REMINISCENCES OF EARLY DAYS

To the Editor of THE ACADIAN
Dear Editor,—I was pleased to notice in a recent issue of THE ACADIAN, your visit to my long-lived and life-long friends, Mr. and Mrs. MacIntosh. That reaches beyond my own memory, for I have been told it was her mother who changed my birthday suit for the ordinary garb of mortals. I remember many kind acts of that warm heart that kindly race who claim as their birth place that land of song, where the Liffey and the Shannon roll their waters to the sea. Mrs. MacIntosh, then a rosy girl in her teens, often rocked me to sleep.

Many of your readers would be interested in reminiscences of Wolfville. And those who are acquainted with the city of Boston might be surprised to know Mr. MacIntosh hoed potatoes on Harvard Square where Sumner's monument now stands.

I miss the dear old couple since they went away, for I loved to hear him tell of the days when Aunt Nellie Leard employed more than a dozen men at haying time. And not the brickyard whistle to the east or the stove-mill at the south, but sunrise and sunset measured the working hours of the day. When the sandal rifle drew music from the Griffin blade; ere the noisy mower and the scratching wheel-rake had driven the scablinck and the bumble bee from the scented clover of the Grand Pre.

Then after supper in potato digging time, with good hard wood piled high on the fire in the big fireplace at the end of the long kitchen, Uncle William would get out his violin and stiff legs would soon get nimble as they danced to the Sailor's Hornpipe and the Irish Washerwoman. Then Richard Milan, with a suave of courtly grace, would ask "Mummy ask" if you please Mr. Stewart. Then the master of the art would fall to criticize the beauty and time of this last performance, when a long-drawn bow on the E string would bring the evening to a close, amid the applause of all.

Say, were those not the good old times, when happy and contented in their little homes those hardy sons of Erin carried their family by dint of honest toil. And now in these later years, we both near the bottom on the downhill side of life. How I loved to drop in and we would read a little from the good old book that was always near at hand, and talk of that country where the inhabitants never grow old, where the half that city's bright glory to mortals is never been told. And he would say (for there is melody yet in that sweet voice):

Do you know there's a bright and a glorious home
in the heavens high,
where all the redeemed shall with Jesus dwell;
but will you be there and I?

From every kingdom of earth they come
to join the triumphal cry,
singing, "Worthy the Lamb that once was slain;
but will you be there and I?"

In robes of white over streets of gold,
beneath a cloudless sky,
they walk in the light of their Saviour's smile;
but will you be there and I?

If you are sheltered by the cross,
and through the blood brought nigh,
when He gathers His own in that bright home,
then you'll be there and I.

Kind regards of Steve and Jack.
Yours,
J. R. STEWART.

"THE GOLDEN AGE"

To the Editor of THE ACADIAN
Sir.—The Right Hon. Mackenzie King, in his address at Kentville, describes the Laurier reign, from 1897 to 1911, as the "GOLDEN AGE of Canada."

I am with him.
Sir Wilfred started the Grand Trunk Pacific six years after the "Golden Age" commenced. It promised to inaugurate a period of even greater prosperity for the people of Canada. The business end of it had been managed with such consummate ability that Hon. Mr. Fielding, then Minister of Finance, pledged his credit as a public man, that it would net the tax payers of Canada over thirteen millions of dollars. Every liberal member of Parliament from the Maritime Provinces shouted for the time coming and voted for it, and

VISITED NOVA SCOTIA

SABBATH SCHOOLS OF CORNWALLIS E. DISTRICT

Held Annual Convention at Canard on Monday Evening—Encouraging Reports Presented

Rt. Hon. Arthur Meighen, leader of the Conservative party in Canada, who paid a visit to Nova Scotia last week, addressing meetings at Halifax, Stellarton and Amherst.

The annual Sabbath School Convention of the Cornwallis East District was held in the vestry of the Upper Canard Baptist church on Monday evening. Dr. Thomas W. Hodgson led the devotional services. Rev. T. C. Crosby, Kingsport, leading in prayer. The President, Licentiate Gertrude Eaton, then took the minutes of last meeting, which were approved. A fine report of the work of the district was given by Licentiate Gertrude Eaton. Miss Lois Porter, Financial Secretary, reporting \$32.50 received from the Sabbath Schools for the work of the Maritime Religious Educational Council.

Encouraging reports of the following Sabbath Schools were given:—Upper Canard Baptist, Byard Brown; Upper Canard Union, Rev. L. P. Archibald; Lower Canard Baptist, Mrs. Fred Eaton; Canning, United Baptist, Miss Marion Eaton; Canning Union, Scott Blenkhorne; Kingsport Union, Rev. T. C. Crosby; Scotts Bay Union, Dr. Thomas W. Hodgson; Gibson Woods Baptist, Miss Irene Rand; Centreville Baptist, Mrs. Truman Eaton.

L. P. Archibald addressed the meeting on the value of memory work in the Sabbath School, particularly that of Scripture. Rev. Mr. Strothard urged that teachers know the pupils, and that they be an example worthy of following.

SOCIAL AND BENEVOLENT SOCIETY HAS HAD GOOD YEAR

The annual business meeting of the Social and Benevolent Society of the Wolfville Baptist church took place on Thursday afternoon of last week, with Mrs. Leslie Eaton in the chair. The pastor of the church, Dr. Marshall, was present and spoke appreciatively of the work the society was accomplishing.

Written reports were read by Mrs. Balcom, Secretary; Mrs. J. A. Ingraham, Treasurer; Mrs. Faye Stuart, Ways and Means Committee; Mrs. Hutchinson, Visiting Committee; Mrs. Hutchins, Membership; Mrs. Cohoon, Entertainment; Mrs. Young, Social Committee; Mrs. Prescott, Flower Committee.

POLITICAL TACTICS

To the Editor of THE ACADIAN:
Dear Editor,—I notice that the Liberals of Hants county, through their mouth-piece, the Hants Journal, are pursuing the same methods in the present political contest as was followed in the recent provincial contest. It is said that these unwarranted personal attacks on the Hon. Mr. Rhodes made sure the return of that gentleman and his colleague, and similar tactics are almost sure to produce a similar result on Oct. 29th.

CARD OF THANKS

WOLFVILLE HAS VISIT FROM PREMIER KING

Who Spent an Hour Here Last Friday Morning—Visited College Buildings

Wolfville was honored on Friday morning last by a visit from Rt. Hon. W. L. Mackenzie King, Premier of Canada, and his party, who arrived here in special cars attached to the express and stayed here until the Blue-nose arrived when they proceeded to Kentville.

