Tariff Hearing.

Tomorrow the final sittings of the tariff commission will open here. The hearings will probably last for a couple of days. With the final evidence taken Sir Henry Drayton and, his colleagues who have participated in the hearings, will lose as little time as possible in framing their report, on which the approaching tariff revision will be based. It is hoped to have the budget presentation occur at a comparatively early date in the session as the tariff is to be the principal item of the sessional program.

Another important fixture for this week at the capital is the resumption of hearing of the application to the railway board of the Bell Telephone Company for an increase in rates. The inquiry resumes on Wednesday.

Preston, Jan. 2.-A sad drowning ccident occurred here about 11 'clock this morning, when Willie Tanner, 10 years of age, was claimed a victim in the Speed River. He and two other lads, William and Arthur Burrel, ventured out on the ice. They struck a thin spot and all three broke thru. The water is quite deep and it is only a miracle that all three were not drowned. William Burrell kept away from the other two lads and managed to get hold of the edge of the ice and puller himself out. The other two lads made a great fight to get out of the water, but as they grabbed the ice it would break away. Master Arthur Burrell finally managed to get his chin resting on the ice and was rescued from his perilous position by William Aires, who resides in the neighborhood of the accident, and who saw the boys plunge into the water from his home, and who immediately rushed to their assistance.

VOTE IS ANNULLED OF ARMY IN SMYRNA

Court's Decision Will Lessen Number of Venizelists in Greek Chamber.

Athens, Jan. 1.-The vote of the army in Smyrna in the recent elec-tions has been annulled by the court of elections. The decision means a material alteration in the complexion of the chamber of deputies, lessening the number of Venizelists.

Constantine is suffering from a painful sore throat, but his condition is not serious. He is worrying much over the allied viewpoint on his return to power.
Former Premier Venizelos planned

event of his defeat in the elections of November, according to M. Viachos, editor of The Kathimerini, who gives the late King Alexander as his authority. He claims the King teld him during a secret night meeting on May 4 last in the Stadium, in the presence of several officers, that the presence of several officers, that

M. Venizelos declared to him he

The newspaper appears to be decidedly unfriendly to M. Ventzelos, whose return to power is predicted in various quarters, where it is asserted that M. Ventzelos never confided his plans to anyone. Nicholos Stratas, former minister of marine, in a statement tending to confirm M. Vlachos' assertions, states that two Vlachos' assertions, states that two days after the elections an attempt was made by Venizelists to get the Greek fleet to secede.

King Constantine has made a request for an impartial investigation of Greek events by an allied commission, asserting this would be prefer, able to the present piecemeal method. Objection to this plan is made, how-ever, as both the followers of Con-stantine and of former Premder Venizelos are asserted to have destroyed too many documents to give any investigating body a clear view on matters in this country.

to form a new Greek state in the event of his defeat in the elections of November, according to M. Continued From Page One cluded the revision of the final proofs of the second volume of his war diary,

One of the most famous utterances during the war was that concerning "a scrap of paper" as regarded the treaty guaranteeing the neutrality of Belgium. This treaty was so characterized by Von Bethmann-Hollweg during an interview which the then chancellor had with Sir Edward Goschen, the British ambassador to Germany. Speaking with great irritation the chancellor expressed his inability to understand Great Brigain's attitude with regard to Germany's attack on Belgium.

attitude with regard to Germany's attack on Beigium.

"I found the chancellor very much agitated," said Sir Edward afterwards writing of the interview. "His excellency at once began a harangue which lasted about twenty minutes. He said the step taken by his majesty's government was terrible to a degree. Just for a word—'neutrality'—a word which in war time had so often been disregarded—just for a 'scrap of paper'—Great Britain was going to make war on a kindred nation, which desired nothing more than to bef riends with her."

Sir Edward replied in effect that he

her."
Sir Edward replied in effect that he understood the Chancellor's inability to comprehend the British action but that Great Britain attached importance to the "scrap of paper" because it bore her signature as well as that of Germany.

