GEN. PAU HAS GIVEN CHECK TO GERMAN ADVANCE ON PARIS

French Troops Take Offensive and Are Driving Enemy Before Them

BRITISH TROOPS LAND AT OSTEND TO ATTACK GERMANS FROM REAR

BULLETIN—London, Aug. 31.—10.05 p.m.—An Antwerp despatch to Reuter's Telegram Co. says: "It is reported here that Gen. Pau has won a brilliant victory over 50,000 Germans near Perennes, in the Department of Somme."

MORE TROOPS AT OSTEND TO ATTACK GERMAN REAR

Large Numbers of Men Marched South From Ostend to Attack the German Rear Thru Belgium and Thus Cut Off Their Line of Retreat.

Direct Copyrighted Cable to The Toronto World.

ANTWERP, Aug. 31.—The allies, it is reported here, are about to attack the Germans in the rear thru Belgium. It is said troops in large numbers, most probably British, were landed at Ostend thru-out the night. On forming in regiments, they marched thru Ostend in a southerly direction.

The last of the troops, it is added, were ashore at four o'clock this morning. A number of British transports were reported off Ostend today and this may mean that more troops are to come ashore tonight. The landing places and vicinity are closely guarded.

FRENCH RIGHT ON OFFENSIVE GENERAL ACTION IN CENTRE LEFT WING YIELDED GROUND

Official Statement From Paris Reviews Fighting of Past Several Days and Says That in Sections the Germans are Retiring—Morale of Troops is Excellent in Spite of Considerable Losses Which are Rapidly Being Filled.

Canadian Press Despatch.

PARIS, Aug. 31.—5.55 p.m.—The following official statement was issued by the war office this evening:

"The situation in general is actually as follows:

First—In Vosges and in Lorraine, it must be remembered our forces which had taken the offensive at the beginning of the operations and driven the enemy outside of our frontiers, afterwards underwent serious checks. Before Sarrebourg and in the region of Mochagne, where they encountered very solid defensive works, our forces were obliged to fall back, and to reform, one part on Couronne de Nancy and the other on the French Vosges.

"The Germans then assumed the offensive, but our troops after having thrown them back upon their positions resumed the offensive two days ago. This attack continues to make progress, albeit slowly. It is a veritable war of sieges, as each position occupied is immediately fortified.

"This explains the slowness of our advance, which is, nevertheless characterized each day by fresh local successes.

Second—In the region of Nancy and Southern Woivre, since the beginning of the campaign this section between Metz on the German side and Toul and Verdun on the French side, has not been the theatre of important operations.

Third—In the direction of the Meuse,

between Verdun and Mezieres, it will be remembered that the French forces took the offensive in the direction of Longwy, Neufchateau and Paliseul. The troops operating in the region of Spincourt and Longevon have been able to check the enemy's army under the command of the German crown prince.

"In the region of Neufchateau and Paliseul, on the other hand, certain of our troops have received partial checks, which obliged them to retire upon the Meuse, without having their organization broken up. This retiring movement has compelled the forces operating in the neighborhood of Spincourt to withdraw also towards the Meuse.

"During the last few days the enemy has endeavored to spread out from the Meuse with considerable forces, but by a vigorous offensive counter they were repelled with very great losses. In the meantime, fresh forces of Germans advanced to the district of Roeroy (in Ardennes) marching in the direction of Rethel. Now a general action is taking place between the Meuse and Rethel, and it is still impossible to see definitely the issue of this.

Fourth—Operations in the north. The French and British forces originally took up positions in the Dinant and Charleroi country, and at Mons. They endured several repulses and the forcing of the Meuse by the Germans near Givet, upon our

flank, compelled our troops to retire.

"The Germans seek continually to move toward the west. It was under these conditions that our English allies, attacked by the enemy in greatly superior numbers in the region of Leclateau and Cambrai, have withdrawn toward the south at the moment that our forces were operating in the district of Abesnes and Chimay. The retiring movement was prolonged during several days.

"In the meantime a general battle took place in the region of St. Quentin and Vervins, and at the same time in the Ham-Perennes district. This battle was marked by an important success by our right, where we have thrown back the Prussian Guard and the tenth army corps into the Oise.

"Owing to the progress of the German right wing, where our adversaries have united their best corps, we have had to mark a new retirement.

"On our right, after partial checks, we have taken the offensive and the enemy is retiring before us. In the centre we have had alternative checks and successes, but a general action is now being fought.

"On our left, by a series of circumstances which turned in favor of the Germans, and, despite lucky counterattacks, the Anglo-French forces were compelled to give way. As yet our armies, notwithstanding a few incontestable checks, remain intact. The morale of our troops is excellent, in spite of considerable losses, which also are rapidly being filled from regimental depots."

Exhibition of Furs at Dineen's. Visitors to the Fair are cordially invited to call at Dineen's, 140 Yonge street, and inspect the elaborate display of high-grade stylish furs now showing. This old-established house was exceptionally fortunate in securing its new season's stock from Europe before hostilities broke out, so that there will be positively no increase in prices. The quality of Dineen's furs is too well known to need further comment, the selection is particularly choice and varied, and you can confidently rely on getting value that can not be duplicated anywhere else in town. Your visit will be appreciated, and courteous attention is always assured.

ANOTHER BATTLE PROGRESSING AUSTRIAN LOSS IRREPARABLE JAPS OCCUPY GERMAN ISLAND

70,000 British Troops Held 200,000 Germans

Special to The Toronto World.

WASHINGTON, Aug. 31.—War advice from their home government received by neutral diplomats here today are that 70,000 British troops held 200,000 Germans in check for the last three days until they were relieved by French troops this morning. The message did not tell the scene of the battle.

INVADERS HAVE LEFT TRAIL OF DESOLATION

Evidence of Appalling Destruction All Along Road From Vise to Liege—Belgians Are Virtually Slaves of Arrogant Germans in Occupation.

Canadian Press Despatch.

