Seven Lost, Many Injured As Storm Sweeps Atlantic Coast

PREMIER VENIOT LAUDS MUSQUASH

CYCLONE AND SNOW GRIP EAST COAST

Shipping is Hampered and Communication Cut by Furious Blow.

WIND 72 MILES

Much Damage Done All Along the Atlantic Seaboard.

New York, March 12.—Unsettled after 24 hours of furious whirling up the Atlantic coast from Florida, with forays into the rim of bordering states, a storm, officially described as a "great cyclone," blew northeastward today along the New England coast, buffeting the shore towns and lashing the inland country. The weather forecaster said its strength would last throughout the day.

The gale, which extended far to sea, raising billows more tumultuous than seamen said they had experienced for a score of years, was abetted by a dense fall of snow.

Wire communication was badly hampered, in some instances temporarily broken, and the cost of the storm in lives and property was beyond estimate today. Seven lives were known to be lost, five in New York city and two in Philadelphia, and many persons were injured.

Shipping Hampered.

Despite the great winds, which ranged from 72 miles an hour at Atlantic City, ships came into port and left, fighting high tides by the dangerous bay channels. Small craft, however, were kept generally to shore, although many small boats made fast to docks were snatched by the waves and either tossed inland or sucked into helplessness in the waters.

Virginia received the bluntest blows yesterday and for hours the state was cut off from the world. Pennsylvania soon after was similarly affected, much damage being done in Philadelphia, as it was in New Jersey and along the Long Island shore last night. The revealed damage was greatest in New Jersey.

4 Miles an Hour.

Boston, March 12.—The storm which swept New England yesterday and last night continued today, but the weather bureau predicted that it would probably abate during the day. The wind velocity reached its highest at 42 miles an hour, and four inches of snow fell in Boston and vicinity. The railroads reported that train service was nearly normal.

Emergency forces from telephone and telegraph companies were still hard at work repairing broken lines and re-establishing communication.

STORM WARNING

Disturbance Now Moving From Cape Cod in This Direction

Washington, March 12.—The weather bureau today issued the following storm warning: Advisory 10 a. m. northwest storm warning continued Virginia Capes to Savannah, Ga., and warnings changed to northwest of Virginia Capes to Eastport, Maine.

Disturbances some distance east of Cape Cod and advancing east northeastward.

100 Years Old, Is Charged With Threat

London, March 12.—The dangerous age in the case of Owen Connolly of Laskey, County Sligo, Ireland, seems to be an even older and more vigorous, walked nine miles to the court house recently to answer a charge of having used threatening language and abused one Patrick Brady.

"He jumped over a fence and threatened me with a black thorn," declared Brady.

The magistrates dismissed the case.

Child Drowns Despite Mother's Icy Plunge

LETHBRIDGE, Alta., March 12.—Breaking through the ice on a reservoir near the farm home of Patricia, four-year-old daughter of Mr. and Mrs. W. B. MacLaine, of East Lethbridge, was drowned yesterday afternoon in sight of her mother and six-year-old brother.

The mother, who was in the ice while skating, the brother shouted for help, but the mother arrived just in time to see the child disappear under the ice. She plunged in to the rescue, but was too late. The body was recovered after an hour's search. The water was five feet deep.

TEMPLE OF SUN NOW DISCOVERED

Ruins Are Found After Extensive Excavations in Colombia Mountains

(British United Press.) Bogota, Colombia, March 12.—The celebrated "Temple of the Sun," of Chibchas Indians, long known in Colombian legend, has been discovered by a scientific expedition making explorations in the mountains, near Sogamoso, one hundred miles from Bogota, according to messages which reached here today. The ruins of the Temple were found after extensive excavations by private workers, acting on information obtained from manuscripts of the old Spanish Conquistadores. Many idols of gold, decorated with emeralds and other precious stones, have been found in the grottoes of the temple. The academy of history has intervened in the discovery and will superintend further excavations to see that historical relics are preserved properly for the nation. According to old Spanish manuscripts the temple was sacked in 1537 after a fierce battle between Conquistadores and the Indians, and later expeditions were unable to find it again.

Fredericton H. S. Asks For Ruling

Fredericton, N. B., March 12.—Fredericton High School this morning put it directly up to A. W. Covey, president of the M. B. A. A. U. of C., to make a definite ruling as to the eligibility of some of the players of St. P. X. Academy team, who as champions of Nova Scotia, are scheduled to play Fredericton High here tomorrow night for the Maritime inter-collegiate hockey championship.

Wire Briefs

Lisbon, March 12.—The Government has decided to withdraw all duties on imported meats, for the purpose of reducing the cost of living.

Bremen, March 12.—(British United Press)—Harbor workers today voted to join the strike of Hamburg dockers. In the latter city 20,000 have now quit work.

Paris, March 12.—(British United Press)—Minister of Finance Lasterie today stated that negotiations with a syndicate of American bankers for a loan to France were progressing favorably.

Castle Gate, Utah, March 12.—The dead removed from Utah Fuel Company mine No. 2 had reached 127 early today, leaving 46 men of the 179 entombed by a series of explosions Saturday unaccounted for.

Letsjö, March 12.—(British United Press)—A review of the annual spring fair today showed that while there was a record number of visitors orders were not above the average. This was especially the case with American buyers and is attributed to high prices.

Christiania, March 12.—Representatives of Sweden, Norway, Denmark and Finland, meeting at Stockholm, have framed a convention under which all disputes between these nations would be referred to an inter-Scandinavian jury.

Amherst, N. S., March 12.—A committee appointed by the town council will meet tonight with the Board of Trade to discuss possibilities of securing the provincial exhibition for this town this year.

Athens, March 12.—A bomb was exploded early today at the entrance to the British Legation causing material damage but injuring no one. The Premier and minister of interior expressed the regrets of the Greek Government to the British minister.

Halifax, March 12.—W. H. Stevenson, former English billiard champion, opened his fifth world tour here last night when at the City Club he defeated Walter Hindle, of Halifax, who recently competed at Toronto for the Canadian championship, by 600 to 535, after conceding the latter 250 points.

EGYPTIANS WITHDRAW TOMB OFFER

Remarks of Lawyer in Court Upsets Plans to Continue Work.

DEMANDS IGNORED

Ministers are Called Bandits in Discussion of King Tutankhamen Tomb.

By Canadian Press.

Cairo, March 12.—The negotiations for a peaceful solution of the controversy over the tomb of Tutankhamen have collapsed and it is understood the Egyptian government has withdrawn its offer of a new concession to the Countess of Carnarvon to carry on the work in the tomb begun by her late husband.

The breaking off of negotiations was due to a remark made in court by the lawyer representing the Carnarvon trustees. The lawyer in referring to the action of the Minister of Public Works in closing the tomb at Luxor, referred to the Egyptian ministers as bandits.

It had seemed that through the efforts of Prof. Breasted, the U. S. Egyptologist, Howard Carter and the trustees, an agreement was reached in the Egyptian government. The government, it was said, was ready to grant a new concession to the Countess of Carnarvon agreeing to all the demands made in the interests of science, while the trustees and Mr. Carter had agreed on the conditions regarding ownership of the treasures found in the tomb.

The lawyer's remarks, however, led to a rupture in the negotiations and the withdrawal of the offer of a new concession.

RULES TRIAL MUST TAKE PLACE HERE

Judge Gives His Ruling in a Charlotte County Matter.

This morning, before Judge Crockett, argument was heard in regard to the place of trial of the case involving Luther B. Smith vs. The Bonny River Lumber Company, William Clarke and Patrick Grant. The action is one of trespass in the matter of lumber operations in Charlotte County. Affidavits were read this morning which had to do principally with the question of preponderance of evidence. The judge ruled that St. John would be the place of trial. F. R. Taylor, K. C., appeared for the lumber company, A. N. Carter for Luther B. Smith, and James B. Dever for Messrs. Clarke and Grant.

McINTYRE WINS IN PORTLAND BOUT

In a bout held recently in Portland, Me., Johnny McIntyre, formerly of this city, defeated Spike Hennessy. The bout went six rounds, and McIntyre clearly outpointed his opponent. According to published accounts he met Spike coming in with left jab and then looked rights to his body. Hennessy, failing to reach McIntyre from a distance, started to close in but he was unable to penetrate Johnny's defence under which all disputes between these nations would be referred to an inter-Scandinavian jury.

Dock Workers In Germany on Strike

Hamburg, March 12.—The dock workers went on strike yesterday. Operations in the harbor are at a standstill.

The men struck because of the increase of the working day from eight to nine hours. The dockmen at Bremen have also gone on strike.

Montreal Snow Costs City Nearly Million

Montreal, March 12.—The snowfall so far this season in this city totalled 106 inches with the possibility of more to come this month and the amount spent in its removal from the streets was \$994,000, according to figures supplied at the city hall today. This is stated to be double the amount spent in any previous year in Montreal for this purpose.

Burglars Batter Hole In Wall to Get Loot

Minneapolis, Minn., March 12.—After battering a brick wall in a side wall of the Oriental Rug Company, burglars at an early hour escaped with \$9,000 worth of loot. A Kerman rug, worth \$700, later was found by the police a half block from the scene of the theft. The bandits obtained their loot in caveau fashion. Entrance was first made through a hole in the wall. A pick and crowbar was then used to batter a hole in the restaurant wall through to the rug store.

HON. W. E. FOSTER NAMED CHAIRMAN

Contingencies Committee Meeting at Fredericton Makes Recommendations.

(Special to The Times.)

Fredericton, March 12.—The contingencies committee met this morning and appointed Hon. W. E. Foster, chairman, and made the following recommendations:—

First—That \$60 be allowed each member for contingencies during the session and during recess, as heretofore.

Second—That \$15 be allowed the clerk, clerk assistant, engrossing clerk and the clerk assistant during session.

Third—That \$20 be allowed the clerk for postage during recess.

Fourth—That \$15 be allowed the clerk assistant for postage during recess.

Fifth—That stationery required by the clerk, clerk assistant, engrossing clerk and committees of the House be supplied by the Government stationery department.

Sixth—That gloves and ties be furnished for pages and other officials.

Seventh—That \$20 be allowed the official reporter for postage during session.

Eighth—That the clerk be authorized to employ a stenographer at a salary not exceeding \$18 a week.

FIRPO WILL MEET DEMPSEY AGAIN

Chicago, March 12.—Jack Dempsey, world's heavyweight champion, will defend his title against Luis Firpo in New York on Labor Day. The Argentine will be his only opponent this year, the champion said.

"If Firpo is beaten by Wills or Gibbons, then, naturally, I would be compelled to fight the winner," the champion said.

"However, I understand Firpo will not engage in any fights until he meets me. Under such conditions, I look like quiet outdoor season for six weeks, my picture work and about six weeks of hard training should leave me fit for the Firpo fight."

THIRTY INJURED

Dynamite Bomb is Exploded in Detroit Coffee House Entrance

Detroit, March 12.—Thirty persons were injured, two buildings were wrecked and windows for blocks broken, when a dynamite bomb was exploded at the entrance to a downtown Greek coffee house in Monroe avenue, early today. The injured, mostly cut by flying glass, were taken to the hospital where it was said none were seriously injured.

ELEVATOR BURNS

Philadelphia Blaze Does \$1,000,000 Damage—2 Firemen Hurt

Philadelphia, March 12.—Fire last night destroyed the big grain elevator of the Philadelphia and Reading Railway Co. at 20th and Callowhill streets and badly damaged several small dwellings and stores nearby, causing an estimated loss of more than \$1,000,000. Two firemen were injured fighting the flames.

EIGHT ARRESTED

Newcastle, March 12.—Agents of the federal narcotic division led by U. S. Attorney William Hayward, early today boarded the S. S. Orduna, of the Royal Mail Steam Packet Company, arrested eight of the crew, including two officers and seized \$10,000 worth of alleged whiskey and morphine.

GRAND FALLS REPORT IS GIVEN HOUSE

Document Presented by Premier Veniot Lengthy and in Two Parts.

DATA IS LACKING

Need of Power for N. B. Industries is Explained by Engineer.

(Special to The Times.)

Fredericton, March 12.—The report of H. G. Acres, hydraulic and hydro engineer, submitted to the New Brunswick Electric Power Commission on Feb. 4 was laid upon the table of the House this afternoon by Premier Veniot. It is a document of some length divided into two parts.

At the outset Mr. Acres says that he has "given the Grand Falls development special attention to vacationing resorts, in the light of information and data supplied by engineers of the Electric Power Commission, supplemented by authoritative information obtained from other sources or as a result of independent personal investigation, and having in mind the comprehensive nature of the report, I have been commissioned to prepare, I find there is still lacking certain data which are essential to the final confirmation on certain purely technical features of the problem."

As it would take some time to obtain and digest this additional information and as the same is not necessary for the consideration of the most immediate and vital phase of the problem from your viewpoint, namely the question as to whether or not the Grand Falls power development is in any degree physically and economically feasible, I have decided to prepare a report in two parts to the end that you may have available at least a portion of the information you require by a date considerably in advance of the final completion of the investigation."

The first part of the report submitted is largely economical, being a general approval of the value of Grand Falls as a water power from a standpoint of the industrial and provincial power capacity, of the physical practicability of development and of capital cost.

Is Active Agency

After going into the need of Grand Falls Power for industries, comparison of census returns showing the increase of population in the province of Nova Scotia, as well as Ontario and Quebec, and references to the first development of the Hyman Power in the larger central provinces of Canada, the conclusion is arrived at that fabricating industry is an active agency of progress and that the older industries based directly on the primary commodity resources, have lost their power to stimulate the growth of population.

Mr. Acres draws a distinction between commodity resource and energy resource, which latter takes the form of hydraulic and hydro electrical power and goes on to discuss at length the characteristics of the Grand Falls site, the available flow, artificial storage, available power capacity, average conditions of flow and minimum conditions of run off.

Canadian Has A Cancer Cure

Toronto, March 12.—In connection with the announcement by Dr. M. J. Scott of Butte, Montana, that a Canadian physician in New York had succeeded in segregating the cancer germ and prepared a serum which has brought about complete cures of cancer, the Toronto Star publishes a special despatch from New York which reads in part:

"Dr. F. J. Glover, formerly of Toronto, is the unknown Canadian physician who has made the greatest discovery in medicine of the age," as announced by Dr. M. J. Scott, "there can be little doubt."

N. B. People Are Married In Mass.

Newcastle, March 12.—Announcement has been received here of the marriage on March 2nd of Miss Iona Landry of Loggieville, formerly on staff of the N. B. Telephone Company here, and Michael J. Coughlan, of Clatham Head, at St. Joseph's church, Roxbury, Mass. The bride wore a suit of chiffon serge with hat to match and was assisted by Miss Margaret Coughlan as bridesmaid. Carroll Dolan, of Nelson, supported the groom. Mr. and Mrs. Coughlan will reside in Roxbury.

Four Are Killed In Rock Explosion

Wilkesbarre, Pa., March 12.—Four men were caught by an explosion and fall of rock yesterday in the Truesdale Colliery of the Glen Allen Coal Company at Nanticoke. Two bodies have been recovered and it is believed the other two men also were killed.

Nineteen Real Pounds!

A baby boy weighing 19 pounds was delivered by the stork at the home of Mrs. William Henion, wife of a farmer at Ogdensburg, N. J. She is shown here with the prize baby.

St. John's Position As Convention City Will Be Helped By New Hotel

Vancouver business men in co-operation with civic and governmental officials recently launched a world's fair project in the interests of that city. The movement has already received considerable momentum. Vancouver is being supported in its designs by the prairie cities.

There is a well-founded belief in this city that while it might be a bit ambitious to launch any "world" idea in the way of an international gathering in St. John within the next few years the possibilities and capabilities of this part of Canada along the lines of fair-both winter and summer-ice sporting meets, Swiss-like snow fetes, a convention centre in summer, are second to none on any map.

Much of this development of our public life will follow in the wake of the new hotel and similar housing accommodations. Until these are ready the special impetus may not be fully felt, although American newspapers devote special attention to vacationing resorts, are already pointing the way to Eastern Canada as a motorists' paradise.

That hotels are a great influence in determining the status of a city as a resort-centre is somewhat emphasized by the statements submitted of summer and winter hotels in the Canadian west, Canadian lakeside resorts, the American south and even in Montreal, where the new Mount Royal Hotel at a recent shareholders gathering showed a profit of close to half a million, due in a large measure to Montreal's vacationing attractions. All the Montreal hotels, also the Toronto hotels, showed large returns during the special pleasuring periods.

BROKE A WINDOW, IS PENITENT TODAY

Prisoner Says He was Angry—Is Willing to Make Good.

Patrick Cochrane pleaded guilty in the police court this morning of breaking in a door of Mark Burns' shop in Water street, and not at O'Brien's as stated this morning. He said he had done it in a fit of temper and was willing to make good the damage. He said that he had come to this city from British Columbia to ship out on the S. S. Canadian Commander.

Magistrate Henderson said that the complainant did not wish to press the charge, but such actions could not be countenanced. He said, however, that he did not feel like sending him to jail and thus depriving him of an opportunity of securing a berth on the steamer and ordered him sent below until he had made some enquiries about the case. It is understood that he would be allowed his freedom on condition that he made good the damage caused.

To Join England and Sweden by Airship

Stockholm, March 12.—A regular air service to connect Sweden and England has been decided upon and will be established shortly. The terminals are to be in Malmo and London, with intermediate landings in Hamburg. Only six hours will be required for the flight. The Swedish postal authorities have already signed a contract for the transportation of mails.

Four Are Killed In Rock Explosion

Wilkesbarre, Pa., March 12.—Four men were caught by an explosion and fall of rock yesterday in the Truesdale Colliery of the Glen Allen Coal Company at Nanticoke. Two bodies have been recovered and it is believed the other two men also were killed.

