

HOT ENGAGEMENT EXPECTED AT LADYSMITH THIS MORNING

Continued from Page 1.

commanders, with field telegraph, occupied Durman's hill, near the entrance, thus cutting off the water supply of the town. The Boer artillery began shelling, but the British did not reply. British armor was sent to the front. The Boers were destroying the railway. The burghers tried to stop the train with Mausers, and succeeded in stopping it. The train was then destroyed by the burghers.

Another despatch from Pretoria says that the burghers have occupied the entrance of Mafeking, and the Boers are expected to attack the town this morning.

The Orange Free State troops have destroyed the Modder River bridge without opposition. A despatch from Durban, Natal, says that the Boers who arrived there yesterday (Tuesday) from Pretoria, and who were expected to attack the Transvaal capital, admitted a Boer repulse at Mafeking, eight burghers being killed and wounded.

Jobert at Newcastle. Pretoria, Oct. 17.—(Delayed in transmission.)—Commandant-Gen. Jobert has arrived at Newcastle, Natal. He found only 100 men there, who were the remnants of his force. In spite of the severe strain, the health of President Kruger continues good.

Koek at Ingogo. Pretoria, Oct. 17.—(Delayed in transmission.)—Gen. Koek, in command of the Boer force, is still at Ingogo. He has a cannon and has cut the railway between Dundee and Jaeger's Drift. Several trains were stopped, and are moving toward the Bigglesberg Mountains, to the south of Glencoe.

WIDESPREAD WONDERMENT Has Been Occasioned by the Calling Out of the Militia and Militia Reserves.

London, Oct. 18.—The calling out of the militia and the militia reserves has occasioned widespread wonderment. Old stories of preparations against continental combinations are reviewed. It is freely rumored that the Government is determined to demonstrate to Europe that the British army is not a negligible quantity.

It is not believed that the militia are to be sent to South Africa. Presumably they will remain in the United Kingdom to defend the coast, and to permit the regulars to be sent to the Cape all the regulars rendered necessary by developments in South Africa.

A MESSAGE FROM GENERAL WHITE Says the Boers Were Expected to Advance Across the Drakensberg on the 17th.

London, Oct. 18.—The War Office has issued the following statement: "News has been received from General Sir George Stewart White, the general commanding in Natal, that the anticipated movement of Boer forces across the Drakensberg, already reported from several sources, was likely to be continued on Oct. 17, in which case some of them might be expected to arrive at Rosina Bank that night and probably to come into contact with our cavalry between Ladysmith and the passes of the Drakensberg."

"On the north the Boer forces from Ingogo are advancing accompanied by a few batteries of artillery. On the south the Boer forces from the Orange River are moving toward Vants and Burke's Drifts."

"Our cavalry remain in observation and report movements at the Orange River State. The Basutos are said to manifest an attitude hostile to the Boers; and they may neutralize a certain number of the Boer forces."

A Ballroom at Work. Pretoria, Oct. 17.—(Delayed.)—The telegraph says that a ballroom has been opened at Ladysmith.

"BAD AS LIQUOR HABIT." Druggist Says of Coffee Drinking. "Drinking coffee at restaurants more and more for several years, I was finally forced to the conclusion that it was the cause of my dyspepsia, with the result that coffee was discontinued. It caused me not only distress but serious inconvenience. I am satisfied that coffee drinking habit is as truly a pernicious habit as the drinking of liquor. It causes me exceedingly nervous and interferes with my business, where a steady hand is a necessity."

My experience with Postum Food Coffee teaches that it is truly a blessing, and to be highly recommended. My own great improvement has given me interest in the preparation. My attention was attracted to it at 6713 Vincennes-avenue, left of coffee and drank only Postum during my training for the race, and was greatly benefited by the change. C. R. Paterson, another cyclist, says it gives strength and vigor where it gives a feeling of heaviness." Ed. G. Foster, "The Burch-street Chicago, Ill.

The British transports are moving toward the Bigglesberg Mountains, to the south of Glencoe.

GERMANY AND GREAT BRITAIN. Is Germany Trying to Fix a Price for Her Neutrality in South Africa?

