THE TIGER'S YELL.

Hamilton, Hamilton,
Rah! Rah! Rah!
Cops, Cons and Sojers
Bah! Bah! Bah!

We are the boys from Burlington Bay
Want short hours and long pay.

The Christmas turkey roasts on high
Too dear to roast
Too tough to fry
With pride he swells his scarlet hood
Well knowing it's no idle boast
No other bird is just as good.

A HAMILTON ODE.

Strike till the last cop is stiff
Give the con and motor man a biff
Strike till the last bad egg is spent
We are the tough boys from Hamilton,
Went.

THE attention of fathers is called to the importance of putting up a parlor stove. At the next municipal elections in Enniskillen, the ratepayers will be asked to vote on a proposition to make the terms of councillors run for two years, instead of one, as at present. It is claimed for the proposed enactment that it will help in expediting the business of the township, as each year considerable time is lost in breaking new councillors into the routine of business.

IN the event of the vacancy in the Senate caused by the death of the late Senator Vidal, being made from the west, it is admitted that no person would have a stronger claim than John Cowan, K. There is now no set rule for the width of runners and builders can go on manufacturing as before.

Teamsters from \$1.50 to \$2.50 per day also have a good call, but the hours are very long, and the work heavy. Most of the men are hired by the superintendents at the mines.

THE December meeting of the Daughters of the Empire will be held at the home of Mrs. Harris, Mrs. Lowry assisting hostess. Quotations from any Canadian poetess.

By the way did it ever appear to you that the ordinary baker is the happiest man ever. Everything he stirs up pans out well. All he kneads is his. He has dough to burn and his stock is rising. He certainly takes the cake. He is a stirring chap and does things up brown. Though he is well bred and something of a high roller, he is not above mixing with his hands. Besides he is pious and cheerfully ices his flavors for everybody. The baker is the original wise man of the yeast.

WE have a few washers on hand and will give you your choice of Sunlight, Easy or King, your choice for \$7.00. Royal Canadian wringers \$3.25; Eze at \$3.75 at N. B. Howden's.

FRANCESCO CORTESE, one of the five original Italian harpers of London, died at his residence, 131 Fullarton street, Monday morning, after an illness of three days from pneumonia. The deceased was a member of the famous Cortese orchestra, of that city, composed of the three Brigil brothers, and Tony and Francesco Cortese. Mr. Cortese was born in Italy in 1853, came to London in 1876, and had been a resident of that city since that time. He was a member of the American Federation of Musicians, and also of Victoria Court, No. 10, of the Independent Foresters.

HOLIDAY goods are arriving daily at McLarens—you are always welcome to look through.

THE time is about at hand for the almanac to make its annual appearance and tell us all about what sort of weather we are going to have in 1907; when to plant in the garden; what sort of herbs to get to head of an attack of rheumatism; what remedy to apply in case of a bee sting; how to fix it alright for a cow that has lost her cud; how to make hens lay eggs, and, in short, how to live at home and enjoy life. And then, that old-fashioned woodcut for December, picturing the farmer and his family sitting around the blazing hearth—isn't there an air of perfect contentment and comfort in it! Blessed is the man who, these winter evenings, can draw up his chair to a corner of the fireplace, with a copy of the almanac hanging from one nail and a turkey wing fan from another, his wife in her corner with her book or sewing. His children, droning over their lessons the bird dog blinking at the fire a shoving a little further away as a spark hops out from the back log and bursts into a small shower of pyrotechnics! Yes, we are thankful for the almanac, the log fire and the winter nights. They are great. The young people who sit around the modern coal grate that could be screened by a No. 7 shoe, and who hang their mantels with drug store calendars know nothing of home comfort and may think the Chronicle old-fashioned, but let me tell you, my youngest, old-fashioned people are the best. Give us a nipping cold night, a blazing fire, the almanac home as we have pictured it—and beat it if you can.

A SPECIAL sale of silk waists and shirts starts Saturday morning and closes a week from that date. Prices will astonish you.—SWIFT BROS.

District Pairs Association.

A meeting of the District Pairs Association was held in Petrolia on Friday last, which was well attended. John Farrell, of Forest, president of the association, occupied the chair. Delegates were present from Forest, Watford, Wyoming, Strathroy, Petrolia, Brigden and Sarnia.

After routine business the following resolutions were unanimously adopted:—

"That whereas the members of the Western District Pairs Association are of opinion that the various agricultural societies comprising the association are in the habit of giving too many free coupons with membership tickets, and whereas it is deemed absolutely necessary to raise more funds with which to conduct prosperous and educative fall fairs; therefore be it resolved that all societies in the association be requested to seriously consider this matter at their annual meetings in January, and that this association take final action thereon at its annual meeting in February, said action to become binding on all the societies affiliated herewith."

