Kerensky Ousted; Maximalists Are In Control In Petrograd

Russia's Brilliant Premier Is Deposed; Government Overthrown

Extremists Take Charge and Proclamation Says New Government Will Propose Immediate Peace—Garrison in Capital Assisted Them in Final Scenes

London, Nov. 8.—Premier Kerensky has been deposed. A proclamation sent out through the wireless stations of the Russian government today and picked up here states that the garrison and proletariat of Petrograd has deposed the Kerensky government.

GERMANS ARE WORRIED OVER WEST FRONT

Involving Testimony To Might Of British Offensive

Views Of Hun Critic

Admits Heavy Losses and Inferiority in Number of Troops—Of Course From Disputed Experiences and With Fear

Copenhagen, Nov. 8.—Unwilling testimony of the irretrievable nature of the British offensive in Flanders is given by Lieutenant-General Von Ardenne, military critic of the Tagblatt, of Berlin, who sends from the Flanders front a graphic picture of the difficulties of the German defense. No way, he says, has been devised to prevent the "fire rollers," as the Germans term the moving batteries, from making slow and steady advance.

WELSH TROOPS AND FRENCH BOTH SCORE ON WESTERN FRONT

London, Nov. 8.—"Welsh troops conducted a successful raid last night in the sector of Arras," says today's statement from army headquarters.

AMERICAN BIG GUN WORKERS ARE BACK TO THEIR BILLETTS AFTER A TRY AT TEE HUNS

With the American Army in France, Nov. 7.—By the Associated Press—Establish contact with the Germans came back to the soldiers today. The men were tired and muddy, but as enthusiastic a lot of soldiers as ever came out of the front. The artillery had a longer day at the front than the infantry, and they came back, men and horses, wet to the bone, covered with mud, and ready to sleep.

OHIO GOES DRY

Cincinnati, Ohio, Nov. 8.—Ohio today woke up face to face with the extreme probability that in less than two years it would be a drinkless and saloonless commonwealth. This condition forced itself upon the citizens at mid night, when the prohibition votes, till then for many hours in a minority, took the lead in the state-wide tabulation in such strength as to make certain the success of the prohibition amendment, which provides that the saloons shall be barred after April 1, 1918.

REBUILDING OF NO. 5 SHED TO COST \$55,400

Estimates Approved by Council Committee—Commissioners Face Problem of What Repairs Without Funds—To Discuss Engineer's Office

The completed estimates for the reconstruction of number five warehouse, West St. John, were presented to the common council in committee this morning. The total is \$55,400, and this was approved for bond issue up to that amount.

SOME HUNDRED CASES OF SMALLPOX REPORTED IN GARDINER, MAINE, BUT OF MILD TYPE

Since the epidemic in Gardiner, Maine, was definitely determined to be smallpox, every physician in the city has been working day and night. From 80 to 100 cases have developed in the last three or four days.

N. S. NURSES WILL NOT INCREASE FEES

At the monthly meeting of the N. S. C. Nurses Association in Halifax on Monday evening, the principal business discussed was the raising of the fees of private nurses, because of the high cost of living.

CHINESE PIRATES FIRE ON AMERICAN GUNBOAT

Peking, Nov. 8.—The American gunboat Palos was fired upon yesterday by Chinese handouts on the Yang Tze Kiang. The gunboat was damaged slightly.

WEATHER REPORT

Issued by the Department of Marine and Fisheries, R. F. Stuart, director of the meteorological service.

THOS. DALY AND MISS GRACE MAHONEY WED

In St. Mary's Church, Cambridge, Mass., this morning the pastor, Rev. Father Doody, united in marriage Miss Grace Mahoney, daughter of Mr. and Mrs. Peter Mahoney of this city, and Thomas Daly, second son of the late Timothy Daly, formerly a well known dry goods dealer in Main street.

HON. MR. CARVELL'S VISIT

Hon. F. B. Carvell left at one o'clock this afternoon for Moncton and will go there to Ottawa. He will be in the city again next week.

TO REDUCE BREAD PRICES

Washington, Nov. 8.—An attempt to reduce bread prices will be the next move of the food administration in assuming control of the principal food commodities. At the request of Administrator Hoover, President Wilson will issue within a few days an order directing that every baker in the country be required to do business under federal license.

SWEETING SUFFRAGE VICTORY

New York, Nov. 8.—As the result of the sweeping victory for women suffrage in New York state at Tuesday's election, it is estimated that the state will gain at least one million new voters, 600,000 of whom will come from New York city. The women will be eligible to vote at any election after January 1, 1918, when the amendment becomes effective.

Germany Calls Up Last Reserves; Final Try On West Before Americans' Help Becomes Effective

London, Nov. 8.—Germany called up her last reserves within the last few days, according to the Central News correspondent at Zurich, telegraphing under Wednesday's date. All men who previously had been rejected were ordered to present themselves for re-examination and within twenty-four hours all not utterly incapacitated were on their way to the training centres.

A SQUARE DEAL WILL CONTROL PACKING HOUSES

Ottawa, Nov. 8.—Hon. T. A. Cram, minister of agriculture, said last night at a banquet given to those who are attending the Stock Breeders' conference, that men who are needed on the farms will not be taken under the military service act; that a greater production of hogs was necessary; but that it was impossible for the government to fix the price to be paid the producers. He intimated that the government was about to bring into force a measure of control over the packing houses, and further that the margin of profit between the producer and the consumer would be regulated absolutely.

STOCKS UP AT THE OPENING; THEN FALL

New York, Nov. 8.—Wall Street—Shipping stocks rose briskly in today's early dealings. Marine preferred soon gained 1-2, and Atlantic Gulf one and a half. Equities also were favored, Bethlehem Steel advancing one and a half. The market closed with a slight decline.

