British Driving Back The Bulgars

Enemy In Retreat In The Struma Region

NEVOLYEN OCCUPIED

Bulgarians Withdrew After Place Had Been Bombed—Now Asserted That Rumanian Invasion of Bulgaria Was Entirely Successful

Paris, Oct. 6.—The Bulgarians on the Struma in Greek Macedonia are retreating before the British, the French war office announced today.

BRITISH EASILY TAKE NEVOLYEN

London, Oct. 6.—The British forces which recently crossed to the eastern bank of the Struma river, on the Macedonian front, have occupied the village of Nevolyen. The British have consolidated all the ground gained. The total number of prisoners captured in the recent operations now amounts to three officers and 489 men.

Artillery commenced a bombardment of Nevolyen, but after a short time the enemy was seen evacuating the town and it was occupied by us without loss.

London, Oct. 6.—A Reuter despatch from Cana, Crete, says that the Greek provisional government, composed of Premier Venizelos, Admiral Coundouriotis and General Panagiotis Danglis, together with their suite, left on Wednesday, presumably for Mytilene.

Sofia, Oct. 5.—All efforts of the Russians and Rumanians to advance on the Dobruja front have been abandoned, according to an official announcement issued by the war office today.

There is quiet along the Danube. The enemy landing operation near Rahovo village was completely repulsed. There is not a single Rumanian soldier on our side of the river.

Russian Gains Petrograd, via London, Oct. 6.—Russian troops have made headway on the Gallian front in their campaign for Lemberg, according to today's war office announcement, capturing Austro-German positions south of Brzezany, southeast of the Gallian capital. Countless attacks are holding up the Russian offensive along the line to the north.

Invasion Successful London, Oct. 6.—The recent crossing of the Danube by Rumanian forces constituted a successful raid, according to a despatch from Rome today. The Rumanians, says this official statement, destroyed Bulgarian depots containing large quantities of army provisions and recrossed the Danube without losing a man.

Russian Offensive Continues Petrograd, Oct. 6.—Russian troops are continuing their offensive against German and Bulgarian forces in Dobruja, says the official statement issued today. They took some 300 prisoners yesterday.

CALLS ON MINISTERS AND LEADERS OF CHURCHES FOR TRAFALGAR DAY CAMPAIGN

In a letter received by the mayor from the lieutenant-governor of the province, the latter suggests that the work of collecting funds for the British Red Cross Society on Trafalgar Day, Oct. 19, be undertaken by the ministers and the ladies of the churches. He suggests that, if this plan meets with the approval of the mayor, a meeting of the ministers and prominent ladies of each congregation be called for at an early date to consider plans for a systematic campaign. A circular accompanied the letter, and the lieutenant-governor explains that he is sending copies of the circular to the mayors of all cities and towns, members of the legislature, wardens of counties and officers of philanthropic societies, asking for their co-operation.

The governor, who is in the city today on his way from Fredericton to Sackville, called on Mayor Hayes for a further discussion of the plan.

His Worship has agreed with the suggestion to enlist the aid of the ministers, and will call a meeting. As Trafalgar day is less than two weeks away, no time will be lost in making the preparations.

A TARIFF MATTER

Vancouver, B. C., Oct. 6.—At the annual meeting of the Vancouver Liberal Association last evening, Joseph Martin, M.P., said he had been authorized by Sir Wilfrid Laurier to promise that, in the event of a Liberal government being returned in the federal election, the duty would be taken of machinery for farming, mining, lumbering and fishing.

FORMER NEWSPAPER MAN

C. L. Warner, who claims Montreal as his home, is in the city and is registered at the Victoria. Mr. Warner is a former newspaperman, and was at one time a reporter in Milwaukee. At present he is in the advertising business and is here representing a concern in Ottawa. This is his first trip to the maritime provinces and to St. John. It is understood that he is in an effort to get the manufacturers of the city to advertise more extensively their goods.

ANOTHER OFFICER FOR KILTIES

Captain Alban Sturdee Home After Making Fine Record in War

Captain Alban Sturdee, who is to be second in command of the St. John company of the 28th, has arrived in Halifax and will at once take up his duties here. Captain Sturdee was a noted officer of the 28th as a scout and intelligence officer, and received great praise for his daring work at the front, being twice inside the German wire and active in gaining information. He was wounded by shell some weeks ago.

NEIGHBORS SAVE EAST ST. JOHN HOUSE FROM BURNING DOWN

An early morning fire in East St. John did damage to the two-story wooden building of Arthur Green to the extent of about \$100, covered by insurance.

About 9:30 o'clock this morning Mrs. and Mrs. Thomas Sparks, who reside in the next house to the west, were awakened by a fire. Hurrying to the next house they found a little headway and were extinguished by the efforts of Mr. Sparks and his neighbors. However, the fire had an hour they were again aroused by the shouts of Mr. Green who was living in the house alone. The fire was finally subdued after a hard fight.

FRENCH MAKING NEW WAR LOAN A GREAT SUCCESS

Paris, Oct. 6.—Reports from Paris and the provinces show that the second great war loan promises to be an even greater success than the first.

In Paris a large number of persons paid for their stock in gold. At one window of the Bank of France 300,000 francs in gold were paid over in two hours.

MEXICANS HANG AN AMERICAN SOLDIER

Woodland, Cal., Oct. 6.—Charles Call of the Amaluncho Corps, National Guard of California, while on border patrol duty recently, strayed across the international line and was caught and hanged by the Mexicans.

BURIAL OF CREW OF RAISING ZEPPELIN

(London Times Cable to Telegraph) London, Oct. 5.—The crew of the Zeppelin which brought down a hydrogen balloon on Sunday were buried today in a cemetery outside the village, near the graves of the crew of the Zeppelin which was wrecked at Cuffley a month before. The body of the officer who commanded the airship was buried in a coffin of Japanese ash, bearing the following inscription: Commander (name), died in service, October 1, 1916. The other bodies were buried in one large grave, the officer's body in a separate grave.

