PRELIMINARY TRIAL OF SPRACKLIN SET FOR DECEMBER 2

BORDEN LIKELY TO BE CHOSEN CHIEF JUSTICE SUPREME COURT

Former Premier of Canada Has Eye On Position.

REGAINING HEALTH

Sir Louis Davies Would Be Willing to Retire, Is Belief.

[Special to The Advertiser.]

Ottawa, Nov. 25.—Speculation regarding the future of Sir Robert Borden is still rife here. He has been enjoying his retirement here recently in a quiet way, devoting the greater part of his time to reading, and appears to have completely regained his health. It is well known that it was long the ambition of Sir Robert to cap his distinguished career as a lawyer by achieving the position of chief justice of the supreme court of Canada, and it is generally believed that he will succeed to that position before long. The present incumbent, Sir Louis Davies, was appointed to the supreme court in September. Under the statute retirement on full pension is permissible if the incumbent has been on the bench for 20 years and is over 75 years of age, or has served 25 years and is over 70. Sir Louis was 75 last May, and will have served 20 years next September. Consequently, his retirement then is very probable, and it is known that his inclinations run that way. The general expectation is that Sir Robert will succeed him next September, by which time he will be fully able and desirous of resuming work.

DUTCH PLANNING LAW TO REDUCE H. C. OF L.

The Hague, Nov. 25.—The Dutch Government is preparing a law designed to reduce the cost of living and improve the exchange value of the guilder, by restrictions on imports, says the Handelsblad. The newspaper reports that the proposed law would either prohibit the importation of luxuries or would impose heavy duties on them.

DUEL OF WORDS ADD LIFE TO HOUSE SESSION

London, Nov. 25.—By Canadian Associated Press.—In the course of the debate in the House of Commons yesterday on the Irish reprisals questions, Sir Donald MacLean, a Liberal, turning to Sir Hamer Greenwood, the Irish secretary, said: "The honorable gentleman comes from Canada, where one of his ancestors was sentenced to be hanged, drawn and quartered for being a rebel against the crown."

Sir Hamar instantly interjected: "He was not an assassin."

The retort was greeted by loud ministerial cheers. Continuing, Sir Donald MacLean remarked: "He was an innocent man suffering for some of the guilty. That is what is happening in Ireland today."

This comment aroused cheers from the Liberal and Labor members.

ASSUMES HIS NEW DUTIES AS CHIEF OF PROVINCIAL POLICE

Former Chief of Police Wm. J. Lannin of Stratford.

P. O. CLERKS AND CARRIERS AMALGAMATE

New Organization Will Have a Membership of 4,000.

CANTWELL IS PRESIDENT

Regarded As Most Important Labor Move in Years.

Ottawa, Nov. 25.—An amalgamation has been effected between the Postal Clerks' Association and the Federated Association of Letter Carriers, according to the secretary-treasurer of the new body, E. W. Mann. As each of these bodies numbers about 2,000 members, and have branches between the Great Lakes and the Atlantic seaboard, the federation of these bodies is probably one of the largest amalgamations in labor circles in Canada for the last few years.

The new organization will be called the Canadian Federation of Postal Employees. Membership shall be composed of all existing recognized Dominion-wide postal employees' organizations, and such other organizations of postal employees which shall in the future be organized and recognized by this federation as Dominion-wide organizations. W. J .Cantwell is president of the new organization.

LOCAL OFFICIALS FAVOR PROPOSITION

While not wishing to express a definite opinion on the reported amalgamation of the members of the Postal Clerks' Association and the Federated Association of Letter Carriers until the facts have been officially placed before the London locals of the two organizations, Provincial Vice-President Carruthers of the P. C. A. told The Advertiser this morning that he personally thought the scheme good on the principle that union is strength. The consummation of it would, he said, affect about 150 members of the two organizations in London.

Roy McKay, secretary of the Postal Clerks' Local, declined to express any views on the matter. The story from Ottawa, shown him by The Advertiser reporter was the first intimation, he stated, that he had in regard to the matter.

Mr. Carruthers said something along the same lines had been carried out in Toronto a year ago, and the scheme reported from Ottawa as carried out had been mooted. The Toronto plan had included the mail clerks as well. The northwestern locals are not included in the amalgamation, he said, owing to the split which took place between them and the Ontario and maritime provinces locals during the Winnipeg strike.

HOW TO BEAR IT!

John Bull worried to death with coal strikes, unemployment, Ireland, and various other troubles)—"I say, old chap! I wish you'd give me a tip. How do you hibernate?"—Westminster Gazette.

WORLD'S WORST DESPERADOES IN THE RUM-RUNNING BUSINESS

Fredericton, N. B., Nov. 25.—The Rev. F. D. Wilson, who is retiring from the position of chief inspector on the prohibition act of this province, was banquetted last night by 150 friends at this place. Speaking of his experiences, he declared that the desperadoes of the world were in the rum-running trade and that the chief need of the officers engaged in enforcing it was a sympathetic court.

Referring to the Spracklin case, he declared that he was glad such a thing had never happened in this province. Once he had been asked by a detective if he might carry a gun in his raiding. He had told him he would furnish handcuffs and a baton—if he wanted a gun someone else would have to give him the order to carry it.

Mr. Wilson will become head of the New Brunswick Temperance Alliance.

SMALL POWERS WANT MORE TO SAY IN LEAGUE

Decided Differences Beginning to Appear at Assembly.

ARGENTINA LEADING

Sweden, Norway and Denmark Will Demand Amendments.

Geneva, Nov. 25.—No meeting of the assembly of the League of Nations was held today in order to give the members full time for committee work, and it is possible there will be no session tomorrow. While some of the committees are reported to be progressing with unexpected speed their prompt decisions are thus far mostly for sure and slow solutions.

After the membership committee had decided to make all the new Russian states wait for admission, and the amendment and disarmament committees had expressed themselves in favor of delay, the committee on finances and economics decided yesterday it would not act at present on the suggestion of the Brussels financial conference that a committee of financiers be chosen to lay plans for an international credit institution. The committee appears to be of the same opinion as the council of the league that this also is a question in which precipitate action would be unwise.

If the assembly approves the committee's decision, another international financial conference will be held next year before anything is done on the suggestions made at the Brussels conference. This is understood to be the plan advocated by the British.

Geneva, Nov. 25.—Committee meetings again featured today's session of the assembly of the League of Nations. Several of these bodies, charged with examination of projects laid before the assembly and the preparation of reports, are believed to have nearly completed work, and it is expected that debate on their conclusions may begin in a few days.

Distinct lines of cleavage seem to be making their appearance at the meeting of the assembly, delegates from the smaller nations insisting that the countries they represent should play an influential role in the work of the assembly and the council of the League. Scandinavian and South American representatives are prominent in the conversations occurring at sessions of the assembly, and it is expected their leaders are planning to take part in the debates soon will begin soon.

Want Four Members.

Honorio Pueyrredon, foreign minister of Argentina and one of that nation's representatives, is one of the leaders in demanding that smaller nations should elect four members of the council of the league, and he seems to have the support of a number of influential delegations. Sweden, Norway and Denmark evidently purpose to take to the floor of the assembly in the fight for amendments to the covenant of the league. In addition, several nations have taken decided views regarding the economic blockade, the international court and mandates. The proceedings of the assembly which are at present really being carried on by the committees may be considered as merely preliminary to its real work, which will begin when these committees submit reports and debate begins.

THANKSGIVING DAY IN UNITED STATES

New York, Nov. 25.—Today is Thanksgiving Day in the United States. Observation of the day is general and is similar in form to that of the Canadian Thanksgiving with the family reunion and the turkey dinner as the chief features.

In New York City, scores of church services, turkey dinners, for the city's 17,500 juvenile wards and similar feasts for inmates of hospitals, prisons and other public institutions were on the program for the day. Ellis Island was the scene of a special "Americanization course" of turkey for 1,600 immigrants who found themselves at that stage of their long journey to a new home.

The city also planned to send Thanksgiving baskets to the families whose bread winners are in prison.

War Battered Armored Car Is Returned

Montreal, Nov. 25.—An armored car, one of the original eight which went overseas from Canada in 1915 is back in Montreal, having been forwarded to the headquarters of the Canadian Motor Machine Gun Battery by the war trophies commission. Its battered condition, and numerous scars, tell a tale of strenuous service, and as an intimate souvenir will be a forceful reminder of the role the Motor Machine Gun Brigade played in the war. The car is still in serviceable condition, and will be utilized in training recruits for the unit, which is in process of reorganization as a part of the non-permanent militia.

MEIGHEN BREAKS PROMISE; WILL NOT ADDRESS WAR VETERANS

Canadian Premier Receives an Invitation From Toronto Returned Men.

DECLINES TO ACCEPT

No Further Engagements Are in Prospect for Queen City.

[Special to The Advertiser.]

Ottawa, Nov. 25. — Premier Meighen's promise, made at Massey Hall, that he would address the veterans whenever they would arrange a meeting in Toronto, is not to be fulfilled. He has now been invited to speak to them on Sunday evening next.

Inquiries at the premier's office this morning elicited the information that the premier will not accept the invitation and that no further Toronto engagements are in prospect at present.

WOMEN LIBERALS ADVOCATE MORE DRASTIC REGULATIONS COVERING ISSUING OF MARRIAGE LICENSES

Women Magistrates and Police Women Advised As Proper System for Satisfactory Dealing With Female Offenders —Resolutions of Toronto Body To Be Presented To Ontario Organization.

Toronto, Nov. 25.—The Toronto Liberal Women's Association, this afternoon placed itself on record as emphatically in favor of more stringent regulations with regard to the issuing of marriage licenses, stipulating that a physician's certificate should be an essential condition. A second resolution expressed opinion that evils resulting from the arrest of women by men and trial of women by men can only be remedied by the establishment of women's courts, and the appointment of women magistrates and police women. This resolution had been sent down for indorsation by the Provincial Women's Liberal Association.

The resolution regarding the safeguarding of marriage will be sent to the Ontario Women's Liberal Association and copies to each Women's Liberal Association of the province, that the voice of these may be obtained.

PROPORTIONAL REPRESENTATION, AS OUTLINED BY GOVERNMENT, IS NOT FAVORED BY CITY FATHERS

Will Tend To Bring About Group Legislation, Says Mayor—London Should Receive Consideration, Declares Alderman Wilson.

General adoption of proportional representation as recommended by a committee of the Legislature is not favorel by members of the city council. Few of them are very thoroughly acquainted with the method, and they were willing to see it tried in one or two constituencies as an experiment. They do not think it should be taken up by the province as a whole, or for the election of municipal councils until some tests of it have been made.

Mayor Little said he did not favor proportional representation because it tended to bring about group government at all," he commented. "You get a number of different factions in the Legislature and you have to get along as best you can by compromise. This is fatal to any decisive measures, and prevents an efficient administration."

The mayor pointed out that the system was occasionally used on a small scale by the city council. When a number of men are nominated for some of the boards several ballots are taken. The lowest man is eliminated after each vote until only the one favored by the large majority of the council is left. He saw no reason why Ottawa and Hamilton should each be allowed three members, as suggested by the Legislature committee, while London's representation remains at one.

Ald. Cameron Wilson said he did not believe in the general adoption of the system, but thought it would be a good plan to experiment with it in one or two ridings.

Ald. W. A. Wilson was strongly opposed to increased representation being granted to Ottawa and Hamilton. London should receive the first consideration along this line, he said.

ARRIVES HOME AFTER TRIP TO ENGLAND AND FLANDERS FIELD

James Gray Visits Grave of Son.

VARIED EXPERIENCES

Salvation Army Proved of Great Help—Tells of Conditions in England.

"The more often I visit England the better I like it," said James Gray, in an interview with The Advertiser today following his return from a two months' trip to Great Britain and the cemeteries on the great European battlefields. Mr. Gray was accompanied on his trip by Mrs. Gray, his daughter-in-law, Mrs. Roy Gray, and her little daughter. The outward voyage at the beginning of October was very pleasant, but the return trip a stormy one, and took fourteen days, fog delaying the boat in the English Channel for two days.

Speaking of the special purpose of his trip, the visiting of the grave of his son Roy in France, and the graves of sons of a number of his friends who were unable to make the trip themselves, Mr. Gray said: "It thrills you to see the great cemeteries with their thousands of small crosses, several of the cemeteries being several acres in extent.

Much Red Tape.

"The one great fault that I have to find with the old country is the interminable red tape that surrounds the war office and the military service. During my inquiries in these departments I was sent from pillar to post, but when I got in touch with the Salvation Army my troubles to a very large degree disappeared. When we arrived in France we found all the cemeteries in the charge of British military parties and kept in splendid order.

"At Arras we were directed to the Salvation Army hostel for information. At first the S. A. officials thought we were merely a party of tourists, and we were informed that they could not accommodate us. 'We are only here to aid those who are seeking the graves of their own dead,' said the officer. 'Then I'm your man,' I replied, and we were immediately made welcome and given every possible assistance in the locating of the graves we wished to visit," said Mr. Gray.

Found Without Difficulty.

"In the finding of the graves I had promised to visit for friends fortune seemed to favor us, for we were able to find them without difficulty, even in the most densely populated cemeteries."

The tour of the cemeteries included several long automobile drives, two trips at least being over 70 miles, and during the tour Mr. Gray and his party had an opportunity of seeing a large portion of the war-devastated district. Speaking of one section he saw, Mr. Gray said: "It is hard to realize how ever our boys passed over the ground, and still harder to understand how ever a single man returned alive. The ground seemed to be full of cellars for houses, that have been built so closely together

SPRACKLIN'S BAIL IS INCREASED TO $20,000; DECEMBER 2ND IS SET FOR PRELIMINARY HEARING

Sandwich Minister Charged With the Killing of Beverly Trumble Appears Before Windsor Magistrate — Evidence Taken at the Coroner's Inquest Will Be Read Into Court Records.

Windsor, Nov. 25.—Canadian Press.—Rev. J. O. L. Spracklin, charged with having unlawfully slain Beverly Trumble, owner of the Chappell House, during the course of a raid by the pastor-inspector and his squad of prohibition officers, appeared in police court here this morning and was remanded for preliminary hearing on December 2.

This action was decided upon by agreement of all parties to enable the magistrate to read the evidence taken at the coroner's inquest, which will be read into the records at the court and thus eliminate the necessity of a fresh hearing of all witnesses. Spracklin's bail was increased from $10,000 to $20,000, of which he will furnish a personal surety of $10,000.

CITY WILL HAVE ANOTHER CHANCE TO VOTE ON INCREASED FARES

Street Railway Troubles Will Again Be Issue in Municipal Election—Six and Eight Tickets for Twenty-Five Cents Is Proposal.

That another vote on increased fares will be taken in January became practically certain today, when Ald. O. I. Cunningham, chairman of No. 1 committee, stated that the question would be considered next Wednesday at the request of Ald. W. A. Wilson of No. 2 committee.

For several months the council has had no hand in street railway matters and it looked as though no phase of it would enter into the municipal elections, Ald. W. A. Wilson firmly believes that another vote will do much to bring about a permanent settlement.

"If the people vote for increased fares the council can then demand better service from the company," he said. "If this is not given then the council will not indorse the bylaw. In that way we would have firm control of the situation, but could allow high enough fares to run the road properly."

Ald. Wilson believes six and eight fares for twenty-five cents would be a good proposition on which to vote. Ald. Cunningham said he believed six and seven tickets would be sufficient.

DOUGHTY RECITES HIS EXPERIENCES IN OREGON MILL

Toronto Detective Refuses to Discuss Statements Said to Have Been Made.

IS WITHOUT HANDCUFFS

The Former Secretary of A. J. Small Appears in Good Spirits.

Spokane, Nov. 26.—Accompanied by John Doughty, whom he is taking to Toronto in connection with the disappearance of Ambrose J. Small, millionaire theatrical man, Detective Sergeant Austin Mitchell of Toronto, passed through here last night.

Mitchell refused absolutely to discuss anything in the way of statements said to have been made by Doughty concerning the disappearance of the $100,000 worth of Canadian victory bonds, the supposed property of Small, whom he served as private secretary. He declared his intention of maintaining what he said had been his policy of strict silence regarding any statements made by the prisoner. Mr. Mitchell said it was his intention to go through Chicago en route to Toronto, but intimated that his route might be changed if it were found to be expedient. During the hour and a half that he and his prisoner awaited the Chicago train here, the pair strolled about the vicinity of the railroad station.

Doughty referred jokingly to his experience in a paper mill at Oregon City, Oregon, where he was arrested, and where he had been employed since February 23.

"I made good," he declared, when asked how he had liked the experience. "I got promoted. They made a trucker

HUNGARIAN THRONE MAY BE OFFERED TO DANISH PRINCE

Copenhagen, Nov. 25.—Hungarian circles here report that a delegation from that country is expected to arrive in Copenhagen soon for the purpose of offering the Hungarian throne to Prince Axel of Denmark. The prince is a son of Prince Waldemar of Denmark, and a nephew of Queen-Mother Alexandra of England.

FRENCH PREMIER IS IN FAVOR OF LIFTING RUSSIAN BLOCKADE

Leygues Considers Restrictions Against Reds Serving No Purpose.

Paris, Nov. 25.—Suppression of the blockade of Russia is favored by Premier Leygues, he told the committee on foreign relations of the Chamber of Deputies last evening. Inasmuch as the soviet government is actually in operation, he declared, it has been decided to permit French traders and manufacturers to do all the business they can with Russia. In addition, says Marcel Cachian, who is a member of the committee, and who has written an account of the premier's statement for the newspaper Humanite, M. Leygues said he was arranging to encourage trade with Russia.

M. Leygues discussed a warlike address by Dr. Walter Simons, German foreign minister, and declared he had made an energetic protest to the Berlin cabinet. He added that in case there was a repetition of the incident the French Government would take decided steps.

THOUSANDS ATTEND GIORDANA'S FUNERAL

Italian Deputy Was Victim of Riot in Bologna.

Bologna, Italy, Nov. 25.—Nearly 100,000 persons yesterday witnessed the funeral of Deputy Giordana, the constitutionalist, who was slain during the riot at the municipal hall on Sunday. The wife and mother of the dead man followed the hearse, and as they passed along the street many weeping women kissed their hands.

The Nationalists have removed the name plate from a street called by the Socialist administration after Spartacus, substituting for it a plate bearing the inscription "Giordana street." In revenge, Socialists fired a dozen revolver shots at street car employees who declared themselves anti-Socialists while passing along this avenue. There were no casualties.

On the closed door of the chamber of labor someone affixed a placard bearing the inscription "Closed for the cowardly murder of Giordana."

DORCHESTER GAS RATES INCREASED WILL BE 85 CENTS

New Charge Becomes Effective On December 1.

[By Staff Reporter.]

Dorchester, Nov. 25.—The ratepayers of this village have been officially informed by the Southern Gas Company, that the gas rates will be increased from 45 cents to 85 cents per 1,000 cubic feet. The increase to go into effect on December 1. The ratepayers will adopt the plan of other municipalities and fight the increase. It is rumored that a meeting will be held to make plans to prevent the gas company from putting the increase into effect.

BRITISH AND FRENCH PREMIERS TO CONFER ON GREEK SITUATION

Leygues Leaves Paris for London This Morning.

Paris, Nov. 25.—Premier Georges Leygues left for London this morning at 9:45 o'clock. While in that city he will confer with Premier Lloyd George of Great Britain relative to questions arising from the recent Greek election, the Rushian situation and problems relating to the Near East.

There are indications that the meeting of the French and British premiers may assume a more important aspect than was contemplated by their original plans. Former Premier Venizelos of Greece is said by the Matin to be planning to hurry his trip northward from Italy to participate in the conversations in London, and the same newspaper declares Premier Giolitti of Italy will also take part. An Athens dispatch states that Premier Rhallis has declared that if allied premiers hold a meeting a representative of the new Greek Government would attend to explain the real significance of recent events in that country.

MEIGHEN TO VISIT SYDNEY.

Sydney, Nov. 25.—Premier Meighen will visit Sydney within the next 30 days announced A. N. McLennan, president of the Sydney Board of Trade, on arrival from Ottawa yesterday. He will be accompanied by Hon. F. B. McCurdy and will also visit Halifax.

ITALY WILL NOT INTERFERE IN GREEKS' AFFAIRS

Government Declares It Will Remain Faithful to Principle.

Rome, Nov. 25.—If France and England decide to intervene in Greece, Italy must stand aloof in order to remain faithful to the principle of self-determination, says an article published by the Messaggero, it being stated here that the article was "evidently inspired." It says Italy must respect this principle, upon which her foreign policy is based, and that in addition she is not among the powers which in 1872 became protectors of that country. Therefore she has no right to intervene in the dynastic affairs of that nation.

REINFORCEMENTS SENT TO PREVENT LAYING OF WESTERN UNION CABLE

Miami, Fla., Nov. 26.—Additional reinforcements arrived here from Key West early today to aid the crew of tub-chaser 154, in guarding employees of the Western Union Telegraph Company and to prevent them from connecting the cable across Biscane Bay between Miami and Miami Beach.

SPANISH STRIKE EXTENDS.

Saragossa, Spain, Nov. 25.—The strike movement is extending widely, and is now affecting the workers in the sugar refineries in neighboring villages. This city is quiet.

OFFICIAL COUNT IN E. ELGIN PROCEEDING

Any Changes Noted So Far Favor McDermand.

[Special to The Advertiser.]

Aylmer, Nov. 25.—The official count of the votes polled in the East Elgin by-election on Monday last is taking place here today, but will not be completed till late this afternoon. At noon H. H. Huntley, the returning officer, informed The Advertiser that so far as the count has proceeded there has been very little change in the figures already announced. In answer to a question, he stated, that if anything the slight changes found were favorable to Sidney S. McDermand, the U. F. O. candidate.

BOLSHEVIKI FIRE ON POLISH FORCES, CLAIM MISTAKE

Reds Explain They Believed Place Held by Ukrainians.

Warsaw, Nov. 25.—Armed conflict between Polish forces and Bolshevik troops which have reached the Polish frontier along the Zbrucz River was narrowly averted yesterday, when the Bolsheviki began a bombardment of the town of Podwoloczyska, about 25 miles east of Tarnopol. Polish military authorities protested against the bombardment, which caused the deaths of five persons and serious injury of sixteen others. The Poles were preparing to attack the Bolsheviki when the bombardment stopped, and the soviet commander sent a delegation to the town explaining the place was fired on because of a misunderstanding. The Bolsheviki believed the place was east of the armistice line and in the hands of Ukrainians.

DESCHANEL LIKELY TO RECEIVE POST IN FRENCH SENATE

Former Premier Is Rapidly Regaining His Health.

Paris, Nov. 25. — Paul Deschanel, whose resignation as president of the French Republic was forced by sickness last summer, has greatly improved in health, writes Andre Vervoort in the newspaper Eclaire. It is declared the former president is gaining in weight, and a continued rest of only a few weeks is necessary to bring about his complete recovery.

The writer confirms reports that it is planned to offer M. Deschanel the senatorship from Eure-et-Loire Department, asserting it is proposed to make his election spontaneous, like that of former President Poincare from the Meuse Department.

SUCCUMBS TO INJURIES.

Brantford, Nov. 25.—Morley E. Wingrove, who four weeks ago fell from an apple tree and had his neck broken, passed away at the General Hospital here this morning. He had been completely paralyzed since the fall, and no hope had been held out for his recovery.

THE WEATHER

LOCAL TEMPERATURES.

Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 40; lowest, 35.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 39; lowest, 35.

TOMORROW—FAIR.

Toronto, Nov. 25—8 a.m.

Forecasts.

Today—Moderate north and northwest winds; cloudy, with light local snow.

Friday—Northwest winds; fair, with much the same temperature.

Temperatures

The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:

Stations.	High.	Low.	Weather.
Victoria	46	44	Fair
Calgary	42	16	Cloudy
Winnipeg	26	14	Fair
Port Arthur	30	22	Cloudy
Parry Sound	..	28	Cloudy
Port Stanley	42	36	Rain
Toronto	36	29	Snow
Kingston	30	28	Cloudy
Ottawa	32	26	Cloudy
Montreal	30	26	Cloudy
Quebec	30	26	Cloudy
Halifax	38	32	Cloudy

Weather Notes.

Pressure is high over the Middle Western States and relatively low over the Lower Lake Region and Middle Atlantic States.

The weather is cloudy, with light local snowfalls from Ontario to the Maritime Provinces, and fair in the Western Provinces.

DOMINION SOCIAL SERVICE COUNCIL TO MEET IN LONDON

Annual Gathering To Be Held Here in January.

It has been arranged to hold the annual meeting of the Dominion Social Service Council in this city on January 24, 26 and 27. Rev. Dean L. N. Tucker is the president of the council, and stated to The Advertiser that several matters of vital interest, which have been under investigation during the past year, will be reported on and discussed.

Speakers known throughout the Dominion for their interest and work in social matters will speak at a public meeting which will be held. This is the first time that the Dominion council has chosen London for its annual meeting. Last year the meeting was held in Montreal.

JUST ONE MORE MONTH BEFORE SANTA ARRIVES

Boys and Girls the World Over Are Counting the Days Until Christmas

Today, November 25, is the day on which for generations innumerable, the boys and girls of the much worried old world have set apart for the beginning of a daily count of the flight of time until that supremely mysterious hour, when enveloped in wreaths of flying snow and his fur-trimmed red cloak decorated with icy diamonds, Santa Claus, traveling in toy-ladened sled, drawn by reindeer, and following the course of the setting sun, in 24 hours visits the homes of all good boys and girls leaving behind at each place some token of his brief and silent call.

Only 30 more nights and the great childhood ceremonial of placing stockings, of course the biggest that can be found, by Baby Dot, little Toddie, sister Mary and brother Dan, ready for Santa's gifts, will be in progress in the millions of homes that girdle the earth from east to west and from the frozen regions of the north star across the sunny tropics to the land of the southern cross.

Already busy brains and hands of the older brothers and sisters, mothers and daddies, are at work contriving ways and means to assist the cheery old saint in his task of carrying joy to child heart of the world, nor are those from whom have been taken their natural guardians bein gforgotten, for already throughout the length and breadth of human activity time is being given by the kindly-hearted to arrangements that shall insure the attention of the jovial Santa to these little ones.

ST. RAILWAY EMPLOYEES

Object to Employment of Man Formerly of Spracklin Prohibition Squad.

Street railway employees are objecting to the employment of a man who was formerly one of the Rev. J. O. L. Spracklin's prohibition enforcement squad at Windsor on the ground that several local men need work and should receive first consideration. No official consideration has been given to the matter either by the union or by the street railway company.

The executive of the union has not met since this man was engaged as a motorman a week ago, and, therefore, the question of his admission to the union has not been considered. John Colbert, president of the union said, final decision need not be given for sixty days. He added, at the end of that period under union rules the company may dismiss the man if he is unsatisfactory or the union may refuse to admit him. No difficulty has arisen over this point in the past. Whether the union will admit McGovern or not remains to be seen. If it does not, it is anticipated the company will follow the usual course and dispense with his services, but no request has been made for his dismisal.

An understanding has existed in the past that local men are to be given first chance of employment, Mr. Colbert said, but this has never been strictly complied with.

WOLVIN DENIES RUMOR.

Montreal, Nov. 25.—Roy Wolvin, president of the Dominion Steel Corporation today denied rumors which seem to have been circulated in influential financial circles here that the British Empire Steel Corporation merger will be abandoned. These rumors suggested that a merger between the Dominion Steel Corporation and the Nova Scotia Steel and Coal Company might be effected instead.

STRENGTH WILL RETURN TO WEAK PEOPLE USING THIS TREATMENT

You are discouraged.
You feel old and worn.
You are sick, but not aware of the fact.
You can drag yourself around—but work is impossible.
With your stomach crying out for assistance and the nerves all on edge why not try Ferrozone? It will surely do you good.

Ferrozone is a wonderful combination of vegetable extracts, fortified by excellent tonics for the nerves and stomach.

When you feel despondent, Ferrozone cheers you up.

When languor and oppression weigh you down, Ferrozone braces you up.

When sleep is impossible Ferrozone calms the nerves and gives you rest.

For bounding health, good looks, good spirits, nothing equals Ferrozone; makes the weak strong and the sick well. Good for men, women and children; try Ferrozone, it can work wonders, as it did for Mrs. Mary Melong, of Harbor Bouche, N. S., who writes:

"Ferrozone built me up.
"Before using it I scarcely knew what good health meant.
"I was just as miserable and weak as any woman could be.
"Tired from morning to night, bothered by trifles, unceasingly nervous.
"The first box of Ferrozone improved my blood, gave me appetite. In a short time I was like a new person. Now I rejoice in abundant good health."

Try Ferrozone. It will make an unexpected improvement in your looks, your feeling, your health.

Whether anaemic, nervous or suffering from secret disorders—if you want cure, use Ferrozone. Price 50c per box or six boxes for $2.50, at all dealers or direct from The Catarrhozone Company, Kingston, Ont.

Everybody Loves the cakes and pies made with DIAMOND FLOUR

LARGE AMOUNT OF CONSTRUCTION WORK

By the City Would Help Employment Situation, Declares Alderman Wilson.

Commencement of a large program of city work to prevent unemployment in London was advocated by Ald. J. Cameron Wilson today. He pointed out that the closing down of industrial plants in other parts of the country was causing a general slackness.

A little extra activity on the part of the city would tide over a depression of this kind, he said. It would insure all citizens having work, and keep the municipality in a prosperous condition.

WHEAT GROWERS OF WEST PLAN A POOL TO MARKET GRAIN

Proposal Is Submitted at the Calgary Convention.

Calgary, Nov. 26.—A proposed farmers' pool for the co-operative marketing of the wheat crop of Canada was outlined to the United Farmers of Alberta, secretaries convention yesterday by J. R. Murray, assistant general manager of the United Grain Growers, Mr. Murray announced that a scheme embodying the proposals had been drawn up by a special committee of the Canadian council of agriculture, but that until the sanction of all members of the committee had been obtained the actual model contract would not be made public. The features of the proposed pool are as follows: "Provisional board to handle 1921 crop to consist of one representative each of the foreign organizations:

United Farmers of Alberta; Saskatchewan Grain Growers; United Farmers of Manitoba, and United Farmers of Ontario. There will be two representatives of the United Grain Growers and two of the Saskatchewan Co-operative Elevator Company, making a total of eight, who will elect a ninth member as chairman. Contract holders must sign for a term of five years, binding themselves to sell wheat only through the pool.

Fifty per cent of wheat acreage, or about 8,500,000 acres to be brought under the scheme.

Expenses of operations to be paid from the pool. Wheat growers who sign contract and afterwards sell grain elsewhere than to the pool to pay 25c per bushel as liquidated damages to the pool.

In event it is discovered that contract holder is breaking his contract by selling elsewhere, the pool is to be entitled to an injunction to restrain him from such action.

City Briefs

NOW BARRISTERS-AT-LAW.—Frederick C. Betts, 536 Queen's avenue; Bartley Cootes, a former Londoner, and Cecil Simpson of Ailsa Craig, were among those who were recently sworn in as barristers-at-law at Osgoode Hall, Toronto.

ENTERTAINED SOLDIERS. — A number of soldiers from Byron and from Westminster Hospital were guests of Manager Minhinnick at the Grand Opera House yesterday afternoon, and greatly enjoyed the bill, including the famous picture, "Trumpet Island."

WILL WELCOME BISHOP AND PARTY.—Preparations to welcome Bishop M. F. Fallon and Philip Pocock on their return from an extensive tour in Europe are being made by the local Roman Catholic organizations. They expected to sail with Mrs. Pocock and Mrs. George H. O'Neil of Toronto, from Naples November 17, and to arrive at New York November 27.

ARRESTED ON THEFT CHARGE.—William Acland of Denfield, a rural mail carrier, was arrested last night on an alleged charge of the theft of a watch from William McDougall. The arrest was made by County Constables Corsaut and Fifield, and the man was brought into the county jail pending his hearing by Squire Chittick.

NOT SAME MR. ROGERS—The personal notice inserted in the London Advertiser in regard to the responsibility for debts, inserted by Arthur Rogers, had no reference whatever to Mr. Arthur Rogers, a well-known resident of this city, residing at 903 Queen's avenue, who is employed at Dyment-Baker Company's lumber yards of this city.

OFFICERS ELECTED.—Officers were elected by the Retail Clerks' Protective Association last night at a meeting in the Labor Temple. A. C. Marshall was chosen president, Andrew W. McKim secretary, and M. Hessenauer treasurer. A short address on organization work was given by President Frank McKay of the Trades and Labor Council. Future meetings will be on the first and third Wednesdays of each month. The next meeting, on December 1, will be addressed by Dr. H. A. Stevenson, M.L.A., on the minimum wage.

THREE FOR BURWASH.—Bailiff Ryan, somewhat relieved the congested condition of the local jail today, when he took charge of three prisoners on his return trip to the Burwash Prison. Six prisoners from Sarnia and three from St. Thomas completed the party.

The nine prisoners from Sarnia and St. Thomas were accommodated in the local jail during the night, crowding the bastile to its capacity. One prisoner, arrested last night, was forced to take a room in the juvenile ward, overlooking the River Thames.

AUTO COLLIDES WITH THE CITY FLUSHER

Although attacked suddenly from the rear, the city flusher last night demonstrated that it was quite capable of taking care of itself and inflicting severe injuries on its assailant. The machine was stopped, facing north on Waterloo street, near Horton street, about 7:30 o'clock last night. A touring car, driven by W. H. Heard, 532 Adelaide street, traveling north, collided squarely with the standing machine. A young lady in the car was slightly injured by flying glass, and the shock, while the automobile was badly damaged. The flusher was not harmed.

W. C. Dodd, superintendent of city street cleaning, said he believed the accident was due to the foggy atmosphere. All lights on both machines were burning, but examination of the trail of the touring car showed that no attempt had been made to swerve out or slow down, indicating that the standing machine was not seen.

WHY HAVE CATARRH?

So Disagreeable to Yourself and All About You.

Catarrh is generally conceded to be a constitutional disease. Therefore it requires a constitutional remedy like Hood's Sarsaparilla which reaches every part of the system by thoroughly purifying and enriching the blood. This medicine removes the cause of the trouble, which if not checked may lead to more serious disease.

In 46 years of use and test Hood's Sarsaparilla has relieved many cases as told by voluntary letters of commendation. Why not get a bottle today and give it a trial? It combines economy and efficiency. Keep Hood's Pills on hand as a family cathartic.

MUNCHING THE PLUG

Apples do not make the best kind of gasoline plugs, the owner of a McLaughlin touring car discovered when he parked his car near the central fire hal ltoday. The fruit served its purpose well until the milkman, making his rounds, drew near. Apples may have been very plentiful on the local market, but they were in good demand on King street, for when the driver returned to his car he found the milkman's Dobbin munching the gasoline plug.

DID NOT RECEIVE ANY LETTER DIRECT

E. W. M. Flock Tells of Communication Regarding the Whereabouts of A. J. Small.

In a report emanating from Toronto this morning it was stated that a supposed clue to the whereabouts of Ambrose Small, the millionaire theatrical man, who disappeared from Toronto some months ago, had been contained in a letter received by E. W. M. Flock of London from a man in New York, who signed himself "B. B. Friend." When interviewed today Mr. Flock said that he did not receive a letter directly from the man who signed himself that way, but that it had been received by a lawyer in New York, who forwarded it to him. Mr. Flock in turn forwarded the letter to Mr. Small's lawyers in Toronto. The letter was investigated, but led to nowhere.

The letter which was inclosed, stated that the writer knew that Mr. Small was alive, and that he was being held, but that further information could not be given at that time. In later correspondence the mysterious person said that on the night of December 2 last Mr. Small had been inveigled into a motor car and driven to a "respectable locality in Toronto, where he may be yet."

As the lawyer in New York knew of a desperado in that city who was known as "Big Bill," it was thought that the clue might be worth following. According to Mr. Flock, the writer of the mysterious letter was either a crook who tried to gouge some money from Mr. Small's estate, or just a crank.

Mr. Flock said that letters offering advice or solutions are continually being received, and as a rule little attention is given them. Amateur detectives are often the originators of these communications. Probably the most humorous was received from a self-styled sleuth in Florida, who wanted a description of Mr. Small's teeth. He believed that probably Mr. Small had hidden himself away. He believed that if he had an accurate description of the interior of Mr. Small's mouth it would not be long before he would find the missing man.

