THE OFFICIAL FIGURES ON THE ELECTIONS

MAYOR ELECT LOVELACE'S MAJORITY IS 232 OVER MAYOR ELSON: TWO BY-LAWS CARRIED.

According to the official figures of City Clerk Pay the majority of Mayor-elect Lovelace over Mayor Elson is 232. Ald. Smith ran third, Ald. Eagle fourth and Ald. Westwood last.

Aldermen elected are: E. C. Graves, M. J. Murphy, J. E. Riffer, James Dakers, A. J. Veale, J. F. Beattie, F. H. Avery, H. E. Rose and Samuel McLean.

Two of the by-laws were carried, the Sports Ground and Daylight Saving. The Collegiate Site Bylaw was defeated.

- The official figures obtained from the City Clerk this afternoon are as follows:
- Mayoralty.**
EAGLE 315.
ELSON 911.
LOVELACE 1,143.
SMITH 320.

CHARLES PERRY IS DISCHARGED BY THE JUDGE

Judge Campbell this afternoon honorably discharged Charles Perry, the Niagara township young farmer who was accused of burning the farm house with a view to collecting \$1000 on his furniture which was destroyed one night about three weeks ago.

The accusation against Perry was based on the suspicion of some parties who believed his furniture was worth only about \$300 when he had placed a \$1000 policy on it. An insurance agent set this suspicion at rest when he testified at the trial today that he had gone to Perry's from this city and solicited his insurance.

It was also shown that Perry got in considerable new furniture by boat from Toronto to augment that which he had taken to the farm when he moved there. To give an inventory of what furniture he had in the house and quite convinced Judge Campbell that there was no fraud or dishonesty in the proceedings.

"I will honorably discharge you!" said the Judge, "because there is no suspicion of guilt against you."
Perry showed by witness that his intention to leave the farm was prompted by desire to procure lighter work in Buffalo, the farm work being too heavy for him. There was also evidence that the fire was probably started by a lamp upsetting.

DUBLIN FREEMAN'S JOURNAL STILL UNDER SUPPRESSION

DUBLIN, Jan. 2.—The suppression of The Freeman's Journal, which was ordered suspended for publication of an article adjudged contrary to police discipline, is still maintained, having lasted more than a fortnight.

This is the longest period any newspaper has been penalized, even during the war.

Inquiries at Dublin Castle have failed to elicit information as to when the newspaper is likely to be allowed to resume publication.

DEFEATED MAYOR EXPRESSES VIEWS

Mayor Elson, who was defeated yesterday made the following statement today:

"To the new Mayor-elect, Capt. Lovelace, I extend congratulations. He conducted a clean campaign and I wish him and his Council every success. I feel that the citizens have selected a good body of men. Personally I am perfectly satisfied with the results and have the consciousness of having sacrificed my business and family last year to give the best service I could to the municipality. Time will show also, I think, that the finances of the corporation are such as to permit of little or not expenditure of consequence this year. Necessity will compel caution and economy."

NO LIQUOR SHIPPED
MONTREAL, Jan. 2.—No liquor has been shipped to border points in the province of Quebec, for shipment to Ontario, Chief Inspector J. W. Lewis made this statement and gave as the explanation for this that express companies are not permitted to carry it under the present law. There is, the usual large amount being shipped to Ontario vendors, but not a jar has been shipped to the border in any special effort to get it to Ottawa.

YELLOW SUGAR

If the Canadians Don't Want It, Out-siders Do.
OTTAWA, Jan. 2.—If the people of Canada want a certain large quantity of yellow sugar, which is available for use in the Dominion, they will have to speak for it, according to a notice which, it is understood, is to be sent out by the Canadian trade commission through various channels.

There is, it is stated, a large quantity of yellow sugar available in Canada, but at the present time there appears to be "no takers," and this sugar is not being ordered from the refiners and wholesalers in whose hands it is lying. There are, however, people outside of Canada who are anxious to have this sugar exported to them, but the Canadian trade commission will not sanction the export if the people at home will use the yellow sugar and thus help out the supply of granulated sugar.

If the Canadian people do not want yellow sugar it will help build up an export trade and the supplies now available will be released to buyers in other countries who are anxiously seeking it.

H. RINDER IS GIVEN ANOTHER CHANCE TO CLEAR

Still another remand of a week was given by Magistrate Campbell today to Harold Rinder and James McGlade accused of robbing Tony Concordia at the point of a revolver. Rinder who belongs to a prominent family, claims he can get a lot of men who were working with him on the Hydro canal at Niagara Falls, and were with him in the boarding house on the night of the robbery to swear to the fact. These men are away on vacation now. The Magistrate after hearing the evidence of two men who called to state that they saw Rinder at the boarding house that night, declared that Rinder was guilty but he said he was willing to reopen the case if these other men can be found, so as to give Rinder every chance Rinder feels like a movie hero.

REEVES ELECTED.
Baron Township—C. G. Bird, E. Whitty Township—H. L. Pascoe Hagersville—W. T. Wilton, Hamilton Township—W. J. Dines, Halldam Township—W. F. Weir, Tottenham—J. J. McKnight.

Charles Jewtraw, American amateur champion speed skater, won the five-mile, mile, half-mile and quarter-mile events at Newburg, N.Y. yesterday.

