ONE CENT

KITCHENER TO GET \$250,000

King Edward Also to Confer on Him
the Title of Viscount for
His Services.

STILL HAS WORK TO DO IN AFRICA

Has Been Promoted to a Generalship—Boers and Britons
Fraternize.

London, June 4.—In the House of Commons today the government leader, A. J. Balfour, presented a message from King Edward, as follows: "His Majesty, taking into consideration the eminent services rendered by Lord Kitchener, and being desirous, in recognition of such services, to confer on him some signal mark of his favor, recommends that he be made Viscount of Biddulph."

Lord Kitchener has been promoted to a generalship—Boers and Britons fraternize.

It was announced this afternoon that Lord Kitchener had been created a viscount by King Edward.

The rank of viscount is just below an earl and above a baron. It is the title of the eldest son of an earl. A viscount's eldest son and his daughters are born respectively of the rank of a baron and of baroness. Younger sons have no definite equivalent now that the degree of baronet is obsolete, but they come above the younger sons of barons. All sons and daughters without distinction bear the title "honorable."

Lord Kitchener has been promoted to be a general.

Why Only \$250,000.

The fact that the Kitchener grant is only \$250,000 created considerable discussion in the parliamentary lobby, and some regret was expressed that it was not equal to the award made to Lord Roberts, \$1,000,000 (\$500,000). It is known, however, that during the continuance of the war the question of granting Lord Kitchener \$1,000,000 was seriously discussed by the authorities, but the smaller amount was decided upon on the ground of Lord Kitchener's lesser rank, coupled with the fact that he received \$20,000 (\$15,000) at the close of the Sudan campaign and is still comparatively young, unmarried and at the height of his military career, while Lord Roberts is old, has a family and is not likely to have a further chance to distinguish himself.

LEFT FOR ENGLAND.

Durban, Natal, June 4.—The Times of London states that Lord Kitchener has left for England, and that Gen. Lyttelton is acting commander-in-chief of the British forces in South Africa.

KITCHENER STILL WORKS.

London, June 5.—Although it is recognized that the rapid advancement made by Lord Kitchener has not been paralleled since the times of Nelson and Wellington, and that in the course of his life Lord Kitchener is likely to attain to the greatest possible distinction the Sovereign can confer, almost all the morning newspapers in London comment upon the grant of £250,000 (\$250,000) to Lord Kitchener as unnecessary.

The report that Lord Kitchener will come home for the coronation of King Edward is incorrect. He still has much to do in South Africa, and it is not likely that he will leave there before the middle of July. The South African commands will then be divided.

General Lyttelton taking charge of the Transvaal and the Orange River Colony and General Ian Hamilton relieving General French in command of the forces in Cape Colony.

LIKE A PICNIC.

Pretoria, June 4.—The ballot of the Boers at Vereeniging resulted in 54 votes in favor of surrender and 6 against it.

The surrender of the Boers will take place on the race course. Thanksgiving will be June 8.

Gen. Botha has written a letter, exhorting the Boers to be loyal to the new government. Ament the peace.

Botha says: "It is the happiest day of my life since I left school."

The departure of the Boer commanders from Vereeniging for their various districts was marked by remarkable scenes of fraternization. The trains conveying the Boers started late, and the night being extremely cold, the sentries along the railroad track lit huge bonfires, round which groups of Boers and Britons gathered, forming a highly picturesque scene. The late opponents joined in such songs as "Hard Times Come Again No More" and "Old Folks at Home," the British soldiers and the burghers outlying one another in their demonstrations of joy. In brief, the scenes with the departure of the trains resembled nothing so much as the starting of huge picnic parties.

The same signs of rejoicing were witnessed through the Rand. Flags were displayed everywhere, and thanksgiving services were held in all the towns.

THE KING TO CANADA.

Ottawa, June 4.—The following cable was received by the Governor-General today: "Minto, Ottawa—London, June 4.—I have received His Majesty's commands to convey to your parliament and to the people of Canada his sincere thanks for loyal congratulations and good wishes expressed in your telegram of June 2."

SMITH-FOWKE EPISODE

Magistrate at Oshawa Taxes Him \$20 and \$27.50 in Costs.

THROWN UNDER THE ENGINE

Culvert Undermined Near Calgary Causes a Serious Wreck on the C.P.R.

