WAR SUMMARY

THE DAY'S EVENTS REVIEWED

ON the second day of their renewed offensive towards Trieste the Italians again made substantial progress on the front between a point east of Gorizia and the sea, and they took an additional 3498 prisoners, raising the total number taken in 48 hours to 8229.

Of the prisoners taken 116 are officers, including a brigade and a regimental commander. The victors also captured two mountain guns, many machine guns, and a great quantity of arms, ammunition and war material of all kinds.

The number of prisoners taken by the Italians in these operations is not excessive. They were probably opposed by at least two Austrian divisions on the sections where they advanced. This would make the Austrian losses in prisoners alone about ten per cent. of the effectives engaged, and a moderate supposition would be that the total casualties of the foe would amount to 30 per cent. of the troops in action.

To Those Who Are Fixing Up the House for Winter

EVERY HOUSEHOLDER has numerous repairs and duties to do before the arrival of "Jack Frost." Windows and doors must be made intact—roofs sometimes need fixing, fire place accessories are often required, stoves needed, etc., and the whole house strongly fortified throughout to meet the ravages of severe wintry weather. A few timely suggestions:

Muresco for Decorating and Beautifying Wall and Ceilings

On metal and smooth plaster surfaces, one pound of Muresco will cover fifty to seventy-five square feet, one coat; on brick, sand finished and rough surfaces, one pound will cover thirty-five to fifty square feet, one coat. It is absolutely necessary that boiling water be used in mixing Muresco, and at the ratio of 3 1/2 pints of water to five pounds of Muresco. The water should first be put in the pail, the Muresco then added, and stirred thoroughly until all the ingredients are dissolved. Let stand for thirty minutes, after which add one pint of sufficient cold water to make the mixture about the consistency of thick cream. Strain at once, and when it becomes jellied it is ready for use, as under ordinary atmospheric conditions, Muresco works best in a cold and jellied state.

Muresco comes in eighteen most used tints, also white (blue white) and tinting white. Tints, 5-lb. pkg., 40c. White, 5-lb. pkg. 35
Fibre brushes, 7 inches long, for applying Muresco. Extraordinarily priced. Each . . . 15

Higgin All-Metal Weather Stripping Keeps Cold Air Out and Warm Air In.

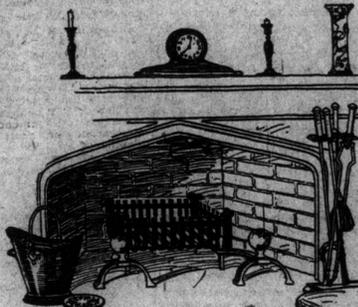

IN ALMOST every window or door there are cracks and crevices, where hot or cold air can easily slip in or out, upsetting furnace regulations and making the temperature of the house uncomfortable during the cold weather. But with Higgin All-Metal Weather Stripping installed on all the windows and doors, the home is made cheerfully comfortable and cosy. It makes it possible for you to enjoy sitting beside the window in the winter time, without fear of catching cold, and so effective is it that storm windows are not required. It possesses the further advantages of preventing windows from rattling, keeping out dust and dirt as well as reducing street noises. And it most certainly saves fuel expenses in keeping the warm air in and the cold air out.

The illustration below shows the window closed, the bronze metal strip in the window fitting over the metal strip of the sash. See the actual demonstrations in the Furniture Building. Estimates of cost are given free, and if you so desire, a man will be sent to your home with samples, and take estimates for installing. Direct phone—Main 2735.

In the Basement Many Types of Ash Sifters, Storm Doors, Etc.

Illustrating Various Dustless Ash Sifters that Save Coal Expenses

ONE of the most satisfactory dustless ash sifters we know is the rotary style illustrated at the extreme right. The coal is dumped into the hopper at top and passes into the revolving wire cylinder, which when turned by crank at side riddles or sifts the good coals from the dust and ashes. The waste material falls to ash can below and the coals are let out at the opposite side of cylinder into a scuttle attached at bottom of chute. It is absolutely dustless and can be operated by a child. Made of heavy galvanized iron. Including hopper and cylinder, the price is \$3.35. Price complete with large ash can, hopper and wire cylinder is \$5.90.

In the Banner Rocker Sifter the ashes are dumped on top of a wire screen, and with the lid on to keep out dust the can is vigorously rocked to and fro, and in a short time the ashes are sifted. Price 2.75

The Daisy Sifter illustrated on the left has roomy galvanized box, sliding cover and strong handle. Small size, \$1.00; larger size, \$1.50.

The Burrows is another good type of a rocking sifter. The illustration explains how it separates the coals and ashes. It is absolutely dustless, and can be operated right alongside furnace. Made of strong galvanized iron. Price, 3.50
See Display in the Basement.

It's Time to Put on Storm Doors

STORM doors are as necessary to every home in winter as screen doors are in the summer time. They keep the house warm, keeping out strong wintry winds and snow storms as well as protecting the permanent doors from injurious winter exposure.

Real wintry weather is not far off and it's none too soon to measure the size of your doors and have these necessary winter comforts put on.

They're in a big display in the basement—solid panel doors and doors with space for glass. They're all most reasonably priced—for instance:—

Storm Doors, made of well-seasoned lumber. These doors are in upright panel style, with grained finish, like the illustration. Sizes 2 ft. 8 in. x 6 ft. 8 in., 2 ft. 10 in. x 6 ft. 10 in., 3 ft. x 7 ft. The solid doors are 1.95

Those with space for glass, are priced at 1.75

What's the Matter With Kitchener?

A statement has been issued by the British League of Kitchener, Ontario, signed by Mr. C. C. Hamm, the president of the league and a former mayor, and by a number of other representative citizens, who are anxious to have the situation, which has resulted from the change of the name of the city, understood by outsiders.

After all, why should the discussion be prolonged? Is not everyone satisfied that Kitchener is a thoroughly British and unimpeachable patriotic name? Does the Citizens' League prefer a name about which there is admittedly a doubt and a difference of opinion to one about which there is no difference at all?

Canada was one of the most religious nations of the world before the war, as she is today. In the United States, where the war has probably had no influence one way or the other, it is observed that the tendency to irreligion, which Ingersoll started thirty or forty years ago, has been pretty well checked.

Even theology, which has been a good deal flouted even by people professing a general belief in the doctrines of Christianity, is now being treated with more respect.

of Europe at war to drunken men quarrelling in a bar room, and suggested that the conferees, instead of mingling in such a brawl, if Mr. Wilson does not mean anything by his "being should be more careful about using phrases and illustrations that tend themselves so easily to misinterpretation.

The War and Religion. Many of the reviews devote a good deal of space to discussions as to the effect of the great war upon the religious thought and convictions of the people. These consist mainly of excerpts from religious periodicals which, differing among themselves in many respects, arrive at a not infrequently unanimous conclusion.

The French, naturally a devout people, have perhaps more visibly than any other people turned to religion as a result of the war. The Germans, who began the war almost as a religious crusade, appear to have lost, with their enthusiasm for the conflict, much of their enthusiasm for religion.

Undoubtedly, if the war was one between Christians on the one hand and infidels on the other, there would be a more visible and militant mingling of religion and patriotism. The crusaders proclaimed themselves Christians much as our boys at the front, while making a furious charge, proclaim themselves Canadians.

No doubt millions of people in their grief, anxiety and suspense for husbands, fathers, sons and other dear ones at the front, are turning for help and consolation to prayer and other religious practices.

Another conference took place yesterday between H. H. Williams, for the C.P.R., and the harbor commission regarding the Esplanade viaduct. Mr. Williams declined to give any details after the meeting, but reiterated the assertion that all the railway interests desire a delay until after the war.

The board of control made an attempt yesterday to deal with the question of firmen's salaries, but finally referred the whole matter to the chief for a report.

EVERYBODY SATISFIED WITH TRAFFIC REPORT

Motor League, Mayor Church and Police Chief Grasset Like Recommendations.

Everybody it seems, is satisfied with the proposed new traffic regulations recommended by the special committee investigating the question. The Ontario Motor League says it looks at last like a proper handling of the whole traffic question.

Mayor Church says some of the suggestions are good but he does not approve them all. He believes bicycles, like other vehicles, should stop when behind cars. He also casts some doubt on the wisdom of the regulation placing pedestrians under the same restrictions as street traffic.

SAYS UPSTAIRS SHOPS SELL BETTER CLOTHING

Prices Are Away Below Charges Made by Stores on Ground Floors.

Winnipeg, Nov. 2.—According to the evidence of David Lambert, Winnipeg manager of Robinson's upstairs clothes shop, which firm and Merton C. Robinson, the president, are charged in the police court with fraudulent advertising, the upstairs suits which sold in the upstairs store for \$15 priced \$25 in the stores of the ground floor merchants.

Lambert said that it was part of his business to regularly inspect the stock of other retail merchants, and on his inspections he had noticed, he said, that his stock was sometimes superior to the suits in the ground floor shops. He considered Robinson's upstairs clothes shop the second largest retail clothing store in the city.