WINDSOR'S NEW POLICE CHIEF VISITS LONDON

New Appointee, Daniel Thompson, Former Chief of Police at Peterboro.

Chief of Police Daniel Thompson recently appointed chief of the police department in Windsor, was a visitor at local police headquarters this morning. Mr. Thompson stated that he would assume his new duties on December 15. Up to recently he was chief of police in Peterboro.

TORONTO STOCK EXCHANGE.

Toronto, Nov. 25.—An advance of 3½ points by Toronto Railway was the only feature of the morning's dull session of the Toronto Stock Exchange, transactions being extremely light. Thanksgiving holiday in the United States tended to keep traders away from the local exchange.

Toronto Railway opened at 41½. Atlantic Sugar opened strongly at 27, but pursued its usual erratic course, closing at nooon at 24. Other issues traded in were steady.

POOLROOM FIGHT

Local Man Remanded Week, as Plaintiff Was Unable to Appear in Court.

As the result of a fight which occurred in a Richmond street poolroom at 10 o'clock Wednesday night, a local resident appeared in police court today charged with assault. As the plaintiff, who is alleged to be suffering from a broken nose, was too badly injured to appear in police court, the prisoner was remanded for a week. Bail was fixed at $400. Constable Percy Last arrested the accused after a chase down King street.

Three drunks were fined $10 and costs each. A breach of the motor vehicle act brought a fine of $10 upon the head of a local citizen. Two others were fined $2 each for breaches of the same act.

Obituary

FREDERICK AXTELL BURIED.

The funeral of Frederick Ormonde Axtell, youngest son of Mr. and Mrs. Frederick Axtell, 198 Victoria street, was held this afternoon from his parents' residence to Woodland Cemetery. Rev. H. B. Robinson conducted the services. Interment was made in Woodland Cemetery. The pall bearers were: Sherman Shupe, Arthur Raine, Will Letchford and Russel Stuart.

MRS. MARGARET CORNELL.

Mrs. Margaret Clementine Cornell, wife of John Cornell, of Lot 78, East Talbot road, Westminster Township, died at her home there on Tuesday after a brief illness. Mrs. Cornell was born 58 years ago. Her husband survives her, also two sons, George at home and L. E. Cornell in Alberta; two daughters, Mrs. Elvin Hunt of Westminster Township, and Miss Gertrude in Alberta; two brothers, Henry B. Blashill of Kintore, and Arthur Blashill, and two sisters, Mrs. C. Clunas and Mrs. John Lindsay, both of this city.

The funeral arrangements have not yet been made, pending the arrival of relatives from out-of-town.

FUNERAL OF MRS. C. SCULLEY.—

The funeral of Mrs. Catherine Sculley was held this morning to St. Peter's Cathedral at 9 o'clock, where requiem high mass was sung by Rev. Father Brennan, who also officiated at the grave. Interment was made in St. Peter's Cemetery. The pallbearers were Arthur Carty, E. J. Carty, G. Quigley, J. McIntyre, W. Henry and J. Flood.

PRICE OF COAL AND LACK IS THE TROUBLE

Opinion Expressed by Fuel Controller J. W. McCallum on Local Situation.

John W. McCallum commenced his work as city fuel controller today following his appointment by Mayor Little. The duties so far have not been onerous. "There seems to be plenty of coal available, but the price is deterring many people from buying," he stated. "My work, as I understand it, will be to see that the coal is fairly divided among all citizens. I will have nothing to do with the prices."

OFFICERS ELECTED

L. O. L., Star of Bethlehem Officials, To Be Installed Next Regular Meeting.

Officers for the ensuing year were elected by L. O. L. Star of Bethlehem last night. They will be installed at the next regular meeting. Many of the officers were re-elected to the former positions, including: W. T. Clark, deputy master; W. M. Noble, immediate pastmaster; W. J. Wray, district first committeeman; E. Wray, financial secretary; W. C. Clark, treasurer, and D. L. Storey, director of ceremonies. Other officers elected for the first time were: Rev. F. Anderson, chaplain; W. B. Orr, recording secretary; C. O. Smith and A. Wilkes, lecturers; H. Wildgust, first committeeman.

W. T. Clark, W. J. Wray, W. C. Clark, H. J. Bennett and C. O. Smith were elected trustees of Ulster Hall.

C. P. R. TRAINMAN KILLED.

Belleville, Nov. 25.—Wesley Leach Campbell, aged 50, a C. P. R. trainman of Smith's Falls, Ont., was killed in the yards here last night, when he slipped under the wheels of a passing train, which severed his left arm and leg.

Continued From Page One

ARRIVES HOME

that only a small ridge of earth separate them. But, even in these districts people have returned and have built hundreds of small huts from the debris of the battlefields, using anything they could find for uprights and making the walls of sheet tin or iron or broken boards, anything, in fact, that could be used to keep out wind and weather, and in these huts they are living till such time as they can rebuild their homes. The rebuilding process is going on night and day. In Arras we saw plasterers at work, as if their lives depended upon the speed with which the work was done, by gas, electric and even by candle light."

Speaking of one British cemetery which he visited, Mr. Gray said: "This cemetery had been overrun by the Germans after it had been made by the British only to be retaken, but in the fighting hundreds of the crosses had been destroyed and graves overturned by heavy gun fire and most of the crosses still standing are more or less broken and riddled by bullets, but the grave for which I was looking was intact, and the cross just as when first placed in position.

At Vimy.

"At Vimy we visited the cemetery to which has been brought hundreds of bodies previously buried in smaller groups or in individual graves. It occupies some three or four acres, and the sight of the long lines of thousands of white crosses has an effect upon one that cannot be described. It thrills you."

The trip to France was made during the great coal strike in England, and news that owing to the shortage of coal the cross-channel boats would stop running on a certain day rather cut short the visit of Mr. Gray and his party, who had, in order to get back, to forego part of their intended tour, including a visit to Paris.

Wonderful Recovery.

Speaking of Old London, Mr. Gray said: "The British people are making a wonderful recovery from war conditions. Business in the city is so great, and the rush such that you see business men on the streets in their shirt-sleeves and without hats. But there is a silent determination to overcome the great drawbacks placed on the country by the war. They have not perhaps the pep and enthusiastic manner that we have in this country, but they get through just the same."

Answering a question as to conditions, Mr. Gray said that drygoods prices are higher in Great Britain than they are here in Canada. The hope of a decline in prices, at least at the present time, seems mere talk. "It is true," he said, "that sugar is 2 cents cheaper, and that we were allowed an extra allowance of butter, the ration of which has been raised from half an ounce to one ounce per head."

QUIET IN WASHINGTON.

Washington, Nov. 25.—Practical suspension of all public business marked the observance of Thanksgiving Day in Washington. The closing of all public offices and most of the private institutions and places of business gave the capital a holiday aspect, but there were no public functions. Most of the cabinet officers followed the example of President Wilson and spent the day quietly at home after attending church services. A number of private social functions and dinners were arranged for the evening. President Wilson planned to spend the morning on the south portico of the White House, with possibly a short drive in the afternoon. In the evening with Mrs. Wilson he will be the host to a few relatives at a turkey dinner.

During their stay in London Mr. and Mrs. Gray while riding on a bus one day found themselves in the midst of a crowd of unemployed that attempted to raid the office of Premier Lloyd George on Downing street and as a result of what they saw Mr. Gray declared that "the breaking into jewelers and other stores in the neighborhood was done by hoodlums who had attached themselves to the parade and not by genuine unemployed men who behaved with orderliness but determination. The police on duty contented themselves with maintaining a clear space around the premier's official residence by merely pushing the crowd back while the crowd pushed and shoved in return in an effort to gain entrance.

Guarded Police.

On the return trip unable to find a bus, the party took a taxi and, said Mr. Gray with a reminiscent smile, "when we reached the scene of the trouble again we found the mounted police on duty. Our taxi was taken in charge by them and with a royal escort of mounted men around us we were taken right through the packed masses in safety.

During their stay in Great Britain Mr. and Mrs. Gray visited Edinburgh and other large centres and found in all of them the same spirit of quiet fixed determination to regain the nation's pre-war position as quickly as possible and to improve upon it to the utmost. In concluding Mr. Gray declared, "the more often I visit the old country the better I like it and its steady and unswerving determination to meet and conquer all the difficulties caused both by the war and the period of reconstruction."

HAD BAD COUGH FOR THREE YEARS

The constant hacking, racking, persistent cough that sticks to you in spite of everything you have done to get rid of it, is the kind that is dangerous.

The longer the cough sticks, the more serious menace it becomes to your health.

There is no remedy that will relieve coughs—coughs that won't let go—like Dr. Wood's Norway Pine Syrup.

It has a healing and soothing action on the air passages, and at the same time acts as a disinfectant of the respiratory organs, destroying the germs that produce serious lung complications.

Mrs. John Miller, Minburn, Alta., writes: "I had a very bad cough for three years. I went to several doctors and tried different cough medicines, but nothing seemed to help me. One day a friend told me about Dr. Wood's Norway Pine Syrup, and after using several bottles I became completely relieved. I always keep a bottle in the house, and also recommend it to others.

Dr. Wood's Norway Pine Syrup has been universally used for over 30 years, and so great has been its success, it is only natural that a great many imitations have been placed on the market. The genuine is put up in a yellow wrapper; 3 pine trees the trade mark; price 35c and 60c a bottle; manufactured only by The T. Milburn Company, Limited, Toronto, Ont.

Clearing Tomorrow, 9 a.m.

Ends and Broken Lines SERGES, COATINGS BROADCLOTHS, TWEEDS, Etc. (1½ Yds. to 4 Yds. LENGTHS.)

At Half, Third and Quarter Off REGULAR PRICES

SEE WINDOW DISPLAY TODAY.

After the season's selling and the close of the special skirt-making orders, which has just ended, leaves the Dress Goods Section with a great quantity of ends and broken lines, ranging from 1½ to 4 yards each. You will note the lengths are desirable (because most of these pieces are 50 to 54 inches wide) for separate skirts and children's coats or dresses The lot comprises serges in navy and a few other colors—broadcloths for a smart separate skirt, coatings in broadcloths, velours, Bolivia and British tweeds, also many ends sufficient and correct in make for girls' and boys' school wear. This is a splendid opportunity to save money on warm materials for winter. The reductions vary—a large portion are marked at half the former price, others have one-third taken off and some at one-quarter off the regular prices. We advise coming as near opening time, 9 a.m., as you can possibly make it. Early selection will be to your advantage.

Unlike butter or lard— MAZOLA is always fresh never gets rancid

DOMINION SOCIAL SERVICE COUNCIL TO MEET IN LONDON

Annual Gathering To Be Held Here in January.

It has been arranged to hold the annual meeting of the Dominion Social Service Council in this city on January 24, 26 and 27. Rev. Dean L. N. Tucker is the president of the council, and stated to The Advertiser that several matters of vital interest, which have been under investigation during the past year, will be reported on and discussed.

Speakers known throughout the Dominion for their interest and work in social matters will speak at a public meeting which will be held. This is the first time that the Dominion council has chosen London for its annual meeting. Last year the meeting was held in Montreal.

JUST ONE MORE MONTH BEFORE SANTA ARRIVES

Boys and Girls the World Over Are Counting the Days Until Christmas

Today, November 25, is the day on which for generations innumerable, the boys and girls of the much worried old world have set apart for the beginning of a daily count of the flight of time until that supremely mysterious hour, when enveloped in wreaths of flying snow and his fur-trimmed red cloak decorated with icy diamonds, Santa Claus, traveling in toy-ladened sled, drawn by reindeer, and following the course of the setting sun, in 24 hours visits the homes of all good boys and girls leaving behind at each place some token of his brief and silent call.

Only 30 more nights and the great childhood ceremonial of placing stockings, of course the biggest that can be found, by Baby Dot, little Toddie, sister Mary and brother Dan, ready for Santa's gifts, will be in progress in the millions of homes that girdle the earth from east to west and from the frozen regions of the north star across the sunny tropics to the land of the southern cross.

Already busy brains and hands of the older brothers and sisters, mothers and daddies, are at work contriving ways and means to assist the cheery old saint in his task of carrying joy to child heart of the world, nor are those from whom have been taken their natural guardians bein gforgotten, for alreadyy throughout the length and breadth of human activity time is being given by the kindly-hearted to arrangements that shall insure the attention of the jovial Santa to these little ones.

ST. RAILWAY EMPLOYEES

Object to Employment of Man Formerly of Spracklin Prohibition Squad.

Street railway employees are objecting to the employment of a man who was formerly one of the Rev. J. O. L. Spracklin's prohibition enforcement squad at Windsor on the ground that several local men need work and should receive first consideration. No official consideration has been given to the matter either by the union or by the street railway company.

The executive of the union has not met since this man was engaged as a motorman a week ago, and, therefore, the question of his admission to the union has not been considered. John Colbert, president of the union said, final decision need not be given for sixty days. He added, at the end of that period under union rules the company may dismiss the man if he is unsatisfactory or the union may refuse to admit him. No difficulty has arisen over this point in the past. Whether the union will admit McGovern or not remains to be seen. If it does not, it is anticipated the company will follow the usual course and dispense with his services, but no request has been made for his dismisal.

An understanding has existed in the past that local men are to be given first chance of employment, Mr. Colbert said, but this has never been strictly complied with.

WOLVIN DENIES RUMOR.

Montreal, Nov. 25.—Roy Wolvin, president of the Dominion Steel Corporation today denied rumors which seem to have been circulated in influential financial circles here that the British Empire Steel Corporation merger will be abandoned. These rumors suggested that a merger between the Dominion Steel Corporation and the Nova Scotia Steel and Coal Company might be effected instead.

STRENGTH WILL RETURN TO WEAK PEOPLE USING THIS TREATMENT

You are discouraged.
You feel old and worn.
You are sick, but not aware of the fact.

You can drag yourself around—but work is impossible.

With your stomach crying out for assistance and the nerves all on edge why not try Ferrozone? It will surely do you good.

Ferrozone is a wonderful combination of vegetable extracts, fortified by excellent tonics for the nerves and stomach.

When you feel despondent, Ferrozone cheers you up.

When languor and oppression weigh you down, Ferrozone braces you up.

When sleep is impossible Ferrozone calms the nerves and gives you rest.

For bounding health, good looks, good spirits, nothing equals Ferrozone; makes the weak strong and the sick well. Good for men, women and children; try Ferrozone, it can work wonders, as it did for Mrs. Mary Melong, of Harbor Bouche, N. S., who writes:

"Ferrozone built me up.

"Before using it I scarcely knew what good health meant.

"I was just as miserable and weak as any woman could be.

"Tired from morning to night, bothered by trifles, unceasingly nervous.

"The first box of Ferrozone improved my blood, gave me appetite. In a short time I was like a new person. Now I rejoice in abundant good health."

Try Ferrozone. It will make an unexpected improvement in your looks, your feeling, your health.

Whether anaemic, nervous or suffering from secret disorders—if you want cure, use Ferrozone. Price 50c per box or six boxes for $2.50, at all dealers or direct from The Catarrhozone Company, Kingston, Ont.

LARGE AMOUNT OF CONSTRUCTION WORK

By the City Would Help Employment Situation, Declares Alderman Wilson.

Commencement of a large program of city work to prevent unemployment in London was advocated by Ald. J. Cameron Wilson today. He pointed out that the closing down of industrial plants in other parts of the country was causing a general slackness.

A little extra activity on the part of the city would tide over a depression of this kind, he said. It would insure all citizens having work, and keep the municipality in a prosperous condition.

WHEAT GROWERS OF WEST PLAN A POOL TO MARKET GRAIN

Proposal Is Submitted at the Calgary Convention.

Calgary, Nov. 26.—A proposed farmers' pool for the co-operative marketing of the wheat crop of Canada was outlined to the United Farmers of Alberta, secretaries convention yesterday by J. R. Murray, assistant general manager of the United Grain Growers, Mr. Murray announced that a scheme embodying the proposals had been drawn up by a special committee of the Canadian council of agriculture, but that until the sanction of all members of the committee had been obtained the actual model contract would not be made public. The features of the proposed pool are as follows: "Provisional board to handle 1921 crop to consist of one representative each of the foreign organizations:

United Farmers of Alberta; Saskatchewan Grain Growers; United Farmers of Manitoba, and United Farmers of Ontario. There will be two representatives of the United Grain Growers and two of the Saskatchewan Co-operative Elevator Company, making a total of eight, who will elect a ninth member as chairman. Contract holders must sign for a term of five years, binding themselves to sell wheat only through the pool.

Fifty per cent of wheat acreage, or about 8,500,000 acres to be brought under the scheme.

Expenses of operations to be paid from the pool. Wheat growers who sign contract and afterwards sell grain elsewhere than to the pool to pay 25c per bushel as liquidated damages to the pool.

In event it is discovered that contract holder is breaking his contract by selling elsewhere, the pool is to be entitled to an injunction to restrain him from such action.

City Briefs

NOW BARRISTERS-AT-LAW.—Frederick C. Betts, 536 Queen's avenue; Bartley Cootes, a former Londoner, and Cecil Simpson of Ailsa Craig, were among those who were recently sworn in as barristers-at-law at Osgoode Hall, Toronto.

ENTERTAINED SOLDIERS. — A number of soldiers from Byron and from Westminster Hospital were guests of Manager Minhinnick at the Grand Opera House yesterday afternoon, and greatly enjoyed the bill, including the famous picture, "Trumpet Island."

WILL WELCOME BISHOP AND PARTY.—Preparations to welcome Bishop M. F. Fallon and Philip Pocock on their return from an extensive tour in Europe are being made by the local Roman Catholic organizations. They expected to sail with Mrs. Pocock and Mrs. George H. O'Neil of Toronto, from Naples November 17, and to arrive at New York November 27.

ARRESTED ON THEFT CHARGE.—William Acland of Denfield, a rural mail carrier, was arrested last night on an alleged charge of the theft of a watch from William McDougall. The arrest was made by County Constables Corsant and Fifield, and the man was brought into the county jail pending his hearing by Squire Chittick.

NOT SAME MR. ROGERS—The personal notice inserted in the London Advertiser in regard to the responsibility for debts, inserted by Arthur Rogers, had no reference whatever to Mr. Arthur Rogers, a well-known resident of this city, residing at 903 Queen's avenue, who is employed at Dyment-Baker Company's lumber yards of this city.

OFFICERS ELECTED.—Officers were elected by the Retail Clerks' Protective Association last night at a meeting in the Labor Temple. A. C. Marshall was chosen president, Andrew W. McKim secretary, and M. Hessenaurer treasurer. A short address on organization work was given by President Frank McKay of the Trades and Labor Council. Future meetings will be on the first and third Wednesdays of each month. The next meeting, on December 1, will be addressed by Dr. H. A. Stevenson, M.L.A., on the minimum wage.

THREE FOR BURWASH.—Bailiff Ryan, somewhat relieved the congested condition of the local jail today, when he took charge of three prisoners on his return trip to the Burwash Prison. Six prisoners from Sarnia and three from St. Thomas completed the party.

The nine prisoners from Sarnia and St. Thomas were accommodated in the local jail during the night, crowding the bastile to its capacity. One prisoner, arrested last night, was forced to take a room in the juvenile ward, overlooking the River Thames.

AUTO COLLIDES WITH THE CITY FLUSHER

Although attacked suddenly from the rear, the city flusher last night demonstrated that it was quite capable of taking care of itself and inflicting severe injuries on its assailant. The machine was stopped, facing north on Waterloo street, near Horton street, about 7:30 o'clock last night. A touring car, driven by W. H. Heard, 532 Adelaide street, traveling north, collided squarely with the standing machine. A young lady in the car was slightly injured by flying glass, and the shock, while the automobile was badly damaged. The flusher was not harmed.

W. C. Dodd, superintendent of city street cleaning, said he believed the accident was due to the foggy atmosphere. All lights on both machines were burning, but examination of the trail of the touring car showed that no attempt had been made to swerve out or slow down, indicating that the standing machine was not seen.

WHY HAVE CATARRH?

So Disagreeable to Yourself and All About You.

Catarrh is generally conceded to be a constitutional disease. Therefore it requires a constitutional remedy like Hood's Sarsaparilla which reaches every part of the system by thoroughly purifying and enriching the blood. This medicine removes the cause of the trouble, which if not checked may lead to more serious disease.

In 46 years of use and test Hood's Sarsaparilla has relieved many cases as told by voluntary letters of commendation. Why not get a bottle today and give it a trial? It combines economy and efficiency. Keep Hood's Pills on hand as a family cathartic.

MUNCHING THE PLUG

Apples do not make the best kind of gasoline plugs, the owner of a McLaughlin touring car discovered when he parked his car near the central fire hal ltoday. The fruit served its purpose well until the milkman, making his rounds, drew near. Apples may have been very plentiful on the local market, but they were in good demand on King street, for when the driver returned to his car he found the milkman's Dobbin munching the gasoline plug.

DID NOT RECEIVE ANY LETTER DIRECT

E. W. M. Flock Tells of Communication Regarding the Whereabouts of A. J. Small.

In a report emanating from Toronto this morning it was stated that a supposed clue to the whereabouts of Ambrose Small, the millionaire theatrical man, who disappeared from Toronto some months ago, had been contained in a letter received by E. W. M. Flock of London from a man in New York, who signed himself "B. B. Friend." When interviewed today Mr. Flock said that he did not receive a letter directly from the man who signed himself that way, but that it had been received by a lawyer in New York, who forwarded it to him. Mr. Flock in turn forwarded the letter to Mr. Small's lawyers in Toronto. The letter was investigated, but led to nowhere.

The letter which was inclosed, stated that the writer knew that Mr. Small was alive, and that he was being held, but that further information could not be given at that time. In later correspondence the mysterious person said that on the night of December 2 last Mr. Small had been inveigled into a motor car and driven to a "respectable locality in Toronto, where he may be yet."

As the lawyer in New York knew of a desperado in that city who was known as "Big Bill," it was thought that the clue might be worth following. According to Mr. Flock, the writer of the mysterious letter was either a crook who tried to gouge some money from Mr. Small's estate, or just a crank.

Mr. Flock said that letters offering advice or solutions are continually being received, and as a rule little attention is given them. Amateur detectives are often the originators of these communications. Probably the most humorous was received from a self-styled sleuth in Florida, who wanted a description of Mr. Small's teeth. He believed that probably Mr. Small had hidden himself away. He believed that if he had an accurate description of the interior of Mr. Small's mouth it would not be long before he would find the missing man.

WINDSOR'S NEW POLICE CHIEF VISITS LONDON

New Appointee, Daniel Thompson, Former Chief of Police at Peterboro.

Chief of Police Daniel Thompson recently appointed chief of the police department in Windsor, was a visitor at local police headquarters this morning. Mr. Thompson stated that he would assume his new duties on December 15. Up to recently he was chief of police in Peterboro.

TORONTO STOCK EXCHANGE.

Toronto, Nov. 25.—An advance of 3½ points by Toronto Railway was the only feature of the morning's dull session of the Toronto Stock Exchange, transactions being extremely light. Thanksgiving holiday in the United States tended to keep traders away from the local exchange.

Toronto Railway opened at 41½, Atlantic Sugar opened strongly at 27, but pursued its usual erratic course, closing at noon at 24. Other issues traded in were steady.

POOLROOM FIGHT

Local Man Remanded Week, as Plaintiff Was Unable to Appear in Court.

As the result of a fight which occurred in a Richmond street poolroom at 10 o'clock Wednesday night, a local resident appeared in police court today charged with assault. As the plaintiff, who is alleged to be suffering from a broken nose, was too badly injured to appear in police court, the prisoner was remanded for a week. Bail was fixed at $400. Constable Percy Last arrested the accused after a chase down King street.

Three drunks were fined $10 and costs each. A breach of the motor vehicle act brought a fine of $10 upon the head of a local citizen. Two others were fined $2 each for breaches of the same act.

Obituary

FREDERICK AXTELL BURIED.

The funeral of Frederick Ormonde Axtell, youngest son of Mr. and Mrs. Frederick Axtell, 198 Victoria street, was held this afternoon from his parents' residence to Woodland Cemetery. Rev. H. B. Robinson conducted the services. Interment was made in Woodland Cemetery. The pall bearers were: Sherman Shupe, Arthur Raine, Will Letchford and Russel Stuart.

MRS. MARGARET CORNELL.

Mrs. Margaret Clementine Cornell, wife of John Cornell, of Lot 78, East Talbot road, Westminster Township, died at her home there on Tuesday after a brief illness. Mrs. Cornell was born 58 years ago. Her husband survives her, also two sons, George at home and L. E. Cornell in Alberta; two daughters, Mrs. Elvin Hunt of Westminster Township, and Miss Gertrude in Alberta; two brothers, Henry B. Blashill of Kintore, and Arthur Blashill, and two sisters, Mrs. C. Clunas and Mrs. John Lindsay, both of this city.

The funeral arrangements have not yet been made, pending the arrival of relatives from out-of-town.

FUNERAL OF MRS. C. SCULLEY.—

The funeral of Mrs. Catherine Sculley was held this morning to St. Peter's Cathedral at 9 o'clock, where requiem high mass was sung by Rev. Father Brennan, who also officiated at the grave. Interment was made in St. Peter's Cemetery. The pallbearers were: Arthur Carty, E. J. Carty, G. Quigley, J. McIntyre, W. Henry and J. Flood.

PRICE OF COAL AND LACK IS THE TROUBLE

Opinion Expressed by Fuel Controller J. W. McCallum on Local Situation.

John W. McCallum commenced his work as city fuel controller today following his appointment by Mayor Little. The duties so far have not been onerous. "There seems to be plenty of coal available, but the price is deterring many people from buying," he stated. "My work, as I understand it, will be to see that the coal is fairly divided among all citizens. I will have nothing to do with the prices."

OFFICERS ELECTED

L. O. L., Star of Bethlehem Officials, To Be Installed Next Regular Meeting.

Officers for the ensuing year were elected by L. O. L. Star of Bethlehem last night. They will be installed at the next regular meeting. Many of the officers were re-elected to the former positions, including W. T. Clark, deputy master; W. M. Noble, immediate pastmaster; W. J. Wray, district master; E. Wray, financial secretary; W. C. Clark, treasurer, and D. L. Storey, director of ceremonies. Other officers elected for the first time were: Rev. P. Anderson, chaplain; W. B. Orr, recording secretary; C. O. Smith and A. Wilkes, lecturers; H. Wildgust, first committeeman.

W. T. Clark, W. J. Wray, W. C. Clark, H. J. Bennett and C. O. Smith were elected trustees of Ulster Hall.

C. P. R. TRAINMAN KILLED.

Belleville, Nov. 25.—Wesley Leach Campbell, aged 50, a C. P. R. trainman of Smith's Falls, Ont., was killed in the yards here last night, when he slipped under the wheels of a passing train, which severed his left arm and leg.

Continued From Page One

ARRIVES HOME

that only a small ridge of earth separate them. But, even in these districts people have returned and have built hundreds of small huts from the debris of the battlefields, using anything they could find for uprights and making the walls of sheet tin or iron or broken boards, anything, in fact, that could be used to keep out wind and weather, and in these huts they are living till such time as they can rebuild their homes. The rebuilding process is going on night and day. In Arras we saw plasterers at work, as if their lives depended upon the speed with which the work was done, by gas, electric and even by candle light."

Speaking of one British cemetery which he visited, Mr. Gray said: "This cemetery had been overrun by the Germans after it had been made by the British only to be retaken, but in the fighting hundreds of the crosses had been destroyed and graves overturned by heavy gun fire and most of the crosses still standing are more or less broken and riddled by bullets, but the grave for which I was looking was intact, and the cross just as when first placed in position.

At Vimy.

"At Vimy we visited the cemetery to which has been brought hundreds of bodies previously buried in smaller groups or in individual graves. It occupies some three or four acres, and the sight of the long lines of thousands of white crosses has an effect upon one that cannot be described. It thrills you."

The trip to France was made during the great coal strike in England, and news that owing to the shortage of coal the cross-channel boats would stop running on a certain day rather cut short the visit of Mr. Gray and his party, who had, in order to get back, to forego part of their intended tour, including a visit to Paris.

Wonderful Recovery.

Speaking of Old London, Mr. Gray said: "The British people are making a wonderful recovery from war conditions. Business in the city is so great, and the rush such that you see business men on the streets in their shirt-sleeves and without hats. But there is a silent determination to overcome the great drawbacks placed on the country by the war. They have not perhaps the pep and enthusiastic manner that we have in this country, but they get through just the same."

Answering a question as to conditions, Mr. Gray said that drygoods prices are higher in Great Britain than they are here in Canada. The hope of a decline in prices, at least at the present time, seems mere talk. "It is true," he said, "that sugar is 2 cents cheaper, and that we were allowed an extra allowance of butter, the ration of which has been raised from half an ounce to one ounce per head."

QUIET IN WASHINGTON.

Washington, Nov. 25.—Practical suspension of all public business marked the observance of Thanksgiving Day in Washington. The closing of all public offices and most of the private institutions and places of business gave the capital a holiday aspect, but there were no public functions. Most of the cabinet officers followed the example of President Wilson and spent the day quietly at home after attending church services. A number of private social functions and dinners were arranged for the evening. President Wilson planned to spend the morning on the south portico of the White House, with possibly a short drive in the afternoon. In the evening with Mrs. Wilson he will be the host to a few relatives at a turkey dinner.

During their stay in London Mr. and Mrs. Gray while riding on a bus one day found themselves in the midst of the crowd of unemployed that attempted to raid the office of Premier Lloyd George on Downing street and as a result of what they saw Mr. Gray declared that "the breaking into jewelers and other stores in the neighborhood was done by hoodlums who had attached themselves to the parade and not by genuine unemployed men who behaved with orderliness but determination. The police on duty contented themselves with maintaining a clear space around the premier's official residence by merely pushing the crowd back while the crowd pushed and shoved in return in an effort to gain entrance.

Guarded Police.

On the return trip unable to find a bus, the party took a taxi and, said Mr. Gray with a reminiscent smile, "when we reached the scene of the trouble again we found the mounted police on duty. Our taxi was taken in charge by them and with a royal escort of mounted men around us we were taken right through the packed masses in safety.

During their stay in Great Britain Mr. and Mrs. Gray visited Edinburgh and other large centres and found in all of them the same spirit of quiet fixed determination to regain the nation's pre-war position as quickly as possible and to improve upon it to the utmost. In concluding Mr. Gray declared, "the more often I visit the old country the better I like it and its steady and unswerving determination to meet and conquer all the difficulties caused both by the war and the period of reconstruction."

Clearing Tomorrow, 9 a.m.

Ends and Broken Lines SERGES, COATINGS BROADCLOTHS, TWEEDS, Etc. (1½ Yds. to 4 Yds. LENGTHS.)

At Half, Third and Quarter Off REGULAR PRICES

SEE WINDOW DISPLAY TODAY.

After the season's selling and the close of the special skirt-making orders, which has just ended, leaves the Dress Goods Section with a great quantity of ends and broken lines, ranging from 1½ to 4 yards each. You will note the lengths are desirable (because most of these pieces are 50 to 54 inches wide) for separate skirts and children's coats or dresses The lot comprises serges in navy and a few other colors—broadcloths for a smart separate skirt, coatings in broadcloths, velours, Bolivia and British tweeds, also many ends sufficient and correct in make for girls' and boys' school wear. This is a splendid opportunity to save money on warm materials for winter. The reductions vary—a large portion are marked at half the former price, others have one-third taken off and some at one-quarter off the regular prices. We advise coming as near opening time, 9 a.m., as you can possibly make it. Early selection will be to your advantage.

HALF PRICE
Friday 9 a.m.

HAD BAD COUGH FOR THREE YEARS

The constant hacking, racking, persistent cough that sticks to you in spite of everything you have done to get rid of it, is the kind that is dangerous.

The longer the cough sticks, the more serious menace it becomes to your health.

There is no remedy that will relieve coughs—coughs that won't let go—like Dr. Wood's Norway Pine Syrup.

It has a healing and soothing action on the air passages, and at the same time acts as a disinfectant of the respiratory organs, destroying the germs that produce serious lung complications.

Mrs. John Miller, Minburn, Alta., writes: "I had a very bad cough for three years. I went to several doctors and tried different cough medicines, but nothing seemed to help me. One day a friend told me about Dr. Wood's Norway Pine Syrup, and after using several bottles I became completely relieved. I always keep a bottle in the house, and also recommend it to others.

Dr. Wood's Norway Pine Syrup has been universally used for over 30 years, and so great has been its success, it is only natural that a great many imitations have been placed on the market. The genuine is put up in a yellow wrapper; 3 pine trees the trade mark; price 35c and 60c a bottle; manufactured only by The T. Milburn Company, Limited, Toronto, Ont.

Unlike butter or lard—
MAZOLA
is always fresh never gets rancid

NURSES' STIPEND IS ALLOWANCE, NOT PAY

Increased Remuneration Here Not Likely, Says Superintendent Heard.

Increased remuneration proposed for Hamilton nurses is not likely to be general, Superintendent T. H. Heard of Victoria Hospital said today. The proposal had been discussed by the local hospital trust, but the attitude taken was that the money received by the nurses was an allowance, and not pay.

"It is only intended to be sufficient to buy books and other small necessities. It is not meant to be a salary in any way," said Mr. Heard. "The nurses are there as students, and as such do not receive a salary, any more than they would if they were attending college. They give three years of their time, not to earn, but to learn. At the end of that time they are in a position, as a result of their training, to make a good living."

The present scale of allowances at Hamilton is: First year, $6; second year, $7; third year, $10. The London scale is $3, $4 and $8 for the three respective years.

STRONG'S ESCAPE TO BE INVESTIGATED BY PROVINCIAL DEPT.

Representative Will Conduct Investigation Here Tomorrow.

Deputy Sheriff Ben Watterworth received a telegram from W. W. Dunlop, provincial inspector of prisons and public institutions, this morning, notifying him that he had deputed one of his subordinates to arrive in London Friday for the purpose of conducting an investigation into the recent escape from the county jail of Vincent Strong, convicted housebreaker. It was not thought in jail circles that an investigation would be ordered, but the fact that all the turnkeys were in the jail at the time of the escape is responsible for the order, it is thought.

Thomas Grigg, turnkey in charge of Strong when he escaped, and who was suspended, has volunteered to give evidence at the inquiry.

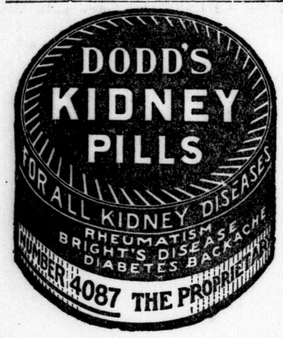

"THE MEN WE NEED"

Subject of Address by Rev. Jos. Janes of Woodstock, in First Methodist Church.

Rev. Joseph James of Woodstock was the special speaker at the London Branch of the Canadian Federation of Brotherhoods at the First Methodist Church on Wednesday evening, taking as his subject, "The Men We Need."

Mr. James outlined the various types of men who were a great influence in the work of the Men's Brotherhood and in the world generally. Thomas Hamell of Toronto, general secretary of the Men's Brotherhood Federation in Canada was present, and gave a talk on the work now being carried on by the brotherhood.

A resolution was passed at the meeting approving the work of Rev. R. J. Campbell, on behalf of the Serbian relief fund. Mr. Campbell was present and appealed for co-operation in alleviating the sufferings of the Serbians. Rev. R. G. Peever and Rev. J. N. Norton also spoke briefly. The orchestra of the Askin Street Church supplied the music.

Found a Bottle But It Contained Only Beet Relish

Hopes of Local Sleuth Dashed When He Investigates Contents of Carpet Bag.

A member of the local police force was the principal, in an amusing incident which transpired in the south end of the city this week. The officer who is noted for his zealous work in running down bootleggers and unfortunate ones who indiscriminately transport liquor through the city streets on their person, was as usual on a still hunt for booze when the incident transpired.

Posted at a point of vantage on Adelaide street south the cop spied an approaching pedestrian who carried a suspicious looking old fashioned carpet bag. Running one hand into the bag for an explanation of the contents of the bag. The citizen explained to the bluecoat that the bag contained some old clothes which he was taking to his home from that of a friend.

