

AVENUE ROAD—UPPER CANADA COLLEGE. Choice building lot 170 feet frontage. Location for gentlemen's residence: very best surroundings. H. H. WILLIAMS & CO., 26 Victoria Street, Toronto.

PROBS: East to north gales; snow or sleet.

GOLD IN CHUNKS PORCUPINE SAMPLES
Chicago Man Who Has "Got in" Early on the New Fields Brings Down Tangible Proofs of Richness.

The excitement in regard to Porcupine gold fields grows daily. Yesterday W. F. Edwards of Chicago came down from the camp bringing with him some of the most surprising samples that have yet been seen. Great big lumps of quartz, some of them 20 lbs. in weight, are simply shot with gold. He had on exhibition over 300 lbs. of samples in his room at the King Edward. Mr. Edwards bought early in the camp and staked claims in connection with J. Wilson, the original owner of the claims, now jointly owned by Edwards and Wilson.

Mr. Edwards has had a wide experience in gold mining in the western states and other places, and he has before in his experience he has seen what he saw and owns in Porcupine. He told The World that he knew of three distinct dykes or veins in the area, each being about two miles apart. One of these dykes, the one carrying the gold, he traced for over a mile, and gold has been found throughout that mile. On his properties the dyke is over 50 feet in width and gold can be found more or less right across it, as well as along it.

DR. PEARSON OF LONDON IN ROCK ISLAND DEALS
He Has Big Canadian Capitalistic Allies and is Heavily Interested in Mexican Properties.

NEW YORK, Jan. 13.—Powerful foreign interests, headed by Dr. F. S. Pearson, a London banker, owner of Mexican properties, with strong Montreal and other Canadian connections, recently have acquired in the open market large blocks of Rock Island common and preferred stocks. The exact amount is not disclosed, but probably represents about one-fifth of the whole. Some time ago Dr. Pearson attracted the attention of Wall Street, by organizing a \$40,000,000 syndicate which took over extensive Mexican properties owned by Col. Wm. C. Greene, and also the uncompleted Chihuahua and Pacific Railroad Co. This railroad, it is said, the Pearson interests will extend not only to the Pacific, but northward to El Paso, where it would fit in with the Rock Island.

Official announcement was made today of the resignation of Richard A. Jackson as president and director of the Rock Island Co., and of the appointment of Robert Walker, formerly assistant general counsel, as his successor.

BUDGET DEBATE RESUMED
No Interest Shown—Waterways Treaty and the French Tariff.

OTTAWA, Jan. 13.—(Special.)—Today's sitting of the house of commons was extremely dull. The budget debate was resumed and gave a few more members an opportunity to get their views into Parliament. A mere handful of members were in the house.

R. L. Borden asked if any progress had been made with the waterways treaty. The premier said secret negotiations were still going on, and that Mr. Borden's statement of reported difficulties regarding ratification of the French treaty, Mr. Fielding said he assumed the treaty would be ratified in the course of the session.

Mr. Borden asked if there was any truth in a speech by Sir William White, in England, describing as deplorable the way in which the waterways treaty had been handled in this country. Sir Frederick Borden said he would enquire.

Resuming the budget debate, Melcolm Schell (South Oxford) dwelt upon the value to Canada in a monetary sense of immigration from the States and Europe. He claimed that there had been a reduction in the tariff which had added to the free list which he estimated at \$1,188,279 in 12 years, showing that the policy of the government was more in the direction of protection than was that of his predecessors.

The more rapid development of the home market than the export trade was a proof of national growth. Dr. Chisholm (East Huron) commended bookkeeping methods of the government, whereby deficits were made to appear as surpluses.

Other speakers were T. A. Low (Stegonsville) and J. A. Sexsmith (East Peterborough).

A PASTOR IN WARM WATER
Erskine Presbyterians at Ottawa Will Make an Appeal.

OTTAWA, Jan. 13.—Trouble seems to be looming up at Erskine Presbyterian Church, whose pastor, Rev. C. W. Nicol, has not long left Sherbrooke, Que. As a protest against certain statements made at the annual meeting of Erskine church by the minister, Rev. W. Nicol, and his alleged unfairness in the conduct of the meeting of which he was chairman, certain members of the congregation, including the Rev. C. W. Nicol, have signified their intention of making an appeal to the presbytery of Ottawa at its next session in March.

Rev. C. W. Nicol asked that the congregation support the motion of presbytery to grant him six months' leave of absence. This was agreed to.

WILLED PAPER HIS PHOTO.
Winnipeg Man Suicides at Montreal "for Certain Reasons."

MONTREAL, Jan. 13.—(Special.)—A Winnipeg man committed suicide by jumping from the Queen's Hotel last night, his body being found this afternoon. Letters stated that he had a wife and two children in Winnipeg and that he had committed suicide for certain reasons. He also asked that a Winnipeg paper be notified and given a copy of his photograph. Nothing was said about notifying his wife.

HON. A. R. ANGER ILL.
MONTREAL, Jan. 13.—(Special.)—The Hon. A. R. Anger, formerly lieutenant-governor of the province, and one of the great figures in the political history of Quebec, is dangerously ill.

Coal Strike Ends Miners Go Back
President Plummer Will Recognize Men of Both Unions, and Soldiers Will Leave Next Week.

HALIFAX, N. S., Jan. 13.—(Special.)—The coal strike in the Dominion Coal Company and the U. M. W. is at an end. A large correspondent was informed to-night that President Plummer intends to recognize all the miners, irrespective of what organization they belong to, and that the strikers are willing to go back to the pits. The soldiers who have been in the colliery districts since early in July are to return to Halifax next week.

ABOUT A WOMAN OF PURGE AND RAGE
Friends Present Mrs. Scott With Purse of Money Before She Leaves the Court-room.

LONDON, Jan. 13.—(Special.)—Mrs. Martha Scott, charged with the murder of her father-in-law, Harvey Scott, was acquitted by the jury at 8 o'clock to-night. They were out exactly two hours, and the crowded court room patiently waited their return.

Mrs. Scott immediately after acquittal was surrounded by friends, and she took this up at the gate of the Thordale fair, he said, "and we want you to take it, just to show that our feelings are all right."

The West Nisour woman, bewildered almost to the point of speechlessness, was taken to a little restaurant on the market square, to have her first meal in freedom in more than four months. She was accompanied by her husband and little daughter Clara.

"Tell the people that I am thankful for their sympathy and help," she said to a reporter. "I have never felt that I committed a crime. I fired the shot that killed Harvey Scott to save my life."

