EIGHT-YEAR-OLD CHILD KILLED BY MOTOR CAR IN RIVERDALE

George Kettle Became Confused and Was Struck Before Machine Was Stopped—Driver in Custody—Woman Struck by Street Car—Man's Leg Amputated—Miner Died of Injuries.

Two dead, one dying and three others in Toronto hospitals more or less seriously injured is what happened from accidents and other causes in this city yesterday evening and last night. George Kettle, a youngster of eight years, was hit by a motor car driven by Royce Robson of 48 Concord-avenue last night at 7 o'clock on Hampton-road. The boy was sitting on the curb in front of his home just a few minutes before the car passed. He got up and attempted crossing to the other side when the car drove in sight. He became frightened when he saw the approaching motor and hesitated in the centre of the road. The car was almost upon him.

Robson, the driver, turned, expecting the boy to remain where he was standing. Instead the youngster did the opposite and moved in front of the machine. He was hit hard and was carried 60 feet on the hood of the machine before Robson stopped it. He was taken to the General Hospital in a police ambulance, where he died an hour later. Robson, on the death of the child, was arrested by Detective Macry and taken to No. 1 police station.

The Driver's Story. Robson's story that he was driving his car along Hampton-road when the boy ran out from a group playing tag on the sidewalk, in an attempt to avoid being touched by a pursuer. Both the driver and the youngster noticed the danger at the same time and each swerved to avert it, with the result that the boy was knocked down before the emergency brakes could be applied. Robson picked the lad up, placed him in the machine and with two other men drove to the General Hospital. Returning he called at the McLaughlin Company's office and asked for instructions. Mr. Hezlewood, the general manager, called a detective and proceeded with him to the hospital, but the boy was dead. Then they telephoned Robson to come and give himself up, which he did. Robson is a salesman for the company, and is described as a very careful driver.

Struck by Train. Raymond Chalup, 35 Beatw-avenue, and 21 years of age, was hit by a G. T. R. train at Sunnyside crossing last night, and when rushed to St. Michael's Hospital had to have his right foot amputated. He is in a serious condition.

Hit by a Car. Wm. McCallum of Montreal, 50 years of age, was hit by a Metropolitan street car, and taken to St. Michael's. He is badly bruised and shaken up, and is in a precarious condition.

Fell on Sidewalk. Albert E. McGibbon, 261 Grace-st., fell on the sidewalk in front of the Bank of Toronto, King and Bay-sts., and suffered injuries which required his being taken to St. Michael's Hospital.

Died of Injuries. William Poulter, 24 years old, who was brought down from the mines in Northern Ontario about a week ago suffering from a severe injury and was taken to the General Hospital, died there last night. His home is in Woodville, Ont.

Woman May Die. Mary Pearson, of Niagara Falls, apparently between 25 and 30 years of age, was struck by a street car last night and taken to Grace Hospital. Her injuries are so severe that no hope is held out for her recovery. It appears that Miss Pearson had just arrived in Toronto from Niagara Falls. From what could be learned of the accident she had stepped off one car and was crossing the car tracks to get to the sidewalk when another car struck her. A bank book with her name in it was the only means of identification.

It is not known where the accident happened, nor who took Miss Pearson to the hospital.

WANT 13 MONTHS IN CALENDAR.

OTTAWA, June 7.—(Special.)—Of all the unbusinesslike depredations, which have waited upon Premier Borden since his accession to the premiership, the most unique was when he was requested today by a delegation from the Royal Society of Canada, headed by Sir Sandford Fleming, that the Canadian Calendar year be made 13 months instead of twelve. A similar request is being made by the society of the British Government, and of the other governments of the overseas colonies. The delegation consisted of Sir Sandford Fleming, Sir James Grant, Benjamin South, Earl Bunchel, and W. D. Lesieur, the historian.

THE NELSON VERDICT

"It is the opinion of this jury that the collapse of the south wall of the Nelson building was due to a combination of circumstances: 1. 'Vibration caused by the working of the gin wheel, brick-layers' hoist, derrick and machinery in building, which retarded the setting of the mortar. 2. 'By the hauling up of all materials over the south wall while in a green state. 3. 'The green wall which had the load put upon it before the mortar had time to set. 4. 'The above, combined with a possible cause, such as a jar or shove, which the wall may have received while in a green state.' RIDERS: 'We are further of the opinion that walls of this height and length should be built of pier construction, and further: 1. 'That in the construction of a building of this type a temporary tie should be used (while under construction). 2. 'That buildings of this dimension should be more frequently inspected. 3. 'We would also suggest that cement be used for rapid construction.'

CORONER CRITICIZES LACK OF INSPECTION

Dr. Elliott, at Nelson Inquest, Says City Council is Deserving of Censure in Not Providing Funds So That a Sufficient Number of Building Inspectors Could Be Appointed.

The verdict into the death of Eva Anderson, which occurred in the Nelson building disaster on the 4th of May, was rendered last night in the morgue after the jurors had been out nearly three hours.

Coroner Elliott's summing up of all the evidence of importance was comprehensive, but not long drawn out. He thought it farcical that a carpenter in the role of an inspector of brick and other masonic work should make but one short inspection every ten days. His idea was that for each separate kind of work done in which an inspector's services were required, then that inspector should be thoroughly conversant with the particular work he was to pass judgment on. Coroner Elliott did not criticize the inspector's department at the city hall but the councilors of the city who did not make large enough grants to the departments of the city. The inspectors were doing work that required a great many more men if the work was to be done properly.

Over Fifty Witnesses. In all over 50 witnesses were examined, between 300 and 900 pages of typewritten copy taken in evidence and 12 sittings required before the jurors were ready to bring in a verdict. They began on their verdict at 9:20 o'clock and brought it in at 12:30.

The coroner briefly summarized the evidence into negative causes and possible causes of a positive nature. In the first named his summary was somewhat like this: There was no boiler explosion; the building was made on virgin, not made soil; therefore the nature of the ground had nothing to do with the disaster; the excavation was quite deep enough and the foundation walls properly built; the bricks were up to standard, also the mortar, and the old building was sound and safe enough to build another wall upon; the collapse of the floorings was not on the carload of flooring had no effect sufficiently far away from the walls to prevent swelling and pushing out of the wall; the failure to block up the windows as requested and required by the city architects was not a factor in the collapse; the hangers and beams were satisfactory and the tie between the old wall and the beams was sufficient during construction; the wind had no effect on the collapse of the wall, as its velocity only caused one quarter to one half pound pressure on the wall to the square foot; the failure to use steel caps on the posts was no cause.

Possible Causes. The possible causes of a positive character were of great importance and were given more length and gone into more fully. The first of these dealt with the sufficiency of the support weight of floors in a building which was being constructed so rapidly. The city architects and the builders had said there was no danger. Wright said otherwise. He charged that the smaller piers were insufficient. Had the rapid followings of the carpenters on the brick layers have anything to do with the collapse was pertinent question. This was left to the jurors. The fact that more mortar was required on the smaller piers was another unexplained question, as was also the question of the uniformity of the mortar, which various witnesses said was of varying thicknesses.

Prof. Wright's opinion on the cause of the collapse was that the stress at the nose of the pier on the fourth floor was too great for the pieces to carry in their green state. Mr. King had thought that the pressure on the walls caused it, while some had other opinions, and many witnesses none at all.

RIOTS IN BOSTON CARS TIED UP

BOSTON, June 7.—(Can. Press.)—The agitation being carried on by the Building Exchange of a few western cities for the suspension of the duty on cement, is monopolizing the political spotlight.

Mr. W. T. White, who is endeavoring to adjust the trouble satisfactorily to all concerned, said this evening that he was thoroughly sifting the evidence and would have a definite announcement to make in a day or two.

Mr. Jones, secretary of the Canada Cement Co., held a brief conference with the minister of finance to-day. He claims that the shortage is due entirely to lack of transportation facilities, that there is no intention whatever on the part of the cement manufacturers to control production for the purpose of enhancing prices, and that he is confident that an adequate supply will be obtainable in a few days.

Measurable communications are reaching the minister of finance to the effect that there is no truth in the car shortage report and demanding a suspension of the duties. Building, said the reports, is completely tied up in a number of places, and unless action is taken immediately the effect will prove serious in a number of places.

CUMMINGS SENTENCED TO DEATH. MONTREAL, June 7.—(Can. Press.)—John Cummings was to-night found guilty of murder in the first degree for the shooting of his wife last November. The verdict was returned after the jury had deliberated 11 minutes. He was sentenced to be hanged in August.

RUINING HIS DIGESTION

UNCLE WILF: Heaven help me, why can't I get rid of that cook?

NO CANTREEN SAYS COL. HUGHES AT CAMP

'Government Will Not Act as a Bartender and Serve Men Who Are Foolish Enough to Be Addicted to the Liquor Habit'—The Lid is on for Good.

(By Staff Reporter.)

NIAGARA-FALLS, Ont., June 7.—'The government will not act as a bartender and serve fellows who are foolish enough to be addicted to the liquor habit,' declared Col. the Hon. Sam Hughes here to-night, on his arrival from Niagara Falls to spend a few days in camp. 'Canteens will not be restored,' he announced. 'So long as I am minister of militia,' he continued, 'no intoxicating liquor will be sold in camp.' Regarding the exposures in The World he stated that they could not possibly be true, and based his view on his long experience in the militia and his frequent attendance at militia camps.

A Great Mistake.

'Selling liquor in camp lines was a mistake,' declared the minister. 'If those inclined to drink get it outside the lines the government is not responsible.' The restoration of canteens, he repeated, would in his opinion be a great mistake, and in this respect militia camps would continue just as at present.

So far as the hotels outside the camp grounds were concerned, he stated that the militia department had no jurisdiction. That was a matter for the provincial government. The proposal to have the hotels made out of bounds was nonsense and childish. The percentage of men drinking in hotels was small, and they were orderly, as a rule, so far as he could learn.

Leave a Barrer.

'If I were commander of a regiment,' he concluded, 'I wouldn't be afraid to leave a barrel of whiskey in the vicinity of the tent lines. No officer who knows his business and has his men properly trained would be afraid to do the same thing. There has been too much talk and silly talk by people who don't know what they are talking about. Clergymen, officers, Y.M.C.A. officials and others are unanimously of the opinion that the rural regiments are the finest that ever attended camp.'

The Only Way.

The opinions seem to be prevalent, especially at Niagara camp, that the stories in The World were aimed at the rural regiments. Such is not the case. It is a fact that while the city regiments were in camp last week there was liquor inside the lines, and plenty of it. Dozens of officers who have had years' experience in military camps have given opinions similar to those of Sir Henry Pellatt and Col. Langton, that the only way to overcome the excessive drinking at military camps is to have a supervised canteen.

Anti-Reciprocity League Revived

MONTREAL, June 7.—(Can. Press.)—The Anti-Reciprocity League of Canada was revived this afternoon at a well attended meeting here. Among the speakers from outside cities were: W. K. George and G. T. Somers of Toronto.

The revival of the league is intended as a reply to the speech of Sir Wilfrid Laurier, in which he expressed his continued belief in the reciprocity policy. The league is to continue in existence independent of any political bias, and its aims will be 'the maintenance of Canada's fiscal independence and the British connection.'

FORGED TO WALL BY MONEY TRUST

Four Banks Which Could Have Weathered Storms of 1907 Wiped Out by Clearing House.

