VOL. XXXI.—No. 11,167

Another Line of Railway From Quebec to St. John

Alternative Route Proposed
From Fredericton to Moncton
and Halifax—New
Line 402 Miles in Length
—May Be Handed Over
to Canadian Northern as
Their Atlantic Section.

MONTREAL, March 17.—(Special).—It is apparent that still another railway is to be built from Quebec to St. John and Halifax, and the statement is made that if the people of the lower provinces persist in keeping the L.C.N. under government control, the new line will be handed over to the Canadian Northern as constituting their Atlantic section.

It was announced the other day that Mr. Thomas Malcolm, who has just completed the International from Campbellton to St. Leonard's on the St. John River, would build the river railway from Grand Falls to St. John and over country to Moncton from Fredericton.

It appears, however, that Mr. Malcolm, who owns the Quebec and New Brunswick charter, has a more formidable project on hand, and will construct the Quebec and New Brunswick line as part of the system. By this route the distance from Quebec to St. Leonard's, on the St. John, is 174 miles, from St. Leonard's to Grand Falls, 12 miles, from Grand Falls to Woodstock, 74 miles, and from Woodstock to Fredericton, 63 miles, and from Fredericton to St. John, 90 miles, or 402 in all.

Then it is proposed in order to form an alternate route thru to Halifax to run across country from Fredericton to Moncton and on to Halifax.

ABBOTT AT THE SOO?

Well-known Ontario Claims to Have Met Him on Street There.

SAULT STE. MARIE, Ont., March 17.—(Special).—Glancing over a Toronto paper this evening a well-known citizen of the Soo, who claims acquaintance with Charles Abbott, the missing Toronto butcher, said: "I met Abbott on the street here yesterday and conversed with him. I have since learned that he had only \$40 in his possession when he left Toronto, which would be about enough to land him here."

All efforts to locate the man to-night were unavailing, he not having registered at any hotel. The citizen claiming acquaintance with Abbott is positive the man he saw was the Toronto butcher.

TO FORCE AN ELECTION

Mr. Fielding May Test Situation With Interim Supply Bill.

OTTAWA, March 17.—(Special).—Not a dollar of supply was voted to-day. The estimates of the minister of interior were under revision, and it is now evident that the fight of the opposition had begun in earnest. It is freely reported that the opposition means to drive the government to the country to test the feeling of the people on the reciprocity agreement.

The government now suggests that this is the move of the opposition, and it is stated that Mr. Fielding will test the situation with an interim supply bill next Tuesday. Meanwhile the end of the fiscal year, March 31, is drawing near, and money will have to be voted before the government can do all its business.

FOUR BURNED TO DEATH.

BOSTON, March 15.—Four persons, a man, two women and a child, all colored, were burned to death in a fire in a four-story tenement on Truro-street early this morning. The fire started in the basement, and followed up the stairways, effectively trapping the residents of the upper floor.

Crossed Don on Ice.

An intrepid individual was observed to cross the Don above the Winchelsea-street bridge yesterday morning.

The feat was rather remarkable because of the fact that the ice on the Don broke up a week ago, and that until Wednesday night, the classic stream was perfectly clear and open for navigation.

An Imperial Parliament.

LONDON, March 17.—(C.A.P. Cable).—The Irish Times says: "If it is really desired to introduce fresh blood into the upper house and at the same time justify the title of an imperial parliament, we see no better way than by giving considerable representation to the great dominions."

Six Trains Across Continent

MONTREAL, March 17.—(Special).—The official announcement was made for the first time here to-day as to the probable date of the opening of the Canadian Northern Railway from coast to coast. Mr. D. B. Hanna, on route for Quebec, stated that the several links would be hitched up by the fall of 1914, and the third vice-president also confirmed the statement to the effect that the five hundred-mile stretch from Sudbury to Port Arthur will be built in two years' time.

Mr. Hanna likewise expects that by that time there will be no less than six trains daily running from Montreal and Toronto to the Pacific coast two to be operated by the C. P. R., two by the Grand Trunk Pacific and two by the Canadian Northern. He also wants to know if Canada can give business enough for six daily transcontinental trains, why can she not support at least a daily steamer from Great Britain to the Canadian ports? This is what he says will happen, and travelers from Bristol to Halifax will only pass four nights on ship-board.

"There is no room for knockers here in Canada," said the third vice-president in conclusion, "and there is also room for three great railways."

PLAN OF CO-OPERATION IN HOME MISSION WORK

Recommendations Made by Committee of Presbyterian, Methodist and Congregational Churches.

The joint committee on co-operation in home mission work, duly constituted under the authority of the supreme courts of the Presbyterian, Methodist and Congregational churches, have submitted the result of their deliberations to the consideration of the churches concerned, and recommended the cordial adoption of the following plan for co-operation, and the immediate appointment by the local authorities of the various churches of the committees necessary to render it effective.

The committees appointed were as follows:

Presbyterian—Dr. McLaren, convenor; Dr. Somerville, Dr. Gilray and Dr. Nelth ministers; Messrs. A. S. Grant, J. A. Paterson, W. K. George and Lt.-Col. McCrae, with Messrs. Alexander Laird, Parkinson, Thos. Pindlay and Lt.-Col. Davidson as alternates.

Methodist—Rev. Dr. Carman, Rev. Dr. Chow, Rev. James Allen, Rev. Dr. W. J. L. Gordon and Messrs. Geo. H. Wilson and H. O'Hara.

The secretary of the Missionary Society of the Church of England in Canada, in reply to the communication sent to him, stated that in the Church of England in Canada, the work in each diocese is entirely under the control of the bishop of the diocese.

SONS OF ERIN TO UNITE IN ONE COMMON CAUSE

This Was the Message Which Inspired Meeting of Ancient Order of Hibernians.

"God Save Ireland," was the first greeting to the tremendous audience in Massey Hall last night at the concert of the Ancient Order of Hibernians. The next one was at the back of the hall: "Cead Mile Failte," only it was not spelled according to the canon of the Gaelic League. Those who came in after eight o'clock found the platform filled with 500 boys and girls, the girls in white with green ribbons in their hair, and the boys in their Sunday best. They were boys and girls in the Canadian sense, not the Irish, by which it is understood that a girl's a girl till she's married, but a boy's a boy all his life. These were little boys and their shrill voices sang the praises of "Hibernia's Champion Saint," a "Song of the Backwoods," "O'Donnell Aboo," and the American-Canadian Irish anthem, "God Save Ireland." The boys of St. Mary's Choir distinguished themselves in solo and part singing. There were twenty numbers on the program and twelve were added to them by encore.

At the opening of the second part the chairman requested that no more encores be demanded. The request was complied with except in the case of the four hand Irish reel danced in very neat and charming style by Miss Margaret Higgins, Miss Monica Hernon, C. H. Devine and Joe O'Leary, of the Gaelic League. The graceful measures were performed in true Irish fashion. Songs were rendered by Miss Sheila O'Leary, Miss Winifred McPherson, Miss Helen Dorland, Will J. White, Arthur Lehoussier, Frank Bernick and Charles Devine gave two excellent readings. Miss Angela Tone Green was the accompanist, and unprompted her heavy duties in the most graceful and tasteful way.

It was St. Patrick's night and the decorations of the hall were exclusively Irish, but any omission in this respect was compensated for in the chairman's speech.

A Contended Ireland.

Andrew T. Heron, the Church-street orator, made the address of the evening. He struck the new note of a contented Ireland. They had been suffering, he said, with stories of English control in Ireland, and the long and sorry story of perjury and injustice. It was not appropriate to an occasion like that when their hearts should be lifted up in thankfulness to their Heavenly Father for having made them all though scattered over the world, a numerous and powerful race. Mr. Heron divided the history of Ireland into three periods, the glorious, the martial and the sad, and he glanced over the striking features of the first, at a time when the English knives and nobles came to the Irish fountains of knowledge to perfect themselves for their duties. Turning to another point, Mr. Heron said:

Unity First Principle.

"I made reference to the religious antipathies that divide Irish Catholics and Protestants. Why should this be? They all profess to be followers of the one Divine Master, who taught mankind that charity was the greatest of all virtues. The Hibernians of Toronto reverse and cherish the memory of Robert Emmet and Wolfe Tone, both Protestants, above all others. We

YOUR FRIEND THE COP

Our color feature this week treats of the policeman. Nobody will admit until he needs him that the policeman is anything but an interfering and impudent fellow. This is the theme of the story we are giving you this week, embellished by a full-length portrait of one of "the finest" on the Toronto force.

"AT THE PARTING OF THE WAYS"

JACK CANUCK: And this is MY way.

CHEERED, SANG, THEN VOTED Premier's Resolution Carried on Party Division TO CONDEMN RECIPROCITY

Liberals Vied With Conservatives in Legislation in Vocal Demonstration of Loyalty to Empire—Canada Concerned With Living Present Says Sir James

Ringers cheered for the King and a demonstration of loyalty unexampled in the history of the Ontario Legislature formed the climax to the reciprocity debate.