Not satisfied with this explanation the officer proceeded to search the bag. Running one hand into the bag he was delighted at the prospect of a good catch and a heavy fine, when he felt a bottle ensconced in the midst of the old clothes. As the twilight prevented a thorough investigation the officer of the law ordered his temporary prisoner into the corner grocery store where conditions for a search were more favorable.

The pedestrian complied with the order and in a very short period the entire contents of the bag were arrayed for inspection on the counter in the store, which the prisoner and customers present viewed with interest. To the chagrin of the zealous policeman the bottle contained beet relish, which the wife of the prisoner's friend had inclosed as a gift. The citizen was freed without apologies on behalf of the cop who tried hard to conceal his discomfiture and explained to the amused spectators that he captured four bottles of whiskey in that neighborhood recently by employing similar methods.

Needless to say the zealous one did not report the incident to police headquarters, but he has concluded that a carpet bag even though regarded with suspicion may prove as innocent as the man who carried it on the fateful evening in question.

HOURLY SERVICE ON SPRINGBANK LINE DURING DECEMBER

Petition Asking for a Better Timetable Being Presented to Company.

Hourly service on the Springbank line is asked in a largely-signed petition being presented to the street railway company by persons living in the vicinity of Byron and Springbank. They state that the traffic on this route has increased sufficiently to justify the change particularly as the approach of the Christmas season makes it likely that patrons will be making frequent trips to the city.

Manager C. B. King said the request would be given every consideration. If traffic warrants it, the service will be maintained. The policy in the past has been to keep up as frequent a service as justified by the number of passengers using the line. At present there are cars leaving Dundas and Richmond streets at 6:40 a.m., 7:40 a.m., 8:30 a.m., 11:30 a.m., 1:30 p.m., 6:30 p.m., 9:30 p.m., and 11:30 p.m.

It was announced by the company that an hourly service would be given during the month of December to take care of the Christmas shoppers.

SALT FIELD DISCOVERED.

Edmonton, Nov. 25.—The existence of an extensive field of high-grade salt at Fort McMurray has been definitely established by drillers operating under the direction of the Provincial Government, the well having been sunk through 30 feet of pure salt at a depth of 650 feet. The exploration well at McMurray was begun twelve months ago, and the strike bears out the opinion of geologists that an immense field of salt exists along the Athabasca River in the McMurray region. The government has practically drilled in the town site of Fort McMurray, but has been beset with mechanical difficulties since operations were begun.

WILL CLOSE PLANT.

Cumberland, Md., Nov. 25.—Seven hundred employees of the C. Taylor Company, tinplate manufacturers here, were notified yesterday that the plant will suspend operations for an indefinite period, beginning next Saturday, due to a lack of demand for the product.

INSPECTOR RETIRED; HELPER DISMISSED BY HEALTH BOARD

Former Case Should Be Covered by Civic Pension Scheme, Recommended.

Two important changes in the staff of the city health department were recommended by the board of health at a special meeting last night. If the approval of the city council is given Sanitary Inspector James Lutman, who has been in the service of the city more than 30 years, will be retired and presented with two years' salary in recognition of his faithful work.

The dismissal of Assistant Sanitary Inspector J. W. Scott with a month's salary will be recommended. Members of the board said that his work was unsatisfactory, and that other grave charges had been made against him which made it inadvisable to retain him in the city service.

The sole reason for recommending Mr. Lutman's retirement was his advanced age. As a member of the city police force and later as a sanitary inspector he gave highly satisfactory service, Chairman J. H. Saunders said. It was with regret that the board would recommend his retirement, but the work was becoming so heavy that it was only possible for a much younger man to undertake it.

E. H. Russell said that the case was one which should be covered by a civic pension scheme. A fund for paying pensions to employees when they passed a certain age limit could be established with city funds, and with payments from the employees who could be benefitted. City Clerk Baker said the council had the matter under advisement, and that it would be taken up early next year.

MACHINE GUN BDE. GETTING INTO SHAPE FOR SUMMER CAMP

Special Instruction Courses Arranged—Sports Not Forgotten—Recruits Still Being Enlisted.

Juding by the progress that is being made, the Second Canadian Machine Gun Brigade promises to be one of the smartest corps in the active militia of Canada.

Last night the season's training was begun in earnest, the largest number of men turning out since the organization of the brigade began, and many new recruits signing up. On Tuesday next, weather permitting, it is the intention of Col. W. G. Coles, the commanding officer, to have the brigade, accompanied by the machine gun band, hold a march out through the principal streets of the city. All members will be in uniform, and those enlisting from now until the date of the march will be issued with uniforms so as to enable them the praticipate.

Greatcoats, which were issued soon after the organization of the brigade, are being exchanged for British warms. Trousers will be exchanged for breeches in the near future. This change of dress will greatly improve the appearance of each member, and consequently the appearance of the entire corps.

Sport is not a side issue with the members of the brigade, plans for an indoor baseball team and a hockey team being well under way. Following the parade on Tuesday next the members of the football team will meet to discuss the plans for the next season and to form a committee. There is some fine material for a team in the brigade, as was shown by their play last season, but men wishing to try for a berth on it, and who are not members, will have just as good an opportunity of getting a place on the team by enlisting now, as when it was started. Sets of boxing gloves are being purchased, and many enjoyable evenings are being looked forward to.

During the winter a series of smokers and other social events will be arranged. The first of these was staged last Thursday through the kindness of Col. Coles, whose liberality was responsible for the success of the affair.

To speed up the training of non-commissioned officers, Corporal Linington, one of the smartest instructors of the permanent machine gun corps, was secured from Toronto to take charge of a six weeks' course. As such a course may not be available again for some years a large percentage of the members are taking advantage of it. The course has been in progress for the last week, and new members wishing to join for this purpose must do so at once.

One of the reasons for the vim with which the training is being carried out is that the brigade is endeavoring to whip itself into shape for the training camp which will be held next summer. Although the exact location of the camp has not yet been definitely decided, it is expected that it will be at Goderich.

The armories will be open for those wishing to join on Tuesday, Wednesday and Friday nights from 8 to 10 until Christmas.

SPACE ALLOTTED FOR LONDON MOTOR SHOW

Motor Dealers Hold Enthusiastic Meeting Wednesday Night.

An enthusiastic meeting of the motor dealers was held Wednesday evening, and the allotment of space was made for the coming London motor show, to be held in the armories from January 31 to February 5, inclusive.

Great interest was shown in the ballots, and complete satisfaction expressed with the final positions allotted. Exhibition space will now be made to the applicants from outside London, and already many firms are waiting for space to exhibit cars never before seen in these parts.

The dealers appointed Messrs. Hodgins, S. Rowed and F. McLaughlin as a show committee to deal with the many necessary details. Manager T. C. Kirby is making every move to assure success, and is handling the show in exactly the same way as the big motor shows are arranged. No detail will be overlooked to make everything go smoothly, and so give London the biggest motor show ever held here. The show will be an annual event, according to local motor men.

TOLEDO BREAD PRICES REDUCED.

Toledo, Nov. 25.—The second reduction in the price of bread within a week was announced yesterday by one of the largest baking concerns in the city. Large loaves are reduced from 15 cents to 13 cents, while the small loaf, which formerly sold at 11 cents, was reduced to 9 cents. There will be no reduction in the weight of the loaf, it was announced. The first cut in the price of bread here was announced last Friday, when members of the Housewives' League claimed the reduction resulted from a "bake your own" campaign, waged by the league.

MOTHER AND SON BANQUET LARGELY ATTENDED BY BOTH

Brings Two Into Closer Touch —Mrs. R. Kirpatrick Has Most Sons Present.

SING-SONG FOLLOWS

Mrs. John Gemmell Urges Boys To Quit Cigarettes To Buy Home.

Not only will the father and son banquets go down in the annals of the history of London as forward movements but also those of the mother and son. Much enthusiasm was displayed at the first mother and son banquet ever held in the city of London at the local Y. M. C. A. last evening. Over 250 members of the local "Y" with their mothers attended this banquet which tended to bring the boy in closer touch with his mother and the mother to study her boy and what he does both in his recreation and his intellectual hours. Only through the efforts of an untiring committee could such plans be maue and carried out with the good-will and wonderful effort which marked the first mother and son banquet. Only at social evenings of this kind can the mothers make an actual study of what their boys look for in the home.

"The spirit in which you are here this evening is not like the spirit in which the boys and their fathers gather together," said General Secretary E. J. Jenkins of the Y. M. C. A. in an address of welcome to the mothers. "Fathers come for us to tell something of the boy, but we cannot do that for the mother. You have something to tell us. We feel that we are the junior partner or like a stepmother to the boys both old and young. Let us all study the boy and see what he wants, and if possible give it to him if it is for his betterment."

All Were Sincere.

A toast to King George by Charles Barbour then followed, after which a toast to the mothers was given by Ronald Foot. The song "Mother," was sung by the boys with such deafening effects that it was clearly shown that every boy who sang was sincere in saying, "Mother, the word that means the world to me." Mrs. C. B. King, replying on behalf of the mothers, said the word "Son" meant just as much to mothers as "Mother" did to the boys. "S," she said, "stands for sunshine"; "O" for ours, and "N" for now. Let us all enjoy the boys now and prepare them for later years when they go out into the world for themselves."

Mrs. John Gemmell, president of the mothers' club of the city, spoke to the mothers and boys on the subject, "Mother and Son."

"The relationsnip of the mother to the son is the greatest relationship in the world," said Mrs. Gemmell. "Every success the boy achieves is due to the early training he receives from her. The responsibility rests with us. The father is not able to help him while he is at work, and it is up to us to study the boy in his work and play."

What the boy can do to help both himself and the mother, was another point in the boy's life, Mrs. Gemmell explained. He must first try to conquer all the bad habits that pertain to the average boy.

Forsake Cigarettes.

"If every boy who smokes cigarettes would try to stop this habit and save the money he spends every week to help buy a home for himself and the wife he chooses, how many less divorce cases there would be in this fair Dominion of ours," she declared. "We can thank God that there are no open bars for our boys to spend their time and money in.

"We should take special interest in all of his work while he is young. Let us pay more attention to the story he has to tell us about something which happened while he was playing. Console him when he is in trouble, and share his troubles with him. Take his complaints as if they were your own, for in later years he will not come to you with his troubles, and probably you not paying more attention to him while he was young will lead him to the wrong path in life. Study his associates, and tell him in a motherly way how he can be benefited, if need arise, by getting another boy or girl chum. Help him along in his favorite hobby. We can do it, and as mothers it is our duty to the boy," she concluded.

Three Sons With Her.

Mrs. R. Kirpatrick won the prize for having the largest number of sons at the banquet. Three sons were with her, and all are members of the "Y."

At the conclusion of the supper, L. M. Houlding, secretary of the junior boys' work department, led them in the sing-song. The piano solo by Hugo D'Ippolito was a real treat, and the boys and mothers expressed their opinions of this by rounds of applause. A violin solo by William Duncan was also well rendered and received.

All then adjourned to the gymnasium floor, where the boys were put through their usual gymnastic tests by Physical Instructor David Allan. William Christianson acted as chairman for the evening.

ABERDEEN MOTHERS' CLUB

are holding a bazaar in the school on Friday, November 26, afternoon and evening, beginning at 4:30 o'clock. Aprons and home-made cooking and other useful articles will be on sale. b

Report Business Excellent

WE HEAR many reports of business depression, but we hardly credit them, for with us business is good—very good indeed. Each and every month of 1920 has given us huge increases in volume of business over corresponding months of previous years. As an example of the business we are enjoying, we are glad to state that during our Anniversary Sale, last Thursday, Friday and Saturday, we eclipsed any previous Anniversary Sale by almost ONE THOUSAND DOLLARS. We do not anticipate any noticeable drop in prices in the drug line for some time to come, so you will do well to get your share of these

BEWARE OF TENDER GUMS

Unhealthy soil kills the best of wheat. Unhealthy gums kill the best of teeth. To keep the teeth sound keep the gums well. Watch for tender and bleeding gums. This is a symptom of Pyorrhea, which afflicts four out of five people over forty.

Pyorrhea menaces the body as well as the teeth. Not only do the gums recede and cause the teeth to decay, loosen and fall out, but the infecting Pyorrhea germs lower the body's vitality and cause many serious ills.

To avoid Pyorrhea, visit your dentist frequently for tooth and gum inspection. And use Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhea—or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean. Start using it today. If gum-shrinkage has set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

FORHAN'S, LTD., Montreal

Forhan's FOR THE GUMS

OFF TO BURWASH FOR ASSAULTING JAIL GOVERNOR

Eighteen-Month Term Will Be Served by Aylmer Youths.

ST. THOMAS, Nov. 24.—Ray Roberts and Hanley Chappelle, Aylmer, convicted of assaulting the governor and turnkey of the county jail and sentenced to eighteen months in Burwash, were taken to the reformatory this afternoon by Bailiff Ryan. William Pollick, who was given a year at the last assizes for beating up Reuben Tribe at his home, and while in bed, was also removed.

Educational Expert Coming.

The provincial department of education will send an export to St. Thomas to inquire into the problems which face the St. Thomas Board of Education. He will also be asked to report on the conditions existing and accommodations provided at all the schools of the city. Upon his findings will depend the amount of the Government grant to be allowed the board. The congestion at Myrtle street school is giving the parents of the children there no little uneasiness. But relief can only come by the expenditure of a large amount of the public funds next year. A central school is advocated with a substantial financial support from the Government.

Go To West Lorne.

The members of the county council will be the guests of the executive of the West Elgin Corn and Poultry Show, West Lorne, tomorrow evening. The invitation came from Reeve McKillop, West Lorne, and Deputy Reeve McGregor, Aldborough. A special train service has been arranged to convey the party to the village.

Presented With Jewels.

At the regular meeting of the lodge, Princess Louise, Daughters of England, jewels were presented to Mrs. Baker, a charter member, joining the order 28 years ago. Mrs. E. A. Lynes, Hemlock street, and Mrs. J. Simmonds]

Mrs. Anne McRae, Southwold, has sold her farm of 100 acres near Iona Station, to Archie Whitelock, Dunwich. Fred Oris, Malahide, has disposed of 200 acres, east of Lyons, to Charles Jackson, Blenheim. John Mathews, Brownsville, has purchased a 166-acre farm on Talbot street from B. Thompson.

The non-jury sittings of the fall assizes will be opened at the court house on Tuesday afternoon before Justice Middleton with a small docket.

Bylaw Carried.

The bylaw voted on in Shedden yesterday to purchase a chemical fire engine was carried three to one.

Final session of the court of revision will be held tomorrow and the balance of the appeals will be settled.

The change in the entire assessed valuation of the city will not be of much moment.

McMullen—Canning.

Miss Ursula Canning, youngest daughter of Mr. and Mrs. Thomas J. Canning, Chatham, and James J. McMullen, son of Mr. and Mrs. James P. McMullen, 33 Gladstone avenue, were married yesterday at St. Joseph's Roman Catholic Church, Chatham, Rev. Father Ethelbert officiating. Miss Madonna McMullen and Thomas Canning, Jun., were the attendants. On returning from a honeymoon trip Mr. and Mrs. McMullen will reside in St. Thomas.

Talbot Club Assembly.

The Talbot Club will hold its annual assembly in the engineers' parlors on Thursday, December 2, and the function promises to be as pleasant and successful as any in the club's history. Finzel's orchestra will provide the music. The executive committee is H. E. Ponsford, president; M. V. Reath, O. C. Eby, J. L. Lodge, J. C. Acheson, secretary-treasurer.

PASTORS AND LAYMEN MEET AT DRESDEN

DRESDEN, Nov. 24.—The pastors' and laymen's conference of the Western Baptist Association was held yesterday afternoon and evening in the North Dresden Baptist Church. Representatives from the churches at Windsor, Leamington, Blenheim, Kingsville, Thamesville and Detroit were present. President Hughson Johnstone of Windsor was in the chair, and a devotional exercise, led by Rev. W. C. Pearce of Dresden was first on the afternoon program. After an interval of business, Rev. D. C. Gray of Windsor gave an address on "A Successful Every-Member Canvass," which was followed by a discussion.

Following this was another address by Rev. E. C. Gosnell of Kingsville, on "The Pulpit Use of the Old Testament Prophets," and at 4 o'clock Rev. Llewellyn Brown of Detroit addressed the conference on "Making the Public Service More Worshipful."

In the evening Rev. E. S. Walker of Thamesville led the devotional exercises, after which Rev. F. G. Burrell of Leamington spoke on "The Essence of Sin." After music by the choir and the offering, Rev. L. Brown of Detroit in an address told how to create an atmosphere for a revival.

ASSETS OF ALMOST EIGHT MILLION DOLLARS.

Now Is the Time To Become Independent

A man or woman without money is the slave of adverse circumstances.

A few dollars deposited periodically strikes off the chains.

Are you building your financial freedom? Let us tell you what others have done. We pay 3½ per cent interest on deposits and 5½ per cent on debentures.

REGARDS TURKISH NATIONALISTS AS EFFECTIVE POWER

France Considering New Friendship As Result of Defeat of Venizelos.

MAY REVISE POLICY

Desires To Separate Bolsheviki From Associates Who Are Unconverted To Doctrines.

PARIS, Nov. 24.—France is considering overtures to the Turkish Nationalists, as a result of the Greek election and the Asia Minor situation. When the first shock of surprise caused by Venizelos' defeat was passed, the Quai d'Orsay began to realize that perhaps, from the French viewpoint, it was not wholly regrettable.

It will be remembered that the Greek expedition into Asia Minor to enforce the Turkish peace treaty—which had never been very highly approved in Paris — was an Anglo-Greek scheme, arranged between Lloyd George and Venizelos in London, and rather reluctantly agreed to by Premier Millerand at Boulogne. At San Remo Marshal Foch had informed the Allied premiers it would need 300,000 men to clean up the Nationalists properly. Venizelos believed he could manage it. He has failed.

Alarming reports about the demoralization of the Greek forces have reached Paris. There are stories of squabbles between Venizelists and Constantinists, with even more ominous talk about mutinies due to the desire of the men to return home, and fanned by insidious propaganda launched far to the northeast. It appears certain that the area occupied by the Greeks will be very greatly reduced in the near future. The consequent marked access of Nationalist influence cannot leave unmoved the French who, as the Temps points out tonight, are holding territory that runs hundreds of miles deep beyond Cilica.

The inspired Temps' editorial says plainly that the best thing to be done is to negotiate with the Nationalists, who represent the de facto power in Turkey. This would, of course, mean tearing up the Turkish treaty, but as the Greeks who would be the principal losers by that, have themselves proclaimed against the Venizelist policy of expansion, France is now free to consider her own interests. Italy, who is also concerned, has virtually renounced occupation of the territory assigned to her and the British are withdrawing their outposts beyond the Mesopotamia area.

Friendship or Fight.

Unless the French come to terms with the Nationlists they have no choice but to fight them. Already there are protests here against the expense of the Near Eastern forces, and any extension of their activities would be strongly opposed. Besides, the French have another and more powerful motive for wishing to make friends with the Nationalists. That reason is Russia. Owing to the fear of German revenge, which dominates French policy, and will continue to dominate it, the French are desperately anxious to have Russia friendly to France.

Having chosen an anti-Bolshevist attitude beyond hope of compromise, France now finds Russia under soviet rule more unfriendly. Not only so, but Russian influence is steadily extending.

The Temps last night published an editorial emphasizing the necessity for a clear understanding as to who are the Bolshevik and who are simply playing the Bolshevist game for their own ends. Mustapha Kemal and the Nationalists come in the latter class. The Temps urged that France should get a clear-cut distinction on this matter, not only in the case of the Turkish Nationalists, but with regard to Eastern Europe and Asia Minor generally—Lithuania and Georgia, for instance.

Once France had that point settled she could guide her future policy accordingly. In other words, she could begin detaching from the Bolsheviki those who are only associated with them, but not converted to their doctrine. For, despite the collapse of Wrangel, France has not swerved in her hostility towards the Soviets.

FREE ELECTRICITY FOR HOME LIGHTING

French Scientist Discovers Plan For Using Power From Water Taps.

PARIS, Nov. 24.—Every house with its own electric generating installation, is the dream which M. E. Colardeau, French scientist expounded before the French Academy of sciences recently. "We waste too much energy," was his text, and he proceeded to show how scandalous was the waste.

Wind power was wasted wholesale, but even more culpable was the waste of waterpower within one's own house. "The force of every kitchen and bathroom tap is wasted," he declared, and he put forward a scheme which he believes can be made practicable to utilize the force from the water that runs from every kitchen tap. Paris desires its water from a reservoir 200 feet above the city.

This is where M. Colardeau's invention comes in. In his own house he has fitted on his supply pipe a high-speed water turbine, giving direct energy to a dynamo, with a little battery of accumulators. Every time that the taps are turned on the little generating station works and the batteries accumulate the energy from the water, with his own installation the scientist claims he can light one 500-candle-power lamp, or 20 lamps of from 15 to 20 candlepower.

In his house he uses no other installation, and it never gives out and never costs him anything. In the country places M. Colardeau would use the wind to pump water up to the requisite heights, and so transfer the wind energy into water energy, which in turn would be transferred into electric energy with an apparatus similar to that described above.

"When we've done that," he concluded, "we needn't any longer worry about the exhaustion of the coal stocks of the world."

WESTERN ONTARIO BRIEFS

STRATFORD. — Chief of Police Joseph Broadley will also be license inspector. On Thursday evening the city council will formally appoint him. The position carries $200 salary.

CHATHAM.—Robt. Malcolm, a young Scotchman, appeared before Judge Stanworth in the county court, charged with the theft of an overcoat and watch from the residence of Rev. J. C. Nethercott, Moraviantown. Restitution has been made, and also because Malcolm had spent fifteen days in jail, he was allowed to go.

CHATHAM.—Toronto capitalists are reported to have incorporated and organized a drilling company for work in the oil and gas fields in Lambton County, according to a statement issued by Gas Commissioner E. S. Estlin here today.

WILL ASK AID FOR HOSPITAL FROM COUNTY

Deputation From Aylmer Is Waiting On Council Today.

ST. THOMAS, Nov. 24.—A deputation from Aylmer will wait on the county council tomorrow and supported by Reeve McKinney, will urge the council to extend financial aid to the proposed memorial hospital to be erected in that centre. The St. Thomas Memorial Hospital, which is still a prospect only, has never had the sympathy of Aylmer or the eastern townships. An appeal has time and again been made to the county council by the promoters of the St. Thomas Hospital that the council would co-operate in financing and maintaining the institution, but both the far west and eastern municipalities declined to favor the proposition, leaving St. Thomas and the townships of Southwold and Yarmouth to father and finance, the undertaking. The Aylmer people have formed a company among its residents to establish a memorial hospital of their own and claim that as a part of the county corporation and supporting it from a tax revenue derived from the assessed value of the town, that they are the more entitled to any favors which are coming in respect of the erection of a hospital in the east riding of Elgin.

Repair Lock-Up.

An application was made to the council at its adjourned session today for a grant to repair the jail at Aylmer, from which prisoners have managed to get away from recently.

Reeve Corneli, Port Stanley, gave notice that he will introduce a resolution tomorrow asking the county council to extend the county good roads system through all the villages of the county.

To Designate Roads.

A special committee consisting of the reeves of all the townships in the county and Reeve Cornell of Port Stanley, was appointed to consider the matter of designating additional roads in the county good roads system to take the place of the seventy miles or more of highway assumed by the provincial authorities in the provincial highway scheme. The suggestion was made by Warden Mills, in his address, Tuesday afternoon, that this matter be given prompt consideration, in order that the department of highways could have time to officially designate any new roads before the end of the year.

County Bridges Repaired.

The annual report from County Engineer James A. Bell, on the condition of the different bridges in the county that have undergone repair this year, was submitted to the Elgin County Council Tuesday afternoon. The floor of the Port Bruce bridge had been covered with screened lake gravel and bound with tarvia and was now in a good condition to withstand the heaviest traffic, Mr. Bell reported. The Gillette bridge, which was washed partially out last spring, is now open for traffic, although not quite completed. There was no certainty that the bridge as now repaired would be able to stand the spring freshets. It was erected 26 years ago and was a mass of old material.

The report was adopted.

PASSENGERS TO FLY TORONTO TO NEW YORK

MONTREAL, Nov. 24.—A passenger service by air between Montreal and Toronto and New York will be inaugurated early next summer, says J. W. Norcross, president of the Canada Steamship Lines, Limited, who has returned from a trip of several months to England and the continent. While in England Mr. Norcross contracted for two Vickers-Vimy seaplanes, which will have a capacity for carrying twelve passengers each in addition to the pilots. The 'planes are to be capable of developing a maximum speed of 127 miles an hour, and are of the type that is operated practically without noise. Delivery of the two machines is expected by next spring.

The New York, Toronto and Montreal service will follow the watercourse between the three centres, thus securing a maximum of safety to the passengers of the aircraft.

"The new service will be largely in the way of an experiment," he said, "but I am convinced that aerial navigation is the one of the future, and is possessed of unbounded possibilities in a commercial way. The Canada Steamship Lines is the largest inland transportation system in the world, and there is no reason why the company should not become the premier aerial one as well."

STEAMER ARRIVALS.

MONTREAL, Nov. 24. — Arrived: Sicilian, Glasgow; Mississippi, Havre.

QUEBEC, Nov. 24.—Arrived: SS. Empress of France, Liverpool.

Asthma

Positive relief is sure, renewed health certain.

RAZ-MAH

Restores normal breathing, stops mucus-gathering in the bronchial tubes, gives long nights of quiet sleep.

A health-building remedy, put up in capsules, easily swallowed, prescribed by doctors, sold by druggists, $1.00 a box. Ask our nearest agent or write us for a free trial package. Templetons, 142 King West, Toronto.

Sold by all London druggists. In Sarnia by Ingersoll Bros.; Kincardine, J. F. Vandrick; Lucknow, J. G. Armstrong; Owen Sound, Parker & Co.; Petrolea, G. A. W. Denham; Parkhill, J. F. Roberts; Ripley, J. R. White; Strathroy, Rapley & Ballantyne.

STOPS BRONCHITIS QUICKLY WITHOUT ANY MEDICINE

This Problem Solved When Catarrhozone Was Discovered.

Thousands Have Been Cured

You are nothing but a plain, simple boob to suffer a day longer from Bronchitis. It's real easy to cure—this has been proved time and again.

Relief comes at once when you breathe in the soothing vapor of Catarrhozone. Once its healing, piney essences strike the bronchial tubes, you realize that a powerful treatment is at work.

Irritation can't live in the throat of a person inhaling Catarrhozone. It is so soothing, so warming, so full of concentrated healing power that you get results at once.

Catarrhozone strengthens the weak throat, stops the cough, removes that hacking, irritating necessity to clear the throat, makes even the chronic sufferer realize that at last he has discovered a real cure. For coughs, colds, catarrh, and winter ills, nothing in the family could be better than the complete dollar outfit. Small size, 50c; trial size, 25c; all dealers, or The Catarrhozone Company, Kingston, Ont.

ONLY "NEGOTIATIONS" FOR RADIAL PURCHASE IN PRESS, IS CLAIM

Manager of Hamilton Lines Refuses Opinion On Building Costs.

TORONTO, Nov. 24.—C. P. Coleman, general manager of the four radial railway lines operated out of Hamilton, Ont., by the Dominion Power and Transmission Company, testifying today before the royal commission investigating the radial railway schemes of the Ontario Hydro-Electric Power Commission, declined to venutre an opinion as to the present cost of construction of radial lines. Mr. Coleman was asked if he was aware of any negotiations with the Hydro-Electric Power Commission for the purchase of these four radial lines. He replied: "The negotiations appear to have been carried on by the daily press of Toronto and not by the parties interested."

The Hamilton-Oakville radial line, the main railway of the four managed by Mr. Coleman, has never shown an increase over operating costs in any year except in 1912, Mr. Coleman said.

Colonel George Royce, manager of the Toronto Suburban Railway, told the commission that this line was a losing proposition, but could be made to pay if access could be secured to this city. The line would pay, Colonel Royce said, if it could be extended from Guelph to Kitchener. He cited figures showing a deficit in 1918 of $119,170, and in 1919 of $102,407.

DENIES GIVING ESTIMATE.

TORONTO, Nov. 24.—Before the royal commission on hydro radials resumed its sitting today, Robert McKay, K.C., counsel for the hydro commission, referred to an estimate in a morning paper that the entire cost of the investigation would be about $200,000 to $250,000.

"I need not pay any attention, perhaps, to anything that appears in the papers," said Mr. McKay, "but one paper has estimated the cost of the commission, and I am quoted as an authority from which the figures were obtained. I need only say that I did not make any such statement. I was asked what the legal fees for a day would be, and replied that on a day when experts were called the cost might possibly be $1,000 a day, but that it was impossible to say in any way accurately. On that estimate the young gentleman of the press built his interesting estimate of the total cost."

Judge Sutherland—"I was speaking of the article to one of my colleagues. I see that the commissioners receive $100 a day each. I need only say that four of the commissioners receive nothing like that, and one is getting nothing."

"The one member" referred to is Judge Sutherland himself, chairman of the commission, and a judge of the high court.

BLENHEIM MASONS ELECT NEW OFFICERS

J. L. Rutherford Is Worshipful Master of Kent Lodge.

BLENHEIM, Nov. 24.—Kent Lodge, A., F. and A. M., have elected the following officers for the ensuing term: I. P. M., W. M. Bro. Bryce Kendrick; W. M., Bro. J. L. Rutherford; S. W., Bro. W. J. Baird; J. W., Bro. A. R. Williams; Chaplain, Bro. G. W. Butt; treasurer, P. S. Shillington; secretary W. Bro. W. R. Fellows; S. D., Bro. McLatchie; J. D., Bro. Albert Brundritt; D. of C., Bro. A. J. McTavish; S. S., Bro. W. L. Shillington; J. S., Bro. Ewart McPherson; I. G., Bro. G. F. Dalley; tyler, Bro. Levi Coatsworth; auditors, A. G. Shillington and Bro. G. F. Dalley.

Yesterday afternoon in Trinity Church a pretty wedding was solemnized by the rector, J. C. McCrackin. The parties united were Mrs. Elsie Dukes, daughter of Mr. and Mrs. Alfred Markey of town, and Mr. Ernest Welford of Harwich, formerly of Hastings, Eng. The happy couple will reside in Harwich.

The Sheldon House, the only hotel in Blenheim, changed hands this week. Mr. Frank Allor of Detroit has become proprietor, and Mr. and Mrs. Canfield are in charge. Mrs. Buzzard, who has been in the hotel business for many years, having been owner for six years, and formerly ran the oll Buzzarl House, retires from active work, and has taken up her residence in the Hall block.

MOVE TO AWAKEN WOMEN OF EAST

Bolshevik Propaganda Will Be Spread Among Inmates of Harems.

LONDON, Nov. 24.—The Congress of Eastern Peoples, which was held at Baku in September, decided to undertake a campaign of agitation and propaganda among the Mohammedan women of the East, says a wireless dispatch from Moscow, quoting the Russian newspaper Pravdo. Women delegates to that congress are declared to have urged a convention of another congress to be composed exclusively of women of the East. Soviet Russia would be represented in such a congress by delegates from Astrakhan, Turkestan, Daghestan and Azerbaidjan.

The purpose of the proposed campaign, as defined by the newspaper, would be to induce Eastern women to "take their places in the ranks of the strugglers for the liberation of the East."

To attain that object, the Congress of Eastern Peoples decided to organize women's guilds, so as to carry on agitation among them and induce them to become associated with public life and to draw them away from the narrow interests of domestic life.

The congress decided also to ask clubs and schools to give wide scope to the agitation and propaganda among Moslem women.

"Is must be clear that the East has awakened, once women have removed the veil," says the Pravda.

MAY SAVE APPLES IN EMBRO DISTRICT

EMBRO, Nov. 24.—Many farmers in this district expect, if the mild weather continues, to be able to save large quantities of apples which were unpicked when the cold spell set in. Large quantities of fine fruit have been spoiled.

The young people of the district who put on a play at Kintore have donated the proceeds, which totalled $40, to the memorial fund.

Many of the telephone lines, especially those north of the village, are not in working order, due to the storm on Sunday night, and many of the poles north of the village were blown down.

The W. M. S. of Knox Church packed a box of canned fruit today, to be sent to one of the hospitals in the Northwest.

BRITISH EXPLORER VISITED CANNIBALS OF AFRICAN TRIBE

Was Told That Englishmen Were Very Tough—East Indians Preferred.

SUCCESSFUL EXPEDITION

Spent 18 Months On Royal Society Mission—Returns With Great Fund of Information.

LONDON, Nov. 24.—John Roscoe, lecturer at Cambridge University for the board of anthropologist studies, and one of England's greatest ethnologists, has just returned from East Africa, where he has been on a mission for the Royal Society and the Government since May of last year, his expedition being financed by Sir Peter Mickie.

Mr. Roscoe has given to the Daily Mail an account of one of the most marvellous journeys ever undertaken by a man of science. He has brought back curious knowledge and specimens beyond even his own dreams. His collection includes fifty or so varieties of herbs, some of which seemed to effect miraculous cures; many native poisons; great cases full of fetiches, implements and instruments going back to 2000 B. C., and innumerable photographs of strange and grim ceremonies, some cannibalistic and many quite unknown hitherto.

The explorer, who traveled many thousands of miles in the interior on foot and by bicycle, using the native paths, found tribes who lived on milk and nothing else whatever unless a cow died. After they had fed on that a twelve-hour fast was imposed. So vast are their herds that a king disposed of 20,000 as a small one.

Another tribe lived wholly on bamboo tips and moles. In another the relatives always ate the dead, even if they died of smallpox; but members of this tribe, which is hardly surprising, were less healthy than the others, whose women are described as the fattest things ever seen, while the men are thin, very athletic and often well over six feet in height. One of the cannibals remarked that "Englishmen were very tough, but East Indians nice and tender."

The most interesting experience of the expedition was six weeks spent with the King of Bunyoro. He has become a Christian and so felt it possible to give Mr. Roscoe all his fetiches, a priceless collection which throws an entirely new light upon ceremonies going back to 2000, B.C. He also organized a pageant of some 4,000 years—according to native tradition—of ceremonial. Thousands of natives themselves came to see it as a sort of grand finale to ages of accumulated superstition.

Peculiar Customs.

By his knowledge of the local language gained in earlier visits, Mr. Roscoe, who was alone, became familiar with many present beliefs and customs. For example, in one tribe girls are betrothed at birth and married at 12 of 14. If they are unchaste before marriage they are killed. In a neighboring tribe girls may do as they will until after marriage. Many most elaborate laws of marriage, morality, divorce and land tenure have been revealed in the course of the journey. The discoveries include valuable commercial information. For example, Mr. Roscoe found graphite of high quality in the native communities.

He says he has material for five years' work at six hours a day. His herbs and poisons are being tested and analyzed by Edinburgh University and by Burroughs, Welcome and Company. A dozen cases of ethnological specimens are going to the Pitt-Rivers Museum at Oxford.

The journey started at Mombasa, and the most dangerous and difficult part, as well as that which yielded the richest results, was west and north of Victoria Nyanza and in the triangle between the three great lakes.

NEED NOT APPEAR UNDER O. T. A. CHARGE

HAMILTON, Nov. 24.—In connection with the seizure here by provincial police last week of $12,000 worth of liquor at the home of William Goldberg, Park street, Alexander Powell was this morning fined $1,000 and sentenced to three months in jail. David Goldberg, who, according to the officers, claimed ownership of the liquor, was sentenced to three months and a $500 fine.

The magistrate, however, withdrew this sentence when informed by the crown that Goldberg had been previously convicted. He will pass sentence later. Goldberg did not appear. Senator George Lynch-Staunton, K.C., who appeared for Goldberg, declared his appearance was not necessary when he was represented by counsel.

The senator added that he did not blame any man who was innocent from keeping away from court when charged with an offense under the O. T. A. He severely scored the provisions of the act which presumed a man guilty until he could prove his innocence.

BIG VALUE FOR LITTLE MONEY

TO BE HAD EVERY DAY IN THE WEEK AT

Clark's Economy Stores

SWEET BISCUITS—Why pay high prices when you can get biscuits of really good quality at these prices?
Ginger Cookies, per lb.....20c
Vanilla Bars, per lb. 25c
Lemon Crisp, per lb. 25c
Patsy, a very choice biscuit, lb. 30c

DRAFT OF FARMERS' PLATFORM FOR NEXT FEDERAL ELECTION PLACED BEFORE WEST MIDDLESEX U. F. O.

