

LOCAL MEN MAY PURCHASE SOUTHWESTERN TRACTION AND FORM NEW COMPANY

Concern Is in Splendid Shape and If Relieved of Certain Indebtedness Would Prove a Good Paying Investment—Mackenzie & Mann May Take Stock in It.

The date of the sale of the Southwestern Traction Company has not been settled yet, but it will likely be within a short time.

A number of inquiries have been received, and it is possible that there will be some spirited bidding for the line.

It was rumored that Mackenzie & Mann would bid for the road, as it would be a feeder for their proposed road from Hamilton to Windsor.

At the present time, the deal is being financed, and it is meeting with success.

Local Men in It. A few prominent citizens are said to have looked into the whole proposition, and they have come to the conclusion that with the same capable management that has characterized the present running of the company's affairs, it can be made pay, if purchased at a reasonable figure.

Mackenzie & Mann. If the local people go after it—and it is more than probable that they will—the story is that the Mackenzie & Mann interests will not make an offer, but will take a share of the stock, so that the different interests in the companies may be managed jointly.

The outcome of the situation is watched with interest by the citizens generally, as it is thought the Southwestern is a fine proposition, and can be made to pay its way with considerable to the good in addition.

A Big Banquet for Supt. Nixon. Popular Railway Man To Be Honored by Mocha Temple Tonight.

A complimentary banquet will be tendered Mr. J. Nixon, assistant superintendent of the Grand Trunk, this evening in the City Hotel by the nobles of Mocha Temple, with which organization Mr. Nixon has been quite actively connected.

A large number of the leading citizens of London will be in attendance, and a number of prominent speakers will deliver addresses.

Mr. A. L. Davis, illustrious president of Mocha Temple, will preside.

Sixty-Four Operations at Victoria in July. Largest Number in the History of the Institution—Trust Met Yesterday.

The report of Superintendent Heard of Victoria Hospital, presented at the meeting of the trust yesterday afternoon, showed that during the month of July no less than 64 operations had been performed. This was the largest number in this month since the hospital was opened.

The report shows that on July 31 there were 105 patients receiving treatment at the hospital. July showed a total of 16 births and 8 deaths at the institution. Number of patients admitted—Males, 55; females, 75; children, 41; total, 172. Number of patients discharged—Males, 65; females, 77; children, 42; total, 189. The total receipts for the month were \$2,626.50.

The question of a walk at the rear of the new isolation hospital, which will cost \$267, was discussed and referred to Chairman Sreaton and Mayor Stevely, who will consult with the hospital committee regarding it.

Tenders will soon be called for the completion and furnishing of the new laundry.

Tenders will also be called for general supplies before the next meeting of the trust.

The matter of having insurance placed on the hospital was left in the hands of Chairman Sreaton and Superintendent Heard.

Those present at the meeting were as follows: S. Sreaton (chairman), Mr. J. C. Judd, George B. Harris, T. G. Turnbull and Superintendent Heard.

STRATHCONA AT 89 IS HALE AND HEARTY. Arrives at New York on His Way to the Pacific Coast.

New York, Aug. 20.—Lord Strathcona, high commissioner for Canada, was a passenger on the Mauretania which arrived here today from Liverpool and Queenstown. He is 89 years old, but still active and apparently in good health.

Lord Strathcona is on his way to the Pacific Coast and expects to spend some time in and near Vancouver.

STEAMERS ARRIVED. At New York—Roma, from Marseilles; Mauretania, from Liverpool; America, from Genoa.

At Boston—Ivernia, from Liverpool; Lancastrian, from London.

At Liverpool—Saxonia, from Boston.

At Southampton—Teusonic, from New York.

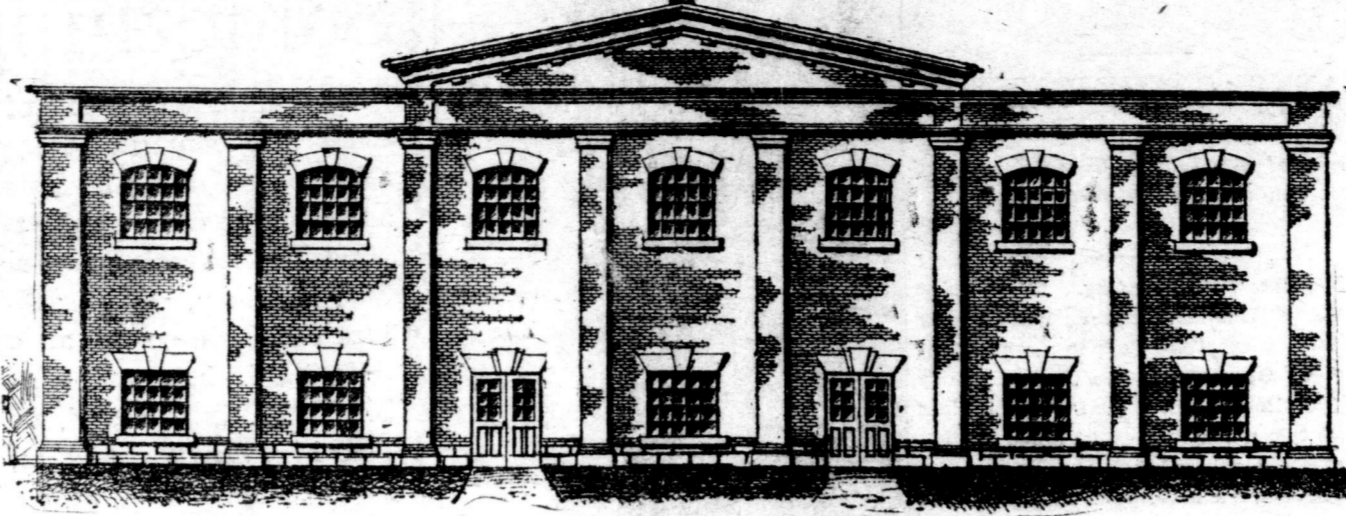

At Quebec—Empress of Ireland, from Liverpool.

At Father Point—Corsican, from Liverpool.

At Cape Magdalen—Pomeranian, from London.

At London—Ontarian, from Montreal.

At Rotterdam—Rotterdam, from New York.

PUMPING STATION AND POWER HOUSE. The above cut shows the front elevation, or west facade, of the proposed combined pumping station and powerhouse to be erected at the corner of Horton and Ridout streets.