As it was not generally known that the Premier would stop here a large number of citizens were deprived of the pleasure of meeting him. He was welcomed, however, by Deputy Mayor Dr. J. T. Roach, E. W. Robinson, M.P., and Mrs. Robinson, Dr. W. L. Archibald, Prof. Norman McL. Rogers, Mr. Arthur Hunt, Chute, and others.

A short drive was taken, in the course of which the new College Building was inspected, with President Patterson in charge, and the Memorial Gymnasium. Members of the party expressed themselves as much pleased with the beauty of situation and the splendid buildings of Acadia.

With Mr. King were Hon. E. M. Macdonald, Minister of National Defence, and Hon. Dr. Beland, recently appointed to the Senate, and Minister of Soldiers' Civil Re-establishment. The Premier travelled in the National Railways private car number 100. This car, known from coast to coast as "Old Hundred", was built for Sir Charles Tupper and has been the travelling home of every Prime Minister since that time.

Quite a number of newspapermen and special writers were also with the party, occupying a car of their own west as Toronto and will stay with the Premier until election day.

Friday afternoon Premier King and his Ministers addressed a meeting at Kentville which was largely attended.

GIRL GUIDE FILM TO BE SHOWN HERE

Friday evening, Oct. 2, will be Girl Guide night at the Orpheum Theatre. Besides a thrilling seven reel picture of Western life the moving picture of the World Camp has been secured for that date. This film was taken at Foxlease, the Guides' permanent home in England, during the great camp held in July of last year.

The wonders of that week in the New Forest will be shown, where Girl Guides from 29 nations of the world, to the number of 1200, lived together in peace and harmony and had a good time doing it.

The picture shows the Chief Scout, Sir Robert Baden-Powell, addressing the Guides in the camp-fire circle, interesting displays on the tennis courts, including national dances of Swiss and Dutch Guides, and an infinite variety of camp scenes.

GOVERNOR DOUGLAS RESIGNS

Hon. J. Robson Douglas, Lieutenant Governor of Nova Scotia, has resigned in order to give the proper attention to his business dealings. His resignation takes effect October 1st. It is reported on good authority that Hon. J. C. Tory, former member of the Local House for Guysboro and member of the late Government without portfolio, will be appointed to the office.

THRILLING TIMES FOR ARCTIC MEN

Dispatches Tell of Unusual Ice Conditions in Polar Regions

OTTAWA, Sept. 18.—An adventurous trip in the Polar region is that which has been made this summer on the Arctic, by Captain Bernier and the official Government expedition now on the way home. An account of it was received today at the Interior Department.

The most experienced Arctic navigators have never seen such ice conditions as this year. They are attracted to the exceptionally late season and the Canadian expedition, caught in the ice fields, was unable to reach its objective, and the McMillan party was also interfered with.

Some of the best motion pictures ever taken of Polar animal life have been secured. The bears came to within 50 yards of the ship.

On landing at Godhaven, Danish and native representatives entertained the Arctic crew. Those in charge of the Canadian expedition expect little result from the Polar flight of McMillan's planes.

On one occasion at Cape York, the Arctic became pinned against an enormous iceberg, while others rapidly bore down on her. Only by prompt action of the navigating officers was the ship extricated from the peril of being either sunk or crushed.

Fortunately the wind was favourable and the midnight sun gave plenty of light while the gigantic menace was being avoided.

To add to the danger the engines stopped for ten minutes and sails had to be used. Fortunately the vessel was able to get under way and avoid the crisis, but the experience was one of the most thrilling ever encountered.

The Arctic is due at Quebec on October 5th. (A Wolfville boy, Dr. Ludlow Weeks, son of Mrs. Weeks, matron at the Acadia Women's Residence, is a member of the party on the Arctic.)

TORONTO GLOBE ATTACK A. DEW. FOSTER

OTTAWA, Sept. 20.—Calling upon Mr. Meighen to ask him to stand aside and declaring that "there is no call for his services in Canada's Parliament," the Toronto Globe in a lengthy editorial denounces the candidacy of Arthur DeWitt Foster as a Conservative in Hants-Kings, Nova Scotia.

The tidings that Mr. Foster aims to return in triumph, that he has been chosen as the candidate of the party from which its war leader had banished him, will not be pleasant or palatable news to the vast majority of Canadians, no matter what their party affiliations may be. Mr. Foster's candidature in any constituency in the Dominion at this time is an insult to the true spirit of Canadianism.

It is to be hoped that, for reasons far more weighty than those of party, Mr. Meighen, who himself was in the House of Commons on that memorable afternoon when Sir Robert Borden spoke his solemn words, will ask Mr. Foster firmly and with emphasis—to stand aside.

ACADIA GETS DALHOUSIE RUGBY STAR

(From the Morning Chronicle)
Dalhousie's 1925 senior rugby football squad will be minus the services of one of its outstanding performers of the past three seasons in the person of Gordon MacOdrum, who leaves within the next few days to continue his studies at Acadia University. It was learned last evening, MacOdrum, since his entrance at Dalhousie three years ago, has developed into one of the best all round athletes in the University, and his departure from Halifax, although a distinct loss in Dalhousie athletic circles, should prove welcome news to Acadia's followers.

Entering Dalhousie from the Halifax Academy in the fall of 1922, MacOdrum won for himself a berth on the senior football team. Playing as a halfback, he starred in several City League and inter-collegiate fixtures, with the result that he has remained with the team up to the present, one of the "veterans" of the squad.

Not only in football did Mac shine, for in basketball he played equally as well and for the past three seasons has starred with the Dalhousie squad, having captained last year's team. As a swimmer, Mac is also a star—one of the speediest in the Maritimes. Dalhousie's loss, however, will be Acadia's gain.

Only four more days in which to get coupons by paying your subscription to THE ACADIAN. Do not delay.

DIVISION OF SONS OF TEMPERANCE ORGANIZED AT WOODVILLE

"Fenwick" Division, Sons of Temperance, was organized at Woodville, this county, on Tuesday evening of last week by Grand Worthy Patriarch Rev. John Macaskill.

