the close of the public service the Elders and the Trustees of the church met with the Presbytery in the vestry, when, at the request of the moderator, the new minister was introduced to the officials by Peter Campbell.

The call to the Rev. Mr. Legte was unanimous, and the minister is receiving a most cordial welcome to the church and city.

Italy's Sovereignty Over Fiume Is Waived

Paris, Jan. 15.—(Havas)—The Temps says today that Italy has waived sovereignty over Fiume, and also waived the question of demobilization of Schenker. The port of Fiume and the railways will be placed under authority of the League of Nations, the newspaper declares.

ARE YOU WEAK AND RUN DOWN?

In This Condition Only a Tonic Medicine Can Renew Your Health.

The condition of being "run down" is one that doctors do not recognize as a disease. The physician of today who gets his training in a hospital where only severe disorders are encountered knows little about it. But those who are run down in health know that it is not a fancied affliction.

The expression "run down" applied to health, means a condition in which all the bodily functions are enfeebled. Appetite fails, the digestion is impaired, the nerves are exhausted, the complexion becomes pale or waxy, there is no animation, but rather worry and mental depression. Fatigue is a constant attendant. No particular organ being affected, you must look for relief to the blood. As it circulates through every part of the body, any improvement in the condition of the blood is quickly felt throughout the entire system. As a restorer of the blood and builder of weak nerves Dr. Williams' Pink Pills stand at the head of all such medicines. Every dose of these pills helps to enrich the blood and strengthen the nerves, and thus the various organs regain their tone and the body recovers its full vigor.

Ample proof of this is given in the statement of Mr. William Devine, Gerard street, east, Toronto, who says: "Two years ago while employed as a conductor on the Toronto Street Railway, I became run down. I was growing weaker and weaker. One day a chum urged me to try Dr. Williams' Pink Pills, but by this time I was heartily tired of medicine, as nothing I had taken did me any good. Finally he bought me a box of the pills, and I could no longer refuse to try them. After a time I felt they were helping me and then I gladly continued their use, with the result that I was finally enabled to go back to my old position fully restored to health. I owe this splendid condition to Dr. Williams' Pink Pills, and can strongly recommend them to any one suffering as I did."

Dr. Williams' Pink Pills can be obtained through any medicine dealer, or may be had by mail post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

HAD ECZEMA For Over 28 Years

Eczeema or Salt Rheum manifests itself in little round blisters, which contain an extremely irritating fluid. If any strong heat is applied to the skin, the blisters are formed, and the intense burning, itching and smarting, especially at night when the part is exposed to the air, is almost unbearable.

The success which Burdock Blood Bitters has met with in skin diseases of such severity is due to its wonderful blood cleansing and purifying properties, and we know of no other remedy that has done or can do, so much for those who are almost driven to distraction with the terrible torture.

Mr. James Walker, 152 Niagara St., Hamilton, Ont., writes:—I have been using Burdock Blood Bitters for some months past, and find it an excellent remedy for skin eruptions. I have suffered with eczema for over 28 years, and have tried almost everything you could think of, I was recommended to use Burdock Blood Bitters, and I am now clear of my skin trouble. It is certainly a good remedy and I shall recommend it to all my friends."

Australia In Even Break With England

Sydney, Australia, Jan. 16.—England and Australia broke even here today in the first round of the Davis Cup tennis matches for the world's team championship. George L. Patterson, the Australian racket star, defeated his English opponent, the veteran, A. L. Lowe, three out of four sets by a score of 6-4, 6-3, 2-6 and 6-2. In the other singles match Lieut-Colonel A. P. L. Kingscott won from the youthful Australian expert, Anderson, in straight sets at 7-5, 6-2, 6-4, 3-6. Play will continue on Saturday and Monday, with two singles and one doubles match still to be decided.

Today's games were played before 6,000 people in an intense heat of more than one hundred degrees in the shade. Patterson made a splendid showing against Lowe, putting up some of the finest play ever seen in Australia. Lowe also made a good display, playing in the greatest fashion throughout. In the main, however, it was the winner's cut stroke that spoiled Lowe's game.

