TO DEAL WITH PROBLEMS OF AIR NAVIGATION

Paris, March 6—Members of the aerial advisory boards attached to the various delegations met today for the purpose of establishing an international aerial commission to deal with various problems concerning the navigation of the air in times of peace. It was expected that only the organization would be perfected today.

DOMINION GLASS CO. SUFFERS BY FIRE

Montreal, March 6—Considerable damage was done yesterday afternoon at a fire which broke out in the plant of the Dominion Glass Company, Limited, corner of Wellington and Charlotte streets. The fire was caused by the bursting of one of the retorts. One fireman was slightly injured. The chief damage is to machinery. The most important machines in the plant were located in the part of the plant where the fire occurred.

BURIED TODAY

The funeral of Mrs. Mary A. Creary took place this morning from her late residence, 104 Lansdowne avenue, to St. Peter's church, where requiem high mass was celebrated by Rev. Father Cloran. Interment took place in the new Catholic cemetery. Relatives were pallbearers. The funeral was attended by many friends and a large number of spiritual and floral offerings were received.

PAVING PROSPECTS

Commissioner Fisher is not entirely discouraged by the divergence of opinion in the common council with regard to the proper paving policy to be adopted and expects to be able to work out a plan or a certain amount of paving during the coming season which will meet with the support of the other commissioners.

GROCERY STORE ROBBED

The grocery store of Wood & Hazelwood, 266 Pitt street, was entered by burglars on Tuesday night and a case of cigarettes and a considerable quantity of canned goods were stolen.

Tornado Takes Toll of Million; Wrecks Property Worth Million

Enfield, Fla., March 6—Reports today from a section swept yesterday by a tornado showed four dead here with many persons injured and local property loss estimated at \$1,000,000. Although fears were expressed last night that several persons had been killed or injured in the residential section, badly wrecked by the storm, search of the ruins failed to reveal other bodies. Nearly every building here was damaged. In nearby towns and the country district the tornado did considerable damage, but detailed reports were not available because of the interruption of wire communication.

NINE BILLIONS SPENT IN WAR

Tampa, Fla., March 6—Vilary A. Herbert, secretary of the navy during Grover Cleveland's second term, died here today at the age of eighty-five.

Both Parties In Caucus in Ottawa; Tariff Is Discussed

Ottawa, March 6—Members of both parties met this morning behind closed doors to discuss on national policies. The government caucus was a continuation of the full party caucus of last week, at which the discussion was general. The Liberal gathering was confined to the members of its advisory committee which met with the object of reaching definite conclusions as to the desirability of moving some amendments to the address in reply to the speech from the throne.

SHE MUST PAY FOR HER PIRATE ACTS

Reparation to Relatives of Sailors Murdered During War First Claim

London, March 6—(Canadian Press despatch from Reuters Limited)—Replying to a deputation from the Mercantile Service in regard to reparation to relatives of sailors murdered during the war, the number of whom the speaker estimated at 200,000, Premier Lloyd George on Tuesday paid a tribute to the heroism of the mercantile marine in saving Great Britain from starvation and the Allies from collapse.

LIQUOR SEIZURES MADE IN FREDERICTON

Men Found Botting Draught Whiskey—Lieut. O. Crookshanks Joins Grant & Home Staff

Fredricton, N. B., March 6—The Fredericton police, with Liquor Inspector Fraser Saunders, yesterday afternoon raided a livery stable here and a house connected with it. No liquor was found in the stables, but in the house two men were found with a quantity of whisky. Some of the liquor was destroyed but six bottles were seized. The raid was the outcome of an increase in the quantity of illicitly sold liquor in the city. Five dollars a quart was the current price reported to the police. The owner of the stable was reported on charge of a second offence.

STREET ENCROACHMENTS

In working out the plans for the proposed pavement in Union street from Waterloo to Brunsell streets, the road engineer has found several encroachments by buildings on the street line. It is not at all likely that the owners of these properties will be disturbed, but the encroachments make it more difficult to plan improvements in a systematic way.

IMPORTANT MOVE IN LABOR MATTERS

Cleveland, March 6—The formation of a national board to decide jurisdictional disputes between trades unions and to prevent strikes over such disputes were decided upon at a meeting here between national representatives of builders and labor unions. This was announced last night by A. E. McCreary, who represented the Association of General Contractors of America.

Nature Sets An Example on Day of House Opening

Fredricton Clothed in Mantle of Purity; Dr. J. E. Hetherington New Speaker; The Opposition; Important Matters in Speech From Throne

Fredricton, March 6—Nature set the assembled politicians an example on this opening day of the provincial legislature. When they awakened it was to find the city, Parliament square, the legislative building and all the landscape clothed in a mantle of purity. The governor regards it as a good omen and even the opposition seemed to be impressed as they followed their caucuses of yesterday afternoon and evening with another session of the legislature.

HINDENBURG IS IN GLOOMY MOOD

Says Military Situation on Eastern Front is Very Bad—The Polish Question

Berlin, March 6—(By the Associated Press)—The military situation on the eastern front is painted in blackest colors by Field Marshal Von Hindenburg in an interview printed here. The field marshal declares that unless the population generally rallies to the defence of their homes and families, it will be impossible to ward off attacks by Bolshevik forces.

GERMAN DELAY IN TURNING OVER SUPPLIES

Wireless Refers to Threat by Marshal Foch's Representative

London, March 6—A German wireless message picked up here alludes to a "threat" made by General Nudant, Marshal Foch's representative on the joint armistice commission at Spa, because the Germans have failed to turn over to the Allies industrial and agricultural machinery. The message explains that German firms constructing the required material have been unable to complete delivery because of strikes, and that a shortage of railway cars and the destruction of railways near Erfurt and Halle have also retarded the carrying out of the armistice agreement.