LOCAL TRIBUNALS OPENED; FEW AT FIRST SESSION

The exemption tribunals began their work in St. John this morning, but had not a great deal to do. At the exemption tribunal over which Miles E. Agar and Colonel E. T. Sturdee presided, sitting at 42 Paradise Row, the officials said that there were not in a position to give any particulars as yet. It is understood that there were very few applicants before this board. A few had appeared but some were deferred and their claims would have to be considered.

PARLIAMENTARY HILL GUN TO INAUGURATE THE LOAN CAMPAIGN

Ottawa, Nov. 8.—Arrangements are being made for the inauguration of the victory loan campaign at the Parliament Hill gun at nine o'clock on Monday morning. Concentrated firing of the factory whistles, auto horns and the ringing of city church bells will follow.

GERMANS KEEP AWAY FROM HAND-TO-HAND FIGHTING—HINDENBURG'S ORDER TO RETAKE PASSCHENDAELE FAILS TO BEAR FRUIT

Canadian Headquarters in France, via London, Nov. 8.—(By W. A. Willison, Special Correspondent of the Canadian Press.)—Over Passchendaele ridge into the mud of the far-reaching Roulers plain, Canada has driven the Hun. Yesterday the men of the dominion were well established on the crest, with Passchendaele village in their hands, and with it a good sized semi-circle of captured ground. Our wounded are coming down the line exhausted and covered with mud, but jubilant. With them are coming down German prisoners, dashed from the terrific nature of our artillery bombardment, worn out from their experience of the last few hours and despondent at the loss of Passchendaele, but glad to be removed from a winter campaign in the mud behind Passchendaele.

MOUNT ALLISON FINANCES
The board of regents of Mount Allison University met in Sackville on Tuesday night. Reports presented showed that, during the year, the university showed a deficit of several thousands of dollars, the ladies' college also had not met expenses and the academy was the only branch which showed a surplus. This is due to war conditions and the depletion of the classes through recruiting. The regents spent considerable time discussing means to meet the situation.

SNOW DEEP UP RIVER
Captain A. Flewelling of the steamer Oceano on arrival at Indianstone this morning, reported that the storm was making the river impassable. The snow was fifteen inches deep along the roads. It is feared that the weight of the snow on the trees was so great that it bent the branches across the road and made it almost impossible to pass until they had been removed.

New York, Nov. 8.—Five women and two men are believed to have been killed in the collapse of three floors of the Johans Steamship Provision Company in Brooklyn today. The building contained provisions for the United States government. An explosion and fire followed.

The body of Miss Josephine Johans was recovered. The building was located within a block of the recent \$2,000,000 warehouse fire in Brooklyn.

Heavy machinery, stored on the upper floors, is believed responsible for the collapse of the building.

SOLDIERS' HONORS

Orders have been received at military headquarters in reference to the cases of officers and men who were to be awarded honors or decorations for gallantry in action, or while on duty, and who previous to the receipt of these honors had fallen in battle. The next of kin of the soldier is to be given the honor or decoration at a public presentation, the expenses, if any, involved to be borne by the municipality.

Officers and soldiers involved home to Canada previous to receiving honors for which they were slated, will receive the honors in the same manner at a public presentation. Their expenses to and from their residences to the place of presentation will be paid from the public coffers.

VOCATIONAL TRAINING

The New Brunswick committee which visited Halifax to study the question of vocational education found the educational authorities there greatly impressed with the need of a change in the public school course which would better serve the interests of the boys and girls who must leave school at an early age and go to work.

Supt. MacKay and Prof. Sexton would not take away anything from the present course, so far as those children are concerned who are able to remain to take the full course up to the highest grade, and those who intend to go on to higher institutions of learning; but they would have special provision made for intensive training in the essential subjects for those who are the majority—who must leave school at the age of fourteen years or very soon thereafter.

This would of course involve a division of the pupils at the age of about twelve years, or on attainment of a certain grade, into different classes. It would call for more school accommodations, provision for better work in manual training and domestic science, and more teachers. The additional expense would be justified by increased efficiency of the boys and girls. Not only so, but it is found that where more of practical training is given the pupils work harder and are more desirous of remaining in school as long as possible.

Of course, in rural districts, greater emphasis would be placed upon training for agriculture, and in towns and cities for industrial work; and the emphasis might in different towns be placed upon different lines of industry, where pupils were able to remain long enough to pursue such a course beyond the merely elementary stage. It would also be very desirable, in such an industrial centre as St. John, to have a well equipped technical school, whether it assumed the proportions of an engineering college or not.

The Nova Scotia authorities are strong advocates of evening vocational classes, and the success of these classes in many towns in the province fully justify their views. Not only working boys and girls who have left school, but persons up to thirty or forty years of age, whose early education was neglected, have found in these classes an opportunity to get knowledge and practical skill which is reflected in larger earning power. Hence money expended on such classes is of the greatest benefit to the community as a whole.

There is also the question of continuation schools or classes which boys and girls leaving school at an early age might be required to attend for further instruction in the regular school course. This is a matter worthy of serious consideration in any effort to raise the general standard of education among the people.

Then there is the question of compulsory school attendance, and this lies at the very base of any effective system of education. It is not only amazing, but very depressing to learn how many grown-up people can neither read nor write, or who can barely do so. Of very many boys and girls who leave school while yet in the lower grades, not a few are permitted to do so by their parents because the young people are tired of school and insist upon staying away, even if they are told they must go to work. As already pointed out, many, and perhaps all of these, would stay longer in school if a more practical turn were given to the training they receive. But compulsory attendance is a necessity, and to this end there should be an annual school census and enough truant officers to see that the law was not disregarded.