SUSPEND SAILINGS BECAUSE OF SUBMARINES

London, Oct. 6.—Owing to the risks of North Sea traffic, the Batavier line has suspended its regular sailings between London and Rotterdam. The line operated eleven steamers ranging in tonnage from 1,000 to 6,000 tons. Several Dutch steamers have recently been sunk by submarines in the North Sea.

WHITES KILLED IN RACE RIOT IN MONTANA

Billings, Mont., Oct. 6.—Two white men were shot and killed by seven negroes last night in a race riot near Billings. A third white man is said to have been severely wounded. Five negroes and two whites are under arrest.

ABANDONED BARGES HAVE BEEN PICKED UP

Boston, Oct. 6.—The coastguard cutter "Dasher" reports that she has found the barges Aranc and Alexander and Eron off Cape Sable and is towing them to Rockland, Maine. Both barges were waterlogged and were abandoned by their crews a week ago during a storm.

SENT OUT OF PANAMA

Panama, Oct. 6.—B. Priam, who says he is a British revolutionary propagandist, was deported to New York yesterday. He protested, saying that he was a political refugee.

WATER WORKS ACTIVITIES.

A leak has been discovered in the water main at the corner of Wentworth and Duke streets, caused by a crack in the pipe. The pipe has been uncovered and it is expected that repairs will be completed by tonight.

WEST SIDE SWIMMING SEASON IS ENDED

The swimming season in the West Side dock was taken this morning to winter quarters, thus closing the swimming season there for the year. The season was a little shorter than was anticipated on account of the dredging that is being done in the dock making ready for the opening of the winter port work.

HAIK'S MEN PRESSING AHEAD ON THE SOMME

Near Eaucourt L'Abbaye Khaki Line Is Advanced

FIGHTING ELSEWHERE

Heavy Artillery Work on The Verdun Front—Russians in Mighty Infantry Attack of 36 Hours Duration

London, Oct. 6.—The British last night pushed their line northeast of Eaucourt L'Abbaye, on the Somme front. This was announced officially today.

"During the night," says the statement, "there was considerable artillery activity on our front south of the Ancre. We advanced our position northeast of Eaucourt L'Abbaye."

"Gas was discharged by us east of Loos and east of Arras. Three raiding parties successfully entered the enemy trenches in the Loos area and two south of Arras."

ACTIVITY ON VERDUN FRONT

Paris, Oct. 6.—The war office reports great activity on the part of the Germans on the Verdun front. The Germans are shelling Faivre Hill, east of the Meuse and north of Verdun.

On the Somme front the artillery was active during the night. The Russians attacked the eastern front more violently than any known since the start of the war, according to a Copenhagen despatch to the Exchange Telegraph Company, quoting the eastern correspondent of the Berlin Lokal Anzeiger.

The despatch says that near Karytsch and Fulim, Russian infantry have attacked German lines for the last thirty-six hours without cessation. This assault was in a front of fifty kilometers and the cannonade continued all night.

German officers who participated in the battle in the morning are quoted as saying that the Russian bombardment was now nearly as violent as in the first few weeks ago. Captain Jago, one of the German staff officers, said that the Germans fired 60,000 shells on a very small front.

NOW SAY MORE TROOPS NOT COMING HERE FOR SOME DAYS YET

Journey of 550 From Valcartier Postponed—Probably the 239th—Brigadier-General McLean Arrives in City

According to information received by the C. G. O. officials here today the 500 men and sixteen officers will not arrive in St. John this evening, as was announced yesterday, the movement of troops having been postponed.

It is the opinion of military men in the city today that the unit coming is the 239th Railway Construction Corps although no official word has been received.

A telegram was received at the office of the New Brunswick command this morning advising that fifty men of the special service battalion would arrive tonight and that they were accompanied by an officer of the 238th.

The battalion, when it does arrive, as is expected it will within a few days, will be quartered in the exhibition building, the old quarters of the 118th.

Analysis was made of the 118th, engineer of the 8th division, Halifax, was in the city and ordered that stores be put in the exhibition building be put in the proper shape to accommodate at least 600 men.

Brigadier-General H. H. McLean arrived in the city today from Montreal, where he has been working in behalf of the 238th Kiltie Battalion.

Some advance made in combating dreaded infantile paralysis.

Doctor Finds Peculiar Germ in Tonsils and Adenoids of Victims

New York, Oct. 6.—A peculiar germ found in small abscesses in the tonsils and adenoids of victims of infantile paralysis when injected into lower animals, according to Dr. E. C. Rosenow of the Mayo Foundation at Rochester, Minn., before the New York Academy of Medicine. He said that experiments had been conducted by himself and other physicians on rabbits, guinea pigs, monkeys, cats and dogs. Marked improvement was shown in cases of infantile paralysis following the removal of the tonsils and adenoids.

Dr. Rosenow said, however, that he did not advocate the removal of tonsils and adenoids with infantile paralysis as a means to recovery.

The number of experiments had been too small the men that if they persisted in smoking, they would have to share the payment of extra insurance premiums, so they walked out.

STRUCK BECAUSE NOT ALLOWED TO SMOKE

Workmen in Quebec Shoe Factory, However, Soon Return

Quebec, Oct. 6.—One of the queerest and most incredible reasons for a strike was given today by packers at the Duchaine & Perkins Company, shoe manufacturers. They left work as a protest against orders preventing the men from smoking in the plant.

BERLIN SENDS THIS OUT

Berlin, Oct. 6.—Efforts to compose the differences between Chancellor Von Bethmann-Hollweg and his opponents in the Reichstag, apparently have accomplished little. The chancellor's position, however, appears to be unshakable, and information indicates that the campaign for resumption of submarine activity on the old basis has met with no success.