The galleries were thronged with spectators when the house opened yesterday afternoon, and the preliminaries on the order paper were made short work of. When the prime minister rose to close the discussion, by a reply to Thursday's lengthy address of the leader of the opposition, expectancy was keyed up to a high pitch. Prolonged applause thundered from the government supporters, and their trusted chief proved his prowess by an argument delivered with a force, humor and vigor, culminating in a patriotic appeal, the effect of which was magical.

The anti-reciprocity resolution of the premier was carried on a straight party division, Allan Stuchholme, the labor member, voting with the opposition. Hon. A. G. MacKay's amendment was first defeated by 75 to 17, and the resolution carried by 74 to 17. Hon. I. B. Lucas was absent when the later division occurred.

A Severe Arraignment.

"It is my purpose this afternoon," said the premier, "to make some observations on the subject before this house and some observations in relation to certain statements in the amendment, the like of which were never before heard in this house."

"My honorable friend, the leader of the opposition, spoke yesterday for an hour and a half; read a compilation of mixed statistics, the truthfulness of which is not in question; and gave a wicked compilation of quotations respecting the attitude of a prominent Canadian statesman of the past. He gave the views of Sir John A. Macdonald, Sir Charles Tupper and other Canadian leaders of a generation ago, which have no value in considering the present reciprocity proposals. We are concerned with the living present. (Applause.) All we have to consider is how to bear ourselves that our children, when they come to look back upon our course of action in this crisis, will be proud to remember when the outlook was a hard one, and all owing to the action which was taken by the people to the south of us."

"At that time, when reciprocity was abrogated, many people did not know where to look for their next meal. The Dominion of Canada has emerged from that stage of pitiable condition of being, the sport and plaything of an imperial nation to the south of us, to stand forth as one of the foremost of

NOT A MEMBER

Manitoba Will Turn Down Laurier If Agreement is Persisted In.

MONTREAL, March 17.—(Special).—Hon. Robert Rogers, minister of public works, in the Manitoba Cabinet, who is here to-day, states in the most emphatic manner that if the federal cabinet were to dissolve to-morrow, on the reciprocity agreement, as they will have to do sooner or later, the Province of Manitoba would not send a single member to Ottawa in support of the agreement. Some of the fiercest words were delivered at first, says the minister, "but their eyes are thoroughly opened to the danger that lurks in the passage of the measure."

Mr. Rogers says that irrespective of the fate of the pact before the United States Congress, Sir Wilfrid Laurier will have to make his election on this question, and the minister has no fear of the result.

WILL DISCUSS RECIPROCITY.

At a meeting of the Centre and South Toronto Conservative Clubs on Monday night next, addresses on reciprocity will be given by H. B. Ames, M.P.; Jos. E. Armstrong, M.P.; A. E. Donovan, M.L.A., and A. H. Muegrovie, M.L.A. A large attendance is expected.

TO ENLARGE LARDER LAKE.

The World has been informed on excellent authority that the Larder Lake Mining district is to be considerably enlarged, and that the registry office is to be changed from its present location and removed to Matheson.

WILL PRODUCE ON FRIDAY.

It is stated that the Ontario Legislature will produce next Friday.

Kyrle Bellew a Matinee Idol.

The actor uses a romantic actor. They are like a Romeo actor. Kyrle Bellew, now playing at the Princess Theatre, is an ideal of both. He will give his last two performances in Toronto to-day. No doubt the fair sex will attend the matinee in large numbers to see Mr. Bellew in "Reveries," a most interesting and artistic play.

New Shipments of Spring Hats.

Every hat that is ready made in either New York or London, Eng., will be worn by men this spring is on view and sale at Dineen's. The Dineen Company is sole Canadian agent for Henry Heath of London, maker to His Majesty, and for Dunlop of New York. Store will be open until 10 o'clock Saturday night.

CALLED FELLOW MEMBER A LIAR

Wild Scene in House of Commons—Glen Campbell Reiterates Expression and Refuses to Withdraw—"You Can't Tell Me in the House, and You Can't Get Jim Jeffries to Do it Outside."

OTTAWA, March 17.—(Special).—While the estimates of the department of the interior came under consideration shortly before supper recess, a melee arose between Glen Campbell (Dauphin) and Dr. Neely (Humboldt). There was a discussion over certain alleged discrimination against home-steaders who were known to be Conservatives. Dr. Neely stated that no discrimination was made on political lines, and if there was, the minister of the interior would make an investigation.

In response to Conservative jeers Dr. Neely said: "It is known that my hon. friend (Mr. Campbell) has taken steps himself, on certain occasions, to lead even officials to do what was not in the best interests of the country."

"My hon. friend is a liar, absolutely a liar," said Glen Campbell.

There were cheers and cries of "Order."

"It will be necessary for my hon. friend to withdraw those words," said the Deputy Speaker.

"I called him a liar and I refuse to take it back!" Dr. Neely shifted in his seat nervously.

The Speaker insisted on considering the point of order he had raised.

"He had better talk of his honesty," said Mr. Campbell. "Where is the capital of Saskatchewan? What does it cost to vote for it?"

"The member for Dauphin will realize that he has spoken hastily, and also that his words are not parliamentary. I think that will be sufficient to cause him to withdraw them," said the Deputy Speaker.

Defensive Alliance Not His Meaning

Sir Edward Grey Corrects Misapprehensions Regarding His Anglo-American Arbitration Speech.

LONDON, March 17.—Sir Edward Grey further developed his views on arbitration at the annual banquet tonight of the International Arbitration League, and corrected some misapprehensions which had arisen regarding his now famous speech in the house of commons, in which he gave support to the suggestion of President Taft for an Anglo-American treaty providing for the settlement by arbitration of any question that might arise between the two governments.

"I observe," said the foreign secretary this evening, "that some of the words I used the other day are being construed as if a general arbitration treaty between these two great nations would be tantamount to a defensive alliance between them. If a general arbitration treaty were made between two great nations and became firmly rooted in the feelings of both countries, and if one of them was in the course of time made the object of an attack in a dispute with a third power, in which arbitration had been offered to and refused by the third power, certainly, I think, there would be a strong sympathy between the two powers who had made the general arbitration treaty. But that is a matter which depends upon public opinion, and in which opinion will take care of itself."

"To introduce any such condition or stipulation into an arbitration treaty would impair the chances of it here or elsewhere. It might even lead other countries to suppose that the arbitration treaty between the two powers was directed against one or more of those powers. That would completely spoil its possible effect in mitigating the general expenditure on armaments."

Far-reaching Effects.

"If an arbitration treaty is made between two countries on the lines sketched out as possible by the president of the U. S., let it be done between the two powers concerned without 'arrière pensee' (by-purpose) but don't let them set narrow bounds to their hopes of the beneficial results which may develop from it in the course of time—results which, I think, must extend far beyond the two countries originally concerned."

"The effect on the world at large of the example would be bound to have beneficial consequences. To set a good example is to hope that others will follow it, and if others of the great powers did follow, there would eventually be something like a league of peace. These things must, however, make their way by their own weight. They cannot be forced. There must be a beginning before there can be any progress, and after a beginning the rate of further progress must depend upon circumstances and upon that obliging and flowing in men's feelings and ideas which escapes analysis, and which makes possible at one time things that are not possible at another."

"I do not wish to cumber the idea of President Taft by too much speculation upon all that might follow from it, but the thought of the future possibilities is an encouragement which should not be grudged or denied."

Denmark Would Co-operate.

COPENHAGEN, March 17.—The Danish foreign office to-day sent a letter to the peace bureau at Bern, Switzerland, saying that Denmark will accept the American government's invitation to appoint a commission on the lines authorized by congress to promote arbitration among nations and for the limitation of armaments.

THE ROBERT SIMPSON COMPANY LIMITED

RECIPROCITY.

Editor World: "Walk into my parlor," said the spider to the fly. In accepting the invitation of President Taft to draw up the reciprocity agreement the government of Sir Wilfrid Laurier represents the poetic fly. The motive of the poetic spider was to obtain a meal; that of President Taft was to head off a Democratic political triumph at the next presidential election. To the ordinary student of letters the speech of Sir Wilfrid Laurier is a gem without a setting, a sermon without a text. The speech of Hon. Clifford Sifton, on the other hand, is a large analysis of the fundamental principles that underlie the reciprocity agreement. The people of Canada who do their own thinking, and there are a great many "who do some thinking for themselves," realize that Sir Wilfrid's grasp of the question, in all its details, and his courage in stating his views in parliament, are entitled to the most serious consideration by the citizens of this Dominion. Whereas the violence of Sir Wilfrid was a mere segregation of political reminiscences supplemented with flowery phraseology, with the evident design to hide the animosity he entertains to the up-building and prestige of the empire under a trade policy of inter-imperial preferential treatment, the proposal of R. L. Borden, to have the adoption of the agreement postponed until the people have an opportunity to express their approval, has produced in the country a profound impression. The Canadian public are in a mood to place confidence in the public man who is prepared to trust the people. No confidence can be reposed in any set of men who secretly barter away the public rights of the people, at the request of a foreign country.