The taking of evidence came to a conclusion shortly after two o'clock this afternoon. Mr. Meredith, for the defence, made an hour's appeal to the sympathy of the jury. Mr. Reade asked for a conviction on the evidence. Sir William Meredith said he did not think the evidence warranted a verdict of murder, but it must be manslaughter or acquittal.

"The jury has taken a merciful view of your case," his lordship said in discharging the prisoner. "You have had an extremely narrow escape. I hope it will be a lesson to you, and that the verdict of the jury will not encourage people to keep firearms in their homes and use them to take life, as you have taken life. No doubt you suffered persecution at the hands of Harvey Scott."

"The jury has taken a merciful view of your case," his lordship said in discharging the prisoner. "You have had an extremely narrow escape. I hope it will be a lesson to you, and that the verdict of the jury will not encourage people to keep firearms in their homes and use them to take life, as you have taken life. TWELVE PAGES—FRIDAY MORNING JANUARY 14 1910—TWELVE PAGES

WILL IT FIZZLE OUT?

CITY HALL WALES BILGE 4 INCHES OUT OF PLUMB
Great Gables Over Both Side Entrances Are Being Braced To Prevent Collapse.

is Toronto's \$2,500,000 city hall a house of cards? This palatial structure has been opened to the public a little over two years. It took nearly two years to build and now it is found that two of the walls are out of plumb and more than a dozen carpenters have been at work for days staying them to the danger of partial collapse, it is not being advertised by the authorities, but it was learned yesterday that the great gables over both side entrances were being stayed and braced, and that a dozen or more workmen are now bracing the triangle on the top floor over the eastern doorway and the room which has been used as a storeroom for the police is being emptied of that which has been deposited there, and it is being taken to a more stable part of the great stone pile.

Great beams are being made fast in the masonry of the wall and run back to the heavy timbers which brace the roof of the structure. It is not thought that any immediate danger attaches to the condition, which, nevertheless, is thought serious enough to have a deal of work done, and done quickly.

WORK OF THE N.W.M.P.
Force is Not Sufficiently Strong to Meet Demands.

OTTAWA, Jan. 13.—(Special.)—The North-west Mounted Police annual report states that on Sept. 30 last the strength stood at 51 officers, 600 non-coms, and constables, and 558 horses, a gain of two constables and 281 horses since the beginning of the year. There are 18,272 high-way crossings in Canada. Of these 1078 are protected, 167 by gates, 300 by overhead bridges, 379 by subways, 116 by bells, and 117 by watchmen.

The total mileage of electric railways in Canada may be put at 988. Gross earnings were \$14,824,926, a gain of \$81,837. Sixty-eight persons were killed and 2139 injured.

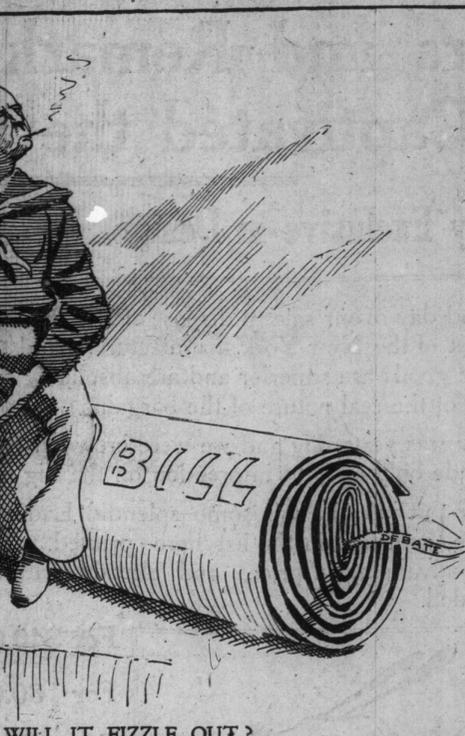

NAVAL DEFENCE EXPENDITURES
So Far the Government Has Spent \$470.

OTTAWA, Jan. 13.—(Special.)—According to a return tabled to-day, at the request of Mr. D. Munn, the total expenditure so far incurred in connection with the naval defence program is \$470, including \$234 for salaries and \$136 for travelling expenses. Four experts and technical officers have so far been engaged, being Rear Admiral Charles Kingzett, Commander J. D. D. Stewart, technical adviser, \$250; Lt. R. M. T. Stephens, gunnery expert, \$250; Staff Paymaster J. J. Ling, adviser on matters connected with stores, \$250. Last three officers have been loaned to Canada by the royal navy for two years.

CIVIC SCANDAL IN OTTAWA?
OTTAWA, Jan. 13.—Mayor Hope will investigate the truth of affidavits secured by an Italian workman to support his charges that some minor civic officials levy a toll from laborers they hire. The Italian says he paid \$15 to get a city job for a relative.

MIDDLEMEN MAKING THE MONEY.
ALBANY, N.Y., Jan. 13.—That the middleman is becoming a millionaire and the farmer a bankrupt was the general opinion of up-state producers of milk, who testified to-day, under examination by Special Deputy Attorney-General Coleman, regarding the alleged milk dealers' combine and the high price of milk.

A GIANT CRACKER.

WILL IT FIZZLE OUT?

ONE SAVED, 30 PERISH IN PACIFIC SHIPWRECK
Battered to Pieces Shortly After Leaving Harbor—Six Clung to Rigging Until Exhausted.

MARSHFIELD, Ore., Jan. 13.—Harry Kentzell, first assistant engineer, is the sole survivor of the wreck of the iron steamer Czarina, which yesterday drove on the north spit of the Goose Bay Bar, with a loss of 30 lives. At last he was rescued by the cutter of the U.S. Navy, which was carrying back to sea the wreckage of the ship and his companions were washed from their places in the rigging. Kentzell was swept toward land and again, but always was carried back to sea by shifting currents. Finally he got hold of a piece of timber and was slowly drifted shoreward.

When dawn broke to-day six forms that he intended to become leader of the opposition in the Ontario legislature, are about to meet at the opening of the house on the 25th, meet his followers, and communicate to them that he has decided to give up the chase for office, and like to the west where there are more opportunities for ambitious young men.

Since Mr. MacKay went west a few weeks ago, there have been several rumors that the Ontario Liberal leader would seek his home there. One was that he intended to become leader of the opposition in the British Columbia legislature, but this was considered unlikely, and the public has waited for a better location for him. Now it is in view of the fact that he is the legal representative of the Canadian Northern Railway in the west, and that seems more than probable that he will accept it last night, D. B. Hanna, second vice-president of the railway, said he knew nothing about it.