The province of New Brunswick needs a system of vocational training. It will be needed more than ever after the war. The young people must be trained for efficiency, and in the case of the greater number of children that is not done at present. The very remarkable work that is being done in convalescent hospitals for soldiers shows what can be accomplished in practical education in the case of grown men, and it emphasizes the importance of giving the boys and girls a practical start. Here is one illustration:

A young man who was a member of a very large family in Quebec province went overseas, was wounded and returned. He could neither read nor write. After three months' study in a convalescent home he could read and write well. Then he took a six months' course in tool-making. Now he is earning \$5.50 per day in the employ of a steel company. The lesson is obvious. But let us not wait till our boys grow to manhood before setting their feet firmly and squarely on the road to industrial efficiency.

Mr. Hanna says that dealers who advanced the price of sugar in the past month exacted an unfair profit. What will he do about it? Will he make an example of a few of them as a warning to other profiteers?

MR. CARVELL'S ADDRESS

Hon. F. B. Carvell's address to the electors of Carleton-Victoria is not long, but it covers the ground. In terse and vigorous sentences he sets out clearly the great issue before the country in this hour of national peril, and states the reason for the existence of a union of the people. Not lightly or hastily did he and his union Liberal colleagues part company with Sir Wilfrid Laurier, but only after four months of fruitless effort to find a common ground of action.

In the end the momentous step was taken, because they were convinced the policy of Sir Wilfrid would not enable Canada to throw her whole strength into the war and give the men in the trenches the support they have a right to demand from the people at home. Mr. Carvell makes it clear that the union agreement ceases as soon as the country is again placed on a peace footing, and that matters of merely local political interest are to remain in abeyance until the war has been pressed to a successful issue. For himself Mr. Carvell says:—

"I elected I will not only give my whole energy to the great object for which this government was constituted, but also, so far as my department is concerned, and so far as my opinion may prevail with my colleagues, the affairs of this country will be run upon a business basis such as never existed heretofore. Patronage committees and appointments to offices and other necessary functions of government will be divided between both political parties in an equitable manner as it is possible. In other words, I intend to practice in office what, for the past six years, I have been preaching in opposition."

This is the forthright declaration of a straightforward, honest man, in whose firmness of purpose the people have learned to repose full confidence. His appeal to his constituents should be irresistible, and they would be doing themselves honor to return Mr. Carvell by acclamation.

A BRILLIANT FEAT.

The London papers attach the greatest importance to the capture of Passendale by the Canadians. It was one of the most brilliant feats of the Flanders campaign, and also of great strategic value. From the dominating ridges now held by the British the enemy lines can be swept by artillery, and every move detected. The Daily Mail says that the British now threaten the German positions on the coast and at Lille. It is gratifying that the Canadians who have been able to accomplish what is described by the same paper as one of the greatest events of the war. The very frank admission of the German military critic, Lieut. Gen. von Ardenne, that the Germans cannot face the British barrage, and that their artillery is inferior and the conditions under which they are fighting make it impossible to relieve the men every two days, tends to confirm the London Times assertion that the British now have a dominating position in West Flanders. The capture of two German battalion commanders and their staffs by the Canadians was a severe blow to the enemy. Canada should rejoice at this, and should be stimulated to send more men and to make the Victory Loan a complete and striking success. For we in Canada must also carry on.

The action of the city council in deciding to seek legislation to exempt Victory Loan bonds from taxation will be generally approved by the citizens, and similar action might well be taken by other cities. It is a patriotic move which will help to popularize the Victory Loan, and every encouragement should be given to the people to invest in these bonds. Canada must do her part in financing the war, and the opportunity is now given. The great nation-wide campaign begins next week.

Viscount French warns the English people to be prepared for anything—even an invasion of England. Can there be any good ground for such an alarmist statement? If so Canada cannot rush troops across a moment before they are needed.

Only eight British vessels over 1,600 tons were sunk last week by submarines. This is the smallest toll since the war's most concerned, however, about the situation in Italy. Will help come in time?

If Allied reinforcements do not turn the scale the Italian war outlook is gloomy enough. Gen. Cadorna is still retreating.

The British troops in Palestine are marching on. Gaza has fallen to them, along with several other towns.

The political situation in Russia grows more serious. Can Kerensky weather the storm?

LIGHTER VEIN.

The two men in blue were exchanging confidences on the verandah of a big military hospital. "Did you go to the big society party they gave for us crooked fellows yesterday?" "Yes," said the other and shuddered. "What did you think of it?" "Believe me, old bloke, I'd rather have another bang go through me than go through another ball."

A revival meeting was in progress in a southern town and Sister Smith was called upon for testimony. Being meek and humble, she said: "I do not feel as though I should stand here and give testimony. I have been a transgressor for a good many years and have only recently seen the light. I believe that my place is in a dark corner behind the door."

Brother Jones was next called upon for his testimony, and following the example set by Sister Smith, he said: "I, too, have been a sinner for more than forty years, and I do not think it would be fitting for me to stand before this assembly as a model. I think my place is behind the door, in a dark corner, with Sister Smith."

THE MONTREAL HERALD.

Montreal, Nov. 8.—That the Herald Company, Limited, has rescinded the resolution adopted by a majority of the shareholders on October 29 to lease the plant and machinery of the Herald Publishing Company, and again publishes the Herald under the old name, was stated in court here yesterday, when the petition of S. J. LeFevre asking for an injunction to prevent the lease from being carried into effect was called. A settlement in the case was arrived at yesterday.

Had Piles For Ten Years

And Tried Nearly Everything Except a Surgical Operation Without Obtaining Relief—Tells How Complete Cure Was Effected

Brantford, Ont., Nov. 6.—There is reported here three cases of chronic cases of piles. In all three cases many treatments were tried before a cure was effected. Dr. Chase's Ointment is about the only real cure for this distressing ailment.

Mrs. A. Oates, 29 Gilkinson street, Brantford, Ont., writes: "I have used Dr. Chase's Ointment as a household remedy for ever so long, and am particularly indebted to it for a cure from piles. I had suffered from this annoying trouble for ten years, and tried nearly everything I heard of. After using Dr. Chase's Ointment a short while I was completely cured."

