OILS,
VARNISHES,
STAINS.

We don't ask you to encourage
home industry—we ask you to see
the quality of goods we manufacture
and get our quotations. Goods man-
ufactured by us are considered High-
Grade in the leading cities of Canada.
Foreign woods imported direct from
the south.

MAIL ORDERS

We solicit out of Town orders, which receive
our personal attention. The length of time tak-
ing to fill orders is dependent very largely by how
soon we are in the department of our factory in
which the particular goods are made. While we
have exceptional facilities for promptly
turning out goods, it is important to place or-
ders as far ahead as possible. Orders are filled
by us in the order in which they are received,
and customers can always depend on our doing
everything in reason to give prompt despatch.

OUR OFFICE IS CONNECTED WITH THE N. B. TELEPHONE BY TWO SEP-
ARATE LINES INSURING PROMPT ATTENDANCE.
OFFICE HOURS—7 A. M. TO 6 P. M.

Make Work Easy

Wash Day is what you make it. If you wish
to lessen the labor of "Wash Day," see our stock
of Laundry Supplies. Washing Machines,
Wringers, Wash Boards, Tub Stands, Boilers,
Irons, etc.

We have just received a large shipment of
Electric Irons which we are selling for \$2.50 and
5.00, guaranteed for ten years.

A. E. ALEXANDER & SON,
Campbellton, N. B.

THE COMING MEN!

That's what the boys
of today are and the
clothes question effects
them more than the ma-
jority of parents realize.
The boy likes to be
well dressed like "Dad"
and his big brother.
Just notice the manner
in which he swells his
chest when you put a new
suit on him. That is suf-
ficient to convince you, of
the pride he takes in his
personal appearance.

In his youthful ram-
pages, however, he does
not take the care of his
clothes that "Dad" and
"big brother" does, so his
suit must be of tough wearing material, strongly
built.

W. E. Sanford's Juvenile Clothes fill the long
felt want of better clothes for boys. We handle
Sanford's Juvenile Clothes, so a word to the wise is
sufficient.

NEW CLOTHING AND FURNISHINGS

BASEBALL GAMES ON LABOR DAY

**Chatham and Campbellton
Split Even, Both Winning
One Game**

The Campbellton First Dept. are
to be congratulated on providing
the baseball enthusiasts with a good
day's entertainment on Labor Day.
The old rivals the Chatham bunch
were opposed by both representing
Campbellton and team games were
thoroughly enjoyed. The
morning game brought out a pretty
good attendance, the stand being
filled by the usual gathering.
Men of wit and pleasing subter-
fuge with representatives of law
and medicine all called together, that
Campbellton would take a fall out
of the hated foe.

Morning Game

The scoring started in the second
inning. Wall got life through error
to centre field. Cady hit to right
field, Troy hit to short stop and was
safe at 1st. Wall out at 3rd. Cady to
2nd. A passed ball advanced the
runners and another of the same
brand allowed Cady to tally. Troy
scored on Slipp's hit to right field.

In the fourth inning, Troy walk-
ed, stole 2nd and 3rd, and was out
trying to steal home. Miller was
safe at 1st on infield hit, and got
2nd on error at 1st. Slipp walked
and both runners advanced on pass-
ed ball. Keith with a nice two
bagger to right field brought in two
runs, and scored home on O'Keefe's
hit to left field. There was now 6
to 0 for Campbellton.

In the 5th half of the 5th our
welcome visitors began to get their
off-out. A Veno started with a hit
for right field, Slipp followed with
one to right field advancing Veno
to 2nd and getting 2nd on the play.
Brenau was safe at 1st on an in-
field hit which beat Slipp and both
Veno and Brenau scored. In the
6th, Brenau had been wandering
round the bags and got home on a
hit to right field by St. Veno. Score
6 to 0 for Campbellton.

Again in the 8th the bases be-
came manied to pierce three runs. Cur-
rie hit to right field got 2nd and 3rd
on passed balls. Johnstone walked.
Currie scored on McCarthy's hit to
right field which sent Johnstone to
3rd. Johnstone scored on Handley's
out at first and McCarthy tallied on
A. Veno's hit our 2nd base.
Score now 6 to 5 for Chatham.

No scoring in the 9th. It was
well to let the visitors get the long
end of the first encounter. Other-
wise they wouldn't have enjoyed
their dinner and it acted like the
proverbial sea-berring or the bunch
of carrots to bring them back for
their bumps in the afternoon.

Afternoon Game

The crowd was considerably more
than the morning. The stand was
filled to its utmost capacity, many
subterfuges and several girl gradu-
ates turning out to view the en-
counter and look on the fair faces
of the visitors.
Both teams had to resort to three
pitchers before the finish. May of
Chatham was hit by pitcher in the
5th and gave place, in the second
half to St. Veno, who on account of
the sweltering heat was sporting a
specially ventilated uniform. In a
batting rally by C'ton in the 7th he
got the hook and was replaced by
A. Veno who stayed till the finish.
Love for C'ton lasted till the second
when he was replaced by Slipp, who
managed to put the side together
again. In the 6th inning he hand-
led the reins over to Shirley who
completed the journey.

Things started out badly for C'ton
the score at the end of the second
being 6 to 2 against. Davis, the
good old reliable, with the smile
that won't come off, took hold of
the game in the second and at the
end of the 5th with the score 11 to
8 against, he stepped out in favor of
Shirley. In the previous 3 innings
the visitors tallied were 2, 2, 1, and
C'ton 1, 2, 3, so things were now
going up in our favor. Shirley had
a hard row to hoe but at the end of
the 7th the home boys succeeded in
tying the score, 12, 12 in our favor.
The crowd had been growing all the
time and at this point the ropes
seemed to give way and a vast
crowd of rooters assembled back of
1st base. So far as the score was
concerned the game was just be-
ginning. The visitors in their half
of the 8th annexed two runs. Bre-

SHOOTING MATCH ON LABOR DAY

**H. C. Montgomery Cup Won
by Mr. J. White. Small
Scoring in Matches**

Shooting for the Montgomery
Cup and the Hamilton medal was
carried on at the range on Monday,
a fair number of competitors enter-
ing for the events. The day was
none too bright which may be ac-
counted for the low scoring which
has been often bettered at this
range many times. The
cup presented by H. C. Montgom-
ery was won by Mr. John White,
with a score of 94 for three ranges,
and the medal presented by P. W.
Hamilton of Charlott, was won by
Cadet T. White with a score of 89
plus his handicap.

Mr. D. G. Stewart, of Dalhousie,
also had 89 to his credit but lost on
the handicap. Mr. Stewart made
the only possible score for the day
at 300 yards, which has often been
equalled on this range. The day,
however, was greatly against good
shooting, the changing light bother-
ing many good marksmen not a
little.

The total scores are as follows:

	200	500	600	Total
John White	81	33	30	94
D. G. Stewart	26	35	28	89
Cadet T. White	30	32	27	89
P. W. Hamilton	32	23	33	88
Dr. R. Ellis (Jac- quet River)	30	26	33	89
A. H. English	31	30	24	85
T. Carter	31	24	27	82
N. Thibodeau	31	27	18	76
H. Prichard	30	34	20	74
A. Murray	27	23	22	72
F. E. Matheson	22	25	23	70
G. Mowat	33	19	13	65
A. D. McDermick	20	14	18	52
J. R. McKenzie	28	11	20	59
Dr. Ross	14	17	27	58
Mr. Mowat	28	7	23	58
A. Gillis	28	7	23	58

There is some talk of a team from
the Restigouche Rifle Association
going down to pay Rastar a return
visit on Monday. Any member
of the club who would care to make
the trip is requested to send his
name to Capt. John White. The
team will leave on the local Monday
morning leaving by the limited
Monday night.

near started with a hit to centre
field, he pilfered 2nd and went 3rd
on St. Veno's infield hit. Johnstone
brought home these two runners but
Shirley tightened up and Currie fied,
McCarthy and Handley struck out.

In the second half of this innings
Meresereau started with a wallop to
right field fence, good for two bags,
went to 3rd on Miller's out and
scored on Roy's infield hit. Roy
scored 2nd and went to 3rd on Shirley's
infield hit. Shirley stealing
2nd, Duncan struck out and Wall
followed with a hit to centre field
bringing home two runs. Wall was
caught coming home on Delaney's
infield hit. Score now 15 to 14 in
favor of C'ton.