PLAN UNION OF COOKS AND HOUSEMAIDS IN TORONTO

Eight Hour Day, Fixed Minimum Pay, Extra for Overtime

Toronto, March 6—The initial steps were taken last night to form a domestic workers' union along regular labor union lines at a meeting in the Labor Temple, held under the auspices of the Women's Labor League and attended by more than 100 parlor maids, cooks, house maids and ladies' maids.

ANOTHER ST. JOHN BOY SUCCEEDS

E. E. Shaw, of the iron working firm of Shaw & Mason, Sydney, N. S., is in the city visiting his father, William Shaw, Waterloo street. He is accompanied by Supt. Murphy of the steel works in Sydney, and together the visiting gentlemen are seeing the sights and renewing old acquaintances. Mr. Shaw is also privileged to spend some time with his brother, Leonard, who is a transport officer and paymaster on one of the boats now in port, having been in the Canadian army for four years, joining the colors in Montreal, where he had been located for years with the Canadian Consolidated Rubber Co.

STATEMENT BEFORE COMMISSION BY BOARD OF TRADE OFFICIAL

London, March 6—American tonnage was described yesterday as undoubtedly a distinct menace to British coal export trade in a statement made by Alexander Lee, chief of the coal prices department of the board of trade before a coal commission investigating this subject. At present England is just beginning to feel the effects of American competition, he said, because until January it had been assumed that American coal should not be transported to Europe.

RESCUE SHIP MAY GET TO APPENINE TODAY

St. John's, Nfld., March 6—The Furness line steamer Appenine, driven on a reef by the ice pack in West Bay on Tuesday, was resting easily yesterday, with no water in the hold. It was expected that the prevailing northwest wind would push the ice farther out to sea, and it was considered probable that a rescue ship might be able to reach the steamer today. Part of the crew came ashore over the ice on Tuesday, the others remaining on board.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

"THE BETTER 'OLE'" ALL NEXT WEEK

What Leading Papers Say About the Production: Continuous Show from 1.30 Until 10.30; Prices 15 to 50 Cents

London Evening News: "THE BETTER 'OLE'" proved to be a tremendous success. It is the finest British picture ever produced in London.

London Cinema: A close and true analysis of the spirit which animates the men in the trenches. "The Better 'Ole'" is unquestionably the best film of the year.

London Mercury: "The Better 'Ole'" shows more vividly than could be done by any other means, the daily life of the "Tommy" in the trenches.

New York Tribune: "The Better 'Ole'" has caught more authentic war spirit than any other play of the trenches which has come to town.

New York World: "The Better 'Ole'" has all the persuasion and force, both for humor and pathos, of the famous pictures on which it is based.

New York Globe: If you miss it, you'll miss the best picture of its kind ever seen. If you have not seen it, the theatre is judged, go see "The Better 'Ole'."

As many patrons as possible next week should attend the matinee as there doubtless will be a big demand for seats for this spectacularly successful picture.

OLD BILL! Soldiers Like "Lilac Time"

Charming War Time Play Coming Here Next Week

"Lilac Time," which recently concluded a sensational successful run in Halifax, is pronounced by all the most beautiful play of the season.

The beautiful scenic mounting of the production has attracted attention on all sides and the stage manager, Mr. Horne, and scenic artist, Mr. Thompson, done themselves proud in "Lilac Time."

The ticket sale opened this morning with a rush.

THE HARBOR MATTER

We May Know Tomorrow—What Commission Would Mean in City Finances

The harbor commission negotiations which Mayor Hayes and Commissioner Busck are conducting with the federal government in Ottawa are expected to close today, and it is possible that by tomorrow there may be an authoritative statement regarding the terms on which the government will take over the harbor and facilities.

Until this announcement is received, speculation regarding the financial results of the harbor matter is in the air. As a matter of fact, the sale of the city's wharves will not place in the hands of the commissioners the cash proceeds for general expenditure. There are outstanding against the wharves bonds, totaling about \$1,250,000. These bonds would have to be cared for as a first charge against the sale of city property.

The city laws go further, however, and provide that all monies received from the sale of city property must be placed in the sinking fund provided for the retirement of bonds outstanding, and this found would be the destination of the balance of the money the government might pay over for the wharves.

Although the returns from the sale of the wharves would be thus disposed of, the retirement of the outstanding bonds is not to be delayed. The sinking fund would place the city in a position to extend annually an amount equal to the interest on the government bonds, either directly or as interest on new bonds issued, without increasing the taxes and this would give the city a wide scope in planning for many of those improvements which are generally recognized as desirable, but which have been postponed for reasons of economy.

In proportion to its population, St. John has one of the smallest bonded debts of any city on the continent. The total value of the outstanding city bonds is only about \$5,000,000. Against this there is a sinking fund of about \$1,000,000. Revenue producing assets, such as the harbor, water works and market building have a value of more than \$3,400,000, on a most conservative basis, leaving the net debt of the city at about \$600,000. Against this amount there stands the value of all the other city property and improvements which are not revenue producing, but which represent a large expenditure and are a very definite asset to the city.

It is understood that the changes to be made in the public health act of the province will be in conformity with the progressive legislation introduced last session by Hon. Dr. Roberts and passed by the New Brunswick Legislative Assembly.

PREFERENTIAL TREATMENT TO THE DOMINIONS

London, March 6—(Canadian Associated Press)—According to the Morning Post Great Britain is taking the first step towards imperial preference by making provision for the granting of preferential treatment to the dominions in regard to imports which pay a duty under the existing schedule.

It is understood that the changes to be made in the public health act of the province will be in conformity with the progressive legislation introduced last session by Hon. Dr. Roberts and passed by the New Brunswick Legislative Assembly.