The plans were drawn by Mr. H. J. Glaubbiz, engineer, of Toronto, and have been approved both by the water commissioners and the power committee.

Conscience Money. In spite of the cynical statements of some people consciences still continue to do business in London. This morning Secretary-Treasurer Benson, of the London street railway, in opening his mail came upon a letter with a little bundle of paper in one corner.

"This is a funny sort of a letter," Mr. Benson remarked to himself, and began unwrapping it. After removing several layers of papers he came upon a five-cent piece. On the last sheet of paper the words were written—"Conscience money."

WALL STREET HAS BAD SPASM. PRICES BROKE MANY POINTS. The Rumors Regarding Health of Harriman Starts Sensational Decline and Enormous Dealings in Stocks, Causing Great Excitement on Exchange.

New York, Aug. 20.—Another spasm of liquidation came over the stock market in the first hour today by enormous dealings. Prices of the more active issues, such as the Harriman stocks, Reading, Illinois Central, U. S. Steel and American Smelting declined from 2 to 3 points or more.

GIVE POOR "KIDDIES" CHANCE BY REDUCING THE DOG TAX. Mayor Stevely Receives a Unique Letter on the Subject and His Worship Will Give Consideration to the Plea—The Correspondent Wants an Answer in The Advertiser.

The poor youngster, who loves to buy a tag, and keep a dog for his kiddles to play with? I know numbers of people who would keep a dog for their children to play with if the tax was within their reach.

Dear Mayor Stevely,—I am a lover of children, the poor as well as the rich, and I suppose you are the same. Now about that dog tax. There are poor children who have dogs for pets. Don't you think you could bring the tax down to \$1 again, say for one week, and give the poor man a chance to buy a tag, and keep a dog for his kiddles to play with?

THE WEATHER. TOMORROW—FINE. FORECASTS. Toronto, Aug. 20.—8 a.m. Moderate to fresh northwest to north winds; fine and slightly cooler today and on Saturday.

READY FOR ANY EMERGENCY AT ANY POINT IN THE EMPIRE. The General Principles Established by the Imperial Defence Conference Which Concluded Its Sessions Yesterday Calls for One Organization at Home and in Colonies Without Any Sacrifice of Autonomy.

London, Aug. 19.—The imperial defence conference held its concluding meeting yesterday and the results of the conference must now be submitted for ratification to the various colonial governments.

In general terms it was provided that all troops of self-governing colonies shall undergo precisely the same training as the home regulars in order to be ready to take their places besides the latter whenever and wherever necessity may arise.

The conference was the most important yet held within the empire, and marks a great advance in the welding together of the colonies and the motherland.

In army matters the delegates were well agreed from the first, and on Thursday it was announced that plans for this branch of the service were complete, and that one great homogeneous imperial army, uniformly trained and equipped, would be organized.

The naval question was not entirely settled until Wednesday when the colonial delegates won their contention that each colony would control its own navy.

G. T. R. BRAKEMAN KILLED AT WORK COUPLING CARS

AT OPEN VERDICT IN NORFOLK CASE. Jury Says Does Not Know Who Caused Death of Aged Michael Hall.

(Special to The Advertiser.) Simcoe, Aug. 20.—An open verdict was brought in by the coroner's jury empaneled to inquire into the death of aged Michael Hall, the blind farmer who was mysteriously shot to death last Sunday.

After weighing the evidence, the jury decided that Hall had come to his death from shot wounds inflicted by party or parties unknown to the jury.

Young Shelley was remanded for eight days for his preliminary hearing. The verdict is regarded as somewhat peculiar in that Shelley was remanded for eight days for a crime of which the coroner's jury was unable to decide who caused it.

The verdict was rendered at 1 o'clock today.

CITY AND COMPANY ARE JOCKEYING. The Former Will Not Give Out Power Prices Till London Electric Show Hand.

SCHEDULE IS PREPARED. But It Will Be Kept Dark for Present—Niagara Power Matter Is Coming to a Head.

No actual prices of power have been submitted to consumers in the city as yet, although it is known that Engineer Sifton has prepared a schedule for the consideration of probable power users.

It is understood that the city is waiting to see what the London Electric Company will do. If the price of power were given to consumers at this time it would give the company the advantage of position and would enable them, if possible, to cut under the city's figures.

The prices will not be made public for some time to come, and at present it is only guesswork as to what Engineer Sifton's schedule contains.

ELECTRIFY CITY'S LINE TO THE LAKE. Matter Is Now Being Given Close Attention by Certain Prominent Men in City.

FIGURES AS TO THE COST. Are Now Being Secured for the Electrification and Double-Tracking of the Road.

The electrification of the London and Port Stanley will not be so distant a problem as some people imagine, but is bound to be one of the questions up for solution within a short time, perhaps within a year or two.

At the present time, there are more than one citizen looking into the matter and much information and data are being gathered to be presented to the citizens, should the question of a lease extension come up in a short time.

Cost Will Be Great. It will of course take a considerable sum to electrify the road and obtain the proper equipment for it.

In conversation with a man versed in these matters this morning it was stated that the road could be electrified, and equipped for \$300,000.

This, he stated, would provide for two electrical freight engines, twelve cars for passengers, and the installing of a system for wires, etc.

Others, however, place the figures at a higher estimate than that sum, declaring that it would cost about \$500,000 to put the road in the condition to do useful service.

Double Tracks. The question of double-tracking it would have to be considered, as no line would be profitable that was not double tracked between London and the Port.

This would add considerably to the expense, so that with double tracking the expense would be about \$750,000.

Yield Large Revenue. "This will be done, and within the next five years," stated a well-known public man this afternoon. "If it cost \$750,000 to electrify the road, the city would be in a good position to make a large revenue from it, and reduce the taxation in the city. Makes no mistake, the problem is nearer the citizens than they imagine, and will have to be grappled with in a very short time."

SMALL BOY DROWNED. Iroquois, Aug. 20.—Allan Shaver, 12 years of age, son of Mr. Alex. Shaver, of Iroquois, was drowned yesterday while bathing in the river. Whether he took a cramp or strangled his companion did not know. His heart was still beating when he was pulled out of the water, but before medical help was secured life was extinct.

CHOPPED OFF HEADS. Awful Dead of Mother Recently Liberated From Insane Asylum.