J. Shane, manufacturer's agent, also appeared and held that only two other firms in the city were able to obtain goods at prices as low as Robinson's enjoyed. A tuxedo suit similar to those sold by Robinson was produced, and admitted that the price it would bring by high as \$45 in some exclusive Winnipeg stores.

SUES FOR BALANCE OF HOTEL PURCHASE PRICE

Justice Latchford Reserves Decision in Action of J. F. Loudon Against P. Small.

Judgment was reserved by Mr. Justice Latchford in the non-jury court yesterday afternoon in the action of J. F. Loudon, against Peter Small, proprietor of the Victoria Exchange Hotel in Toronto, to secure \$16,146.76, the balance of the purchase price of the hotel.

By an agreement dated July 17, 1914, the hotel was sold to Small, in consideration being that an option held by T. W. Holloway be regained by the plaintiff. This was not done until June, 1915, by which time the Ontario Police Magistrate for the district of Muskoka pro temporarily during the absence of James F. Williams on military service overseas; J. F. Reid and D. B. Coleman, both of Toronto, to be notaries public.

Count Jean de la Greze Praises Work of Women

"There are three ways in which you can assist the secure National," said Mrs. Sidney Small in her brief but pointed address at the "shower" held yesterday afternoon in the interests of the organization, "by helping the French hospitals, by contributing for the men in the trenches and by working for the refugees."

Count Jean de la Greze, who was wounded some time ago while at the front, and who is here with the French war exhibit now on view at the Robert Simpson Co., also said a few words appreciative of what the women of Canada are doing to help their country people. French women, he said, had no time for knitting, they are doing the things formerly done by the men.

SUBURBAN RAILWAY MAY FIGHT CITY

Claiming It Has No Right to Operate Cars on Lansdowne Avenue.

CITY GAVE FRANCHISE

I. F. Hellmuth Calls Toronto "Legal Interloper" Before the Railway Board.

I. F. Hellmuth, K.C., appearing for the Toronto Suburban Railway Company, before the Ontario Railway Board yesterday, foreshadowed legal action to prevent the city from operating cars on Lansdowne avenue, on the ground that this right was granted to the suburban company solely, and that the city had no right to take back concessions once granted.

The matter came up incidentally during a discussion before the board of the assessing of the costs of safety devices at the crossing of these cars upon the crossing of the Toronto and Ontario railways. The chairman, after saying that the board had never before been called upon to arbitrate on such a matter, laid down the general principle that such a crossing should be permitted if it were in the interests of the public, but that the cost should bear upon the "ever line." However, he would be glad if counsel would submit cases bearing upon the point. These might not control the board in its decision, but they would materially assist.

As for the much debated widening of the suburban company's track, the board withheld its decision, pending Chief Justice Falconbridge's decision on the same matter, now under advisement in Osgoode Hall.

POLICE MAGISTRATE PRO TEM.

The Ontario Gazette this week announces W. J. White, Bracebridge police magistrate for the district of Muskoka pro temporarily during the absence of James F. Williams on military service overseas; J. F. Reid and D. B. Coleman, both of Toronto, to be notaries public.

OSGOODE DECISION FAVORS TORONTO

T. H. Watson's Appeal From Award of Official Arbitrator is Dismissed.

JUDGMENT SET ASIDE

G. R. Reed Loses Three Thousand Dollars Given Him in Suit Against P. W. Ellis Co.

At Osgoode Hall yesterday the appellate division dismissed the appeal of Robert A. Sabiston from an award of \$1,400 a year as the rental value of property on the Don esplanade leased by him from the Toronto General Hospital trustees. The property was valued at prices ranging from \$61,000 to \$90,000, and the arbitration was in connection with a renewal of the lease. Because of the variation in the values assigned to the property Chief Justice Falconbridge dismissed an appeal from the award, which decision is now upheld.

The judgment of Mr. Justice Latchford in favor of George R. Reed, a jewelry polisher, awarding him \$3,000 as damages for tuberculosis developed as a result of the alleged conditions in the P. W. Ellis & Co., Limited, workrooms, was set aside by the appellate division, the grounds being that Reed did not submit sufficient evidence to prove that tuberculosis was developed because of the alleged conditions. Mr. Reed has been employed in the Ellis factory for a period of sixteen years, with the exception of two years, when he was otherwise engaged. He complained that he worked in a room with fifty or sixty others; that the place was swept out while he was at work; and that proper exhaust fans were not provided to remove dust arising from the factory operations. His action was for \$5,000 damages on the ground that his vitality and vigor had been undermined so that he could not resist the inroads of the tubercle bacilli. The court held that no evidence was adduced to show that the alleged condition of his fellow workmen had been affected with the disease.

The appeal of H. Watson from the award of \$52,500 by the official arbitrator for land at the Humber, expropriated by the City of Toronto in connection with the Humber drive-way, has been dismissed. Mr. Watson claimed that his property of 12.48 acres had greater value for industrial and amusement park purposes than the arbitrator had allowed.

Chief Justice Falconbridge yesterday enlarged until Monday next the application by the city for an injunction restraining the Toronto Suburban Railway from changing its gauge. The city undertook not to act on any order for a crossing, for which the city is applying, if it should be obtained before that time.

Mr. Justice Middleton made an order yesterday winding up the business of Robertson & Shaws, stonecutters, on the petition of James Robertson, president, creditor for \$200 on a promissory note. The company was incorporated with a capital of \$20,000. C. Bonnick is appointed interim liquidator, with a reference to the master-in-ordinary.

DEVICE FOR AUTO LIGHTS.

Welland, Nov. 3.—A device which controls the glare of automobile headlights for country and city use has been invented by W. H. Honsberger, Welland, Ontario, who has through C. H. Riches, 10 King street east, Toronto, applied for patents. Parties who have witnessed the operation of this device recognize its safety in fine qualities of it, and predict its general use as soon as the parties interested can get it on the market.

Remarks "I'll Do You Yet," Goes to Jail for Contempt

Mr. Justice Latchford yesterday committed J. R. Foxcroft to jail for twenty-four hours for contempt of court. As Foxcroft named Nathan Gottesman on his way from the witness box in the non-jury assize court he said to the plaintiff, "I'll do you yet." Isadore Eisenberg, who appeared for the plaintiff, at once drew the attention of the judge to the remark, and the sentence resulted.

The case was an action brought against F. E. Shibley and J. R. Foxcroft by Nathan Gottesman to enforce the specific performance of an agreement to transfer the business of the Base Hospital in Spadina avenue in return for the plaintiff's equity in property. The defendants later changed their minds apparently and refused to draw up a bill of sale. Foxcroft, alleging that he was induced to enter the deal by misrepresentation. Judgment was given with costs to the plaintiff, and the sale is now confirmed.

M. O. H. Will Not Let Board Play With His Regulations

Dr. Hastings, Toronto's medical health officer, threatens to resign if the board of control continue to play with his departmental regulations. Yesterday a recommendation appointing two women in his department was referred back to the health board by the controllers.

"I do not propose," Dr. Hastings says, "to put in six years getting my department up to a state of efficiency and then allow the board of control to undo all the good that has been done." It was up to the board, he maintained, to deal with that recommendation which has been sent back by the city council.

SOCIETY

Conducted by Mrs. Edmund Phillips

Mrs. A. E. Gooderham will not return to Canada until after Christmas. Mrs. Charles Henshaw (Vancouver), who is at the King Edward, is leaving shortly for England and France.

Mrs. F. H. Phippen is giving a luncheon on Tuesday at her country house on the Etobicoke, where she has a nine-hole private golf course, and a match will be played in the afternoon.

The marriage will take place on the 26th inst. of Captain Hercules Scadding, M.C., 1st Contingent, C.I.F., London, Ont., to Miss Marguerite Hodgson, Montreal.

Dr. A. S. Moorhead was the host of a dinner in the Royal suite at the King Edward on "Friday night" given in honor of Captain John C. Cannon, who has returned from France on leave, after 23 months' service. The table was beautiful with pink and white roses and pink-shaded silver candelabra.

The women of the United Loyalist Association, who have done so much work in the last two years for Red Cross and Belgian Relief, met at the Dixie Hotel, vice-president of the association, in the chair, and made arrangements to give a dinner this week at the hotel, and will hold a white elephant sale the end of the month to raise money for the same.

A very large and representative meeting took place yesterday afternoon at the Secours National, when a short address was given by one of the French officers in charge of the French war relic exhibition at Simpson's. Over 300 pairs of socks were brought in during the afternoon. Mrs. Sidney Mearns was in the chair. There will be another meeting on Monday afternoon at 2.45 at Mrs. Cavert's, Mulock's.

Lady Gibson has been in town from Hamilton this week.

Mrs. Sanford was in Toronto from Hamilton on Wednesday.

Miss Marjorie Fellows is spending a few days in Hamilton.

Mrs. Alan Worthington, formerly Miss Dorrell Walker, is sailing today for England to join her husband.

Miss Elsie Wishart has left for England, the accompaniment of her fiancé and the Lady Evelyn Ward.

Mr. J. McMartin is at the King Edward from Cornwall.