Like A Boy at 50 Bubbling Over
With Vitality—Taking Iron Did It

Doctor says Nuxated Iron is greatest of all strength builders—Often increases the strength and endurance of delicate, nervous folks 200 per cent. in two weeks time.

New York, N. Y.—Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man; in fact a young man he really was notwithstanding his age. The secret he said was taking iron—Nuxated Iron had filled him with renewed life. At 80 he was in bad health; at 46 a careworn and nearly all in. Now at 50 a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple Nuxated Iron, I am convinced that the lives of thousands of persons might be saved, who now die every year from pneumonia, grippe, consumption, kidney and liver trouble, etc. The real and true cause which started their diseases was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it and as a consequence you become weak, pale and sickly looking just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of new young run-down people who were ailing

all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron acetate or tinctorie of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like Nuxated Iron if you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prizefighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the arena, while many another has gone down to inglorious defeat simply for the lack of iron—E. Sauer, M.D.

Note—Nuxated Iron, recommended above by Dr. Sauer is not a patent medicine nor secret remedy but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy, in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 60 who looks thin and increase their strength 200 per cent. or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by all good druggists.

WHO ARE THESE DEAFAMERS OF GALLANT LADS IN KHAKI?

Soldiers Overseas Hear of Slurring Remarks by Some of the Stay-at-Homes

A member of the 115th Battalion, C. E. F., sends the following—

England, Sept. 22, 1916.

To the Editor of The Times-Star—
Dear Sir—A few days ago I received from correspondents in New Brunswick some hints of what a certain portion of the people in some parts of our beloved province think of the boys in khaki.

The people who made the remarks, be it said, to the credit of the remainder, are those who have plenty of relations holding down safe civilian jobs, while other men do the fighting to keep their homes in safety.

Remark No. 1 was to the effect that no one who enlisted was any good, and that most of the men in khaki were nothing but a pack of drunken bums, over whom most people seemed to have gone crazy for the time being.

Remark No. 2 was to the effect that after the war was over and what was left of the khaki ranks (drunken bums) returned that no one would look at them at all.

In defence of the boys of which I am one, I would like to say through the medium of your paper which has always been on the side of justice, that the apologues for citizens who made those remarks had better employ the time left before the return of the lads, in digging a hole to crawl into after we get back, because the men who have come out and fought and toiled for their country are not very apt to go back after the struggle is all over and let those who were too cowardly to come, run them, not very far anyway. They want to remember that they will be used to fighting and have proved that they can do pretty good work at it.

It would be better for those people that they induced their relatives to join the colors and help defend their homes than to say anything against those who have gone and of whom a goodly portion are sleeping under the sod of France.

In this I voice the feelings of every man in khaki, I am sure. And we ask for the sympathy and co-operation of every person in our land to save our homes from what befell stricken Belgium. Thanking you in advance for space in your valuable paper, I have the honor to be,

Yours sincerely,
ONE OF THE BOYS.

THE GIRLS AND BOYS

Recent experiences of the Children's Aid Society of this city reveal the fact that parents cannot be too careful of the company their children keep. This is especially true of young girls. It is amazing how large a number of girls of fourteen and fifteen are permitted to go about in the evenings unattended, and free to make dangerous acquaintances at a critical period in their lives.

A BROADER FAITH

The war is breaking down religious prejudice in a remarkable way. Rev. R. J. Campbell, after working among the wounded and dying in France, bears this testimony: "It was impossible to be thrown day after day into the company of chaplains and Christian workers of all denominations without feeling that our common Christianity is indeed a real and most blessed fact for which to be profoundly thankful.

Why Suffer From Migraine or Sick Headache?

Dr. J. J. Caldwell says that this exceedingly distressing disease does not shorten life, but does not appear to be curable. Sufferers from this affliction are condemned to weeks until they are forty years of age, after which the attacks are all that is possible to suggest, while care in the diet is the best preventive measure. An attack may often be prevented by taking two anti-migraine tablets when the first symptoms appear, and one anti-migraine tablet every two hours during the attack, whereas it, once the pain and brings rest and quiet. Anti-migraine tablets may be obtained at all drug stores. Ask for A-K Tablets. They quickly relieve all pain.

SHE NOTED THE CORRECTION
When little Belgian girl said, "Will you please shut my dress?" she was gently corrected and told that the word to use was "fasten". A day or two afterwards this little girl, while quarreling with another little girl, exclaimed, "Oh, fasten your mouth!"

RECENT DEATHS

The death of Miss G. Marguerite Thorne, only child of Mr. and Mrs. W. A. T. Thorne of St. John, whose funeral took place in Narrows, Queens county, on September 20, caused widespread sorrow to her many friends of that place. She was only eighteen years of age.

Isaac Cooper, of Point Wolfe, aged sixty-three years, whose death occurred on last Saturday, is survived by his wife and the following family—Mrs. Sedge Kyle, Fort Fairfield, Me.; William, of St. John; Edward, at Alma; Burpee and Irving, at Sussex; Mary, Leonard, James and Walter, at home. For a number of years he was woods foreman for C. T. White & Son.

The death of Mrs. Garfield S. Larlee, of Bath, occurred in a Boston hospital on Sunday morning, following a surgical operation. She was born in Hartland in 1834, daughter of Mr. and Mrs. Maner Thornton, now residents of Calgary. Her father at one time conducted the Perth hotel. Eight years ago she was united in marriage to Garfield Larlee. Besides her husband she leaves two little sons, Herbert, aged six, and Derrill, aged four. Her parents, Mr. and Mrs. Maner Thornton, four sisters, Helen, Gladys and Mildred, and Mrs. George P. Miller, and one brother, Miles Thornton, have been living in Calgary for some years. Her mother, and three unmarried sisters are at present visiting in New Brunswick.

Miss Clare Creaghan, daughter of J. D. Creaghan, left Newcastle Tuesday morning, en route to England, where she expects to join a field hospital staff for overseas service at the front.