SAY PLANS FOR POWER SUCCESSFUL

Many Matters of Importance are Discussed at the Liberal Caucus.

PLAN STATEMENT

Premier Replies to Criticism on Musquash Made by C. D. Richards.

(Special to The Times.)

Fredericton, March 12.—Hon. Premier Veniot has the floor in the Legislature this afternoon. After a meeting of his supporters last evening, during which it is understood many matters of importance were considered, the leader of the government is ready today to take the house and the people into his confidence and to make important declarations respecting the policy of the government with regard to the development of Grand Falls and other matters.

By reason of the courtesy of the Premier, the Times-Star has been permitted to forward an advanced copy of statements so important that they were committed to manuscript in advance, and the publication of them is permitted almost simultaneous with delivery.

Speaking of the criticism of Musquash development by the Opposition leader, C. D. Richards, yesterday, the Premier said the actual cost of Musquash, not including transmission lines, is \$2,312,273. The balance of cost, about \$740,000, is for transmission lines and distribution systems. We have 100 miles of 66,000 voltage Bathurst line, 75 miles of low voltage distribution lines.

The "idiotic" and almost tragical situation" referred to by the Leader of the Opposition resulted in giving people of St. John light and power, which formerly cost them 13.05 cents per k. w. h. at 8.12 cents plus 8 cents per month service charge by the same company, said the Premier. Let Mr. Richards ask the people of Norton, Apollonia, Hampton, Acamaq, Bayard, Nerepis, Welford, etc., what they think of Musquash and its benefits to them. Let him ask the 7,802 consumers of Musquash what they think of this "idiotic" system.

The Musquash is paying its way. It is now earning sufficient to pay all sinking fund and interest charges, operating and maintenance expenses as well as putting aside a small amount for depreciation, said the Premier.

Mr. Richards tries to show, because during a short period of the flood damage construction the water in East Branch became low, that that section of the work did not come up to expectations. What are the facts? After the damage we utilized the East Branch up to fifty per cent. of the total estimated output of the whole plant, which goes to prove that East Branch is an emergency more than the estimated capacity. We had at that time Seven Mile lake on West Branch, storing three quarters of a billion feet of water which we could not use, owing to the dam on West Branch being blown out. We ran on storage from East Branch, meeting all requirements from May 15 to Oct. 18, 1923, and this was the driest period for those months in sixty-five years precipitation records of St. John. We did not use an ounce of auxiliary power. From October 18 to November 14 not a month, we obtained power from the N. B. Power Company, but even then we kept our generators turning on East Branch.

Full Head of Water.

On November 14 West Branch was completed and a full head of water turned on. And from that date to the present we have been producing at the rate of 12,000,000 k. w. h. per year with increasing storages, and our storage dams are now, one full and two other three quarters full. Referring to the general hydro policy of the Government the Premier intended:

I now come to what I am convinced can fairly be called an undertaking (Continued on page 2, first column)

Weather Report

Synopsis—The storm which has been unusually severe near the middle Atlantic and New England coasts, is now moving eastward and heavy northeast gales prevail in the Maritime Provinces. The weather continues cloudy and mild in Ontario and Quebec and moderately cold in the west.

Forecast—

Rain and Sleet.

Maritime—East land northeast winds, with rain and sleet. Thursday northerly winds, cloudy, not much change in temperature.

Gulf and North Shore—Strong northeast and east winds, cloudy today and Thursday with a little lower temperature.

New England—Partly cloudy tonight and Thursday; colder, northwest gales.

Toronto, March 12.—Temperatures:—

Table with 2 columns: Location and Temperature. Locations include Victoria, Calgary, Winnipeg, Toronto, Montreal, St. John, Halifax, and New York. Temperatures range from 42 to 38.

Says Plans For Musquash Power Have Been Successful

(Continued from page 1) which will be the means of stimulating to a greater degree than anything in the history of the province the industrial and agricultural growth and prosperity of New Brunswick.

When the Government introduced its hydro policy in 1920 and had in view the development at Musquash, there were those who doubted the wisdom of the action by the Government at that time, but I may add here that at no time did the Government ever lose faith in this enterprise. The criticism by our friends opposite, whether made conscientiously or for mere political effect—did not have a tendency to make certain number skeptical of the result.

The most severe criticism was directed against the cost of the project, because it was claimed that the engineers in charge had exceeded their initial estimated cost. While the cost in some cases exceeded the estimate, the results obtained to date are a sufficient guarantee that Musquash is a success, and its success will be more apparent as the demand increases for the power that is now being developed.

But from the very moment that the damages were repaired, to permit the use of the system up to the present time the working of this project has been of a most satisfactory nature. Notwithstanding the severe criticism of our friends opposite as to the excess of cost over estimates, in the construction of the Musquash development, I am pleased to inform the house and public that the cost of light and power will readily reach the enormous sum of \$250,000 a year.

The doubt expressed by opponents of the scheme that Musquash could not and would not come up to the estimated amount of power is being rapidly shattered. We are now generating at an average a monthly consumption more than one-half of the estimated generating horse power per year, and if we had a market at this moment for 21,000,000 k.w.h. Musquash would be able to handle it without any danger of a scarcity of power. This must be very satisfactory when you consider that during the last calendar year we have had the smallest rainfall in the history of last 25 years. I have given a great deal of personal attention to this matter during the last ten months and I am prepared to make any statement that Musquash will measure up to even more than its promoters expected from it.

Hydro Development. Right here, Mr. Speaker, I wish to draw the attention of the House and country to certain insidious attempts being made to discredit the Musquash development in this province, and incidentally any future hydro development.

Opponents of the Government are

NOTICES OF BIRTHS, MARRIAGES AND DEATHS, 50 CENTS.

BIRTHS. REID—On Tuesday, March 11, 1924, to Mr. and Mrs. David L. Reid, 188 Winstow street, West Side, a son.

DEATHS. MITCHELL—Suddenly, on March 11, at Bar Harbor, Me., a daughter, leaving her mother and one sister to mourn.

MEAVENNEY—On Tuesday, March 11, at his late residence, 136 Duke street, Dr. Andrew P. McAvenny, leaving a daughter and a son to mourn.

FLEMING—In this city, on March 11, 1924, Harold S., third son of Stephen and Lydia Fleming, in the 15th year of his age, leaving a wife and three brothers and two sisters to mourn.

McMANUS—At his late residence, Pleasant Point, on March 11, 1924, after a short illness, Thomas L. McManus, leaving his wife, one son and three daughters, two brothers and one sister to mourn.

LAWSON—At his late residence, Collins street, Fairville, on March 11, 1924, David Lawson in the 7th year of his age, leaving a wife, five daughters, four sons to mourn his wife and three children.

IN MEMORIAM. TAPLEY—In sad but loving memory of Mrs. Charles Tapley, who entered into rest March 13, 1920.

GREEN'S DINING HALL. King Square. BREAKFAST 60c. DINNER 60c. SUPPER 60c. Noon, 12-2.30. P. M., 5-8. 12-27-1924.

In order to say to the people that Grand Falls was or was not feasible from a commercial standpoint. I am convinced that the public will appreciate the circumspection with which we approached an undertaking of such magnitude. The most careful investigation of the possibilities of Grand Falls has been made and I am gratified to be able today to say to this House and country that so favorable have been the reports submitted to the Government by engineers, checked up and verified by hydro development experts of eminent standing, that the Government has taken the decision to enter upon the development of the water powers at Grand Falls.

It must not be forgotten that this question is an international one and that before undertaking the work we must have the co-operation of the Federal Government of the United States and Canada, together with the consent of the International Waterways Commission, as well as arrangements with the government of Quebec respecting certain water storage privileges within that province.

The programme of this development as outlined is as follows, subject to changes necessitated by the increasing volume of business which is sure to follow in the wake of this project.

The initial work at the Falls proper will be designed to take care of the development to the amount of 120,000 to 140,000 h.p. This would include available horse power from principal storages in Maine and Canadian territory but could only be developed at present by the power which would come from storage possibilities on purely Canadian territory, which would run from 60,000 to 80,000 horse power.

From St. Leonard's the main line would run to Campbellton from the general direction of the railway thence to Bathurst, linking up with the 86 miles already owned by the province on to Newcastle, Chatham, and it is hoped to link up with the Kouchibouguet development so that the entire line would be eventually reached.

The southern section of the province would run from Grand Falls down the St. John River to Woodville, Fredericton, branching off to McAdam Junction, the Nashwaak and Miramichi valleys; also a line from Fredericton to Sussex. From Fredericton, the line would continue towards St. John to link up with Musquash development and continue on to St. Stephen as the development of industry warranted. When linked up with the Musquash system extensions could be made from Moncton to the Nova Scotia border, with such prosperous places as Fox Creek, Dover, Memramouc, Dorchester, Sackville, and branching off to Baie Verte, Port Elgin, including branch lines into Albert county.

It is not anticipated that 60,000 horse power will furnish light and power to all these sections, but as the demands increase additional stock and units will be added, eventually bringing the development to its full capacity which is estimated as sufficient to meet all the requirements.

Should the development of the Petitcodiac river be found to be feasible the Counties of Albert, Westmorland and Kent would be supplied from that source.

Pope Appeals For Imprisoned Clergy. London, March 12.—Pope Plus, according to the Daily Telegraph, has asked Premier MacDonald to withdraw the Soviet Government in favor of the Catholic clergy imprisoned in Russia. The newspaper says His Holiness thinks that the British having recognized the Bolsheviks de jure, are in a position to take the step and, as the pope makes out, to Moscow on behalf of the prisoners have been unsuccessful, he hopes that during the coming Anglo-Russian conference Great Britain will find an opportunity to serve the cause of charity and humanity.

YOUNG SON ARRIVES. The young friends of Donald H. Vanwart, formerly of this city, but now of Edmundston, N. B., are extending congratulations on the arrival of a baby boy at his home on March 8. The young child has been named James Robinson Vanwart.

RED CROSS MEETS. The monthly meeting of the local Red Cross was held this morning at the Depot, Prince William street, with the president, Mrs. A. Morrison, in the chair. The report of the treasurer showed disbursements for the month of \$114.20 and a balance on hand of \$657.39. It was reported that 30 cases had been dealt with during the month. Of these 18 had been looked after at the depot, eight had been referred to the Associated Charities, five to the V. O. N., nine were maternity cases and one was a fire sufferer.

LAUNCHING POSTPONED. Jarvis C. Purdy received word from Meteghan, N. S., today that the launching of the new steamer, which is being built to replace the D. J. Purdy on the main river route between Indiantown and Fredericton, will not take place next Saturday as hoped. Some slight delay has been occasioned and the launching is now booked for Tuesday, March 19.

Mr. Purdy will leave for Meteghan on Saturday and will remain there until after the launching. The new steamer will be towed to St. John where she will have her engines installed and be thoroughly fitted up. It is expected that she will be ready for service early in the spring.

Julia Ward Howe, author of "The Battle Hymn of the Republic," was very sensitive about her red hair.

TOURNAMENT WILL START TOMORROW

Maritime Badminton Championships Open at Armory at Noon.

Plans for the Maritime badminton tournament, which is to be staged in the Armory starting tomorrow at 12 o'clock, were completed at a meeting held this afternoon. Captain J. M. Gibson, secretary of the Maritime Badminton Association, arrived in the city this morning from Halifax to attend the meeting.

It was announced that the Yarmouth players will be unable to reach the city before tomorrow afternoon or evening owing to the Express being held here today on account of the storm. As a result, the ladies' doubles and singles will probably be played for one day. As there are no men coming from Yarmouth the mixed doubles, men's doubles and singles will be played tomorrow according to schedule.

The names of the participants of the first round will be published tomorrow morning, and the players are requested to be on hand so that all games can be started on time.

Halifax Players. It is expected that the players from the Halifax clubs will reach the city tonight. The list of Halifax players submitted to Captain G. Furlong is as follows: Col. and Mrs. W. B. Anderson, Major and Mrs. S. G. Bacon, Mr. and Mrs. J. W. Allan, Major and Mrs. D. H. Williams, Major and Mrs. C. B. Grant, Mrs. G. McG. Mitchell, Miss Edith Bauld, Miss Alice O'Brien, Mrs. F. Woodbury, Miss D. Symons, Miss W. McFarlane, Mrs. H. E. Mahon, Captain C. V. Bishop, Captain J. D. Gibson, Professor C. H. Mercer. They are members of the Halifax, South End and Dalhousie Badminton clubs.

For the Maritime Championship matches the courts at the armory have been repainted and the wax used on the floor for dancing has been removed. Sixteen cups for the winners of the event in the city and are now on display at Ellis' jewelry store, Germain street.

Afternoon Captain Furlong, assisted by Captain Gibson, of Halifax, will make the draws.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

IMPERIAL RETAINS CONCERT PARTY. The tremendous success of the London Concert Edgemoor special attraction Imperial Theatre again yesterday has impelled the theatre management to contract for the services of Mr. Copeland's British entertainers for the remainder of the week. The eight will therefore be heard not only tonight but every afternoon and evening until including Saturday. The grand news for those who were fearful they might have to miss hearing the visitors and also to those who want to see the show in other numbers in the advertisement. It is entirely new, concluding with the fifth act of Faust. There will be another change Friday. The London Eight appear at 4 p. m.—after the picture (one long matinee), and between 8 and 9 p. m., after the picture, about 8 p. m. Their concert lasts over an hour. Change of picture tomorrow.

"MIDNIGHT FOLLIES" ON FRIDAY NIGHT

Reserved Seats Now on Sale, Show 11 p. m. to 1 a. m.; Street Cars at Door. Prospective patrons of the Rotarian "Midnight Follies" have figured that the show is not really late, only two hours later, in fact, than the regular Opera House Stock shows, and the friends of Rotary, and those anxious to see a good show, unique in its character, and the first midnight theatre entertainment locally, are going to crowd the Opera House to the doors.

German Children Are Aided by Pope

Munich, March 12.—Two million lire donated by the Pope to aid German children have been turned over to the authorities in Munich by Mgr. Tizzardo, papal under secretary, who reached here from Rome this morning.

WINS DOG DERBY SETS NEW RECORD

Russick Does Distance In 23 Hours, 45 Minutes—Easy Winner

The Pas, Man., March 12.—W. "Shorty" Russick, The Pas, Man., driving a team of hounds today won the Pas dog Derby, arriving here at 10.45 a. m. His time of 23 hours, 45 minutes, set a new world's record.

The previous world's record was made by Wm. Grayson, of The Pas, who in 1922 drove Morgan's winners over the long course in 24 hours, 5 minutes.

When Russick finished today no other team was in sight.

NEARLY \$700 NOW IN BELVEA FUND

Today's Contributions Total \$27—More is Needed Yet.

The Globe Fund to send Hilton Belyea to Henley and to the Olympic Regatta at Paris was increased today by two additional donations, one from Louis Reddy of \$25, and another from Neil McKellar of \$2.

The grand total of the fund now reaches \$687, and it is hoped that the sporting fraternity will take advantage of the remaining days of the fund and come through with their donations. It was pointed out today that people should not be backward in advancing small amounts, as small subscriptions will help materially to swell the grand total.

CHAMPIONS' TEAM ARRIVES IN CITY

Sussex Hockey Players Here for Big Contest This Evening.

The members of the Sussex hockey team, champions of New Brunswick and Prince Edward Island, and contenders for the Maritime title, arrived in the city this afternoon for their game in the Arena tonight with the St. Johns. The game is to start at 8.15 o'clock sharp, and arrangements have been completed to have Miss St. John face of the puck.

Miss St. John is considered lucky by the local players, for every game she officiated at they have won. They are confident that tonight's fixture will be no exception. From all accounts the sale of tickets has been heavy and a record crowd is expected at the game. Harold Drummond and Joseph Payne have been secured to act as referees. A report late this afternoon said that the ice was in good condition for the game.

PERSONALS

Alexander McMillan, D.S.O., went to Fredericton yesterday afternoon and will return today. E. Palmer Kinsman left for Montreal this evening. Everett Hunt is in Montreal. C. C. Hayward, of Moncton, was in the city yesterday to attend the meeting of the automobile branch of the Retail Merchants' Association last night. T. C. Burpee, of Fredericton, former chief engineer of the C. N. R., was in the city for a short time yesterday. He returned home in the afternoon.

6 Town Power

Avon River Bonds Have High Value. Six towns in the populous and prosperous Annapolis Valley lie within the market of the Avon River Power Co., the 30-year Bonds of which we offer to Yield 6.50 P. C.

Avon River Power is now turned on in a district hitherto supplied by steam-made current at excessive rates. Government valuation places the plant value at over \$170 for each \$100 in Bonds. Ask all particulars.

J. M. Robinson & Sons. (1899) St. John Fredericton Moncton

NOTE: CASE IS AGAIN TAKEN UP

A case in which Irvin S. Scott, a North End plumber, is charged by Thomas W. Foley, that on June 25, 1923, he received valuable security on a note for \$142 made out by the complainant in favor of the defendant, with direction that the defendant had applied it for another purpose, was continued in the Police Court this morning before Magistrate Henderson. Harold E. Girvan, manager of the Royal Bank of Canada, testified about the transaction in connection with the note, after which the defendant took the stand. The hearing was terminated at one o'clock and will be resumed next Monday morning at 10.30 o'clock.

J. MacMillan "Frueman" appeared on behalf of the complainant, while Francis Kerr represented the defendant. Yesterday's Session. The complainant testified that he was to have some plumbing done and gave Scott a note for \$142 to purchase material. Scott wanted more than the amount that the note called for, but witnessed refused, saying that \$142 was not enough to make a start as he did not know what the entire cost would be and that when that amount was used up other arrangements would be made.

Continuing, witness said that the money was not used for the purpose intended and Scott did not purchase anything for witness on the strength of the note and had not purchased anything for him at any time.