The Worth-While Person.

Certain qualities go to the making of any human being whom other human beings esteem. Certain ingredients are necessary to make a man as dear as yeast to bread, or iron and carbon to steel. You cannot make them any other way. There is a combination of steadiness of purpose, broadness of mind, kindness, wholesome common sense, justice, perhaps a flash of humor, certainly a capacity for the task in hand, that produces a worthy person. The combination occurs in every rank in life. You find it as often in the kitchen as in the board room, perhaps, in the field than in the office. The people who are so composed have spiritual length, breadth, thickness; they are made of three dimensions. Everybody feels alike about them.—Atlantic Monthly.

Bread on the Waters.

"Just one word of advice, son, before you go out into the world."

"Yes, dad."

"Always be kind to Democrats. They have their turn now and then."—Louisville Courier-Journal.

Pimples Off In 5 Days

The New Calcium Sulphide Treatment Does Wonders to Every Kind of Skin Eruption.

Trials Package Sent Free to Prove It.

You don't want to wait forever and a day to get rid of pimples or other skin eruptions. You want to get rid of them right now. Next week you may want to go somewhere where you wouldn't like to have to take the pimples along.

You can get rid of them just in time by taking Stuart's Calcium Sulphide. These wonderful little workers have cured bad boils in three days, and some of the worst cases of skin disease in a week.

They contain as their main ingredient the most thorough quick and effective blood cleanser known, calcium sulphide.

Remember this, too, that most pimple treatments reek with poison. And they are miserably slow besides.

Stuart's Calcium Wafers have not a particle of poison in them. They are free from mercury, biting drugs or venomous opiates. This is absolutely guaranteed. They cannot do any harm, but they always do good—good that you can see in the mirror before your own eyes a few days after.

Don't be any longer humiliated by having a spotted face. Don't have strangers stare at you, or allow your friends to be ashamed of you because of your face.

Your blood makes you what you are. The men and women who face ahead are those with pure blood and pure faces.

Stuart's Calcium Wafers will make you happy because your face will be a welcome sight not only to yourself when you look into the glass, but to everybody else who knows you and talks with you.

We want to prove to you that Stuart's Calcium Wafers are beyond doubt the best and quickest blood and skin purifier in the world—so we will send you a free sample as soon as we get your name and address. Send for it to-day, and then when you have tried the sample you will not rest contented until you have bought a box of your drugstore's.

Send your name and address to-day and we will name them according as mail a sample package, free. Address: F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.

HAMILTON HAPPENINGS

OBJECT TO PRISONERS WORKING ON NEW JAIL

Guelph Trades and Labor Council Seek To Enlist Aid of Hamilton Brethren.

HAMILTON, March 17.—(Special)—At the regular meeting of the trades and labor council to-night a communication was received from the Guelph Trades and Labor Council requesting the local council to endorse a petition to the provincial government requesting that the employment of prison labor on prison buildings at Guelph be discontinued. The Guelphites state that they did not object to long term prisoners doing this kind of work, but they protested against short term criminals being put to it, as they claimed that, owing to the short time given them to learn, they were turned out inexperienced workmen. The communication was referred to the executive. Action was deferred on the request of the Workmen's Club that a May Day celebration be instituted. There was a death occurred suddenly this afternoon of J. H. Atkinson, 122 North-west-avenue, an employee of George F. Webb, contractor, for 30 years. His mother died only 10 days ago.

Tonight the Ancient Order of Hibernians commemorated St. Patrick by holding their annual concert in the Grand Opera House. There was a large attendance, among those present being Mayor Lees and the members of the board of control and their wives. A banquet was held after the concert, under the auspices of St. Patrick's Club. The chief speakers were George S. Lynch, St. John's, K.C., C. R. McMillan, M. J. O'Reilly, K.C., and J. B. Nelligan.

There was a small fire at the Garside Thompson Pipe Foundry to-night.

Professor Squat of Toronto University addressed the Hamilton Association to-night on French art.

It was announced to-night that the following would represent the 13th Royal Regiment at the coronation: Sergt. C. G. Wheeler, Q.M.S. I. Nicholson and Col. Sergt. A. Stone.

The Canadian Pacific Railway, it was announced to-day, is preparing to let contracts for the building of a line from Hamilton to Guelph Junction, along the Hamilton branch with 20 miles of the C.P.R. road to Goderich and district. It is expected that this line to Guelph will be completed by Christmas.

RECIPROCITY.

Editor World: The Star adheres to the position that Sir James Whitney and the Ontario Legislature had no authority to pass a reciprocity resolution. Sir James Whitney had constitutional grounds for so doing, for the reason that the reciprocity agreement is a treaty, and the natural resources and raw materials of the province, such as minerals, timber, lumber, pulpwood and other natural products, are the property of the province. The government-operated railroad would feel the effect of the agreement by traffic being diverted to the south. The electrical power development and corporate interests would all be affected should the treaty be ratified. All the resources of the province of Ontario would be menaced to the same extent. These facts cannot be ignored by the Liberal Government at Ottawa. The House of Commons still has in power (and no disrespect towards Sir George Ross is intended) all the bunch of lobbyists who have got their hands on Cobalt and Porcupine, to say nothing of electrical power development charters; it would not be exaggerating in the least to state that the mischief would in all probability have had to be called out to maintain law and order in the mining districts. The Whitney hydro-electric power policy has been a godsend to the province and one of the best constructive policies ever put thru parliament in the interests of the people. The liquor traffic has been put under better control and regulation than the late Ross government was ever capable of doing. The benefits that the Whitney government have conferred on the province will be lasting and permanent. There is no reason to believe that the supporters of the reciprocity agreement regarding Sir John A. Macdonald's resolution on reciprocity treaties. The fact is Sir John A. Macdonald adopted the national policy as of paramount importance to safeguard Canada's interests so that any reciprocity agreement should be better arranged with other countries; and it is undoubtedly certain that Sir John A. Macdonald would have shown the least sincerity in negotiating a treaty with Canada. The last congress utterly ignored the reciprocity agreement, and for what object does the Laurier government insist on pushing the agreement thru parliament? The government would be doing the proper thing by dropping the proceedings altogether and thus relieving the country of anxiety, for the people do not want it. Conditions have greatly changed since Sir John A. Macdonald's time, and Canada is going along immensely to prosperity, and it is safe to say that Sir John A. Macdonald, were he in life, would not advise any change in Canada's fiscal policy at the present time.

William G. McMillan.

Toronto, March 15, 1911.

Appreciates Muskoka in Winter.

The following letter has been received by the passenger department of the Grand Trunk Railway System:

"Am wondering why you do not advertise Muskoka as a 'Winter Resort.' I've been there for 10 days recuperating after grippe and have gained 10 lbs. good color, etc. People in Toronto want to get away from the dirt, dust and grippe of city life. In Gravenhurst I've enjoyed skiing, sleighing with dogs (Great Danes) and horses; boating, skating and tobogganing; and all according as they gave me pleasure and health. Am not tubercular and am a woman of between 40 and 50."

Tea Time Talks

Fresh Picked Tea

There's a fresh picking of "Salada" tea every week, and all the year round on "Salada" plantations. The Ceylon climate makes this possible. As a consequence "Salada" is always fresh from plantation to purchaser.

This is another factor in the supreme deliciousness of "Salada." Bulk tea grows old and stale rapidly. But "Salada" tea is always fresh. Its newly picked leaves and buds are packed in air-tight lead packages, to insure uniform goodness.

Bulk teas, being unprotected, cannot escape deterioration.

Ask your grocer for "Salada" Tea or send for a free trial package which makes 25 cups of delicious tea. We will mail it to you without charge. Say whether you use Black, Mixed or Green Tea and the price you pay per pound.

The "Salada" Tea Co.

32 Yonge Street Toronto

ST. PATRICK HONORED BY IRISH PROTESTANTS

Annal Banquet Was Occasion of Good Cheer and Bright Addresses.

A notable array of over 200 sons of Erin, all "wearing the green," gathered at the 27th annual dinner of the Irish Protestant Benefit Society at the Queen's Hotel last night, and listened to stirring speeches by prominent men on topics of interest to Irish Canadians, interspersed with music and songs of the kind that find echo in every Irish heart.

George B. Sweetman, soon to retire as president of the society, was in the chair. He spoke briefly on the advantages of charity. "I used to think it was cold and heartless," he said, "but now I realize it to be the only kind of charity enduring. Charity should have a definite plan, and should not only work for, but with a man."