ESSIQUIBO AT PORTLAND WOUND FRIDAY. Portland, Maine, March 6—The royal steamer Essiquibo, a hospital ship, bringing 145 wounded soldiers to this port on their way to Canada, will dock at noon tomorrow, according to a radio message received today. She has 570 wounded Canadians from Liverpool.

PERSONALS. George Purdy of the Royal Bank has returned home after a pleasant visit to his grandmother and other friends at Sackville, Val Verde and Nova Scotia. Major V. Heron, G. S. O., is in Fredericton today to witness the opening of the legislature. He has recently returned from Ottawa, where he has been in connection with his duties as general staff officer, M. D. No. 7. The major is expected in the night tonight or tomorrow, and will again be at his office at military headquarters.

TARDIEU PRESIDENT. Paris, March 6—(By the Associated Press)—The central commission on territorial questions at its first meeting last night elected Andre Tardieu of the French peace delegation president. The task of the commission is to co-ordinate all decisions of the special territorial commissions. In particular it will have to fix the lines between the different frontiers traced by the various commissions. It also will discuss questions not reserved for special consideration by the council of ten.

LITTLE ONES DEAD. Much sympathy is extended to Mr. and Mrs. J. E. Clarkson of Amherst, N. S., in the death of their seven-month-old daughter, Helen Isabel Clarkson, which occurred today in Amherst. Mr. and Mrs. Clarkson were formerly of this city and have many friends here. Friends of Mr. and Mrs. Geo. H. Scott will be sorry to learn of the death of their three-month-old daughter, Mary Rosamond, which occurred yesterday at 55 Elm street. The funeral will take place on Friday at 8.30.

Halifax Bank Clearings. Halifax, N. S., March 6—Bank clearings for the week ending today, with comparisons, were: \$4,108,292; in 1918, \$3,790,261.

Opposition Plans. A congregational social and reunion was held last night in the First Presbyterian Church in West St. John, under the auspices of the Young Ladies' Club. The members of the latter made Miss Nellie Purvis, who is going west in the near future, the recipient of a handsome evening bag. Mr. Purvis was given a purse and Mrs. Purvis a bouquet of flowers. A large number attended the reunion and the function was greatly enjoyed.

THE PUBLIC HEALTH. (Fredericton Mail.) The speech from the throne delivered by Governor Grant at the opening of the Nova Scotia legislature on Thursday, announced that important amendments would be made to the Public Health Act of that province. Commenting on the announcement the Halifax Chronicle says:

It is gratifying to note that a bill will be presented to the legislature increasing the scope of the department of public health. Of all the measures promised for consideration, a thorough-going and revolutionary programme for the improvement of the public health of this province is most to be desired. No more profitable investment could be made by the province than the expenditure of money to decrease infant mortality and lessen preventable sickness. The great and along with other provinces we have seen content in the past, perhaps, to pay too little attention to the conservation of life. Here, then, is an opportunity for wise and progressive legislation.

It is understood that the changes to be made in the public health act of the province will be in conformity with the progressive legislation introduced last session by Hon. Dr. Roberts and passed by the New Brunswick Legislative Assembly.

PROVISION MARKET. Chicago, March 6—Removal of the hog price minimum had only a transient depressing effect today on the corn market. The fact that all bans on the export of provisions had been lifted seemed to be generally taken as more than a set-off. Leading bears were much disappointed at the lack of selling pressure, and they covered freely. Opening prices, which ranged from 1-cent to 1-7-cent lower with May \$1.28 3-8 to \$1.29 and July \$1.29 1-2 to \$1.29 1-2, were followed by a slight further decline and then by sharp upturn that in some cases went well above yesterday's finish.

U.S. developed independent strength. Export sales were noted, after opening 1-8-cent to 1-2-cent lower with May 60 1-8 to 60 3-8 cent, the market scored a decided gain.

Provisions, like cereals, quietly rallied from an initial moderate break. Expected betterment of foreign trade was taken as more than a counter balance to the stoppage of the hog price minimum.

Chicago, March 6—Removal of the minimum price for soybeans had but little effect on the hog market at the opening today. The market advanced a fraction of a cent yesterday, and the opening today showed merely a loss of this advance. The corn market, too, pursued its normal course with an opening decline of one to 1-7-cent.

NEW COMPANIES. Fredericton, N. B., March 5—Edward Mooney, Michael F. Mooney, Edward J. Mooney, Jr., Thomas F. Mooney, John Patrick Mooney, Sarah Beatrice Mooney and Bernard Mooney have been incorporated under the name of Mooney & Co., Ltd., with capital stock of \$75,000 and head office at St. John. The company is authorized to carry on a general lumbering, farming and contracting business.

Frederick P. Elkin, William E. Gold and George H. McKean of St. John, have been incorporated as the Schooner Francis J. Elkin Co., Ltd., to purchase and operate the schooner Francis J. Elkin. The capital stock is \$99,000 and head office is at St. John. The American Clink Manufacturing Co., Ltd., with capital stock of \$50,000 and head office at St. John, has been incorporated under provincial charter. Those incorporated are Samuel K. Cole and Mrs. Minnie Cohen of St. John and Nathan M. Tompkins of Halifax.

Win. Leonard Emick and Michael Cassidy have been appointed justices of the peace in the county of Victoria.

Presentations in Church. A congregational social and reunion was held last night in the First Presbyterian Church in West St. John, under the auspices of the Young Ladies' Club. The members of the latter made Miss Nellie Purvis, who is going west in the near future, the recipient of a handsome evening bag. Mr. Purvis was given a purse and Mrs. Purvis a bouquet of flowers. A large number attended the reunion and the function was greatly enjoyed.

MAY INCREASE SUBSIDY

Premier Martin of Saskatchewan has just been to Ottawa and takes home the word that the prairie provinces will likely be given control of their natural resources, but with the federal cash subsidy reduced.