Songs from the Heart of Merry Old Ireland The Land of the Shamrock has produced and inspired some of the best-loved "songs of the heart" that have sung their way into our affections. Chauncey Olcott, among other famous artists, has made some Columbia Double-Disc Records that will touch the very heart-strings of every son of the Emerald Isle. These records by Olcott and others are particularly fine examples: I LOVE THE NAME OF MARY, WHEN IRISH EYES ARE SMILING, MACUSHLA, MOTHER MACHREE, WHERE THE RIVER SHANNON FLOWS, A LITTLE BIT OF HEAVEN.

THOUSANDS OF SICK WOMEN

Helped Every Year by Common Sense Suggestions Given Free by The Lydia E. Pinkham Medicine Co. For forty years women suffering from all kinds of female ills have been writing the Lydia E. Pinkham Medicine Co. of Lynn, Mass., for advice. Thus they receive common sense suggestions drawn from a vast volume of experience, and thousands of sick women have been saved from untold suffering, as letters like the following clearly show:— "Newark, Ohio.—'Lydia E. Pinkham's Vegetable Compound has made me a well woman. Your Sensitive Wash is just the thing to overcome female weakness. I have told young mothers as well as older ones about your remedies, and what they have done for me. I think Lydia E. Pinkham's Vegetable Compound saved my life, as my health was very bad when I wrote you, but now I can do my own work and have not had a sick day since I began taking your remedies. I keep the Compound and Liver Pills on hand all the time.'—Mrs. Geo. Thompson, 24 Sherwood Court, Newark, Ohio. Why don't you write for free advice? Address Lydia E. Pinkham Medicine Co. How Toronto Waifs Are Cared For By The Children's Aid

Cases of 755 Children Dealt With in Eight Months, and 34,000 Since 1891--The Home Described

(Toronto Star Weekly) You take poor scrubby little "m" to the Children's Aid Society at 229 Simcoe street. In a number of ways not apparent to the naked eye this rambling building is much like the Kingdom of Heaven. For one thing it is open day and night. For another thing, they never seem to see the exterior of a small fry applicant. They just see the well-dressed, well-meaning soul inside him. To gain admission from the terrors of the outside world one need not produce a birth or health certificate. He doesn't

even need to know his name--so often he hasn't any. Many Dramatic Moments But there is a good, healthy Martha at the door, and there is an initiation which she administers. The more truly awful you are the more trying the initiation. Your rags of clothing are burned and pretty usually your hair cut off. Sometimes parties for hair to be shaved. And you are bathed and refurnished till you are as clean and far more antiseptic than any lily of the field. That drug store of a bathroom has witnessed many dramatic moments. "I heard the most awful screams one day," related the superintendent, Mrs. Duncan, "and I hurried over from the other wing. As I came up the hall I was met by a kiddie of five in her birthday suit, screaming at the top of her voice 'I'm being drowned, I'm being drowned.'"

All the outside, sunny rooms have been given over to the children. The Children's Aid Society of Toronto has placed seventy-nine waifs in foster homes in the last eight months. Thirteen of the older girls in the home have been sent out to work and their wages are banked to be given them when they are twenty-one years old. In the same period 755 children were admitted to the shelter and their cases satisfactorily disposed of in some way. Since 1891 the society has dealt with the cases of over 34,000 children. Fifteen boys from the Home are now at the front.

According to custom the nurse had been immersing the new arrival in a bath of warm water. When this reached her waistline she abandoned all hope and wiggling her wet little body away from her captor she fled for help. She had never before seen a bath. Very many have not.

In addition to dirt and vermin these waifs bring with them terrible skin and scalp diseases. Horrible, is it not? But it is the Children's Aid which enables us to shudder comfortably away from them. We know they are being doctor.

"You couldn't possibly do it if it weren't for love of children," remarked Mrs. Duncan. "Yes," opined the visitor doubtfully, "but it takes something deeper-rooted than that. Something we each label according to our own theory. Some call it consecration and others call it God."

Separated for a Time These new additions to the family are not allowed to mingle with the other children of the shelter. They might spread disease. So there is a separate wing in which they live for a time under medical supervision till they are pronounced clean and healthy. It is a probationers' course. In this wing they have an open playroom, dining room and separate dormitories for girls and boys.

Last winter one of the new children brought measles, but through this precaution the disease was not allowed to spread. Upstairs there are separate hospital wards for boys and girls, each as speckled and shining as any ward in the big city hospitals.

When the new arrivals graduate they join the big family in the other wing. To see if they have a good time one should visit them informally. The visitor walked in on them by the back entrance last week, stepping bang into the arms of a young man from University avenue. And the visitor was met head-on by Kitchener's army singing "Good Luck to the Boy" in the alley. In default of khaki the army wore divers pieces of sackings. It was distinctly a 1916 army, containing as many privates as privates.

The drummer was a little fellow whose legs couldn't keep up, and whenever the army turned a corner he was lost from sight, to come rushing frantically up all out of breath with a "wait for a fellow expression. But he beat his wooden hoop with a bit of stick manfully. The banner was a doleful bit of sackings on a long stick, so that if any local Conservative reading this has a flag to spare, he might send it round, care of Mrs. Duncan. She will know the general, and present the colors with the ceremony. Indeed, being a Conservatory graduate, she has taught them all that they know of singing. And their rendition of "God Save the King" was highly creditable.

The bits of children too small to be recruited were accommodated with model swings and lecters, and here and there a tiny girl nursed a doll in the sunshine. A Model of Cleanliness

Inside the building is a model of cleanliness. The schoolroom is planned exactly as the kindergarten rooms of other city schools, and the walls are festooned with exhibits of plasticine modelling, weaving and drawing. But an added feature is the row of leather boot-tops fastened to wooden slabs.

"No, they are not to teach boot-making," was the explanation, "but so many of our children are not as mentally efficient as the average, and that is how we teach them to lace their shoes. It is almost impossible to teach them with words."