Mrs. Wm. Shantz, 155 Albert street, Kitchener, Ont., writes: "For several years I was troubled with bleeding piles. I tried different remedies for relief without success. I read in Dr. Chase's Almanac of the benefits of his Ointment, so I sent to your office for a sample box. I had tried every other remedy, but I went to a drug store and purchased a full-sized box. I have used several boxes since, and have derived more benefit from its use than any remedy I have ever used."

Frederick McLeod, Victoria street, Ingersoll, Ont., writes: "About two years and a half ago I was suffering from piles. I had tried every other remedy, but I went to a drug store and purchased a full-sized box. I have used several boxes since, and have derived more benefit from its use than any remedy I have ever used."

Dr. Chase's Ointment, 40 cents a box, at all dealers or Edmondson, Bates & Co., Limited, Toronto. There are no rivals to Dr. Chase's Ointment as a treatment for Piles.

MISERABLE FROM STOMACH TROUBLE

Felt Wretched Until He Started To Take "Fruit-a-lives"

594 Champlain St., Montreal. "For two years, I was a miserable sufferer from Rheumatism and Stomach Trouble. I had frequent Diarrhoea, and when I took food, felt wretched and bloated. I suffered from Rheumatism, especially, with pain in my back and joints, and my hands swollen. A friend advised "Fruit-a-lives" and from the outset, they did me good. After a few days, I felt I was better, and I can truthfully say that "Fruit-a-lives" is the only medicine that helped me."

TAKE 10 P. C. OF COAL OUTPUT

U. S. Government to Hold it For Cases Where Shortage Works Hardships

Washington, Nov. 8.—Ten per cent. of the total production of New York City, taken over by the Fuel Administration under the powers granted in the food control law, will be held in reserve for use in making the plan for a great "free coal pile" a success. The order will extend over an indefinite period, and if continued for a year, would affect about 60,000,000 tons. Anthracite and bituminous coal will be included.

Clarence Toole died on Nov. 2 at his home in Central Blissettville. He was 52 years old. Besides his wife he is survived by six children. The daughters are Mrs. Bradford Duplissac of Central Blissettville; Mrs. Percy Duplissac of St. John; and Nellie at home. The sons are Leonard, Edgar and Harry, all at home. Six brothers, Harry and Percie of Memramcook, N.B.; Joe of Truro, N.S.; Albert of Londonderry; Tom of St. John and Fred in Alberta. The sisters are Mrs. Frank Brown, Mrs. Jos. Bird, all of West Leicester, N.S., and Mrs. Henry Pim of Sussex, N.B. His father is Jos. Toole of Memramcook, N. B.

The body of Samuel Milton, a former resident of Albert Mines, was brought home for burial in the family lot in the cemetery at Demoselle Creek. Mr. Milton, who was upwards of seventy years of age, had been living for some years with one of the members of his family in Montreal, where his death occurred. He leaves four sons and three daughters all living in the western states. The sons are Percie, Murley, Elijah and Uziel. The three daughters are Mrs. Wallace Steeves, Mrs. Edward Edgett and Miss Minerva.

GLASS OF SALTS CLEANS KIDNEYS

If Your Back Hurts or Bladder Bothers You, Drink Lots of Water

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 900 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of water—you can't drink too much; also get one of our pharmaceuticals about four ounces of Juice Salts take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to cleanse and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also, and you will wonder what became of your kidney trouble and backache.

RECENT DEATHS

Maggie, wife of Sterling Haslewood, passed away at the home of her parents, Mr. and Mrs. Harvey Cook, St. Mary's, on Tuesday, at the age of 22 years. She is survived by her husband and two children, father and mother, and one brother.

The death of Miss Miriam Barker, the last member of the family of the late Wesley and Mary Barker, formerly of Fredericton, took place at Maple Ridge on Nov. 1. Miss Barker was 21 years of age. She had resided for some years at the house of her uncle, John Barker of Maple Ridge.

Clarence Toole died on Nov. 2 at his home in Central Blissettville. He was 52 years old. Besides his wife he is survived by six children. The daughters are Mrs. Bradford Duplissac of Central Blissettville; Mrs. Percy Duplissac of St. John; and Nellie at home. The sons are Leonard, Edgar and Harry, all at home. Six brothers, Harry and Percie of Memramcook, N.B.; Joe of Truro, N.S.; Albert of Londonderry; Tom of St. John and Fred in Alberta. The sisters are Mrs. Frank Brown, Mrs. Jos. Bird, all of West Leicester, N.S., and Mrs. Henry Pim of Sussex, N.B. His father is Jos. Toole of Memramcook, N. B.

The sudden death of Harry G. Huestis of Jemseg on Monday morning came as a great shock to the family and many friends. He was seventy-one years of age. He was seized suddenly with a pain Monday morning and fifteen minutes later passed away.

W. F. H. Gill, chief clerk in the post office inspector's department, at Charlottetown, died early yesterday morning as a result of falling on the street and striking his head against the concrete pavement. He was fifty-two years of age.

Eight Thousand Yet To Register

Almost 1,000 registered under the military service act yesterday. To date there have been 16,782 registrations, leaving yet 8,692 who have not yet placed their names with the provincial registrar. So far 912 have signed the service cards in New Brunswick and 8,870 have filed exemption claims.

Charles H. Edgewood and Wallace Kitchen of Fredericton left last evening to join the Royal Flying Corps. From Halifax they will proceed to Toronto and from there they will go to Texas for further training. Mr. Edgewood is a son of F. B. Edgewood, Fredericton, while Mr. Kitchen is a son of ex-Alderman A. B. Kitchen.

Word was received yesterday that Captain Walter A. Harrison of this city had been promoted to the position of deputy quartermaster general of the third division. He is a son of Mr. and Mrs. William H. Harrison of St. John, Casualties.

