**BEAVER BOARD**  
If you are building or going to complete some unfinished rooms, let us show you some colored sample, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.  
We carry a large stock in assorted sizes.

**MAIL ORDERS**  
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation, in which they are received, and customers can always depend on our doing everything in our power to give prompt despatch.

## SEVERE STORM DELAYS ALL TRAINS

Cold and Snow Tie up Traffic on C. G. Railway—All Trains Late.

The C. G. R. has experienced considerable difficulty in keeping trains moving between here and Montreal.

The extreme cold, together with the heavy fall of snow and high wind on the northern division have made it almost impossible to keep traffic open.

While the storm was not very heavy in this locality, the Matapedia valley, and further west, were reported badly blocked with drifted snow and trains were all behind time. Rotary plows are on the road, however, and it is expected that everything will be moving fairly well today, unless the storm should be renewed. All the regular trains have been very late.

## ANOTHER VACANCY IN LOCAL LEGISLATURE

Dr. Thos. J. Bouque Receives Senate Appointment—Election Pending.

The appointment of Dr. T. J. Bouque, M. L. A., for Kent county to the Senate creates another vacancy in the local legislature and the second from Kent county.

Feeling seems to be growing in political circles that if Premier Clarke can be persuaded to resign on the strength of the promise of the lieutenant governorship, his successor will dissolve the house and go to the people before this session of the legislature is held.

Mr. Clarke is disposed to wait until the goods are delivered before vacating the premiership.

INSUFFICIENT HOTEL  
Campbellton needs another hotel.

Since the Waverly was destroyed by fire about a year ago, hotel accommodation here has been insufficient to care for transient trade, consequently travellers are cutting out our town or planning to arrive by one train and leave by the next. Frequently travellers arrive here and apply at the only first class hotel and are turned away to seek quarters elsewhere.

If a practical hotel man with a little money wishes to get into a good paying business he should investigate the situation here. If such a man were in sight the Waverly would be quickly rebuilt.

MATAPEDIA.  
The very stormy weather and cold has made our roads very bad and inconvenient.

Mr. and Mrs. James Fraser are receiving congratulations of friends on the arrival of a baby girl at their home on Thursday.

We also extend congratulations to Mr. and Mrs. J. Dube on the arrival of a young daughter.

Quite a number of our young men have lately joined the colors and among them we notice Robert Pratt, second son of Mrs. Allan Pratt of this place. This is the second son of Mrs. Pratt's to enlist as her eldest son has been in the trenches for nearly a year.

Much praise is due the Rev. Father Freve, the energetic recruiter in the good work he has been doing in their vicinity and all along the Gaspé Coast. He expects to continue his work during the winter months and is assisted by Lieut. De Gruchy and Lieut. O.

A very impressive memorial service was held in the Church of St. Lawrence of Matapedia on Sunday morning for the late Antoine Thibault who was killed here on New Year's day. The service was conducted by the Rev. Father Najotte.

Mrs. Allan Pratt made a short visit to Campbellton Wednesday of last week.

Friends are pleased to see the Rev. Father Najotte out again after being confined to his home for a few days with an attack of cold.

Mr. Dube who has been operator at the Matapedia station here for some

## C. G. R. CURTAILING TRAIN SERVICE

Are Taking Off a Number of Local Trains, But Limited Will Run.

Announcement is made that the new time table for the C. G. R. will go into effect on Sunday, Jan. 28th.

According to the advance reports of the schedule a number of important local trains are to be cut off, while we are still to enjoy the pleasure of two through expresses from Montreal to Halifax without either having direct connection at Moncton for St. John.

The most serious curtailment in the service is the cutting off of the local trains running out of Campbellton. The west local has been withdrawn and the local from St. John will now run to Newcastle only. This is a serious matter to North Shore people as this train was the only means of travel during the day they enjoyed if they wished to go down the line.

The schedule has not yet been made public but we hope some arrangement will be made to give Campbellton a mail service between St. John and Campbellton, otherwise the St. John morning papers will be twenty-four hours in reaching here.

The paraded service is only for the rush period between noon and the opening navigation when it is promised these trains will be restored.

ST. JOHN TELEGRAPH EXPLAINS.  
(Telegraph Jan. 23rd.)

The recruiting record of Restigouche county since the war began is one deserving highest commendation. Since August 1st, 1914 that county has enlisted no less than 121 men, who were found physically fit, and accepted, while many more offered their services to the king and country, but were turned down on account of physical disability.

During the month of August eleven men were signed on, September gave forty-five, October twenty, November twenty-six, and December, thirteen, while January gave six recruits, making a total of 121 recruits.

A. McG. McDonald, the recruiting officer for Restigouche county, has accomplished splendid results and has been constantly on the job since the war began. He has worked without remuneration of any kind and has never yet sent in an expense account of any kind.

Through a clerical error the results in Madawaska and Restigouche were transposed in a statement recently published, a condition against which Mr. McDonald very properly protested.

The death occurred very suddenly at the C. C. R. roundhouse here last week of Frank Fitzpatrick, from hemorrhage of the lungs. Deceased was in good health up to the time of his death and was forty seven years of age.

Born in Chatham, N. B., he came to Campbellton twenty five years ago. Besides his wife he leaves to mourn two children and one brother Mr. Thomas Fitzpatrick of Chatham.

THANKS FOR PARCELS  
Lieut. Jas. D. MacLean of the 3rd Canadian Pioneers, France wishes to acknowledge with thanks the very excellent Xmas box he received through the kindness of Mrs. Thos. Matheson, from St. Andrew's church, Campbellton.

Charlie MacLean of the Canadian Forestry Corps, London, acknowledges with many thanks the very good Xmas box he received through the kindness of Mrs. M. A. Kelly from St. Andrew's church.