LONDON, Aug. 31, 12.30 a.m.—A despatch to Reuter's Telegram Co. from Ostend, says that a small party which has just returned there from a visit to Liege describes the destruction wrought by the war as appalling. "All along the road to Vise," said one of the party, "there was nothing to be seen but walls blackened by smoke, the remains of factories burned by fire and mounds of earth freshly dug—the sepulchres of the first Germans to fall. "And then comes Vise. What a painful sight for those who knew the city! Many of its citizens are now lying dead. I was told that the natives were put to work building roads for the invaders from Vise to Aix-la-Chapelle. "On the way to Argentan we met a procession of abledombed men, marching four abreast and commanded by a non-commissioned officer, all carrying implements for road or trench building. These men have to submit to discipline draconic in severity. "Her streets, usually filled with the busy hum of activity in factories, coal mines and workshops, we found plunged into deathly silence. "At last we entered Liege. The inhabitants stood at the thresholds of their homes, silent and anxious, but afraid to speak. The streets in the middle of the town wore a deplorable aspect. Many houses had been abandoned. "Their doors and windows were shattered and their contents had been removed. None but soldiers were to be seen. The Place de l'Universite, the Rue des Pitteurs and the Quai des Pêcheurs had been burned."

British Warships Seized Germans and Austrians On Board U.S. Steamers

Canadian Press Despatch.

HONOLULU, Aug. 31.—The American liners Manchuria and China of the Pacific Mail Steamship Co.'s oriental fleet were halted by British warships off Hongkong and forced to surrender 60 German and Austrian reservists bound for the European war from the Philippines. This was the news brought by Capt. Thompson and Purser Landers of the China, which arrived here today, bound for San Francisco.

According to officers of the China, the Germans and Austrians before starting on their journey asked for and received assurances from Washington that they could not be molested.

Party Rancor is Revived Over Home Rule Question Balfour Warns Asquith

Canadian Press Despatch.

LONDON, August 31, 7.55 p.m.—For a moment this afternoon the house of commons, turning from its country's danger, reverted to the old controversy over Ireland. Premier Asquith had announced that on reassembling on September 8 the government would proceed with the Home Rule and Welsh Disestablishment Bills, and John Redmond leader of the Irish Nationalists in the house of commons, expressed hope that if the government's proposal did not meet with the approval of the whole house the government would not change its intention in regard to home rule.

Former Premier A. J. Balfour immediately rose and said that if the government again introduced home rule its course would arouse a torrent of abuse. This pronouncement brought an angry roar from the ministerialists, during which Mr. Balfour stood unmoved. When quiet was restored he said that to introduce the bill while many members were serving at the front could only arouse a most heated controversy.

German Retreat in North East Prussia is Accentuated as Russians Continue to Progress—General Engagement in Progress On the Vistula River—Japanese Occupy Fortified German Island at Kiauchau—Germans Capture Only 20,000 of 200,000 Tons of British Shipping.

Special to The Toronto World.

WASHINGTON, Aug. 31.—It became known here tonight that Italy is holding back her assistance against Austria and Germany awaiting only the action of Turkey. As soon as the Ottoman Empire is precipitated into the trouble, not only Italy, but Greece will seize this opportunity to attack their ancient enemy as well as the remaining two of the triple alliance.

AUSTRIAN DEFEAT IRREPARABLE.

ROME, Aug. 31.—(Via London, 6.15 p.m.)—The Messaggero publishes a telegram from Sofia, Bulgaria, which says the Austrians have suffered an irreparable defeat at Zamose, in Russian Poland, 80 miles southeast of Lublin.

PARIS RAPIDLY FORTIFIED.

PARIS, Aug. 31.—(3.15 p.m.)—It is officially announced that the minister of war, M. Millerand, accompanied by Gen. Gallieni, military governor of Paris, today inspected the northeast front of the entrenched camp at Paris and congratulated Gen. Gallieni on the rapid progress of the work on the supplementary defences.

ANOTHER BOMB DROPPED IN PARIS.

PARIS, Aug. 31.—(6.30 p.m.)—A German biplane passed over Paris at 4.30 o'clock this afternoon and dropped a projectile which, however, did not explode.

SERVIA READY TO STRIKE.

ROME, Aug. 30.—(Via Paris, Aug. 31, 4.24 a.m.)—A telegram from Nish received in Genoa, Italy, says that Serbia is preparing to invade and conquer Bosnia and Herzegovina.

BRITISH SHIPPING CAPTURED.

LONDON, Aug. 31.—In the house of commons today David Lloyd George, chancellor of the exchequer, announced that the total captures of British shipping by the Germans was only twenty thousand out of twenty million tons.

BRITISH KNIGHT HELD.

The high commissioner here of the Union of South Africa has appealed to United States Ambassador Gerard at Berlin, to obtain the release of Sir James Stiewright, who is held as a prisoner of war at Nuremberg, Germany. Sir James, who is connected to an important extent with the administration of the Cape Colony, was taking the cure at Nuremberg when arrested.

FOR BRAVERY IN ACTION.

Rear Admiral Sir David Beatty, who commanded in the recent naval engagement in the fight off Heligoland, has sent a list of officers and men who were conspicuous for their bravery in action. The first decorations from the government for valor will go to the navy. The death of Lieut. Commander Bartlett and Lieut. Eric Westmacotte called forth much regret.

BELGIAN QUEEN IN ENGLAND.

Queen Elizabeth of Belgium and the royal children, the Princes Leopold and Charles and the Princess Marie Josef arrived in England tonight.

The flight of the queen and her children from Belgium seems to have been quite sudden, as very recent despatches from The Hague quote the queen as having said in the presence of the king and prime minister De Broqueville, that if necessary she would shoulder a rifle and fight in the field against the enemy with all the women of Belgium.

GOVERNMENT IS GRATEFUL.

The official press bureau in an announcement this morning says: The government has gratefully accepted an offer from the government of Quebec of 4,000,000 pounds of cheese, and from the people of Alberta of a half million bushels of oats for the use of the army.