"That whereas a certain class of exhibitors are in the habit of putting off the making of their entries until show days, or until such time as they may ascertain what entries have been made, and whereas we deem such action to be detrimental to the best interests of fairs; therefore, be it resolved that we urge upon all societies affiliated herewith the necessity of closing absolutely all entries at a stated hour of the day before that on which they are to be judged."

The secretary was instructed to notify the different societies that they will be required to contribute a certain amount toward the expenses of the association during 1907.

The annual meeting of this association will be held in Watford on the first Wednesday in February.

Miss Minnie McFarlane, Forest, has been accepted as teacher for S. S. No. 4 1/2 for the year 1907. Salary, \$400.

HARRIS & CO. PROPRIETORS

WATFORD, NOV. 30, 1906.

Canada and the Empire.

Goldwin Smith in Weekly Sun: Canada is said to be affronted by the avowal of an English journal that the British people could not be got to risk a war with the United States in the quarrel of Newfoundland. Has England on her side not reason to feel affronted when, while a rebellion is threatened by the Irish leader and begins to show itself in one district of Ireland, the prime minister of Canada, for the sake of the Irish vote, publicly pays homage to the representative of home rule, that is of the disruption of the United Kingdom coming fresh from the Fenian Platform of New York? So it is said so it will be so long as the attempt is continued to talk into unity of interest and press into unity of action communities which are divided by the Atlantic, and, though, as we hope forever united by the tie of the heart, have little of material interest in common.

ENGLISH SPAVIN LINIMENT removes all hard, soft or calloused lumps and blemishes from horses, blood spavin, curbs, splints, ringbone, sweency, stifles, sprains, sore and swollen throat, coughs, etc. Save 50c by use of one bottle. BILEANS A "WOMAN'S MEDICINE."

Grateful Wives and Mothers Testify To Their Value.

Bileans have been called "a woman's medicine" because of their exceptional fitness for the various ailments peculiar to the sex, as well as for liver disorders and stomach ailments generally. Unlike most liver and stomach medicines, Bileans contain no bismuth, mercury or any mineral whatever. From coating to kernel they are purely vegetable.

Mrs. J. Whitfield, of Swan Lake, (Man.), says:—"Bileans have done me a wonderful amount of good. I can hardly describe how bad I felt before I took them. I could not eat but that it caused pain. There was a constant sensation of tightness in my side, and my liver was entirely out of order. I could not sleep at nights, suffered also from kidney trouble, and was altogether in a rundown and very serious condition. I had been sitting in this way for years, and it is gratifying to find that Bileans were equal to my case."

Mrs. Wm. Hall, of Dean Lake, says:—"I have proved Bileans very good for constipation, from which I suffered a great deal. They cured me."

Mrs. J. H. Thompson, of Cleveland Park, says:—"For irregularities and painful periods I can highly recommend Bileans. They proved a great blessing to me and restored me to health when I had become very ill and very despondent."

Bileans are absolutely unequalled for female ailments and irregularities, constipation, piles, anaemia, debility, rheumatism, blood impurities, etc. They tone up the system and enable it to throw off colds and chills, strengthen girls just emerging into womanhood, and speedily restore energy and strength to those who are rundown. Of all druggists at 50c. a box, or post free from the Bilean Co., Toronto, on receipt of price, 6 boxes for \$2.50.

County Councils For 1907.

The new County Council Act comes into force on the 1st of January next. Under it a return is made in great part to the old system that proved so cumbersome and unsatisfactory in form or years.

Following are the chief provisions of the new act:—

In and for the year 1907 and thereafter the council of every county or union of counties in this province shall be constituted as follows:—

Every town not separated from the county for municipal purposes, and every township and village, shall be represented in such council by the reeve of such town, township or village municipality, and, in addition to the reeve, by a deputy-reeve, or deputy-reeves, as follows:—

If the municipality had the names of more than 1,000 and not more than 2,000 persons on the last revised voters' list of the municipality as qualified to vote at municipal elections, then by a deputy-reeve.

If the municipality had more than 2,000 such names upon such list then by a first deputy-reeve and a second deputy-reeve, and

If the municipality had more than 3,000 such names upon such list then by a first deputy-reeve, a second deputy-reeve and a third deputy-reeve.

The effect of the act will be to increase the size of most of the county councils, but none of them will be quite so large as they were prior to the introduction of what is known as the Hardy act.

