City Needs More Schools But Financing Is Problem Free Trade Ideas Thrive In the Soil of Alberta. Contribution to Irish Issue By Former Premier Asquith

ADVISES WOMEN OF TORONTO TO DEMAND BUILDING OF HOUSES English Woman Lecturer Gives Useful Hints on Pressing Problem.

OLD COUNTRY LESSONS Foresters' Hall had its record audience last night when Mrs. S. A. Barnet of London, England, gave an exceptionally interesting and illuminating address on "The Making of a Home."

RAILWAY WORKERS ON CANADIAN ROADS GET BIG INCREASE Average of 25 Per Cent. to Employees of C.N.R. and Grand Trunk Pacific. DATE BACK TO MAY 1 Ottawa, Oct. 4.—The Journal tomorrow morning will publish the following: Clerks, freight handlers, station and other employees of the Canadian National Railway and the Grand Trunk Pacific Railway will receive wage increases averaging about 25 per cent. and dating back to May 1, 1920, as a result of negotiations between a committee from the Canadian Brotherhood of Railway Employees and representatives of the lines.

WOULD YIELD BODY IF NO REPRISALS Irish Volunteers Negotiated for Production of Lendrum's Remains.

London, Oct. 4.—Additional details reaching the Irish office concerning the killing of Capt. Lendrum, resident magistrate of Kilsrush, County Clare, and the subsequent finding of the body on the railway line show, officials said today, that the Irish volunteers negotiated with the Royal Irish Constabulary to produce Lendrum, or his body, if the government agents would withhold the carrying out of reprisals which had been threatened. Shortly after Capt. Lendrum disappeared, Sept. 22, it was stated, two men appeared at the Royal Irish Constabulary barracks and told the officers that they had been sent by the Irish volunteers to say they would produce Lendrum if there were no reprisals. No promises were given, but no reprisals were made, and Lendrum's body was found a few days later. Officials said today they were certain that Lendrum had been killed when he was ambushed while riding alone in his automobile. They also asserted that there was evidence that the body had been in the sea.

HUNGER STRIKING IS NOW UNPOPULAR MacSwiney's Long Fast Has Tended to Deter Other Irish Prisoners.

London, Oct. 5.—As a result of Lord Mayor MacSwiney's long fast, Irish prisoners have ceased to resort to hunger striking, says The Daily Mail today. The newspaper adds that there were more than 300 arrests in connection with Sinn Fein propaganda disturbances during September, but that only four of the men arrested attempted hunger striking, and these abandoned it in a day or two. The condition of Lord Mayor MacSwiney is unchanged, according to the bulletin issued by the Irish Self-Determination League at 9 o'clock tonight. He was weak and prostrate, but still conscious.

Dublin Accepts Bank's Offer. Dublin, Oct. 4.—The Dublin corporation today decided to accept an offer of the Munster and Leinster Bank to purchase redeemable stock to the value of \$1,000,000. Ald. Cosgrove, Sinn Fein chairman of the finance committee, explained that there were decrees against the corporation to the extent of \$175,000 for criminal injuries, and potential decrees to the amount of \$300,000. Mr. MacWalter said they were accepting the offer under ordinary local government board rules, and were thus following the practice of that body, which they pledged themselves not to recognize.

FARMERS SAY TARIFF AIDS INDUSTRY ONLY GOVERNMENT MAY ESTABLISH PAPER MILL The Ontario government may establish a pulp and paper mill, government-owned and operated, in the Kenora district, which is particularly rich in timber and water power. The World asked Premier Drury yesterday about it and the reply was: "For the last three months the government has been taking steps and looking into the situation with a view to establishing a pulp and paper industry in the north country, which would secure its power from the Lake Nipigon Hydro-Electric power development."

SHORTAGE OF SCHOOL ACCOMMODATION IS BLAMED ON COUNCIL Speakers Discuss Petitioning Legislature for Power to Raise Funds. TO ASK CITY FIRST All those who attended the special public meeting held at the administration offices of the board of education last night were agreed that the lack of school accommodation in Toronto was a matter of grave concern, but the problem of properly financing the needs of the board was a snag which caused differences of opinion and acrimonious repartee, although the meeting itself was among the most serious and important of the many held by this board. In a nutshell the position was that the chairman of the meeting, Mrs. Edith Groves, Dr. Noble, chairman of the board of education, and others, contended that the present deplorable situation arose from the fact that the city council when asked for necessary funds had given its veto, thus preventing any attempt on the part of the board to relieve the situation, which on the other hand Trustee Joe Bell contended that at least \$1,200,000 was now lying idle in the treasury, money which could be profitably used to relieve the congestion, and which was not used because of bad management on the part of the board.

SINN FEIN RAID BROUGHT REPRISAL Houses Burned in Roscommon in Revenge for Attack on Barracks. Dublin, Oct. 4.—Following upon an unsuccessful Sinn Fein raid for the purpose of burning the police barracks at French Park, County Roscommon, Saturday, reprisals were carried out in that neighborhood Sunday morning by police and military in major lorries. At Ballinagare, two shops and the residence of a farmer were burned by means of bombs and shrapnel. Many crops and much property were destroyed. The house and furniture of a prominent Gaelic leader were also burned. A farmer was stabbed; there was considerable shooting and the townspeople were terrified.

CITIZENS CROWD TO PAY TAX BILLS Over Five Thousand at Wickets Yesterday Make Record Payments. The corridor of the city hall was crowded all day yesterday by citizens trying to get to the wickets to pay their taxes. Yesterday was the last day for receiving 1920 taxes before the five per cent. penalty became effective. Officials of the tax department said it was the biggest day they had ever experienced. More than five thousand people paid up yesterday, and the large staff were on the job until late at night counting money and checking up the receipts, which were finally found to total \$810,213. Officials of the department state that present indications are that the average of recent years, particularly as heavy receipts are anticipated in the next few days' mail. The number of citizens who postponed the payment of their instalment until the last possible moment is indicated by the fact that the total receipts, as tabulated at present, are \$1,419,125.

BLACK OUTLOOK FOR IRELAND DURING THE COMING WINTER Sanatoriums and Asylums Closing—Industries Paralyzed and Country is Facing Ruin. London, Oct. 4.—A despatch to The Daily Mail from Dublin pictures a black outlook for Ireland during the coming winter. It says that owing to the shortage of money, sanatoriums and asylums are being closed; the burning of creameries has paralyzed that industry and the closing of 600 miles of railroad has cut off some areas from distributing centres. Cows and calves are being sent to England in large numbers and there is a shortage of butter. Many small firms are going bankrupt and the country is faced with ruin. There is much unemployment in Dublin as a consequence of the strike of builders.

RABBI BRICKNER COMING. Definite word has been received from Cincinnati that Rev. Barnett R. Brickner will come to the Holy Blossom Synagogue to succeed the late Rabbi Jacobs.

SEEK EIGHT DOLLAR WAGE Vancouver, Oct. 4.—One hundred and seventy-five plumbers, steamfitters and metal workers, engaged in the pipe work of the shipbuilding firms of J. Wallace Shipyard, Limited, went on strike this morning to enforce a wage demand of \$8 a day.

HEAVY SLUMP IN WHEAT AND FLOUR Drop in Wheat for Day in Chicago and Winnipeg About 13c a Bushel, and in Four Days 30c—Flour Down 60c a Barrel—Coarse Grains Also Drop.

"King Wheat" took a great plunge under that prevailing in Toronto, where a loaf of twenty-four ounces, costs 13 cents. A loaf of similar size in Saskatoon would cost 12 cents. Saskatoon's new bread price is under that prevailing in Toronto, where a loaf of twenty-four ounces, costs 13 cents. A loaf of similar size in Saskatoon would cost 12 cents.

PRICE OF BREAD IN SASKATOON IS CUT

SIGILIAN PEASANTS TAKE OVER ESTATES HELD BY ABSENTEES Picturesque Scenes Enacted and Occupation Not Resisted by Police. ONE PARTY FIRED ON Palermo, Sicily, Oct. 4.—Thousands of armed men have invaded the large estates of almost the entire island, which is still held in practically feudal condition by the barons. These absentee landlords, whose properties, the not well cultivated, usually yield immense profits, spend most of their time and money in Naples, Rome, Paris and Madrid. Picturesque scenes were enacted, especially at Alcamo, where peasants marched, waving the national flag, bearing religious standards, and singing popular songs. There were leaders from all parties, Socialists, Catholics and former combatants, even the Duke of Corigliano. No resistance was offered, despite the presence of police and carabinieri, whose instructions were not to oppose occupation of estates insufficiently cultivated. Similarly the peasants occupied the estate of Baron Camarata and Baron Floristella, and many others of the gentry. The prefect of Catania was warmly applauded by the people for having issued a decree legally permitting the occupation of estates and their division into small holdings among the peasants who fought in the war.

COFFIN IN HEARSE FULL OF LIQUOR Federal Agents Remove Lid From Casket and Find Much Whiskey. Harmon, N.Y., Oct. 4.—Federal prohibition enforcement agents now are prepared to answer the question: When is a hearse not a hearse? It's when it is used to transport liquor, say the federal agents; and they are diligently seeking the driver of a vehicle of that kind. For several weeks troopers of the state constabulary have been holding up automobiles in Harmon, Croton and nearby places and searching them. The result is that several loads of liquor were seized. The traffickers have resorted to all sorts of tricks to run thru the police "gauntlet" and move the liquor up-state. Railroad employees reported that they inspected a motor hearse and found a casket inside with a wreath of flowers on top. When the interior packed casket lid he found the interior packed with bottles of whiskey. The railroad men say that the authorities seized the hearse between Harmon and Peekskill, but Lieut. Charles Broadfield of the state constabulary declared he had heard nothing of it; but it is said the federal agents, seized the hearse and now are hunting for the driver.

TAKE HAND IN OPERATING BALDWIN MILLS

The ladies who appear in the picture were among those who were called upon to play a part in yesterday's demonstration of the capabilities of the big tin plate industry in the Ashbridge's district. From left to right they are: Mrs. James Shields, Mrs. Robert Harvey, Miss K. Logan and Mrs. Henry Harris.

CONTRIBUTION TO IRISH ISSUE By Former Premier Asquith

London, Oct. 5.—In a communication printed in The London Times today, Herbert H. Asquith, former prime minister, declares that he is convinced of the bestowal upon Ireland of the status of an autonomous dominion in the fullest and widest sense, is the only solution of the Irish problem. To accomplish this, says Mr. Asquith, it is necessary to make the Irish people believe that what is offered comes from an honest and also a reliable source. With reference to Viscount Grey's recent proposal concerning Ireland, Mr. Asquith says: "I cannot bring myself to contemplate, even as a counsel of ultimate despair, our final abandonment—as he conceals it would seek to deny—what it would never effectively preclude. I claim the right to a separate foreign policy of its own, and the tendency is toward fuller co-operation with the dominions in all external relations. Concerning naval and military forces, Mr. Asquith writes: "No Irish government could be so insane as to mortgage its scanty margin of resources for such a fruitless and costly enterprise as the creation of an Irish navy. Nor is it readily conceivable that it would seek to deny—what it would never effectively preclude. I claim the right to a separate foreign policy of its own, and the tendency is toward fuller co-operation with the dominions in all external relations. Concerning naval and military forces, Mr. Asquith writes: "No Irish government could be so insane as to mortgage its scanty margin of resources for such a fruitless and costly enterprise as the creation of an Irish navy. Nor is it readily conceivable that it would seek to deny—what it would never effectively preclude. I claim the right to a separate foreign policy of its own, and the tendency is toward fuller co-operation with the dominions in all external relations. TWO TRUE BILLS BY GRAND JURY

Assizes Opened Yesterday—Motor Driver Held on Manslaughter Charge.