PARLIAMENT IS SOLE AUTHORITY IN THE FUTURE

THE GOVERNMENT IS AGAIN RESTRICTED TO MINISTERIAL POWERS.
OTTAWA, Ont. Jan. 2.—Fully a thousand orders-in-council have been passed under the ruthority of the war-measures act which did a natural death Wednesday night. The act came into existence in the early days of the war when in substance parliament gave the government the power to enact what it pleased.

When an order was made under this particular war-measure act, it acquired all the force and authority of a parliamentary enactment save that its duration was limited to the war. The act was constantly availed of not only in military matters, but in such things as the establishment of food and fuel control. The creation of crop handling bodies, availing of the United States offer free wheat, admission free of farm tractors, and in scores of other instances.

Some of these orders have been revoked and others confirmed by act of parliament. All those not so confirmed went out of existence Wednesday night following the decision announced a week ago Saturday.

While several hundred orders expire an only a very few exceptions are being made, public interest seems concentrated on the prohibition war order. After midnight Wednesday interprovincial traffic in liquor for domestic use in dwellings but not for sale, and likewise its import and manufacture, are permissible.

The essential result from the revocation of the war-measures act is that the government can no longer exercise legislative function. It will be limited to its ordinary ministerial powers and for anything requiring legislation parliament must be the sole authority.

American Liquor
American liquor will not be allowed to come into Canada unless imported by the individual for his own use. A new order-in-council was passed to-day on the subject. It bans American liquor for storage in bonded warehouses and also prevents it being brought in here to be re-exported. The order of the customs board that made such importations in bond permissible where the provincial authorities consented, is now

THE ELECTIONS
Of one thing the citizens may feel fairly certain—namely, that a substantial class of men has been elected to the City Council and to the new Board of Education. Those who have been elevated to office, generally speaking, are persons whose standing in the community entitles the ratepayers to assume that their municipal and educational affairs will be conducted with as good judgment and business ability as public men can give.

As we go to press the returns would indicate the election of Capt. E. J. Lovelace, M.C., the chosen candidate of the Independent Labor Party, the Trades and Labor Council, the Grand Army of Canada and the Great War Veterans. This is an alliance representing a large and a strong voting population, a vote indeed that it would be difficult for any man to beat who did not also have at his back a solid organization.

If Capt. Lovelace sits in the Mayor's chair for next year the editor of The Journal, as his unsuccessful opponent, extends to him hearty congratulations. He is a soldier of honorable record and a man of considerable learning and fitness for such a position. He has had no practical experience in municipal councils but will soon adapt himself to the varied and exacting duties. The defeated Mayor feels quite satisfied to stay home and devote his time to his business and family. The past year has been a fairly trying one. The best efforts and thought we could give to the city were given without stint and we are quite agreed that the decision of the electors has been a blessing in disguise for one who should give all his attention to personal matters.

EDITORIAL NOTES

"Good luck and success next year" say our friends but we do not think there will be any next year, so far as running for office is concerned. A holiday and a rest will be welcomed for some considerable time.

Capt. Lovelace, new Mayor elect, is a soldier who won the M.C. at the front. He deserves well at the hands of his fellow citizens at home and we wish him a Happy New Year.

The newly elected Ald. Murphy did not say much but he did say wood.

The personnel of the new City Council is high, generally speaking. It will take the public only two or three months to find a lot of fault, however, of one kind and another.

The defeat of the proposed Collegiate site now permits the new Board of Education to select another site and either buy it or submit a by-law to the electorate.

MANITOBA TEACHERS WANT \$1,200 LOWEST SALARY
WINNIP, G., Dec. 31.—At a meeting held yesterday the Manitoba Teachers' Federation decided to become a chartered organization.

Among the important recommendations brought into the meeting were that the minimum salary for qualified teachers be \$1,200; that first class certificates be given only to university graduates; that teachers have the right to apply before a board of inquiry when disputes arise that it would be advisable to erect teachers' residences in the country towns and that women teachers should have the same remuneration as men teachers for the same work.

Hospital for Sick Children TORONTO
Upkeep of Big Charity Requires Fifty Cents a Minute.
Dear Mr. Editor:
The 44th annual report of the Hospital for Sick Children, Toronto, shows a notable advance in every department of its service to the suffering and crippled youngsters of this province. The ward accommodations have been tacked to its capacity and the summer annex, the Lakeside Home, was opened for the first time since the outbreak of war.

The daily average of cot patients has increased during the year from 122 to 223, including children from practically every county in Ontario. Even had the cost of supplies and labor remained stationary, the substantial increase in the number of patients would alone account for the addition to the charity's debt, which at the close of the fiscal year was \$109,000. This debt has become an embarrassing burden. Further increase must threaten impairment of an enviable efficiency.

The Hospital is in the forefront of all institutions upon this continent devoted to the care of sick children. It cost \$335,399 to maintain last year. This great sum not only puts at the service of the children of Ontario all the resources of medical science but, in addition, provides for a training school for 120 nurses and for unsurpassed clinical facilities for the University students who are preparing to engage in their profession throughout the province.

The income which must be forthcoming to finance this absolutely essential work figures out at seven hundred dollars a day; and, as there is no endowment fund, all but a fraction of that amount has to be derived from individual benevolence. Therefore the Trustees are making a Christmas appeal to every lover of children to foot the bills for some period of time, no matter how short it may be. A minute of mercy costs fifty cents.