He spoke strongly against the lack of sanitation in Toronto's cheap lodging houses. "On investigating conditions," he said, "I was surprised to find that disease was more prevalent in the city. Homes for homeless men should be licensed and put under police inspection. Toronto should have a municipal boarding house, with the work test attached."

Mr. Sweetman declared he had found it increasingly difficult to place aged people in the homes for the aged. "I place their aged parents in these places, and pay so much a week, thus crowding and the charitable side of the institution."

In closing, he remarked that the year just passed was the most agonizing.

SPRING REMINDERS OF RHEUMATISM

Raw, Damp Weather Starts the Pain, but the Trouble Lies in the Blood.

Spring weather is bad for rheumatic sufferers. The sudden change from mild to severe weather, cold, raw, damp winds following mildness, start the aches and twinges, or in more extreme cases, the twinges of the trouble going on. The trouble is not in the weather that causes rheumatism, the trouble is rooted in the blood—the changeable weather merely starts the pain. The trouble is not in the weather that causes rheumatism, the trouble is rooted in the blood—the changeable weather merely starts the pain. The trouble is not in the weather that causes rheumatism, the trouble is rooted in the blood—the changeable weather merely starts the pain.

The Preponderance of Evidence.

"You are wrong my friend," said the driver. "I say I wasn't, and here's a \$10 bill that says I wasn't."

"All right," returned the constable, "you've got the money. With it to one against me, I ain't goin' to subject the county to the expense of a trial."

Harper's Weekly.

Liquor and Tobacco Habits

CHEERED, SAIG, VOTED AGAINST RECIPROCITY

Continued From Page 1.

the outposts of the British Empire, and is free to reject all the songs of the siren, as some called the present voices of the people to the south of us.

Canada Not to Be Driven. "Sir John A. Macdonald gasped during his life in his efforts for imperial unity.

Canada has waxed fat and will not allow foreigners to trespass on her future and will not be driven apart from the imperial pathway. It was a comforting thought that imperialism is the strong characteristic of both political parties of the present day.

The remarkable feature of the address on the subject from the other side of the house is that all the speakers, from the whip down to the leader, have dwelt on the mere sordid details of the effect on the empire, but have only discussed the very slight higher price paid in Buffalo for hogs and lambs.

"I was struck with the circumstance that the member for West Huron stated that Mr. Taft was not a tempter. The tempter was the market in Buffalo. He contrasted Toronto and Buffalo, but did not mention the wider difference between the prices in Buffalo and Chicago and Omaha.

"The amendment suggests that the loyalty of Canada is a purchasable property."

Herbert Lennox: "He may be sorry for it." (Applause.)

"No one questions that in all this country all are united in the one idea of Canadian nationhood and a desire to solidify the British Empire.

"Defects I have, many of them; the leader of the opposition has some a few. (Laughter.) He's poor illustrator, but, like all poor illustrators, he doesn't see that point himself.

Attack on Van Horn. "I read recently in that old reliable journal, The Globe, that at Bowmanville he denounced Sir William Van Horn for investing Canadian money in Cuba.

"What has that to do with the reciprocity issue? Then he said that during the C.P.R.'s excessive freight rates a farmer who bought a bull calf at Calgary led it 100 miles, led it all the way and saved an average of \$3 a day during the journey. (Laughter.) The farmer led the bull all the way. (Laughter.)

The rope afforded unrestricted reciprocity between the farmer and the bull. Those of us who were brought up on the farm understand how much withal the farmer required the next day.

There has been no direct attempt to answer the statements of Mr. Taft. J. H. Hill, Champ Clark and Senator Beveridge, that reciprocity will draw Canada towards the United States. The only effect, according to the opposition leader's speech, will be two cents more a pound for lamb and \$1 per cent. more for hogs.

Opens Up Chasm.

The serious effect would be that it would separate our east from our west. That just as we have fastened the hooks of commercial activity on all parts of Canada, that as Canadians have just stepped out on the mountain of nationhood, the temper and ardor the Dominion is asked to step aside and let a national party of American politicians do not expect immediate annexation, but their whole idea is to gradually lead the people of Canada towards annexation.

I have received a letter from a Roman Catholic friend who lives in Montreal, but is in Wilmington, Del., who says that reciprocity spells annexation. He spent the last two weeks in Washington where the hope of annexing Canada was the greatest influence used in congress. He writes: "I hope it is not yet too late to stir up that fine old British sentiment so that Canada will continue to stand true to that grand old flag which has waved 1000 years, and is still good enough for me."

The general effect, proceeded Sir James, is to separate the different parts of the country. If you sever the ligaments of trade it will destroy all that has been accomplished for the eastern end of the great transcontinental lines, and render them practically useless and trade activities will be neutralized all over the Dominion of Canada.

Sir James quoted the warnings of Hon. Clifford Sifton, and other Liberals of the insidious influence of the reciprocity pact and closed by asking if it is ratified "how can we guarantee what will happen ten or fifteen years from now if Canadians abandon that sense of happiness and prosperity which has been with them so many years?"

A Wave of Patriotism.

A scene of inspiring patriotism was the immediate sequel. Differences of resolution and amendment appeared to become forgotten. Capt. Machin, Kennebec, led off by starting the "Maple Leaf." Alex. Muir's matchless Canadian anthem was rendered with impressive force and vigor by the hundred sturdy legislators, irrespective of party. The chorus of "Rule Britannia" followed, and instinctively every person present rose in every part of the house, including all the galleries, and "God Save the King," attested by its volume and ring that the Ontario Legislature is British to the core.

Cheers for the King scarcely sufficed to give full vent to the enthusiasm of the inspiring moment.

The division was on strict party lines, except that Allan Stanbome, who usually votes with the government, voted for the amendment.

The vote on the amendment was: Ayes, 17; nays, 73; majority against.

On the resolution against the reciprocity agreement, ayes, 74; nays, 17; majority 57. The chances of one vote was caused by Hon. I. B. Lucas having to leave to catch a train.

Stanhope Instructed.

Allan Stanbome (Labor, East Hamilton) created a scene at the close of the afternoon sitting of the legislature by demanding the right to again speak against the colonization policy of the government.

Sir James Whitney started his following by demanding that the speaker be raised near Torre Anunziata, at the foot of Vesuvius. The caterpillars are killed just as they are about to begin the spinning of cocoons, the silk glands

EATON'S DAILY STORE NEWS

Hair Dressing, Manicuring and Chiropody Sections on Second Floor, Yonge St. Annex.

Here's the Greatest Assortment of Men's Clothing That We've Ever Offered

And those who've been acquainted with the vast stocks of clothing we've shown at other seasons will appreciate what a tremendous aggregation must now be ready for the spring buying.

The great advantage of such an assortment is that no matter what price you wish to pay, what material or color you want or what style you prefer there's a choice ready for you that leaves little to be desired, and as an instance of the extra good values we're giving here's an offer that should bring a crowd Monday morning.

A Man's Serviceable, Good-Fitting, Well-Made Spring Suit for \$7.49

Had we purchased these suits in the regular way we could not offer them at this price.

Spring suits in the darker shades of worsteds and tweeds, in browns, olives and greys, mostly in neat stripe designs. They're made in the three-buttoned sack style, with well shaped lapels and close fitting collar and well made shoulders. The tailoring on these garments has been well done and they are lined with a good quality twilled Italian lining; sizes 35 to 44. Price... 7.49

Suits of Snap and Style for Young Men

Young men's stylish suits, in new spring designs. This line is made of a fine plu check worsted, also shadow striped patterns in fawns and greys, medium and light shades, beautifully tailored in the 3-buttoned sack style, with nice length lapels and vent in back, trousers have belt loops and cuff bottoms, good trimmings; sizes 32 to 37... 12.50

Snappy smart models for young men in nice English worsteds, in olive and medium dark grey, herringbone and check effects, long lapels, close fitting collar, trousers fashionably cut with cuff bottom and belt loops. The coats are made in the three-buttoned single-breasted sack model and have good Italian linings and trimmings to match; sizes 32 to 37... 13.50

Navy blue suits in fine cheviot finished serges, also Clay twilled materials made up in stylish three-buttoned single-breasted sack shape for young men, long shapely coats, stylish lapels, good fitting collars. Trousers cut in the fashionable style with cuff bottoms and belt loops, well lined and made up and neatly trimmed; sizes 32 to 37 inch chest... 13.50

We Have Priced These Trousers to Bring a Swarm of Early Monday Morning Shoppers

To make room for other goods we want to clear a line of men's trousers, and have marked them at a price much below the figures at which they usually sell.

They're made of fine English worsteds, of solid materials that will give good service, in dark striped patterns, well tailored and neatly cut, with two side, two hip and a watch pocket and straps at side of waist; sizes 32 to 42-inch waist. Price... 1.99 —Main Floor—Queen Street.