Yesterday's casualties show that the artillery and the Mounted Rifles were the heaviest sufferers in the recent heavy fighting of the Canadians. Among the names of those reported is Sgt. William A. Noddin, of Moncton, reported officially as being gassed; Cecil Carman, of Gibson (N. B.), as having died of wounds, and Pte. Charles Clifford McKinnon, of Moncton, suffering from a gunshot wound. This latter casualty makes three of one family, two other McKinnon boys having made the supreme sacrifice about a year ago.

St. John Importing California Product—Walnuts Also From The Pacific

One of the latest developments of the war time food situation is the importation of beans from California to St. John. With white beans selling at \$9.50 to \$10 a bushel, wholesale, and yellow-eyed beans selling at \$9.50 to \$10.50, it is possible to do this, despite the heavy freight rate. The Canadian crop this year is reported not satisfactory and it is impossible to get sufficient supplies from the usual markets across the border. Last year the deficiency was supplied by importations from Rangoon, India, but complaints regarding their quality led to a ban being placed on them, importations being allowed only on lots which passed satisfactory tests. Under the circumstances local merchants are seeking a new source of supply and a trial order of a carload is being brought here as an experiment. In spite of the high prices, about seven times the present cost, the sale of beans continues almost the same quantities as before the war.

With beans at \$10 a bushel, American clear pork at \$70 a barrel and molasses 80 cents a gallon, wholesale, baked beans now cost real money. California also is supplying some walnuts for the local trade this year, for the first time. It is expected that European shipments will not arrive here until after Christmas and at least one lot is on the way here from the Pacific coast, at a cost of thirty-four cents instead of the usual price of twenty-one cents.

Hon. Mr. Carvell Makes Appeal For United Effort

Minister of Public Works, in Statement to Electors, Gives Reasons Which Led Him to Enter Union Government

Woodstock, Nov. 7.—Hon. F. B. Carvell has issued the following address to the electors of Victoria and Carleton: To the Electors of the Electoral District of Victoria and Carleton: Ladies and Gentlemen:

The real question before the electors of Canada today is whether or not this dominion will do its full duty, not only to itself, the empire at large, and the civilization of the world, but to the soldiers who have already gone forward, many of whom have made the supreme sacrifice. Tens of thousands of others have been maimed and wounded, and

two hundred thousand are still in Europe fighting for you and me and everything which is of value in life.

When the Military Service act was introduced in Parliament by the present premier in the month of May last, a sharp cleavage arose, not only in Parliament, but throughout Canada at large, and, in voting upon this all important measure unfortunately twenty-five of my colleagues and myself found ourselves at variance with our leader as to the advisability of supporting selective conscription, which I freely admit was something new in the political life of Canada, and something which had not existed in the British Empire for more than 100 years, until the war had been in progress for about a year, when it was introduced and enforced in Great Britain; and, even then, we did not dream we would have to be called upon to enforce such a measure in Canada; but the world is experiencing conditions such as it never knew before. All preconceived ideas of political economy, ideas of government and the liberty of the subject must change, if necessary, under the altered conditions as they arise, to make this world a fit place in which people may dwell in peace and security.

For four long months my colleagues and myself attempted to find some common ground with our leader on this great issue, on which we could appeal to the country, but unfortunately we failed, and, believing as I do, that the first duty of every citizen is to do his utmost, and see that his country does its utmost, to the successful prosecution of this war, after many long and weary negotiations, I decided to accept the position in the union government which I now occupy.

This government has been formed by a union of both Conservatives and Liberals for the express purpose of carrying on the fight of the country, if elected, until the close of the war and a reasonable time thereafter in which to demobilize the army and place the country again upon a peace footing. When that has been accomplished, our agreement ceases, and every member of the government, whether Liberal or Conservative, is at perfect liberty to pursue any course which in his conscience he may deem right and proper.

We have allowed all matters of local and political interest to Canada to remain in abeyance until peace has been declared, and to devote our whole attention to the energetic prosecution of the war. Holding these views, and upon this platform, I confidently appeal to you for your support, and, if elected, promise you that not only will I give my whole energy to the great object for which this government was constituted, but also, so far as my department is concerned, and so far as my opinion may prevail with my colleagues, the affairs of this country will be run upon a

Each Party Will Name Candidate

A sub-committee of the Conservative executive of St. John met a sub-committee of the Liberal executive yesterday afternoon and discussed the political situation. A resolution was passed endorsing union government and favorable to the idea of holding separate conventions so that the Liberals might nominate one candidate and the Conservatives one candidate, both candidates to receive the support of Liberals and Conservatives alike. Last evening the Conservative executive met and received the report of its sub-committee, which was unanimously adopted. The Conservatives decided to call their convention for Wednesday evening, Nov. 14. The date for the Liberal convention will, no doubt, be announced soon.

A Free Prescription You Can Have Filled and Use at Home

Victims of eye strain and other eye weaknesses and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see to read at all. Now I can read everything without my glasses, and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear and I can read even fine print without glasses." Another who used it says: "I was bothered with eye strain caused by overworked, tired eyes, which induced fierce headaches. I have worn glasses for several years, both for distance and work, and without them I could not read my own name on an envelope or the type writing on the machine before me. I do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what it has done for me."

It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by the use of this prescription at home. Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and let it dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start, and inflammation and redness will quickly disappear. If your eyes bother you even a little it is your duty to take steps to save them now before it is too late. Many hopelessly blind might have saved their sight if they had cared for their eyes in time. Note: Another prominent Physician to whom the above article was submitted, said: "Yes, the Bon-Opto prescription is truly a wonderful eye remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. I have used it very successfully in my own practice on patients whose eyes were strained through overwork or mist glasses. I can highly recommend it in case of weak, watery, aching, smarting, itching, burning eyes, red lids, blurred vision or for eyes inflamed from exposure to smoke, sun, dust or wind. It is one of the very few preparations I feel should be kept on hand for regular use in almost every family." Bon-Opto, referred to above, is not a patent medicine or a secret remedy. It is an ethical preparation, the formula being printed on the package. The manufacturer guarantees it to strengthen eyesight 50 per cent in one week's time in many instances or return the money. It can be obtained from any good druggist and is sold in this city at Wassons' Drug Store and other druggists.

