

ITEMS FROM SIMCOE

A Bunch of Interesting News from Neighboring Town.

Simcoe, Aug. 28.—Capt. J. S. Boyd M.D., is home from Borden Camp on sick leave. Several of the men are off duty from the effects of inoculation. Major Jackson and Capt. Heath, are home for the week end and will proceed to Ottawa for a musketry course on Monday. Lt. Col. Aiken returns to camp from Ottawa to-day.

Harry Gordon, a rejected soldier, who claims to have been over the Niagara border, was before Squire Earl this morning, charged with theft, and was sent up for trial. He did not offer to give bail, and is continuing his residence at Castle Robertson.

Messrs. Harold Glazebrook and Wm. Kirkwood of Stalker's machine shop, went to Brantford on Monday to work on munitions.

The L. E. and N. has completed a much needed freight platform at the south end of the freight shed.

The Unique Shoe Co's new building is now ready for the beams for the second floor. The brickwork already up gives promise of a solid and durable wall and a fine appearance. The foundations were heavily reinforced with light rails from the tramway used here in construction.

The L. E. and N. The old work on plant adjoining, which is to be used for offices and stores, will be entirely overhauled, and faced up with new brick, the same as the old building. All traces of the old building will disappear.

The superintendent, Mr. Hardman, has taken on all the available tradesmen he could get and things have been kept moving.

The rain Wednesday night in the north of the county, about Teeterville, went in about six inches, allowing for light wheat turned up no dry ground.

The continued dry weather with the usual traffic has put the road from Simcoe to Delhi in bad condition and it has received practically no repairs this year. Travellers for the past fortnight have, as far as possible, been avoiding it and using the back lines.

Lt. A. C. Burt, V.S., who went overseas in the imperial service and after some months was transferred to Egypt, is now in Greece.

The local ice supply is running short. The houses contain no more at present than they did in mid-October last year.

Campbell Bros., florists, who usually carry off first honors in Gladiolus and delias at Toronto, have not put in an exhibit this year. The dry, hot weather worked havoc with their stock.

The Salvation Army band is fast regaining its former strength. On Saturday evening the band had a concert with "Instruments." Enlistment for overseas robbed the band of almost all its former players.

Gilbert McStoy tied his horse in front of the new Molson's Bank, at 9.30 a.m. to-day, facing the wrong way. The horse tried to keep clear of the place and set out for the feed barn by a round-about course. Breaking the tie strap, he ran down Norfolk and Stanley, west to Dean, north to Butt's feed barns and slam into a democrat in the back of the stable. The steed made such a good getaway that it is not likely the police will take any further action.

Lt. C. M. Brown, of a Company; Lt. Walter Durward, of a Company and Lt. Walter McCall, are reported to have resigned from the staff of the 133rd.

PRESIDENT OF FRANCE

Sends Congratulatory Telegrams to Italy and to Roumania.

By Courier. Leased Wire Paris, Aug. 29.—President Poincare has sent congratulatory telegrams to the kings of Roumania and Italy upon the recent declarations of war issued by those two countries. Premier Briand sent similar telegrams to Premier Bratianu of Roumania, Premier Boselli, and Foreign Minister Sonnino of Italy. President Poincare's telegram to King Ferdinand reads as follows:—

"At the time when the Roumanian people are answering the appeal of their oppressed brothers and entering resolutely upon a glorious war in which they find assurance of realizing their national aspirations, I beg your Majesty to accept for himself and for his noble country, France's most cordial wishes."

Premier Briand's message to Premier Bratianu reads:—

"The entire French nation applauds the decision by which Roumania courageously takes its place among the defenders of the cause of right and of civilization. I am happy to send you in the name of the nation and of the government of the Republic, my heartfelt congratulations."

DESPERATE FIGHTING

By Courier. Leased Wire London, Aug. 29, 2.45 p.m.—Desperate fighting on the border between Roumania and Hungary is reported in an Exchange Telegraph despatch from Berne, Switzerland. The Roumanians, the message says, are making furious efforts to capture the important mountain passes. This information, the despatch says is contained in a telegram from Austrian headquarters published in the Bund, of Berne.

PERMANENT MUSCULAR STRENGTH cannot exist where there is no blood strength. Young men giving attention to muscular development should bear this in mind. Hood's Sarsaparilla gives blood strength and builds up the whole system.

HOW TO KEEP WELL

BY JOHN W. S. McCULLOUGH, M.D., D.P.H., CHIEF OFFICER OF THE PROVINCIAL BOARD OF HEALTH.

CONSUMPTION.

JOHN BROWN had noticed for some time that he was not up to the mark. In the morning he felt very well, but through the day he became tired, sleepy, and a little feverish. He had had a slight tickling cough for a month or two, but did not cough up anything. One afternoon he felt a warmth behind his breastbone, and at the same time he had a salty taste in his mouth. Following a tickling in his throat he coughed and brought up a few teaspoonfuls of bright red blood.

This alarmed his friends very much, and he turned pale. His hands were cold and perspiration broke out on his forehead. His mother sent for the doctor, who examined his nose, throat, and chest, and finally told him the blood came from his chest. He was placed in bed and told to keep quiet and that he need not get up until he was better. The physician took a sample of the material that John coughed up and found, as he suspected, that he was suffering from tuberculosis of the lungs.

Consumption is the cause of spitting of blood in nine cases out of ten. Other causes are pneumonia, bronchitis, heart disease, aneurism, menstrual trouble, and scurvy. One out of every twenty-five cases of consumption starts with a slight hemorrhage. In one out of every six cases there is no other symptom. In two out of every three cases there is a salty taste, has a little tickling, coughs, and up comes the blood.

These early hemorrhages are never fatal. But the appearance of blood frightens most people, and perhaps it is a good thing to have the hemorrhage, because it is a reliable danger signal. A patient of this kind should be kept quiet in bed for a few days. He usually needs no medicine, except in cases where he is very much frightened or shocked, when the doctor may give him some sedative. He must not get stimulants such as whiskey, aromatic spirits of ammonia, etc. If the side from which he is bleeding can be distinguished he should lie on that side.

If there is no return of hemorrhage after a few days he may get out in the open air. Horseback riding will be good exercise for him, and he may do a little outdoor work. Outdoor air and good food are the requisites for cure.

Above all things, a patient who has had a slight hemorrhage—and every other consumption—should avoid the use of the numerous advertised "Cures for Consumption." None of them are of any value in the treatment of this disease; some of them are positively harmful.

QUESTIONS AND ANSWERS.

Answers to questions pertinent to public health will from time to time be made in this column. The questions should be short and to the point. If it is not advisable to reply through this column, answer will be made by letter if stamped envelope is enclosed.

1.—Responsibility in cases of Communicable Diseases. A.A.G., Port Colborne.

Q.—In a case of scarlet fever or other contagious disease is the local board of health obliged to take care of the patient, provide nurses, doctors, and medicine?

A.—The Public Health Act, Section 58, Sub-Section 1 and 2, refers to this question as follows:— "(1) If any person coming from abroad, or residing in any municipality within Ontario, is infected, or has recently been infected with, or exposed to, any communicable disease to which this section is by the Regulations made applicable, the medical officer of health or local board shall make effective provision for the public safety by removing such person to a separate house, or by otherwise isolating him, and by providing medical attendance, medicine, nurses, and other assistance and necessaries for him; and (2) The corporation of the municipality shall be entitled to recover from such person the amount expended in providing such medical attendance, medicine, nurses, and other assistance incurred in providing a separate house or in otherwise isolating him. 2 Geo. V. c. 58, s. 58."

The communicable diseases referred to in this section are: Smallpox, scarlet fever, diphtheria, chicken-pox, measles, typhoid fever, cholera, bubonic plague, leprosy, epidemic anterior-polio-myelitis, and epidemic cerebro-spinal meningitis.

THE FAIRY FIRE

"Fire! Fire!" From the engine and the crowd of fairies cheered. Almost in no time it seemed the hose was joined to a hollow pumpkin tank filled with dew and the fairy firemen played the stream upon the attic window.

Brighter grew the blaze of red and yellow. The fairies stared. The firemen talked in great excitement and the more they played the hose of dew upon the attic window, the brighter grew the fire.

"It is a strange, mysterious fire," they cried. "Water seems to feed it."

The fairy chief of the firemen collected his cobweb wings. "I myself," he cried bravely, "will fly to the attic window."

"No, no!" cried the others. "You'll singe your wings. It must not be!" But the fairy chief smiled, and flew away. They saw him alight upon the sill of the attic window and then while the fairies stared, he began to laugh. He laughed and he laughed, holding his sides the while until the crowd below feared the red and yellow blaze would reach forth and catch him.

Grandmother Grundel herself had made the fire with her own hands. The attic was full of fairy goldenrod and fairy tiny lilies and the scarlet and orange berries of the bitter-sweet. Grandmother was drying them for pillows.

Mighty little to be wondered at, say I, that the dew from the pumpkin tank had brightened the blaze in the fairy attic.

Now Everybody Can Help Without Sacrifice

The Red Cross branch of the Women's Patriotic League have arranged with the Brantford Iron and Metal Co., for a systematic collection of rags, metals, papers, rubbers, bottles, etc., from the homes and business places in the city. Save your junk. Don't throw it away. Don't let anyone have it, unless he can show you his Red Cross Card. It will mean a great help to our soldier boys, and no expense to yourself. Don't forget: you want to do your duty—and you don't want the junk. But we appeal to you, again, on behalf of the soldier boys. Everybody can help.—business men, manufacturers, householders. Call Bell Phone 797 when you want a man to call. Should a Red Cross collector call for your junk, don't let him get away without something.

Social and Personal

The Courier is always pleased to use items of personal interest. Phone 276.

M. D. J. Convery, of Montreal, is a visitor in the city.

Miss Flossie Nun, of Toronto, is spending a week-end with Mr. and Mrs. Walter Mowat, Hamilton Road.

Mr. John Agnew left the city yesterday for a two week's vacation up the Georgian Bay.

T. Thornthwaite, B. Q. M. S., of the 215th, was a visitor in the city over the week-end.

Mrs. C. W. Apps and family have returned from a pleasant vacation spent at the Briars, Dunnville.

Rev. Mr. Brown, of the First Baptist church has returned from a vacation spent at Ocean Grove, N.J.

Driver C. L. Spittal of the 55th Battery, Petawawa, has been spending a week at home here, before going overseas in early part of September.

