DEATH OF MRS. WILLIAM NOBLE

Mary E. Noble, wife of William
Noble of Glen Levit, passed to her
eternal reward on Jan. 18th at the
early age of forty years.

She was the mother of a large
family, the youngest about three
years old. She contracted measles
along with the seven children and
this was followed by double pneumo-
nia to which her overworked sys-
tem only too readily succumbed.
The baby is not expected to recover,
so the home is a sad one.

She was the daughter of the late
Hugh Craig of Glen Levit and is sur-
vived by two brothers, James in the
States and George at Tide Head,
also two sisters, Mrs. Gallie of Glen-
coe and Mrs. Arthur Thompson of
Dawsonville.

Mrs. Noble will be much missed
by others besides her family. She
was kind and affable and a helper
in the church to which she belong-
ed and for every good cause she had
a kind word. The funeral took
place on Jan. 20th to the cemetery
at Flat Lands and was very largely
attended. Almost every home of
Glen Levit and Dawsonville was re-
presented and also others from Tide
Head, Glencoe, Flatlands, Sellarville
and Campbellton.

The funeral service was con-
ducted by Rev. C. A. Hardy.

PRESENTATION IS MADE TO HON. CHARLES H. LABILLOIS AT DALHOUSIE

An Address and Purse Given by the Friends of the Late
Member For Restigouche as a Reminder of
Their Appreciation

On Tuesday evening a committee
consisting of Mr. A. E. G. McKenz-
ie, W. A., R. Cragg, manager of the
Royal Bank, Dalhousie, Councillors,
Alex. Levesque, Harvey C. Gillis
and Ed. Bernard waited on Hon. C.
H. LaBillois, at his residence and in
the name of his friends in the
county and province, presented him
with an address accompanied by a
purse, as a testimonial, to show their
great appreciation of the good work
that had been done by him during
his thirty years of public life. The
presentation was made by Mr. Mc-
Kenzie who contested the county on

the best interests of the people.
He was grateful to those who had
contributed so generously to the
testimonial. He saw there the
names of former colleagues who sat
with him in the legislature. Some
of them adorned the bench, others
did credit to the province in the
Senate and House of Commons of
Canada, others had retired from
public life. To them and to other
in the province and country he
would be forever grateful.

He said that it would be fitting
on an occasion like this to say a
word about the future. Since his
defeat in June, one of the members
for Madawaska Co., without any
solicitation whatever, had offered to
resign the seat in his favor. It was
also well known that Premier Flem-
ming would not be averse to Mr.
LaBillois occupying a seat opposite
him in the Assembly, as their rela-
tion in parliament were always of
a most friendly character. He
felt, however, that after thirty long
years of service, it was only fair to
himself and just to his family that
he would devote some time, at least,
to business and social affairs and
that he had made up his mind that
he would not make any great effort
to return to Fredericton. However,
he said that his long experience in
dealing with public affairs would
not be lost as he intended devoing
some little time to the study of
problems for the benefit of the people
of his native town in which he lived,
for the advancement of the county
which had for so long a time hon-
ored him with its confidence, and he
could not forget the county of
Bonaventure, where he had so many
friends and where he had learnt to
speak the French language after he
had left Dalhousie at the age of nine
on account of the illness and death
of his parents.

HON. C. H. LABILLOIS

Mr. LaBillois in reply said that
in accepting the address and
testimonial from the committee
which represented his friends every-
where, he desired to thank them for
their very kind expressions towards
him for what efforts he has made in

After the speeches, refreshments
were served and a most enjoyable
time spent.

CRAZY MAN JUMPS FROM MOVING TRAIN

Fred Reid on Way to St. John
Jumps Over Bridge at Mill-
stream—Now at Hospital

On the arrival of the Ocean Limited
on Monday morning some stir was
caused here when it became known
that a man had jumped from the train
at Millstream.

It appears that the passenger, Fred
Reid, aged about 30, an Englishman,
who was travelling to St. John en
route for England, suddenly took a
crazy streak when the train was at
Millstream and jumping from the train
leaped over the railway bridge and
made off over the ice.

The train was immediately pulled
up and the crew assisted by others
captured the man half way over the
river. He was brought back to the
train and Railway Detective Culligan
at Campbellton was notified to meet
the arrival of the Ocean Limited.
When the train pulled in to Camp-
bellton officer Culligan procured
blankets from the sleeping car and
had the man removed to the Hotel
Dieu, where he now lies.