Propose Adoption of the Reciprocity Pact of 1911, Reduction of Tariff Between Canada and England by Half, Free Imports of Implements and Foodstuffs and New Proposals Regarding Income Tax.

[By Staff Reporter.]

Strathroy, Nov. 24.—The presentation of a draft platform for the United Farmers of Ontario for the next federal elections, a suggestion that urban centres be allowed to send representatives to the U. F. O. conventions, and an address by U. F. O. Organizer S. C. McKee of Toronto, were the principal features of the third annual meeting of the West Middlesex U. F. O., held here today. The morning session and the first half of the afternoon were devoted to business of the organization and the receipt of reports of committees, the principal of which was that of the picnic committee.

The platform suggested by the council of agriculture, a draft of which formed part of the report of County Director Harold Currie, will be sent to each U. F. O. club for consideration by the members, who will give their delegates to the annual meeting of the provincial organization at Toronto in December instructions as to any changes they desire made in the platform.

The principal planks in the draft read by Mr. Currie propose the adoption of the reciprocity pact of 1911; the reduction of the tariff betwen Canada and Great Britain by half; the admission to Canada free of all foodstuffs, farm implements and machinery used in the production of the natural resources of the country; the imposition of 2 per cent on incomes of $1,000 for single men and of $2,000 for married men, rising 2 per cent on each additional $1,000 income.

The Tariff Question.

Owing to the fact that the draft will go to the clubs for consideration, there was not much discussion of it. But, one delegate declared that unless the Canadian tariff wall was kept as high as the American, the country would be swamped with American and other countries' manufactured products.

Answering a question about the income tax, Mr. Currie said that as he understood it, a man having an income of $1,000, whether it was in the way of wages or otherwise, would be required to pay a tax of $20 annually on that amount, and a married man would be required if his income was $2,000, to pay $40. A delegate took exception to this, claiming that in the case of a married man with a family, $40 tax on $2,000 would be an impossible proposition, and a serious hardship.

Organizer's Address.

Walter Bolton, president of the West Middlesex U. F. O., presided, and in opening the public meeting, explained that Mr. Halbert, who had been announced as the principal speaker, and Mrs. Brody, who was to have addressed the meeting, were unable to be present, the latter through sickness. He then introduced S. C. McKee, of Toronto, U. F. O. organizer, who had been assisting the Farmer candidate in the East Elgin election.

Tracing the organization of the U. F. O., Mr. McKee said that it had its being in the West, where the sons of Ontario and other provinces had gone to hew out for themselves on the great prairies a living. They had fought against hardships, builded their homes and raised a crop, but when they brought their grain to the elevators they found themselves cheated in the test, cheated in the weight, and cheated in the price. The feeling of dissatisfaction grew until it was crystallized at a meeting of thirteen men in a small schoolhouse. From this small smudge grew the great fire which is sweeping from the West to the East, and bringing with it a new era in Canada.

Has Grown Steadily.

He declared that as the Farmer movement had grown, the Tories had claimed that the U. F. O. was affiliated with the Liberals, and the Liberals had as earnestly asserted that the Farmers were in league with the Tories.

"We are not affiliated with either party," he said, "no matter how much they may protest. The U. F. O. is not a class movement, it takes in all creeds, all nationalities and all shades of political thought and combines them all on one common ground. It is true that it aims to lift the agricultural industry to a plane as high as any other in the Dominion.

The speaker then went on to pay a great tribute to the worth and splendid work of the women of Canada, and incidentally remarked that the Conservative party takes great credit to itself for giving women the vote. It was the will of the people that the women should have the vote, public opinion demanded, and in making such a claim, the Government shows that it has forgotten that it is the servant, and not the master.

Co-operative Methods.

The speaker quoted figures showing the remarkable growth of the co-operative methods amongst the farmers. During the last fiscal year the sale of cattle by the Co-operative Company amounted to $9,847,292, and since February, 15, 1920, it had averaged $1,000,000 a month.

Discussing briefly the record of the Provincial U. F. O. Government, Mr. McKee expressed surprise at its success, and claimed that its record distinctly proved the cry of "class legislation" to be false.

"Who started the round robin?" asked a man in the audience, referring to the increased-indemnity-for-members matter.

"The Conservatives and Reformers," retorted Mr. McKee.

Answering a question on the "government by commission" cry set up during the East Elgin election, Mr. McKee declared that the commissions appointed by Premier Drury were very different to those appointed by the party governments. The government commissions were formed, he said, of party followers. Mr. Drury had chosen disinterested men for his commissions, and instead of giving them autocratic power had ordered them to investigate and report their findings to the Government.

Given the Figures.

Returning to the class legislation matter, Mr. McKee quoted from the compiled war records in regard to pensions. He read figures showing that the average pension paid to the widow of a private soldier was only $40, plus $5 for each child, per month, gradually mounting to $100 and $10 for the widow and child of a flag officer. "If that is not class legislation, what is?" he asked.

In closing he urged his audience to "buckle up your belts, and be ready for a Dominion election at any time."

Election of Officers.

The annual election of officers took place prior to the public meeting and resulted in the re-election of Walter Bolton, president; C. C. Henry, vice-president, and Harold Currie, county director. Allen McDougal of Caradoc was elected secretary-treasurer. The annual report showed that there are 50 U. F. O. clubs in the district, with a membership of 1,150.

The election of U. F. W. O. officers resulted as follows: Mrs. Harold Currie, county director; Mrs. Dougal, secretary-treasurer; directors, Mrs. McKee, East Williams; Mrs. W. Wardell, Adelaide; Mrs. Gray, Lobo; Mrs. W. Ferguson, Caradoc; Mrs. McDougal and Mrs. Allan, Ekfrid.

AMATEUR WORK LED POLICE TO FIND DOUGHTY

Follower of Sherlock Holmes May Share in Reward Offered.

ONLY FRINGE TOUCHED

Detective Says "Big Story" Lies Underneath Strange Disappearance.

PORTLAND, Ore., Nov. 24.—Leaving today in custody of Austin P. Mitchell, chief of detectives of Toronto, John Doughty, former private secretary of Ambrose J. Small, millionaire theatrical man, who disappeared in December last, was en route to the Canadian city to face charges in connection with the case. They were expected to stop at Chicago.

Doughty's movements from the time he left Toronto in December were given out today by officers at Oregon City, where he was arrested Monday night. According to this information Doughty first went across the international line to Buffalo, N.Y., where he spent a few days. Then he went to Milwaukee, Wis., taking a train later for Seattle. After a brief stay in Seattle he came to Portland, where he stayed until he went to work at a paper mill in Oregon City on February 23.

Amateur Sleuth.

How Doughty was caught as a result of the activity of an amateur detective, Ed. Richardson, who recognized him in Portland about two weeks ago from a circular he had seen, and his arrest by Constable Fortune of Oregon City, was told today by Richardson.

"I first recognized Doughty in Portland about three weeks ago," Richardson said. "I had seen a circular offering $15,000 reward for his arrest.

"I was standing on a street corner in Portland, waiting for an Oregon City car. Doughty passed me and waited for the car a couple of blocks farther on. When I got on the car I again saw him, and the resemblance to the circular impressed me.

Kept Tab on Him.

"It was on a Sunday that I first saw him, and I kept close tab until the next Sunday, when I went to Ed. Fortune and told him I wanted the help of an officer."

Richardson said they signed an agreement to divide the reward in case they were successful.

Before he boarded the train today Detective Mitchell said he would recommend that the $15,000 reward offered by Mrs. Ambrose J. Small for the apprehension of Doughty should be divided between Richardson and Fortune.

Big Story Underneath.

Doughty declared, according to Mitchell, that he had taken Small to a theatre at Toronto the night Small disappeared, and that he lost track of him there, and he has not seen him since.

Mitchell, who had kept Doughty in the privacy of a hotel room during the night, where he had opportunity to talk over the case with him, said to newspapermen:

"Big as this story seems to you, I don't mind telling you that you haven't yet touched the fringe of it. I'd like to help you, for I know the newspapers of this country and Canada have spent thousands of dollars following me on my trips, hoping that some day the story would break.

"But as yet the principal facts are know only to me—and," he added, with the slightest gesture toward Doughty, "those who had something to do with them."

Choose the Phonograph You Want for Christmas NOW!

A Very Small Deposit Will Hold It

The Colonial Phonograph

Built, priced and guaranteed, as it is, makes it one of the outstanding, genuine values on the Canadian market.

Our present stock of these instruments is entirely free from any "luxury" tax. The number, however, is limited. It is therefore advisable that you act quickly.

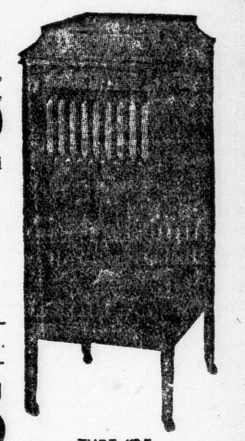

STYLE THREE

Largest size, 46 inches high, 20 inches wide and 21 inches deep; finished in walnut, mahogany or fumed oak; equipped with spacious record accommodation, universal tone-arm for playing all makes of records, ball-bearing casters and one-hand top. The motor is of the powerful two-spring type, and has proven satisfactory in every way. You will like the tone and appearance of this instrument. Complete with ten double-sized Columbia records, 400 needles, and one record-cleaning brush $160.00

TYPE "3"

BORDER CITIES PLAN ERECTION OF GAS PLANT

Joint Project May Be Made Issue At the Coming Elections.

WINDSOR, Nov. 24.—The amalgamation of the border cities of Windsor, Walkerville, Ford, Sandwich and Ojibway, and the errection of a joint plant for the manufacture of artificial gas, will, in all probability, be the live issue of the approaching municipal elections here, it was intimated to The Advertiser tonight by Ald. Sam Keyser, who declared that in addition to himself, several other aldermen favored the plan.

Declaring the present gas situation the best argument for amalgamation yet offered, Ald. Keyser said that with the various municipalities here joined under one administration, not only could the cities unite on the work of settling the gas shortage by undertaking municipal operation of an artificial plant, but various other important matters before the people, including the joint water supply problem, and unification of all public works enterprises, could be more easily solved.

Time Is Opportune.

"I believe," he said to The Advertiser, "that the time is now ripe for submitting this question to the electors. It has been discussed for years. The Essex Border Utilities Commission has been working toward this end for a long time, but has been hindered in its efforts by partisan jealousies of the different factions in the various municipalities. I think it is time the people had an opportunity to express their opinion on this matter. There is no further end to be gained in continuing the Essex Border Utilities Commission."

Special Meeting.

Walkerville Council will hold a special meeting at the town hall Friday evening to authorize the issuing of debentures to the amount of $300.000 to finance the municipal housing undertaking. The debentures will run for fifteen years, bearing 6 per cent interest. One hundred homes now in the course of construction by the Walkerville Housing Commission will be completed by the end of February, Mayor King said tonight, after which, if the shortage is as acute as formerly, plans will be put into effect for increasing the number of residences under construction.

CAUGHT IN MACHINE, SERIOUSLY INJURED

Young Guelph Worker Has a Double Fracture of the Jaw.

GUELPH, Nov. 24.—Arthur Howard, aged 17, an employee of the International Malleable Iron Company, is in the General Hospital in a serious condition as the result of an accident. He was working on a drill press when his clothing caught in the cogs, and he was drawn into the machine, sustaining a double fracture of the jaw, as well as injuries about the body. As he was pulled towards the moving wheels, the material in his shirt gave way, and he was able to free himself without assistance, although the clothing was torn completely from his body.

MRS. MARGARET CAHILL DIES AT WEST LORNE

WEST LORNE, Nov. 24.—The death occurred at the family residence, east of the village, of Mrs. Margaret Cahill, in her 80th year. Mrs. Cahill was one of the pioneer settlers of the district.

C. B. Kramer, manager of the textile factory, is in Toronto on business.

St. Andrew's supper and convert will be held in the opera house on November 30, under the auspices of the ladies of Knox Presbyterian Church.

Smith Too Busy To Look At Films

TORONTO, Nov. 24. — Provincial Treasurer Peter Smith's proposed change in the censorship of moving picture films is not to place the responsibility upon one man, as reported yesterday, but to appoint a new appeal board with a responsible man as chairman.

The minister today said that he was too busy to act as a censor himself. He said he would have a conference tomorrow with various societies and organizations interested.

"I intend to secure a man for the chairmanship," Hon. Mr. Smith said, "whose ability will be agreed upon."

FORMER LONDONER GOING TO WATERLOO

Rev. W. H. Harvey Will Leave Hespeler Next June.

GALT, Nov. 24.—Rev. W. H. Harvey of Hespeler Methodist Church, formerly of London, has accepted a call extended to him by the Waterloo Church, although his parishioners were anxious to have him remain for a fourth year. He will make the transfer in June next.

Local municipal circles received a surprise today, when it became known that City Engineer W. H. Fairchild had tendered his resignation, to take effect on December 31. He gave no reasons for his action, and stated he had made no plans for the future, but would likely remain in Galt. He came here from Brantford in 1916, and during that time has supervised the construction of many pavements.

Dr. A. Soper continues his work of improving the north end of Jackson Park, and already a great change is noticed as a result of the hundreds of trees planted. In consideration of what he is doing the city will name the park Soper Park and will build a thoroughfare through it.

Here's a Strange TaleFromBlenheim

Stranger With Bottle Walks Into Police Station and Asks To Be Fined.

BLENHEIM, Nov. 24.—It is not very often that a constable has the experience Day Officer C. W. Lowes had today while on duty in the town hall, when a stranger came in and pulling out a bottle of alcohol asked to have a charge laid against him and be fined here.

The story which the stranger proceeded to relate, was in effect that his name was Charles Cameron, also known by the name of "Scram," that he had been in league with some rumrunners and had made lots of money in the business, but now wanted to make a confession of his doings and clear up an affair which would implicate several others.

It would appear from his story that he has been making "moonshine" on the side. In fact, the sample he had with him, it is said, was of his own distilling.

While the officers here were inclined to take a great deal of his story as a "yarn," judging from his appearance and general make-up, nevertheless it was decided that he had in the very action of bringing liquor into the town hall "had liquor in a place other than his private residence," and the chief of police was induced to lay a charge against him under the O. T. A.

He came up for a hearing before Magistrate John C. Whittington, who remanded him for a week, and in the meantime County Constable Geo. Peters was communicated with, and it was learned from him that "Scram" was a familiar character known to the county police. They were much interested in being able to get in touch with him. Arrangements were made whereby Peters will take "Scram" over to the county jail tonight to await a hearing in a week's time.

FAVOR COMMUNITY CENTRE.

INGERSOLL, Nov. 24.—At a largely-attended meeting of the big eight fraternal societies here this evening special addresses were given by J. F. McKay of Ingersoll, and G. Hammond of Toronto, until recently provincial secretary of the Boy Scouts. The importance of establishing a community centre, of every citizen realizing and doing his share in civic work, of co-operating whole heartedly, and of working in harmony was emphasized.

WIFE OF SMALL BELIEVES HE STILL LIVES, SAYS REPORT

TORONTO, Nov. 24.—Mrs. Ambrose J. Small, who is reported in press dispatches as having left New York tonight for Toronto, is said to hold to the belief that her husband is still alive and has been held by kidnappers since December 2, 1919.

Some of Mr. Small's friends in this city also believe in the kidnapping theory, inasmuch as Mr. Small's wealth is estimated at over $3,000,000. Scores of alleged clues, which seemed to substantiate the theory, have been followed up without success.

One of the supposed clues followed the insertion of an advertisement in a New York daily. A letter was received by Edward W. M. Flock, of London, Ont., Mr. Small's solicitor, signed "B. B. Friend," stating that Small was held, but that at the time further information could not be given. In correspondence with "B. B. Friend" through a New York lawyer, it was stated that on the night of December 2 last, Small had been inveigled into a motor car and driven to a "respectable house in a respectable locality in Toronto, where he may be yet."

Another "clue" indicated that Small was being held by a gang of the New York underworld. This was followed up and the search proved fruitless. There was one intimation that ransom would be required, but nothing developed.

ABANDONED BOY IS BEING LOOKED AFTER

Police May Take Action Against Man and Woman.

WOODSTOCK, Nov. 24.—A few weeks ago a couple arrived in the city from Toronto and with a five-year-old boy took a boarding-house, and the man set out to look for work. The couple posed as man and wife, but since it is alleged their real names were Elizabeth Sheffield and Alfred Wheeler. A few days ago the woman quietly left the city and then the man, abandoning the boy, left also. The Toronto police were notified and the couple were arrested. The authorities there may take some action against them. In the meantime the five-year-old boy is being looked after here by friends.

CUTICURA HEALS PIMPLES

In terrible rash on face which made skin sore and inflamed. Irritated face by scratching and was disfigured. Could not sleep well and made feel unpleasant. Trouble lasted 3 months before used Cuticura and after using 2 cakes of Soap and 1 box of Ointment was completely healed.

From signed statement of Miss Gladys Neabel, R.R.3, Brussels, Ont.

Cuticura Soap, Ointment and Talcum promote and maintain skin purity, skin comfort and skin health often when all else fails.

Soap 25c. Ointment 25 and 50c. Sold throughout the Dominion. Canadian Depot: Lymans, Limited, St. Paul St., Montreal. Cuticura Soap shaves without mug.

WOULD FORCE SON OR DAUGHTER TO PAY FOR PARENT'S UPKEEP

HAMILTON, Nov. 24.—Dr. Alex. McKay, inspector of public institutions in Ontario, addressing the Ontario Association of Managers of Homes for the Aged and Infirm, at the association's convention here today, declared that Ontario had done more for infirm people than any other province in the Dominion. The total grant from the Ontario Government to homes for aged and infirm people, he stated, was $69,343.

After Dr. McKay had stated that there was not a law in Ontario to compel a son or daughter in competent circumstances to pay for the maintenance in a home of a father or mother, the convention passed a resolution to petition the Government to enact such legislation as would make it obligatory for sons or daughters to help maintain their parents if the parents were inmates of homes.

G. B. McClelland was elected president, J. B. Reynolds and Frank Sifton were elected vice-presidents, J. H. Bates was elected secretary, and C. W. Rae, treasurer. Following is the executive committee: H. W. Martin, Kitchener; O. H. Gooding, St. Thomas; G. P. Brown, Dunnville, and F. Parker, Woodstock.

TO OPEN GYMNASIUM AT CHATHAM SOON

CHATHAM, Nov. 24.—The official opening of the Salvation Arn., Hostel gymnasium will take place on December 8. The ceremony will be performed by Robert Gray, who is actively interested in matters relative to the promotion of healthy sport in this city. Commissioner Richards will also be present and will give an address. Mayor F. H. Brisco will preside at the ceremonies in the evening.

The latest and most modern gymnasium equipment is now on hand and will be installed in the gymnasium in a few days.

The local branch Women's Auxiliary of the G. W. V. A. recently shipped a phonograph and a number of records to the Byron Sanatorium in London for the amusement of the soldier patients there.

Says Government Should Resign Now

People of Canada Want An Election, View of W. C. Kennedy.

WINDSOR, Nov. 24.—Referring to the election of the United Farmers' candidate in Monday's by-election in the constituency of East Elgin, W. C. Kennedy, M.P. for North Essex, said tonight: "It is a plain intimation that the people refused to recognize Premier Meighen's right to carry on the Government of the country. The proper course of the National Liberal and Conservative party to adopt would be to resign and give the people of Canada an opportunity of electing a government which would be representative of their views."

Neither Major J. C. Tolmie, M.P.P. for Windsor, nor Milton C. Fox, M.P. for South Essex, would comment upon the election.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea, with sulphur added, will turn grey, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or grey. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, grey, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all grey hairs have disappeared, and after another application or two your hair becomes beautifully dark, glossy, soft and luxuriant.

RYAN HAT SHOPS

½ Price ½ Price

On All Trimmed Hats

Fur Hats and Velours are the only exceptions. New York Model Hats at less than half price. No sale hat priced over $12.00. All $25.00 to $37.50 New York models reduced to $12.00 in this sweeping sale of Millinery, which commenced this morning, and will continue until our stock has been drastically reduced.

A New Low Price On Kiddies' Hats

89c

In this lot we offer a large assortment of Ribbon and Flower Trimmed Velvet Hats for girls; colors, black, navy, brown, as well as a full range of the brighter colors. None of these 89c Sale Hats sold for less than $2.00 in a regular way, and some were as high as $3.00.

Ladies' and Misses' Tailored Hats

Reg. $3 to $5 Values

95c

Surely an old-time price for Banded Hats. They are made of velvet and hatters' plush, banded with good quality corded ribbon; large quantity of styles and colors; all worth in a regular way from $3.00 to $5.00. How about one of these hats to save the better hat, when the weather suggests.

Mattewan Velours and Other Makes Reduced To

$8.50

Velours are certainly a comfy style of winter hat, and are usually purchased at regular prices up to the latter part of December. A very fortunate clearing purchase enables us to sell $14.00 to $18.00 values in Mattewan and Biltmore brands, in good range of styles and colors at $8.50.

Feathers and Flowers at ½ Price

Mostly Paris-made. We buy our trimmings as cheaply as any wholesale house in Canada. They come directly from the French makers to us. Our half-price sale of all Feather and Flower Mounts should therefore prove of more than ordinary interest. Our entire stock of Mounts at half-price.

RESULTS OF GOVERNMENT "EDUCATION."

Mr. Meighen and Mr. Guthrie say that the general election must be postponed until the people are educated into understanding the Government policy. Well, there was surely plenty of education of that kind in East Elgin. The constituency was kept open for six months after the death of Mr. Marshall, kept open until almost the last moment allowed by law, while elections were held long ago in constituencies where the vacancy did not occur until last summer. During the greater part of the period East Elgin was vacant Mr. Meighen was prime minister of Canada, so that he had ample time to carry on his educational campaign.

The entire organization of the Conservative party, with a huge staff of writers and speakers, was moved into East Elgin. Local newspapers were flooded with heart-to-heart talks and other advertising, with a total disregard of expense. One would have imagined that a general election was in progress, judging by the huge posters, in which Mr. Meighen was pictured as the safe man at the helm. (Was this on the famous Port Burwell dredge?)

The prime minister spoke twice in the riding, once at Aylmer. Aylmer gave Charlton 537 votes, while the Government candidate received only 97. The result in Aylmer was a great triumph for Mr. Charlton, and for Mr. King, who addressed two big meetings there on Thursday night.

The general result of the Government's "education" was a crushing defeat, an emphatic repudiation of the Government and all its works. The vote for the Government was less than 3,000; the vote against it nearly 5,000. In Yale, B. C., the Government majority was reduced from nearly 2,000 to 300. Such are the results of "education." They show how the general election will go when the Government plucks up courage to bring it on.

THE LESSON OF EAST ELGIN.

The people who are behind the Government at Ottawa are too wedded to their own interests to properly interpret East Elgin. The Montreal Gazette, organ of high protection, tells the premier to go right ahead, maintain the policy that he has been enunciating of late and let the future take care of itself. But there are few so blind as this. The majority of the people are interpreting the result in this Ontario by-election as indicating a very deep-seated dissatisfaction with the Government and with its policies. The most extraordinary efforts were made to keep this seat Tory. A small army of speakers and organizers were there for weeks and money was spent like water. "Anything to win East Elgin" seemed to be the cry, but the people of East Elgin showed that they had minds of their own, and that they were not to be cajoled or flattered into voting for a candidate whose election was so clearly backed by all the selfish interests in the country today.

East Elgin ought to have a very deep meaning for the administration at Ottawa. The consant flouting of the public interest contrasted with extreme solicitude for the class represented by the sugar barons has not passed unnoticed by the country, and there would be more results just like East Elgin were there opportunities for the people to express themselves. There can be no crying on the part of the Meighen administration that they did not have a fair show in the by-election. As a matter of fact, everything was in their favor. The ridisg had been Conservative in the past, the Government's organization was complete in every particular, there was the inducement to elect a candidate belonging to the party in power, and the three-cornered contest operated distinctly to the advantage of the Government candidate. With Mr. Stansell as a candidate no fault could be found, save that the advertising experts of the Government placed him in a rather foolish light before people who knew him. Yet, despite all the advantages in their favor, the Government lost and lost badly.

CHURCH UNITY.

(By Charles Jenkins).

In this installment of Mr. Jenkins' article he deals with the objects and aims of the Canadian Church Union.

I would call your attention to the extreme importance of these resolutions. The Provincial Synod is composed of representatives of the entire church in the districts named. Its members are elected by the diocesan synods, and without public agitation, or any so-called party action, both houses of that synod, composed of bishops, cleric and lay representatives, put thereby on record their conviction that the present system of Canadian Church administration is defective, and that the time had come for consideration of measures to reform that state of matters. In so doing, they were only carrying out one of the objects set forth in their declaration of 1861, viz.: To promote the further consideration and united action of the whole of the dioceses of British North America.

The Provincial Synod of 1886 having passed these resolutions and appointed its committee, adjourned for three years.

One of the drawbacks of the present Provincial Synod system at once showed itself. A reference to a Provincial Synod committee of a thoroughly general representative character has this difficulty, that the various members of this committee are so far apart that the kind of inter-communication required for a subject of this magnitude is virtually impossible, and any discussion of the subject in Provincial Synod to give it full value must have an intelligent movement of the whole mind of the church accompanying it. It became evident that some kind of organizaion was required to work specially in furtherance of the movement, and in the city of London a few earnest-minded sons of the church organized "The Canadian Church Union." Special societies to achieve special ends within the church have been called into existence from time immemorial as circumstances required, and as there are special temperance, purity, mission and other societies or guilds, in full working order—today, under the authority of the church's spiritual ruler, so a society for church union in Canada was exactly in the path of church custom. The moral authority for organization was derived from Provincial Synod action, and it would not have existed without that action. Voluntary service for the cause of the church is one necessity of its earthly position, and the call to this work was none the less legitimate, that it proceeded from internal consciousness of church necessity, instead of external official appointment.

The Canadian Church Union has no connection with any other society. Its qualification for membership is being in full communion with the church, and its aims and objects are as stated in its constitution.

The better union of the Canadian Church called it into existence, but in considering the declaration of its aims and objects, it was felt that some other necessities of church life might be profitably dealt with, if the union grew into sufficient strength and influence to enable this to be done. Its aims and objects then are:

1. To unite the various dioceses of the Church of England in Canada, so as to form a purely Canadian branch of the one Catholic and Apostolic Church, owing allegiance to a metropolitan and a provincial synod, as the true head and governing body of the Canadian Church.

2. To sustain and strengthen the church by all means in its power, by a hearty and liberal support in all church work, to aid the bishops and clergy in maintaining and enforcing her doctrines and discipline.

3. To maintain the Prayer Book of the Church of England in its integrity.

4. To disseminate information as to the Scriptural origin and general history of the church, as a means of holding her members to a faithful and intelligent allegiance to her principles and teaching.

5. To promote meetings of church people for the informal discussion of those matters, about which men's minds are not as yet sufficiently informed for serious synodical consideration.

6. To encourage the laity to take a more active part in the work of the church, both general and parochial, and especially Sunday school work.

8. To form a bond of union for all lay workers, affording them a medium of communication, and for consultation on the various phases of their work.

8. To aid and foster by all means in its power a desire for Christian unity.

The first work the Canadian Church Union began to do was to further the union of the Canadian Church, and so far, with the exception of some work done by a few of its members, under clause 4, giving lectures on church history, its efforts have been exclusively in the direction of the federation of the Canadian church. The first thing done was to communicate with members of Provincial Synod committee and others in the various dioceses to take notice of Provincial Synod resolutions, and ap-diocesan synod committees to consider. Nearly all the diocesan synods have had the subject up, and the education of the general mind of the church is thus going on in a way not otherwise possible. Communication was opened up with some prominent churchmen in Manitoba, and at Provincial Synod meeting of Rupert's Land, held in August, 1887, a full and favorable response was given to resolution of our Provincial Synod. British Columbia is most anxious for union with the Canadian Church, and a branch of our society has been established there. Throughout the whole of the Dominion of Canada has this question been brought up in the church's own councils. The work of the Canadian Church Union has been to hold up the question to the church. The Canadian Church Union promulgated no plan, but simply in the scattered state of the various dioceses of the Canadian Church it gave the initiating movement whereby church lovers, workers and thinkers, did the work through their own channels for themselves. According to present appearances it will continue to discharge this duty; it knows no party, but according to its ability has worked with singleness of purpose in calling attention to this want of the church, and rousing the efforts of those who alone can supply it, and Provincial Synod committee, which met recently, acknowledged the service the Canadian Church Union had given to its work. Everything shows that the church is ripe for action in the question, and the serious consideration is: How to set about it? This brings us to the report of the Toronto Synod committee, which was adopted at its last session by the synod, and as the Canadian Church Union has no specific plan, I must discuss the report individually.

(Continued Tomorrow.)

Letters to the Editor

CHICKENS AND BETTER LIGHT.

To the Editor of The London Advertiser:

London is said to be the best chicken town in American (not merely Canada). We'll say it is, for the sake of argument; but if the recent exhibition under the London Poultry and Pet Stock Association is any criterion, I should say that they ought to change the name to the London Owl Club. I visited the show one evening. There appeared to be a good showing of birds, but unless the management provides flashlights, there is not much good in bringing these birds together. The upper pens in some places were fairly visible, but in the under pens one was at liberty to guess whether they contained Belgian Hares or Barred Rocks.

Surely in London there ought to be enough lovers of the fancy to guarantee that if a show is worthy of being held it is worthy of being lighted. Yours for better lighting, HUGH McCOLL.

YET JAPAN IS SUSPICIOUS.

[Chicago Tribune.]

The proposed anti-alien legislation in California does not even mention Japan or the Japanese. It is directed primarily against aliens ineligible for citizenship, and secondarily against their offspring. It applies as much to Hindus, Chinese and some others as to the Japanese. It expressly preserves the present treaty right of all such peoples. It seeks to confiscate none of the lands or other property now legally held by such aliens. Its purpose is merely to prevent the extension of such land holdings, much of which has been gained by subterfuge which has made the present land law practically inoperative. It intends to prevent continuation of such subterfuge. It withholds no privilege or rights from citizens of the United States.
from citiens of the United States.

WORKERS AND WORK.

[Calgary Herald.]

It is not true that Canada does no furnish enough employment for all its people. There is plenty of work in this country. If people leave to find work elsewhere it is because they are too particular as to what they work at.

From Here and There

A GOOD TIME TO STOP IN EAST.

[Moncton Transcript.]

Reports from Vancouver, Toronto, Montreal and Quebec state that large numbers of men are out of employment, and that the prospects for the winter are far from promising. In Montreal and Quebec there is little demand for unskilled labor, and this class of workers may find it hard to tide over the winter unless they can be absorbed in lumber and construction camps and in pulp and paper mills. There has been a considerable change since last winter, when politicians and others were talking about the necessity of more production. Now the difficulty is to obtain opportunities to produce.

RUSSIAN TRADE.

[Stratford Beacon.]

Russia must have trade with England to feed and clothe thousands of population. England needs the Russian market to keep her factories and industries and her ocean trade up to normal. But the shrewd diplomacy that has always characterized Great Britain is illustrated in the conditions laid down to which Soviet Russia must comply before trade will be resumed. All military operations against Persia and India must cease, as will also Bolshevik propaganda throughout the British Empire.

A SERIOUS HARDSHIP.

[Toronto Globe.]

A lighthouse keeper in Georgian Bay watched over the dead body of his wife for three days, the heavy weather preventing a trip to shore. Lighthouse keepers should be provided with signals so as to summon help in emergencies. In the present case the woman's life might have been saved if a passing steamer could have been signaled.

A GREAT DISCOVERY IN EGYPTOLOGY.

[Manchester Guardian.]

In the underground necropolis under the ruined temple at Deir Medineh, the French savant, M. Lacau found thousands of mummified bodies of the sacred ibis. Each bird was in an elaborately decorated vase of earthenware, embedded in a sort of cardboard formed by a conglomeration of papyri which totaled hundreds of thousands of papyri. The subjects of these are naturally of the widest character, and M. Lacau, in his speech yesterday to the French Academy of Sciences, was loudly applauded by the assembled professors when he said that the find was one of the most important, if not the greatest, of the discoveries in Egyptology of our day. The work of deciphering these documents will take years. "It is the waste paper basket of ancient Egypt," said one of those charged with the work.

REDUCE MILK DELIVERY COST.

[Kingston Whig.]

The proposal to form an organization which aims to establish in this city a central milk bureau is one that has much to commend it. It will be helpful in at least two important particulars: It will materially assist in reducing cost of delivery. At present a score or more producers or dealers are delivering milk to all parts of the city, necessitating a great deal of overlapping. Not infrequently five or six wagons are to be seen in one block, each having only from one to three or four customers. What a waste of time and money this system—or, shall we say, lack of system—involves is very apparent. When the business is properly organized, as it will be under the new organization, definite routes will be laid out, and this useless overlapping done away with. The saving in horses, wagons and drivers' salaries would by itself amount to a considerable sum per annum.

HONORING LORD BURNHAM.

[Westminster Gazette.]

The honor paid yesterday to Lord and Lady Burnham by their colleagues of the press was a fitting recognition of the manner in which they discharged the functions of leadership in the Press Conference in Canada. On these occasions the lions of the newspaper world lie down with the lambs, and we can all appreciate Lord Northcliffe's story of how George Augustus Sala said to him, "Young man, get out of Fleet street. It's no place for anybody." That is the advice given by every generation of journalists to its successor, but the glamor of writing remains, and youth decides to take its chance, makes good, and then wags its finger at the recklessness of those who venture into the hazards and uncertainties of Fleet street. In the press world, the foundations of which are always shifting and uncertain, there is still respect for the pillars which stand unshaken, and Lord Burnham happily represents a phase of journalism which has endured in an era of change, and remains as sturdy and as unmoved as when it was confidently challenging the world.

IS HOME BREW CRIMINAL.

[Quebec Telegraph.]

This is the weighty question that a number of the people, newspapers and officials of the United States are engaged in discussing. Mr. Kramer, the prohibition commissioner of New York, says that "the man who makes home brew in his northern home is just as much a lawbreaker as the illicit distiller who makes his moonshine in the mountain fastnesses of the South." The New York Herald, commenting upon this declaration, says that though these be sorry words for sinners, it fears they will not turn the hearts of the wicked, and by way of illustration our contemporary adds: "More than a quarter century ago it was written into the constitution of the State of New York that gambling was neither authorized nor allowed, and that the legislature must pass laws to prevent gambling. There probably has not been one single second since gambling was prohibited that gambling has not gone on. Every night there are more poker and bridge games in this city than there are trees in Central Park. There have been professional gamblers who have been punished for making a living out of gaming, just as the moonshiners are locked up for making a living out of their stills. But the man who makes beer in his cellar has no more compunction about it than his wife has about the poker game she is playing in the dining-room."

And in the same issue of the Herald there appears a letter on the subject from a witty correspondent, who says among other things: "When the prohibition commissioner calls home brewing criminal he reflects on the Volstead act. That law specifically prohibits the issue of warrants for residences except on information that liquor is being made to sell. The inference from that is that home brewing carried on for the householder's thirst is not criminal. Perhaps Mr. Kramer, like many of his temperament, confuses words. Of course it is. So are coffee and tea drinking, smoking, unnecessary talking and reading of light novels. All pleasures—except minding other people's business—are wicked.

AUTHOR OF J'ACCUSE.

[Exchange.]

When "J'Accuse," the most sensational attack on kaiserism made during the war—appeared anonymously in 1915, there was much speculation as to its authorship. It was ascribed to several eminent writers who were bitterly opposed to the Hohenzollern regime. Many people still do not know that it was written by Dr. Richard Grelling, a leader of the German Liberals. During the war Dr. Grelling escaped to Switzerland, where he helped to prepare the plans for the German revolution. When his work became known in Germany his property was confiscated and he was charged with high treason. After the revolution he returned to Germany, but he met with such outrageous treatment at the hands of the so-called "revolutionists" in power, that he is obliged to live in exile. German publishers refuse to print his books, and German audiences and newspapers deny him a hearing. His life was threatened during his visit, and several of his fellow-workers have already been assassinated by imperialists in the uniform of the new republican army. The Yale Review (New Haven) for January will publish the first article from Dr. Grelling's pen to appear in America since the war. It is a powerful attack on the pseudo-revolutionary party now in the saddle, ending with a warning against a counter-revolution.