The Liège Chapter, I.O.D.E., held a most successful bridge party yesterday afternoon at the Prince George, when 53 tables were played. Prizes which were all given, were a silver vase, a silver inkstand, a silver box, and handkerchiefs. Mrs. G. E. Scholtz was in the chair. Mrs. McLaren, Mrs. Gie, Mrs. Watt, Tea was served in the dining-room after the game.

The College Heights and Rosedale Red Cross will be represented by Mrs. Kenneth Dunstan, Mrs. J. K. McMaster, Mrs. Macklem, Mrs. Kerr, Mrs. Fuller, Mrs. Hodgson and Mrs. McClary at the French war relic exhibition at Simpson's today.

A well-known French-Canadian who has just returned from a summer spent in England, went to visit a compatriot who was in St. George's Hospital, Hyde Park corner, and was obliged to spend his time in the hospital, as he seemed very depressed and suffering a great deal, and took no interest in either his fruit or any other things he had. He wakened up and expressed a wish for a certain book of Marie Corelli, and had been unable to finish, owing to his friend having got married, and the wife, despairing of the books, had destroyed them. The lady looked in several places, and was unable to find the book. She then contacted a "manch," wrote to Marie Corelli and told her the story, and she immediately sent the book, which she described, "To a brave man, from Marie Corelli," to the great gratification of the patient.

On Thursday, at the Hunt Club, Mrs. J. J. Dixon and Mrs. Bernard presented the prizes for the season and entertained the players at tea. Mrs. Bernard's season prize for fifteen holes was won by Mrs. A. P. Burritt, and Mrs. Dixon's nine-hole "ringer" prize for the season was won by Mrs. Norreys Worthington. Mrs. Burritt also carried off Mrs. J. Ash's prize for eighteen holes, a diamond ring, and Mrs. D. King Smith's prize, which was a souvenir from Salomon, brought over by the King Smith when he was on sick leave.

Mrs. Norman G. Heyd is visiting her sister, Mrs. William John Holford, Phillips Manor, Detroit.

Miss Kathleen Burke, who arrived in town on Thursday, was at the King Edward. She left last night for Montreal, but expects to return to Toronto the middle of the month. Mrs. Burke's mother is at present in Montreal.

Mr. and Mrs. George Clapperton are in New York for a week.

Mr. Lyn Harding, the actor, accompanied by his wife, will be in town shortly with Sir Herbert Tree.

Mrs. H. Challoner and Mrs. Myles, Oriole road, leave Toronto shortly to join their husbands, Captain H. Challoner, 170th, and Major Percy Myles, 170th, who are in England.

Miss Catherine Welland Merritt is in Ottawa at the Roxborough for the winter.

Lady Langeman, South Africa, Mrs. Tait, Dublin, Ireland, and Mrs. Eastman, Valparaiso, Chili, who are accompanied by their husbands, who form part of the Dominion Royal Commission, are at the Chateau Frontenac, Quebec.

Mrs. Colin H. Campbell, who since her return from the east has been at the Fort

PLAYS, PICTURES AND MUSIC

"HOBSON'S CHOICE."

When "Hobson's Choice" comes to the Royal Alexandra Theatre next week we shall see so worthy a successor to "When Bunty Pulls the Strings" as to have won, last season, the greatest comedy triumph of New York. Suggesting the dictatorial and strong-willed "Bunty," Maggie Hobson yet comes with an added charm, unattained by that possessed by any other stage heroine. She is the oldest of three daughters of Horatio Hobson, bookmaker of Lancashire, who rules his home with an iron hand. That is, until Maggie gets her fill of his tyranny and takes matters into her own hands.

The baby-doll girl, Josie Taylor, and Taylor's Musical Comedy Company, presenting "The Darlings of Paris," and a Taylor chorus of dainty dimpled darlings, will make their first appearance in this city this season at the Star Theatre next week. The first act is a musical comedy, then will come the largest vaudeville bill on the road with Searcy and Noble, Harry Sevon, Hughie Flaherty, Lew Reynolds, Luca Arnold, Leona Fox, and an original sensational European novelty. The performance will conclude with a riot of fun burlesque, entitled "In Gay Paree," a midnight show, commencing at 11 o'clock Tuesday, when the presidential election returns will be announced.

The baby-doll girl, Josie Taylor, and Taylor's Musical Comedy Company, presenting "The Darlings of Paris," and a Taylor chorus of dainty dimpled darlings, will make their first appearance in this city this season at the Star Theatre next week.

MANTELL COMING TO THE ALEXANDRA.

Robert Bruce Mantell, who today occupies the unique and commanding position on the English-speaking stage of being the only actor before the public devoting his entire time to a single repertoire, will be seen in his local engagement at the Alexandra Theatre, Monday evening, Nov. 13, in "The Merchant of Venice."

RICHARD BENNETT IN "ZACK."

J. D. Williams, the latest commanding figure in the theatrical world, having signalled his entry into the producing field last winter with Galsworthy's sensational play, "Justice," and having since launched John Drew in his engagement at the Empire, has turned his attention again to the field of comedy and will next week present "Zack" at the Grand Opera House with Richard Bennett in the leading role. "Zack" is by Harold Brighouse, and is filled with quaint characterization and compelling charm. During the week the regular Monday and Saturday matinees will be given.

MARGARET ANGLIN IN "CAROLINE."

The great Canadian actress, Margaret Anglin, will visit Toronto the week of November 13, appearing in W. Somerset Maugham's brilliant comedy, "Caroline," supported by the same cast that met with public approval during the engagement at the Empire Theatre, New York. The sale of seats opens on Monday morning at the Grand Opera House.

LOEW'S THEATRE.

Seven wonderful acts will be seen in the coming week at Loew's Theatre. One of the features will be Vespa Farrell and Company in "Going Home." Another well-known act is Patsy Boyle, the first funmaker. The Three Lyes in a master musical and comedy act will furnish what they call "Thinking tunces to tickle the taste buds." The following are the acts: Little Polly Prim, the clever youngster, returns with a new series of songs and "song readings." Edward Barnes and his troupe will present "The Two Tinsy Tunnels." They offer a mixture of piano selections, songs and fun. Powder and Capitan and the Ambros Brothers will offer an acrobatic spectacle, and Dorothy Bernard and Glen White in "Sporting Blood," round out the program.

SHEA'S.

Dainty May Naudain, the charming musical comedy star, will headline the bill at Shea's next week in a repertoire of exclusive songs. "Cap," Anson, "The Grand Old Man of Baseball," and "The Bird Song" are the specialties. "First Aid to Father," Hans Robert will present a new comedy sketch, "Cold Coffee"; while "Bob" will be featured, with his two daughters, in "First Aid to Father." Hans Robert will present a new comedy sketch, "Cold Coffee"; while "Bob" will be featured, with his two daughters, in "First Aid to Father."

HIPPODROME.

Lillian Gish, the charming "Triangle" star, will headline the bill at the Hippodrome next week in the famous comedy's latest production, "Diane of the Folies." Victor's Musical Melange will provide a treat for Hippodrome patrons. James Kennedy returns with the amusing comedy "The Okey Saver." The Four Southern Sisters in songs and dances will be appreciated for their splendid voices and harmonizing. Mand Ryan in a serio-comic offering, "The Ball in a Basket" offers the comedy, "The Okey Saver." LANNIN ALSO ANXIOUS TO SELL BUFFALO CLUB

Several Offers Made, But All Too Low—Champions Lost Money.

Buffalo, Nov. 3.—There is nothing new in the local baseball situation. It is very evident from the quick disposal of the Boston Red Sox that Joseph J. Lannin is very anxious to get out of baseball. There are several Buffalonians that would like to take hold of the Boston. Some of them are waiting for the price to come down, while others are anxious for the figures being compiled by an expert accountant who is going back for a number of years in order to show the good as well as the bad seasons, for, he it is known, the local club has been a financial success on more than one occasion, especially during the first year of George Stallings' management, when it is said the club made about \$40,000, spending one-half the amount the next season on extending the grand stand and in making other improvements about the park.

Manager Pat Donovan, when here quite recently, admitted that there were several offers made for the Buffalo Club. "But," said he, "nobody appears inclined to offer a reasonable price, and I know that Mr. Lannin will not give it away after carrying the burden for the two hardest years known to minor league managers. A fair offer will get the club."

That Mr. Lannin will carry the Buffalo Club along if he does not dispose of his interest is shown by excerpts taken from his letter of recent date, in which he said:

The Buffalo Club has met with a substantial loss again this season, which is rather discouraging in view of the fact that Manager Donovan is a two-time pennant-winner, and the baseball fans could have no cause to complain of the article of ball put up by the Buffalo Club.

"I would be glad to dispose of my interest in the Buffalo Club if desirable local ownership could be obtained. However, if Manager Donovan and myself are not successful in disposing of our interests, we will work just as hard to repeat in 1917 what has been done in 1915 and 1916, and try and give to Buffalo another pennant-winning season."

The Sunday baseball ordinance passed by the Baltimore City Council last June has been knocked out by the Maryland State Court of Appeals, which held that Baltimore City was without authority to alter the ordinance put to vote Nov. 7. That is likely the city council will now issue another ordinance permitting Sunday baseball without any referendum.