In the 9th our honored guests
again annexed two tallies. May got
to 1st but was out stealing second.
Slynnott hit to left field good for
two stations, A. Veno fied, Brenau
hit through short stop, Slynnott go-
ing 3rd, Brenau stole 2nd, St. Veno,
the gentleman with the above men-
tioned ventilated uniform hit to cen-
tre field for two bags bringing home
two runs and Currie fied to left
field. In the second half Troy
walked, took 2nd on Woods' infield
hit, stole 3rd and Woods stole 2nd.
Meresereau hit through short stop
scoring Troy and tying the score.
Miller hit to centre field bringing
home Woods with the winning run,
amid the deafening applause of the
vast concourse.

Errors on both sides were fre-
quent and costly. A complete list
of these may be had from this office,
price 10c. The Chatham boys are
always welcome in our midst, but
we hope on the occasion of their
next visit the temperature will be a
shade lower so that the uniforms of
the patient ventilated order will not
be necessary.

	Morning	Evening	Total
Chatham	0-0-0-3-0-0-0-0-6	0-2-0-3-0-0-0-0-5	0-2-0-3-0-0-0-0-5

DEATH OF WILLIAM GLOVER TUESDAY

**Well Known Retired Merchant
Passes Away. Funeral is
Being Held Today**

The news of the death of Mr.
Wm. Glover which although not
unexpected was received with feel-
ings of profound regret on Tuesday
night. The deceased gentleman
who was only 64 had been in fail-
ing health for some years, and for
the past few months had been con-
fined to his home. In his earlier
days he conducted a large general
store, which with care and atten-
tion grew to a most successful
business from which he retired
some years back, becoming inter-
ested in property in and around
town. He was a man of retiring
disposition, a large heart, and in
a quiet way did much to assist and
advance any who required his help.
He is survived by four sisters Mrs.
Robert Smith of this town, Mrs. R.
F. Blaikie of Kempt Road, Mrs.
Jas. Thomson of Kenora Ont., and
Mrs. A. G. McKenzie, Vancouver.
He is also survived by a number of
nephews those better known here
being Walter Glover, Jacquet
River, Arthur McKenzie of the I.
C. R. here, Wm. Blaikie of Kempt
Road, and Mr. Stanley Crawford
of B.C. The funeral is being held
today, Rev. P. McIntyre and Rev.
John Squires officiating and inter-
ment will be made in Kempt Road
cemetery.

The late Mr. Glover had been at
one time a member of the Town
Council, serving two or three years
in that capacity.

FUNERAL OF MISS CARR ON THURSDAY

**Was the Younger Daughter of
the Late Dr. Carr of
St. Andrews**

The funeral of the late Miss Annie
Carr who died on Monday night,
was held yesterday. Services were
conducted by Rev. P. McIntyre
assisted by Rev. J. E. Purdie, inter-
ment being made in the Rural Cem-
etery. The pall-bearers were Mes-
sieurs J. R. McKenzie, A. E. G. Mc-
Kenney, R. K. Shives and W. H.
Marquis. Many beautiful floral trib-
utes were received showing the high
esteem in which the deceased lady
was held, a large number of friends
attending the funeral.

Miss Annie Carr was the younger
daughter of the late Dr. A. F. Carr,
for many years the revered pastor
of St. Andrew's Church. She had
been in declining health for a long
time, but was always bright and
happy and enjoyed the confidence and
love of a large circle of friends, who
with the family mourn the loss of
one who ever held a dear spot in the
hearts of those who knew her. Her
mother, one sister, Mrs. Thos. Mc-

CHURCH FAIR AT ANDERSON MONDAY

**A Large Crowd of Excursion-
ists Patronage a Well Con-
ducted Entertainment**

Last Monday the little town of
Anderson on the International Rail-
way was en fete, the occasion being
the holding of a church fair to raise
funds for the benefit of the new
church. A special train was run
from St. Leonards bringing over 200
excursionists and the surrounding
little towns sent in their quota, it
being estimated that there would be
nearly a thousand people assembled
in the grounds in the afternoon.
About 40 people went up from
Campbellton, and all are agreed
that the picnic was a most success-
ful one from all standpoints,
Games and amusements of all kinds
were provided for the picnickers,
the merry go-round being a strong draw-
ing card with old and young alike.
In the afternoon a baseball game
was played, a team from Campbell-
ton being pitted against Anderson,
and an enjoyable part of the day
was served up. The promoters of the
fair have reason to be well satisfied
with the result of their labours, the
success not only benefitting the
funds of the church but also does a
good deal of advertising this newly
opened country which shall yet be-
come a valuable part of the province.
Among those who did their part for
the success of the venture none
worked harder than Rev. Fr. Melan-
son, and he was ably backed up by
Mr. E. Lebre of Hazen, Mr. Robert
Lynch, and Mr. Dagle, and the Mich-
auds of Anderson. The proceeds of
the fair will go entirely to the funds
for providing a new church there.

LABOR QUESTION IS LIVE ISSUE

**People are Looking Forward
to Social Reformation Under
Home Rule.**

London, Sept. 4.—Affairs in Ire-
land are quiet today. The out-
break on behalf of labour is a sig-
nificant sign of the times. Hither-
to the one great political issue,
Home Rule, was absorbed to the
attention of the country, but today
economic questions are forcing
their way to the front and people
are looking forward to social im-
provement so long denied them.

Nutt of P. E. I., and four brothers,
James B., Hugh A. and A. F. at
home and Percy of Newfoundland,
have the whole-hearted sympathy
of every person in Campbellton in
the hour of their mourning. Her
many friends who will always keep
her memory dear, can say with the
bereaved ones,
"Oh for the touch of a vanished
hand
And the sound of a voice that is
still."

LETTERS TO THE EDITOR

The opinions of correspondents are not necessarily those of the Graphic. Communications to the editor must be written on one side of the paper only and must be accompanied by the name of the writer as an evidence of good faith. The editor reserves the right to withhold publication of any article which will not be printed unless accompanied by stamps for postage. Editor Graphic

The Campbellton Graphic

Dear Editor:—
There is a movement on in the County of Bonaventure to erect a college in St. Bonaventure, N. B. It is a noble idea, but it is to be hoped that it will be an institution taking up both courses; having for its object the giving of the youths of Bonaventure a sound and moral education thus enabling them by their intellectual improvement obtained in such an institution to fill responsible places in the "world's broad field of battle."

For the benefit of those who are inclined to scoff at such a grand project, allow me to assert that to-day the world demands educated men; and it is in the colleges that the young man receives the fundamental training which necessarily makes education a success.

If the young men with so many frustrations, and so if he were, vacillating on the sea of uncertainty it is because he has not acquired a college education, which implies not so much communication of knowledge as found in some of the great universities, but the establishment of principles and regulations of the young man's heart.

Education is no burden to carry, and can only be taken from us by the inevitable hand of death. If a young man's financial aspirations be shattered, he can always find means to make a living for himself through education.

Nevertheless some people are prone to tell us that there are many to whom a college education is too high a price, and that they cannot take education as the others, since we find good and bad amongst the educated and the uneducated; also they go on to say that they are much better off than their neighbor who is highly educated, therefore assuming that an education is not necessary. I'll repeat again that this is not a logical argument, to overthrow the advantages to be derived from a college education. As the true object of a sound and moral education, is not taken as the ways and means by which a young man can easily acquire riches and thus gain the flattery of mankind, since riches alone can never form a man's character, also

"Tis an old maxim in the schools
That flattery's the food of fools."

The real object of a college education, is to train the young man's heart and soul to love and respect all that is noble and good, and to stand by his side as a body-guard when he enters manhood to battle with the unfriendly world to wrest from her success.

Trusting you will find a space in the columns of your valuable paper, dear Editor, to insert this letter of mine and thanking you for past favors,

I am yours truly,
P. A. F.