For churches, societies, lodges, etc. who have more ample funds wherewith to assist the youngsters to a fair start in life, the naming of cotlets is suggested. A number of memorial cotlets have been thus dedicated in honor of the overseas service of fellow-members. This privilege is extended in recognition of gifts of \$2,000 to the Main Hospital or \$500 to the Lakeside Home, which can be paid in annual installments if so desired.

Literature, illustrative of all branches of the past year's work together with any other information desired, will be gladly furnished on application to the Secretary, the Hospital for Sick Children, College street, Toronto. Contributions should also be addressed to the secretary.

IRVING E. ROBERTSON, Chairman of Appeal Committee.

ENRICHING THE SOIL
Some Hints Upon the Wise Use of Artificial Fertilizers.

Wise Use of These Fertilizers Likely—Their Application Must Be Handled Intelligently—Study Your Own Soil Closely—General Farm Hints.
(Contributed by Ontario Department of Agriculture, Toronto.)

THE use of artificial fertilizers in this country is bound to increase. These materials are, however, expensive and those intending to make use of them should make an effort to inform themselves regarding the conditions under which they will give the best results. Too many people are using fertilizers without fully realizing that they carry plants food and that the real object in applying them is to supply needed available food for the plant.

To intelligently make use of these materials there are three points to be considered. First the needs of the soil, second, the needs of the plant, and, third, the nature of the materials to be applied.

It should always be kept in mind that the soil carries immense amounts of plant food, but that only a small quantity of this is rendered available during the growing season. The acids formed by the decay of the organic matter in the soil is the chief natural agency operating to bring the store of mineral matter into a form that may be taken up by the plant. The organic matter is also the source of nitrogen to the plant, and it increases the water holding capacity of the soil, as well as improves its physical condition. Consequently every effort ought to be made to maintain or increase the amount of decaying organic matter. Otherwise the crop will be grown largely from the added fertilizer and not from the plant food of the soil. It is for this reason that if you commence to use fertilizers you must continue their use.

SLIGHT IMPROVEMENT IN BECK'S CONDITION

LONDON, Jan. 2.—Sir Adam Beck's temperature was normal yesterday. He had a comfortable night.

According to a cable message received at the Hydro office last night, the condition of Sir Adam Beck, who is ill in England with pneumonia, was slight improved.

Sir Adam has, apparently, passed this crisis in his fight with the disease, with which he was stricken on arrival in England to spend the holiday season with his wife and daughter.

"Slight improvement in condition" was the cable message which Mr. F. A. Gabry, Chief Engineer of the Commission, received from Lady Beck yesterday.

Montreal's water service was crippled yesterday owing to a strike of the stationary firemen and aqueduct workers.

Hospital for Sick Children TORONTO
Upkeep of Big Charity Requires Fifty Cents a Minute.

THE MAKING OF A FAMOUS MEDICINE
How Lydia E. Pinkham's Vegetable Compound Is Prepared For Women's Use

A visit to the laboratory where this successful remedy is made impresses upon the casual looker-on with the reliability, accuracy, skill and cleanliness which attend the making of this great medicine for women's use.
Over 600,000 pounds of various herbs are used annually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.
Scotland defeated France in Paris yesterday in an international rugby game.

THEY MIGRATE
TO GET BIG MEAL
PARIS, Jan. 2.—Parisians who wished to meet the new year boldly, knife and fork in hand, migrated in automobiles across the borders of the neighboring departments of Versailles and Fontainebleau to escape restrictions imposed upon hotels and restaurants here. There was little ceremony in the hosteleries of this city during the evening, and attempts of restaurants to make diners into suppers, so as to keep with the Prefect's ruling, were given little support.

PARLIAMENT IS AUTHORITY IN FUTURE
(Continued from page 1.)
repealed and the bonding or transit privilege is denied. This applies only to liquor from the United States and not from the old country, and will prevent the unloading here of the huge stock which the United States distillers have to get rid of before the middle of January.

WINNIPEG, Dec. 31.—Another case of "sleeping sickness" was reported yesterday, bringing the total to 67 since the first appearance of the disease here, November 11th. Twenty-two deaths have resulted from the malady.

World of Sport World Man

NEW YORK, Dec. 31.—Many prominent figures in the world of sport and athletics have been removed by death during the year now drawing to a close. Included in the list were men whose achievements on the base ball diamond, in the squared circle, the padded mat, or on the cinder track made their names familiar to the followers of sport. Some were stars of a past generation, while others were still active in their respective fields.

James A. Hart, one of the pioneers of baseball, and former owner of the Chicago National League club, passed away at his home in Chicago, July 29th.

Another veteran lost to the game was James N. O'Rourke, a famous player in the early days and later manager and manager of New England minor league clubs.

Others who had been more or less prominently connected with the national game and who died during the year were:

Herman ("Germany") Schaefer, who had played with clubs in both major leagues, and was not only a past master, but the wittiest player and coach in the profession.

"Cy" Seymour, who led the National league in batting while with the Cincinnati club in 1908.

Jake Stenzel, a one time star batsman of the Pittsburgh and Baltimore clubs.

Alexander ("Broadway Alex") Williams, who had been a catcher for the New York, Brooklyn, and other clubs.

Schultz Was One. One of the Chicago Cubs in the days of the early '90's.

McKeen, famous shortstop of the Cleveland team in the early '90's.

Curry, at one time an outfielder with the Chicago Nationals.

James J. Ball, a player with various Eastern and New England league teams.