FRATERNITY PROMISES TROUBLE.
New York, Nov. 3.—Local baseball wisecracks are of the opinion that some interesting clashes would take place this winter between the players and owners in organized ball. They based their predictions upon the demands outlined by Oakland, which show what the players' fraternity would demand. The most important was that injured athletes draw their salary during the entire time they are laid up. At present they are paid for a few weeks and then dropped from the payroll until able to resume playing.

Ed Barrow, president of the International League, in speaking of the decline of interest in baseball, which is a debatable question, declares that interest in the game could be greatly revived by requiring the visiting players to travel to the park via buses and fully dressed in their uniforms. He deplores the many automobiles and the large bank accounts that players have nowadays, and attributes much of the lack of interest in baseball to too much of these two things.

Practical confirmation that the Chicago Cubs will desert Tampa and train in Pasadena, Cal., next spring lends added color to the rumor that Frank Chance is the man who will succeed Joe Tinker as Weeghman's manager. Chance is out in California. The Cubs are going to hire—reach your own conclusion. Coast League clubs are expected to raise their ban on playing exhibition games with the major teams, and the move of the Cubs probably will be followed by the return to California of several other major clubs for training. They get the money for exhibitions out there, and it has been proved they don't get it in the south.

JENNINGS GETS WORK OUT OF THE PITCHERS

Jean Dubuc and Harry Coveleski Achieved Success Under Hughie's Management.

The release of Jean Dubuc by Detroit to the Chattanooga Club of the Southern Association marks the passing of a pitcher who, during the time of the winning delivery, had what Billy Evans and other fair judges of ball players called the greatest slow ball of any twirler in the business.

Dubuc is one of the two men the admirers of Hughie Jennings can point to as evidence that Hughie has some knowledge regarding pitchers. The other man is Harry Coveleski.

The critics of Jennings, who base most of their criticism of the manager on the manner in which he handles his pitchers, cannot find an adequate reply to the question: "What good pitcher did Jennings ever allow to escape him?"

Their answer must be limited to Geo. Suggs and Jeff Tesreau. Suggs did not keep in condition. Jennings believed him to be a good pitcher, but after trying for a few years to keep George in shape, he had to give up. When Jennings released Suggs, he gave him some parting advice.

Some time later Suggs returned to the major leagues. Cincinnati gave him another trial in big company, and he had one grand year.

"Yes, they've been breaking good for me," commented Suggs, "but I've got one big regret. I wish I had been wearing a Detroit uniform this year instead of Cincinnati. I'd give my half-year's salary if I could have been wearing a Detroit uniform. There is one of the greatest fellows in the world, and I never appreciated it till after I got away from Detroit. If I am a first-class pitcher now, I owe it all to Jennings.

With Tesreau, a different proposition presents itself. The big spit-ball artist reported, borrowed a uniform and worked out at the park. He had a work of speed, and Jennings was deeply impressed with the smoke Tesreau got on the ball. Jennings had made up his mind to give Tesreau a three-year contract, but he was informed by Detroit that Tesreau was in the west, and would have to be returned. As a matter of fact, not alone one, but two or three clubs in the west claimed Tesreau. Jeff had a habit of quitting a club when he got tired of it and hitting himself out to another club.

Returning to Jean Dubuc. Now, Jean was one of the two players who Jennings thought could succeed as a pitcher. He had been with the major league club in his previous visit, and was allowed to go. Cincinnati gave him his major league trial, and he did not count that trial in, as the mere fact that Cincinnati released him was never stood against the player. Rather, it is a boost. But in Dubuc's case it was different. The man who let Dubuc go was Clark Griffith, then manager of the Reds. Now, Griffith is said to be one of the best managers in the country when it comes to judging a pitcher. It was this same Griffith who allowed Dubuc back to the minors, and this same Jennings who hailed him out again and for two years at least saw the best of the best twirlers in the country.

The Coveleski case will rank as one of the foremost, if not the foremost pitcher in the American League for the season of 1915. Coveleski was released by Detroit, Philadelphia and Cincinnati Nationals passing on the Polish left-hander. It took Jennings to bring him to the proper major league standard of efficiency.

You cannot exactly say that Coveleski was a flat failure in Philadelphia had him, for they used Coveleski three games in five against the Giants and so many years ago, and he beat them the three, thus causing John J. McGraw's club to lose the National League pennant. Still the following season, Philadelphia sent Coveleski to the minor leagues. Cincinnati brought him back, tried him, decided that he was not of major league value, and returned him.

Saved Club Prestige. This would count the majority of ball players for life, and sentences them to the minors for the future, but Jennings decided he would take a hand at the popular game of making money out of the minor Coveleski. And the Pole was a success as a member of the Detroit club from the very beginning. In the last two years he has been Hughie's one reliable moundman. His record this year is one that any pitcher of any season would not feel ashamed to own. The fact remains that Coveleski began to prosper as he began working for Hugh Ambrose Jennings.

So, when it comes right down to the pitching proposition, there are Dubuc and Coveleski on the Jennings side of the argument. He has succeeded in at least two cases, where other managers, contented with the minor leagues, failed.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active and clean.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent drink-water drink, which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

New President of the Boston Red Sox Tells How He is Going to Run the Club

New York, Nov. 3.—Harry H. Frazee will be the new president of the Red Sox. Hugh Ward will serve as secretary and treasurer.

"I intend to devote a great deal of my time to the executive," said Mr. Frazee. "I'm pretty well tied up in the theatrical game just now, but there is daylight ahead. I've shaped my plans so that I'll be able to devote a great deal of time to baseball. It deserves it."

"I'm a fan, it is true. But, personally, I went into this venture as a pure business proposition. Those who figure that I have it doped out as a show business are all wrong. I'm going to try to give my patrons the very best that can be had. If I have the success my predecessors had, I shall be satisfied."

Mr. Frazee declared there would be no changes in the business administration. He is content to proceed with the Lannin administration. He will have to secure a business manager, as Lannin dismissed his official during the world's series.

"All the plans that Mr. Lannin and his administration had made for next year will go for Mr. Ward and myself," said Frazee. "The former owners have been kind enough to offer certain suggestions, that we shall carry out. These refer to spring training and a kindred effort to wean Bill Carrigan back to the management."

Frazee never met Carrigan. He intends to visit Lewiston, Me., in the very near future, to make a proposition to the most successful pilot.

"I hope to be able to interest Mr. Carrigan," he said. "It would be a great shame to have a winning manager broken up."

Frazee believes he can give Boston a winner in 1917.

"I think I know a ball club when I see it," he was a minor league manager once himself, and Boston ranks as one of the class of fast company. If Carrigan only will stick.

Frazee places unbounded faith in his pitchers. These youngsters, he believes, will offset any chance slip on the part of Carrigan in any other department.

"I'm in the game for sport's sake," he said, and he said it with the right ring. "I hardly look for the success that Mr. Lannin had. Anybody has to have a whole lot of luck in three years to finish second in the American League race and then carry off two pennants and two world's series. Mr. Ward and myself will be satisfied with just a fair profit on our investment."

They're proud to be part of the American League, and will fight heartily with our colleagues to the end of the season. The club is in the country. We hope the new club will be in 1917. If it isn't us, then we'll take off our hats. The Red Sox will be in a scrap."

considered much wiser in the selecting and handling of twirlers, failed utterly. Without Coveleski the last two or three years and Dubuc before, where would the Tigers have finished?

Tigers Off to Ottawa For Return Rugby Game

Twenty players, Coach Marriott and Manager Billy Herald of the Hamilton Soldiers (262d) Rugby Club passed through the city last evening for Ottawa, arriving in Ottawa about 8 o'clock this morning. The team will line up as follows:

Backs—Evans, DeGruy, Max, Smith, Rowe, Johnson. Forwards—Jewell, Ireland, Myers, Inside wings—Laird, Rowlands, Middle wings—Fitzpatrick, House, Outside wings—Boyd, Jefferson.

They have 20 points to make up from last Saturday's game. Coach Marriott is an optimistic chap. Before leaving Hamilton he said:

"We'll be a much different team tomorrow, take it from me," said "Laird" today. "Last Saturday's game should be forgotten. We didn't know anything about the intercollegiate style of play and were made to look like monkeys. Had we been playing the sort of game we are accustomed to, it would have been different. As it was, if Tigers had perked up and played even fair football the margin would not have been nearly as great. Tomorrow we'll be in there fighting all the way, and we certainly will not let our backs be to the wall."

I still think that it was our poor work and lack of acquaintance with the game that much of the last two or three years and Dubuc before, where would the Tigers have finished?

H. P. Whitney May Pay Million for Dodgers

New York, Nov. 3.—Harry Payne Whitney, millionaire sportsman and polo player, has been named as the latest prospective buyer of the Brooklyn Dodgers from Charles H. Ebbetts and the McKeever Brothers. It was said today that Mr. Whitney has already made a bid for something like \$2,000,000. Mr. Ebbetts recently said in his office that he would not take \$1,500,000. Mr. Whitney, several years ago made an offer to buy the Giants but the late John T. Bush refused to sell his club.