But whatever the future of the Liberal leader may be it is stated that his resignation as chief of the eighteen oppositionists in the house will certainly be forthcoming. Some of the oppositionists who have subscribed the salary paid Mr. MacKay as leader, withdrew their contributions, and a letter was sent to Mr. MacKay that about it last night, D. B. Hanna, second vice-president of the railway, said he knew nothing about it.

STORMY AT SEA
Mountainous Wave Knocks Over Score of Liner's Passengers.

PLYMOUTH, Eng., Jan. 13.—Captains of steamships arriving from the westward report the severest weather during the past week that has been experienced in a trans-Atlantic voyage for a long time.

The Kaiserlin Auguste Victoria, which arrived to-day from New York, bore pronounced evidence of the struggle with the sea. A veritable mountain of water swept the upper promenade deck, tore away the port rail and knocked down 20 passengers.

TO CUT PETERBORO LICENSES.
PETERBORO, Jan. 13.—(Special.)—The Temperance and Moral Reform League will ask the city council to reduce the 18 licenses to 3.

PROMOTION FOR POTTINGER.
MONTREAL, Jan. 13.—(Special.)—The statement was made this evening that David Pottinger might succeed J. Butler as deputy minister and chairman of the I. C. R. commission.

GERMANY AND CANADA.
(Canadian Associated Press Cable.)—BERLIN, Jan. 13.—The Tagesspiegel urges fiscal peace between Germany and Canada and contends that Germany should abandon the less insistance for the protection of tariff as enjoyed by the mother country. Germany should offer a commercial treaty in exchange for an extension of the tariff under which Prussia imports are admitted to Canada to German imports.

TAYLOR VANCOUVER'S MAYOR.
VANCOUVER, B. C., Jan. 13.—L. D. Taylor, editor of The World, was today elected mayor by a large majority day elected mayor by a large majority.

prevented a Tragedy.
SARNIA, Jan. 13.—Prompt action by two young men, Charles Hoskins and Wm. Bartlett, saved three children from being burned to death at the residence of David Kerr from destruction last night.

WE ARE OFFERING FOR SALE

83500—Charles, near Church. 83500—Roncavalles, detached, on corner. 83500—Oxford, seven rooms. For further particulars apply H. H. Williams & Co., 26 Victoria Street, Toronto.

30TH YEAR

YOU CANNOT PLAY FAST AND LOOSE WITH DESTINY
—Chamberlain

Veteran Statesman Issues Last Appeal — Mistake in Imperial Policy Irretrievable.

ELECTION PREDICTIONS.
Lord James of Hereford predicts the following results: Liberals, 224; Conservatives, 221; Nationalists, 84; giving an anti-imperial majority of 152.

W. T. Stead says if the liquor interest was out of the contest the Liberals would get a majority of 408. He now prophesies a majority of 20, including 30 Laborites, 86 Nationalists. Dr. Clifford says the majority will be nearly as large, if not quite, as that of 1896.

LONDON, Jan. 13.—From his Birmingham retreat on the very eve of the elections, Joseph Chamberlain has made a final effort to rally his countrymen in favor of his cherished policy, colonial preference.

The invalid statesman, who is unable to write and was obliged to dictate his statement to a secretary, has issued a manifesto addressed to the electors of the whole country. In it he reiterates the warnings which he has so often given to them of the gravity of the commercial situation.

"We will never have Mr. Chamberlain as Britons, as patriots, and I tell you that it is not well with British industry."

Pointing out that Great Britain is losing in the international race by her persistence in free trade, he continues: "This is a critical and creative time. You cannot play fast and loose with your destiny. You have an opportunity. You will never have it again. Victories in politics are won by enthusiasm, not by timidity. A mistake in imperial policy is irretrievable."

"Continuing at some length in a similar strain, he warns the nation that if the ties of sympathy binding the country to the children who are soon to become great nations across the seas, should be weakened or destroyed, England would sink to a fifth rate nation, existing on sufferance."

"Let us provide against it; the remedy is at hand."

Explaining that the remedy is colonial preference, Mr. Chamberlain concludes: "By a commercial union we can pave the way for federation. I see constantly before me as a practical object of aspiration that federation of free nations which will enable us to prolong in the ages yet to come all the glorious traditions which are ours. Never yet in our history has the great democracy been unpatriotic, and we know that the fruition of our hopes is certain."

This manifesto is hailed by the Unionist papers as a trumpet call to the country.

Asquith Jibes Bradford. Making reference to Mr. Bradford's last speech concerning tariff reform, said: "The oracle has spoken. What is its message? Not Delphic, but Pedona in the plainest days of Sacerdotal ambiguity ever gave forth a more uncertain sound."

Chancellor Lloyd-George, Winston Spencer Churchill, John Burns and other government leaders, are still campaigning with unabated energy. Both sides are equally confident.

The Liberal whip to-night predicts a gain of twenty seats for the Unionists on Saturday's polling alone.

The first for the new parliament will be returned Friday by a no-opposition election. They are Jos. Chamberlain, for Birmingham; West; Lord Hugh Cecil and Sir Wm. Ramsay, for Oxford University; and John Walter Mills, for Durham. All are Unionists.

BALLOON IS SAFE.
LOS ANGELES, Jan. 13.—The balloon City of Los Angeles, which ascended at noon with five passengers, three of whom were women, and which was last seen above the ocean at Redondo Beach, is safe. It landed twenty miles north of Los Angeles. Its occupants arrived here to-night.

CASGRAIN WILL RUN FOR MAYOR
MONTREAL, Jan. 13.—(Special.)—Hon. Senator Casgrain states this evening that if a requisition, signed by 500 names be presented him by Monday, he will accept and contest the mayoralty with Hon. Dr. Guerin.

Her Daughter
Took Very Sick As
Result Of Catch-
ing Cold.

Mrs. Dennis Delaney, Friar's Head,
 N.S., writes: "At the close of the year
 1907, our youngest daughter, five years
 old, took very sick as the result of catch-
 ing cold. She became very weak and
 could not move around at all. We con-
 sulted doctors and gave her various kinds
 of medicine but they did not seem to
 relieve her any. On the advice of a
 friend I procured a bottle of your valuable
 remedy, Dr. Wood's Norway Pine Syrup,
 and after using the first bottle noticeable
 improvement was the result and after
 using three bottles she was entirely cured.
 I can certify that it was through your
 valuable remedy that she regained her
 strength and would advise every mother
 having young ones similarly afflicted to
 obtain your valuable remedy. For my-
 self I would not be without a bottle in the
 house."