This room also boasts a good piano, the gift of a "kiddies' friend."

Each morning there is a tooth brush drill, and in a cabinet on the wall hangs each labelled tooth brush. Cabinets in the bathrooms have hooks for each child's labeled towel, and more cabinets in the bedrooms contain the nightgowns. So shiny and speckless are the floors everywhere that one would suggest the children requisition the government for rubber heels for such as are unsteady on their "pins."

An interesting note of the Children's Aid building is that the only dark, dull rooms in it are those used by the staff.

IMPORTANT NOTICE

TO

MAIN AND WEST TELEPHONE SUBSCRIBERS

Work of moving the **West Telephone Exchange** from King Street to New Building on Duke Street will be started Saturday, **Oct. 7, 1916, at Midnight.**

During process of moving Switchboard, Telephone service in **West Exchange** will be discontinued. Service will be resumed as soon as lines are re-connected, which should not be later than Monday night.

The Company regrets to cause this interruption of service and has arranged to give emergency service to districts served by West Exchange with Stations connected direct to **Main Exchange**. These Stations will be located at the following points:

FAIRVILLE, T. H. WILSON'S DRUG STORE,
MAIN STREET, MAIN 3360

WEST END, N. B. TEL. CO., NEW BLDG.,
DUKE STREET, MAIN 3361

WEST END, N. B. TEL. CO., OLD BLDG.,
KING STREET, MAIN 3362

WEST END, W. C. WILSON'S DRUG STORE,
133 UNION STREET, MAIN 3420

West Subscribers may obtain free service to Main Subscribers from these Stations. Charges for Long Distance Calls will be collected at time of conversation. Due to the limited number of Stations we are able to install, the Company respectfully requests all persons using these Stations to limit their conversation to a period not over three minutes.

In order to give Main Subscribers an opportunity to reach persons located in West End by telephone, in cases of emergency, a messenger service will be maintained at the Old Office on King Street. Upon request a messenger boy will be sent to residence or place of business of person desired, and request him to come to the nearest Emergency Station. Connection will then be made with the party calling.

Without doubt this move will cause some annoyance and inconvenience and we earnestly solicit your co-operation in making it a success.

Allies Closing In On Enemy

London, Oct. 5—Still another day has passed with the chief centre of war interest in the Balkans and in the east. As further indication of an Entente campaign against Constantinople comes the official announcement of a renewed drive against the Turkish forces west of Trebizond and an official report from German sources that Duke Nicholas was on his way to Dobruja to co-ordinate action against the Turkish capital. That the Rumanians, however, who crossed the Danube, have been withdrawn is admitted by Bucharest which capital also reports further victories in Transylvania and stubborn fighting on the Dobruja front.

The British have shared in the advance into Serbia from Saloniki and the Bulgarian right is threatened by the advance of Italian armies from Albania.

Petrograd says little of the fighting in front of Lemberg but the German official statement bears testimony to the Russian determination.

Six cannon have been captured by the Russians in prosecuting their offensive movement with the Rumanians against the Teutonic allies, today's war office bulletin announces. This capture of guns was in addition to seven taken by the Rumanians.

London, Oct. 6—Losses in big guns, field pieces and machine guns and the shaking of the German morale along the whole Western front appear to have been the most important results of the allied offensive in the Somme. Following the publication of the recent army order captured from the Germans in which an army corps commander warns his command that Germany is short of big guns, munitions and all war material excepting food comes official announcement of the British capture of artillery which include 28 heavy guns, 92 field guns and 103 trench mortars and 397 machine guns. The French, on Wednesday alone, north of Morval captured nine guns of three and one-half inch calibre. London and Berlin again agree tonight that there has been further fighting in the Canadian area but the statements are directly opposed as to what troops were doing the attacking. The British statement says that German attacks were completely repulsed.

SIX SCHOONERS NOW BEING BUILT IN CUMBERLAND

County is Learning the Meaning of a Real Revival in Ship-building Industry

(Amherst Guardian)

Six vessels, one or two of them already referred to in the Guardian, are now under construction at different points in Cumberland. Several of them are well advanced toward completion but in the case of one or two others the keels have but recently been laid.

At West Advocate a trim schooner is being built by Captain T. R. Bentley and will be ready for the water within a comparatively short time. A partial description of this vessel was given in the Guardian a few weeks ago. It is understood that the schooner is being built for J. Newton Pugsley of Parrboro, and other county men.

The schooner which Captain James Pettit is building at Spencer's Island is one of two which are being constructed along the Parrboro shore for Messrs. C. T. White & Son, Limited. The Spencer's Island schooner is similar to the one being built at West Advocate, having a keel length of about 138 feet. The second schooner being built for the White people is to come from Councilor G. M. Cochrane's shipyard at Port Greville. The keel for this schooner was laid down only a short time ago.

The keel for another vessel was also laid in the Cochrane yard several weeks ago, shortly before the four-master, the "Ada Power," now on her maiden voyage was launched. A third vessel under construction at Port Greville is being built by Messrs. Elderkin & Company. One at Parrboro.

The last of the six schooners is being constructed at Parrboro by Messrs. Huntley. The schooner is to be a three-master of good size. Work on this vessel is already fairly well advanced.

If to these vessels there are added the "Lillian H," built and launched by Councilor Cochrane and now in commission for some time past, the "L. C. Tower," and the "Ada Towers" both Cochrane-built ships, it will be seen that a revival of shipbuilding in Cumberland county is not to use idle terms.

The "L. C. Tower," it will be remembered, was torpedoed and sunk by a Hun submarine on her maiden voyage. She was commanded then by Captain L. C. Tower, who is now sailing the "Ada Towers."

WHAT WE MAY EXPECT

To the Editor of the Times-Star:

Sir,—Judging from what has occurred in other places that have adopted prohibition, we may reasonably expect the following results:

Crime, especially in cities, will be reduced three-fourths.