Buying Victory Bonds is Sound Patriotism and Good Business

THE PURPOSE OF Canada's Victory Bond issue, the fourth of Canada's war loans, is two-fold—

- First, to maintain and support the Canadian army; Second, to enable Great Britain to purchase in Canada those supplies which she must have to carry on the war and to provide food for the civilian population at home.

Canada has in both those purposes an irresistibly impelling interest. Canada's patriotism demands that our soldiers lack nothing in food, clothing, guns or service, to win the war.

And, Canada's own self-interest demands that production shall increase, that commercial activity shall continue, that wages shall be maintained.

What is more—Canada's self-interest in this case is also a patriotic duty—for we must maintain conditions of material well-being in Canada in order to sustain a maximum of war effort.

Great Britain's market offers a sure welcome to the products of Canada's fields, mines, fisheries and factories.

But Great Britain must have credit to buy these products.

So in order to provide the necessary credit the Minister of Finance borrows from the people of Canada, by means of Victory Bonds, the proceeds of which will be used to establish that credit.

You, and each of us—up to the greatest sum in our ability to invest; up to the point where it hurts; must all buy Victory Bonds.

City May Exempt Liberty Bonds

To Prepare Bill for Legislature—Many Matters Held Over For Consideration Today

At the regular meeting of the city council yesterday afternoon His Worship Mayor Hayes suggested that legislation might be secured at the next session of the legislature exempting the Victory Loan bonds from taxation. On motion the matter was left in the hands of the mayor and the city solicitor who will put the matter in shape and will have a bill drafted giving the city authority to make such exemption. Expenses of \$467 in connection with the city vegetable plots in Lancaster were ordered paid from general revenue. Renewal leases for two lots were authorized for the Roman Catholic Bishop of St. John.

ANOTHER SUCCESSFUL BOMBING EXPEDITION

London, Nov. 8.—Last night bombing raids were carried out by a royal navy air squadron on the Thourout (Belgian) railway station and the Lychertryde railway station and on a moving train near Lychertryde. Several direct hits on trucks and junctions are reported, but the visibility was poor. All the machines returned safely. It is expected that prohibition will be brought into force in Carleton, York and Northumberland counties by proclamation before Dec. 1, according to the Chief Inspector W. D. Wilson, who is in the city.

Progress estimates of Kane & Ring for \$8,455 for work at No. 5 warehouse were ordered paid. The recommendation that the grain wharfage rate be increased from one to two cents per ton and renewals of leases for Alice Sterling and John Atkins were laid over until this morning. Commissioner Fisher, of the public works department, who represented the city council at the recent hearing of the N. B. Telephone Company before the public utilities committee, submitted his report to the council. A communication was received from MacRae, Sinclair & MacRae calling attention to the fact that a client, Thomas Nickerson, was injured by falling on Bellevue avenue owing to a defective sidewalk. Legal action is threatened. The matter was referred to the commissioner of public works.

A recommendation regarding increased rates for top wharfage made necessary by the increased cost of the upkeep of the wharves was stood over until this morning when it will be discussed in committee. Commissioner Russell recommended that \$1,208.50 be paid A. G. Brown for work to repairs on shed No. 2, West Side. This was certified by the late City Engineer Murdoch. The matter was stood over until this morning. It was decided that no present action be taken in regard to the petition of the ratepayers of Indiantown for release from payment of wharf rates. The commissioner of finance and public affairs, Mayor Hayes, recommended payment of the following amounts: Treasury department, \$131.18; public works, \$1,548.40; public works, \$1,400.00; water and sewerage, \$4,592.12; harbors, ferries and public lands, \$1,612.00. The commissioner also reported payments for the month of October to the amount of \$12,266.92. A report was received from the committee of the whole council stating that the committee had considered the report of the commissioner of public works in the matter of street paving and co-operation by The New Brunswick Power Company and they recommended that the same be adopted and the recommendation carried out.

Pathe Records are Supreme

Supreme musically—supreme scientifically—supreme in the extent of repertoire. Pathe records are supreme musically and scientifically because of the method of recording in a long, broad sound wave, and the reproduction by means of a round, polished, genuine sapphire ball, which completely fills the groove and gathers the music from every point of contact. This combination produces a tone full, rich, natural and with forty per cent. more tone colors than any other record. The sapphire ball never requires to be changed, and never wears out the record. The Pathe repertoire of records is superior because not only does it include records by the most popular artists in America, but also contains selections by the best-loved European artists who have not yet left, and may never leave, the old world. Such artists as Ruffo, Muratore, Didur, Albani, Cavallieri, Fittui, Cisneros, Slezak, Weil, Ober, Urtus, Parvis, Boninsegna, Koralek, Georgini, Constantino, and many others record for Pathe. Band, orchestral, and instrumental records, without equal, are at your command through the Pathe Records. All the best in art and music is yours through Pathe. And the Pathe list is kept strictly up to date.

If you already own a talking machine it can be equipped to play Pathe records. Call on any of the dealers mentioned below and see how you also may enjoy Pathe records.

To Get Rid of Wrinkles and Bad Complexions

It is more important now than during the period of profuse perspiration, to keep the pores clean. All cosmetics clog the pores. In cool weather, the skin is greasy with accumulation of waste material, injuring instead of aiding the complexion. Ordinary mercurial wax serves all the purposes of creams, powders and rouges, giving better results. It actually peels off an offensive skin, at the same time unclogging the pores. Minute particles of scarred skin come off day by day. The complexion is brightened. Gradually the healthy, younger skin beneath you have a lovelier complexion than you ever dreamed of acquiring. Mercurial wax, obtainable at any drug store, is spread on slightly like cold cream and washed off mornings. One ounce usually suffices.