East Grand Forks, Minn., Aug. 20.—Mrs. Anton Strause, mother of six children, residing at Tabor, 10 miles northeast of this city, killed her 14-year-old daughter and 3-year-old son yesterday by chopping off their heads with an axe. She then ran to the nearest neighbor to borrow a gun to shoot her other four children, who were working with their father in a field. The woman was released from the state asylum three months ago.

Gas For West London. The City Gas Company are laying mains in West London to furnish gas to the residents of that section of the city. A large amount of pipe is already on the ground ready for laying.

How It Happened. Train No. 418 was being made ready to go east. Brakeman Pritchett and Shirley were getting the train ready to go out.

Shirley stooped down between two cars to make a coupling with the six brakes, and as he did so, engine No. 48, in charge of Engineer Bowles, backed into the train.

The impact threw Shirley under the trucks, and the front wheels of a heavy freight car passed over his legs. Terribly injured.

One was crushed above the knee, and the other above the ankle. Pritchett, his chin, rushed to his aid, and with all possible speed his injuries were bound up.

He was taken in the ambulance to the hospital, and Dr. W. J. Stevenson was summoned.

The limbs were removed, but the patient did not rally, and succumbed to his injuries at 1:30 p.m. today.

The Grand Trunk officials are conducting an investigation into the accident.

A Pitiable Feature. A pitiable feature of the accident is that Shirley was the only support of his mother, brothers and little sister, the latter being as crippled as he.

He was a member of the Foresters for some time, but recently dropped out. He was also in the Seventh Regiment.

He is survived by his mother, and brothers, Maurice, George and Lawrence, and sister, Luella.

Shirley was working with Conductor John Atkinson, and Archie Pritchett, his mate, at the time of the accident, the latter being on the opposite side of the train making couplings with him.

He remained conscious for some time after being run over, and spoke to the other members of the crew.

The Last Call. "Well, I guess I won't brake for you any more, Jack," he said to Mr. Atkinson after being taken from beneath the car, and asked were his legs off. Shortly afterward he lost consciousness.

The funeral will be held Monday afternoon at Mount Pleasant Cemetery.

The Inquest. The inquest into the death of Howard Shirley, who was injured in the G. T. R. East End yards last night and who died in the hospital, was held at 10 o'clock this morning at the residence of Smith, Son & Clarke.

Coroner McLaren presided, and the following jury were empaneled: John McCall (foreman), Leonard Weaver, Samuel Henderson, Morris Searrow, Wm. Taylor, Alfred Cole, James Dean, W. C. Maker, James Clarke, Arthur Ferguson, Joseph Morley, Jas. Pickett, Thomas Eggleton, Wm. Colby.

After viewing the body, the jury adjourned to meet again on Thursday evening, Aug. 26.

A FAKE MESSAGE. Windsor, Ont., Aug. 20.—Since the water board decided to buy an additional engine for the plant there has been a good deal of open competition among Canadian and American firms to secure the contract. A few days ago S. K. Peck, a member of the water board, who is in the employ of the Wabash railroad, of which C. S. Cunningham, of St. Thomas, is division superintendent, received an alleged telegram from Detroit, signed "Cunningham," saying the interest of the company would be best served by the purchase of a Canadian-made engine. Mr. Peck, who it was understood, leaned toward an American-made engine, regards the message as a fake, and communicated with Superintendent Cunningham. The latter came here at once, and with the aid of the police, is trying to locate the sender.

WOODS' FAIR J. M. THOMSON'S WOODS' FAIR

TAKE NOTICE

That the Municipal Council of the Corporation of the City of London intends to construct the Local Improvement Works set out in the schedule hereunder, and to assess a portion of the final cost thereof upon the real property fronting or abutting thereon, to be immediately benefited thereby, and that the approximate annual rate per foot on the frontage and the number of such annual assessments are shown in the said schedule, and that a statement showing the lands liable to and proposed to be specially assessed for the said Local Improvement Works, and the names of the owners thereof, so far as the same can be ascertained from the last Revised Assessment Roll, and otherwise, is now filed in the office of the clerk of the municipality, and is open for inspection during office hours.

The following schedule shows the estimated cost of each of the proposed works, the amount thereof to be provided out of the general funds of the municipality, the approximate annual rate per foot, and the number of such annual assessments, as aforesaid:

Table with columns: Description and Location of Work, Total Cost, City's Share, Number of Annual Assessments, Approximate Annual Rate per Foot. Includes sections for Pavements, Cement Sidewalks, Cement Sidewalk, Curb and Gutter, Cement Sidewalks, Cement Sidewalk, Curb and Gutter, and Tile Sewers.

A COURT OF REVISION will be held on Friday, the 3rd day of September, A. D. 1909, at four o'clock p.m., at the City Hall, in the said city, for the purpose of hearing complaints against the proposed assessments or the accuracy of frontage measurements, or any other complaints which the persons interested may desire to make, and which are by law cognizable by the court.

Dated at London, this 19th day of August, A. D. 1909. S. BAKER, City Clerk.

The galvanic battery was called after Galvani, because his experiments had suggested it to the real inventor, Prof. Volta.

GOES TO BOTTOM IN TWO MINUTES

Twelve Canadian Sailors Lose Life Off Nova Scotian Coast.

BANKS CRAFT CAPSIZES

Error of Wheelman Sends Twelve of Schooner's Crew to a Watery Grave.

Halifax, N. S., Aug. 20.—Twelve Nova Scotia fishermen met watery graves, when their schooner, the Orinoco, of Gloucester, Mass., on its way to the Banks, filled and sunk in less than two minutes, twenty miles off this port early yesterday.

There were seventeen on board, five of whom were on watch. The helmsman left the vessel up to the wind to clear the jib sheet. She came around and caught the sails back and capsized.

The wheelman and four other members of the crew were able to grasp floating timbers from the vessel, and after a short time were taken aboard by another vessel.

For the men below there was no chance of escape. It is doubtful if any of them comprehended the fact that disaster was at hand before the water rushed over their sleeping forms. Even in a collision the crash would have awakened them to a chance for life, but here there was no warning. Caught with her sheets back, the vessel heeled far over, her deck was partly submerged, then the craft capsized completely. Below, the victims of an man's fatal error, suddenly experienced the sensations of trapped rats. One agonized shout was borne out to the ears of five helpless men, themselves being swept off the deck, frantically reaching for something to which they might cling. Then it was all over, and one more dreadful tragedy was added to the disasters of the Banks. Most of the men drowned were married, and many families in Gloucester are desolate.