Ever Have Cramps?

Kind of fierce to be tied up in a knot at midnight with cramps. Keep Nerviline handy. Used occasionally Nerviline prevents this trouble entirely. From Stratford, Ont. Wm. Dee, writes: "Nothing I know of will give such quick relief to cramps colic or pain in the stomach as Nerviline. If you feel squeamish or sick, just ten drops of Nerviline in water and you're well next minute." Think of the protection and comfort contained in a 25c bottle of Nerviline, and get it to-day.

Hornets Cause a Holiday.

Thursday afternoon the class in pharmacy botany at the University of Oklahoma found that they would not be able to use the laboratory on account of a swarm of hornets which had taken possession at the noon hour, coming in through the windows, which had been left open.

An effort was made to drive the hornets out, but after several of the men had been badly stung the door was closed and the room was turned over to the stingers. Later in the afternoon burning sulphur was placed in the room and the unwelcome visitors were ejected, but one class at the university had an unscheduled holiday.—Norman Correspondence St. Louis Republic.

A Question Often Asked.

Why so many people feel worse after taking pills than before? Trouble is that drastic pills are used. No remedial action is obtained, the bowels are irritated and dreadful constipation follows. In using Dr. Hamilton's Pills you are scarcely conscious of having taken medicine. Although very mild, Dr. Hamilton's Pills do regulate the bowels, stimulate normal action of the glands, and create neither nausea, griping or violent action. Positively guaranteed for biliousness, indigestion, stomach, liver and kidney ills. For a safe family pill rely on Dr. Hamilton's, 25c per box, at all dealers.

Hard To Please.

Jim Jones he was an editor; that is he tried to be; He bought himself a handpress, an' started in to see, Jes' what there was to editing; but when he'd canvassed round, Some fifteen hundred editors that same town he found, They all knew more about it than Jones could hope to know; They told him: "You must run her, Jones, jes' so an so an so!" "Give every man a notice; be sure and put it down Whenever Major Jinks is seen to perambulate the town. Put in a few free locals for all the stores and give Each man a free subscription, if you want your sheet to live!" Well, Jones he done jes' as they said, for fear they'd make a row But the more he tried to please them all, the more they told him how! Until at last he took his book an' laid it on the shelf; Then run the paper in the ground, an' folloed it himself!

Pulling Together Through a Crisis.

"A period of business depression or failure, the loss of position or other reverses, the cutting down of income and many dangerous sequels to this dire disease, may bring the husband and wife face to face with a financial crisis. It is the entrance to a time of stringency, strain and sacrifice, with no exit made visible even by the telescope of optimism. It means a reconstruction of the home regime on siege lines; there is a re-classifying of household expenses and many of the luxuries are quietly removed from consideration, and many of the old necessities are promoted to the luxury class. Financing arises from a mere science to the dignity of an art, and every dollar has to work overtime and do the duty of two or three. Chafing restrictions take the place of the old freedom, and a new atmosphere fills the home. It is a situation requiring slow, careful watchfulness as that of a sea captain standing on the bridge of an ocean steamer and directing the small like progress of his ship under slow steam, through a heavy fog.

"There is danger of fretting, blame, re-arrangement, protest, and lack of sympathy on the part of the wife, met by a tendency to coldness, crossness, bitterness, anger, hopelessness, sulks, gloom or despair on the side of the husband. When conditions are darkest the lamp of love should be kept burning brightest. This is an occasion where the two should pull together. You cannot move and guide about properly with one oar; it requires the two on opposite sides to move in harmony."—William George Jordan, in the December Delineator.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it to be incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

A Girl Farmer.

The most enterprising farm girl in South Dakota is Mary Mancke, the 13-year-old daughter of a well-known farmer living near Wheeler. The girl helps her father in carrying on his farmwork. Her father is busy with his fall work and to save him time Mary each day but Sunday hauls a load of wheat to market at Platte. She is shrewd for one so young and transacts all the business of seeing that the purchaser of the grain does not cheat her on weights and gives her proper credit for the amount of grain delivered.

More than one best?

When you ask your grocer to send you the best flour, he sends you—his best. When you know the best flour and order by the name, the choice is not left to the grocer. Many grocers handle

Royal Household Flour as their leader. They have found it the safest flour to recommend because its results are sure and its purity is unquestioned. If your grocer's best is not Royal Household, insist on his getting it for you. The benefit will be mutual.