It seems that Reid has been subject
to fits of mental aberration, and on
being asked why he jumped over the
bridge said, "The people were bother-
ing him." "What people," asked the
questioner. "The people of Mont-
real," he replied.

Reid seems to be in comfortable
circumstances having a goodly sum of
money with him, and an Oddfellows
card showing he was in good standing.

Rome, Jan. 23—The Bank of Italy
believes that the winning lottery
ticket first prize of 1,600,000 francs
was lost on the Titanic last April
with a batch of other tickets which
were sent to the United States on
that vessel. All efforts to trace the
holder of the ticket have been fruit-
less.

It has been reported that the
winning ticket was sold in Sicily but
the bank has so far found no one to
whom the claim should be paid.

THE CAMPBELLTON CURLERS ON TOUR

Three Rinks Play in Amherst
And Truro—No Luck in Mc-
Lellan Cup Competition

(Special to GRAPHIC)

Three rinks of Campbellton curl-
ers left on the Maritime, Tuesday
morning to back up their challenge
to Truro for the McLellan cup.
The rinks were: Hugh A. Carr, Max
M. Mowat, J. A. O'Keefe, A. A.
Andrew, skip; J. Shirley, John T.
Reid, R. K. Shives, Thos. Wran,
skip; J. Moores, Geo. F. Miles, John
T. Mowat, H. G. Millican, skip.

On Tuesday evening a friendly
game was played with Amherst,
skip Andrew's rink opposing P. C.
Black, W. Knight, W. H. Tennant
and C. S. Sutherland, skip. Tom
Wran had as opponents, C. P. Car-
ter, J. A. Crossman, F. A. Wilson
and J. M. Fage, skip; while Happy
had a hot rink against him in H. A.
Curry, Dr. O'Brien, N. C. Rogers
and W. B. Calhoun, skip.

On account of the condition of
the ice which was far from keen,
only fourteen ends were played.
The game was keenly contested, the
score at the eighth end standing:
Andrew 6; Sutherland, 4; Wran, 9;
Fage, 7; Millican, 8; Calhoun, 6.
The score at the end of the game
stood—

Campbellton	Amherst
Thos. Wran, 15	J. M. Fage, 9
H. G. Millican, 12	W. B. Calhoun, 10
A. A. Andrew, 10	C. S. Sutherland, 9
38	
Majority for Campbellton, 4 shots.	

The Truro Game

Fresh from their victory over Am-
herst they arrived in Truro in good
spirits, bent on redeeming them-
selves by wresting the McLellan
Cup from their conquerors of last
year. Although the rinks were not
so strong as they would have been
had the games been pulled off here,
still it was thought everyone would
give a good account of himself.

The rivals lined up as follows—
Campbellton Truro
H. A. Carr 15 H. W. Vuill
M. Mowat 12 J. W. Blackburn
J. A. O'Keefe 10 J. Dwyer
A. A. Andrew, skip vs. W. H. Semple, skip
C. Shirley 8 S. W. McCallach
J. T. Reid 10 J. K. Frazer
R. K. Shives 7 C. F. Cox
Thos. Wran, skip vs. L. W. Cox, skip
J. Moores 9 G. F. Wilson
G. F. Miles 8 G. Christie
J. T. Mowat 7 F. Dexter
H. G. Millican, skip vs. F. Matthews, skip

Right off the bat Campbellton
pulled ahead and at the finish of the
third end were 8 ahead, the scores
then standing, Andrew, 6; Semple,
6; Wran, 6; Cox, 2; Millican, 1; Mat-
thews, 3; Total Campbellton, 13;
Truro, 5.

From this point Truro came into
the picture more, and at the 10th
end both teams were "nip and tuck"

Wasted Opportunities.

Napoleon once said he didn't wait for opportuni-

Napoleon "King of the Castle" for many years.
Then, he too, joined the down and out club, when
Blucher's opportunity came before Grouchy's at
Waterloo. It was a question of opportunities then

"Does Opportunity Knock But Once?"

We believe we are justified in answering an em-

Why Zam-Buk is Best Cure for Skin Sores

An illustration of the way in which Zam-Buk cures even the most serious and chronic cases of ulcers, eruptions and sores is provided by Mr. R. H. Barker, of Glencairn, Ont. He says:

"I would not have believed that any remedy could cure so quickly, and at the same time so effectively, as Zam-Buk could me."