Big Boy's Spring Overcoat, \$6.00

A topper for a youth—made in a man's model—very stylish. Coat fashioned after the popular season's style in men's coats. It is made from medium grey tweed in the season's designs, diagonal and small fancy patterns—single-breasted button-through style—nicely tailored and with good linings; sizes 29 to 33. Price... 6.00

Boys' spring-weight reefers in a neat all-wool cloth in shepherd's plaid, black and white check pattern, double-breasted model, with black velvet collar, emblem on sleeve, fine twill serge linings; sizes 3 to 8 years. Price... 4.50

Boys' Peter Thompson reefers, double-breasted, made in nice style from all-wool navy blue cheviot serge cloth, with brass buttons, emblem and strap on arm, good durable linings and trimmings; sizes 21 to 27. Price... 4.25

—Main Floor—Queen Street.

Fashion Favors Bloomer Suits for Small Boys' Wear

And here is something in the correct style that should prove very popular. This suit has a high-class, stylish appearance.

Made of high-grade fabrics of beautiful texture, mid-grey in color, in small, neat designs, very appropriate for spring and summer wear—coats are well tailored and are lined with lustre material—double-breasted style with well formed shoulders and medium length lapels—some have patch pockets. Suits that are made to wear well, as well as to look well. The bloomers are in the new style with straps and buckles at the knee, belt loops and a watch pocket; sizes 29 to 33. Price... 6.00

Boys' smart bloomer suits in the three-button double-breasted style, plain, long fitting coat with side vents. The material is an imported tweed in a handsome mixed grey pattern with serviceable Italian linings, neat full fitting bloomers with straps and buckles at knee; sizes 24 to 28. Price... 3.00

Boys' three-piece suits in single or double-breasted models of imported English tweeds; patterns of dark and mid-grey, with faint colored stripes, strong Italian cloth linings, lined knee pants; sizes 28 to 33. Price 3.75

Full Value in a Man's High-Class Shirt

It is not always right to blame the laundryman when your shirt is returned to you torn. The fault may have been with the shirt. Here are High-Grade Shirts that wear with satisfaction; they're made by Earl & Wilson, leading manufacturers of shirts in the United States. The material is of beautiful quality in the season's new patterns; in narrow stripe effects, carefully tailored. The bodies are cut to fit, and there are small cuffs attached. Sizes 14 to 17 1/2. Price... 2.00

Wolsey Wool Underwear Is Guaranteed Not to Shrink

That means that it will give comfort to the wearer. If you have ever felt these garments, you can realize how comfortable they would be to wear. They are made of selected Australian wool, that will not "felt," made with great care, with beige facings, ribbed cuffs and skirt, and neatly finished neck. Great value. This line is a beautiful weight for Spring wear. Sizes 34 to 46. Price... 1.25 —Main Floor—Queen Street.

ORANGE GRAND LODGE WILL MEET IN KINGSTON

Col. J. H. Clark Elected Grand Master at Concluding Session Yesterday.

SMITH'S FALLS, March 17.—(Special)—St. Patrick's Day was well advanced before the concluding session of the Grand Lodge of Ontario East was finished. The election of officers was held at this meeting and resulted as follows:

Grand master, Col. John Hughes Clark; rt. wor. deputy-grand master, S. W. Forde, Ottawa; rt. wor. junior deputy grand master, Rev. R. H. Steacy, Ottawa West; rt. wor. grand chaplain, Rev. W. F. Fitzgerald, Kingston; rt. wor. grand treasurer, Robert Gordon, Tweed; rt. wor. grand secretary, F. M. Clark, Belleville; rt. wor. grand lecturer, Thompson; rt. wor. grand director of ceremonies, O. W. Landon, Melcombe; rt. wor. grand auditors, George McGookin, Brockville, and W. C. Reid, Belleville.

Kingston was decided upon as the next place of meeting.

Smith's Falls had the largest number of delegates that ever attended a Grand Lodge meeting of Ontario East.

GIVEN TEN YEARS

White Slaver Sentenced at Chicago—Fought the Officers.

CHICAGO, March 17.—Judge Landis in the U.S. District Court to-day sentenced Edward S. Nichols, who was convicted of having enticed Elsie Ferrer, 13 years old, to Hammond, Ind., in violation of the Mann "White Slave" statute, to ten years' imprisonment in the federal prison at Fort Leavenworth, Kan.

While the court was reading sentence, secret service operatives of the department of justice were arresting Jacob Finkelshtein on the charge of having placed his young wife in improper places in El Paso, in Mexico, and in California, and of abandoning her thereafter, taking \$5000 of her earnings to purchase a saloon property.

DORIC QUARTET SUNDAY NIGHT AT MASSEY HALL.

The People's Sunday's services to-morrow night at Massey Hall will be of special interest. The famous Doric Quartet will present a program of suitable selections, one of which will be sung as a memorial of the late John Hewitt, the life-long friend of Mr. Wilkinson, who conducts these popular services, and to whom he will pay a tribute. The subject of the pictorial is "The Dethroned King of Terrors: How he lost his Crown." This is one of the Lenten sermons of the Bishop of London, which a famous English artist has illustrated, and is one of a series at present used by the Anglican Church in England. Mr. Wilkinson has engaged for the month of April the services of the new symphony orchestra, the Philharmonic. They will continue till May.

NO ONE TO BLAME.

NIAGARA FALLS, Ont., March 17.—(Special)—After being out about half an hour the jury to-night brought in a verdict in the inquest into the circumstances surrounding the explosion at the Ontario Paper Co.'s power house two weeks ago, which resulted in four deaths; that the explosion was caused by an escape of gas in tunnel No. 5, the cause of the leak being unknown. They hold no one responsible.

St. Joseph's Alumnae. The Alumnae of St. Joseph's Academy, St. Alban-street, will meet at the Academy on St. Joseph's Day, Sunday, March 19, at 3.30. All Alumnae are invited to be present.

TUNNEL OUT INTO LAKE SOLUTION, SAYS RUST

Work Will Take Several Years and Prove Costly, But Must Ultimately Be Carried Out.

City Engineer Rust announced yesterday that he is contemplating submitting to the city council a plan to drive a tunnel under the bed of the lake south from the island shore.

In this connection he says: "From the results of the troubles which we are undergoing at present, it appears to me that the only solution of our water problem will be the construction of a tunnel out into Lake Ontario. This work will be expensive and will require three or four years for completion. In the meantime, if the consumption of water keeps on increasing, it will be necessary to lay an additional intake pipe at once."

This will not interfere with the work of the investigations by Judge Winchester and the experts appointed by council. If they decide to take our supply of water from Lake Simcoe it will require several years to complete a system. The same applies to any scheme of tunneling off Mimico.

DELICATE BABIES NEED BABY'S OWN TABLETS.

Mrs. H. L. Booth, Fay Mills, N.B., writes: "I think Baby's Own Tablets are an excellent remedy to keep in the house and I would not be without them. My baby was not exactly sick but was very delicate and I gave him the Tablets and they have made him strong and healthy." Such is the testimony of thousands of mothers. Baby's Own Tablets always do good—never harm. They can be given with absolute safety to the youngest child, as they are guaranteed by a government analysis to contain no harmful drugs. Never give baby "soothing" stuffs—that only does him harm. Give him a medicine that will act right on the root of his trouble. A medicine that will strengthen his stomach, regulate his bowels, sweeten the breath and make him bright, healthy and strong—such a medicine is Baby's Own Tablets. They are sold by medicine dealers or at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Point. We are now pumping our capacity thru one intake pipe and the recent break shows that it is impossible to depend longer upon it.

The city engineer at the "armchair critics," as he styled some individuals who have been offering advice to the department. He says that he is much interested in getting the repairs made as anyone possibly could be and is willing to accept the services of any contractor who will undertake to do it more speedily than he can. No dependence, he says, can be placed on any work being done on the lake after September, and the difficulties the department has encountered in the present instance, he argues, justify the contention.

It is the intention of the waterworks department to clear the conduit of sand out to the break 600 feet from the shore and place a sleeve over the end of the pipe at this point, and make it a temporary intake. Deputy Engineer Fellows is now clearing the pipe and expects if no further difficulties are encountered to give the city lake water not later than the end of next week. It is believed that about 400 feet of the pipe are now completely free from sand, although the difficulty of getting divers down to make an examination makes this surmise more or less guesswork.

Net Typhoid-Laden Water.

While there is considerable uneasiness in many quarters over the possibilities of a general outbreak of typhoid fever, the map of the city with the position of typhoid fever cases marked by spots of red ink prepared by Dr. Nammoth, city bacteriologist, as considered by Dr. Hastings to demonstrate that the present supply, after treatment, comparatively safe.