Hamilton, Oct. 4.—(Special.)—Returned by the grand jury at the fall assizes, which opened here yesterday, against Levi Cause, charged with rape, and Alex. Tolmie, who is held on a charge of manslaughter in connection with the death of a pedestrian in an automobile accident.

The case of Roy A. Reynolds against E. C. Parkin was also taken in connection with the sale of motor trucks to the provincial department of works, in connection with which is claiming commissions, was referred to the local master.

FATAL SILO FIRE NEAR PETERBORO

Boy and Fourteen Horses Burn to Death—Two Men Seriously Injured.

Peterboro, Oct. 4.—(Can. Press.)—Edward Corkery, sixteen years old, was burned to death, John Brick and Timothy Crough were seriously burned in a silo fire which occurred this afternoon on the farm of Timothy Crough, Ennismore township.

Fourteen horses were burned to death. Many of them were supplied to neighbors who were assisting at the silo work. It is believed a spark from the engine set the barn on fire.

SEEK QUEBEC GRANT FOR MCGILL COLLEGE

Prominent Montrealsers Wait on Premier Taschereau—Consideration Promised.

Montreal, Oct. 4.—A delegation composed of E. W. Beatty, president of the C.P.R.; Sir Charles Gordon, General Sir Arthur Currie, principal of McGill; J. K. L. Ross and others waited on Hon. L. A. Taschereau, premier of Quebec today, to request assistance in the campaign for \$500,000 about to be launched in aid of McGill University.

PARIS PAYS GAS RAISE RATHER THAN DO WITHOUT

Paris, Ont., Oct. 4.—(Special.)—Paris, over the week-end, had gas supply as close to the zero mark as possible. On top of this came a notification from the gas company that either Paris would pay 75 cents in place of the 50 cents contracted for, or have the supply cut off.

PRICE OF TORONTO MILK STILL BEING DEBATED

Ottawa, Oct. 4.—(Canadian Press.)—It was intimated at the board of commerce today that while a judgment in the Toronto milk case is likely to be given shortly, a number of new factors have entered into the matter which must be considered before the board can decide what the price for milk in Toronto should be.

THREE MEN ARE HELD ON RECEIVING CHARGE

Guluseppe Ricupio, Sebastian Ruscuta and Antonio Sarno, all living at West Hill, were arrested last night by Inspector Guthrie of Pape Avenue station, and Detectives Winters and Whelan. They are held on a charge of receiving stolen goods.

PASS HYDRO BYLAWS.

Wardville, Oct. 4.—Bylaws authorizing a contract of power with the Ontario Hydro Commission and providing for the raising of \$8,000 for its installation were voted on here today, and were carried 68 to 3.

No One Need Buy Cuticura Before He Tries Free Samples

Edison Hopes to Record Messages From the Dead

By Means of Delicate Instrument He Hopes to Enable Those on Earth to Commune With Spirits—Inventor Aims to Eliminate Skepticism.

New York, Oct. 4.—(Special.)—Fingert and indiscreet record of communications with the spirit world will become an actuality in the near future, if present efforts and hopes of Thomas A. Edison materialize.

Mr. Edison said yesterday work on the delicate instrument, by which he hopes to enable those who still live to commune accurately with those whose death has removed, has not yet progressed to a point that would justify a definite forecast of its success.

INNER WORKINGS OF ONE BIG UNION

Disclosures Arising From Convention Include Report of Loss of Nine Thousand Members.

Calgary, Alta., Oct. 4.—That the One Big Union of Canada, during the five months from January to May last year, received a net loss in membership of 19,510, instead of the reputed 41,500, and that no per capita tax has been paid in many cases since the end of June, that the withdrawal of the lumber workers of British Columbia from the recent convention, because of differences with the executive, meant a withdrawal of membership of over 9,000, are some interesting details of the inner workings of the One Big Union, disclosed in a report of the convention at Fort William and given to the Canadian Press by an authoritative source.

PENNSYLVANIA MINES TIED UP BY A STRIKE

Wilkesbarre, Pa., Oct. 4.—All the collieries of the Hillside Coal & Iron Co. and the Pennsylvania Coal Company, operated by the Erie Railroad, were tied up tight by the renewal of the strike against the contract system today. The strikers' committee has extended the demand to all engineers, firemen and pump-runners, and many of this class of men have responded, and all are expected to refrain from work tomorrow.

WOMEN IN CONVENTION

Montreal, Oct. 4.—The delegates to the Canadian Women's Club convention, which opens in the Ritz-Carlton Hotel tomorrow, are beginning to arrive in the city.

FAIR IN HARD LUCK

Kingston, Ont., Oct. 4.—(Special.)—For the first time in five years the Kingston fair ran in hard luck as a result of three days' rain, and the loss will reach \$5,000.

HAMILTON

Hamilton, Oct. 5.—In an effort to live the house shortage problem, action will likely be taken by the board of control this week. Several of the controllers have schemes, which will be presented at a conference to be held today with the housing commission, and it is hoped that some definite plans will be arrived at before the end of the week.

FLYERS BOUND TO CUBA STOP OVER AT KINGSTON

Kingston, Ont., Oct. 4.—(Special.)—Obliged to land here on account of the storm, a hydroplane pulled in at Tete de Pont barracks last night. It was under the command of W. A. Alexander, late of the United States navy, with three mechanics. They were in the American aerial service, running between Detroit and Cleveland during the summer, and are now en route to Cuba.

U. S. Vessel Runs Ashore On Newfoundland Coast

Halifax, N.S., Oct. 4.—The American Shipping Board steamer Dussan is ashore at Trepassey Harbor, Newfoundland, according to a cable to the department tonight. The vessel was en route to St. John's today. The Canadian government steamer Lady Laurier made an unsuccessful attempt to float her. The Dussan was reported to have struck a rock a week ago and sought shelter in Trepassey Bay.

or weird means, such as are employed by so-called mediums, but by scientific methods. If what we call personality exists after death, and that personality desires to communicate with us who are still in the flesh on this earth, there are two or three kinds of apparatus which should make communication very easy. I am engaged on the construction of one such apparatus now, and I hope to be able to finish it before very many months pass.

PERSONALITY AFTER DEATH

"I am working on the theory that our personality exists after what we call death. It leaves our material bodies, and it survives, what I call the use of a hereafter? If there is a hereafter, which is to do us any good, we want out on this earth to survive, don't we? If our personality survives, then it is perfectly logical to assume that it retains memory, intellect and other faculties, and knowledge that we acquire on this earth. Therefore, if our personality exists after what we call death, it is reasonable to conclude that it can leave this earth would like to communicate with those who have left here."

The theory on which Mr. Edison is working and hopes to establish a definite medium of communication between this world and another is distinctly at odds with those propounded by a year ago by Sir Oliver Lodge, Sir Arthur Conan Doyle, Dr. Russell H. Conwell, Philadelphia preacher, and others. The inventor holds such communications of highly developed science, while the others claimed to have been visited by the spirits of dead relatives.

NAPANEE CITIZENS JOIN PROGRESSIVES

Vote to Buy Waterworks and Sites for Manufacturing Plants.

Napanee, Ont., Oct. 4.—A bylaw to buy the Napanee waterworks was carried here today by a huge majority. Another bylaw to purchase the actual and adjoining property which is the waterworks of the Napanee Waterworks Co., W. J. Miller, lumber and box factory, was also carried by a large majority. The town is a manufacturing town and splendid sites for the bylaws indicate a big change in the temperament of the people of Napanee in the years ago neither of these bylaws would have been carried. Now we take our place with the progressive towns of Ontario.

OTTAWA GATHERING OF MYSTIC SHRINERS

Ottawa, Oct. 4.—Some 1,100 nobles of the Mystic Shrine gathered in Ottawa today bringing with them a brilliant Arab splendor. The occasion is the Temple, at a ceremonial of Rameses initiated this evening, including 50 prominent Ottawa Masons. The temple, which has its headquarters at the Karnak Temple of Montreal, was worked as a unit to make the occasion a surprise success. Besides the nobles of the order from Toronto and Montreal, caravans and to the west from St. John, N.B., took part in the imposing ceremonial.

DEAN OF MONTREAL DIES OF PNEUMONIA

Montreal, Oct. 4.—By Canadian Press—Very Rev. Thomas Frye Lewis, D.D., Dean of the Cathedral of Montreal and rector of St. Stephen's Church, Westdale Park, Westmount, died tonight at the rectory, after an illness of a little over a day. On Sunday, Dean Lewis had been in his usual health, save for a slight cold. He died tonight at 10.30 from pneumonia.

SEA STAR AND ST. CHARLES LOST IN BIG WIND STORM

Quebec, Que., Oct. 4.—(Canadian Press.)—It was learned at the signal service office here today that the schooners Sea Star and St. Charles were lost in the big wind storm of October 1. The fate of the crews of these two vessels has not yet been ascertained.

Princes Sts. 81 YONGE STREET TEA ROOM

CANADA'S IMPORTS SHOW AN INCREASE

Federal Figures Report Larger Purchases in U. S. and Britain.

Ottawa, Oct. 4.—(By Canadian Press.)—Canada's imports of both free and dutiable goods show an increase for the twelve months ending August, 1920, as compared with the twelve months ending August, 1919, and August, 1918. The Dominion bureau of statistics issues the following trade summary covering the period:

Total imports, merchandise, 1918, \$902,857,950; 1919, \$872,267,894; 1920, \$1,268,162,264. Duty collected, 1918, \$155,802,182; 1919, \$155,477,445; 1920, \$210,825,984.

PLEGGED TO FIGHT ST. LAWRENCE PLAN

Republican Candidate for New York Governorship Opposes Waterway Project.

New York, Oct. 4.—Pledging himself, it is stated, to use all the power at his disposal to combat the project of a ship route from the Great Lakes to the sea, via the St. Lawrence River, Nathan L. Miller, Republican candidate for governor, in a speech here today asked his Democratic opponent, Governor Smith, "to tell the people of the state that he will not support the project."

TELLS WHAT HE DID WITH PONZI'S \$50,000

Boston, Oct. 4.—Joseph Daniels, a furniture dealer, who claimed a partnership with Charles Ponzi, the get-rich-quick financier, told referees in Bankruptcy court today what did with the \$50,000 suit which he brought against Ponzi last August for alleged fraud.

DEVELOPMENT OF PROTECTION FOR IMPLEMENT MANUFACTURERS

Mr. Wood was very much aggrieved at the charge that the farmers wanted to drive the implement makers out of Canada. He also condemned the Manufacturers' Association for its propaganda and gave a very gloomy picture of western farm life.