NEW YORK, June 7.—(Can. Press.)—Testimony intended to show how the power of the New York clearing house committee was used to force a solvent bank to the wall during the aftermath of the panic of 1907, with the result that the 'fair reputation' of its president was 'blasted,' was dramatically unfolded, to-day, before the public committee of the house of representatives, which is investigating the so-called money trust.

The testimony was elicited by Samuel Untermyer, special counsel of the committee, in his effort to demonstrate that the functions of the clearing house enable it to control the destiny of New York's financial institutions and should be subject to regulation by law.

Four Banks Victims.

The bank around which the testimony centred was the Oriental, organized in 1853, and one of the charter members of the clearing house association, but it was testified that three other banks, the Bank of North America and the New Amsterdam National Bank, in both of which Charles W. Morse was interested, and the Mechanics and Traders, were similarly compelled, through the action of the clearing house, to close their doors, also all proved to have been solvent.

WEST CHURCH CAMPAIGN.

West Church so far has raised \$22,250 of the \$25,000 for the new institutional and other buildings. If the \$25,000 is secured by to-night, the campaign will be continued until the new church is opened next Sunday.

ARE MORE FLASKS THAN EVER BEFORE

Because of Closed Canteens at Camp, Men Drink Adulterated Whiskey, Says Col. Langton, and Land in Hospital—Properly Iced Local Option Beer is Best for Men.

For 16 years Lieut.-Col. J. G. Langton has been connected with the Canadian militia, both in the volunteer and permanent corps, and in that time, being in charge of the Army Service corps, he organized one of the best branches of the Canadian militia. He is thoroughly conversant with all conditions pertaining to militia training. To The World last night, he stated that Col. Sir Henry Pellatt's opinion of the question of a closed canteen at Niagara camp was the best exposition he ever had seen in print. 'During my 16 years' connection with the militia,' he said, 'I never read of a case being put more clearly and concisely. I agree with and can reiterate everything he said.'

On Right Lines.

Col. Langton stated that The World was working along the right line, in advocating a supervised canteen. It seemed to him, he said, that it would be a good idea for the license department to issue licenses for only eleven months, and thus close the hotel bars during June while the camp is on. 'If a man can go two blocks from camp and get all the liquor he wants,' he said, 'it seems to be that the regulated canteen is the best remedy. I don't think a canteen is necessary in camp,' he continued, 'and the best soldiers I have had have not been canteen men, but when liquor can be obtained so easily, something should be done to see that the men do not have too much.'

Till Bars Close.

'In the past,' he continued, 'after 9:30, when the camp canteen closed, the men went to their tents. Now some of the men are down town all evening until the bars close. Then they come back to camp with cheap adulterated flask whiskey, which is passed around in their tents. The men feel dopy in the morning and eat no breakfast. Then they go out in the sun to drift, and then the hospital is the place for them.'

More Flasks Now.

'During the last few camps there were more flasks in the grounds than ever before. In Col. Otter's time, nothing but beer was sold in camp canteens, but during the last few years the hard stuff had been brought in surreptitiously.'

Want a Drink.

'In the Army Service Corps we always tried to keep the men in the line, and few of them drank. I think myself that Star beer, or local option beer, properly iced, is a good drink. The men want a drink after coming in from drill. We had a supply of the local option beer, and when it was properly iced, the men didn't know but that they were drinking lager.'

GOOD PASTORATE WAITING FOR SOMEONE

Methodist Stationing Committee on Monday Must Appoint a New Minister for West Queen Street Church, Where Salary is About \$2500 and Considered Quite a Plum.

One of the juicy plums in the Methodist ministerial fruit tree will drop over-ripe next week into the lap of some lucky Toronto conference minister, who will be able to thank Providence for the gift, as it is an unexpected choice delicacy which the stationing committee will have at their disposal.

As the first rank men are all located in fine high-salaried city churches, the second raters or some man who has not yet had a fair chance will come in for the good thing. One of the leading general conference officers said to The World yesterday that the stationing committee in this instance would be left to divine guidance as the congregation concerned had no man in sight.

Worth \$2500 a Year.

The plum will be the appointment to West Queen-street Methodist Church, in succession to Rev. C. O. Johnston. It is considered worth about \$2500 a year, which means a big jump in salary for some favored preacher.

The circumstances are peculiar. The congregation did not believe that the First Church, Hamilton, could get Rev. Mr. Johnston away from them, as they were willing to do all in their power to induce him to remain.

'On the other hand he and Rev. C. E. Lancesley, who is coming to Howard Park Methodist Church, accepted invitations, and committed themselves in such a way that neither could withdraw.

Meets on Monday.

The stationing committee will meet at the Metropolitan Church on Monday to begin the first draft. Interest will be concentrated in the West Queen-street appointment.

Deserted Quarry Thru Siren Call Of Port McNicoll

COLDWATER, June 7.—(Special.)—The lure of Port McNicoll has proved anything but a boon to the Toronto owners of a stone quarry here. Time and again they have advanced railway fare and means for immediate sustenance to men whom they sent from Toronto to work in the quarry, only to have them hit the ties on a 14 mile tramp to the C. P. R. terminus, forgetting their obligation to work out their fare and money advanced.

To-day, six of these, who had arrived just the day before, were brought back here from Port McNicoll and will be tried by Magistrate Millard to-morrow upon a charge of having obtained the sum of \$5 advanced to each by false pretences. The quarry operators say that 40 men have so deserted from their ranks since April.

Nationally has nothing to do with this fever to see the port. The last batch were Englishmen, but a detachment of Hungarians deserted in a like manner. The men have not gone to seek any other definite employment, for the six deserters were apprehended while loafing about the streets.

SNOW AT NIAGARA FRONTIER.

NIAGARA FALLS, Ont., June 7.—(Special.)—The proverbial oldest resident fails to remember such cold weather at this season as the frontier experienced during the night. There was a heavy frost, and snow fell just before noon to-day.

DUCHESS OUT OF DANGER.

MONTREAL, June 7.—(Can. Press.)—The last bulletin for the day on the condition of the Duchess of Cornwall, issued early this evening, reported satisfactory progress. No further announcement as to the future plans of the royal party were made to-day.

SUMMER HATS TO DAY.

A straw hat or Panama is for you to-day at Dineen's, 140 Yonge-st. There is in the show-rooms an unequalled display of splendid blocks by the world's greatest makers, including those by Henry Heath, London, and Dunlop of New York. Dineen's store open until ten o'clock Saturday night. Panamas of rare native South American weaves at \$5 and upwards.

PARI-MUTUELS THE FEATURE

Machines Live Up the Day at Blue Bonnets, Yielding \$199.50 for a \$2 Ticket.

MONTREAL, June 7.—The pari-mutuel machines provided the interesting feature of a somewhat dull day's racing at the Blue Bonnets today, paying \$199.50 on a ticket in the fourth race, a selling race for 2-year-olds, at 2:30 p.m. The feature in this event seemed almost entirely overlooked by the bettors playing the machines, most of their money being up on Lad of Langden, who was also the bookies' choice, but who only ran third. On the books the man who played at 1-10 on Lad of Langden was played at 1-10 on the second turn and, the O'Brien name fast driving hard in the stretch, and closed up a gap, Ladman, although trying, managed to keep his nose in front.

A long shot came over in the sixth race, a selling event, at five furlongs, for two-year-olds, when Harry Scrips ran away from a big field.

In the first race, which was a provincial affair, Kilo maintained his reputation, easily beating Floral Crown and King Saxe, the only other starters. Summary:

FIRST RACE—For 2-year-olds and up, foaled in the Province of Quebec, 500 added, seven furlongs:

1. Kilo, 125 (Murray), 3 to 5 and out.
2. Floral Crown, 110 (Burns), 2 to 1, 1 to 2 and out.
3. King Saxe, 102 (Martin), 5 to 1, even and out.

Time 1:23 3/4. Only three starters.
SECOND RACE—Maidens, 2-year-olds and up, \$500 added, 1 mile:

1. Alfroy, 104 (Diggins), 11 to 6, 1 to 2 and out.
2. Tom Sayers, 110 (Butwell), 9 to 5, 1 to 2 and out.
3. Fong Salnorum, 104 (Murray), 13 to 1 and 1 to 2.

Time 1:43 1/4. Cleve, Wood Dove and Fawn also ran.
THIRD RACE—Three-year-olds and up, non-winners of three races, for \$700, \$500 added, 8 furlongs:

1. Lahore, 118 (Butwell), 2 to 1, 2 to 5 and out.
2. Caugh Hill, 116 (Turner), 3 to 1, even, 2 to 3.
3. Evans Tumbo, 97 (Diggins), 8 to 1, 2 to 1 and 7 to 5.

Time 1:14 3/4. San Vito, Tactics, Mind-inette, Joe Stein, Mohand and Ben Loy-al also ran.
FOURTH RACE—For 2-year-olds and up, selling, \$500 added, 1 mile:

1. Haldeman, 108 (Small), 12 to 1, 5 to 1 and 5 to 2.
2. O'Em, 108 (Schuttiger), 6 to 1, 5 to 2 and even.
3. Lad of Langden, 107 (Ambrose), 6 to 5, 1 to 2 and out.

Time 1:12 3/4. Arbutus, Reburn, West Point, Ruble, Perisus, Bit of Fortune and Noon also ran.
FIFTH RACE—Steeplechase, for 4-year-olds and up, selling, \$500 added, about 2 1/2 miles:

1. Ross Fenton, 148 (Lynch), 6 to 1, 3 to 2 and out.
2. Jimmy Lane, 153 (Kernagh), 5 to 2, 3 to 2 and out.
3. Gun Cotton, 146 (Allen), 3 to 4 and out.

Time 5:15 2/5. Young Morpheus also ran.
SIXTH RACE—For 2-year-olds, selling, \$500 added, 5 furlongs, for \$700, \$500 added, 5 furlongs:

1. Mary Scrips, 107 (Butwell), 20 to 1, 5 to 1 and 2 to 1.
2. Captain Elliott, 103 (Schuttiger), 15 to 1, 4 to 1 and even.
3. Crowe, 102 (Ambrose), 7 to 1, 3 to 1 and 7 to 20.

Time 1:01 1/4. Jonquil, Early Light, Ringling, Mervin, Michael Rice and Paddy Grub also ran.
SEVENTH RACE—Three-year-olds and up, selling, 1 mile:

1. Beauoup, 108 (Wolfe), 11 to 10, 1 to 3 and out.
2. Fred Mulholland, 106 (Schuttiger), 13 to 10, 7 to 20 and out.
3. The Golden Boy, 107 (Forehand), 8 to 1, 2 to 1 and out.

Time 1:05 3/4. Serventice also ran.
LATERIA Results.

LATERIA, June 7.—The races to-day resulted as follows:
FIRST RACE—Purse \$500, maidens, two-year-olds, five furlongs:

1. Blue Jay, 112 (Gosse), \$2.00.
2. Blue Jay, 112 (Gosse), \$2.00.
Time 1:01 3/4. Sam Hirsch, Geo. Karme, Bluebeard, Holberg, Dogon, Richard Gen-try, A. J. Corri, Monitor and Ancon also ran.