Witness said he got credit at the McAvity store to the amount of \$200 himself and the stock was put on work done at the Barker street house and that Scott had still failed to finish the work.

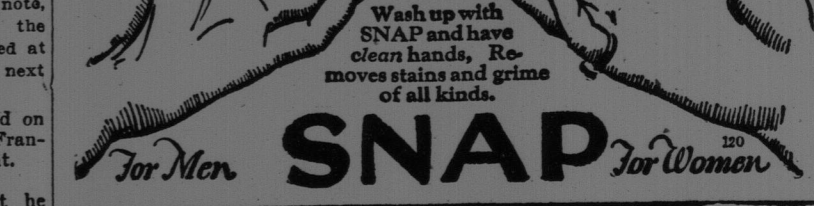

Witness said that he had other plumbers working on the job and had not paid Scott for any work done on the house.

Winnipeg, March 12.—Rev. Dr. Clarence MacKinnon, principal of Pine Hill Presbyterian College, Halifax, N. S., was nominated here yesterday by the Winnipeg Presbytery for the moderatorship of the General Assembly to be held in Owen Sound next June.

BURIED TODAY

The funeral of the late David Lawson of Fairville, took place from his late residence, Collins street, this afternoon at 2.30. Interment was in Greenwood cemetery. The pall bearers were Lowell, Gordon, Grover, Earle, Albert and Harry Lawson, grandsons of the deceased. There were many beautiful floral tributes, which included a wreath from Robert Lawson and family, wreath from Mrs. James Lowell, wreath from William Lawson and family, cross from Mr. and Mrs. Harry Tippet, wreath, David Lawson, Jr., Boston, wreath, Mr. and Mrs. D. L. Galloway, Boston; wreath, Dr. and Mrs. F. M. Sears, Boston; and spray, Miss Lillian Kimball.

The funeral service was conducted by Rev. W. M. Townsend, of St. Columba Presbyterian church. He was assisted by Rev. J. M. Rice of the Fairville Methodist church. The hymns "Abide With Me," and "Nearer My God to Thee" were feebly sung by those present.

The funeral of Miss Jennie Gleason was held this morning at 7.30 from her mother's residence, Main street, Fairville, to St. Rose's church for High Mass of Requiem by Rev. Deaf Collins. The funeral was very largely attended and a great number of spiritual and floral offerings were received. Interment was in Holy Cross cemetery.

The signal service at the Customs House had the following reports today: 9 P. M. yesterday, S. S. Marburn, 680 miles east of Cape Race, bound for St. John. 8.40 P. M. yesterday, S. S. Lisgar County, 350 miles east of Cape Race, bound for St. John. 11 A. M. today, S. S. Grey County, 120 miles from St. John, bound here.

# DOUKHOBORS DEFY GOVERNMENT

## Sect Won't Study; Fears Acquiring City's Ways

Nelson, B. C.—The Doukhobors are on the warpath!

Yet the world always has known them only as a quiet, peace-loving people. But now they are aroused.

Their warlike efforts are directed at the Province of British Columbia—its educational authorities in particular.

No longer will they send their children to the public schools. For the schools, they say, teach their children to "make war—to kill—and killing, even of animals, is abhorrent to the several thousand Doukhobors colonized here.

And the schools teach their boys and girls "city ways," to "leave the farms and go into the cities and stay out late at night."

### Parents Arrested.

The Doukhobors don't want their children to leave the farms because agriculture is the very foundation of the Doukhobors' lives.

The provincial authorities decided the Doukhobors, members of a curious Russian religious sect, must send their children to school. The Doukhobors refused.

A number of parents, from the colony at Outlook, near here, were haled into court. They ignored the summons. In their absence, they were fined \$90 each.

They declined to pay the fines. The Royal Canadian Mounted Police seized some of their property.

Then came the Doukhobors' most strategic move. The Doukhobors—men and women—staged a nude parade across country from Outlook to Grand Forks, where the courthouse is located. There, after lively tussles, they were placed in trucks and shipped back to the colony.

To regain confiscated property the Doukhobors paid fines.

The government's victory, though, was short-lived. A teacher, residing in the school building at Outlook, was aroused one night by a man breaking in through a window. She fled, but he set fire to the school.

Upper left: An orchard on a Doukhobor fruit farm. Upper right: A Doukhobor home. Centre: Setting fire to a school house. Lower left: Peter Vinya, leader of the Doukhobors. Lower right: A group of Doukhobor children.

Neighbors extinguished the flame. Next day, when police attempted to arrest a suspect, a miniature battle developed.

Alex. Maskloff, the bishop of Outlook, an aged, tall, dignified figure in flowing white robes, walked nearly 40 miles from Outlook to the mother colony here. Gaining an interview with the magistrate, he demanded the release of the man taken into custody, following the Outlook school blaze.

Meeting with refusal, he threw a roll of bills to the floor and immediately started to disrobe. He was adjudged insane and committed to an asylum. Meanwhile three more schools were burned.

Russians entered the school at Brilliant, and in Russian, urged the children to throw down their books.

There are some who think the provincial officials have been too lenient with the Doukhobors. But the Doukhobors, according to Premier Oliver, "are a thrifty people, successful farmers and good citizens."

# ST. ANDREW'S MEN WIN CHURCH DEBATE

## Contend Intemperance in All Things Worse Evil Than War

The "new inter-church" debate was held in St. Andrew's church hall last evening when the debating teams of German street Baptist church and St. Andrew's Presbyterian church met and debated the question: "Resolved, that intemperance is a greater evil than war." St. Andrew's, which upheld the affirmative, won.

There was a large audience representative of both churches. The judges were Hon. J. R. Armstrong, J. Hunter White and W. Grant Smith.

Rev. Dr. S. S. Poole, pastor of German street church, was chairman. The speakers were: For St. Andrew's, Roland Frenkowski, leader; Cecil Spence and Everett Megarity and for German, Paul B. Cross, leader; Stanley Mealy and J. Nell Dow.

Mr. Frenkowski pointed out that intemperance meant over-indulgence of any kind that tended to destroy physically, mentally or morally and not merely intemperance as is most commonly applied to over-indulgence in liquor.

The affirmative contended that it was intermittent, while intemperance was always present. The leader maintained that the results of intemperance were insanity, drug addicts, white slave traffic and other evils.

Mr. Cross, for the negative, took the broader meaning of war, not war of arms but hatred that was always present. He went on to say that the greatest intellects of the world were trying to combat war and not intemperance. Further, he said that the toll of intemperance was exacted one by one but in tens of millions were slaughtered and the best of the manhood taken; in intemperance it was usually the dress.

Mr. Mealy treated the resolution as a tonic laxative and kept the system in condition to throw off all attacks of Colds, Grip and Influenza.

# MEMORIAL FOR POINT DE BUTE

## First Edifice of Denomination in Canada Built in Village in 1788

Sackville, March 11—In view of the anticipated consummation of "church union," it is considered desirable in Methodist circles that a monument should be erected to commemorate the beginning of Methodism in Canada, which beginning was at Point de Bute, where the work of Methodism began under the direction of Rev. William Black. The first Methodist church in Canada was erected at Point de Bute, in 1788, the land for the edifice being purchased the previous year. The building was of stone with thatched roof.

In connection with the subject, a committee representing the historical societies of New Brunswick and Prince Edward Island conference, and Nova Scotia conference, composed of Rev. P. A. Wightman, of South Devon; Rev. H. E. Thomas, St. John; Dr. W. G. Watson, representing New Brunswick and Prince Edward Island; Rev. Dr. H. Wigle, Prof. F. W. W. Desbarres and Dr. D. W. Johnson, representing the Nova Scotia conference, associated with Dr. George J. Trueman, president of Mount Allison University, met last evening at the University and decided that it was both desirable and feasible to erect such a monument. Accordingly preliminary steps have been taken to solicit contributions from all the circuits in the Maritime Provinces for this laudable purpose.

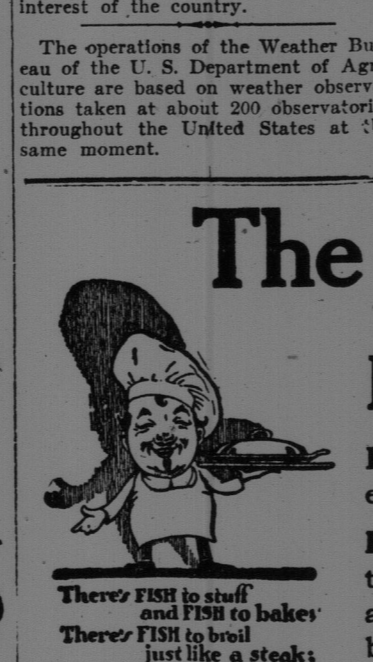

Further particulars of the undertaking will be published at an early date. It is interesting to note that this event occurred at such a central place in the Maritime Provinces, and so near to the historic battle ground and forts of Cumberland and Lawrence. Such a monument will add to the tourist interest of the country.

The operations of the Weather Bureau of the U. S. Department of Agriculture are based on weather observations taken about 200 observatories throughout the United States at the same moment.

# Beauty

## A Gleamy Mass of Hair

35c "Danderine" does Wonders for Any Girl's Hair

Girls! Try this! When combing and dressing your hair, just moisten your hair brush with a little "Danderine" and brush it through your hair. The effect is startling! You can do your hair up immediately and it will appear twice as thick and heavy—a mass of gleamy hair, sparkling with life and possessing that incomparable softness, freshness and luxuriance.

While beautifying the hair "Danderine" is also toning and stimulating each single hair to grow thick, long and strong. Hair stops falling out and dandruff disappears. Get a bottle of delightful, refreshing "Danderine" at any drug or toilet counter and just see how healthy and youthful your hair becomes.

## BEAUTIFUL TROPHY SHOWN.

A handsome shield is on display in the V. H. Thorne & Co., Ltd., window in King street, having been presented by the Starr Company, of Dartmouth, N. S., to be awarded to the champion Maritimer provincial amateur hockey team for this season's play. The shield is of light polished oak. In the centre is a large silver plate on which is engraved a scene of hockey teams in action. Under this are crossed hockey sticks with a puck. It is a beautiful piece of work and is attracting considerable attention.

**SOCIAL HELD IN NORTH END.**

The ladies of the Main street Baptist church held a successful social and entertainment in the vestry last night. About 200 people were present. The evening was greatly enjoyed and a pleasing programme was given. Those taking part in the programme were Miss Ethel Paries, Miss Alice McKim, Murray Thomson, Master Winfred Dalzell, Miss Hazel Flewelling and Mrs. Lee Hunter. Rev. Dr. David Hutchinsco acted as chairman for the evening. More than \$90 was realized. The proceeds will go towards paying off the church mortgage.

Lynchings in the United States decreased more than 50 per cent during 1923.

The Evening Times-Star

ST. JOHN, N. B., MARCH 12, 1924

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (except Sundays) by New Brunswick Publishing Co., Ltd., D. McKenna, President.

DR. A. F. McAVENEY.

The name of the late Dr. A. F. McAvenny will always be associated with the beginning and successful conduct of the agitation for an organized struggle against tuberculosis in New Brunswick.

should be given. Naturally there was reference yesterday by Mr. Chesley to Hilton Belyea, who has won such great honor with the cars, and goes now to the Olympics.

THE TORONTO GLOBE.

The Toronto Globe is eighty years old. The Canadian citizen of today cannot remember when the Globe was not a great newspaper.

Press Comment

DAYLIGHT SAVING.

(London Times.) Shall the nation, reverting to ancestral habits, rise an hour earlier or not during one-half of the year?

U. S. SHIPS FOR SALE.

(Toronto Globe.) The United States government is going out of the shipping business, sadder and wiser.

MANNING DOHERTY SCORES.

(Toronto Star.) The good leadership enjoyed by the new Progressive group in the legislature has won for them the recognition to which they were entitled under the laws of Ontario.

THE U. S. TAX BILL.

(Chicago Journal of Commerce.) The tax bill as passed by the House represents a substantial victory for common sense.

THE LUDENDORFF TRIAL.

(New York Herald.) That Ludendorff and Hitler were guilty of the grossest folly in their Bavarian revolt last November has long been recognized.

THE U. S. TAX BILL.

(Chicago Journal of Commerce.) The tax bill as passed by the House represents a substantial victory for common sense.

OFFICIAL CORRUPTION.

(Chicago Journal of Commerce.) Now not only federal executive officials, but federal legislators, are accused in the expanding investigations of official corruption.

VANCOUVER DAILY WORLD PURCHASED.

Vancouver, B. C., March 11.—The Vancouver Daily World has been purchased by R. J. Cromie, publisher of the Vancouver Sun.

MAKING SURE.

Southampton, Eng.—A man told a magistrate here that in his anxiety to get a letter delivered to an address in New York, he walked from Tottenham to Southampton and gave it to a ship's steward he knew.

THE CITY OF SAINT JOHN

I am a city set upon a hill. A promontory jutting out to sea. Upon the bosom of my harbour's tides. Tall ships float free.

Since Champlain disembarked upon this spot. Full thrice an hundred years have passed and gone—

Unfurling wide the lilies of La France upon The feast of good Saint John.

On yonder point beneath that headland grim. Once stood the fort held by Madame La Tour.

Against her husband's rival—but succumbed at last— The fate of war.

Twice while her faithful knelt that Easter morn. Foul treachery ope'd the gates and led the way.

What horror to behold thy hated face— De Charnisay.

Now rise the flames, and o'er the wooded hills. A thick funeral pall of smoke ascends.

And with a rope about her neck. A woman mourns The slaughter of her friends.

Time came when savages in bark canoes. Sought here for winter with our earliest kin.

Long ere the King's ships with Refugees gave a cycle of the unwarlike years. And British ships a loyal remnant bring.

From south, to found a city at my river's mouth. For Country, and for King.

How well those earnest faithful settlers wrought. The passing generations came to see; Laid deep and firm the bases of our race.

In Loyalty.

There came a day when over every sea. White winged my speeding messengers did fly.

My place was fourth among the shipping kings. In days gone by.

All that has passed—and shipyards silent stand. For mighty Steam has driven from the deep.

That airy fairy phantom of the wave— The wooden ship.

From that far distant day my fame has grown. While sailings followed shadow, hand in hand.

And native sons have well upheld my name. In many a foreign land.

Since first our young Dominion burst her bands. My sons were first to answer her behest.

Held hard the plough and hewed the way to fill. The hungry vastness of the West.

Surely from this transfusion of my blood. Some recompense comes homing yet to me.

Prosperity will blossom thro' the absent one. So freely given—Canada—to thee.

And so, embedded as my native rock. I mark the ebb and flow of Time and Tide.

Knowing that all things come to him who waits. If he abide.

JAMES MANNING.

The astronomical day begins at noon, the civil day at midnight.

IN LIGHTER VEIN

It Seems That Way Dan—"What'll we do tonight—stay at home?"

Nan—"No, I've got a terrible cough. Let's go to the theatre."

His Strong Point "Good gracious!" said the visitor bachelorette, "does your baby always cry that way?"

"Oh, dear, no!" responded his host. "He has quite an extensive repertoire. This is only one of his lighter performances. He reserves his heavy work for 2 a. m."

Spelled the Play Half way through the second act the heroine, after having been left starving with a bunch of children, and having been grossly abused, got tired of this sort of treatment and shot the villain dead.

"What have I done?" she cried. "What have I done?"

"Shot the best actor in the show, Miss," came the reply from the gallery.

"It's my missus—she's about the worst manager ever," was the reply. "I had nothin' for supper last night an' she goes an' serves it again for breakfast."

Complete Arrangements. "Crimson Gull" hasn't parking space enough to accommodate the automobiles that come to town.

"No, sir," answered Cactus Joe. "This here is a growing country with expenses to meet. If we can't get a fiver for speedin' we get it fur standin' in still."

HARDWARE RELICS IN RUINS.

A rare collection of handsome hardware is now being exhibited in the windows of the office of John Flood and Sons, Ltd., contractors, Princess street.

The articles in question were found by the contractors in tearing down the old Dufferin Hotel. There are bolts, nuts, hooks and many other items of builders' supplies, all showing indubitable evidence of their careful hand manufacture in distant days.

The most notable article in the collection, however, is a saucenop of solid copper. Some cook must have mislaid this valuable utensil and never recovered it. If it has not been buried as long as Tutankhamen's treasures it has been an even more unexpected discovery.

Two remarkably handsome brass hinges of imposing size are outstanding in the collection. The exhibit was attracting considerable attention yesterday.

Algeria has more than nine million sheep.

WOULD GET \$23,000 IF TAXES REFUNDED

J. R. Dixon, of Ottawa, member of the legislative advisory committee of the Dominion executive council and of the Dominion board of the Retail Merchants' Association of Canada, addressed a meeting of the automotive branch of the R. M. A. in the Board of Trade rooms, last night, on the subject of the refund by the Federal Government of about \$1,250,000 luxury tax, out of a total of \$17,655,493.17 collected by the Government from the automobile dealers during the period from May 1, 1918, until December 18, 1920.

The sum of \$1,250,000 represented the amount paid in by the dealers on cars already in stock and unsold on cars in transit at the time the tax was repealed, making it impossible for the dealers to make the individual purchaser of the automobile pay to the dealer the amount the dealer had already paid in luxury taxes to the Government.

A refund of this money, he explained, from a detailed statement, would affect St. John dealers to the extent of approximately \$23,000, and Fredericton dealers to approximately \$27,000. Royden Foley acted as chairman.

In opening his address Mr. Dixon gave a brief summary showing the revenue derived from all sources through luxury taxes, while in force from May 1, 1918, until December 18, 1920, as follows:

Total revenue derived from Luxury Taxes—\$38,696,984.28. Appropriated as follows: On automobiles—\$17,655,493.17. On pianos and all musi-

Stop Coughing. The simplest and best way to stop coughs, colds, croup, bronchitis, and influenza is to take CHAMBERLAIN'S COUGH REMEDY. Every user is a friend.

cal instruments—1,766,649.91. On jewelry—1,689,365.57. On all other merchandise combined—17,885,465.63. Grand total—\$38,696,984.28.