Dr. von Bethmann-Hollweg was chancellor of Germany from July 14, 1909, to July, 14, 1917. He was succeeded in the office by Dr. George Michaelis, an appointee of the former kaiser. It was said that von Beth-mann-Hollweg was forced out of of-fice thru the efforts of the militarists, headed by Hindenburg and Lu-dendorff, largely because of his "scrap of paper' statement and his admis-sion that the German invasion of Bel-gium was unjust. The former chancellor had on several occasions is-sued statements blaming the militarism for the war, these appearing in 1916 and 1917, while in the two previous years he had frequently de-

LONDON'S GREETING TO THE NEW YEAR

London, Jan. 2.—London's prosperous section hailed the advent of the new year with nolsy gaiety surpassing anything seen since January 1, 1914. Ratepayers Show Confidence by Returning All the Old Council.

YORK TOWNSHIP

The ratepayers of York Township, by arge majorities in most of the 41 polling subdivisions, snowed their confidence in the old council by returning it to power at the elections on Jan. 1; after a spirited campaign, which was carried on during the past two weeks in every section of the township. The opponents of the reeve, second deputy-reeve and counciliors appealed to the ratepayers for election on the grounds that it was now time for a change in the personnel of the present body, and urging the plea of bad roads, lack of transportation and street and house lighting, and also insufficient energy on the part of the members of council. bdivisions, snowed their confidence in

EAST BEAT WEST SIX TO FOUR ANNUAL CHESS MATCH AT CENTRAL

The annual chees match, as an event on the program at the Central Y.M.C.A. "open house" on New Year's day, duly occurred, a contest at ten boards, between clubs east and west of Yonge street, being arranged for the occasion.

An excellent prelude was the dinner to the players generously allocated by the Y.M.C.A. executive, following which appropriate speeches were engendered by Mr. R. C. Hunter, henorary president of the Toronto Chess League, and Right Rev. Bishop W. D. Reeve, the president of the Toronto Chess Club, rose with a few well-timed remarks, and the possibility of Samuel Rzeschewski, the eightyear Polish chess prodigy appearing in Toronto shortly, was mentioned by Mr. A. Turner, speaking for the Judean C. C. A vote of thanks to the Y.M.C.A. ex-

WIN AT PRESTON

Great Crowds Attend the League Soccer Games in Old Country.

BURNLEY SCORES

London, Jan. 2.—(By Canadian Associated Press.)—Burnley had a splendid win away from home before 30,000 specwin away from home before 30,000 spectators at Preston in the first division of the English League Association Football games on Saiturday. Preston were upset by the absence of Jeffreis. Despite Mitchell's fine goal keeping, Cross scored at the end of half an hour, Kelly and Anderson subsequently adding goals. The Bolton-Tottenham game was witnessed by fifty thousand spectators, Smith scoring for Bolton after fifty minutes' play, from a penalty. Bolton's defence was impenetrable, altho Tottenham did all they could to break it.

Aston Villa came to grief on their own ground at the hands of Liverpool, althountil half-time there was little to choose between the teams. Johnson scored after 28 minutes, and Chambers added another four minutes later.

Chelsea, thru Croal and Ferris, achieved a splendid victory at Bradford, mainly by superior forward play, but the Arsenal at flome had to concede the points to Bradford City, for Whom Hewson scored twice in heavy rain and with the ground absolutely waterlogged. Bradford City's forwards were in capital shape, while Arsenal were often unlucky and frankly, were meeting a slightly better combination.

Derby's success against Huddersfield,

frankly, were meeting a slightly better combination.

Derby's success against Huddersfield, which makes their second win this season, lifts them from the bottom of the first division league table.

In the second division the results furnished some surprises. Bristol City going down before Lowly Rotherham; Birmingham losing to Leeds, and Cardiff to Bury. Another surprise was Clayton's heavy

defeat by Port Vale, for whom Blood scored in the first half and with Wooton and Page scoring three more goals within four minutes of the second stage. Clapton undoubtedly missed chances in the earlier period,

Fulham's defeat by Stoke was dramatic, for they had the best of the play for fully three-quarters of the game. West Ham found it easy going with Coventry, with Puddefoot scoring four goals, Leape two and Bishop one.