Picking a Successor To August Herrmann

Chicago, Nov. 3.—John E. Bruce is being groomed for president of the National Baseball Commission, and August Herrmann, if the latter is ousted by the majority of the National and American Leagues, according to information in baseball circles here today.

The confident assertion of President Ben Johnson of the American League that the commission is to be re-elected to the rest of them do not constitute a deadlock probably will follow any attempt to oust him. They declare that they will stand by him, even if all the other magnates of the circuit oppose him.

Harry Frazee, owner of the Boston Red Sox, is a deal waster, and is being claimed as a friend of Herrmann. Herrmann, from his home in Cincinnati, declines to comment on the opposition to him. He is quoted as saying:

"It still seems best for me not to make a statement. Let the rest of them do the talking. I'll simply stand on the record of my administration. Why should I enter into any controversy?"

BASEBALL GOSSIP

The disciples of Christ, a religious denomination, which holds its annual convention the first week in October of each year, considered a proposal at its convention held in November. Because of the interest in the world's series, argued the doctrine, the church convention does not receive what it considers adequate publicity from the newspapers.

The annual story that the Washington Club will go further west than it did last year, is revived early. Clark Griffith has been preparing his players for the move since the club left for Charlotteville for several years now, and he has been very successful, and it is possible he may really mean to make a change in his system.

However, since that time the club has been in the hands of the same man who declared positively that Brooklyn would win the world's series, his score can be taken with allowance.

Having abolished the emery ball with excellent results, some of the magnates believe that the emery ball is necessary. They insist that there should be legislation against the use of the spitball and the emery ball, which when resin on the pill this year, while others were accused of secreting foreign substances in their spit.

IF YOU CAN SWALLOW THIS ONE, ALL IS WELL

Charley Harvey swears that this one is true. Two colored teams are playing in Jacksonville. The pitcher, a southpaw, has a peculiar routine. He winds up, and his winds up, and is nicknamed "Duck" White.

Our hero, "Duck," is on the mound. The team at bat has a man on first, with two out, and the heaviest hitter is up, with his bat like a telegraph pole. He digs his feet into the batters' box, wets his hands well, grabs the budgeon, and is set.

He is the personification of confidence as he poses there waiting for "Duck" to toss over the old pill. The crowd howls. They know the batter is about to wind up, but the man on first has him worried. He lets his arms down to throw, gives the peculiar "Bam!" and the man at bat, thinking that he is about to throw to first, stands still. "Bam!" it cuts the plate, and the umpire strikes out.

"Duck" slants at the man on first, lifts his arms over his head, and looks at the plate, then slowly lets his arms down, wiggles his anatomy again, and the man at bat, thinking the ball is coming in his way, dives for the bag, while Casey at the bat, thinking the same, stands still. It cuts the plate. "Strike two," yells the ump.

He goes to the pitchers' box again. He looks over the field, then at the batter, then at the man on first. He starts to wind up again. Then his arms dropped a bit as the man on first ducks. "Duck" wiggles again, and "Bam!" it goes to first base. The batter swings so hard that he falls down. "Three strikes!" yells the ump, who has shut his eyes, too.

The batter, with lowered head, walks toward the bench. One of the boys asks him if "Duck" had any speed. "Ruh," pipes the big batsman, "that boy flings his bat like a telegraph pole. I don't even see that last one! I jes' shut my eyes and swing!"

BOUITS AT BRANTFORD. Brantford, Nov. 3.—Young Alter of Hamilton, conqueror of Soldier McCracken, stopped Clara Betts of Brantford tonight. The local nit artist did not get for four rounds. Alter got the points in the fifth, while in the sixth Betts was given a shock. He led for five rounds, when Jimmy Conway of Stratford woke up, and gave Scott back all he could. In the preliminary, Neville out-matched Eddie Carroll, the latter giving up. Miller won on a foul from Galows.

Waiter Said to Have Broken Man's Jaw With Teapot. Mubal Janetakis, employed as a waiter in a downtown hotel, was arrested last night by Detective Taylor on a charge of wounding. It is alleged that Janetakis broke the jaw of Wong Quong, employed in a like capacity at the same place, by hitting him in the face with a teapot. Quong was taken to the General Hospital in the police ambulance.

RHEUMATISM IN THE BLOOD

It Can Only Be Cured By Thoroughly Enriching the Blood Supply.

Not so long ago rheumatism was looked upon as a pain in the muscles or joints brought on by exposure to dampness or bad weather. Now doctors know that it is rooted in the blood, and while exposure may start it, nothing but the removal of the poisonous acid from the blood can cure the trouble. It is a waste of both time and money to try to cure rheumatism with liniments, poultices or anything that only goes skin deep. Rubbing lotions into the skin may give temporary relief, but it actually helps to circulate the poisonous acid more freely and thus in the end increases the trouble, and perhaps leaves the sufferer permanently crippled. The one cure, the only cure, for rheumatism is to drive the acid which causes the trouble out of the blood. To do this no other remedy can equal Dr. Williams' Pink Pills which actually makes new blood, sweeps out the poisonous acid, loosens the stiffened, aching joints, and brings good health and comfort. Here is the story of Joseph Crouse, of Nineveh, N. S. says: "For several years I was severely afflicted with rheumatism. The trouble seemed to locate in all the joints of my body, and my suffering at times was most intense, and my disease greatly interfered with my activity. I doctored steadily for a long time, but the trouble was obstinate and did not yield in the least to the medicine dealer or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

use of saline is unhealthy and interferes with clean fielding. The headquarters of the Southern League has issued figures on official attendance for the season, to set at rest the pain of the fans. The figures announced are: Memphis, 174,493; Atlanta, 156,744; Nashville, 111,418; New Orleans, 111,287; Birmingham, 99,879; Little Rock, 80,057; Chattanooga, 85,479; Mobile, 35,330.

The Milwaukee Club of the American Association, which drafted Pitcher Rankin Johnson from the Fort Worth Club of the Texas League, has a fight on its hands before it gets the player. Johnson deserted the Fort Worth Club a month before the season opened and was suspended. Being a suspended player, Fort Worth raises the point that he was not eligible to draft. It is a point of baseball law that will go to the National Commission for decision.

The team of "all stars" that Joe Gardner of the Dallas magnate, took to El Paso to play ball against a local team in a tournament, but the new team of Dallas magnate got so sore he declared they would call off the series. El Paso fans had been led to believe they would see a sample of Texas League ball and they now declare that is what it is like they will stick to their own independent-soldier boy article.

All attendance records for home games of the Yankees have been shattered by a wide margin this season. The 1915 team held the best record for home patronage up to this season, but the new team of 1916 has left the 1915 mark far in the distance. More than half as many fans again attended the games at the Polo Grounds in 1916 have paid their way to see this year's Yankee team perform. The attendance on the road also has been large, making this year a record-breaker for the Yankees.

The challenge of Manager Bill Clymer of the Louisville pennant winners of the American Association to play a series with the winners of the world series got the pain of the fans. Perhaps he figures it time to be, to which it was directed, but has been variously commented on otherwise. The most frequent criticism of Clymer's challenge heard is "that what he should have done was to challenge the Brooklyn Dodgers for the Class AA championship. Rather which, in case he beat them, he would have a reputation for his team sufficient for the Red Sox to notice it."

But it does look to the man as fleet of foot as Becker is, who can hit .345 in any league, ought to be considered. There may be something doing in his case yet.

S. A. STAFF CHIEF IN TORONTO TODAY

Commissioner T. Henry Howard Visits Canada for Annual Congress.

TO CONDUCT MEETINGS

Under General Booth Visitor Has Oversight of Entire Organization.

Commissioner T. Henry Howard, chief of the Salvation Army Staff, who will arrive in Toronto today from London, England, is visiting Canada for the purpose of conducting the annual congress at Toronto and Winnipeg.

In addition to the foregoing, there are 62,000 local officers who receive pay for their labors. Prior to the war the Salvation Army had 28,000 bandmen.

On Sunday afternoon, in the Massey Hall, Commissioner Howard will deliver a lecture entitled "How Goes the Army?" when he will deal with the progress of the movement and especially the new activities that have been brought into being by the war, such as Red Cross work and the military camps in connection with which the Salvation Army has over 500 huts.

Adjutant Mary Booth also says: "I have seen the British soldier under all conditions, have seen him glad, have seen him sad, have seen him clean and smart, and somewhat shabby just comes from the trenches. Then, again, I have seen him wounded; but I think I like to see him best of all when he has been to the front and the line is drawn on the stretcher home."

The chair will be taken, at this lecture by the premier of Ontario, Commissioner Howard was born at Walsall, England, in 1849, and became a Salvationist in 1881. His first appointment was at Whitechapel in the east end of London, shortly after he became the vice-principal of the Salvation Army's first training college. It was hoped that on the occasion of his visit to Toronto that he would be able to open the new general William Booth Training College, at Davisville, towards which the citizens of Toronto generously gave \$100,000 in a whirlwind campaign.

Amongst Commissioner Howard's appointments have been, the charge of the army's operations in Australia and Great Britain, commissioner for training operations and the foreign secretaryship. He received his present appointment in 1912, when he succeeded Mr. Bramwell Booth, who is now the general.