SENDS \$2,735,000 IN GOLD TO U. S.

New York, March 11.—The steamship Aquitania brought 125 bars of gold valued at about \$2,735,000 and consigned to New York bankers, from England today.

THE CITY ACCOUNTS.

Some very interesting facts are disclosed by the annual report of Chamberlain Lingley and Comptroller MacIntyre. The expenditure by the various departments and for schools in St. John last year totalled \$1,885,544.46. Against this there was an income from various departments of \$310,568.02. The ferry stands out as usual a large absorber of taxes.

RAILWAY RATES, WEST AND EAST.

The Ottawa correspondent of the Toronto Globe declares "on splendid authority" that the Crow's Nest Pass agreement, which, when entered into in 1897 between the Dominion Government and the Canadian Pacific Railway, provided for an average reduction of a little over 10 per cent. on the westbound movement of freight from Port William, will come into full force again on July 7 next.

The Progressives have been pressing for this action. Of its effect upon the railways the Globe's correspondent quotes statements made two sessions ago by E. W. Beatty, head of the C. P. R., and by D. S. Hanna, then head of the Canadian National Railway. Mr. Beatty stated that, with the application of the Crow's Nest rates to the 1921 traffic, with the other then existing rates in effect, it would mean a decrease in the earnings of that road for 1922 of \$14,000,000, of which \$7,000,000 would be lost from grain. Mr. Hanna said the loss on the C. N. R. would be about \$10,000,000.

The Montreal Gazette wants to know, if the action predicted is now taken, what the Government will do with the demand of the Maritime Provinces for lower freight rates. The Progressive leader, said last week that national unity must be based on national justice. If the Crow's Nest agreement is to come into effect again, what about the C. N. R. rates between the Maritime Provinces and the rest of Canada? The voice of the Maritime members in Parliament will no doubt be heard regarding this matter. Mr. H. J. Logan was very outspoken on Monday, when he declared that these pawns were being squeezed to death between the freight and tariff walls. We lost our natural market at Confederation and now are shut out of the Central and Western Canadian market by high freight rates. The remedy is obvious. The rates must come down.

GORMAN AND LOGAN.

The City Council yesterday afternoon not only performed a gracious act but gave expression to the feeling of the citizens, when Mayor Fisher, in his behalf, presented gifts of substantial value to Charles Gorman and Willie Logan, senior and junior slaters who have done so much to spread abroad in the athletic world the fame of their city. The Mayor concisely set forth the achievements of the two, and the assembled citizens very heartily applauded them. Charles Gorman, in expressing his thanks, paid a very warm tribute to the younger skaters of St. John, among whom may be future senior champions, and urged that the citizens give them every encouragement.

It is fitting that such recognition

Ontario manufacturing centres are agitated over the question of tariff reduction. In Hamilton the assertion was recently made that lack of adequate protection was responsible for a glass company being forced to cease

operations. The prompt answer has been given that the tariff was in no sense to blame, but that the cessation was due to an entirely different cause. The tariff controversy is, on the whole, a matter of protectionism, and that in the past has been the case. A high tariff campaign in the Maritime Province would do little good. With prohibitive freight rates these provinces could not build up new industries. They would have no satisfactory market.

It has been decided to hold a plebiscite on the question of establishing a vocational school in St. John. The Board of School Trustees will be interested in the matter and will doubtless take pains to see that full information regarding the need of such a school, and the aid which will be received from the Government if early action is taken, is placed before all the citizens, in order that they may vote with clear knowledge of what it is they are asked to approve or reject.

Those who read the speech of Mr. Richards in the Legislature will have some difficulty in discovering what progressive policy the Conservatives have to offer to the people of New Brunswick. Of criticism there is plenty, as is to be expected of an Opposition leader, but that does not carry any assurance of more progressive policies and administration under new leaders.

There is no easy to estimate the influence of a newspaper inspired by high ideals, going day after day and year after year into the homes of the people. It is a great educator, a great moulder of public sentiment, and a friend to be received with gladness into the family circle. The Globe has seen Toronto grow from a small town to a great city, and Ontario from a small to a great province. It has seen the Dominion of Canada established, and the bonds of Empire drawn closer, while a great listerhood of autonomous states were being developed under the flag. There have been great changes and improvements in the newspaper press in eighty years, but the Globe has kept abreast of the times and retained its hold upon the affections of its great constituency. Its voice today sounds as clear a note on questions of great public moment as in the days when George Brown threw himself into the struggle against privilege, autocracy and injustice. All its contemporaries will wish for the Globe a continuance of its success as a newspaper, and of the high standard of journalism which has marked its career of four-score eventful years.

DR. A. F. M'AVENNEY HAS PASSED AWAY

Kindly Man and Good Citizen Died in His Eightieth Year

In the eightieth year of his age, Dr. Andrew F. McAvenny passed away last night at his residence, 136 Duke street. His death will be sincerely mourned by very many friends.

For the last few years he had retired and was engaged chiefly in the work in connection with the registration of dentists for the province. He had been in failing health for the last two years and for the last few weeks had been confined to his bed.

Dr. McAvenny was a member of the Cathedral parish until he took up his residence in Duke street about four years ago, since then he had attended St. John the Baptist church. He had been in failing health for the last two years and for the last few weeks had been confined to his bed.

"77" For Grip, Influenza COLDS

To get the best results, take Humphrey's "Seventy-seven" at the first sign of a cold. Medical Book mailed free. At Drug Stores, Humphreys' Homeo. Medicine Co., 156 William Street, New York.

OFFICERS ELECTED BY THE GOLF CLUB

The annual meeting of the Riverside Golf and Country Club was held Monday night in the Board of Trade rooms with John A. McAvity, president in the chair. The reports submitted were highly satisfactory and showed the progress has been made with this initial work and it was hoped that the revamping would be completed this year.

PLAY IS PRESENTED BY THE Y. W. H. A.

The two-act comedy "Patsy" was presented by members of the Young Women's Hebrew Association in the lower hall of the synagogue Sunday night. The audience was greatly delighted. Although none of those who took part had ever appeared in amateur theatricals before, each acquitted herself with entire success.

Following a meeting on Sunday the committees of the Assumption parish are working hard in preparation for the annual Assumption fair which is to be held in St. Patrick's Hall after Easter. The executive committee was appointed as follows: E. A. Fitzgerald, Joseph Nichols, Fred Joyce, Mrs. J. Frank Owens, Mrs. P. J. Morrison and Mrs. William Tobin. They will appoint the other committees.

A. O. H. AUXILIARY MEETS.

The Ladies' Auxiliary of the A. O. H. of St. Rose's church held its regular meeting on Monday evening with a good attendance. Miss Mary Ryan, president, was in the chair, and one new member was received. Routine business was transacted.

TRINITY W. A. HAS ANNUAL MEETING

Year of Progress Reported and Officers Are Elected

At the annual meeting of the senior W. A. of Trinity church yesterday, Mrs. F. J. G. Knowlton, president, was heartily welcomed after her long absence from the city. The branch had had a year of exceptional success and progress, the reports showed.

The members attended communion service in the morning when an inspirational address was given by Rev. Canon R. A. Armstrong, the rector, who took for his text, Matthew 13:38, "The field is the world." In the morning business session the reports of officers were presented showing an enrollment of 146 members, including 15 new ones. The treasurer reported receipts of \$1,122.17, including \$118 for Dorcas collection; \$235 for the pledge fund; \$29 for the divinity scholarship; \$2 for the educational fund; \$47.75 from the Thank Offering and \$49 from the E. C. D. fund. The balance on hand was \$486.08.

The afternoon session was opened by Canon Armstrong, who gave the devotional address. Mrs. E. A. Schofield, who had been acting as president in Mrs. Knowlton's absence, told of the increased work accomplished, two outfits having been made instead of one and many other articles of Dorcas work also. She mentioned the gifts sent at Christmas time to three country rectors; the mission study of which Japan had been the subject; the good state of the finances with all pledges met and some increased, and expressed her personal gratitude to members and officers. A vote of thanks was extended to Mrs. Schofield on the motion of Mrs. H. H. Pickett.

Speaks on North Country.

The special address was given by Eldon Merritt, recently returned from the far northern mission field. Mr. Merritt paid a tribute to the work of the W. A. He spoke of the mission school at Hay River where some Eskimo children are taught with the Indian children. He thought it a pity that the Eskimo children should be taken so far south to learn cultural methods and other useful arts that could be of no value to them when they returned to their barren home country. He was glad to say there was a movement on foot to establish a school, a hospital

and a church on the shores of the Arctic. Mr. Merritt gave an interesting description of the climate and country, dissuading the minds of his hearers of the conception that there was always intense cold. Mr. Merritt made an earnest plea for support of missionary work among the Eskimos.

Miss Dorothy Robson gave the report of the Young Women's Guild and Mrs. J. B. Nichol, of the Junior branch. The junior members took part in an attractive pageant which gave a comprehensive idea of W. A. work. "Coming from afar" was the title of the pageant. The juniors carried their parts splendidly.

Officers Elected.

The scrutineers for the election of officers were Miss C. Desborough, Mrs. Russell Sturdee, Miss Georgie Patton. The election resulted as follows: President, Mrs. F. J. G. Knowlton; first vice-president, Mrs. E. A. Schofield; second vice-president, Mrs. J. H. McAvity; third vice-president, Miss Allan; corresponding secretary, Mrs. H. Partridge; recording secretary, Mrs. W. H. McAvity; treasurer, Mrs. A. E. Wilson; extra cent-a-day fund and mite boxes, Mrs. C. F. Regan; Dorcas secretary, Mrs. J. L. McAvity; literature secretary, Mrs. H. H. Pickett; leaflet secretary, Mrs. J. J. Gordon; junior superintendent, Mrs. G. B. Nichol; babies' branch secretary, Mrs. Mary Harwood; delegate to diocesan annual, Mrs. J. D. Seelye; substitute, Mrs. W. A. Nichol.

WEDDINGS

McCumber-Brown.

A wedding of interest was solemnized in the rectory of St. George's church, West End, Monday evening when Rev. W. H. Sampson united in marriage Aubrey McCumber and Mrs. Lillian Brown, both of St. John. The ceremony was witnessed by a few friends of the bride and groom. The bride, who was unattended, looked pretty in a navy blue tailored suit with hat to match. They have the best wishes of their many friends for their future happiness.

DEATHS

Mrs. Ida J. Mitchell.

The death occurred suddenly yesterday in Bar Harbor, Me., of Mrs. Ida J. Mitchell, daughter of Mrs. Bessie and the late R. Allison Bray, formerly of this city. Mrs. Mitchell removed from this city to Bar Harbor one year ago. She is survived by her mother and one sister, Mrs. Thomas Knowles, of Bar Harbor. The funeral will be held in Bar Harbor.

Mrs. Harry C. Gifford.

Many friends in St. John will learn with regret of the death of Mrs. Harry C. Gifford, which occurred on March 11 at her home in North Easton, Mass., after a lengthy illness. Mrs. Gifford is survived by her husband, two children, at home, her parents, Mr. and Mrs. George Cobham, of West St. John; three sisters, Miss Alice Burpee, West St. John; Mrs. J. J. Morrisett, of Dorchester, Mass., and three brothers, Harry, of Kemptons, B. C., and Roy and Fred, of West St. John. The funeral will be at North Easton.

The Late W. F. Young.

Digby, March 11.—(Special)—Death came with suddenness to one of our best known citizens, William Fenwick Young, yesterday afternoon when he dropped dead in the store in which he was employed while talking with a fellow clerk. Mr. Young was a son of the late Edward and Sarah Young and was born in Digby 65 years ago. He started his business career with G. L. Letteney and Brothers, afterwards going into business for himself in partnership with a Mr. Guppil, of Grand Manan, the firm being known as Guppil & Young. This continued until the great fire of 1898 wiped them out. Since then he has been employed in several mercantile concerns.

He leaves two daughters, Mrs. Frances Reading, of Truro, and Miss Viola Ferguson, of Grand Manan, and one son, Donald, of Digby, also one sister, Mrs. Henry Dakin, on the Pacific Coast, and one brother, George, of Edmonton. It is a peculiar coincidence that his father died suddenly while in H. B. Short's employ, dropping dead in the store. His mother is said to be one night in her usual health and was found dead in the morning, as was her mother before her.

Arthur K. VanHorne.

Yarmouth, March 11.—(Special)—The entire community was profoundly grieved by the news this morning of the death of Arthur K. VanHorne, one of Yarmouth's leading business men. Mr. VanHorne, accompanied by his wife and young son, left several days ago to spend a few weeks in Florida. At the time of leaving Mr. VanHorne was suffering from a heavy cold which developed into pneumonia when he arrived in the south, and terminated fatally at Jacksonville, the news being received here today by Hon. E. K. Spinney. He was 52 years of age. He was identified with many noteworthy objects and his last public act was in connection with Yarmouth's memorial park in which he took a leading part in its completion. Mr. VanHorne conducted a leading furniture business in this town. He was prominent in Masonic circles and was lately re-elected to the office of marshal in Hiram Lodge A. F. & A. M.

Mrs. G. W. Warnock.

Fredericton, March 11.—Word was received here today of the death at Grand Falls of Mrs. Isabella Warnock, wife of G. W. Warnock, M. L. A., for Victoria county. Mrs. Warnock was a daughter of Mr. and Mrs. Wm. Archibald Forbes, of Grand Falls, was 45 years of age. Three children also survive. Mrs. Warnock was unable to come here for the opening of the Legislature because of the illness of his wife and about the house today members of all parties expressed sympathy for the bereaved member for Victoria.

Mrs. Harry M. Clark.

Fredericton, March 11.—Death came suddenly to Mrs. Minnie Clark, wife of Harry M. Clark, Charlotte street, this morning, following a few hours illness. Mrs. Clark was around as usual

Commencing Thursday Morning, Annual Spring Sale of Whitewear Samples. Garments are manufacturer's and traveller's samples as well as odd lines selected from our regular stocks. All bargain priced for quick disposal. Past sales of this kind have proven to St. John women that values offered in these sample sales are very unusual. This event is no exception to the rule. Early buyers will have the choice of selection. NO APPROBATION—NO EXCHANGE. 500 Night Gowns. Princess Slips. Bloomers. Corset Covers and Camisoles. Envelope Chemises. Underskirts. Early Spring Modes in Suits, Coats and Dresses. Now On View In Costume Dept.—(2nd floor.) Your inspection is cordially invited. Manchester Robertson Allison Limited. KING STREET GERMAIN STREET MARKET SQUARE.

WHERE WOULD THE CITY BE WITHOUT ITS INDUSTRIES?

Are Citizens Really Giving to Important Industrial Operations the Consideration They Deserve?

A community without strong, virile industries, is a community that is not progressing. In such a Community work—and its recompense—wages, are seriously affected.

On the other hand, truly, is a great industry a NERVE CENTRE of a community.

It provides continued employment for the bread-winner; it distributes large sums, in the community, by reason of purchases, etc., etc.

From it speed those energies which radiate health, cheer and comfort. ON SUCH AN INDUSTRY DO GREAT THINGS HANG.

St. John has long, realized the importance of SECURING NEW INDUSTRIES.

St. John knows, by experience, that the urgency of ENCOURAGING THE INVESTMENT OF NEW OUTSIDE CAPITAL in the city is ever present.

The impairment, or closing down, of some lines of industrial endeavor, in the city, has, as the press frequently notes, been the reason why sons and daughters—even whole families—of this city, have sought, elsewhere, for the means to earn their livelihood.

And, apart from the personal sense of such losses in our population, EACH AND EVERY adult who has left the city has taken with him a potential earning power, the average value of which has been placed at \$1,000 per year.

BUT, while citizens fully realize that St. John needs new industries, if our growing population is to be provided for and our people kept at home, ARE THEY GIVING DUE THOUGHT TO, AND APPRECIATION OF, THE IMPORTANCE OF THOSE INDUSTRIES WHICH ARE CARRYING ON IN THEIR MIDST TODAY?

Have they, ever, seriously considered that THESE INDUSTRIES HAVE THEIR DIFFICULTIES AND THEIR PROBLEMS?

BECAUSE, after all, to paraphrase an old saying: AN INDUSTRY ON HAND IS WORTH A GREAT MANY IN PROSPECT.

GIRLS' BRANCH OF W. A. HAS ELECTION

The girls' branch of St. John's (Stone) church W. A., the youngest of the girls' branches in the city, organized in November last, held its annual meeting last night with Mrs. Harry Roberts, president, in the chair. A dainty supper was served and the business session followed.

Good work in the society's brief existence was reported. Mrs. A. L. Fleming gave an inspirational address. She stressed the message of Lent. The election of officers resulted as follows: Honorary president, Mrs. A. L. Fleming; president, Mrs. H. Roberts; vice-presidents, first, Miss Mary Armstrong; second, Miss Greta Fowler; third, Miss Edith Paterson; recording secretary, Miss Agnes Hanington; corresponding secretary, Miss Alice Tilley; Dorcas secretary, Miss Dorothy Evans, assistant Dorcas secretary, Miss Florence Warwick, and treasurer, Miss Elizabeth Foster.

LADIES' AID MEETING.

Mrs. J. W. Stevens entertained the Ladies' Aid of the Fairville Baptist church at her residence Prospect street, Monday evening. She was assisted at

Simple Application That Dissolves Blackheads

No more squeezing and pinching to get rid of those unsightly blemishes, blackheads. There is one simple, safe, and sure way to get them out, and that is to dissolve them. Get about two ounces of peroxide powder from your druggist—sprinkle a little on a hot, wet cloth—rub briskly over the blackheads for a few seconds—wash the parts, and every blackhead will be gone. Pinching and squeezing out blackheads make large pores, and you cannot get all of the blackheads out this way—while this simple application of the peroxide powder and water dissolves every particle of them and leaves the skin and pores in their natural condition.