CHIEF JUSTICE ALLOWS A LONDON APPEAL

A Note Case With Which Local Men Are Connected Heard in Toronto Courts.

[Special to The Advertiser.] Toronto, Aug. 20.—Chief Justice Meredith has allowed the appeal of the Dominion Bank from the refusal of Judge Elliott to grant a commission to take the evidence of Mr. Thos. Deely, in Vancouver, in connection with the bank's action against Mr. J. Kernohan for stock in the defendant company, of which Deely was president and manager. The company indorsed the note to the bank. Mr. Kernohan now claims that he was induced to subscribe by fraud.

EAST LONDON DUFFERIN AVE. EAST PEOPLE STILL WORKING

Deputation Waited on Alderman Morehead Thursday Re the Opening.

The residents of Dufferin avenue east are still working to have the street opened up and put in condition before another year passes, and a deputation waited on Ald. Moorhead last evening to see what could be done. Mr. Moorhead has worked hard to have the improvement made, and told the members of the deputation that he could do nothing more. He advised them, however, to again meet No. 2 committee, and that body will be re-ministered once more at the next session.

The residents also complain that loads of filling have been placed on the roadway and never spread, and that work on a sidewalk there is still not completed.

The matter of having the street opened through has been hanging fire for years, and from all appearances it will continue to do so for a long time yet.

RAMBLERS WILL PLAY DORCHESTER

Players Named Who Are Expected to Turn Out.

The Ramblers of the East End League will go to Dorchester tomorrow on the 2 o'clock train on the G. T. R., and the following players are requested to turn out for the game: Catcher, Collins; pitchers, Anderson and Henley; first baseman, Cochrane; second baseman, Eggett; third baseman, Campbell; shortstop, G. Clark; left field, D. Clark; and centre field, Myers. The Derbys, the winners of the league pennant, will undertake a somewhat difficult task tomorrow afternoon when they play a nine from the other three teams of the league, the Cubs, Ramblers and Alerts. A fast game should result.

CARTER'S LITTLE LIVER PILLS. CURE SICK HEADACHE. Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint while they also correct all other ailments, stimulate the liver and regulate the bowels. Even if they only cure the headache, they are worth the price.

Store Closes Tomorrow (Saturday), at 5 o'Clock

DETROIT BOY DROWNED BY A GIANT CARP

Lad Hooks 'Big Fish' Which Pulls Him Off Wharf Into Deep Water. Detroit, Aug. 20.—Harold Gibbons, 8-year-old son of John Gibbons, 495 Elmwood avenue, was pulled into the river by a carp or some other powerful fish while he was fishing from the dock at the foot of Field avenue yesterday morning. He went down in about 14 feet of water, and, being unable to swim, drowned before the eyes of his brother John.

LANDED ON THEIR HEADS

Probably Fatal Runaway Accident Near St. Catharines. St. Catharines, Aug. 19.—Mrs. William Secord and child, and Miss Ada Scanlon, a friend from Chicago, were driving into the city last evening over the G. T. R. bridge, when a train came along and frightened the horse. The animal ran away and just missed dashing the buggy down a 50-foot embankment. All three occupants were thrown out, Mrs. Secord and Miss Scanlon landing on their heads on the road. Miss Scanlon is suffering from concussion of the brain, and may die.

REDUCTIONS MADE BY COURT OF REVISION

Many Appeals Heard and Allowed at a Recent Session. At a session of the court of revision many appeals were dealt with, and reductions to the extent of \$1,783 were made. The following reductions were made: Albert Benham, \$30, on real estate; Colin Currie, \$200, on real; Joseph Coulter, \$100, on business tax; James Drennan, \$1, on statute labor; John G. Dibb, \$200, on income; Miss Jennie Fairbairn, \$50, on income; E. G. Howey, \$100, on business; Andrew Jensen, \$100, on business; D. McEachren, \$1, on statute labor; F. E. Roy, \$304, on income; J. B. Smith, J. W. Stevenson, and E. H. Stewart, \$1 each, on statute labor; W. L. Templeton, \$324, on income; Eliza Yeates, \$150, on income, and Joseph Parker, \$100, on business assessment.

THE LATE MRS. DICKSON

Was a Lady Who Was Highly Respected By All. Mrs. (Rev.) Dickson, who died yesterday morning at the residence of her daughter, Mrs. May R. Thornley, 843 Dundas street, removes a lady who was well known and respected by all who knew her. Mrs. Dickson was the wife of the Rev. G. N. A. F. T. Dickson, who was well-known in the Montreal, Hamilton and London conferences of the Methodist Church. Since her marriage Mrs. Dickson had assisted her husband in a large number of fields of labor. Dundas Centre Church, of this city; Sarnia, St.

A CELEBRATED CLAIM IN LIMELIGHT AGAIN

Payment of Sturgeon Falls Separate School Board May Be Enforced. North Bay, Aug. 19.—The celebrated claim of the separate school board of Sturgeon Falls against the public school trustees of that town, for half the taxes paid by the pulp mill of that town up to the assessment of \$10,000, and dating from 1892 under an agreement entered into at that time, is revived again, as all parties have been summoned to appear before Judge Vallin today in the matter. The agreement between the school board of 1898 was obtained to assist the passing of a bonus bylaw, it being generally understood that they would be opposed if the division was not arranged. Public school ratepayers would not allow the division of the money, and on the 25th of April, 1904, the Ross Legislature passed a special act legalizing the agreement between the school boards, and authorizing the payment of the money. So much excitement resulted at the time that nothing has been done up to the present to enforce the payment, but now with a favorable town council and other things propitious, payment will be made, but it is expected to meet with strong opposition on principle.

Metz, Germany, Aug. 20.-Ten officers and veterans of the First Dragoon Guards, which made the famous cavalry charge on Marsh-la-Tour, Aug. 16, 1870, cutting off Marshal Bazaine's communications, and preventing the French from retreating, have erected a monument to the heroism of the French frontiersmen.

CLAMORING FOR A STRIKE Younger Element in Chicago Street Railway Unions Would Walk Out.

Chicago, Aug. 20.-The street car wages crisis of two weeks ago had been supposedly settled by agreement on a graduated wage scale entered into between the officials of the unions and the companies, but the employees of the west and north side lines have now refused to ratify the agreement.