The application for charter was signed by forty-one residents and prospects are bright for the success of the new organization. The meetings which will be held on Tuesday evening each week will be in Community Hall. Following are the officers for the present quarter:

- W.P.—Kempton Craig
- W.A.—Lillian E. Hendry
- R.S.—Clara Hall
- A.R.S.—Frank Lacey
- F.S.—Mrs. S. Halo
- Treas.—Helen R. Foote
- Chaplain—Mrs. A. W. Wood
- Conductor—Fred Hale
- A.C.—A. E. Craig
- I.S.—Mary Hale
- O.S.—Harold Hale
- P.W.P.—Mrs. Kempton Craig

In former years Divisions of the Sons of Temperance existed in practically every hamlet in this province and Kings was a banner county in this regard. That in so many cases these organizations have ceased working is much to be regretted as their influence on the young life especially was most pronounced and beneficial. It is understood that there is a strong probability that the work is to be revived during the coming winter, when it is hoped that Divisions may be organized in a number of sections.

Those who are interested in the inculcation of temperance principles and the general well being of young people of our day should freely support the movement. Not only are the young people properly instructed as to the benefits of temperance in the Division room, but nowhere else do they learn how to properly conduct public business.

THE WOLFVILLE COMMUNITY SALE

Wolfville's Community Sale has so far been most successful and merchants generally express themselves as well pleased. Only four days remain for customers to collect coupons as the sale closes on Tuesday evening at 8.30 o'clock. At 9 o'clock, rain or shine, the drawing of prizes will be held at the bandstand on Main street, and it is expected that it will prove a most interesting affair.

Every precaution will be taken by the committee in charge to have the drawing carried on in such a manner as to be perfectly fair to every coupon holder. In order to facilitate the distribution of prizes coupon holders are requested to make a list of the numbers they hold, properly tabulated so that they may be able when the lucky figures are called to see if they are the winners and present themselves without delay to secure the prize. Remember that no merchant in the sale or any member of his family or employee is eligible to win a prize.

Editorial

THE PREMIER'S VISIT

THAT someone had blundered was very evident when Premier King and his party visited Wolfville last week without any notice of their coming having been given to the public. It is not often that our town is honored by a visit from the Prime Minister of Canada and naturally there were many citizens who would have been glad to have met him or at least to have seen him. Such an opportunity should not have been allowed to pass unnoticed and that it did is very much to be regretted.

If the school-children had been allowed to parade to the railway station and catch a glimpse of the man who for the time being occupies the most exalted position that the Dominion affords, and perhaps have heard a few words from him, the incident would have produced an impression that would never have been forgotten and would have tended to an increased understanding of national relations.

Wolfville people are always glad to give honor to public men, not necessarily on account of their own merit but because of the high position which they hold. We are sure that had it been given out that the Premier's party would favor our town by their presence a reception would have been given that would have done credit to Wolfville and its citizens. It is certainly too bad that because of this negligence Hon. Mr. King should have gone away with the feeling that proper respect had not been given him.

PUNISHMENT FOR SPEEDERS

IN MANY of the states of the union they have learned to check reckless automobile drivers much more effectively than we are doing in Nova Scotia. Over there the man who exceeds the speed limit, causes an accident, or operates a car when intoxicated is not permitted to drive again. That is not only a sound protective policy but it is the only remedy that goes to the root of the trouble. In New York state during the year which ended on June 30th last, 4477 licenses were cancelled for offences which would have merely drawn a fine or some other mild form of punishment in this province.

We have been neither logical or prudent in the matter of dealing with motorists who cause so-called "accidents". Under our practise a driver may operate an automobile while under the influence of liquor, or, what is just as inimical to life and limb, while under the mad impulse to run his car at fifty miles an hour on a busy highway, and suffer merely a fine or a week's imprisonment. Then he goes forth and continues to be as great a menace as ever. What common sense demands is that he should be absolutely inhibited from driving again—for a long period at least. Our justification for again referring to this matter is the continued danger which threatens all who have occasion to use the highways.

THE WEEKLY NEWSPAPER

THE WEEKLY newspaper, unlike the metropolitan daily, has a peculiar place in the home. It becomes a part of the family, because its news stories concern the activities of the home town folks, and what deeper interest could be developed than among those with whom we live and move. The community is the antechamber of the home, and the weekly newspaper the avenue that leads from one to the other. Our message is this: Give to your newspaper co-operation. Results will come back to you in a community asset, a wide-awake, forceful, influential newspaper, and a power in influence for good in your community.

NO ONE BLAMES SIR HENRY

REFERRING to the criticism that has been made of the re-appointment of the General Manager of the C. N. R. at a salary of \$65,000 the Hants Journal of Windsor plaintively asks: how many editors would like to take the position at that price. We wonder! Our valued contemporary also enquires who among newspaper men would refuse the \$15,000 increase if they were in Sir Henry Thornton's place, and we imagine very few. However, no one is criticising Sir Henry, and no one blames him for taking the salary he is getting if he thinks his services are worth it.

PUT A SPARKLE IN YOUR ADS

MODERN advertising is partaking more and more of the bright, snappy style, even bordering onto the humorous where appropriate, as against the dull, cold seriousness of the past. Just as the newspaper of today strives to claim the attention and hold the interest of its readers, so must advertisers apply the same principles in preparing their advertising copy. Like most things, it can be overdone, but readers are constantly on the lookout for newness and freshness in advertising.

LOWER THE TAXES

HOW TO lower the taxes should be the first interest of municipal, provincial and federal governments. This is no longer a matter of mere finance. It becomes a question of leaving with every family more of its earnings to use for providing the comforts of life, for education and for large opportunities generally. The reduction of taxes thus becomes a human subject of concern to every family in the land.

THAT a great public journal such as the Toronto Globe should evidence such an interest, as it does, in the standing of the candidate selected from this county for the federal contest is most encouraging. It indicates that the affairs of these provinces by the sea are indeed receiving long-delayed attention. Time was when the Globe showed no such concern in the character of Kings county representatives in either the federal or provincial parliaments. Its a sign that the world is getting better.

THE ELECTORS should not allow the importance of the coming municipal elections to be overshadowed by the federal contest which takes place a few days earlier. In both instances they will do well to remember that the welfare of the country as a whole is of greater moment than party advantage.

THE DATE for the Canadian Thanksgiving Day has been fixed for Monday, November 9th. All the elections for this year will then be over, and we will have something, at least, to be thankful for.

Pocket radio receiving sets are announced as possible, which will be all right as long as they do not make home broadcasting sets.