PARIS, Aug. 31.—The streets of the city were unusually lively all today, people hustling around making their final arrangements for departure and laying siege to the railway station where lines extended on all sides for blocks. Many in the lines had come prepared to wait until 6 o'clock tomorrow morning before being able to purchase tickets. At a large number of points in the line were whole families with a common fear of the approaching enemy and a common desire

Canadian Militia Soon Will Be Mobilized
 Department Proposes to Increase Efficiency of Force So as to Be Ready, if Required—Recruiting Also Will Be Stimulated—Officers to Go as Privates.

By a Staff Reporter.
 OTTAWA, August 31.—Probably all of the Canadian militia, but certainly the greater portion of it will shortly be mobilized. This was the statement made at the militia department today.

The object of the department, it is twofold—to drill the militia and to increase the efficiency of the force in case it is required, also to stimulate recruiting.

There are many more officers at Valcartier than are required, but it is probable that many of the officers will go as privates. Many officers did so when the Canadian contingents went to South Africa.

Of the \$50,000 contribution by Hiram Walker Sons for purposes of the war, \$25,000 will go to the Patriotic Fund and the balance to such other purposes as the government shall decide.

BELGIUM DENIED ASSERTIONS.
 Direct Copyrighted Cable to The Toronto World.
ANTWERP, Aug. 31.—Announcement was made here today that Belgium formally denied the assertions of Austria-Hungary in her reply under date of August 29 to the dual monarchy's declaration of war and the representations made at the same time. One part of the reply contained the following declaration:

"Belgium has always maintained friendly relations with all her neighbors and has fulfilled the duty imposed by neutrality. If she could not accept the proposals of Germany it is because they had for their object the violation of an engagement which was a condition of the creation of the kingdom. Belgium does not think that any people, however weak, could mistake their duty and sacrifice their honor by inclining to force."

Belgium, it is asserted, did not appeal to France and to Great Britain for aid until her territory actually had been invaded.

GERMANS LEAVING NORTH BELGIUM.
 Direct Copyrighted Cable to The Toronto World.
AMSTERDAM, Aug. 31.—A despatch dated Sunday and received Monday, says that the retreating movement of the German troops was accentuated today, when the enemy abandoned the region north of Aerschot, notably evacuating Henstodpenberg, Tremelo and Haegst. The Province of Antwerp and part of Limburg for the time being are clear of the enemy.

The Germans are entrenching at Aerschot, apparently with the intention of falling back on their main positions.

MALINES A DESERTED CITY.
 Malines today is a deserted city. Both the invading Germans and the Belgians have departed, with the result that the looters are busy among the homes, churches and public buildings.

The report has been confirmed that King Albert of the Belgians was present at the first bombardment of Malines, leading his officers in the thick of the battle and that it was with the greatest difficulty that the monarch was persuaded to retire to a place of safety. The king, it is asserted, was much exasperated when his officers insisted. He declared that he would fight the enemy to the last drop of his blood.

This statement is made apparently to offset the German claim that King Albert was cowardly. Previous reports from Belgium stated that the king had signified his intention of taking a gun and fighting in the trenches with his men.

TO PAINT BATTLE PICTURES.
 The Kaiser has commissioned Theodore Rochefeld, the celebrated painter of battle scenes, to proceed to the western front to make studies for paintings of battles in the present campaign against the allies.

AUSTRIANS BADLY DEFEATED.
ROME, Aug. 31.—The "Messaggero's" Nish correspondent has informed the Servian government that if Roumania abandons her neutrality in favor of Russia Bulgaria will take a similar action and so will all the other Balkan states, unless Turkey goes over to the side of the triple entente.

The "Messaggero's" Sofia correspondent states that the Austrians have suffered irreparable defeat at Zamose.

Austrians Losses Appalling.
 A despatch from Bucharest reports a big battle along the Vistula and Dniester Rivers, in which the Austrian losses are said to be appallingly heavy, entire regiments having been destroyed.

The fighting continues along the entire line and the victory is believed to have gone to the Russians altho they have been losing heavily.

Earlier despatches to London said that the Russian advance in East Prussia had penetrated as far as the Vistula River and that the fortresses of Thorn and Graudenz, part of the Vistula River defences, had been invested. Big siege guns, the advices stated, had been brought to bear on the fortresses.

PRIDE AND SATISFACTION IN INDIA.
 Direct Copyrighted Cable to The Toronto World.
SIMLA, India, Aug. 31.—The employment of Indian troops in fighting Britain's battles on the continent of Europe will create a firmer bond and better understanding between India and England, it is believed here. A feeling of pride and satisfaction pervades the country since the departure of the first of the Indian contingent.

JAPANESE OCCUPY TACHIEH.
 Direct Copyrighted Cable to The Toronto World.
PEKIN, Aug. 31.—A despatch from Tsina in Shantung says that cannonading was heard at various times today. It is thought that the German forts at Tsingtau are returning the fire of the Japanese fleet. The Japanese, it is reported here, have occupied Tachieh, a small island outside of Kiachau Bay on which the German fortifications front.

GERMAN RIGHT WING FORCES ALLIES BACK

Invasers Apparently Drawing Nearer to Paris Despite Repulses—Troops From British Dominions Reported to Have Landed in France—Recruiting in Britain Brisk.

Canadian Press Despatch.
LONDON, Aug. 31, 4.47 p.m.—Taken at its face value the French official statement issued this afternoon which mentions that the progress of the German right wing has forced the allies to yield further ground, would seem to indicate that the Germans, notwithstanding repulses, are making daily advances towards Paris.
 The statement Sunday of Field Marshal Sir John French, commander of the British troops, however, spoke of fighting on the French left, but this, according to one report, resulted in the German right being slightly turned.

The Austrian invasion of Russia in the Lublin district, which aroused the apprehension of the allies, has, if Russian despatches are to be relied upon, been blocked, and the Muscovites claim to have turned their defensive into an offensive action. There is no confirmation of the report that the Russians are in Koenigsberg.