Tommy Lamont, outfielder for the Chicago Cubs in the days of the early '90's.

RECONSTRUCTION REORGANIZATION REABILITATION
The Globe
Coming Events Cast Their Shadows Before
Not since the pre-Confederation days has the political life of Canada been surcharged with so much uncertainty.
Great events in Canadian politics are about to take place. The reorganizing and rehabilitating of great political parties is in progress. New leaders are appearing.
The order is changing. All things are becoming new.

THE next two years will be a momentous period in the political life of the country. Reconstruction is a greater task than Confederation.

How will you take your place in the affairs of the nation? What opinions will you form? How will you cast your ballot intelligently if you do not keep in touch and inform yourself on the great questions of the day by reading a daily newspaper national in viewpoint and international in scope?

This is the task and responsibility of *The Globe*—to give all the news, progressive views, and space for opposing opinions. Such was the threefold purpose of George Brown. His ideal was a Great Family Newspaper with a place in every home. That is *The Globe's* ideal to-day.

It is not a party organ, but a medium for the development of public opinion and an advocate of reform. It is the servant of the people from whose needs it draws its inspiration.

To be informed of the progress of events, you should avail yourself of *The Globe's* great news gathering organization. For an analysis of these developments, and clear, sober thought upon them, read its editorial discussions from day to day. They are written by close students of economics, politics, industry, commerce, social reform and religion.

And further, what *The Globe* has been in the past is a sure guarantee of what it will be in the future. The personality and ambitions of its founder ever dominate the activities of its publishers.

Therefore, nothing will be left undone to make *The Globe* the newspaper that George Brown would have it be and to earn a place for it in every Canadian home.

NERVE EXHAUSTION

A CONDITION AFFECTING MAN AND WOMEN—IT IS THE CAUSE OF LIVING—OUR WORST ENEMIES EXHAUST MORE NERVOUS SYSTEMS OF PEOPLE.
There are a great many men who do not feel right—why they can't work, they are weak and lack ambition. They are suffering from nervous exhaustion—everything they attempt is an effort, gloomy future. Their appetite comes irritable, cross and discouraged in various parts of the body and the pains in the stomach. Sleepless, with a heavy head.

RHEUMATISM

Sciatica and other forms of rheumatism, pains in back, swollen joints of any part of the body, and other symptoms.
Hundreds of men are suffering from rheumatism. They are suffering from sciatica, they cannot be cured by massage, salts and other remedies, and they are now going to the hospital. I know they would not suffer any more if they were to be treated by a specialist. I know they would not suffer any more if they were to be treated by a specialist.

World of Sport

Sport World Lost Many Big Stars

MEN WHO HAD ACHIEVED GREATNESS IN SQUARED CIRCLE, ON BASEBALL DIAMONDS, CINDER TRACKS, HORSE RACING AND WRESTLING WERE CALLED BY GRIM REAPER DURING 1919

NEW YORK, Dec. 31.—Many prominent figures in the world of sport and athletics have been removed by death during the year now drawing to a close. Included in the list were those whose achievements on the baseball diamond, in the squared circle, on the cinder track, or on the horse race made their names familiar to all followers of sport. Some were stars of a past generation, while others were still active in their respective fields.

James A. Hart, one of the pioneers in baseball, and former owner of the Chicago National league club, passed away at his home in Chicago, July 10. Another veteran lost to the game was James N. O'Rourke, a famous player in the early days and later manager and manager of New England minor league clubs. Others who had been more or less prominently connected with the national game and who died during the year were:

DOCTOR WARD, The Specialist

SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION, BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DISEASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS. The knowledge gained from many years' experience in treating diseases just like yours is of much benefit to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every patient the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered specialist, in order to bring about the most satisfactory results in the shortest possible time.

NERVE EXHAUSTION
A CONDITION AFFECTING MANY MEN—THE GREAT AMERICAN DISEASE—IT IS BROUGHT ON BY OUR MANNER OF LIVING—OUR WORRY AND HURRY—AMERICANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE.

There are a great many men who need treatment for their nervous system. These men do not know what is the reason they don't feel right—why they can't work like they used to—why they tire so easily and why they are irritable, nervous, despondent, weak, pale and lack ambition. These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Men affected with nervous exhaustion have no endurance—no ambition—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable—they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights follow.

RHEUMATIC AILMENTS
SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO, PAINS IN BACK, SWELLING, ACHING, PAINFUL CONDITIONS IN ANY PART OF THE BODY—INFLAMED AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY OTHER SYMPTOMS.

Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering untold agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, salts and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions I know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheumatic patients are nearly all strong and robust before being attacked by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condition he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.

Quick and Lasting Results Assured the Ailing Man
YOUR WHOLE HEALTH OF BODY AND MIND DEPENDS ON YOUR BLOOD. Any "building process" of the body and mind, of the muscle and tissue formations, of any of the various vital organs, can be accomplished only by working direct through the blood stream.

Walter Johnson Again Won Pitching Crown in The American League

NEW YORK, Jan. 1.—Walter Johnson, the "old reliable" of the Senators, has won the 1919 pitching crown in the American league.

The speed king, handicapped by backing that was not the best in the league, was the most effective hurler in the younger circuit, according to the averages released by President Ban Johnson.

He pitched 290 innings, allowed 235 hits in 39 games, issued 51 passes, struck out 147, hit seven batters—all for an average of 1.40.