DELHI MAN ROBBED. Delhi, Aug. 20.-A young man by the name of Orville Lefler, residing about 2 1/2 miles west of here, was held up, snatched and robbed last evening while walking to town.

Ammonia's "Texas" will be presented here Saturday evening, Aug. 21, at the Grand Opera House.

LONDON, AUGUST 20, 1909.

LLOYD-GEORGE WINNING OUT.
 There are many signs that the Lloyd-George budget has captured popular favor and is renewing the strength and enthusiasm of British Liberalism. This could not be so safely affirmed if it at the outset. It antagonized two interests still powerful, and at one time supreme if they united their forces—the landed monopoly and the licensing monopoly. These classes raised such a hue and cry that superficial observers mistook their clamor for the voice of public opinion. There has been no such bitterness in British politics since the early days of the home rule issue. The controversy has raged chiefly around the proposed land taxes, and as these have become better understood the feeling in the country has noticeably changed. The Government's position was strengthened by the imprudent tactics of several great landowners, who threatened to cut down their charities and discharge many of their dependents if the land clauses became operative. One of them, Lord Onslow, threw a portion of his estate upon the market, on the pretence that the new burden of taxation was insupportable. His action was hailed with delight by land reformers, who pointed to the fact that any measure which tended to the break-up of the great estates and the multiplication of land-owners was for the advantage of the country. The Government was further threatened by a series of by-elections in which the budget was the dominating issue. Although the exceptional Liberal majorities of 1906 were not duplicated, the result showed that the tide was no longer flowing with the Opposition.

The most sensational evidence of a change in public sentiment came from an unexpected quarter. The London Daily Mail, which had been ferociously attacking the budget, took a sudden curve; it acknowledged that the campaign against the land clauses had been a failure, and rebuked the Opposition for identifying itself with so unpopular a cause as that of the big landlords. The Mail went further and eulogized many features of the budget, advising the Unionist party to make them its own, and to emphasize the policy of tariff reform as an expedient for financing so progressive a programme. The London Times followed the lead of the Mail, both newspapers being controlled by the same person, Lord Northcliffe. Immediately there was a panic in the Unionist camp. The London Standard and the London Post accused Lord Northcliffe of party treason, and the members of the Government have since been enjoying the spectacle of a free fight among their newspaper opponents. The turn of events has demoralized the Unionist party in parliament, which had been preparing to put up a struggle until October, in the hope of impressing the country. The Unionist peers who have been threatening to lay hands on the finance bill (which embodies the budget proposals), in violation of the constitutional precedent which reserves to the House of Commons exclusive control over tax measures, are now mute and discomfited, and the House of Lords will probably take its medicine with the best grace it can muster.

MONEY FOR MOVING CROPS.
 The position of the banks as regards available notes issues, under the act passed by the Dominion Parliament the session before last to provide for the need of currency in connection with the movement of the wheat crop, is of importance just now, when the West promises the largest yield in its history. The act in question, which was framed by Hon. Mr. Fielding, provides that between June and October each bank may issue extra circulation over and above the amount of its paid-up capital, provided the extra circulation so issued does not exceed 15 per cent of its combined capital and rest.

A statement of the standing of the capital and rest, the circulation, the margin of ordinary issue and the excess issue made possible by the Fielding act, has been prepared by the Chronicle, a leading Montreal financial publication. The figures for each of the 29 chartered banks are given, the totals showing that the combined paid-up capital of all the banks amounts to \$94,969,874; the combined paid-up capital and rest to \$169,813,412; the circulation to \$70,890,386; the margin of ordinary issue to \$23,983,288; the excess issue authorized by the Fielding act, upon the basis of the foregoing figures, to \$24,377,907, and the entire

new issue available (i. e., the margin plus the excess authorized by the Fielding act), to \$48,867,195. The figures of paid-up capital, rest and circulation are the standing on June 30, and it is reasonable to expect that before October next the aggregate of paid-up capital and of capital and rest will show some increase, which will mean increase of the amount of extra bank note issues allowed under the Fielding act. The amount of expansion between June and October last year was \$15,431,478. The margin of ordinary issue shown in the totals given (\$23,983,288) indicates that the banks could provide sufficient currency for the handling of the crop by merely using their ordinary issues up to the limit of that margin; but it is probable that even if the total expansion does not exceed the unused margin of ordinary circulation shown above, some banks will use their extra rights under the Fielding act, while others will not be able to get the full amount of their ordinary issues out.

The Chronicle points out that before the new law came into force every bank with numerous branches feared to approach too close to its authorized limit of issue because of the liability to fine if the limit should be unwittingly exceeded. That fear will not now be operative. Each institution may pay out its notes freely, as they are wanted, and if the ordinary limit is passed (provided it is within the prescribed season) the only penalty involved will be the interest payable to the Government on the excess issue, which may be 4 per cent, and cannot be more than 5 per cent per annum.

A summer in London without a water problem is a refreshing novelty. Dollar wheat in the west and a big crop are chasing away the last shadow of depression in Canada. President Taft is credited with the intention of curbing the trusts. Certainly the new tariff bill did not do much in that direction.

The Government of Prince Edward Island has a majority of two. Experience shows that this is a more comfortable position than having a minority of two. New Zealand will follow Canada's policy by building her own navy instead of contributing a Dreadnought to the Admiralty as she first proposed to do. Those who were urging Canada to follow New Zealand's first move will admit that second thoughts are sometimes better.

A NEEDLESS WARNING.

NEW YORK BREAKS EVEN WITH PHILADELPHIA
 The Giants Won First by Hard Hitting, and Were Blanked in the Second Contest.

Philadelphia, Aug. 19.—New York broke even with Philadelphia in a double-header here this afternoon. The New Yorks won the first game by hitting the ball hard. The second game was a pitchers' battle between Moore and Mathewson. Neither team scored until two innings in the ninth, when Magee tripled and came home with the budget proposals), in violation of the constitutional precedent which reserves to the House of Commons exclusive control over tax measures, are now mute and discomfited, and the House of Lords will probably take its medicine with the best grace it can muster.

CLIMBING SKETTERS STOP DUFFY'S SPEEDY GRAYS
 Jersey City Whitewashed Providence in Great Twirling Contest—Score 1 to 0.