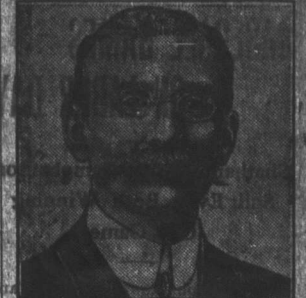

To Editor GRAPHIC:

There has been talk in the past about along the L.N.R. being a place of importance and very prosperous. I don't doubt you, print according to instructions from interested parties. I never hear praise about Anderson and Five Fingers, Richard's neighboring villages, though it promises to be a far larger place and just as considerable before many years to come.

This much can be said about Richards. The first night of the bazaar which they had on August 19th and 20th for the benefit of the church, a small party went down on the express from Anderson, intending to come back some time in the night on a velocipede which they had taken down with them in the train. Before leaving Richard about eleven o'clock they tried to get a cold lunch as they felt too

STRONGLY ADVISES "FRUIT-A-TIVES"

Because They Cause Fits, And They Will Cure You

WALTON, Ont., Sept. 2.—"I have been in Walston in business for a good many years and many of my townsmen know that my health for long periods was precarious. I was from which I suffered in the most severe form. It was so bad that I could not sleep before about four in the morning. I noticed one of your published testimonials of how someone had cured 'Frank's fits' for me, and I at once ordered a box of Fruit-A-Tives, and I immediately procured several boxes and I am pleased to say that I now enjoy splendid health and could not possibly feel better. I had not with every degree of satisfaction and sleep without an effort. I strongly advise anyone suffering from like complaints, to commence using 'Fruit-A-Tives' at once. ALEX. MCCARTHER, age 46, 604 St. George Street, London, Ont., at dealers or from Fruit-A-Tives Limited, Ottawa."

THE LOSS AT SEA

Looking over the list of the forty-five men who lost their lives while prosecuting their business of the Atlantic fisheries of the United States, we find that Nova Scotia and Newfoundland pay the heaviest toll.

Of the forty-five men who died or were lost from United States fishing vessels during 1912, it is interesting to note that twenty-six were natives of Nova Scotia; one hailed from Prince Edward Island, and eleven were natives of Newfoundland—a total of thirty-eight souls.

Whether they be American, or Canadian, Gloucester honors her dead, and the beautiful memorial services held there every summer is one of the most touching and impressive of ceremonies. It is held on a Sunday, and in addition to the inhabitants of the fishing town, there are hundreds of summer visitors and Boston residents who throng the hall or church in which the service is held. The toll of the dead is paid out by either the Mayor of the town, or a prominent official, and when the exercises are over, the day is closed by a procession of children, who, laden with garlands and flowers, troop down to the waterfront and cast their floral tributes upon the waves. F. William Wallace in The Canadian Magazine for September.

AMMUNITION IS SEIZED

Eagle Pass, Texas, Sept. 2.—Seven barrels of ammunition 28,000 rounds billed as land and labelled to J. M. Gutierrez, Riedras Negras, Mexico, were seized by United States military authorities here last night. The ammunition, which came from a San Antonio address was packed in salt and bran to prevent its sailing.

Riedras Negras is the headquarters of the Constitutionalists.

hungry to pump their car back home without eating. After trying seven houses for lunch they were compelled to make "fruits without fruit."

At a certain house they were told they could get a lunch if they would pay one dollar each. This was rather steep as there was twelve men in the party.

The next house tried, the proprietor said he had bought a piece of meat that day but the children had eaten the whole of it.

The next five houses would not under no consideration give a lunch.

This was very encouraging after spending forty or fifty dollars at their banter. We will allow those people were tired after a day of big time, or perhaps they feared the parties wanting the lunch had two much liquor. In this they were mistaken. We all suggested when we got home, but it was from hunger. Eight hours without eating and pumping a hand car 16 miles.

This would not happen at Anderson or Five Fingers if managers were a thing for something to eat, for we keep enough grub in stock to give a few lunches when wanted.

The subscribers when reading this will judge which of the two places is ahead.

We are accompanying a baron at Anderson for

fairly good time over the lagoon.

CORRESPONDENT

MANY DEATHS IN R. R. ACCIDENTS

Bad Accident in Great Britain

Many Killed in Nova Scotia

Kirkby-Stephen, Westmorland, England, Sept. 2.—Fifteen persons are believed to have been killed and persons injured in a collision of two sections of the famous London-Scottish express early to-day. Official reports accounted for nine known dead, while co-respondents on the spot reported that the fatalities numbered fifteen.

The wreck occurred on the Midland Railway near Haves Junction, the two sections being southbound. The second section dashed into the rear of the first, telescoping several coaches which burst into flames. Many persons were hurled, and if not killed outright they were burned to death. At least thirty persons were taken from the wreckage suffering injuries of more or less serious nature.

The two trains had left Carlisle for London at 1.35 and 1.47 this morning, respectively, and the collision between them occurred fifty miles south of that place, on a high and lonely moor.

Seven, Conn., Sept. 2.—Twenty people are believed to have been killed and scores injured when the second section of the Bar Harbor express crashed into the first section just outside the town of Wallingford, on the New York, New Haven and Hartford Railway. Wounded from the piled wreckage are coming into this city. All ambulances available are riding. Some of the injured say the dead will run to fifty, and the injured number scores. The first section of the train had stopped to get up steam for a sharp upgrade, when the second section dashed into the rear, piling up the sleeping cars, which were crowded with passengers.

Almost immediately afterwards several of the cars caught fire and many of the inmates found it impossible to get out. Rescuers from farms in the vicinity soon came on the scene, but to late to save many of the passengers.

Nine charred bodies were taken from the wreck and it was believed that several others were still among the debris. About thirty injured passengers, after receiving first aid from doctors on the spot, were sent on special trains to the Leeds and Carlisle hospitals.

WONDERFUL FEAT OF A FRENCH AVIATOR

Paris, Sept. 2.—Aviator Pegoud has performed an astounding feat, flying upside down on an aeroplane.

His Bleriot monoplane was fitted with a Gnome engine. He advised half a dozen friends, who cried their utmost disapproval, to witness the performance, and yesterday he climbed into his machine and at the moment of departure was the calmest person present.

He rose to a height of 8,000 feet, then turned the nose of his machine earthward. For 200 feet it fell like a stone then it turned upwards till the aeroplane was lying on its back after which it rose perpendicularly and then completed a circle by regaining its normal flying position.

Versailles, France, Sept. 2.—The thrilling manoeuvre was repeated today by Pegoud over the aerodrome at Buc, near here with perfect success.

CHANGING HALIFAX

What this great expenditure of government money will do for Halifax is a moot question. Some optimists cherish visions of everyone becoming suddenly rich. Cooler heads argue that it will do little more than change the point for the ships and the rails, if goods and passengers only touch port to be transferred, the benefits of such traffic to the city will be very slight. Only as Nova Scotia becomes a thickly populated manufacturing Province with the projected ferri-roads and consequently to the wealth of the Capital and the Province. The industrial development of Sydney and New Glasgow seem to point out the path of Nova Scotia's future progress. If the Mar-Row Province is to prosper, or even to hold her own, she must become a manufacturing province, the New England of Canada. Some argue up and some argue down. One immediate effect of the impending change is a better facilities "land-room," which means a general increase in rent and rates, in the east of Nova Scotia.

Only one corner of Halifax will be affected by the proposed changes. This is the south end or main residential section. The value of the fine houses on Young Avenue will doubtless be lowered by their proximity to the railway yards, the constant tumult of shouting engines and rumbling cars. But you cannot make an omelet without breaking eggs. The houses of the quarter to be demolished, old Newtown, can well be spared. The heart of the city, with its old and new buildings, is in no danger.

It is hoped for ever, Archibald MacMechan in THE CANADIAN MAGAZINE for September.

FARMER'S WIFE ALMOST A WRECK

Restored to Health by Lydia E. Pinkham's Vegetable Compound—Her Own Story.

London, Ont.—"I am a farmer's wife and a very busy woman. Last summer I was taken with severe pains in my back, so bad that I could not get up or scarcely move without pain, and my periods were painful. My husband called in a good doctor and I was under his care for some time, but he did me little or no good. One day a friend of mine told me of Lydia E. Pinkham's Vegetable Compound and she had been greatly helped by it. I began taking it and soon got well, and my periods became natural again. Since then I have had perfect health. In fact I have never felt so well in my life. Lydia E. Pinkham's Vegetable Compound is a medicine many women need. If you think this letter will help other women please publish it."—Mrs. E. G. Young, Tumbler's Corners, London, Ontario, Canada.