A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the fingertips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and itching of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

To Make Hairs Vanish From Face, Neck or Arms

Keep a little powdered delatone handy and when hairy growths appear make paste with some of the powder and a little water, then spread over hairy surface. After 2 or 3 minutes rub off, wash the skin and it will be entirely free from hair or blemish. This simple treatment is unfailing, but care should be exercised to be sure and get genuine delatone, otherwise you may be disappointed.

Be Clean—and Safe.

Think of the germ-laden things your skin and clothes must come into contact with every day. Then remember that there is a splendid antiseptic soap

The Military Service Act, 1917

A REMINDER for Class One Men—Go to the Post Office Today! WHY WAIT!

The Proclamation which issued under the Military Service Act calls on all bachelors and widowers without children (not otherwise excepted) who were 20 years old on 13th October, 1917, and whose 34th birthday did not occur before January 1, 1917, to report for service or claim exemption, on or before

November 10th, 1917

All that is needed immediately is for the report or claim to be made on the forms obtainable at any Post Office in Canada, and left with the Postmaster for transmission.

There is nothing to be gained by delay. On the contrary, Class One men will avoid the congestion probable on the 8th, 9th, and 10th of November if they perform their duty under the law at once.

Claims for exemption may be made by the Class One man himself, his employer, or by a near relative, but not more than one claim should be made for any one man.

EVERY Man in Class One Must Report for Service or Claim Exemption.

Carol Frances Lawton, her mother... 'Cut Deep' Rawls, an outlaw... George Holt 'Shoestring' Drant, his partner... Senor de Cordoba, a Mexican Croesus... Charles Wheelock Yaqui Joe, his Indian servant... H. Ducrow Wythe, father of Frances. Synopsis of Last Week's Chapter JOHN GWYN, a young mining engineer, is engaged by a group of American capitalists to supply them with unlimited quantities of a rare mineral imperatively needed in the manufacture of the most powerful explosive ever known. He is chosen because he is the only man who knows the location of a secret mine which produces the mineral. The Central Powers, seeking to get control of the mine, learn that Gwyn has started for the place, and their agents in New York send Hendrik Von Black to trail him to the mine in the Sierra Nevada. On the train going West, while Gwyn sleeps, Von Black rifles his luggage and finds a letter that reveals Don Carlos Ybarra, an old Mexican, as the owner of the mine and Gwyn's friend. Adjoining at Mojave, Gwyn starts on horseback to Ybarra's hacienda and is closely followed by Von Black. Gwyn proceeds to Ybarra's home, where he is welcomed by the old Mexican and his daughter Nan. Von Black falls in with two outlaws, 'Cut Deep' Rawls and 'Shoestring' Drant, who, knowing a secret in the life of Ybarra, had been blackmailing him for years. Von Black calls these two to help him get a chart showing the mine's location. While Gwyn and Nan, with Yaqui Joe, an Indian servant, are away from the house, Von Black and his accomplices descend on Ybarra and mortally wound him. They find half of the much-needed chart. As Ybarra lies dying, he tells Nan that she is not his daughter and hands her a Mine and her own origin.

NOW IS PRINCESS VLORA Mrs. Thomas' Weds Titled Albanian—Her Third Marriage Mrs. Helen Kelly Thomas, widow of Ralph Hill Thomas, and former wife of Frank J. Gould, was married to Prince Nouredin Vlora of Albania, in New York on Tuesday by City Clerk P. J.

SCULLY in his office at the Municipal building. Mrs. Helen M. Kelly, mother of the bride, and George J. Gillespie, a lawyer, acted as witnesses. The prince and Mrs. Thomas arrived from abroad on Oct. 21, and soon afterward Mrs. Thomas announced that they would be married within a few weeks. Their engagement was announced early in the summer from abroad. In making application for their marriage license, Mrs. Thomas gave her age as 33, and her address as 169 West Seventy-second street. The bridegroom said he was 28. He has been staying at the Biltmore since his arrival in New York. The prince was born in Constantinople, but is a resident of Valona, Albania, where his ancestral estate is located. He is a son of his late Highness, Ferid Vlora Pasha, Viceroy of Turkey under Abdul Hamid. Mrs. Thomas, through her marriage, is now the sister-in-law of Djellaladdin Pasha, who married the daughter of the ex-Khedive of Egypt. She first met the Albanian Prince last July while at the Municipal building. This is Mrs. Thomas' third marriage. When only 17 years old she was married to Frank J. Gould. They were divorced in 1909. There are two children by this marriage, Helen and Dorothy Gould, who have been looked after by their aunt, Mrs. Finley J. Shepard. A year after her divorce Mrs. Gould married Ralph H. Thomas, who was in the sugar trade and wealthy. By marrying the second time she sacrificed half of her \$40,000 alimony. Mr. Thomas died of pneumonia on New Year's eve, 1914. At that time it was reported that he had left his wife a \$2,000,000 estate, but recently Mrs. Thomas declared that she had received nothing from her late husband. Her father was the late Edward Kelly, and her grandfather, Eugene Kelly, a prominent financier of his generation. She is a sister of Mrs. Al Davis, formerly Miss Eugenia Kelly. Prince and Princess Vlora will spend the winter in New York.

## CLEAN YOUR CARPETS

TORRINGTON WAY

With the birth of the TORRINGTON VACUUM CLEANER, sweeping day became one of pleasure with its absence of flying, gummy dust, and the ease with which the carpets and rugs can be kept new and bright, their naps kept softer and made to wear longer by the use of the

**TORRINGTON VACUUM CLEANER**  
which saves its cost many times. It is easy to run and does its work thoroughly. The floating, whirling brush picks up the dirty introduced dirt. The bellows-bag is emptied by a thumb pressure, the dust pans are cleaned at a knock.