APPEALS AGAINST TAXES DISMISSED

Golf Club and Municipal Railway Assessments in Township Confirmed.

Two appeals against valuations placed upon properties by the township of Brantford on the 1916 assessment rolls were heard and both being dismissed. The Brantford Golf and Country Club protested against the valuation of \$15,500 placed upon their land, claiming that it should be assessed only at the same rate as the adjoining farm lands. In dismissing the appeal, his honor ruled that a higher value was given to the lands by reason of their proximity to the city.

The City of Brantford entered an appeal against the assessment upon the lands of the municipal railway, formerly the Grand Valley Railway, upon the ground that as a municipal corporation the line should be exempt. It was also asserted that when the city applied to the Dominion government for a charter, one of the terms upon which this was granted, was that the name taxes should be paid as had been by the Grand Valley Company. His honor, Judge Hardy accordingly dismissed the appeal. The appeal entered by the Lake Erie and Northern Railway was not proceeded with, as the company was not ready, but it will receive a hearing on Thursday of this week.

Music and Drama

At The Brant Theatre for the first of the present week, in the first of a new comedy series, the quaint and original Frank Daniels appears to such good effect as to win the hearts of all through his misadventures. The sixth episode of the "Who Pays?" series is as tense and engrossing as its predecessors, while the film rendition of Owen Johnson's novel "The Salamander" is one of the finest feature films ever seen in this city, not alone in plot and cast, but in the matter of stage setting and photography. A truly roaring comedy skit is that presented by Gertrude LaFolton and Company under the caption of "The Gold Cure," which last night proved itself a sure cure for gloom of any kind. Murphy and Kline present a comedy singing and dancing number that is rather out of the ordinary run of such features.

WON A THOUSAND By Courier. Leased Wire Chicago, Aug. 29.—Grover Alexander, pitcher for the Philadelphia National League team is \$1,000 better off to-day for having won his game against the Cubs here yesterday. It was the 25th victory for Alexander this season, which gave him a bonus of one thousand dollars offered by the Philadelphia Club should he score 25 wins during 1916.

MEN! WHY SUFFER?

DR. WARD'S specialty in DISEASES OF MEN? He treats such cases as follows: For the past 25 years he has given the best results in the study of MEN'S DISEASES including AMERICAN GONORRHOEA, CHLORIDIA, SYPHILIS, etc. He has restored thousands of men to health and vigor. He has cured cases of Gonorrhoea, Syphilis, etc. which have been declared incurable. He has cured cases of Gonorrhoea, Syphilis, etc. which have been declared incurable. He has cured cases of Gonorrhoea, Syphilis, etc. which have been declared incurable.

THOUSANDS OF MEN REQUIRED IN WESTERN CANADA. Thousands of men are required to help in the great work of harvesting the Western crop. The task of transporting to the West this great army of workers will fall to the lot of the Canadian Pacific Railway.

Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run, and special trains operated, making the trip in about thirty-six hours, without change or transfer.

"Going Trip West," \$12.00 to Winnipeg. "Returning Trip East," \$18.00 from Winnipeg.

Consult C. P. R. Agents regarding transportation west of Winnipeg. GOING DATES August 17th and 21st.—From Toronto-Sudbury and East, but not including Smith's Falls, or Renfrew, also from Main Line East of Sudbury to, but not including North Bay.

August 19th and September 2nd.—From Toronto, also West and South thereof.

For particulars from Canadian Pacific Ticket Agents, or W. B. Howard, District Passenger Agent, Toronto.

A Cleaner and Cleanser

For use on milk cans, baths, kitchen utensils, dishes, refrigerators, painted surfaces, etc. Ask for Wyandotte Dairyman's Cleaner

A powder, easy to apply, absolutely pure and harmless, free from oil or grease. Put up in 5 lb. bags, with directions. Money refunded if not satisfactory.

HOWIE & FEELY

Next New Post Office.

BIG C.P.R. EARNINGS

Montreal, Aug. 23.—Gross earnings of the Canadian Pacific Railway for the year ended June 30, 1916, were \$121,481,885. This was disclosed by the annual financial statement which was mailed to shareholders to-day. The working expenses were \$80,255,965 and the net earnings \$49,225,920.

NEWS FROM OVERSEAS

Items of More or Less Interest From Great Britain

A military pass is now required before any one can travel beyond Inverness, the unwritten capital of the Highlands. The proscribing of the area north of Inverness has been found necessary owing to the number of German spies that have eluded the vigilance of the ordinary regulations. It is an open secret that more than one spy has directed from the west and north-east coasts of Scotland submarines of the enemy. How many spies have been caught or suspected of giving the enemy information is not ascertainable at present. But travellers assert that at the commencement of the war they were everywhere. Now they say that it would be an difficult to escape the cordon of police and soldiers as to cross the Spey in a Drednought. A number of suspected persons have been deported to the south. The blind wife of St. Dunstan's Sir Arthur Pearson, is still performing fresh wonders for the blinded soldiers. His latest achievement is to have them taught fencing as a recreation. Some of the blind men are learning to fence extremely well. Quite recently a blind officer, who had never fenced until he became a soldier, astonished a fencing expert by performing without a hitch the 46 movements of the "grand salute."

London police court cases are rapidly diminishing in number. Prior to the war it was no unusual experience for a magistrate to try from thirty to sixty cases on one day. Now if the calendar shows a dozen the magistrate begins business with a frown of discontent. At the Willesden police court there were only four charges on the sheet in the course of four days. A woman told the magistrate at a London police court that upwards of two years ago she borrowed 18s. from a money lender, and ever since had been paying back 1s. 8d. a week. She had paid to the loan shark over £8 15s. or over \$41, for \$4.32 she had borrowed.

Can anyone beat this? A regular little army all in one family. Twelve brothers, sons of Mr. and Mrs. Alfred Sherman, of Ashwell, Herts, are all serving with the forces, eleven being in the army, and one in the Marines.

Female doctors have been asked by the war office to work in regular army hospitals, and 40 qualified ladies have been chosen for service. Some of them will go to Malta, where there are important hospitals. This is the first occasion where medical women have been requisitioned for Army service, for the lady doctors serving with the Red Cross units are volunteers. At the moment it is in doubt whether the war office will give these latest recruits a uniform, but if not, so strong is the feeling of the ladies on the subject that they will apply themselves with one.

The Duke of Devonshire, who will be Canada's next Governor General, is fond of a joke. His favorite jest when staying at Chatsworth House, called, is to introduce the visitor to the wonderful library, which is the principal feature of the private sitting room. There on all sides may be seen books with the most amusing and curiosity-provoking titles, but when the uninitiated guest attempts to take one down in order to dip into its contents, he finds that they are all part of the wall and pure painted sham.

"Evening special! Great haul of the enemy's trenches. One penny each." This cry by a newsboy startled lovers of evening papers in Birmingham and Wolverhampton the other day. Owing to the rise in the price of pulp, and the natural increase in the cost of paper, newspaper proprietors are no longer able to sell their goods at the democratic half-penny. The result has not affected so far the circulation of the papers, which announce that as soon as conditions improve they will return to the more popular price.

Many in Coal Mines In the building trades the number of women workers was almost doubled in the first 21 weeks of war. In the coal mines, however, the number of women workers was able to increase their female employees from 7,000 to 9,200 and an addition of 100 women was made to the 2,000 who were already working in the quarries. Of the 287,500 extra women classified under the industrial group the Board of Trade estimates that only 216,000 can be said to have been directly engaged to fill the places of men withdrawn for military service.

Reports at hand from various labor exchanges in the country contain many interesting examples of the replacement of men by women. In the boot trade, for instance, the women are showing remarkable interest and aptitude for the work. One firm employs 540 women to 250 men and is producing 12,000 pairs of boots a week, including 3,000 pairs of army boots, besides 5,000 half soles and 20,000 tip pieces.

The processes upon which the women in this particular establishment are employed number 28, and their wages vary from \$4.50 to \$15.00 a week. Fifteen dollars is an extreme figure, but several of the women are regularly earning \$19 a week which is high pay for females in England. In the textiles trades, in contrast with many other groups, there has been a movement since the war which many regard as wasteful from the industrial point of view. The women have been attracted from their useful work in the mills and weaving sheds to the munition factories, partly on account of the exorbitant pay to be earned and partly from a feeling that they must be engaged in the manufacture of munitions in order to give efficient service to the nation.

The Board of Trade through the labor exchanges, is striving to combat this tendency by a campaign of posters depicting women on the steps of a mill calling to her old associates to return to their old work. Lieut. M. A. Taylor is in hospital in London, Ont., as the result of the premature explosion of a hand grenade.

Huntsville and Lake of Bays residents organized an association to conserve and further the interests of that region. Representatives of municipalities in Ontario county expressed their approval at a meeting in Uxbridge, of a county good roads system.

THE SITUATION

Roumania has never made any bones about the fact that if she entered the war that course would be taken for what she could get out of it.

It took Roumania a long time to make up her mind, but once in the same she has lost no time in getting busy.

In view of the rumored talk that Dewart is to supplant Rowell, as Ontario Opposition leader, the Woodstock Sentinel-Review (Liberal) hastens to explain: "The party of which Mr. Rowell is the leader, did not nominate Mr. Dewart and did not elect him."

It is rumored that while Mayor Bowly is in Toronto, they are having all the auto toots muffled.

When the Kaiser heard the news with regard to Roumania, he abandoned a visit to Cracow and motored at top speed to headquarters.

The Serbians are coming back, after the manner of the Russians. They are reported to have inflicted a series of defeats on the Bulgars.

This is the only front on which there has, within the last few hours been any fighting, on a major scale.

It has not entered into the heart of man to conceive what the Toronto Globe would not do, or say for politics sake.

Such has become the reputation, or lack of reputation, of the leading Crit organ, in direct contrast to the days when George Brown and Willison held the editorial control.

If a man attains leadership in the Conservative ranks that fact alone is sufficient to lead the Globe to revile, belittle, and traduce him until an outsider would be led to believe that the very existence of such an one was a shame to his fellows.

It might have been thought that in all decency there would be at least some abatement of such assaults during the unexampled stress under which the Government has been working during the war period, but no!

Premier Borden has more than once been referred to in its columns as a weakling who has "lost his grip on the Government," when everybody knows that it has proved a God-send to have such a capable man as Sir Robert in control at such a period.