Your Doctor Can cure your Cough or Cold, no question about that, but why go to all the trouble and inconvenience of looking him up, and then of having his prescription filled, when you can step into any drug store in Canada and obtain a bottle of SHILOH'S CURE for a quarter. Why pay two to five dollars when a twenty-five cent bottle of SHILOH will cure you as quickly? Why not do as hundreds of thousands of Canadians have done for the past thirty-four years; let SHILOH be your doctor whenever a Cough or Cold appears. SHILOH will cure you, and all druggists back up this statement with a positive guarantee. The next time you have a Cough or Cold cure it with SHILOH.

Hurray! The hens may cease this year to lay. There may not be a crop of hay; The cows may all their duty shirk; The butchers strike and cease to work; The folks who churn may take their ease; The fact'ries all quit makin' cheese; The bakers all may shut up shop; The busy sausage makers stop; Yet, after all, why should we live? We still may dine on wholesome fare, And every boarding missus' soul Will leap with joy beyond control, For that most rare of Nature's boons, A really first-class crop of prunes!

Do NOT DELAY.—When, through debilitated digestive organs, poison finds its way into the blood, the prime consideration is to get the poison out as rapidly and as thoroughly as possible. Delay may mean disaster. Parmelee's Vegetable Pills will be found a most valuable and effective medicine to assail the intruder—with. They never fail. They go at once to the seat of the trouble and work a permanent cure.

Public School Teachers Elected. The results of the election of Public School representatives on the Advisory Council to the Minister of Education were given out Saturday afternoon, and show the election of Miss Harriett Johnson, the Toronto teacher, at the head of the poll. The other candidates elected are—Mr. Plewes, of Chatham; Mr. Jordon, of Port Hope, and Mr. Reid, of Owen Sound. Miss Johnston's election is exceedingly popular among the lady teachers of Toronto.

Do not delay in getting relief for the little folks. Mother Graves' Worm Exterminator is a pleasant and sure cure. If you love your child why do you let it suffer when a remedy is so near at hand?

To our Correspondents.

We have a number of correspondents whose contributions have not been so frequent as we would like to see them. To these we have a word or two to say. The town topics are supposed to be gleaned as possible by the editor and his staff here. For country happenings we will depend on our correspondents who are just as important in their respective spheres as the editor is in his. No news is too small for us to value, but light local gossip and ruder jibes without any point in them cannot be regarded of much value outside the person who writes them. Births, deaths, marriage, accidents, sickness, visits from friends at a distance and lots of other things should find their way to the local paper, and we shall welcome any information from any reliable source, whether a correspondent or not. We want news and now that the evenings are growing longer, and young people in the country are mingling more amongst one another, we should be able to fill our pages every week with good wholesome information that will be read with interest and profit wherever the GUIDE goes. We invite every correspondent to send us in a budget as frequently as possible and see how the paper will be improved by the effort.

Objections to the Ontario School Act

Beyond the fact that the minimum salary clause is no longer needed, the shortage of teachers having operated to raise rural salaries up to and, in many cases, above the minimum provided in the Act, there are sound practical objections to the working out of the clause. One is that the schedule of salaries is not planned with any relation to the work to be done in the school. A section with high assessment and consequent high salary may have very few children of school age; the section alongside of it, with low assessment and consequent low salary, may have twice or three times as many children attending school. Another defect is that under the clause the salaries are not really fixed by the wealth of the section, as intended by the law, but by the basis of valuation adopted in the council. In some cases the assessed valuation may be only forty or fifty per cent. of the real value, in others, as in Lambton, it may be ninety or ninety-five per cent. Under the act the scale of salaries in one county will be much higher than in the other, the real value of the property comprised in the school sections being the same. The Canadian knows of cases in Lambton where the salary called for by the act is out of all proportion to the value which even the very best teacher could render. Some salaries are too high and some too low. There are salaries where the trustees pay more than the act calls for.—Sarnia Canadian.

Superintendent of Fall Fairs in Ontario Steps Down and Out.

Mr. H. B. Cowan, Provincial Superintendent of Fall Fairs, has tendered his resignation. His salary was \$1,000 a year, on the understanding that he should be allowed to devote a portion of his time to editing The Canadian Dairyman and The Horticulturist. Mr. Cowan will now devote himself entirely to his editorial work.

It is probable that Mr. J. Lockie Wilson, who is an ex-president of the Farmers' Association of Ontario, will be his successor.

Killed By a Train.

Edward Scholz, who has been for some time back in the employ of the Sarnia Bay Mill Co., was struck and instantly killed by a Pere Marquette train in Port Huron about seven o'clock on Monday evening. Deceased was a man of about 48 years and has a wife and family living in Russia. He came to this country some months ago and secured employment at the Sarnia Bay Mills, remitting his wages to his family in Russia.