Eddie Cicotte, star iron man of the White Sox, is second with 1.82. Then follow Weillman, St. Louis, 2.07; Mays New York, 2.10; Sothoron, St. Louis, 2.20; Enzmann, Cleveland, 2.30; Coveleskie, Cleveland, 2.52.

Johnson was also the "strike out king" of the circuit. He sent 147 batters back to the bench via the whiff route. Shaw, his team mate, was second with 127, and Claude Williams, Gleason's left handed ace, was third with 125.

Williams showed the greatest tendency in the league to plant the ball in the anatomy of batters. He hit eleven during the season, Myers, of Cleveland; Mays, New York, and Sothoron, St. Louis, hit ten each.

Fred Mitchell Stands Pat With His Line-up

CUB MANAGER DECIDES HIS 1919 TEAM WILL DO NICELY—MERLE, ALTHOUGH OLD AND SLOW, TO PLAY FIRST BASE AGAIN.

CHICAGO, Jan. 1.—There is nothing like giving the ambitious rookie timely warning. Recruits on the Chicago Cubs who take the training trip to Pasadena, Cal., next spring will be working out largely for exercise. They already have been advised that they have as much chance to make the Cubs in 1920 as a Detroit Tiger rookie has for beating out Ty Cobb.

Seizing time by the forelock, Fred Mitchell, manager of the Cubs, has announced his opening day line up. In doing so the Cubs may also lay claim to the 1920 pennant.

According to Mitchell's statement the Cubs, on April 14 will take the field as follows: Dave Robertson, right field; Max Flack, center field; Turner Barber, left field; Charley Deal, third base; Charley Hollocher, shortstop; Buck Herzog, second base; Grover Alexander, Jim Vaughn, George Merkle, first base; Bill Killefer, Job O'Farrell, Tom Daly, catchers; Tyler, Claude Hendrix, Speed Martin, Abe Bailey, Joe Newkirk and Tuck Turner, pitchers; King Lear, Barney Ribberg and Bill McCabe, utility men.

This practically is the team with which Mitchell finished the 1919 season. It then was recognized that he team was one of the most dangerous in the country, and that if Mitchell had had Robertson and Herzog at the start of the season, he Reds might have been forced to work much harder for their pennant.

Flack to Play in Center
About the only shift that the Chicago manager announced is the transfer of Max Flack to center field. Flack is one of the few survivors of the old Chicago Federals now drawing salary on the Cubs and during his entire career on the North Side park Flack has appeared in right field. Mitchell now proposes to make a center field out of him, figuring that his ability as a ground coverer will enable him to develop into a star at his position.

Robertson, who played center field after he joined the Cubs last year, will play right field next season, the same position that he filled well on the Giants.

Mitchell believes that Turner Barber, who played regularly after Mann was traded, will blossom into the star that he was in the minors. This fellow failed once with Washington, but the Cubs paid \$15,000 to the Baltimore club for his release in 1917. He finished strong last season, hitting .313 in seventy six games.

The only player Mitchell says he needs to round out his team is an extra outfielder, a man with major league experience being preferred.

Fred Merkle to Remain
There was some talk in Chicago that Fred Merkle would be succeeded at first base by a younger man, but obviously there is no better man in sight, and Mitchell has him down as his opening day first baseman.

Merkle is not as fast as he was, yet Mitchell points out that despite the fact that he played in 132 games last season, he handled twenty more chances than his nearest rival, Holke, of Boston, who was in 136 games. Merkle, took care of 47 more chances than Daubert, who took part in the entire 140 games played by the Reds.

Mitchell will can afford to stand pat on his batteries. In Killefer he has the best catcher in the National league, and the recent pitching averages show Alexander and Vaughn as ranking first and second among pitchers. Alexander is likely to do far more for the Cubs in 1920 than he did in 1919, when he reported to the club after the end of the training season after over a year's service in the army. Tyler, who was of little use to the club last season, is

Ald. C. H. Nash, who was last year Chairman of the Park and Cemetery Committee. He was defeated.

Charles Taylor who was an unsuccessful candidate for aldermanic honors.

Peterson Wins Golf Game

St. Catharines Man Carries Through Semi Finals at Pinehurst Mid-Winter Tournament.

PINEHURST, N.C., Dec. 31.—Special—G. F. Peterson of St. Catharines won his way through to the semi finals in the fifth sixteen of the midwinter tournament at Pinehurst today, defeating W. G. Bibb, of Sleepy Hollow, by 4 and 3. Peterson will be opposed by Geo. Macy Wheeler, of Brooklyn, in the semi final contest.

Ottawa won from Quebec in the latter city last night by 3 to 2.

CASTORIA

Fletcher's Castoria is a remedy for Infants and Children. It is a harmless substitute for Castor Oil, Purgative, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Purgative, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind-Cutts and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.

GENUINE CASTORIA ALWAYS

Bears the Signature of *Chas. H. Fletcher* In Use For Over 30 Years

ALMA LADIES' COLLEGE

Canada's National Residential School for Girls combines all the advantages of health, culture, and practical and aesthetic training.

Touch Toes Fifty Times

Finer exercise! Keeps skin clear and complexion rosy by forcing the delayed food, poisons and waste from the stomach, liver and bowels.

But most people take their exercise in an easy chair. They become headachy, bilious, sallow, dyspeptic, constipated. Such folks must take Castorets occasionally. No other cathartic or laxative "works" like hank's Castorets. They act on the bile-clogged liver and constipated bowels gently and conveniently! Castorets cost only 10 cents a box.