London, Oct. 18.—The Daily News, commenting upon the agitation of the German press and the announcement of The Neue Nachrichten, that the Colonial Council had adopted a resolution declaring its opposition to the German colonial interests to abandon Samoa in return for sufficient indemnity, says that there can be little doubt that Samoa is just now an important item in the deal which Germany is trying to arrange with England and the United States.

London, Oct. 18.—A new and serious element in the military situation is the rising of the warlike tribe of Basutos, under Chief Moselele, against the Orange Free State. The British must keep the Basutos quiet, and the paramount chief, Lerotothi, has been ordered to report to the British commander in Natal, whether they will follow the example of Moselele, or whether they will remain friendly to the British.

When refitted, she will accommodate about 300 persons in the hospital quarters.

Mules by the Carload. Kansas City, Mo., Oct. 18.—Twenty-five car loads of mules for the Transvaal, purchased in this market by the English Government, were shipped here in the last few days and are started for New Orleans yesterday. Another train will follow in a few days, and in a few days, an estimate on 500 tons of hay for use in the South African campaign was made yesterday.

GERMANY NEEDS BIG FLEET.

The Emperor Was a Little Bit Reproachful in His Speech at a Hamburg Launching.

SPOKE OF WHAT MIGHT HAVE BEEN Had Not His Urgent Request Been Refused During the Earlier Years of His Reign.

Hamburg, Oct. 18.—A new German warship was launched here to-day in the presence of Emperor William. She was christened "Kaiser Karl Der Grosse" by Dr. Von Monckberg, Burgomaster of Hamburg. At the banquet given in the Town Hall after the launching, Emperor William recognized what the German people do when united, and on the other hand, how necessary to our interest abroad is the strengthening of our naval forces.

Had Not His Urgent Request Been Refused During the Earlier Years of His Reign. "If that class of reinforcement had not been refused me during the first eight years of my reign—despite my urgent requests and admonitions, refused with scorn and mockery—how different matters would have been now. We should be able to push our thriving trade and commerce over the seas."

The Ottawa Volunteers. Ottawa, Oct. 18.—The Ottawa contingent of the 13th Regiment, Ontario, is practically completed. Major Maynard of the 43rd Rifle has been appointed to command the contingent. The contingent will be sent to South Africa.

The prosperity that prevailed to-day was not due to the fact, but to another wave of prosperity. But would Canada have cut its throat by the Northwest? It had not been acquired, the Trans-continental Railway built, manufacturers encouraged, and the country opened up. Would there have been any Manitoba with an output of 55,000,000 bushels of wheat, or for that matter, any Ontario? It is the policy of the Conservative Party, and the revered leader of our party, but also as the staunch and consistent champion of Imperial unity.

GEN PIO OFFERS TO SELL OUT

Promises to Play Crooked and Betray Aguinaldo and His Army for a Financial Consideration.

OTIS WILL NOT BUY SURRENDERS.

American General is Suspicious That It May Be Himself That Would Be Sold if He Accepted. Manila, Oct. 18.—General Otis has received messages purporting to come from the insurgent general, Pio del Pilar, offering to sell out to the American general Aguinaldo in the hands of the Americans. Although he is not satisfied that this offer is authentic, it is not intrinsically improbable. The policy of General Otis is firmly set against buying surrenders.

OTIS WILL NOT BUY SURRENDERS.

He Will Bear Watching. In the course of the communication he refers to Aguinaldo in contemptuous terms, indicating that strained relations exist between them. Reports are being received from the districts occupied by the enemy that the Filipinos believe that Pio del Pilar has been captured, and that the Americans have won an attack of that sort. There has been much speculation in the Philippines as to the whereabouts of Pio del Pilar. The recent attack on La Loma is credited to his men, and it is believed that he is in the vicinity of San Mateo Valley, with a force of from 1500 to 2000 men.

OTIS WILL NOT BUY SURRENDERS.

They Grew Suspicious. The delegate left Santa Rosa, and accompanied by three or four men, the American lines at Calamba. The Filipinos did not proceed far, deciding to await his return at the city of Torontal. He was detained in Manila longer than they had expected, they grew suspicious, and returned to Santa Rosa. The day after he left, the remaining Spaniards at Santa Rosa, perceived two men on the beach hurriedly embarking in a canoe and pushing out toward the open sea. They reported that the Filipinos, believing the plot to surrender the artillery, and that the Spaniards, and that they had been ordered to surrender their arms and lives. The three Spaniards are now hiding in Manila, fearing Filipino vengeance. Gen. Otis has declined their offer to surrender, and he promised to send the three to Spain.