The Kingscott-Anderson match proved a runaway victory for the master craftsman against a neophyte.

STANDING IN CITY BOWLING LEAGUE

In the City league up to date the following are the standing of the teams as registered:

Team	Won	Lost
Sweeps	28	13
Lions	23	15
Thistles	22	14
Ramblers	21	15
Nationals	16	20
Cubs	16	20
Tigers	13	23
McAvity's Specials	7	29

The following is the standing of the highest averaged men in the league:

Player	Average
Melville	109 7-27
Wilson	100 17-27
Belyea	98 11-18
Maxwell	98 17-27
Sullivan	97 11-21

The highest single string during the season has been made by W. Gambin of the Sweeps, who rolled 159. The highest three string average made by Appleby, of McAvity's with 337, and the highest single string team are the Sweeps with 337, made last evening in their game with the Cubs. The Sweeps have also the highest total pin-fall, 1522. Two beautiful cups have been donated by Commissioner Thornton and A. W. Covey for the highest man in the league when it closes.

Y. W. C. A. TRAINING

While brains and hands are being trained in the Vocational Courses there are other classes in the city which are proving very popular, and these are the athletic classes given at the Y. W. C. A. Recreational Centre on King Street East. Here on various afternoons and evenings may be found Canadian Girls in Training Classes receiving instruction from Basil Robertson, who gives them lessons in physical drills and exercises. Miss Matheson, the Y. W. C. A. Secretary, has several classes of business girls who meet twice a week, and two gatherings of children in the afternoon. Today, a ladies' gymnasium class is to be formed.

A rally of the Canadian Girls in Training is to be held in the near future, and will prove to many the benefit these classes have been even in the short time during which they have been held.

The interest in this work is not confined to the city, for Miss Allison, the Girls' Work Secretary, is to visit Hampton on Saturday to address a C. B. I. T. class there. On Monday a new class is to be formed at Centenary Church.

An enjoyable surprise party was held last Thursday night, when a number of the friends of Charles W. Weatherhead met at the home of Mrs. Charles Robinson, 84 Sydney street, and presented Mr. Weatherhead with a handsome leather club bag. An address was read by R. L. Kerr, and the presentation was made by Everett Robinson. The evening was pleasantly spent in cards and dancing. Refreshments were served and the party broke up at midnight singing, "For He's a Jolly Good Fellow." Mr. Weatherhead served overseas for nearly four years with the Sixth Siege Battery.

New Wrinkle In Organization For Promoting Sport

Eight teams are now entered in the Toronto and York Industrial Athletic Association hockey league.

Like many other organizations, the embryo of this association evolved quite unexpectedly in a single night last fall.

It was during a dinner given by the Goodyear Tire & Rubber Co. to their employees at the Carleton Hotel that the idea for an industrial athletic association was born. This company, having long recognized the value of athletics from both the moral and physical points of view, has given its wholehearted support to the Good Year Athletic Association.

So that while the dinner in the Carleton was originally intended merely as a "get-away" to their own winter sports, there developed such a protest against the existing discrimination against industrial association that there seemed a real need for a purely industrial organization to promote industrial athletics.

Confidence in the success of the Association is expressed on every hand. In fact plans are already under way for baseball, football, track and other activities for the coming summer.

Y. M. C. A. SENIORS

The Y. M. C. A. Seniors' weekly handicaps were run off in the gym last night. Morton made fast time in the 60 yard potato race, but was only awarded third place, as he was running under a handicap. Marshall got first in 15 1/2 seconds; Gillan was second and Morton third.

The results for the standing broad jump were: 1st, Gillan, 8 feet 9 1/2 inches; 2nd, Marshall; 3rd, Morton.

Stewart MOTOR TRUCKS

Fleet Owners Prove Stewart Quality

Hundreds of firms own fleets of Stewarts—Dexter's Bakery, Springfield, Mass., bought their first in 1916 and now own 27; H. J. Ball of Milwaukee, bought his first truck in June, 1917, and now owns 22; Rothenberg & Co., one of New York's largest department stores, purchased a Stewart in November, 1918, and now operate 16.