When struck by the engine he was dragged 180 feet. Both legs were cut off and his body was badly mangled.

Found Dead at Table.

Windsor, Ont., Nov. 27.—James Tompkins, who had been employed at Mulcaster livery stable about five years, was found dead at a table on which he had his supper. Death evidently came to him as he began to eat. He still had in his hand a piece of bread, from which a single bite had been taken. Tompkins had a severe fall from the top of a barn a few weeks ago, but apparently had recovered from its effects. He was 65 years of age. His relatives are believed to live at Brockville or at Orangeville, Ont.

Jas. Scott, of Keyser, dropped dead while pulling a buggy out of the barn.

Mayor Bell and W. G. Feayne will be candidates for the mayoralty in Forest.

He had lived in Warwick for over half a century, and was employed for many years as a hostler with the late David Rogers. Everybody in Warwick knew "Old Ben," who was hale and jovial until the end. Of late years he made his home with Stewart Smith. The funeral took place on Friday at the Bethel Cemetery, the Rev. W. M. Shore conducting the service.

Mr. Nicholas Luckham was greatly taken by surprise on Monday evening of this week on his return home from a visit with a friend, to be greeted with congratulations and best wishes from a number of old friends and neighbors who had assembled by invitation of his daughter Susie to celebrate the evening of his seventieth birthday. After partaking of a bountiful supper the remainder of the evening was spent in a musical and social way with games, etc. Mr. Peter Graham acted as chairman and called on Messrs. Miles Hagle, Joseph Crone, Enoch Thomas, George Graham and others for short addresses. All spoke in highest terms of Mr. L. as a neighbor and as a Christian man, whom some of them had known all their lives. Though bereavement had many times entered his home, and for many years he had been deprived of his sight, still he always showed patience and a quiet resignation to God's will and his exemplary life had always been a great help to them especially in times of trouble. Mr. T. Luckham's brother, in his 77th year, gave a Scotch recitation in response for an address. Music was given by Miss Susie Luckham Messrs. N. and T. Luckham and W. H. Luckham. After singing "God be with you till we meet again" the company broke up at a late hour and with best wishes for Mr. L.'s health and happiness for many years left for their several homes having had a very enjoyable evening. Mr. L. was born on the farm, where he now resides and so has witnessed all the changes in the neighborhood in the past 70 years. Mrs. L. died about ten years ago and out of a family of eight children only three survive. Mr. L. is hale and hearty and of a happy cheerful disposition, and but for the loss of his sight would seem only half his years.

Have You Insured Your Skin?

A North-West farmer died recently from blood poisoning following the prick of a rusty nail. A tin tack on which he trod, penetrated a Chicago boy's toe, and he died later from lockjaw. Both these deaths could have been averted if a box of Zam-Buk had been handy. The air is full of poisonous germs and microbes which settle on wounds and—and what? It left to go their own way they set up festering, suppuration and frequently blood poison. If Zam-Buk is applied these harmful germs are killed and the wound is healed.

One of the greatest living chemists has proved that Zam-Buk has more power to kill harmful microbes in wounds than crude carbolic acid, and it does it painlessly. A little Zam-Buk applied to a cut, a sore, a burn, or a bruise which breaks the skin, prevents the wound from taking the wrong turn, and speedily heals it.

Mrs. Bright, of Johnstone, N. B., says: "I got my finger poisoned by a prick from a needle, and as it got very bad I applied some old-fashioned remedies. It continued to get worse, and I then tried Zam-Buk. This both cleaned the wound and healed it and soon all trace of the injury was gone."

In cases of cuts, burns, bruises and other injuries Zam-Buk is the best "insurance." It is equally good for eczema,

chronic ulceration, ringworm, scaling sores, abscesses, inflamed patches, running sores, bad leg, old wounds, etc. Also for chapped hands. Of all druggists at fifty cents a box, or post free from the Zam-Buk Co., Toronto, upon receipt of price. Six boxes for \$2.50.

Dyspepsia of Women

Caused by Female Disorders and Cured by Lydia E. Pinkham's Vegetable Compound.

A great many women suffer with a form of indigestion or dyspepsia which does not seem to yield to ordinary treatment. While the symptoms seem to be similar to those of ordinary indigestion, yet the medicines universally prescribed do not seem to restore the patient's normal condition.

Mrs. Pinkham claims that there is a kind of dyspepsia that is caused by a derangement of the female organism, and which, while it causes a disturbance similar to ordinary indigestion, cannot be relieved without a medicine which not only acts as a stomach tonic, but has a peculiar tonic effect on the female organism.