CHATMAN TEAM HERE.
 En route to Arkona, where they will play a double-header this afternoon, the Kent Mills baseball team of Chatham passed through London this morning. The two teams are beginning a series of five games for the championship of Western Ontario. The next two games will be played in Chatham, while if it is necessary to perform a fifth it will likely take place in London. Higginbotham and Besant will pitch for the Chathamites this afternoon. The former is quite well-known here by reason of past games, while the latter is a new one, having broken out in Palmerston recently, when he allowed last season's champions down with only one hit, and no ball batted out of the infield. The Grand Trunk train, leaving here at 11:18, was stopped at Watford to permit the teams to disembark and take time for Arkona.

SOLD TO ST. LOUIS.
 Seattle, Wash., Aug. 20.—It was announced today that Lee Magee, first baseman of the Seattle Northwestern League team, will be sold to the St. Louis Nationals. The purchase price was not made public. Magee will report to St. Louis next spring.

YANKES GET CARROLL.
 Akron, O., Aug. 19.—A deal was closed today whereby Richard Carroll, pitcher on the local team of the League, will join the New York Americans Sept. 1. It is said \$2,500 was paid for Carroll's release. Carroll has a record of winning 25 games out of 31 this season.

"See, if mo' folks knew how easy 'is ter shoos shoes with Day & Martin's 'Just Out' Polish us boot blacks would have ter get 'it out' ter business."

Black and Tan 10c—at dealers.
 CHAS. GYDE, Montreal, Canadian Agent.

LONDON HUNT HELD RECEPTION

Entertained Farmers Over Whose Lands They Ride With the Hounds.

A SPORTS PROGRAMME

Was Successfully Carried Out at the Kennels—Some Speeches and a Generally Good Time.

The London Hunt Club yesterday afternoon entertained the farmers and their families of London Township, over whose farms they hunt, at the Kennels, yesterday afternoon, and a very pleasant time was spent.

A Tug-of-War.

The tug-of-war between two teams, one from farmers east of Adelaide street, and the other of the west of Adelaide street, created plenty of excitement, the men from the east, under Capt. Guest, winning in straight draws.

Visitors Welcomed.

Hon. Adam Beck, master of the hunt, welcomed the farmers to the Kennels as the guests of the London Hunt Club. For 25 years, through the kindness of the farmers, the Hunt Club had enjoyed the privilege of riding to hounds over their farms, and the best feeling and goodwill had prevailed.

The Club Abroad.

Mr. Beck referred to the success of the London Hunt Club abroad. Once they had won the championship, and this year they took second place, a high honor in show, it means a lot to the club.

On Behalf of the Farmers.

Mr. J. McMillan made a brief reply on behalf of the farmers. He declared it was always a pleasure to meet the members of the London Hunt Club, and there would be a continuance of the pleasant relations that had existed now for a quarter of a century.

The Prize Winners.

The prize winners were: Married ladies' race—1, Mrs. Wyatt; Long jump—1, C. Legg; 2, L. Smith; Novelty race—1, L. Smith; 2, C. O'Brien.

PASTOR DISAPPEARS

Rev. Carl S. Jones, of Detroit, Cannot Be Located.

Detroit, Aug. 20.—Rev. Carl S. Jones, associate pastor of the North Woodward Avenue Congregational Church in this city, has disappeared, leaving nothing to explain the mysterious fashion in which he has vanished.

WESTMINSTER NOTES

Summer Guests Getting Home Again—Fire on the Fifth Concession.

Mr. Robert Baty has returned home after a two months' stay in the west. His many friends are glad to see him again.

Early Wednesday morning fire was discovered in the home of Mr. Tink, on the fifth concession. The flames had gained considerable headway when the alarm was given, and little could be done to save either the building or the contents.

The origin of the fire is unknown. Mrs. George Elliot is spending a few days this week with her mother, Mrs. Lind, of Colborne street, London.

Mr. Addison Warren, of Detroit, is spending a brief holiday at the home of Mr. Adam Nichol, of Glasgow street.

On Tuesday night Mr. George Laidlaw had thirteen sheep worried by dogs. The people of Westminster appreciate very highly the enterprise of the Advertiser in arranging for the delivery at the station of the last edition of the paper. The Advertiser is very widely read in Westminster.

PEOPLE WANT POLES REMOVED

Move to Improve a Pretty Avenue in North End of City.

HORTON STREET WALKS

No Tenders Were Received For the Removing of Them—Row Over a South London Walk.

There was considerable routine business up for transaction at the meeting of the board of works last evening.

Mr. J. Fritz Beck and Mr. W. G. Murray, representing the residents of Briddport street, appeared before the committee and asked that the poles be removed from that thoroughfare.

"There is a 19-foot lane at the rear of the street, and we thought it would be just as suitable to the companies if the poles were placed in the laneway," said Mr. Murray. "We would like to have the street free from poles, if it is possible to do so."

Costs Money Now.

"It is a pity that this request was not made before the poles were erected," said City Engineer Graydon. "We might have managed them. Now it will cost considerable money to remove the poles and string the wires, and it is not likely that the companies will agree to it, unless all expenses in connection with their removal are paid by the residents of the street."

Mr. Graydon had better obtain figures as to the cost of moving the poles and then we will know what we can do," said Ald. Cooper.

"This will be done, and if the cost is reasonable the poles will likely be removed. The owners of the property to bear the expense."

Sewer Blocked.

Mr. H. Gramlich, of Emery street, complained of his sewer being plugged up. This is the same sewer that has caused trouble for some weeks, and months past. The main sewer was flushed out some time ago, and Mr. Graydon is of the opinion that the blockage is due to some debris from the side drain. He will investigate and remedy the mistake.

Mr. A. Swazley, of Sussex avenue, appeared before the committee and asked them to grade and gravel that street. Mr. Graydon will look into the matter and report.

No Tenders.

No tenders were received for the removal of the walk on Horton street, and this question was laid over. It will be necessary to remove six gulleys. If the work is to be moved, and the cost of this work will also be found out.

It was decided, on the petition of Mr. C. E. Howard, to lay a cement walk in front of his residence, and a plank walk in front of his father's residence on Adelaide street south.

Cement Walks.

Petitions for cement walks on east William street, between Grovesnor and St. James streets, and on east Edward street, between Briscoe and Langarth streets, and for a sewer on Adelaide street, between Piccadilly and Oxford streets, were found to be sufficiently signed, and will take the usual course.

Row Over Walk.

A petition signed by T. Knowles, against a sidewalk on north Weston street, was found to be sufficiently signed, and it created quite a storm. It seems that for some time the residents of the street have been trying to obtain a walk, but have been blocked by the members of the committee.