Dr. Wood's Norway Pine Syrup con-
 tains all the lung healing virtues of the
 Norway pine tree combined with Wild
 Cherry bark and other pectoral remedies.
 It has stood the test for many years, and
 is now more generally used than ever.
 Price 25 cents at all dealers. Manufactur-
 ed only by The T. Milburn Co.,
 Limited, Toronto, Ont.

PROTECTION FOR BRAKEMEN

Coroner's Jury Suggests Platform
 From Engine to Car.

"In the opinion of the jury, it would be
 of valuable assistance to brake-
 men in the discharge of their duty if a
 platform were built from the tenders
 of engines a sufficient distance in the
 direction of the following car to enable
 them to cross in safety."

The foregoing was a rider attached
 to the verdict of the jury investigat-
 ing the cause of the death of Charles
 D. Pearson, who was fatally injured
 by being run over in the Streetsville
 yards, Jan. 2, while performing his
 duty as a brakeman in the employ-
 of the Canadian Pacific Railway. The
 verdict was accidental death.

Pearson was from a brakeman on the
 freight train. It was his duty to cross
 from the front freight car to the en-
 gine. While doing that he fell. It is
 supposed that he lost his balance or
 slipped while climbing down the ladder
 on the side of the freight car in cross-
 ing. Coroner S. Singer was in charge
 of the enquiry.

Mrs. Auld Wilson Dead.
 WINNIPEG, Jan. 13.—(Special).—The
 death occurred this morning of Mrs.
 Mary Shaw Auld Wilson, aged 71
 years, wife of John E. Wilson. For
 over 20 years she was a resident of
 Galt, Ont. and the Muskoka Lakes, and
 also lived for three years in Toronto.

Seize This Opportunity

Be prompt to profit by the heavy price
 reductions in this special offering of
 high-class Pianos in perfect condition.
 Come and see them.

THIS once-a-year sale of ours affords a rare chance
 to judicious piano buyers. Every instrument
 offered is worth materially more than our
 special January sale price—every one is an invest-
 ment well worth making. Our reputation forbids
 that we should offer anything else. Come and see how
 easy it will now be to own the kind of Piano you
 have always wanted. Terms arranged if desired.

**WILL ASK LEGISLATURE
 FOR POWER TO BUY PARKS**

Committee Approves Suggestion to
 Issue Debentures to Add to
 Breathing Places.

In view of the fact that the parks
 department is so often without money
 when an opportunity is afforded to
 purchase a good site for park purposes,
 Controller Spence, altho not a member
 of the parks committee, made a sug-
 gestion that met with the hearty ap-
 proval of all the members of the com-
 mittee after the meeting yesterday after-
 noon. This was to purchase sites at
 any time, the cost to be met thru the
 issuance of debentures. The motion
 was, therefore, carried, that the com-
 mittee ask the legislature committee to
 apply to the legislature for power to
 issue debentures to raise money to pur-
 chase property for parks, playgrounds,
 and boulevards, when recommendation
 is carried by a two-thirds vote of the
 council, but the sum shall not exceed
 one-half mill of the current year's as-
 sessment and shall spread over a pe-
 riod of five years.

A recommendation of Parks Commis-
 sioner Wilson, that boulevards and
 lawns in front of residences be looked
 after by the city, was sent on to the
 council. It will be included as part of
 the local improvement scheme, if pass-
 ed. The council will have to apply for
 legislation.

The committee recommended that the
 Queen's Own Rifles be allowed the use
 of Exhibition Park for their 50th anni-
 versary and reunion next year. The
 committee was referred to the property com-
 mittee for the recommendation of ap-
 plying the pay for Sunday labor at \$2 a
 day, the same as on week days, was
 adopted. Mr. Wilson did not favor
 paying \$2.50, as requested.

The question of providing prisoners
 of the jail with plain suits instead of
 stripes while employed in Riverdale
 Park was referred to the property com-
 missioner and the jail steward to re-
 port upon.

Both Foster's suggestions. Foster
 one to amalgamate the industries de-
 partment with the assessment depart-
 ment and the other to merge the city
 architect's into the city engineer's de-
 partment, did not meet with the ap-
 proval of the board of control yester-
 day morning. They were laid over for
 a week.

With regard to abolishing the de-
 partment of Industries, Controller Fos-
 ter considered that it was a waste of
 money to keep it up. Little had been
 done but to give a good time to some
 people at the expense of the city. Con-
 troller Spence thought the department
 should be wiped out, but that Commis-
 sioner Thompson could be retained for
 general utility work. Mayor Geary
 and Controller Ward and Church con-
 sidered that Mr. Thompson well earned
 his salary of \$2500 a year, and his work-
 shop suggested that Controller Foster
 submit information as to the saving by
 such an amalgamation.

Controller Foster's motion to join the
 island park committees was also laid
 over for further consideration.

Street Railway Service.
 After discussing Ald. O'Neill's motion
 favoring the holding of a conference
 with the Toronto Railway Company
 with regard to forming some arrange-
 ment for improving the service and
 laying down new lines, the board of
 control decided that the proposed leg-
 islation looking to an improvement in
 the street railway service be prepared
 in time to go into effect in The Ontario
 Gazette next week.

Ten Wards.
 Mayor Geary, Controller Spence, Ald.
 Chisholm, O'Neill, Maguire, McMur-
 rich, Dunn, McCauland and Baird were
 chosen as a committee to consider the
 advisability of dividing the city into
 ten wards, with two aldermen from
 each.

The city solicitor will report on the
 question of asking the railway com-
 mission to order the Bell Telephone Co.
 to make the telephone rates uniform
 throughout the city.

The civic vote committee will deal
 with the city engineer's report to-day
 regarding the extension of Victoria-st.
 The cost of this would be about \$300-
 000, according to his estimate. The land
 damages here fixed by the assessment
 commissioner at \$300,000. The estimate
 includes a width of 18 feet as track al-
 lowance for the street railway, a 12-
 foot roadway on each side and 8-foot
 sidewalks. The extension is from Ger-
 ard to Alexander-street.

The city engineer recommends that
 the city solicitor be asked to apply to
 the Dominion Railway Commission for
 an order declaring Royce-avenue a pub-
 lic highway and demanding the proper
 protection from the railway company
 at the crossing.

TO FOIL BURGLAR MEN

Police Will Have Really Safe to
 Protect Valuables.

Police headquarters is to have a
 brand new fire and burglar proof safe,
 in which to keep the money and other
 valuables constantly in their custody.
 The police commissioners have taken a
 tip from The World when it pointed
 out the ease with which the present
 rickety old contraption could be bur-
 gled, and at their last meeting ap-
 proved money for the purchase of a really
 safe.