J. Cameron Walker of the 21st Howitzer Battery, France, also received a Xmas box of good things from St. Andrew's church, Campbellton for which he was very thankful.

Time has been transferred to Anderson N. B. Both Mr. and Mrs. Dube have made many friends while resident here who regret to hear of their departure but wish them every success in their new home.

## ADVOCATES STEEL SHIP BUILDING

Important Industry Advocated By Toronto Commercial Traveller.

H. H. Blanchet of Toronto was in town and said:

"The men we have to build ships are bona fide men who are ready to put their own money into ships and many of them sail the ships. To make this business permanent after the war, it is necessary that the wooden ship industry be bonused for a term of years. The railways of Canada have been given millions of dollars and millions of acres of land as bonuses. The railways did not put a dollar in the railways of their own, but became millionaires. Now here are men ready to put their own money into ships and so manufacture the new material into the ship industry."

Napoleon had no illusion. "The victor of the sea—that is what the land power never yet has done, and never will do. The sea is the mother of our civilization and the sea is the mother of our life."

The flow of our merchant ships is the vital current of our blood. Canada doing her share to build merchant ships."

THE FLOODING  
The Eel River here at the crossing was totally destroyed by the Friday morning, together with barn and outhouses. The proprietor, Mr. and Mrs. Dugas was away from home at the time. It was a bitter cold morning and the unfortunate family had a cold experience. They were cared for by the neighbors. At one time it was feared the flames would spread to adjacent buildings, but fortunately this was prevented.

Another report says:  
On Friday last the home of Polydore Dugas, at Eel River Crossing, was totally destroyed by fire with nearly all contents. The fire occurred during the day and is supposed to have originated in the back kitchen. The house was formerly owned by Mr. Alex. Levesque who at one time represented the parish of Dalhousie, at the county council. It was a very fine residence. There was some insurance. Mr. Dugas had just left for the woods, when the fire happened and no doubt he will feel his loss keenly. There will be a drawback to the travelling public as Mr. Dugas kept a house of entertainment.

HUGHES—POIRIER  
A very popular marriage was solemnized in the R. C. Church in Bonaventure, on January 16th, when Miss Mary Ann Poirier daughter of Mr. Charles Poirier of Fauvel was united in the sacred bonds of matrimony to John James Hughes, oldest son of John Hughes of Caplin and the late Mary Shannon of Belledune. The ceremony was performed by Rev. F. Matte. The bride who was given away by her father looked charming in a dress of Copenhagen silk with trimmings and hat to match. After the nuptial mass the bride couple and escorts retired to the bride's home where dinner was served, music and singing were the chief entertainments.

In the afternoon all drove to the groom's home, where a host of friends awaited them and where a sumptuous repast was served after which dancing was indulged in.

The happy couple were the recipients of many costly and useful presents. Best wishes of happiness and a long married life are extended by all to Mr. and Mrs. Hughes.

CARD OF THANKS  
Mrs. F. Fitzpatrick wishes to thank friends for sympathy and kindness shown to her in her bereavement.

## CAMPBELLTON BONDS BRING BIG PRICE

Thirty-five Thousand Dollars Bonds Issue Taken by St. John Firm.

A special meeting of the Town Council was held on the 22nd inst. for the purpose of issuing bonds for the purpose of raising money for the purchase of a new fire engine.

The various tenders for the bonds were read.

Mr. Miller stated that the tender of J. M. Robertson & Co. of St. John was an extremely good one and that the council should accept it.

Mr. Miller moved that the tender of J. M. Robertson & Co. be accepted and that the council should authorize the purchase of the bonds.

The council then adjourned.

FUNERAL OF THE LATE FRED DOBSON.  
The funeral of the late Fred Dobson, who met his death under such sad circumstances was held last Sunday afternoon. The service was conducted by the Rev. W. Camp, was very impressive both at the home and grave and attended by a large number.

Besides his wife he is survived by seven children, also an aged father and five brothers and two sisters. Charles, Angus and William of this town, Andrew Pendenis, Manitoba and Harry with an overseas battalion "somewhere in France." The sisters are Mrs. Edgar Love of this town and Mrs. T. Robinson of Portland, Maine.

The Burgomaster of Vienna Publishes  
a Startling Letter in a Newspaper

London, Jan. 13.—The Arbitrator Zeitung, of Vienna, published a letter to the Burgomaster from the wives of city tramway employees, who have been called to the colors, appealing for full pay. The letter, as quoted in an Amsterdam despatch to the Times says:—"We are in a deplorable condition our distress is frightful and our children are pining away."

The letter cites the increase in salary granted to employees who have not been called to the colors and says that these men, in spite of his increase are starving. It continues:

"How then with our poor creatures, with our half pay? Our wretchedness is great. On our knees we entreat your Excellency to have compassion and grant us full pay. Do not abandon us."

"Take pity on our children."

**IS NOW REPORTED  
KILLED IN ACTION**

Corporal K. Gideon F. Baldwin  
of Dalhousie Made Supreme Sacrifice

After many months of suspense final word has been received that Corporal K. Gideon F. Baldwin, No. 111624 4th Canadian Rifles, who was reported missing, was killed in action at the third battle of Ypres, on June 2. The information came from Canadian officers, prisoners in Germany, through the Red Cross International Bureau of Geneva, Switzerland.

He was the youngest son of Mrs. John Baldwin, of Dalhousie (N. B.). He lived with her and his sister, Miss Margaret Baldwin, who is stenographer for The Dalhousie Lumber Company Limited. Before enlisting he was successfully filling the position of teller in the Dalhousie branch of the Royal Bank of Canada. He was in his twentieth year when he joined the 6th Canadian Mounted Rifles. Later he was transferred to the 4th Canadian Mounted Rifles. He drilled at Amherst and at Valcartier, and gave a splendid account of himself.