WHAT DO YOU KNOW ABOUT CANADA?

ANSWERS TO YESTERDAY'S QUESTIONS.

1—Alberta's annual output of furs totals between two and three million dollars.

2—The first victory won by French-Canadians for the British flag was the fight in the woods of Chateauguay against the Americans in 1813.

3—Canada's water power is controlled by the Federal Government.

4—The population of Canada at the time of the British conqust was 70,000.

7—Sir Gordon Drummond ws a Canadian who was appointed lieutengovernor of Upper Canada in 1813 and because of his military experience was a great assistance in the war against the United States.

6—Canada has 24 condensed milk factories.

7—Canada's voluntary contributions to various funds for war work totalled $95,291,376.

8—Ontario's dairy school is at Kingston.

9—Prince Edward Island was formerly called Isle St. Jean.

10—The most valuable deposits of sodium sulphate in the world are in Saskatchewan, south of Ceylon.

TODAY'S QUESTIONS.

1—Where is the monument to Montcalm and Wolfe situated?

2—Does criminal law and procedure come under the jurisdiction of the federal or provincial governments?

3—Where are the Pelly Lakes and river?

4—How did the British govern New France after the fall of Quebec?

5—Who was the first British governor of Canada? —

6—When did the first Legislature meet in Nova Scotia?

7—In 1919 what acreage in Canada was planted with alfalfa?

8—Who were the first young Canadians to give their lives in the great war?

9—What Ontario counties raise the most tobacco?

10—What was the beginning of Edmonton?

Poetry and estf

KEEP THY DREAMS.

Keep thou thy dreams—though joy should pass thee by;
Hold to the rainbow beauty of thy thought;
It is for dreams that men oft-times die
And count the passing pain of death as nought.

Keep thou thy dreams—through all the winters' cold
When weeds are withered and the garden grey;
Dream thou of roses with their hearts of gold,
Beckon to summers that are on their way.

Keep thou thy dreams—the tissue of all wings
Is woven first of them; from dreams are made
The precious and imperishable things
Whose loveliness lives on, and do not fade.

Keep thou thy dreams—intangible and dear
As the blue ether of the utmost sky—
A dream may lift thy spirit past all fear
And with the great may set thy feet on high.

WHERE, INDEED?

"No, sah, ah don't neber ride on dem things," said an old colored lady, looking in on the merry-go-round. "Why, de other day I seen dat Rastus Johnson git on an' ride as much as a dollah's worth, an' git off at the very same place he got on at, an' I sez to him, 'Rastus,' I sez, 'yo' spent yo' money, but whar you been?' "

AT THE SPRING.

[By Mary F. Larabee.]

Where the gentle spring flows down
Into the waiting pool,
Gather the village women,
The girls, the boys, and the fool,
And the men on their way to the harvest field,
While yet the day is cool.

The women and girls bear water-jars,
The boys bring the big-eyed calf,
And the knobby dusty buffaloes
For their long blissful bath,
The mare and her rider quench their thirst.
And the fool! Oh, he makes them laugh!

EXPENSIVE BOTH WAYS.

[Detroit Gateway.]

The Elder—You should begin to save up for a rainy day.
The Younger—I will as soon as I get through saving up for a dry day.

IN THE CITY YARDS.

[Mary F. Labaree.]

They were harried, they were hounded,
They fell, ran, hid and crawled,
But fifteen thousand found a place
Within mud mission walls.

They came with torn and frozen feet,
And brains that reeled with fear;
They came with sorrow-strangled hearts,
Too dazed, too spent for tears.

The Kurds raged at the sheltering flag,
And cursed the big barred gate,
The stricken crowds begged God's good might—
He stayed the cries of hate.

A five months' weary vigil
Was kept with bated breath,
With filth and typhus, hunger, dread,
With prayer and birth and death.

PUSSY, PUSSY.

Kitty—My dressmaker says it is such pleasure to fit a gown on me.
Edith—Considers it a sort of artistic triumph, I suppose? The true artist delights in difficulties.

BILL IN WESTMINSTER ABBEY.

[Jim Loquitur.]

In the Abbey they've buried poor Bill;
And what will the old chap do there?
Perhaps, like the others before him, lie still
As the stone-folks about him, and stare.
And how do I know they took Bill?
Because, I know where he fell
Just after we'd gone up the hill,
And we buried him deep down and well.
We tumbled them in by the score,
Bill, Jack, with Tom and the rest,
And we covered them up, while we swore
Those three of us all fought the best.
If only they'd left him alone
To stay with the "unknown dead"
Outside the cold wall of stone,
Just where he'd dyed the grass red,
When all shall rise up at the knell
That the chaplain said surely would
How much better to wake where you fell
Than with kings, priests and poets all round.
Tom, Jack, the birds and the flowers,
Would suit Bill exactly, I know,
But to waken with all the big powers,
Great Scott! but that will be a go.
As he always was keen for the fight,
For his roll call there need be no fear,
But certain he'll not feel quite right,
To get up with some Crown Prince or Pear.

WISE DOLLY!

Teacher (to new girl)—Now, Dolly, I will give you a sum. Suppose your father owed the butcher $72.26, the bootmaker $35 and the milkman $51.30, and the coalman $219.88—

Dolly (confidently)—We should move.

BETWEEN URUMIA AN SAIN KALA.

[By Mary F. Labaree.]

Friend, we are done with dying,
Now we drop down to die.
We are wearied of this long dying,
My little one and I.

The cruel sun was enough to kill.
How the hunger wolves can tear!
The drowning dust and madhouse thirst,
The curse, shriek, groan, and prayer!

If only the kindly dagger
Had torn our burdened breasts,
We had long since, on downy stones,
Found our paradise of rest.

Friend, we are done with dying,
Now we drop down and die. .
We are wearied of this . . long . . dying,
My little . . ones . . and . . I.

LOVING THINGS.

[Modern Persian—Author Unknown.]

I am only a man, and yet sometimes
The green skin of unripened limes
Or the rose and gold of a naked heel
Take hold of my heart and make it feel.

And then I'm a god that tints and blends,
Loves and laughs and comprehends;
Hunger and honor are my creed,
And the splendor of a windy speed.

And then I'm a wolf, that glares and runs
After the soft four-footed ones;
Moonlight is shattered on my track
Ere human voices call me back.

Every Man For Himself

BY HOPKINS MOORHOUSE.

He broke through into the tote road just as the girl's fleeing figure loomed dimly in the twilight.

"Here, Cristy!" he shouted. "This way. The Saucer! Make for the Saucer! Are you all right?"

"Yes," she panted. "Oh, Philip,—Svenson—Call Svenson!" Neither of them gave thought to the familiar names by which they addressed each other under the stress of the moment. gave thought to the familiar nanes by which they addressed each other under the stress of the moment.

"Here, Cork. Help her. Hustle back, the both of you."

There was no time to lose. Members of the gang were plunging through the woods towards the spot from several directions. Kendrick sped down the tote road, revolver in hand. Svenson was not hard to locate, for he was bellowing like a bull of Bashan in the middle of the trail, shaking his fist in the air and hurling defiance at a cringing group who were just picking themselves up from the ground where they had been flung by the enraged Swede.

"Come on, Svenson! This is Kendrick. Quick, man," called Phil. "We've got her safe. But there's a million more of them coming through the woods."

They ran for it none too soon. Rifle flashes broke in the dark like fireflies elongated. Bullets were whining past them and thudding into the tree-trunks and plowing up the ground all around them as they dove into the thicket; but it was blind guess work shooting in the dark. They got through unscathed.

At the foot of the hill they overtook McCorquodale and Cristy just ts the sharp bark of the detective's automatic sent three pursuers hastily to cover. The big Swede swept the girl over his shoulder as if she had been a sack of meal and, started rapidly up the ascent while Kendrick dropped behind a rock and joined McCorquodale in the fusilade with his own weapon.

The firing was bringing the whole gang about their ears and soon as he had given Svenson time to reach the top Phil ordered the detective to beat a retreat. They tumbled in among their friends, all but winded.

Svenson sat down and wiped away the blood that was trickling down his face from a scalp wound.

"Yum—pin' Yimmy!" he puffed with emphasis. "Vell, by golly!"

"Y've said somethin', Goliath," approved McCorquodale with a grin.

CHAPTER XXI.
DOUBLE TROUBLE.

Inwardly raging, Kendrick crept about, making anxious inventory of their hurts. There was little use in voicing his amazement that they had been fired upon with unmistakable intent to do bodily harm——and for such trivial cause. He had not dreamed that any gang of men would dare to carry out such an attack in Northern Ontario in these days of established law and order. These were not pioneer times and a dangerous situation like this in which they found themselves was out of place except in a moving picture. One could look for anything to happen in the photo plays which staged bloody scenes in a corner of a city park, called it "the Canadian wilds" and shot at least one man every thousand feet of film. But here in Northern Ontario, a few miles from the luxurious trans-continental passenger trains de luxe—! Scum and all as fellows were crazy with liquor.

There was ample proof that they were drunk enough for anything and in the face of the real danger of the situation nothing was to be gained by recriminations. It was through no fault of McIvor or his men that their bullets had not caused serious wounds or several fatalities, and he was thankful to find that his little party had escaped. Their clothes were badly torn, of course, and all of them bore various scratches and bruises from contact with the forest undergrowth in the dark; but beyond the gash on Svenson's head and another on Phil's shoulder where a bullet had torn through his sleeve, they had escaped for the time being.

He found Cristy Lawson and young Jimmy Stiles in a nook behind the rocks, exchanging confidences with breathless interest. She had lighted a small candle and stuck it up in a recess where its feebele rays were hidden from outside view. She had brought along a canvas haversack into which she had thrust a number of things she had thought might be useful in an emergency, including sewing materials, a bottle of Mrs. Thorlakson's special liniment and a package of sandwiches. The latter she had opened and Stiles had been munching away while she told him all that had taken place since she left Toronto—nearly all, that is. But it was Stiles who was talking when Phil joined them—talking so rapidly and excitedly that he was almost incoherent. At sight of Kendrick he stopped abruptly and when the girl turned, Kendrick noted that she was scarcely less agitated.

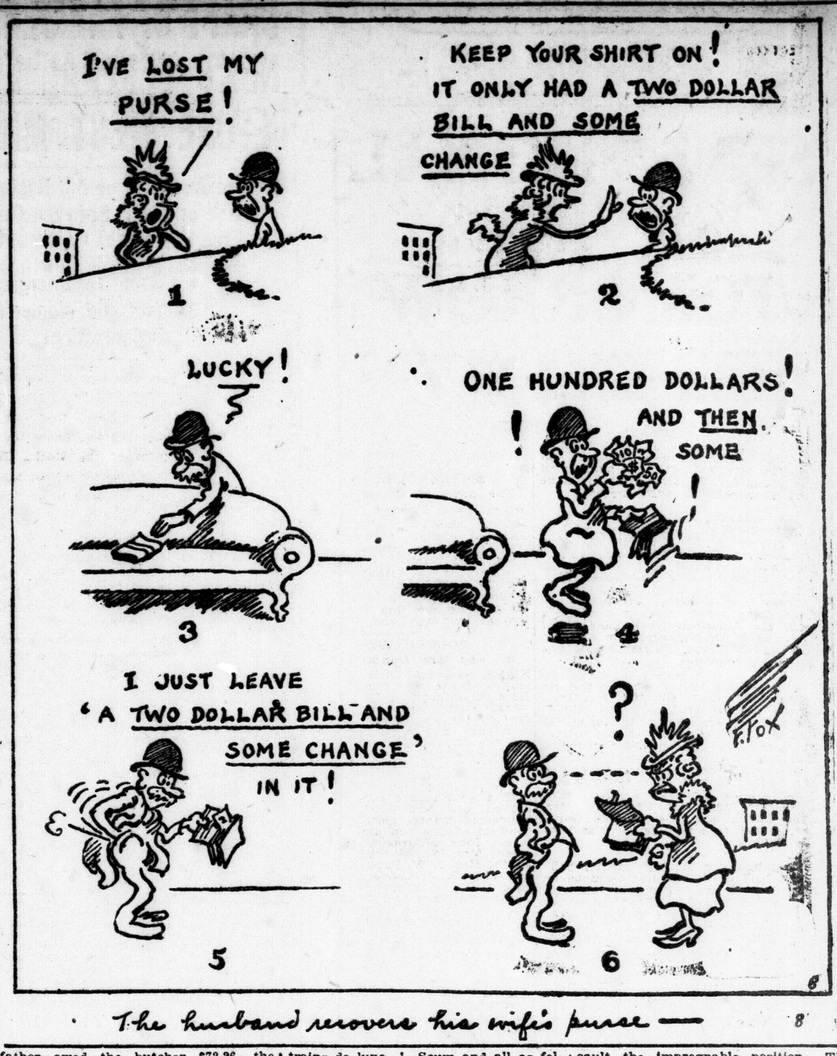

"Jimmy has something to say that you should know at once," she explained hurriedly, averting her gaze. She seemed very much upset.

He hastened away to post McCorquodale and Svenson to watch for further demonstrations from the enemy. There was no sign of any intention on the part of Red McIvor's men to assault the impregnable position. The whole gang seemed to have drawn off, for the present at least, and it would be impossible for any of them to creep up the hill without giving ample warning of their approach. So, cautioning both to keep their ears open and call him at the first sign of further trouble, he slipped back to hear what Stiles had to say.

The story of the bookkeeper's strange experience was so absorting that it was not long before both his auditors completely forgot their surroundings. The gang of toughs in the camp below were running a consignment of cheap whiskey and rum into the north country for distribution among the camps and various unscrupulous traders who would supply it to lumberjacks, trappers, construction gangs and even Indians in due season. This Red McIvor was a notorious character who was known in many an out-of-the-way corner of the north for the boldness of his operations and his defiance of the law.

But it was not just chance that had brought him into this part of the country on his present expedition. It was the money hidden in the stump. McIvor was open for any sideline in dishonesty that gave promise of lucrative returns and his agent, Weiler, had been very busy in Toronto recently. Somebody had tipped J. C. Nickleby as to Podmore's underhand activities—Ferguson, the lawyer, Stiles thought; but was not sure—and Podmore had been watched closely and followed when he started west. Word had been passed to Red McIvor, who had lost no time in getting on the trail of this fifty thousand dollar pick-me-up, with the result that he had reached out a hairy arm, twisted his fingers in Mr. Podmore's coat-collar and calmly dispossessed him of the sealed envelope which he had recovered from the stump. The chase which had ended thus had no match for the experienced woodsman in the latter's own environment.

PAGE OF INTEREST TO WOMEN

IN SOCIETY

F. S. Glass, M.P., and Mrs. Glass have left for Bermuda, where they will spend the winter.

Major E. Flexman of Ottawa, head of the soldiers' civil re-establishment department, was a guest at the Tecumseh House yesterday. He was in the city inspecting the military hospitals.

Miss Eleanor Johnston, 7 Rathgar street, was pleasantly surprised on Monday evening, the occasion of her twelfth birthday, when a number of her young friends gathered at her home and showered her with presents.

Miss Blanche Mills, who has been a much-feted guest during her visit in the city at the home of Mr. and Mrs. T. N. Way, Elmwood avenue, has left for Chicago and other points, on her way to her home in California. Miss Mills arrived in London after a lengthy journey from Armenia, where she had been doing relief work in connection with the American Near East Relief Commission. On her way from Armenia she visited Egypt, Palestine and the European countries.

This evening promises to be the occasion of many delightful functions, among them a musicale to be held at the home of Mrs. George H. Davis, 662 Talbot street, by the Talbot Street Mothers' Club in aid of the club funds. Numbers are to be given by many well-known local musicians, including Mr. Sydney Martin, Miss Beryl Wainwright, Miss Florence Dewey, Miss Viola Stevens, Miss Cameron, Mrs. Fred Galpin and Miss Minnie Gardner, as well as a reading by Miss Minnie Dobbyn.

Invitations for the big "charity ball" to be held in the Winter Gardens on December 10, are being issued on Friday, which hints that the ball is not very far off now. This year it is probable that the decorations will be entirely different, and that as the Christmas season is near, the ball will take the form of a Christmas ball, with decorations carried out accordingly. The ball is given under the auspices of the Campbell Becher and Princess Patricia Chapters in aid of the Children's Hospital.

Mrs. Boomer's drawing-room sale is always one of the most delightful functions of the season, and now that it is drawing near people are looking forward to the splendid array of fancy articles to be sold. On Friday afternoon, for that is the occasion of the sale, the following women will be in charge at Mrs. Boomer's home: Miss Stella Macklin, Mrs. W. A. Bluethner, Mrs. Harris Elliott, Miss Duffield, Miss Cecelia McTaggart, Mrs. Ball, Miss Whately, Miss Falls, Mrs. Seaborne and Miss Landor. Mrs. J. S. Niven is to preside in the tea room, assisted by Mrs. Worthington and Miss Worthington of Toronto and by Miss Harris and others.

WATERHOUSE—GRAHAM.

The home of Mr. and Mrs. Joseph Waterhouse, Ingersoll, Ont., was the scene of an interesting ceremony on Saturday, when their son, Herbert Waterhouse, was married to Elizabeth Graham of Glasgow, Scotland, Rev. E. Shepherd of the Methodist Church conducting the ceremony. The groom, while overseas, visited Scotland and when there met his wife. They will live at Sullivan Lake, Alberta.

GOLDEN WEDDING.

Mr. and Mrs. Duncan McGregor of Kippen celebrated their golden wedding anniversary at the home of their son, John McGregor, on Thursday of last week. Fifty years ago they were married by the Rev. Wm. Graham of Egmondville, and went to live on the groom's farm on the tenth concession of Tuckersmith. About fourteen years ago they moved to Kippen, leaving the farm to their son.

The family presented Mr. McGregor with a gold-headed cane, suitably engraved, and Mrs. McGregor with a handsome mantel clock. The family consists of one son and three daughters: John McGregor, on the homestead; Mrs. Wm. Workman of Tuckersmith; Mrs. J. W. Paterson, of Toronto, and Mrs. R. J. Cooper of the London road north of Kippen. Mr. and Mrs. Sproat Paterson and baby of Toronto were also present, baby Marian being the only great grandchild of Mr. and Mrs. McGregor. The house was beautifully decorated, gold and white colors predominating.

TIDEY—EVELEIGH.

At St. Paul's Church, Stratford, on Saturday afternoon at 3 o'clock, the wedding of Miss Netta Laura Beatrice Eveleigh, daughter of Mr. and Mrs. R. F. A. Eveleigh, to Mr. Harry Tidey, took place. Rev. S. A. Macdonnell officiated. Misses Eva and Daphine Walker, cousins of the bride, acted as bridesmaids and Mr. Archie Hall was groomsman. The brides was given away by her father and wore a navy blue suit trimmed with braid, a fawn colored hat and a veil trimmed with gold and to her white fur was attached a cluster of orange blossoms. She carried white chrysanthemums. Miss Eva Walker was wearing a navy blue suit, while Miss Daphine Walker wore an alice blue gown. The bridesmaids carried pink and yellow chrysanthemums. Mr. Frank Walker, cousin of the bride, and organist of St. Paul's Church, played the wedding march. The groom's gift to the bride was a piano, to the bridesmaids pendants, and to the groomsman a pair of gold cuff links. The bride's gift to the groom was a gold tie pin. Following the service at the church a dainty repast was partaken of at the bride's home.

TRY THIS PERFECT HAIR TINT FREE

Coupon Brings Trial Package of "Brownatone."

WHY ENDURE GREY HAIR?

We want every woman to know not only how easily she can tint grey, faded, streaked hair herself, but how truly wonderful is the result produced when Brownatone is used for this purpose. Thousands of women already know and use this perfect hair-tinting preparation, but other thousands have yet to learn, from actual experience, how marvelously it restores to grey, faded and bleached hair its original beauty and glory.

"It's So Easy Now To Have Beautiful Hair."

"Brownatone" is the one safe, reliable, easy to apply hair tint for changing grey, faded, or bleached hair to any beautiful shade of brown or black.

Absolutely Harmless.

Greaseless, odorless, easy to apply—a comb or brush is all you need. Instant in results and guaranteed to contain no lead, sulphur, silver, zinc, mercury, aniline, coal tar products, or anything to injure the hair or the most tender scalp. Far superior to so-called "restorers" and harmful "dyes."

Brownatone is sold and recommended in London by Standard Drug Company, Limited, Cairncross & Lawrence, Liggett Drug Company, and other leading dealers.

Two colors: "Light to Medium Brown" and "Dark Brown to Black." Two sizes, 50c and $1.50. Refuse all substitutes. Used and indorsed by thousands of women in society and the business world.

Special Free Trial Offer.

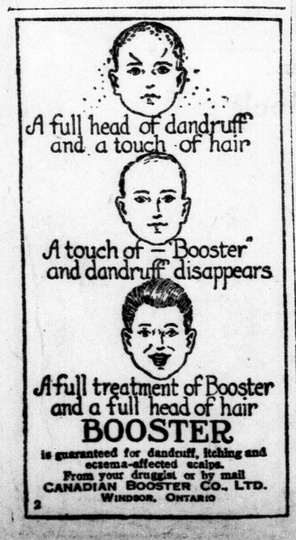

Send only 10c with this coupon for Free trial package and helpful booklet on the care of the hair.

"SHRINERS' CIRCUS" RAISED $2,603.87 FOR HOSPITAL FUND

Success Due To Energies of Shriners and Women's Organizations.

The magnificent sum of $2,603.87 was clared for the Children's Hospital at the "Shriners' Circus," held last week in the Masonic Temple under the combined auspices of the Mocha Temple Patrol and the Children's Hospital Committee. The result was announced by Mrs. F. J. Greenaway at a meeting of the booth conveners, held at the Masonic Temple yesterday afternoon, and a more detailed account of the money taken in by the different booths is to be given at the first meeting of the hospital committee.

That the circus was such a splendid financial success was due to the energies of the Shriners, who made the bazaar possible, and who shouldered its expense. It was also due to the splendid work of the booth conveners and the local women's organizations which took part in the bazaar. These included practically every woman's organization of any prominence in the city, outside of church organizations.

Club News

RYERSON M. C.

Miss Hay of the Ryerson school teaching staff will be the seaker at the next meeting of the Ryerson Mothers' Club, her subject being "The Sub-Normal Child." The meeting takes place next Tuesday.

TALBOT STREET M. C.

Miss Hazel Tanner of the children's department, public library staff, addressed the Talbot Street Mothers' Club recently, her subject being "Books For Children in the Public Library."

ABERDEEN M. C.

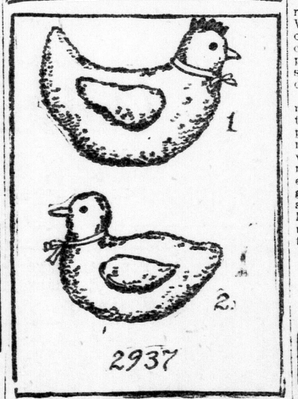

The Aberdeen Mothers' Club is holding a bazaar at the school on Friday afternoon and evening, when homecooking and many useful articles will be on sale.

THOMAS MARTIN'S RECITAL.

Monday is distinctly marked on the calendar for London music-lovers, as that is the occasion of the Chopin and Liszt recital to be given in the Masonic Temple by Thomas Martin. In addition to the recital as an explanatory introduction will be a paper on the numbers to be given by Miss May Walker.

Advertiser Patterns

Owing to the pattern manufacturers increasing the price of patterns to us, all patterns advertised from this date will be 15 CENTS EACH.

A Set of Attractive Nursery Toys.

2937—One may have these toys of toweling, terry cloth or eiderdown. The filling may be of sawdust, cotton batting, paper snips, cork or other substance that will make the toy float.

The pattern is in one size. It will require ⅝ yard of 24-inch material for either toy.

A pattern of this illustration mailed to any address on receipt of 10c in silver or 1c and 2c stamps.

Name .....

Town .....

Province .....

Age (if child's or misses' pattern)....

Measurement: Bust..... Waist.....

CAUTION: Be careful to inclose the above illustration, and send size of pattern wanted. When the pattern is bust measure, you need only mark 38, 44, or whatever it may be. When in waist measure, 22, 24, 28, or whatever it may be. If a skirt, give waist and length measure. When misses' or child's pattern, write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than one week from the date of application.

THE MARRIAGE OF ANNE

BY MAY CHRISTIE

(Copyright, 1920, by the McClure Newspaper Syndicate.)

LXV.—Mrs. Neil Saunders.

"You!" The monosyllable slipped from me, with a surprised emphasis.

"Yes! I—and none other!" Neil still wore his amused smile.

"But it couldn't be!"

"Why not?"

"Oh, Margery's guardian left his money to a—a sort of rascal!" I stared blankly at my husband. "I'm not sure that I didn't hear he'd been in jail, or something of that sort!"

"Indeed! The plot thickens!" Neil's blue eyes twinkled. It was evident that he was thoroughly enjoying himself.

"But—you haven't been in jail, have you?" (I felt considerably startled.)

"Better men than I have been in jail!"

"Don't tease me, Neil!" My lips trembled. (Was I really married to a felon?)

"Don't be a ridiculous little goose, my dear!"

The patronage in his voice annoyed me, although I felt relieved as to my question.

Then:

"Do you always believe everything you hear?"

"Not always! But I remember Margery saying—"

"Forget it, then!" An angry glint shone in my husband's eyes. (He was capable of temper, it seemed.) Then:

"Margery hadn't met me in those days. It was quite excusable that she should be annoyed. I soon, however, put things right for her."

(Put things right for her? What did he mean?)

No, I hadn't cared for Margery at boarding-school. She had been a languid, supercilious sort of girl. Once she had designated me as "Tubby Little Anne." I hadn't forgiven her for that slight!

She had had such lovely clothes, too. The finest lawn lingerie—and real lace!

(My aunt, kind as she was, had had sterner views anent a school-girl's outfit. Often I had envied Margery.)

I managed to yawn, elaborately. I wanted to convey to Neil an impression that I was bored with the topic of this girl.

"You're eating nothing, Anne." He put a piece of delicate pink trout upon my plate. "And do have some more coffee."

"Thanks. Yes, I will."

I ate and drank with feigned appetite. I wasn't going to let him think our conversation had upset me.

"I'm sure you and Margery will become good friends." Again he blundered into the wretched topic. "She can teach you a few things, dear. I mean, give you some good tips—"

He stopped when he noticed my quick flush.

"How? Tips? What do you mean?"

"You aren't angry, Anne? No, of course not! I—well, I meant—tips about clothes, and that sort of thing. Margery's perfectly dressed on all occasions."

This was the final straw! I was so annoyed I couldn't speak. And Neil went blundering on:

"Margery's mother was French. That explains her excellent taste."

I found my tongue.

"I have not had Margery's advantages," I said, icily, "although I try to do my best, in matters of dress."

I glanced down at my blue taffeta frock. It had lost its pristine freshness, and was rather rumpled.

A spot had fallen on the filmy georgette collar, too. It gave it an untidy look.

My husband followed my glance, though he made no remark. All the same, I knew that he was comparing me with the immaculate Margery, to my own disadvantage.

In the old green mirror, opposite, I caught sight of my reflection. Of course, it was the mirror's fault that I didn't look attractive. My complexion was pale and sallow, my eyes darkcircled, the lids swollen with last night's tears.

I remembered reading a book quite recently in which the writer (a woman) harangued all wives on the duty of keeping their husbands' affection.

"To look as fresh and beautiful as possible, particularly at the breakfast table," was one stern injunction.

I had forgotten that, until too late.

Now—according to my husband's notions—proximity with the charming Margery would alter such remissness.

"If you'll excuse me, I'll run upstairs and see if my suitcases are all ready." I rose hurriedly from the table.

Having gained the haven of my room, I washed my face in cold spring water, and rubbed it violently with a Turkish towel to bring some color to my cheeks.

Then, carefully, I rubbed some skinfood in, and lightly dusted powder on. Yes, I looked better now!

But a great acne was at my heart, a gnawing, jealous acne. I couldn't bear the solitude of my room for long. So I descended to our little sitting-room again.

Neil wasn't there.

"He's round in the garage, Mrs. Saunders." The landlady's rosy face was wreathed in smiles as she regarded me, the bride.

I started at the unfamiliar form of address. It brought my marriage sharply home to me. "Mrs. Saunders." No longer was I Anne Travis.

"Oh, I'll go round and look for him," I said, lightly, trying to appear completely at my ease; "I expect he's getting the car ready."

True enough, I found my husband in the garage. He looked so big and capable, bending over the engine of the car. Apparently he knew all there was to know about its mechanism.

I took a good, square look at him. The morning sun was shining on his fair, uncovered head and sunburned countenance. Yes, he was attractive! Manly, too. There was nothing of the mollycoddle about him, as there certainly had been in Fred.

Then he turned round and saw me. He held out an envelope. It bore the inscription:

"Mrs. Anne Saunders."

"A telegram for you, my dear." He regarded me rather anxiously. "The messenger is waiting for an answer."

Tomorrow—Nearing the Paragon.

HOME ECONOMICS

MRS. ELIZABETH KENT, MacDONALD COLLEGE.

FROM TWO TO FIVE.

The years from two to five are called the neglected years of childhood, and it is true that many a healthy baby somehow comes to grief in these years and turns into a spindly, forlorn child. It is often a matter of wrong feeding, with the manifold ills resulting.

We have at last come to realize that the young child must have his own food, suited to his needs, and changed with his growth.

Careful study has shown that the diet for the child in the years from two to five should conform to a few simple rules, not difficult for any thoughtful mother to follow.

Purchase a quart of milk daily for each child. This may be given as drink, in soups, in junket, in bread puddings, or with cereals. Just remember that the child ought to get a quart a day.

Teach the child early to like well-cooked cereals, and give him one bowl of it every day. Oatmeal is probably best, then wheat.

Serve fruit or fruit juice every day. This may be baked apples, pears or stewed prunes, or the juice of berries, oranges or grapes, but no rich preserves or jams should be given to young children.

One fresh egg a day should be saved for the child, even though adults go without.

Young children cannot digest all kinds of vegetables. Spinach, green peas, asparagus, beets, carrots, squash, and cooked celery, all mashed or finely chopped, are good to begin with. Potatoes also are good, and should be given baked, with a little butter.

Finally, train children to like plain wholesome food; do not tempt and spoil their appetites by tid-bits of rich, highly seasoned foods, or by irregularity in meal times, or by candy between meals.

Personal Health Service

(By WILLIAM BRADY, M.D., Noted Physician and Author.)

Near-Sightedness and Vision.

The near-sighted eye is too long from front to back. It is often determined by a skull shape which is long from front to back. The Teutonic skull is that shape, and near-sightedness is therefore common in persons of Teutonic nativity. The Indian and negro skulls are rather short from front to back, and in these races near-sightedness is rare.

Far-sightedness may be compensated to a certain degree by straining to focus the eyesight, but there is no way in which the near-sighted eye can overcome its deficiency, save by artificial lenses. By squinting the lids, so that some of the marginal rays of light are excluded, the near-sighted may make vision slightly clearer, but only slightly.

Near-sightedness tends to progress from bad to worse from year to year, up to the age of 20 to 25 years, when it generally does not show further increase.

If the child is carefully treated from the earliest discovery of the defect of vision, which is usually around the age of 7 or 8 years, fairly good vision will be retained throughout life. If the near-sightedness is not recognized and properly treated the eyes may undergo grave changes which may threaten vision itself.

By proper adjustment I mean the regular care and advice of the oculist. When the oculist has measured the child's vision and considered the child's individual requirements he will prescribe the proper lenses and instruct the child or parents as to the care of the eyes.

A number of young persons write me and ask whether it will not be better for them to leave off their glasses part of the time, although they are near-sighted and cannot see clearly without the glasses. They harbor a notion that they should "exercise" the eye, and that the constant use of glasses will somehow "weaken the sight." Both of these ideas are groundless in any case, and in the case of near-sightedness it is very bad policy to omit the glasses at any time when the eyes are to be used. The glasses save the eyes.

Near-sightedness is never "outgrown." Well, for that matter, no other anatomical defect or disease is ever outgrown.

(The technical name for near-sightedness is myopia, and near-sighted individuals are called myopes.)

QUESTIONS AND ANSWERS.

Poets and Things.

In reading the biographies of poets, painters, composers and scientists, I notice they generally reach a ripe old age. How do you account for that?—J. O.

Ans.—Perhaps you happened to select some who attained old age. The majority of the classes mentioned are short-lived.

Pure Cold Cream.

Quite a while ago you recommended a pure cold cream, but I have lost the clipping about it. Will you kindly give the name or formula again?—L. V.

Ans.—Unguentum Aquae Rosae. U. S. P., or, in English, Ointment of Rosewater, prepared in any desired quantity by any pharmacist according to the formula in the official Pharmacopoeia, which every pharmacist has. This is the best cold cream, but it must be freshly prepared.

Needless Worry.

I have heard it is possible to become infected with syphilis through using drinking glasses, towels or utensils which others have used. If this is true, isn't everybody who must associate with a person whose blood tested Wassermann four plus, endangered?—S. M.

Ans.—In the earlier weeks or months of syphilis there is some danger to persons intimately associated with the patient unless the patient uses individual personal utensils and toilet articles. If you will refrain from using common towels, drinking cups and the like you need not worry about such infection.

PEDRO IN OVER-THE-MOON LAND.

Part Eleven.

All the greyhounds, the foxhounds, the wolfhounds, the bloodhounds and every other kind of hounds in dog county chased the pudding dish over the kingdom, but they could not get near it. What a fast runner it was, and how it laughed at the efforts of the dogs.

"My little whippets can catch it," said King Tray confidently. "They are the fastest runners in the kingdom. So he called out the captain of the whippets and instructed him to put his regiment to work.

He was a funny little thin fellow, was the captain of the whippets. He was really one of the smallest dogs Pedro had ever seen, and some of his soldiers were smaller than he was. What runners they were, though! When they got started Pedro thought they could never stop, they were going so fast. But even the whippets could not catch the pudding dish.

What hope had Pedro with his stubby slow old legs to catch the wayward pudding dish. It certainly looked as if he would have to go back to Cat County and lose his life.

Poor King Tray had tears in his eyes when he admitted the failure of the whippets. "It is certainly a mean pudding dish," he said. "I am afraid we will have to wage war on Cat County if we are to save Pedro's life."

"Oh, no," Pedro cried. "Before your army could get there they would put Little Red Riding Hood and Little Boy Blue to death. You must not do that."

"I used to have influence with King Puss-in-Boots," said Beautiful Joe. "I am the only dog he ever liked. Perhaps I could persuade him to let our friend go free."

"I am afraid you could not," Pedro told his new friend. "The miller's son has more influence than anyone with Puss-in-Boots, and he had said I am to die if I don't catch the pudding dish, for you know it made the beautiful princess' head ache.

"That's true," answered Beautiful Joe. "Well, what are we to do?"

"I had started out to see Red Riding Hood's grandmother," Pedro reminded them.

"Of course," cried King Tray. "Beautiful Joe shall go with you and show you the way. Red Riding Hood's grandmother can give you advice—she is the wisest woman in Over-the-Moon Land."

That very night Beautiful Joe and Pedro started off for Red Riding Hood's grandmother's cottage. We will hear about their visit there tomorrow.

Cynthia Grey's Mail-Box

Humor is the true sixth sense. Lacking it, one misseth the joy of living. It lurks under the serious affairs of life as a violet lurketh under the trees of the forest, and when so found is more to be prized than that which shouteth itself from the housetops.

More Gift Seeds.

Dear Miss Grey,—Will you please send me some flower seeds, moonflowers and mixed nicotine, if you have them? I am sending some asters and burning bush, and can send zinnias and Rose of Sharon later. Inclosed find a little for S. C. H. MRS. A. D.

Ans.—Many thanks for seeds and hospital mite. The seeds mentioned would be very acceptable, and the ones you requested have been mailed.

Seeds for Fund.