Premier Foster and the heads of the other maritime province governments recently presented forcefully the eastern claim for recognition if the request of the west was granted and Mr. Martin expressed the opinion that financial terms with the maritime provinces will likely be made. This would mean increased subsidy for New Brunswick.

Reference to this important matter will be found in the speech from the throne at the opening of the N. B. legislature today, as published in this issue.

THE PROPOSED CONVENTION

The plan of the New Brunswick Tourist Association to have a great convention in May, at some central point, approved as it is by the provincial government, and as it will be by boards of trade and all other progressive organizations, should result in great advantage. We are told that "the time would be devoted to the inspection of local attractions, to displaying moving pictures of farming, lumbering, and mining; to talks by outstanding men, and to a banquet at which there would also be stimulating addresses."

Of course there would be outstanding men at this great convention. The Association hopes to be able to bring some of them from the United States, for many Americans are already interested in the province as a resort for anglers, hunters of big game, and seekers after health and pleasure in the summer season. The province would get a great deal of valuable publicity from such a convention; but it would have another most desirable effect. Our own people, leaders of thought from every section would come together with the one thought of boosting the province. The information they would give and the inspiration they would give would create a province-wide feeling of confidence and good-will, and a desire to co-operate in order that the development of our natural resources might be more rapid and extensive. From every viewpoint such a convention would do great good, would grow steadily in popularity and driving force. One of the great weaknesses of our position as a people is that we have not imbued the spirit that makes the west develop so successfully. We need that spirit of optimism and co-operation as a permanent asset.

WOMAN SUFFRAGE

It is very gratifying to know that New Brunswick will not be the last province to give the franchise to women. That enviable position will now lie between Quebec and Prince Edward Island. Looking back, the struggle for women's rights in this province has been a long one, for there were eloquent advocates of woman suffrage in the legislature many years ago. They were few in number and their words fell on ears that were dull or skeptical; and even three or four years ago the outlook was not bright. The war, however, which changed so many things and sent so many beliefs and theories to the scrapheap, has brought women into their own in many fields of effort, and they can no longer be denied the right to participate in the government of the country. Here and there one still finds a reactionary or a Bourbon, who opposes all change in the status of women, forgetting that the rush of our modern life, with its complexities and the keenness of the struggle for existence, has torn women from the old home moorings and thrown her into the midst of the turmoil and struggle of competition, without the safeguards she should possess. One, and the greatest and most necessary of these safeguards, is the ballot. She has long since earned the right to use it, and it is to the discredit of man that she has not always been his true partner. That she will use the new power as well as men do, and in many matters relating to social welfare much more wisely than great numbers of men, may be taken for granted. We have already learned in this province, in the federal arena, that women will use their voting power. Necessary will they should receive from leaders of their own sex encouragement to make a study of civic and political affairs in general. Every school house in the land should be open for meetings to discuss the duties of citizenship in the broad and non-partisan sense, and the women should lead in this movement. We have entered upon a new era in world-history and national development. Men and women are to work together as never before, and the fresh enthusiasm the latter can bring to the joint effort to make a better world must be of incalculable value.

Sergius Sazonoff says there are now forty millions of the Russian people in organized governments fighting for a reunited Russia free from Bolshevism.

LABOR AND LIQUOR

Discussing the agitation instigated by the brewers to make it appear that the labor organizations in the United States are opposed to prohibition, the Christian Science Monitor says:

"The brewers and distillers will stop at nothing, are stopping at nothing, within their reach to create the impression that there is in the United States at least a respectable minority opposed to the prohibition of their traffic. They have, in some of the great centres of population, notably New York, obtained control over certain labor organizations, and from a grain of excuse they are building up a mountain of pretension in support of their virtually groundless claim that organized labor is on their side. The contrary is the truth. Organized labor in the United States, save in a few of the congested industrial centres, is pronouncedly in favor of a dry nation. This is a fact not only admitted, but proudly asserted, by men prominent in the representative trades unions of the country and in the American Federation of Labor. There is, as has often been pointed out, in the editorial and news columns of this newspaper, a brewery and brewery-instructed labor element which has intruded upon legitimate labor for the purpose of misrepresenting its sentiment, and this element is loud in proclaiming an intention to strike against the enforcement of the prohibition laws, statutory and constitutional; but it has not obtained, and in all probability cannot obtain, the support of organized labor in any such attempt at intimidation. The so-called representatives and officials of organized labor who are raising such cries as 'No Beer, No Work,' and 'No Beer, No Breads,' are simply permitting themselves to be agents of the liquor interests. They are without standing in the better labor circles. Only a very small fraction of the laboring people of the country have the slightest sympathy with the distillery, the brewery, or the saloon."

THE MONTEAL HERALD SAYS

"Labor organizations, employers, and newspapers all over Canada are speaking favorably of the suggestion that daylight saving be put into force again in Canada this year, but the only organized public opinion in the matter is that of a number of farmers' associations. These have started a strong campaign against it. We would suggest that all those who feel that the measure last year resulted in incalculable benefit to the nation as a whole should speedily take means to let the government know that they expect the same measure to be put into force this year."

IN THE NOVA SCOTIA LEGISLATURE

will be introduced to make important amendments to the workmen's compensation act; the mines act; to amend and consolidate the act relating to vital statistics; and to provide for the establishment of courts to secure equitable rentals, where such courts are deemed necessary."

IRELAND CANNOT BE INDEPENDENT

Must Look to Britain For Trade And Protection, Says Plunkett

Chicago, March 5.—Ireland would always be dependent on Great Britain for prosperity, and dominion home rule should be preferable to independence, Sir Horace Plunkett, who was chairman of the Irish convention, said before the Irish Fellowship Club.