Sir Sam Hughes, Minister of Militia, has been a special mark for the Globe venom. The scurrilous articles which the organ has written against him and the management of his department, would disgrace a backwoods weekly in an uncontrolled district.

Hon. Robert Rogers, and it recently told the Hon. Mr. Ferguson that he was not a "gentleman," as if to smooth its own manners gave it title to know anything about the term.

The spectacle of a paper thus seized with partizan hydrophobia without regard to the facts, must be a sad sight even to its best friends.

LABOR SUNDAY. The Social Service Council, of Canada, urges the observance by all church of Labor Sunday on Sept. 3rd.

For the adequate protection of working people in case of industrial accidents and occupational diseases.

For conciliation and arbitration in industrial disputes.

For the adequate care of dependent and defective persons.

For the reclamation of criminals.

For the protection of society against contagious diseases.

For international peace.

There would certainly seem to be room for a series of sermons on such things.

NOTES AND COMMENTS. It took Roumania a long time to make up her mind, but once in the same she has lost no time in getting busy.

In view of the rumored talk that Dewart is to supplant Rowell, as Ontario Opposition leader, the Woodstock Sentinel-Review (Liberal) hastens to explain: "The party of which Mr. Rowell is the leader, did not nominate Mr. Dewart and did not elect him."

It is rumored that while Mayor Bowly is in Toronto, they are having all the auto toots muffled.

When the Kaiser heard the news with regard to Roumania, he abandoned a visit to Cracow and motored at top speed to headquarters.

The Serbians are coming back, after the manner of the Russians. They are reported to have inflicted a series of defeats on the Bulgars.

This is the only front on which there has, within the last few hours been any fighting, on a major scale.

It has not entered into the heart of man to conceive what the Toronto Globe would not do, or say for politics sake.

Such has become the reputation, or lack of reputation, of the leading Crit organ, in direct contrast to the days when George Brown and Willison held the editorial control.

THE WAR OFFICE ARRIVAL OF THE HARVEST IN ENEMY OCCUPIED COUNTRIES

Makes a Concession Concerning Several Thousand Neutrals. The Whole Question of Relief Materially Affected--Northern France is Worst Sufferer

By Courier, Leased Wire New York, Aug. 29.—A cable to The Tribune from London says: "Notifying Council-General Skinner that children born of neutral parents in England will be given to the age of 21 years and two months before being obliged to declare which country's citizenship they wish to adopt."

According to international practice, such neutrals must make election when they attain the age of 21, but since the introduction of compulsory military service in Great Britain as they are all regarded as British subjects to automatically become soldiers on their eighteenth birthday.

The reply to Consul-General Skinner's query will likely prevent numerous cases of hardship due to uncertainty.

BILLION DOLLAR CROP EXPECTED. Points throughout Western Canada, Dr. McGill of the Dominion Grain Commission, is quoted in Calgary as saying that Alberta would have a crop as good as last year, that the Dominion would have a billion dollar grain crop and that the grain crop of the three Prairie provinces would be little, if any, behind that of last year.

"The country as a whole never looked better than it does at present," said Dr. McGill. "The weather was made to order, as you might say, and I am of the opinion that this year's harvest will be another wonderful one."

Those who contemplate going West will do well to remember that the most fertile districts in Western Canada are served by the lines of the C.N.R. and that their home districts to destination Canadian Northern all the way.

Arrangements have been made whereby passengers may travel in comfort. Colonist and lunch counter cars being a feature.

The first of these excursions will be run in August, the date will be announced later.

For further information apply to nearest Canadian Northern Agent, or write to R. L. Fairbairn, General Passenger Agent, 65 King St. E., Toronto.

TO TAKE NO PRISONERS. By Courier, Leased Wire New York, Aug. 29.—A London cable to the World says: "The Times correspondent on the Somme front quotes a letter written by a German officer and captured on him. The letter shows that German troops of the Thirteenth corps, to which this man belonged, had received the following orders: 'Take no prisoners but dispatch them all with the bayonet.'

"That would not be so bad, but they always take no prisoners from us too, and what would they do with them?"

IS EXPECTED. By Courier, Leased Wire Berlin, Aug. 29.—Up to mid-night no word concerning a declaration of war by Bulgaria against Roumania had been received at the Bulgarian legation in Berlin, but information to that effect is expected hourly.

A person connected with the Bulgarian legation said he assumed his Government would take this step as a matter of course.

TWO SUNK. Amsterdam, via London, Aug. 29.—The 1,600 ton Norwegian steamer Renteria, has been sunk by German submarines in the waterway to-day on a lugger.

Christina, Norway, Aug. 29, via London.—The Norwegian steamship Isalden, formerly the Ty, has been sunk. Her crew was saved.

THE WAR OFFICE ARRIVAL OF THE HARVEST IN ENEMY OCCUPIED COUNTRIES

Makes a Concession Concerning Several Thousand Neutrals. The Whole Question of Relief Materially Affected--Northern France is Worst Sufferer

By Courier, Leased Wire London, Aug. 28.—The arrival of the harvest materially affects the whole question of relief to the civil population of the territories occupied by the Central Empires for the forthcoming year and the position may be now summarized as follows: "It is stated on good authority that the population of Poland has diminished by about fifty per cent since the result of migration into Russia and starvation during the past winter. The remaining population has, however, together with the German soldiers produced a considerable harvest, and it is considered by the German and Austrian authorities that the local production will be ample not only to support the civil population, but to permit some export to Germany and Austria."

Much the same situation exists in Serbia and therefore while there may be some shortage in meats, fats, and such, the population in Poland and Serbia can after the harvest, be sufficiently provided for out of their own production.

Belgium has a fair harvest which by agreement between the relief commission and the German authorities, is left entirely to the civil population. On the other hand the Belgian local production, even in normal times, amounts to only about one-third of the requirements of the population and therefore Belgian relief must continue on a large scale.

In the occupied area of northern France, the mobilization and migration of the male population has made it impossible for the peasants to secure the full productivity of the land and a large portion of the area has been cultivated by the German army. Negotiations are still in progress between the relief commission and the German authorities as to the proportion of the native production to be set aside for the civil population.

In any event the harvest is entirely insufficient and the total absence of meat, fats and milk supplies makes necessary the continuance of relief on a large scale in order to maintain the French population of 2,250,000 people, of whom 600,000 are children.

It is estimated by the commission, and even taking the harvest into account in Belgium and northern France, they will need to continue the importation of a minimum of \$12,500,000 per month of foodstuffs during the forthcoming year. It is understood that the subsidies provided by the allied governments, which amount to in the neighborhood of \$10,000,000 per month, will continue and the commission is therefore dependent on public charity for the neighborhood of \$2,500,000 a month.

The cost of this extra school meal will be approximately \$1,000,000 a month, which increase in the budget of the commission must be found through public charity.

OLD WORLD NOTES. Letters of the great continue to fetch profitable prices. Kitchener's letters continue to rise in value. The latest to signify the public attitude to the personal equation of actors in the great tragedy is Admiral Jellicoe. He sent a short warm letter to the Mayor of Bournemouth, hoping that the "Kavy Day" to be celebrated there in the interest of some benevolent fund would be a success, and it was at once put to the hammer, realizing \$150.

A boy has died at Ongar, Essex, from a dangerous and uncommon disease known as actinomycosis, contagious in cattle and man, which he contracted by chewing a piece of straw picked up on a farm.

A clever girl musician has arisen in Manchester, the daughter of one of the staff on the Ship Canal. She has just passed the examination of the Associated Board of the Royal Academy of Music in Pianoforte playing in the elementary division. The girl is seven years of age. At the age of three she began to show remarkable aptitude for acquiring a knowledge of music, and at the age of four obtained her first prize in a local competition among children attending a kindergarten.

Situation Summarized. The situation with respect to the board of trade's endeavor to find acceptable substitutes for men was summarized by a woman official of the information bureau, who said: "There are plenty of women available who have never been short of volunteers of their character, and we should be able to help the employers a good deal more than we have done already if some of them would have a little more confidence in our discriminating judgment and ability to satisfy their needs. In certain cases employers have become so elated with the unexpected efficiency shown by the women after a short term of training that they have put them on work for which a longer probationary period was obviously necessary; and then, of course, disappointment has inevitably followed."

CASTORIA For Infants and Children In Use For Over 30 Years Always Bears the Signature of *Chas. H. Hitchcock*

SEALED TENDERS addressed to the undersigned and addressed "Tender for repairs to east pier at Port Burwell, Ont.," will be received at this office until 4 P.M., Friday, September 8, 1916, for the reconstruction in concrete of portion of the east pier at Port Burwell, Bala, County, Ont.

Plans and forms of contract can be seen and specification and forms of tender obtained at this Department at the offices of the District Engineer, Equity Building, Toronto, Ont., or at the office of the District Engineer, Port Burwell, Ont. in any application to the Postmaster at Port Burwell, Ont. Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 per cent) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fails to complete the work contracted for. The tenderer does not bind himself to accept the lowest or any tender. Note—Blue prints can be obtained at the Department of Public Works by depositing an accepted bank cheque for the sum of \$200, made payable to the order of the Honourable the Minister of Public Works, which will be returned if the intending bidder submit a regular bid. By order, H. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, August 17, 1916. Newspapers will be paid for this advertisement if they insert it without authority from the Department.

SUTHERLAND'S JUST IN HAROLD BELL WRIGHT'S NEW BOOK "When a Man's Man" \$1.25 Jas. L. Sutherland

1500 MILES AFLOAT At a Cost of \$47.00 This greatest of Summer trips may be taken at remarkably low cost. And you will enjoy every minute of it. The broad decks, the splendid cuisine and the well-appointed state rooms of the finest of lake steamers. Also the entrancingly interesting scenery you pass through, as you journey from "NIAGARIA TO THE SEA" And, if you have the time, visit some of the cities and points of interest the boats touch at. Stay a day in Montreal. See quaint old Quebec. Take in Murray Bay or Tadoussac—where hotels of the most modern appointment await you. And above all, sail up the River Saguenay and see Capes Trinity and Eternity. It's all very wonderful—and not an expensive trip. From Toronto to Chicoutimi—at the head of the Saguenay River—the fare is only \$19.50. Return fare, meals and berth included, only \$47.00 for the entire trip. At this season of the year the boats are always full on Friday and Saturday. So, if you wish to avoid the crowds, take the trip in the early part of the week. Canada Steamship Lines, Ltd.