Women who suffer from those distressing and peculiar troubles that are so common to the fair sex, should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

THAW'S CASE

There will be general satisfaction throughout Canada over the decision given by Judge Hutchinson at Sherbrooke, Que., on Wednesday. The Judge very properly said a Canadian jail should not be used by Thaw as a house of refuge to avoid proceedings that may be taken against him by the Dominion government. These proceedings are, under the immigration law, which provides for the deportation of certain persons for special reasons. These reasons exist in the case of Thaw, and therefore as soon as he was released from jail under the Judge's ruling he was arrested by officers of the immigration department in order that a court of enquiry into his case might be held. His deportation is expected to follow, and his speedy return to the asylum for the criminal insane is anticipated. It is possible the resources of Thaw's numerous Canadian and United States lawyers have not yet been exhausted, and that more delay will occur, but the outlook is that the escaped prisoner will soon again be placed where he will not be able to harm his fellowman. The New York authorities will probably see that he will be prevented from repeating his Matteawan escapade.—Globe.

EX-KING MANUEL

Ex-King Manuel has hopes of regaining the throne of Portugal. Five years ago his father and older brother were assassinated in Lisbon and at eighteen years of age he was made King of Portugal. The revolutionary party did not approve of him any more than they did of his father, and so at the end of two years a revolt ended his reign. Manuel made no effort to fight for his throne. As the army had been turned against him, perhaps a struggle would be useless, and he may have been wise in fleeing to England. The republic that was proclaimed on his retirement has had three years' existence, but is far from being a success. No monarchical government was an arbitrary or tyrannical as the new rulers of Portugal have been. Riots and revolts are ordinary occurrences. The prisons are full of untried men and women. Unrest prevails throughout the country, and there is discussion in the republican ranks. These facts no doubt give hope to Manuel that he may regain the throne. His marriage today may help him to accomplish his purpose, for his bride is enormously rich, and is connected with many royal houses. The ex-king is himself closely related to several of Europe's reigning monarchs, including the King of Great Britain and Ireland. Manuel would probably be happier living the life of a country English gentleman than on the unstable throne of Portugal, but it may be taken for granted that he will make an effort to regain it; and it would not be surprising if he succeeded.—Globe.

Oh, Mr. Muttonleigh, I'm so glad to have run across you. I am giving a beach party next Monday evening and I want you to come.
Thank you I shall be delighted.
"And wear clothes, please. The police are becoming awfully particular."
"But, your ladder?"
"It doesn't look like yours."
"Well, you see, it's my step-ladder."

DEVICE TO DETECT

ICEBERGS AT SEA

Wonderful Invention That Will Prevent Another Titanic Disaster

Since the terrible Titanic disaster scientists and engineers have been devoting much time and attention to devising means by which ships may detect the vicinity of icebergs. The old method consisted of lowering a thermometer in the water when the iceberg zone was being approached, the distance of the icebergs being judged according to the temperature of the water in the vicinity.

Since the increase in the speed of big liners, however, this method has been found to be quite inadequate, being neither safe, quick, nor accurate. One of the most reliable inventions for detecting icebergs at sea seems to be that of Dr. Copland, of the University of Leeds, who has invented an apparatus which detects the presence of icebergs by giving readings of the saline contents of the water. The nearer an iceberg is to the ship the less is the amount of salt held in the solution in the water. In conjunction with the United States and Canadian Governments Dr. Copland has been carrying out a series of experiments on these lines which are expected to have most important results, and which should do much toward rendering impossible such disaster as that which overtook the ill-fated Titanic.

Another invention of which high hopes are entertained is what is known as the microthermometer, an instrument enabling very much closer readings of the temperature of the water to be obtained than is possible with an ordinary thermometer. It is also self-recording.

It is a curious fact, by the way, in regard to this instrument, that when an iceberg is being approached the instrument actually records a rise in temperature, this, however, being followed by a rapid fall. The explanation is that the water from the melting iceberg, leaving the berg at its coldest, gradually travels outward and becomes warmed by the absorption of the heat from the sun.

Submarine signalling, too, for the prevention of disasters in foggy weather is also being closely studied by experts, for it is being recognized that there is much room for improvement in the signalling apparatus used at the present time on board ship. Foghorns, sirens, and other apparatus used for sending sound through the air to or from ships at sea are regarded as unsatisfactory and it is estimated that in ten years no fewer than 1,000 vessels were wrecked, resulting in the loss of 500 human lives owing solely to aberrations of sound or to echoes.

The modern system of submarine signalling consists of bells sunk in at least 20 feet of water, operated by electricity or pneumatic or hydraulic pressure. It is said that a submarine bell can be heard at a greater distance than any foghorn, siren, or any other generally used as a signal or device, and it is recorded that one of these bells was heard at a distance of from 10 to 16 miles.

The receiving apparatus is very simple, consisting of two cast-iron tanks, which are placed below the water line on either side of the ship's bow and in contact with the shell of the ship. In each tank is the microphone, which is connected by an electric telephone system with the bridge. There the navigating officer has suitable receivers and switches which enable him to listen on either side of the ship. If he alters the course of the ship on hearing the bell so that the intensity of the sound is equal on both sides of the ship, then the bell lies straight in front of him, according to the intensity of the various sounds, he is able to avoid danger.

SEPTEMBER WEDDING

BEVRIDGE-HARPER

Sackville, Sept. 4.—The home of Colonel and Mrs. Bedford Harper was the scene of a happy event on Tuesday evening, the occasion being the marriage of their daughter, Winnifred, to Francis Norman BevrIDGE of Dryden, Ont. Rev. Samuel Howard performed the ceremony in the presence of about fifty guests. The bride who was given in marriage by her father, looked charming in a white satin dress with trimmings of baby Irish lace, she wore the conventional veil and orange blossoms and carried a bouquet of white roses. Miss Margaret Harper, groomed in pink silk made a pretty bridesmaid. The groom was attended by his brother, Donald BevrIDGE. Little Miss Helen Lunan, niece of the bride, was maid of honor. The wedding march was played by Mrs. Lunan, sister of the bride. Many elegant and costly gifts testified to the popularity of the newly wedded pair. A wedding supper was served about seven o'clock after which the happy couple left by auto for a trip through Nova Scotia. Among the out of town guests were Dr. and Mrs. Lunan, Campbellton, Mr. and Mrs. Patten, Bridgewater, N.S.; Mr. and Mrs. E. H. Copp, Port Elgin; Mr. and Mrs. J. S. Harper, Bayfield; Mr. and Mrs. C. S. Sutherland, Amherst; Mr. and Mrs. BevrIDGE and Miss BevrIDGE, Dryden, Ont.; Miss Agnes Prescott, Bate Verté.

ASK THE BOY

He'll tell why he likes the suit that is bought here. He knows where there is style, good colorings, and a fit just as good as father gets. THEN ASK FATHER. He is interested, not only in the price but in the service, and we wish to say right here that never before have we shown such genuine values in Boy's Clothing as right now.

Its not the price. Its what you get at the price.
\$3.50, 4.50, 5.00, 6.00, 8.50 to 12.75

LOCAL ITEMS OF INTEREST

Newsp Notes of Town and Country Happenings Gathered by Graphic Reporters.

ON STRIKE
The clock in the post office has stopped running this last day or two. When the bell gets into working order it will again strike.

HALF HOLIDAY
The school children were granted a half holiday yesterday afternoon owing to the funeral being held of Miss Carr, the principal's sister.

AUCTION SALE
Attended by called to the sale on Saturday by auction of the lot on Superior Street, lately occupied by Mr. S. Farnsworth's hotel.

CONGRATULATIONS
At Regina, on Friday last to Mr. and Mrs. G. E. Farrer (nee Edna Alexander) a daughter.

FALL GOODS
New styles in clothings and fall suitings to be seen at
JOHN I. BERNIER

OUT AGAIN
The many friends of Mr. L. Coulman are glad to see him about the week. Dub was said to be very ill, but although looking shaky is getting around.

EMPLOYMENT
Mr. F. Belanger is arranging to open an employment office on the 8th September, in his building, Water Street. This should be a good move for the benefit of the laboring classes.