DUKE OF DEVONSHIRE HAS A SEVERE COLD

Victoria, B.C., Oct. 4.—It is officially announced that, owing to a severe cold, the Duke of Devonshire has been obliged to cancel all his engagements. He will remain in Victoria for a few days.

RARELY HAS THERE BEEN SUCH AN EVASION

Mr. Wood made no attempt to refute their statements, but this must not be taken to indicate any lessening of anti-protection agitation in Alberta. The class movement is stronger than at any time in the past.

HEAR RED DEER MAN

Then came L. M. Gaetz of Red Deer, years ago, and has a quarter section of land. Like Mr. Wood, he has been a farmer, represented by all other farmers in the province.

ALL CLAIM BANKRUPTCY

But they are not alone in damaging their own industry. It is apparent that every industry feels necessary to

PROBE SOURCE OF RUSSIAN GOLD

U. S. Thinks It May Be Part of Bolshevik Propaganda Fund.

Washington, Oct. 4.—Inquiry into the source of the recent shipment of Russian gold to the United States has been ordered by the department of justice. Belief exists at the department that the gold may be a part of the Russian Bolshevik propaganda fund.

VIENNA UNEXPECTED IN AUSTRIA

Vienna, Oct. 4.—The hostile action of France to the proposed Austrian plebiscite on fusion with Germany, as reflected in Paris despatches, was not unexpected here. The Austrian government all along has professed to have information that France was opposed to such a move, but that she was alone in her opposition.

FARMERS SAY TARIFF ONLY AIDS INDUSTRY

powerful influence in Alberta, and more powerful among the grain growers of the three provinces than Brian T. A. Cramer. He is an excellent speaker, has no personal political ambitions, but has not developed any strong national or imperial sentiment among his 15 years' residence among us.

MANITOBA Mennonites DECIDE SCHOOL ACTION

Winnipeg, Oct. 4.—Mennonites of Manitoba will meet at Rhineland Tuesday to decide, finally whether they will obey the law or leave Manitoba to seek "religious freedom" elsewhere.

DEAF AND DUMB MAN HELD UP IN LONDON

London, Ont., Oct. 4.—While passing a dark spot on Warrat street at an early hour this morning, George Morse, aged 45, deaf and dumb, was held up by two men and robbed of \$50. One held him up with a revolver, while the other searched him.

DAUGHTER OF SIR H. SMITH DIES IN CITY OF KINGSTON

Kingston, Ont., Oct. 4.—The death occurred of Miss Mary T. Smith, second daughter of the late Sir Henry and Lady Smith, who was born in Kingston and lived here all her life.

M. O. Jackson (Gk. and Rom. Hist.), F. J. Justin, Miss B. H. Kennedy (Alg. and Geom., Rel. Know.), Miss E. J. Kennedy, P. A. C. Ketchum (Alg. and Geom., Phys. Tr.), Miss M. E. Klotz, A. M. Laird (Span., Gk. and Rom. Hist.), J. S. Lawson (Lat. Alg. and Geom.), P. R. L. Lazier (Eng. Sc.), R. W. D. Lewis (Lat. Gk. and Rom. Hist.), Miss A. M. Lindsay, C. G. Littlefield, W. M. Lugsdin (Lat. Phys. Tr.), Miss B. E. Lyons, L. S. Lyons (Eng. Phys. Tr.), P. W. McDonald, E. J. McGirr, D. D. McKay (Phys. Tr.), W. S. McKay (Phys. Tr.), F. E. McKelvie (Alg. and Geom., Phys. Tr.), Miss G. V. Maclean (Sc.), C. M. McNab, C. W. T. Robinson, O. and Rom. Hist., Phys. Tr.), T. P. Manning (Sc.), R. B. Mathews, Miss A. J. Minore (Span.), R. S. Mitchell, E. A. Nanton (Sc. Phys. Tr.), A. D. O'Brien, C. O'Reilly, M. D. Orr, Miss I. M. Peaker, Miss P. A. Petrie (Eng. Alg. and Geom.), G. S. Pickford (Eng. Phys. Tr.), G. W. Poland, A. V. Preston, A. Reoch, C. W. T. Robinson, O. G. Ross (Span. Sc. Phys. Tr.), Miss K. M. Ruthford, Miss D. E. Schaefer (Alg. and Geom.), Miss E. L. Scott, R. B. Y. Scott, Miss M. I. Steele (Gk. and Rom. Hist.), E. I. Taylor (Lat.), J. C. Thomas (Eng. Phys. Tr.), J. C. Tucker, Miss M. C. Twitchell, H. J. Waldman (Eng. Phys. Tr.), H. G. Whitfield (Alg. and Geom.), Miss G. E. Wiggins, M. G. B. Williams (Sc.), D. A. Wyke (Gk. and Rom. Hist.).

Bankers' Scholarship. Miss R. M. Deane has been awarded this scholarship.

Teachers' Course. H. G. Barnes (Fr.); Miss L. F. L. M. Clarke; J. A. Code, R. W. Coulson, E. G. Harvey, Miss M. A. O'Connell; C. A. Vickery, Miss M. K. Wilson.

Senior Matriculation. H. M. Alexander (Alg. and Geom.); C. N. Anderson (Lat. Sc., Trig.); W. T. A. Bell (Eng.); Miss M. Briscoe (Sc. Alg. and Geom.); Miss E. Butler (Alg. and Geom.); A. J. Carroll (Span., Gk. and Rom. Hist., Phys. Tr.); Miss J. I. Coulter (Rel. Know.); M. J. Coumans (Phys. Tr.); G. C. R. Cox (Lat. Trig.); F. D. Cronin (Gk. and Rom. Hist.); G. S. Day, Miss H. F. Kavanagh, R. E. Ferguson, A. G. Finnie, G. A. Fraser, F. J. Hanna, Miss S. Harrold (Sc., Alg. and Geom.); L. Delahay, R. J. Haver (Lat.), J. R. Hunt (Phys. Tr.); A. G. B. James (Gk. and Rom. Hist.); Miss A. M. E. J. MacDonnell (Sc.); D. MacQueen (Lat. Fr.); W. P. Marshall (Trig.); C. A. Murray; Miss A. O'Boyle (Alg. and Geom.); G. L. O'Connor (Alg. and Geom., Phys. Tr.); J. T. Robbins (Alg. and Geom.); N. Rosen, R. K. Ruddy, M. H. Shatz, A. J. Simile (Heb.); A. G. Stewart; W. E. Sullivan (Gk. and Rom. Hist.); W. Timmins (Lat. Span.); Miss M. E. White; Miss I. G. White; Miss L. E. Williams.

The following are amendments of the May, 1920, examinations: Miss B. Enushevsky, star in English removed; J. Gruffert, star in English removed; Miss E. M. Walsh, star in English removed.

First Year. A. Gillies, star in algebra and geometry removed; Miss E. B. McGillivray, star in English removed; C. L.

Mullett, star in physics removed; Miss M. A. Ryan, relieved of star in first year French on honor matriculation certificate.

Senior Matriculation. Miss M. E. White, star in French removed.

PROMINENT OTTAWA DIES IN CROSSING CRASH

Ottawa, Oct. 4.—J. Howard Halpenney, a prominent local man, and district manager for the counties of Carleton, Russell, Dundas, Glengarry, Stormont and Renfrew, for the Dominion Life Insurance Company, was killed this morning when an automobile in which he was riding was struck by a train and totally demolished on the road between Ogdensburg and Watertown, N.Y., at Theresa, close to Watertown, according to word received by his family here.

TERENCE GLAZIER, AGED 76, IS AWARDED MONS STAR

Brockville, Ont., Oct. 4.—At the age of 76 years, Terence Glazier, ex-sapper in the 11th Battalion Royal Engineers, this morning received the Mons star from the war office for his services in the great war, in which he enlisted when in his 71st year. Glazier, who also served in the Fenian Raid of 1870, the Boer war and the Russo-Japanese war, was sent to England by private subscription here after his attempt to enlist in the C.E.F. in 1914 had failed.

MANY ATTEND MCGILL

Montreal, Oct. 4.—That there is every probability of a record-breaking registration of students at McGill University this season is apparent from the statement published in the Montreal Daily today.

SOVIET FORCES ARE IN BAD SHAPE

Disorganized and Hungry, Are in Full Flight on Both Fronts.

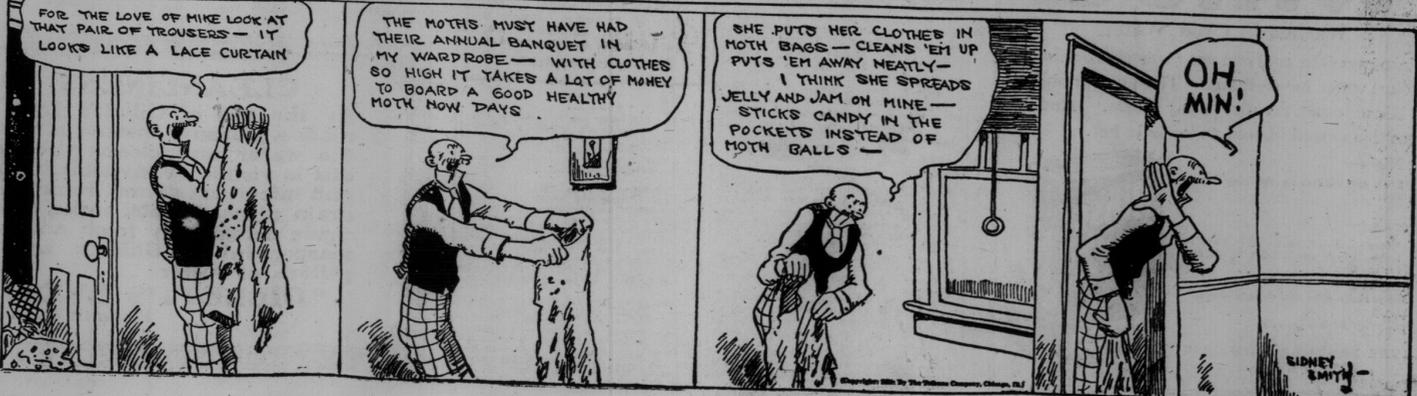

London, Oct. 4.—Press despatches reaching Stockholm from Finland, according to the correspondent of The London Times, continues to represent that a state of great anxiety prevails in Soviet circles. Reports conveyed across the Russian frontier say that the Red forces are in full retreat on both the Polish front and the Crimea, demoralized, suffering from hunger and surrendering and deserting in large numbers.

The Soviet government has insisted that every one who has two cows, two pairs of boots, two fur caps, give one and save the soldiers from perishing from cold.

Trotsky's efforts to recruit new forces in Siberia and the eastern provinces, the reports say, have failed, the peasants in the agricultural districts and the workmen in the towns equally revolting against further recruitment.

Fighting Progress. London, Oct. 4.—Fighting is progressing west and south of Leningrad, the statement continues. "We are conducting an advance along the Korosten Railway. The enemy's attacks on Starokonstantinov have been repulsed."