Oshawa, June 4.—The hearing of the case against William Smith, ex-M.P., for assaulting Mayor Fowke at Columbus on May 24 last, took place before Magistrate Murton here this afternoon, and the attraction proved a great one. The Town Hall being filled. It was noticeable that almost every Liberal around Columbus was present, and it caused a good deal of wonder that they should take so much interest in an ordinary assault case; but the thing was soon explained—they had all been summoned. It was well known that Mr. Smith had no intention of making any defence, and when the charge was read he declined to make even the plea of provocation. He simply left it to the magistrate to levy a fine, which was fixed at \$20 and \$27.50 costs, and paid the amount without a word of comment. This was the limit in both fine and costs.

C.P.R. STILL ACTIVE

Decline Due to the Effect of the Anthracite Coal Strike.

Yesterday was one of the biggest days yet in Canadian Pacific on the local exchange. It became very active in the afternoon on the decline. At the close 137 was bid for more. The decline was entirely due to the general weakness in New York where the coal strike uncertainty dominated everything. In the afternoon, there was heavy buying by people who had sold higher up, and took the opportunity to get in again at the decline. The latest news was that the New York Board of Trade had asked President Roosevelt to appoint a special commission to settle the coal strike. The appointment of such a commission would, no doubt, soon bring about a settlement. At all events, the coal strike cannot last very much longer, and, as this is the only adverse factor in the situation, a resumption of the upward movement in the stock market may be looked for at any time.

Canadian Pacific earnings for the month of May showed an increase of \$78,000, and for the 11 months ending May 31, an increase of \$6,123,000. Total earnings for the year will be over \$38,000,000.

THE STRIKE SITUATION.

Wilkes-Barre, Pa., June 4.—More engineers, firemen and pump runners obeyed the call of the Miners' Union and struck today, but in most instances, the coal companies were able to fill the places of strikers. The Susquehanna Coal Company's colliery No. 5, at Nanticoke, was the worst sufferer, all the firemen refusing to go to work, and the company to shut down the engines. This colliery furnishes the power for the water works at Nanticoke, and unless the engines are again started, the borough will have a water famine to contend with. The company will allow its mines to fill with water, and let the borough get its water supply as best it can.

MONTREAL BONDS SOLD.

Montreal, June 4.—At a meeting of the Civic Finance Committee today tenders were opened for the new \$2,000,000 Montreal loan. After examining the tenders, the committee decided to recommend the acceptance of the offer of Coates & Son of London, Eng., who tendered for the whole loan at 98 1/2 to 120 at 3 1/2 per cent. interest.

CUBAN RAILWAYS.

New York, June 4.—Articles of incorporation were filed today in Jersey City by the Insular Railway Company, which proposes to build and operate railroads in Cuba. The capitalization is \$2,500,000, all common stock, of which \$500,000 has already been paid in with which to begin operations.

KNOCKED DOWN WITH A CUE.

Windsor, June 4.—Angus McLeod and William Dalton became involved in a dispute in a local billiard room today. Dalton approached McLeod, who was sitting at a billiard table with a billiard cue, felling him to the floor, and rendering him unconscious. McLeod was arrested, and Dalton was removed to the General Hospital. He may not recover.

THREE MEN LOSE THEIR LIVES

Engineer Dorn, Brakeman Dunn and Car Inspector Corsey Are the Unfortunates.

Calgary, N.W.T., June 4.—A serious accident occurred on the C.P.R. five miles east of here, at half past 6 o'clock this morning. Owing to the recent heavy rains, a culvert had become undermined, and Engineer Dorn, with a freight train, dashed into the culvert, which gave way, precipitating the train into the water along the track. He, Brakeman James Dunn and Car Inspector Corsey were thrown under the engine, and plunged there in eight feet of water. The train was telescoped and six freight cars piled on top of the engine. The wrecking crews from east and west went to work removing the debris, and traffic was resumed before midnight and the bodies of the unfortunate men recovered. Passenger train No. 1 was fortunately late or much more frightful loss of life would have occurred. Brakeman Carson had his foot crushed by the drawers while coupling cars last night at Lagan. He was staying on one car and holding on with his foot when the cars came suddenly to a halt, catching his foot. He was brought to Calgary, and his foot which was terribly mangled, will have to be amputated.

CAUSE OF CONSUMPTION

Resolutions Passed by the Tuberculosis Congress to Prevent Spread.