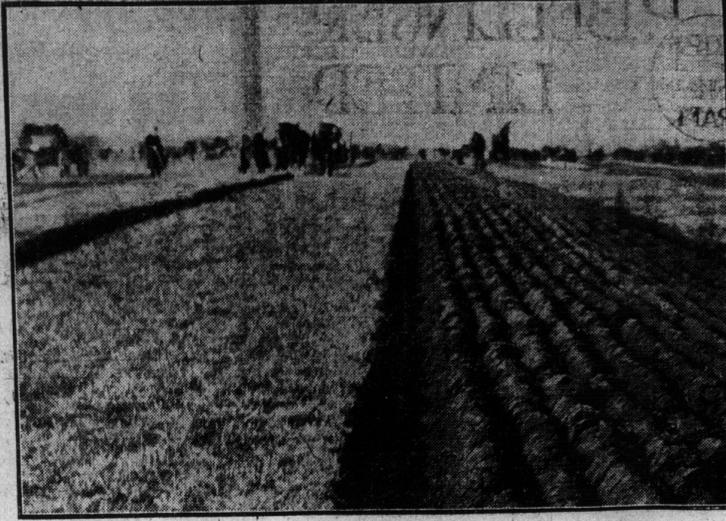

Cobourg's Hero Physician Enthusiastically Welcomed

Special to The Toronto World. Cobourg, Nov. 3.—No more hearty welcome has been given a returned soldier than that accorded Dr. John R. Irwin when he arrived here late yesterday afternoon, after over a year's service with the British Medical Corps. Dr. Irwin was decorated by the King at Buckingham Palace a few weeks ago for conspicuous bravery. At great risk he descended a mine shaft to give aid to some imprisoned men, and his heroic afterwards awarded the military cross. He was met at the depot by Mayor Duncan and the town council, and the officers and members of Cobourg heavy battery.

Good Roads Committee Recommends Improvements

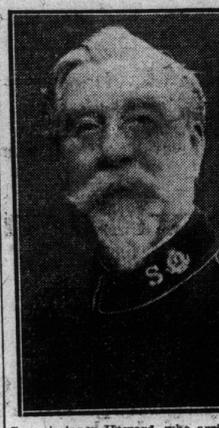

Chatham, Nov. 3.—The good roads committee of the Kent county council met this afternoon. It is understood that the committee will recommend the government scheme of good roads, and that the roads to be repaired will be part of the Talbot road, from Tilbury, Raleigh township, linking up Wheatley and Bienenheim, the town line between Raleigh and Hart township, from Lake Erie to Chatham, the Longwood road, the North Thames road, the Base Line road, McGregor Creek road, and the road from Wellfleet to Chatham.

Hear Hawaiian Music at Williams' Today

Famous "Home of Music" Presents Prof. W. R. Jackson in Unique Ukelele Demonstration.

A most unique demonstration on the Hawaiian guitar and Jonah Kumalae's Hawaiian Ukelele will be given by Prof. W. R. Jackson, Toronto's well-known instrumentalist, at Williams' Recital Hall, 145 Yonge street, this afternoon, from 2 o'clock to 5.30.

PROF. W. R. JACKSON. Expert instrumentalist of this city.

Hawaiian music has taken this country by storm. Those who are familiar with the characteristic strains of the Ukelele will understand just why it has attained its high degree of popularity, aside from the fact that it is a comparatively easy instrument to learn to play. It is patterned after the guitar, made of Koa wood, found only in Hawaii. Because of the scarcity of the wood and the length of time required for seasoning, the supply of genuine Ukeleles is exceedingly small. You will enjoy this Hawaiian treat as given by Prof. Jackson and Mr. Edison's re-creations this afternoon at Williams' Recital Hall, 145 Yonge street.

PROFESS TREATING PRISONERS WELL

Germans Debate Question of Care of Captives in Reichstag.

SAY RUSSIANS CRUEL

Teutons Allege Shooting of Their Captured Troops by French.

Berlin, Nov. 3.—The Reichstag today discussed the treatment of war prisoners. Prince Schoenach, of the National Liberal party, says the Overseas News Agency, made a report on the proceedings of the committee which considered that question as follows: "With great sadness and profound indignation, the committee took notice of the great sufferings of Germans made prisoners. This is especially true of Russia, where numerous cases of brutal treatment have been proved, and also in British camps from which there are numerous complaints. The prisoners often are forced to work under degrading conditions. Frequently they must toil in 40 degrees of cold or under a burning sun, and often physical brutality is added to this. The food in many places is most scanty, deficient and badly prepared."

Thanks Swiss. Prince von Schoenach acknowledged the kind exertions of neutrals to improve the fate of the prisoners, continues the news agency. Matthias Erzberger, leader of the clerical centre, expressed thanks to the population of Switzerland for humane actions toward war prisoners. The whole house agreed, says the agency, when it was stated that beyond any doubt, Germans would be glad if their countrymen made prisoners were treated everywhere as well as war prisoners in Germany.

Shot by French. Herr von Boehmer, conservative member, said the Overseas News Agency, stated that a while ago defenceless German war prisoners were shot by French under command of French officers. Major Gen. Friedrich still, according to the news agency, would close the discussion by stating that prisoners are interned, and would release them all, provided England would accept the German proposal and exchange all civil prisoners.

SERGT. N. DUNNINGHAM IS KILLED IN ACTION

Enlisted With Eighty-Four and Was Made Sergeant Inspector of Bombs.

Brantford, Nov. 3.—Another Brant County boy has made the supreme sacrifice. Sergeant Norman Dunningham has been killed in action October 15. He enlisted and left here as a private with the 84th, and about a month ago was made sergeant and inspector of bombs.

Casualties amongst former members of the 84th Battalion, which spent last winter here, have been very heavy. The wounding of Pte. A. H. Pollock, another member, is reported today.

Pte. Blackmore of Chatsville is reported wounded. Pte. Blackmore is enlisted and enlisted in August last year. Gunner S. Van Fleet, 32nd Battery, is reported wounded.

ABANDONED BABY BOY.

Brantford, Nov. 3.—A healthy two weeks' old baby, almost dead with cold, was found on Thursday morning on the doorstep of Mr. and Mrs. George Secord, Harrisburg. It has been brought to the Children's Shelter here, where it is now able to take nourishment. An investigation has been instituted.

FARMERS UP AGAINST IT.

Special to The Toronto World. Kingston, Nov. 2.—As a result of the high price of cheese and the failure of the potato crop in this district, many farmers are buying butter and potatoes from city merchants.

Hundred and Forty-Six Are Presented With Colors

Kingston, Nov. 3.—Imposing ceremonies marked the presentation and consecration of colors donated by the citizens to the 146th Battery this afternoon. The ceremony took place at the armory, those participating being Rev. Dr. Torrance, Rev. J. D. Ellis, Major Campbell, and Canon Fitzgerald. The presentation of the colors was made by Mrs. E. J. B. Jense, at St. Andrew's Church, where they were deposited and received by General Hemming on behalf of Lt. Col. C. A. Low, now overseas.

MILITARY CHURCH SERVICES SUNDAY

The C.E.F. units will attend church services tomorrow morning as follows: Artillery and Cyclists, at Dunn Avenue Presbyterian, 185th, High Park; 24th, at St. Anne's Anglican, 215th, Westminister Presbyterian, 220th, Euclid Methodist, 235th, St. Stephen's Anglican, 24th, West Toronto Anglican; all the above services will be held at 9.30. SERGT. SAVAGE KILLED.

Special to The Toronto World. Kingston, Nov. 3.—A cable this afternoon announced that Sgt. William Savage, of the 21st Battalion, had been killed in action. A wife and two children survive. He was thirty-eight years old and an Englishman.

ENGINE THROWS FREIGHT CARS THRU BUILDING

Six Hundred Dollars' Damage Done to the Wm. Davies Co.'s Office, Front Street.

It is estimated by the C.P.R. that about \$600 damage was done to the William Davies Company's office building, 521 East Front street, about 4 o'clock yesterday morning, when a C.P.R. shunting engine tore thru an open switch, struck two loaded freight cars with terrific force and hurled them thru the wall of the building. The engine had been shunting up down the track, which runs at right angles to the siding leading to the Davies Company's yard. The wrecked office building is from eighty to one hundred feet long, and abuts on the big factory building. When the staff of 25 girls arrived about four hours later they found a huge hole in the wall and debris scattered over the furniture and floor. The train crew which had charge of the shunting engine have been suspended by Superintendent Collins.

DETROIT'S TERMINALS CONGESTED WITH CARS

Shippers Will Endeavor to Prevent Embargo on Incoming Freight.

Detroit, Nov. 3.—At a meeting of shippers and railroad officials here today to consider the "acute" freight situation, S. W. Brown, assistant general manager of the Michigan Central Railroad Co., declared that the local terminal of the road is congested with 3000 freight cars. He said that the number of unloaded freight cars in increasing 200 daily and that at present more than 2000 are unloaded. The Wabash, Grand Trunk and Pere Marquette Railroads also were represented at the meeting. The shippers present promised their co-operation to prevent a threatened embargo on all incoming freight.