THE GUMPS—OH, THE MOTH AND THE FLAME

# REPUDIATE CHARGES BY INGRAM AGAINST BECK IN ELEVATOR RATES

### Wholly Without Foundation and Based on Entire Misapprehension of True Facts—Sir Adam Was Accused of Wrongfully Transferring Large Sum From Proper Column—Secretary-Treasurer of London and Port Stanley Railway Gives Fact in Memorandum.

In correspondence which has been made public the charges made by A. B. Ingram, vice-chairman of the Ontario Railway and Municipal Board, to the effect that Sir Adam Beck as chairman of the London Railway Commission, in a return to the Dominion government, "wrongfully transferred large sum from its proper column to another column under a heading which was not only improper but illegal," are repudiated by E. Richards, secretary and treasurer to the London and Port Stanley Railway.

Mr. Richards, in his memorandum to the London Railway Commission says: "The following language is used by Mr. Ingram in this connection. 'No so Beck, railway financial wizard. He said "Presto" in 1916, and landed these outstanding bonds and stocks to the amount of \$1,746,854, under the heading "Statement of aid granted and paid to the railways by governments and municipalities" on pages 40 and 41 as subsidy loans and subscriptions to shares by municipalities, and it remains under this heading ever since.' Such a charge is without foundation. 1. No return in 1916 or in any other year by the London Railway Commission, of which Sir Adam Beck is chairman, has ever included any statement of any figures under the heading of "Statement of aid granted and paid to railways" or under any similar heading. 2. So far from such figures under such heading being new figures and inserted in a return for the first time in 1916, the fact is that the identical figures \$1,746,854 (made up of two items of \$1,232,854 and \$514,000) have appeared in each annual return since 1905. 3. No figures transfer made. 4. No transfer has been made by the London Railway Commission or otherwise of any such figures from one heading to another heading in any such return. 5. All of the said returns are published in official blue books by the Dominion government, and were available to Mr. Ingram before making the statement that such figures had appeared for the first time in 1916 at the instance of Sir Adam Beck. 6. As the London Railway Commission has never placed any figures under the said heading, "Statement of aid, etc.," it has not been called upon to consider whether any figures should be placed under that heading. 7. Mr. Ingram's charge, that no authority existed for so doing, does not, however, seem to be in accordance with the facts. A reference to chapter 71 of the Ontario statutes of 1894 shows that the city of London was expressly authorized to loan up to \$110,000 to the London & Port Stanley Railway Co., of which sum an amount of \$85,000 was actually advanced; while as to the earlier advances by the city of London from time to time since 1853, these were doubtless duly authorized, as chapter 146 of the Dominion statutes of 1902 expressly provided that the city should receive from the London & Port Stanley Railway Co. bonds or debentures to the amount of \$1,332,854, the exact figures which have appeared in this connection in each annual return since 1905. 7. All returns made by the London Railway Commission, commencing in 1916, have been made as called for by the Dominion government, on the form of return applicable to electric railway companies, and no criticisms or question has ever been raised with regard thereto. 8. Such returns cover the whole situation with which the London railway commission has to deal with as operating lessees under the statutory provisions contained in chapter 98 of the Dominion statutes of 1914, and are prefaced on the first page in the space provided therefor with the following explicit statement: "London and Port Stanley Railway is owned by the city of London and operated under lease by the London railway commission. This report does not deal with the railway, except since electrification." The statements by Mr. Ingram published in The Toronto World of June 8, are wholly erroneous and mislead-

# OPPOSE INCREASE GUARD AGAINST CHILLS BOYS' HOME SHOWS SUCCESSFUL YEAR

### Simple Precaution Against Dangers of Cold and Damp. Cultivate the habit of taking a cup of hot Oxo—a cube to a cup—before going out in the cold or damp. Such weather is a tax upon the system, and the strengthening and warming powers of the concentrated beef-goodness fortify you against the evils consequent upon exposure. If the uses of Oxo are new to you, try a tin of four cubes. Oxo greatly improves gravies, stews, or soups, and is a delightful, sustaining and appetizing beverage. It is excellent for children. Regular users of Oxo prefer the larger tins of 10 and 50 cubes, using them in many different ways in place of meat.

# TRADE FOLLOWS THE MERCHANT FLAG OF CANADA

By willingness and ability to provide ships Canada this year has drawn the West Indies closer to herself and to the Empire. She can make preferential trade agreements with other peoples under the British flag without arousing international complications. The trade of 45,000,000 people in British Tropical Africa is waiting for us to-day. But we must have ships and a sea-conscious spirit in the people and in the Government.

# THE WEST INDIA TRADE AGREEMENT

Would not have been worth the paper it is written on had it not been for Canadian ships, and the vision of Canadians who realize those facts.

# THE NAVY LEAGUE OF CANADA.

Regular users of Oxo prefer the larger tins of 10 and 50 cubes, using them in many different ways in place of meat.

# SUCCESSFUL YEAR

Mrs. Lionel Clark presided at the annual meeting of the Boys' Home, 239 George street, yesterday afternoon. The 58 little inmates were present at the beginning of the session, when they sang the National Anthem. Rev. Canon Plumtree said the opening prayer, and Rev. Mr. Merrill gave the benediction. In her remarks as chairman, Mrs. Clark, who is an old friend of the Boys' Home, reiterated her interest in its welfare. While referring to many who for years had helped the work of the home, the chairman referred particularly to the services of Dr. Allan Adams, who had given gratuitous service, so valuable that it could never be repaid. Reference was also made to the kindness of Commissioner Chambers in flogging the rink for skating last winter, and to the very welcome gift of handkerchiefs from the Red Cross. Mrs. Clark also dwelt upon the wonderful spirit of harmony that pervaded all who work in the interest of the home, and pointed out that because of the confidence of the public assistance would come from business men and others just as long as we merit that confidence. Reports by the superintendent, Miss Armour, and secretary, Mrs. Blackwood, showed that an average for the year had been 60 boys in residence, with 58 as the present number. Five boys had been indentured to farmers, and two others were placed on farms, where they attended school. The homes of the boys, it was reported, were kept under supervision, and, on the reports presented, depended the return of otherwise of the children. Receipts for the year reported by Mrs. Ross were \$18,920.11; disbursements, \$18,614.80; balance on hand, \$405.31. With reference to the surplus, Mrs. Blackwood said the plan which she gratefully remembered for their contribution from Ross Day to the home, the gift making the surplus possible, was that year there was a deficit. The cost of food had gone up from 17-1/2¢ per capita per day to 21¢. The medical report, read by Dr. Allan Adams, showed that the health of the boys had been exceptionally good, there being no cases due to flu or other epidemic. Eighteen cases of mumps, seven of chicken-pox and four hospital cases were reported during the year.

# BOARD OF CONTROL TO TACKLE RENT PROBLEM

### Facts Given at City Hall Yesterday Show Profiteering at Expense of Tenants—Mayor Will Suggest Measures to Alleviate Situation—Earls Court Residents Protest Against Erection of Synagogue, School and Club House.

Mayor Church will urge the board of control today to tackle the rent profiteering question, and he will suggest measures himself to alleviate the situation. Mayor Church last winter tried to secure legislation to appoint a rent court, but this matter was referred to a special committee and nothing more was heard of it. It is understood he will urge the same step again. An attempt may also be made to get at the profiteers thru the assessment department, but owing to the fact that an increased assessment would only be passed along to the tenants by the landlords, this solution of the problem may not get approval of council.

Facts were laid before city hall authorities yesterday showing that 19 houses in a row on a downtown street, all owned by one person, were bringing in about \$4,000 in rents per annum, altho the assessment of the whole lot is only \$18,500.

**Object to Synagogue.** The proposal to erect a synagogue, school and club-house at 75 MacKay avenue, in Earls Court, brought a large deputation to the property committee meeting yesterday to register a protest and demand that a more suitable location be chosen. There were not half a dozen Jewish families in Earls Court. At present there is an old shack on the site, which is being used as a synagogue temporarily, and it is proposed to remove this and erect a more suitable structure.

On motion of Ald. MacGregor the architect and fire chief were instructed to report on the suitability of the old building as a meeting place both for a sanitary and a fire standpoint, and in the meantime a permit will not be issued for the erection of a new building.

Property Commissioner Chisholm reported that under the act it would be impossible to prevent the erection of the synagogue. Ex-Ald. Ball and T. W. Banton appeared as representatives of the Mount Pleasant Ratepayers' Association and protested against permitting the establishment of a monument works on the south side of Merton street, on the ground that it contravened both the residential and building bylaws. A trip hammer was being used at night, which created a noise objectionable to the people in the district. Mr. Ball said he would not advise taking the south side of

Merton street out of the residential area, but personally would not oppose the location of the monument works there, providing it were housed in a brick building and the noises were abated. Mr. Ball asked for an investigation and report by the architect and fire chief on the district from a fire standpoint, and the manner in which buildings there conform to the bylaws. The application was granted and the committee also consented to the issue of the permit for the monument works on the condition that a brick building would be erected, and the noises would be abated after 4 p.m. daily.

**To Test Insulated Houses.** A. S. Barron, who has been investigating the heating of houses for the Hydro-Electric Commission, asked the committee to make a test of insulated houses, such as have been erected at Saskatoon. The walls are stuffed with shavings or similar material and it is claimed that where used coal bills have been cut in half.

On motion of Ald. Baker, the architect was asked to report on the practicality of making a test by the erection of an "insulated" house. The committee recommended the installation of five street lights on West Lawrence avenue at the request of a resident, and also lights on the following points: St. Clair avenue and railway crossing, Kennedy avenue, Cloverleaf avenue, Hillcrest drive, Melrose avenue, Seventh street, Neville Park boulevard, Ivy avenue, and the intersection of the latter and West Heath street. Hendrick avenue, Mackay avenue.

J. J. Walsh asked for the right to erect a portable frame bungalow on a lake front lot at the Beach. An objection to the building bylaw. A poll of the district will be taken on the application.

The court of revision will deal with the first batch of assessment appeals from ward three, beginning October 13. The city health department has no record of new flu cases in the city, altho several doctors have reported cases in the last few days. George Barron has declined for business reasons to act on the new housing commission. Mayor Church says he already has another man in view.

# MANY BUILDING PERMITS ISSUED AT CITY HALL

The city architect's department yesterday granted permits for the following buildings: A. and G. Sleightham, pair of dwellings, west side Glebeholme boulevard, \$6,000; Dr. Hoffman, repairs to verandah, 22 Balsam avenue, \$3,000; J. W. Tucker, pair semi-detached residences, east side Donlands avenue, near Glebeholme avenue, \$7,000; J. H. Craig, pair dwellings, north side Macrit road, near Yonge, \$10,000; Fred Deer, detached dwelling, west side Langford avenue, \$3,500; H. B. Jackson, dwelling, 203 Beech Crawford & McClintock, pair dwellings, north side Harris avenue, near Westlake avenue, \$15,000.

# CANADIANS' VALOR EXTOLLED BY SEELY

### Marshal Foch Writes of Pride in Commanding Boys of Dominion.

"Please be my interpreter to your valiant old comrades in arms of the Canadian Cavalry Brigade, in telling them of my admiration for them, and expressing to them my pride at having had them under my command," said Marshal Foch in a letter to Maj.-Gen. Seely in commendance of the Canadian cavalry at Amiens in March, 1918, when the restoration of the situation was effected.