No New Fighting.
 If silence means that there is nothing doing, Sir John French's statement Sunday that the British had not been molested since Wednesday still holds good. Nothing is known by the public in London of new fighting either in northern or eastern France.
 From Canada, India, Australia and

South Africa the British front will soon receive large reinforcements. Some of these troops are already reported to have landed in France.

In England the recruiting fever has not abated. At Liverpool today a battalion of 1000 business men was filled within an hour, and there was such an overflow that it was decided to enroll a second battalion.
 The British Government has started negotiations, thru the American consul at Berlin, for an exchange of non-combatant prisoners with Germany and Austria.

TO AID SOLDIERS' FAMILIES.
BERLIN, Ont., Aug. 31.—The medical men of Berlin and Waterloo met in special session tonight and unanimously decided that they would offer free medical attendance and medicine to the families of all soldiers who go out from the twin cities in defence of the British Empire. The resolution was moved by Dr. F. Honsberger.

Canada's Assistance Pleases Old London

Canadian Associated Press Cable.
LONDON, Aug. 31.—The readiness of Canada's assistance, especially in recruits for active service, arouses enthusiastic comment here. It is contrasted with the rather apathetic attitude until recently shown here in certain parts.
 The Times' naval editor, referring to the German Samoan Islands sur-rendering to a New Zealand force, remarks that this Dominion will learn that not only her gift ship took part in the North Sea engagement, but her military forces have now a good achievement to their credit.
 The sailing of the Allan liner Ionian next Thursday has been canceled. Her passengers will be transferred to the Corinthian, sailing Thursday week.

NORTH BAY FORMS AID COMMITTEE

Representative Citizens Will Raise Money for Contingencies Due to War.

Canadian Press Despatch.
NORTH BAY, Aug. 31.—A strong representation of the different churches and societies of the town met in the town hall tonight for the purpose of organizing a patriotic campaign to raise funds on the lines laid down by Toronto. Mayor Lee was in the chair and outlined the object of the meeting and was followed by numerous other speakers. Senator Gordon and A. J. Young were elected hon. presidents, and they are backed by a strong committee of thirty leading citizens who purpose within a few weeks to raise a required sum to meet all contingencies caused by the war. The Women's Canadian Club held a similar meeting in the afternoon for the same purpose. Mrs. Deiler was appointed president. At a meeting of employees of the T.N.O. Railway a patriotic movement was launched to provide means of contributing towards the Canadian patriotic fund. It was decided to ask every employe to contribute a day's pay. A similar scheme has also been launched on the C.P.R. and G.T.R. systems.

Britain to Organize Prize Courts in U.S.

Object is to Adhere to Stipulations of Treaties and to Restore Neutral Commerce in Seized Vessels Promptly to Owners—To Conform to International Law.

Canadian Press Despatch.
WASHINGTON, Aug. 31.—British embassy officials are in constant communication with the state department with a view to expediting the organization of English prize courts and simplifying the machinery for their operation. Sir Cecil Spring-Rice, ambassador from Britain, called at the department today in this connection, it is understood.
 The British government is anxious to have the courts begin sittings, that neutral commerce, which may be part of the cargo of prizes, may be restored promptly to its legal owners and the American government shares in the British desire for simplicity and expedition.
 In cases of capture at sea, according to the international law, it becomes the first duty of the captor to convey the prize to a port of its own or one of its allies for adjudication by special tribunals which may sit in the ports of territory of a belligerent or in those of an ally, but not in neutral ports.
 The function of these courts is solely to determine whether the capture was legally made and, in arriving at a decision, the stipulations of treaties are obligatory upon the nations which have agreed to them and prize courts are bound to respect these treaties in settling controversies between the subjects or citizens of signatory powers.
 The second Hague peace conference provides for a tribunal of appeal in prize cases.

STATIONARY CORPS AS HOSPITAL UNIT

Men Left in Camp at Long Branch Will Be Re-organized.

AWAIT SUDDEN ORDER

Hospital Divisions Will Probably Entrain Before End of Week.

A fatigue party from the Home Battalion yesterday morning cleared away every vestige of the camp equipment of the Service Battalion of the 48th Highlanders, now arrived at Valcartier, and nothing remains in this part of the camp to mark its occupation by so large a body of men.

The camp was further depleted yesterday morning by the departure of No. 1 Field Ambulance. The men, to the number of 267, in command of Lieut.-Col. D. W. McPherson, boarded special radial cars at 8 o'clock amid the encouraging cheers of their comrades remaining, and from Sunnyside marched to the C.N.R. station at Cherry street, and after a short stay, entrained shortly after 10 o'clock for Valcartier.

This Service Corps includes a detachment from No. 1 Clearing Hospital, in command of Captain G. W. O. Dowdley, and is destined for work in the relief of the wounded in the battle zone. From its ranks also will be formed the Clearing Hospital at the front, which will receive the injured, the base of operations will be in a short time to the firing line, and transporting others by the general transport wagons of the army to a stationary hospital nearer the base.

Four Hundred Men Remain.

About 400 men, composed of the remainder of the volunteers from the 10th, 11th, 12th, 14th, 15th and 19th Army Medical Corps, remain at Long Branch, and activity was marked yesterday in the formation of a Stationary Hospital Corps, and of a General Hospital Corps, and it is expected by the officers in charge that these detachments will leave for Valcartier within the next few days, and will sail with the first contingent.

The base of operations will be at the base of operations and will perform similar duties to those of the Clearing Hospital, which will be situated in the field and sending the more seriously injured to the General Hospital. The Stationary Hospital will consist of seven medical officers, two warrant officers, one quartermaster, one bugler, and 76 of other ranks, making a total of 84.

Major D. B. Bentley, district health officer for the six counties of Essex, Kent, Lincoln, Middlesex and Surrey, and of the 14th Sarnia Corps, will go in command, and four other officers have already been chosen. They are Captain E. J. Thurgate, who has come over from the States and affiliated with the 14th A.M.C. will act as quartermaster. The warrant officer has not yet been appointed.