All business with the exception of the liquor business will improve greatly.

There will be a very notable increase in the number of savings bank deposits.

Most of our jails and penitentiaries will be vacant and useless.

Many old accounts that have been written off as worthless will be paid.

Drunkness will be rarely seen and consequently many unhappy homes will be made happy and prosperous.

About one-half of our policemen will not be needed.

Taxes, especially in cities, will either be greatly reduced or we will have more and better improvements.

Many men who are now idle and useless will find jobs and hold them.

Many who now live in rented houses will become property owners and live in their own homes.

There will be less child-labor and more children will be better educated and have a better chance in life.

The French Canadians at The Front

Charles Marcell, M.P., writing in the Montreal Herald says: "The eulogies conferred on the French Canadians taking part in the Somme fighting in and around Courcellette, and elsewhere, will not have surprised those who are acquainted with them. It will open the eyes of many, however, on the larger stage where they are not so well known. Such a message as that of Mr. Burnham M.P., to Mr. Lennieux saying that London is 'ringing with the praises of French Canadians' probably describes the actual feeling.

Through the unfortunate campaign carried on against them in this country and especially in Ontario by a subsidized and servile press, with interests to be served, a mistaken opinion may have been created abroad as to the valor and gallantry of Canadians of French origin. Time alone can dispel this. A good start has been made on the Somme and other fronts and it is to be hoped that the actions will go down in the annals of the race as a noble and heroic chapter.

The French Canadian of today is the worthy descendant of the men of his race who have written their names deep down in the records of the North American continent. Through a combination of circumstances the French Canadians are not as numerous as they should be in khaki, but the end has not come yet and more will go forward.

As the cause for which the Allies are fighting becomes better known, and as they learn of the achievements of the fellow-countrymen, others will go to the front. Many unkind things which have been said against the race will be forgotten in the glare of the achievements of these men. It was always so. Justice will prevail in the long run.

Conditions in this province are continuing to be understood when a newspaper of the standing of the Australian World, so far removed from Canada, is able to say, commenting on the percentage of enlistments, that the sentiments of the people of this province are not to be judged by them, and remarks: "A superficial observer would think that our French Canadian citizens are either not so loyal as they might be to the Empire, or that they have no stomach for the rigors of warfare. A greater mistake could not be made. We must remember that the French Canadian inhabitant is a very different person from the British emigrant and the present lack of Quebec are descended from several generations of hardy pioneers. A

peaceful people wedded to their homes and their possessions and the dread of shining armor and rattling sabre has not entered their hearts as it has the hearts of those in the home countries."

Then the World goes on to explain that the bulk of the French population of this province are not of the artisan or clerical class, but agriculturalists with a fixed stake in the country, with roots deep in the ground and who cannot break away so easily from an established farm or business as can a man following a daily or weekly employment.

And the World adds: "It is not easy to find someone who would take care of the farm during the owner's absence. Many are remaining at home because they believe they can best serve their country by laborious toil of providing food for their fellow-men and the army and navy."

Another reason might be given as applying to the country districts more especially. The young men marry at an early age and large families are the rule rather than the exception among French Canadians. There is no foreign born element in the rural districts of Quebec. The immense majority are all born in the country. They have had very little military training chiefly because military life did not appeal to them.

They preferred to stay at home, till their soil and rear their families that enter military or naval life. Before the war there were very few military units on paper or for drilling purposes at camp time. The language of the militia was another obstacle. In many districts very little English is spoken and all the military exercises in Canada were in that language.

Had there been in Quebec the large settlements of British born that there were in Ontario and the west and in the maritime provinces there would have been more enlistment, as there were in those parts of Canada. Had there been as many French and Belgian born in Quebec as there were British born in the English provinces the result would have been different. While thousands upon thousands of British born are credited to Ontario and the west, very few relatively are put down for Quebec. It is not even given credit for the thousands of men who left Quebec to join the French and Belgian armies.

Apart from the agricultural districts of

Quebec, where many have remained on the farms, serving the country and Empire as producers, thousands are employed in the cities of Quebec making munitions. A casual glance at the advertising columns of Montreal papers will show that thousands of French Canadian and the west to do work for which they are very apt to replace others who have gone to the front. Whether here or there the French Canadian is a loyal subject who is bearing his part of the load and doing it cheerfully, all are in sympathy with Britain and her Allies."

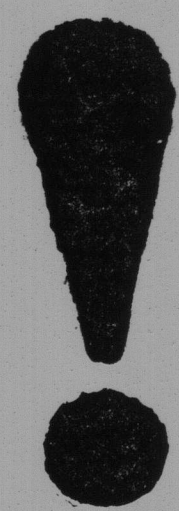

SUCCESSFUL TEA AND SALE AT BUNGALOW

Successful from every standpoint, the tea and sale held yesterday afternoon under the auspices of the Soldiers' Wives' League at The Bungalow, Pleasant Point, netted a wholesome sum for the general fund. Both the candy and fancy work tables sold out their wares, and could have disposed of much more. The pleasant weather of the afternoon drew an unusually large number of patrons who purchased liberally. This year, as during the past two, the league will arrange stockings for the children of the soldiers who are now serving at the front. The use of the bungalow was very kindly contributed by Mr. Moore.