**German Tailors From Toronto in Bad
 Flight.**
 WINNIPEG, Jan. 13.—(Special).—Six
 young German tailors from Toronto
 have asked the provincial immigration
 office to send them back to Ontario.
 They say they were brought here and
 then were refused work. They are
 without funds.

Taxicabs for Winnipeg.
 WINNIPEG, Jan. 13.—(Special).—A
 local company has placed an order for
 ten taxicabs for delivery here next
 month. A representative of the Toron-
 to company is also here arranging for
 a service.

Virginia Harned, the actress, will
 go to Reno, Nev., to establish residence
 for divorce from Sothorn, the actor.

**COME TO THE CLEAN SWEEP, TO-MORROW
 SATURDAY, THE LAST DAY**

GOUGH'S Forced-Out SALE

To-day and to-morrow will see the greatest display of bargains ever known in Toronto. We haven't
 a full range of sizes, but if we happen to have your size we can show you values that you have never heard
 of before. A few more hours and it will be all over; in the meantime we will sacrifice \$20,000 worth of
 stock at what we can get for it. The next two days will see the greatest rush and furor ever seen in a store
 in Toronto. Be sure you get your share of the good things.

**MEN'S, BOYS' & CHILDREN'S BOOTS
 and SHOES at Burlesque Prices**

**MISSIONS TO CLARIFY
 FAITHS OF THE WORLD**

Great Gathering of Anglicans at
 Second Annual Banquet of
 Laymen's Movement.

"The missionary movement," said
 Ven. Archdeacon Cody at the second
 annual Anglican Laymen's Missionary
 Movement banquet at McConkey's last
 night, "is not a movement against
 other faiths, in as far as they are
 faiths. It is a movement to rescue
 what of faith is there, to complete it
 and clarify it. It is all very well to
 read for ourselves a selection of the
 sacred books of the east, and see what
 these cults mean on their theoretical
 side, but this is not their practical
 side."

The obligation of missions was three-
 fold. It rested on the commission of
 Christ, the value of missions in spread-
 ing civilization and the call of philan-
 thropy. The worst of all heresies was
 not merely the rejection of an article
 of a creed as a matter for intellectual
 assent. The worst heresy was the
 heresy of disobedience to a command.
 Dr. Cody then dealt with objections
 sometimes raised to missions. In re-
 sponse to the argument that we should
 first deal with the heathen at home,
 he remarked: "The heathen in Toronto
 are such by their own choice. There

For Coughs and Colds

Exposure to cold and dampness, sudden chilling of the body, these are
 causes of the heavy chest colds which so often lead on to pneumonia or con-
 sumption.

What a good idea to always have Dr. Chase's Syrup of Linseed
 and Turpentine in the house so that you can check a cold when in
 its early stages and easily controlled.

There never has been such a satisfactory treatment for severe
 chest colds and bronchitis. The effects of this medicine are so thor-
 ough and far reaching that you can depend on it when real trouble
 comes. It loosens the cough, aids expectoration, allays the inflamma-
 tion and positively protects the lungs by curing the cold. Particularly
 as a relief and cure for bronchitis and chest colds this medicine has
 made a remarkable record.

The only thing is to be sure and get the genuine, bearing por-
 trait and signature of A. W. Chase, M. D., the famous Receipt Book
 author.

Dr. Chase's Syrup of Linseed and Turpentine

25 cts. a bottle, family size 60 cts., at all dealers or Edmanson, Bates & Co., Toronto.

THE BEVERAGE FOR ALL WEATHERS.

are billions who have not had the
 chance to say whether they will be
 Christians or not."

Some said missions were badly con-
 ducted, the men unsuitable, that mis-
 sionaries lived too luxuriously, that \$5
 was spent to send every \$10 out. These
 assertions he characterized as a
 series of mis-statements.

"Who are the people who bring back
 these reports?" he asked. "Travelers,
 globe-trotters, who have shared the
 hospitality of the missionaries. It
 makes me hot. I am righteously an-
 gry. Shame on such reports."

"As to the quality of the men, there
 is no business in which there is less of
 watered stock than in the missionary
 business; and who has ever made any
 money out of missions?"

The chair was occupied by W. D.
 Gwynne, who reviewed the history of
 the movement. The plan of campaign
 embraced making the appeal concen-
 trated, comprehensive, simultaneous
 and effective. It was to be made in
 all the parishes on the same three Sun-
 days in January, and would embrace
 all the various funds. This would be
 followed up by a canvass by a parish
 missionary committee. According to
 the basis of distribution the 15 richer
 parishes would contribute \$65,000 (\$7 a
 head), and the 26 poorer parishes \$16-
 60 (\$2 a head).

Bishop Sweeney said he rejoiced in
 the movement as tending to bring to-
 gether the separated churches. "It is
 the touch of the Holy Spirit, which
 shall make us kin."

Dyce W. Saunders, K.C., said: "We
 should endeavor to influence men rather
 than to raise subscriptions. The
 giving of our substance is a different

The Toronto World

FOUNDED 1881. A Morning Newspaper Published Every Day in the Year. WORLD BUILDING, TORONTO.

THE STREET RAILWAY AND THE PUBLIC.

Sir James Whitney was asked about the visit, and he laughingly stated that Mr. Fleming told him the Toronto Railway Company was ready and willing to do anything the public demanded.

Under these assurances Sir James Whitney can have no hesitation in granting the City of Toronto anything that the city council and the local members of the legislature declare the citizens need.

What the people want in the first place is the right to build a tube railway system to provide accommodation for the suburban traffic, and to hasten the slow schedule time of the Street Railway Company.

And at the same time the people want to have the power of expropriation of the street railway system on terms to be settled by arbitration.

The increase in the current loans and discounts has been a healthy one considering the smaller demand from manufacturers, especially in the early part of the year, and these now stand at \$23,544,705.10 as against \$26,786,164.99 at the end of the previous year.

An issue of stock made by the bank in the year resulted in a large increase in both paid-up capital and the reserve fund.

W. K. McNaught, M.L.A., can assure Sir James that a tube system for Toronto is feasible and practical, and that it must be constructed eventually.

Whatever start may be made in the near future would be only the initiation of a complete scheme to include the whole city, and to be worked eventually in co-operation with the existing surface lines.

There will be no difficulty in preparing plans which can be carried out by instalments. Once a beginning is made, the instalments will come fast enough.

But with a Yonge-street tube, and a line west on St. Clair-avenue, which is now the unobstructed franchise of the city, thanks to the township council which refused track rights on the Deer Park section of the St. Clair-avenue before annexation, and an eastern branch on Danforth-avenue, via the Bloor-street viaduct, which the Street Railway Company and its supporters in the recent election opposed so bitterly; with these three main arteries the foundation of a city-owned system tapping the northern suburbs would be laid.