It shows that of the 21 cases at the city hospitals so far this month, only 15 are in the district which has been using the lagoon water regularly. Of the other 16 there are 15 from West Toronto, which up to two weeks ago was drawing its water supply from the Humber Bay. The other one is from outside the city limits, and the patient was using well water at Swansea.

Up to the time that the medical health department was informed that not supported by the water which had been a prevalence of dysentery in West Toronto, what was formerly Toronto Junction was drawing its water from the old system, from which it was supplied previous to annexation. This was the first intimation that Dr. Hastings had that the entire city was drawing its water from the old system, and he had been treated with cholera. He at once arranged with Dr. Nammoth to go out and take samples of the water, and an analysis showed it to be polluted. The Humber water was immediately

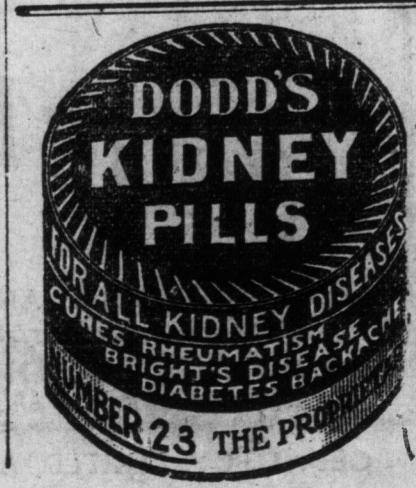

shut off and the city's supply turned into the mains, or, more correctly speaking, the city supply was the only one admitted to the mains. Previous to this the mains between the city and West Toronto were connected.

Lucky Riverside. A peculiar feature of the map prepared by Dr. Nammoth is that all the cases are west of the Don, and there are more numerous toward the western side of the city. Only two are north of College-street in the old portion of the city and they are well over the West Toronto line. The excuse given for keeping the old system in use in the west was that the pressure from the city mains was not sufficient. That of the West Toronto system was higher than the city pressure down town. It was suggested to Dr. Hastings that the cases of fever in the city east of the Junction line might be due to the fact of the Humber water being forced down by the higher pressure and whether this is true or not it is a peculiar coincidence that all the cases lay in a direction which might suggest such a possibility.

The automatic chlorinator ordered by the city is being installed and will be complete in about ten days. When in operation it regulates the supply of chlorine according to the flow of water.

No More Divers Needed.

While the water at present used is reported by the medical health department to be practically safe no efforts are being spared to guard against any possibility of polluted water reaching the mains. The mayor and the board of control are thoroughly aroused to the gravity of the situation, and Controller Church's effort to hasten the repair of the intake by

putting on additional plant and men is likely to have results.

Regarding the putting on of additional men City Engineer Rust has expressed a doubt as to the feasibility of putting down more divers. He is of the opinion that they will only get tangled up in the apparatus. He points out that as a result of one of the divers getting in contact with a log and coming his life line tangled he nearly lost his life. He reiterates his statement that it is not a question of more plant, but of better weather.

JUST LIKE UNCLE SAM.

ST. PETERSBURG, March 17.—Large bodies of Russian troops en route for China are concentrated at Sharkent, about sixty miles west of Kulja. An official communication announcing the movement of the troops euphemistically describes it as "a test of mobilization."

Young People's Missions.

Rev. H. C. Priest of the Young People's Forward Missionary Movement, will speak at the Missionary Institute to be held under Y.P.F.M.M. auspices in Wingham on Monday and Tuesday of next week. Mrs. F. C. Stephenson, Rev. J. C. Cameron, B.A., Rev. A. E. Armstrong, Rev. W. A. West and Canon Gould will be among the other speakers.

Home-seekers' Excursions.

to Western Canada (via Chicago) including all points on Grand Trunk Pacific Railway, April 4, 18; May 2, 16, 30; June 13, 27; July 11, 25; August 8, 22; Sept. 5, 19. Winnipeg and return, \$32. Edmonton and return, \$41. Tickets to principal points in Manitoba, Saskatchewan and Alberta. Secure tickets and illustrated literature from any Grand Trunk Agent, or address A. E. Duffy, District Passenger Agent, Toronto, Ont.

Liner Burned.

LONDON, March 17.—The Furness Line freight steamer North Point, which called this morning for Philadelphia, was destroyed by fire in the Thames two hours after she left her wharf. The crew of forty were taken off in safety, after the vessel had been beached. She carried no passengers.

Minister's Little Gun Play.

Chief Justice Falconbridge yesterday quashed the conviction of Rev. J. M. Haith, a minister of Delhi, who was fined \$5 for firing a revolver on a public highway during a raid on a disorderly house, for purposes of intimidating some men who were running away.

AUTOMOBILE

A good, thoroughly reliable, high-grade automobile. Must be sold. Capacity, five passenger. \$450. BOX 28.

CONSERVATIVE CANDIDATES.

ESSEX, March 17.—By a unanimous vote the Liberal-Conservatives of South Essex to-day nominated Dr. Fred Park of Amherstburg for the house of commons, and Dr. C. N. Anderson of Leamington for the legislature.

Suffered for Years From Constipation and Sick Headache.

Headache seems habitual with many people; indeed, some are seldom, if ever, free from it, suffering continually, and wondering why they can get no relief. The most frequent of all are bilious or sick headaches, and are caused by some derangement of the stomach or bowels, or both.

Burdock Blood Bitters regulates the digestive and biliary organs, removes acidity of the stomach, improves digestion, regulates the constipated bowels, and promotes a perfect circulation of pure blood to all portions of the body.

Mrs. C. Meslows, Clarkburg, Ont., writes: "For years I was troubled with sick headache and dizziness, and was also emaciated. I was advised to try Burdock Blood Bitters. I only took three bottles of the medicine, and now feel like a new person as I am completely cured. I can truthfully testify that B.B.B. is the best medicine I have ever used."

Burdock Blood Bitters, has during the last 35 years, built up an unrivalled reputation as a cure for all troubles arising from a constipated condition of the bowels. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Varsity Harriers Cricket Bowling West Wins At Buffalo Fencing Y.M.C.A.

Note and Comment

The building of the pari-mutuel shed at the Woodbine is now under way and when completed will be nothing less than a race-track counting house.

There will be no hurrying to the Woodbine to get the long prices first put up. Just get in one of the twenty-one semi-circular lines after you have the right change, buy your ticket and await results.

The following gentlemen have been invited to act as Horse Show Judges: James T. Hyde, New York; Clarence H. Moore, Washington, D.C.; Col. C. A. Pratt, Little Rock, Ark.; E. M. Lowry, Pittsburgh, Pa.; Julian C. Keith, Warrenton, Va.; Ed. Sheppard, Montreal, Que.; S. B. Fuller, Woodstock, Ont.; William Smith, Columbus, Peter Christie, Manchester, N.B.; W. Benson, St. Catharines; Entries close April 8 with the secretary, W. G. Kirk, 12 East Wellington-street. The show opens in the armories April 21.

The day passed off peacefully. Except for a few sprigs of green, mostly artificial, the atmosphere was casual and serene. The crowd was not so large as it was in the previous year.

An Irishman at the Metropolitan Hotel told a good story of the late Deputy Chief Stewart, who liked to see them "wink" at the police. The man who interpreted the boxing rules that local referees must conform to this day.

It is a good many years now since the last of the old-time barroom brawls was seen, and much progress, in a certain way, has been made. In sport of the once champion of the ring, while in the old days it was prize-fighting, now it is prize-fighting and prize-fighting.

Our Sporting Editor World: On behalf of our athletic association, kindly accept our sincere thanks for the kind and generous way in which you received my letter of recent date.

Many Outside Boxers Ask For Entry Blanks. The announcement that the Canadian Boxing Championships were to be held on Thursday, April 13, at the Hotel Toronto, has brought communications from the Atlantic to the Pacific, asking for blank cards.

TEAM FENCING HONORS DECIDED AT THE CENTRAL

McKissock, Wood and Collier Prove the Best of Five Teams—Singles To-night. The Dominion Y.M.C.A. fencing championships opened last night, when the contest for the handsome shield given for team competition was settled.

The first preliminary round of bouts eliminated the fourth team, consisting of Giesche, Dovenor and Wheeler, and left the other three teams tied. The second round showed some fine bouts. Johnson defeated Nordheimer, Wood, McKissock won from Nordheimer, Collier defeated Lightwood, Jr.

This left the third team, consisting of McKissock, Wood and Collier, first, with only nine points scored against them; the other two teams being tied, having 14 points apiece scored against them.

The officials were: Referee—Dr. Bartlett; Judges—Prof. Williams, Scott-Fred, Mac-Judges—F. J. Smith, C. Walters, M. Gray and A. J. Hardy.

FINAL CHESS RECORD CAPABLANCA WINS \$1000.