OTIS WILL NOT BUY SURRENDERS.

Macabebes Made a Break. Batson's Macabebes scouts encountered the enemy at San Mateo, and fought a day to-day, and attacked them in the front and rear, and scattered them in all directions and dispersing them completely. Several Filipinos, including a captain and a lieutenant, were killed, and a number of arms were captured. Macabebes had one man killed.

OTIS WILL NOT BUY SURRENDERS.

No Promise of Independence. The whole correspondence, however, contains no promise of independence. Buencamino lays stress upon letters from Admiral Dewey and General Anderson, requesting passes for American officers and others to visit Filipino territory, and upon a letter from General Anderson asking "You and your people to cooperate with us in military operations against the Spaniards." A body of 25 Filipinos attacked a railroad patrol of eight men, members of the 17th Regiment, at Guiguinto, north Bulacan, wounding two. The Americans reinforced the patrol and drove off the enemy, capturing a quantity of ammunition.

OTIS WILL NOT BUY SURRENDERS.

BURGLARY AT THE CARIBOO

Safe was Blown Open Saturday and the Robbers Made a Big Haul.

SPOILS SAID TO BE OVER \$20,000.

A Pail of Amalgam, Worth About \$5000, Taken, as Well as a Quantity of Securities.

Ashcroft, B.C., Oct. 18.—News was brought down last night by passengers on the Republic safe concerning rumors heard a day or two before of a burglary at the Cariboo mine, near Quesnel Forks. The first reports were evidently much exaggerated as they stated that the burglars got away with \$20,000 in bullion and about as much more in securities. It is now reported that the big safe in the company's office was blown open Saturday night and one pail of amalgam worth about \$5000 taken together with collateral of unknown value at this writing. Work was evidently done by professionals. Inspector Bain of Quesnel Forks is using every effort to catch the perpetrators of the crime, and it is believed here, from reports, that he has a good chance of effecting their capture.

Mr. H. C. Hammond had not heard of the robbery until The World read the above despatch to him last night. He said this was the time of the clean-up at the mine and there would therefore be a lot of bullion on hand—over \$20,000 worth—but there were no securities that he was aware of. There would be several pallets of amalgam at the mine.

"The Slater Shoe" for Boys.

As carefully made, of the same material and workmanship as father's.

The makers of "The Slater Shoe" have made a careful study, and have acquired an inside knowledge of the requirements of feet, especially of boys' feet.

The Slater Shoe for boys is made with the knowledge that most foot distortions and after-life foot troubles are caused by wearing ill-shaped shoes in youth, before the foot is actually developed, while the bones are passing from mere gristle to the firm bone of the adult.

Boys who commence life in "Slater Shoes" will never have any after-handicaps in the way of foot-evils.

In "Foot-form"—"Dandy" and "Comfort" shapes, correct colors and reliable leathers.

Sizes—Little Gents', 8 to 12 1/2. Youths' - 13 to 2 1/2. Boys' - 3 to 5 1/2.

Every pair Goodyear welted, with the makers' name and price on the soles, \$2.50 and \$3.00.

WEDDINGS IN OCTOBER.

Manager of Molsons Bank, Knowlton, Que., Takes a Bride From Toronto.

A quiet but pretty wedding was celebrated yesterday afternoon in St. James' Cathedral when Miss Georgina Sidley, adopted daughter of Mr. and Mrs. Follinger of 23 Spadina-road, became the wife of Mr. William Russell Skey, manager of the Molsons Bank at Knowlton, Que. The ceremony, which was performed by Rev. Lawrence Skey, rector of Merriton and brother of the groom, assisted by Rev. G. C. Walls of St. James, was a simple one. The bride was attired in white satin with court train, trimmed with lace, and carried an orange blossom. The maid of honor, Miss Olive Bradshaw, wore white silk, with mosseline de soie, and a black picture hat with white feathers. Miss Mary James of Hamilton, who was flower girl, wore a costume of pure white. Rev. H. D. Williams of Buffalo assisted the groom. A reception was tendered the newly-married couple after the ceremony.

Meadows-Harding.