Dear Miss Grey,—I am sending you ten packages of Four-o'Clocks for sale for C. H. F. I hope that I have made the envelopes as they should be made. I only wish that I had more seeds to send.

Please send me one package of pink asters and oblige. PUSSY WILLOW.

Ans.—Asters have been forwarded. Many thanks for Four-o'Clocks.

A Candy Recipe.

Dear Miss Grey,—Some time ago, I believe the first of September, I wrote to your page, sending 20 cents for cosmos and marigold seed, also 20 cents from a friend for the S. C. H., and as I have not seen it in print, thought perhaps you did not get it. I sent by the same mail a Bucilla book of crochet patterns for yokes, bonnets and edgings which I thought could be passed on, as I did not want it returned. I am sorry if it was lost, as I thought it was good. I am sending 20 cents more, and will you please send the seeds, if there are any left. Someone asked for candy recipes. Here is a good one and easily made: Two heaping tablespoons peanut butter, two cups granulated sugar, one-half cup of sweet milk. Boil five minutes and stir all the time. Remove from the stove and beat until cool. Cut in squares. Wishing the Mail-Box every success, MRS. T. G.

Ans.—Your letter and book must have been mislaid. Thank you for the mites, also for one sent this time. Seeds and pattern have been mailed.

Requests and Mites.

Dear Miss Grey,—Will you kindly send me the stocking-foot pattern. Inclosed find a mite for the S. C. H. ROSALIE.

Ans.—Pattern has been mailed, thanks for mite.

Miss J. D.—Thank you for stamp. I shall be pleased to forward pattern.

Dear Miss Grey,—Here are some more seeds and another dime for the S. C. H. CINDER ELLA.

Ans.—Thank you, Cinder Ella, for seeds and hospital dime.

Dear Miss Grey,—Inclosed you will find a stamped, addressed envelope, and ten cents for the S. C. H. fund, and would like if you would send me the famous stocking-foot pattern, please. DINA.

Ans.—Thanks for dime. Pattern has been mailed.

E. E. E.—Pattern has been forwarded. Thanks for mite.

Bulletin.

Can any of the Boxites supply the recipe which was sent in to the Mail-Box last year, for making a pickle by mixing beets, horseradish and cabbage, as it has been asked for?—CYNTHIA GREY.

Seeds and Gift.

Dear Miss Grey,—Just a brief call this morning. I see some person wants morning glory seeds, I am sending some, also sweetpeas and sweetwilliam. Find inclosed $1 for the C. H. F. JENNY WREN.

Ans.—Such a generous gift, Jenny Wren. Many thanks, also for seeds.

A Hospital Gift.

Dear Cynthia Grey.—Would you please send me the dandy stocking-foot patterns that has been so popular? I am inclosing $1 toward the Children's Hospital Fund. I shall be very grateful to you for this pattern. MRS. W.

Ans.—Thank you very much for the dollar for hospital fund, Mrs. W. Patterns has been mailed.

Around the Grate Fire.

Dear Miss Grey.—I wrote quite a long time ago to thank two correspondents who were kind enough to send me information for which I asked in regard to knitting machine, but the letter did not appear, so am writing again to thank Buttermaker's Wife and Eye Opener for their kindness. Hoping this letter will arrive safely. A MAIDEN OLD.

Dear Miss Grey.—We find the Mail-Box very interesting and helpful. Can you tell me what to do with a sable muff to destroy moths and their eggs without injuring the fur? Also what to do to destroy little white flies on my shamrock? Would be glad to get a few flower seeds if you have any left. Am inclosing a dime for the S. C. H., also an addressed envelope for the stocking-foot pattern. HELEN.

Ans.—To destroy the white flies try blowing tobacco smoke on the plant, or place it under a box with burning tobacco. A good place is to put the tobacco on a dish with some burning coals.

Seeds and pattern have been forwarded. Thanks for dime. Maybe some Boxite could tell you how to destroy the moths.

WHAT'S IN A NAME?

Facts about your name; its history; its meaning; whence it was derived; its significance; your lucky day and lucky jewel.

LYDA.

(Copyright, 1920, by the Wheeler Syndicate, Inc.)

Lyda has a romantic significance. It means "wanderer" and the name is associated with travelers in the far places of the earth. At least, that is one interpretation; another gives it the significance of "people's love"—not nearly so pretty, but quite as logical. This latter explanation attributes its derivation to "lid," meaning "the people."

The first feminine names coming from this latter source, which are believed to be Lyda's predecessors are Ljudomir and Ludmilla. The latter was the first Christian duchess in Bohemia. This unfortunate lady was strangled by her heathen daughter-in-law, Dragotina, the mother of Boleslav and Venceslav, but she left a sainted name which proved a favorite among Slavonian women.

It was quickly contracted, however, to Lida or Lidiska. The Russians call it Ljudmilla. Lida was popular in England and likewise in this country. To the modern custom of changing "i" into "y" wherever possible, may be attributed the Lyda which is in vogue today.

The opal is Lyda's talismanic gem. It will prove a protection against sorrow, and will bring her great personal charm, according to an old belief. Friday is her lucky day and 6 her lucky number.

Beautiful Women of Society, during the past seventy years have relied upon it for their distinguished appearance. The soft, refined, pearly white complexion it renders instantly, is always the source of flattering comment.

FERD. T. HOPKINS & SON, Montreal

The Trying Counts

If you would like to use tea such as you have never tasted before, be sure to ask your grocer for a package of Red Rose Orange Pekoe.

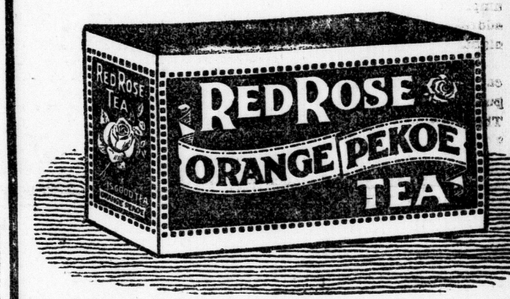

A few chests of tea finer than Red Rose Orange Pekoe may be purchased each year in the world's markets, but such tea is grown in such small quantities that it is only within the reach of the epicure and a few potentates.

The next finest tea in all the world to these few rare chests is the Orange Pekoe used in Red Rose Orange Pekoe Tea.

For the Canadian people who are fastidious about the tea they drink, there has been nothing so fine, so flavory, so full of quality as Red Rose Orange Pekoe Tea.

This new tea has been tried by many thousands of Canadians and has proven that a tea of rare flavor combined with extra strength finds instant favor with the Canadian people.

The surest way to understand the fine flavor and high quality of Red Rose Orange Pekoe Tea is to buy a package, and, when you buy your first package, you can feel sure that you are getting the finest tea grown in the world in sufficient quantities to be offered for sale generally.

CONSERVATIVE WOMEN ARE NOW ORGANIZING

Met Yesterday With Woman Campaigner, Miss Adelaide Clayton.

That the Conservative-minded women of the city are going to ally themselves with the Conservative party, and probably organize along political lines for campaign purposes, might be judged from the fact that several of the most prominent Conservative women of the city met yesterday afternoon to discuss the matter and lay plans. Meeting with them was Miss Adelaide Clayton, who at one time was the Hon. Arthur Meighen's school teacher, and who took part in the recent East Elgin campaign. Miss Clayton believes that women should take an active part in politics and abandon the idea that they must be non-partisans.

Something Good

A delicious dish that has rapidly gained public favor is — Rose Brand Sausages and mashed potatoes.

These dainty morsels of rich, lean, delicately spiced pork have a tempting, appealing flavor that never grows tiresome.

With Rose Brand Sausages a tasty lunch or a hearty dinner can be economically and quickly prepared.

Thoughtful women everywhere have added to their weekly menu — Rose Brand Sausages and mashed potatoes.

MUTT AND JEFF—Hasn't Jeff a Peculiar Way of Arriving at a Conclusion? (Copyright, 1920, by C. H. Fisher. Trade Mark Registered in Canada.) BY BUD FISHER

Winners of De La Salle-Sarnia Game To Play For O.R.F.U. Title

First Time Students Have Been Pitted Against Junior O.R.F.U. Champs.

SARNIA, Nov. 24.—A larger crowd of rooters even than last Saturday is expected to accompany the C. I. team. One of the reasons advanced by Mr. McKee as to why Saturday's game at London was to be a sudden-death affair is the fact that in view of the high-class of rugby being displayed by the interscholastic teams this year it is the intention of the O. R. F. U. to order a play-off for the junior championship of the union between the Ontario union and the interscholastic series. This means that the winner of the Sarnia-De La Salle game in London Saturday will play off with the winner of the Bellwood-St. Catharines junior finals Saturday. This is the first time for a great many years that the students have been pitted against the heavier junior champions. From what can be doped out by this part of the country it looks like Sarnia and St. Catharines for the junior finals a week from Saturday.

PENN STATE SOCCER TEAM BEAT TORONTO VARSITY

TORONTO, Nov. 24.—Pennsylvania State University defeated the University of Toronto in a soccer game on the University campus here today by 3 to 0.

No Room For Two O.H.A. Jrs. in London

Opinion of Fans of City—Orient A. A. A. Official Suggests Laying Controversy Before Board of Control For Settlement.

The Orient Amateur Athletic Association, it is believed, from statements made by an official last night, will lay their case in the junior hockey muddle before the board of control for hockey in the city, appointed at last week's meeting, in an effort to have the matter straightened out amicably.

The idea of the Orient A. A. A. is to have their side of the case made absolutely public, and if they lose, they would be willing boosters for other junior hockey.

That the other club would be willing to pursue the same course may be taken for granted, although the suggestion had not come from them last night.

There is probably something to be said for both sides in the controversy, however, the actions of either may have impressed the fans, or those conizant of the facts.

One Side Wrong.

If one side, however, has a long balance of the wrong in their favor, —and one or other must be thus loaded down—then the only way in which the present muddle can be rectified is to throw the load down and forget personalities in boosting the game of hockey for the general interests of London and the fans.

The Orient A. A. A. have the assurances of the London curlers that they shall have the ice accommodation at the Lyle street rink. Relations between the curlers and association have been of the best and remain that way.

A rumor was current yesterday afternoon that the London Junior Hockey Club would play their games in St. Thomas, providing the local ice accommodation could not be secured. It would mean that they would have to take a bye and play in the O. H. A. second round.

What each side is going to do and what they can do is beside the point, however, in the belief of most of the fans interested in the game. What is to the point is that there is only room in London for one junior hockey team. It is quite possible for both clubs to continue on their merry backbiting way, with one having lots of ice and not much talent to put on it and the other club having some talent but not overloaded and no ice at all. It is also quite possible for London fans to get sick of that diet and get away from hockey, so that when an arena does come this way there'll be little of the hockey spirit left to meet it.

Either one side or the other have to get square with the situation, drop their own little hatchets, and work for the best interests of sport.

INTERMEDIATE PLAY-OFF MAY BE ARRANGED

TORONTO, Nov. 24.—Hugh Gall, president of the Canadian Rugby Union, was asked tonight if there was any prospect for the play-off for the Dominion intermediate championship being arranged between St. Brigids of Ottawa, champions of the P. Q. R. U., and the winners of the O. R. F. U. intermediate series. Mr. Gall replied that no winner has yet been returned in the latter series. In the home-and-home game play-off between the two leading teams, Dons of Toronto and Hamilton Tigers II., the latter won the first at Hamilton by 36 to 0, but the Toronto game is to be played here next Saturday. To overcome this lead is seemingly an impossible task, but furthermore, Dons have protested one or two players on the Tiger team as seniors. In the event of the protest being overruled and Tigers being returned winners, Mr. Gail said the championship game would no doubt be arranged, as both St. Brigids and Tigers had expressed their desire for it.

Stops pain and keeps you on the job

Why wait for a severe pain, an ache, a sore, strained muscle, sciatica, lumbago or a rheumatic twinge to make you quit work when you should have Sloan's Liniment *handy* to help curb it and keep you active, fit and on the job?

Without rubbing, for it *penetrates,* just slap Sloan's on the afflicted part. Note the gratifying, clean, prompt relief that follows. Sloan's Liniment couldn't keep its many thousands of friends the world over if it didn't make good. That's worth remembering. Get the largest size bottle for economy's sake.

Sloan's Liniment The World's Pain's enemy

WHERE NEXT?

JACK COOMBS, who was a failure as a tutor of pitchers for the Detroit Club last year. He was not a failure, but the experiment was. Highly-touted theories, chalk talks, the ability to do it, doesn't count if the people getting the ear music don't possess that old control and speed. It's been proven time and again in the majors, but they still try out veteran pitchers with the youngsters. Backstops have made a better success of the job usually.

City Hockey Exec. To Meet Friday Night at Armories

Informal Meeting Last Night Discussed Situation—Action Friday.

The executive of the City Hockey League held a meeting last night, but as some of the members were unavoidably absent, and there was little rink data to go on, the meeting turned into an informal discussion.

A regular meeting will be held on Friday night in the officers' mess of the 1st W. O. R. and the full organization of the league thoroughly gone into at that time.

Rink accommodations and the advisability of entering the Northern Hockey League series are the two great questions to be decided at the next meeting.

J. A. HEAD PRESIDENT OF THE GALT CURLERS

GALT, Nov. 24.—The Galt Curling Club has reorganized for the 1920-21 season with the following officers: President, J. A. Head; vice-president, D. M. Henderson; treasurer, C. E. A. Dowler; secretary, G. T. Hamilton; executive, F. H. Chapple, W. Vair, R. Pollock, H. A. Brown, E. Scott, J. P. Stuart and D. McCallum; rink manager, W. V. McDougall; representatives to local, J. A. Head, R. C. McAuslan; auditors, Dr. Slater and J. P. Stuart.

OTIS WINS FOURTH GAME.

CHICAGO, Nov. 24.—Charles Otis of Brooklyn today won his fourth straight game in the preliminaries for the national three-cushion billiard championship, defeating Jesse Lean, of Denver, 50 to 42, in 78 innings.

Hugh Heal of Toledo won from Charles Morin of Chicago, 50 to 33, in 65 innings, a high run of seven helping in the victory.

Sarnia C.I. Meets De La Salle Here Saturday

Final For Championship of O. R. F. U. Interscholastic Will Be Handled by Reid and George Little.

Word was received here last night that the finals between De La Salle and Sarnia Collegiate will be played here on Saturday at Tecumseh Park. Eric Reid and George Little will handle the championship affair.

This will mean that London fans will get the chance of seeing a title game between junior teams, both of which are credited with playing faster rugby than most intermediate teams and capable of giving even some of the senior outfits a battle.

De La Salle will bring along their college contingent, and the borderers will certainly not be lacking support in the final game.

Points Objective.

Sarnia still thinks it was hard luck that two championships did not land in their town last year, and the C. I. will be out to make sure that one point doesn't stop the championship from going back with them this time out.

De La Salle have been making short shrift of opposition all season, and are a strong, husky aggregation that will make our cousins riverwards travel every slush covered inch to win.

De La Salle will find London fans quite open minded over the teams, but they'll have to be shown handsome before they'll believe that Jack Newton's good-memoried lads are going to get a beating.

Even if the admission doesn't include a beaver coat and lannigans, this mix is going to be worth its weight in cold.

Jack Curley Off Boxers, But Likes Wrestlers and Mat Game

Is Going To Give Canadian Cities Some Good Bouts This Winter—Scours Country For More Material.

BY HEK.

New York, Nov. 25.—The city of Boston has something to be truly thankful for today. It is the fact that Hugh Duffy is going to manage the Red Sox. The fans expect to see their town placed on the championship map again in 1921.

And if a driver is what is needed to make the Red Sox play championship ball, Duffy is the man to wield the whip. He will do it completely, too, for this is his "come-back" appearance in the big leagues.

Duffy flubbed his drive when he led the White Sox, but in 1920 he put the Toronto team of the International League in second place. President Frazee, of the Boston Americans, kept close watch on Duffy's work in Canada during the past season, and decided that he was taking no long chance in pulling Duffy out of the minors again.

Duffy a Popular Choice.

Hugh is an old favorite in Boston, he achieved fame as outfielder for the Boston Nationals, makes his home in the Hub, and is popular with Boston's most rabid fans.

Duffy's popularity and his leadership ability justify his selection. He is a dynamo for "pep," and if there is any man who can pound the Red Sox into a more aggressive bunch, Duffy is the man.

Ed Barrow, who left the Red Sox to become business manager of the Yankees, never won the hearts of Boston fans. He was lacking in some important things that go to make a leader, but in the business end he ought to be very successful.

Holds Batting Record.

Duffy was a famous batter in the old days, and hung up the record of .438 for a season's play. But what is more important now, he knows how to teach youngsters to bat. The Red Sox are going to make a better batting record in 1921. Keep your eye on them, for Duffy will be on the job all the time.

We know baseball is clean. It did not need the report of a Chicago grand jury to convince us of that fact.

But we do want to know the identity of the man higher up in the bribing scandal. Why the whitewash?

The matching of Jack Dempsey and Georges Carpentier to battle for the heavyweight championship of the world is now history, but there is one very important fact that has been overlooked by the sporting public. It is the fact that a world's boxing trust has been formed which hereafter will have its say-so in every great fight on this little old hemisphere.

This trust is just as powerful in its line as was the Standard Oil Company. It consists of only four men so far as fights are concerned.

These four men are Tex Rickard, William A. Brady, John Ringling, representing America, and Charles Cochrane, representing England.

Rickard the Master Mind.

This article is going to give a close-up of Tex Rickard, the master mind of the trust. Rickard is an adventurer, but an adventurer who always thinks of big things. That is why he has accomplished big things in the boxing line.

Tex began life as a Texas cowboy. It is related of him that he never packed a gun, contrary to reports generally current, but nevertheless whenever he "started anything" the other guests jumped out of the windows. From Texas he drifted to Montana, and when civilization followed him he took the great jump into the Northwest to find what he could stir up in the Arctic region.

In the first great Alaskan gold rush Tex was among those who broke the first trail along the Yukon. In that district he got quite a little reputation about the gaming tables, but he lost practically as much as he won.

There was one thing that men learned about Rickard at that time, however, he never broke his word. He never has. This trait has proved invaluable to him in creating the great boxing trust.

Career as Promoter.

When Goldfield wanted to get fame, a citizens' committee turned the job over to Tex. He arranged a battle between Joe Gans and Battling Nelson, offering a purse of $30,000, a record for lightweight fights, together with $4,000 bonus and expense money. Nelson got $23,000, Gans $11,000.

Rickard popped up in New York four years later and offered $101,000 for the Jeffries-Johnson fight. He got it and the receipts at Reno nearly reached $250,000. Other promoters had laughed at Rickard's nerve. They wept over the results.

The ex-cowboy with a grain kept up the pace. He put up $69,750 for the ten-round, no-decision fight in New York between Willard and Moran, and the seat sale totalled about $150,000.

Then the Toledo fight in which Dempsey lammed Willard into the land of sweet dreams. Willard got $100,000; Dempsey lammed Willard into the land and made a very fat profit to boot.

Now the $500,000 battle between Dempsey and Carpentier! It's a big purse, but Rickard has always made good, for he always keeps his word.

It is almost inconceivable that a larger purse will ever be offered, but Rickard does big things. And he has the backing of a trust.

Don't forget that out of the money he has coined in the boxing game Rickard has bought and equipped one of the largest cattle ranches in Paraguay. Furthermore, he has a ten years' lease on Madison Square Garden. He is head of the world's boxing trust—and rightfully.

"Jack" Glassford, Well Known Horseman, Dies at Chatham

CHATHAM, Nov. 24.—Western Ontario has lost one of its most popular horsemen, in the person of "Jack" Glassford, who passed away at his home in this city this afternoon. The late Mr. Glassford for several years owned some of the fastest horses in the province. His services were also in great demand as a starter at horse races. Born in this city 63 years ago, he conducted a hotel business until his retirement two years ago. A widow and three sons survive.

ON THE ALLEYS

Hymans took two out of three from Maple Leafs last night, but the Leafs hit the 1,020 mark in the last game, which Hymans failed to reach by five points.

OTTAWA LIKELY TO MEET THE TIGERS ON HAMILTON GROUND

Deciding Game May Be Played December 4.

Ottawa, Nov. 26.—Acting in behalf of the St. Brigids Football Club, Silver Quilty wired to Secretary W. Foulds of the Canadian Rugby Union, explaining that St. Brigids had carried off the Quebec Union championship and signifying their readiness to meet the western finalists. Varsity had won the intermediate inter-collegiate championship while the Dons of Toronto and the Hamilton seconds were engaged in the western semi-final. Yesterday, Mr. Quilty received a telegram from Foulds, stating that the Varsity intermediate champions had decided not to play and that Hamilton and the Dons would play their deciding game at Toronto Saturday. Hamilton defeated the Dons by an immense score in the first of their home and home games at Tigersville, but the Toronto club insisted on the return game taking place though they had a very slim hope of overcoming that 36 to 0 score. Secretary Foulds informed the St. Brigids Club representative that the Hamilton intermediates would be willing to play a home and home series to decide the championship, to having one game on neutral grounds, or tossing a coin to decide whether the match should take place in Hamilton or Ottawa. Nothing, of course, can be done until after Saturday's match at Toronto, but it is certain that something will then be decided.

Weather and turf conditions in Ottawa just now make football out of the question. By December 4 it is likely to be freezing cold. However, there is a likelihood that it will be mild at Hamilton, and it is just possible, in view of the fact that they cannot play here that St. Brigids will agree to attempt to clip the Tigers' claws right in their own den.

MAJOR HEATH TO PLAY.

Melbourne, Australia, Nov. 25.—It has been decided that the fourth member of the Davis cup team which is to play the American team for the international tennis trophy will be Major R. W. Heath.

In addition to Heath, the members of the Australian team will be Norman E. Brooks, Gerald L. Patterson and Pat O'Hara Wood. The American Davis cup team sailed from Victoria on November 17 for New Zealand.

CAZEAUX DISQUALIFIED.

Ottawa, Nov. 25.—Raymond Cazeaux of Montreal was disqualified in his wrestling bout with George Walker, claimant to the light heavyweight wrestling championship of Canada here last night for using the strangle hold. Cazeaux won the first fall over Walker in 16 minutes and they wrestled 25 minutes in the second bout, when the match was stopped.

Sillman, who is manager of the Liberty A. C., is also handling several other boxers besides White. They are Lew Harris and Billy Wabridge, bantams; Mickey Brown, lightweight, and Jack Collins, Harry Webb and Patsy Keneally, welters.

Pete Herman will defend his title for the first time since he defeated Kid Williams in 1917, when he meets Joe Lynch in New York next month. Lynch is one of the toughest bantams in the business and should have a chance to take Herman's title.

Local Golfer Urges Mirror Golf For Winter Months

To Alleged Vet Who Knows What He Doesn't Know and Novice Who Isn't Sure of Either Golfer Promises Improved Form From Indoor Practice.

[By Golfer.]

Now the season has taken a cold turn, there is one class of sportsman who is very much ill at ease, and discontented with nature throwing its white covering over the surface of Mother Earth—the golfer.

There is only left for him now the thoughts of the past season; the strenuous fights he has had with Par and Col. Bogey. He will during the winter months ponder and turn over and over again the round in which he defeated or nearly vanquished these formidable opponents of all golfers. How often will he tell his wife, or friends, of his great shot of the year, and that he surely would have become a scratch man if only the season had lasted another month, or two, for Hope Eternal is very present in the golfer's heart? Next season he will show a few of his pals how to drive 250 yards with ease, or startle the local pro by the wonderful back spin he can impart to the ball, making it stick like a postage stamp on the particular spot on the green, a foot from the hole.

His Resolutions.

He will "Never! Never! Never!" press again, his eye will always be on the ball,—and "Never up, Never in," will be useless or a back number—are the final resolves of the golfing bug.

Another class of golfer is also giving a passing thought to golf; one mixed with a certain amount of joy that his first season is over, and tinged with occasional regret that closed season is on. A final decision is made that the game has lost all its attraction for him, and the winter will kill any spark of love he has for it.

But rest assured both types will be out again early next spring, limbering up for a great season, determined to go to it and make a better showing. In golf "perfection" is unknown, even H. Vardon, prince of stylist, tops his drive, and Duncan, the world's champion, slices into the rough (and occasionally says a naughty word at the innocent ball).

You wish, dear reader, to improve your game in 1921, so a few remarks from one novice to another might be accepted in a good spirit.

Mirror Golf.

This winter do not oil your clubs and place them in the storeroom—oil them by all means, but not store—the long winter evening can be of great service to you in preparing for the great onslaught of 1921.

A few tips, showing how to reduce your handicap in the winter. The first club you pet and then curse is the driver. Take this weapon of slice and pull fame, see the head is firmly fastened, then take up your stance before a mirror, choose a spot or a cork (champagne preferred, but hard to get), then go to it and swing, observing the following:

Back swing—slow and easy;

Top of swing—Keep firm, don't swerve.

Down swing—In the same arch as up, velocity increased as it reaches the hitting mark.

Keep your eye on the ball (cork). Don't press. Follow through.

Five to ten minutes of this daily will soon give you the desired results, taking, of course, the view that you know the first rudiments and principles of the golfers' swing.

The mirror will show you if you finish in the correct position, with the weight thrown in the correct balance and power imparted into the shot.

The back swing of the gold club is for the first four to six inches in a direct straight line, and is started with the wrist; as the club is taken further back and up it takes the line of a circle until arrested by the arms and body, the club finishing behind and above the shoulders, parallel to the ground, the down swing being the reverse of the up, with the exception that the velocity as it reaches the mark to be hit is increased, the club going through and finishing well over the left shoulder, arms well up, and the striker facing the direction of the flight of the ball.

Balance Necessary.

The important balance plays a great part in the swing of golf, and in taking up the stance one must first see that the heels of the feet are well planted and also that the big toe is nature's way of gripping. A well-balanced player will not fall over or from his stance after hitting the ball. The weight of the body is distributed almost evenly, in the first case between both feet, but on the upward swing it is gradually and naturally transferred to the right leg and foot, the slight pivot of the body from the hips taking place to assist in getting the arch of the swing, the left leg cooperating in the movement by becoming bent inwards, the left foot retaining its hold on the ground by means of pivoting the ball of the foot, not the toe.

On the down swing the weight is retained until the ball is struck by the right foot, and by the follow-through is transferred to the left, in the reverse manner to the upswing. The big toe of the right foot in the finish is gripping the ground, and not the ball of the foot, as is the left on the upswing.

The great secret is freedom of movement, and at no time should one become crouched or muscle-bound.

Keep the head of the club ahead of the hands in the down-swing.

Let the club have a chance to do its work. Time your shot—don't press.

Varsity Will Play Off For Dominion Honors

TORONTO, Nov. 24.—It was decided by the University of Toronto athletic directors that Varsity will play the winners of the semi-final game, of which the last half is to be replayed Saturday by Argonauts, champions of the Interprovincial, and Torontos, champions of the O. R. F. U. There was some expectation that the lateness of the season, and the claims of their classes might prevent the students accommodating the winners of aSturday's game.

The Globe says: Dempsey, Carpentier, or, for that matter, none of the big fellows, ever trained harder for a championship battle than Teddy Joyce is training for his contest with Patsy Wallace on Friday night at the Armories. He is working like a veritable Trojan fitting himself for his tussle with Buckley's boy, and if he doesn't beat him on this occasion he will have no "alibis" to advance. Patsy Wallace, Manager Buckley, Joe Nelson and Billy Valentine, his sparring partners, will be here this morning. Wallace will do his training at Hart House.

Arrangements have been made with the military authorities to have the Armories heated for Friday night. All aisles will be roped off and holders of reserved seat tickets will be assured of receiving the accommodation they are entitled to. There will be fifteen ushers from the local theatres, under the direction of Charlie Leaks, to seat the large crowd expected.

ASK THAT ORDER BE ANNULLED

Trades and Labor Council At Sarnia Objects To President's Ruling.

SARNIA, Nov. 24.—Stating that the order recently issued by D. B. Hanna, president of the Canadian National Railways, forbidding employees of the system to accept nominations as candidates for parliament, is a distinct blow to the political freedom of a vast body of Canadian workers, and going on record as opposing any such attempt to treat this body of workers as civil servants, when in reality they are corporation employees and entitled to the same civil rights as other railroad and corporation workers, the Sarnia Trades and Labor Council has adopted a resolution protesting against this action, which will be forwarded to Tom Moore, president of the Trades and Labor Congress, Hon. Gideon Robertson, minister of labor, and the officers of Division No. 4, Railway Employees of America, urging that every possible step be taken to carry this grievance to President Hanna and make a decided stand for its annulment.

The resolution points out that it is a matter of record that certain employees have been dismissed after accepting a nomination, and that the Canadian National will in a short time be able to apply this order over what are now Grand Trunk employees, thus affecting many such workers in this city.

The resolution follows:

"We, the Sarnia Trades and Labor Council, wish to go on record as being opposed to any such attempt to treat this vast body of workers as civil servants, when in reality they are corporation employees, and are entitled to the same civil rights as other railroad and corporation employees. This is a distinct blow to the political freedom of a vast body of Canadian workers, and we deem this an opportune time to assert ourselves as organized workers."

HAS A CHANCE FOR RECOVERY

City Manager Moore of Guelph Shot in Mistake For Bear.

GUELPH, Nov. 24.—Word was received in the city this morning that City Manager T. J. Moore, who left last week for a two weeks' hunting trip in the French River district had been shot at Bigwood, 60 miles east of Sudbury, by a man named Jones from Galt, who mistook him for a bear. The message stated that Mr. Moore had been taken to the Sudbury Hospital.

A later wire to Mrs. Moore said that Mr. Moore was very weak, but doing as well as could be expected, and that the bullet had followed a rib from the back to his chest. The city manager and Magistrate Watt were together on the hunting trip.

Moore was attired in a blue coat, dark trousers and a red can, and was hiding in a crouching position in a clump of thick bushes, apparently waiting for a deer, when Jones, who was not in the Guelph party, came upon him. Mistaking Mr. Moore for a bear, Jones fired from a distance of 40 or 50 feet. Jones' rifle was a 30-30 Winchester, and the bullet was soft-nosed. It entered Mr. Moore's back on the left side behind the heart and came out at the front, leaving a large gaping wound where the bullet entered.

The doctors were able to state today that the bullet did not pierce the lung, heart or stomach, and an X-ray examination shows that no part of the bullet remains within. There is a chance for recovery.

DANCE AT OIL SPRINGS.

OIL SPRINGS, Nov. 24.—The annual ball held in the Masonic Hall tonight under the auspices of the Young Men's Club attracted a large crowd from all over the district. A fine program was thoroughly enjoyed.

ONTARIO TO TRY PROPORTIONAL REPRESENTATION

Committee Favors Gradual Adoption of Plan in Province.

TO EXPERIMENT FIRST

Brant, Waterloo and Oxford Counties To Try Scheme At First.

TORONTO, Nov. 24.—Gradual adoption of proportional representation in the province of Ontario with preliminary experiments in Hamilton and Ottawa and one rural section of Western Ontario and one in Eastern Ontario, is recommended by the sub-committee of the proportional representation committee appointed by the Legislature to report on the question. The sub-committee, which met in the Parliament Buildings here today, recommended an increase of seats in the Legislature from 111 to 115, in order to try the experiment.

The sub-committee is comprised of the following members of the Provincial Parliament: H. P. Hill, West Ottawa, chairman; Hon. G. S. Henry, East York; Rev. Edgar Watson, North Victoria; D. Racine, Russell, and K. K. Homuth, South Waterloo.

The Recommendations.

Following are the recommendations:

1. That the membership of the Legislative Assembly be increased by the addition of four members.

2. That Ottawa and Hamilton be each allowed three members, to be elected by the cities as a whole under the single transferable vote system of proportional representation.

3. That the present constituencies of Carleton, North and South Lanark, Leeds, Grenville and Brockville together elect seven members under the single transferable vote system of proportional representation.

North and South Brant.

4. That the constituencies of North and South Brant, North and South Waterloo and North and South Oxford together elect seven members under the single transferable vote system of proportional representation.

5. That the rest of the province select their members in what is known as single-member constituencies, but that the transferable vote be used in the election of such members.

6. That municipalities be permitted to elect their councils by means of the single transferable vote system of proportional representation.

7. That legislation be forthwith enacted carrying into effect the above recommendations.

Everybody Smokes

WASTAGE OF GAS TO BE STOPPED

Gas Commissioner Gives Oil Men Two Weeks To Remedy Trouble.

[Special to The Advertiser.]

OIL SPRINGS, Nov. 24.—Gas Commissioner Estlin was here tonight and held a conference with oil men who are using natural gas to drive their pumping rigs. He complained that owing to the heavy wastage of gas there is not sufficient to take care of the requirements of householders. The oil men were ordered to put their engines in first-class shape, and Mr. Estlin said an inspection will be made in two weeks, and if the wastage is continued the gas will be cut off. It is estimated that there are twenty rigs in this section using 800,000 feet of gas every month.

The popular Birthday Cake is made with MAZOLA

LUMBERMAN KILLED.

NORTH BAY, Nov. 24.—Andrew Martin, aged 60, of the Cochrane Lumber Company, was accidentally killed near here yesterday while on a hunting trip. He, along with a companion, was walking downhill, when the butt of his gun struck an obstruction, the charge going through his body. He died soon afterwards.

The remains were brought to North Bay this morning, and will be taken to Cache Bay for burial.

GAVE HALF BILLION

NEW YORK, Nov. 24.—John D. Rockefeller has given away nearly half a billion dollars, his son, John D. Rockefeller, declared here tonight in what is believed to be the first authentic detailed statement that has ever been made concerning his father's philanthropic gifts. The approximate total of the gifts is $475,000,000, nearly half of which has been distributed in the last five years.

The statement refers to testimony given by the younger Mr. Rockefeller before the industrial relations committee here January 25, 1915. At that time, he said, he believed his father's gifts would total a quarter of a billion dollars, although so far as he knew, there was no accurate record of the oil king's philanthropy up to that time.

MAY HAVE ROBBED DRUG STORE ALSO

Pair Under Arrest At Guelph Suspected of Hamilton Job.

GUELPH, Nov. 24.—Through a letter received by Chief Rae from the Hamilton police today it was learned that Fred Terberry and George Oram, the young men arrested in connection with the recent burglaries here, have police records. The Hamilton officials also notified the chief that a drug store robbery occurred in Hamilton Friday night, and they are of the opinion that the men now in custody here may know something of the affair. When searched following the arrest Terberry had some drugs in his possession other than those taken from the local doctor's office, and these will be sent to Hamilton for the purpose of ascertaining whether or not they were taken from the drug store there.

DENIES THE STATEMENT.

TORONTO, Nov. 24.—The attorney-general today issued a statement denying that the arrangements where Rev. J. O. L. Spracklin is to be put on trial for the killing of Beverley Trumble was arrived at after consultation with Attorney-General Raney, Crown Attorney Rodd and Rev. J. O. L. Spracklin.

"The only other person present at the consultation between Crown Attorney Rodd and myself," he said, was his deputy, Mr. Edward Bayly, K.C.

FORD PAYS WORKERS $7,000,000 IN BONUS CHECKS IN JANUARY

DETROIT, Nov. 24.—Bonus checks aggregating more than $7,000,000 for employees of the Ford Motor Car Company are now being written, and their distribution will start January 1 next, according to announcement this morning by E. B. Ford, president of the Ford Motor Company.

Mr. Ford also announced a forthcoming extra 3 per cent for the six months ending December 31 on Ford investment certificates held by employees of the company. This, Mr. Ford said, is in addition to the guaranteed 6 per cent. He added that 8 per cent had been paid July 31 last, making a total of 14 per cent on the certificates for 1920.

Depend upon them to break up colds and ward off "Flu".

JUST a word of caution—don't belittle the evil effects of a cold. Realize its seriousness. Once a cold fastens its clutches on you, it seems as if you can't shake it off. Many very serious illnesses often have their beginning in a cold which could be gotten rid of promptly if the proper remedy be taken in time. Colds come quickly and develop rapidly. Don't take any chances. At the first sneeze or cough, or chilly feeling, start right in to take DOMINION C.B.Q. (in the red box). A few of these tablets break up the cold and free the system of it. Taken in time, DOMINION C. B. Q. prevent you from having Tonsillitis, Bronchitis and those racking coughs that cause you to lose weight and appetite, and pull down your entire system. The fact that DOMINION C. B. Q. Tablets are made by National Drug & Chemical Company of Canada, Limited is the best assurance of their efficacy.