The General Hospital, consisting of a commanding officer, 15 other officers, one quartermaster, two warrant officers, and 106 of other ranks, a total of 128, is now being formed by Major Henry of the 10th A.M.C. of Toronto.

Ordered to Report.
 Captain W. J. Bentley, of the 14th Sarnia Corps, received orders yesterday to report at Valcartier, where, if anticipated, he will be attached to the hospital. He is, however, in the hospital from the temporary indisposition consequent upon the inoculation for typhoid, the officers report that there has been practically no sickness in the camp and that the men are in good condition and well satisfied with the arrangements made for their comfort.

EXHIBITION CROWDS LARGEST EVER SEEN

Union Station Officials Were Taken by Surprise—Hotels All Crowded.

If arrivals into the city are any sign for the success of this year's Exhibition, the prospects are of the very best; for never in the history of Union Station has so large a crowd been seen. So great has been the number of arrivals that the officials were completely taken by surprise that it was not until late in the afternoon that they managed to cope with the rush. The hotels again report the same state of affairs, and at a late hour last night it was practically impossible to find a room in any of the downtown hotels.

According to the verdict of Dr. E. N. Court's jury, emanating at Scarborough Junction last night to investigate the death of an infant whose body was found in a suit-case on the railway tracks, the child was murdered by unknown persons. York County Council Gives \$20,000 to Patriotic Fund

LOUVAIN'S FAMOUS CATHEDRAL

One of the most beautiful cathedrals in Europe. It was destroyed when the town was burned by the Germans.

TWENTY THOUSAND VOTED BY YORK COUNTY COUNCIL TO THE PATRIOTIC FUND

Recommendation of Committee Adopted Without Debate—Purpose of Fund Explained by Sir William Mulock, Who as a Taxpayer Heartily Endorsed the Grant.

The York County Council at a special meeting yesterday decided to make a grant of \$20,000 towards the Toronto and York Patriotic Fund. The money will be paid on the order of the warden and treasurer, one-third to be paid as soon as possible and the remainder as required by the association. The warden explained that he had called the meeting in order that he might do something to alleviate the distress occasioned by the war, through the country.

ent. It was impossible indeed to estimate the amount of money required to relieve those in need through the Dominion. Without Parallel. The war was of the greatest interest to Canada. It was without parallel in the history of the world. Should the Kaiser be victorious, his idea would be to master the world, and our existence would become a matter of home defence. It was indeed a home question, and we Canadians must take that stand.

"I am a taxpayer," continued Sir William, "and I will rejoice in paying the tax imposed on me by the county to meet a grant to the fund. Two classes of people will be affected by this war. The families of those going to the war and the families of those thrown out of employment by it. They are both sufferers from the same cause, and they will have to be provided for by us all." The work of the association will not be confined to British people alone, he said, but that the families of any soldier who is a Canadian citizen and engaged with an army that is an ally to England, will also get relief through the fund.

SIEGE OF PARIS ONLY AN IMMENSE BLUFF

Capital Held for Nearly Five Months Under Radically Different Conditions.

Canadian Press Despatch. PARIS, Aug. 31.—Lieut.-Col. Leconte, the military critic, writing for his paper, *The Petit Parisien*, reassures those who may be frightened by the possible investment of Paris. He declares, first, that in 1870 the capital was held for nearly five months under conditions much different than those of today. Second, the Germans had a free disposition of the Strassburg-Paris railroads, while at present they have not yet been able to touch the eastern fortified frontier and have been driven back at Mortagne, north of Valenciennes. Third, their sole line of communication which passes by Belgium is at this point so precarious that it can be destroyed at a moment's notice.

LONDON, Aug. 31.—(4.05 p.m.)—Premier Asquith publicly reprimanded *The London Times* in the house of commons this afternoon for having published the sensational dispatch which created such excitement Sunday morning. "The publication of this despatch," said the premier, "seems to me a regrettable exception to the patriotic reticence which the press as a whole has shown up to the present, and I trust it will not recur."

JAP DESTROYER LOST ON ROCKS

Crew Forced to Abandon Vessel After Disaster in Fog.

TSINGTAU, Aug. 31.—A Japanese torpedo boat destroyer went ashore on Lientau island during a fog last night. This morning the Tsingtau batteries attempted to shell the destroyer, but it was beyond their range. The German gunboat *Jaguar* steamed out of the harbor and fired eight shots into the stranded warship, and returned unmolested by other Japanese vessels that are blockading the port. The *Jaguar* reported that the crew had abandoned the destroyer.

Asquith Says Arrangements Under Way to Provide Fuller Information.

Mr. Asquith opposed the suggestion to allow correspondents to go to the front, but admitted that the public was entitled to prompt and authentic information as to what was happening there and said that arrangements were being made which he hoped would prove adequate. Reverting to *The Times* despatch the premier then said: "It may become necessary to ask the house to pass some drastic legislation, which I will be very loath to propose until the urgency becomes extreme."

Special to The Toronto World. NEW YORK, Aug. 31.—Political freedom for Jews in Russia is foreseen as a result of the war by Prof. Richard Gottheil, Columbia University, according to Prof. Gottheil, who says: "The Poles, formerly the bitter enemies of Russia, are now swarming to the colors to show their appreciation of the gift of political freedom promised them. They are among the greatest fighters in the world and should prove a powerful factor toward a successful campaign on the part of the Russian forces. The enemy of years has been wiped out at a single stroke."

Fighting is also reported in the vicinity of Amiens. Lafere is only a little more than 60 miles from Paris as the crow flies.

Seventy Thousand Held Two Hundred Thousand Germans Back.

Canadian Press Despatch. WASHINGTON, Aug. 31.—Seventy thousand British troops for the last three days held in check two hundred thousand German troops, until relieved by French reinforcements, according to information here today from neutral diplomats. The advice did not give the place of the battle. Although the German forces broke through the British lines in many places, the English held their own until French reinforcements arrived, and then retired in good order. Military experts of the allied forces were reported to have been greatly encouraged by the manner in which the British forces withstood the superior force of the enemy. The information came from Paris through diplomatic sources.