General sympathy will be extended

Cpl. K. GIDEON F. BALDWIN

to Mrs. Baldwin and her family in the loss of the young heroic soldier in whom there was so much promise for the future. There is consolation in knowing that he did his duty fearlessly and well. He died serving his country. The young Corporal Baldwin was a grandson of the late John Philipps who at one time represented Restigouche county at Fredericton.

**IF YOUR CHILD IS CROSS,  
FEVERISH, CONSTIPATED**

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

**SALMON CLUB WINS  
IN FAMOUS SUIT**

Judgement Handed Down Jan.  
12th is Against John Wyres  
of this Town.

Quebec, January 10th, 1917.—Judgement was rendered Friday last by the Court of Appeal composed of Justice Archambault, Justices Pelletier, Cross Lavergne and Carroll, in the famous case of the Restigouche Salmon Club vs. Wyres.

As the readers of the Graphic will know doubt remember, this case was taken by the Restigouche Salmon Club vs. Wyres, in order to have a line run between their respective fishing rights on the Restigouche River. Wyres claims that the line on water should continue in the same direction as on land in a straight line, and that the line should not be broken, whereas the Restigouche Salmon Club claimed that when the line arrived at the river bank on land, that it should then strike out at a right angle to the centre of the stream.

The Superior Court at New Carlisle upheld the pretensions of the Restigouche Salmon Club. Wyres then appealed to the Court of King's Bench at Quebec.

Before the Court of Appeal, the Restigouche Salmon Club was represented by the Honorable John Hall Kelly who had represented the interests of the Club in the Superior Court, but Mr. Wyres who had been represented theretofore in the Superior Court by Mr. Stuart, of the firm of Pentland, Gravel & Thomson, of Quebec, was represented by the firm of Bugeaud & Coté, of New Carlisle, and the law firm of Galipeault, St. Laurent, Métyer, etc., of Quebec.

When the case was argued in the Court of Appeal of Quebec, it was followed with the greatest interest by a great number of lawyers and many of them inclined to the view that the line should be continued in a straight line until it struck the middle of the stream others contending that the line should be at right angles to the river.

The argument took up considerable time of the Court, and the Judges expressed at the time no opinion one way or the other.

By the judgment that has been handed down, the Restigouche Salmon Club again wins; the Court of Appeal has just decided in favor of the pretensions set forth by their Attorney for the Restigouche Salmon Club to the effect that the line should be at right angle to the centre of the stream.

**RESOLUTION OF CONDOLENCE**

To Mrs. Frank Fitzpatrick and Family

Dear Madam: We, the officers and members of Campbellton Division No. 3, Canadian Brotherhood of Railroad Employees, desire to express and convey to you and your family profound sorrow in this time of your sad bereavement.

WHEREAS, it has pleased Almighty God in his infinite wisdom to remove from you by the hand of death your loving husband, FRANK FITZPATRICK.

THEREFORE, we humbly pray that you may be sustained by the kind hand of Providence who doeth all things well and thereby be enabled to place all confidence in Him who has promised to be a Father to the Fatherless and a Friend to all those that put their trust in Him.

You, dear Madam, have lost a kind and affectionate husband and we a true and faithful brother and we hope that he has passed from Death unto Life fully trusting in the Lord.

Again, dear Madam, we beg to assure you of our deep regret at your husband's demise and we hope at the end of your weary pilgrimage here below you may meet again in that Grand Temple above where parting is no more.

WEDNESDAY MORNING

The council re-assembled at 10 a. m. Minutes of preceding session read and approved.

The parish accounts and statements for Eldon, Addington, Dalhousie, Dalhousie town, Balmoral, Colborne and Durham were passed.

A considerable discussion took place in reference to the large number of defaulters which appeared on some of the parish lists and it was decided to lay the matter over until the legal adviser was present.

The following accounts were passed.

83—E. R. Richard, prosecuting cases \$30.00

84—W. Cabbot, trucking, .75

The council adjourned until 2 p. m. WEDNESDAY AFTERNOON

Council reassembled at 2 o'clock. Minutes of previous session read and confirmed.

The following accounts were passed.

85—Fred LeCoffre, burial expenses of man killed at Eel River, \$25.00

86—Warden Murchie, attending Patriotic meeting at Dalhousie \$9.80

28—Public Lands and Building Committee accounts.

Coun. McLean called the P. P. and L. committee to account for going on with work which was not authorized by the Council. He asked if tenders had been called for the new furnace for the jail. He thought the price was an exceedingly high one.

Auditor Delaney read each tender, of which there were three.

### Your Child's Cough

Is it nothing? Is it to be neglected until it leads to that terrible scourge consumption? Peps stand between winter coughs and colds and serious consequences. Peps are tablets made up of Pine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are breathed down direct to the lungs, throat and bronchial tubes—not swallowed down to the stomach, which is not ailing.

### Peps

Coun. Harquail asked how tenders had been called. He had not seen any advertisement in the local papers.

Coun. Golden answered that the committee had posted up a notice calling for tenders for the work in Dalhousie and Eel River.

The account of Wm. Gallop for installing furnace was held over until Thursday. The other accounts were passed.

Coun. Peters brought up the matter of a highway from Robinsonville to Kedgwick and Anderson, then through to St. Leonards, coupling up the new settlements with both Restigouche and St. John rivers. His idea was that Madawaska be asked to work with Restigouche in pressing for this needed highway. It would be a great colonization road and would open up a rich farm country which at present was traversed only by the railway.

He moved the following resolution. That it is the firm belief of the Restigouche County Council that it would be a great benefit to Restigouche Co. to have a highway opened up from Robinsonville through to St. Leonards.