New York, June 5.—Dr. Barrick of Toronto was elected third vice-president of the Tuberculosis Congress today. Dr. Bryce was made treasurer. In conclusion the delegates decided that tuberculosis was ordinarily communicated by the dried sputum of a consumptive, and resolving that there should be State and municipal supervision of all public conveyances used for the transportation of passengers, and in view of the fact that spittoons in the seats of public conveyances favor the spread of tuberculosis and is injurious to the public health it is recommended that the transportation companies be induced to pass and to enforce rules against this act.

KILLED BY A CAVE-IN

St. Catharines, June 4.—Thomas Cahin, an employe of the Waterworks Department, was almost instantly killed this afternoon by a cave-in of a trench he was digging. Another man named Overholt was injured, but will recover.

BROCKVILLE BYLAWS CARRY

Brockville, June 4.—A vote was taken to-day on three bylaws, viz.: to expend \$10,000 for exhibition buildings on the Fair Grounds; to expend \$11,000 in alterations and improvements on the Town Hall, or Victoria Park, as it is known; and a bonus of \$20,000 to the Union Hat Co., now located at St. Johns, Que. The first two bylaws were carried by majorities of 5 and 41, respectively, and the last was defeated because of an insufficient vote.

GREATER ACREAGE THIS YEAR

Mr. Thorpe, representing McWilliams & Everist, concurred in the views expressed by the other gentlemen here. Increased acreage between Oakville and Hamilton for this year has been given to the fruit-growers, and the greater is more largely cultivated in this district.

Looks For a Great Crop.

Mr. Vance of Vance & Co. was the most enthusiastic commissioner man assigned to the fruit-growers here. He said, "It is simply immense, and if the fruit market do not know what we will do with it all," he said. Mr. Vance has gone from one end to the other of the fruit-growing district, and the prospects for an abundant crop were never better.

Everywhere the reports indicate a plentiful crop of all fruits. The strawberry crop, especially, will be large. "I have seen the samples have reached Toronto from across the lake. This berry is not a luxury, as some of the fruit commission men observe, but is within the reach of all, which is a gratifying circumstance, for an old writer has said: "Doublets God could have made a better berry, but, doubtless, God never did."

FRUIT OUTLOOK SPLENDID

Toronto Commission Merchants Get Rosy Reports from the Niagara District.

STRAWBERRIES WILL BE PLENTIFUL

Other Small Fruits All That Growers Can Wish—Little Damage From Frost.

In view of the vast importance of the fruit industry to the Dominion of Canada, and more especially to the Province of Ontario, its success or failure is a matter of deep concern to all. No special branch of the fruit industry has within the past few years shown such remarkable expansion as the culture of the strawberry. That portion of the western peninsula lying between Bronte and St. Catharines, has more than any other shown special suitability for the culture of this luscious fruit. The World called upon many of the leading wholesale commission houses of the city, who are in touch with every portion of the Niagara Peninsula, as well as the more distant points, and their views concerning this important industry are of considerable value and interest.

AN IMMENSE YIELD

Mr. Cleghorn of Cleghorn & Smith was very optimistic regarding the outlook. Mr. Smith is at present in the west, making a trip thru the fruit district, and his reports leave little doubt as to the immensity of the crop. The yield will be fully an average one, with a much larger acreage. This is especially true with reference to the strawberry crop, but raspberries, except in a few localities, are likewise in fine condition. All small fruits promise an abundance, and the late rains have stimulated growth wonderfully.

A GREAT FRUIT YEAR

McBride Bros. & Co., 33 Church-street, were very sanguine regarding the prospects, and their advice from all points indicate that this will be a great year in the history of the fruit trade.

Chas. Kimpson of Colborne-street stated that this would be more than an average year, and that notwithstanding slight damage to the first bloom of strawberries from frost, little harm would result. Small fruits, such as raspberries and currants, promise fair returns.

LITTLE DAMAGE FROM FROST

Mr. Cleghorn of Cleghorn Bros., the well-known Church-street fruiterers, summed the matter up in few words. A good big crop, with little or no damage from frosts, were Mr. Cleghorn's conclusions, based on a thorough knowledge of the subject.

DEMAND FOR THE STRAWBERRY

The Toronto Board of Trade Commission Company is greatly impressed with the possibilities of the fruit trade, and attributes the enormous expansion along this line to the improved condition of the people generally. With increased prosperity came a desire for increased comforts, and the increased culture and consumption of the strawberry is a consequence.