NEW SIDEWALK
A new concrete sidewalk is being constructed by Mr. J. I. Boudreau at St. Louis Hotel, and will be a great improvement to this street. Mr. Boudreau is supplying the materials.

THE HOLIDAY
Notwithstanding the attractions in town, many took advantage of the holiday to visit in other places. Visitors to Moncton and St. John report the Labor parties very good, but not up to the parade we had here last July. Some clues to us.

DEMONSTRATION
A simple, pleasing demonstration will be given on Monday, Sept. 22nd, on the farm of Mr. James Alexander, beginning at 10 o'clock in the afternoon. This should be of great interest to farmers and others who desire to clear their land.

DEAD AT BRADLANDS
The funeral of the late Mrs. Wm. Bishop who died on Monday at Bradlands, was held on Wednesday afternoon, Rev. Gordon Firth officiating. The deceased lady was 90 years of age and was well known and respected in the neighborhood.

JUDGMENT RESERVED
Sesss, Sept. 5.—The spot act cases which were before Magistrate Fothergill, last week, in which several doctors of the town were charged with violation of the Canada Temperance Act and which judgment was reserved until today by the magistrate, was postponed until Wednesday, Sept. 10.

DAMAGE BY FIRE
Moncton, Sept. 3.—Fire in Stratton & Macdonald's job printing shop. This evening, due between \$2,000 and \$3,000 damage to the plant and stock. The loss is covered by insurance. The building is owned by Wm. Macdonald and situated behind the Windsor Hotel. The damage to it is also covered by insurance.

A BEAUTIFUL TROPHY
Frontiers, Buns of the North Shore Curling Association has received the handsome trophy which is to be played for annually by the curling clubs of Chatham, Newmarket, Bathurst and Campbellton. It is a handsome cup on an ebony base, the whole being seventeen inches high, and of very pleasing design. This cup is on exhibition at F. O. Landry's jewelry store, Bathurst.

Jergen's Toilet Soap.

THE BEST VALUE FOR THE MONEY IN TOWN.

Six Lovely Odors.
Rose, Violet, Heliotrope, Honeysuckle, Dutch Sandalwood, White Lilac.

3 Cakes for 25c.

A. McG. McDONALD,
Chemist and Druggist

Campbellton, N. B.

ANNOUNCEMENT.

Beginning with our next issue the Graphic will be published Thursday afternoon instead of Friday as at present.

This change has been found advisable because of the fact that a great many post offices on our list cannot be reached on Saturday, consequently the Graphic does not reach its destination until Monday.

This change will effect Tide Head and Flatlands and offices served from these offices served through Matapedia and all the new offices along the Atlantic Quebec and Western between New Carlisle and Gaspe.

This change will necessitate advertisers and correspondents sending in their manuscripts one day earlier. We trust that all will keep this in mind.

PRESENTATION TO REV. MR. KIRKE

Address and Purse of Money [Given to Retiring Pastor at Upper Charlo

Last evening at the home of Mr. Thos. McKenzie, Upper Charlo the Rev. J. H. Kirke was presented with an address and a purse of money by his parishioners of Upper Charlo. The address was read by Mr. Thos. Craig and the rev. gentleman suitably replied, thanking the people for their kindness to him and stating that he would always remember his experiences in Restigouche. Refreshments were served to all at the close.

SPECIAL MEETING
A special meeting of the Town Council will be held this evening in the Council Chambers, at 8 p.m.

OPEN AIR SERVICES
The open air services will be continued next Sunday on the Government wharf at 8.30 Rev. J. E. Purdie will be the speaker.

TO ADVERTISERS
All changes of rates will be required to be in this office not later than 10 a.m. Wednesday, to insure change for that week. New advertisements and important news items received all day Wednesday.

FISHING TRIP
Mr. Fred J. McKee returned yesterday afternoon from a fishing trip up river, and had a splendid catch of trout, bringing down with him over sixty pounds.

Visitors to Pritchard's Lake—Mrs. H. G. Millican, Mrs. W. S. Pickles, Mrs. R. K. Shivers, Mrs. E. Sullivan, Campbellton; Mrs. T. Cook, Stellarton; M. S. Miss Jean; Mrs. W. Anderson, M. S.; Miss M. McDonald, Logville; N. B.; Mrs. W. J. Smith, Miss Gladys Smith, Campbellton, N. B.; Miss Gertrude Gillis, Miss Stella Gillis, Tide Head, N. B.; Miss Gertrude McLellan, Moncton, N. B.; Miss May Holston, Moncton, Que.; Miss Lora Lee Wright, Summerside, P.E.I.; Messrs. J. G. Christie, Alex. K. Shivers, Ross Macdonald, W. H. Lake, H. W. Pond, A. C. Belle Isle, Ang. Martin, M. D., Jos. Price, M. D., Wesley Derynau, R. D. Young, Lindsay Sullivan, Joseph Duncan, A. F. Ferguson, Arthur T. Lathrop, Jas. Hamilton, T. V. Anderson, W. J. Smith, H. G. Millican, R. K. Shivers, W. S. Pickles, E. Sullivan, John Tannier, Amie Leacock, Campbellton; N. B.; John E. McLellan, Fitchburg, Mass.; R. M. Marble, Brookline, Mass.; Rev. A. LePailleur, Hon. Gen. LePailleur, Montreal; Rev. J. A. LaBelle, Rev. F. Tessier, Ph. D., St. Joseph's University, N. B.; Master Lawrence Cooke, Stellarton, N. B.; E. W. Douglas, Stanley, N. B.; Lester Sullivan, Campbellton, N. B.

TO CORRESPONDENTS
Correspondents who have been supplying the GRAPHIC with interesting notes from the surrounding districts are asked to mail their notes one day earlier. This is necessary, as the GRAPHIC in future, will be issued on Thursday afternoon. This means that such notes should be mailed Monday night. Of course it is understood that any important events happening Tuesday or Wednesday should be mailed in a subsequent letter or if transpiring Wednesday night or Thursday morning, such news should be wired in at our expense.

SCHOOL NOTES

The school trustees have been notified that owing to her illness with typhoid fever, Miss Anderson, who was engaged to teach here, will be unable to fulfil her duties this term and Miss Lydia E. Campbell of Maple Green, has been appointed to fill the vacancy. With a full staff of teachers, the various grades will be satisfactorily arranged. The number of permits issued to date is 14.

ESCOMINAC
A very successful concert and social was held at Mr. Ryan's store, here, on Thursday, August 28th, to raise funds for repairing the Methodist church.
The programme consisted of recitations by Misses Etta Gaudin and Alberta Bryan, and songs by Rev. G. S. Hays, followed by a dinner and a social.
The dinner was served by Rev. G. S. Hays, assisted by Misses Etta Gaudin and Alberta Bryan, and Stanley Gaudin, Richard Lavale and Burton MacKenzie.
Besides the starry sons and daughters of Kentville, four ladies, the Misses Ethel, Eleanor and Violet Carmichael and Miss Etta Gaudin appeared as "males' daughters."
The musical part of the performance consisted of favorite, plantation songs, including "My old Kentucky Home," as a duet for soprano and tenor, "De Ole Banjo" and "Kingdom Coming" as solo and chorus.
The proceeds were nearly \$30.