Said highway to take in Whites Brook, Kedgwick, Five Fingers, Anderson and Hazen settlements along the International railway. Said road would be of great benefit to the whole county of Madawaska and that this Council instruct the Secretary-Treasurer to ask the County Council of Madawaska to take up the question of opening up said road from St. Leonards in that county to Hazen settlement, near the county line.

Coun. Copeland spoke in favor of the road and seconded the motion, which was carried unanimously.

Coun. Copeland brought up the matter of the appointment of valuers and spoke in favor of appointing a man from the parish of Eldon.

It was decided to appoint the valuers by ballot.

The following were nominated:—John Giroux, Colborne.

James Currie, Durham.

Thos. Felix, Eldon.

Jean Morneau, Grimmer.

A. G. Adams, Campbellton.

Upon a ballot being taken Messrs. Currie, Felix and Adams were declared elected.

On motion James Currie was appointed chairman.

Coun. Harquail brought up the matter of the Patriotic Fund assessment. He explained that if the entire amount required, \$17,036.88 was assessed this year it would mean and increase of about fifty per cent. in the taxes. He was not in favor of passing the burden along to our children. They would have their own burdens to bear. The country was never more prosperous and the increase would not be a very great hardship. And even if it should prove a burden, should we not

END STOMACH TROUBLE, GASES OR DYSPEPSIA

"Pape's Diaphepsin" makes Sick, Sour, Gassy Stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of distress, heartburn, fullness, nausea, bad taste in mouth and stomach-headache, you can get blessed relief in five minutes. Put an end to stomach trouble forever by getting a large fifty-cent case of Pape's Diaphepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. It's the quickest, surest stomach doctor in the world. It's wonderful

bear something of the burden of this great fight. What were our boys doing. Were they not giving of their blood. Surely we should be willing to pay a few paupers dollars for the good of the cause.

Coun. Peters also spoke strongly in favor of assessing the whole amount this year.

Coun. McLean said that it was a burden imposed upon us over which we did not seem to have much control. The different Wardens and Mayors of the whole province had met at Fredericton last spring and had agreed to this way of raising New Brunswick's share of the fund. Our share has been apportioned and we must pay. True we were given the option of assessing it or we could issue bonds for the amount as we thought best. The county might be in a better position after the war to pay this amount. He was in favor of extending it over a short term by issuing bonds.

Coun. Lawlor was in favor of assessing the whole amount.

Coun. Harquail again spoke in favor of assessing entire amount and quoted figures to show that the increase in assessment would not be over fifty per cent.

Coun. Diotte was not in favor of assessing the entire amount in one year. It would be a pretty heavy burden.

Warden-Murchie favored the raising of the entire amount in one year. Perhaps a poll tax could be put on the young men between 18 and 21 years.

Coun. Gillis spoke in favor of assessing the whole amount at once.

Coun. Giroux spoke strongly for the entire amount at once. Would not be right to shift the burden to the soldiers returning from the war. They were fighting for us, surely we could pay for the keeping of their families while they were away. It might be a little hard for some, but war always brought hardships. Here in Canada we have sufficient. Let us pay.

Coun. Copeland thought that there were many poor people in the county who could ill afford to pay more taxes, and favored a bond issue.

Coun. Thomas favored a bond issue. Laboring men were having a hard time to make ends meet now, and if burden was increased he did not know where they would get off at.

Coun. Golden said he was afraid that the paying of this extra tax would be hard on many. Favored extending it over a number of years.

The matter was laid over until Thursday.

Coun. Arsenault and Montgomery were excused from attendance.

Council adjourned until 10 o'clock Thursday morning.

THURSDAY MORNING

Council assembled at 10 o'clock. Minutes of previous session read and confirmed.

The account of Wm Gallop installing furnace in jail was taken up and after explanation by the Chairman of the Public Lands and Buildings committee was passed.

Account of Joseph H. Bernard, Collector of Rates for the parish of Dalhousie, showing a shortage \$254.82 was taken up and passed.

Moved by Coun. Montgomery that Joseph H. Bernard, Collector for the Parish of Dalhousie be notified of his shortage and asked to pay up at once, and that his bondsmen be notified of shortage and requested to pay or cause to be paid at once.—Carried.

The lists of parish officers for the various parishes as agreed to by the respective Councils were passed.

The printing committee were authorized to procure 500 English and French reports of proceeding.

Moved by Councillor Lawlor, that the lists of defaulters of the several parishes be handed to the Councillors of Parish with authority to take all legal means to collect all rates and taxes in arrears with legal costs, passed.

Moved by Coun. Golden in case collector Bernard shall fail to pay and account to the Sec. Treas. for the amount for which he is in default the Bond filed by him be handed to the legal adviser for collecting the amount of such default from his surties named in such bond and if necessary for that purpose to bring action or said Bonds in any court of competent jurisdiction carried.

The matter of appointment of Valuers was on motion reconsidered.

### Anaemia!!

Bloodlessness—Poor Condition

Yours is a case for Wincarnis

In anaemia your blood cannot provide nourishment for the body. Therefore the face becomes white and a feeling of utter weariness pervades the whole system. To overcome anaemia a wineglassful of

should be taken three times a day.

Wincarnis is a blood maker. It brings the roses back to the cheeks—gives a sparkle to the eyes—and surcharges the whole body with new vitality and new life. That is why over 10,000 doctors recommend Wincarnis.

**CAMPBELLTON'S STANDING**  
That the town of Campbellton is able to sell five per cent. thirty year bonds at 98.05 is the best evidence of this town's standing in the financial world, and is a record the mayor and town council should be proud of.

Dominion of Canada War loan brought only \$7.50 and that the Town of Campbellton should have such an offer was a surprise to all who know anything in regard to the present financial matters.