KEEP CANADIANS AT HOME

Nine thousand Canadians who had gone to the United States ostensibly to reside, returned to Canada during the first quarter of the present fiscal year, according to immigration department figures. And this in the face of improving business conditions over the border.

This fact ought to be weighed carefully. Emphasis should not only be put on the importance of immigration but also in the problem of keeping people in the country. In actual immediate economic value it is probable that these nine thousand are worth as much as many times this number of foreigners. How are Canadians to be kept in Canada? Certain municipalities in the Maritimes are considering some action to give their young men a start economically. Whether or not this is feasible remains to be seen. It is certainly worth considering. After all, there is nothing that will keep Canadians in Canada like prosperity, and no more potent factor in keeping immigrants out of the country, assuming the gates are opened, than loose talk about Canadians going to the States.—Financial Post.

A POPULAR DELUSION

Among the many affairs of the universe demanding correction, the delusion that newspapers are charitable institutions is surely of sufficient importance to demand immediate attention.

It has become necessary to wage a publicity campaign to inform business men, government officials, in fact, the public at large, that the newspaper has something to sell. Its white space provides it with bread and butter and why government departments should expect a newspaper to donate its space without payment, is difficult to understand.

Publicity has demonstrated its value to every form of industry, all of which have learned that they must pay for publicity as for any other service. Yet pamphlets, circulars and propaganda continually are being disgorged from mail bags, in the belief that they will go into print.

Effective savings could be made in postal charges, which, in as much as they bring no return, are wasted, if well-organized publicity were adopted as a policy by government departments as well as other organizations.

Newspapers need more revenue, for every line in them costs real money. The logic way to secure this revenue is from those whose products require advertising, to create demand—Canadian Printer and Publisher.

Did you ever notice that a boy or man can sit on a stone four inches square for half a day waiting for the fish to bite, but can't sit on a sofa five minutes for a dollar? A man can sit on an inch board and talk politics for three hours, but put him into a comfortable church pew for forty minutes and he gets nervous, twists and turns and goes to sleep. A man can punch his cheeks with tobacco and the juice running down his chin feels good; but a hair in the butter simply knocks him out completely.

RAILROAD CROSSINGS TAKE HEAVY TOLL FROM MOTORISTS

Last year over 3,000 persons were killed in automobile-railroad-crossing accidents, and nearly 10,000 others were seriously injured. No one knows how many other motorists have had narrow escapes and just missed having an accident.

From this it would seem that there are still thousands of motorists who do not realize the necessity for taking proper precaution when passing over a railroad crossing. Practically all such accidents could have been prevented and many thousands of lives saved if the drivers of the cars had exercised ordinary driving sense.

Life is sweet, so why risk bringing it to an early close for the sake of saving a few seconds when passing over a crossing. In the illustration you will notice one of the most dangerous types of crossings. Here the view of the lines is obstructed considerably until you are nearly at the crossing. Were it possible to see clearly for a mile or more on both sides, it would not be necessary to slow up or stop your car, but if the view is at all obstructed in either direction, slow down; and, if necessary, stop and make absolutely certain that the line is clear before driving across.

The fact that every year thousands of motorists are killed and many more thousands are badly injured in crossing accidents, proves that there are still thousands of drivers who do not realize the danger they are running when they do not take proper precautions at these death traps.

A large number of accidents occur because the driver stalls his car across the tracks. In most cases this is caused by slowing down, then trying to speed up and cross the tracks without first changing down to a lower gear. Perhaps when you slow down no train is in sight, so you think there is no danger. However, you may have slowed down so much that your engine will not pick up in high gear and stalls right across the tracks, and just at this time a train may be approaching.

If you ever have the misfortune to stall your car across the rails of a crossing, DO NOT sit in the driving seat trying to start the motor. GET OUT and PUSH your car off the tracks.

Hundreds of accidents have occurred because the driver sat in his seat and lost valuable time making vain efforts to start the motor and found, when it was too late, that he could not get out of his seat quick enough to escape being hit by the approaching train.

If you have to come to a complete stop, cross the rails in LOW GEAR; never attempt to make a change when going over the crossing, the risk is too great.

FINDING OF COAL VEIN REPORTED IN QUEBEC PROVINCE

MONTREAL, Sept. 21.—Reports reached Montreal today of the discovery of a vein of coal, almost identical with anthracite, in Compton County. Work is being pushed in an endeavor to find the main seam. The discovery has caused considerable excitement in the vicinity, as geologists have long maintained that there is practically no coal in the Province of Quebec. Compton is fifteen miles south of Sherbrooke.

WHY EAT THE CRUSTS

Children and grownups are often averse to eating the crust of the bread. We used to be told it was the cream of the loaf. That theory seems now to be untrue. This was revealed in some interesting experiments just completed by Professor R. H. Shaw, who took two young albino rats of the same brood, and fed one on crusts and the other on crumbs from the centres of the same loaves. The rat that was fed on crumbs reached normal size at maturity, and was strong and sturdy, while the other remained scarcely larger than a mouse and was weak and puny. Repetition of the experiment on other rats brought the same result.

A SUNLIGHT CLINIC

A new course of treatment has been established at the British Human Association's Sunlight Clinic in London, England, where children are subjected to very strong light in lieu of natural sunshine. The children in the picture, it will be noticed, are wearing black glasses.

They may be varied by filling the centres with—
Dates.
Nuts.
Little cinnamon.
Sugar.
Method: Core apples. Fill cavities with dates, nuts, little cinnamon and sugar. Surround with water and bake.

OPPOSE MIXING PROVINCIAL AND FEDERAL POLITICS

MONTREAL, Sept. 19.—Opposing the intermingling of provincial and federal politics, the Conservative opposition in the Quebec legislature yesterday met in caucus and decided that any Conservative of the local assembly who strives to contribute his support to federal Conservatives does so on his own initiative and represents himself only. This was the tenor of a resolution adopted by the caucus. At the same time a resolution was framed and accepted which expressed regret at Hon. Mr. Patenaude's leaving the provincial field and re-entering federal politics. The resolution lauded Mr. Patenaude's activities in the local legislature and expressed the belief that he would be a worthy representative of Quebec in Dominion affairs.