Smashing Blow Delivered at Army Corps Striking at Heart of France.

Canadian Press Despatch. LONDON, Aug. 31.—The French army and our English troops are now holding good positions in a much stronger and closer line and stemming the tide of the German horde rolling up to Paris, says the *Chronicle's* Amiens correspondent. "General Paul Pau, the hero of this war, after his swift return from the eastern front, where he repaired the deadly check at Muhlhausen, has dealt a smashing blow at the German army corps which was striking to the heart of France. Paris is still safe for the time being, with the great army of the allied forces drawn across the country as a barrier which surely will not be broken by the enemy."

OBJECT TO BUYING OF GERMAN SHIPS

Both France and Great Britain Lodge Protests at Washington.

WASHINGTON, Aug. 31.—Great Britain has joined with France in objecting to the purchase by the United States of any German liners in connection with the plan to build up an American merchant marine. At first England hesitated to protest, believing that her action might be prejudicial to London, where there is a resumption of commerce to England. After France had communicated her views to London, however, the British Foreign Office decided to urge the American Government to buy neutral vessels to avoid complications. No formal protest has been lodged by either France or Great Britain, but the situation has been outlined to the Washington Government as of momentous importance to both countries.

Genial Press Despatch. HALIFAX, N.S., Aug. 31.—Eight hundred men of the Royal Canadian Regiment, who will replace British regulars at Bermuda, were reviewed today by His Royal Highness the Duke of Connaught. After passing through the ranks, the duke held the regiment that they were going to Bermuda, and would probably be sent to the front later to serve their King and country. He referred to the fact that the Royal Canadian Regiment was the first Canadian regiment ever to leave his country on imperial duty. The duke said that he would follow the movements of the regiment with interest.

RETIREMENT MASTERLY

"The French retirement before the German horde advanced from Namur down the valley of the Meuse was masterly. The Germans won their way at a cost in human life as great as that of their own victory. For France that retirement is as glorious a story as anything in her annals. "On the map, of course, it is an unhappy thing to see the whole of France north of Amiens open to the enemy, but one should realize that in order to lure the Germans to their own destruction it was almost necessary to manoeuvre them into the position they now occupy."

WOULD SUPPRESS PANIC JOURNALISM

Alarmist Reports of Defeats Add New Horror to Warfare. Canadian Press Despatch. LONDON, Aug. 31.—The Morning Post in an editorial today urges parliament to pass a law permitting the press bureau to suppress "panic journalism," referring particularly to the story of British defeats, which was published Sunday. "Moreover," says *The Morning Post*, "a new horror has been added to the war by the interviewing and cross-examining of wounded soldiers. The public will do well to trust in the official reports, even those that involve a trial of the nerves and of patience. There is great need in London for a stricter censorship than we have at present. Yellow press panics and lamentations may have a most serious effect on the policy of certain neutral nations whose future course of action may be hanging in the balance."

The Government Giving the Banks Fifteen Millions?

The World received many complaints yesterday about the banks and their conservative attitude towards business since the war began. We find the western papers also bristling with complaints. Several business men called at The World office. One writes offering to organize a business man's delegation to Ottawa, like the one that went with Adam Beck to ask for aid to railroads.

But if newspapermen are disappointed, not so The Toronto Globe, of which the president is Senator Robert Jaffray, also vice-president of the Imperial Bank. Things are to be much better now, as per this article in his paper of yesterday: LET OPTIMISM PREVAIL.

For the first time since the meeting of parliament the public have been told what Minister of Finance White's proposals mean, the ones that he got the consent of parliament to sanction. We know that Mr. White was in constant consultation with Colonel D. R. Wilkie, president of the Imperial Bank and of the Bankers' Association.

Were any business men consulted, or members of the house, or the opposition? Not that we know of. Sir Wilfrid Laurier looked wise and Mr. A. K. Maclean, his financial critic, looked not so wise. But they asked a couple of questions. Mr. White described it in the cryptic term "of borrowing from the public of Canada under our own securities."

The World imagined on Saturday last the fifteen millions was to be used to pay the government's debts or to meet war expenditures. But The Globe says it is to be given to the banks to force upon those timid business men!

If it goes to the banks, then it is clear that the banks cannot or will not help the government to finance its fifty million loan; nay, the government is giving the banks fifteen millions to help them out!

The War and the Inside of High Finance in the States—A Lesson to Canada

A profound financial problem confronts the United States. That problem is how to make Europe accept American commodities in exchange for the hundreds of millions of American securities which Europeans own, but which they desire now to sell.

Until the very same ships which carry back to these shores such a vast amount of stocks and bonds had first been transported to Europe on expeditions sufficient to pay for them it would appear a most hazardous thing to open our stock exchanges. Thousands of banks hold similar stocks and bonds as collateral against loans, so that an avalanche of European selling would instantly vitiate every one of these bank loans.

But when The Public Ledger says these stocks are carried as collateral on loans we do not accept that statement in its entirety. As a matter of fact the banks and trust companies own them in default of the borrowers not being able to carry them and pay interest.

The stock exchange was closed to save the revelation of the extent of the loans on these watered and partly worthless securities and that the lenders were the real owners of a lot of them. If it were loaded-up lenders who have been doing two things for some years now: first trying to keep up the prices (supporting the market) they sell it of these suspicious securities by themselves buying more of them; and secondly trying to get the public to come back to Wall Street and buy some of them.

lenders; to work off on a flock of fresh sheep and lambs the loads of uncleanly abandoned securities in their flooded vaults.