Damages for Trees.

Mr. S. F. Griffith, on behalf of Mrs. E. May, asked for damages for cutting down trees in front of her residence, 687½ Dundas street.

This was done when the late Parks Commissioner Pearce was alive," said Ald. Rose. "I do not see what we can do now. We had better allow our engineer to report on it."

Factories Inspector Clarke reported that there were no conveniences for women in the Patrick cigar factory in the East London Town Hall. As the finance committee rented the hall, the communication was sent to that body.

The boiler inspection report on the city hall boilers showed them to be in first-class condition.

Ald. Rose suggested some gravel for Charlton avenue, and reported that a sidewalk was broken on Elizabeth street, near Princess avenue.

City Engineer Graydon will report on these matters.

Those present were: Ald. Gerry, chairman; Ald. Saunders, Ald. Rose, Ald. Cooper, City Engineer Graydon, and Secretary Wright.

A Warcloud Hovers Above Bolivia

Washington, Aug. 19.—The state department warns that Peru has served an ultimatum on Bolivia concerning the acceptance of the award made by the president of the Argentine Republic in the arbitration of the settlement of the boundary dispute between Bolivia and Peru.

Peru gives Bolivia until today to either accept or refuse to accept the decision of the Argentine arbitration. What Peru intends to do if Bolivia refuses is not known here. A severance of diplomatic relations would naturally be the first step. There is no news definitely to indicate what course will be followed by Bolivians, and there is a strong organization in that country

DRAY STAND WAS AGAIN TO FORE

Petition of Merchants To Have Teamsters Removed Was Again Laid Over.

NO VERY SUITABLE SITE

Can Be Secured to Place the Drays—Quite Evident That Aldermen Are Afloat of the Question.

The petition of the wholesale merchants on York street to have the draymen removed from that thoroughfare was the cause of a debate at the board of works meeting last night, but the matter was again laid over, the city engineer to report on a suitable site for the draymen to be located on.

There is, however, no likelihood, from the present attitude of the members of the committee, that they will be removed this year, or for some time to come.

When the question came up, Ald. Saunders suggested that the petition be sent to the council, and allow that body to select a site.

No Suitable Site.

"We have thoroughly looked the ground over, and while there are many reasons why the men should be moved, I cannot find a suitable place to put them," he said. "Until we have a suitable place, it would not be wise to interfere with them."

"What about the corner of Clarence and Bathurst streets?" said Engineer Graydon.

"I do not think that such a suggestion would be satisfactory," said Ald. Cooper.

"There are no residences there, and it would be handy to the M. C. R. depot," continued Engineer Graydon. "But is not all suitable," said Ald. Saunders. "The street is bad, and there are many objections to it."

Shelve It Again.

"Why not lay the whole matter over until the new Grand Trunk depot is built?" said Ald. Gerry.

"You apparently want to get rid of it for all time to come," retorted Ald. Saunders.

Ald. Rose thought that the Grand Trunk would allow some of them to stand on their property at the rear of the station, and that would relieve the congestion somewhat.

"The company will not allow cabs in there, so I do not think they would countenance drays," retorted Engineer Graydon.

"I might interview the superintendent and find out," said Ald. Rose.

"I will move that the whole matter be laid over for one week," said Ald. Saunders. "In the meantime the city engineer might report on a suitable site, and he also might have an interview with the superintendent of the Grand Trunk as to his views on it. We have no meeting of the council for two weeks more, so we can wait without doing any harm."

This suggestion was agreeable to the other members of the board.

A BAND CONCERT IN VICTORIA PARK

Excellent Programme Will Be Rendered Tonight by the Seventh.

By kind permission of Major A. A. Campbell, commanding, and the officers, the Seventh Regiment Fusiliers Band will perform the following programme in Victoria Park this evening, from 8 to 10 o'clock, under Bandmaster Albert W. Slater:

WHITNEY MAY REFUSE TO GRANT A LICENSE

Metropolitan Racing Associating Place Ontario Government in Uncomfortable Position.

Toronto, Aug. 19.—The question of the rights of the Metropolitan Racing Association, the right of the Dominion Government to grant a charter, and the right of the Province to refuse to issue a license to confirm the charter so as to legalize the status of the association in Ontario, are all questions which will be fought out by the Ontario cabinet when the Metropolitan Racing Association makes application for its license.

Foy May Refuse.

Speaking of the matter, Hon. J. J. Foy, attorney-general, stated that the Dominion has a "technical" right to grant the charter, and that the event of the Province refusing a license there would be a direct conflict of authority. "There are" continued Mr. Foy, "conditions which to my mind the Provincial Government would be justified in making exceptions in the course of granting licenses—and this may be one of those cases where the application should be refused."

To Control Betting.

In a letter two columns long, Hartley H. Dewar, K. C., the counsel for the Metropolitan Racing Association, takes up the defence of his clients, in which he says: "The charter that has been granted does not permit the incorporators to carry on the business of betting or to make bets on the races. The charter of the Ontario Jockey Club, the Hamilton Jockey Club and the Port Erie and Windsor Racing Association, which are always in force, are such a business by the association or its officers to make bets on the races. It is desired to limit and control betting to an extent that the law does not at present regulate. It is this matter which either the Provincial or Dominion Government has a perfect right to deal with, but it is not involved in the issue of this charter."

No Special Privileges.

"My clients advise me, and authorize me, as their counsel, to give this undertaking: If Sir James Whitney's advice and cancel the provincial charters of the Ontario Jockey Club, the Hamilton Jockey Club and the Port Erie and Windsor Racing Association, or if the law of the Province is amended so that those where betting takes place shall be put out of existence, they will accept the decision of the provincial government, and voluntarily surrender the charter of the Metropolitan Racing Association. My clients expressly state that they have no desire to claim any privilege that others do not enjoy, and that they will accept the law of the Province in all matters of provincial legislation, or to exercise their jurisdiction under their Dominion charter, except in a legal, decent and reputable manner, according to the best traditions of the Toronto Woodbine race-course."

MANY GREEN GOODS PLANTS

Ten Thousand Throughout United States and Canada, Says Famous Detective.