As proof of this theory we call attention to the case of Mrs. Henry Beaubien, 58 Sparks St., Ottawa, Ont., who was completely cured by Lydia E. Pinkham's Vegetable Compound after everything else had failed. She writes:

"I had been troubled with indigestion and general stomach disorders for nearly a year. I had a soreness in my stomach and was unable to digest my food. I dieted and doctored without success; but Lydia E. Pinkham's Vegetable Compound brought me permanent relief. I used three bottles and it cured me of my stomach trouble and built up my general health. I now enjoy a splendid appetite, can eat all kinds of food, have no trouble with indigestion, and know that I owe it all to Lydia E. Pinkham's Vegetable Compound."

No other medicine in the world has received such widespread and unqualified endorsement, or has such a record of cures of female troubles, as has Lydia E. Pinkham's Vegetable Compound.

Tolstol and the Bear.

When Count Tolstol was a young man he took part in a bear hunt that nearly ended fatally. When the bear charged him Tolstol fired and missed. He fired a second shot, which hit the bear's jaw and lodged between his teeth. Tolstol was knocked down, falling with his face in the snow. "There," he thought, "all is over with me." He drew his head as far as possible between his shoulders, exposing chiefly his thick fur cap to the bear's mouth till she was able to tear with her upper teeth only the cheek under the left eye and with the lower teeth the skin of the left part of the forehead. At this moment the famous bear hunt leader Ostashkof ran up with a small switch in his hand and cried out his usual: "Where are you getting to? Where are you getting to?" This, says Tolstol, sent the bear scuttling off at her utmost speed.

Why He Came.
A man rushed into the barber shop and jumped into the first waiting chair, explaining, "Shave in a hurry." The barber was about to apply the lather when he noticed the customer's face. It had been shaved in spots and looked like a worn-out hair rug. "I beg your pardon," said the barber, "but whoever shaved you did not understand his business or must have been near-sighted." "That's all right," replied the customer rather sharply. "Every man to his trade—you are a barber-well, I am not—that's why I came here."

"Chamois" Skins.
Charles C. Druedling has written an article in the Journal of Pharmacy on chamois skins. The commercial article of that name, he says, is really oil tanned sheep or lamb skin lining. The supply of skins from the chamois animal is very limited. Enough could not be obtained in a year to supply the United States for more than a single day. He made special inquiry on a visit to Switzerland about the annual crop of the chamois skins and ascertained that from 5,000 to 6,000 skins would be a fair average yearly crop. This skin is heavier than the skin of the sheep or lamb, also much coarser. For strength and durability the chamois skin is preferable, but for ordinary use and appearance the oil tanned sheepskin lining would in most instances be preferred.

Got Near It.
Druggist—Try it again, little one. What was it your mamma told you to get? Little Girl (with another severe mental effort)—I think it was "I died of possum." I want 10 cents' worth.

Sculptors' Potboilers.
They were walking past a beautiful pink and white house in New York whose door cap was most exquisitely carved. The sculptor pointed to it. "My work," he said. "That's the pot-boiling I do while I work on my masterpiece. It is nothing unusual with sculptors to do such work. Two of the finest pieces that were sold to the Metropolitan museum last winter were done by a man whose regular business it is to make door caps."

The Usual Way.
"Papa," said Jacky, "would you like to have me give you a birthday present?"
"Yes, indeed."
"Then now is the time to double my weekly pocket money, so's I'll have the money to buy it when your birthday comes."

Stung to the Quick.
"Henry, you look very pale. What's the trouble?"
"I was stung to the quick by an adder this afternoon."
"How did it happen?"
"Why, I dropped in at the bank, and the bookkeeper told me my account was overdrawn."

Look out for This Fake.

I a recent issue of The Star I noticed a letter written to you as to the reliability of a certain Montreal firm wanting ladies to do plain sewing at home—good pay, etc. I wish to say I am one who was taken in by the same firm. My mother is an invalid, being the only child, I consequently had to stay from business, and, seeing this ad. in the paper, and thinking it would be quite a help, I wrote, I received a reply stating that on the receipt of one dollar I would get sample, and if satisfactory, would forward me more. I received the sample, and set to work. The one I turned out was exactly as the sample, and, as I am an operator, and have been for a number of years. I was no greenhorn at sewing. I mailed mine, and, to my astonishment, received a reply that my work was unsatisfactory, the company keeping it, and if satisfactory, would forward me more. I received the sample, and set to work. Prominent Manufacturer Speaks.