THE UNIVERSITY ANNUAL DINNER ON TUESDAY NEXT

Arrangements have been completed for the University dinner to be held under the auspices of the University of Toronto Association of St. Catharines district on Tuesday evening, January sixth, at the Welland House. Sir Robert Falconer, President of the University and Hon. Dr. H. J. Cody, former minister of education for the province of Ontario will be the speakers for the evening.

The dinner will be held at eight o'clock and formal dress will be optional. Tickets may be obtained from the following members of the Committee: A. E. Coombe, W. A. MacKinnon, Dr. Sheehan, Major McShay, R. B. Johnston, Mrs. G. H. Smith, Miss L. Newman and Miss Inna Myer.

THE WEATHER

TORONTO, Jan. 2.—A pressure is now over the Gulf of St. Lawrence and high over the western portion of the continent. The weather is decidedly cold in Manitoba and comparatively mild in Alberta. FORECASTS:—West to Northwest winds, fair and decidedly cold to-day and on Saturday local snowfalls.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

waste sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acids and gives one a splendid appetite for breakfast.

To see the tinge of healthy bloom in your face to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or nasty breath, in fact to feel your best, day in and day out just try inside-bathing every morning for one week.

Before breakfast, each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible matter. A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, etc., whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.

THE LOCAL BOARD OF HEALTH OF THE CITY OF ST. CATHARINES

Notice Affecting School Children

NOTICE IS HEREBY GIVEN pursuant to the provisions of The Vaccination Act and of The Public Health Act Regulations and with the approval of the Local Board of Health that certificates of successful vaccination or of insusceptibility to vaccination within seven years of all pupils or students of Public Schools, Separate Schools, the Collegiate Institute, Ridley College, Business College and of all Private Schools in the City of St. Catharines are required to be presented to the Principal, Teacher, Superintendent or other proper authority of such schools or institutions above mentioned before any pupil or student will be admitted to further attendance, and no pupil or student refusing to produce such certificate on demand shall be admitted until the certificate is furnished.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache.
The American man and woman must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.
When your kidneys feel like lumps of lead; your back aches or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick-headache or dizzy, nervous spells, acid stomach or you have rheumatism when the weather is bad get from your pharmacist about four ounces of Jad Salts; take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will thank you. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

AFTERBIRTH RETAINED The Cause and Cure of a Not Uncommon Trouble.

Cows of All Ages Are Sometimes
Affected - Remedies Suggested
Where Veterinary Counsel is
Had - Grape Pruning for the
Garden.

(Contributed by Ontario Department of
Agriculture, Toronto.)

RETENTION of the afterbirth,
fetal membranes or placenta,
commonly called "the
cleavage," is not uncommon
in cows. Its cause is not understood.
While it is probably more frequently
met with in cows in low condition
and unsanitary surroundings, no
care, food, attention or surroundings
act as preventives. It is noticed in
cows of all ages, all breeds, cows in
all conditions and at all seasons. We
cannot understand why it occurs, or
why it cannot be prevented, but ex-
perience teaches us that such is the
fact. Good care, comfortable sur-
roundings, avoidance of cold and
dampness, especially in cold weather
and giving a warm mash for a day
or two after calving tend to aid ex-
pulsion of the membranes, but even
all precautions frequently fail. The
administration of medicines is in-
effective. In ordinary cases the mem-
branes are expelled shortly or in a
few hours after parturition, while in
other cases they are retained for 24
hours or longer and then spontane-
ously expelled. In other cases sponta-
neous expulsion does not take place
until after decomposition, when they
are expelled in pus and small pieces.

The symptoms are usually evident
by the protrusion through the vulva
of a portion of the membranes, but
in rare cases this symptom is not
present, the membranes being wholly
contained within the uterus. In such
cases, provided the cow has been un-
dressed it is hard to know whether they
are retained or have been eaten by
the cow. Cows have the objection-
able habit of eating the afterbirth.
We cannot account for this taste, and
when possible it should be prevented.
In some cases the consumption of the
membranes does not appear to affect
the health or general condition of the
animal; in others it causes trouble,
and in some cases death from various
conditions.

Treatment. - When the membranes
have been retained for 24 hours or
over in warm weather or for forty-
eight hours in cold weather they
should be carefully removed by hand.
Where a veterinarian can readily be
procured it is probably wise for the
ordinary stock owner to employ him,
but a stockman who understands the
anatomy of the parts, and is not
afraid of a dirty and sometimes ted-
ious job can operate himself. The
lining membrane of the womb is cov-
ered with many little lumps (called
cotyledons) which are attached by
constricted necks, with surfaces vary-
ing from one inch or less to three or
four inches in diameter, to which the
membranes are attached. The opera-
tor should have an antiseptic lotion
as a 2 per cent. solution of one of the
coal tar antiseptics in warm water. A
gallon of two of this should be in-
jected into the womb. The operator
then disinfects his hand and arm with
the same, introduces the hand into
the womb and carefully separates the
membrane from each cotyledon, be-
ing careful to not tear off any of
them. If a few are removed the con-
sequences are not likely to be serious,
but it is better to remove none.
When the whole has been removed a
little more of the antiseptic should
be injected into the womb. It is
good practice to give the cow 40 to
50 drops of carbolic acid in a part
of cold water as a drench, or sprin-
kled on her food three times daily
until all discharge ceases. - J. H. R.,
O. A. College, Guelph.