"My face became covered with a kind of rash, which itched and irritated. This rash turned to sores, which discharged freely and began to spread. I first tried one thing and then another, but nothing seemed to do me any good, and the eruption got worse and worse, until my face was just covered with running sores."

"I got relief from the pain (which was very bad), my face was such a terrible sight that I was fit to go out. This was my state when some one advised me to try Zam-Buk. I got a supply, marvellous as it may sound, within little while on my face every sore was healed. I was so amazed that I have told the facts to several persons, and I have no objection to your stating my experience for the benefit of other sufferers."

"Zam-Buk is purely herbal composition, and is the ideal balm for babies and young children, for those tender skin coarse eruptions are so dangerous. Zam-Buk is a sure cure for cold sores, chapped hands, frost bite, Mool-pox, various sores, piles, scalp sores ringworm inflamed patches, babies' eruptions and chapped places, cuts, burns, bruises and skin injuries generally. All druggists and stores sell at 50c, or post free from Zam-Buk Co., Toronto, upon receipt of price. Refuse harmful substitutes."

INTERESTED IN MONCTON ELECTIONS

Some Campbellton people are interested in the Moncton Civic Elections as the following letter to the Moncton Transcript will show.

Editor Transcript.—Mr. H. R. Allen's many Campbellton friends are deeply interested in his decision to offer as a candidate for Aldermanic honors at the approaching civic election in Moncton.

For several years, while a resident of our town, Mr. Allen evinced a deep interest in our Civic affairs, as well as in Education and Public Health matters, and always with the object of promoting the best interests of our citizens. We failed however to induce him to accept nomination for civic honors at our hands.

We feel certain however that the electors of the Railway center will be alive to its best interests on election day by placing Mr. Allen at the Council Board in that progressive city.

DON'T BE BALD

Nearly Anyone May Secure a Splendid Growth of Hair

We have a remedy that has a record of restoring baldness and promoting hair growth in 93 out of every 100 cases where used according to directions for a reasonable length of time. That may seem like a strong statement—it is, and we mean it to be, and you should doubt it until they have put out, claims to an actual test.

We are so certain Reaxal "93" Hair Tonic will eradicate dandruff, act to prevent baldness, stimulate the scalp and hair roots, arrest premature loss of hair and promote hair growth that we personally give our positive guarantee to refund every penny paid for it in every instance where they do not give a splendid growth of hair.

Reaxal "93" is so pleasant to use as clear spring water. It is delightfully perfumed, and does not grease or gum the hair.

AMATEURS CREATE GOOD IMPRESSION

With regard to the recent tour of the Campbellton Amateur Dramatic Club, which played for one night in Van Buren, Maine, the Van Buren News says:—

Botany Bay

Although we think that the above caption is a misplaced one as regards to the play that was put on by the Campbellton Amateur Dramatic Club, as the different scenes were laid in London, England and only once or perhaps twice was the name of Botany Bay used, the play was good. The different parts were well rendered and but for a little stiffness in some of the acting, the whole was a credit to the company.

R. D. Young as the convict from Botany Bay, played a good part, with a voice and action well adapted to the character. H. A. Daley, as the gentlemanly villain, was really good and his acting would have been creditable to a professional. James Leahy as Dr. Lillywick was also well rendered and his specialties were splendid. The audience enjoyed him very much. He was original in every one of his parts. His singing of original songs brought forth plenty of applause and he ought to be well satisfied with the reception the people gave him. O. Gundry in step dancing showed up well.

Miss Culligan, as the landlady of Oxford Inn, was an ideal one, especially in husband hunting.

Miss Irene Murray as the convict's daughter showed up well in her parts as did also Miss Sutton as the female tramp.

L. F. Wallace, as an aristocratic lawyer, S. P. Keays as the uncle and S. Daley as the nephew took their parts exceedingly well. The whole plot was well worked out by the company and they can rest assured that they will receive a welcome whenever they come again.

The stage scenery and settings were ably looked after by Mr. F. Pinette while the company travelled under the management of Mr. H. A. Daley.