In St. Margaret's Church, Rev. R. J. Moore united in marriage Mr. Harry B. Meadows and Miss Nellie Harding, daughter of Mr. R. B. Harding of 363 West Adelaide-street. The bride was attended by Miss Annie Harding, while Mr. George K. Clemens was best man. A reception was held at the home of the bride's parents, after the ceremony, which was attended by a large number of friends.

Langmuir-Wallbridge.

The wedding took place in St. John's Episcopal Church, Los Angeles, Cal., on October 10, of Mr. Murray Langmuir, son of Mr. J. W. Langmuir of Toronto, and Miss Wallbridge of Toledo, Ohio. The groom is well known in the city.

BEWARE OF TYPHOID FEVER.

By The Doctor. People who return to the city after their summer outings are nearly always well fortified for the severities of a Canadian winter and pay very little regard to their own good health because they don't have. Unfortunately there is another class who may have been indolent for a certain period of the last two months, but only in spasms. Maybe there has been a convulsive visit to the Island or Munro Park, with an occasional variation to High Park, as has been the case with the writer, and there the vacation business they don't have who has had to stand the hot weather in the city, a rather critical time is in store for them. To those who have become run down from summer complaint, the sudden change to colder weather means that the internal organs, which have been weakened by inflammation, will refuse to act. Consequently an unsatisfactory condition of your liquid supply will easily take root in impoverished blood. Therefore heed the warning of one who knows. Take Hutch and have your body stored with vitality, glorious roddy blood and vigorous Canadian energy for the time is at hand when the proposition of the coal man has to be seriously considered, and you have to commence negotiations with your Uncle Abraham for your fur-lined overcoat.

A Veteran Merchant Dead.

In the death of Alexander McRoberts, which occurred on Tuesday night at his late residence, 92 St. George-street, one of the veteran merchants of Canada has been removed. Deceased, while visiting in New York about a year ago, had his thigh dislocated in an accident. This resulted in internal troubles, which eventually caused his death. When a young man he came to Canada from Scotland. For several years he was engaged in the lumber and mercantile business with his uncle in Troy Village, county of Wentworth. From there he went to St. George and then to Bay City, Michigan, where he carried on an extensive lumber business. Mr. McRoberts came to Toronto 12 years ago and had resided here ever since. He was 69 years of age. The remains will be taken to St. George, Ont., for burial to-morrow.

All to His Children.

The will of the late Edward Campbell was admitted to probate yesterday. The estate is made up of property in East Oxford worth \$2000, and a lot in Brantford worth \$200. There is, besides this, \$100 in household goods, \$50 in debts and notes, \$200 in stocks and \$400 in cash. The household effects were willed to the two daughters and any time within five years the residue is to be sold and the proceeds divided equally between his four children.

Rust Wants a Connection Between the Metropolitan Railway and the Canadian Pacific.

WORKS APPROPRIATIONS USED UP.

Assessment Appeals in Ward 4-The Canadian Contingent Send OR-Civic Notes.

The City Engineer, in his fortnightly report to the Board of Works, asks to be allowed to exercise his own judgment in sending out postcards to taxpayers previous to recommending new pavements. His reason for asking is that property-owners frequently wait on his department, requesting that a certain class of roadway or pavement be recommended. In some cases it is found that a roadway is in such a dangerous condition that it is absolutely necessary that a new pavement be constructed; and, owing to local conditions and other circumstances, it is advisable in the public interest that a first-class pavement be constructed, whereas, if postcards were sent out to the property-owners concerned, they might unwisely express a preference for a cheap cinder block pavement, which, under the circumstances, it would not be advisable to recommend.

Coater With the Company. Referring to the complaint made to him regarding the blocking of York-street by the cars and freight of the Metropolitan Railway Company, he thinks it advisable to send a sub-committee to confer with the company, with a view to arranging upon what terms they can make connection of their system with that of the C.P.R. If such a connection were made, he adds, it would remedy the existing state of affairs.

Is Short of Money. The following amounts are requested to be provided for by Council, as the appropriations are now exhausted: Roadways, \$4000; sidewalks, \$2000; sewers, \$11,000; street watering, \$5000; street cleaning, \$1300; bridges, \$800.

In his report on the cattle byres road, Mr. Rust says he had a consultation with the City Solicitor, who gave as his opinion that nothing could be done until legislation is procured. He adds that a new road is necessary, and it would cost about \$2000.