The low operating and upkeep expense of Stewart Trucks has established for them a remarkable economy record in over 600 American cities, on hundreds of farms, and in 27 foreign countries.

Perfect Stewart design has eliminated hundreds of needless parts, reducing the weight of the truck and making it stronger, simpler to operate and more economical as to gasoline, oil and repairs.

Religion Is Patriotism

It is the Root of Personal Righteousness, the Mainstay of Social Order, the Bulwark of International Peace

The Makers of Canada The earliest settlers in Canada were roused by the Call of the Church to develop a noble and useful citizenship. Young and old were invited to turn their eyes from material things, and to regard the splendor of unseen realities. Knowing that Religion is the only true safeguard of stability in the State, they built Churches, Schools and Colleges, to train men for the Christian Ministry, and to spread abroad in the land the benefits of education. This they did in their poverty, and thus directed the course of history in Canada to this day.

The Testing of Canada Because of such sacrifices, there arose in Canada a public spirit hostile towards all injustice, dishonesty and cruelty. The War tested the moral fibre of the Canadians of a later day. Would they choose material ease and wealth, or would they risk all in defence of freedom and the rights of the weak?

Over 400,000 men voluntarily offered their lives, and endured hardness as good soldiers for the defence of equity and fair dealing in all human relationships, and for the vindication of public right. Nor were the people at home less steadfast. Besides bearing the national cost of the War, they gave voluntarily for the help of the soldiers more than \$90,000,000. Canada nobly stood the great trial.

The Menace of To-day That conflict is ended. Now comes another test. Not only in Canada, but all over the world, sectional and class struggles for material rewards and for mastery threaten the present basis of Society. The vision of spiritual values gained in the War is in peril of being forgotten. The supremacy of sacrifice, the nobility of service, the reality and glory of the Unseen and Eternal, the promises of Christ; these were the things by which we lived during the War. Now there is great danger that they may fade from view, giving place to selfishness and the love of ease.

The great non-Christian peoples of the world comprise two-thirds of the human race. They are mastering our modern scientific knowledge, and if they remain Pagan may yet turn it to our destruction. Paganism stands for the supremacy of Might, the very ideal

we fought and conquered in more than four years of war.

Victory only through Christ How can we retain the heavenly vision? How can the world be guarded against another attempt to establish the Pagan ideal? Only through the Church of Jesus Christ. There is no other agency or society that has any possibility or hope of bringing about a full

realization of the brotherhood of all mankind, and the reign of the Prince of Peace.

What the Church Has Done All the progress of humanity in Civilization for the last 2000 years has been inspired, directly or indirectly, by the Gospel of Jesus Christ. It has ended slavery, protected life, ennobled women, educated the children and safeguarded their lives, sanctified the home, established schools, missions and charities.

The Coming Era Victory places upon the shoulders of the Allied Nations the responsibility for directing new conditions to right ends. Canada must do her share. The Church must prepare to meet the needs of the new day. Old standards of life with old habits of thinking and of giving will be wholly inadequate. We must do in our day what our fathers did in theirs. The hope of the world is bound up with the strengthening and extension of the Church of Jesus Christ.

Fight the Good Fight

The World's Need is Spiritual

I speak as one standing upon the watch-tower, and know what the need of the land is. It is not material, it is spiritual. Get the spiritual, and the material will follow. The wounds of the world are bleeding, and material things will never heal them. And that is why I hail any movement which brings the great spirit of brotherhood. The one need of England and France today is the healing and the brotherhood of the Cross of Christ.

—Rt. Hon. David Lloyd-George,
Before the Brotherhood Convention, London, September, 1919.

The Forward Movements

FIVE Christian Communions, Anglican, Baptist, Congregational, Methodist, and Presbyterian, are convinced that the time has come to rouse all Christians to a clearer understanding of their calling and stewardship in Christ, their King. They believe that the Church should be equipped adequately with men and money to enable it to meet the needs and opportunities of the New Day.