LOCAL NEWS ITEMS

SITTING UP

Mr. J. F. L. Simmons has received word that his son, Corpl. Simmons was able to sit up for the first time in hospital on Aug. 12th. He has been laid up for some weeks with trench fever.

WEDDED IN ENGLAND

Word has been received here of the marriage at Leeds, England, of Capt. Clifford Howcroft, who left here with the 84th Battalion, but now is connected with the 67th Western Scots' unit at Bramshott Camp.

NEARLY 200

There are now 192 Canadian chaplains on active service, including in England, 39 Anglican, 15 Catholic, 21 Presbyterian, 12 Methodist, 6 Baptist and 3 Salvation Army. One chaplain has been killed, one is a prisoner and fourteen have resigned from illness.

AWAITING MAYOR'S RETURN

Monday morning, acting on the instructions of Mayor Bowby, the Chief had officers note the various factories which sounded whistles and buzzes. All did so. The Chief states that he is awaiting the return of Mayor Bowby before making any further move. His Worship is in Toronto attending the Municipal Association meetings, and will be away the best part of the week.

GARDEN COMPETITION

Twenty-two boys between the ages of 11 and 15 competed this year in what is known as the Home Garden Competition conducted by the Department of Agriculture, Paris. In these gardens a complete list of vegetables was grown and the same judged during early August for which the following prizes were given: 1st, \$5, 2nd \$3, 3rd \$2. The winners were as follows: Cuthbert Howell, St. George, 94½; George Vansickle, Onondaga, 93½; Russell Porter, Burford, 93.

PATROTIC FUND.

The executive committee of the Patriotic Fund meets this evening at 8 o'clock.

BUILDINGS AND GROUNDS COM.

The buildings and grounds committee of the city council meets tomorrow afternoon at 3 o'clock.

BOARD OF EDUCATION.

The buildings and grounds committee of the board of education, will meet on Friday next at 8 o'clock.

RECEIVED WITH THANKS.

On behalf of the board of management of the London Public Library, Fred Landon, Librarian, acknowledges with thanks receipt of a map of Brantford, together with a copy of the city auditors' statement.

LETTERS FROM FRONT.

Lt.-Col. H. F. Leonard, city clerk, has received during the past few days letters from several Brantford boys at the front, ex-members of the 25th Brant Dragoons. Among these were ex-Ald. P. R. Gillingswater, Chas. Flett and Donald McKella.

FIRE RELIEF.

His Worship, Mayor Bowby, has been notified by F. D. Tolchard, Secretary of the Northern Ontario Fire Relief Committee, that a receiving station for donations of clothing has been opened at 40 Melinda street, Toronto, to which address parcels may be sent.

ONE RECRUIT

Recruiting is again drawing toward a standstill in the city. One new man was signed yesterday, the 215th, in the person of Abraham North, residing in Grandview, and a textile worker by trade, but the recruiting office is finding matters slow locally. Capt. Joyce and Lt. Flower left the city to-day for the camp at Niagara.

KILLED IN ACTION

Mr. Jos. Harradine, of 299 Murray Street, has just received word that his brother, George Harradine, who was reported a prisoner of war in Germany, was killed in action with the Middlesex Regiment, on the 15th of February, 1915. The youngest brother, William, is in a French hospital.

HAS LEFT HOSPITAL

Mr. J. H. Fisher, M.P., has left the Brantford hospital and is now at his home in Paris. His injured knee, however, will not be fully rested for some time. While at the institution, the popularity of the member for North Brant was abundantly illustrated by the large number who daily called upon him, both from city and county.

THE COLONIAL

A bill of feature pictures of unusual merit is to be seen at the Colonial theatre this week. The two ever popular serials, "Graft" and "Peg of the Ring" continue to hold the interest of all who are following the course of the stories, while the Metre film, "A Yellow Streak" is one replete with dramatic incidents and thrilling moments. Other comedy films serve to complete the bill.

FACTORY WHISTLES.

Acting under instructions from Mayor Bowby, the Chief has had his men report the factories sounding whistles and buzzes. All of them have continued to do so, despite the order of all who are in following the order of the Mayor, attending a gathering of municipal representatives and will be absent most of the week. The Chief states that he will not take any further action, pending Mr. Bowby's orders on return.

DELATED DIRECTORY

Owing to the absence of so many persons from the city during the hot summer weather, the Canadian Machine Telephone Co. have delayed sending their summer directory to press for a few weeks, the city clerk is informed, in a communication from the company. This, it is believed, will work out to the advantage of both subscribers and advertisers.

Died

FENNESSY.—In Detroit, on Monday, August 28th, 1916, Mary Fennessy, widow of the late Michael Fennessy. The funeral will take place from the undertaking rooms of H. S. Pearce, 75 Colborne St., Brantford, on Wednesday morning at 8.30 to St. Basil's church, thence to St. Joseph's cemetery. Friends and acquaintances kindly accept this intimation.

THE PROBS

Toronto, Aug. 29.—A disturbance of considerable energy is moving eastward across northern Ontario. The weather is fine throughout the Dominion except near Lake Superior.

FORECASTS.

South and southeast winds, fine and warm, a few local thunderstorms to-night. Wednesday—Strong northwesterly winds, fair and cooler.

ADVANCE

In Kitchener and St. Thomas the price of milk has been advanced to eight cents.

WANT PAPERS

Mehmed Hassan, a naturalized Turk formerly residing at 238 Park Ave. in this city, and at present employed in Sneyk, N.S., writes to the city clerk requesting that his citizenship papers be sent to him.

THE MARKET

Tomatoes were very plentiful on the market this morning, which was probably the largest Tuesday gathering of the summer. Corn is still scarce and there is every prospect that the crop will be a very poor one. Apples were in evidence, and potatoes, onions and muskmelons occasionally on sale.

OUTDOOR BASKETBALL

Good progress is being made in the outdoor basketball practice commenced last week by the Y. M. C. A. here. The tennis courts on Darling street furnish a fine ground, and a sufficient membership is obtained. At present there is every prospect that the courts will be installed for night games. The tennis courts are being patronized more liberally than ever the present season.

POLICE COURT

A lengthy list of cases was disposed of in the police court this morning. Two drunks received the usual; a third was warned against going to work by the M. C. A. and a fourth for disorderly conduct, were assessed each \$5 and \$6.85 costs. A charge of conversion against John Pink was adjourned against Henry E. White next, and one against Henry E. White for non-payment of wages, for a week. For the use of insulting language to P. C. Blanchett, Robert Hawke paid \$5. John Hartman appeared on a charge of a breach of the liquor license act, the case receiving an adjournment until Thursday. James Ballogh, charged with the use of insulting language, was allowed to go on payment of the interpreter's fees. Roy Huntington failed to appear on a conversion charge, and a warrant has been issued for him.

Farmer Attempts to Commit Suicide

Simcoe, Aug. 29.—Norman Weaver, a Charlottetown farmer, living out on the eighth concession, and aged about sixty, in a fit of mental unbalance, of which symptoms have been evident for some months, attempted suicide with a razor this morning. Dr. Richardson was called, and arrived none too soon, as Weaver had cut a wide gash clear across his throat from ear to ear, and had bled profusely. Six stitches were required to close the gash, and the patient is in such a mental condition as to require continual watching.

Arrangements are being made to have him taken in charge. Mr. Weaver is a married man and has children married. He has had no mental trouble in the past, and his misfortune is deeply regretted. The whole family connection have general sympathy.

Misses Margery G. Gray and Margerie Morris received lower school certificates yesterday which through some clerical error or omission were not included in the departmental returns as first published.

Simcoe, Aug. 29.—The adjourned inquest into the death of the late Mrs. Snively will take place on Friday evening, not on Thursday as stated yesterday. Interment will take place at Watford to-morrow. Service at the house at 1.30 p.m. The car by which Mrs. Snively was struck was in charge of Conductor Struck and Motorman Cates. Mrs. Snively's maiden name was Sarah Ann Folger. She was in her 62nd year.

The inquest into the death of Mrs. Snively will be held on Friday evening at 8.30, not on Thursday, as stated yesterday. The coroner's jurors are: James P. Earl, foreman, A. A. Culver, Wm. H. Youmans, Wm. Elwood, Arthur West, E. E. Collins, Jas. Murphy, Wm. Burgess, Jas. Kellum.

Misses Margery G. Gray and Margerie Morris received lower school certificates yesterday which through some clerical error or omission were not included in the departmental returns as first published.

Simcoe, Aug. 29.—The adjourned inquest into the death of the late Mrs. Snively will take place on Friday evening, not on Thursday as stated yesterday. Interment will take place at Watford to-morrow. Service at the house at 1.30 p.m. The car by which Mrs. Snively was struck was in charge of Conductor Struck and Motorman Cates. Mrs. Snively's maiden name was Sarah Ann Folger. She was in her 62nd year.

TWICE WOUNDED

Pte. Fred Watson, an Old Brantford Boy Tells of Experiences at the Front.

The following is a letter from Pte. Fred Watson, of the Royal Canadian Regiment, an old Brantford boy, now in a convalescent home in England. Pte. Watson, while residing in the city, had several years service with the 25th Brant Dragoons, but at the time of the outbreak of the war he was employed in Detroit, Michigan. He at once crossed the border and enlisted at Windsor, going overseas with the first contingent, since which time he has seen almost continual fighting, and has been twice wounded.

But a few lines to let you know how and where I am. Well, in the first place, as I suppose you know if you got my letters all right, I have been wounded. This makes two times I was hit; that means 2 gold stripes doesn't it? Well, I am all right now, the operation was good, and I feel the ever since, but I don't think I will be able to go to France again. But France has no terrors for me. What I don't know about France or Belgium is no worth knowing, I can tell you I have seen hundreds of our dead and thousands of German dead. But listen, when I was down in Bermuda, I made friends with a chap named C. Wilkes. Well, when he and I were in the trenches, a big shell came over and it killed seven of our men. Charley Wilkes was one of them. Half of the shell hit him in the side. Well, you know what happened; he died; he didn't know what hit him. Well, next day, I and six others of the R. O's buried him in a old farm. Well, I rolled him up in a blanket and then we carried him over to his grave to bury him, and what do you think. Next day a shell landed on his grave and it dug him up, and the lot of us had to bury him again. Well, one thing I can say I was in the big push, so I will have something to talk about when I get home, won't I. When I left P. I had three helmets. I had one, but the Red Cross and other things, but the Red Cross took them away from me. England, I pretty nearly got caught when coming from Fritz's lines. You see, he had to go to the next line because we were shelling his front line trenches. There are only a few men left of the old R.C.R. in France. There are a lot of draft men now. Well, I thank my lucky stars that I have not clear of his shells, trench mortars and rifle bullets and gas. I had a good snuff of it at Ypres on the 2nd June. It makes me cough pretty bad, I can tell you. I must close now.