THIRD RACE—Purse \$600, two-year-olds, five furlongs:

1. Benard, 107 (Ganz), \$5.50, \$5. \$4.20.
2. Billy Holder, 109 (Gibson), \$13.20, \$9.50.
3. Toy, 108 (Steele), \$10.50.
Time 1:01 1/4. Transport, Rooster, Pike's Peak, Marabon, Spiritally Miss and Cor-dier also ran.

THIRD RACE—Purse \$600, two-year-olds, five furlongs:

1. Howdy Howdy, 111 (Shilling), \$17.20, \$7.50, \$5.00.
2. Andar, 110 (Fain), \$9.50, \$3.70.
3. J. W. Carter, 111 (Steele), \$3.70.
Time 1:02 3/4. Crystal Funtino, Creme de Menthe, Floral Day and Pili also ran.

FIFTH RACE—Six furlongs:

1. Casey Jones, 103 (Gibson), straight \$5.00.
2. Winning Widow, 107 (Moisworth), \$5.00.
3. Fairy Story, 108 (Fain), show \$2.
Time 1:12 3/4. Miss Thorpe, Polly D, Hedge, Fucky, Wonder Why, Bachelor Girl and Joe Knight also ran.

SIXTH RACE—1 1/4 miles:

1. Coli Astmeside, 111 (Frank), straight \$5.00.
2. Working Lad, 98 (Allen), place \$2.90.
3. Supple, 108 (Byrne), show \$2.40.
Time 1:46 1/4. Shirley, Beau Brummel, Husky Lad and Crow Bo also ran.

Weather clear; track fast.

At Marlboro.

MARLBORO, June 7.—The entries for Saturday are as follows:
FIRST RACE—Three-year-olds and up, selling, about five furlongs:

1. Dora M. Lutz, 107.
2. Dora M. Lutz, 107.
3. Dora M. Lutz, 107.
4. Dora M. Lutz, 107.
5. Dora M. Lutz, 107.
6. Dora M. Lutz, 107.
7. Dora M. Lutz, 107.
8. Dora M. Lutz, 107.
9. Dora M. Lutz, 107.
10. Dora M. Lutz, 107.

SECOND RACE—1 1/2 mile, three-year-olds and up, about five furlongs:

1. Naughty Rose, 107.
2. Naughty Rose, 107.
3. Naughty Rose, 107.
4. Naughty Rose, 107.
5. Naughty Rose, 107.

"A horse here for everyone at anyone's price"

MURDOCH BROTHERS, Contractors HOVON, - ONT.

These horses were purchased a year ago to do grading and such work that goes with a railway contract, and high prices were paid for them; the best horses were none too good. They will be sold on Tuesday, absolutely without reserve. They are all right out of hand work and in the best of shape. There are a great many more in the consignment.

WE WILL ALSO SELL on Tuesday a Black Mare Pony, a Shetland, and fully registered. This pony is city broken and kind and quiet for children and will be sold along with Greyson Cay and Harness.

WE HAVE FOR DISPOSAL next Tuesday two very fine Boston Depot Wagons. These are in fine repair and will be prizes to those who get them.

WE HAVE RECEIVED an order whereby we have to purchase for the purposes of the Dominion Government 114 Artillery Horses and 84 Saddle Horses. These horses are being purchased by us for the

DEPARTMENT OF MILITIA

75 TO 100 HORSES

These must be here ready for shipment by the 13th of June (instead of the 10th, as the time has been extended). The Artillery Horses are to be about 1300 lbs. each and the Saddle Horses not less than 1000 lbs. each. Parties having such horses should ship them in at once.

CHARLES A. BURNS, Gen. Mgr. and Auctioneer.

ISAAC WATSON, Asst. Mgr. and Auctioneer.

Will Visit Guelph Farm.

To-day the members of the executive committee of the American Prison Association will visit Guelph and see the celebrated prison farm. They met yesterday afternoon in the warden's office at the central prison to arrange a program for the annual congress, which is to be held in Baltimore in November.

\$3.50 RECIPE FREE FOR WEAK MEN

Send Name and Address To-day—You Can Have it Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, falling memory and lame back, brought on by excesses, unnatural diets, or the follies of youth, that has cured so many worn and nervous men in their own home—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

This prescription comes from a physician who has made a special study of men, and I am convinced it is the surest and quickest acting restorative, upbuilding, and so cure himself at home quickly. Just drop me a line like this: Dr. A. E. Robinson, 328 Luck Building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain, ordinary envelope free of charge. A great many doctors would charge \$20 to \$50 for merely assisting out a prescription like this—but I send it entirely free.

MAHER'S HORSE EXCHANGE

16 to 28 HAYDEN STREET

Canada's Leading Horse Market

400 HORSES AT AUCTION

MONDAY JUNE 225 HORSES

THURSDAY JUNE 175 HORSES

Sale Commencing Each Day at 11.00 a.m.

There will be no scarcity of horses for our next week's sales, as several of our shippers have advised us that they are consigning carloads of all classes of stock to us. Many fine individual horses are in these lots, particularly some extra-choice heavy draughts. One of our shippers, a veteran horseman, is sending us the following, which he considers is worthy of special mention.

A GREY GELDING, dark dappled, six years old, 16 hands, sound and right. This horse is a magnificent animal, and is considered to be equal to winning any class open to him in the coming Open-air Horse Show. Buyers of good horses should look this one over well before buying elsewhere. He will be sold without the slightest reserve on Monday.

There will be many other high-class lots in for sale, as the class of horse coming in for sale at present is considerably above the average. To anyone wishing to purchase a horse of any class, we would say that, by attending either of our sales, your requirements can be filled quickly, safely, and to better advantage here than elsewhere. Call and see us—we have what you are looking for.

ON MONDAY AND THURSDAY WE WILL ALSO SELL

a number of serviceably sound workers and drivers, consigned to us by city people who have no further use for them. These are invariably sold without reserve, many advantageous transactions being made in this class. We also have on hand a large and varied assortment of new and second-hand harness and vehicles, etc., which can be purchased either by auction or by private sale.

ALL HORSES sold with a warranty are returnable by noon the day following day of sale if not as represented.

P. MAHER, Proprietor. GEO. JACKSON and GEO. FITCH, Auctioneers.

IMMIGRANTS FOR ONTARIO.

The provincial bureau of colonization expect 15 experienced farm laborers and five domestic servants from Cumnock, Scotland, to arrive on Tuesday, seeking employment in Ontario. Another party of domestic servants will arrive the same day and will be lodged at the Women's Hostel, 62 St. Alban's-street.

FOUR-YEAR-OLD DROWNED.

WELLAND, June 7.—This evening Jimmie Kirk, aged four years, son of David Kirk, was drowned in the Welland River, below the aqueduct. A number of children, including Jimmie and his twin brother, were playing on the bank when he fell in. Although the body was grappled for it had not been recovered at a late hour.

DR. JOSEPH LANE DEAD.

MALLORYTOWN, June 7.—Joseph W. Lane, M.D., aged 68 years, died this afternoon. He was a graduate of Queen's University of the year 1875, and commenced practice in Mallorytown that year. He was president of the Ontario Medical Council in 1911 and represented Brockville district for the past 12 years. Over 30 years ago he was appointed coroner for the district.

HAMILTONIAN BARRED OUT.

NIAGARA FALLS, Ont., June 7.—(Special)—Altho born in Hamilton, Thos. Costello, a Buffalo journeyman baker, who took out American citizenship papers after serving in the Spanish war, was refused admission to Canada by immigration officials to-day. He was going to visit Toronto friends. He was turned back because he lacked the required \$5 cash.

DR. Wm. DUNCAN, V.S.

Special Bacteriysin for Disterper. A sure cure to Shipping Fever, Coughs, Colds, Sore Throat, Chills, Lungs Fever, Catarrhal Fever, Influenza or any ailment belonging to the respiratory tract and lungs, such as Pink Eye, Pleuro-Pneumonia, Bronchitis, Spasmodic or Flatulent Colic, Chronic Cough, Hoarseness and Thick Wind. A powerful tonic, fever reducer, stimulant, germicide, antiseptic, radiates the temperature, a laxative and a good diuretic. Persons fitting up show horses—No. 1, give 3 times a day. A splendid tonic, tonic and stimulant for trotters and pacers. Very useful in running horses or trotters when shipping abroad or to other countries. PRICE—1 gal., \$4.00; half-gal., \$2.00. Try an 8-oz. tin of Dr. Duncan's ABSORBENT. Reduces all bony enlargements, warts, galls and puffs, curbs, cap hocks, etc. Price \$2.00. Dr. Duncan can be found at Burns & Sheppard's at any time. Special attention given to Western Shippers. Dr. Wm. DUNCAN, V.S. 189 George St., Toronto. Phone M. 4900.

SUNDAY BOATS. Daily service by steamer as well as by train between Toronto and the outside world is most desirable and an effort to prevent it by prosecutions under the Lord's Day Act will prove to be ill-advised and unpopular. We are accustomed here to street car service and train service on Sunday and no one proposes to interfere with either. Why then should a man who desires to go on Sunday to Kingston, Hamilton, Buffalo or New York go part of the way by the Lord's Day Act which will prove to be ill-advised and unpopular. We are accustomed here to street car service and train service on Sunday and no one proposes to interfere with either.

What can parliament do to improve railway conditions in this country? Parliament can in the first place prescribe equality of rates through the country and forbid the present arbitrary distinctions, based merely on geographical lines and without any regard to the cost of the service or the profits accruing to the company therefrom. Parliament can simplify the matter of classification, so that any shipper may know by reading the Railway Act how his freight should be classified and then declare by statute that the same rate per mile must be charged everywhere in Canada for all freight entitled to the same classification. The work of the railway commission will be greatly simplified and it can then administer the law without the law's delays. Under the present Railway Act some lawyers tell us that it will require two years to conclude the pending inquiry into western freight rates. Parliament should do away with the complicated schedules of freight rates and freight classifications, which are of use only to mystify and plunder the people. Equality in passenger rates is no less desirable and parliament should and can at once establish a uniform two-cent-a-mile passenger fare throughout the Dominion. The railway commission will have plenty left to do. It will have to determine physical valuation of our railways; it should be vested with some supervision over the issuing of securities, the sale thereof in public for the best price attainable and the application of such proceeds exclusively to railway purposes. It has heretofore been occupied mainly in adjusting differences between the railway companies respecting running rights over lines and terminals, interchange of traffic, train connections, etc. It should find time in the future to deal with the rights of the public and perhaps also with the rights of railway employees.

NOT PARALLEL CASES. The telegram of last night in discussing the annexation of North Toronto says: Why should Mayor Geary swallow the annexation of two thousand acres of vacant land in North Toronto and oppose the annexation of twelve hundred acres of vacant land in Leaside? There may be a very good reason for the mayor's stand. North Toronto has a population of at least 6000; it is well laid out, has roads, pavements, electric lighting, gas and water supply, sewerage, good schools and is more up-to-date than many sections of the city. It has for its central thoroughfare Yonge street—the most important highway leading out of Toronto. The southern section of North Toronto is only two and a half miles from the front of the city and will be near the centre of the Greater Toronto in sight at the corner of Bloor and Yonge, or, perhaps more likely, at the new union station of the Canadian Pacific. By contrast, Leaside is nothing but ten or twelve farms, the houses on which are being demolished. It is, however, we understand, the intention of its owners to lay it out as a railway town and a high-class residential district. If that be the case, then Leaside owners are in a position to come to the city and ask for annexation on terms, and the Telegram will then have an opportunity of urging what those terms should be, especially in the matter of roads, pavements, water supply, and the like.