Lance-Corp. Gallinger is Reported Killed in Action

Special to The Toronto World. Cornwall, Nov. 3.—Lance-Corp. Geo. Nelson Gallinger has been killed in action on Oct. 18. He was born in Cornwall and was 22 years of age. He was a member of the 28th Battalion and spent last winter in Bermuda on garrison duty, going overseas with the 28th in July last.

SUPPLY ARTIFICIAL LIMBS

The Hospitals Commission Artificial Limb Institute, at 87 Buchanan street, just south of the Central Convalescent Hospital, is now fully equipped to make the much approved artificial limbs for all members of the C.E.F. who unfortunately require them. It cannot be too clearly stated that the country furnishes these free. The public are warned against those who may try to collect money to pay for limbs for returned soldiers.

ALLEGES DEFENDANT SENT MONEY TO AUSTRIA

Emanuel Topp and Wife Held on Statement of Niece, Who Wins Suit.

During the hearing of evidence in the action of Mildred Fox for recovery of a draft for \$1000 from Emanuel and Sarah Topp, in the non-jury court before Justice Latchford yesterday, the plaintiff stated that Topp had sent money to her at St. Louis for transmission to Austria. The crown officials were at once ordered to make full investigation of the matter by Justice Latchford, and if the charge was found to be correct the responsible party should be punished for aiding the King's enemies. His lordship found for Mildred Fox and characterized the actions of the defendants with regard to their creditors as being fraudulent and the transferees of money to wife and brothers from Topp, as being a cunning scheme to defraud the creditors. While the plaintiff had not shown clearly what amount of money was due her, his lordship had no doubt they did owe her a considerable sum, and she was more entitled to recover the amount of the draft from the bank than were the Topp, to whom she had surrendered it.

BOOST MILK PRICES.

Special to The Toronto World. Cobourg, Nov. 3.—An officer writing to friends here states that Gunner Fred Miller, of this town, had been awarded the military cross.

BOOST MILK PRICES.

Special to The Toronto World. Cobourg, Nov. 3.—The milk vendors of Cobourg have advanced the price of milk from seven cents to eight cents per quart.

DISCOVERS GRAFT IN MONTREAL DEAL

Mr. Justice Panneton Finds Ex-Controller Hebert Acted 'Corruptly.'

BLAMES MAYOR ALSO

Commissioner Declares Martin's Conduct Does Not Ring True.

Special to The Toronto World. Montreal, Que., Nov. 3.—The long expected Drole street graft finding was made public this afternoon by Mr. Justice Panneton...

"There is nothing which might give rise to the suspicion that Mayor Martin in any way benefited by the transaction or that any promises were made to him, but he acted with carelessness and closed his eyes to the transaction and let it pass, he knew that Hebert was personally to benefit, and he declared that the deal was rotten. On the second of March, when the first report was adopted by the board of control, Hebert explained that it was as a result of an understanding between himself and the mayor thru the intermediation of Ald. Fauteux...

Hebert is Responsible. Ex-Controller Hebert is held responsible for the deal and his act was one of corruption. Mayor Martin is freed from corrupt acts, but not from blame. He failed in his duty and acted like a blind man. Mayor Martin acted with carelessness, he did not benefit. His conduct does not ring true with his words. Ex-Controller McDonald was "wrong in doing charity at the expense of the city. He did wrong in sacrificing \$100,000 of the city's money for Hebert's vote."

Aid. Loranger's vote was influenced and he was to benefit from the deal. Eddie Lepage influenced Hebert. Ald. Houle is found blameless. S. G. Lavolette, owner of the land, is freed of all blame. P. N. Menard, is held not to have exercised corrupt influences. Rene Chenevert did not get \$25,000 solely for professional services. There is no proof that Menard, Lepage and Chenevert "divided their rich booty."

Read to City Council. These are the conclusions of Mr. Justice Panneton in his report on the celebrated Drole street land deal, read at a special session of the city council this afternoon.

These are the conclusions of Mr. Justice Panneton in his report on the celebrated Drole street land deal, read at a special session of the city council this afternoon. The report had been read to the council at 8 o'clock. First of all Assistant City Clerk Rene Bausset read a letter explaining Senator David's absence, and then the long awaited envelope containing the two reports was opened.

In his report of the Bordeaux sewer matter, Mr. Justice Panneton strongly scores G. Menard, ex. father of Ald. Gordien Menard. Menard, sr., says his lordship, took undue advantage of his position in the city's employ to enrich himself at the expense of the city. The lordship finds that city labor was employed on building the two wharves, whilst city material was also utilized in the same connection. One of the wharves which Ald. Menard said belonged to his brother, belongs to the alderman, says his lordship.

CANADIAN GUNS CAUSE BIG HAVOC IN TRENCH

Germans Suffer Heavily When Shells Are Suddenly Let Loose.

WEATHER IS TRYING

Canadians Consolidating Lines Under Most Disagreeable Conditions.

London, Nov. 3.—The following communique is issued by the Canadian War Record Office in London, dated October 19:

"During the past week there have been no active infantry operations, although large patrols at night have been conducted in the enemy positions. Our artillery, despite unfavorable weather, has maintained a steady bombardment of the German trenches. Many of these are now subject to close, direct observation, and any movement or activity of the enemy has immediately drawn a concentrated fire."

"Upon one occasion in particular a certain trench was reported to be full of Germans and our guns were turned on, and caused a very noticeable destruction. A heavy and monotonous task has been demanded of our men in the night of improving the end consolidation of our lines. They have labored under the worst of climatic conditions; the weather during the day has been consistently cold and rainy, although at night the sky has usually cleared and given a decisive promise of improvement. The enemy have made no further attempt to retake the trenches recently captured by us."

HUGHES' CHANCES GOOD IN NEW YORK STATE

Betting Odds Indicate Belief He Will Carry the State

OHIO'S TALE DIFFERENT

Wilson Seems to Be Gaining Ground There—Odds Are Conflicting.

New York, Nov. 3.—According to The Times this morning, betting odds quoted yesterday indicated that the Wall Street opinion of the presidential race differed from that of the uptown hotels. On the curb the commission-ers reported that about \$25,000 was wagered at odds of 10 on Hughes to 9 on Wilson, while at the Waldorf, the Rickard, sporting promoter, said he had tried vainly all day to get money down on Wilson at anything better than 10 to 9 and 10 to 8.

"The big men in Wall Street," Rickard added, "are mostly for Hughes, and they can afford to lay their money on wide odds. I do not believe the opinion down there represents the sentiment of the country. The voters who will swing the election are the farmers of the west and southwest. My friends out there tell me that the farmer says to himself: 'Here, I'm getting more for my hogs than I ever got before, and wheat and corn are mighty high. This is no time to change things. Wilson gets my vote.' A lot of them have been Republicans before."

Fred Schumm in Brooklyn said he had placed \$3000 on Hughes against \$2400 on Wilson, and \$2000 against \$1000 with Hughes the favorite. These wagers were at 10 to 8, but the Brooklyn quotations in the afternoon, according to Schumm, swung to 10 to 7.

The odds quoted on results in New York and Ohio indicated the belief that Hughes was gaining strength in New York, while Wilson's chances were improving in Ohio. The New York State odds were firm both on the curb and in Brooklyn sporting circles at 2 1/2 to 1 on Wilson, and the same figures were quoted on Whitman's chances for governor. A bet of \$300 against \$1000 that Hughes would carry the state was reported in Broad Street. Even money was offered that Hughes would not get a plurality of 90,000 in New York.

By the time Charles E. Hughes reaches New York City tonight, his tour has been completed. He will have traveled close to 30,000 miles and been seen by nearly one-third of the voters of the United States in the most comprehensive, nerve-racking, and effort for votes any presidential candidate has ever undergone. Save for about twelve days, the Republican nominee has been continuously traveling, stopping since Aug. 5. He has made speeches in 32 of the 48 States and passed thru two or three more without talks.

BOTH SIDES CONFIDENT

Chicago, Nov. 3.—Managers of the Republican and Democratic western headquarters here each expressed today confidence that his party would be victorious in next Tuesday's election.

Alvin T. Hert, Republican manager, announced that final reports from states in his jurisdiction were more favorable than any yet received. Republican leaders today claimed Wisconsin, Indiana, Illinois, Ohio, North and South Dakota, Minnesota, Idaho and even Missouri and Kentucky as certain for Hughes and Fairbank. Senator Thomas J. Walsh, Democratic western manager, issued a statement declaring Democratic prospects never brighter. The statement said final reports indicated every western state claimed by the Republicans is either reasonably safe for certain or doubtful.

The Democrats will close their campaign in Chicago tomorrow with a mass meeting for business men and rallies for men and women in every section of the city. The Republicans will end their fight with noon meetings at hundreds of factories, rallies for women in each congressional district and a torchlight parade thru the downtown streets at night.

Washington, Nov. 3.—Supplemental reports filed here today show the Republican National Campaign Fund totaled \$2,012,555, and the Democratic National Campaign Fund totaled \$1,219,729 at the close of business on October 30.