TO STOP A COLD in a few hours take DOMINION C.B.Q Tablets in the Red Box

It washes the hardest things—easily

Do not get up early in the morning to heat the water for washday. Use Rinso and wash the clothes in cold water. You will save time and the cost of heating water. Your washing will be done sooner and your clothes will be more clean if you use Rinso—the pure soap granules—as harmless as pure water itself.

At Night—Soak the clothes in the rich, bubbly Rinso suds.

Morning—Rinse them out—that's all!

ARE TOO MANY PRESCRIPTIONS BEING ISSUED?

Investigation May Be Made Shortly Into Sales At Chatham.

CHATHAM, Nov. 24.—An investigation may be made shortly into the alleged indiscriminate issuance of liquor prescriptions by Chatham physicians, according to a statement made by the police magistrate to The Advertiser this afternoon. The magistrate stated that the records of local drug stores had been recently examined, and that it was found in one or two instances that certain physicians have issued a great many prescriptions over the normal average.

A rumor has been current that certain high medical authorities in Toronto may take steps to curtail the issuance of prescription forms to certain local physicians, but inquiry in the city late this afternoon failed to verify this rumor.

An Exciting Battle.

Evidences of an exciting battle between rumrunners and illicit dealers in "booze" have just been unearthed by Chief Peters of the Kent County police. The evidence consists of three Studebaker high-powered cars, with the tops riddled with bullets, windshields smashed, sides grooved with shot, the lights, front and rear, smashed by bullets and the cars in general in a bad shape as the result of a stiff fight.

It is believed by the authorities that these cars may have been used by the party of rumrunners in their fight at the farm of the Frank King, in Dover Township, on the night of Oct. 30, when Frank Cornish of Windsor received severe wounds in both legs in a skirmish with alleged liquor dealers. It has also been officially stated shotguns, rifles, revolvers and automatics figured in the fight.

Allege Frame-Up.

Members of the gang of alleged rumrunners were interviewed by Chief Peters in Windsor yesterday, and most of them stated to Peters that they believed they were the victims of a frame-up on the part of the Dover farmers. One of these men, according to a statement of Chief Peters, exhibited a cap which he claimed was shot off his head during the fight, and other members of the gang displayed birdshot which they claimed they had picked from their clothes.

It is thought that these men may be required to testify at the secondary hearing of the case, which will be held in this city on Tuesday, November 30, when the four Kings, Frank, Eugene, Andrew and Alfred E., together with Peter Goodreau, may stand trial for shooting Frank Cornish "with intent to kill and rob."

ASK SHORTER HOURS RATHER THAN CUT

Employees of G. T. R. Shops At Stratford Negotiating At Montreal.

STRATFORD, Nov. 24.—Orders from Montreal to reduce the staff of the G. T. R. shops by 20 per cent were received by Master Mechanic J. C. Garden today. It was not known today on what basis the reduction would be made. The men are urging that working hours be cut rather than that the men be laid off. Mr. Garden is in Montreal for a conference on the situation.

BELIEVE MAN WANTED IN WINNIPEG CROSSED BORDER AT WINDSOR

WINNIPEG, Nov. 24.—According to an evening paper, Jim Buller, the alleged gunman in the murder of the liquor detectives at St. Boniface, has gone to the United States. It is asserted that police officials have learned that he went by automobile to Dugald, a little town near Winnipeg, and that the next morning to the crime the other man in the case came through on a train with tickets for Windsor, Ontario. The men are supposed to have met at Dugald, gone to Windsor and got across to the other side there.

Beautiful Fur Coats On Sale

At Prices Which Make Them the Year's Biggest Values

Fur Coats have been selling in this store this fall, and selling rapidly. There are several reasons for this. The first, of course, is the price—all the way from $50 to $100 cheaper than other stores. The second is the quality of these coats. They are stylish to a degree, and made of the finest skins possible to secure. The third reason is that the women of London and district know the reputation of the Royal and the fact that we never sell any article that has not our guarantee upon it.

These are remarkable values for today, Friday and Saturday. They are without a doubt the biggest values offered in the city. If you are thinking of a fur coat or piece of fur this winter, be here before they are all gone.

Here Are Some of the Coats and the Sale Prices

French Coney Coat $95
Full flare and belted; the neatest little coat you will find anywhere, at a price that is wonderfully low; Regular price $145. On sale $95

BEAUTIFUL MUSKRAT COAT $147
This coat is handsomely trimmed with collar and cuffs of thick rich seal; very dressy and warm. Sells regularly at $200 and $250. On sale at $147
Only four of these coats in stock.

FRENCH SEAL COAT $200
One of the snappiest coats to be found anywhere. Beaver collar and cuffs, beautifully lined and well made. A coat any woman would be proud to own. Sells regularly at $286. On sale $200
Only two of these coats in stock.

Southern Coon Coat $148
These are dandy coats, trimmed with seal collar and cuffs and seal border, and beautifully lined and belted. A coat that sells anywhere at $200. Our sale price $148

Catarrh Of the Stomach Is Dangerous

"Thousands Have It and Don't Know It," Says Physician. Frequently Mistaken for Indigestion—How To Recognize and Treat.

"Thousands of people suffer more or less constantly from furred, coated tongue, bad breath, sour, burning stomach, frequent vomiting, rumbling in stomach, bitter eructations, gas, wind, and stomach acidity and call it indigestion when in reality their trouble is due to gastric catarrh of the stomach," writes a New York physician.

Catarrh of the stomach is dangerous because the mucus membrane lining of the stomach is thickened and a coating of phlegm covers the surface so that the digestive fluids cannot mix with the foods and digest them. This condition soon breeds deadly disease in the fermented, unassimilated food. The blood is polluted and carries the infection throughout the body. Gastric ulcers are apt to form and frequently an ulcer is the first sign of a deadly cancer.

In catarrh of the stomach a good and safe treatment is to take before meals a teaspoonful of pure Bisurated Magnesia in half a glass of hot water as hot as you can comfortably drink it. The hot water washes the mucus from the stomach walls and draws the blood to the stomach while the Bisurated Magnesia is an excellent solvent for mucus and increases the efficiency of the hot water treatment. Moreover, the Bisurated Magnesia will serve as a powerful but harmless antacid which will neutralize any excess hydrochloric acid that may be in your stomach and sweeten its food contents. Easy, natural digestion without distress of any kind should soon follow. Bisurated Magnesia is not a laxative, is harmless, pleasant and easy to take and can be obtained from any local druggist. Don't confuse Bisurated Magnesia with other forms of magnesia, milks, citrates, etc., but get it in the pure bisurated form (powder or tablets), especially prepared for this purpose.—Advt.

Cold weather won't hurt your skin if you rub your hands and face with

Campana's Italian Balm

after washing.

NO AMENDMENTS, NO DISARMAMENT LIKELY DECISION

League Will Probably Admit Austria and Bulgaria.

GENEVA, Nov. 24.—The committees, sub-committee and steering committees of the assembly and council of the League of Nations were all in session today. It is understood the committees on armaments, new members and amendments practically decided to report as follows:

No amendments this session and no general disarmament until conditions have become more settled in eastern Europe and execution of peace treaties is assured.

The admission of Austria, Bulgaria, Luxembourg and Finland to membership, and postponement of action on other applications.

"TRUMPET ISLAND" IS FEATURE AT GRAND

Picture, Creation of Three Great Masters, Most Remarkable One.

"Life is queer," wrote George Randolph Chester, as he created the clever sub-titles of "Trumpet Island," a most remarkable picture, which is being offered as the feature of an excellent program at the Grand Theatre during the remaining part of this week. He did not say that at random, however, for he received his inspiration from a fascinating story of the twists and turns in the individual paths of human life as they cross and recross, become separated or are interwoven. The story of the play was written by Gouverneur Morris. It was dramatized by Lillian and George Randolph Chester, and the result is just what one would expect from the combined efforts of three so celebrated authors. The wonderful story is cleverly unfolded amid scenes which were built up or chosen by the hand of a master. They are so gorgeous, so beautiful at times and at others so terribly wild or wretched that they make a fitting setting for the story and give the touch that makes the picture at all times well balanced and engrossingly interesting. The production has so much variety that it must appeal to all. There are scenes on rocky barren islands, sea beaten and torn, spectacular aeroplane incidents as a machine is destroyed in a furious storm, and the thrilling plunge of the broken plane as it falls with the heroine into a tree, thousands of feet below, there is a drunken orgy where men and women indulge in sensualities, there are half-nude women, who perform classic dances before guests who drink and scatter flowers, and then immediately following a strange contrast of abject poverty. Spectacular scenes are followed rapidly by those filled with pathos and humor.

In keeping with the richness of the story and the settings is the excellent acting. Even to the minor ones the roles are well-handled, adding to the well-balanced effect of the production.

The outstanding work is, of course, the acting of Marguerite De La Motte as Eve. Miss De La Motte is pretty and attractive and expresses the most difficult emotions in the most realistic manner. Her work as a young vivacious student in a convent and as a young woman who loses her memory and becomes as a child as the result of a fall from an aeroplane, is exceptionally well done.

Wallace McDonald plays opposite as Richard. It is the role of a youth who first finds himself wretchedly poor, then giddy with sudden riches, and it is well handled by Mr. McDonald. He is also good as a caveman.

The role of Henry Caron, a wealthy Frenchman in search of a wife, is in the capable hands of Arthur Hoyt. His portrayal of the part leaves his spectators wondering whether they should laugh at him or despise him. One other part which is especially good is that of Valinsky, a master mind. Percy Challenger works wonders in this role. Joseph Swickard and Hallam Cooley are splendid in the roles of Jacques de Merincourt and Allen Marsh.

The plot is clever, the story moves rapidly, and while the play is not particularly uplifting morally it is strong and gripping and nothing has been spared in making it one of the greatest pictures ever produced. It is well worth seeing.

The management of the theatre has a surprise for his patrons in the way of a realistic and beautifully-staged prologue. A scene which would have done credit to any show of the legitimate stage gives an interpretation to the picture which follows. From the deck of a steamer one looks over a harbor to a little town nestling below high cliffs and then to "Trumpet Island," standing in silhouette against a stormy sky. A miniature aeroplane flies across the stage in the face of the storm.

Harold Lloyd delighted the large house with his latest million-dollar comedy, "High and Dizzy." Besides being filled to the brim with funny situations, it is extremely thrilling. The picture is an evening's entertainment in itself. There are other picture attractions in the form of a comedy and Topics of the Day. Delightful interpretive music is supplied by an augmented orchestra.

U. S. NAVAL FORCE STOPS CABLE LANDING

MIAMA, Fla., Nov. 24.—What was described as an attempt by the Western Union Telegraph Company to connect its cables from Barbadoes to a cable from Miami at the west end of the causeway here today, was stopped by an armed force from the United States submarine chaser 154.

Orders to prevent that connecting of the two cables were received by the commandant of the district from the navy department some time ago, and the commander of the submarine chaser had in turn been ordered to prevent any attempt at such an operation.

SUPPLIES NOT SOLD AS JUNK, SAYS OFFICIAL

OTTAWA, Nov. 24.—J. S. Reade, a member of the purchasing commission of Canada, speaking today for that body, denied emphatically the statements made at the convention of the Association of Managers of Homes for the Aged and Infirm at Hamilton yesterday that militia supplies had been sold as junk. Higher figures than those quoted had been obtained, he said, in nearly every case. Articles were sold to junk dealers by tender and only after charitable institutions had been notified and such material had previously been condemned as unserviceable.

ALDERMAN IS DEAD.

MONTREAL, Nov. 24.—N. A. La Pointe, formerly alderman from Sainte Cunegonde ward, died suddenly this afternoon, aged 81.

WANT APPEAL WITHDRAWN.

London, Nov. 24.—By the Canadian Press.—It is understood that efforts are being made to induce the withdrawal of the appeal to the privy council in the famous Quebec marriage case of Despatie versus Tremblay. Since the appeal was taken to the privy council the parties have remarried, dispensation having been granted by the Pope. Arguments in the case have twice been made before the privy council, and the delivery of judgment is now due. If the appeal was withdrawn it would abviate the necessity of the privy council making any pronouncement, which it is felt would now only raise undesirable feeling.

CANADIAN PRESS, LTD., TO SECURE ACCESS TO REUTER SERVICE

Newspapers Will Have Direct Cable Service From England.

MONTREAL, Nov. 24.—(Canadian Press.) At a meeting of the shareholders of the Canadian Press, Limited, held here today, it was decided to establish direct British cable service of news, supplementing the present services used by the Canadian Press, and the board of directors was authorized to enter into an arrangement for the British news service of Reuters' News Agency, to be edited in London by Canadian Press editors, and carried to Canada by direct cable.

Under the past conditions the bulk of foreign news published in the Canadian papers has been received through the Associated Press of the United States, which, while being free from any color or distortion, has been open to the objection that it did not carry all news from Great Britain that the Canadian people were particularly interested in.

Under the new arrangement, the volume of news collected by the British Press Association, the co-operative organization of British newspapers, and also that gathered throughout the world by Reuters' Agency, will be accessible to Canadian Press representatives and placed directly before the Canadian public without passage through any foreign channels.

This development, which will greatly improve the service of all Canadian daily newspapers, is undertaken at considerable extra expense to the Canadian papers.

Those Present.

Among those present at the meeting were the following:

E. Norman Smith, Ottawa Journal (president); J. D. Black, Fredericton Gleaner; Frank B. Ellis, St. John Globe; G. Fred Pearson, Halifax Chronicle; E. H. Macklin and John W. Dafoe, Manitoba Free Press; E. B. Mackay, Port Arthur Chronicle; John Scott, Montreal Gazette; C. L. Sibley, Montreal Herald; W. J. McNair, Hamilton Herald; Oswald Mayrand, Montreal La Presse; Henri Gagnon, Quebec Le Soleil; L. F. Tarte, Montreal La Patrie; G. Pelletier, Montreal Le Devoir; J. A. Lapointe, Montreal Le Canada; C. F. Crandall, Montreal Star; C. A. Elwin, Windsor Border Cities Star; Burford Hooke, Regina Leader; C. O. Knowles, Toronto Telegram; Hon. Frank Carroll, Quebec Telegraph; A. Penny, Quebec Chronicle; W. B. Burgoyne, St. Catharines Standard; F. H. Dingham, St. Thomas Times-Journal; W. J. Wilkinson, Toronto Mail and Empire; J. Harry Smith and John Lang, Toronto World; A. D. MacNeil, Glace Bay Gazette; J. Goulet, Ottawa Le Droit; Stewart Lyon, Toronto Globe, and J. F. B. Livesay, general manager of Canadian Press Limited.

COMMITTEE NAMED TO GO TO IRELAND FOR INVESTIGATION

Washington Delegation Will Be Headed by Major Newman.

WASHINGTON, D.C., Nov. 24.—The "commission on conditions in Ireland" announced tonight that the sub-committee to go to Ireland to conduct an investigation would be headed by Major Oliver P. Newman, former district commissioner of Washington, D. C., the other members being Rev. Dr. Norman Thomas, New York; James H. Maurer, president Pennsylvania State Federation of Labor, and Arthur Gleason, New York.

The delegation will sail as soon as passports have been obtained, the statement said, "and will pay particular attention to hearing the British point of view in the present critical situation, both from official government sources and from all shades of public opinion."

ASKS HAMILTON TO RAISE NURSES' PAY

HAMILTON, Nov. 24.—Nurses in training in the General Hospital here receive the following remuneration: First year, $6 per month; second year, $7, and third year, $10. Chairman T. H. Pratt of the hospital board of governors asked the board today to increase the nurses' pay, which at present is totally inadequate, he said. Decision in the matter was postponed.

POSSESS GOOD HEALTH BY LOOKING AFTER THE BOWELS

A free motion of the bowels, once or twice a day, should be the rule of everyone, as half the ills of life are caused by allowing the bowels to get into a constipated condition.

When the bowels are allowed to become constipated, the stomach gets out of order, and the liver does not do its work properly on account of holding back the bile, so that it does not pass through the bowels, but is allowed to get into the blood, thus causing a poisoning of the whole system.

If you would escape constipation, sick and bilious headaches, heartburn, floating specks before the eyes, coated tongue, foul breath; the nasty irritating, bleeding, itching and protruding piles, you should keep your liver stirred up by the use of Milburn's Laxa-Liver Pills.

These pills, being purely vegetable, keep your liver working actively, helping it to resume its proper functions, and thereby removing the bile that is circulating in the blood and poisoning the whole system.

Mrs. H. Barrows, Enfield, N. S., writes: "I was troubled with such headaches and constipation. One day a friend told me of Milburn's Laxa-Liver Pills. I got two vials, and found they did me a world of good. I therefore have great faith in them."

Milburn's Laxa-Liver Pills are 25c a vial, at all dealers or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

Doctor Tells How to Strengthen Eyesight

By the simple use of Bon-Opto, says Dr. Lewis, I have seen eyesight strengthened 50% in a week's time in many instances, and quick relief brought to inflamed, aching, itching, burning, wor-strained, watery eyes. Read the doctor's full statement soon to appear in this paper. Bon-Opto is sold and recommended everywhere by druggists.

ALMOST $8,000,000 WAGERED IN THREE ONTARIO RACE MEETS

TORONTO, Nov. 24.—Almost $8,000,000 was wagered in three Ontario race meets during the last racing season, according to statistics issued today from the provincial treasurer's department. At the Hamilton Jockey Club fall meeting the total was $2,080,509 and at the September Windsor meet the total was $3,607,770.

Of the $2,080,509 total, the Hamilton Jockey Club retained $208,050, plus a surplus of $18,171. The net profit was $78,888 at the Windsor meet of the Western Racing Association, held July 3 to 10, the amount wagered being $2,026,102, of which the club retained 10 per cent. The receipts, including the mutuel percentage, were $292,339, and the expenditures $238,093.

At the Windsor meeting held September 1 to 8 the receipts, excluding $360,777 received from the mutuels, were $109,367. The amount wagered at this meeting was $3,607,870.

McGILL UNIVERSITY RAISES MILLION MORE THAN ITS OBJECTIVE

MONTREAL, Nov. 24.—(By Canadian Press.)—The McGill University centennial endowment fund has reached a total of $6,321,511, thus exceeding its objective by over a million and a quarter dollars, it was announced tonigh in the final statement of the amount of the subscriptions at the Windsor Hotel at the banquet with closed the campaign.

General Sir Arthur Currie in his address declared that during the campaign he had been the recipient of messages of good will from every university in the country.

It was announced that the grand total included a million dollars to be requested from the Rockefeller Foundation in compliance with their offer made last year that if the university raised $900,000 for the medical branch this sum would be furnished.

The grand total announced tonight also includes the million-dollar grant to be made by the Provincial Legislature.

OTTAWA LIKELY TO TALK UNEMPLOYMENT INSURANCE SCHEME

OTTAWA, Nov. 24.—(Canadian Press)—The recommendation of the Washington Labor Conference of the League of Nations, regarding unemployment insurance, will likely be one of the most important questions to be discussed by the federal cabinet preceding the opening of Parliament.

Unlike most recommendations and conventions adopted by the cabinet, which are held by the justice department to come within the competence of the Provincial Governments, the question of unemployment insurance is ruled to be within the jurisdiction of the Dominion Parliament.

SINCE 1870 SHILOH 30 DROPS STOPS COUGHS

RANEY MUM ABOUT DUNNVILLE MAGISTRATE

TORONTO, Nov. 24. — Attorney-General W. E. Raney tonight refused to give any explanation for the suspension of David Hastings, a police magistrate of Dunnville. He said it was a departmental matter.

DOHERTY AND REID RETURN FROM EUROPE

QUEBEC, Nov. 24. — Hon. Manning Doherty was among the passengers arriving on the Empress of France, which reached here this afternoon.

REID ALSO LANDS.

NEW YORK, Nov. 24.—(By Canadian Press.)—Hon. Dr. J. D. Reid, minister of railways and canals in the Ottawa Government, returned from England on the steamship Olympic which docked here today.

BOLSHEVIKI LIKELY TO OCCUPY VILNA

KOVNO, Lithuania, Nov. 24.—The Soviet representative in Alexandrovsk has informed the Lithuanian Government that the Bolshevik forces will be obliged again to occupy Vilna, according to advices received from Alexandrovsk.

DEVLIN RIDICULES GOVERNMENT REPORT TO HIT LIVERPOOL

Greenwood Reveals Alleged Sinn Fein Plans For Destruction of Property in English Cities—Asquith Raps Reprisals—Grey Says Rule by Force in Ireland Impossible.

London, Nov. 24.—The most conspicuous incident in the Irish debate in the House of Commons today was the revelation by Sir Hamar Greenwood, chief secretary of Ireland, of what he alleges were Sinn Fein plans to destroy property in Liverpool and Manchester, a revelation which was greeted by Joseph Devlin with the exclamation: "All that was written in Dublin Castle."

In other respects, the debate followed the customary lines. Former Premier Asquith moved a resolution expressing abhorrence of the recent Dublin assassinations and condemnation of reprisals, and urging immediate steps to bring about Irish pacification. An amendment by Col. John Ward converted this motion into an expression of admiration for the courage and devotion of the crown forces in Ireland. This was adopted by 303 to 83, and the motion as thus amended was adopted by acclamation amid ministerial cheers.

GREY RECOMMENDS WITHDRAWAL OF ALL ARMED FORCES

LONDON, Nov. 24.—The debate in the House of Lords on Irish home rule tonight was made memorable by a notable appeal from Viscount Grey, former secretary of state for foreign affairs, to the Government for an eleventh-hour attempt by generosity to Ireland to fashion the bill into an acceptable measure.

In a speech displaying no resentment and taking full account of the Government's extreme difficulties in Ireland, he urged that unless the Government was able to secure effective control in Ireland it would be better to withdraw all the armed forces and leave Ireland to find her own salvation.

Whether the appeal will be heard time will show, but it is significant that Lord Middleton intends tomorrow to move adjournment of the debate for a fortnight, to enable the Government time to consider what amendments, financial and otherwise, it will propose.

Earl Middleton's motion, while genuinely aimed at securing the amendments desired by its promoters, is also intended as a definite trial of strength of the Government's position in the House of Lords with regard to the bill. It is a tactical move by the peers identified with the Unionist anti-partition league, who believe that the members of the Upper House, who for any reason desire the bill amended, will support Earl Middleton's motion.

The result of the division may in this case be very close, and the possibility of the defeat of the Government is discussed in the lobbies.

Criticizes Bill.

Viscount Grey declared the real cause of failure in obtaining a settlement was the differences of opinion in Ireland itself. Until these differences were composed, he asserted, there could be no settlement, and the bill before the Lords, to put it mildly, had not made the differences less. It had conciliated Ulster, Viscount Grey said, but had brought the southern Unionists and Nationalists into opposition.

Lord Grey, arguing that it would have been better had the Government, instead of preparing a detailed bill, started by laying down on broad lines the limits within which Ireland could have complete autonomy and the minimum which Britain must reserve for the security and safety, not only of herself, but of Ireland.

Outlines Minimum.

He outlined this minimum as, first, placing Ireland in precisely the same position with regard to foreign affairs as the great self-governing dominions, with the same right to be consulted about commercial treaties, and, second, only one army in these two islands. He would not, however, contemplate the maintenance of any imperial troops in Ireland after home rule had passed, unless Ireland desired it.

"I am perfectly certain and the history of war shows it, that unless there is only one navy and one naval authority, neither Ireland nor Great Britain could be defended," said Lord Grey, "That must be without qualification. Whatever Dominion home rule might mean, we must from the beginning have no ambiguity on this question."

Decide On Government.

With Britain and Ireland so close together and under modern conditions of mines and submarines, he continued, it was absolutely inconsistent with the safety of either country that there should be divided naval authority. He admitted that after what had happened in Ireland in the past few weeks, he could hardly advocate as a practical course, as he did recently, that Ireland should be left to say what form of government she desired. But the time might come when the Government would have to consider that method of procedure again.

He would have it clearly understood in Ireland that Great Britain could not go on indefinitely being manoeuvred into the position of either coercing Nationalist Ireland, or coercing Ulster, and the greatest lever the Government could bring to bear to secure a settlement would be to make it perfectly clear that the ultimate responsibility for the Government of Ireland rested with the Irish people, and that the Government could not continue indefinitely to govern any part of Ireland by force.

ASQUITH CONDEMNS GOVERNMENT POLICY OF MILITARY REPRISALS

LONDON, Nov. 24.—The eagerly-awaited debate in the House of Commons on the Irish question was inaugurated this afternoon, when former Premier Asquith, leader of the Opposition, moved his resolution expressing abhorrence of the recent Dublin assassinations, condemnation of reprisals, and urging the taking of immediate steps to bring about Irish pacification.

The motion was a composite resolution, combining the Independence Liberal and Labor motions, and was sponsored by Mr. Asquith, Donald MacLean, and Arthur Henderson.

Mr. Asquith, amplifying the subjects set forth in the resolution, condemned what he termed the Government's policy of reprisals, which, he said, had driven moderate Nationalist opinion in Ireland "into an attitude, if not of sympathy with, at least of supine indifference to anarchic action.

The former premier declared there was only one way for escape, and that the first step lay with the Government. This, he said, was to discontinue the reprisals. He believed, he said, that an overwhelming majority of the Irish people and the crown forces had no sympathy with reprisals.

Speak With Restraint.

It was difficult, said Mr. Asquith, to speak with restraint of Sunday's assassinations in Dublin. "They were cruel, cold-blooded murder," he continued, "and can only have been the work of men who have lost all sense of humanity and honor. The very gravity of such crimes as these—I am afraid it's a mistake to say they are decreasing—makes it all the more necessary that the executive shall be able to encounter them with a clear front and clean hands."

Answering Mr. Asquith, Sir Hamar Greenwood, the chief secretary for Ireland, was loudly cheered on rising.

"The vast majority of the people of Ireland are not in favor of murder," he said. "They want peace, and they are getting peace, because the forces of the crown are breaking the terror."

Sir Hamar declared the vast majority of the Irish people were on the best terms with the soldiers and the police.

"The murder gang in Ireland," he continued, "issues a document known as the Irish Republican Bulletin, and that murder gang sends the bulletin to persons in England and to newspapers in England. Some of them publish it. What amazes me is that the London Liberal Federation has actually used the Bulletin and based on it a charge of reprisals, so-called, and circulated it without any comment except this: 'Display this prominently wherever you can.'

Heads Federation.

"The right honorable gentleman (Mr. Asquith) is president of that federation," Sir Hamar added. Sir Hamar noted that Mr. Asquith had referred to the comments of a United States correspondent.

"We have certain knowledge," continued the chief secretary, "that some of these enjoy the hospitality of the murder gang itself in Ireland. They send their newspaper matter to the United States to hurt Anglo-American friendship, and do their best to damage the British Empire.

"I could name these papers that have printed the most notable falsehoods, but the last election in the United States has been an adequate response. Those who set up to make the Irish question an issue, rather than Anglo-American friendship, were covered with defeat."

As regards the reprisals charge, the chief secretary declared there was not a single authenticated case of anything called a reprisal having taken place under an officer. He cited an instance of soldiers who lost their heads, because of the murder of a lieutenant of whom they were very fond, and had started firing. Another officer, said Sir Hamar, drew a revolver and threatened to kill any soldier who did not cease shooting, with the result that the men stopped.

Grow More Effective.

The crown forces, declared the chief secretary, were daily growing more effective. It was true that more of them were being murdered, but that was because they were asserting the authority of the crown. Extracts from a document he said had been captured were read to show that £7,500 had been spent in organizing the headquarters staff of the republican army since July. This, he said, was the centre of the "murder gang," and that it was from this centre that in some cases £100 "per skull" of the police and military had been paid.

Specific instructions for the manufacture of certain high explosives had been discovered, the chief secretary declared, and two carefully-detailed plans for the destruction of a large powerhouse in Manchester and of docks in Liverpool had been found. In the Liverpool case, he said, among the details were instructions regarding action at 21 points, involving the use of 800 pounds of gelignite.

Reading other documents showing the effect of the present policy of the Government, Sir Hamar quoted a statement from a high republican army officer to the effect that "the enemy" had found a very effective method of disrupting the republican army's movements. The officer said a sort of terror was creeping in and disorganization setting in in many cases. The officer added that if the volunteers were disrupted all was lost.

Sir Hamar concluded by claiming that no country in the world had to deal with such a campaign of murder and outrage as England had to deal with in Ireland, but said the Government was succeeding in its efforts to stamp it out. The Sinn Fein forces had disappeared, he declared, except in back-room meetings for propaganda; the boycott had been broken; its ugly sister intimidation was going; hunger-striking had ended, and the "Irish republican army" was being broken up.

ALLEGED EXPLOISON PLANS.

LONDON, Nov. 24.—Alleged plans for blowing up the Liverpool docks and the Manchester power and water plants are said to show that they were made in military fashion after detailed reports with drawings had been forwarded to "Irish republican army" officers by spies at each place that was destined for destruction. The plans, which are said to have been captured when the documents relating to the spreading of typhoid and glanders were captured, were made public tonight after the statement of Sir Hamar Greenwood in the House of Commons.

The Liverpool plans called for 23 officers, 27 engineers and 75 privates and 800 pounds of a high explosive for attacking 21 points, most of them dock gates, with a view to stranding ships.

Diversions suggested in the report would consist of numerous fires in cotton and other warehouses, starting a half hour before the other operations. Apparently every precaution was taken for dealing with the "enemy forces"—the police of both Liverpool and Manchester. The latter plan dealt with the destruction of the street car power plant in Manchester, serving both industries and tram lines, with hammers and explosives, and also the Clayton Valley pumping station, which furnishes water to a large part of the city.

ARRESTS ALMOST INDISCRIMINATE NOW

DUBLIN, Nov. 24.—Dublin, long accustomed to tragedy, has settled back with two days of outward calm, which has, however, an indefinable and unhealthy quality, cloaking much behind the scenes, and there is activity in both camps.

When the daylight hours pass almost without incident, the curfew hour has come to be the signal for the crown forces to commence unceremonious raiding of all sorts of premises, the seizure of any wanted documents and arrests of suspected persons. These arrests are becoming almost indiscriminate, but in many cases the detention ends with a quizz at headquarters which shows the absence of connection with the republican movement.

As no class of residences, even the first-class hotels, is exempt from these searches, there has been a marked diminution of cross-channel traffic and an almost total cessation of tourist visitors.

Reports from various parts of the country today recount a widespread seizure of bicycles, which the authorities at Dublin Castle interpreted as a move on the part of the Activists to counter the motor licensing restrictions.

CANADA'S GRAIN EVENTUALLY TO GO TO BRITAIN

LONDON, Nov. 24.—Lack of British buying orders for Canadian wheat, and the consequent delay in the movement of the Dominion's crop, were discussed by your correspondent today with the secretary of the royal commission on wheat supplies. Some months ago it was announced that the commission expected to purchase Canada's wheat, but at lower prices than those of the previous year. Since then prices have been dropping, but the royal commission is still holding back. As to the reason for this attitude the secretary would make no statement, but it was evident that in not buying in a falling market, the commission considers that it is pursuing a policy of masterly inactivity.

"We are in the position of buyers, and as such cannot be expected to disclose our intentions to the sellers," said the secretary. "However, we have bought a very fair quantity of the new crop already. As to Canadian wheat, we always favor it as compared with the United States crop, and it is needed here. During the last few weeks the only North or South American wheat that we have bought has been Canadian."

The correspondent pointed out that the movement of the Canadian crop to the seaboard had been greatly delayed by the slowness of British purchases. "Your farmers," said the secretary in replying, "would no doubt have liked to see wheat remain at $3. The difficulty is still one of price, though wheat has become a dollar cheaper. Europe is coming into the market. Your people know very well that Canadian wheat cannot fail to find a market here eventually, though we are not making any large block purchases in a falling market."

Another factor in the reluctance of Great Britain to purchase Canadian grain is understood to be the Dominion finance minister's embargo on the repurchase of Canadian securities, by whose sale Britain expected to help pay for her raw materials. The Times yesterday contained the following paragraph: "The concern now being felt by Canadian wheat growers at the absence of a demand for their supplies furnishes an object lesson of the shortsighted policy of the Dominion Government in establishing an embargo on the import of Canadian securities. The Government has put a new obstacle in our way as buyers, which is now recoiling unpleasantly on those responsible."

OATS REACH LOWER LEVEL ON MARKET

Hay Brought $33 Per Ton—No Slump in Wheat.

The local grain market continues to show an easy trend. Oats and barley made another break this morning, owing to the heavy supplies that have been offered this week. Barley fell to the lowest level it has reached for some time, and indications point to a further reduction, even this week. By the bushel it sold for 96c, $1.08, and from $2 to $2.25 per cwt. The former cwt. quotation was $2.50, and the bushel $1.20. Officials say that this drop has been expected for some time.

The maximum price of oats fell to $1.80 per cwt., but the low price remained at $1.75. This slump is also due to large supplies and slow demand. A further reduction is expected.

Although a general weakness was reported on nearly every grain market in Canada and the United States on wheat, Wednesday, no slump took place here, and buyers and officials say they don't expect any.

Fifteen dollars per cwt. was the price paid for live hogs on Wednesday. Dressed hogs were slightly lower when all buyers paid $22 per cwt. Monday and Tuesday they were paying $23 per cwt., but when the big drops took place in Toronto and Chicago, prices were cut here.

Bad country roads are responsible for the slight jump in potato prices. Wholesale, this morning, they sold for $2.15 per bag, but to the retailer they went for $2.25 and $2.30 per bag. The demand is fairly active. Buyers say they will not pay higher prices.

Hay was firmer when all loads went at $33 per ton, although there is a tendency for a slight decrease.

Grain, Per Cwt.—

LIVE STOCK.

Toronto, Nov. 25.—Cattle—Receipts, 744; as usual on Thursday the trade is very quiet; the packers are picking up an odd head here and there at prices about steady with yesterday; nothing very good was received; there is a fair inquiry for feeders with a little flesh on them, but the quality offered is not good enough; butcher steers, choice, $10@11 50; good, $9 50@10 50; medium, $7@9 50; common, $5@6; butcher heifers, choice, $9 50@11; medium, $6 25@9 50; common, $5@6; butcher cows, choice, $7@8 50; medium, 5 50@7; canners and cutters, $2 50@5; butcher bulls, good, $7@8 50; common, $4 25@6; feeding steers, good, $9@10 50; fair, $8@9 50; stockers, good, $8@9; fair, $6@7 50.

Calves—Receipts, 130; a lot of heavy calves were received; these are selling from 5@8c; choice, $15@18; medium, $12@15; common, $5@11.

Milch Cows—Choice, each, $100@150; springers, choice, $110@155.

Sheep—Receipts, 1,550; best lambs are selling at 12c, which is steady with yesterday; lambs, $11 75@12 25.

Hogs—Receipts, 1,879; hogs are selling weak at $15 75, fed and watered; selects, $15 25@15 75; light, $13 25@13 75; heavy, $14 25@14 75; sows, $11 25@12 75.

GRAIN.

Winnipeg, Nov. 25.—November wheat opened 3½c lower at $1 83; December 4⅛c to 5⅛c down at $1 65@1 64, and May 2c to 3c lower at $1 70@1 69.

December oats opened ¾c lower at 49¾c, and May ½c lower at 54⅝c.

FLOUR.

MONTREAL, Nov. 24.—There was no further developments in the flour market today, but an easy feeling prevailed at the recent decline in prices.

A fairly active business continued in the millfeed market.

The rolled oats market was unchanged.

Flour—Manitoba spring wheat, new standard, $11.60.

Rolled Oats—Per bag, 90 lbs., $3.90.

Bran—$40.25.

Shorts—$42.25.

MINNEAPOLIS, Nov. 24.—Flour—Unchanged to 40c higher; carlots, family patents, per barrel, 98-lb. cotton sacks, $8.80@9.

Shipments—68,605 barrels.

Bran—$32@33.

TORONTO, Nov. 24.—Ontario Flour—Government standard, winter wheat, in jute bags, prompt shipment; Montreal, $8.50, nominal.

Millfeed—In carlots, delivered Montreal freights, bags included; bran, $38@40.25 per ton; shorts, $42@45.25 per ton; good feed flour, $2.75@3 per bag.