### ST. PETER'S Y.M.A. HAS GOOD ANNUAL RE-UNION

Smoker Enjoyed by Large Number of Members and Plans for Season Outlined

A reunion and smoker was held last evening by the members of St. Peter's Young Men's Association in their rooms in Douglas avenue, with a large number of members present. The function was considered one of the most successful held in years.

Following an address of welcome by the president, E. Raymond Hansen, the following programme was carried out: Selection by St. Peter's Y. M. A. orchestra, under direction of Eugene McBride; vocal solo by Andrew Moore, reading by James Martin, vocal solo by Edward O'Hara, piano solo by M. DeLaurie, popular songs by a trio composed of Edward O'Hara, Andrew and Joseph Moore; violin solo by E. R. Hansen, reading by John U. Haggerty, selection by the orchestra, vocal solo by Michael Howard, trombone solo by Arthur Howard, recitation by John J. McDonnell, selections by a minstrel band composed of Eugene McBride, Fred and Joseph Hazel, Arthur Howard, John O'Connor and William McCrossin; vocal solo by James Duffy, address by Rev. F. Coghlan, C. S. R., spiritual director of the association.

Father Coghlan outlined his plans for the season and told of the arrangements made for the carrying out of a programme of study and recreation. He appealed to all to take an active interest in the society and said that he was confident that they could make the season one of the most successful in the history of the organization. At the conclusion of his remarks he was given a grand ovation.

### POLICE COURT

#### Victim of Drug Habit One of the Prisoners

A soldier was brought before Magistrate Ritchie this morning charged with being drunk in Waterloo street yesterday afternoon. He pleaded guilty. Asked where he got the liquor, he said: "Two fellows of the 6th battalion were with me and they went away last night. I got the liquor from them." He was sent below.

Howard Beardsley was charged with having morphine in his possession and Anna Beardsley, who said she was his sister-in-law, was reported for begging on the Carleton ferry last evening. The man said that he had the morphine habit and could not be without the drug. He said he was from New York state and that he was returning home this week to take a cure and get rid of the habit.

The woman was charged with distributing throughout the men's cabin of the ferry envelopes making an appeal for help and offering to sell packages of court plaster. The only witness was Frederick Lewis who had the pair arrested. Both were sent below.

### REV. MR. HOOPER'S THANKS FOR DRURY COVE CONTRIBUTION

The following letter from Major (Rev.) E. B. Hooper is explanatory: Drury Cove, Clifton Road, Buxton, Derbyshire, Eng., Oct. 28, 1917.

Dear Miss Nilsson: Today I received the gift of \$25 for my "wounded soldiers' fund." This amount you say represents the proceeds of a candy and ice cream sale at Drury Cove. I am most grateful for this gift. It is especially valuable now, for our Granville Canadian special hospital has been removed from Ramsgate to Buxton owing to the terrible air raids and will be very much larger here than it was there. We shall have 500 more wounded lads to care for than we yet had and that means an increasing demand upon my "wounded soldiers' fund." Will you kindly convey my very sincere thanks to all who helped to make this gift to my fund, and tell them why it is so especially valuable to me at this time. I have been so generously supported in my work by the people of St. John and of the province. I appreciate it more than I can express. I wish to thank you, and in my ministry to the Canadian wounded, and all that you people at home do for them seems almost as if done to me. I am profoundly grateful.

Thanking you for your good wishes, I am, yours very faithfully,  
(Sgd.) E. BERTRAM HOOPER, (Major), ("The Padre").

### FAIRVILLE NURSE REVIEWS HER WAR EXPERIENCES

#### Miss McKiel Gives Address At Reception

Holds Gathering in Church of Good Shepherd Hall Tensely Interested as She Speaks of War Work in France and Saloniki

Nursing Sister Theodora A. McKiel was tendered a reception last evening in the hall of the Church of the Good Shepherd. Not only were members of the congregation present but many friends of different faiths gathered to welcome Miss McKiel who has been on active service since 1914.

Most of those present were old friends or at least acquaintances and needed no formal introduction. Where courtesies of this kind were necessary, however, Rev. W. P. and Mrs. Dunham graciously acted. After a short address of welcome by the rector, who aptly described this as Nurse McKiel's home-coming, Rev. Mr. Dunham called on Miss McKiel to address the gathering.

It is true the room had been tastefully decorated and many old time friends met here after considerable lapses of time, but the attention of the audience was not diverted for one moment from the trimly uniformed nurse who for more than an hour and a quarter held her hearers in closest attention.

Commencing her story from the departure of the first Canadian Contingent, Nurse McKiel told how she was one of the 100 Red Cross nurses on the "Francisco" which also carried the staff of officers and occupied the centre of the greatest fleet which ever left Canadian shores.

The arrival in England, hearty reception by the populace and officials, then the kindness of nurses in St. Thomas' Hospital to the Canadian ladies was recalled. The winter of nursing the "Canucks" many of whom had contracted trench fever and rheumatism owing to the dampness of the camps through incessant rain as told of, and then the orders to proceed to France. The crossing and landing in the land of the fleur-de-lis were recounted graphically and then the appointment to active hospital work.

Miss McKiel mentioned that her patients were mostly British Tommy's, and how she and the Canadian ladies were recalled. ### THE SOLDIERS' FRIENDS

The Standard appears to be much worried over the alleged failure of the Foster government to look after returned soldiers. As a matter of fact the government has done and is doing all in its power to aid in placing returned soldiers in positions for which they are fitted.

But what about the Standard's friends? Just before the union government was formed there were six watchmen to be appointed for duty at West St. John. It was urged that soldiers be appointed. This was refused. It was then urged that at least half of them be soldiers. This also was refused by the patronage dispensers and six civilians were appointed.