But North Toronto, as we pointed out above, is altogether different. North Toronto is a well settled community bordering on the city and has been spending its money for the last twenty years on improvements. The Telegram in the same article speaks of the Robins, the Mulocks, the Pellatts and other philanthropists as seeking the annexation of North Toronto. As a matter of fact all these interests, including the Dinick interest with the Glebe Farm and Lawrence

Park, are trying to head off the annexation of North Toronto, to keep it as an independent municipality, and to compel the people to pay two fares. They are trying to get Leaside put into North Toronto. In other words, the men The Telegram names are the people who are trying to put Leaside into North Toronto and fasten two fares on the people with perhaps the explanation of other franchises in this territory. The World, on the contrary, is taking the side of the actual residents of North Toronto who want to have a water supply from the city and who want a single fare into Toronto and the other conveniences of ordinary citizenship in Toronto, a desire which they have earned and are justly entitled to have realized.

WHAT PARLIAMENT CAN DO. We believe with The Toronto News that parliament must deal with the railway situation and more especially with the urgent demands of the west for better service and lower rates. We believe further that parliament should be called together at once for the purpose of dealing with this and with other economic needs of the country, including progressive reforms in our banking and currency legislation. We believe that these big business questions should be dealt with at a business session of parliament, to be held this summer, and should not be tangled up with the partisan disputes which may attend redistribution and supply at the regular session next winter.

What can parliament do to improve railway conditions in this country? Parliament can in the first place prescribe equality of rates through the country and forbid the present arbitrary distinctions, based merely on geographical lines and without any regard to the cost of the service or the profits accruing to the company therefrom. Parliament can simplify the matter of classification, so that any shipper may know by reading the Railway Act how his freight should be classified and then declare by statute that the same rate per mile must be charged everywhere in Canada for all freight entitled to the same classification. The work of the railway commission will be greatly simplified and it can then administer the law without the law's delays. Under the present Railway Act some lawyers tell us that it will require two years to conclude the pending inquiry into western freight rates. Parliament should do away with the complicated schedules of freight rates and freight classifications, which are of use only to mystify and plunder the people. Equality in passenger rates is no less desirable and parliament should and can at once establish a uniform two-cent-a-mile passenger fare throughout the Dominion. The railway commission will have plenty left to do. It will have to determine physical valuation of our railways; it should be vested with some supervision over the issuing of securities, the sale thereof in public for the best price attainable and the application of such proceeds exclusively to railway purposes. It has heretofore been occupied mainly in adjusting differences between the railway companies respecting running rights over lines and terminals, interchange of traffic, train connections, etc. It should find time in the future to deal with the rights of the public and perhaps also with the rights of railway employees.

Parliament can, by legislation, enable the railway commission to regulate telegraph, telephone and express rates. All these rates are best regulated by public competition and express rates should be reasonably classified and reduced both by direct legislation and by the extension of the parcel post system to a point of efficiency and economy approximating the British model. These things can be done and should be done by parliament; certainly they should be essayed, at the earliest possible moment. Those who know what the railway situation in the west is must realize that surgery is needed and that the scalpel of parliamentary action must be used by the government. Mr. Borden should act with promptness and decision and not wait six or eight months before using the forceps or attempting to give his patient relief.

SAFE OCEAN TRAVEL. Disasters, however, terrible, often bring their own compensations in greater safety, improved conditions, and better precautions. This has happened in the case of the Titanic tragedy, which has led to an entire revision of the rules of safety for travelers at sea. Nothing less than such

Order made for an order appointing a receiver for the property of the infant. Order made for an order appointing a receiver for the property of the infant.

CHARGED WITH PERJURY. Fred Stansburg was arrested yesterday afternoon by Detective McKinley of the morality department, on a charge of perjury. The perjury is in connection with the Bachrack case. At the trial of the brothers, Stansburg testified to having had improper relations with the girl in the case at a time when he was ill in the Hamilton Strate Dispensary office morning.

Rids Poisons From the Blood. To get the blood pure is a problem which nearly everybody has to face in the springtime. The purifier less suffering there will be true. The liver and kidneys are the great organs of the blood, and it is their duty to help them by the use of Dr. Cassel's Kidney-Liver Pills. There is no way to purify the blood except through the activity of these two filtering organs. Because they are prompt in awakening the activity of the liver and kidneys, Dr. Cassel's Kidney-Liver Pills are the greatest of all purifiers. You need not have the tired, languid feelings which make life so dreary to so many people if you use Dr. Cassel's Kidney-Liver Pills. The medicine is used.

Single Court. Before Kelly, J. Re Boehner-Bochner v. Boehner-J. A. Boehner for applicant, E. P. Clement, K.C. for executor, adults, and Emma Boehner, an infant. Motion under C.R. 938 by Norman Boehner for an order constraining will of August Boehner. Judgment: The first question submitted is whether the executor in fixing the amount of Norman Boehner's indebtedness to the estate should be guided by the "family book" in his possession, or by paragraph 29 of the will, which directed the executor to pay the amount of the indebtedness to the estate as mentioned in the will. Judgment: The executor is to be guided by the family book in his possession, or by paragraph 29 of the will, which directed the executor to pay the amount of the indebtedness to the estate as mentioned in the will. Judgment: The executor is to be guided by the family book in his possession, or by paragraph 29 of the will, which directed the executor to pay the amount of the indebtedness to the estate as mentioned in the will.

SOLDIERS CANNOT CROSS NIAGARA RIVER

Strict Orders Issued by Camp Commandant That No One Will Be Allowed to Go to the American Side Except Under Very Special Circumstances

(By Staff Reporter)

NIAGARA-ON-THE-LAKE, June 7.—No N. C. O. or man will be permitted to visit Niagara Falls or cross the river to the United States side on week days or Sundays, unless in possession of a pass signed by the camp commandant of A. A. G. No passes will be granted unless urgent private affairs call for the presence of individuals at these places.

The above clause appeared in the camp orders issued to-day, which practically means that the nightly special indulged in by a number of non-coms and privates are cut off as a result of the publicity given to the Niagara camp and its dry canteen.

STEAM ROLLER WORKS HARD FOR TAFT

Republican National Committee Swings 24 Delegates From Alabama and Arkansas for President, Roosevelt's Supporters Being Decidedly Out-numbered.

CHICAGO, June 7.—(Can. Press.)—Twenty-four delegates from Alabama and Arkansas were added to-day to the Taft column by the action of the Republican national committee on the so-called Roosevelt contests from these states.

Before the committee to-day were decided in Taft's favor, and in all but two the decision of the committee was unanimous, although one roll-call test apparently had shown fifteen anti-Taft votes.

The cases decided to-day were those of the six delegates-at-large, and two each in the first, second, fifth, sixth and ninth congressional districts in Alabama and the four delegates-at-large and the two each in the first and second districts in Arkansas.

There remain to be heard of the Arkansas contests, those in the third, fourth, fifth and seventh districts.

In view of the bitter feeling between the Taft and Roosevelt adherents, the meeting was surprisingly peaceful, although it opened with a contest which seemed to forecast a tie, which, however, failed to materialize.

Borah in Fighting Trim. This contest arose over a renewal by Senator Borah of Idaho of his motion of yesterday, which would permit only eight members of the committee to demand a roll-call instead of twenty as provided by the existing rules.

Dennis T. Flynn of Oklahoma moved to lay the Borah motion on the table, and Mr. Borah wanted to debate the motion, but Chairman Roosevelt declared it undebatable as a proposition of amendments.

"I don't intend to be choked off by a gag this early in the consideration," said Senator Borah with some show of heat, and I will utter my say here or I will utter such a position that this convention will make no progress.

"This committee will conduct its proceedings under the usual parliamentary rules," said Mr. Roosevelt with marked dignity.

Mr. Borah then proceeded to table the Borah motion by a viva voce vote, and then Mr. Borah was permitted to continue his speech.

"Mr. Chairman, we will not make any progress here—now I know that you have intended to do as you desire to cushion the steam roller, I am perfectly willing that the steam roller should be used, but I want to say here and now that it will not operate to the country that it does operate, how it operates, who is operating it."

"Men who have not the moral courage to record their vote before the people of this country are not worthy to represent the great Republican party of these United States." (Applause.)

It was made plain that even the majority intended to table the minority a roll call on demand on any question. Penrose, Crane and the delegates from the four districts in Borah and his colleagues in the minority in asking for a roll call, and they always got it.

The youth district brought the day's first definite line-up—23 to 15—in favor of the so-called Taft delegates, and closed the Alabama contest.

Hot Politics in Arkansas. The Arkansas contests were next taken up, involving 18 seats, 4 of delegates-at-large and 14 from districts.

J. A. Comer of Little Rock appeared as the Roosevelt leader from the state. The Roosevelt men charged that the Arkansas Republican organization consisted of "postmaster" and other federal employees, the sole purpose of which organization is the distribution of federal patronage.

"What we appeared at the convention hall we were met with revolvers and clubs," declared Mr. Comer. "Two Democratic constables were stationed inside the doors with orders to prevent any Roosevelt delegate from exiting. At least one of our men was struck in the head by one of those constables."

Ladies' Gold Wrist Watches

Few articles of jewelry are so universally favored as the all gold wrist timepieces. The latest styles are guaranteed to show many new and neat designs in the expansion and contraction of the dial.

The pretty gold dial, with artistically arranged figures in either Arabic or Roman, is very pleasing.

Prices range from \$35.00 to \$75.00, in 10 kt. and 14 kt. Gold. Some have platinum pieces linked, fully guaranteed and reliable as timekeepers, as well as being sensible ornaments.

SOCIETY AT GALT HORSE SHOW ENJOYED A SPLENDID PROGRAM

Lieutenant-Governor's Visit Was Crowning Touch to Occasion, Which Was Graced by Presence of Many Prominent Horsemen—Good Competition in Ladies' Saddle Horses.

GALT, June 7.—(Special.)—Everything went off smoothly at the second day of the Galt Horse Show, splendid weather prevailed and the attendance was over 5,000.

The presence of His Honor the Lieutenant-Governor, Sir J. M. Gibson lent color to the affair. At 3 o'clock the Lieutenant-Governor, Lady Gibson, the Misses Gibson and H. W. Fellows, A. D. C., arrived.

The grand stand was a harmony of colors and the beauty and fashion of the town and district and, to some extent, of the province, were represented in the gay concourse.

It was made plain that even the majority intended to table the minority a roll call on demand on any question. Penrose, Crane and the delegates from the four districts in Borah and his colleagues in the minority in asking for a roll call, and they always got it.

The youth district brought the day's first definite line-up—23 to 15—in favor of the so-called Taft delegates, and closed the Alabama contest.

Hot Politics in Arkansas. The Arkansas contests were next taken up, involving 18 seats, 4 of delegates-at-large and 14 from districts.

J. A. Comer of Little Rock appeared as the Roosevelt leader from the state. The Roosevelt men charged that the Arkansas Republican organization consisted of "postmaster" and other federal employees, the sole purpose of which organization is the distribution of federal patronage.

"What we appeared at the convention hall we were met with revolvers and clubs," declared Mr. Comer. "Two Democratic constables were stationed inside the doors with orders to prevent any Roosevelt delegate from exiting. At least one of our men was struck in the head by one of those constables."