Manitoba Flour—Government standard, cash prices, track, Toronto; first patent, $11.80; do., second, $11.30.

HAY.

MONTREAL, Nov. 24.—The market for baled hay was quiet today.

Hay—No. 2, per ton, carlots, $31.

TORONTO, Nov. 24.—Hay—Baled, on track, Toronto, carlots, $30@32 per ton; No. 1 loose, $38@39 per ton.

NEW YORK, Nov. 24.—Hay—Easier; No. 1, $1.80@1.90; No. 2, $1.70@1.80; No. 3, $1.55@1.65; shipping, $1.35@1.55.

PROVISIONS.

Liverpool, Nov. 25.—Hams—Short cut, 220s.

Bacon—Cumberland cut, 190s; Wiltshire cut, 225s; clear bellies, 210s; short clear backs, 191s; shoulders, square, 166s; do, New York, 146s.

Lard—Refined, 158s 6d; unrefined, 155s 6d.

OILS.

Liverpool, Nov. 25.—Rosin—Common, 46s.

Petroleum—Refined, 2s 3d.

War Kerosene—No. 2, 2s 4d.

COTTON.

Liverpool, Nov. 15.—Cotton—Futures closed steady; Nov., 11.21d; Dec., 11.13d; Jan., 11.11d; Feb., 11.08d; March, 11.07d; April, 11.03d; May, 10.99d; June, 0.95d; July, 10.92d; Aug., 10.85d; Sept., 10.75d; Oct., 10.67d.

BANK OF ENGLAND STATEMENT.

London, Nov. 25.—The weekly statement of the Bank of England shows the following changes:

Total reserve decreased	£	2,000
Circulation decreased		395,000
Bullion increased		393,527
Other securities decreased		1,059,000
Public deposits decreased		1,519,000
Other deposits decreased		964,000
Notes reserve decreased		38,000
Government securities decreased		11,385,000

The proportion of the bank's reserve to liability this week is 11.83 per cent; last week it was 10.75 per cent.

Rate of discount, 7 per cent.

LONDON STOCK EXCHANGE.

DYING IN EXILE

Former Empress of Germany, who is reported to be close to death at her residence at Doorn.

SOLDIERS ARREST LEADERS OF LABOR PARTY IN IRELAND

Arrests in Dublin Alone Total 129 in One Week, Says Castle.

DUBLIN, Nov. 24. — Military and police forces raided Liberty Hall, headquarters of the Irish Transport Workers today. The raid, which started at noon, was still continuing this evening. Among those arrested were Thomas Johnson, secretary of the Irish Labor party, and Thomas Farren, formerly president of the Trades Union Congress. The search of Liberty Hall was thorough. The walls were opened and the floor torn up, and it is alleged arms, ammunition, bombs, uniforms and gun sight testers were found. A large quantity of documents and flags were carried into the street and burned.

TO TRANSPORT BODIES.

DUBLIN, Nov. 24.—A notice issued at Dublin Castle today stated that the bodies of the nine British officers who were murdered last Sunday will be taken from the George V. Hospital at 10 o'clock Thursday morning. The cortege will pass along the quays to the North wall, where the bodies will be taken aboard a destroyer for transport to England. The castle authorities requested that as a mark of respect for the gallant dead all shops and places of business in the city be closed between 10 a.m. and 1 o'clock in the afternoon.

FIRE UPON POLICE.

BELFAST, Nov. 24.—Two automobiles containing police and witnesses returning from a Londonderry court-martial were ambuscaded last night near Omagh, County Tyrone. The attacking party fired a fusillade at the automobile party, and three constables and two chauffeurs were wounded. One of the assailants of the party was arrested by the military.

WILL TRY COUNTESS.

DUBLIN, Nov. 24.—The number of arrests in Dublin from November 17 to 23, amounted to 129, according to official announcement. The trial of Countess Markievicz will take place by court-martial on Thursday, December 2.

Countess Markevicz, Sinn Fein member of Parliament for St. Patrick's district of Dublin, was arrested September 27. The authorities had been seeking for her for a long time owing to her activities in Sinn Fein movements.

STRICKEN SUDDENLY WHILE ON VISIT

WROXETER, Nov. 24.—Mrs. Wm. R. Montgomery dropped dead yesterday at the home of her daughter, Mrs. Roy McKersie, of Turnberry Township, with whom she had gone to spend the day. Heart-failure was the cause of death.

Mrs. Montgomery was in her 61st year and the eldest daughter of the late Mr. and Mrs. Gallaher of Howick Township, where she had spent all her life.

After her marriage she resided on a farm one mile north of Wroxeter until about two years ago, when she and her husband retired, settling in Wroxeter. She is survived by one daughter, Mrs. R. McKersie; one son, Dr. R. R. Montgomery, now in California; four sisters and two brothers. Mr. Montgomery passed away a year and a half ago. Interment takes place in the Gorrie Cemetery, and Rev. Mr. Lymberner will conduct the services.

DOUGHTY RECITES

of me. But I worked ten years in the nine months I was employed there."

Doughty was not manacled, and he and Detective Mitchell, who said that they had known each other for a good many years, evinced a mutual cordiality. "I have placed myself in Mr. Mitchell's hands," said Doughty, whom the officer referred to as "Jack," and who likewise refused to say anything about the disappearance of Small or the missing securities.

To newspaper reporters Mitchell declared he "thinks sometimes that Mr. Small is alive, but there is only a vague chance of it."

"Now that Jack is going back, the whole mystery will be cleared up," he said.

Doughty said he had spent practically all his time since leaving Toronto a year ago in Seattle and Portland. "I had no knowledge that there was any search being made for me, and had no inkling of it until Mr. Mitchell walked up to me in Oregon City, when I was at work in the paper mill," he said. "Had I known it, of course, I would have been worried. I have not heard from home since I left."

DRISCOLL SAYS DOUGHTY MADE MANY EXCUSES

Montreal, Nov. 25.—How John Doughty, secretary for Ambrose J. Small, was expected to leave Toronto for Montreal on December 1, 1919, and how he made excuses to remain there until the very day the Toronto theatrical millionaire disappeared, was referred to today by George F. Driscoll, general manager of Trans-Canada Theatres, Limited, who acquired Mr. Small's interests.

"I do not know whether there is any significance in the fact," added Mr. Driscoll, "but although Doughty was supposed to report here on December 1 to take up his new duties, he postponed his departure from Toronto for two days, giving as a reason the statement that Mr. Small would not release certain books and papers necessary in Doughty's work until the deal was actually completed by the paying over of our certified check for $1,000,000. Whether this was true I don't know, but as the documents were of a routine nature only, and as we were already in possession of the actual properties, there was no object on Mr. Small's part in withholding them. Doughty, instead of arriving on December 15, wired on that day that he had been unable to clean up matters, but that he was leaving the following night.

"That kept him in Toronto over Tuesday, the day of Mr. Small's disappearance after receiving our check, and the day, too, that Doughty is supposed to have visited Small's safety deposit box for the last time."

Doughty came to Montreal on December 3. He returned to Toronto on December 28, on instructions from Mr. Driscoll, and then disappeared.

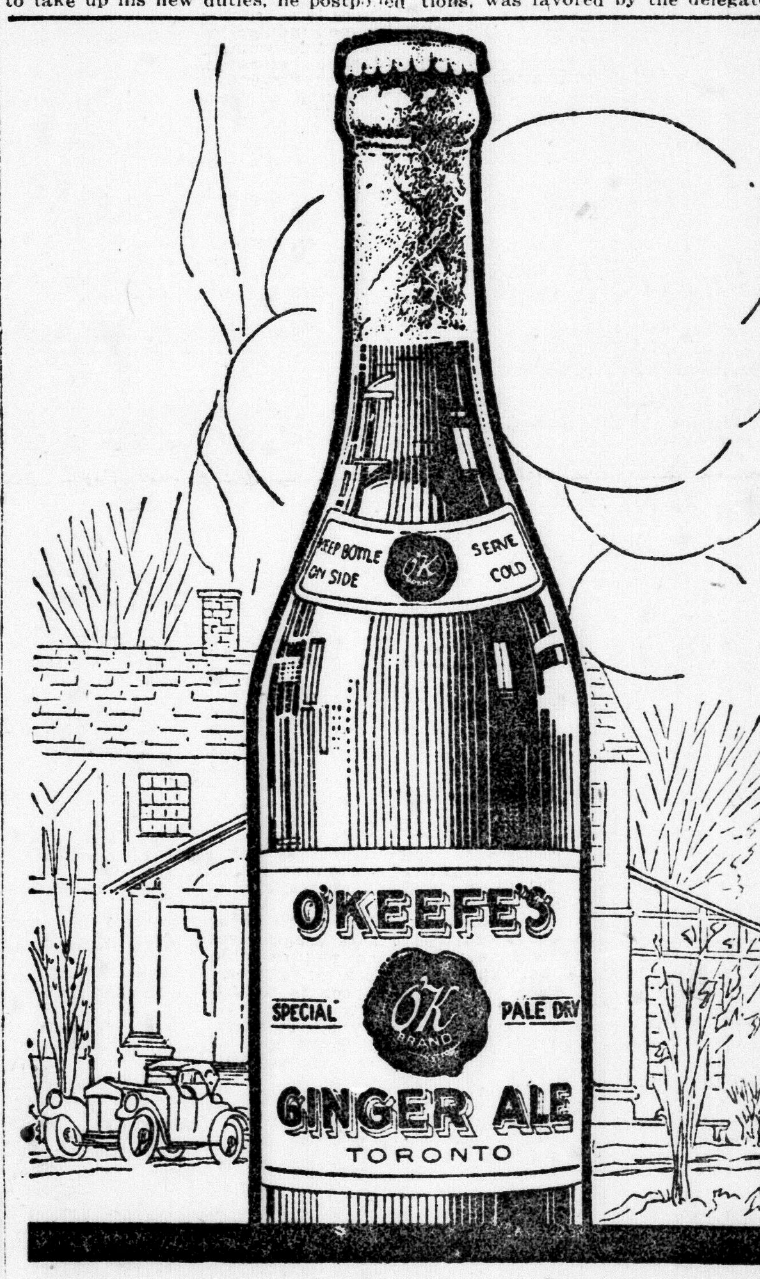

BOY SCOUTS ARE TO BE SUPPLIED WITH SMALLER FIREARMS

Army Rifle Considered Too Heavy and Powerful.

Ottawa, Nov. 25.—Canadian Boy Scouts will hereafter be supplied with .22-calibre rifles instead of the customary militia .303-calibre rifle which has formerly been issued to the Scouts. This was the decision of the Boy Scout commissioners from Saskatchewan, Manitoba, Ontario and Quebec, who continued their conference here yesterday. They claimed that the army rifle is both too heavy and too powerful for boys to use, and decided that the smaller arm would be much more satisfactory. The commissioners decided to issue badges for athletic proficiency, which formerly had not been given. These badges will be arranged in five classes, according to the weight and age of the competing boys, who must be between the ages of 12 and 18. They will remain in the possession of the winner of each class for one year, at which time each boy must compete in the next higher class. As at present arranged, badges will only be given for general athletic requirements.

INCORPORATION FAVORED.

Calgary, Nov. 25.—At a conference of representatives of nearly all the U. F. A. political associations in Alberta this evening, incorporation of a central body, with the U. F. A. executive acting as trustees of funds subscribed for political purposes, with an advisory board consisting of one representative of each of the district political associations, was favored by the delegates.

It's Indispensable

IN a well ordered household a supply of O'Keefe's Pale Dry Ginger Ale is indispensable. There are so many occasions when it meets an emergency.

The family enjoys it at dinner. The young people demand it after romps or dances. It offers a pleasant interlude in the game of cards, and relieves your mind of anxiety when hospitality entails refreshment for unexpected guests. No bother of preparation—and nothing else tastes so good!

Sparkling and delicious, made of the purest ingredients, O'Keefe's Dry Ginger Ale has no equal for flavor or quality, and is as good for the children as for the grown-ups.

You can order by the case from your grocer or dealer.

Manufactured with the celebrated York Springs Water. Sold at all clubs, restaurants and hotels.

DEADLOCK REACHES A CRITICAL STAGE IN FRENCH TRADE

Manufacturers Unable To Dispose of Stocks At Present Figures.

DIFFICULT TO ADJUST

Sharp Decline in Prices of Raw Materials Source of Trouble—Will Cause Heavy Losses.

PARIS, Nov. 25.—French businessmen take a gloomy view of the present deadlock between importers and producers on the one hand, and buyers—from wholesaler to public—on the other, which has produced a state of business stagnation, daily growing more serious. Buyers decline to purchase until prices fall, and importers and manufacturers declare that they cannot lower prices until they have disposed of the stocks on hand.

These stocks in all the principal industries, having cost so much to import and manufacture as to be now unsaleable, are the dam that is blocking the commercial activities of the country. Already the ominous words, "cancelled orders," are being heard in every direction. Factories are shutting down or working shorter time. Several failures have already occurred, and more are expected.

Not the least grave feature of the situation is that leading business and financial interests are even more pessimistic about the future than about the present. Some of them go so far as to talk of an actual panic. The chief reason for their alarm seems to be the general disposition not to pay debts.

"Wherever one goes," says a prominent French businessman today, "it is the same story: 'I would pay you if I could only get what is owing to me.' If one replies, as I did this morning: 'But you have a concern that is entirely prosperous and solvent. Why don't you ask your banker to help you meet your liabilities?" The answer comes like a flash: 'Why don't I? That's what I'd like to know. Why my banker wouldn't lend money now to Rothschild himself.'"

The same speaker went on to say that a few months ago he deposited 1,000,000 francs worth of absolutely gilt-edged securities with a bank and received a loan of 750,000 francs. Not too long ago the bank requested him to repay the money. Very reluctantly he replied that he supposed the bank would have to sell 75 per cent of his securities. The bank's answer was that if it tried to liquidate the whole million it could not be sure of getting more than 500,000 francs, with the market in its present state; that his was not an isolated case, anyway, and that if anyone once began realizing, there would be a general smash.

Importer's View.

A big coal importer said to me: "Things have got to the point now where I am telegraphing port agents to send ships back to England without unloading. Half the time here they won't take delivery at all—just say they've shut down their factories because they can't sell goods or get paid when they do—and if they do take the stuff I can't get the money. I wrote one firm I intended to sue them. The manager rang me up. He was actually laughing, and said: 'My dear fellow, sue away. It will make business for someone, if it's only a lawyer. Why we can show debts—and on good houses—that cover our liabilities twice over, but we can't raise a sou from any one.'"

It is not a favorable atmosphere in which to issue a loan on whose success the national credit has been officially declared to depend. Matters are not improved by advices from countries like Switzerland, Holland and Spain, where exchange is high. They complain that the exchange barrier has brought about a blockade worse than anything in war times.

The immediate cause of the French trouble is the difficulty of readjusting the domestic scale of prices to the sharp decline in the price of raw materials, especially those imported from abroad. This is bound to cause heavy losses, as has been the case in America; but most importers, manufacturers and businessmen generally have made such large profits that they ought to be able to weather the storm fairly well.

National Finances.

There are, however, other and more serious reasons for anxiety. The rest is undoubtedly the anomalous condition of the national finances. As long as Germany does not pay for reparations and pensions France will have to continue spending exactly double her income. Besides that, there already is an estimated deficit of 2,000,000 francs in the new budget, due to military expenditures in the Levant and Morocco. The Senate and Chamber finance committees have called Gen. Gouraud, French commander in the Near East, in conference with a view to discovering whether reductions are possible.

The new 1 per cent tax on the total business turnover has produced only 46 per cent of its estimated revenue during the first three months of its operation, which indicates that there will be a further deficit of from 3,000,000,000 to 4,000,000,000 francs. Unless the loan does much better than most people in a position to judge seem to expect, it is hard to see what will be the alternative to a further large issue of paper money, whose effect on French exchange need not be emphasized.

FALL CAUSES DEATH OF SEAFORTH WOMAN

SEAFORTH, Nov. 24.—Following severe injuries, which she sustained in a fall five weeks ago, the death occurred here today of Mrs. Elizabeth Scott, wife of Dr. J. G. Scott, coroner of Huron County. She was a native of Ireland, but spent the early part of her life at Mitchell, Ont. She had resided in Seaforth for more than half a century. Her husband and one son, H. R. Scott of Seaforth, survive.

BAKLANOFF IS TO SING IN OPERA, DESPITE PROTEST

Baritone Was Angry At Minister's Letter Declaring Him "Notoriously Immoral."

CHICAGO, Nov. 24.—Georges Baklanoff, baritone, of the Chicago Grand Opera Company, was much peeved on his arrival here today to learn that Dr. Herbert L. Willett, president of the Chicago Church Federation, had written a letter to the directors of the opera company, demanding that the singer be ousted from the organization because of his relations last year with Elvira Amazar, soprano.

Baklanoff reached Chicago today from Ellis Island, N. Y., where he had been held up by immigration authorities until released by an order from Washington, which was engineered by representatives of the Chicago Grand Opera Company.

Dr. Willett objects to Baklanoff on the grounds that he is "notoriously immoral." In his letter to the directors of the opera company, Dr. Willett cited the incidents which led to Baklanoff's arrest last year on Mann act charges preferred by Mlle. Elvira Amazar.

"What is he?" inquired Georges, after a profound study of the "doctor."

"Oh, a priest; what does he think? that I am a priest, too? No, I am not a priest—not even on the stage.

"Everywhere that I sang this summer—Paris, Vienna, Berlin, Prague, Stockholm—my friends, they ask: 'What was your trouble in America?' I say: 'A woman.' 'Yes,' they insist, 'but what was the real trouble?' They don't understand this American morality which is so childlike on the surface and so abominable underneath. If one per cent of American men are virtuous, as the clergymen say, that is a large number.

"But I have learned my lesson. In Chicago I don't look again at a woman, not even a grandmother."

Someone mentioned Ellis Island. Georges' famed eyebrows nearly turned upside down.

"That woman," sighed Georges. "To think that a woman can—but never mind. Only, I will say this about Ellis Island. It is a pretty good summer resort—especially if you like to look at ferryboats. But as a place to spend the winter—no, I would not recommend it, even to this Doctor Willett."

The American songsters in the Chicago Grand Opera Company, headed by Richardo Martin, rushed to Baklanoff's defence today. They were deeply stirred, so deeply they issued this statement:

"The American people have gone mad, stark mad, crazy on busybodyism. Feminism is in the saddle. Mollycoddleism is in the air, hypocrisy reigns triumphant and we are careening in a mad flight for the old lady's home—where we belong.

THERMOKEPT COFFEE

Doubleseal Vacuum Packed

Thermokept Coffee is selected, blended and roasted by experts. It is a scientific combination of the world's finest coffees. It is steel cut by the most modern methods and guaranteed to retain its strength and flavor while in the original sealed Thermokept container.

Coffee that holds its fresh roasted flavor

Thermokept Coffee is packed, fresh from the oven, by a marvelous new process that excludes all air. Air robs coffee of strength, flavor and cup quality.

Vacuum packed and double sealed in air-proof tins, Thermokept Coffee retains its fresh roasted delicious fragrance and aroma indefinitely. It never spoils—never changes while in the original sealed container.

Thermokept means kept fresh.

You will never know the taste of coffee made from the fresh roasted coffee bean until you try Thermokept.

THE F. F. DALLEY CORPORATIONS LIMITED, HAMILTON, CANADA

Dr. R. H. Zauner, The Specialist

Offers every man the opportunity of relief from disease—to lift the burden—to increase your earning power—to make you happy and contented and care free. Where is the man who won't take advantage of this opportunity? The sickly, anaemic, weak, disease-burdened man cannot hope to make a success in life—cannot hope to enjoy the pleasures of the healthy man. He cannot hope to earn promotion in his chosen work nor to make as much money as his fellow workman who is free from disease.

Dangers of Bad Blood Overcome

NO MATTER THE MAN, WHETHER YOUNG OR OLD, SINGLE OR MARRIED, HE CAN NEVER FEEL SAFE AS LONG AS HIS BLOOD IS NOT HEALTHY. THE FACE, BODY, BONES, NERVES AND BRAIN MAY BE AFFECTED ANY DAY WITHOUT ANY WARNING, AND THE SYMPTOMS SPRING ON YOU LIKE A THIEF IN THE NIGHT. SO, IF SUFFERING, DON'T GROW CARELESS. REMEMBER THE DANGER. BE WARNED IN TIME. THE BEST TREATMENT IS WHAT YOU WANT, AND AT ONCE.

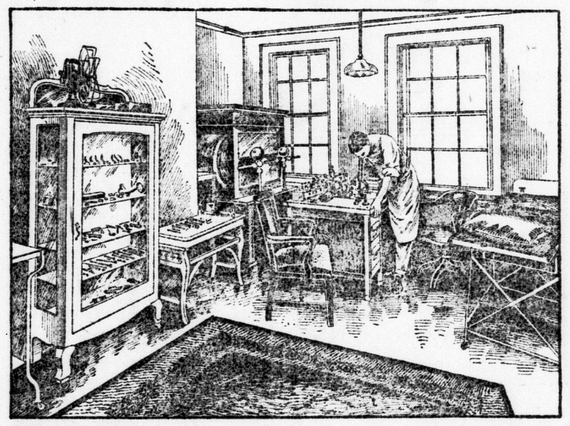

KEEP YOUR BLOOD PURE AND YOUR NERVES STRONG, AND YOU CAN DEFY DISEASE—WHY SUFFER AND DELAY?

Blood, Nervous and Skin Ailments

IMPURE, DEVITALIZED, SLUGGISH BLOOD MAY BE THE DIRECT CAUSE OF A MULTITUDE OF DISEASES. WEAK, UNSTEADY, SHATTERED NERVOUS SYSTEMS ARE THE CAUSE OF MANY MORE DISORDERS. THE CAUSE OF MOST ALL AILMENTS CAN BE TRACED TO THE BLOOD AND NERVOUS SYSTEM. THE FACT THAT YOU HAVE BEEN TREATED ELSEWHERE WITHOUT BENEFITS SHOULD NOT DISCOURAGE YOU. HUNDREDS OF PATIENTS ARE BEING RESTORED TO A SOUND BASIS OF HEALTH AFTER TRYING NUMEROUS DOCTORS AND OTHER TREATMENTS IN VAIN. MY CHARGES ARE REASONABLE. NO MORE THAN YOU CAN AFFORD TO PAY. EXAMINATION IS FREE.

NEGLECT IS DANGEROUS

There is nothing in the world more dangerous than neglect. Nothing else as responsible for so much suffering and disaster. Trace the cause of misfortune and you will find that somewhere neglect had a part. Neglect is more dangerous than disease. It is usually through neglect that little ailments come, and through neglect that they grow serious, undermining the constitution, and reach an incurable stage. My success in treating difficult cases of long standing has made me a well-known specialist in this and surrounding territory in treating men's diseases. This success is due to several things. It is due to the study I have given my specialty; to my having ascertained the exact nature of men's ailments, and to the original distinctive and thoroughly scientific methods of treatment I employ.

Special Examinations

A thorough examination of the patient is the most important part of accepting a man for treatment. A thorough examination by an expert specialist is the only way a perfect diagnosis can be made, and without a correct diagnosis no progress can be made toward a cure. My examinations include mechanical Blood Pressure Test, Physical Diagnosis, Chemical Analysis, and a complete consideration of all symptoms and bodily effects of the ailment. I attribute my success to the fact that I make proper diagnoses, and this ability is due to experience, and this experience is your assurance of prompt and perfect results in the treatment of your ailment. Scientific methods used in every case.

Thin, Impoverished Blood---General Weakness---Emaciation

—BLOOD—It is absolutely impossible to be well and strong, pulsing with life and energy, if the organs and tissues of the body are not properly nourished with pure, rich blood. When you reach the point where nature's building-up process fails to keep pace with the tearing down process, old age begins to set in, even though you may be young in actual years. Impure, sluggish blood is the direct cause of a multitude of ailments. YOUR WHOLE HEALTH OF BODY AND MIND DEPENDS ON YOUR BLOOD. Any "building process" of the body and mind, of the muscle and tissue formations, of any of the various vital organs, can be accomplished only by working direct through the blood stream.

Auto-Intoxication---Headaches---Catarrh of the Stomach---Ulcers

STOMACH TROUBLE—You know quickly enough when you have a bad stomach. When you have heartburn and indigestion, sour, gassy stomach. Many people will be surprised to learn that such a long train of ailments can be traced to Auto-Intoxication. The ailing man thinks the condition of the stomach is due to something eaten. This may be true to a certain extent but remember this, that the mere fact that you do suffer this way is a pretty sure sign that something further is wrong with you. I WANT TO TELL YOU WHAT YOUR TROUBLE IS. If you are one of those who have tried everything, but still have found no relief, I WANT TO TREAT YOU. I want to show you that you need not suffer longer.

Be a Manly Man---Enjoy Life---Health---Happiness

YOU WANT HEALTH—health that knows no aches nor pains whatever—health that gives life a new zest and makes it really worth while. When your nerves are steady. When your mind is at rest. When you sleep soundly all night. When you can work hard, either with brain or muscle, and then enjoy the pleasures of life like other healthy men. WHAT UNSPEAKABLE JOY IT IS TO HAVE HEALTH LIKE THAT! HOW YOU LIVE EVERY MINUTE OF THE DAY! How soundly you sleep at night, and how refreshed you feel in the morning! How keenly you relish your meals! What energy you show in your work, how your eyes sparkle! Why suffer another hour, when sure, quick relief is at hand? Come in today and start on the road to health.

Nerve Shock---Nature Exhausted Need This Help-- Easy to Get It

BACKACHE—What a multitude of pain-racking ailments may cause backache. Any of the errors of a man's whole life may be the cause of backache. Any part of the back may ache and pain you, and make your life miserable. You go on thinking it will get better, when in fact, that very ache is trying to tell you that there is something seriously wrong with you. You wonder why you are losing ground—you wonder why your nervous energy is low, and you worry and wonder if it could be a fatal disease. YOU CAN FIND OUT IN TEN MINUTES IF YOU WILL CALL ON ME FOR AN EXAMINATION. It has been my business for years to tell men what was wrong with their health, and to give them treatment.

FREE CONSULTATION. Daily Hours 9 a.m. to 8 p.m. Holidays and Sundays, 10 a.m. to 2 p.m. FREE EXAMINATIONS.

His Christmas Gift
Yes, he may carry a watch, but did you ever stop to wonder if he was carrying the kind of watch that reflects the dignity and prosperity of its owner?
As you may know, we are well known for our watches, and therefore carry a most extensive line, especially of the higher grades of timepieces. Some of the finer makes of Swiss and American movements are represented, encased in the finest of gold-filled and solid gold cases, ranging in price as high as $300.00.
It is a pleasure to show you these fine timepieces.

At The Theaters

WALTER HAMPDEN AT GRAND NEXT MONDAY EVENING.

Walter Hampden, the famous Shakespearean actor, will play an engagement of one night only at the Grand Opera House on the night of November 29. Mr. Hampden is the talented young actor who suprised the entire theatrical world two seasons ago with such a remarkable performance of "Hamlet" that he was immediately stamped as the foremost actor of classic roles in America.

Mr. Hampden when here will play "The Merchant of Venice," in which he will be seen as Shylock. This play is one of several that he has added to his repertoire since his original success as Hamlet, and in it he achieves fame that is second only to his portrayal of the ill-fated Danish prince. In fact, his interpretation of the celebrated Jew has been placed by many conservative critics on the same high rank as that of the late Irving. No single creation of the current season has aroused as much comment as has this Shylock of Mr. Hampden's, and none has been quite as fascinating as his. Mr. Hampden will be supported by the original New York company, which includes many players who played with Sir Frank Benson and one or the other of the famous English stars, such as Irving, Waller, Tree and Forbes-Robertson. Mr. Hampden himself played with Sir Frank Benson for many years, and his first appearance as Hamlet was in London as a member of Sir H. B. Irving's company. While only 25 then, he was labelled by William Archer, dean of the English critics, as the most promising young actor since Forbes-Robertson's debut.

H. V. ESMOND AND MISS EVA MOORE AT THE GRAND NEXT THURSDAY.

An attraction of exceptional interest is announced for the Grand next Thursday, Friday and Saturday, when Mr. H. V. Esmond and Miss Eva Moore, the distinguished English artists, whose work in high-class comedy has won for them the premier position on the London stage, will be seen in "The Law Divine," Mr. Esmond's latest and in many respects his most brilliant comedy.

Mr. Esmond and Miss Moore are universally admitted to be the leaders in comedy on the English-speaking stage today. They have attained this distinction through long years of earnest and in many instances notable work, and their public has supported them through the most depressing periods of the drama with a loyalty that speaks volumes for their popularity and their skill.

In "The Law Divine" Mr. Esmond has taken a subject which has an unfailing appeal to everybody who is interested in the developments and the problems of domestic life today. It is essentially not a war play, although it depends for its basic principles upon problems arising out of the war.

A married couple, who have lived happily for nearly 20 years, find themselves, towards the close of the war, drifting swiftly apart. The husband returns from service abroad to find his wife wrapped up in war work of various kinds and in numerous women's movements arising therefrom, that she has forgotten her domestic duties. Neglected at home, he seeks solace elsewhere. She follows suit. There is an eminent prospect of a blasted home, when the wife realizes that the only way to win back her husband's love is to return to those ideals of home life which she had temporarily forgotten. The manner of her realization and the methods by which she achieves eventual success constitute the major portion of a comedy as bright, as winning in its humor, and as rich in pungent but kindly philosophy as any the English-speaking stage has known of recent years.

Mr. Esmond and Miss Moore are supported by an all-English company in the original production from Wyndham's Theatre, London, exactly as the comedy was presented to hundreds of thousands of returned soldiers and civilians during the war and after.

WEEK'S TWO BIGGEST ATTRACTIONS NOW SHOWING AT THE ALLEN—COMEDY FEATURE—CHINESE SINGER.

Here's your chance, all you people who have been asking for a picture that will make you laugh and enjoy yourselves. You've been waiting for a show that you can come in to see with any sort of a grouch on, and leave feeling as if the world was yours. Well here's your chance. Mack Sennett's "Married Life" and Bert Thomas, the celebrated Chinese tenor, are the attractions at the Allen today, tomorrow and Saturday, and if you can find anything more suggestive of sunshine than Bert's smile, why trot it along.

In "Married Life" you get the very essence of concentrated humor. All of Sennett's famous comedy kings and queens are there. You'll see Ben Turpin as A Man's Man; Charles Conklin as Not One Hundred Per Cent; James Finlason as A Man Who Made Good; Phyllis Haver as A College Belle; Charlotte Mineau as an In Portant Patient. There's Kalla Pasha as a Bashful Husband, and Charles Murray as a Patron of Arts; Ford Sterling is seen as Another at Times; and Louise Fazenda Is Just His Wife. There's only one laugh in "Married Life" though, don't mistake that. It starts with the first scene and doesn't finish until the last final flicker. And thrills—Umm!

Bert Thomas, the celebrated singer, will sing all new songs today, tomorrow and Saturday—and give a violin solo. You must see Bert's golden smile, and hear his silver voice. A Capitol Comedy of clever animals, and Allen's News of the World will be shown. The overture will be "Oh, Boy," by Jerome Kern.

FEATURE PICTURE.

In "Tiger's Cub," the William Fox production starring Pearl White, which comes to the Patricia today, Friday and Saturday, interest vies with excellent acting for first place among the many good things that can be said about this production, which has the frozen north and the gold fields of Alaska for its background.

"Tiger's Cub" as a novel, written by George Goodchild, was a pronounced success. It became one of the season's "best sellers."

In film form this tale of love, treachery, strife and sacrifice in the primitive north retains all of its plot strength and interest, and its value is further enhanced by the convincing realism in action which only the screen can offer. The myriad readers of the book will be doubly thrilled by the flesh and blood counterparts of the wonderful characters they know of, while those who have not read the story have a great pleasure in store.

The 4 Organdie Girls, harmony singers, a star comedy, and the 8th episode of "The Vanishing Dagger" on the same program.

AT LOEW'S.

Charming Ethel Clayton comes to Loew's for the balance of the week in her latest Paramount picture titled "The City Sparrow." Possessing in no inconsiderable degree of talent, beauty and personal charm, Ethel Clayton is an ideal screen star, whose popularity is increasing with every new picture in which she appears. Her success in "Young Mrs. Winthrop exceeded that of any previous screen appearances and greatly enhanced her popularity. She has another excellent picture in "The City Sparrow," which carries an irresistible human appeal and will delight all admirers of this charming star. That funny fellow, Hank Mann, whose comedies seem to grow better with every release, will be seen in another scream that should rock the house with laughter. Hank Mann is no mean comedian, and his comedies now rank with the best. Loew's Screen Pictorial of world events in pictures will have some new interesting views of what's what in the world of progress. Another sterling bill of Loew's supreme vaudeville will complete the program for the last three days of this week at London's amusement centre.

AT THE MAJESTIC.

If you've never had a real laugh, if you've contracted a terrible toothache, or just happen to be one of those who don't see much in this topsy old world to laugh at, just drop into the old Majestic Theatre and take a new lease of life. You'll laugh till your sides ache at poor Bob Bennett, who in "Nothing But the Truth," makes a foolish wager of ten thousand dollars, that he can tell the truth and nothing but the truth for twenty-four hours, and the terrible things that Bob tells, will make you forget that coal is $22.50 a ton, and that it's going to be a tough winter. "Nothing But the Truth," as presented by the Majestic Players at the Majestic is one long laugh from curtain to curtain. The funny situations that develop from Bob (George V. Dill) endeavoring to tell the honest truth result in one of the funniest comedies that has ever graced a stage in London.

That the new scale of prices for the season has met with favor was amply demonstrated with the matinee yesterday and last evening, when the house was packed to capacity and standing room only was available. There will be a special popular Saturday matinee at 2:15, which should repeat with another bumper matinee crowd. Next week the Majestic Players will present R. D. Sheldon's famous drama "The Boss."

Every grocer in Ontario should soon have BROWN LABEL "SALADA" TEA at the reduced price of 55 cents a pound. The immense and unexpected volume of business resulting from this 15-cent reduction has made it impossible to make the thousands of shipments simultaneously, and even after shipment there is a certain delay with the railroads. The very highest grade teas, such as the Blue, Red and Gold label qualities of "SALADA" are still very dear and very scarce.—Advt.

PRESENTED WITH PURSE.

CAMPBELLTON, Nov. 24.—A. C. Turner and family, who are leaving for Los Angeles, were very pleasantly surprised, when about 100 friends and neighbors gathered to give them a send-off. Following a musical program, an address was read and Mr. Turner was presented with a well-filled purse.

INGERSOLL MOTORISTS ELECT NEW OFFICERS

E. A. Wilson Chosen President At Largely Attended Meeting.

INGERSOLL, Nov. 24.—A largely-attended meeting of motorists of Ingersoll and district was held in the council chamber for the purpose of reorganization.

The Ingersoll Motor Cub, affiliated with the Ontario Motor League, was present and emphasized the advantages of organization. The following officers and directors were elected: President, E. A. Wilson; vice-president, L. Waterhouse; secretary-treasurer, P. L. Smith; directors, S. P. Stoneman, J. E. Gayfer and J. Fred Stone.

Charles V. Elliott, formerly of this town, and widely known in North Oxford Township, where he was born, died on Sunday at Port Huron, Mich. He was 66 years old, and had lived in Port Huron for twelve years. He leaves his widow, two sons, four brothers and one sister. The funeral was held today at Port Huron.

HAS MANY MEDALS FOR GOOD SERVICE

Woodstock Missionary Is Home After Thirty-Four Years in India.

WOODSTOCK, Nov. 24.—Miss Isabel Hatch returned to her former home here after spending 34 years as a missionary in India. She was born near this city, and following her education in the local schools and the college taught for four years in Woodstock College before going to India as a missionary. For the last 20 years of her service in India Miss Hatch has devoted her time to work among the lepers, and for her services was decorated with medals on different occasions. The first came from King Edward in 1910. Two years ago she received the Emperor of India medal, and in 1911 the townspeople where she was stationed presented her with a gold medal. Another decoration came from the Indian Rajah. Miss Hatch's furlough will last for a year and a half, the greater part of which she will spend in Brandon with her sister.