"We may live to see the end of war, and see the world in such a state that no armament is needed," he said. "We expect that just as we do the millennium. But until the time comes when that little problem of the League of Nations is settled at Paris, and not only settled, but has been tested, no country can deal with problems affecting itself without due regard to its strategic position."

"The question is, shall Ireland establish great military defenses and rule itself, or shall it depend to a great extent upon other countries for support? An Irish republic at the present time is not practical."

"The speaker said the bulk of Ireland's trade was with England."

Devastated Sections of France Plan Up-to-Date Reconstruction

Paris, March 5.—(Canadian Press dispatch from Reuters' Ltd.)—Plans for the reconstruction of the devastated districts in Northern France have been drawn up by a society called "La Renaissance de France" which was founded in 1916 with the object of preparing for the vast work which must be carried out before the many thousands of refugees now in France, Holland and Britain can return to their homes.

One of the most interesting enterprises is connected with the reconstruction of Chauny, in the Department of the Aisne. Under the auspices of the society the city of Chauny has opened an inter-Alleed competition for rebuilding the town and its suburbs under the most modern conditions. Before the war Chauny was a prosperous, thriving industrial city of 11,000 souls. It was a representative city of its situation in the valley of the Oise and the commercial enterprise of its inhabitants. Owing to its position and the almost complete devastation which now exists, it offers perfect facilities for a practical demonstration of economic progress. The first prize is 10,000 francs, and of smaller prizes will be awarded. The plans of the foremost competitors will be shown in Paris after the competition.

SHOES THAT WEAR
As Well As They Fit.

There is more to a good shoe than its appearance or its fit. And the beauty of these shoes is more than in the lustre and smoothness of the leather, or the true shaping of the lasts; for these shoes are made of leathers selected to hold their shape in the uppers and give full service to the last step in the soles. The sewing and finishing is given the most careful workmanship—and the price is no more than you would pay for shoes not half so good in make or wear.

RECENT DEATHS

Lewis A. Carvell

Many will learn with sorrow of the death of Lewis Allen Carvell, which occurred yesterday at his home, Quispamsis, at the age of seventy years. He had resided at Quispamsis for many years but previously was employed in this city. He leaves three sons—Fred W. of Quispamsis, James in the west, and Lewis at home; also three daughters—Mrs. Walter Logan, city, city, Mrs. William Darling, Quispamsis, and Mrs. Charles R. Car, Halifax. Burial will take place on Friday at 2:30 o'clock. Interment will be in the Church of England burying ground, Gondola Point.

The death of Mrs. Annie E. Hayes, wife of E. Alfred Hayes, occurred at Bloomfield Station Feb. 28, at the age of seventy-five years. Besides her husband, she leaves one son and one sister.

The death of Mrs. Joseph Barr, wife of Brigadier Barr, formerly of this city, but now of Toronto, occurred on March 4 after an illness lasting for several months. Mrs. Barr is a native of Toronto.

The death of Miss Jean W. Christie took place at her home in Moncton on

March 5 at the age of eighty years. She was a native of the Shelburne Isles and only came to this country thirty years ago. She is survived by one brother and one sister.

The death of Mrs. John Doucet took place at her home in West Bathurst on Feb. 28. Besides her husband she leaves one daughter and eight sons and her aged mother, who is ninety-four years old, and three brothers.

ADMITTED WIFE MURDER

Manchester, N. H., March 5.—Wilfred M. Lord, of Nashua, retracted a previous plea of not guilty, and pleaded guilty in the Superior Court today to the charge of the murder of his wife. He was sentenced to life imprisonment.

Lord disappeared from Nashua, several months ago and immediately afterward his wife's body was found in a closet in a tenement, which Lord had rented. She had been shot. After a long search Lord was arrested in Newark (N. J.), last month.

Word was received from England that Lieut. Harry F. Bennett, who was reported dangerously ill from bronchial pneumonia several weeks ago, is much improved.

RECENT WEDDINGS

Ramsay-Martin

An interesting event took place at the Portland Methodist parsonage, last evening, when Thomas Ramsay, of 28 Brook street, was united in marriage to Miss Pearl Evelyn Martin, daughter of Mr. and Mrs. George Martin, 26 George street, this city. The ceremony was performed by Rev. Neil McLaughlin in the presence of a few friends. Mr. and Mrs. Ramsay will reside at 28 Brook street.

At the home of Mr. and Mrs. J. A. Conrad, Sussex, last evening Miss Melita Jones of Pownal, P. E. I., was united in marriage to H. Guy Stewart of Southport. Rev. B. MacDonald performed the ceremony. After a short tour of the province Mr. and Mrs. Stewart will return to the Island, where they will reside.

A MOTHER'S COMPLAINT.

To the Editor of the Times—
Sir—Some time ago, shortly after the New Year, I received a note from a teacher requesting me to teach my child at home, as she had not time to give him any special help. She said he was not "stupid."

I had been teaching him for some time and found him "slow," but when learned it was retained. Why should I have to do her work? Has she joined the Lany Club?

He was sent once to the principal to be slapped for mistakes in spelling, which he had studied, and I forbade her doing so again. I never could see that a dose of sticks provided more brain, rather that it dulls the intellect and makes children nervous. About the middle of February I was told she did not intend bothering with several of her pupils.

That means she is going to keep them two years in the grade, a whole year wasted. She should bear in mind that examination papers are only a record, not a true test of a child's ability.

In the schools of the United States, also in our western cities, children get all their lessons in school, and are free to enjoy the beautiful big out doors the rest of the day.

I cannot see why children should have so many surns to do at home each night, and many of them worked by other members of the family, for, if not done correctly, they have to be done after school or at noon hour.

It seems to me there is grave need of a change, and if the parents would stand firm and rebel at such conduct it would mean better health for the child, and on such a relief to the parent, who works twelve hours a day and every day in the year.