Men's Suits in New Styles For 1924

AT Amdur's, Ltd.

Men's Suits, Spring and Summer Styles \$15, \$20, \$25

The Suits include models in silk-stripe tweeds, fancy tweeds, plain serges and herringbone serges.

the supper hour by Mrs. William Syme and Mrs. Robert MacMillan. Sewing was done for several hours. Those present were Mrs. A. E. Keirstead, Mrs. Allan Thorne, Mrs. Strydom, Mrs. Fred McKinstry, Mrs. MacMillan, Mrs. B. Godsoe, Mrs. Harry McLaughlin, Mrs. Hiram Allabee, Mrs. Thorne, Mrs. George Currie, Mrs. Thomas Kerrigan, Mrs. Charles Dykeman, Mrs. Carl Cunningham and Miss Ida Wayne.

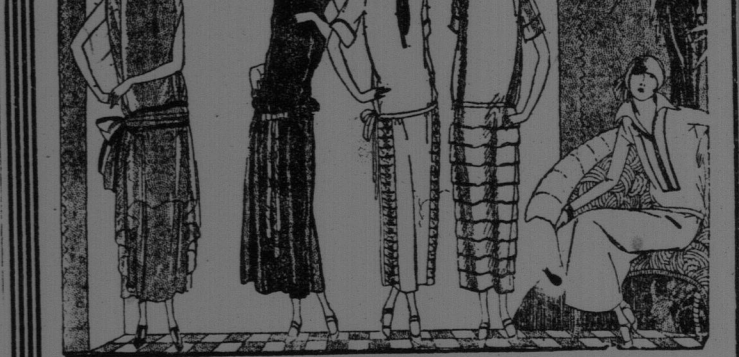

Catholic Methodist Ladies' Aid met

in the church hall on Monday afternoon, when a large amount of sewing

was done. Refreshments were served, the hostesses being Mrs. J. Sharpe, president, Mrs. Clarence Carson, Mrs. W. D. Williams and Mrs. George Kirkpatrick. A short business session was held, in which plans were made for a supper and sale next week.

Honor Mother of 23.

Paris—Cited as an example to all French women, Mme. Anet, wife of a peasant farmer at Clermont, was publicly decorated with the Legion of Honor in the town hall of Remiremont on the occasion of her 23rd child's birth.

Highlights of Today's Show

One big meaning of the Spring Fashions displayed today at Daniel's is quality at a moderate price. Quality at a moderate price—could you think it of such charming garments as shown this afternoon? When you think of what Daniel's may have, there's a comforting expectation.

Another piece of news. Abundance of beaded Dresses. But that applies for now only, for they are snapped up swiftly.

Then the variety of weaves. All sorts of new crinkles appear and disappear as discovered by knowing searchers.

Navy Point School Frocks with cuffs and cravats of Scarlet or White have taken on tremendously down in New York.

Did you notice some of the new drapes? Come in tomorrow and see how they look on you. And of course you couldn't help fixing your eye on that Navy Rosinara with the long flaring Bias insert figured in White and Gold.

Without taking in the Overblouses, the Suits and the Coats, it looks like spirited shopping these days at

**Social Notes  
Of Interest**

After a few days of quiet from social things the life of St. John will be stirred by the advent of many players for the much-talked-of Maritime championship badminton tournament which begins here tomorrow. There will be luncheon served at the Army on Thursday and Friday at noon. The hospitality committee will be Mrs. Herbert C. Spaulding, Mrs. Stewart Skinner, Mrs. W. L. Caldwell and Mrs. Gerald F. Furlong. Besides having charge of the luncheons, these ladies will be tea hostesses for both days. Miss Audrey McLeod is welcomed back and will be one of those contesting the championships. Miss Barbara Jack, Mrs. Laurence MacLaren, Mrs. Harry Patterson and Miss Bessie Dawson will also take part. The local ladies disclaim any possibility of winning in the finals, but some of their friends are more confident. Many are entering for the opportunity of the contest with experienced players affords of learning new ideas and more skill in the game.

Mrs. W. F. Todd, wife of the Lieutenant Governor of the province, was hostess at the tea hour on Friday at Fredericton for the wives of the members. Those from St. John who enjoyed the very pleasant function were Mrs. Walter E. Foster, Mrs. W. E. Scully, the Misses Scully, Mrs. E. S. Carter and Mrs. W. F. Roberts, wife of the Minister of Public Health. Other parts of the province were represented by Mrs. John S. Martin, of Chatham; Mrs. J. P. Byrne, of Bathurst; Mrs. Fred Magee, of Port Elgin; Mrs. John L. Peck, of Hillsboro, and many others.

Mrs. Alexander L. Fowler, of Rothesay, entertained at lunch yesterday to honor Mrs. Hugh Mackay on the occasion of her birthday. Several ladies went out from the city.

Miss Olivia Gregory, who was successfully operated upon for appendicitis, is recovering nicely.

Mrs. Frank A. McDonald and little daughter, Miss Nancy, returned on Sunday from England after a two months' visit at the home of Mr. McDonald's parents, Mr. and Mrs. Arthur McDonald, at Trenton, near Liverpool. Mrs. McDonald, who took with her her other daughter, little Miss Peggy McDonald, left her with her grand parents, where she will remain for some time.

Many St. John friends will be interested to hear that Mrs. Miriam Green Ellis is now in New York, another stage in a lengthy lecture tour. Mrs. Ellis' address before the Women's Canadian Club in St. John and her beautiful lantern slides of scenes on her trip up the MacKenzie River to the Arctic are remembered with much pleasure. Since leaving St. John she has been lecturing in Truro and Halifax and is now finding life rather strenuous.

**WOMEN WILL LAUNCH "GET-OUT-VOTE" CAMPAIGN**

By HORTENSE SAUNDERS.

Buffalo, N. Y.—A nation-wide campaign to "get out the vote" for the 1924 election will be launched at the fifth annual convention of the National League of Women Voters to be held here April 24 to 29.

The test of the league's four years work is the 1924 election, according to the president, Mrs. Maud Wood Park.

According to figures, fewer than half the eligible voters—only 49 per cent.—voted in the presidential election in 1920.

Ballot Negligence. In 1922, 33 states elected governors and only a little more than one-third of the possible voters cast their ballots, and in primary and local elections the percentage is much lower.

"Every woman in the league is called upon to remedy this condition," Mrs. Park states. "If we are to be a democracy it is time we were about it! Let us fix as our goal for 1924 75 per cent. of the vote that could have been cast in 1920, and enlist the help of public-spirited men and women from one end of the country to the other in carrying out the plan."

The governors of five eastern states, New York, Maryland, Delaware, Pennsylvania and New Jersey, have been invited to attend the governors' mass meeting on April 28.

Distinguished Women. The 12 most distinguished women selected last May, after a year's canvass and study, will be given on April 28.

This list includes Jane Addams, Cecelia Beaux, Annie Jump Cannon, Carrie Chapman Catt, Anna Botsford Comstock, Minnie Maddern Fiske, Louise Homer, Julia Lathrop, Florence Rena Sabin, M. Carey Thomas, Martha Van Alstyne, and Edith Wharton.

Representatives from every state in the Union are to be present as well as speakers of national and international fame.

The programme committee, of which Miss Elizabeth Hauser of Ohio is chairman, includes also Miss Belle Sherwin of Cleveland, national vice-president; Miss Gertrude Ely of Bryn Mawr, Pa.; Mrs. Caspar Whitney of New York City; Mrs. B. J. Burns and Miss Louise Michael of Buffalo.

Miss Olive Culver, of the Sign of the Lantern, left for Boston last evening to visit her sister, Miss Dorothy Culver, for a short time.

Mrs. and Mrs. Gilbert Gray Murdoch, who left nearly two months ago for California, and who have been enjoying Los Angeles and its vicinity, were in San Francisco when last heard from. Mrs. Murdoch is much improved in health.

Mrs. James H. Dooly returned from Fredericton Monday evening after spending a week as a guest of Miss Jean Vanbuskirk. Mrs. Dooly was a guest also at the reception given by His Honor Lieut.-Governor W. F. Todd and Mrs. Todd Thursday evening. Miss Nora Dooly, who has been staying with Miss Vanbuskirk during Mrs. Vanbuskirk's absence in Boston, is expected home next week.

Miss Audrey McLeod, who was a visitor for several weeks in Montreal with her aunt, Mrs. Hazen Hansard, after the badminton tournament in Quebec, in which she participated, returned home Monday evening. Miss McLeod accompanied her aunt, Mrs. Hansard, to New York and arrived from that city after a short visit.

Mrs. Hedley Cooper, formerly of St. John, now of Boston, is a guest at the Sign of the Lantern Hotel for a week. Mrs. Cooper, who has many friends in the city, is being welcomed gladly. She was the guest at luncheon yesterday of Dr. and Mrs. H. L. Spangler, and is enjoying similar family entertainment with old friends while here. Mrs. Cooper spent some time in St. Stephen and Calais before coming to St. John.

Mr. Harvey Hayward and his daughter, Mrs. Ralph St. C. Hayes, are on their way to Bermuda on a West Indies tour.

Mrs. Albrighton Clarke and her son, Mr. Henry Clarke, left yesterday afternoon for Fredericton to attend the funeral of Mrs. Harry M. Clarke, who died suddenly yesterday morning.

Mrs. E. P. Dykeman was one of the members of German street Baptist church who entertained at a chain party last week. The money was for church funds. Mrs. Dykeman entertained at her residence, Wetworth Hall, and had a large attendance of guests. Mrs. Mary Gifford, of West St. John, was

**SISTERS OF SERVICE LECTURER'S THEME**

The St. John sub-division of the Catholic Women's League at its meeting in the Knights of Columbus hall last night heard a splendid address by Rev. George T. Daly, C. S. R. He told of the work of the League in Upper Canada and of the good accomplished by the Sisters of Service. Father Daly appealed for the promotion of the work of the Sisters of Service, urging the members of the C. W. L. to stand behind it and to give it substantial support. Hearty thanks were extended to Father Daly and were tendered by Mrs. John Owens, the president, who was in the chair.

The monthly reports submitted were gratifying. The membership committee report was given by Mrs. W. T. Thompson. The girls' work committee report given by Mrs. F. C. Tippetts

told of two social evenings provided for the girls at Rosary Hall and four bridges in a series of weekly bridges held to raise funds. The returns from the recent valentine tea and sale to date were \$472.88. Miss E. J. Lynch gave the report of the physical committee and said Miss Mary Vincent was now preparing for the exhibition of the season's work in the gymnasium which is to be given after Easter. Miss Annie O'Neill, convener of the committee on nominations, submitted its report for approval.

When the meeting adjourned the drawings were made in connection with the recent tea and sale. The winners were announced as follows: First prize, a dozen coffee spoons, Miss Mary Quinn, 382 Chapel street, Ottawa; second prize, table scarf, D. W. Harper, 63 Sewell street; third prize, piece of statuary, Miss Susan Murphy, West St. John; fourth prize, \$5 in gold, Miss Mary Sugrue, 182 Britain street.

USE Gold Dust for the greasy pots, pans and broilers. It loosens the crusts and sticky particles and dissolves the grease. Once tried—always used. Saves half the labor and does the work more thoroughly.

**GOLD DUST**

**Fitness That will Bring You Pride and Joy**

YOU pride yourself in physical fitness. You like to know you can tackle each task with the vim and vigor that will see you through. There's joy in feeling fine—Eat Grape-Nuts! Eat it every day.

One of the best ways to serve Grape-Nuts is simply with cream or milk. You enjoy all the wonderful flavor, all the delicious crispness, all the tasty goodness of this famous food.

But no matter how you serve Grape-Nuts you get heaping value. You get the concentrated nourishment it contains and phosphorus to supply energy and store it up. Starches which are easily digested because they have been changed to sugar form, by a process of slow baking. And you get roughage enough roughage to keep your body clear and free of poisons.

Grape-Nuts is economical because it is so highly concentrated and because each package contains a great number of helpings. Serve right from the package. Order it with your other groceries.

**Grape-Nuts**  
Made in Canada

1 egg, 1 cup sugar, 1/4 cup shortening, 1/2 cup Grape-Nuts, 1/4 cup sour milk, 1 teaspoon soda, 1 teaspoon vanilla, 2 1/2 cups flour (good measure).  
Break egg into mixing bowl, beat; add sugar and shortening, and beat again; add Grape-Nuts softened in the sour milk, vanilla, and soda sifted in the flour. Roll very thin and cut with small fancy cutter. Sprinkle with sugar, with raisins or scattering of Grape-Nuts on top. Bake in quick oven. Put on lower grate and finish on upper grate. If desired soft instead of crisp, roll thicker. This recipe makes twenty-five cookies.

## To The Public!

We have carried on business in this store for the last three years. After deliberate consideration we have decided to close out our stock. First because we cannot make it pay. Second that we intend going into another line. This store must be vacated as soon as possible, and we have placed prices on our shoes that cannot be duplicated in this city or province. Our stock is nearly new and we have no cheap job lots, but all genuine high class stock of the finest Canadian Productions in men's, women's and children's. If the people of this city want FOOTWEAR this spring, summer or winter, let me say honestly that these prices will never be duplicated.

I Thank You.

Three People Slain By Maniac; Their Bodies Set on Fire

2 SHOT DEAD ONE BEATEN TO DEATH

Cold-blooded Murderer Slays Small New York State Village.

WORK OF MANIAC

Bodies are Piled Together, Oil Scattered and Blaze Set.

Linden, N. Y., March 12.—Three persons, Mr. and Mrs. Thomas Whalley and Mrs. Mabel Morse, were slain last night, apparently by a maniac. Mr. and Mrs. Whalley were shot dead and Mrs. Morse was beaten to death with the handle of an axe.

When she did not return at the usual hour, Howard Smith, a young man employed by Morse, went to learn what was delaying her. At the Whalley home he found all the doors locked. He raised a kitchen window and was met by a rush of smoke. Calling neighbors who were passing, they broke open the rear door. In the only bedroom of the house on the ground floor, they found the three bodies piled together on the floor. Over them had been thrown rugs in which there was smoldering kerosene. Oil had been poured upon the carpets and bed, but not enough to cause the blaze to spread rapidly. Mrs. Morse had the top of her head beaten to pulp.

News of the crime spread through the village like wildfire and soon a posse was searching for the murderer. Word was telephoned to Sheriff Henry W. Ware and Captain W. W. Robinson of the state troopers at Batavia. Community aroused. State police and county authorities joined hands today to solve the triple murder. The brutal slaying has aroused the community to a high pitch and additional state troopers were summoned by Captain W. W. Robinson to maintain order in the event of the capture of a suspect.

On the right of a person entering the kitchen door is a pantry and on the left or west side is the storeroom into which the three bodies were dragged. At the door between the kitchen and the parlor there was a large pool of blood. The door of the storeroom also had bloodstains on the panel and the knob. It is believed that the murderer killed the Whalleys at the door leading into the parlor and then dragged all three bodies into the room and set fire to the rugs that he threw over them.

The body of Mrs. Morse was much charred by the flames. In addition to the bullet wounds there were also marks on the bodies of Mr. and Mrs. Whalley that indicated that they had been struck several times by the axe handle wielded by the murderer.

NOVA SCOTIAN TO BRING JAP NEWS Toronto, March 11.—Rev. Prof. H. W. Outerbridge, of Union Methodist College, Kobe, whose home is in Nova Scotia, and who has been active in Japan since the earthquake, has left for home, according to a cable received last night, and will bring to this country the first personal account of present conditions and prospects among congregations in the stricken area. Mr. Outerbridge, who is a daughter of Principal E. N. Baker, of Albert College, Belleville, Ont., is also coming with his children.

Disreputable Element Demands Recognition

Boston, March 12.—Dr. Lewis Perry, principal of Phillips-Exeter Academy, who proved himself one of the wisest of townsmen, has heard, at the Williams dinner at Young's recently, told a story of a colored porter who had been chosen deacon of his church.

STRANGE RACE IS FOUND IN INDIA

Men Live Under Rocks, Wear No Clothes, Speak Strange Tongue.

Chicago, March 11.—A race of men living unclothed under rock ledges and overhanging cliffs, with history that is not traceable and who speak a dialect that has no similarity to any known language, is described as existing in Pithoragarh, North India, where the Rev. M. Wells Branch, returned Methodist missionary.

Their bodies are covered with dark hair from the neck without shelter, as are reckoned the most timid denizens of the forests. They are wonderful tree climbers but do not live in them. How they manage to survive life in the forest is a matter of mystery. They are like shadows in the forests and will salute no one, said Rev. M. Wells Branch, who lived near them for a decade. "They make wooden dishes with their knives and an expert whittler when they wish to sell any of their dishes they come out of the forest, put down their wares and retire into the jungle. The traveler then haggles with them, and if he wishes any, he leaves grain, other food or something of equal value."

They believe themselves all descended from royal blood. For this reason they call themselves Rajas, and claim to be descended from the forefathers of the Rajbar family, ruling a native state of that region. Some of their number occasionally visit the village bazaar and no one can talk with them or barter save by signs.