H. L. Remmel of Little Rock, taking up the defence for the Taft delegates, said that before the national committee, had gone to Washington several years ago and protested to President Roosevelt against Republican conditions in the state.

BLACKBURN'S PIANOS

George H. Ketchum and Medion, J. Crosson, Cobourg; 2. Holly Chimes, Lady C. W. J. Crosson, Cobourg; 3. Okom Belle and Malice, Miss K. L. Wilks, Galt; 4. Paronella Todd and W. J. Blackburn, London; 4. Black Ladies' hunters—1. Jap. Joseph Kilgour, Toronto; 2. Sir Edward Hon. Adam Beck; 4. Mather, J. K. Four.

The riders were Mrs. McSloy, Miss Temple and Miss Yeager, respectively, and their performances were classy.

Hunters, heavy weight, up to carrying 150 pounds and over, to 5 feet 8 inches. Morn. W. D. P. Jarvis, Toronto; 2. Out Post, H. N. Bate, Jr., Ottawa; 3. Intrapid, W. J. Blackburn, London; 4. Black Watch, Joe Kilgour, Toronto.

Harnessed pairs, mares or geldings, in any height, that have not won a first prize at any recognized horse show previous to Jan. 1, 1912, open to amateur only—1. Blink Bonnie and Royal Bait, T. Petch, Cross Hill; 2. Princess Reika and Princess Reika Norman Hill, Guelph; 3. Harry and Teddy; 4. M. McCallen, Guelph.

High jump—Horses, not clearing 5 feet ineligible for prize; trial at 4 feet 8 inches. Jump raised four inches at a time up to 5 feet 8 inches, after which the jump raised three inches at a time, each horse to clear three trials up to 5 feet 8 inches, after which four trials allowed, top bar secured by twice; first prize, \$50; second, \$25; third, \$15. No Trump (Crown & Murray, Toronto); 2. Lady Like (Crown & Murray); 3. Flying Fox (Crown & Murray); 4. The Maabur, W. J. Thompson, Hamilton.

Horses under 14.3, shown before a coach, drag or body brake, "four-in-hand"; 1st. Reciprocity, Flying Eye-opener, Wonder, A. Yeager, Simcoe; 2nd. Premier, Pride, Sunbeam, Sunrise, Crow & Murray, Toronto.

Express purpose horse—1. Master, H. M. Brunscker, Berlin; 2. Joe, John Allison, Galt; 3. Maggie, D. B. Wood, Hamilton; 4. Billie, B. R. Harper, Chatham.

Pony in harness, 12 hands and under—1. Sweetheart, Langton Bros., Toronto; 2. Lord Derby, Miller & Milton, Bradford; 3. Dinah, Beauty, J. J. Kenyon, Galt; 4. Mike, H. P. Cox, Bradford.

Roadster, pair mares or geldings—1. T. O. Anderson & Co., members Toronto Stock Exchange, say in their weekly letter: "Except for some damage to winter wheat Canadian crops are very promising. The wheat acreage of the northwest suggests a crop of this year of 250,000,000 bushels, and the fodder crop in the older provinces gives indications of being a beautiful one. With this outlook so favorable, we regard the Canadian financial situation as satisfactory."

GOLDFALE

The beauty suburb of NORTH TORONTO

Golddale is especially designed, developed, and will be sold to the discriminating purchaser only. Golddale is the choice of the particular people and is surrounded by artistic architectural homes of merit.

Golddale is reached by electric railroad to the Rosedale Golf Club stop, and overlooks the beautiful scenic outlook of the Golf Club grounds and the Don Valley. It's the best to be secured in North Toronto, and will rank as Toronto's finest suburban home community. We will motor you to-day.

HOME SITES FOR HOME BUILDERS

WHETHER you prefer to live or invest in the East, the West or the North—we have the choicest, the best located and best improved properties and the most reasonable terms to offer you.

Make an appointment with our main office or our nearest branch office to see any of these properties. If you don't see what you like here, we have others of equal merit. A phone call will bring you full information, without obligation.

Melrose Park

Here is a beautifully located property, situated in the finest part of North Toronto. It is right opposite beautiful Waverley Park. It faces the west side of Yonge street, just north of Glen Grove, and runs right through to Bathurst street. Carefully restricted and well improved. Prices \$18 a foot upwards. Easy terms of payment.

To reach this property, take Metropolitan cars (fifteen-minute service) to Glen Grove Station, and there call on our North Office (Phone Main 5432).

Kelvin Park

This property chiefly comprises the beautiful grounds of the Toronto Golf Club. The new Gerard street car line will pass right through the property and bring it within 20 minutes of King and Yonge street. The land is high and commands a splendid view of the lake and harbor. Prices \$35 a foot upwards. Easy terms will be arranged.

To reach these properties, take Parliament car to our East Office at Greenwood street (Phone Beach 677). Our motor will meet you there and convey you to the property.

Lowther Park

This property lies just a little to the east of Kelvin Park. The new Danforth avenue line will pass the property on its south boundary. The Kingston road line is only ten minutes away. The land is level and has been well kept for many years, thus adding to its value for homesites. Lowther Park is partially within the city limits, in a built-up district, and is now being improved. Land in this district is now selling as high as \$150 a foot. Lowther Park prices are only \$18 a foot upwards. Terms \$10 down and \$10 a month on each 25-foot lot.

To reach these properties, take Parliament car to our East Office at Greenwood street (Phone Beach 677). Our motor will meet you there and convey you to the property.

The Pines and Pine Beach

These are the two finest Lake Shore properties ever laid out. There is no more good Lake Shore property left. Most elaborate improvements are being made. Fine entrance gates are being erected, and we are building two modern villas for our own investment. The improvements in these properties include fine paved streets, sidewalks, trees on every lot, and every convenience. Prices are \$14 and upwards. Special terms will be arranged.

Phone our Sunnyside office, corner of Queen Street West and Sunnyside, to reach these properties. Our motor will meet you at the property. (Phone Parkdale 425)

BROAD THEOLOGY GAINING GROUND

Dr. George Cross, Formerly of Toronto, Chosen to Occupy Best Known Theological Chair in America.

The appointment of Dr. Geo. Cross, formerly of McMaster University, to the chair of systematic theology in the Rochester Theological Seminary, is regarded as a striking evidence of the manner in which "broad" theology is gaining ground.

served many years as professor of church history at McMaster, resigning in 1908. He is now in the faculty of the New York Theological Seminary. Dr. Cross, while in Toronto, was regarded by so-called heresy hunters, as somewhat "unsound" in a theological sense, but now he has been chosen to occupy perhaps the best known theological chair in America. Moreover, he succeeds Dr. A. H. Strömgren, who held it more than forty years, and has been regarded there as teaching and books as a veritable pillar of orthodoxy.

IN MINISTRY FIFTY YEARS.

COBOLG, June 7.—(Special).—At today's session of the Bay of Quinte Conference the fact that two of its ministers are completing 50 years of service was recognized by resolutions expressing appreciation of their faithful service.

The ministers so honored are Rev. Prof. A. H. Reymar, L.L.D., of Victoria University, and Rev. J. C. Wilson, now of Toronto Conference, but a member of the Bay of Quinte Conference throughout his active ministry.

HOLY NAME SOCIETY.

The retreat for Holy Name men, which has been in progress in St. Paul's Church, Power-street, since Wednesday evening, will close on Sunday. To-day will be given over to confessions, and on Sunday morning a reception of new members will take place at the 8 o'clock mass in St. Paul's Church, and general holy communion will be received by members in all the other churches of the archdiocese. The services will conclude with the Grand Holy Name Rally Sunday afternoon. The procession will form at St. Michael's College and benediction will be given in the House of Providence grounds. Very Rev. Father Fitzgerald, O.P., of New York, will be the speaker. Attendance has been made for 10,000 persons.

To Be Inspected by King.

On June 15 22 local members of the St. John's Ambulance Corps will visit England, and will be inspected by His Majesty, King George. Other parts of the empire will also send representatives of the order, and it is expected that awards of merit will be made.

IF YOU WANT NEW STRENGTH APPLY NATURE'S REMEDY

Are you as well and strong as you look, or have you weak nerves, poor memory, stupid feelings, lost ambition, lame back, rheumatism and kindred troubles, or a general run-down condition of your entire system? Have you doctored without benefit? Is your stomach ruined from drugs and your money wasted? Are you tired of trying useless remedies? Then come to me. I have a positive and certain cure for you in

Dr. McLaughlin's Electric Belt

You put it on when you go to bed, and sleep peacefully under the influence of its warming, vitalizing power. You awake full of ambition, with a healthy desire to tackle your day's work. Each day you gain new life from it, and soon begin to feel yourself a man among men. Each symptom gradually disappears, strength takes the place of weakness, and your life is made happy by the restoration of your old health.

No More Dizziness—Heart Stronger

Dear Sir,—I have used your Belt with great success. It has done just what I expected—it has helped me in every way. I am getting stronger all the time. I have gained twenty pounds since I began using your Belt. I think it was money well spent. I have no more dizzy spells, my heart is much stronger and my lungs feel better. I think your Belt has the most healing power of anything that was ever invented. Yours truly, W. M. Cooper, Clarendon, Alta.

Nothing Like It
Dear Sir,—I now write you, and do what I should have done before. I never found anything to do as much good before as your Belt did for me, and I think there is nothing I can do any better. I have gained ten pounds in two months, and I think every man should have one of your Belts. I give your Belt the very best of praise for the good it has done for me, and I will recommend it wherever and whenever I can. I remain, yours truly, James E. Ferguson, Box 84, Neepawa, Man.

DR. M. O. McLAUGHLIN

TO COST \$77,000 FOR THE INTAKE EXTENSION

Board of Control Reported Funds Necessary to Carry on Work—Filtration Plant is Now Taxed Beyond Normal Capacity, and is Pumping 48,000,000 Gallons Daily.

It will cost \$77,000 for the proposed extension of the filtration plant, according to a report from Acting City Engineer Powell, which was submitted at a special meeting of the board of control yesterday afternoon when it was decided to have plans and specifications prepared for the undertaking, and funds were reported for this purpose. The report dealt with a second filtration plant with thirteen filters, for which the cost was estimated as \$73,000, an additional steel pipe from the tunnel to the plant at a cost of \$140,000, and a chlorination plant at \$12,000. The plans for this work, it is understood, will require four or five months to complete.

Mr. Powell claimed that at the present time the filtration plant was being taxed far beyond its normal capacity, 48,000,000 gallons a day being pumped, whereas the maximum should not be more than 25,000,000 gallons. In five years time he estimates that 55,000,000 gallons of water would be required to meet the daily needs of the city, but this, he thought, could be reduced if the new system were installed. In recommending the second plant, however, Mr. Powell gives as his opinion that an additional reservoir will not be necessary. If one were built, it would cost \$128,000.

Temporary Relief.

It was previously proposed to install only seven additional filters, but the engineer recommended this, claiming that this number would bring the total up to nineteen, and that could only be expected to give temporary relief and would leave no capacity for the future increase in consumption. Mr. Powell also advocates the permanent use of steam pumps. The board agreed with these suggestions, but it was decided to ask for a report as to the comparative costs of a mechanical filtration plant and the proposed additional slow sand filters.