Quiet, unassuming, but with that straightforwardness that characterizes the British soldier as a man of action, General Seely in an address at the Empire Club luncheon yesterday at the King Edward Hotel, graphically recalled the victories in which the cavalry, as a main factor, was responsible for the downfall of Prussianism.

For five months I was on special service under "The King's Own" command of the Canadian Cavalry Brigade. At Ypres, swept by clouds of burning gas, the Canadians held on and in a battle never before in the annals of the name of Canada.

Postured followed, and then the Somme, where his brigade were the first to follow the Germans as they retreated, the speaker said. His horse, Warrior, was shellshocked there and the general had five bones broken. In the first battle of Cambrai a tank went through the line, crossing the canal, and Major Walker, under the direct fire of the enemy, built the bridge over which the Fort Garry Horse advanced in single file. They passed the infantry and achieved their objective, a German battery four miles beyond Strehan won his V.C. in this engagement and was responsible for the death of the German commander himself.

At St. Quentin the main attack of the enemy, about a hundred divisions were to pass through the line. "But I planned to attack them before they were in your enterprise," replied Gough, and Seely went ahead with his preparations.

**Big Concentration.** "We knew that there was a big concentration of men in front of us," the speaker said, including the Prussian Guards, but we determined to go thru with our plan. The R.C.D.'s were to pass which the R.C.D.'s were exploding a torpedo filled with T.N.T. under the enemy's barbed wire, pocket the enemy directly in front of us and drive him out of his line. The attack was successful beyond our fondest hopes. The spirit of the R.C.D.'s was wonderful. Everybody went, signallers, batmen, messengers, even the cooks, and every man came back. It was the most successful raid in the whole war, and not a survivor of the Prussian Guard was left to tell the tale on a front of over a mile.

When the attack at St. Quentin broke, more than a million Germans were engaged, he continued, they maintained their position all day, firing toward the last with open sights, and retired with every gun. Round after round of applause greeted the general's description of the heroism of the Lord Strathcona's, Fort Garry and the R.C.D.'s. "This has been my first opportunity before a Canadian audience to tell about that part played by the cavalry," said the general. "It was the supreme moment at Amiens, when the French general said to me, 'You can take over this Ridge, my men will hold on.' There it was that Lieut. Flowerdew won his V.C., and there it was that the wounded German officer, who was offered assistance, tried to reach his rifle, saying, 'I will die untaken.'"

"The union of the British and French armies had to be maintained at Amiens, and by their magnificent dash and unquenched spirit, the Canadian Cavalry Brigade threw themselves into the breach against overwhelming odds, and in a great degree restored the situation. What more can be said? "Their record is one to thrill your hearts," concluded the general. "What feelings stir in my breast when I meet the gallant souls who were not wanting in the supreme ordeal. In valor, in self-sacrifice, it has been Canada first."

Fred Coombs, chairman of the speaker, said he was about to join the benefactors. As a token of appreciation energy in furthering the interests of the Empire Club, he was presented with a loving cup, which he acknowledged in a short, fitting reply.

**Street Railway Owes Four Months' Percentage** The Toronto Street Railway earnings in September were \$690,546, of which the city's percentage was \$55,243. The earnings for September of last year were \$644,422.

The company is now indebted to the city for the percentages for June, July, and August. The question of pressing for immediate payment will be dealt with again by the board of control this week.

**WOMEN'S CLUB HEARS PAPER ON JENNY LIND** At the Sherborne House Club yesterday the American Women's Club met for the purpose of transacting business and listening to a paper by Mrs. M. B. Merrill on "Jenny Lind" whose anniversary occurs next week. Tea was served at the close.

The regular season of winter opening of the regular season of winter programs, when Mrs. George Nairn will give a series of readings, which will be diversified by discussions on current topics.

# EMPLOYES' DAY AT BALDWIN'S PLANT

### Women Among Guests at Ceremony—Men Tell of Good Conditions.

"Canada Nih—A Nih I Canada" ("Canada for us—and us for Canada")—the slogan of the Welshmen employed in the newly-opened tin plate rolling mill of Baldwin's Canadian Steel Corporation gives a fair idea of the general spirit which prevails between the employers and employed at the factory in Ashbridge's bay.

Altho the official opening of the new tin plate rolling mill at the Baldwin plant was held last Thursday, just twelve months to the day after the construction of the plant began Sept. 30, 1919, another general opening of the mill was held yesterday for the benefit and entertainment of the wives and sweethearts of the 500 workmen who will earn their daily bread in the new plant.

There was a general reception of the 250 to 300 guests in the general offices of the company, after which S. R. Coud, general manager of the new plant, conducted a demonstration of rolling, galvanizing and tinning at the mill. Mrs. J. Lynch turned on the current of the 1500 horsepower motor, which was in operation the big 160-horsepower generator that generates the force to fly wheel of the mill. Behind the six rolling mills of the plant, Mr. Coud personally demonstrated the rolling process, in which red hot sheets of roughly tinned metal is taken from the furnace with a pair of long prongs and placed on a short slide leading between the heavy steel rollers of the mill. The operation at this point was handled by the men of the plant. From the slides, the hot metal sheets were started thru the mill by the ladies, who used specially prepared pushers.

**Women Operated Plant.** The ladies who took part in the operation of the mills were as follows: Mrs. James Sheld, Mrs. Robert Harvey, Miss K. Logan and Mrs. Henly Harris. Mrs. J. Emmons, Mrs. W. Barnett, Mrs. Nathaniel Thomas, Mrs. T. Lowry, Mrs. McKenna, Mrs. Phillips, Mrs. Halfpenny, Mrs. Le Fevre, Mrs. J. Lynch, Mrs. Reid, Mrs. Wallace, Mrs. Braithwaite, Mrs. F. Dewart, Miss Hall, Mrs. Crawford, Mrs. Phipps, Mrs. Staples, Mrs. Bradley, Mrs. McDonald, Mrs. Anderson, Mrs. Gough, Mrs. Henry, Mrs. Bolton, Mrs. Stevens, Mrs. Sinden, Mrs. Jones, Mrs. Thomas and Mrs. Bell—all of the wives or sweethearts, so 'twas said, of the superintendents and assistant superintendents of the plant.

**According to Manager Coud,** the 500 men now working in the new mill plant will be doubled in time. The first batch of mill superintendents, reports the best of good fellow-ship among the members of his crew, and says the spirit shown by the men in the work is beyond reproach.

**Many Returned Men.** Andrew Gibson, formerly of the 15th Battalion, Canadian infantry, one of the British returned soldiers employed by the Baldwin Company, and the man who coaled the first heat of the new rolling mill, says that of the 500 men in the rolling mill, more than half are men returned from war service.

Mr. Gibson is apparently a leading spirit among the men in the plant, for, as he made the rounds in his blue-overalled uniform, he seemed to add impetus, if such a thing were possible, on the gala day for the worker, to every turn of work in which he engaged. Others, perhaps all returned soldiers, worked with an equal vim, and it was apparent that the men present or prospectively, had worked to earn the daily bread of a family.

Charles Gage, who superintended the construction of the rolling mill, as manager on the scene for Roy Miller & Sons, the contractors, was master of ceremonies for the day. A 5 o'clock tea completed the afternoon's program.

**Evening of Entertainment.** In the evening, in the factory's dining hall, Nathaniel Thomas, mill superintendent, presided over the evening. He welcomed the guests. In his address, he lauded the manner in which "the first tin plate mill erected in the empire ever evacuated the old country had successfully gone thru its first test. Mr. Thomas mentioned the labor troubles of the tin plate in Pittsburgh, in the United States, and compared things there with the happy state of affairs in the local plant. "I for one," he said, "do not want to see the same fate overtaking the industry in Canada as in the United States, and that country the industry is almost exclusively manned by alien labor."

Richard Russell of the Baldwin Company gave a brief address, as did also General Manager S. R. Coud and John Emmons of the plant.

"Henwlad-ly-Nhaad" ("Land of My Father"), the Welsh National Anthem, was sung at the evening gathering of the workers and their guests by Mrs. Gladys Jones Morgan. Musical selections were also rendered by Mrs. Colinghwa, soprano; Miss Vera McLean, contralto; Elcho Fiddies, tenor, and John A. Furlong, baritone. Percy David, comedian, and Robert Thomas, elocutionist, also entertained, while Miss Maude Dowsley presided at the piano for the evening.

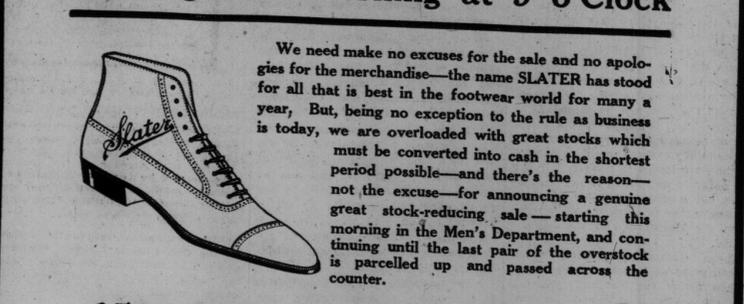

**MOVE RAILWAY OFFICES TO NEW UNION STATION** The administrative offices of the National Railways and the Grand Trunk were moved yesterday to the top floor of the new Union Station, which is complete with electric lights and floor covering. The lower floors are still in an unfinished state, and a large body of workmen are making rapid headway towards getting them ready.

# A Shock to Shoedom---a great event for the people---the wonder sale of the year

## STUPENDOUS STOCK REDUCING SALE OF "SLATER" BOOTS FOR MEN

### Starting This Morning at 9 o'Clock

We need make no excuses for the sale and no apologies for the merchandise—the name SLATER has stood for all that is best in the footwear world for many a year. But, being no exception to the rule as business is today, we are overloaded with great stocks which must be converted into cash in the shortest period possible—and there's the reason—not the excuse—for announcing a genuine great stock-reducing sale—starting this morning in the Men's Department, and continuing until the last pair of the overstock is parcelled up and passed across the counter.

### 1500 Pairs of Broken Sizes and Manufacturers' Samples

Regular 12.00 to 14.00 a pair. **8.95** All on sale at one price. (No Luxury Tax)

Not a reserve on a pair—clean clearing—wonderful values—genuine reductions—SLATER'S Boots and Shoes for men—broken lines and manufacturers' Samples—in all leathers—black and tan—all sizes—all widths—all the newest lasts—medium and higher heels—single, medium and double soles—every pair a SLATER make—and carrying the warrant for quality and value for which the name stands. Not odds and ends of stocks, but big, full and generous assortments in all lines—Regular prices, \$12.00 to \$14.00, to be cleared at **\$8.95**

All other lines of Slater Boots and Shoes for men, regular \$16.00 to \$18.00, on sale, including the luxury tax, at **\$11.30**

We Are Out to Eclipse the Best That Has Been Presented. Come the First Day.