From reports received from an area ranging from Bronte to St. Catharines, and on to Niagara, Devon believe that this will probably be a record year, as regards the great western peninsula. A little early in the season, the fruit-growers have the outcome, he regards the peach crop as especially promising, but Mr. Dawson believes that the peach crop, if accompanied by cold rains, is unfavorable to the proper development of this fruit.

GREATER ACREAGE THIS YEAR

Mr. Thorpe, representing McWilliams & Everist, concurred in the views expressed by the other gentlemen here. Increased acreage between Oakville and Hamilton for this year has been given to the fruit-growers, and the greater is more largely cultivated in this district.

HURRYING HIM OFF.

Mr. Ames, President of the Toronto Board of Trade, welcomed the delegates. In doing so he said their conference came at an opportune time, just before the conference to be held between the colonies in London. He considered that advantage should be taken of the conference to discuss questions of internal interest to Canada. It was now a time when Canada should take careful stock of her domestic affairs. In the great empire of which she formed a part it was felt that Canada had no reason to complain of the part she had taken. No country had elements of success that were lacking in our own, and these elements of prosperity should be recognized, studied, safeguarded, and there should be intelligent co-operation among the different countries. Mr. Ames referred briefly to the Boer war, saying the best news for many a day was that the Boers were no longer our enemies, but would soon be proud of the empire to which they now belonged. The treaty of peace was doubly welcome, coming as it did just before the coronation ceremonies. This conference, Mr. Ames added, was not designed to usurp the function of parliament, but as business men they had met to confer on matters of mutual interest, and it was hoped their opinions would have some influence on the country at large.

ON A BUSINESS BASIS.

In the discussion that ensued on the opening of the afternoon session, J. X. Perrault, Gaspé, said Canada, in the near future, was to be the Greater Britain, and if the Imperial parliament understood their interests they would be able to compete with any country in the world.

Robert Munro, Montreal, said England would benefit from the change proposed as much as Canada.

John Russell, president Winnipeg board, would attach more importance to the internal policy than to objects to be obtained from concessions on the British market.

For Mutual Preference.

C. A. Young, Winnipeg, declared that prosperity would follow a mutual preference. We were prepared to give Britain all the wheat she needed if she would give us better access to her markets.

F. B. DuMoulin of the Quebec board was of the opinion that closer relations with Britain would make the United States more hostile to us than ever.

C. K. Hagedorn, Berlin, was in favor of a preference for her own products.

D. R. Wilkie, Toronto, moved an amendment affirming that the time had arrived when Canada should assume responsibility for her own protection. He also suggested the use of the word "differential" for "preferential." As to the United States becoming more hostile, he thought they had done their worst.

The discussion was adjourned at 1 o'clock.

WHERE HISTORY BEGAN.

History begins, with most men, when they take unto themselves a wife. The occasion, therefore, demands particular notice. One thing, we always attach to a dress, a silk hat to top it off. The best silk made, however, is not worth the cost any more than the other kind. One of Dineen's silks. The finest made anywhere, and some you can't buy beyond Dineen's in Canada. CONFERENCE OPENS TO-DAY

At the Methodist Ministerial Session Yesterday Several Were Passed for Ordination.

REV. HUNTER'S APPLICATION REFUSED

He Cannot Re-Enter the Active Ministry—Rev. James Allen Stated for President.

The ministerial part of the Toronto Methodist Conference transacted their business yesterday and prepared reports on several matters that will come before the General Session, which commenced this morning at 9 o'clock in the Metropolitan Church.

President Rev. J. F. Ockley presided, and a large number of delegates were in attendance.

At the morning session, the usual custom of inquiring into the characters of the ministers was gone through with the result that all were found satisfactory. The following were recommended for full connection with the church, and will be ordained on Sunday morning: George R. Kitching, William F. Adams, D. S. Thomas, W. Ruddle, B. A. B. D., George Wether, Charles B. Jeffrey, Richard H. Erett, William H. W. Webster, William G. Evans, Edward Crockett, Frank A. Magee and Austin J. Misenar, M. A.

The following were appointed a Committee on Conference Relations: Revs. Dr. Hunter, Dr. Stone, Dr. H. Matthews, Peter Adison, Dr. Herman, T. E. Bartley, Dr. Chambers, Dr. Longford and Dr. Hunter. The name of Rev. Isaac Newton Wilson of Sudbury, who left the district for the United States without permission and without notice of resignation, was struck off the roll. The resignation of Rev. G. B. Service, also of the Sudbury District, who is moving to the United States, was accepted and he was relieved of his duties at the departure of Revs. Alfred Brown, Joseph Oliver and H. M. Manning, who are transferred to the London Conference, was passed.