Such a system would always be available for co-operation with the existing system when the franchise falls in at its expiry in 1921, or should the right of expropriation be previously exercised.

And such a system would be in perfect harmony with the diagonal tubes which must some day be built from Yonge and Front-streets to East Toronto and West Toronto, cutting the main thoroughfares at points which will give quick service transfers from all the intermediate districts.

This is the obvious and necessary plan for the city to follow, and a beginning cannot be made too soon. The opponents of such development of the city services are not waiting for something to be done to disclose their opposition. The opposition was plain enough during the recent election, to The World, but the people saw no danger. The World has accepted the situation and expects Mayor Geary, whose protestations will be long remembered, to take the people's part in these matters of the tube system and expropriation of the street railway.

The Star, which supported the street railway policy, and Mayor Geary without his knowledge or consent, is now alarmed lest the street railway should not get all it wants on the downtown streets. It is necessary for the street railway policy that it should occupy every street upon which the city might build an independent and competing system, either down town or in the newly annexed districts, the railway company can block and obstruct the city.

For its efforts to free itself from the company's tentacles. These are all the preliminary moves to the struggle between the city, and the company on this question of the renewal of the franchise.

Mayor Geary has declared himself on the citizens' side in this matter. The first thing he can do is to secure tube legislation and expropriation powers from Sir James Whitney. Mr. McNaught and the other local members will assist him in this.

New Member in Town. James W. Doyle, M.L.A., the newly elected member for North Middlesex, was at the parliament buildings yesterday, and paid a visit to Hon. W. J. Hanna.

ROYAL BANK STATEMENT

Banker Year Experience by This Financial Institution.

The annual statement of the Royal Bank of Canada, which was issued yesterday, should be highly satisfactory to the shareholders and to the financial public. Contrary to the experience of good many of the Canadian chartered banks, the Royal not only held its position in regard to profits of the previous year, but showed an actual increase for this period of almost 100 per cent.

The net earnings, after providing for all bad and doubtful accounts, amounted to \$855,206.51, being equal to 18 per cent. of the average paid-up capital of the bank for the year, which was \$4,655,000.

The year 1908 was almost a banner year with the Royal Bank. The total deposits showed an increase on the year of over \$14,000,000, the deposits bearing interest increasing from \$24,200,726.65 to \$26,456,828.85, which is over \$2,256,102.20, while the deposits not bearing interest gained from \$18,090,564.90 to \$16,955,920.07. This means a gain of over \$1,134,644.83 for the entire year.

Notwithstanding this large increase in deposits, a substantial increase was made in the percentage of quick assets, these now amounting to over 55 per cent. as compared with 52.63 per cent. at the close of the previous year. The business the bank was able to do with the larger amount of deposits at its disposal is reflected by the big gain in the call and short loans and on stocks and bonds, these now amounting to \$9,638,309.62 as against \$8,286,141.29 at the close of the previous year, an increase of over \$1,352,168.33.

The increase in the current loans and discounts has been a healthy one considering the smaller demand from manufacturers, especially in the early part of the year, and these now stand at \$23,544,705.10 as against \$26,786,164.99 at the end of the previous year.

An issue of stock made by the bank in the year resulted in a large increase in both paid-up capital and the reserve fund.

The balance of profit and loss carried forward was \$225,323.84 as against \$78,685.26 at the end of the previous year.

G. T. P. DOCKS AT SEATTLE. SEATTLE, Wash., Jan. 13.—(Special.)—Plans and specifications for the new Grand Trunk Pacific pier to be erected at cost of \$300,000, will be ready within six weeks, and contracts will be awarded for immediate construction.

Despatcher's Sudden Death. NORTH BAY, Jan. 12.—Archie McIntyre, despatcher on the C. P. R. here, died suddenly this morning. Deceased, who was 32 years of age, attended to his duties as despatcher until 2 o'clock this morning and left the office, at all appearances, in his usual health. About 7 o'clock he awoke, and kissing his wife, who was resting on his arm, said: "I think I will turn over, dear." He did so, and expired.

The Finest Flavoured Tea

"SALADA" is hill-grown tea—grown on plantations high up on the hills in the Island of Ceylon. The leaf is small and tender with a rich, full flavour.

"SALADA"

—is always of unvarying good quality. Will you be content with common tea when you can get "SALADA"?

The Home Beer. A beer may taste all right—and yet not BE all right. Beer, not properly aged—"green"—will make you bilious. Beer, not pure or improperly brewed, will upset the stomach and be absolutely unhealthful. O'KEEFE'S "Pilsener" Lager is brewed with filtered water, choicest hops and pure barley malt. It is always fully aged, filtered again before bottling and pasteurized. It is the Ideal Beer for the Home. As famous for purity, as for its delightful flavor. Insist that your dealer always send O'KEEFE'S "PILSENER."

AT OSGOODE HALL ANNOUNCEMENTS. Judge's chambers will be held on Friday, 14th inst., at 11 a.m. Peremptory list for divisional court on Friday, 14th inst., at 11 a.m. 1. Garvin v. Edmondson (to be continued). 2. McBain v. Toronto Railway Co. 3. Rex v. Rudolph. 4. Nichol v. Nichol. Peremptory list for court of appeal for Monday, 17th inst., at 11 a.m. 1. Wright v. Toronto Railway Co. 2. Reith v. Rainy River. 3. Re Cornwall Furniture Co. 4. Rex v. Levinsky. 5. Foster v. Radford. Winter Assizes. Peremptory list for the jury assizes, city hall, Friday, Jan. 14, at 10 a.m. 19. Max v. Campbell. 21. Robinson v. C. P. R. 22. Goldstine v. C. P. R. Non-Jury Assizes. Peremptory list for the non-jury assizes, city hall, Friday, Jan. 14, at 10.30 a.m. 3. Stavert v. McMillan. 5. Stavert v. McMillan and McFhee. 6. Stavert v. McFhee. 7. Stavert v. Campbell. Master's Chambers. Before Cartwright, K.C., Master. Casburn v. Stewart—F. C. Snider, for defendant, moved for the order for the medical examination of plaintiff. A. R. Clute, for plaintiff, contra. Order made for examination of plaintiff by A. J. Johnson, M.D., at such time and place as he may appoint. Costs in the cause. Lowry v. Eric Cobalt Silver Mining Co.—A. Cohen, for plaintiff, moved for

Judgment. W. J. Clark, for defendant, contra. (Action to be transferred to the C. C. of York or district court of Nipissing, as may appear later) Motion enlarged to allow of cross-examination of plaintiff.