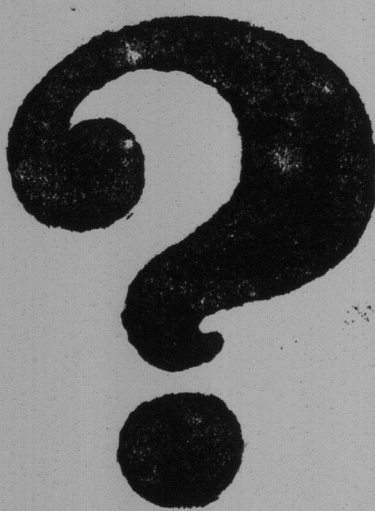

Mrs. George F. Smith, president of the league, acted as general chairman. At the tea tables were Mrs. W. W. White, Mrs. John E. Moore, Mrs. Ambrose, and Mrs. Stewart Skinner. The candy table was in charge of Mrs. Louis W. Barker, Mrs. H. B. Robinson and Mrs. F. B. Schofield. Other ladies who assisted were: Mrs. E. T. Sturdee, Mrs. M. B. Edwards, Mrs. C. A. McDonald, Miss Maud Addy, Mrs. Nase, Mrs. W. Warwick, Mrs. F. S. White, Mrs. R. Gordon, Mrs. J. K. Scammell, Mrs. J. C. Jones, Mrs. David Pidgeon, Miss Rosamond McAvity, Mrs. C. deForest, Mrs. J. Bruce, Miss Krefe and Mrs. Francis J. Hogan.

"There's a Reason"

WHAT FOREST FIRES COST

CANADA IN 1916

(Canadian Forestry Association.)
Canada has lost through forest fires in 1916 more than nine million dollars. This equals more than six times what has been spent on forest protection work from coast to coast. The enormous sum wasted through this year's forest fires most of which were preventable, would add another \$480 to the first year's pension allowances of nearly 15,000 Canadian soldiers.

It is noteworthy that while some parts of the Dominion owe to rainy weather their immunity from fire danger, the season's record proves beyond guinea that in areas where first rate fire protection systems were in operation, losses of life and property were held down to a remarkable minimum.

Quebec had some heavy fires in the Lake St. John and Saguenay districts, in the Kippewa district, also in the Gaspé peninsula and west of Escalona on the Transcontinental railway. It is a striking fact, however, that within the 24,000 square miles of Quebec, covered by the two well organized associations of limit holders, the amount of green timber burnt is practically negligible. This immunity was not a matter of luck but of consistent patient effort to educate settlers, lumberjacks and others in care with fire, coupled with a system of promptly reporting all outbreaks, and attacking forest fires in the incipient stage with large forces of men and modern equipment.

British Columbia faced fairly favorable fire conditions through the summer months and the cost of fire fighting was reduced by about 75 per cent. over the record of 1915. The number of fires was about half of last year. The British Columbia forest protection service is the most capable in Canada thus far and the saving of timber is a logical consequence.

A heavy average of rainfall kept fire troubles at arm's length in Alberta, Saskatchewan and Manitoba, and this weather condition was undoubtedly responsible for the escape of the main forest fires of big timber throughout Ontario. The Claybitt fires at the end of July and first week of August provided a tragic sacrifice of 262 lives and what is estimated to be six million dollars worth of property. There was no practical way to forest guarding organization in the fire-swept district, except along the railway track.

New Brunswick escaped the risks of 1916 with a very small timber loss, and Nova Scotia had a similar experience. The records of the Dominion Railway Board show that the private-owned railway lines of Canada have not been responsible this year for any damaging forest fires. Those that were started were promptly extinguished by railway employees.

AGRICULTURAL FAIR AT MOOSEPATH PARK
The annual exhibition of the St. John City and County Agricultural Society, held at Moosepath yesterday, was a great success. Some excellent exhibits were brought forth, the attendance was favorably large and conditions generally contributed to the success of the fair. Keen competition was in evidence in the various entries and the judging of stock and exhibits was no easy matter, taking from the middle of the morning until late in the afternoon.

Eighty-five Women's Institutes.
The total number of Women's Institutes in New Brunswick is now eighty-five. Miss Hazel Winter, the supervisor has returned from a trip to Northumberland county, where two more branches were organized. One branch was organized at Douglastown and another at Nelson, and the total number in that county is now seven.

FALLACIES ABOUT WAR

(Toronto Star Weekly)

There is a great difference between justifying a war for the defence of liberty and civilization, and lauding war as a good and glorious thing in itself. A lot of pernicious rubbish is talked by champions of the latter idea. They profess to regard war as the only real end noble life, while life without war is a humdrum and even ignominious thing in which men are in danger of stagnation and degeneration.

No such degeneration takes place. The present British army is a standing evidence to the contrary. The bulk of its members are men brought up under peace conditions. Up to the time of this war Great Britain maintained only a small army. The number of soldiers and of sailors on warships was a very small percentage of the total population. Yet the members of this civilian army, after a training of two years at most, and in many cases of only a few months, have shown themselves at least the equals of German soldiers, the product of military run mad.

Nor is there any degeneration of intellect or reforming zeal in the constructive periods between great wars. After the influence of the Napoleonic wars had worn off, Great Britain entered upon its Augustan age of energetic and elevated thinking in literature, in science, in philosophy. The people were enfranchised, and their representatives shone like stars of the first magnitude. The minds of Dickens, of Thackeray, of Tennyson, of Browning, of Macaulay, of Carlyle, were

In the police court this morning Magistrate Ritchie referred to the action of the Automobile Association in connection with his striking of fines, especially for rear light violations. His Honor said that he, as judge, must take the law as he found it. In dealing with the recent cases that were the occasion of complaint, His Honor said that he had struck the penalty of \$80, and had asked the clerk to strike off the cipher and \$8 was collected. "When they call it unjust on my part," he said, "they are going too far and they imply that it is unjust for me to carry out the law. Now what will they say when I strike the full penalty of \$80?"

G. E. Boyce was reported for not having the rear light of his auto lighted on last Sunday night at 9:30 o'clock when going down Charlotte street. Sergeant Rankine testified. Mr. Boyce said his lights, to the best of his knowledge, were on at night. A fine of \$80 was struck.

A like penalty was imposed on Hilton Boyce for having the auto horn at the corner of King and Charlotte streets. He pleaded guilty. The cases, however, were set over for a week.

H. R. Roberts was fined \$10 for not sounding his auto horn at the corner of King and Charlotte streets, at the corner of Germain and King and also at the foot of King street. Mr. Roberts said he blew it at some of those points but not at them all. Sergeant Rankine made the report.