**BRITAIN'S "DECADENCE"**

Time was when we used to hear foolish talk about the "decadence" of Britain, and not all of it came from the enemy. Much of it was of Tory origin in the Old Country and in Canada. But look at the grand old Motherland today! Not alone in regard to the fighting spirit of the race are the gloomy Jeremiahs put to confusion. The British Board of Trade returns give wonderful evidence of the way in which the British people have found it possible to put their backs into their daily work. With millions of men called to the colors, British exports in 1916 were valued at 567 millions sterling, as compared with 525 millions in 1913, the last full year of peace. It is true that values have risen enormously, and that the figures of 1916 do not represent anything like the same quantity of goods. But the

new figures do not include the huge quantities of supplies sent wherever the British Army is fighting. On balance Britain has probably produced more goods than in the best year of peace. It is that fact which has given a measure of stability to British finance. Imports, as might be supposed, reach record figures. They are valued at 949 millions sterling. Yet the satisfactory feature is that the increase in exports more than keeps pace with that in imports.—Ex.

**A TRIBUTE.**

Hon. Chas. Maclellan in the Montreal Herald—The province of New Brunswick has lost one of its leading railway builders in the person of the late Mr. Thomas Malcolm, of Campbellton who died lately at Bathurst in that Province. There was no more popular railway man at Ottawa and Fredericton than was Thomas Malcolm and his popularity extended wherever he was known. In the building of the I. C. R. and C. P. R. north of Lake Superior he earned his business. His chief work, however, was in the construction of the Temiscouata and International Railways, and it is with the latter more especially that his name will remain identified. He had many things in view and one of these was the erection of a railway bridge over the Restigouche River at Campbellton, which would have linked up the Gaspe Peninsula Railway with the I. C. R. east and west, the International Transcontinental and the American railway system and brought Gaspe within twenty-four hours of Boston. This work remains undone. Mr. Malcolm was a kind-hearted man and his friends were legion. Two of his sons are at the front. The Liberal party loses a good friend in him.

Coun. McLean also spoke in favor of allowing cattle to run at large.

Coun. Montgomery and several other councillors opposed any change in the law, which is to go into effect, May 1st next.

Coun. Giroux moved that the by-law respecting cattle running at large, which was to go into effect, May 1st, 1917 be extended to May 1st, 1918. Motion lost.

Coun. McLean moved that the by-law respecting cattle running at large be exempt, so far as it relates to the Parish of Colborne.—Motion lost.

Coun. Harquail moved a like motion for Addington, but it was also lost.

The matter of dogs was discussed and the matter laid over until next year, when a by-law governing the keeping of dogs will be submitted. The council then adjourned.

**THAT DEUTSCHLAND CARGO.**

That the Deutschland actually did carry Canadian nickel to Germany, in spite of the indignant denials issued from Ottawa, is now admitted. The Toronto Star publishes a cable from F. A. MacKenzie, its London correspondent, saying:

"The following authoritative statement in regard to nickel sales has been issued. 'Canadian nickel was sold in the United States through the International Company only to firms signing a stringent guarantee against re-selling for exportation. The precautions taken thereunder for supervision by the British and Canadian Governments proved satisfactory in every

case save one, when the firm broke its bond and despatched a consignment of nickel through the Deutschland. This breach of faith, was soon discovered. Any ordinary vessel would have been intercepted before reaching Germany. Immediate steps were taken, which, it is believed, render further breach impossible. Export of nickel from the United States is finally controlled by British officials, not the Merton. Two certificates are necessary from the British Consul-General in New York and the British War Trading Department before exportation. Certificates are granted only after most careful investigation of consignees. They are pledged not to resell."

Now which did the most service to the Allied cause—the Providence Journal, who exposed the leak; Attorney-General Meighen, who in a statement in Toronto, pledged his word in the most solemn way that no Canadian nickel had gone to Germany; or the Hon. Howard Ferguson, Ontario's Minister of Mines, who poured contempt on the editor of the Providence Journal, and referred to that paper as "a yellow rag"?—Montreal Herald.

#### MONEY FOR OVERSEAS

Man of our boys complain that they have difficulty in having money orders or Canadian bills exchanged. To overcome this the Canadian Bank of Commerce is selling French five franc notes, (worth 90 cents) for 95 cents each. These are good at face at any point in the war zone. It is a most convenient way of sending money overseas.

#### MARRIED AT CHATHAM

The marriage took place at Dunstaffnage last week Tuesday of Mr. Guyon A. Moresseau and Miss Lulu Russell, daughter of the late Mr. Everett Russell of Newcastle. The bridegroom is one of Chatham's most popular young men and he and his bride have the good wishes of a host of friends for their married life.

Guy's many Campbellton friends join with the Graphic in wishing the young couple many happy years of married life.

#### CAPTURED INDIAN

Two soldiers, who were evidently thirsty handed over \$3.75 of their good money to an Indian at the depot, Wednesday and expected to get something to drink in return. The Indian walked off followed at a distance by the soldiers. When the train pulled out the soldiers were still waiting for their man, but it was some time later when he showed up. He was captured and handed over to Detective Culligan, who with the soldiers acting as body guard brought him to the lockup. He appeared before His Honor during the afternoon and was fined \$5.00 or 1 month, besides being obliged to return the soldiers their \$3.75.

#### ANOTHER RETURNING HERO

Among the names of returned soldiers is that of Sergeant W. H. Clark, 26th Battalion, Campbellton. He landed at Halifax this week.

#### RETURNED HOME

Pte. Colin R. Gilker of the 26th Battalion, has returned to his home at New Carlisle. He is suffering from internal disarrangement of right knee caused by gunshot wound.

#### GOOD PRICES

The fishermen are taking good catches of smelts now and it is said the price is 10 cents per pound on the ice. This is a record breaking price as a few years ago two to three cents was considered a good one.