Crew of Battleship Capture Bootlegger

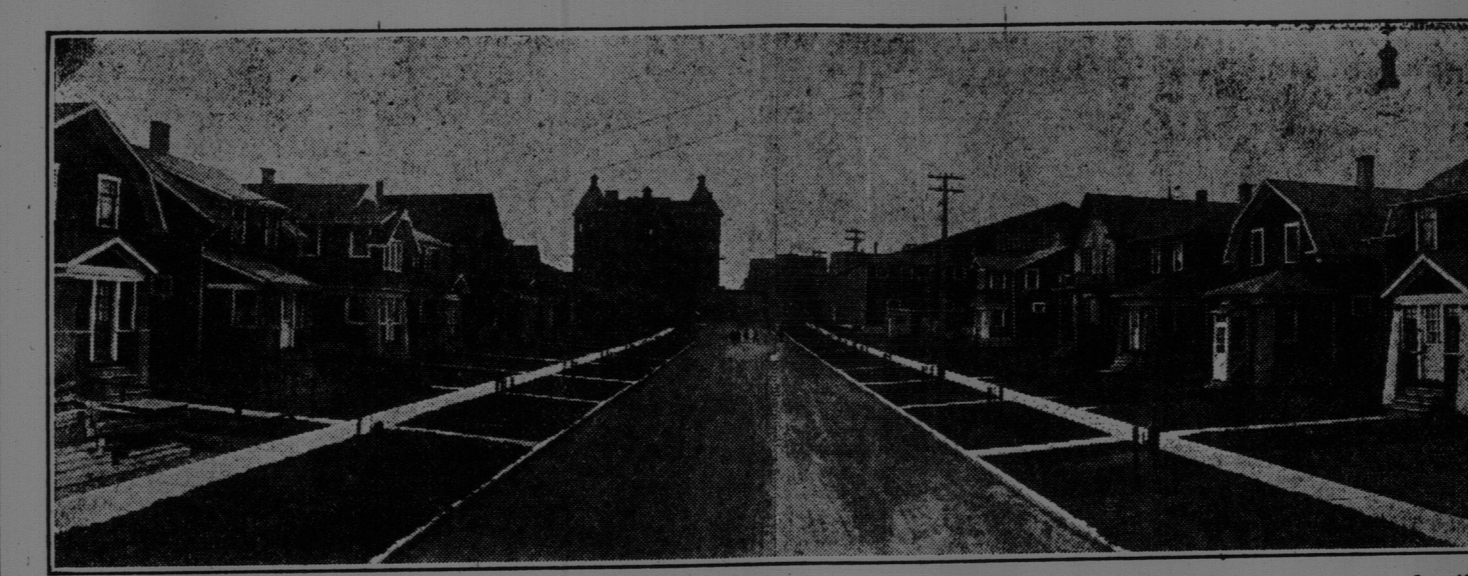

Vendor Didn't Know Marine Had Died of Poison Liqueur.

New York, March 11.—The bootlegging fraternity may be enjoying happy and prosperous days, but one member of the brotherhood lived a lifetime in ten minutes. The battleship California, in the North River, the peddler of the fluid prepared for the sailors did not know that a marine of the United States navy, who had been killed by a bottle of bad liqueur being sold to the men of the fleet and died Thursday morning. The friends of the marine, however, were watching for bootleggers.

Mr. Outerbridge, who is a daughter of Principal E. N. Baker, of Albert College, Belleville, Ont., is also coming with his children.

TWO YEARS' WORK IN CITY DEVELOPMENT

Dufferin Avenue, which two years ago was a waste, as it appears today. This street was paved last summer on the "Local Improvement Plan," which means that the land owners paid one-half the cost of the work, boulevarded and trees set out.

LORD BEAVERBROOK BACKING CHURCHILL

London, March 11.—"I have not changed my opinion on any great and bold issue in the last 20 years," declared Winston Churchill, Independent member of the House of Commons, in the Abbey division of Westminster. Mr. Churchill seems eager to disabuse the electors of that constituency of any idea that his political career has been inconsistent.

FLOOR FOR MANY MILLIONS COMES FROM MINNEAPOLIS

Minneapolis, March 12.—(Associated Press)—Minnesota maintained its title of "Mill City" in 1923, during which year flour to feed approximately 31,000,000 people, or almost one-third of the population of the United States, was shipped from the mills of the city. Figures announced by the secretary's office of the Chamber of Commerce show that 54,986 cars, or 16,488,740 barrels of flour were shipped from here during the year 1923. Using the miller's unofficial estimate of a half barrel per capita consumption a year, based on previous years' tabulations, the flour shipments total would indicate that about 31,000,000 men, women and children were fed with bread and bread-stuffs from the local production.

CREW OF BATTLESHIP CAPTURE BOOTLEGGER

Vendor Didn't Know Marine Had Died of Poison Liqueur.

New York, March 11.—The bootlegging fraternity may be enjoying happy and prosperous days, but one member of the brotherhood lived a lifetime in ten minutes. The battleship California, in the North River, the peddler of the fluid prepared for the sailors did not know that a marine of the United States navy, who had been killed by a bottle of bad liqueur being sold to the men of the fleet and died Thursday morning. The friends of the marine, however, were watching for bootleggers.

OPENING OF NEW RESIDENTIAL SECTION FOR CITY IS FORECAST

City Orders Plans Prepared for Division of Shamrock Grounds Into Building Lots—Solid Ground Under Buggy Top—Room for 1,000 Homes—Will Provide for Street Extensions.

EXTENDS JOY HOURS DURING EXHIBITION

London Cabaret, Restaurants, Ball Rooms Will Stay Open Until 2.

FLORIDA BRIDGE WILL SAVE MILES

Tampa, Fla., March 12.—One of the longest bridges in the world is under construction across Old Tampa Bay, between this city and St. Petersburg. It will reduce the distance by highway between the two cities by 24 miles.

BABIES' CRIES SAVE LIFE OF MOTHER WHO ATTEMPTED TO COMMIT SUICIDE

Tiny Fists Pound on Door and Screams Bring Uncle.

Dorchester, Mass., March 12.—Shouts of "Mamma! Mamma!" from her two little daughters as they pounded on the door of the gas-filled room in which she lay beside a farewell note, awaiting death, caused 24-year-old Mrs. Laura Beatty, who had been kept in her room for three days, to stop her husband from "running around" with the young widow, but when the visits of the police to the home ceased, his brother Harry Beatty, said William again began to show his intentions upon the Roxbury woman.

RENO MAN CLAIMS PARTIAL DEAFNESS CURED BY RADIO

Reno, Nev., March 12.—Radio eventually may cure partial deafness, in the belief of Norman Squires, of this city, who cites his own case as an illustration. Two years ago, Squires says, he was totally deaf in his left ear. Now, after constant treatments by radio, he declares he can hear a whisper across the room.

USES VACUUM CLEANER IN HUSBAND'S POCKETS

Boston, March 12.—An ingenious Newbury woman attacks her husband's pockets at frequent intervals with the vacuum cleaner. She is not seeking money or embarrassing letters, however, but lint, tobacco crumbs and other accumulations of dirt. Brushing out patch-pockets, particularly in an ultra-so heavy coat, they could not be turned inside out, completely stumped hubby.

DISPUTE WITH POPE IS NEAR SETTLEMENT

London, March 12.—The Daily Express gives great prominence today to a statement to the effect that the dispute between the Pope and Italian Government is about to be settled and that in consequence the Pope no longer considers himself a prisoner in the Vatican.

CANADA HAS FILED DAVIS CUP ENTRY

New York, March 12.—With only a week left of the filing of entries, the Davis Cup for 1924 was brought to the same number as was received last year according to the United States Lawn Tennis Association. Italy, Denmark and Canada are the last three countries to file their official challenges, making seventeen in all that are entered for the play. Denmark and Italy requested to be drawn in the European zone of preliminary play, making three that are entered in that zone. Canada has not yet decided in which zone she will compete. Only three challenges have been filed for the American zone. Canada played in the American zone last year.

SEVENTEEN NATIONS LISTED TO PLAY FOR TROPHY—MORE EXPECTED.

London, Feb. 23.—(By mail.)—London is a place where nearly everyone goes to bed early and gets up late, but just to please the tourist job-seekers coming to the Empire Exhibition, it is going to let people have a good time in the evening. The morning five days a week this summer. At hotel ballrooms, cabarets, restaurants and ballrooms close a little after midnight except on Saturday and Sunday. Under any circumstances, the orchestra will play during the exhibition. But it hasn't yielded to the request that the late dancers be allowed to keep on buying champagne until the orchestra stops. Unless this is done the people out for a good time will have to keep them merry until 12:30 to keep them merry until midnight.

OBREGON BUYS CALIFORNIA HORSE

Santa Monica, Cal., March 12.—(Associated Press)—President Obregon of Mexico has purchased Orange, a six-year-old gelding, for use as a saddle horse, according to J. B. Mitchell of the Uplifters' Saddle Club. Orange was champion stock horse of California for 1922 and 1923.

CANVASSERS TINED PRIOR TO DRIVE

Workers in Y. M. C. A. Campaign Guests of Ladies' Auxiliary

Optimism and enthusiasm characterized the gathering at the banquet tendered the campaign workers at the Y. M. C. A. last night.

Those who are making the canvass in the various districts are as follows: District No. 1—W. R. Pearce, captain; Roy MacKendrick, Sidney C. Young, N. Arnold Keck, Charles Cotter, H. P. Crouse, E. G. Goodspeed, J. R. Hazen.

MAGNESIA BEST FOR YOUR INDIGESTION

Warns Against Doping Stomach With Artificial Digestants. Most people who suffer, either occasionally or chronically, from gas, coarseness and indigestion, have now discovered disagreeable diets, patent foods and the use of harmful drugs, stomach tonics, medicines and artificial digestants, and instead, following the advice so often given in these columns, take a teaspoonful or two of Bisulphated Magnesia in a little water after meals.

UPSET STOMACH, GAS, INDIGESTION

Chew a few Pleasant Tablets, —Stomach Feels Fine!

Pape's DIAPHRAGM FOR INDIGESTION. So pleasant, so inexpensive, so quick to settle an upset stomach. The moment "Pape's Diaphragm" reaches the stomach all pain and distress from indigestion or a sour, gassy stomach vanishes.

MATHIEU'S SYRUP OF Tarz God Liver Extract. Millions know its magic. All druggists recommend this harmless stomach corrective.

STOPS COUGHS

Stiff sore neck. That ache and tension in the neck muscles—you can rid of it! Apply Sloan's. You don't have to rub it in. Just pat it on gently.

THE NEW FRENCH REMEDY. THERAPION NO. 1 THERAPION NO. 2 THERAPION NO. 3

HIS SLUGGISH LIVER MADE HIM FEEL DROWSY AND TIRED ALL THE TIME

When your liver becomes sluggish and inactive your whole health suffers and the only way you can get back to feeling right is to make your liver right.

This you can do by the use of Milburn's Laxa-Liver Pills as they will stimulate the sluggish liver, clean away all waste and poisonous matter from the system, and prevent, as well as relieve, all complications arising from a liver that has become inactive.

District No. 3—John MacKinnon, captain; Gordon Willet, Fred Girvan, W. E. Anderson, John J. Murray, I. C. Gooder, R. C. Cullahan, S. H. J. Hargreaves, D. W. H. Magee.

District No. 4—Horace G. Black, captain; L. M. Farquhar, Henry Wilson, Harry Wawroick, J. E. Angeline, Paul B. Cross, Roy E. Crawford, F. B. Elkin.

District No. 5—T. E. Simpson, captain; J. Hunter White, A. S. Bowman, Ford H. Hazen, A. H. Wetmore, G. I. Higgins, R. W. S. Whitcombe, W. H. White.

OFFICERS ELECTED BY CUSTOMS MEN. The annual meeting of the Customs Excise Officers' Association of New Brunswick and Prince Edward Island was held at the Customs House here on Monday night.

RAILROAD MEN GO WEST. Guy Manning and Frank Mahoney, both trainmen of the C. N. R., left yesterday for Los Angeles, where they will carry on railroading in California.

STIFF SORE NECK. That ache and tension in the neck muscles—you can rid of it! Apply Sloan's. You don't have to rub it in. Just pat it on gently.

Reds' Infielder Snares Heart of 'Frisco Queen

RUTH BURR DOOLITTLE. San Francisco—Score another home run for Loui Fonseca, star infielder of the Cincinnati Reds. Just before he left for spring training in Orlando, Fla., his engagement to Ruth Burr Doolittle, society girl of this city, was announced.

HEALTHY FOOD POISONS MANY

Excellent Meal Turns to Poison Causing Poor Digestion, Constipation, Sick Headaches and Nervous, Run-Down Condition.

Eating too much and too rapidly clogs the liver and weakens it. When in this condition, the liver fails to supply the juices so vital to proper digestion and elimination—and it fails to filter and purify your blood.

This explains why a sluggish liver is attended by such symptoms as constipation, biliousness, sick-headaches, sourness and gas on a weak stomach, loss of appetite, pains in the back and sides, and a nervous, run-down condition.

Dr. H. S. Thacher, noted medical practitioner, perfected a wholesome vegetable prescription to keep the liver healthy. It is giving quick relief and renewed strength, energy and vigor to numbers here.

Dr. Thacher's Liver & Blood Syrup is sold and recommended by J. Benson Mahony, cor. Union and Docks; Watson Company, Ltd., 9 Sydney Ave.; Charlotte cor. Princess in St. John; E. R. W. Ingraham, in West St. John; O. D. Hanson, in Fairville; Compton, the Druggist, in Hampton; and by leading druggists in every city and town.

WAY NOW CLEAR FOR UNION BILL

Introduction in Commons of Measure Expected on Monday

(Special to The Telegraph-Journal) Ottawa, March 11—With the dismissal today of the appeal by F. H. Chrysler, K. C., against the acceptance of the petition upon which will be based the private bill to grant citizenship to the United Church of Canada, the way is now regarded as cleared for the introduction of that measure, probably next Monday afternoon, by Ripley Locke, leader of the Progressives.

TWO GO THROUGH ICE AND PERISH. Boston, March 11—While five state police officers tried in vain to save them, two Cambridge boys, Bertram Willis and Paul Boudreau, seven and six years old, broke through the crumbling ice on the Charles River and were drowned.

FATHER DAILY LEAVES TODAY. Rev. George T. Daly, C. S. R., leaves today for Toronto after a short visit in St. John, during which he has been active in the interests of the Sisters of Service, the missionary and nursing order which has been established by the Catholic church to care for the needs of the scattered settlers in the west.

OPPOSITION CHIEF CRITICIZES NEEDS OF GOVERNMENT. Is in Sympathy With Private Ownership Under Proper Control. Fredericton, March 11—Expressing his opinion on the financial opposition support of the general principle of hydro development because the country had reached the stage when the people could no longer depend upon the power resource of the past.

OPPOSITION CHIEF CRITICIZES NEEDS OF GOVERNMENT

Is in Sympathy With Private Ownership Under Proper Control. Fredericton, March 11—Expressing his opinion on the financial opposition support of the general principle of hydro development because the country had reached the stage when the people could no longer depend upon the power resource of the past.

There is now offered to the public a preparation having the DOUBLE action of an intestinal antiseptic and a COMPLETE system cleanser. This preparation, known as Adierika, acts as follows: It tends to eliminate or destroy harmful germs and colon bacilli in the intestinal canal, thus guarding against appendicitis and other diseases having their start here.

Prohibition he would not discuss upon its merits or demerits, but it is the law and he contended the enforcement during the last year had been a sham, a farce, and public scandal.

Exchange would improve by slow stage, he said; it would be imprudent to accentuate the movement toward parity.

WILL HOLD TAG DAY.

The Society for the Prevention of Tuberculosis has received permission for holding a tag day on April 26, it was announced at yesterday's meeting of the association.

12 ATTEND DENTAL CLINIC.

A round dozen of patients attended the dental clinic at the St. John Health Centre yesterday morning. In spite of its alarming thoughts for grown-ups, a visit to the dentist appears to be a pleasant adventure to the children.

Mr. Motherwell in reply said: "There is no question that the British Government and their officials last year threw every obstacle in the way of our cattle entering their ports without actually restoring the embargo."

CONSERVATIVES LOSE IN HOUSE

BY 195 TO 269. Their Amendment to Air Craft Bill Falls of Endorsement

(Canadian Press Despatch) London, March 11—William Leach, Great Britain's pacifist Under Secretary of the Air Ministry, encountered considerable heckling when introducing the air estimates in the House of Commons today.

The Under-Secretary began by setting at rest anxious misgivings why the Labor Government wanted more money for military aviation by explaining that the increase asked for did not mean an increase of armaments, but a decrease on the aggregate in the three services.

He declared that the Labor Party had never urged disarmament for Great Britain irrespective of what other countries might do, because that was not a practical proposition.

"International disarmament is our watchword," he said, "but it is not our purpose to render the country defenceless."

He continued dramatically: "The Sermon-on-the-Mount—that way is barred to us. Nevertheless our motto remains 'no more war' and the Government is religiously seeking the good-will of all the world."

The Government was experimenting largely with metal aircraft, he said, and announced that the Government had agreed to subsidize civil aviation £1,000,000 extending over 10 years.

The Under-Secretary said that there would be a considerable decrease in war expenditure for the year. By March 1925, 18 squadrons would be ready for home defence out of 92 proposed within the next five years.

The Government had decided not to interfere with the previous Government's air program, but if any international move for a reduction of armaments came along, it would be free to accept it.

British orders for aircraft this year, he said, totalled £4,500,000. Among the hecklers was General J. E. B. Sedy, (Liberal), a former secretary of the Conservative command of the Canadian cavalry brigade in France.

Austen Chamberlain, (Conservative), was not satisfied that these shores were safe from an air attack. Viscount Curzon, (Conservative), urged the House not to rest content with Mr. Leach's declaration.

The Conservative motion, however, calling for "adequate protection against attacks by the strongest air force with in striking distance of British shores" was defeated, 269 to 195.

FINED \$100 EACH ON OPIUM CHARGE

Two Chinese Still in Jail After Being Arrested Three Times. The case of Charles Lum and Wee Get, two Chinese who were arrested on Thursday night last, on a warrant charging them with unlawfully having a quantity of opium in their possession in April, 1923, came to a conclusion in the police court yesterday afternoon without any evidence being heard.