FOR THE PICNIC HAMPER

For sandwiches use either brown or white bread-and-butter, with any of the following fillings:
Hard-boiled egg, and prawns or shrimps chopped together, seasoned with pepper and salt moistened with melted butter.
Lean ham finely chopped, seasoned with salt, pepper and made mustard, a "suspicion" of chopped onion added, and a little melted butter and tomato sauce worked in.
Remains of curried meat or chicken put through the mincer.
Cream cheese, with a layer of thinly sliced tomato or cucumber.
Hard-boiled egg, finely chopped, pounded with grated cheese, seasoning of salt and cayenne, and a little melted butter.

LAUGH THIS OFF

Blowhard—"I ain't seen Bill since his wife has went to Europe."
Englishman—"My word, good fellow. Don't you know the King's English."
Blowhard—"Sure. So is the Prince of Wales."

Whoever it was named it the "funny bone" had a mighty poor sense of humor.—Kincardine Review-Reporter.

FREEZING ICE-CREAM

In freezing ice-creams and ices, it has been found that eight parts of ice to one part of salt, if the ice is chipped very fine, will give excellent results. The mixture to be frozen should be cooled to about 34 to 36 degrees before being frozen, to give fine texture. The freeze should be turned slowly and regularly at first, about forty revolutions per minute for five to eight minutes. One may then turn faster, but regularity should be maintained.

A freezer should never be filled more than two-thirds full because if expansion is not allowed the mixture will be coarse and crystalline. Binders such as gelatin, junket tablets, or cornstarch, may be used to give body.

A NEWSPAPER'S DUTY

The duty of a newspaper to a community is easily defined. The name "newspaper" suggests at once that it is a disseminator of news and if it is to do its duty to its subscribers, it must publish all the legitimate news that occurs in the community of which it is a part. By "legitimate" is meant, naturally, news of public interest. Scandal, gossip and the like do not constitute news in themselves, but if aired in public court, then the newspaper that fails to publish the proceedings falls down in its duty to its subscribers, especially those at a distance whose only idea in subscribing to the paper is that it will keep them informed of what is going on in the old home town.

There are some people who evidently believe that the newspapers take a real pleasure in reporting court cases, especially if the evidence is a bit "nippy" or sensational. We think we are safe in saying that there is not one reputable publisher in a hundred who willingly tells of the troubles of others, or who publishes in his columns anything of a

sensational nature, for the sole purpose of making what some may call "interesting" reading. Many may not believe it, but editors, like other residents of the community, are human. It is a whole lot easier to tell of the joys of life than to report its errors and tragedies as aired in the police court, but public sentiment demands that all that is news and should be published. A newspaper that does not do this fails in its duty; in fact, is guilty of obtaining money under false pretences.

MEN LIKE TO GOSSIP

Men like to talk, to gossip too; I've even heard that women do. So here and there, and up and down, From door to door, and town to town, The strangest stories float about, Until humanity you doubt, Is ever any fellow fair? Or is there goodness anywhere? Of course there is! More good than bad I've found the world, because I had A simple rule, a simple test: Believe the best, Forget the rest.

MISSING BOY'S BODY FOUND AT WATERVILLE

The body of the little eleven years old Vidito boy, who disappeared from his home at Berwick on Wednesday, Sept. 9th, was discovered in the Cornwallis river at Waterville on Friday last. A man who was repairing a fence saw what he thought was a human arm protruding from the water and wading out recovered the body. It will be remembered that the lad told his brother that he would drown himself rather than go to school and he evidently kept his word. A coroner's jury brought in a verdict of suicide by drowning. The incident is a particularly sad one and has made a deep impression upon the people of the community.

 The members of the Middleton baseball team who were suspended by the M. P. B. A. U. C. last year have been reinstated. It is reported that the Kentville boys will also regain their amateur status.
 The Springhill baseball team won the championship of Nova Scotia at Truro last Saturday when they defeated the Westville team by the score of 5 to 3, in the final game of the series. Six games were needed to decide the championship, Springhill winning two and Westville two of the first five games, while the remaining game was a tie.
 The Liberal Convention of Kings-Hants, which was held at Windsor this morning, selected Mr. E. W. Robinson, ex-M.P., as their standard-bearer at the approaching federal election. The nomination was made from the floor by L. H. Martell, seconded by J. L. Ullaly, both of whom had been mentioned as possible delegates. Mr. Robinson, who represented the constituency of Kings county at Ottawa since 1921, has accepted.

On account of S. S. Sachem meeting a poor market, Messrs. Gerald De Costa deemed it advisable to protect shippers sending their consignments to London. Wolfe River No. 1 & 2, 16/6, 19/6, Dom. 15/6, No. 3, 14; Dudley No. 1 & 2, 20, 22, Dom. 18; No. 3, 15; Duchess No. 1, 17/6, 19/6, No. 2, 16/6, 19; Dom. 14/6. After deducting railway freight to London, the above prices were realized and were greatly in excess of Liverpool. This is part of the service rendered by this firm.
 The preacher at St. Andrew's church on Sunday was Rev. Robert Murray, of Barneys River, Pictou county, who preached two practical gospel sermons which were greatly appreciated. Good congregations were present at both services. Rev. Mr. Murray is a brother of the late Angus S. Murray, who is remembered by old-time residents as a popular and useful citizen of Wolfville for a number of years. He is also a brother of Mrs. J. A. Elderkin, at whose home he was a guest while in Wolfville.

A young man named Miles, son of Lemuel Miles, formerly of Wallbrook but now of Steam Mill Village, was accidentally shot while on a gunning trip last Saturday. His gun was placed in a boat with the muzzle pointed towards him and in some way became discharged and the shot passed through Miles' stomach and groin. Medical assistance was summoned and the injured man was removed to the Memorial Hospital at Berwick. At last report it was said that Miles was doing as well as could be expected and might recover.

A story, the authenticity of which we are not in a position to vouch for but which has been current about town during the past week, indicates that Hon. W. L. MacKenzie King is not only a well-equipped politician but a good deal of an optimist as well. The tide was low when his train approached Wolfville last Friday morning and conditions at the town dump and along the water-front presented their normal appearance. When he stepped from the platform of his car he glanced admiringly at the surrounding scenery and remarked to citizens who greeted him "You certainly have a beautiful town."