At the afternoon meeting, the committee appointed to investigate the applications for reinstatement in the active ministry presented a report. The application of Rev. Dr. W. J. Hunter, a supernumerary minister, who has received a call to Berkeley-street Methodist Church, was refused. Dr. Hunter was transferred from the Montreal to the Toronto Conference as a supernumerary. The action taken in this matter is now final.

A large number gathered in the church in the evening to listen to an evangelistic service, conducted by Rev. G. R. Turk, the Conference evangelist.

It is almost certain that Rev. J. F. Ockley will be succeeded as president of the Toronto Conference by Rev. James Allen of Sault Ste. Marie, and formerly pastor of Sherbourne-street Methodist Church in this city.

A NEW SENATOR

The Globe's Ottawa correspondent says: The appointment of F. T. Frost, Smith's Falls, to the Senate in succession to the late Mr. Clemon is as good as made.

A Mud Volcano

Baku, Russia, June 4.—A mud volcano near Baku has erupted.

Lost Hair

It's risky, this losing of the hair. You may not get it back again. When the hair first begins to fall out use Ayer's Hair Vigor. It will stop the falling and will make new hair come in. And it always restores color to gray hair.

"My hair came out badly and was falling out. I tried Ayer's Hair Vigor. It stopped my hair from coming out and completely restored the color." Mrs. M. D. Gray, North Salem, Mass. St. Al. Gazette.

THE POLITICAL SITUATION.

Premier Ross and his son, G. W. Ross, Jr., will call for the coronation on June 14, next, from next Saturday. This is the statement that has emanated from a cabinet minister. A verification of it could not be got last night. The Premier religiously refrains from discussing the coronation.

The World has been informed that an endeavor will be made to disqualify D. Murphy, member-elect for Ottawa, on the ground that he is surety for his son-in-law, who is a member of the House of Warwick Bros. & Rutter, Government Printers. It is contended that this is a violation of the law, because the other hand, it is maintained that the law on the point is beautifully indefinite and that it is a wonder no intention whatever of resigning under the circumstances.

Dr. Jessop, the successful Conservative candidate for Lincoln, came into the city yesterday. He is taking about the San Jose scale now, but the unusually large majority he was fortunate enough to pick up for himself. He had two opponents—a straight Liberal and an independent Conservative—and his friends declare that, if it had not been for this last-mentioned gentleman, he would have been 200 or more votes to the good. The plan of campaign that was worked out, however, is a wonder to himself either did not mark his ballot, or voted for the Liberal candidate.

In West Huron, James Mitchell, the Conservative, stands against him, had a majority of 23 against him, and has applied for a recount. If the report is to be believed, it is a wonder the majority wasn't much larger. On election day, it is said that about 70 voters were brought into the riding on railway tickets furnished them, and cases are mentioned where voters were given out at Owen Sound. If Mr. Mitchell does not gain the seat on a recount, he will immediately protest the election.

In the election in West Nipissing, it is said that a Provincial constable in the employ of the Ontario government, and prepared to take steps to be taken by the friends of Major Frank Cochrane, the Conservative candidate, to prove to the officer that the purchasing of votes for the Liberal candidates is not one of the duties of his office.

The recount in Lennox is held to-day, where the Liberal candidate is credited with a majority of 2, and the official count is before the public. It will be made to-day. The result is being awaited with considerable interest.

The returning officer for Frontenac yesterday, and they show that J. S. Gallagher (Conservative) has a majority of 71. The Conservatives in all 33 rejected ballots.

The official count in East Hastings gives Russell (Lib.) 53 of a majority. A protest is talked of.

The official count for North Grey has been postponed until Friday, and an account of two certificates not being returned by deputies.

Nelson Monteth, Conservative candidate in South Perth, was in Stratford yesterday, and declared his vote for the majority of Stock (Lib.) is only 41, although dispatches from St. Mary's, Ont., state that he was elected by 71. The difference in figures is at a poll in Logan, which was held on Friday, and which, it is said, Mr. Monteth claims 79 to 40 in his favor. If this turns out to be true, there is more probability than ever that a recount would elect Mr. Monteth.

The St. Catharines Star says: A report is current in this city to the effect that it has been ascertained that 100 ballots were illegible in Welland. Each was marked with an indelible pencil in favor of the Conservative candidate. The report is said to have come to light in connection with these ballots show. It is said, that the report was made by a man who was in the city during the election day, and stuffed into the ballot boxes during the course of the day.