NEW CARLISLE
We are sorry to relate the sad news of the death of Miss Ella Smith, daughter of the late Capt. R. B. Smith. She passed away very suddenly on the 29th of August at her home here. Deceased was 35 years of age and was much beloved by all who had the privilege of knowing her. She had not been well for three or four years, and at times would take fainting spells, but would recover quickly and seemingly be none the worse, but this time the fatal blow came, and she was suddenly taken. One great consolation is in the finished work of Christ, and she was always faithful to him, and his influence all through life was for good and to help others. The end came with the sympathy of the whole community. She passed away in the presence of her three sisters, Bertha, Jessie and Lillie, who expect to return to Montreal in a few days. Interment took place Monday, Sept. 1st from St. Andrew's Episcopal Church. A little over a year ago her mother died very suddenly, a heart ailment which was always a great blow. May the great comforter comfort the sorrowing ones and bind up the broken hearts.
The Misses Gladys and Wilma Kennerly arrived on Saturday for Montreal and Quebec.
Mr. O. Sherar and Mr. Thibault left on Monday of this week for a short visit in Montreal and Quebec.
J. S. Gordon spent a few days of last week in Quebec and Montreal.
Miss Lydia Cook, Bertha Cook, F. Christie, G. Hamilton, R. Blois and H. Donnelly all left this week to take up their school work in different places for the coming year.
Miss Eileen Smith spent a couple of days lately in New Richmond.
Mr. Roberts, of the Dominion Alliance, preached in the Presbyterian Church of this town Sunday morning, addressed the young men in the afternoon, very much to the praise of the Presbyterian Church, in the evening. He held meeting in town on Monday and Tuesday. Needless to say his meetings were all very interesting and helpful.
Aubrey Blois spent Sunday in Port Daniel. I wonder why?
A number of young people have been taking in the dances around the neighborhood, long drives at no time, when a good time is in view.
Mrs. H. Racey and Miss R. Racey of Pabos Mills were in town last week, the guests of Miss Munson. On their return Miss Munson went with them to spend a couple of days in Pabos Mills.
The Young People's Guild of the Church of England held a social on Wednesday of last week which proved a decided success. The proceeds of the evening being something over \$40.00.
Miss Jessie Kerr returned on Tuesday from her home in Caplin River, where she has been spending her holidays. Her sister B. of Toronto came down with her, and is visiting in this part of the country for a couple of days.
Mr. Brown of Lennoxville, arrived in town on Saturday last to take up the position of Principal of our Academy.
The Rev. Mr. Burroughs of the St. Andrew's, Bathurst, Campbellton, N. B., preached a very instructive sermon in St. Andrew's Church Sunday.
A very pretty ceremony was held in St. Andrew's Church, Wednesday, the 29th of August when Eva Jane, daughter of Mrs. F. Donnelly was united in marriage to Mr. T. Boyle of Gaspé, P. Q. The Rev. B. Watson officiated. Lunch was served at the residence of the bride's parents, after which Mr. and Mrs. Boyle left for Gaspé.
The Rev. A. J. Villet, Rector, at Shipshaw, P. Q., was in town this week.

UPPER CHARLO
We regret to record the death of our friend of Harry Vaughn, infant son of Russell and Margaret Vaughn aged nine months and twenty days.
Mr. Harry McKenzie had a narrow escape from a serious accident when driving on Sunday night with his wife and two children. When returning home between 9 and 10 o'clock they were run into by a mass of trucks, causing the death of the child and the injury of the mother.

DALHOUSIE
Dalhousie, N. B., Sept. 3rd.—Mrs. Peter Nadeau and son Regie of Port Daniel, spent a couple of days in town last week the guests of Mrs. Geo. E. Mercier.
Miss Alma LaBelle who has been visiting relatives on the Gaspé Coast returned home Friday.
Miss Vale of Dorchester is spending a few days here this week the guest of her niece, Mrs. James B. H. Storer.
Mr. Aloysius Troy left on Wednesday last for Sudbury, Ont., where he has accepted a position with the C. P. R.
Miss Stella McKenzie has returned home from New Carlisle where she has been spending a couple of weeks.
Mr. and Mrs. Shirley Peters left on Tuesday for their home in St. John. While here they were the guests of Mr. and Mrs. H. A. Hilyard.
Mr. E. R. Richard spent the holiday at his home in Dorchester.
Miss Carter of Amherst, N. S., is spending a few days here the guest of Mr. and Mrs. T. G. Scott.
Miss Eva Burman of Montreal spent a couple of days here last week, the guest of Mr. and Mrs. Geo. E. Mercier.
Miss Margaret Hennessey of Campbellton spent Sunday in town, the guest of the Misses Harquail.
Mr. Clarence Delaney of the Royal Bank of Canada has been transferred to the Bathurst branch.
Mr. and Mrs. Arthur McGregor who have been visiting Mr. McGregor's father, Mr. Simon McGregor, returned to their home in Quebec on Saturday last.
Mr. and Mrs. J. F. Gallagher of Campbellton were visitors to town on Labor Day.
Mr. F. B. Troy spent last week at his home here.
Miss Emily Green of Miramichi was a guest of Hon. C. H. and Mrs. LaBelle on Monday.

The Misses Jennie and Hilda Stewart left last week on a trip to Boston and Keegan, N. H. While there they will visit their sister, Mrs. John Spaulding.
Mrs. Dr. Martin and Mrs. A. J. LeBlanc returned to town on Monday.
Mrs. McDermid and son, Mr. Clarence McDermid of New Glasgow, N. S., are visiting Dr. and Mrs. A. G. McKenzie here.
Mr. Leo Troy, Mr. Geo. LaBelle, Mr. J. D. McDermid, Mr. Raymond Harquail and Mr. Gordon Baldwin spent Labor Day in Campbellton.
Mr. and Mrs. E. R. Gaudin have returned from a visit to Chatham, P. Q.
Miss Grace Bourne of Haverhill, Mass., returned home on Tuesday. She was accompanied to St. John by Miss Alice Harquail.
Mrs. Margaret Grant, MacWhirter, of New Richmond, P. Q., who recently had articles published in the "Westernist" and "Red and Green" The Guide of the Village, from St. John.

The annual meeting of the St. John's Agricultural Society was held at the Agricultural Hall on Thursday, Sept. 4th. The meeting was held in the evening and was attended by a large number of the members and friends of the society. The report of the secretary was read and approved. The financial statement was also read and approved. The meeting was closed with a prayer by the Rev. Mr. Spaulding.

HALDANE HELPS PEACE MOVEMENT
London Press Comment on Notable Speech in Montreal

London, Sept. 3.—The address of the British Lord High Chancellor in Montreal yesterday, is published fully here, with the editorial prediction that Lord Haldane's utterances will help powerfully to cement Anglo-American unity.
The Daily Telegraph says that the historian may some day look back upon it as one of the chief events leading to a new and beneficial relationship between these people the United Kingdom, the Dominion of Canada and the United States.

The Daily News says:
A year or two ago, an attempt was made to effect an arbitration treaty between this country and the United States. It failed for reasons which were great, but peace between the English speaking race rests on a surer basis than any arbitration treaty. It is founded on that common conscience in which Lord Haldane referred yesterday, and there are abundant signs today that the example which the Anglo-Saxon race has given the world, will bear fruit in still larger spheres. If the Democrats of Europe are true to themselves, the abolition of armaments will not be so remote a dream as Lord Haldane seems to suppose.

LAWYERS BUSY IN HARRY THAW'S CASE
Thaw Funds Not so Plentiful as Expected—Another Lawyer Added.

Sherbrooke, Que., Sept. 3.—Lawyers working for and against the deportation of Thaw were on the alert today, mindful of the fact that Judge Hutchinson might at any time hand down his decision on the habeas corpus writ. Although the court did not say definitely when he would render judgement, there were those who believed that he would announce his findings today.
The court's ruling will be rendered in writing, and he agreed to summon counsel to the chambers in simple time before its delivery. If the writ is sustained, Thaw will be ejected from the Shebrooke jail, and arrested by immigration officers for deportation. His counsel may then seek to secure another writ of habeas corpus demanding his release from the Immigration Department.
N. K. Laframme, of Montreal, one of the most eminent criminal lawyers in the Dominion, was due here today to enforce the Thaw lawyers.

There were current today reports that Mrs. Mary Copley Thaw, mother of the fugitive, would soon arrive in Sherbrooke, to insure counsel of their fees and expenses.
Some of the Thaw lawyers, it is said, have again expressed dissatisfaction over the fact that no responsible head of the family has remained on the scene and that while money was talked of no large

the Province of Quebec, is a native of Dalhousie, and received her education at the Dalhousie Grammar School. She is a daughter of the late Angus McNeil of Dalhousie.
Our town Superior School opened on Tuesday with Mr. L. D. Jones again as Principal with Miss Emma Hazrell who has been teaching here for several years. The two new teachers for the coming term are Miss Annie McInerney of Riverton, N. B., and Miss Lisa Wallace of Dalhousie.

Mrs. R. Z. Walker of Fredericton spent a few days here recently, a guest at the Inch Arran House. She received a hearty welcome from the friends in her native town. Her husband and little son George, who had gone to the Toronto Exhibition, were joined at Dalhousie Junction by Mrs. Walker on their return to Fredericton.
The Misses Minnie and Bessie Jamieson left on Monday morning's Maritime for St. John. Miss Lena Harquail and Miss Grace Bourne spent the weekend with friends at Campbellton.