BATHURST WANTS SOME DREDGING

The Importance of the Work Demonstrated and a Favorable Answer Expected

A deputation from Bathurst was in Ottawa Friday and waited on Hon. Robert Rogers, Minister of Public Works, in regard to dredging work at Bathurst harbor. The deputation consisted of I. M. Burns; A. J. Stewart, M. P. P.; Bennett Hachey, M. P. P.; John J. Drummond and Angus McLean, of the Edwards Lumber Company. It was pointed out that the Edwards Company intend to establish a large pulp and paper mill at Bathurst while the Drummond interests are expecting to ship large quantities of iron ore from Bathurst harbor, and considerable development in Bathurst as a port is looked for very shortly.

In view of this development considerable dredging is needed to improve the harbor. The deputation was introduced by Hon. J. D. Hazen, Minister of Marine and Fisheries. It was given a sympathetic hearing by the Minister and it is expected the work will be undertaken.

DEMOCRATS WILL HAVE FREE LUMBER

Revision of Tariff Likely to Include Sweeping Away of Charges on Lumber

COMMITTEE CONSIDERS

Washington, Jan. 23.—Free long and dressed lumber, hewn and squared timber, shingles, laths and fence posts, the retention of approximately the present high tariff on the higher grades of silks, and reductions in the cheaper silks used by the common people, and penalizing, drastic tariff bar to shut out "dynamited" silk, were indicated today as parts of the expected Democratic revision plan.

The house committee on ways and means devoted the day to hearings on the wood and silk schedules of the tariff law, and when the testimony and examinations were concluded favored the inclusion of these provisions, possibly together with free meats, in the tentative tariff plan, the committee will frame to submit to the extra session of congress.

Washington, Jan. 13.—The keen competition of Canadian lumbermen was pointed out this morning before the ways and means committee of house of representatives. George W. Jones, of the North Carolina Pine Association, spoke dolefully but none the less emphatically, of the manner in Nova Scotia lumbermen had entered the trade.

The reduction of the tariff from \$2 to \$1.25 per thousand feet on saw boards had brought increased competition from Canada. No less than 80 per cent of the American sawmill men, Mr. Jones contended, had failed. If, however, the Democratic party, in order to carry out its promises, found it necessary to make a vicarious sacrifice of sawmill men, he was not unwilling that it should be done, provided that there was a re-

MORE NAVAL SUGGESTIONS.

London Paper Worrying About What Colonies Should Do Next.

London, Jan. 22.—The Times today urges that before Mr. Borden settles the permanent naval policy of Canada there must be another Imperial Conference to ascertain the extent of Canada's desire to co-operate with the other dominions having Pacific interests to defend. It adds that the dominions now take a broader outlook on the Imperial policy—a fact of which Mr. Winston Churchill has shown an intermittent perception. Should he be tempted to look only to British convenience rather than to Imperial development it is said, he would impair the regard entertained for the Admiralty by every dominion.

duction in duty on the various implements used in sawmills.

Under some sharp examination, Mr. Jones admitted that in eastern Canada wages were as high as in the United States. He had heard, however, that in the Canadian northwest Chinese labor was employed.

"Is it not a fact," Mr. Harrison interposed, "that the more primitive labor in the Canadian northwest is paid \$3 a day?" and Mr. Hill (Connecticut) pressed home this point that the reciprocity debate had shown wages in the Rocky Mountains to be higher than they were in the United States.

Mr. Jones, while offering no explanations of this point, said that freight rates to New York militated against North Carolina sawmill men. The rate from North Carolina to New York was 26 cents per hundred pounds, whereas from Ottawa to

New York it was 15 cents. This difference in favor of Canada would make a difference on lumber of \$3.60 per thousand feet.

Further evidence before the committee this morning dealt chiefly with the duty on willow baskets, a line of industry in which Canadian competition was not mentioned.

The possible bearing of Democratic ideas in tariff revision on Canadian manufactures and the attitude of American manufacturers therein were illustrated in evidence given before the ways and means committee on Saturday. The paragraph in the metals schedule affecting machines was under consideration, and seven American companies presented a protest against a reduction of the tariff.

"The Canadian sewing machine factories to the north of the United States," the protest stated, "with

the proposed tariff allowed Canada to export their machines to our own country, while we are required to pay a tariff of 80 per cent on the sewing machines which the American companies may sell in Canada. Is this a fair proposition to allow our nearest neighbors more favorable recognition than they allow us in return?"

The American companies indicated particularly the competition of the Singer Manufacturing Company (which has a large plant at St. Johns, Que.), the Raymond Company, of Guelph, and the New Williams Company of Montreal.