Standard Explosive v. Orlisse-Currie Unsolidified Silver Mines Co.—W. J. Clark, for plaintiff, moved for judgment. M. P. van der Vorst, for defendant, contra.

Russell v. Russell—J. P. Eastwood, for defendant, moved to dismiss for want of prosecution. No one contra. Order made, not to issue for a week.

Graydon v. Smith—T. H. Gibson, for defendant, moved to vacate certificate of his pendens. F. C. Snider, for plaintiff, contra. On plaintiff undertaking to deliver statement of claim in ten days, both parties to expedite trial, motion dismissed. Costs in the cause.

Crandall v. Barker—Barker v. Crandall—E. F. Raney (Mills & Co.) moved for an order for delivery out of bond of Theresa Mary Crandall for security for costs, for purpose of taking action thereon.

Smith v. C. P. R.—Driver (McMurchy, K.C.), for defendants, moved on consent for order dismissing action without costs. Order made.

Titchmarsh v. Graham—A motion by plaintiff to add the county attorney for Peel as a defendant. W. H. McFadden, K.C., in person, contra. Judgment: It is not denied that Mr. McFadden took part in the proceedings which resulted in plaintiff's conviction. In his affidavit Mr. McFadden states that in all he did he was acting only in his official capacity as county attorney and clerk of the peace for the County of Peel. It would be premature to express any opinion as to whether this is a conclusive answer to an attack made on him.

The cases cited show that "in trespass all are principally, those who procure and abet as well as those who act," and this applies to an attorney or adviser as well as to a justice who acts on such advice or suggestion. Later cases in our own courts show that an official does not have absolute and unqualified privilege for his acts if it can be shown that he acted maliciously or without being obliged to act as part of his public duty. But that will be matter of evidence. It will depend upon the pleading whether a defendant in such actions is entitled to notice of action and to security for costs. At the present stage C. R. 312 seems to require the order asked for, as plaintiff could not have been prevented from framing his action in this way at first, if so advised. The plaintiff must pay the disbursements of defendant of this motion to be taxed (unless he is willing to have them fixed at \$5) within a week. All other costs lost or occasioned by this order to defendant Graham should be to him in any case. In default of payment of the costs as above, the motion will be dismissed with costs.

Single Court. Before Sutherland, J. Smith v. Township of Caledon—An application of plaintiff to re-instate his motion for injunction that was on Monday dismissed with costs. W. N. Ferguson, K.C., for defendants, contra. Leave refused. No costs of this motion to refund.

Re Macdonald—E. F. B. Johnston, K. C., and W. H. Irving, for Jas. Fraser Macdonald, moved to amend, set aside the order of the court, with direction as to the proper basis of valuation of the shares of stock referred to in said award, the award of A. C. McMaster, H. L. Drayton and C. A. Mason, dated Dec. 1, 1909. W. E. Middleton, K.C., and G. W. Mason for J. Macdonald. Dr. McG. Macdonald and A. N. Macdonald contra. Judgment reserved.

Canadian Drawn Steel Co. v. City of Hamilton—F. F. Treleaven (Hamilton), for plaintiff, on motion to continue injunction. F. R. Waddell (Hamilton) for defendant. Agreement between counsel motion enlarged for two weeks. Injunction continued meantime.

Township of Scarborough v. Prosser—W. H. Grant, for plaintiff, moved to continue injunction. No one contra. Injunction as against defendants Sinclair and Mrs. Prosser continued until Feb. 16, by which time case may be settled.

Divisional Court. Before Falconbridge, C.J.; Riddell, J.; Latchford, J. Doherty v. Macdonell—Glyn Osler, for defendants, on appeal from judgment of Mulock, C. J., of Nov. 10, 1909. T. P. Battle (Ningens Falls), for plaintiff, contra. Argued yesterday. Judgment: Assuming that Mr. Osler's argument is well founded, that plaintiff must prove the commission of a wrong according to the laws of this province, that has been done by the application of the Factories Act, for here there was danger on behalf of plaintiff and it was not as far as practicable securely guarded. On well recognized principles we cannot interfere with the finding of the jury on the question of contributory negligence. The onus is on defendant and there is evidence to support the verdict. I am sure that any one of us would have assessed the damages at a smaller sum than that awarded by the jury, but we cannot say that the amount is so grossly excessive as to impel us to grant a new trial or put the plaintiff to the alternative of a reduction. Appeal dismissed with costs.

Saskatchewan v. Leadlay—J. J. Maclellan, for plaintiff, moved to extend the time for appeal from judgment of Teetzel, J., of Dec. 10, 1909. C. Kappe, for defendant Leadlay, also made similar motion. A. J. R. Snow, K.C., for defendant Moore. Order made granting the plaintiffs and the defendant Leadlay leave to appeal as asked. Costs of the motion costs in the cause in the appeal.

Garvin v. Edmondson—A. P. Poussette, K.C., and S. H. Bradford, K.C., for plaintiff, appealed from the judgment of Teetzel, J., of July 7, 1909. R. McKay, for defendant, contra. The action was brought to have it declared that certain lands and assets of the Stark Telephone, Light and Power System, purchased from the liquidator, E. R. C. Clarkson, are held by the defendant Holt as trustee for himself and his co-defendants, and the plaintiff, for the sale of said land and assets, according to the terms of the alternative damages. At the trial the action was dismissed without costs, defendant Holt to pay his co-defendants' cost. Plaintiff appeals therefrom partially argued, but not concluded.

NOW ON HIS OWN. The partnership heretofore existing between John M. Lyle and Herbert E. Moore, associated architects, has been dissolved by mutual consent. Mr. Moore has taken new quarters at No. 41 King street, West, where he will carry on his practice and be available to clients for consultation.

Mayor Poyette has retired from the political arena, and will be a candidate for board of control.