SAN SEBASTIAN, Spain, March 17.—The four adjourned games in the tournament were played at 10 o'clock to-night. The results: Duras beat Tarrasch and Janowski and Tarrasch and Marshall and Schlechter and Burn and Nimzowitsch drew. The final record of the tournament follows:

Table with columns: Player, Won, Lost, Draw, Total. Lists chess players and their performance statistics.

City Two-Man League. The Dominion won four from Paynes in the City Two-Man League game yesterday.

CITY ELECTRIC COMMISSION.

If you can't boost don't knock is the good rule which The Evening Telegram finds it difficult to observe. For example, it is unable to disapprove the World's suggestion that the first city electric commission be appointed by the Lieutenant-governor in council, without holding up the railway and municipal boards as a horrible example.

Desire on the part of the public is growing, as evidenced by the columns of the press, to know something of the personality of men prominent in all walks of life, and this is again shown by the announcement of an important addition to the "Who's Who" publications and biographical works which have appeared in Canada in recent years.

It is not surprising that the public is growing to know something of the personality of men prominent in all walks of life, and this is again shown by the announcement of an important addition to the "Who's Who" publications and biographical works which have appeared in Canada in recent years.

BYLAW

Scheme Will Carry by Good Majority - Citizens Generally Support Project - Big Grist of Live and Interesting County and Suburban News.

NORTH TORONTO, March 17.—(Special.)—The most momentous question in the history of the Town of North Toronto came up on Saturday for final analysis at the hands of property owners in this northern suburb. That it will be adopted, and by a substantial majority, seems reasonably assured, but here-inas-much as the plan is that of a well-known character which cannot fail to cause some concern to the men who are most vitally interested in the future progress of the town.

WOODBRIDGE.
Items of Interest Gathered Up and Around the Hub.

WOODBRIDGE, March 17.—(Special.)—The Club of Woodbridge will be addressed this evening by Mr. Woodbridge, M.P. for West Algoma, on New Ontario.

WEST TORONTO.

AUTOMOBILES
SLIGHTLY USED

We have opened a showroom at 100 Richmond Street west, where we have a good variety of high-grade Automobiles taken in exchange for new cars.

We believe that these cars are better value at the prices asked than any new low-grade automobile.

They have been only slightly used. They have been thoroughly overhauled and are in first-class condition.

There are touring cars, runabouts and combination touring and runabouts, ranging from \$450 upward.

We advise you to see them immediately while we have a good variety from which to choose. Demonstrations in any of the cars freely given. We will teach you to drive and care for your own car.

RHEUMATISM IN SHOULDERS

Could Not Raise Arms Above the Head Spent a Hundred Dollars for Medicines.

After Four Years of Suffering Relief Came With the Use of DR. CHASE'S KIDNEY-LIVER PILLS

When the liver and kidneys fail to eliminate the poisons from the blood there are sure to come pains and aches in limbs or back. Get the blood pure. Get the poison out of the system. Then you will get well. Dr. Chase's Kidney-Liver Pills will do this for you. Here's the proof: Mr. James Clark, Maidstone, Sask., writes: "I have very great pleasure in testifying to the good results I have received from Dr. Chase's Kidney-Liver Pills. I suffered for four years with rheumatism in my shoulders, and I could not lift my arms above my head. I tried almost all the given remedies; lots of them were to my sure cure, but none of them gave me relief. I was then persuaded to try Dr. Chase's Kidney-Liver Pills, which I did, and soon found relief from them. I have followed them up, and for the last six months have been quite free from rheumatism. I have saved a hundred dollars for medicines before using Dr. Chase's Medicines, and I can now keep free for at most two dollars a year with Kidney-Liver Pills. I might also say I have used Dr. Chase's Backache Plasters, when I could scarcely bend, and they have always found the weak place, and given me relief. Thanks to these two remedies of Dr. Chase's which I cannot afford to be without."

You can awaken the action of kidneys, liver and bowels by using Dr. Chase's Kidney-Liver Pills. One pill a dose; 25 cents a box, at all dealers; Edmondson, Bates & Co., Toronto.

Gold Stocks Lead Mining Market But Cobalts Are Also Firmer

West Dome Off to Good Start—Hollinger Up Twenty Points—Cobalt Stocks in Better Demand.

World Office, Friday Evening, March 17.

West Dome, the Foster-Heine Porcupine flotation which was underwritten yesterday at \$2.50 per share, unsurpassed the leadership on the mining exchanges to-day, the new gold mining stock constituting the only feature of the market so far as wide price ranges were concerned.

On the afternoon board sales were recorded at \$2.25, payment to be made, of course, subject to the delivery of the stock which is expected in the course of a few days.

The other Porcupine stocks were overshadowed to a great extent by the movement in the West Dome, and values in general showed little change. Hollinger made another exhibition of buoyancy, the shares moving up 20 points to \$2.25, but reacting later under profit-taking sales.

Preston East Dome sold between 45 and 46 1/2, or comparatively unchanged from yesterday, and the other gold mining shares were about unchanged.

Buying of Great Northern was much more aggressive and these shares advanced two points to 18 7/8 before the demand was satisfied.

The market gave a good account of itself through the whole session, and public speculation was in evidence. The rapidity with which Porcupine issues are coming to the front has temporarily put Cobalt in the background, but the silver mining stocks are still in good demand, and show responsible firmness at prevailing prices.

STOCK EXCHANGE SEAT SOLD.

The active speculation which is accompanying the inception of the boom in the Porcupine stocks has boosted the value of memberships of the Standard Stock and Mining Exchange.

SWASTIKA TRANSFERS.

Arrangements have been made by which transfers of the shares of the Swastika Mining Co. will hereafter be made at the offices of the Union Trust Co. and the books of the company will be open for this purpose for the first time to-day (Saturday).

Porcupine Roads Are Sound.

Porcupine City, March 16.—(Special).—Weather has turned cold again and it is freezing very hard. Roads are once more in good shape.

Regarding Porcupine

ANY field of endeavor which presents possibilities of large profits too often presents also the possibilities of larger losses. The lure of gold and the great public interest in Porcupine is bound to attract the "wild-catter," and the suave and smooth promoter will, sooner or later, endeavor to hand out to the public a plethora of stocks of absolutely no value, yet bristling with arguments why they should be bought.

As an aid to the investor, we are preparing and will have published in a few days an authoritative Mining Bulletin, with authentic information of the entire mining field, and dealing specifically with the Porcupine Camp.

This Bulletin will tell you all about the properties of worth and the progress of the camp. It will be the expression of our candid opinion on all the issues as they come out. It will call a spade a spade—it will be a compendium of reference—it will point out the avenues of profit—it will endeavor to protect the investor from losses by recommending only offerings which, in our opinion, have merit. It will deal in facts—without fluff—and if it prevents losses, it will have accomplished its mission.

The Mining Bulletin is free—but will be sent only to those who want it had enough to send us a request for it.

A. J. Barr & Co.

Porcupine Notes

Porcupine City, March 17.—(From Our Man Up North).—As work progresses on the Davidson claims, now the Stewart-Vane-Bartlett syndicate, the vein shows up stronger and carries richer ore.

Not less than four Porcupine business houses are opening up for business on the Mattagami River at Timmins Landing. Two restaurants pulled down their shutters and are moving to the river to the west.

Engineer Joe Huston is hammering away on the McEaney claims to the west of the North and South Thompson, recently taken over by the Porcupine Central. It is understood that the Crown Reserve of Cobalt have the McEaney claims under option, and the present work is to prove them up.

Chas. Armstrong, accompanied by Messrs. Ross of Toronto and McLean of Montreal, spent the week in the camp. The party not only viewed the work of the Armstrong-McElbourn, in seat sold yesterday for \$3500, while only a few weeks ago \$1000 was the best offer that could be obtained.

Postmaster Lovell has not heard as far if the government will keep up a mail service during the break-up. If the service is maintained, in many respects it would necessarily be invaluable, for no light would be able to set the city carrier if it were impossible to make the trip often than twice a week, unless a service was done, and a force of men put out there on an average of 5000 letters a week leaving the camp.

William Galbreath, of Galbreath & Son, of Montreal, spent several days in the camp this week. Mr. Galbreath is interested in the McEaney-Veteran claim on which a townsite is now being surveyed.

Eight clerks for the Bank of Commerce, seven sons of wealthy Scotch farmers, and about 250 other British emigrants brought out under the auspices of the Ontario Immigration Department, have just arrived.

MINING SECURITIES

We are in daily touch with the two Ontario mining camps. COBALT and PORCUPINE. After a careful and conservative investigation we are satisfied the BEAVER is one of the best buys in Cobalt to-day.

MANY PLANTS AT WORK IN PORCUPINE CAMP... Machinery Set up All Over District - Seventy-Three Stamps Already in Working Order.

PORCUPINE CITY, March 15- (From Our Man Up North.)-Something of real production in the way of gold bricks...