The accounts to date show total expenditures of \$1,885,569 for the Republicans and \$1,136,762 for the Democrats.

PATRIOTIC FUND TO LAUNCH CAMPAIGN

Seeks Thirteen and a Half Million Dollars for Next Year.

WEST TO GIVE MORE

Ontario to Be Asked to Provide Six Millions as Share.

Ottawa, Nov. 3.—The officials of the Canadian Patriotic Fund are engaged in extensive preparations for the great campaign with which the work for 1917 is to be inaugurated. The executive committee decided at its recent meeting that it would be wise to focus public attention upon the funds and work at a time near the beginning of the year, and the latter part of January has been selected for the time during which local campaigns for subscriptions should be carried on in as many municipalities as possible.

Sir Herbert Ames, the honorary secretary of the fund, has been spending the past month in western Canada, stimulating public interest in the fund, and securing, wherever practicable, the co-operation of the provincial governments and of municipal corporations. His reports as to the attitude of the west towards the fund are most encouraging. Notwithstanding that it fell the commercial depression more deeply than any other part of Canada, that it has been helped by the trade in munitions of war to a very slight extent, and that it has sent men to the war in very large numbers, western Canada is pledging itself to raise what must be considered huge sums for the maintenance of the Patriotic Fund.

Six Million in Ontario. So far as Ontario is concerned, the object of the approaching campaign is to raise \$6,000,000, which that province is being asked to contribute for 1917. In the past, Ontario has given more than she has received from the fund, the surplus going to the west, where large enlistments created a demand that fell with peculiar heft upon communities suffering from business depression. In 1917 the situation will be changed, and Ontario will be asked only for the money it is estimated will be spent in that province.

The total of the sum to be raised in 1917 is thirteen and a half million dollars. Ontario's share of this is six millions, of which about four million has to be raised by private subscriptions. To ensure that this large sum is available is no slight task, and the campaign of general publicity and of local solicitation soon to be launched is based on the belief that the fund should be assured, early in the year, that it will be in a position to meet all demands on it by dependents of Canadian soldiers.

Well Administered. The fund is most economically administered and the great increase in the sums required to carry on its work is due entirely to the increase in size of the Canadian armies. For the most part, the work of the fund is carried on by men and women who are not paid for their services. The local organizations scrutinize closely all claims upon the fund, and follow up, from month to month, each individual case, not merely to provide against any imposition on the fund, but to further assist every deserving and unreciprocated. The distribution of the moneys by the branches is subject in Ottawa to a close monthly check and audit, and in addition to the auditor-general's office investigates all the financial operations of the fund.

There is no foundation for the report that the Dominion Government is to be asked to assume responsibility for the fund. For it to do so would imply the equal treatment of all dependents, whether in need or not, thus throwing on the country an increased liability of several million dollars. The purpose of the fund is to assist those only who require a greater measure of help than is given by the government separation allowance and assigned to the fund, and three persons receiving separation allowance, two are on the Patriotic Fund, the other one not being in need of further assistance.

Start Tomorrow And Keep it Up Every Morning

Get in the Habit of Drinking a Glass of Hot Water Before Breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well and look well, what a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul breath, starchy breath, acid stomach, can, instead of feeling as a daisy can, by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnation.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it, wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate are quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.

HUGHES WOULD ERECT A GREAT TARIFF WALL

Upward Revision Coming if Republicans Win at Polls.

FORESEE TRADE WAR

U. S. Industries Will Require Much Protection, View of Hughes.

Hudson, N. Y., Nov. 3.—In his speech here Charles E. Hughes, the Republican candidate, particularized on commercial conditions here and abroad after the hearing quoted again from the speech of Chairman Hurd of the federal trade commission on the need for combating European rivalry at the close of the struggle.

"I agree with Hurd as to the necessity for organization and efficiency," he said. "But he stops short of a full conclusion, which, it seems to me, he should have reached, because we may have a very big degree of efficiency, and we should develop it to the utmost; and we may have the best possible organization and we should do far more than we have done to encourage it, and still we may not be able to compete with Europe, where there is at least equal organization and equal efficiency."

"When people talk to me about their bay windows, and present prospects that they are going to enjoy in considering the country while looking thru these beautifully built windows, I ask: 'Well, where is the foundation for your house? If you do not have a foundation for your house, all you have is a castle in the air.' And the foundation of this house of improvement, of good wages, of proper hours, of wholesome conditions of work—the foundation of that house is the stability of American enterprise and the opportunity for work. There has got to be employment in this country before we can talk about the conditions of employment."

"Our friends on the other side are very eloquent with respect to the natural strength of American manhood, the wonderful resources of America, and the great power we have in meeting these new economic conditions."

"Well, rather than think that America had all these things twenty-two months ago, before the war broke out. Certainly the men of this country were just as resourceful and alert as ever, and we had our raw materials and we had our plants; but we did not have a policy that protected American industry; and that is necessary for the simple reason that I have already stated. Whatever debate there may have been in the

past with respect to these matters of theory, there is very little debate with respect to these matters of fact, or rather, very little room for debate. When this war ends we are going to enter upon a very keen commercial rivalry. The nations on the other side understand the matter."

He proposed a peaceful compromise on School Question.

Ottawa, Nov. 3.—S. M. Genest, chairman of the Ottawa Separate School Board, in a statement today, proposes a peaceful compromise on the school question. His suggestion is that the bilingualists agree to give regulation 17 a fair trial without further opposition, this trial to be for a stated

period, to be followed by a report on the effect of the regulation, and the Ontario Government to agree to modify or withdraw it altogether should it be shown that the effect was prejudicial to the interests of French-Canadians.

MAJOR GILKER KILLED. He Was One of the Best Shots in Canada.

Calgary, Nov. 3.—It is now definitely established that Major J. S. Gilker, who left Calgary as second in command of the 56th Battalion, was killed in action. He was reported in the official lists as missing, but his widow received word today that comrades had buried the major on the field of battle.

Major Gilker was one of the best rifle shots in Canada. He lived in Ottawa and Fort William before coming here about ten years ago.

HEAVY SHIPPING TOLL IS EXACTED BY WAR

More Than Eighteen Hundred Sunk Since Hostilities Began.

New York, Nov. 3.—There have been 1820 ships, with an aggregate gross tonnage of approximately 3,328,584, sunk by belligerent nations during twenty-seven months of war ending November 1, according to figures compiled by The Journal of Commerce.

The October rate of destruction, 127 vessels, was considerably in excess of the monthly average. Norway lost the largest number of ships, 56, according to the statistics, but their gross tonnage was only \$7,333 as compared with Great Britain's total loss of 115,546 gross tonnage of 38 vessels destroyed.

A table showing the total shipping losses since the war began estimate those of the entente allies at about 75 per cent, and those of neutrals at nearly 18 per cent, with Teutons' losses less than 7 per cent.

Less Willard says: "Take Nuxated Iron"

If you want plenty of 'stay there' Strength and Endurance and Health and muscles like mine."

JESS WILLARD AT HOME

Among all the prominent figures of the prize ring, probably none is so devoted to family life as Jess Willard. After each engagement the champion hurries to his wife and children and remains at their side until public demand forces him to leave for new encounters. Everything is done to bring up the "little Willards" with strong healthy bodies. Mr. Willard accounts for his own success by saying:—

"I consider that plenty of iron in my blood is the secret of my great strength, power and endurance."

Your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sticky looking, just like a plant trying to grow in soil deficient in iron. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired or run-down people take five-grain tablets of ordinary nuxated iron for two or three days after meals for strength and energy. And this is the secret. The secret is that iron in the proper form, and this is the secret. The secret is that iron in the proper form, and this is the secret. The secret is that iron in the proper form, and this is the secret.

Dr. Sauer, a well-known physician who has studied widely in both the country and Europe, has been specially employed to make a thorough investigation into the real secret of the great strength, power and endurance of Jess Willard, and the marvelous value of nuxated iron as a strength builder.

NEW YORK.—Upon being interviewed at his apartment in the Colonial Hotel, Mr. Willard said: "Yes, I have chemist with me to study the value of different foods and products as to their power to produce great strength and endurance, both of which are necessary in the prize ring. On his recommendation I regularly took nuxated iron, and I can say that it was a most important factor in my winning the fight so easily." Continuing, Dr. Sauer said: "Mr. Willard's case is only one of hundreds which I could cite from my personal experience which proves conclusively the astonishing power of nuxated iron to restore strength and vitality even in most complicated and chronic conditions."

Not long ago a man came to me who had been ill for a century old, and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of five and as full of vigor, vim and vitality as a young man. In fact, he was taking iron-nuxated iron and he was well. French Government Exhibit of War Trophies

"Have You Seen Them?"

This was the question whispered about Paris when these wonderful war trophies were first shown at the Invalides. Wives, mothers, daughters, sisters looked with awe upon the dread artillery, the deadly machine-guns, the minenwerfer and all the other death-dealing devices captured from the enemy.

The Toronto Branch of the Canadian Red Cross Society is charging an admission of 25c to see these trophies that have never been shown before in America outside of the Allied Bazaar in New York. Pay your visit today---Sixth Floor.