This woman is perfectly justified, and should be commended for telling others how she regained her health.

NEW MODES IN Spring Millinery

Different in Style, Variety and Newness of Design

Quite notable and interesting are the New Hats of Pineapple Straw, Milan, Satin and Georgette in their bright and mellow shades. They strike a decidedly new fashion note and are considered particularly smart by women who know.

The Hats are variously trimmed, Flowers and Wheat are used in great abundance, and many artistic effects are brought about by the addition of Feather Mounts or a twist or bow of bright colored Ribbon.

Among the Untrimmed Shapes can be found Sailors in popular kinds, including the new "Charlie Chaplin," "Watta" Tilted Hats, Smart, Close-fitting Models and many other individual styles.

The Spring Colorings are decidedly new and delightfully fresh, prominent among them being Dust, Victory, Red, Henna, Jay, Purple and Pearl Blue.

BOLSHEVIKI HAVE AMBITIOUS PLANS FOR PRESENT YEAR

London, March 5.—What is purported to be a copy of the full military plans of the Bolsheviki in Russia during 1919 has come into the possession of the British government. It gives interesting information on what the Bolsheviki hoped to accomplish and an idea of their strength in the light of what has happened up to this time.

One of the principal offensives was planned for the Archangel front, where the results up to the present are well known. It is indicated, however, that the Bolsheviki are massing troops there for a greater effort later. They plan to maintain only a defensive force on the Murman front and on the Finnish frontier.

In the west the Bolsheviki decided to

undertake an attack from Narva to Dvinsk with the object of over-running Esthonia and Letvia and occupying Riga, Libau and Reval. They have captured Riga and still hold it. They also took Libau, but have been driven out. The plans to hold Esthonia have failed completely, and the advance into Letvia has been checked east of Libau. The Bolsheviki plan of following the retiring German regiments in western Russia and organizing the territory under military administration has been successful.

The Bolsheviki have been successful in their plans to overrun the Ukraine, and to force the anti-Bolsheviki volunteer army and the Cossacks across the River Don. Their plans to hold the northern part of the Caucasus and to take all the Caspian ports have been shattered, however, by the army of General Denikine.

On the east they planned to attack on two wings toward Orenburg, where they have been successful, and toward Ekaterinburg, where they have been defeat-

ed and are now 230 miles from their objective.

Art Club Lecture.
Music and Poetry was the subject of an interesting lecture delivered in the Art Club last evening by Dr. H. L. Spangler. The auditorium was packed and all thoroughly enjoyed the highly interesting and instructive discourse. The speaker was given an ovation at the conclusion of his paper. Another interesting feature was the re-appearance of Mrs. Kent Scovill, an accomplished pianist. In the absence of the president, W. F. Hatheway occupied the chair.

Friends of Miss Mary Curran called at her home in Golding street last evening in the form of a surprise party. Miss Curran is leaving the city in the near future for upper Canada. During the evening games and music were enjoyed.

Elgin—
"The Spirit of Reconstruction"

On Schedule

THE time has come when this business—and every other business, to be a success—must run on schedule. Our armies couldn't win on any other plan—how can we?
They knew the value of Time "over there." As they waited in blackest night, eager, alert for zero hour, every tick of the Elgin was fraught with grim significance.

For they learned—in those breathless rushes as the barrage lifted—that victory and destruction and eternity were separated only by seconds.

For magnitude of operations and for stupendous outcome the Allied war machine threw into insignificance any previous effort of man. Yet its mighty machinery worked as smoothly and accurately as an Elgin—because everything was planned and carried out on schedule time.

Shall wartime efficiency be lost in time of peace? Working to schedule is absolutely essential to profitable production in factory, office, mine and field alike. Elgin plays its accurate part in these days of reconstruction—just as unerringly as it upheld the Service on land, on sea and in the air.

THE SHIPBUILDERS
The trouble in Seattle began with a dispute over wages on the part of the shipyard workers on Puget Sound, numbering 25,000, of whom most were in mechanics and \$7 and 80¢ for helpers and laborers. Their cause was brought before the Federal Wage Adjustment Commission, known as the Macy Board, and in their agreement to abide by the findings of this board, the shipyard employees walked out on January 21. On February 9 some 80,000 union members in Seattle and 10,000 in Tacoma struck in sympathy, thus completely paralyzing the industries and commerce of both towns. All the principal unions were involved in Seattle. Street cars, ceased running, schools and restaurants closed, newspapers had to suspend, elevators failed to run. There was no business transacted on that day except the telephone business, for the strikers with great magnanimity permitted the telephone operators to transmit messages. Since it was found that the closing of restaurants hit the strikers as severely as any other class, the unions openly agreed that they would not permit the strikers to strike an opportunity

Charges Made In Fisheries Investigation

Counsel Says Rules Are Relaxed in Favor of Large Packers—Alleged Patronage in Licenses—Separate Department Urged

Victoria, B. C., March 6—Creation of a separate federal department of fisheries, with a minister at its head who is in a position to give undivided attention to its administration will afford Canada the best means of making full use of her tremendous sea-food resources.

The Hon. C. B. Ballantyne, who is minister of fisheries at the present time, is also minister of marines and it is contended by the packers that the two branches of work are too important and extensive to be handled jointly.

It is claimed by the packers that the appointment of an independent minister of fisheries with a practical knowledge of the industry would go a long way toward improving any disadvantageous conditions that may exist at present.

It is claimed by the packers that the efficient minister of fisheries must enter his office without sectional prejudice otherwise the old game of playing wits against east is likely to start again, to the detriment of the industry.

The evidence, so far, has tended to show that both the herring and sock-eye salmon on the west coast of Vancouver Island are being depleted by the present fishing methods.