The Hollinger will operate 30 stamps, the Dome 40; the Vipond 1 and the Preston East Dome 2, making a total of 73 stamps...

On the Preston East Dome the veins carry very rich ore, and for this reason every effort will be made to see what the run is at the 100-foot depth...

The policy of the Hollinger will be to open and develop new leads, and then block out the ore, as has been done in the big original Timmins vein...

At this time, before the winter is finally over, it is impossible to make an actual running up of the number of small working plants that have been installed on properties in nearly every part of the district in Deloro, Tisdale, Whitney and Shaw...

WORKING UNDER PEARL LAKE... Timiskaming Mine of Cobalt Has Porcupine Property Under Option... PORCUPINE CITY, March 15-

PLANT GOES IN... McIntyre Claim, Under Option for \$250,000; Will Be Proven Up... PORCUPINE CITY, March 15-

CLASSED AMONG PORCUPINES... Great Northern is now to be classed with the Porcupine camps...

WEST DOME FLOTATION ATTRACTS LOCAL FUNDS... Toronto Men and Toronto Capital Behind Newest Porcupine Security.

The flotation of the West Dome Mine is the first big thing in the Porcupine line taken up by Toronto men and capital...

The syndicate, associated with Mr. Heinze in the proposition also raised \$400,000 in cash among themselves for the purchase of the property outright.

Mr. Heinze, who left for Porcupine last night, is well satisfied with the success of the flotation and he is especially determined to put all the energy and enterprise possible into the immediate development of the property.

The policy of the Hollinger will be to open and develop new leads, and then block out the ore, as has been done in the big original Timmins vein...

World Office
Friday Evening, March 17.

Much of the local speculation is concerned with Porcupine stocks, and little attention is being given to the older listed issues. Good buying is going on, and such responsible securities as Maple Leaf preferred are feeling the influence of capable absorption.

Stocks Sell Off in Last Hour When Liquidation is Resumed

Stagnant Trading on Wall Street, With Immediate Trend Downward—Toronto Market Influenced by Reaction in New York.

World Office, Friday Evening, March 17. Trading turned exceedingly dull during the afternoon session of the Toronto Stock Exchange to-day. In several securities the market was none too strong, and a late reaction on Wall-street was not beneficial to bullish operations here.

Trading Quiet in London. LONDON, March 17.—Money was in stronger demand to-day. Owing to repayments to the Bank of England discount rates were lower. The stock market was quietly irregular.

STOCK RIGHTS COMING? Union and Southern Pacific May Offer Valuable Rights to Stock Holders.

NEW YORK, March 17.—Union and Southern Pacific may offer stockholders valuable subscription rights in connection with whatever financing is done within next year or two.

WALL STREET POINTERS.

American stocks in London easy. Situation on Mexican border unchanged.

The banks this week show a gain from the country of \$4,544,000.

Joseph G. Robin testifies before grand jury in Carnegie Trust case.

London—Copper close, Spot, 64 1/8; adv. futures, 55 1/2; 3rd; advance 1/4 for both.

Representative of German Foreign Office intimates Polish dispute practically settled.

National Bank returns of condition on March 7 indicate general expansion of loans and discounts.

Treasury department investigation fails to reveal any sugar undervaluation frauds in Boston.

Copper exports from New York for week ending March 15, 3245, including 1155 tons.

Philadelphia Company stock will appear on Parquet of Paris Bourse on Monday. Reported that negotiations for listing of Atchafalca are in progress.

Federal grand jury in Chicago indicts nine men for alleged frauds in Alaskan coal lands valued at \$10,000,000.

Bloomington, Ill.—Due to the marked reduction in freight traffic as a result of the mild weather, the Chicago & Alton management to-day suspending of the shows here indefinitely, throwing 1200 men out of employment.

Rio Earnings Increase. Rio earnings for the week ended March 11 were \$257,978, or \$218,818 more than in the corresponding week last year.

Steel Trust Profits. NEW YORK, March 17.—The U. S. Steel Corporation reports for year-ended Dec. 31 last, net earnings of \$14,054,754, compared with \$11,670,014 in the year previous; balance available for dividends \$87,407,815, against \$72,833,283, against \$63,531,818 and final surplus after deduction of all expenses, including extraordinary disbursements \$10,772,383, against \$15,321,818 in 1909.

NOW is the time to make your will. Let us explain to you the many advantages of appointing this Company executor.

The Trusts and Guarantee Company Limited
43-45 King Street West, Toronto
James J. Warren, Managing Director

FOREIGN EXCHANGE.

TRACTIONS IN LONDON.

Playfair, Martens & Co. reported following prices for the traction issues on the London stock market:
Mexican Tram... Mar. 15, 122 1/4; Sao Paulo... 156 1/4; Rio Janeiro... 106 1/4

Canadian Failures.

The number of failures in the Dominion during the past week in provinces, as compared with those of previous weeks, and corresponding week of last year, are compiled by Dun Review as follows:

Table with columns: Date, Ont., Que., Man., S.W., P.E.I., N.S., N.B., Nfld., Total.

TRADING ON WALL STREET

NEW YORK, March 17.—Practically all records for dullness this far this year on the stock exchange were broken to-day. Trading was to the point where it ceased to have any interest even for the ultra professional element, and the movement was almost imperceptible, except towards the close, when prices were lowered generally. The latest phase of the Mexican traction issue, which was the subject of an understanding exists between this country and the republic to the south.

ON WALL STREET.

Erickson Perkins & Co. had the following:
Stocks turned very weak in the last hour, with considerable selling pressure.

Let returns from the comptroller of the currency under his recent call disclose some interesting facts dealing with the national bank of the United States, important centers. Loans and discounts of local institutions are larger by more than \$400,000,000 than in the early part of the current year.

The inactivity of the stock market during the greater part of the week is calculated to make for further strengthening of reserves, but this may be offset by some heavy trading in the market.

Missouri Pacific's weakness of recent days was due to the fact that it was expected about 2 points. It was especially weak just before the close and North-western Pacific, Lehigh Valley, and Am-Sugar declined a point or more on the same movement.

A. E. Rea Sells Montreal Interest. A. E. Rea, president and managing director of A. E. Rea & Co., Ltd., has disposed of his interest in the Montreal branch syndicate. Mr. Rea continues as president and general manager of the A. E. Rea Co. of Toronto and Ottawa.

CHURCH TO CONSIDER OFFER.

Rev. R. J. Trevelyan of Carlton-st. Methodist Church confirms the statement in yesterday's World that an offer has been received, thru a local real estate broker, for the church property. The price is in the neighborhood of \$125,000, as we stated, and the name of the Murray-Key Company is mentioned in connection with the proposition.

WANT TO SUCCEED DR. BROWN.

Twenty-five applications for the position of superintendent of the General Hospital made, under the resignation of Dr. J. N. E. Brown, which takes place on April 1. The hospital is being run by Dr. C. Leitch, chairman of the committee to appoint the new superintendent, and more are being received every day.

Union Station Improved. The interior of the downtown waiting room at the Union Station has received a coat of white paint with a red border along the bottom portion of the wall. The general fixing up of this room has given it quite a natty appearance, a very welcome change from its former state of neglect.

COLONIAL Drapery Fabrics

A Great Display of These Fabrics Opens on Monday at the Simpson Store with an Interesting Demonstration of the way They are Manufactured

WE THOUGHT it impossible to surpass last season's showing of Colonial Drapery Fabrics, but the new goods now displayed on our Fourth Floor are even better both in texture and quality. This year the dainty colorings and shadings are combined in such perfect harmony that the decorative effect is remarkable, and the designs show an artistic skill far superior to that of any similar line of goods. A wide range of cloths is represented. There are Art Tickings in beautiful floral stripe effects, and soft finished, thoroughly dyed Drapery Burlaps in a variety of plain shades. The Cretonnes are in many excellent qualities and at different prices. Light weight Curtain Materials in natural, floral and modern "craft" designs; plain and patterned Art Denims; unusually attractive block-printed effects in chintzes, and an extensive assortment of Satens and Silkolines. These are chiefly adaptable for hangings and coverings, but they are put to many other uses, such as dresser scarfs, fancy bags, pillow covers, table covers, screen fillings, etc. We have arranged a considerable space in our Drapery Department, in which we are illustrating the many processes employed in the manufacture of Colonial Fabrics. You will see the copper rollers which print the design (each weighs 200 pounds), and can study the development of the pattern as the eleven different tintings are applied, large photographs of the immense mill in which Colonial Fabrics are made will acquaint you with the dozen or more processes which these goods pass through before reaching our counters in their finished and attractive form. These illustrations include descriptions of Singeing, Bleaching, Chemical Testing, Color Mixing, Printing, Dyeing, Washing, Tentering, Calendaring, Folding, etc. Colonial Drapery Fabrics are exclusively ours for Toronto. We invite you to see our special display of them on Monday and following days.