H. J. Pettipiece, Liberal member-elect for West Lambton, and former member, Liberal member-elect for Port Arthur and Lake of the Woods, are in the city, and declared their vote for the Conservative candidate. Mr. Pettipiece is said to have said last night: "The Conservatives up to this riding say the only way to get out of the trouble is to let the Conservatives win. I say that everything in West Lambton went up and above and the fight was won honestly and squarely."

H. M. Mowat, president of the Toronto Reform Association, denies the story that he was besieged in his office yesterday by a number of persons clamoring for a settlement of their accounts for services rendered during the election. He says that he never had a couple of men come to him a day or so ago, and demanded money, but he did not know them. Whatever the facts of the case are, a crowd, at any rate, met in the conference room yesterday, and gave vent to their feelings by making "rough house."

Senator James McMullen, who was in the city yesterday, expressed the opinion that in the referendum the vote of the referendum are fair to the temperance people. He also thinks that Premier Ross deserves better treatment at the hands of the people, and could not for the life of him understand how some of the constituencies ever came to leave the Liberal fold.

CONFUSION, NOT OMISSION.

Editor World: In this morning's issue of the World, there is a dispatch from Cobourg, in which my name is mentioned, and statements are made that the names of voters had been left off the poll book for No. 6 Cobourg, prepared by me. These statements are quite incorrect, and I shall deal with them in order. It is said that "in number 6 division in Cobourg, for instance, two well-known Conservatives, A. Barber and Sydney Rowaback, who left off the poll book by the County Crown Attorney." This is quite incorrect. Mr. A. Barber and Mr. Sydney Rowaback's names appeared on the supplementary list, and as they were added at the supplementary sittings and not at the regular sittings, they were not on the list. As soon as I was sent for and learned of any confusion, I at once went to the poll book, and the names were both on the supplementary list in the poll book. Second, it is said that "prior to this I learned out that a voter who had come from Toronto to vote also found that

THE MAYOR LIKES SECRECY

Metropolitan Railway and Court Street Station Matter Will Be Discussed in Camera

BY BOARD OF CONTROL TO-DAY.

Island Campers Need Not Worry—Delay in Exhibition Buildings—City Hall Notes.

The Mayor has the secret session idea on his mind and at yesterday's meeting of the Board of Control he showed it. The matter of the Metropolitan Railway matter, according to His Worship, be considered on a quiet smoke. He wanted the matter to be discussed freely and privately.

The Peace Celebrations. The Mayor favors a religious celebration for the "peace" holiday. He does not want any howling, shouting, parading or anything of the kind. He thinks a general thanksgiving would be more appropriate to the occasion.

The Peace Celebrations. At first he had favored a flower procession of the Fire Brigade, but if he feared that this might lead to too much hilarity afterwards, there would doubtless be a holiday in Toronto on the date to be proclaimed by the Dominion government.

Saturday Half-Holiday. The heads of the various departments will be asked to report upon the advisability of giving a Saturday half-holiday to all civil employes this summer.

Assessment Appeals. The First Ward assessment appeals were before the Court of Revision yesterday afternoon. The total reductions were less than \$20,000, which included \$7718 from a parcel of land at Queen and Leslie-streets, which covers more than eight acres, and is owned by Sarah Hastings. The assessment is on a basis of \$1200 an acre, and the property adjoining it, on the north, assessed at \$300 an acre. The court reduced the assessment of the property fronting on Queen-street to \$1000 an acre, and the Leslie-street frontage will be reduced to \$200. F. W. Singer's personal assessment was reduced from \$2000 to \$500. He is a dry goods merchant on West Queen-street.

Two hotelkeepers objected to the assessment on their properties, James Seymour, Gerrard and River-streets, had his assessment reduced by \$1000 and a \$1000 reduction was granted to Anson Raymond, Wilton-avenue and Sumach-street. Other small reductions were made. There are 602 appeals.

Delay in Building. The Parks and Exhibition Committee yesterday afternoon and devoted a lot of time to the delay in the work of putting up the new Exhibition buildings. The contractors will be held responsible, as it stands at present, but the Board of Control will consider it.

Seating on Queen's Avenue. A. H. Hubbert asked that seats be placed on University-street or Queen's-avenue, north of Anderson-street. Ald. McMarchant opposed it, and said that when he was chairman of the committee a similar proposition had been made, but had not been adopted.