NEW RESTAURANT OPENED HERE
 Acadia Cafe, the new Chinese restaurant, was opened to the public on Saturday last, and is being well patronized. The only place in town available in the garage building opposite the D. A. R. station, which has been neatly fitted up and presents a fine appearance. The proprietor, Charlie Hum, is evidently a competent man for the position and is sparing no pains to provide an eating place that will be a credit to the town. On Tuesday evening invitations were issued to the Mayor and members of the Council and other officials of the town to a dinner provided in honor of the opening. THE ACADIAN was privileged by being represented and Sheriff Porter was also in the party. The guests were given a cordial welcome and a splendid supper was served and received ample justice, the menu being equal to that served by any high-class city restaurant.

TO WASH SILK HOSE

If silk stockings are very soiled soak them in warm borax-water, a teaspoonful of the powder to a pint. Wash in a sopping lather no more than warm. Squeeze the soap out, and rinse in just warm water. When dry dip them, if they are black, in hot blue-water. Hang them in the air out of the sun to dry. Iron with a cool iron on the wrong side.

CANNING CHAUTAUQUA

While guarantors in other places have become daunted by losses in other years Canning citizens are continuing the services of Chautauqua and have arranged for a series of three days performance again this year by that high-class entertaining organization. Details regarding this will be found in the regular announcement which appears elsewhere on this page. The Canning Acadian commends the enterprise of those behind this movement and bespeaks for them the full support of the community. The opportunity to hear outstanding lecturers, musicians, and dramatists only comes to a small town through such an organization as Chautauqua, and is too good to be missed. We trust the enterprise and public spirit of those who are responsible for the coming treat will be amply rewarded.

HABITANT INSTITUTE ENTERTAINS

Habitant Women's Institute entertained the Women's Institutes of Canning, Bay and Blomidon at the home of Mrs. Fletcher McBride at their September meeting. The address of welcome was extended by the president, Mrs. John Ross, who presided, and responded to by Mrs. Wallace Porter, Blomidon and Mrs. Levertte Huntley, Canning, Bay.

A union program was much enjoyed, as follows:

Vocal solo—Miss Isabel Meek.
Reading—Mrs. Jackson.
Reading—Mrs. Payzant Cox.

An interesting paper on the School lunch was contributed by Mrs. Lingley. It was arranged to remove the flowers from the school grounds to the homes of the members. This plot has been a delight to the passers by, as well as to the teachers and pupils, and this co-operative work of the Habitant Institute has called forth much commendation.

The Women's Institutes of Canning, Sheffield Mills and Fort Williams were guests of honor at a community gathering held by the Institute of Canard in the United Baptist church vestry on Thursday afternoon, Sept. 17, president, Mrs. Lorne Rand, presiding and extending a cordial welcome to the visiting societies. The auditorium was lovely with flowers, and the guests were received by Mrs. Lorne Rand and Mrs. Joseph Kinsman. DENIES ENLISTMENTS

Sir William Joynson-Hicks, the Home Secretary, who denies a rumor that a special constabulary is being recruited in Britain as a defence against possible unrest fostered by communists but admitted that the plan is under consideration.

who occupies a leading position as head of the home demonstrating branch of the County Extension Service of Berkshire, Mass.

Miss Cox, who is an unusually pleasing speaker, gave a very interesting and enlightening address on "Woman the Home Maker" and "Putting Home Making on its Proper Basis". Here 56 activities are rolled into one and the home-maker by the right choice of food material and the proper preparation of the same, wields a strong power on the making or wrecking of the home.

Do not accept theories without knowing the logical reasons. Times have changed. Our parents had to produce raw materials and bring these finished products to the markets. We go out and get contributions from all the world's markets.

Last year the number of days lost through illness in the United States and Canada amounted to 770,770,000. In addition to these were the amounts paid in expenses caused by these illnesses. The building of the child's body, so that its resistance may be of the finest, depends not only on its treatment after it comes into the world, but the responsibility lies with the parents before the little one's arrival. A well balanced diet was given by Miss Cox, who was extended an expression of deep appreciation for an address of unusual interest.

At the close of the meeting a social hour was enjoyed and refreshments were served. The guests numbered more than 125.

SMOKING DIMS GIRLS' BEAUTY

Cigarettes may not damage a woman's soul but they'll kill her beauty sure, Mrs. Ruth J. Maurer, President of the American Cosmetician Society, declared last week at the annual convention of the society at Chicago.

Mrs. Maurer is no beauty parlor operator from Wichita Falls, Texas, where the cigarette has not yet broken into the world, but is from New York, where they smoke them on the street if they like.

"I've no personal objections to cigarette smoking, but it's been proved that the woman who smokes soon finds sloping lines at the corners of her mouth. Try holding a cigarette in the mouth, and see if the lips do not fall into a downward curve—a curve that will make deep lines of sadness that will kill a happy expression in old age."

The whites of the eyes will yellow, too, from a too ardent use of cigarettes, the teeth become yellow and the skin in time will become yellow—not to mention the stain on finger tips that should be rosier."

BIBLE THOUGHT FOR TODAY

SEPTEMBER 25
REMOVE far from me vanity and lies; give me neither poverty nor riches; feed me with food convenient for me.—Proverbs 30:8.

SEPTEMBER 26
LET THIS MIND BE IN YOU, which was also in Christ Jesus. Let nothing be done through strife or vainglory; but in lowliness of mind let each esteem other better than themselves.—Philippians 2:5, 3.

SEPTEMBER 27
CAST AWAY from you all your transgressions, whereby ye have transgressed; and make you a new heart and a new spirit; for why will ye die, O house of Israel? For I have no pleasure in the death of him that dieth, saith the Lord God: wherefore turn yourself and live ye.—Ezekiel 18:31, 32.

SEPTEMBER 28
HE THAT LOVETH SILVER shall not be satisfied with silver; nor he that loveth abundance with increase: this is also vanity. When goods increase, they are increased that eat them; and what good is there to the owners thereof, saving the beholding of them with their eyes?—Ecclesiastes 5:10, 11.

SEPTEMBER 29
MASTER, THIS WOMAN was taken in adultery. Moses commanded us that such should be stoned; but what sayest thou?... He said unto them, He that is without sin among you, let him first cast a stone at her.—John 8:4, 5, 7.

SEPTEMBER 30
TRUST IN THE LORD with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge him, and he shall direct thy paths.—Proverbs 3:5, 6.

BEST BULBS FOR FALL PLANTING

Flowers are, no doubt, enjoyed more in the spring than at any other period of the growing season. After a long winter the first flowers are eagerly sought for and if bulbs have been planted in the autumn one has not long to wait for flowers for Snowdrops bloom as soon as the snow has gone. Then come in rapid succession, and some at the same time, the Scilla's or Squills, Glory of the Snow or Chionodoxa, Crocus, Grape Hyacinth, Dutch Hyacinth, Narcissus in great variety, and early Cottage and Darwin Tulips. These give a succession of bloom from early in April, or earlier if the frost is out of the ground, until well on in June.