JUVENILE HEALTH CR USADE IN ENGLAND.

SATISFACTION IS PREVAILING SPIRIT AT NIAGARA CAMP

All are Contented With Their Lot There, 215th in Camp is in Paradise Grove, an Ideal Spot in Every Way

Seldom, if ever before, has the end of long standing in the military camp at Niagara-on-the-Lake with so small a population of soldiers as in this year the case, owing to the establishment of the 215th Battalion where the majority of the active service troops are summering. Within the boundaries of Niagara Camp only four units are at present stationed. First, in the minds of all Brantfordites, the 215th Battalion of this city, 600 strong; the 162nd Battalion of Parry Sound, mustering in its ranks the braves of all Northern Ontario; the 163rd of Toronto, the sister unit of the 84th and affiliated, like it, with the 109th regiment of Ontario, in point of efficiency or any other consideration, a company of the Divisional Cyclist Corps, completing the master roll of the camp. Until Friday last, a brigade of artillery was also to be found encamped there, but Saturday morning found their tents gone, and their way to Petawawa camp for further active artillery training there. To fill the camp, several battalions from various parts of the province are expected very shortly. A number of units have already left Niagara for overseas, including the 119th of Sault Ste. Marie, whose tents the 215th now occupy, the 124th of Hamilton, and other units, some now in England and some removed to Borden.

Unlike Camp Borden, Niagara is a camp of long standing, having been there before the outbreak of the war the camping ground of the militia of Ontario. Last year saw there several battalions comprising the 58th and 76th, to which drafts were furnished from this city by the Durham Rifles and other regiments; the 25th Brant Dragons and the Second Dragoons all contained, and which wintered in Brantford. Thus it will be seen that Niagara camp is rich in familiar associations to all Brantfordites, and many of the men now enrolled in the ranks of themselves in the same surroundings under less grim circumstances in years gone by. To-day the militia itself is gradually amalgamated into active service forces. Yet the spirit which reigns to-day throughout Niagara camp is the same which in days gone by, as it was then regarded. Amid the more serious business of wartime, hilarity and merriment are still in evidence, and the British soldier to be seen to better advantage than here, in surroundings of the most beautiful autumn scenery. The green grass and the heat is gently tempered by the fresh breeze from the lake, and all the effects of nature combine to make the camp a place of content to the troops quartered there. As a result witness the words of a soldier of the 215th—"It seems to me as any chap would be a fool, so well as a few other things."

The most pleasant spot, perhaps, in the entire camp, is that occupied by the 215th Battalion, at the outskirts of the grove, almost precisely the same location as that of the 85th Battalion last summer. In the three weeks which the battalion has been at the camp, its working order has reached a point of amazing efficiency. The organization is perfect, and it is no exaggeration to quote the words of an officer of the unit who styled the camp as "the best of all." The general verdict, the best of quality, and quantity unlimited; a staff of the most efficient to be gathered together. The man in a way to prove satisfactory to the demands of the most exacting. The menu for the men comprises meats of various sorts, vegetables, raw and cooked, tea and coffee, and other staple viands, while at the canteen tent are to be had lighter and daintier varieties of food in abundance. The field camp during the dry weather. Passes times of food in abundance. The field camp during the dry weather. Passes times of food in abundance. The field camp during the dry weather. Passes times of food in abundance.

NEW ALLY OF EXTENTE POWERS IN STRATEGIC POSITION. This map, showing the relation of Roumania to the other Balkan countries, demonstrates her tremendously strategic position. Her position between Austria and Bulgaria also indicates that she must be sure of her ground in declaring war against enemies on both her borders.

Miss Ada Devitt, who has inaugurated the Juvenile Health Crusade, was judge at the fourth annual competition for the best kept heads, teeth and finger nails in England, recently. Inset is Miss Kate Perry, who for three years won the best kept teeth prize.

of the battalion, endeavors being made to give the married men first opportunities to leave. The village of Niagara-on-the-Lake may be visited without need of obtaining leave during the free hours of the day, but plagues are on duty on the streets, to keep an eye over things and to take charge of any soldiers inclined to become in any way disorderly. Over only one thing, perhaps, in the camp arrangements, is any discontent felt, and this is in the supply of reading matter, which is not felt to be adequate under present conditions. Brantford newspapers and those of other cities are of course to be purchased at the canteen, but magazines and books are a scanty quantity in the camp at present. It is felt, however, that so soon as the need for reading material becomes known throughout the city, the response to the appeal will be prompt and spontaneous, and that no efforts will be spared toward completing the list of Brantford's callant sons, enlisted in the service of kings and country.

Next to the canteen tent, in the next row, are the dining rooms, long marquees with benches and tables running the full length, where the meals served the various units of the battalion. The officers' mess is removed some distance from the regular lines of the battalion. In the same line as the mess tents are the quartermaster's stores, the supply house of all necessities. The next row contains the battalion and company orderly rooms, and the officers' and paymaster and medical officer, together with other necessary services. Next in order stand the sleeping tents of the officers' pitching in two rows of twelve each. An outstanding line contains the guardroom and offices. Lavatories are distributed freely about the grounds, complete with shower baths and all appliances. Drinking water, agelessly pure, is the use of the soldiers, is supplied. The routine of the days' proceedings is of course varied in nature. That the battalion is working much harder than was the case in the city, is undoubtedly the truth, but complaints are few and far between, and it is generally conceded that immense improvement has been made in the past three weeks. Drilling marches to Queenston and other points, all serve to keep the men in the pink of condition while at work, and the number of "casualties" reported during the hot weather has been remarkably few, thanks in great measure to the rugged outdoor life led by all.

In no less measure is the religious side of the men's lives cared for than the other more material considerations. Communion service is held weekly in the lines of the 215th battalion, with the chaplain officiating. This service, at 7:30 on Sunday morning, is followed by the camp service at 9 a.m. with Major Drummond, camp chaplain, officiating. The Roman Catholics of the camp assemble under the charge of an officer or non-commissioned officer, and parade to the church of St. Vincent de Paul, which is situated in the village, but scarcely 200 yards from the camp site. In the evening is the service in the canteen tent. General satisfaction with the life of the inner camp of the 215th, the weather most exacting. The menu for the men comprises meats of various sorts, vegetables, raw and cooked, tea and coffee, and other staple viands, while at the canteen tent are to be had lighter and daintier varieties of food in abundance. The field camp during the dry weather. Passes times of food in abundance. The field camp during the dry weather. Passes times of food in abundance.

The barns of Keith Maybee, two miles south of Simcoe, were destroyed by fire early yesterday morning. W. R. Dix, of Winnipeg, and J. E. Spence, of Toronto, have applied for the position of city auditor at London. Catarrh Cannot be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is a blood and mucous surface. Hall's Catarrh Cure is not a quick medicine. It is a regular prescription by one of the best blood purifiers, acting directly on the mucous surface. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free. Take Hall's Family Pills for constipation. Sold by Druggists, price 75c. J. J. CHERRY & CO., Props., Toledo, O.

WHEEL WAS NOT PUT ON RIGHT Cause of Auto Accident on Elora Road—Party Had Not Been Drinking.

Guelph, Aug. 29.—The inquest into the death of Thomas Gow, of Paris, who died here on Sunday as the result of an automobile accident on the Elora road, was concluded late yesterday afternoon. The jury in its verdict, after finding that deceased met his death in an auto accident, stated that the mishap was caused "by the left front wheel coming off, thereby overturning the auto, and your jury are of opinion that the accident was caused by the wheel being spured toward completing the wheel improperly adjusted when last put on."

John Bonney, of Burford, the driver, J. L. Churchill and Angus McLean, also of Burford, were witnesses, and stated that the stop had been made at a garage in Paris, where the wheel in question had been taken off, oiled and put on again. The verdict of the jury places the blame there. All the witnesses stated most emphatically that they had not been drinking; the driver of the car in which Gow was riding swearing that he never touched liquor at any time.

Auction Sale of Quarters Oak Furniture. W. J. Bragg will offer for sale by public auction, on Thursday, Next, Aug. 31st, at 68 Palace St., near Waterloo, at 1:30 p.m., the following goods: 1 wicker rocker; 3-piece varior suite; oak leather covered; 1 oak table; 3 large pictures; 1 pair choice lace curtains and blind; 33 yards wool carpet; 1 Garland coal heater; 1 large rocking chair; 1 oval table; 1 large mahogany dresser and commode, a beauty, high class; 1 brass bed; 1 iron bed; 1 oak dresser; 2 mattresses; spring; carpet and many useful articles not mentioned. Don't Worry about your digestive troubles, sick headache, tired feeling or constipation. The depression that induces worry is probably due to a disordered liver, anyway. Correct stomach ailments at once by promptly taking BEECHAM'S PILLS. They aid digestion, regulate the bile, gently stimulate the liver, purify the blood and clear the bowels of all waste matter. Safe, sure, speedy. Acting both as a gentle laxative and a tonic, Beecham's Pills help to Right The Wrong.

Large Sale of Any Medicine in the World. Sold everywhere, in boxes, 25 cents. J. J. CHERRY & CO., Props., Toledo, O.

Kelly Harris Likes O'Neil

Kelly Harris, the speedy and hard-hitting outfielder, who was with the Hamilton (Canadian League) club during the early part of last season, is a visitor in Hamilton on his holidays. Harris has been so busy at his duties of general secretary of the Y.M.C.A. at Frederick, Md., that he has not played any baseball this year, but hopes to be back in the game next year. He is particularly anxious to play in Hamilton again, and hopes that George O'Neil, the former owner of the Erie club, becomes the owner of the Hams. Mr. O'Neil is now manager of the new Connaught hotel, and, as stated some time ago, has already signified his willingness to become affiliated with the club. Harris played for Erie, when Mr. O'Neil was the owner, and says he would sooner play for him than any other owner in the league.