The defendants pleaded guilty under the Act of 1922 and were fined \$100 each. They were remanded to jail until today when it is understood they will be ready to pay their fines.

Dr. W. B. Wallace, K. C., appeared for the prosecution and W. M. Ryan for the defendants.

CONTINUOUS INSPECTION TRIP. Col. C. A. Hodgetts, C.M.G., M.D., director-general of the St. John Ambulance Association in Canada, left last evening for Montreal, having completed his inspection of first aid teams in the city. This year he began his inspection tour in the East, and it will be May before he has made all the necessary inspections for the various contests of the association. Last year he began in the West and St. John was the last examined. In consequence he had a much shorter time for the results. Colonel Hodgetts was well pleased with the work of the various teams here.

Healthy Mother Merry Children Happy Home. TO maintain a happy home the housewife must keep in good health. Her duties are many and various, and it seems as if every other member of the family depended very much on her. "Where is my hat?" cries the boy. "What did you do with my coat?" asks the daughter. "I can't find any handkerchiefs," yells the husband. The housewife is usually the advisor and general manager of the family. Lydia E. Pinkham's Vegetable Compound helps women to maintain a happy home by keeping them in good health. Winnipeg, Manitoba—"I cannot speak too highly of what Lydia E. Pinkham's Vegetable Compound has done for me. I was a nervous wreck and I just had to force myself to do my work. Even the sound of my own children playing made me feel as if I must scream if they did not get away from me. I could not even speak right to my husband. The doctor said that he could do nothing for me, owing to my condition. My husband's grandmother advised me to take Lydia E. Pinkham's Vegetable Compound. I started it right away, and everyone noticed what a different woman I was in a short time, and able to do my work."—Mrs. EMILY DAVIS, 721 McGee Street, Winnipeg, Manitoba. Cumberland Bay, N.B.—"I was troubled with weak feelings, headache all the time, a cough, fainting spells and pains in my back and sides. I could not do a single bit of work and had to be helped out to the hammock, and I had to be carried up and down stairs. After other medicines had failed, a friend advised me to take Lydia E. Pinkham's Vegetable Compound as she said it was excellent for any one in the family way. Before the first bottle was taken I could walk alone and as I kept on with it I got stronger, until I was able to do all my work. My baby is a big, fat, healthy fellow."—Mrs. MURRAY J. BARTON, R.R. No. 1, Cumberland Bay, New Brunswick. Thousands of women owe their health to Lydia E. Pinkham's Vegetable Compound. LYDIA E. PINKHAM MEDICINE CO., LYNN, MASS.

THE EVENING TIMES-STAR, ST. JOHN, N. B., WEDNESDAY, MARCH 12, 1924

# AMUNDSEN AND HAMMER TO EMPLOY NEW TYPE OF PLANE IN FLIGHT OVER POLE

By Haskon H. Hammer, Captain Roald Amundsen's Associate.

A gasoline station at the North Pole—or close by—will be established for refueling our plane.

The Whale—with which we hope to make man's first flight over the pole—has a flying radius of 1,200 miles. The total distance from Spitzbergen to Alaska is about 1,800 miles. A landing in the vicinity of the pole will therefore be necessary. So we expect to fly to it first, establish a gas supply depot, and then go back for the final dash. Whether we will find water or ice in these latitudes we cannot foretell. If there is only ice our landings will be somewhat dangerous, as we are sure to find very rough spots, even on an apparently smooth landing surface, and the strain on the hull will be very great.

We are therefore now experimenting with a reversible propeller which, if satisfactory, will be a valuable asset as it will enable the plane to come to a quick stop after the first contact with the landing surface.

From our experience in Spitzbergen and Alaska last summer, it became quite clear that the airplanes to be used for a trans-polar flight must be constructed so that they can land and

take off equally well from water, ice or snow. The use of either pontoons or skis as landing gear having been deemed impracticable, we decided that a flying boat with special reinforced hull and ski with special reinforced landing gear would be the best possible construction.

We learned that the Dornier Manufacturing Company of Friedrichshafen, Germany, had already made experiments in this connection, and we found that Dornier was willing, and able, to build the kind of hull which would suit our purpose.

It was first our intention to use three or four of the Dornier Delphin type of planes, each equipped with one 185 h. p. B. M. W. engine. But careful calculations showed that the flying radius of these planes would only under the very best conditions be about 700 miles which was entirely inadequate.

The order was therefore changed to two Dornier Whales, each equipped with two Rolls Royce 360 h. p. engines.

These engines are not, as in most twin motor planes, placed in the wings, but are placed in tandem between the wings immediately above the hull. This placing of the motors

has the great advantage of enabling the plane to continue its flight even should one of the motors give out.

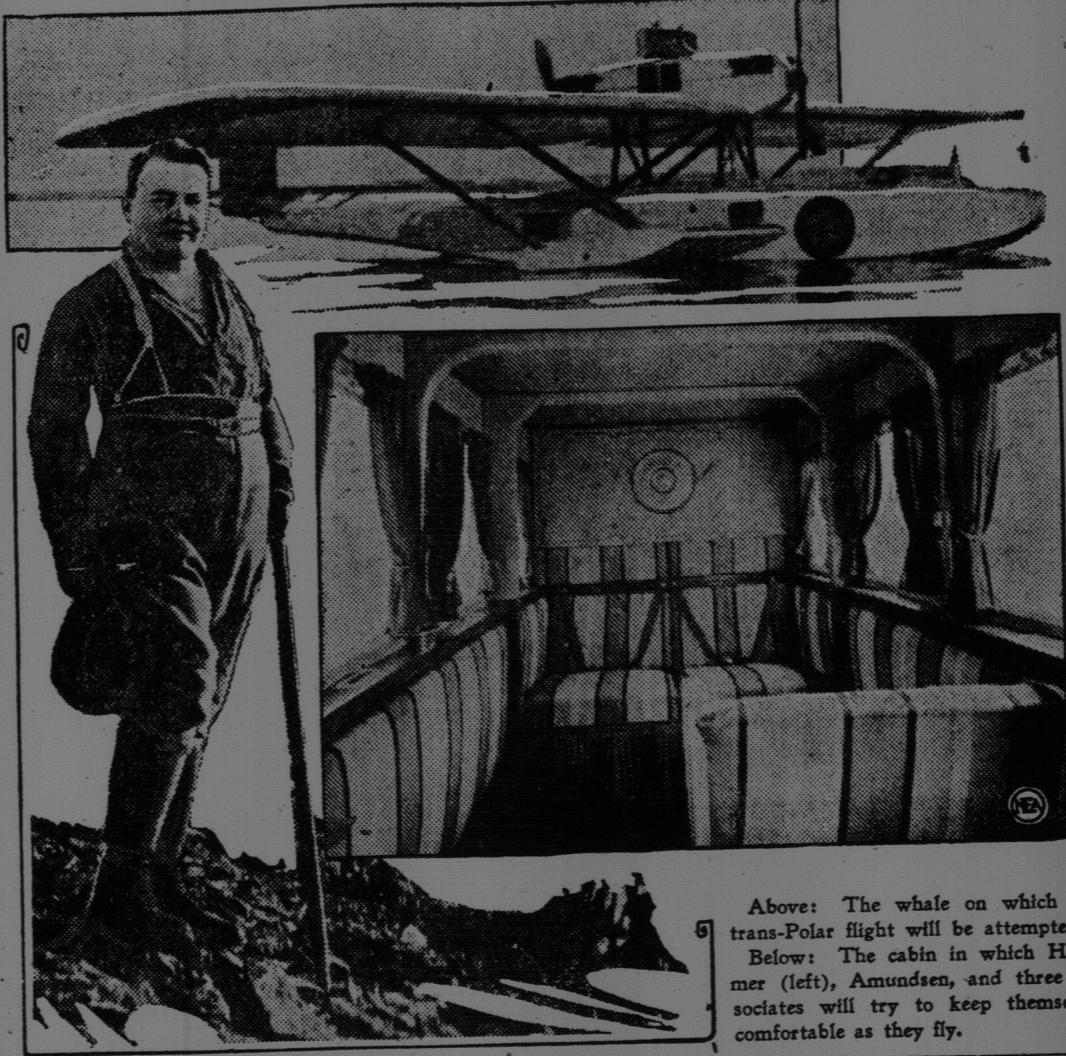

Both planes will be equipped with wireless receiving and sending sets with an estimated range of from 400 to 500 miles.

Fog, which is quite frequent in the Arctic regions during the summer, will be no obstacle to the navigations of the planes as they can always ascend above the fog and find the sun.

But it will be extremely difficult for a plane to find its way back to the base in foggy weather. The mother ship will therefore be equipped with a "balloon captive" and smoke bombs which will be sent up above the fog to guide the pilot back to his base.

Apart from the usual aeronautical equipment very few instruments will be carried along. For the navigation in the Arctic and the determination of a position only the combination of the sun, the sextant and the chronometer can be relied upon, and nothing else will be used.

Amundsen is indebted to the U. S. Navy for having placed at his disposal the double sextant which is used in the navy for aerial navigation.

Above: The whale on which the trans-polar flight will be attempted. Below: The cabin in which Hammer (left), Amundsen, and three associates will try to keep themselves comfortable as they fly.

## SIX HURT WHEN TANKS EXPLODE

Part of House Wrecked and Poles and Trees Knocked Down

Toronto, March 11—Explosion of two 10,000 gallon tanks of gasoline this afternoon at the plant of the McCall Oil Company, Lambton Mills, a suburb of Toronto, resulted in six being injured, two seriously. Victor Jackson, chief of the Lambton Mills fire

brigade and William McGowan, a Toronto fireman, were badly burned, as were Charles Kimball and Donald Smith, Jack Gourlie and William Cornish, Toronto firemen, and William Harlock were also injured.

The upper portion of one of the tanks was wrenched loose and hurled through the air for a distance of 100 yards, wrecking the kitchen of a residence, knocking down trees and poles and destroying trolley and telephone wires.

The loss is estimated at \$10,000.

**SOLDIER'S MODEL SHIP SOLD.**

A quick sale was made in the case of one of the ship models made by a wounded soldier exhibited in the Red Cross depot window. One of the two was taken home yesterday by a delighted purchaser. A sailor's comment on the two models was that their rigging was perfect in every detail.

## PUBLIC TO VOTE ON VOCATIONAL SCHOOL

Citizens Will Have Opportunity to Approve or Reject Plan

At the final civic election on April 28 the citizens of St. John will be given an opportunity to say whether they want a vocational school at a cost of about \$350,000 for land and building

and an annual upkeep charge of \$48,000, not including repairs, a plebiscite having been ordered by the City Council at its meeting yesterday afternoon.

The Board of School Trustees wrote that the Board of Education had refused to approve the plans for the new vocational school building until they had been approved by the Common Council and they asked that this approval be given or a plebiscite held.

Commissioner J. H. Frink said he believed the ratepayers were the ones to settle this question and they should be given full information on the matter before voting on it. He moved that a plebiscite be held on the subject at the final election for Mayor and commissioners and that there be inserted in at least two of the newspapers of the city an advertisement for one week before the plebiscite, setting forth the salient features of the proposition and

the annual cost of upkeep on the school.

**Ten Cents to Tax Rate.**

This was seconded by Commissioner John Thornton, who said he considered this the proper method of procedure. This meant adding quite a bit to the tax rate and the people should say whether they wanted it or not.

Commissioner R. W. Wigmore considered this the proper course to take.

Commissioner T. H. Bullock said the people ought to know what this would add to the tax rate. His Worship, Mayor G. Fred Fisher, said the annual charge, not including repairs, would be about \$48,000 and this would add about 10 cents on each \$100 of valuation to the rate.

The motion to hold the plebiscite was adopted.

The amount of Government grant which would be available for the vocational school were it established in St. John would be as follows: 50 per cent of the total cost of the equipment of the school, 25 per cent of the cost of the building, and 60 per cent of the cost of teachers' salaries. There is no Government grant to lessen expenses in connection with the purchase of a site.

The cost of the building considered was about \$350,000 and equipment \$100,000, and teachers' salaries about \$19,000.

Mayor Fisher, Commissioner of Finance and Public Affairs, reported payments for the month of February amounting to \$152,304.50. The committee of the whole recommended that the city engineer be asked to prepare a plan of the Shamrock grounds, laying it out in building lots and streets, and that the application of the Alemtic Sales & Service Company for permission to install gasoline pumps and tanks at the corner of Union and Peel streets be referred to the Commissioner of Public Safety for a report. Adopted.

A notice was received from No. 1 S. C. and P. P. that G. Frank Boyer had been elected to membership and a warrant was ordered issued.

An application from George J. Barrett for permission to install an electric sign at 52 Germain street was referred to the Commissioner of Public Works, city engineer and city electrician.

**Taxi Drivers' Hearing Later.**

A communication from Major W. H. Burrows, of the Salvation Army, pointing out that the Mayor had refused to grant them permission to hold their annual tag day in connection with self-denial week and asking that the Council grant this permission, was read. Commissioner Wigmore said he wished the Mayor could see his way clear to grant the prayer of the petition as they had done more than any other organization to help the down and out. Commissioner Bullock moved the prayer of the petition be granted and this was seconded by Commissioner Thornton. His Worship said in view of the expression of opinion of the Council, if the motion were withdrawn, he would grant the permission for a tag day, and the communication was referred to the Mayor with power to act.

An application of W. G. Stears for permission to erect an electric sign at 83 Charlotte street was referred to the Commissioner of Public Works, city engineer and city electrician for a report.

A petition from the taxi owners of

the city asking to be heard in connection with a proposed by-law governing the operation of taxis was referred to the Mayor to arrange for a hearing.

**Permission For Sign Given.**

A report from G. E. Blake, chief of the fire department, recommending that the sign on the building at the corner of Charlotte street and King square, known as the Breeze building, be at least, eight feet from the roof, in order to give firemen an opportunity to work under it in case of fire, was read. Commissioner Frink moved that permission be given to erect the sign, provided that it was not less than four feet and more than eight feet from the roof. Commissioner Wigmore said he would support the motion if a bond of indemnity were required from the firm erecting the sign, and Commissioner Thornton said he felt the same. In the city of Winnipeg there was a bond of \$5,000 required.

Commissioner Frink said the representative of the company that was putting up the sign would not give an indemnity bond as the by-law did not require one. The motion of Commissioner Frink was not seconded and it was moved by Commissioner Wigmore that permission be granted provided the company would give an indemnity bond of \$5,000 and have the sign eight feet above the roof. This was seconded by Commissioner Bullock and

carried by a vote of three to two, Commissioner Frink and the Mayor voting nay.

**Appeal From Assessment.**

Mayor Fisher moved that the appeal of Furnishers, Ltd., for a rebate on their 1919 assessment be dismissed. This was not seconded, and it was moved by Commissioner Bullock and seconded by Commissioner Wigmore, that the sum of \$275.10 be rebated to the Furnishers, Ltd. The Mayor said he doubted whether this could be legally done, but he would accept the motion. It was moved in amendment by Commissioner Thornton, and seconded by Commissioner Frink, that

this matter lie on the table until full information in writing in connection with the appeal had been secured from the chairman of the Board of Assessors and the Mayor could take the matter up with the city solicitor. The amendment carried.

Commissioner Bullock moved that tenders be called for the restoration of the ferry building according to plans prepared by the city engineer, providing for an additional story. Commissioner Thornton said he doubted if the work could be done for the amount estimated by the engineer. On the suggestion of Commissioner Wigmore action was deferred until Thursday.

FRANCE BORROWING HUNDRED MILLIONS? New York, March 11—Negotiations for a large credit to the French Government, estimated as high as \$50,000,000 for the purpose of stabilizing the French exchange are underway with United States bankers but have not been definitely concluded. Private cable advices received here today indicated that a similar credit had been arranged with London bankers.

CHURCH UNION BILL FOR THIRD READING Winnipeg, March 11—With its supporters in a preponderant majority the law amendment committee of the Legislature of Manitoba, today reported for third reading the bill to incorporate the United Church of Canada, approving of the measure practically as submitted, the only changes made being of a minor description. The president has power to declare historic landmarks, structures and other objects of historic or scientific interest situated upon lands owned or controlled by the United States, to be national monuments.

PRICES FIRM IN WALL ST. TODAY

American Sugar, Though Offered Freely, Goes Point Higher.

New York, March 12.—(Wall street, opening)—Stock prices displayed a firm tone at the opening of today's stock market, overnight buying orders being well distributed throughout the list.

Heavy buying of the railroad shares, predicated on the continuation of record breaking car loadings, was a feature of the morning session.

COMPLAINTS OF ARTICLE

(St. John Globe, March 11.) Sheriff Wilson today served on the Globe at the instance of Messrs. McLellan & Hughes, Fredericton, formal notification that R. B. Hanson, M. P., complained of the re-publication in the Globe of an article from the Fredericton Gleaner. The notification was turned over to the Globe's solicitors, Messrs. Barnhill, Sanford & Harrison, who will act for the Globe should Mr. Hanson decide to issue a writ and carry the case to trial.

CHAMBERLAIN AND COMPTROLLER URGE CAUTION IN THE ISSUING OF CITY BONDS

Annual Financial Report Presented to the Council Shows Position of City to be Good—Collections of Default Taxes Set a Record—The Bonded Debt of the City is Now \$6,620,000.

The advisability of going slow in the matter of issuing bonds, the growing popularity of payment of taxes by installments and the very large amount of default taxes collected during the year were the features of the annual reports of the chamberlain and comptroller, presented to the City Council yesterday afternoon.

TAX COLLECTION GOOD. The collections of default taxes were the biggest in the history of the city, the sum of \$181,863.37 being received from this source.

There was issued during the year \$233,500 of bonds, bringing the total bonded debt up to \$6,620,210.21, on which the amount of \$309,967.34 was required annually for interest.