These five separate Communions are of one mind as to their be-

lief in God, the Father Almighty, Maker of Heaven and Earth, and in Jesus Christ, His Son, Our Lord. They now

EACH of the Communions named is in the midst of a Forward Movement. Each is seeking by prayer and by earnest effort to accept all its responsibilities. Each is striving to extend its activities in Canada and in Foreign Lands.

Your Church needs your help, but, far more, you need the help of your Church to learn the difficult art of living wisely and well.

Consult your Clergyman. He serves you and your children. Ask him how and when you can serve in this day of national emergency. Give yourself to the task. Say: "Here am I, send me."

declare to their respective constituencies, and also unitedly, to the Canadian people, that the only effective method of making good citizens is by urging men to a more faithful practice of Christianity, by inculcating personal faith in Jesus Christ. They insist that there is no other dependable way of correcting evil tendencies in individual and national life. They call the people to repentance. To all Christians their message is, "Awake, Arise. Fight the Good Fight, For Canada and For the World."

CONCERTED ACTION ON THE PART OF SHORT INTERESTS CAUSED DEMORALIZATION TO MARKET

Eliminating Rails, Steel and Equipment Class, Declines of Two to Ten Points in the General List With No Recovery at the Unsettled Close—Prices Reactionary from the Outset.

New York, Jan. 16.—The concerted and fairly successful attempts of a confident and widely extended short interest constituted the outstanding feature of today's heavy to weak stock market session.

Eliminating the rails and seasoned industrials of the steel and equipment classes, in which recessions were relatively nominal, decline of two to ten points were registered by the general list with virtually no recovery at the unsettled close.

Prices were reactionary from the outset, contrary to the hopes of those traders who sought to extract a degree of comfort from earlier rates for demand loans and the failure of the Federal Reserve Bank to advance interest and discount rates.

This action of the clearing house in eliminating the interest rate on demand balances was accepted, however, as a prelude to further restrictive measures by the Central Bank, especially as affecting commercial discounts.

Minor oils and unclassified specialties again featured the initial decline, but the movement soon comprehended high priced oils and affiliated issues, notably motor subsidiaries and shipplings.

Intermittent strength was shown by metals, tobaccos, International paper, American lined and numerous secondaries, but these were largely, if not altogether sacrificed in the broader offerings of the final hour, the market ignoring the drop in call money from eight to six per cent. Sales amounted to 1,050,000 shares.

In the bond market the downward trend was again apparent, especially in Liberty issues and speculative rails and industrials. Foreign bonds were without feature, save for a decline of one point in United Kingdom 5 1/2's of 1920. Total sales, par value, aggregated \$13,500,000.

Old United States bonds were unchanged on call.

ATLANTIC SUGAR AGAIN FEATURE ON MONTREAL MARKET

Quebec Railway Came in for Second Honors—Paper Stocks Dragging.

Montreal, Jan. 16.—Atlantic Sugar was again in the active feature on the market today. The price showed weakness, closing at 95 1/2, a net loss of 3/4 points.

Quebec Railway followed in activity and here the closing price showed a net loss of a large fraction at 30 1/2.

In the paper stocks Waynack was the weaker feature with a net loss of 3/4 points at 75; Brompton sagged to 82 with the close at 82 1/2, a net loss of two points.

Laurentide lost two at 270; Riordon three at 182 and Spanish River 1 1/4 at 86 1/2.

Holt Renfrew, the new stock listed today opened at 62 and closed at 70.

Total trading, listed, 17,106; bonds, \$136,800; unlisted 1225 and rights 15.

MARKET STEADY AND QUIET AT MONTREAL

(Furnished by McDougall and Cowans) Montreal, Jan. 16.—The local market opened steady but with a decidedly quieter tone.

Quebec Railway and Atlantic Sugar being the outstanding features.

Holt Renfrew, on its initial appearance on the list made an extreme gain of eight points, two of which were lost in subsequent trading.

It was noticeable soon after the opening that stocks were coming into the market more freely than of late and during the greater part of the day there was a sagging tendency, losses being registered through the list of one to four points, and the closing was in most cases at the lowest of the day.