Summary of U.S. Ry. Developments

Washington, Aug. 29.—A summary of developments in the railroad strike situation follows: Negotiations between the railroads and the brotherhoods through President Wilson were definitely broken off. The brotherhood leaders definitely ordered the strike to begin at 7 a.m. Labor day, unless the order is countermanded and declared that only a settlement favorable to the men could change it. President Wilson prepares to go before congress in joint session at 2:30 o'clock this afternoon with proposals for new laws to prevent the strike. The latest authentic outline of the proposals is as follows: Increase of the Interstate Commission from seven to nine members. An eight hour law for railroad employees in actual interstate transportation. To empower the federal board of mediation to fully investigate operations of an eight hour day on railroads. To empower the interstate commerce commission to consider the eight hour day in connection with making rates. A measure similar to the Canadian industrial disputes act for an investigation of all disputes between railroads and their employees. A measure empowering the president to operate trains with the primary object of providing the American troops on the Mexican border with food. The brotherhood leaders favor the eight hour day feature, but oppose the proposal to adopt the Canadian plan. Washington, Aug. 29.—The brotherhood heads, Garretson, Stone, Lee and Carter issued a statement explaining their opposition to any legislation along the plan of the Canadian commission, in which they said: "Since the abolition of slavery, no more effectual means has been devised for ensuring the bondage of the workingman than the passage of compulsory investigation acts of an investigation of all disputes between railroads and their employees. These organizations are all international in their jurisdiction. To cite an actual occurrence: "In 1910 the men upon 80 railroads in the eastern territory of the United States presented to the railway companies of that territory a demand for increase in wages. The companies refused to deal concertedly with the proposition, and it was therefore taken up with the individual roads. Three of the properties were Canadian, and negotiations was opened on January 7. "On the 19th day of July following, settlement was made on the last of the 77 American lines involved. On the same date a strike took place on the Grand Trunk Railway, one of the Canadian railroads, settlement not yet having been effected on the three, this growing out of the delays which the employers were able to interpose under the industrial disputes act."

SITUATION CRITICAL

Bulgaria Is the Scene of Pro-Russian Demonstrations.

By Courier, Leased Wire London, Aug. 29 (New York Sun cable)—A despatch to The London Times from Bucharest, dated Sunday, says: "According to trustworthy news received by The Journal Epoca, the situation in Bulgaria is very critical. During the last few days, pro-Russian demonstrations have taken place at Philippopolis, Yambol and St. Zagora, and the government was compelled to call upon the German division to crush them. The population attacked the soldiers who fired, killing and injuring a great number of rioters. "It seems that the situation of the Radoslavoff cabinet is very critical." Another despatch to The Times from the Roumanian capital, bearing date of Saturday says: "Bulgarian deserters who have arrived in Roumania, declare that the spirit of the Bulgarian troops is very low on account of their not receiving pay for six months and insufficient food. All their movements have been made on foot, whereas the Austro-Germans are well fed, regularly paid and all their movements are made by train. "According to trustworthy information, Bulgarian troops are continually being moved toward the south, in order to meet General Sarraile's offensive."

RUSSIAN OFFICIAL

By Courier, Leased Wire Petrograd, Aug. 29, via London, 2:50 p.m.—An official statement is issued to-day by the Russian War Department says: "In the region of Toboly-Helinin, the enemy launched an attack upon our position on the western bank of the Stokhod River. The attack was repelled. During the day the enemy fired 2,000 asphyxiating gas shells in this region. "Southeast of Smolary the enemy attacked our detachments which were occupying the islands, but without any success. "Caucasian front: "On the line from Kyghi to the western bank of Lake Van our troops having driven the enemy out of his position, made an advance near Ognott where we took 286 prisoners. An attack launched by the Turks to the west of Ognott was repelled by our troops with heavy losses to the enemy. Before the front of one of our battalions about 400 killed were found. "On the bank of the Euphrates, to the west of the region of Mush we captured several guns and scores of prisoners while pursuing the enemy. "South of Lake Nimrelgel we repelled enemy attacks and took five officers and 186 men prisoner."

To the Grave

Artese Depagian The funeral of the late Artese Depagian took place yesterday afternoon at the undertaking establishment of H. B. Beckett, to Grace church, where service was conducted by Rev. Mr. Stout, thence to Mount Hope cemetery for interment. The funeral of the late Richard Porteus took place yesterday afternoon at 3:30 p.m. from the residence of his brother-in-law, Mr. M. Minter, Mohawk Road. The deceased had been a resident of Brantford all his life, where he was widely known, having carried on an extensive dairy business for many years. He was quietly laid to rest in Greenwood cemetery, the Rev. T. E. Jenkins of St. Jude's church officiating at the house and grave. The pallbearers were his five nephews, Harvey and Roy Porteus, Tom Minter, Norman Davies, Lewis Fonger and Edward Nesbham. Two brothers, Thomas and Edward and two sisters, Mrs. J. Davies and Mrs. M. Minter, survive him.

MC GRAW EXCHANGES LARRY DOYLE

Big Baseball Trade—Heinie Zimmerman Becomes a Giant.

Chicago, Aug. 29.—The oft-talked of Heinie Zimmerman trade finally was consummated last night. Heinie has been traded to the Giants and will join McGraw's men in Cincinnati to-day.

Home Runs That Aren't

Philadelphia Inquirer.—Many of the home runs scored on hits to left and centre are in reality nothing more than two-base knocks. The present ruling on a ball bounding into the bleachers is absurd.

Benz Allowed Only Three Hits

Philadelphia, Aug. 29.—Chicago defeated Philadelphia yesterday in the first game of the series. Benz held Philadelphia to three hits, two of which were made by Strunk, and did not give a base on balls or hit a batsman.

Why do you keep on paying high prices for imported beers, when you can get a finer lager for about half, by asking for O'Keefe's Pilsener Lager

"The Light Beer in the Light Bottle." MAY BE ORDERED AT 25 COLBORNE ST., BRANTFORD.

Player Was Sat Upon in Earnest

Tom Carson, umpiring in the Texas League, has the advantage of size in enforcing order. In a recent Waco-San Antonio game, Mike Woll of the Bronchos, and who was formerly with the Toronto Leafs, got mad and wanted to fight the arbitrator.

Three Safeties Off Walter

Washington, Aug. 29.—Washington won 2 to 0 yesterday in the first game of Cleveland's final series here. Johnson allowing the visitors but three scattered hits, while Boehling, pitching his first game against his former team-mates, was hit opportunistically in two innings.

CLEVELAND CLUB IS PLAYING WELL

According to Business Manager McRoy of the Cleveland Indians, that club will prove one of the best money makers of the year. Besides being in the thick of the pennant fight, the Indians already have the attendance record for the American league this season.

WAR PREVENTS FRENCH FROM ADOPTING BASEBALL

"Had it not been for the outbreak of the war," said John McGraw recently, "I believe that the French people would have taken up baseball very strongly. The citizens in Paris were quite enthusiastic when we visited that city on the trip around the world, and we would have drawn an immense throng but for a cold, heavy rain which fell all that day."

INFIELDER ERRORLESS IN 22 GAMES

Atlanta, Ga., Aug. 29.—Steve Yerkes, second baseman for the Atlanta Southern Association team, and former American and Federal League player, has accepted 111 chances in twenty-two games without an error.

PITCHES TWO SHUTOUTS IN ONE DAY

Nashville, Tenn., Aug. 29.—Arthur Johnson pitched two seven-inning games to-day for the Chattanooga Southern Association team, and held Nashville scoreless in both contests, besides getting two hits in five times at bat. The scores were 2 to 0 and 5 to 0.

MATTY IS NOT YET THROUGH AS A TWIRLER

Big Six Intends to Go Into the Box for Cincinnati Reds Very Soon.

Christy Mathewson isn't ready to write "finis" to his career as a pitcher. Before starting west with his clan "Matty" said he would augment his managerial duties by pitching a game occasionally when his injured back is better.

Leafs Took Two From Richmond

Toronto, Aug. 29.—It didn't seem fair for the Leafs to pick on the poor old crippled Richmond again yesterday, as it did seem just the thing for the first sacker playing second base, a second baseman playing short, and a sick pitcher in the box.

BASEBALL FLIES

Dick Rudolph, after winning ten straight games, was given a good beating by the first baseman yesterday. Reynolds, of Richmond, saved Brady from being credited with a wild pitch yesterday in the second game by getting a long fly to second base when the Toronto twirler made a wild throw in the ninth inning with two out.

Moha Whipped Cox in a Ten-Round Bout

New York, Aug. 29.—Bob Moha battered Joe Cox around at will last night in their ten-round bout at the Manhattan Athletic Club. Moha weighed 41 pounds less than his opponent, but this made no noticeable difference, except to make Moha's victory that much more telling.

Matty's Reds Beat Giants

Cincinnati, O., Aug. 29.—Christy Mathewson hooked up with his old boss, John J. McGraw, for the first time yesterday, and was returned the victor when Cincinnati took the opener of a three-game series by a score of 5 to 2. Anderson was knocked out of the box in the third inning when he was hit for three singles and a double, good for three runs. Schupp, who succeeded him, after allowing only one run, held the locals scoreless the remainder of the way.

BASEBALL FLIES

Dick Rudolph, after winning ten straight games, was given a good beating by the first baseman yesterday. Reynolds, of Richmond, saved Brady from being credited with a wild pitch yesterday in the second game by getting a long fly to second base when the Toronto twirler made a wild throw in the ninth inning with two out.

Red Murray Pulled Off a Grand Stand Play in the Ninth Inning

Red Murray pulled off a grand stand play in the ninth inning, when he grabbed Priest's long fly with one hand after a hard run.

OUTFIELDER DAN COSTELLO, WHO PITCHED TO SECOND IS A MYSTERY, ESPECIALLY AS IT IS HIS SECOND YEAR IN THE CLUB

Outfielder Dan Costello, who pitched to second is a mystery, especially as it is his second year in the club. He has pitched to second in the first game of the series, and he has pitched to second in the second game of the series.

NEWS FROM OVERSEAS

Items of More or Less Interest From Great Britain

Edinburgh school boys are to be made available for farm work during the holidays. The conditions under which the boys are to work are as follows:—(1) Boys should board and lodge in the farmhouse, with the farmer, or with a responsible farm manager; (2) at the end of the term of service, boys should receive an honorarium, calculated, say, at the rate of 1s per day for the duration of the service; (3) in the case of farms at a distance from Edinburgh some special arrangement as to payment by the farmer of the whole or part of the railway fare would be required to be made, but for short distances this would not be necessary. It is hoped that in this way the boys will be able to replace many men of military age who would otherwise be needed to gather in the crops.