Detroit, Aug. 20.—That there are 10,000 plants in the United States and Canada capable of bringing in counterfeit money at almost a minute's notice was an astonishing statement made here today by Charles E. Wilkie, chief of the United States secret service. Chief Wilkie came to Detroit today on an inspection trip, and declares his visit has more than ordinary significance. "There is no plant in the west and it is there they have kept us busy for some time in these days is not what it used to be. In the olden times it sometimes took a year to prepare plates to make the imitation bills. Now science has done wonders for the counterfeiters. Preliminary operations in preparing the 'queer' in those days was expensive. Now fifteen cents set a counterfeit up in business for himself. When I say there are ten thousand counterfeiting factories ready to begin operations, that does not indicate that they will actually start work. Our department has perfected a splendid working arrangement with the Canadian and English secret service, and the continued espionage which is maintained on both sides of the line is the only thing which keeps the makers of the 'queer' from flooding both the United States and Canada with counterfeit money."

MONKEYS ROUT POLICE

Wouldn't Stand for Patrolman as Organ Driver.

Toronto, Aug. 20.—Two monkeys created much merriment in Archer avenue, near Wallace street, when the excited efforts to keep several policemen from a seat on a street organ yesterday.

The red-capped monkeys are the property of Tony Condrava, when the excitement began, Condrava, the horse and two monkeys were on the seat of a hand organ, which was attached to a horse, and were driven by Archer avenue.

A steam roller frightened the horse and it ran. The wagon skidded suddenly and Condrava and his wife were thrown to the pavement, suffering injuries. As the frightened horse continued, one of the monkeys sprang nimbly on the horse's neck and in some manner stopped it.

Its companion scrambled up a telegraph pole. A pedestrian summoned the police, and a patrol wagon containing the policemen was sent to the scene.

When the patrol arrived the policemen found the monkeys perched on the seat

WANTED AT HAMILTON.

Windsor, Aug. 20.—After being fined in Detroit for drawing a revolver over a letter from Hamilton, which he accused his aunt of opening. The letter contained the information that Parks was wanted by the Hamilton police.

FINANCIAL AND COMMERCIAL

HAY CONTINUES TO GO UPWARD

Some Loads Sold at the Record Figure of \$13.75 on Local Market.

STRAW APPEARS SCARCE

Oats Remain the Same—Some Peaches and Plums Were Offered in Butchers' Pavilion.

Hay again took a sharp advance on the local market this morning. There was quite a good supply offered, some twenty loads in all. The lowest price offered was \$12.50, while two or three loads brought the record price of \$13.75. The majority of the loads brought upward of \$13.00.

There was only one load of straw offered, and this brought \$6.50. Oats were hardly more plentiful. There was only one load of part new and part old, this sold at \$1.50.

Some peaches and plums were offered by dealers in the butchers' shed, but there was no change in prices.

Other prices remained as follows: Grain.

Table with 2 columns: Commodity and Price. Includes items like New wheat, Oats, New oats, Barley, Corn, Peas, Buckwheat, Beans, and Eye.

Hay and Straw.

Table with 2 columns: Commodity and Price. Includes New hay, Straw, and Dairy Produce.

Special Meeting of the Board of Education To Be Held for the Purpose.

EAST LONDON CAPT. KAYE SUCCEEDS COLONEL M'DOUGALL

Will Take Charge of Wolsey Barracks on September 28—A Popular Officer.

At a meeting of the Trades and Labor Council held in the Labor Temple in Toronto last night, the starting charge was made that a large number of Greek shoe shine boys in Toronto and other Canadian cities were living under a system of peonage.

One of the speakers at the meeting claimed that a consignment of 65 of these boys had been taken from Duluth to Port Arthur, despite the fact that on their arrival they did not have \$10 between them.

Conditions in London. The Advertiser took some pains to ascertain the conditions existing in this city, and as far as can be learned there is not one ever had been any hint of a peonage system, at least in this city.

At one of the city shoe shine parlors the reporter was told of a Greek boy who was working for his uncle, and who was compelled to watch a peanut stand and do other menial work from 6 a.m. till sometimes 2 o'clock at night.

One Case. The boy ran away and was found sleeping in an alleyway, by the proprietor of one of these shoe shine establishments. He was at once given work. His uncle sent for a brother in Chatham, who came and tried to force the boy to go back to his uncle.

The proprietor of the establishment then interposed and swore out an information against the older brother, and on the matter coming up in court the proprietor was given charge of the boy.

The suspension. The only thing that could form any ground for the suspicion is the fact that where the boys have been brought out by any person or agency, they are compelled to sign a contract for one year, but no longer, and even under this contract the boys earn good wages.

LADIES' AID SOCIETY HELD A SOCIAL A Very Pleasant Affair Took Place Last Night in Chelsea Green.

The members of the Ladies' Aid Society of the Chelsea Green Presbyterian Church held a very successful social at the church last evening.

Police Swoop Down on Local Handbooks Large Number of Names It Is Alleged Were Secured by the Officers.

Sergt. Birrell and a number of other police officers made a raid today on several places where it is said handbooks have been made.

There are said to be about five of these places that have been doing a thriving business in bets on the races. A large number of names of those making bets at the different places were taken, and it is said that prosecutions will follow in a few days.

LONDON MAN HAD A CLOSE CALL Mr. William Mullay Saved Himself in Dangerous Position at Glanworth.

Sergt. Birrell and a number of other police officers made a raid today on several places where it is said handbooks have been made.

There are said to be about five of these places that have been doing a thriving business in bets on the races. A large number of names of those making bets at the different places were taken, and it is said that prosecutions will follow in a few days.

What School?
Many parents are now considering the question of education for their children. For a quarter-century I have been teaching young people business subjects—Bookkeeping, Shorthand, etc.—and placing them in positions.

3 PHONES
South, 969, Dundas, 1866 and 317.
T.A. ROWAT & CO

Lajoie's Successor
Rumor Has It That Bernhard Will Get the Position.

Cleveland, Aug. 19.—Considerable confidence is given here to the report from Nashville, Tenn., to the effect that William Bernhard will succeed Napoleon Lajoie as manager of the Cleveland team.

The Care of Hardwood Floors
This is a splendid opportunity for having hardwood floors repolished and refinished before the busy fall season. We have EXPERT FINISHERS, who will take charge of this work for you and who can make your floors as perfect as when new.

OVERSTOCKED IN DRESSERS
We are overstocked in Dressers and have decided to cut the price very low to clear them out of our showroom. All are beautiful in design, from the very simple kind to the heavy and more elaborate styles.