Ottawa, March 5—Announcement was made tonight of the appointment of Major E. D. Sutherland, for many years assistant auditor-general, to succeed the late John Fraser as auditor-general of Canada.

ANSWER TO "NO BEER, NO WORK" SLOGAN

New York, March 6—Union labor itself, wherever prohibition has come to pass, has been converted to it by its results; it is only the brewery and brewery-inspiring element in labor circles in the yet remaining wet centres of population which will take any hand in the "no beer no work" campaign, a campaign that will rest with discredit upon any section of the labor movement which fosters it.

This is the answer, in brief, of the anti-liquor element to the threats of certain sections of organized labor to strike when national prohibition goes into effect. They point out that in New York and New Jersey the liquor interests, particularly the brewers, have obtained control of the offices of leadership of organized labor in this vicinity.

The prohibitionists assert that this campaign is a brewery scheme. Rollin O. Everhart, editor of the New York edition of the American Worker, writes: "If the small part of union labor which is completely subservient to the wishes of the United States Brewers Association wants to exhaust its funds and likewise the good will of the American people toward it by quitting work until again, it will be sooner, but wiser, when all is over."

The American people know all too well that the brewery and brewery-inspiring element in union labor can get itself in thorough national disfavor by undertaking to save the business of the brewery promoters who do not hesitate to promote pro-german activities in the United States and aid an able German section here."

REPORTED THAT FOES SLAUGHTERED RUMANIAN CAPTIVES

Of 43,000 Captured by Germans, Only 15,000 Alive—16,000 Died in Bulgaria

Washington, March 5—An official communique issued by the Rumanian state department, giving certain statistics of the war which, it is announced, have been submitted to the Peace Conference in a supplemental memorandum.

The communique says that Rumania lost 9,830 officers and 223,117 men killed in action, and that 275,000 civilians died of disease or were killed in accidents caused by the war. This represents, according to the communique, about eight per cent. of the total population of Rumania.

Rumania also lost a great number of prisoners taken by the Austro-German and the "Turco-Bulgarian" conquerors. There were 117,000 Rumanian soldiers taken prisoner; 18,000 by the Bulgarians. When the Allied armies liberated the prisoners, they found only 7,200 Rumanian prisoners.

The situation of the Rumanian prisoners in the Central Empires is reported to have been even worse. Of a total of 98,000 prisoners in Germany and Austria-Hungary, 15,000 have been returned and 48,000 are dead. There are still 30,000 Rumanians held prisoner in Germany, suffering from starvation and working as slaves. Efforts are being made and return to Rumania is reported to have been even worse.

These losses must be added the losses of Transylvanians, who had an army of 100,000 in the war, and whose soldiers fighting forces with the Russians numbered 100,000. Bukovina had more than 35,000 men in the Austrian army.

AVOID COUGHS AND COUGHERS! SHILOH 30 DROP-STOP COUGH HALVES TIPS FOR CHILDREN

HIGHER PAY FOR MEN IN TRAINING Ottawa, March 5—An order-in-council has just been passed changing some of the regulations in force by the department of soldiers' civil re-establishment by which further facilities are placed at the disposal of returned soldiers and also an increase of vocational pay and allowance is granted while a man is undergoing re-training. These have been increased from twenty per cent. in the case of single men, to from eighteen to forty per cent. in the case of married men.

Commissioner Thornton has received \$25 from the Crosby Molasses Company for the firm's relief fund in recognition of the work of the firm, who own the company's property in Rothesay avenue was endangered by fire on Sunday night.

COUGHED, COUGHED ALL NIGHT LONG Terribly wearing on the system is the cough that comes at night and prevents sleep. Sometimes it is a constant cough, cough that will not be quieted.

Whatever kind of a cold or cough you have, Dr. Wood's Norway Pine Syrup is the remedy you need to cure it, for the simple reason that this valuable preparation combines all the lung healing virtues of the Norway pine tree with which is combined wild cherry bark, and soothing, healing and expectorant properties of other excellent herbs and barks.

Miss Margaret Landy, Bristol, P. E. I., writes: "I am writing to tell you of the increase of health I have received from Dr. Wood's Norway Pine Syrup. Last fall I took a severe cough and cold in my head. I was unable to do anything. At night I could not sleep, but cough, cough, all night long. A friend advised me to use Dr. Wood's Norway Pine Syrup, and before the second bottle was used, I was entirely cured, and I have found this the best cough medicine I can buy."

Do not accept any other "pine" preparations when you ask for "Dr. Wood's." This remedy has been on the market for a quarter of a century. It is put up in a yellow wrapper; three pine trees the trade mark; price 25c. and 50c. Made in Canada by The T. Milburn Co., Limited, Toronto, Ont.

Sir Sam Defends The Ross Rifle

Canadian Won Greatest Battle in World With Canadian Rifles and Canadian Ammunition," he Says

Woodstock, Ont., March 5—Before nearly 1,000 persons in the Opera House tonight, some of the leaders of the Orange Order in Canada gave stirring addresses on the principles of their organization and declared in what direction the activities of Orangism would be directed in the confidently expected development of Canadian national life.

The meeting, which was open to the public, was part of the annual convention of the Orange Grand Lodge of Ontario West, whose sessions commenced this morning. The speakers included H. C. Hocken, M.P., grand master of the Supreme Grand Lodge of British America; Major J. L. Hart, M.P.P., grand master of Ontario West; W. D. McPherson, Ontario provincial secretary; Fred Dane and others.

A part of the programme, which was of great interest, was the presentation to H. C. Hocken, of a cabinet of silver from the members and officers of the grand lodge of Ontario West. There was just one moment of breathless hush, however, and that was when a voice in the crowd interrupted Sir Sam in the midst of his speech and there followed a short interchange which apparently ended to the satisfaction of the former minister.