SHOT THRICE BUT MISSED COUNT TISZA

BUDAPEST, Hungary, June 7.—(Can. Press).—Count Tisza, president of the lower house, had a very narrow escape from assassination this morning. He was fired upon three times by Deputy Julius Kovacs, who then shot himself, probably with fatal effect. Tisza was unscathed because of disorderly conduct.

The attack upon the count is a direct result of a regular meeting last night in St. George's Hall. The usual business was transacted and some interesting papers read.

Throat Count Tisza had remained seated and after the wounded Kovacs was removed he magnanimously invited the house to express their sympathy for the sad fate that has befallen this madman. The three shots fired at the president of the chamber buried themselves in his desk. It appears that Kovacs while on his way to the parliament building said to himself that if he succeeded in getting inside the chamber he would not leave it alive. Kovacs is said to be in serious financial difficulties.

CHILD FELL FROM WINDOW.

Ada Pennick, the 11-year-old daughter of Mr. Pennick of 7 Taylor-street, fell yesterday from a window in the house wherein the family lives and hurt herself badly. Pennick is a widower and the hard-working, is unable to hire a housekeeper to look after his children, so they have to take care of themselves. Deeming it a case for the Children's Aid Society, the police sent his three little ones to the Simcoe-st. Shelter, where they will remain for a time at least.

NEW STEAMER TO GRIMSBY.

Another steamer will shortly be plying between Toronto and Grimsby Beach. She is the City of Chatham, and has been purchased by H. H. Wylie from the Grimsby Beach and South Shore Navigation Company, Limited, of Sault Ste. Marie. The boat is well suited to the handling of excursions and adapted to rough weather voyages. She is expected to reach Toronto on Monday next.

Improved Train Service Between Toronto, Sarnia, Port Arthur and Winnipeg.

The Grand Trunk Railway System have inaugurated a Pullman parlor car first-class coach service between Toronto and Sarnia. What follows is the schedule: Toronto 8 a.m., Hamilton 9:08 a.m., arriving Sarnia 1:45 p.m., Monday, Wednesday, and Saturday, making direct connection with Northern Navigation Company's steamer leaving Sarnia 2:30 p.m., on above days for Sault Ste. Marie, Port Arthur and Winnipeg. Eastbound—Leave Sarnia 4:30 a.m. Tuesdays and Fridays, arrive Hamilton 11:10 a.m., and Toronto 12:18 p.m., also leave Sault Ste. Marie 1:30 p.m., Sundays only, arrive Hamilton 4:55 p.m., and Toronto 8:11 p.m. Reservations, tickets and full information at City Ticket Office, north-west corner King and Yonge-sts. Phone Main 4200.

SUNDAY WORLD PICTURES

Busy Sunday World photographers collected many pictures of the various events and contestants at the Ontario Olympic trials which took place at the Island Stadium Saturday, June 1. Splendid action pictures will be found on the front page of the Pictorial Section. They include Ed. Archibald of Toronto throwing the discus; Fitzgerald's peculiar action when taking the high jump; Chandler, British Columbia, winning the 5000 metre race; Martin Sheridan of New York, world's champion hammer thrower; 1500 metre race, won by Mel Sheppard, the New York middle distance crack; Cameron winning the pole vault; relay race between Eaton's and Wana-maker's of New York; Howard, winning the 100 metre race from some of the fastest runners in the Dominion; Barber, the Torontonian, who won the high jump, broad jump and hurdles.

Other pictures of interest comprise: The flower of Irish aristocracy—charming women and children of Dublin; a quaint old English village, Elford, Staffordshire; early portraits of members of the Royal Family; Premier of New Brunswick turning the first sod of the St. John Valley Railroad; start of the Olympic trial Marathon at Windsor Castle, won by Jim Corkery of Toronto; views along the C.N.R.; events at the Normal School sports; funeral of the Titanic bandmaster at Colne, Lancashire; some of the biggest and best structures in France; Brandon's new civic street railway; nurses' graduation exercises and garden party at the General Hospital; Canadian cadets in London; surviving officers of the 10th Royal Regiment of 1861; Governor-General's party at London, Ont.; the new German alrship, Suchard. Numerous miscellaneous views and portraits complete this section of The Sunday World.

St. George's Society.

The St. George's Society held its regular monthly meeting last night in St. George's Hall. The usual business was transacted and some interesting papers read.

That's Just Splendid

Why not try Nyal's Tooth Paste yourself? You too will like that pleasant spearmint flavor. It's so refreshing and cleansing—makes the mouth antiseptic, clean and sweet.

There are over one hundred Nyal Preparations—one for each everyday ailment or use. Ask your druggist about them.

Nyal's Red Rose Perfume is the real odor of the Richmond Rose, successfully caught and offered you in tangible, lasting form. Get an ounce when you get the Tooth Paste. Nyal's are all Nyal Qualities.

REV. MR. ST. CLAIR GOES TO TRIAL

Will Offer Defence on Charge of Circulating Indecent Literature When He Faces a Jury.

Rev. R. B. St. Clair was bound over to the assizes on his own recognizance yesterday morning by Police Magistrate Denison upon the charge of circulating indecent literature. Mr. St. Clair offered no testimony, reserving his defence until the trial of the case before a jury. The alleged indecent literature consisted of a circular describing a performance at the Star Theatre about three months ago. Col. Denison, after reading the circular, announced that a

prima facie case had been made out. The stand to prove authorship of the circular.

Upon cross-examination by Mr. Raney, for the accused, Mr. Kennedy admitted that Mr. St. Clair had notified the police of the existence of some of these complaints were investigated and some convictions recorded. The Inspector also testified that he had attended the performance at the Star upon the evening following the one at which Mr. St. Clair was present. He informed that the performance was the same on both evenings. He had suggested that one or two features of the performance be cut out, and this was done. Generally speaking, he did not consider the performance in any way indecent.

CLAIRVOYANT TOLD BROTHER'S FATE.

NIAGARA FALLS, Ont., June 7.—(Special).—The body of William Hill, who disappeared from home a week ago, was taken from the hydraulic canal to-day. His sister was told by a fortune teller that Hill had been drowned in the canal. The body came to the surface to-day.

Try this tonight!
Chew Wrigley's SPEARMINT on your way home. Cleanse your mouth—refresh it.

263 B.A.'s TURNED LOOSE ON THE WORLD

387 Degrees Conferred at Varsity Yesterday — C. C. James and Dr. Adams Honored—How the Constitution of the University Was Nearly Shattered.

Bright, sunny weather, with just enough wind to blow the many gaily-colored hoods in the procession across the campus about in picturesque disorder, marked the annual convocation for the conferring of degrees of the University of Toronto yesterday afternoon. Commencement is always a joyful occasion in the life of the newly-fledged alumnus, and particularly so in that of the graduating members of the fair sex, some of whom were fairly oaded down with the flowers which had been bestowed upon them by their admirers.

Preceding the ladies in the procession across the campus marched Martin, the "yeoman bedel," who shouldered his mace with an air of evident responsibility for his fair charges. After these came the men about to graduate, many of whom had to bear the brunt of appropriate ribes from their friends in the crowd who stood watching the procession, especially when they were singled out as marks for the cameras of lady friends.

In the Procession.
Then came the dignitaries of the university. First walked the chancellor, Sir William Ralph Meredith, in his red-headed robes of office, and at either side of him were "esquire bedels" with maces. With President Falconer walked Sir Byron E. Walker, and following them came Prof. Ramsay Wright and the Bishop of Toronto.

Within Convocation Hall the scene was a gay one, the light dresses of the ladies vying with the many-colored academic garments on the platform. Besides this convocation was given an added distinction this year by the use of the new organ which was played by the bursar, Mr. F. A. Moore, before and after the ceremony.

Two honorary degrees were conferred, both LL.D.'s, the recipients being Charles Camiff James, C.M.G., M.A., formerly deputy minister of agriculture, and John George Adams, M.A., M.D., LL.D., F.R.S.

C. C. James Honored.
In presenting Mr. James for the degree, the president of Victoria College, Chancellor Burwash, referred to him as having done more than any other one man to make agriculture a success in the Province of Ontario.

Dr. Adams was presented by Prof. Macaulay, who said that the recipient of the honor was regarded as one of the three most eminent pathologists in America. He had been among the first to emphasize the importance of biology in the study of disease. Prof. Macaulay also spoke of the great work Dr. Adams had done in the campaign against tuberculosis.

The degree of Ph.D. was conferred on Walter Daniel Bonner, who was presented by Prof. Ellis, and the degree of D.Sc.D. on Edwin Austin Harty, who was presented by Prof. H. T. J. Coleman.

Thirty-nine M.A.'s were presented by the vice-president of the university, Prof. Ramsay Wright, thirteen LL.B.'s by Mr. John King, and twenty-nine M.B.'s by the dean of the faculty of medicine.

Then came the long list of B.A.'s, 263 of them, presented by Prof. Duckworth, Prof. Searcy, Prof. Lloyd, Prof. Brett, Prof. Baker, Prof. McMurrich, Prof. A. P. Coleman, and Prof. Alexander.

Some Excitement.

Some excitement was caused when the first batch of these was being put thru the mill, when one of them "Andy" Irwin, in leaving the platform caught the sleeve of his gown in the mace which the "yeoman bedel" had placed on a table much too small for it. Over it went with a clatter to the floor of the hall, knocking several chairs out of its glide, and on the steps by the way. Amid the applause of the hall, the iconoclast who had nearly wrecked the constitution of the university, hastily picked up "that bebble" and propped it up, upside down against the table, from which position of ignominy it was rescued by the faithful Martin. Then it was that the souvenir-hunting B.A.'s got busy. "Hal" R. Gordon was the first to make the break, and secured the largest fragment, for which he received a hearty round of applause. Others followed, and soon all traces of the catastrophe had been removed.

One mining engineer, L. T. Burwash, and 123 candidates for the degree of B.Sc. were presented by the dean of the faculty of Applied Science and Engineering, and four for the degree of D.E.S. by Dr. W. E. Willmott (39 others had received the degree on May 3).

Then came the annual barnyard cacophony as 44 prospective farmers were presented for the degree of B.S.A., by Prof. Reynolds. The boys in the gallery had a new call invented for this occasion, which ran:
"Apples, onions, pumpkins, squash;
"O. A. C. Wain by gosh!"
Took to the Woods.

After the reception of the agriculturalists, the foresters evidently took to the woods, for the nine degrees of bachelors of forestry were conferred in absentia. Dean Fernow reading the names.

Then the dean of the College of Pharmacy presented his flock of pill-mixers, 34 in number, for the degree of Pharm.B. It was administered to them.

Out of the 18 candidates for the degree of B.V.S., only two were brave enough to face the music. And they got it. "Back-up!" "Whoa!" yelled the gallery as they showed a premature desire to mount the platform and have it over and done with.

The name of Ernest E. Vines was presented in absentia by Dr. J. Humphrey Anger for the degree of Mus. Bac., and this closed the list.

In all 387 degrees were conferred yes-

For Investors who want a definite prospect of Increased Values and the benefit of Elaborate Improvements and Natural Advantages.

Improvements

BEAUTIFUL entrance gates, drive-ways, boulevards and avenues are now being laid out in Waverley Park. Most of Waverley is within the town limits of North Toronto, and is therefore entitled to the town's regular improvements in addition to what we will provide.

Everything necessary for building and the improvement and beautification of the property will be done.

Waverley faces, on the south side, on Lawrence avenue, which is to be the most beautiful residential street in North Toronto. The water mains are already laid in Lawrence avenue.