Worry Added To His Troubles

Frank Williams of St. John Was in Poor Health Until He Tried Liv-rite Tonic—Its Made a New Man of Him.

When Frank Williams, of 13 Brunswick street, found himself rapidly falling in health he became greatly worried. But worry only added to his troubles and his illness continued. He began to lose weight, he could not eat, his sleep became very uncertain. His work was interfered with because of his physical condition and things had a blue outlook. He tried different things which were suggested. He had doctor's advice. Nothing seemed to do him any lasting good. Then he tried "Liv-rite Tonic."

"It was a happy day for me when I heard of your 'Liv-rite Tonic,' he writes to the Maritime Drug Co., 108 Prince William street. 'It has made a different man of me. I am not only back to my former state of good health—I am better than that for I feel so much better. I think 'Liv-rite Tonic' did it all, and I cannot praise it too much. You can use my name to any person who asks you about what it did for me.'"

That is the testimony of another St. John man who has found the good qualities of "Liv-rite Tonic" as a remedy unfailing in the test of health. Try it today, all you who suffer from liver complaints, falling health, loss of sleep or appetite, impure blood. If your druggist does not supply you send his name to the Maritime Drug Co., 108 Prince William street, or send them one dollar and they will forward you a box of "Liv-rite."—Adv.

The pall bearers were members of the Moncton Medical Society. Rev. J. A. Ramsay, Presbyterian minister, conducted the funeral service. E. J. Todd, of St. John, high secretary of the I. O. F., attended as the representative of the high court. I. O. F., the deceased being high court physician at the time of his death.

Rheumatism Left Him As If By Magic!

Had Suffered Over 50 Years! Now 83 Years, Yet A Big Surprise to Friends

Regains Strength Goes out Fishing, Back to Business, Laughs at "URIC ACID"

How the "Inner Mysteries" Reveals Startling Facts Overlooked by Doctors and Scientists For Centuries

"I am eighty-three years old and I doctored for rheumatism ever since I came out of the army over fifty years ago," writes J. B. Ashelman. "Like many others, I spent money freely for so-called 'cures,' and I have read about 'Uric Acid' until I could almost taste it. I could not sleep nights or walk without pain; my hands were so sore and stiff I could not hold a pen. But now, as if by magic, I am again in active business and can walk with ease or write all day with comfort. Friends are surprised at the change."

How It Happened

Mr. Ashelman is one of those who suffered for years, owing to the general belief in the old, false theory that "Uric Acid" causes rheumatism. This erroneous belief induced him and legions of unfortunate men and women to take wrong treatments.

You might just as well attempt to put out a fire with oil as to try to get rid of your rheumatism, neuritis and like complaints, by taking treatments supposed to drive Uric Acid out of your blood and body. Many physicians and scientists now know that "Uric Acid" never did, never can and never will cause rheumatism; that it is a natural and necessary constituent of the blood; that it is found in every newborn babe; and that without it we could not live!

These statements may seem strange to some folks, who have all along been led to believe in the old "Uric Acid" humbug. It took Mr. Ashelman fifty years to find out the true cause of his rheumatism, other disorders, and recover his strength from "The Inner Mysteries," a remarkable book now being distributed free by an authority who devoted over twenty years to the scientific study of this particular trouble.

NOTE: If any reader of The Standard wishes the book that reveals these facts regarding the true cause and cure of rheumatism, facts that were overlooked by doctors and scientists for centuries past, simply send a post card or letter to H. P. Clearwater, No. 777 A Street, Hallowell, Maine, and it will be sent by return mail without any charge whatever. Cut out this notice lest you forget! If not a sufferer yourself, send this good news to some evening, January 13th, Mammie, wife of James R. Long, of Lower Millstream,

ness. Those nearest of kin who mourn her death are the husband and two young children, Hazel and Elbert, aged eight and ten years; also her mother, Mrs. Curran, of Coles Island.

Mrs. Long was a member of the societies, and her life gave evidence of her religious convictions. In disposition she was particularly gracious and was the possessor of a mild and attractive personality, being ever unlimited sorrow is expressed in their irreparable loss.