While the bulbs are growing in Holland, the flowers for next year are being formed in the bulb. Later, the bulbs are dug, cured and shipped to Canada. Knowing that the flowers are already formed in the bulbs before planting, he who proposes either to grow them in the garden or pot them for the house will readily understand that large, well-developed bulbs are likely to give better flowers than small ones. In ordering this should be remembered. No amount of care can add more blooms to a Hyacinth spike than were formed when the bulb was growing in Holland.

Unless the bulbs are well rooted in the soil outside or in the pots in the house, the results will not be satisfactory, hence the desirability of obtaining them as soon as they are offered for sale in the stores, which will be during the month of September. Tulips, Narcissus and Hyacinths should be planted from four to six inches deep to the bottom of the bulb, and about the same distance apart, while the smaller bulbs, such as Snowdrops, Crocuses and Squills, may be planted about two inches apart and from two to three inches deep.

Some of the most satisfactory varieties of the more important bulbs for the garden are:—
Narcissus—Emperor, Sir Watkin, Madame de Graaf, Madame Flemp, Poeticus.
Hyacinth—LaGrandese, Grand Lilas, King of the Blues, Gigantea, Rois des Belges.

Early Single Tulips—Duchesse de Parma, Gold Finch, Keizerskroon, Lady Borel, Arias, Cottage Maid, Sir Thos. Lipton, Proserpine, Golden Queen.
Early Double Tulips—Couronne d'Or, Imperator Rubrum, Murillo.
Cottage Tulips—Macrospelia, Golden Crown, Picotee, and many others.
Darwin Tulips—Bartigon, Clara Butt, Farncombe Sanders, Isis, Edmee, Frans Hals, Millet, Wm. Pitt, Gretchen.

A GOOD CITIZEN
The first requisite of a good citizen is that he shall be able and willing to pull his weight; that he shall not be a mere passenger, but shall do his share in the work that each generation of us finds ready to hand and furthermore, that in doing his work he shall show not only the capacity for sturdy self-help, but also self respecting regard for the rights of others.

Our interests are at bottom common; in the long run we go up or go down together.

WINDSOR, SEPT. 13

There is little room among our people for the timid, the irresolute and the idle. No one of us can make the world move on very far, but it moves at all only when each one of a very large number does his duty.

Morally, a ounce of construction is worth a ton of destruction every time. No man needs sympathy because he has a burden to carry. The best prize that life offers is the chance to work hard at work worth doing.

If, with the best of intentions, we can only manage to deserve the epithet of "harmless", it is hardly worth while to have lived in the world at all. Hit the line hard; don't foul and don't shirk, but hit the line hard.

UNITED PRESBYTERY RE-ELECTS OFFICERS

Large Attendance at First Meeting Since Conference—Rev. F. E. Barrett Re-named

WINDSOR, Sept. 17.—The Windsor Presbytery of the United Church met Wednesday in St. John's church, Windsor. Through the meeting was called short notice to consider the comprehensive and vital program of the "Life and Work of the Church" presented by the General Council, there was a large attendance. The only minister in active pastoral work who did not respond to the Roll Call was Dr. Hemmon, of Wolfville, who was absent from home. The session was held at Windsor to suit the convenience of the conference.

As it was the first session after Conference the Presbytery was re-organized by the unanimous re-election of Rev. F. E. Barrett, chairman; Rev. A. A. McLeod, secretary; A. H. Patterson, treasurer.

Considerable routine business was transacted and necessary committees appointed. Rev. W. S. Living, of Avonlea, was appointed superintendent of the Home, and Rev. C. A. Munro, of Newville, was appointed superintendent of the Home Mission with authority to secure a student for winter supply.

Call Moderated
A unanimous call from St. John's church, Windsor, to Rev. G. R. Kyle, B.A., Oxford, was moderated on and the Chairman and Secretary who constitute the Presbytery interim settlement committee, were requested to make detail arrangements for his induction the first Sunday in October. When Mr. Kyle is inducted, every charge in the Presbytery will be supplied with a pastor.

The main business before the Presbytery was the General Council's program of Life and Work of the church, which involves provisions for the raising of the Maintenance and Extension Fund. Rev. R. J. Wilson, D.D., of Toronto, and Rev. H. B. Clarke of St. Andrew's church, Halifax, officially represented the General Committee of Direction. The objectives as set out by the General Council are the re-consecration of spiritual life, re-visualization of the work of the church, the re-dedication of the entire membership to God and the extension of the Kingdom of God by definite evangelistic effort. The comprehensiveness of the program may be more fully realized when it is considered that it involves the carrying on of the missionary work established in every continent of the globe except Europe, the home missionary work extending all over Canada and Newfoundland, the work among and for the immigrants coming into our country, rescue homes, hospitals, and home schools; also the large educational institutions and social service work.

Pass Resolution
A strong committee on Social Service was appointed and the following resolution was unanimously adopted:

"This Windsor Presbytery of the United Church of Canada declares its unequivocal adherence to the maintenance of the Prohibitory laws on the duties of our Province and Dominion, and respectfully appeals to the Government of Nova Scotia to enforce the Nova Scotia Temperance Act to the limit of its powers. And the Federal Government to take more active and effective measures to exterminate the liquor smuggling and run-running on our coasts."

It also urges upon all our people the vital importance and moral obligations of inculcating the principles of temperance and loyalty supporting in every legitimate way the officers of the Crown in the discharge of their duty.

A BRAVE SOLDIER

French, as spoken by Frenchmen, is a harmonious language, but when mastered by foreigners becomes an abomination. Germans in particular seldom master the intricacies of French pronunciation, and the inhabitants of the conquered provinces of Alsace and Lorraine have in the past generations had their vocal chords so tuned to the Teuton guttural that they have cultivated an accent more harsh, if possible, than that of the Germans themselves.

This it was that made Marceau a pariah in the Foreign Legion. He seemed a fine sort of fellow personally, and was an efficient and willing soldier, but every time he opened his mouth his accent extraction advertised itself and would make everyone move away and mutter "Boche". How could a man with such an accent be anything but a German?