Car No. 5691, owned by Hattie and Laheed, of Brussels street, was reported by Policeman Cobwell for being on the corner from Pond street into Mill on the wrong side. Mr. Laheed pleaded ignorance of the law. The case will come up again this afternoon.

VALLEY RAILWAY WORK

Steam operated machinery is the only thing that makes progress possible in railway construction at present, according to D. P. Maxwell, provincial engineer, who is in the city today on his way to Valley Railway workings.

The scarcity of labor not only continues but continues to become more acute. There are no men in the province who were depended on formerly for most of the rough work, most of them either having gone home to fight or having been sent to internment camps. So many of our own men have gone overseas that the fact that the line is coming through the most thickly settled districts along the river but ninety-five per cent of the right of way has been secured without arbitration and no serious difficulties are expected.

There is trouble also in securing rails from the steel mills on account of the rush of munitions and other government work but Mr. Maxwell said that he expected they would be able to secure their supply by the time they are ready for it.

SOME HUNDREDS FROM HERE TO BIG BALL GAMES

It is estimated that more than 100 local baseball fans have left for Boston or Brooklyn to attend the world's series games. This morning both the C. P. H. train and the Eastern Steamship Company's liner Calvin Austin look some to Boston, and this evening upwards of 200 more are expected to leave by train. Owing to Monday being a holiday here, they will avail themselves of the opportunity of spending it in the Hub.

Those who are leaving St. John are looking forward to seeing Jack Coombs in action, probably on Monday. Coombs practically started his baseball career in this city with the Alerts.

POLICE COURT

A charge of theft against Andrew Robertson was gone this morning in the police court. The charge was for stealing a testament from R. H. McIntyre's tonorial establishment in Princess street; also some coins, souvenirs and a pair of gloves. Mr. McIntyre said that the defendant came to his store on several occasions and each time he went away he missed something. The defendant had told the witness that he was a returned soldier and was "not down and out," but wanted to know where he could get some money.

The evidence of Detective Briggs and Policeman Hopkins was also taken. An Indian was before the court and was sent below to tell where he secured liquor. It was found out and as a result Patrick Shea was fined \$28 for supplying liquor to an Indian.

FELL IN THE FOREFRONT OF THE FIGHT

Gallant War Work of Private Thomas Newbury

PROMOTION WAS COMING

He Was Soon to Have Been Made Sergeant—Almost at German Trench When Shot From Machine Gun Struck Him in Heart

The following letter from Serg. A. H. Weldon to Fred Newbury, 117 Main street, tells him of the gallant conduct of his brother, Pte. Thomas Newbury, who recently made the supreme sacrifice by giving up his life on the field of honor. Judging from the letter Pte. Newbury was doing his duty nobly and was in the thick of the fight. His name will be written on the hero page of the war's history in golden letters as one who did not fall when his country needed him.

The letter follows:

France, Sept. 19, 1916.

Dear Mr. Newbury: Just a few lines of all this stuff to tell you that I am just particulars I can of how your brother was killed. We all made an attack at dawn and he was in my platoon. We advanced under cover of our own artillery. Tom was well in the lead and his example helped to encourage any other new men who might feel a bit shaky. We were almost to the other trench when a German machine gun opened up and poor Tom was shot right through the heart. He did not suffer at all but was killed instantly, which was a mercy, in one way, as most of our poor chaps suffered terribly before they finally gave in.

Tom had been with us both in the 6th and 8th C. M. R's ever since he joined. I have lost one of my best soldiers and a very dear friend. He was to have been advanced to the rank of sergeant, but owing to some mistake the papers were not put through, although he was duly qualified.

I sympathize with you deeply in your loss but none of our men did more to make our advance glorious than he did. We took full toll of the Germans for it, as we took no quarter at all. So many of our boys are going that I am just among those that are left. Our advance paved the way for a general advance all along here and although we paid dearly for it, it was indeed worth the price. Our regiment was mentioned in dispatches for the way we conducted ourselves. We took a place the Australians had attempted to take three times and each time failed. Please excuse my writing as I am not just myself as yet. All the old boys left send their best regards and sympathy.

(Sgd) Sergt. A. H. WELDON.
P. S. He was buried close to where he fell.

FAIRVILLE METHODISTS IN THEIR ANNUAL RE-UNION

Banquet. Greetings From City Churches, Address by Mayor Hayes

Last evening the annual reunion of Fairville Methodists congregating at the Sunday school room, which had been tastefully decorated in red, white and blue. Tea was served at 7:30 by the teaching staff and adult members of the Sunday school and more than 125 guests looked on very prettily with red and white predominating in a color scheme that blended harmoniously with the patriotic bunting on the pillars and walls.

After the good things had been done ample justice to, the audience sang the national anthem and greetings were extended to the Fairville church by A. Rowley, representing Presbyterian Methodist; Gordon Stevens and Rev. W. G. Lane, Exmouth street Methodist; Rev. Neil Macaulay, Portland street Methodist, and Enoch Thompson, Carleton street Methodist. The speeches were all bright and optimistic in tone and expressed best wishes toward the Fairville church in next year's work.

His Worship Mayor Hayes, in a characteristic address referred to church and Sunday school work, mentioning the fact that he had been a Sunday school superintendent for the last twenty-three years and also to the fact that Mr. Kirk, who had been installed with him, had served a like continuous period both working together in the same school.

Rev. Gilbert Earle submitted the programme of the church from Sunday to Sunday up to Christmas. He urged that the increased interest so manifest at the banquet be continued into the regular church service and Sunday school.

During the evening the choir sang an anthem very acceptably. A vote of thanks was tendered the ladies by W. J. Linton, seconded by S. T. Cougle and was carried in a hearty manner. The banquet of last evening was in connection with the rally services of this fall and proved one of the most successful social gatherings ever held in the church.