Look this property over. You can see at a glance that it is naturally superior to anything in the North Toronto district.

Waverley Park

Houses to be Built Right Away

In order to demonstrate our faith in Waverley Park we are commencing to build houses there for investment.

Prices \$24, Upwards

Prices in Waverley are now low—\$24 per foot upwards. Five years ago adjoining property was sold for \$5 to \$10 a foot that is now being held at higher figures than Waverley. The advance in values will be greater in the next three years than it has been during the past five. The present increase in North Toronto's population proves that.

Convenient to City

Waverley Park lies in the most beautiful part of North Toronto, just above Glen Grove. It faces on Yonge street and backs on beautiful ravines, which will afford the opportunity for many delightful homesites surrounded by trees, facing magnificent ravines and approached by winding shrub-lined driveways.

Loans to Builders

We are prepared to loan money to builders in Waverley Park to facilitate the up-building of this property in a short time.

Special Sale SATURDAY

North Office
Glen Grove.
North 5432.

Phone at once for full information about Waverley Park, and make appointment to be motored over the property. Our representatives will keep appointments at time and place most convenient to you.

ROBINS LIMITED

Main Office
22 Adelaide St. E.
Main 7171.

A special sale of Waverley Park lots takes place TO-DAY, JUNE 8. Our motor cars will meet you at our North Office—opposite the Glen Grove Station on Yonge Street. Take Metropolitan cars to that point. They run every fifteen minutes.

This property will be sold on an easy payment plan. We are prepared to make buying in Waverley Park very convenient for you. Come and let us show you.

terday, and if the 33 D.D.S. conferred on May 3 be added, there is a grand total of 625.

President Falconer read the list of the medalists and some of the prize-winners, including the name of G. L. Mackenzie for the first award of the All Souls' prize, which was omitted in the list published yesterday morning.

The chancellor then declared convocation dismissed, and everyone went over to the garden party in the quadrangle, where the band of the 48th Highlanders enlivened things with a whole program, and congratulations were exchanged by the recipients of the various degrees.

MUSIC AND FIREWORKS

Splendid Entertainment to Be Given in the Stadium at Hanlan's

Manager Solman has just completed arrangements for another of those big entertainments for which Hanlan's Point is famous. This time it will consist of a grand concert by the massed bands of the 48th Highlanders, Grenadier and Queen's Own. In addition there will be a magnificent display of fireworks by the Schenectady (New York) Fireworks Company. The date is next Wednesday evening, and the place in the stadium. This exhibition of fireworks will be one of

the most elaborate ever given in Toronto, and will consist of 30 set-pieces, the majority of which are new here. From the opening salute until the final "good-bye" the program will be a glorious display of pyrotechnics. Most of the devices can only be seen from inside the grounds, as rockets and other sky-pieces have gone out of date. Two special designs have been made for this engagement: the Union Jack and the Canadian flag. The program of the massed bands, which Messrs. Waldron, Slater and Timson are preparing, will be announced later. A small admission fee of ten cents will be charged to the stadium. On Sunday afternoon and evening concerts will be given by the 48th Highlanders.

Band, commencing Monday, the beautiful white horses, King and Queen, will give their wonderful diving exhibitions every afternoon and evening. This afternoon and evening music will be furnished by Maestro Pietro Licari's Italian Band.

Deserted Fetal Camp.

KINGSTON, June 7.—(Special.)—Twelve Bulgarians, employed at the construction camp of the Canadian Northern Railway, whose eight companions were killed by a premature blast, went on strike and tramped to this city, a distance of 36 miles, and took the train for Montreal. They regarded the job as a hoodoo.

CALEDONIAN SOCIETY.

The regular monthly meeting of the society will be held in St. George's Hall, Elm-street, on Tuesday evening, June 11, at 8 p.m. After the business of the meeting has been disposed of, Rev. Professor Robert Law, D.D., will deliver a lecture on "The Scottish Border and its Ballads." The subject is one which appeals strongly to the minds and hearts of Scotsmen, and when handled by a man of Dr. Law's great ability and strong Scottish instincts, the lecture will no doubt be surpassingly interesting. There will be an excellent program also, and some of the leading entertainers in the city will take part.

WORLD'S SUNDAY SCHOOL RALLY

PHILADELPHIA, June 7.—(Can. Press.)—Representing 288,000 Sunday schools with more than 28,000,000 members, the World's Central Committee met here to-day and arranged plans for the world's seventh Sunday school convention to be held in Zurich, Switzerland, July 8 to 15, 1912. Four ocean liners have been chartered to convey the delegates from the United States and to the convention. These vessels will sail from New York, Boston and Montreal.

KINGSDALE

IS AN ADJUNCT OF TORONTO

40 MINUTES FROM THE CITY HALL

ALL CITY IMPROVEMENTS---PRICES \$10 FOOT AND UP

We challenge you to show us a better proposition. We guarantee to install all city improvements (free to the purchaser of lots), such as water, sewers, gas, electric light, roadways, sidewalks, boulevard gates, etc. Taxes are paid for 1912. Very easy terms.

Stop paying rent. Own your house.	\$ PER FOOT DOWN Any man can pay this.	\$ PER FT. QUARTERLY Who could ask for easier terms	Kingsdale is within 40 minutes of the city.
-----------------------------------	---	--	---

KINGSDALE is a suburban community, situated on North Yonge Street, and within quick reach of the City Hall. You can live comfortably at a most frugal cost in KINGSDALE. Start now. We will take you over the property To-day. Telephone for auto appointment. Remember! No heavy mortgages. Just \$1.00 a foot down and \$1.00 a foot quarterly.

WRIGHTS, LIMITED TEL. N 6383
22 COLLEGE STREET

OPPORTUNITY Will Receive Visitors Saturday at "GLEBE MANOR"

ARE you aware that the better class of residences are going northward up Yonge? Great improvements are taking place in North Toronto, and land investors are making money. We want to show you your opportunity. You can secure one or more lots in "Glebe Manor" for a moderate down payment and easy terms for the balance; then hold your investment. "Glebe Manor" is just north of the city limits, near Yonge street. It will not be long growing very valuable. See the property Saturday. It will speak volumes to you.

"GLEBE MANOR" is high, dry, and beautiful, with a beautiful view of the suburban homes and splendid surrounding country. It will be needed soon for home building. The sooner you buy, the cheaper. Values must advance.

TAKE a Metropolitan car to Yonge and Glebe Road and inquire at our Office on the property; or, phone or call, and we will send a motor car to take you from your home or place of business out to the property. Delays are expensive—make Saturday your lucky day.

DOVERCOURT LAND, BUILDING, AND SAVINGS COMPANY, LIMITED

24 Adelaide St. E. Tel. Main 7280

W. S. DINNICK, PRESIDENT.

CIVIC HOSPITALS FAVORED BY BOARD

Controllers Were Vexed at the Proposed Raise in Rates, and May Recommend Municipal Hospitals to Alleviate Overcrowding Conditions.

In view of the fact that the city will be asked to pay \$7 per week instead of \$4.90, as heretofore, for patients in the hospitals, and because of the report of the medical health officer that the hospital accommodation in Toronto would not be materially relieved even when the new general hospital is completed, the board of control yesterday expressed themselves as favoring a scheme of civic hospitals.

This idea was initiated by Controller Foster, who claimed that the city would be justified in taking such a step in view of the raise in rates. Controller Hocken also heartily endorsed this proposal because, as he said, the present institutions were more like schools than hospitals. He thought that if the city went into this enterprise there should only be one class of patients. Nothing definite was done, however, but it was decided to discuss the question of increased rates with the hospital authorities.

In his report Dr. Hastings stated that "the per capita hospital accommodation in Toronto is in no better condition than it was ten years ago, and I am informed by Dr. Bruce Smith, is less than any other city of the same size on the continent. Further hospital accommodation will be required for the eastern part of the city and also for the northwestern portion."

Cost of Patients.
The average cost per day of public patients in the various hospitals is given as follows:
General Hospital \$1.80 to \$1.85
Western Hospital \$1.40
Grace Hospital 1.28
St. Michael's Hospital 1.19 1/2
Isolation Hospital 1.18

Asking the city's assistance in their opposition to the proposal of the Metropolitan Railway to take over the surface over their private right-of-way west of Yonge street, south from Farmham-avenue to Birch-avenue, a large deputation waited upon the board, headed by Ald. Maguire and Alex. MacGregor. They suggested that the city bring some alternative plan before the Ontario railway board, and the proposition of civic tracks on Yonge street was recommended.

Mr. MacGregor claimed that if care were run over the railway company's own right-of-way the property on both sides would depreciate 40 per cent. He thought the people's side of the question had never been given sufficient prominence before the Ontario railway board and this, he said, was most unfortunate, because under the present laws there was practically no hope of getting compensation for the damage.

The board decided to consider their proposals and also to have the ratepayers' side of the case in view when the matter was up for consideration before the Ontario railway board.

Water Experts' Charges.
J. G. Sing, T. Ald Murray and Willis Chipman, and Ieham Randolph, members of the board of water experts, charged a total of \$20,000 for their services in connection with the water system reports according to the accounts which were received by the board. Of this sum, however, \$10,000 had already been paid. The controllers ordered the bills to be sent for approval to the departments interested.

The board asked for a report regarding Controller Church's motion that the city engage sufficient skilled steel pipe workmen and experts from Newcastle-on-Tyne, Eng., to take charge of the intake work for the city as experts and workmen. The controller claimed that they could be secured by cablegram.

Chief of Police Christie granted his request for an appropriation of \$1000 to assist in entertaining the International Association of Chiefs of Police, who will meet here in the city from July 9 to 13. Between 400 and 500 people are expected to attend this convention, which will be held for the first time in Canada.

BASE INGRATITUDE
Stole From Her Protectors and Landed in Court.
Susie Crawford is incorrigible. She was taken to the Presbyterian Home some time ago and returned their kindness with base ingratitude. She stole from the matron and then left suddenly, taking another girl, Olive Cooper, with her. In police court yesterday morning, Susie was fined \$40 and costs, and Olive was taken back to the home.

Annie Urwin and Madeline Thompson mistook a taxi for their boudoir or dressing room. Anyway, they were disrobing in said taxi when an officer took them in charge. They paid \$20 and \$30 respectively into the police court fund yesterday morning.

Robert McClelland was given the option of \$50 or four months in Central for refusing to provide for his wife, who is in the hospital ill and unable to work, and his three small children. Robert has no explicit respect neither has he, apparently, affection for his family. He took the four months.

TO ANSWER CHARGE IN BROCKVILLE.
NEW YORK, June 7.—(Can. Press).—James L. Dickson, agent at Brockville, Ont., of the International Securities Co. Limited, of Montreal, who was arrested here recently upon request of the Canadian authorities, consented upon the arrangement to-day to waive extradition proceedings and return to Canada to answer a charge of misappropriation of \$1198 of the company's funds.

Toronto Traveler Sentenced.
ST. CATHARINES, June 7.—(Special).—Philip Martin, claiming to be a traveler from Toronto, who was arrested charged with the theft of a gold watch from Solomon Goldberg, was found guilty and sentenced to one month in jail.

COMMERCIAL CENTRE CITY OF PORT MANN

A Cyclone of Industrial and Commercial Activity is Hovering Over the Coming Railway

The Pacific Coast Terminus of the Canadian Northern Transcontinental Railway.