The lumber and silk schedules of the tariff were the issues in the testimony today. There was no Democratic bill for these schedules at the last session, as in the case of chemicals and iron and steel, to afford a tentative plan for the committee.

"I desire to let the world know the great debt I owe 'Fruit-a-lives' which saved my life when I had given up hope of ever being well again."
For six years, I suffered from dreadful Kidney Disease. My legs and lower part of my body were terribly swollen. The pain in my side and legs would be so bad that I would faint with the agony. Five different doctors attended me and all said it was Kidney Disease and gave me no hope of getting well.
A kind neighbor visited me and mentioned the case of Mrs. Fenwick who had been cured of a sickness like mine. I took 'Fruit-a-lives' and in a short time, I began to feel better—the swelling went down—the pains were easier—and soon I was well.

PHOTO USED AS AD., SUES FOR \$35,000

Sent Everywhere, Girl Says and Shown with Pictures of Prizes Fights and Races.

St. Louis, Jan. 14.—Miss Violet Evans's face will be her fortune if she wins the \$35,000 damage suit which she filed against the Hammer Dry Plate Company.

Her suit is based on the action of the defendant in using her portrait for advertising purposes without her consent, according to the allegations in her petition.

She alleges that four years ago, while visiting her married sister in St. Louis, she had her picture taken by Victor C. Dry, a professional photographer.

Miss Evans, her petitions alleges, had only two copies of the picture made by the photographer and he kept the negative in trust for her and subject to her order.

The Hammer Dry Plate Company, she avers, induced the photographer to put the negative at its disposal and made thousands of copies of the picture for advertising purposes.

The copies, she said, was sent to all parts of the world and displayed in shop and show windows, sometimes side by side with prize fight and horse race pictures.

Recently she has heard that the dry plate company has ordered 1,000 frames in which to exhibit additional copies of the portrait.

The company, she says, has made no provision for the final suppression of the pictures and when they are replaced by other advertising matter they may find their way into objectionable places.

The petition, filed by Attorney Albert Chandler, alleges that the company has wrongfully trafficked in Miss Evans' beauty and that when she finds persons staring at her on the street she wonders whether it is because they have seen her picture in public places.

Chandler says Miss Evans does not live in St. Louis and does not desire that her present whereabouts be made known.

In addition to demanding \$10,000 actual and \$25,000 punitive damages, Miss Evans begs the court to enjoin the defendants from further circulating the picture and to order them to withdraw and destroy those now on exhibition.

AMERICAN LUMBERMEN'S GRIEF

Doleful Prophecy as to The Conditions Attending Tariff Reduction

The American lumberman has taken his last stand. At Monday's hearing he stated his fears of a Canadian invasion of his markets. He spoke loudly of his need of protection from oriental labor in the Canadian northwest in justification of his position, he has now filed his brief before the committee.

With plaintive eloquence he asks that the Canadian be kept out by retaining the present duty of \$1.50 a thousand feet on rough lumber.

This is the American lumberman's last stand, declares Z. W. Whitehead, of Willington, in his brief. And of what will happen if the duty is removed and the Canadian enters more freely, Mr. Whitehead can only speak in tones of despondent awe.

"Around the hearth stone and fire sides of the hundred and one humble cottage homes and hovels surrounding the innumerable saw and planing mills from one end of this country to the other are hundreds and thousands of honest yeomanry earning their livelihood by the sweat of their brow with five times as many helpless women and little children dependent upon them, in blissful ignorance of the far-reaching and disastrous results of the impending danger now hovering about their heads."

To take advantage of them in their innocence and solitude, denied, as many of them are, of the blessings of society, and other advantages so common to most of us, and directly or indirectly rob them of the food with which their mouths are fed and the raiment with which their bodies are being clothed, while in the discharge of their duties, would be a crime against humanity, a sin in the sight of God, and constitute an act of bad faith that would bring down upon their heads of those responsible for all such the curse of not only the present but generations yet unborn.

"Indeed, if it developed a school of anarchists and socialists such as began the great crusades of the past which finally resulted in the overthrow of whole empires and kingdoms, no one should be surprised for it would only be a case of history repeating itself, sowing the winds and reaping the whirlwind."

"What has the reduction of the duty accomplished?" The brief queries further and itself supplies the answer. "I will tell you. It has enabled the Canadian manufacturers to supply American markets in part, substituting oriental labor, foreign capital for American capital, and in various and sundry ways fattened and prospered upon American industries to the detriment and loss of American interests. This is what it has accomplished and this much will be multiplied in behalf of Canadian interests if you repeal the present duty."

