Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this SaRSAPARILLLA: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scalt Head, Ringworm, Sore Eyes, Sore Ears, and other eruptions or visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsic, Dropsy, Heart Disease, Fits, Epilepsy, Neuragia, and the various 'keerous affections of the muscular and nervous 'yestems.

Syphtits or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine, But long continued use of this medicine will cure the complaint. Leucorrhea or Whites, Uterine Uterations, and Female Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. Rheumatism and Gout, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also Liver Complaints, Torpidity, Compestion or Inflammation of the Liver, and Jaundice, when arising, as they often do, from the rankling poisons in the blood. This SARSAPARILLA is a great restorer for the strength a apr 25 comprising—along with a variety of Goods for Men, Women and Children—a full assortment of WOMEN'S SERGE BOOTS, both Balmoral and Congress, ranging in price from \$1.00 per pair upwards

when not only the tropics are restored

The following is: when not only the tropics are restored to their rightful owners, but even the land of icebergs and "perpetual snow" is clothed in a green mantle and the inhabitants of the south lord it over the fastnesses now held by the grizzly bear and his companions. We see this carried out on a small scale every day of our lives; we find one year warmer than another, summer and winter following in regular rotation, and these seasons subdivi ded into storms and calms, warm spells and cold spells, each following the other like the waves of the sea or the rise and fall of the tide. Fashions and manias of every kind would seem to follow this un lulating law and prove that we are simply moving around a circle and will soon be back to where we were long ago. No doubt this, like every law, may have breaches sufficient to admit a coach and four, but, at the same time, they are not wide enough to destroy the general appli cation of the theory.

Enough has been said to convince our readers that they need look for nothing remarkable concerning last winter's weather, for as the Hebrew wiseacre said "there is nothing new under the sun," and we will therefore give a very few facts and figures relative to temperature and pressure, precipitation and other phenome 1.238 15

The highest and lowest temperatures the three winter months (450 and -100) were recorded in the month of December and the mean of the whole season was 20 ° .52, which is only 0.43 below the aver age. The testimony at the inquest established total snow fall measured 98.71 inches, or 8.23 feet; the rain 19.02 inches, and the total rain and melted snow 20.776 inches, a quantity which, considering the City alone (exclusive of Carleton) would have weighed about 1,556,211 tons. and had it been stored without any loss, could have supplied us with water for tend months.

Nursery Rhymes, No. 8. Weary and sad, she turned her eye,
On the Doctor by her bed,
"Is there no cure for this aching pain,
Must I so soon be dead?"
The Doctor cleared his husky throat,
And unto her he said: "Facts are facts," sobbed the man of pills,
"You'll soon be free from toil;
In the meantime take from this little phial
A dose of Cod Liver Oil—
It will ease your chest, relieve the pain,
And we, King Death, may foil."

Liberal arrangements made with those desiring more space, or inserting advertisements for along period. The above rates are for the Tri-Weekly only. If the Weekly be desired in addition one-half must be added to those prices. If Weekly only, price the same as Tri-Weekly. To Merchants and others desiring to obtain reliable reports of the Halifax markets, we can onfidently recommend the Crizzan, it being in fact the only paper issued in Halifax which publishes a regular Commercial Review. Several other journals have attemped it, but have allowed it to drop. In its hipping reports the Crizzan has always been acknowledged to be in advance of any journal published in the Maritine Provinces, and this has given it a circulation specially large among the persons advertisers most desire to reach, Merchants, Shipowners and men of means generally. It contains more rending matter than any other Halifax Tri-Weekly or Weekly, and is the largest paper published in the Province.