THE CENTRE of PORT MANN, within two and a half miles of 50-foot-deep waterfrontage, is situated on the South shore of the Fraser River, about three and a half miles east of the City of New Westminster, and about fourteen miles southeast of the City of Vancouver.

Apart from the vast sums of money spent by the Canadian Northern Railway in the building of their Pacific Coast Terminus MILLIONS OF DOLLARS have been invested in the PORT MANN DISTRICT by both LOCAL and FOREIGN CAPITALISTS, and REALTY VALUES have (during the past two years) RAPIDLY INCREASED and WILL STEADILY INCREASE, by reason of further enormous expenditures and greater developments now being made by the Canadian Northern Railway, and other companies operating there.

SHREWD INVESTORS, both SMALL and GREAT, who embraced "PORT MANN OPPORTUNITY" by buying in that district Lots and Acreage before the Canadian Northern Railway's property was cleared and plotted, have since sold at HANDSOME PROFITS and are now RE-INVESTING both WITHIN and SURROUNDING the boundaries of the Canadian Northern Railway's original holdings in Port Mann District.

SILVER DIMES to GOLDEN DOLLARS is the REGISTERED HISTORY of their INVESTMENTS and SALES **GOLDEN DOLLARS for SILVER DIMES** WILL BE the RATIO OF PROFITS to every IMMEDIATE PURCHASER of lots in **COMMERCIAL CENTRE**

This is the latest subdivision placed on the market and the ONLY ONE LEFT that can now be offered as FIRST SALE of property that immediately adjoins the East boundary of the Canadian Northern Railway's present holdings in Port Mann. HUNDREDS OF LOTS that were sold in the adjoining subdivisions to the North, East, and South of COMMERCIAL CENTRE subdivision HAVE BEEN RE-SOLD at HANDSOME PROFIT to the original investor. Buying "RIGHT NOW" means "RIGHT BUYING" and at "GROUND FLOOR" prices.

COMMERCIAL CENTRE IS ONE OF THE CHOICEST SUBDIVISIONS AND BEST MONEY-MAKERS FOR THE IMMEDIATE INVESTOR

SITUATED on a picturesque level beach JUST ABOVE the INDUSTRIAL SECTION OF PORT MANN, and immediately adjoining the Canadian Northern Railway Company's holdings, separated only from it by the Johnston Road (one of the PROPOSED ELECTRIC CAR LINE STREETS), which will be one of the main arteries of the town running South and North to the Fraser River.

COMMERCIAL CENTRE is in the section (16, Range 1, West), where the recognized principal East and West thoroughfare (Wellington Drive) of PORT MANN will intersect. By the unique location of this subdivision it is destined to become a LIVELY CENTRE OF COMMERCIAL ACTIVITY.

THE LAND is almost level, with just sufficient fall to ensure GOOD DRAINAGE. The soil is rich and loamy on the entire subdivision, which consists of FIVE HUNDRED AND SEVENTY-SIX 33-foot lots by 122 feet deep to 20-foot lanes.

COMMERCIAL CENTRE is of EASY CLEARING, and every lot GUARANTEED free from hills, hollows, bog or ravines. In fact, it is one of the CHOICEST SUBDIVISIONS in the PORT MANN District.

This is the FIRST OFFERING of this property, and the PRICES ARE EXCEPTIONALLY LOW; consequently it will be worth your while to figure out how many lots you can comfortably purchase and now secure the advantages of GROUND FLOOR PRICES, which will be raised when further railway developments are officially announced.

COMMERCIAL CENTRE
Size of Lots are 33x122 feet to 20-foot Lane. Streets 66 feet wide.

PRICE AND TERMS:
INSIDE LOTS 33 x 122 feet \$325 to \$475. DOUBLE CORNERS 65 x 122 feet \$850 to \$1150

ONE-FIFTH CASH, BALANCE 6, 12, 18, 24 MONTHS. Interest, 7 per cent. TEN PER CENT. DISCOUNT will be given on all deposits OVER ONE-FIFTH CASH. INDEFEASIBLE TITLE DEEDS to any lot in COMMERCIAL CENTRE can be delivered on 24 hours' notice.

All sales made subject to confirmation, change in price, or withdrawal without notice. DESCRIPTIVE CIRCULARS and THE LATEST MAP, showing all SUBDIVISIONS in PORT MANN and SURROUNDING DISTRICT, together with any further information required, especially about lots and acreage in this district, will be gladly furnished on application. Out-of-town Clients will receive immediate attention.

Toronto Office open evenings till 8 o'clock. Reference: Royal Bank of Canada.

Bank Clearings Soar—Share Move in Sao Paulo—N.Y. Steady

MORE FIREWORKS IN SAO PAULO

Stock Jumps Nine Points in Toronto Market—General List, However, Showed an Easier Disposition.

A jump of 9 points in Sao Paulo was the outstanding feature of an otherwise rather uninteresting session of the Toronto stock exchange yesterday. The market at the opening was quoted at 23 or 1 1/2 points below the previous day, but was quickly lifted on the incoming of a scattered public demand. Shares were in very scant supply here and the sharp advance followed in short order, the price getting up to 24 1/2 and closing with the major portion of the big gain held. A remarkable point in connection with the movement was the fact that so little stock came at the higher levels. The quotation at noon rose from 24 1/4 to 24 3/4 between sales and stood there at the time of adjournment. No sales were recorded between that and 24 3/4. The jump of the last part was made on sales of 160 shares, the during the morning, with the price anywhere from 4 to 8 points lower, 700 shares came out.

The street was again mystified as to the reason for the surge in Sao Paulo, which was accepted as an instance of the remarkable possibilities of the security. The recent decline had undoubtedly shaken out some weakly-held stock and the situation had been thereby benefited to just that extent. It was generally anticipated that some announcement as to the plans of the directors would be forthcoming in the near future, but these expectations were not borne out by the statements of interest close in with the management. The general idea, therefore, was that buyers at such high prices as were registered were trading altogether on prospects rather than certain respect a gain in the price of the stock.

In contrast to the movement above mentioned the general list showed a declining trend and lower prices were recorded in a number of instances. Profits taking in Rio carried those shares off over a point to 133-8, the lowest price reached in nearly two weeks, and while a recovery followed in the depression, the loss was by no means made up. Winnipeg Railway closed 2 points lower at 232 and lost additional 3 points. Other weak spots were Dominion Iron, Stock Company of Canada and Toronto Railway, all of which were under pressure of liquidation.

BIG INCREASE IN OUR BANK CLEARINGS

German Empire is Apparently Suffering From Over-Expansion in Industrial Lines, and Mid-Year Settlement Means Financial Stringency—Copper Showing Good.

Bank clearings at Canadian centres during the week ending Thursday last, showed big gains over the record of the corresponding week last year, despite the fact that this year's totals included five business days only. The statistics are as follows:

City	1912	1911
Montreal	\$58,221,589	\$48,771,470
Toronto	47,113,732	38,904,723
Winnipeg	2,871,058	2,825,000
Vancouver	12,496,147	11,450,940
Ottawa	4,788,443	3,978,309
Calgary	5,711,701	2,916,084
Quebec	3,111,931	3,004,934
Hamilton	3,116,261	2,648,523
Halifax	2,159,731	1,774,922
St. John	1,336,828	1,442,833
Edmonton	4,628,837	2,135,738
London	1,771,332	1,424,390
Regina	2,870,828	1,970,088
Brandon	694,812	654,611
Lethbridge	609,563	597,742
Saskatoon	2,247,054	1,052,453
Brantford	571,262	497,108

Total	\$182,667,465	\$116,872,853

Total for Moose Jaw not available.

DEVELOPING OUTLOOK CROSSING MOODY IN WALL ST.

German Empire is Apparently Suffering From Over-Expansion in Industrial Lines, and Mid-Year Settlement Means Financial Stringency—Copper Showing Good.

NEW YORK, June 7.—The local stock market to-day was governed to a very considerable extent by the foreign situation, the general and well-defined respect of before the opening here reflected the degree of selling pressure, which doubtless is being reflected in the approach of the mid-year settlements. It is swayed with some anxiety. There is now a general and well-defined belief that the German Empire is suffering from financial and other economic ills, superinduced by over-expansion, especially in various fields of industry.

Bankers here whose intimate relations with affairs abroad entitle their views to more than ordinary respect are of the opinion that Germany's markets may be to undergo drastic liquidation before conditions in that country can again become normal.

Other foreign conditions, including Italy's pressing financial needs, the riots in Belgium and recurrent troubles in London and the provinces, are being taken into account, and the more acute phase of the Cuban situation may be regarded as something of a factor.

Among the few news items of direct market interest was the May report of the Copper Producers' Association, which showed a large decrease in the supplies of the metal on hand. This is due mainly to the fact that the demand at home and abroad, especially in the latter part of the year, has been somewhat in excess of the output for the month. Copper shares were steady in the latter part of the early dealings, but the independent mills announced an advance in one of its specialties, and unabated.

Of the stock market as a whole it was irregular or heavy throughout the session, with prices at lowest level in the last hour, on account of the fact that the United States Supreme Court, which was holding an unexpected session, had reversed the interstate commerce commission in several important decisions.

Two Big Loans Put Check on London Market

LONDON, June 7.—There was an ample supply of money available to-day, and discount rates were steady. The stock market was dull, under the influence of labor troubles, the Consols reached a new low record in the morning, but later recovered. The issue of a £2,500,000 loan and a New Zealand loan of £2,500,000, which will appear shortly, depressed Consols. United Havana Railway shares weakened by the trouble in Cuba.

American securities opened dull, with prices showing irregular change. Trading was light, and mainly on the selling side. Canadian Pacific was weak and lost 1-8 points. The rest of the list was dull through the session. The closing was steady, with prices within a small fraction of parity.

BRITISH TRADE

LONDON, June 7.—The May statement of the board of trade shows an increase of \$3,925,000 in imports, and \$6,088,000 in exports. The principal increases in the imports were in raw materials and food, and food and raw material made up the gains in the exports.

FOREIGN EXCHANGE

FAILURE RECORD

The number of failures in the Dominion during the past week, in provinces, as compared with those of previous weeks, and corresponding week of last year, are compiled by Dun's, as follows:

Date	Ont.	Que.	N.S.	N.B.	P.E.I.	Total
June 5	4	2	1	0	1	8
June 6	2	1	0	0	0	3
June 7	3	1	1	0	0	5
June 8	1	0	0	0	0	1
June 9	2	1	0	0	0	3
June 10	3	1	0	0	0	4
June 11	2	1	0	0	0	3
June 12	3	1	0	0	0	4
June 13	2	1	0	0	0	3
June 14	3	1	0	0	0	4
June 15	2	1	0	0	0	3
June 16	3	1	0	0	0	4
June 17	2	1	0	0	0	3
June 18	3	1	0	0	0	4
June 19	2	1	0	0	0	3
June 20	3	1	0	0	0	4
June 21	2	1	0	0	0	3
June 22	3	1	0	0	0	4
June 23	2	1	0	0	0	3
June 24	3	1	0	0	0	4
June 25	2	1	0	0	0	3
June 26	3	1	0	0	0	4
June 27	2	1	0	0	0	3
June 28	3	1	0	0	0	4
June 29	2	1	0	0	0	3
June 30	3	1	0	0	0	4
July 1	2	1	0	0	0	3