The report of the comptroller showed that the sinking funds were nearly \$2,000,000, that the unpaid taxes on last year's assessment was \$325,934.45 at the end of the year, and that, including the collections of back taxes, the short collection for the year was 430 per cent.

The assets of the city are given as \$11,008,153.74, and the liabilities \$7,217,189.95, leaving a balance of \$3,790,963.79.

RECEIPTS AND EXPENDITURES. Table with columns: Category, Amount. Includes Treasury, Cash on hand, General assessment, Tax defaulters, Employment bureau, Sinking funds, West Side fisheries, Public commission, Expenses, Harbor, Ferries & Public Lands, Public Safety Department, Water & Sewerage Department, Public Works Department, Bank of Nova Scotia overdrawn account.

ASSETS AND LIABILITIES. Table with columns: Category, Amount. Includes Real estate, Water Department plant, Sewerage Department plant, Fire Department plant, Ferry Department plant, Police Department plant, Street Department plant, The Power Commission of the City of St. John, Sinking funds, bonds, etc., Rentals and water rates, past due, Insurance reserve, Municipal mortgages, City survey, Local improvements, Deferred assessment, Amounts to be assessed in 1924, I. R. Ross Trust, Uncollectible taxes and water rates, Uncollectible provided for, Less: Paid on account.

LIABILITIES. Table with columns: Category, Amount. Includes Debentures outstanding, Bank of Nova Scotia "general loan", Common Interest (not presented), Deposits on contracts, Lease & cash guarantee, New Brunswick Power Co., Local Housing Board, Local Housing Board, annuity, Sundry accounts, Tax sales, Bank of Nova Scotia, balance Dec. 31st, 1923, Reserve account—liabilities.

ADAM P. MACINTYRE, C. A., DUNCAN G. LINGLEY, Chamberlain. Compptroller.

LOOK FOR BETTER TRADE CONDITIONS

Pacific Steamship Lines are Hopeful for Active Year.

Vancouver is expecting a considerably increased in-bound traffic in freight from Asia, Australia and the South Seas this year, says the Vancouver Free Press.

The establishment of a Canadian customs office at New York will mean increased freight from ships out of the Orient and into the United States, while the Canadian and British inter-colonial lines which are to open this spring will also produce good business.

The Canadian Government Merchant Marine Limited reports that it would have a fleet of twenty-one steamers operating from this port this spring.

On the last day of November cotton for delivery in December sold at 27.70. On the first day of March cotton for March delivery went down to 37.30 and since then has sold still lower.

HOME BANK CASE IS POSTPONED

Ottawa, March 11.—The announcement of Government policy regarding the powers of the Home Bank Commission, has been postponed until the return of Premier King.

NEWS NOTES GATHERED FROM THE WORLD OF STAGE AND SCREEN

1,200 ACTORS VOTE TO SUPPORT EQUITY IN CLOSED SHOP DEMAND

Only Two Dissenting Voices at Big Meeting Held in New York

New York, March 12.—Twelve hundred actors and actresses, including many of the best known players in the city, upheld their leaders in their demand for Equity shop at a meeting of the Actors' Equity Association at the Forty-eighth Street Theatre. The verdict of the actors was almost unanimous, there being but two dissenting votes.

The following resolution, which had already been passed by the Council, was endorsed by the meeting: "Resolved, that after June 1, 1924, no member of the Actors' Equity Association shall perform service for any manager in any capacity unless each and every member in the company in which the actor is playing is, and continues to be throughout the engagement of the actor, a member in good standing of the Actors' Equity Association."

While the action of the meeting had been fully expected, and does not in itself render an actors' strike more of a likelihood than other events at the meeting indicated that the situation is hourly becoming more serious. Chief among these were the words used by John Emerson, president of Equity, in addressing the meeting after the passage of the resolution.

"Any new offer," declared Mr. Emerson, "must come from the managers. We must not take the initiative. The dissenting group in the Producing Managers' Association has said that, rather than agree to Equity shop, they will declare a lockout, and from this position they must recede. If they want a concession and ask for it, the council will consider it and the people will pass upon it."

This resolution means that we must now prepare for battle. "It means that if a war is forced upon us all chance of concessions, so far as the managers are concerned, is gone and gone for good, but it does not mean that we will refuse to listen to any proposal and that the Producing Managers' Association, or any new association of managers, may make to us. We earnestly desire peace, but it must be a peace which guarantees to us the life, integrity and strength of our association."

A. F. of L. Support Pledged. Another important development at yesterday's meeting was the formal pledging of the support of the American Federation of Labor by Hugh Frayne. Doubt had been expressed by some of the managers as to whether the stage hands would again support the actors by going on the picket line, as they did in 1919, but with this point settled the actors will have added strength in the event of a strike.

Mr. Emerson, in his speech before the actors, declared that Sam H. Harris, A. L. Erlanger, William Harris, Charles B. Dillingham and Marc Klaw had said three years ago that they would permit Equity shop to drive them out of the producing field, but said that since then they had evidently changed their minds.

"The managers know they haven't a chance to win," continued Mr. Emerson. "Mr. Brady and many others have acknowledged that. Mr. Shubert knows it. That is the difference between him and his associates and the rest of the Producing Managers' Association. Mr. Shubert and his allies have the vision to see the inevitable outcome. The others, apparently, have not."

"Mr. Shubert has asserted consistently and persistently that he will not close his theatres, and I believe he is perfectly sincere in saying this. He would prefer to see the Producing Managers' Association kept together, as we would; but if the P. M. A. refuses to propose any acceptable agreement, it is my opinion that Mr. Shubert will leave that P. M. A. with as many as will follow him, and form a new association, which will find an agreement with the Equity."

Two Dissenting Votes. The two dissenters, it was said, were Winifred Lenihan, playing the role in "Saint Joan" at the Ritz, and Richard Bennett, who came over from Philadelphia to attend the meeting. Among the well known players who approved the council's action were Laurette Taylor, Jane Cowl, Elsie Ferguson, and Ethel Barrymore.

Miss Barrymore telegraphed as follows from Rochester: "I am sorry I cannot be at the meeting to express my faith in the council. I consider the proposition which Equity made fair and reasonable. We must stand together as we did on 1919, and as we always will."

Jackie's Parents and Friends Develop His Business Sense For Protection

(By Jack Jungmeyer.)

Hollywood, March 12.—The parents and studio guardians of Jackie Coogan are today almost as much concerned in developing his business sense as they are in the continued flowering of his genius.

Young Coogan, at his majority, will come into a fabulous fortune, barring catastrophe, from boyhood earnings and investments. He will be the mark for financial cajolery and plausible bandits. It will require sound foundation of dollar wit to conserve the fruits of his talent. And at his present age, "going on 10," the formative years, some of this shrewdness will have to be implanted for future protection.

The problem for the elder Coogans is to do this adequately without degrading his artistic nature. Their method is the object lesson rather than talk. Lack of youthful judgment is dramatically impressed, caution sharply etched. Jackie is allowed to smart with his own minor mistakes.

\$350 a Week Plus. In the first place, the tiny millionaire has but the vaguest realization of his fortune. Actually, for his own use, he gets but \$350 a week, plus 50 cents for each additional picture gag additional for every usable picture gag he contrives. The spending of this money is a keen joy, and he is constantly trying to swell the allowance.

As a matter of fact he is entitled to \$1500 a week, his salary. But Coogan the father and his studio conspirators deduct \$10 a week for having drawn Jackie's salary contract, and for cashing his check. Of course the deduction goes into the boy's bank account, but he doesn't know it. They are waiting for Jackie to discover by questioning for observation that he is entitled to the other \$10, and he now seems on the verge of that discovery.

Some days ago Jackie's uncle gave him a goose-neck lens which will take pictures around a corner." Jackie felt, later he did considerable thinking and made the astounding discovery that cameras can't look around corners.

"You ought to have thought of that before you bought it," replied the uncle for a week heartlessness. It was a lesson in buying gold bricks.

This sharpening of Jackie's wit, his taking thought of himself and his not being a little in the picture, the trace of self-conscious acting, is not noticeable in "Long Live the King."

Forgets About Himself. In his next, "The Boy of Flanders," made from Ouida's immortal child classic, it probably will be less evident because Jackie's love for "Teddy" the dog in the play, made him forget all about himself and the camera, "goose-neck lenses" and bargains in quackologues.

It will be interesting for psychologists and movie audiences as well to observe how this ticklish problem is worked out—the instruction of a celebrated sensitive youngster so that both his art and his fortune may be preserved.

Corinne Griffith, recently married to Walter Morosco, son of Oliver Morosco, the theatrical producer, announces she is going to retire from the screen soon. After she appears in three more pictures Corinne is going to "settle down and raise a family."

RECEPTION WAS RATHER NOISY

Strongheart, Movie Police Dog, Objects to Attention to Mate.

JACKIE COOGAN AND "TEDDY," THE DOG, IN "THE BOY OF FLANDERS."

Strongheart and Lady Lucy, celebrated police dogs of the motion picture, "honeymooning" in the East, have taken New York by storm. Placed on exhibition at Madison Square Garden, they were the hit of the annual dog show of the Westminster Kennel Club, holding the limelight of interest among 1,800 exhibitors entered in the competition.

Strongheart and his mate arrived in style at the Grand Central Station Monday morning on the Twentieth Century Limited from Chicago in a special compartment provided through the courtesy of G. E. Smith, president of the New York Central railroad. From Los Angeles to Chicago the dogs also traveled in royal fashion on the Santa Fe, with a special chef supplying them with choice dishes as would not impair their digestion.

On their arrival in New York, Arthur Lee, general manager of the McAlpin and Marlborough Hotels, turned over his own private suite, including parlor, bedroom and bath, to the cinema celebrities at the McAlpin, after Mr. and Mrs. Strongheart went through the ceremony of registering as "man and wife."

An elaborate reception at the dog show was planned for Strongheart, but it proved a "silver." The welcome was to be extended by Governor Alfred Smith's Great Dane, Jeff, but unfortunately Jeff paid too much attention to Lady Lucy. In true movie style Strongheart, the noble husband, snarled and turned on the villainous Jeff, seemed to say, "Get-out-of-here! You dirty cur-r-r-r! Hands off that woman or you'll bite the dust!" And then the whole dog show was an inferno of growls and barks and shouts as the disputants were pulled apart.

Strongheart is the star of a new First National picture, "The Love Master," directed by Laurence Trimble, and in it Lady Lucy appears opposite him in the leading feminine role. After their stay in New York they are going on tour to make "personal appearances" in a one-act sketch to be staged in connection with the showing of this picture at several important cities of the East.

The play called "The Woman Hunter," with Ruth Shepley heading its cast, is winding up its affairs on the road, although it may yet be rewritten for Broadway.

The victory of Brocco and Byusse was by no means as popular as that of Goulet and Grenda a year ago and the closing hours were utterly devoid of thrills. Doubtless this was due to the unfortunate injury to Grenda, who broke his collar-bone in a spill caused by Fredericks three hours before the race. Doubtless this was due to the partnership with a rider who was not taking six-day riding as seriously as they should, were prophetic. Neville stated that in order to cope with the accident Grenda was forced to train seriously for the race and that they would be able to ride themselves into condition.

To Rebuild Famous Playhouse of Tokio

Tokio, Feb. 9.—(By mail.)—The Imperial Theatre in Tokio, until the earthquake and fire of September 1 the finest in the Orient, is to be rebuilt this year, according to a recent announcement.

The frame of the old structure, left standing by the quake and fire, will be used in the reconstruction, as engineers have pronounced it safe. It is hoped to reopen the theatre next October.

The Imperial Theatre, built with the assistance of the imperial household in the early days of the Meiji era, had as its model the Opera of Paris.

Paul W. Gallico, amateur picture director, has produced a tragic-comedy, called "Why Golfers Leave Home," it will be screened on the wall of his home in Cos Cob. In the cast is a party who impersonates Weakheart, a wild dog, and another person takes the role of a cat. Richieu E. Wheelan is the villain, and a girl with mud-colored hair is the Virginia Vail of this fifty-foot comedy drama.

Upon her return from abroad about six months from now Mary Pickford is thinking of doing a story of the London slums. She is trying to persuade Charlie Chaplin to direct it, following that she will attempt to get Morris Gest to press agent the production. Both Doug and Mary think Mr. Gest ought to be in the picture business, and it wouldn't be surprising if the sponsor of "The Miracle" were persuaded to take a hand in introducing "The Thief of Bagdad" to the public.

BRADY SAYS STRIKE WILL RUIN ACTORS

Warns Them They Would Smash Theatre Managers' Association.

New York, March 11.—William A. Brady opened up a new angle to the deadlock of the Producing Managers' Association and the Actors' Equity Association. He made public a letter to Jack Gilmore, executive secretary of the Equity, in which he said that the actors' body can make the managers sign on the dotted line by a strike this summer, but that thereby they would smash the P. M. A. to their own undoing. Then, he said, there would be no organized body for the actors to deal with.

He predicted that the actors by going on strike would lose public sympathy. The communication was in reply to a letter from Gilmore, in which the Equity secretary said he could not reconceive Brady's signature on the dotted line. He said that the managerial statement against Equity shop this week with Brady's concession of Equity shop in an interview in the Ritz Hotel was wrong.

Brady said he did not sign the statement, and that on "You know my ideas. I have often stated them to Mr. Emerson and yourself, and I firmly believe if the actors and the Equity were permitted to hear the other side of the closed shop question clearly stated to them there would be no necessity of bringing about another disastrous breaking up of the morale of the theatre. It has taken five years to restore the good feeling that now exists between actors and the Equity. Neither finds much cause for complaint. All disagreements have been quickly and pleasantly settled. Disputes are few and far between."

"The producers at meetings held during the last year with yourself and Mr. Emerson, have granted every demand you have made, except the closed shop. They all believe in the Equity and the good that your association has accomplished and would fight to a finish any movement made to destroy your organization. They have worked shoulder to shoulder with you now for nearly five years, and you will admit, I am sure, that a lot of good has been and always will be right and wrong on both sides. Many incidents during the course of this season have proved what you have always admitted."

"Stop, look and listen, Frank. The public will be against you this time, and you know it. Experience that and you know it. If you are not successful when the public disapproves of your policy, take note of the recent editorial comment made by all the leading newspapers of the United States in criticism of what you are about to do. They were with you the last time because they believed it was quite true, as you say in your letter, that I had an interview with you some time ago when Lee Shubert and John Emerson were present at the Ritz Hotel. We discussed the possibility of a peaceful solution of the approaching difficulty. I regret that that argument could not have taken place in the presence of your whole association. If it had I do not believe there would be any talk of a strike now."

"I am not fool enough to say that I am going out of the business if you succeed in establishing a 'closed act shop.' I am well aware of the fact that the Equity can force all the producing managers to sign on the dotted line. What then? I hope I may be alive to see the result. You know what I mean, Frank."

Joseph Santley of the Music Box and kindred entertainments, is ambitious for American Actors to develop their playwriting ability, and to this end offers three prizes, ranging from \$500 downward, for the best of such plays. He intends to carry the matter further and perhaps produce them.

A comedy called "The Main Line" is scheduled for a series of matinees—commonly called "special matinees"—at the Klav Theatre, New York, beginning March 25. The authors are Grace Griswold, long well known in the theatre hereabouts, and Thomas McKean, a Philadelphian who is new to playwriting.

That stalwart veteran of the screen, the man of the shirt and gun, tight breeches and broad-brimmed hat, not to say anything of the top boots—William S. Hart—is to be seen in "Singer Jim McKee." Others in the cast include Phil Haver, Bert Spryette, Gordon Russel and Ruth Miller.

NEW YORK FANDOM IS NOW RESTING

Thousands Return to Normal Living After Witnessing Big Bike Race.

Another six-day bicycle race has come and gone and with it going a considerable number of New Yorkers will be able to return to normal living and get the required quota of sleep—something they were unable to do while the 148-hour session was on, says the New York Times. It would require a master diagnostician to solve the mystery of the fascination of this unique pastime, for pastime it is rather than sport, and the findings would be interesting. For certainly there is no other pastime in the world whose followers show such sustained interest under such circumstances. It is almost impossible for one who has never witnessed this form of amusement to believe that there are even in New York some twelve thousand or more persons who nightly will sit in a smoke-laden atmosphere and yawn away eight or ten hours while a crowd of weary-looking bicycle riders whirl their way around and around on a ten-lap track.

But these skeptics have never witnessed a "jam." In six-day bike racing the "jam" is the thing and the only thing. Once a jam is seen new converts are gained. Those who see one haven't will sit expectantly for hours in the hope that one will start. There is to be found the reason why a hundred thousand or more are willing to pay cheerfully for the privilege of seeing these December and March races which have become a feature of New York's stock of amusements.

For the second time in almost two decades the event has been captured by a foreign combination of riders. Maurice Brocco, who, teamed with Marcel Fimes, Mars, of Italian parentage, Buysse is a native of Belgium. Foreign bike riders have shares in victories on various occasions within recent years, but only once since 1907 has a purely foreign team succeeded in winning the race. Heretofore the foreigners' share in the spoils has been in partnership with a rider who is American either by birth or by adoption.

It may be that the words of Jack Neville, veteran trainer of riders, who said that the Americans were not taking six-day riding as seriously as they should, were prophetic. Neville stated that in order to cope with the accident Grenda was forced to train seriously for the race and that they would be able to ride themselves into condition.

The victory of Brocco and Buysse was by no means as popular as that of Goulet and Grenda a year ago and the closing hours were utterly devoid of thrills. Doubtless this was due to the unfortunate injury to Grenda, who broke his collar-bone in a spill caused by Fredericks three hours before the race. Doubtless this was due to the partnership with a rider who was not taking six-day riding as seriously as they should, were prophetic. Neville stated that in order to cope with the accident Grenda was forced to train seriously for the race and that they would be able to ride themselves into condition.