We knew his story: Born in Mulhouse under Prussian rule, he was technically a German subject, but, refusing to serve his time in the Kaiser's army, he had escaped into France just before reaching the military age, and had enlisted in the Foreign Legion so as to earn French citizenship.

His real name was Schneider, but the French authorities had changed his civil name under the name of Marceau that he might not be shot as a deserter by the Germans if he should happen to be taken prisoner.

This record was very much to his credit if he was really a French sympathizer, but how could one tell? Too

Fashion Fancies

By Marie Belmont

The various lovely brown and bronze tones are ideal for Fall wear. Bronze is never more lovely than when the medium is soft lace, the material which makes the dance frock pictured here. The model is cut on soft, semi-fitted lines. Insets of net and satin to match make a pleasing variation in the lower skirt section, and these are outlined in amber-colored brilliants.

A bronze lace scarf, caught at the back of the neck with a buckle of amber brilliants, add charm to the costume.

GOOD RECIPES

Tomato Soup, with Meat
Place one knuckle of veal, one can of potatoes, or equal amount of fresh tomatoes, one onion, two carrots, one turnip, a sprig of parsley, some celery trimmings, half-teaspoon of black pepper berries, one bay leaf, one teaspoon of salt, and one gallon of cold water in a large kettle. Bring to a boil quickly, skin, being careful not to remove any of the vegetables or pepper berries. Put on back of stove and simmer for four hours, remove veal and cut meat into small squares, and strain the soup in the kettle through a fine sieve. Place on stove again, add half-cup washed rice, one cup cooked peas, and meat cut into squares and simmer until rice is soft. This is sufficient for twelve persons.

Hot Potato Salad
Boil six large potatoes until done but not soft, and peel, then dice them. Fry six slices of bacon after dicing until they are a delicate brown, then add a level teaspoon of flour, rubbing it in smoothly, a teaspoon of French mustard, a teaspoon of sugar and a half teaspoon of salt, a salt-spoon of red pepper and a quarter cup of vinegar. Stir these ingredients until they are smooth, then add three potatoes and a tablespoon each of chopped chives, sour and sweet gherkin pickles and parsley. Stir all together until they are hot and well mixed, then serve in a hot covered dish.

Liver and Bacon
Three-quarters pound sliced liver, one-quarter pound thinly sliced bacon, flour, salt and pepper. The liver should be cut in slices about three-eighths of an inch thick. Pour over boiling water to more than cover and let stand five minutes. Lift the slices with a fork that each may be well covered with water. Drain. Season, flavor with salt and pepper and dip each slice in flour. Fry bacon in a hot frying pan and put on a hot platter. Put in a hot place. Fry liver in the bacon fat, first on one side and then on the other. The liver should be well cooked but remain soft and tender. Serve on the platter with the bacon.

ONTARIO APPLE CROP

Is the Greatest Ever and Provincial Government will Assist in Marketing

TORONTO, Ont., Sept. 18.—Representative fruit growers of the Province conferred yesterday with Premier Ferguson, and Hon. John S. Martin, Minister of Agriculture, on the marketing of the greatest apple crop in the history of Ontario.

The conference was upon the invitation of the Government, which is prepared this year to assist the apple growers to dispose of their crops to the best advantage. Various plans of marketing assistance are under consideration.

The crop is favored from a marketing standpoint by the fact that the British Columbia crop is largely a failure and the Nova Scotia crop rather below its usual standard.

The Government's assistance in marketing will be largely one of propaganda through its London office, paying the way overseas for a favorable reception of the fruit. A campaign will also be waged in this province to induce its citizens to eat their own apples.

FILM CELEBRITIES IN "WINGS OF YOUTH"

A galaxy of film celebrities are featured in "Wings of Youth", the William Fox film which opens a two days engagement at the Orpheum Theatre next Monday. Headed by Madge Bellamy, beautiful star of "The Iron Horse", and Ethel Clayton, one of the most famed of screen luminaries, the cast of the Emmett Flynn production presents an imposing array of stars. Freeman Wood, Robert Cain, Katherine Perry, Marian Harlan and George Stewart are seen in prominent character delineations.

"Wings of Youth" tells a striking story of a mother's love for her daughters, long dormant because of her lack of interest in their every day lives. The mother's awakening is poignant in appeal and her method of whisking her erring girls from the whirl of the bright lights makes the production most interesting and unusual.

OUR NEW SERIAL

"The Smoking Flax"

By ROBERT STEAD
Author of "The Cowpuncher", "Neighbors", etc.

Will Begin October 1st

Mysterious adventure and thrilling suspense, with a background of Western atmosphere and color, and faithful pen-pictures of the people and the life of the prairie homesteads and farms.

Mr. Stead knows the charm and the fascination of the prairies. He describes it with real insight, tinged with an intense sympathy. He tells a dramatic story of a man's passionate devotion to his sister's child, his love for a woman and how he conquered a passion of great hatred.

"The Smoking Flax" is Acclaimed by Leading Critics an Outstanding Canadian Novel

Mr. S. Morgan-Powell, book critic of the Montreal Star, in a signed review in his paper, says of "The Smoking Flax": "It will appeal keenly to those who know their West, and to the reader whose knowledge of prairie farm life is confined to hearsay information it will be a book of exceptional interest. Mr. Stead can create atmosphere, and he feels the color and spirit of the prairie and strives to interpret it faithfully and without exaggeration."

The Edmonton Journal says: "There is no writer who has taken his material from the life of the prairie who has a better first-hand knowledge of the latter. The books which he has published hitherto have been genuine products of the West and have contrasted strongly in this respect with those brought-out by some literary fakirs who have obtained a large vogue by giving absolutely false pictures of conditions here. "The Smoking Flax" has all the characteristics of a really fine novel. No one who knows anything of western farms can fail to be impressed with the fact that they are real people who are being sketched."

The Canadian Bookman says: "Robert Stead writes about the prairie and Main Street, Manitoba, in a way which touches my heart. If anyone wants a book which gives a fair description of life in Western Canada, here it is."

Montreal Gazette: "A fine piece of writing, in which the western atmosphere and color are vividly brought out."

This book would cost you \$2.00 to buy, but by subscribing to THE ACADIAN now you can get the whole story and in addition the other features of the paper and all the news of Eastern Kings.

Subscription Price \$2.00 per year, and you get two coupons with each subscription paid during Wolfville's Community Sale. One of these coupons may win the \$50 prize.