#### SMELT FISHING

The smelt fishermen have been enabled to get their nets in and expect to catch fish on the present tides. The lateness of the season means thousands of dollars lost to the St. John's fishermen.

#### MONTHLY SHIPMENT

The monthly shipment by the Soldiers' Comforts Association will be made Friday, January 26th. Anyone having parcels or socks can leave them at Mrs. Max M. Mowat's residence on Friday morning, properly done up in cotton and addressed.

#### SUCCESSFUL BANQUET

The banquet given by the Ladies' Bible Class of St. Andrew's church on last Wednesday evening was a great success. The dinner which was prepared and served by the ladies of the class was an excellent one and they had as their guests the Men's Union, teachers and officers of the Sunday school and also Rev. J. E. and Mrs. Purdie, Rev. Mr. and Mrs. Young, Rev. W. Camp and Mrs. Camp and Robt. Currie of Saskatoon. The speeches given by several of the gentlemen at the close were very interesting.

#### ISSUED BONDS

The Northumberland County Council has voted to issue ten year bonds for \$25,000 for the Patriotic Fund, instead of making a direct tax levy. It will be necessary to assess about 14 per cent. of the amount yearly for interest and sinking fund—say \$3,500 a year. There was much conflict of opinion in the discussion of the matter outside of the Council Chamber, and this was finally agreed upon. Last year the Council issued \$30,000 long term bonds for the same fund. This is a convenient way of throwing the burden over to others to bear.

#### SONG SERVICE

The Sacred Song Service has been postponed till later in the season.

#### PATRIOTIC ANNOUNCEMENT

The Women's Institute wish to announce that their rooms will be open as usual from 3 to 5 p.m., beginning January 29th.

#### WHITEHOUSE HOTTOT.

The marriage of Pte. Charles Whitehouse and Miss Jennie Hottot of Port Daniel West, youngest daughter of Mr. and Mrs. Edward Hottot, took place on December 25th. Pte. Whitehouse is a returned soldier having spent several months in the trenches and returned last August.

#### OBITUARY.

After an illness, which lasted during several months, the death of Mansfield Green, aged twenty-four years, son of Charles Greene of Migusha, Bonaventure Co., P. Q., occurred on Sunday 14th inst. He was beloved by all who knew him. Previous to his illness he was in the employ of the Fraser Lumber Co., at Cabino, P. Q., and always gave a good account of himself. There will be deep sympathy extended by many friends to the surviving father, brothers and sisters. His funeral which was largely attended took place on Wednesday, 17th, inst. to the R. C. Church, at St. Jean Evangelist, P. Q., where High Mass of Requiem was celebrated by Rev. Father St. Laurent. Interment was made in the parish cemetery, near the remains of his late mother, who preceded him only a few months ago.

With sadness we note the death of Miss Ethel M. Ward of Black Point, who passed away to a higher life beyond on Jan. 24th.

In the spring time of life when all looked bright and promising God was pleased to call her after a few days illness.

Much might be said of her lovable disposition and influence for good in the home and with all whom she met.

Always cheerful and happy with all, but those whose daily life was near her realize the loss most.

Her father, mother, one sister, and four brothers are left to mourn their loss.

The funeral was held Friday afternoon, Rev. F. L. Jobb conducting the service.

#### DENNIS CROWLEY

Campbellton, N. B. Jan. 24—The death occurred at Hotel Dieu Hospital Sunday afternoon of Dennis Crowley, aged forty-six. He was born in county Cork, Ireland, and came to this country twenty-six years ago with his sister, Mary. He leaves to mourn, a wife and six children. The eldest boy being overseas, also his sister, Mrs. Jas. Crowley. The funeral took place Tuesday morning at eight o'clock from Hotel Dieu. The service being held at the church of Our Lady of Snows, by Rev. Father LaBelle.

#### OPERA HOUSE ONE NIGHT ONLY

The Imperial Motion Picture Board of Toronto is arranging to have two reels of moving pictures tour the Maritime Provinces. These films are to be shown with the purpose of stimulating both the men and the women now at work on munitions and also to increase the production and of interesting the general public in munitions in general and in the employment of women where possible, in particular. It is not necessary to call the public's attention to the importance of Canada producing all the munition possible. These films will appear at the Campbellton Opera House in the very near future for one night only. It would be well for those wishing to see these pictures to be prepared for a very short notice as it is impossible for the Management of the Opera House to announce the date at the present time. These pictures will be shown in addition to the regular show, and the admission fee will remain as usual, 10 cents to all.

### NEW RICHMOND

A very interesting and exciting game of hockey was played on last Thursday evening, at the New Richmond rink, between New Richmond and Black Cape. The match which was hard and clean throughout the game resulted in a score of four (4) to two in favor of New Richmond.

Mr. Geo. A. Clapperton handled the match to the entire satisfaction of both teams. He being especially strict on off sides and cross checking. For the first fifteen minutes the play starting on the N. R. end of the ice but S. Robertson and P. Starrak in a clever combination saved carrying the puck to the Black Cape end, where the play was carried on for the most of the first period. Black Cape holding them scoreless nevertheless until about 10 minutes was played, when S. Robertson on a pass from P. Starrak scored the first goal in favor of New Richmond following shortly by a second by K. Campbell on a pass from W. Fletcher the period ending without further score.

The second period started with the Black Cape team rushing the play, New Richmond being kept in the defensive most of this period. Black Cape scoring their first goal, A. West doing the trick on a pass from A. Campbell followed by the N. R. forwards breaking through the Black Capes defence and P. Starrak scoring on a pass from L. Lynd from behind the goal.

The third period started with N. R. rushing the play, Black Cape however breaking away in an end to end rush of A. West passing to C. Johnston who scored their second goal, this was followed shortly by a score for N. R., S. Robertson scoring on a pass from K. Campbell.