THE T. EATON CO LIMITED

Saturday in the Clothing Section is Always a Day of Opportunities

What items we list here have merit, in the quality of the goods and the workmanship, and in the substantial savings each item offers in price: DOUBLE-BREADED college ulsters, with small Prussian collar, fitting the neck snugly, 30-ounce all-wool fancy chevrot cloth, in several patterns, strong lining; sizes 35 to 44. This January sale price just about covers cost 8.49

Men Should Not Miss This Chance to Buy Seasonable Footwear

Because it's very seldom we can offer such rare savings and the way we've been pricing lots of footwear lately would need something 'way out of the ordinary to be so remarkable. This offer is remarkable—not in months have we bettered it—our endeavor to beat last year's January sale records is the main reason for putting prices so low. And you may buy with the same confidence you'd purchase our regular lines, for if you're not more than satisfied with your purchase your money will be quickly refunded. 540 PAIRS OF MEN'S HIGH-GRADE BOOTS, in box calf, and dongola kid, all up-to-date styles, for smart, dressy or business wear, all have Goodyear welted soles, some of the best makers represented; sizes 7 to 10 only. Price 2.00 387 PAIRS OF MEN'S SPECIAL WINTER BOOTS, made to be worn without rubbers, best quality of black or tan winter calf, extra heavy triple Goodyear welt soles, heavy shank, specially stayed; this boot is leather lined throughout and ideal style for service and comfort, the blacks are sized from 6 to 11. The tan from 7 1/2 to 11. Selling away below usual cost. To clear 2.50

Rubbers For Men and Women Men's plain rubbers, sizes 6 to 12. 75c. Women's plain rubbers; sizes 2 1/2 to 7. 50c.

MOVEMENT IS HEALTHY ONE.

World Office

Thursday Evening, Jan. 13.

The feeling among traders which was extant in yesterday's market regarding the immediate trend of speculative prices was verified by the action of a number of these securities to-day. Nova Scotia Steel dropped over two points, and losses of a lesser degree occurred in several of the other active issues.

HERBERT H. BALL.

Wall Street Market Rebounds After Further Clearing Out

New York Stocks Recover Under Evident Pool Support—Domestic Issues Generally Depressed.

World Office, Thursday Evening, Jan. 13.

The effect of Wall Street on local speculation was much more pronounced to-day than at any other time during the week. Prices at the Toronto Market have withstood the influence of the New York slump in somewhat of a stolid way until this morning when the imprint of a break in the leading New York securities evidently had its effect on the minds of traders in the domestic issues.

The advantages offered for profit-taking in Nova Scotia Steel were consequently tempting under these conditions and the price of these shares broke over two points from yesterday's high under the realization of Twin City, Mexican Light and Power, Black Lake, Dominion Coal and Dominion Steel were all more or less influenced by the same conditions and each of these issues sold below yesterday's levels.

The market was not broad at any period of the day and was certainly not weak for the high class investment securities. In fact, some of these stocks sold at higher prices than they had hitherto done.

The mining section was sympathetically influenced by the speculative securities and Crown Reserve dropped twenty points and very limited stocks, Union and Southern Pacific in question, rallied, the former to 196 1/2, and the latter to 184 1/2. Steel was stronger.

Closing was steady to firm with more confidence expressed in the future than any day for the past week.

General London market quiet, copper prices inclined to sag.

American Steel Foundry expected to declare dividend of not less than 4 per cent. in April.

Steel Corporation's new construction estimated at \$56,000,000 for the present year.

Conference is still proceeding with federal administration about Harriman Pacific roads.

Satisfactory trade reports from southern metal markets.

London expects large eastern silver demand.

Building in United States last month highest of any December recorded.

mon and preferred, Union Pacific and Reading led. The recovery should go some further, but we would not buy now. On any sharp bulge sell some holdings bought on the break.

There is no longer any doubt that the important liquidation has been going on. It cannot be accounted for by any of the known facts. There is nothing in the situation at Washington to justify alarm over the stock market.

REGISTRAR AND TRANSFER AGENTS. The Trusts & Guarantee Co. Ltd., Toronto, Ont.

An Epoch in the Manufacture of High-grade Tool Steel.

The International Tool Steel Co., Limited, will manufacture High Carbon Tool Steels and Alloy Steels, such as are used in making metal cutting tools for machinists' use, and for making dies, drills and cutlery, surgical and dental instruments, wearing parts of fine machinery, and hundreds of articles in which an extremely high grade of steel is required.

The market price of the class of steel produced by this company is 15 cents upwards per pound for high-grade carbon steels, and 45 cents upwards for alloy steels.

Under the customary method, fine high carbon and alloy steels are made from pig iron as a base, involving a very heavy cost by reason of the many expensive operations necessary.

A WONDERFUL NEW PROCESS

UNDER THE NEW AND VALUABLE PROCESS OWNED AND CONTROLLED EXCLUSIVELY BY THE INTERNATIONAL TOOL STEEL COMPANY, LIMITED, THE FINEST HIGH CARBON AND ALLOY STEELS ARE MANUFACTURED DIRECT FROM IRON ORE, WITHOUT THE USE OF THE MANY EXPENSIVE OPERATIONS EMPLOYED IN OTHER METHODS.

THIS IS A THING THAT HAS NEVER BEFORE BEEN ACCOMPLISHED, ALTHOUGH STEEL MEN HAVE LONG REALIZED THAT IF IT SHOULD BE ACCOMPLISHED AN IMMENSE PROFIT WOULD ACCRUE TO THE COMPANY WHICH WOULD DISCOVER OR CONTROL SUCH A PROCESS.

MAGNETIC IRON OXIDE ORE USED.

The only ore which can be utilized by this wonderful process is magnetic iron oxide ore in sand form, one of the principal reasons being that it contains no sulphur or phosphorus—or, if any, merely a negligible quantity. The ore is first put into briquette form, charcoal being used as fuel.

The wonderful result is that when this briquetted ore and charcoal are fed into the furnace, the production of steel is the direct result.

COMPANY CONTROLS LARGE BODY OF ORE.

The company owns the mining rights for 351 acres of magnetic iron oxide sands, situated in the Province of Quebec.

Mr. J. Obalski, M.E., for 25 years Inspector of Mines for the Quebec Government, after a careful examination of the properties, certifies that the deposit contains one million tons of pure magnetic iron oxide.

COMPANY OWNS VALUABLE PATENT RIGHTS.

The International Tool Steel Co., Ltd., in addition to the exclusive Canadian rights, also owns the United States rights, the patents recently having been allowed.

The market for the output is world-wide, and, on account of the cheap cost of production, the company will easily compete in every open market where steel is used.

LOCATION OF PLANT.

It is intended to locate the plant at Welland, Ontario.

Welland offers exceptional advantages in the matter of cheap power, fuel and transportation facilities both by rail and water, thus affording cheap means of transportation by water from the ore body to the works.

STOCK OFFERING.

\$300,000 of 7 per cent. Preferred Stock is now offered at par—\$50 per share.

For a limited time subscribers to Preferred Stock will receive as a bonus one share of Common Stock with each share of Preferred purchased.

SUBSCRIPTIONS.

Subscriptions will be received, accompanied by check or draft. These shares on above basis for a limited period, subject to our right to withdraw the offer without notice.