A grand old chap has passed away at Dunbar, known, because of his lameness as "Stitty." He was a regular sea-dog. His ability as a steersman was recognized as bordering on the miraculous. Again and again, when north-east gales have driven other boats on to the rocks, "Stitty's" boat has come rolling in on the crest of boisterous waves that seemed commissioned to drive him to destruction. But "Stitty" would be seen at the helm, lifting his craft to the wave, turning her nose to the wind, and then steering her in calmly. He had no sense of danger. The fiercer the weather the breezier was his manner. In his day he rescued many people from drowning, and he will be greatly missed about the streets and harbor piers.

To marry the lady who saved his life is the intention of the Rev. C. Victor A. McEachern, parish minister of Tighnabruach. The reverend gentleman enlisted over a year ago in the R.A.M.C., but, after being sent to Malta, was transferred to a chaplain's ring on the island. While out swimming one day in some danger, until a lady swimmer close at hand came to his assistance and, after supporting him in the water, succeeded in helping him to reach the shore. The young lady was Miss Jenkins, the daughter of a dental surgeon of Malta, and the acquaintance made in such romantic circumstances resulted in the betrothal of the two.

The town of Supar has been in a serious quandry for some time over the holidays' question. As there are no munitions factories in the place, and nothing that directly advances supplies for the war, a body of citizens thought that they should have their August holidays as usual. Another body of men thought that as the Premier wished the holiday spirit to be discouraged during the present big drive on the Western front, they should abandon their holidays. The matter came before the Town Council, and the holiday party won out by one vote. It is reported that Cupar is the only town in Scotland to decline to act on the Government's advice.

The County of Calthness wants to get rid of its Poorhouses. At present two such institutions are costing the ratepayers \$5,000 per annum. They accommodate over two hundred persons, but the average number of inmates per day for the last ten years has only been thirty, and the thirty people in the Northern County demur to paying for a staff and an upkeep that are not justified by the facts of the case. A committee has been formed to see whether the houses can be abolished, and a saner system of administration devised.

A newsagent in Edinburgh has the gift of humor and the qualities of a hero. The other day he rescued a lad who was almost drowned while bathing beyond his depths. As this is his

third instance of bravery of the kind, clients of the newsboy got together and presented him with a "brown suit of clothes" as a mark of their admiration for his pluck. At his stand he showed up on the day that a report of his deeds appeared in the press. "Buy the paper to-night, friends," Full account of a great rescue by a newsboy?

Among the towns deriving increased trade as a result of the war is Greenock on the Clyde. Search where one may not a man or woman can be found out of work. Boys and girls are also busy. The prosperity of the town was evidenced at the last meeting of the Town Council, when they advanced the salaries of their officials to the amount in the aggregate of \$2,750 per annum.

Provost Finlayson, Fraserburgh, has received an official notice asking him to impress on local fishermen the necessity of keeping clear of prohibited areas, as any further breach will entail the suspension of the fishing permit now issued, and the possible exclusion of Fraserburgh from participating further in the fishing during the remainder of the season.

A collection of waste materials is being made by the Boy Scouts of Aberdeen. Tons of waste paper, rags, rags, clothing, carpets and oil-cloth, as well as large quantities of metal articles, have been gathered in by the Scouts, and these will be sold and the proceeds sent to the Aberdeen War Work Association, and other benefit societies.

Moffat, although only a small town in the south of Scotland, is doing well by the war. It has raised since the war began \$12,755 toward Red Cross and kindred funds. A recent sale of work brought in \$1,950. It is said that according to population Moffat takes the lead over all British towns in the amount of its contribution.

A fungus of enormous proportions has been found at Cowdenknowes, near Sarlaton. It measures 50 inches in circumference, and weighs 9 3/4 lbs., although its stem is little more than the thickness of a little finger. This fungus is of the species familiarly termed puff-balls and is of course edible if not too elderly.

Sir James Caird's will has just been proved; he leaves all his personal estate to his sister, with the use of Belmont Castle during her life time. The carefully-estimated value of the estate is put at \$7,232,588. "I am lonely here without you," the writer of these words eventually had to meet a breach of promise by one of the judges in County Omagh. His Isabella was the niece of a farmer above the average in this world's goods. She was kissed at a dance in 1911 by the defendant, and had been in harmony with the mark of affection. There followed correspondence, introduction to friends as his promised wife, a visit to the jeweler's store, a ring, the date of the intended wedding, a postponement and a cooling off. Before the judge, however, the defendant made such admissions that there was only one thing left for the jury to do, pass a verdict and the damages, substantial when costs are included, and these are what will enable Isabella to consider that justice was accorded her. The judge advised the defendant to keep away from the respectable county of Omagh and work in the ship yards at Belfast.

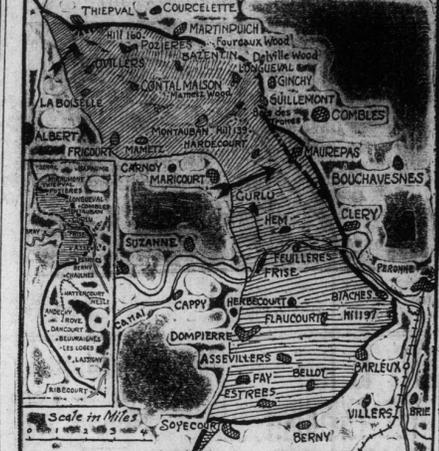

A Mrs. Taylor, Newry, has received official intimation that her husband, Company Sergeant-Major Wm. Taylor, Royal Irish Rifles, has been killed in action. According to a letter from the Presbyterian chaplain, Sergt-Major Taylor lost his life while stopping to attend to Major Major Prichard in the latter's dying moments. In one of his letters previous to Taylor's death, the chaplain wrote: "Sergt-Major Taylor ask me to tell you that he is sending you some more caps of shells, they have been sent in or about our trenches. There is no one to touch Taylor; he is the cheeriest and best sergeant-major not only in the battalion but in the brigade." Prior to the war the deceased was a time-expired soldier. One of his sons is at present serving in the Royal Irish Fusiliers at the front. The deceased leaves a widow and several children.

A halibut, weighing 93 lb. was taken on the banks of Ballycotton, County Cork, by a member of the British Sea Anglers Society, the other week. The angler was warned that there was nothing to be seen, and that if he caught anything he might be suspected of "dealin'." But he swung his line again and again to many a bite, and when the boys and girls of "Bally" saw the catch they wanted feast him. The girls brought him to kiss them for, according to a local legend when a halibut comes ashore by rod and line in the month of July an old saw in the district says, "If you get the halibut in July, you can on a prince rely." Princes are not going very strong in Ireland, however, at present.

"When a man sleeps in the wrong place and at an unconventional hour he is apt to get into trouble." At any rate this was the remark made by a magistrate at Portadown to a young man who entered a car with a ticket that only took him within three stations of Portadown. When he was asked for a full-journey ticket he had to be awakened out of a deep sleep, and then when informed of his breach of the law he was indignant, and thought he should be allowed to overcome all difficulties by paying the difference. But when it came to a case in court his view of the law was not supported by its interpreter, and he had to pay a fine for the sleep and costs as well.

House wreckings may become an expensive entertainment. A number of young men, with a lot of "devilment" in their eye, set out to get some fun by the strange destruction of a house in Dunganon. In a short time they had succeeded in doing damage to the house to the value

THE BATTLE LINE IN THE BALKANS.

On the extreme west the Bulgarian advance has been halted by the Serbs, who have taken the offensive. On the east centre the Allies' line has been advanced. In the east the Bulgarians digging themselves in between the Struma and the railway. Events in the Balkans are approaching a decisive stage daily.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity, and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to cleanse and purify the system, and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside bathing will have them both looking and feeling better in every way.

ter from the Presbyterian chaplain, Sergt-Major Taylor lost his life while stopping to attend to Major Major Prichard in the latter's dying moments. In one of his letters previous to Taylor's death, the chaplain wrote: "Sergt-Major Taylor ask me to tell you that he is sending you some more caps of shells, they have been sent in or about our trenches. There is no one to touch Taylor; he is the cheeriest and best sergeant-major not only in the battalion but in the brigade." Prior to the war the deceased was a time-expired soldier. One of his sons is at present serving in the Royal Irish Fusiliers at the front. The deceased leaves a widow and several children.

THE WONDERFUL FRUIT MEDICINE

Thousands Owe Health And Strength To "Fruit-a-lives"

"FRUIT-A-LIVES", the marvellous medicine made from fruit juices—has relieved more cases of Stomach, Liver, Blood, Kidney and Skin Troubles than any other medicine. In severe cases of Rheumatism, Sciatica, Lumbago, Pain in the Back, Impure Blood, Neuralgia, Chronic Headaches, Chronic Constipation and Indigestion, "Fruit-a-lives" has given unusually effective results. By its cleansing, healing powers on the eliminating organs, "Fruit-a-lives" tones up and invigorates the whole system.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

ALGONQUIN PARK.

The Algonquin Provincial Park of Ontario is a region of expansive lakes abounding with the sportiest of fish, of hurrying streams, primeval forests of pine, spruce and fir, where almost every species of Canadian fauna roams in freedom; cool upward and wild upland bush, swept by pine-scented winds; ideal camping spots and sylvan retreats everything, in fact, that is dear to the heart of the lover of outdoor life. Situated in the Highlands of Ontario 2,000 feet above the level of the sea, 205 miles north of Toronto, 285 miles west of Montreal and 170 miles west of Ottawa, this unspoiled tract of 1,754,473 acres will forever remain a playground heritage for the people of Canada and the United States. In this immense reserve every possible taste has been cared for. For those who want to enjoy the pleasures of the pathless woods, and yet secure all the comforts of good service and social companionship, there are first-class hotels. For those who care little for life in hotels, yet cannot adopt altogether the idea of the "simple life" under canvas, there are log-cabin camps, which can be used as headquarters while exploring the park. At these camps there is a large central lodge or meeting-place, and in close proximity to it there are a series of individual log cabins comfortably furnished, and with modern conveniences, including bath rooms with hot and cold water. The large lodge is used for a general rendezvous and the log cabins furnish privacy for families or parties. The log-cabin camps will close this year on September 15th, but the Highland Inn will remain open until September 30th. September is the ideal month of the year for this charming territory. For free illustrated descriptive literature write to C. E. Horsing, D.P.A., Toronto, Ont.