The only cure that The Public Ledger offers is for the people of the United States to go into the market again for what the banks hold of the shares and to buy with their food products the rest still held in Europe. If the price is right, say forty cents on the dollar would be an excessive price. New York and New Haven is the terrible warning. We are sorry that The Public Ledger tells the story, but fails to point out the moral. The last paragraph is, "Don't attack stock-gamblers ('American business and finance') any more." Why? Hasn't it wrought enough havoc? Is the overrating fertility of the Mississippi Valley so to be ever plucked to keep the stock speculation of Wall Street as an everlastingly going? That is the great game in the United States. Instead of the banks of the United States banks with the Valley and for the Valley, they are living on it. President Wilson and his supporters are engaged in a life-to-life struggle to remove Wall Street forever from off the neck of the Mississippi Valley. We have never yet understood why The Philadelphia Ledger and The Saturday Evening Post have taken the side of High Finance against the Valley of the Mississippi, for that is what The Philadelphia Ledger and The Post have done.

German Sailors Sang As Cruiser Foundered

Loss of Ariadne Described by German Eye-Witness Whose Version is That Heroic Resistance Was Offered to a Superior British Fleet.

CANADIAN PRESS DESPATCH. BERLIN, via Copenhagen and London, Aug. 31, 5:14 p.m.—An eye-witness of the loss of the German cruiser Ariadne and the German torpedo boat destroyer W187 in the fighting between British and German warships off Heligoland Friday, relates the following story of the fight: "The destroyer was surprised in a fog by a large number of British destroyers and submarines. When the speed of the German destroyer became affected by the English shells it turned and confronted the enemy with the intention of fighting to the end. Its engines, however, soon completely failed and it was blown up to prevent capture. Her crew continued firing until the boat disappeared beneath the waves."

The writer acknowledges the efforts of the British seamen to save the German sailors, saying that despite the danger involved they launched their boats for this purpose.

While this was in progress, he continues, "German ships approached the British torpedoes and the boats and the German ships picked up survivors."

CREATOR'S BAND BECOMES POPULAR
Lasting Impression Made by Famous Musicians—Programs of High Merit.
Probably the most interesting personality before the musical world today is Giuseppe Creators. The concert band bearing his name has received favorable criticism wherever it has been engaged. Yesterday this famous organization gave its initial performance opening an engagement at the Exhibition. Each day an afternoon and evening concert will be given, and judging by the enthusiastic reception given yesterday, the band will prove a feature of the season.

Children's Chorus.
At the grand stand in the afternoon the children's choir acquitted itself admirably, and also many white frocks of new design were threatened with a severe drenching, the children with the Union Jacks and maple leaves were quickly assembled beneath the shelter of the stand, and the program continued without further ado. The rendering of the songs was excellent. "God Save the King" was sung with the greatest fervor and with some British enthusiasm. The sweet "Song National," the music of which was composed by Gordon V. Thompson to a rhythm to this manly man, is not far from arousing genuine appreciation. "God Bless Our Empire" and the "W. C. T. U. March," by Capt. Morgan, completed a fine program.

Manufacturers' Building.
When services were opened yesterday morning the exhibits in the manufacturers' building were further advanced. There were only a few exhibits which were not completed by 10 o'clock in the morning.

Johns' Glass Blowers.
Small boys of the fully carrying glass of paradise and other glass novelties at the Exhibition grounds yesterday clearly showed that they had been visiting at the Midway. Besides giving an excellent exhibit of the art of glass blowing and the making of novelties, the glass blower is given free to all visitors. An announcement has been made that children will be admitted for five cents on their day.

CROOKS NOT POPULAR AT THE EXHIBITION
The public can be assured that the executive of the Canadian National Exhibition is doing everything possible to protect them from fraud wherever money is concerned. Two concessionaires of the Midway who were not treading the narrow path but were doing things that appeared shady were forced to move their goods outside of the Exhibition grounds.

Sheep Breeders Are Pleased With the Accommodation.
All the leading sheep breeders who are exhibiting at the Canadian National Exhibition were unanimous yesterday in their praise of the new sheep building that was erected for their use. The building is the most pleasant and the result is most pleasing. The facilities for inspection by the public are of the best.

FALL OF BABYLON SPLENDID SCENE

Evening Performance at Exhibition Spectacular—Fireworks Make Fine Picture.

VAUDEVILLE IS GOOD

Variety of Entertaining Acts Above Usual Standard—Funny Clowns on Hand.

Spectacular in the extreme and gorgeous beyond description is the finale to the excellent grand stand performance at the Exhibition this year. It is of greater excellence than has ever been presented before. Even the directors who planned it are more than pleased at the result of their deliberations.

Splendid Fireworks.
Beautiful scenery, gorgeous costumes and probably the most spectacular display of fireworks ever seen in Toronto contributed to the pronounced success of "The Fall of Babylon" before the grand stand last night. The title recalls the history of probably the greatest Oriental city of ancient times. The story of the downfall of the city is told in the most dramatic of the luxurious and lavish city is well known and gave ample scope for the depiction of a romantic and spectacular reproduction.

WOMEN TO WORK UNDER INSTRUCTIONS OF MEN

WILSON BROKE HIS LEG AT ISLAND

Good Outfielder Meets Mishap - Rain Stopped Game With Brooklyn.

The Leafs were to have staged a double fixture yesterday, but after beating Baltimore 7 to 3 in the early contest, the wetness stopped the exhibition games with the Brooklyn National League team. It was a nearly-bought victory for the Kaley Klan. Bert Wilson, breaking into the game again after a three weeks' lay-off, broke his leg just above the ankle in two places. Wilson had collected three hits and had stolen a base before he was carried off the field. He is now in St. Michael's Hospital.

Poor pitching by Russell and Davidson and good, solid hitting by the domestics, soon ran up the score. It was in the fourth that the Leafs put the game on ice by shoving across five runs. Wilson broke his leg in this inning. It happened this way: Fisher singled and stole, and then Jordan walked. Fisher and Jordan pulled off the double-steal, and then Prieste's poke let Fisher in. Kritchell hit safely and Jordan was home, but Johnson rolled out. Wilson unwrapped his third hit and stole. A wild pitch let him up to third, and Pitt was hit by the pitcher. Another double-steal was attempted. The return throw had Wilson blocked off, but he slid in under Kane and turned his leg, breaking it. The crack was heard plainly in the stands. Kane dropped the ball, and Wilson's effort was successful at the price of a broken leg.