Campers Needn't Worry. Ald. Curry presided at a meeting of the Island Committee, and the position of campers at Humber's Point came up for consideration. The order to campers and occupants of shacks on the Humber and Humber's Point was called off, and no action will be taken against the campers this year.

His Rupture Cured. Was a Member of County Council Over 20 Years—What a Prominent Public Officer Says of Dr. Rice and His Method.

The following letter was written by one of the oldest and best known residents of Madoc and will appeal strongly to all people who are troubled with a rupture.

Dear Sir—I shall always be thankful to you for having cured my rupture. I can say I am cured at the age of 53 years. I can do any kind of work and am in the least harm. It ruptured myself only know the comfort to me and how you cured my rupture. It would not be a surprise if you were at liberty to publish it if by so doing I will do any good. I have a large acquaintance in this county who are elected to the County Council in 1840 and remained there for over twenty years, they resigned, but a short time after they received me to take the office of Clerk of the Township, which office I held up to January, 1888. I was also appointed Justice of the Peace in 1884 and in 1891.

A NEW SENATOR FOR OTTAWA. Senator Clemon of Ottawa is dead. He was a Protestant. Hon. R. W. Scott, the other Ottawa Senator, is a Roman Catholic. The name of Mr. Ahearn of the firm of Soper & Ahearn is favored by two of the Ottawa papers. It has been pointed out, that Mr. Ahearn is of the same religion as Mr. Scott, and his appointment therefrom would be a balance.

Another name, if long service counts for anything, is that of Mr. C. W. Mitchell of The Free Press, who for the 18 years that the Liberals were out of office, was a steady and consistent friend of the party. Similar conditions prevailed in the cells provided for male prisoners. Brief reference was also made to the dilapidated condition of parts of Yonge and Dundas-streets, in reference to which an indictment has been preferred against the city.

Referring to the county jail the jurors said that the plumbing through was in bad order. They referred once more to the necessity for provision for the lunatics confined in that institution. The majority of the public institutions were reported to be in excellent condition and deserving of unqualified approval. The remarks of the jurymen regarding the jail and police station His Honor considered well timed.

Three Months in the Central. William Broomegrove was sent to the Central Prison for three months. On Nov. 7 last Sydney Zartas, 483 Broadview-avenue, had his wheel stolen. A few days later a bicycle corresponding to the one stolen was offered for sale at a shop on East Queen-street, but the police directly afterwards lost track of it. Detective Forrest found a wheel which Zartas swore to as his in the possession of William Broomegrove. The wheel had been re-enamelled and otherwise made over in an attempt to disguise it.

City Pleads Not Guilty. In view of the fact that the city authorities are considering the repairing of Dundas and Yonge-streets roads and the Court-street station, the City Council Fullerton asked that the matter be left over until the 13th, when the case will come up again in formal plea of not guilty was entered.

Death of John M. Ryan. Yesterday morning death removed a well-known business man in the person of John M. Ryan, who passed away at his late residence, 1407 West King-street. Deceased was 39 years of age, and was a son of Peter Ryan, with whom he was a partner in the dry goods business on Colborne-street. He had been in business for about 25 years. The funeral will be held at 10 a.m. at the office in Buffalo for a year. He leaves a widow and two children. The funeral will take place at St. Stephen's Church to-morrow morning, thence to Woodlawn Cemetery.

Sum for \$25,000. William Blackley of 45 Cecil-street is the plaintiff in an action started yesterday against the Toronto Railway Company for \$25,000 damages. Mr. Blackley was injured last March by being struck on the head by a fragment of iron from a broken coupling pin. At the time of the accident he was standing at the corner of King and Yonge-streets.

ORANGEMEN'S GRAND LODGE

Under the Grand Lodge of British America.

Eleven Provincial Grand Lodges Federation of the Empire Favored

A Home for Aged and Infirm Suggested as a Memorial to the Late N. C. Wallace.

Niagara Falls, June 4.—The Orange Grand Lodge of Canada opened here this afternoon. Dr. Sproule, Grand Master, presided.

Grand Secretary Lockhart reported that 11 Provincial Grand Lodges were under the Grand Lodge of British America. A number of new lodges have been instituted. Three female lodges have been organized during the year, located as follows: At Stonehaven, Gloucester County, New Brunswick; Goodchurch, County Hall-burton, Ontario East; O'Leary Station, Prince County, Prince Edward Island.