Grape Pruning For the Garden.
The average neglected grapevine
is generally such a tangled mess that
it is very difficult to describe how
to prune it. The owner should de-
termine what sort of a trellis he
means to fasten his vine on. If there
are a number of vines in a row the
general practice is to grow it on two
wires, these to be drawn tight on
posts about 15 feet apart, first wire
three feet and second wire five feet
from the ground. If only one or two
vines are in a place it can be grown
on a trellis made of two narrow
strips of board nailed to posts.

One thing never to be overlooked
is all fruit is produced on last year's
wood. Most neglected vines have too
much old wood. Try to get one or
two upright canes of two-year-old
wood or older with four arms or
younger canes equally distributed on
the two wires. These arms should
not be over six feet long, giving four
arms of this length. This is suffi-
cient bearing wood for any vine. Sup-
pose the upright part is satisfactory
and there are four arms on it, from
these arms laterals or side shoots
will grow, on which the fruit is pro-
duced. A vine should be pruned after
it freezes before winter and before
it thaws in the spring. Pruning in
mild weather causes bleeding from
the cuts. The laterals that bore fruit
should be cut back, only leaving one
bud to sprout the following season
and the fruit will grow on that
sprout. It is quite easy to occasion-
ally renew one or more arms by train-
ing a young branch to take the older
one's place. When that is done cut
off the old branch. With a little
practice pruning is easy, the common
fault being to leave too much wood.
If in doubt as to the above method of
pruning, write for illustrated Bulletin
237, "The Grape in Ontario."

Scarcity of Feeder Cattle.
With the growing scarcity of feeder
cattle and the advance in value
of farm lands, the baby-beef indus-
try is of increasing importance and
is receiving the attention of farmers
in all live stock sections of the
country.

DRIVEN FROM TOWN.

President of O. B. U. Leaves at the
Point of Gun.

CALGARY, Jan. 2. - Henry Beard
president of the One Big Union min-
ers, of Alberta, returned to the city
last night, with the statement that
he had been driven out of Lovett, a
mining camp north of here, at the
point of a gun, and that a shot was
fired in the mix up which occurred.
He states that several of the mine
officials were in the crowd that drove
him out. He was forced to spend the
night in the bush, finally making his
way to a nearby town and taking the
train for Calgary.

This is the first time such an in-
cident has occurred since the One
Big Union leaders were chosen out
of Drumheller last summer.

The net profits of the Union Bank
in 1919 amounted to \$932,256, as a-
gainst \$824,174 in the preceding
year, an increase of \$108,082.

BIG LOSS IN GRANARIES

Bad Weather and Mice Destroy Much Grain.

Concrete Structures Best—How to Make Old Granary Efficient—Flush Ewes to Increase 1919 Lamb Crop—Great Shortage of Fall Wheat Seed.

NO hard and fast rules can be laid down for the erection of a convenient and efficient granary. Each problem requires a knowledge of local conditions and requirements.

The important consideration in the construction of granaries and bins for loss of grain is to be sure that the structure is designed with sufficient strength to prevent bulging of the sides and springing of the floor.

The watchword is "Conservation." Every grain is needed to feed the Empire and its Allies. It is, therefore, highly desirable at any time to bend every effort to eliminate all possible leakages and conserve our grain for the need of the Allied nations.

Concrete properly made to suit existing conditions, is absolutely impervious to moisture, and can be kept as dry as any structure of wood ever built.

Under average present conditions a reinforced concrete granary may represent an additional outlay of about 25% over that required to construct of timber, but the high efficiency and durability of concrete quickly offsets this increased initial cost.

Care of Ewes After Weaning. In order to avoid under trouble it is necessary to keep close watch of the ewes for a few days after they are separated from the lambs.

Thick, Tender Savory Meat or chops—the kind, you know, that make your guests praise your hospitality, your cooking, your entertainment.

DEATH REMOVES MR. J. B. FOWLER

The death occurred in Merritt on Thursday afternoon, January 1st, of Mrs. E. McKonachie, eldest daughter of the late George McKonachie. Deceased leaves one sister Mrs. Lydia Cummings of Merritt. The funeral will be Saturday afternoon to Lake View Cemetery.

On Wednesday afternoon Mrs. Johannah Dixon, widow of the late Anthony Dixon, passed away at the Welland Hospital. He had been ill for about two weeks though his health has been failing for some time. The late Mr. Fowler, whose name had become one of the most familiar in St. Catharines, was born in New York State and came to this city as a youth. He entered into the jewelry business and had lived a trifle longer, would have this year celebrated his diamond jubilee of entrance into the trade.

At Pasadena, Cal., the Harvard football team, beat the University of Oregon in the annual East v. West game by 7 to 6 in the presence of 35,000 spectators.

DIXON—In this city on Wednesday afternoon, December 31st, 1919, Johannah Dixon, Relict of the late Anthony Dixon, aged 74 years. The funeral will take place from the residence of her son, Frank J. Dixon, 15 William Street at 9 o'clock on Saturday morning, January 3rd, to St. Catharines R. C. Church at 9.30, where Requiem Mass will be chanted. Interment in Victoria Lawn Cemetery.