# FAVOR SEATS IN BASEBALL PARKS

### Money Will Be Placed for Purpose in Next Civic Estimates.

The committee on parks and exhibitions yesterday went on record as being in favor of the placing of seats in various parks where senior baseball is played, for the free accommodation of the public. Parks Commissioner Chambers endorsed the idea, and added that considerable sums of money would have to be expended in the next few years on recreation, both for the players and for those watching the games.

This action was taken on motion of Ald. F. M. Johnston, who said he had seen five thousand people on different occasions watching games in the parks. The resolution asked the commissioner to have the necessary money placed in his estimates next year.

In answer to Ald. Whetter, Ald. Johnston said he would not undertake to provide seats for everybody, but sufficient to accommodate an average crowd, and he would make them free. Commissioner Chambers agreed also with the members of the committee that there was a very urgent need of better lavatory accommodation in the parks.

The commissioner instructed the commissioner to report on the request coming thru the board of control that Royce House in Royce Park be reserved for a sailors' and soldiers' home.

The commissioner will also report on the proposal to secure small park areas on Bayview and also near the corner of St. Clair and Bathurst street.

According to the commissioner's report the Toronto parks department has planted 4,487 trees upon the city's streets during the season just ended, a record which has not been exceeded since before the war. They are chiefly Norway maples and American elms, with a few ash.

# ALLOWED BAIL ON MANSLAUGHTER CHARGE

Two sureties of \$1,000 each secured the release yesterday of George Green, 8 Boswell avenue, charged with manslaughter. Col. T. H. Lennox, K. C., appeared in the county police court for the accused and his bail was set at \$1,000. Mr. Green's car struck Mary Kincaid of Scarborough, resulting in the latter's death.

**FIRE CHIEF RUSSELL HOME.** After holidaying near Ottawa for two weeks, where he was hunting and fishing, Fire Chief Russell returned to duty at fire headquarters yesterday. The chief looked much improved for his trip in the bush.

**CIVIC CAR REVENUE INCREASES FOR MONTH** The revenue from the civic car lines continues to grow. The number of passengers carried last month was 2,775,708, an increase of 443,932 over the total for September of last year, when 2,332,674 were carried. The revenue was \$46,558, against \$39,601 in September last year.

In answer to Ald. Whetter, Ald. Johnston said he would not undertake to provide seats for everybody, but sufficient to accommodate an average crowd, and he would make them free. Commissioner Chambers agreed also with the members of the committee that there was a very urgent need of better lavatory accommodation in the parks.

The commissioner instructed the commissioner to report on the request coming thru the board of control that Royce House in Royce Park be reserved for a sailors' and soldiers' home.

The commissioner will also report on the proposal to secure small park areas on Bayview and also near the corner of St. Clair and Bathurst street.

According to the commissioner's report the Toronto parks department has planted 4,487 trees upon the city's streets during the season just ended, a record which has not been exceeded since before the war. They are chiefly Norway maples and American elms, with a few ash.

# WOULD MAKE RENTS AS INTEREST RATES

### Ex-Alderman Ball Would Like to See Landlords More Compassionate.

Ex-Ald. Ball yesterday characterized the attempts now being made at the city hall to correct the exorbitant rents as mere hy-play. Over a year ago, he said, he moved a resolution to petition the Dominion government to exact legislation to cover rents, just as interest rates are now controlled. If the city council were in earnest in the matter, he thought this would have been followed up last spring with the Ottawa government. Mr. Ball sees no other relief ahead for the renter, except by making the landlord more compassionate until public sentiment has compelled legislative action. Government regulation, he did not expect, except during such abnormal periods as the one thru which we are now passing.

In answer to Ald. Whetter, Ald. Johnston said he would not undertake to provide seats for everybody, but sufficient to accommodate an average crowd, and he would make them free. Commissioner Chambers agreed also with the members of the committee that there was a very urgent need of better lavatory accommodation in the parks.

The commissioner instructed the commissioner to report on the request coming thru the board of control that Royce House in Royce Park be reserved for a sailors' and soldiers' home.

The commissioner will also report on the proposal to secure small park areas on Bayview and also near the corner of St. Clair and Bathurst street.

According to the commissioner's report the Toronto parks department has planted 4,487 trees upon the city's streets during the season just ended, a record which has not been exceeded since before the war. They are chiefly Norway maples and American elms, with a few ash.

On October 21 the largest number of students-at-law to be called to the bar at one time in the history of Ontario will be sworn as barristers and enrolled as solicitors, at Osgoode Hall. There are 103 on the list. The president of the bar last year.

**Premier Meighen, the Globe and the Bolsheviks.**

The late Horace Greeley once observed:  
 I do not say that all Democrats are horse thieves, but do say that all horse thieves are Democrats.  
 By the same token it may be said that all opponents of the Meighen government are not Bolsheviks, but it is a fact that the Bolsheviks, the I. W. W., the O. B. U., and the cranks generally are included among the opponents of the Meighen government. It is natural and probably inevitable that the dissatisfied and revolutionary elements in any country would be opposed to the government in power. For this the party in opposition is not responsible, but it may reasonably count on getting a certain amount of support from the Unresters and the Discontented.

These elements, of course, would specially oppose Premier Meighen, who stands firmly for law and order all over the country, just as he stood firmly for law and order in Winnipeg, when he took his political life in his hand by defying the Soviets. He has pointed out that members of the I. W. W., and kindred organizations, will fight his government and will fight it most effectively by reactionary corporations, and is too apathetic toward public ownership.

No one surpasses Mr. Meighen in clarity of statement, and the people of the country rightly understood his speech at Stirling which was reported verbatim, and his subsequent speeches in the eastern townships, which were more meagrely reported, and do not pretend to give his exact words. Yet, Premier Drury, at Oshawa, the other night, defended himself from charges which neither Mr. Meighen nor any one else ever made, and declared that the Farmers' government in Ontario was not Bolshevik. This was the more superfluous, because the criticism that has been directed against the Drury government, with some justice, too, is the charge that it has been too easily influenced by reactionary corporations, and is too apathetic toward public ownership.

The Grain Growers' Guide, the organ of the Farmers' party, criticizes Mr. Meighen for denouncing the Bolsheviks and kindred organizations, and commends him to the philosophical air of detachment which marks the public utterances of Sir Auckland Geddes, and we read:

"Sir Auckland pointed out that there was considerable cause for being before the war, that the war has simply made bad conditions worse, and that the so-called agitators, conspirators and Bolsheviks are but like mosquitoes that come from swampy pools; there may be a kind of pleasure in swatting them, but they will never be got rid of until the swampy pools in which they breed are drained."  
 So far so good. The human mind is so curiously hinged that nearly every man at some period of his life is attracted by the idea of revolution. We do not think our prosperous neighbor, The Grain Growers' Guide, sympathizes with the Bolsheviks, but it probably sees no harm in giving them a kind word in passing, for, after all, they have votes. It does not fly up in the air, tear passion into tatters, and pretend to be in a terrible rage because Mr. Meighen intimated that the Bolshevik crowd would vote with the Farmers' party at the next election.

That is reserved for The Toronto Globe, which labors prodigiously to show some difference in phraseology between the prime minister's speeches at Granby and Sherbrooke, and harps upon his saying that the enemies of the social order were "aligned" against the government. We see nothing wrong in the statement. The Farmers' party cannot station and guard every polling precinct to drive away undesirable citizens who want to vote for their candidate. Here is a quotation from Mr. Meighen's Granby speech, which The Globe rolls as a sweet morsel under its tongue:

"I do not say that the leaders of the Farmers' party, much less their followers, want to overturn responsible government, but I do say that those with whom they have aligned themselves, as, for instance, the Winnipeg and Vancouver seditionists, had as their goal the upsetting of the system of government in Canada."

Well, The Globe has a right to amuse itself, but should it not be in a more serious business? With the Dominion elections two or three years away, we have a lot of pressing provincial problems which need attention. Instead of spending a column editorial in dotting the I's and crossing the t's of the Granby speech, The Globe would be better employed in advocating a forward progressive pulp and paper policy for Ontario. Why does The Globe object to the government demonstrating the real value of a pulp mill, the real cost of producing paper? We have the pulp and

water powers in Ontario to make paper for the world, yet Ontario publishers pay extravagant prices and get scant consideration. The province gets in payment for these pulp limits a sum so inadequate as to be grotesque. The World favors a policy that will bring a large revenue to the province, and paper at reasonable prices to Canadian publishers.

**The Borah Bolt.**

Senator William E. Borah of Montana has notified the Republican national committee that he will not continue on the stump for Senator Harding, and it is anticipated that Senator Hiram Johnson of California will go and do likewise. They object to the candidate's pussyfooting around the league of nations question, as they are both irreconcilably opposed to the league. Probably they cannot do much to change the result of the election, because, of course, they cannot support Governor Cox, who is the outspoken champion of the league.

Mr. Harding had to walk the tight rope, aiming, as he did, to retain the support of Mr. Taft, Hon. Elihu Root and Hon. Charles E. Hughes, stout advocates of the league, and at the same time retain the support of Senators Borah and Johnson, who are irreconcilably opposed to the league. He did this for a time by keeping the league issue in the background, and also by hinting mysteriously at a world supreme court, which might be established later on, and would be much better than the league of nations. Mr. Root was said to be in Europe arranging for this substitute.

Now it appears that the constitution of the world supreme court, upon which Mr. Root has been laboring, grants that court upon the covenant of the league of nations, and makes the league responsible for enforcing its decisions. In short, Mr. Harding cannot get the United States into or before the world supreme court unless and until the United States joins the league of nations. If the league of nations were really the issue in the election, Mr. Harding would invite defeat by floundering as he does in the quagmire of rambling argument and cautious phraseology. But it looks as if the Republicans, assisted by many Democrats, were out to elect Harding. Those who favor the league, and yet support Harding, take it for granted that after the tumult of the election has died away the senate will quietly adopt the Versailles treaty with the Lodge reservations.

**The American Preference.**

Never did the Canadian manufacturer more need whatever protection the tariff gives him against the American manufacturer than at the present time. Yet as we have already pointed out, the importer of American goods does not pay the full tariff duty prescribed by the customs tariff act. Assuming the duty to be 30 per cent, the importer get by with paying 27 per cent. The goods come to the Canadian port invoiced at \$10,000, but that means \$10,000 in American money, translated into Canadian money, goods are invoiced at something over \$11,000. The importer pays the duty in Canadian money, and therefore should pay upon an appraisement translated into Canadian currency. He should not pay \$3,300.

The customs officials should not jump from one currency to another for the purpose of giving an American preference not provided by law. If the appraisement is to be on the basis of the American dollar, then the duty should be paid in American money or its equivalent. Three thousand dollars in Canadian currency is not 30 per cent of \$10,000 of American currency. The correct method would be to translate the American invoice into Canadian currency, taking note of the fact that the British pound, the French franc and the Italian lire has depreciated.

The customs department occupied a consistent position although a very grotesque one when it ruled that all foreign money was of the same value as before the war. It was a grotesque ruling which absolutely abolished the British preference and made imports from continental countries impossible. But it was heroic in its consistency, because it assumed that the war had never occurred and that neither American money had depreciated nor European currency depreciated. The present ruling which admits that the war has taken place as far as Europe is concerned and that European currency has therefore depreciated, is illogical in ignoring that the American dollar has appreciated.