Belfast still holds the blue ribbon for the rate of increase of the population in June 1916. The rate of increase was 163 per cent, as compared with the corresponding rate last year. The average for the four Irish districts was 189, and for the United Kingdom was 189.

Two privates of the Royal Dublin Fusiliers were recently arrested and sentenced for riotous behaviour and for assaulting the police. The arrested soldiers attracted a crowd, who sympathized with them. One of the policemen fired four shots. The soldier for one of the prisoners said that the first fruits of the arrival of the Dublin Metropolitan Police, and that it was luck the constable was not a good shot.

A curious coincidence is recalled by the fact that while it was on July 24, 1914, that the Buckingham Palace Conference on the Home Rule question concerning the exclusion of Ulster finally collapsed, it was on July 24, 1916, that the partition scheme collapsed in the House of Commons.

At Strabane sessions John Tait Slon Mills, was charged with illegally using a gun in the fresh water portion of the River Mourne on the 11th instant. Evidence was given that the defendant hooked up a salmon on the date in question and he was fined \$20.

HEADQUARTERS JOB FOR T. FLANAGAN?

Ottawa, Aug. 29.—It is probable that Captain Tom C. Flanagan of the 180th (Sportsmen's) Battalion and superintendent of athletics at Camp Borden, may be attached permanently to Militia Headquarters as director of physical training and superintendent of military athletic sports for the troops of all Canada. At the present time Capt. Flanagan is nominally attached to camp headquarters at Camp Borden, and is in charge of physical and athletic training of the troops there. His work has been so successful and the results with the men so satisfactory, that it is understood that official overtures are being made to him to undertake the supervision of similar work in all the largest Canadian camps of soldiers in training. According to reports, it is unlikely however, that Captain Flanagan will agree to accept the position unless a provision is incorporated under which he will be granted three months or more leave of absence in which to accompany his battalion to England and the Flanders front. Up to the present he has declined to formally sever his connection with the Sportsmen's Battalion, and it is understood that this desire on his part is responsible for the delay in officially placing his name in "orders." It is now anticipated by the military authorities that the Sportsmen may move eastward before the end of October, though no definite date has yet been determined.

CONSTITIATION IS CURED BY HOOD'S PILLS

Save on Soap. It's a waste of good money to buy 5 cent cakes of soap, when a 15 cent bar of N.P. contains more soap—and far better soap—than 4 or 5 of the 5¢ cakes. Prove this on the scales! 15¢ the big bar.

Would You Help The RED CROSS FUND?

Would you do it more pleasantly if you could do it without expense to yourself. Then save your old rags, rubbers, metal, paper, bottles, etc., for the Red Cross Collectors. Save it. Don't let some pedlar coax you to sell it to him. The little he would give you for it would help to make some soldier boy more comfortable at the front. The Brantford Iron and Metal Co., each of their collectors and their horses are supplied with a Red Cross Badge, and you can make no mistake if you ask to see this badge before giving up your junk. They will gladly call for it. Just phone 797, as soon as you have anything for them.

C. J. MITCHELL 55 DARLING STREET

50% of Belgian Relief comes from Belgians Abroad

They Are Doing Their Utmost To Save Their Own People.

The whole-hearted devotion of Belgians in Canada, Great Britain and the United States, to the work of relieving those in their destitute Motherland, should be an added incentive to us to give all we can to the Belgian Relief Fund.

This is not charity—it is a debt of honor we owe to our heroic Allies, who checked the first onslaught of the Germans while France and Great Britain got time to rally and save the day on the Western Front.

The able-bodied men of Belgium are still in the fighting line, holding the trenches at the British left. Their women and children, and their old and wounded men, who have held out bravely under untold sufferings are looking to us for food and life. Our modest contributions to the Belgian Relief Fund will help to save them. Our failure to give our share will bring them a step nearer to grim starvation.

Can you ignore such desperate need, or fail to respond generously to such a pitiful call for help? Can you not undertake to feed at least one Belgian family when a contribution of \$2.50 per month will do it?

Whatever you feel you can give, send your subscription weekly, monthly, or in one lump sum to Local or Provincial Committees, or

SEND CHEQUES PAYABLE TO TREASURER Belgian Relief Fund 59 St. Peter St., Montreal. \$2.50 Feeds a Belgian Family One Month.

LONG LIST OF BRITISH LEADING SPORTSMEN KILLED AT FRONT

By Courier, Leased Wire
New York, Aug. 28.—A London cable to The Herald to-day says: The casualties among the leading British sportsmen who have been killed and wounded in action on the western front have now reached alarming proportions, the latest list containing the names of stars in every branch of sport.

Cricketer has suffered a severe loss by the death in action of Percy Jeeves, a Warwickshire county professional and one of the coming English players. He represented England in the international matches against the South Africans and Australians in 1912.

The Rev. F. H. Tuke, chaplain to the forces, while carrying water to the trenches, was a Cambridge University man and in his varsity days was captain of the first Trinity boat club.

Lieut. K. R. Cooke, who died of wounds in the last Olympic games, was a member of the London Scottish Rugby Football Club, a fine swimmer and with his younger brother went under training, as a

middle distance runner for the Olympic games in 1912. A well known Southend Harrier, Sergeant W. J. Thorogood also has fallen. He was one of the original members of the famous club and ran in every cross-country team race in which the club competed up to the outbreak of the war. He won the Essex championship in 1908.

Lieut. David N. Gausson, killed in action, was well known in University athletic circles as a long distance runner, having competed in the Oxford and Cambridge sports in 1913 and 1914.

Captain T. G. Brocklebank, an old Etonian, who died of wounds, rowed how for Oxford in the University boat race of 1904.

The Footballers' battalion has done some fine work in the attacks on Delville wood. Captain Bell, the old Southampton Soccer player has been wounded, while William Jones for the Clapton Orient Club, has been killed. The name of E. T. Hanney, a Manchester City and Reading footballer, who was one of the English team in the last Olympic games, appears among the wounded.

CLAUDE WILLIAMS IS SOME PITCHER

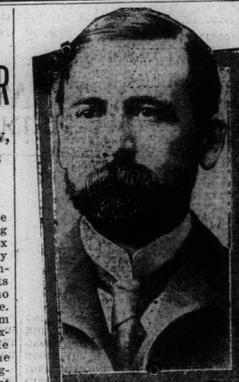

Young Missouri Southpaw, Now With Chicago, Works in Earnest.

It is most improbable that failure ever will be associated with Young Claude Williams of the White Sox pitching staff, because he is one boy who decided early in life that nothing but simple and regular habits could be employed by a ball player who wishes to stick in the major league.

Claude joined the Chicago team last spring, but it wasn't his first experience with the big fellows. He had a fling in the major circle in the spring of 1914 with the Detroit Tigers, and rumors are that he was sent back to the minors because he was wild in more ways than one. At that time Claude was still under age and baseball still was a game only for fun.

He learned the law of the game in the vacant lots of Springfield, Mo., and when he was picked up by the Tigers, baseball hadn't yet developed to its maximum power, and Claude Williams was a pitcher. Being a left-handed kid, it was only natural that he be a pitcher, so he started in that position. There was something about the way he curved a low one over the plate that had all the other kids fooled. He flung a side-arm curve when he was 12 years old, and Claude says it is the same curve he is flinging to-day when he faces Ty Cobb. Of course there is more speed to it to-day, and a sharper break, but Claude has the same idea in mind when trying to get the best of Cobb that he had in his kid days when twirling to some rival twelve year old.

Williams discovered that control was important in pitching to batters

SIR GEORGE PERLEY.

Acting Canadian High Commissioner, who upon entering the Canadian National Exhibition in Toronto, stated that the entrance into the war of Roumania meant the beginning of the end. "Canada will have a great opportunity in the period of reconstruction," said Sir George.

Dundee would appear to be a profitable ground for "conscientious objectors." The Tribunal court, in appeal had a man before it who confessed all war was wrong. "Thou shalt not kill," settled war, or rather war "settled nothing," he said. His appeal was disallowed. Another man wanted his freedom to fight a bigger foe than the German-drake. He was advised to leave that enemy to the Government. A third man, informed the court that he worked 48 hours a week, and he had saved lives on land and sea, and he was quite willing to go on doing so. But his appeal was dismissed. One man was a Roman Catholic, and as such he said to engage in war would be to disobey the Pope. He was allowed exemption, but he would have to go and work at making munitions to kill men. A cinema manager urged that his show was of national importance, but the Chairman did not view it as such, and the picture fellow will have to go into khaki. A student considered that in the interest of education he should be exempted. But he got no sympathy from the matter of fact men who frankly stated that they were out to get as many physically fit men for the army as they could.

"Stands Scotland where she did?" We shall know in a month or two whether she will move with the times or maintain her rugged and traditional regard for the inequality of some things including the "right of women to all the privileges of a full course at the Edinburgh University. The court is arranging to have a full dress debate on the subject. A motion is to be submitted by the Forward School of the Court proposing the abrogation of all distinctions affecting the status of women in the University. An amendment is to be offered accepting the motion with some important strings attached to it. One well known professor has already drawn blood (metaphorically) by asserting that the mechanical progress made by women since the war began proves nothing, and on the merits of the question he would limit the range of women occupations very considerably.

A curious defence was put up by counsel for a prisoner charged with having been a German subject who had failed to notify his change of address while in Edinburgh. He said, arguing for leniency, that his client while a German subject, was nevertheless a man of means, who kept three automobiles, and therefore should not be viewed as likely to convey information to the enemy. The Judge took, however, another view, especially when it came out in evidence that the wealthy German had gone up in an aeroplane without Government sanction, that he occupied a popular hotel in London, and that he was very fond of British officers. The prisoner knew the regulations, and the Judge sentenced him to four months' imprisonment. Some people are asking if there are more Germans with three automobiles in Great Britain.

Money-Making Ways Of Using Want Ads

HOW WANT ADS CAN FURNISH A HOME CHEAPLY
The moment things are bought, they become "second-hand." Many of these articles are truly as good as new. Others are almost as good.

Either as a buyer or seller, fair chance is always near you if you turn to the quickest, most inexpensive market on earth—the Want Ad.