In Vanleek Hill, Ont., no one is better known than Geo. S. Watson. When he says "Catarrhoezonia is a real cure," depend on it being so. "My wife" he writes "was subject to bad attacks of throat irritation and bronchitis. Many remedies were tried but few proved at all useful. Catarrhoezonia was different. It seemed to get right at the sore spots and brought relief quickly. We found Catarrhoezonia an absolute cure for bronchitis and catarrh." Nothing cures more quickly so get it to day, two sizes, 25c and \$1.00 at all dealers.

She Made Up Her Mind Early.

From Judge.
A city grammar school teacher asked her children what they were going to be when they grew up. The boy pupils declared intentions in the way of street car motormen, ship captains, burglars, and presidents. The girl attendants between school teachers and nurses. One little girl had been silent during the questioning.

"Mable," said the teacher, noticing her reticence, "what do you intend to be?"
"I'm going to be a mother," replied Mable decisively.

The Town's Best Man.

The best man we have in our town is the one you will always see on the front seat in the progressive "band wagon." He is the first one to extend an open and warm hand to greet the stranger and welcome him to the best town in the province. He will resent an insult to our town as quickly as he would a slur at a member of his family. He is ever ready to give his just proportion to every public enterprise. He talks up our town at home and abroad and believes it is the best place on God's green earth in which to live, and desires to be buried here when he dies. Let us all try to like this man for one year and our town will take on a new life and improve as never before in its history.

Royal Sportsmen.

Many women royalties of Europe love sport and are excellent markswomen. The queen of Italy is a dead shot and practices with both gun and revolver on the island of Monte Cristo. The queen of Portugal shoots straight and has received a German medal for saving life. The Grand Duchess Cyril of Russia—King Edward's niece—shoots well enough with gun and revolver, and her sister, the crown princess of Roumania, also shoots and is a splendid horsewoman.

Town Clerk Dead.

Strathroy, Nov. 23.—Town clerk, F. J. Craig, died suddenly at 2:30 this morning, heart failure being the immediate cause of death. The late Mr. Craig suffered a slight paralytic stroke about a month ago, but recovered sufficiently to be around again, although he was not able to attend to his duties. He was seen in the streets yesterday and his death was a terrible shock to his many friends and relatives.

For the Stomach Heart and Kidneys

Dr. Shoop's Restorative is a Cause Cure—not a Symptom Cure.

It is a common mistake to take artificial dressers for stomach troubles—or heart stimulants for weak heart—or so-called kidney remedies for diseased kidneys. These organs do not act separately or of their own accord—they have no control over themselves—and not once in 800 times is the sickness the fault of the organ. It is the fault of the nerves which control the organ—and only through these nerves can stomach, kidney or heart disorders be cured. Dr. Shoop, of Racine, Wisconsin, learned early in his medical experience that these inside nerves were the power nerves—that through them only was it possible to digest, heart, backache, heart weakness, and Bright's disease of the kidneys. For all these ailments are not separate ailments as such. They are merely symptoms of inside nerve weakness, and when the inside nerves are restored the symptoms and the sickness disappear. The remedy which Dr. Shoop prescribed for these ailing nerves is known as Dr. Shoop's Restorative. It relieves the pain and distress of kidney, stomach and heart troubles quicker even than those medicines designed simply to give temporary relief. Dr. Shoop's Restorative (Tablets or Liquid) can now be had of druggists everywhere. For sale and recommended by

ACHING KIDNEYS.

Made Sound and Strong by Dr. Williams' Pink Pills.

There is probably no one in the town of Paris, Ont., who does not know Mr. Samuel C. Robinson, and who will not readily accept his word when he says that Dr. Williams' Pink Pills cured him of an obstinate kidney trouble after other treatment had failed to give him more than temporary relief. To a reporter of the Star-Transcript Mr. Robinson freely gave permission to publish a statement of his case in the hope that his experience might benefit some other sufferer. He said: "I have suffered from kidney trouble for about three years. Sometimes my back ached so severely that I was unable to work, and at times it was almost impossible for me to straighten up. I had to urinate very frequently and often had to get up several times during the night. At different times I was under the care of doctors, but I only got relief for a time. I also tried a number of medicines and backache plasters, but none of them helped me and I began to think the trouble could not be cured. One day during a conversation with a friend he asked me why I did not try Dr. Williams' Pink Pills, saying that he had used them and they had done him much good. I decided to try the pills and it was not long before I felt greatly benefited. I continued using the pills for sometime longer and I am glad to say that every vestige of the trouble has disappeared and I am now as well as ever. Dr. Williams' Pink Pills have proved a blessing to me and I gladly recommend them to anyone similarly afflicted."