OTTAWA WINS FIRST.

HAMILTON, Ont., Aug. 31.—Ottawa Senators took the first game of the series from the Athletics today by 4 to 3. Hamilton made a couple of misplays in the first inning, which gave the visitors the lead. It looked as though the Athletics would even things up on several occasions, but they failed to come through the necessary bungle when it was needed. Dougherty worked on the mound for Hamilton, while Bramble and Prieste did the heavy lifting for the Athletics. Considerable excitement was caused in the seventh when Umpire Halligan called Nil out at the plate. Fisher had not tagged him and Nil failed to touch the bag. Shaughnessy started abusing Halligan with his mouth and was ordered off the field. He told Halligan that he could not put him off whereupon the umpire took off his red and would have hit Shaughnessy had Jack White not interfered.

TWO FOR THE BISON.

BUFFALO, Aug. 31.—Buffalo took two runs from Newark here today. The Bison's superior fielding won the opener, 2 to 1. The Herd hammered Schacht for 14 hits. The Herd allowed but four in the second game, winning 5 to 2.

NEW PITCHER WAS GOOD.

MONTREAL, Aug. 31.—Cooper, whom Providence got from Boston, held the Royals to four hits today and Providence won the first game of the series by 5 to 1. Score: Montreal 5, Providence 1. Batters: Montreal—Cooper, 2; Hamilton—McCarthy, 2; Toronto—Channell, 2; Buffalo—Lehr, 2; Toronto—McCarthy, 2; Buffalo—Lehr, 2; Toronto—Channell, 2; Buffalo—Lehr, 2.

ANOTHER FED VICTORY.

CHICAGO, Aug. 31.—George H. Johnson, the Indian pitcher who jumped from the Cincinnati Nationals to the Kansas City Federals, won another court victory today. He pitched a complete game, but now pending against Johnson in the court of common pleas—of Alghroy County. Pending the settlement of a cross bill filed here by the ball player.

SOCCER

UNABLE TO PLAY IN NIAGARA TENNIS

MISS BROWN AND MRS. WILLIAMS WITHDRAW ENTRIES - RAIN STOPS THE PLAY.

NIAGARA-ON-THE-LAKE, Aug. 31.—Owing to the rain play today in the big international tournament had to be postponed until tomorrow afternoon. Weather permitting the preliminary rounds in the men's championship singles will start at 2:30, and from the number of players of note who have already arrived the success of the tournament is assured. Clarence Griffen, winner of last year's tournament, is already on hand, also Mr. George M. Church, Merrill Hall and S. H. Vochel, all of New York. Irving Kitchell of Boston has definitely signified his intention of being present and will arrive tomorrow morning. Two of Chicago's cranks were seen at practice this afternoon and it is evident that the older and more experienced players will have more to look to their laurels to win, or these young men will nose them out when it comes to the real thing.

McMILLAN STOLE HOME.

ROCHESTER, Aug. 31.—Rochester took both ends of a double-header with Jersey City here today, the scores being 3 to 2 and 5 to 4, the latter game going eleven innings. With the score tied in the eleventh inning of the second game McMILLAN stole home. Score: Rochester 3, Jersey City 2.

JUST A ROMP FOR MACK'S ATHLETICS

OVERTIME BATTLE TO THE BEAVERS

Harkins' Single in the Twelfth Did the Work at Brantford.

BRANTFORD, Aug. 31.—After having taken the lead thru Dudley's homer, the Beavers failed to take advantage of opportunities and were beaten out by the Toronto Beavers, who won on Harkins' drive in the twelfth, after Lacroix had dropped his foul fly. Nichols pitched a splendid game to the ninth, allowing but four hits, but after that was hit freely. Cosma's play pulled off by Cosma, who ended Toronto's last inning with a catch off his boot tops, and Dudley, who covered both second and first territory, while Demaree with a bad ankle was on first sack. Score: Brantford 4, Toronto 4.

DUNN LOSES BLAIR.

CINCINNATI, Aug. 31.—The claim of the Baltimore International League Club to the services of Player John Blair was denied today by the National Commission. The Baltimore Club claimed that it had entered into an agreement with Blair, and that he had accepted terms, but admitted that the agreement was not put in writing. Section 2 of Article 8 of the national agreement holds that an agreement must be evidenced by a written acceptance, and the commission ruled accordingly. Blair has since signed with the New York American League Club.

WHEAT ADVANCE WAS CONTINUED

North America Reported to Be Practically Only Shipper to Europe.

CHICAGO, Aug. 31.—Wheat jumped rapidly higher today, influenced by signs that European need for supplies from this side of the Atlantic was becoming more acute.

Prospects of fairly large deliveries here tomorrow on September contracts tended to keep corn depressed. The market, nevertheless, showed a good deal of sympathy at times with the strength of wheat.

Advantage the most important news affecting the wheat market was the announcement that world's shipments were virtually all from North America, and that the most part were made up of wheat that had been grown in the United States.

U.S. WILL EXPORT GOLD TO OTTAWA

New York Banks Take Steps to Meet Foreign Obligations.

NEW YORK, Aug. 31.—Measures to relieve the awkward situation arising from the difficulty of meeting this city's obligations in London and Paris assumed a more definite phase when it became known that local banks, which act as co-depositories, would probably co-operate with the bankers through whom municipal notes were placed abroad.

The conference of international cotton brokers, which has for its main object a settlement of the foreign exchange situation in its relation to the exportation of cotton, held its first session today, but beyond arranging preliminaries of procedure nothing was accomplished.

American representatives were reported to have declared that the foreign brokers seemed disposed to accept most of the terms imposed by the shippers.

Reports from Washington that the copper producers hope to procure from the government a favor similar to that granted to cotton planters, excited little interest in the financial district.

The project was regarded as a piece with the valorization scheme recently submitted by the coffee and sugar interests.