Mr. Tulliver, in The Mill on the Floss, made short work of the courts and lawyers and all the law books on riparian rights by declaring that "water is water." The commissioner of customs seems to have entrenched himself behind the proposition that "a dollar is a dollar." Our new minister of customs, fresh from his victorious by-election, should give the subject some attention.

**Remarked in Passing.**

If we had the cheaper bread we were promised we could have cheaper bread and milk, if we had cheaper milk. Department of labor says living costs

**OLD MAN ONTARIO: I just dropped in, Mr. Premier, to say I am in favor of public ownership of pulp and paper mills.**

are coming down. Believe it when you see the five-cent cigar back again.  
 Perhaps it's just as well the board of control forgot about bread when they appointed a special committee and the mayor to fight high milk prices.

Chinese wheat is selling in Europe for the first time in history. Farmers who talk of holding out for higher prices had better look out lest they lose their foreign market.

Heard a man say picking winners at the Woodbills last week was like catching a train or keeping an engagement via the Bathurst street car line; the odds are all against you.

Edison is the latest man who says he is going to establish communication with the dead. Begins to look as though the days of real rest in the great beyond are drawing to a close.

Trotzky is finding difficulty in getting recruits for his army. Judging by the way the Poles are handling the soviet troops it is a case of "Dilly, Dilly, come and be killed."

**OTHER PEOPLE'S OPINIONS**

The World will gladly print under this head letters written by our readers, dealing with current topics. As space is limited, they must not be longer than 200 words and written on one side of the paper only.

**ON TAX EXEMPTION.**

Editor World: I am a stenographer getting a little over \$700 a year, and because of that fact I am assessed and have to pay a tax to the city of Toronto. I am therefore very much interested when you have declared that the government has fostered and has grown into a national sentiment, the like of which can, smoking always, occasionally smother, and sometimes there is a violent eruption. In 1915 a government that had for years run this country wisely and well, and under whose auspices I became quite prosperous, was suddenly overwhelmed, because it stood for a reciprocity agreement with the United States. It was then that the government of 1914 was fostered and has grown into a national sentiment, the like of which can, smoking always, occasionally smother, and sometimes there is a violent eruption. In 1915 a government that had for years run this country wisely and well, and under whose auspices I became quite prosperous, was suddenly overwhelmed, because it stood for a reciprocity agreement with the United States. It was then that the government of 1914 was fostered and has grown into a national sentiment, the like of which can, smoking always, occasionally smother, and sometimes there is a violent eruption. In 1915 a government that had for years run this country wisely and well, and under whose auspices I became quite prosperous, was suddenly overwhelmed, because it stood for a reciprocity agreement with the United States. Advertisement for Hydro User Lamp: If Every Hydro User Cut Out One Lamp 5,000 horse-power would be saved each day in Toronto to relieve the power shortage.

The season when Power Shortage is likely to be experienced has now arrived and the co-operation of all Hydro users is earnestly requested in the endeavor to reduce general inconvenience to a minimum.

Cut out heaters and other current consuming devices at times of shortage. Switch off every lamp not actually needed. Use the most efficient type of lamps procurable, and discard blackened or old-fashioned lamps which waste current and give poor light.

Reduce display lighting to a minimum and cut out signs during hours of shortage. Use the most efficient type of lamps and switch off all not absolutely necessary.

While it is impossible to predict with any certainty when shortage will be experienced during September and October, it occurs most frequently between 8 a.m. and 11 a.m., and 4 p.m. and 6.30 p.m., particularly on cold or dark days.

**CATTLE PRICES DID NOT GO BACK MUCH**

**Good Stuff Steady; Common Off Fifty Cents a Hundredweight.**

With around 2500 fresh cattle on sale yesterday, the quality of which was generally good, butchers, and heavy finished steers, were wanted, and sold at satisfactory prices. The common ones were hard to sell.

There was a steady demand for heavy fully grown, there was a very fair demand for good butchers, and heavy finished steers. The other grades were slow and the prices lower. Much cows and springers were wanted, and sold at satisfactory prices.

There was a steady demand for heavy fully grown, there was a very fair demand for good butchers, and heavy finished steers. The other grades were slow and the prices lower. Much cows and springers were wanted, and sold at satisfactory prices.

**Sheep and Lambs.**

With around 3000 sheep and lambs on sale yesterday, the quality of which was generally good, butchers, and heavy finished steers, were wanted, and sold at satisfactory prices. The common ones were hard to sell.

There was a steady demand for heavy fully grown, there was a very fair demand for good butchers, and heavy finished steers. The other grades were slow and the prices lower. Much cows and springers were wanted, and sold at satisfactory prices.

**Special Market Notes.**

The Corbett, Hall, Coughlin Co. quote:

With around 2500 fresh cattle on sale yesterday, the quality of which was generally good, butchers, and heavy finished steers, were wanted, and sold at satisfactory prices. The common ones were hard to sell.

**General Sales.**

McDonald & Halligan's sales yesterday at the Union Yards were as follows:

Butcher—1, 2200 lbs., \$2.10; 2, 2200 lbs., \$2.10; 3, 2200 lbs., \$2.10; 4, 2200 lbs., \$2.10; 5, 2200 lbs., \$2.10; 6, 2200 lbs., \$2.10; 7, 2200 lbs., \$2.10; 8, 2200 lbs., \$2.10; 9, 2200 lbs., \$2.10; # FASS NIGHT AT THEATRES

### Shakspere Holds the Boards at the Princess—"The Bird of Paradise" Finds Favor at the Royal Alexandra—Capital Pictures and Clever Vaudeville Are Good Attractions at Other Shows.

**Mantell in Hamlet.**  
In the character of the melancholy Dane, Robert Mantell scored a distinct personal hit when he opened a week's engagement at the Princess Theatre last night with "Hamlet." The veteran actor, who has seldom missed a season in Toronto in years, seems to have lost none of his popularity and was compelled to respond to frequent curtain calls. Miss Genevieve Hamper, as Ophelia, shared the honors with him. The supporting company was excellent, and the scenic effects historically correct.

Mr. Mantell has played "Hamlet" more than a thousand times. There are those who may prefer the interpretation of other Shakespearian actors to his, but his performance is nevertheless a finished, artistic and satisfying one that fairly grips in short an expression or interpretation of the great playwright's idea that seems to meet with the approval of the general run of theatregoers. In Miss Hamper, Mr. Mantell has a charming leading lady, who gives a convincing characterization of role that suits her admirably. The ghost of Hamlet's father was taken by George Sillwell, who also appeared as an actor, and to both characters he brought ripe experience that resulted in an effectively piece of acting. Henry Buckler appeared as Polonius, the lord chamberlain, and was delightful, particularly in the humorous passages. A. C. Henderson, as King of Denmark, made an imposing monarch, and Miss Genevieve Hamper, as his consort, acted with dignity and ability. The other characters, including officers, grave digger, priest and actors—were all well cast.

Tonight Mr. Mantell will present for the first time on any stage his spectacular new production of "As You Like It." His leading lady, Miss Genevieve Hamper, will make her first appearance as Rosalind. Mr. Mantell will assume the role of the melancholy Jacques. Wednesday matinee and Friday night will be devoted to "Macbeth." On Thursday evening will be presented another new production, that of "Louis XI," made popular on the English-speaking stage by Sir Henry Irving. "The Merchant of Venice," Saturday afternoon, and "Richard III," Saturday night will round out the week.

**"Bird of Paradise."**  
Weird Hawaiian music, effective scenery, thrilling drama, with a spectacular climax, characterizes the "Bird of Paradise," which opened at the Royal Alexandra last night. While this is not the first visit of the "Bird of Paradise" to Toronto, it is the first since last night, and the advance sale of seats for the week, indicate that it is popular. The scene is laid, as most of our readers will remember, in the Hawaiian Islands, the paradise of the Pacific. The story deals with the strange Luana, who suddenly learns that she is the surviving son of the royal line. The ambitious Luana, who has impelled the girl to claim the throne but she is a superstitious and big hearted, and finally saves her people from the angry volcano which threatened destruction by offering herself as a human sacrifice.

This leading role was rendered with fine spirit and charm by Florence Rockwell, a finished actress, who more than once won from her audience, first the tribute of laughter, and then the tribute of tears.

The role of Paul Wilson, degenerate white husband of Luana, was an unenviable one, but it was consistently maintained through by Robert Mantell in a most acceptable manner. Brandon Evans, while more robust and convincing as the "beachcomber" than he was as the hero of science, brought to his role, however, too slow a pace in his acting. He was, however, an excellent bear-learner, a self-sacrificing woman, who had spoken words of cheer to him in his hour of degradation and given him the chance to make good. The role of Diana was gracefully and sympathetically rendered by Miss Gertrude Walters.

It may be said, however, that the cast as a whole is strong and well balanced. The musical numbers were wonderfully well rendered, and the spectacular scene which ends the play is one of the most striking ever seen in Toronto.

**Good Comedy at Grand.**  
If the first two acts of the new satirical comedy, "On the Hiring Line," were anything like as spirited and animated as the last one, the Grand Opera House, where the comedy was produced last night, would be one of the laughing spots of the week, and there is no reason why this should not be, if the two early acts are as good as the last. The author has provided the material, and the actors have it in them to reproduce it. The play is produced by Miss Anderson (Mrs. B. A. Trestrail), an actress who has been mentioned as one of the leading comedienne of today. Unfortunately, Miss Anderson was taken ill last week, and is now in the General Hospital. The comedy, which took the part at short notice, portrayed the wife who wishes to teach her husband a lesson, who is assisted by a friend and a quiet humor that was quite refreshing. "On the Hiring Line," dignity with the old problem of servant question in a novel way that is not only amusing, but instructive. Miss Viola Frayne, as the young daughter of the house, is delightful in her simplicity, and A. Evans, as a broken-down actor, is clever, but he would do well to study the comicisms of an Englishman before attempting to produce them on the stage. Wallis Roberts, Frank Frayne and Harry Young are all good, whilst Miss Donna Bartlett, as the "falling-in-love" wife, is amusing and clever. To Miss Ames, however, the greatest credit must be given—she is the mainstay of the whole play.

**Shea's Capital Turns.**  
There are three turns on Shea's Theatre program this week that stand out so prominently in artistic merit, production and staging, from the remainder that it is somewhat difficult to adequately describe them. Geo. Jessel's "Troubles of 1920," which is a satire upon the revue epidemic, is one of the most pretentious efforts at staging and color undertaken at Shea's for many a long day. The music is tuneful, the songs and acting up-to-date and the girls are both pretty and well dressed. Herschel Henlere is master of the plot. He is an artist, but has a vein of patter brimful of mirth, and when he is assisted by all-new Betty Donn, who is better, it is Robert Berne, who has a song act entitled "Portrait of a Musical." It is a novel presentation and most excellent production of view. McCormack and Revay, a song and dance act, are no better, as usual, than the usual run of such turns. Herbert Brooks, who teases himself as a man who puzzled the world with a puzzle, together with some good lyrics, complete a good program.