Southampton rather surprisingly failed against Reading, who scored thru Mavin and Getgood in the second half. Reading cartainly made the most of their opportunities.

London, Jan. 1.—The championship occer scores today resulted as follows.

GRANITES V. ARGONAUTS.

Argonauts' good showing against Kitchener here on Saturfay night has boosts, edited their stock considerably, and the fans expect them to give Granites a great battle here tomorrow evening. The acquisition of Cain and Crook rounded out the double-blue team, and on paper at least they now compare favorably with any of the O.H.A. senior teams. The players came thru the Kitchener game without sustaining injuries. Granites are in midseason condition, and, with their team-glay about perfected, they are called to make it two defeats for the double-blue. Either Collett or Roach will play goal. For and Munro, defence, and McCaffery, After the substitutes will be selected from Aggeit, Jeffrey and Watson, with the first two named the likely choices.

A. ST. CLAIR WINNER OF MODIFIED MARATHON

To say that the Bloor-Bathurst modified marathon held at the corner of Bloors and Bathurst streets by the Business Men's success, would be to use the mildest terms possible. The whole event from start to finish was carried thru with the smoothness up by Starter Fréd Robson and were away at the time advertised to start. At the half-way mark, Scholes, Moorcroft and St. Clair were well out in front, and from then on it was a battle royal between these three, who were going strong. Up the neck, and it was only by a hairsbreadth that St. Clair succeeded in nosing Art Scholes out of first place, with Moorcroft ight on his heels. Never for many a day have three runners put up such a close battle, and the whirlwind finish had the hundreds of spectators who lined both sides of the street keyed up to the highest pitch, and they saw a race that amply repaid them for their attendance in the bad weather.

The runners finished in the following order: Is to clock plenty the condendation of the product of the product let the corder to the condendation of the product let the corder.

ciation, in which he expressed his pleasured to the large turnout to the first race staged by the association. He further stated that the business men planned to make the race of next New Year's Day the biggest kind of an event and that the value of the prizes would be largely increased, as well as the donation of a big prize cup to be competed for annually.

Sgt. J. W. Geddes, one of Canada's oldest runners, spoke a few words, in which he outlined the physical benefits of marathon running and prophesied that the Bloor-Bathurst marathon would next year develop into the biggest event of its kind and that the entry list would very closely approach the century mark.

After the presentation of prizes at the Allen Theatre, the runners adjourned to the Family Lunch, where they enjoyed a lunch provided by Pete the proprietor.

The new year went off to a good start at the West-End Y.M.C.A. on Saturday when the big New Year's Day program was run off. In the morning the old members' re-union was the centre of interest in the gymnasium, and it looked to the college street aggregation, but only after a strenuous extra inning of play.

Central pfled up a lead in the first two innings, but after that the Broadylew players came back to earth and played a good game, steadily pulling up, until, by scoting four in the ninth, they tied it up at 10-all. In the tenth, with two down. Gordon Brastord managed to steal across the plate with the winning country.

Tressider pitched well for their respective teams, and Harold Ramsay's umpiring was very satisfactory.

Washington, Jan. 2.—Further decline in prices coupled with increased unemiterest in the gymnasium, and it looked like old times to see the crowd prancing around once more. The not as mimble as in bygone days, when they carried West End's colors in the different lines of sport, they all were bubbling over with the old-time enthusiasm, and went into their games of pasetall, basketbell and handball as the they were large furn-out of participants. brought accompanying unemployment. The shrinkage of demand, the board reported, also was responsible for wage cuts running as high as 25 per cent. in some lines.

Banking power, on the other hand, was well maintained, the board asserted, normal credit accommodations extended to legitimate business, the reserve ratio growing stronger and inter-reserve borrowing in part liquidated. With liquidation of loans at the member banks beginning the board forecast better conditions.