Dr. Williams' Pink Pills are the greatest cure in the world for all the common ailments of men and women—for all weakness and weariness, and backaches and headaches of anemia; all the heaviness and distress of indigestion; all the pains and aches of rheumatism, sciatica and neuralgia, and all the ill health that follows any disturbance of regularity in the blood supply. All these ailments are caused by bad blood and Dr. Williams' Pink Pills actually make new, rich, red blood. They strike straight at the common root of disease. But you must get the genuine pills with the full name Dr. Williams' Pink Pills for Pale People on the wrapper around each box. Sold at 50 cents a box or six boxes for \$2.50 by all dealers or The Dr. Williams' Co., Brockville, Ont.

MARRIED IN LONDON.

A wedding in which a great many of London's young people were interested was celebrated on Saturday in St. Paul's Cathedral at 4 o'clock, when Miss May Noble, daughter of Mrs. Mary E. Noble, was united in marriage to Mr. John Campbell, of this city, Rev. Canon Dann, rector of the cathedral, officiated.

At the appointed hour the bridal party entered the church and proceeded up the aisle to the altar, while Mrs. Frederick Scream played the Wedding March from Lohengrin. The procession was led by the ushers, Messrs. Dr. Barnes (Guelp), and George Hutchinson, Frank Ware and Dr. Scott of this city.

Following the ushers came Mrs. Wm. Robinson, matron of honor. She was becomingly attired in a princess gown of blue silk, with heavy cream lace panels, front and back, and lace sleeves. Her hat was of cream lace, with pale blue plumes.

Miss Bessie Noble, the bridesmaid, wore a beautiful princess gown of silk with lace trimmings, and a hat of pink lace, with pink plumes. The bride was accompanied by her mother, who gave her away. She looked very charming in a princess gown of heavy white lace over satin, with wide rose trimming. She wore a veil of white embroidered net in rose design, and carried a bouquet of roses and lilies of the valley.

Mrs. Noble, mother of the bride, wore a handsome black costume, with a hat to match.

Mrs. Scream wore a cream lace gown, with a purple plumed hat. The bridesmaid and the matron of honor carried sheaths of chrysanthemums.

As the party was entering the vestry to register, Mrs. William Robinson sang, "O Fair, O Sweet and Holy," very pleasingly.

After the ceremony a reception was tendered at the home of the bride's mother, 355 Waterloo street. The house was decorated throughout with chrysanthemums, while the cathedral was decorated with chrysanthemums and palms. The groom's present to the bride was a ruby surrounded with diamonds. The high esteem in which the young couple are held by their many friends in this city was shown by the array of beautiful presents.

Mr. and Mrs. Campbell will take up their residence in this city after a short honeymoon in the eastern provinces. They left in the evening on the 6.40 train for Toronto.—Advertiser.

The bride is well known in Watford, where she visited frequently, and many friends here join in congratulations on the happy event.

FARWELL ADDRESS.

Previous to leaving Pt. Rowan for Watford Mr. and Mrs. V. E. Brown were presaged with the following address by the Baptist church people in that town:

To MR. AND MRS. V. E. BROWN
Dear friends—It is with sincere regret that we have witnessed your departure from Pt. Rowan, we are hoping for our sakes that you will soon return to us again. But whether this may be so or not we could not let you go without at least expressing our high esteem for you both. For many years you have lived in this community and all that time you have adorned the doctrine of God our Saviour in all things. Mrs. Brown as President of the Ladies' Aid Society and Mr. Brown as Deacon and Clerk have rendered noble and invaluable service to this church. At all times and in all places you have labored with us in the Gospel and your faithfulness and loyalty have been an inspiration and an example to us. We wish you good health and God speed.

COMMUNICATIONS.

Rev. Mr. Stephens.

Rev. H. L. Stephens, Toronto, who has been conducting evangelistic meetings in Caldwell's hall for eight days, returned to his home on Monday. Mr. Stephens is a Lambton boy; the family having lived in the township of Moore near Bridgen, until his young manhood, at which time they moved to Detroit where he spent some time in "The Slums of The City in rescue work among the most depraved." Afterwards moving to Toronto he established The West Queen St. Mission at 1152 Queen st. West.

Mr. Stephens is fully given to his work, has implicit confidence in God and relies only on Him for results.

The believers who heard him here, heard him gladly, and were quickened and edified and many souls saved.

His work is inter-denominational. He and his parents and other relatives have been well and favorably known to some of our citizens here for many years.—A Friend.