**Mary Pickford Shines Again.**  
Mary Pickford, in a role altogether different from that in which she usually appears as the pretty girl with curls and the accompanying graces, is seen this week in the film story of "Suds" at the screen drama is from Charles Frohman's brilliant stage success, "Op o' Me 'n' 'n' and depicts the career of Mary,

who, shorn of all personal adornment, is introduced under the supple name of Amanda Atlick, who, in spite of her name, is but a poor little slavey in a French laundry. How imagination can flourish even under the most sordid conditions was brought out when Mary described to the other girls the romance of herself and her Prince Charming, Horace Roomer, and the versatility of her scene where she really meets the man of her dreams and realizes that even the devotion which she has been so captivously upon her imaginary lover is not sufficient to induce the man to reciprocate. Laughter and tears were very near the audience as the story of Amanda unfolded itself. Additional features were the attractive quartet of tenorists, talented girls, who presented a medley of syncopation, low-baiter; Mamma Kantor, who sang original and amusing acts; the Slone-Moyer sisters, in artistic dances; dainty Dorothy Royce, who added melody to the bill, and "The Girl in the Door," latest comedy playlet by Marietta Craig & Co.

**Photodrama at Hipp.**  
Tom Mix in the photodrama, "The Untamed," seems to be a charmed life, and, as usual, bears out his reputation of mixing things up. It would appear from the film narrative that all the heroism of the prairies and the cattle ranges was bottled up in both himself and his exploits. The vaudeville studies were good, and special mention might be made of all the acts for one reason or another. Mr. and Mrs. Wilson in a shadowgraph act proved unusually interesting. Jim and Blanche Creighton, in their comedy and monologues, were pleasing, and Malie King & Co. in their combined act of too dancing and comedy stunts, formed another delightful touch to the matinee. Frank Neville & Co. in a scene and comedy act, every-thing of a sort, appeared to combine dancing and monologues with comedy. Most and monologues with comedy, with the exception of the shadowgraphs.

**Low's Uptown.**  
It is doubtful if Mary Pickford's versatility ever secured a better vehicle for expression than "Suds," the feature film for this week at Loew's Uptown Theatre. The popular star, appearing first as the bride of London in the first act, and later to a high social position, reveals an ability to assume with equal ease and refinement both a humble and a high social station in life. The element of romance is introduced into the production by means of the extravagant fancies which "Suds" indulges regarding a shirt of luxury, which is left by the companion. The love affair, which is a casual started and which reaches a climax, ultimately results in a happy marriage. The creation, gives a touch of genuine pathos to the story. The Metropolitan Quartet continue to delight the Uptown audience by the excellence of their singing and the refinement of their instrumental playing. "The Viking," The musical, which maintains their usual high standard and which is a most pleasing and new production to complete a bill fully in keeping with the standard already set by this newest attraction's family household.

**Pleasing Pantomime.**  
The daintiness of Japanese beauty, and the surrealism of an oriental setting, combine to make a Japanese Revue, handling this week's bill at Pantages, one of the most pleasing musical offerings that have been seen this year in local vaudeville. The eight acts, which combine the conventional panting and dance with ability, bring to the stage a most pleasing and romantic story. The Metropolitan Quartet continues to delight the Uptown audience by the excellence of their singing and the refinement of their instrumental playing. "The Viking," The musical, which maintains their usual high standard and which is a most pleasing and new production to complete a bill fully in keeping with the standard already set by this newest attraction's family household.

**"Victory Belles" at Gayety.**  
"Glick N' Everything," the musical and burlesque program, "Victory Belles," which began a week's production last night at the Gayety Theatre, has a live wire cast. The program includes the highest brand of burlesque, a steady flow of laughter at the antics of Eddie, a well-known comedian, and his assistant, then Moore and Scotty Friedell. Scenes in the production shift rapidly, with little apparent thought of the time taken to travel. They "single musically," as the announcement of the performance states, from a scene in front of theatre ticket broker's office in the city to the seashore at Florida, a hotel in Atlantic City, and last, not least, to the Mississippi River, and the valley down to the land of cotton. Scores of the World's Series baseball games will be remembered by inning from the Gayety Theatre.

**"Big Sensation" at Star.**  
If for no other reason than to be entertained by Harry Hickey, the "Big Sensation," the show at the Star Theatre this week, is well worth while seeing. In short, he is the strength of the production. Few comedians on either Columbia or American circuits have the same method of working as less suitable. Ralph Rogers, doing a legitimate, he always secures laughs "wop" characterization, is the second Account. Too Much De Breeze," and this aptly describes the impression the character of Jimmie Lake, who is given credit for the production, serves as a good checked, vivacious soubret, stands out like a peak in the female contingent, Elsie Donnelly, the prima donna, has the two female members who do well are Belle Costello and Stella Rose.

**Good Story at Regent.**  
Thomas Meighan and Martha Mansfield in "Civilian Clothes" played the old story of class barriers at the Regent Theatre. This is the latest production of the Regent, a rather broad young woman, who goes over to the front during the great war to enlighten her out-look upon the world. This she obtains while in the service. In the course of this battle she meets a man, Captain McManis, an expert engineer, whose romance with her brings her into his own double quick time. Love is the basis is a return to the old haunts of war, where glimmer rolls away and pride of status is taken away and pride of happens, however, to return to his wife in her New York home. Finding his wife both surprised and alarmed at his unexpected appearance Captain Mc-

**STRING QUARTET COMING.**  
The first appearance in America of the famous London string quartet took place on Sept. 24, and an instantaneous success was achieved. This combination of English musicians will play in Massey Hall on Friday, Oct. 21, and will be the second concert of I. E. Suckling's concerts for this season.

**Malnutrition is Cause of Death**  
Child's Lack of Care by Foster Parents, Was Finding of Jury.

"That the baby David Beach, aged four months, who died in the Infants' Home on Sept. 11, 1920, came to his death from the result of not receiving proper care at the hands of its foster-parents, and that the husband of the woman who adopted the child was not made aware of its adoption," was the jury's verdict at the inquest last night. The death resulted from malnutrition, either to indigestion or to starvation, said Sheppard of the Children's Aid Society.

Mr. Conroy, district secretary of the G.W.V.A. in Toronto, whose resignation has been reluctantly accepted, stated yesterday afternoon that his resignation was the most cordial possible, but that his work had been hampered by the irresponsible attitude of some of the members, with whom he had found himself unable to agree in matters important to the real progress of the community. His resignation came as a great surprise to the association generally, and community workers, among whom he was an outstanding figure.

**APPEAL FOR HELP FOR STARVING CHINESE**  
An urgent appeal has been made by the Anglican and Presbyterian missionaries in China for money to aid in averting the famine which threatens the country. The ambassadors, Peidin have started a relief fund and the churches in Canada will be asked to appoint a Canadian China relief committee, composed of men prominent in public life, for the purpose of appealing to the public to help raise the two hundred millions of dollars needed to aid the starving population in that far land. The crops are reported to be a total failure, and conditions existing in China at the present time beggar any attempt at description.

**ARCHBISHOP SPEAKS TO CATHOLIC WORKERS**  
His Grace Archbishop McNeill addressed a largely attended meeting of the Catholic Big Sisters at their quarters on Bond Street last night. His grace expressed himself as abnormally in sympathy with the work of the Big Sisters, and emphasized that all social service should have as its first aim to keep the family together in the home. Charity, too, it was pointed out, consists in being responsible for our neighbor's welfare. Plans for the winter's program were discussed in relation to meetings to be held in the month of November. 11 Little Sisters were being looked after by the Big Sisters organization.

**Grand Opera**  
Maitland Moore's Grand Opera, "The P. B. I. or Mademoiselle of Bully Grenay," is the comedy hit of the times.

**Strand Special Attraction**

Music Co.

**SELECT DELEGATES FOR CONVENTION**  
Herbert Holden Elected President of North Toronto Conservative Association.

Herbert Holden was chosen president of the North Toronto Conservative Association, after a close contest with A. E. Orate, at the annual elections of the association, held last night in York Masonic Hall.

Mr. Orate was re-elected first vice-president of the association. Delegates to the Central Conservative Convention were elected as follows: A. H. Charles, second vice-president; T. A. Gibson, recording secretary; H. B. Costello, financial secretary; T. W. Brennan, treasurer, re-elected.

Other executive members: R. M. Yeomans, W. G. Ellis, Frederick W. Hickey, J. H. Dennison, Torrey B. Hopkins, Samuel J. Robins.

Other officers: J. H. Ball, President of the Association; H. E. Bell, F. E. Howe and T. A. Gibson.

Ex-Alderman C. W. Mogridge, of the G.W.V.A. in Toronto, whose resignation has been reluctantly accepted, stated yesterday afternoon that his resignation was the most cordial possible, but that his work had been hampered by the irresponsible attitude of some of the members, with whom he had found himself unable to agree in matters important to the real progress of the community. His resignation came as a great surprise to the association generally, and community workers, among whom he was an outstanding figure.

**REUNION CONCERT**  
So many orders for seats for the 3rd Battalion reunion entertainment at the Armouries on Saturday next have been received from the out-of-town ex-members that the committee have been obliged to open up a department to care for the situation. The officers and men hope to make this reunion the banner entertainment of the season. A splendid program will be presented, the star of which is Albert Lindquist, the celebrated tenor, with the voice of gold. Plans opens Thursday at the R. S. Williams Music Company, Yonge Street.

**CANADIAN WAR PLAY COMES TO MASSEY HALL**  
The P.B.I. or Mademoiselle of Bully Grenay, Canada's own war play, will be seen at Massey Hall this week for four days only, commencing tomorrow, with a matinee on Saturday. This is the same production that amused and delighted thousands of Toronto theatregoers when presented at the Princess Theatre last spring with its naive picture of the life of the Canadian troops in France, in billets, in the line and in hospital. The play is a four-act comedy, written and staged by veterans of the war and presented by a cast of suspended overseas troops numbering 23 persons. Seats will be on sale tomorrow at Massey Hall ticket office for all performances, at 50c, 75c and \$1.

## OVER MILLION FOR METHODIST FUND

### Missionary Receipts for Year Make Record—Will Establish New Stations.

A treasurer's statement indicating receipts for the past year in excess of \$1,000,000 was the feature yesterday of the opening meeting in Central Methodist Church of the missionary board of the Methodist denomination. This is declared to be the first time in the board's history that contributions have soared over the million dollar mark and it is noteworthy that of the total figure only \$159,000 represents the contribution to the work of the fund raised by the forward movement.

Further data indicating the vitality of the missionary movement and tabulated for the conference declares: the possession of a fund of \$650,000, secured largely by means of the forward movement and to be divided as a property fund equally between the home and foreign fields; a proposal to establish a new station in west China and to expand the present college at Kobe, Japan, into a university; and, finally, a program for the coming year entailing an expenditure well in excess of the million dollars, which has operated in previous years as the high water receipt mark to which optimistic members of the board have looked.

The board passed the majority of the afternoon and evening sessions of yesterday in committee, passing upon the estimates which have been proposed for the coming year. A public meeting will be held tonight at which J. H. Wood will be chairman and at which addresses will be given by various of the prominent figures of the Methodist missionary movement.