RAILWAYMEN'S POLL ST. THOMAS, Jan. 2.—A special booth for all railway trainmen entitled to votes in the municipal election was opened in the City Hall this morning and will continue until Saturday night. Only those trainmen, who, by reason of their employment are liable to be away or will be away on the regular voting day, will be permitted to take advantage of the special poll.

Nantes, France, Jan. 2.—Barracks containing large stocks of American ammunition were destroyed by fire here.

Wouldn't you sound words of praise for the Dentist who served you without pain? Wouldn't you appreciate him if he served you with great skill and at prices of extreme modesty? For just these reasons We are so warmly spoken of and honestly appreciated by thousands of people who have turned to this office for Dental treatments.

Every branch of Dental work in this office is in the hands of a trained Specialist. We have found that this specialized form of treatment insures best results and aids in the saving of time and money.

Whether it is a tiny cavity or a difficult and extracting operation of bridgework that must be given attention, you will find that our treatments are free from pain and equally free from excessive cost.

DR. ARTHUR B. COBB Dentistry Office: Corner of Main and Eagle Streets Buffalo, N.Y. (Formerly known as "White Dental Office", Dr. Cobb, Proprietor). Open until eight. No Sunday work

What Prominent Ontario Women Say

Tilsburg, Ont.—"I found Dr. Pierce's Favorite Prescription very beneficial during my pregnancy. I felt quite poorly, was nauseated and sick, could not eat anything and I was extremely nervous and weak. I took 'Favorite Prescription' and it soon stopped the nausea, my appetite returned and I was soon feeling fine and strong. My baby was healthy and large."—MRS. AMOS MILLS, Box 238.

A HAMILTON WOMAN Hamilton, Ont.—"A few months ago I was stricken down and was confined to bed about ten days. My strength all left me. I was my first illness since a child. I lost five pounds and felt awfully weak afterward. I could hardly do my work. I was advised to try Dr. Pierce's Favorite Prescription in tablet form. I tried a couple of bottles and before I knew it, I was well and strong and had gained 15 pounds. I can recommend Dr. Pierce's Favorite Prescription to build one up."—MRS. E. MARTIN, 327 Dundas St.

After suffering pain, feeling nervous, dizzy, weak and dragged down by weakness of her sex—with eyes sunken, black circles and pale cheeks—a woman is quickly restored to health by the Favorite Prescription of Dr. Pierce. Changed, too, in looks, for after taking Dr. Pierce's Favorite Prescription the skin becomes clear, the eyes brighter, the cheeks plump. It is purely vegetable, contains no alcohol.

PERSONALS Mayor Elson received word this morning from his wife that her mother is dying at Harrietsville, Ont.

Round-Up of Alleged 33 Cities From 800 Arrests

COMMUNIST AND COMMUNIST OBJECTS OF RAID, CASES PREPARED FOR DEPORTATION

BUFFALO, Jan. 3.—Thousands of federal radicals were arrested last night, in a federal warrant raid, in 33 cities throughout the United States.

In Buffalo 250 men were arrested by police officers co-operating with the federal agents. The prison

May Not Be a Session Until Late in March

Nothing Decided Upon as Yet Reference to When Premier Drury Will Call the First Session.

TORONTO, Jan. 3.—The U. Farmers of Ontario legislature not likely meet until late in March according to rumor. Premier E. Drury, Hon. Manning Doherty, Hon. W. E. Raney are yet without seats in prospect. J. J. Morrison, secretary of United Farmers of Ontario and member of the committee of the party which is to secure seats for the next session, stated yesterday that he was nothing decided on yet. He will go to Winnipeg to attend the Canadian Council of agriculture and will not return until the middle of the month. Until his return the committee cannot take any action on when the by-election may be. The committee have to be issued three weeks before the election. The elections will be held until the middle of February. The legislation, therefore, could be called till about the end of February at the earliest. Messrs. J. Burnaby, president; R. H. Harris and Harold Currie are accompanied by Mr. Morrison.

LITTLE BITS OF CANADIAN NEWS

Brantford—The children of Brantford will be given until January before they will be required to their vaccination certificates.

Chatham—Depositors and share holders of the defunct St. Catharines Reliance Loan Company have received cheques for the interest of respective amounts from June.

Brantford—All the Separate Trustees were elected by acclamation. They are as follows:—Ward 1, Connor. Ward 2—A. L. McWaters. Ward 3—John Morgison. Ward 4—E. Convery. Ward 5—James Len.

Galt—The Separate School Trustees have been elected by acclamation. Following members getting two terms: Rev. Father Doyle, J. Smith, A. Haid, L. L. Lange, J. Sullivan.

Halifax—Archibald S. Macdonald, collector of customs for the Halifax, retired from office Friday after fifteen years' service.

Chatham—Henry Labadie and his son Harry, were both named as trustees of the County Court Friday afternoon on the ground of false pretences. It is alleged that they attended an auction sale in Chatham recently, and purchased to the amount of \$1000 which they gave a note as security. The case was enlarged for Monday.

Blyth—At a special meeting of the School Board of S. No. 1, Wawanosh, following the announcement of ratepayers, Mr. Ray Redmond was re-elected as trustee for the coming year at a salary of \$1,260 per annum. Mr. Redmond is one of the most successful school along academic and business lines prompted the board's action.

THE WEATHER TORONTO, Jan. 3.—The weather is fair and decidedly cold. Frosts to the Maritime Provinces comparatively mild in Saskatchewan and Alberta. FORECASTS—Mostly fair and cold today and on Saturday.