Other briefs have also been filed by the American lumbermen and in the main while lacking its grandiloquence they followed along the lines of that of Mr. Whitehead. One filed by the Goodyear Lumber Company of Buffalo, N. Y., sums up the situation in the curt and rather unkindly phrase: "Talk of possible reduction in prices by reason of any possible change in the tariff reducing or removing entirely the duty on lumber from Canada is luncheon."

DALHOUSIE

Dalhousie, N. B., Jan. 22nd.—One great obstacle which delays the growth of our population as a town is the difficulty that new families experience in getting houses to let. Why do not those who have money, and who are ever ready to part with it when some wild cat western scheme is proposed, build a few small houses that would bring them good rent and thereby help to build up the place. Then again, there are those who own vacant lots. Purchasers are offering, but each one has an excuse not to sell. Some people are paying taxes on building lots for over thirteen years, while if these lots had been sold, even ten years ago, what a nice amount would have been accumulated in interest. There is only one remedy and that is to place a durable tax on all vacant building lots and force the sale, so that Dalhousie will move forward like other neighboring towns.

Mr. and Mrs. Peter Hamilton of River Charles were visitors in town on Saturday, and registered at the Queen.

Mrs. Geo. Robinson and Miss Florence Robinson of Shigawake, P. Q., were visitors here this week, guests of their friends, Mr. and Mrs. Phillippe Robinson.

On Tuesday, Mrs. C. H. LaBillico received word from her sister-in-law, Mrs. Wm. McNaughton of Quebec, that her mother had died on Sunday. The late Mrs. Ed. Boche had often visited Dalhousie and spent several summers with her daughter at Pabos Mills, where the late Wm. McNaughton was there as manager of the King Bros. Lumber business. The Quebec Chronicle of January the 20th publishes the following relative to her death.

Mrs. Edward Roache, one of Quebec's well known personalities, prominently identified with the early days of the 19th century passed away yesterday evening at the home of her daughter, Mrs. Wm. McNaughton, No. 11 Aberdeen Avenue, at the ripe and honorable age of 80 years.

Mrs. Roache, nee Ellen Sadley, was the widow of the late Edward Roache, in his lifetime a prominent Quebec business man, connected with the lumber trade of the St. Lawrence. She was the daughter of one of the first Irish Catholic settlers who made Quebec his adopted home and in her youth was noted for her culture and therefore a favorite in social circles.

Mrs. Roache was one of the old school of gentlewomen who lived an exemplary life, a good christian, good wife, mother and true friend." She is survived by an only daughter, Mrs. McNaughton who has many friends in the Bay Chaleurs who will sympathize with her in her sad bereavement.

Mr. James B. H. Storer returned home today from Montreal where he had gone on business for the Dalhousie Lumber Co.

Mr. George Seely left for St. John today to spend a few days with friends.

Mr. A. H. Hilyard who has not been enjoying good health recently is improving.

The first crossing on the ice here was under taken on Monday by four men from Fleury's point and Upper Maguasha. No teams have crossed yet. This is about the latest crossing on record. The delay in ice making this year has dealt a severe blow to over a hundred families in this vicinity who depend on the smelt fishing. It has also been a hindrance to trade. However, the prospects are brighter since Sunday, and active preparations are going on here now in the shape of hauling shanties on the ice, etc.

New Glasgow, Jan. 22.—The most disastrous fire that has visited New Glasgow in recent years occurred this morning, and wiped out the large wooden block on the corner of Provost and Forbes streets, owned by Norton Lodge, I. O. O. F., and occupied on the ground floor by Bent & Coopers' hardware merchants, and L. Higgins & Co., boots and shoes. The upper story was used as a lodge room. The building directly north of the burned block, owned and occupied by Wm. McIntosh & Co., was badly damaged. The plate glass windows in the north of Chamber's block and in the front of Mason's candy store were completely burned, and the large panes in the Two Barkers' store were badly damaged by the heat. Several windows were broken in the Evening News building.

Tons of water were poured into the building through every window and hole.

In a brief period the interior was a seething mass of flames. During the progress of the fire there was a considerable amount of smoke.

Masses of flaming wood were carried skyward by the current of heated air, and fell on the roofs of the surrounding buildings.