The line up of the teams was as follows:  
New Richmond: P. Campbell, Goal M. McLellan, W. Fletcher, Point R. Campbell, L. Lynd (Capt) Cover E. Johnston, S. Robertson, Right Wing M. McNair, P. Starrak, Left Wing A. Campbell (Capt).  
Black Cape: K. Campbell, Centre A. West.  
Officials:—Geo. A. Clapperton, referee; Miss Mona Henderson and J. H. Robertson, timekeepers; G. W. Hardy, penalty timer; Jas. Henderson, Jr. and Basil McWhirter, goal judges.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.  
We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75 cents.

### ST. JEAN L'EVANGELISTE

Many friends will regret to learn of the death of Missfield Greene, youngest son of Mr. Charles Greene of Miguasha which took place Sunday evening the 14th inst. Deceased had been ailing for some time past and despite all that loving hands and careful nursing could do for him he passed peacefully away as above mentioned on Sunday evening. He leaves to mourn his loss a bereaved father, five brothers, Alfred, Edward, William, Matt. and Robert, and four sisters, Mrs. Mike Norton, Edith and Alma of Miguasha and Mabel in New Richmond.

The funeral which took place on Wednesday morning was largely attended by friends and relatives which showed the esteem in which the deceased was held. The pall-bearers were Messrs. Edward Keays, Polydore Argeneau, David McBrearty, Alexander Canhora, Emile Guite and Napoleon Landry.

The family have the sympathy of the community in this hour of sore bereavement as this is the second time death has entered their home in one year their mother having departed some four months ago.

Mr. James Verge and son, Stewart of Carleton attended the funeral of Missfield Greene here last week.

Mr. Charles Roy of Campbellton passed a few days in our vicinity last week.

At a meeting of the Municipal Council of St. Jean L'Evangeliste held under the provisions of the new Code of the Province of Quebec to elect a mayor and councillors for the Municipality above mentioned the following gentlemen were elected.

Mr. Zeol Allard, mayor by acclamation and the following councillors, Messrs. Jos. Damboise, Lloyd McEwen, John Lavoie, James Calvert, Louis Soucy and James McBrearty were also elected by acclamation.

The cold weather we have had lately has frozen up the river across from Miguasha to Dalhousie and teams are now crossing daily.

Never Again—A recruiting sergeant stationed in the south of Ireland met Pat and asked him to join the army. The latter refused, whereupon the sergeant asked his reason for refusing. "Aren't the King and Kaiser cousins?" asked Pat.

"Yes," said the recruiting sergeant. "Well," said Pat, "begorra, I once interfered in a family squabble, and I'm not going to do so again."

### DALHOUSIE

SAVES OFF DANDRUFF, HAIR STOPS FALLING  
Save your hair! Get a 25 cent bottle of Dandruff right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life, eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrivel, loosen and die—then the hair falls out fast. A Little Dandruff tonight—now—any time—will surely save your hair.

### THE MCINTOSH APPLE.

(Experimental Farm Note.)  
Ever since the first orchard was planted at the Central Experimental Farm, Ottawa, in 1888, the McIntosh apple has been under test by the Experimental Farm System and during that time much useful information has been obtained in regard to this fine variety. In very severe winters when the Fameuse apple was injured, the McIntosh remained unharmed, thus proving that it is harder than that old variety from which it is supposed to have sprung. For a long time the McIntosh apple had the reputation of being a shy bearer, but in nearly thirty years experience with it at Ottawa, it has been found to be one of the most productive varieties under test. The tree does not often bear very heavily, or overbear in any one year and then fail to bear the following year, but it is an annual bearer, as a rule, giving a good and medium crop alternately, the number of small crops being few. Following are the yields of one McIntosh tree planted at Ottawa in 1890, the first yield being recorded in 1898, the 8th year after planting. Some trees of this variety will begin to bear in the 6th or even in the 5th year after planting. The yields are recorded in gallons, but if it is desired to reduce them to barrels there are 24 gallons in a standard barrel. Yield of one McIntosh apple tree from the 8th year after planting, in gallons--17 1/2, 26, 37, 6 1/2, 71 1/2, 94, 12 109, 3, 109, 41 1/2, 184, 50, 166, 55, 145, 112, 44, 149 1/2, a total of 1432 1/2 gallons for 19 seasons or an average of a little over 3 barrels per year, from one tree.

It has been found by experiment that in Ontario, at least, the McIntosh is self-sterile, or, at least, practically so and to ensure a good set of fruit there should be another variety or varieties, blooming at the same time, growing near it.

The McIntosh apple is subject to the Apple Scab Fungus, and in some seasons if the trees are not sprayed the proportion of No. 1 fruit will be very small. This year, at Ottawa, it was found necessary to spray the trees six times with lime-sulphur wash to ensure clean fruit, but the reward was a large proportion of No. 1 fruit in a year when there was, in many quarters, a very small proportion of No. 1 grade on unsprayed or poorly sprayed trees. As a rule, three or four sprayings are sufficient.

Owing to its very high quality and the great beauty of the fruit, it is believed that the demand for McIntosh apples will be an over-increasing one. There are many relatively poor grown which will have to, in time, give apples of the same season still being place of McIntosh. To-day is no other apple which commands a high price in Canada, No. 1 fruit being worth between seven and eight dollars a barrel, and in years of plenty the price of McIntosh apples is relatively high. Although it is in good condition to be eaten in October, at Ottawa, it is not in its prime until November. Unlike the Fameuse which has a relatively short season when it is at its best, the McIntosh remains in fine condition until February, and in good cellars keeps even until March. In parts of Canada where the autumn is warmer than it is at Ottawa it ripens earlier and does not keep so late.