Miss Annie Green, agent, Campbellton, of Robert Good of Dalhousie, died on Monday.

SESSION NOT LIKELY UNTIL JANUARY
Borden Government Reluctant About House Meeting

Ottawa, Sept. 2.—Hon. Robert Rogers, minister of public works, and Hon. Arthur Meighan, solicitor-general, returned to the capital yesterday from a prolonged stay in the west. Mr. Rogers has been away from his department since early in June, and Mr. Meighan, after being sworn in two months ago, has been settling up his affairs in Portage La Prairie, preparatory to actively resuming his duties here.

Just what these duties are to be is not yet definitely determined. His projected task in securing a reduction of ocean freight rates is hardly likely to materialize this year since the difficulties in the way of joint international action by Great Britain, the United States and Canada have on examination, been found to put the question for the present outside the sphere of practical politics.
The Laurier government, communicated with the British government with the same end in view, but the reply was not at all encouraging. In view of the fact that the great bulk of the Atlantic trade is in the hands of British registered vessels, Canada can do little along this line unless Great Britain and the United States are first ready to move.

Hon. Mr. Rogers has divided his time in the west principally between holidaying at his summer home at Kenora and receiving private deputations connected with party patronage and party politics. He speaks enthusiastically of crop conditions and the business outlook in the west. He does not look for the opening of the session of parliament before January. Now that closure has been adopted he is ready to apply it and hence there is no need of an early opening in order to expiate business, especially in regard to the voting of supplies. Besides the ministers are not anxious to resume the worries of the session and to again take up their position on the firing line.

amounts have been in evidence. A great deal of money will be needed to carry on a protracted legal fight, particularly in Vermont, in the matter of extradition proceedings, or in case of an appeal from the ruling of the immigration authorities. The New York interests have made elaborate plans for getting Thaw from Vermont to New York, while Thaw's counsel, handicapped by lack of funds, have so far confined their efforts to keeping him in jail.
A by-product of Thaw's escape, as it were, the case of "Gentleman Roger" Thompson, chauffeur of the car that whirled Thaw away from Mattawa, was set for trial before Magistrate Mulvins today, but by consent was postponed for a week.

COST OF THAW'S FIGHT

Thaw's fight for freedom in the courts has been estimated to have cost him or his family close to \$900,000. The two trials for murder are figured to have cost the Thaws approximately \$300,000, the three hearings in Poughkeepsie and White Plains about \$200,000, and Mrs. Evelyn Nesbit Thaw about \$70,000. The following has been figured out as indicating the expenses of the various Thaw trials and hearings:

First trial	\$500,000
Second trial, 1908	100,000
First hearing, 1909	60,000
Second hearing, 1909	60,000
Third hearing, 1910	70,000
Incidental	100,000
C. W. Harridge (expenses)	100,000
To Evelyn Nesbit Thaw	70,000
Paid detectives	60,000
Total	\$960,000

SUFFERED
With Biliousness and Sick Headache

Colony, Alberta, July 8, 1911.
I was a great sufferer for a long time with Biliousness, Sick Headache and Liver Trouble. Nothing seemed to do me any good. I had almost given up in despair when I decided to try

FIG PILLS
After taking about half a box of the pills I stopped and my appetite improved. I have not had any more biliousness or sick headache, even. I can honestly recommend

FIG PILLS

NOVEL ENTERTAINMENT
A Public Court Trial in Which
Prominent People Will
Participate

Among the most successful and popular
entertainments of the times are the Mock
Court trials given under the direction of an
expert—Col. A. V. Newton, the well-known
lawyer-lecturer of Worcester, Mass.

Many citizens in various parts of the coun-
try, have been greatly excited over them, as
attested by the lengthy and favorable reports
in the leading newspapers, and best of all—
by great audiences that have packed the large
halls and opera houses to the doors in many
cases the interest being so great that every-
seat has been sold in advance and hundreds
turned away unable even to obtain standing
room.

One of these popular entertainments will be
given under the auspices of Campbellton
Lodge No. 22 K. of P., in the Opera House,
on Monday evening, Sept. 8.

It will be assumed that one of our most re-
spected and prominent citizens has been trifling
with the affections of a young and beautiful
widow of this town and will have to answer
to the Bench of Promise suit brought against
him and there will be fun without limit.

Indeed, it is safe to predict that it will be
many moons before the walls of the Opera
House will re-echo with so much laughter, as
will be heard on that occasion. Additional
interest will be created in the trial room from
the fact that a large number of our prominent
citizens will be participants. All the rules of
a regular court of justice will be observed.

An article that has real merit should in time
become popular. That such is the case with
Chamberlain's Cough Remedy has been at-
tested by many dealers. Here is one of them.
H. W. Hendrickson, Ohio Falls, Ind., writes,
"Chamberlain's Cough Remedy is the best for
coughs, colds and croup and is my best seller.
For sale by all dealers."

ROYAL PRINCES
IN BRITAIN'S NAVY
Howdays They Earn Their Promotions
to a Greater Extent Than in
the Past

The fact that Prince Albert, King
George's second son, embarked upon a
naval career by joining H.M.S.
Chamberlain as a cadet shows that
past traditions in regard to the naval
training of British Princes are being
religiously observed. It is intended
that Prince Albert, like his father,
shall be thoroughly tutored in naval
matters. His elder brother, the Prince
of Wales, it will be remembered,
spent some months at Dartmouth
studying seamanship; but it was in-
stantly decided that he should not
follow the naval profession.

On the other hand, the naval train-
ing of Prince Albert will cover some
considerable time. And it is an illu-
stration of the thorough manner in
which this training is to be under-
gone that, when the King heard that
preparations had begun on the Cun-
berland for accommodating the Prince
in a cabin, His Majesty promptly
vetoed any such distinction and directed
that his son should be in every
respect treated as an ordinary cadet.
So Prince Albert satisfied himself
with a hammock.

The sending of the second son to
sea is quite in accordance with pre-
cedent. It will be remembered that
King George, with his elder brother,
the late Duke of Clarence, spent two
years on the Britannia training ship,
and then made a voyage around the
world in the Beaulieu. But after
that voyage, while his brother left the
navy, King George remained in the
army, and during his naval career con-
tinued closely to the usual cadet's
career, so far as promotion was con-
cerned, he owed little to the ad-
vantages derived from his exalted rank.

Therein his naval career differed
from that of his uncle, the Duke of
Edinburgh, who was a pupil of Cap-
tain Harris in the illustrious, the pre-
decessor of the Britannia, but who,
to his after regret, skipped the grades
of sub-lieutenant and commander and
became a captain in the Navy at the
age of twenty-two.

Prince Henry of Battenberg, who
succeeded Sir Francis Bridgeman as
First Sea Lord, is the most notable
instance of a Royal personage attain-
ing a great position in the naval world.
It is interesting to recall, however,
that Prince Edward, Augustus, a
younger brother of George III., went
to sea at the age of nineteen, was
posted in the following year, and after
only four years' service hoisted his
flag as second-in-command in the
Channel. Prince Edward was enter-
ed on the ship's books as a volunteer
for wages and victuals, and his origi-
nal commander, who afterwards became
his flag.

Electric Restorer for Men
This is a new and very effective remedy
for all cases of nervous debility, im-
potence, and all sexual weakness
arising from any cause. It is a
purely natural remedy, and will
make you a new man. Price \$2 a box, or two for

**WELL KNOWN INSUR-
ANCE MAN DEAD**

**Wm. A. Gibson, Provincial
Manager of the Imperial Life
Insurance Co. Died Friday**

The death occurred at St. John on Friday
of William Alex. Gibson, the eldest son of the
late John Gibson, of Marysville, York County,
N. B., at the age of 45, after a few weeks ill-
ness of heart trouble.