More New Pavements. The following pavements are recommended: Asphalt-Lowther-avenue, from Water-road to Spadina-road, estimated cost \$240,000; City streets, Huron-street, Lowther-avenue to Bernard-avenue, estimated cost \$10,300; city streets, O'Brien-street, Water-road to Spadina-road, estimated cost \$1300; city streets, O'Brien-street, Water-road to Spadina-road, estimated cost \$1300.

To Clean the Reservoir. With reference to the cleaning out of the reservoir, Mr. Rust says that this should be done each year, to keep down the growth of weeds and also to prevent the accumulation of small fish, which are drawn into the pipes, and from there into the service pipes, which they frequently obstruct. The committee will recollect that serious complaints were received last year from the north end of the city of the large number of small fish that frequently blocked the pipes, also that the Medical Officer recommended cleaning the reservoir to keep the water in a state of purity. It is suggested that the City Treasurer be instructed to provide the sum of \$500 for this purpose.

Exhibition Park Water Lots. The Ontario Government forwarded to the City Solicitor yesterday the lease of the water lots in front of Exhibition Park. The city is now enabled to commence the long-contemplated improvements.

A Request to Council. The Bell Telephone Company have asked Council to give them permission to erect poles on the following streets: Liberty-street, Fraser-avenue to the roadway and Gladstone-avenue to Van Horne; Cowan-avenue, King to Queen; Dovercourt-road, Queen to College; O'Brien-avenue, Queen to Maple Grove; Spencer-avenue, King to Huxley; Beaconfield-avenue, Crawford-street to Bellevue-avenue and Madison-avenue, from Bloor to Dupont; Charles-street, Church to Jarvis; Queen-street, Queen to Cameron-place; Cameron-place, Parliament-street, Wilton-avenue to Oak-street; St. Joseph-street, St. Michael's-lane to Queen's Park; Bellair-street, Bloor to Yorkville-avenue; Heath-street, Yonge to Avenue-road; Summerhill-avenue, Yonge to Reservoir Park. The poles on Cowan, Madison and Summerhill-avenues and Dovercourt-road are to replace old ones.

Assessment Appeals.

The Court of Revision heard appeals against the assessments in Ward 4 yesterday, and made the following reductions: John A. Worrell, barrister, income reduced from \$1201 to \$800; home occupied by McDonough, 274 Spadina-avenue, reduced \$400, and land \$5 per foot; 276 Spadina-avenue, from \$65 to \$60 per foot; Robert Bell, 156, 158, 159-Street, from \$80 to \$65 per foot; W. G. McKeen, 401 Spadina-avenue, reduced by \$2 per foot; Dr. Campbell Meyers, income reduced from \$1500 to \$1000; D. J. Deford, Clarence-square, reduced, land \$10 per foot, and building \$200; W. W. Ogden, income reduced from \$1600 to \$1200.

Notes.

The Minister of Public Works wrote to the City Engineer yesterday, saying that the Government had not set aside any money for the paving of a lane south of Front-street, but promised that \$2000 should be granted next year.

SHOT BY THEIR OWN MEN.

Capt. Voulet and Capt. Chanoine, Who Massacred the Klobb Expedition, Have Been Killed.

PARIS, Oct. 18.—The Minister of the Colonies, M. Decrais, has received an official despatch announcing that Capt. Voulet and Capt. Chanoine of the outlawed French expedition in the Sudan, who were recently massacred most of the members of the expedition under the leadership of Capt. Voulet, had been shot by their own men.

Despatch Giving Details. The Colonial Office has received the following despatch from Lieut. G. de la Roche, who was with the expedition, now in command of Voulet's men. "Capt. Voulet, with 100 tirailleurs, on July 14, marched against Lieut. Col. Klobb, and was responsible for the massacre of his comrades, of his return, what he had done, and declared that he intended to revolt and to form an independent state."

Only Capt. Chanoine decided to accompany him, with some natives. On July 19 the tirailleurs mutilated and shot Chanoine, and published the murders of Capt. Voulet, whose body was recovered.

The tirailleurs then rejoined the expedition in good order, and the expedition, myself commanding, continued the mission, and published the murders of Capt. Voulet, whose body was recovered.