Imperial Federation. The increase in membership shows a gain of 5000. The order has \$610,000 of property. The Grand Secretary's report also says:

Orangemen in every part of the British Empire are looking forward to the time when there will be a federation of the great empire of which we form a part. We may be met with the argument that it will require a length of time to bring about a federation with the legislative powers, suitable to the requirements of the various portions of the empire. At the same time let us remember the tendency of opinion in this direction. Let us, therefore, as members of a Protestant association, unite in a great Protestant federation to oppose all attempts:

1. To alter the Coronation Oath. 2. To open the throne of Britain to a Romanist. 3. To repeal the Bill of Rights or to open diplomatic relations with the Vatican. 4. To give any increased political power to the Roman Catholic Church or any other.

see that Canada would maintain its position among the nations. When Canada increased in wealth and power, the empire benefited accordingly.

Needs of Wheat Men. G. E. Amyot, Quebec, did not believe business could be transacted through a party alone.

Mr. Bell, secretary of the Winnipeg party, said that if you do not do it, then we want it done in Britain.

Mr. Chown, Kingston, said it would be a source of weakness for the empire to confine its purchase of wheat to Canada alone.

Mr. Kemp, M.P., Toronto, remarked that until the railways in Canada dealt with the grain men as in the United States, Canada would never be a milling country.

Mr. Bowman, London, thought the matter was not far distant when England would have to adopt a protective policy.

Mr. Sanford Evans: "You have in England a critical and not a very sympathetic public towards the whole matter referred to a committee."

Mr. Chown afterwards submitted a resolution from the Kingston Board, which was adopted by a large majority.

ITALIAN'S SUDDEN DEATH.

Rocco Gioliano Passed Away and an Inquest Will Be Held.

Rocco Gioliano, an Italian, about 50 years of age, died suddenly yesterday afternoon at the home of Mrs. Caroline Colletto, 163 Centre-avenue, where he boarded since his arrival in this city, a little over a year ago.

Mr. Ellis spoke in support of the motion. George Anderson, St. John, N.B., doubted the success of such a depot unless the matter was put in the hands of an extraordinary hustler; otherwise he would drop into sleepy officialdom.

The motion was carried unanimously, and the inquest, to be held at 2 o'clock to-morrow afternoon at Humphrey's Undertaking Rooms.

What Did She Mean? From The Chicago News. "Ah, Miss Frankling!" exclaimed the young man with the noisy tie as he approached the hammock in which the fair one reclined, "all alone, I see."

From The Ohio State Journal. Mr. Fijit: Here comes an automobile. Mrs. Fijit: Horrors! Where? Mr. Fijit: O, don't be frightened; it's mine!

Professional Endorsement. From The Boston Courier. After all it is said and done there is nothing truer in this life than "it is better to give than receive." At least, I have found it so in my experience.

Looking Ahead. From The Savannah Journal. Lawson: Watkins is a far-seeing man, isn't he? Dawson: Yes, he had names all picked out for his first children before he got engaged.

The Sister-Who. From The Philadelphia Bulletin. "She says she isn't afraid to tell her age." "Of course not. What she's afraid of is to have anybody else guess at it."

Drink Grano, Cereal Coffee. Mothers Grains' Worm Exterminator has no equal for destroying worms in children and adults.

Summer Sale Bargain Day

Two great springs of economy unite to-morrow—the Summer Sale and our regular Bargain Day. The result is a flood of bargains—a great river which will carry business along with a rush the moment the floodgates are opened at 8 o'clock.

A Great Bargain in Men's Summer Suits.

We are offering a chalk-line summer suit for \$3.75 to-morrow! Two pieces, coat and trousers. Not a nicer, more comfortable, handsome summer outfit could a man wear.

100 Men's Summer or Outing Suits, in light-weight tweeds and English hannels, in light, medium and dark grey, also navy blue ground, with light stripes, made single-breasted sack, unlined, with patch pockets, seams neatly bound, pants cut in the latest style and finished with keepers for belt, and deep turn-up at the bottom, sizes 34 to 44, regular 6.00, 6.50 and 7.00, sale Friday.

250 Pairs Men's Tweed Pants, good Canadian tweeds, the most of them are made of all-wool materials, medium and dark colors, in neat stripes and checks, strongly made and finished with top and hip pockets, sizes 32 to 42 waist measure, regular 1.00, 1.25 and 1.50, to clear Friday.