Mr. Gibson went to St. John about eight
years ago as provincial manager of the Impe-
rial Life Insurance Company, which position
he held to the time of his death. Mr. Gibson
is survived by his wife, Ida A. Gibson,
daughter of the late S. N. Miles, M. D.,
Oronocton, N. B. He is also survived by
four children, Grace, Miles, William and
Marian, all at home; one sister, Mrs. J. S. T.
Bliss of Dorchester, Mass.; two brothers,
Arthur M. Gibson, of Fredericton, and Fred
H. Gibson of Quebec, also his stepmother.

Mr. Gibson was a member of Queen square
Methodist church and also was a member of
the Masonic fraternity.

Few, if any, medicines have met with the
uniform success that has attended the use of
Chamberlain's Colic, Cholera and Diarrhoea
Remedy. The remarkable cures of colic and
diarrhoea which it has effected in almost
every neighborhood have given it a wide re-
putation. For sale by all dealers.

CANADIAN MAGAZINE

THE CANADIAN MAGAZINE for September
has a strong list of features. First place is
taken by Wilfred Campbell, the well-known
Canadian poet and historical writer, with an
article entitled "The Highland Society of
Canada." This is followed by a stirring
account, "A Heroine of Lucknow," by Isabel
Eccleston MacKay, author of the "The
House of Windows." There is also an inter-
esting article entitled "Van Horn and his
Cuban Railway," by C. Linton Sibley, a
Montreal newspaper man. One of the most
important contributions is the J. D. Logan
essay entitled "Canadian Creative Composers."
This is the most comprehensive article of the
kind ever published, and anyone interested in
what Canadians have accomplished in musical
composition should read it. Other contribu-
tions of merit are: "The Toll of the Cresting
Seas," by F. William Wallace; "Swift: A
Precious Pioneer," by W. Lacy Amy; "The
New Study of the Old Book," by Rev. Dr.
George C. Workman, and short stories by
Bernard Muddiman, G. G. H. Reade, Anne
Warner, Charles G. D. Roberts, and verse by
L. M. Montgomery, James P. Haveron, R.
C. Roade and Estell Kerr.

Ayer's Sarsaparilla
Oldest, Safest, Strongest, Best.
Standard family medicine.
No alcohol. Sold for 60 years.
Ask Your Doctor.

**I.C.R. FREIGHT RATES
WILL BE REDUCED**

An Ottawa despatch says:—It is
understood that there will be another
revision of the I. C. R. local
freight rates shortly in a downward
direction. When Hon Mr. Coch-
raned the rates raised substan-
tially six months ago he stated that
they were below what they should
have been and the management of
the road on business lines required
them to be raised. The protest
from the Maritime Province mem-
bers against the increase has been
so strong that the Minister has de-
cided that another revision must be
made.

**JUDGE WARNS SLIT
SKIRT WEARERS**

Lectures Girls Whose Petticoats and Filmy Hosiery Show

Slit skirts with a dash of red or
green showing—and in some instan-
ces only a transparent silk stock-
ing—may be the stylish thing for
girls, but not for wards of the Kan-
sas side Juvenile Court. Just
listen to what Judge T. Sims
told two of his wards who appeared
to report, clad in the tight-fitting
skirt with the red insertion:

"You know what I ought to do
with you girls for wearing such
clothing as that," the judge asked
them. And receiving no reply, he
answered himself.

"I ought to take you across my
knee and spank you until my hands
are blistered," he said, "and let me
tell you right now that if your fath-
ers do not do it and I see you
dressed like that again I will do it
myself. Girls who dress like that
do it because of their associations
and to attract the eyes of men. If
you cannot attract a man without
splitting your dress, then leave the
men alone. You will find that the
class of men who are 'caught' by
flashy dresses and powdered faces
are not the men who make good
husbands, and I take it that it is
the one aim of most women to se-
cure a good husband."

The judge told them some other
things—enough to impress upon
them the necessity of wearing modest
clothing and their natural complex-
ion, and after exacting a promise to
conform to his advice, allowed them
to go home.

Running up and down stairs, sweeping and
bending over making beds will not make a
woman healthy or beautiful. She must get
out of doors, walk a mile or two every day
and take Chamberlain's Tablets to improve her
digestion and regulate her bowels. For sale
by all dealers.

GHOSTS OF THE TOWER

Phantom Gravedigger and Old Sol-
dier's Adventure With Heary VIII.

It would be surprising if the Tower
of London, the scene of so many of
history's most ghastly pages, should
not be peopled by ghosts. A story is
told of the spot where the bones of
the young King Edward V. and his
brother Richard, Duke of York, are
stated to have been found in 1674.

One evening, just about twilight, an
official of the Tower heard the sound
of digging and the loose spluttering
of gravel, and on turning aside saw the
shadowy outlines of an enormous
man digging furiously at the soil.
Much alarmed, the official drew back,
and as he did so the figure swung
round and faced him, when he per-
ceived, to his horror, a skeleton clad
in a richly-fashioned garment, on the
breast of which was emblazoned the
Royal arms. The official uttered an
exclamation, whereupon the figure
vanished, though the sound of the dig-
ging continued for some seconds.

And here is a cheerful story told
by an aged pensioner about twenty
years ago:

"I was on duty in the Beauchamp
Tower," he said, "just outside the cell
where Anne Boleyn was imprisoned.
I was thinking of old Henry VIII,
and wishing I had his luck with wives,
for my one and only missus was as
ugly as Newgate, when all of a sud-
den I heard my name called, and on
turning round nearly died with fright.
Floating in mid-air, immediately be-
hind me, was a face—Heaven help
me, it makes me shiver, even now, to
think of it—round, red, and bloated,
with a loose, dribbling mouth, and
protruding, heavy-lidded, pale eyes,
alight with a lurid and perfectly san-
dial glow.

"I knew the face at once, for I had
often seen it in the history books—
'Henry VIII.'

"Well! the affair was hushed up in
the usual way. We were threatened
with the sack if we dare as much as
breathe a word that the Tower was
haunted. The oddest thing about it
is that, on my return home, I found
my missus was dead."

Why should any other
cereal be called "just as
good" as

Kellogg's
CORN FLAKES

Because Kellogg's is known to be the best
and most nutritious cereal on the market—
Because the sale of Kellogg's Corn Flakes
is enormous as trade returns will show—
Because another large modern factory, the
best and most sanitary in Canada had to
be built to take care of our constantly in-
creasing trade—
Because the imitator, knowing these facts
and having few selling arguments for his
own product thinks to create a market for
it by comparing it to Kellogg's.

But---the flavor and the sustaining
qualities of Kellogg's Corn Flakes
cannot be counterfeited. Sold in
big packages at 10c. Look for
the signature.

Mr. Samuel McEwen has gone to Fabon to take up a position there.

Miss Hilda McEwen has returned from Campbellton where she has been for some time.

Miss Andrews of Campbellton is the guest of her friend Miss H. McLellan.

ROUGH ROADS

A member of the GRAPHIC staff enjoyed a run to Bathurst, Thursday afternoon over the highways, and in all the distance travelled, the worst roads encountered were between this town and Dalhousie. The road between here and Dalhousie, it would be greatly improved by putting on the split log drag after a rain, while many other rough spots need some gravel to level them up. Surely between two such important centres as Dalhousie and Campbellton, something could be done to put this road in better condition.

TWO MORE GERMAN AVIATORS KILLED

Fell 100 Yards to Their Deaths Left Wing Collapsed

Brigg, Germany, Sept. 4.—Two more officers of the German army flying corps were killed in an aeroplane accident here to-day. Lieut. Von Eckbrecher and Lieut. Frin. Both young men were testing a new aeroplane over the military aerodrome when the left wing collapsed while they were at a height of 1000 yards. The aviators were thrown to the ground and crushed to death.

SILK HAT HELD UP EXPRESS TRAIN

Paris, Sept. 4.—The story is published here that an express train from Madrid, on which Count Romanos, the Spanish Premier, had reserved a salon, was delayed three quarters of an hour in starting because the Premier had forgotten his silk hat. The indignant passengers protesting against the delay, explainable delay were told by the station master that the departure of the train was held for a reason he could not state. Eventually a breathless messenger arrived from the Premier's house, carrying a cardboard box, which to the obvious relief of the Count, was installed in his reserved salon.

The station master then explained to the passengers that the Premier had forgotten his silk hat and had refused to allow the train to start without it.

Every Woman will be Delighted with the Display of New Fall Fashions in Coats, Costumes, Furs, etc., at