Following is a detailed description of this apple:

Originated with John McIntosh, Dundela, Dundas Co., Ont. in 1796, the first tree remaining alive until 1908. Fruit above, medium, roundish, slightly ribbed; skin pale yellow, almost entirely covered with crimson, dark on sunny side and brighter on rest of fruit dots few, small, yellow, distinct but not conspicuous; cavity of medium depth and width; stem short, stout, some-

### THE CANADIAN

#### "BONNE ENTENTE."

Another step was taken this week, in one of the most significant and hopeful movements in recent Canadian political history, when Sir Lomer Gouin, Mayor LaViguer of Quebec and Sir George Garneau, accompanied by one hundred delegates from Montreal, Quebec, Three Rivers and Sherbrooke, visited Toronto and other Ontario cities for the purpose of bringing about more cordial and sympathetic relations between the two great races of our Dominion, especially in the provinces of Quebec and Ontario. About three months ago a similar delegation from Ontario visited Montreal, Quebec, Three Rivers, and Sherbrooke, with good results. This movement has been inaugurated none to soon, as it is well known that racial feelings between the English and French speaking peoples in the two great provinces of eastern Canada were becoming more intensified and the breach was rapidly widening. As we have more than once pointed out, the question causing irritation was not primarily one of religion, though that, no doubt, entered into it to some extent and served to intensify it. The question was one of race and language, and the jealousy and rivalry between the French and English threatened to create a cleavage in our young nation, which had in it the policy of serious troubles in the future. It is a hopeful indication of a better understanding between these races that prominent leaders on both sides, realizing the necessity for unity and good-will in order to national progress, are coming together in the spirit of mutual trust and sympathy. No doubt the war has had something to do with creating the conditions for the "Bonne Entente."

A common peril and a common purpose have led men to forget their petty jealousies and unite in a great and glorious cause. It is to be hoped that this entente is the beginning of a movement which will foster racial good-will and promote national unity, binding all the people of this Dominion into one great community, inspired by high spiritual ideals and devoted in mutual service and sacrifice to the welfare of the world.--Presbyterian Witness.

times medium length and moderately stout; basin narrow, almost smooth, medium depth; calyx partly open; flesh white and yellow, crisp, very tender, melting, juicy, sub-acid, sprightly with a pleasant aromatic flavour; core of medium size, open quality very good to best; has a strong aroma; season. Not mber to February or later, and earlier in the season in the warm parts of Canada; tree hardy, and a strong moderately upright grower.

#### DAY BREAK.

The first streak of light in this war, was perhaps that of the spirit of self sacrifice, and devotion, which has been so widely spread, even the world by, and pleasure-loving, and careless, seemed suddenly to become possessed with a new spirit; the careless became serious, the selfish forgot to be any longer and the desire to serve and save not only their own country and homes, but those of others, too, was evidenced every where, and there was an awakening to a spirit of defence of justice and righteousness, and truth. The sacrifice of money, comfort, time, family ties, life itself are alike and a spirit of "brotherliness" of feeling a marked turning to God's Word, and prayer by numbers of Christians many of whom, alas! in those past quite and prosperous years may have been growing cold.

There can be no doubt of this awakening to the need of prayer and the bible, study and renewed faith in God's Holy Word.

And is this not of the beams of the light, of the dawning day? Then again there are the unparalleled opportunities for scattering God's word amongst the soldiers, sailors and men in training camp, the wounded and the prisoners, and the Holy Spirit is blessing the word mightily and the cry is ever for more copies of the Good News as Men's hearts are hungry and responsive.

We hear too of an awakening in many parts of the country and of definite conversions taking place under quite "ordinary" preaching. This applies not only to our country and the British troops but also to those of the Allies.

For remarkable response is heard of among the French soldiers, and the number of copies of the Scripture circulated in Russia has been unpe and we believe there is a fine work being done in the German line.

These beams heralding the sunrise are to be hailed with great thanksgiving.

May we not see also indication of the dawn of new Russia and a new France.

Russia's remarkable movement towards temperance and liberty are surely rays of light in the darkness of the hour; and in France there are signs here and there of an awakening to some spiritual life, as, for example when 10,000 women in Paris gather together for prayer or the groups of soldiers stop a "padre" and ask him to pray with them. Let us pray on, in faith that for these and all the countries now at war, may dawn a new day indeed, and that out of the travail of the night, new life may come to every land.

No Time for a Loaf--Sometime ago, when a local corps was reviewed by Sir Ian Hamilton, one officer was mounted on a horse that had previously distinguished itself in a bakery business. Some body recognized the horse, and shouted, "Baker!" The horse promptly stood dead, and nothing could urge it on.

The situation was getting painful when the officer was struck with a brilliant idea, and remarked, "Not to-day, thank you." The procession then moved on.

### 10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath--Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels--you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach, feet and head clear for months. They work while you sleep.

## A SHORT TALK To Those Who Require PRINTING

INSTANT FIELDS LOOK GREEN, but upon investigation you may find that they are not a bit greener than those right at home.

The larger printing houses in the cities and towns may tell you a pleasing and impressive story in regard to their facilities for doing your work and the low price which they will charge if you entrust them with your orders. But why go so far afield? Why not give the printing office nearer home a trial? Presumably you have no objection to seeing more labor employed in this town, then why not give your local printer the preference. Service does not necessarily go with exceptional equipment. You do not need a guillotine to cut a hen's head off and the chances are that your printer can look after all your printing requirements much better than any outside firm could possibly do. If the outside company would save you money why then it would be a different matter, but in ninety cases out of a hundred we believe that you will do better with your local printer, who understands your requirements and is ready to serve you to the best of his ability.

We have splendid equipment for turning out your work. We have the machines, we have the men, we have the brains and energy. Don't take it for granted that we cannot do some particular piece of work, try us and see. Then it will be up to us and we are ready to stand the test.