Sir Sam was speaking of the heroic soldiers who stood their ground, who by reason of their training in Canada were able to stand their ground and won the day at St. Julien.

"But not with the Ross rifle, sir," came a voice through the crowd. "Yes, my friend," retorted Sir Sam. "No, sir."

"Yes, every Canadian who fought at St. Julien had a Ross rifle and Canadian ammunition. They stood their ground while the Yorks and Durban threw away their Lee-Enfields and ran because they had 'bum' ammunition; on the third day some of the Canadians got their hands on the Ross rifles, and I did not want to say this publicly, but you have forced me to do it; the Canadians, with Ross rifles, won the greatest battle in the history of the world, with Canadian ammunition."

The voice, though silent, was evidently not convinced. It belonged to Company Sergeant-Major Cadogan, of the Canadian battalion, and he was heard to state that he would bring the argument to the limelight tomorrow.

Mr. Hocken outlined the attitude of the Orange order on the subject of national education. "This order," he said, "teaches good citizenship, tolerance, patriotism. We are fighting the battles of the French-Canadian boy or girl who is not getting, and under present system cannot get the benefit of an education, and we do this because we want this country developed to the limit of its power, regardless of race or creed. The national school system is a good idea. It is right in principle and is necessary for the well-being of our nation. The fact that it is up for discussion at all means a great deal. It is the thin edge of the wedge. When it is accepted we will have developed the biggest thing for Canada since confederation."

To Abolish Control Board Halifax, N. S., March 5—A bill was introduced in the Nova Scotia legislature today by Hon. G. E. Faulkner at the instance of a committee of sixty citizens who wish the board of control of

INFLAMMATORY RHEUMATISM PERMANENTLY CURED

NEW BRUNSWICK LADY GIVES FULL PARTICULARS OF HER RECOVERY.

There are many types of rheumatism, but none worse than inflammatory. It was this kind that almost killed Mrs. Edw. Warman, of Kent Jet, N. B. Every known remedy she tried, different doctors gave their advice, but the disease increased. The disease increased, settled in my joints and muscles; these swelled, caused excruciating pain and kept me from sleeping. My limbs and arms stiffened, my shoulders were lame and prevented me from working. Week by week I was losing strength and despaired of finding a cure. It was a happy day I heard of Ferronze. Every day I took Ferronze I felt better; it eased the painful joints, gave me energy and a feeling of new life. Ferronze cured my rheumatism, cured it so that not an ache has ever returned. Even damp weather no longer effects me."

Ferronze has power to destroy Uric Acid, neutralize and enrich the blood, and therefore does cure the worst cases. Mrs. Warman's statement proves this. By removing the cause of the disease and building up a reserve of energy, Ferronze is certain to cure. Sufferers, isn't it about time to stop experimenting? Ferronze is a CURE, order today, 50c. per box, or six boxes \$2.50, sold by all dealers or direct from The Catarthosone Co., Kingston, Ont.

SOME LIVES LOST IN ALABAMA TORNADO

Mobile, Ala., March 5—At least three towns in Southern Alabama were swept late today by a tornado. Great property damage and some loss of life have been reported. The towns struck were Eufulau, Pollard and Flomaton.

At Eufulau, a town of about six thousand, E. J. Searcy was killed by falling debris and three other men are reported to have been caught beneath a falling building. The property loss at Eufulau was estimated in early reports at \$500,000. Practically every residence was said to have been damaged, and a number of business houses destroyed.

Several business buildings were destroyed at Pollard. A heavy storm, which accompanied the tornado, did considerable damage in the vicinity of Pollard. The property loss at Flomaton is not believed to be large.

MRS. DOUGLAS FAIRBANKS SECURES HER DIVORCE New York, March 5—A final decree of divorce in favor of Mrs. Douglas Fairbanks, wife of the motion picture actor, was signed today by State Supreme Court Justice Young. The papers mentioned as co-respondent an unknown woman. Under the terms of the decree the custody of a child, Douglas Fairbanks, Jr., is given to the mother with the provision that the father shall be allowed to see him at frequent intervals.

SMOKE MCDONALD'S INDEX

RUSSIANS PAY \$30 POUND FOR PORK WHEN THEY GET IT

Country Practically Stripped of Manufactured Articles, Especially Clothing—Typhus is Spreading

Washington, March 5—Additional light on the situation in the portions of Russia under Bolshevik control is given by a summary of reports secured recently from refugees who passed through Helsinki on their way from Moscow to Stockholm. The summary was made public by the state department because of the various conflicting accounts of conditions which have been received recently.

BOLSHEVIKI LAWS WORKING OUT IN LUDICROUS WAYS

Bachelor Had to Marry and Dvorce Cook in Order to Dismiss Her—Women Holding Aloof

Warsaw, March 4—(By the Associated Press)—The Russian Soviet government is now carrying on a popular campaign to secure the support of women throughout Russia, according to refugees reaching here from Moscow. Mme. Raudek, wife of Karl Raudek, the chief Bolshevik agent in Germany, is a prominent part in this work, and with other women is trying to attract the attention of the large mass of women by having women take positions in the ministries and colleges. Premier Lenin is declared to have made this remark to Mme. Raudek: "If Bolshevism fails, it will be because we could not get the mass of women interested."

GOOD DIGESTION

Held Small Post For Three Years

To be able to eat what you want and to digest it properly is a priceless blessing. Good digestion is not appreciated until you lose it. Then you cannot afford to experiment, for strong medicines are hard on weak stomachs. If you have indigestion do not be persuaded into believing you can cure yourself by the use of pre-digested foods or so called stomach tonics. There is no tonic for the stomach that is not a tonic for every part of the body. It is through the blood that the stomach gets its power to assimilate and digest food, and as the blood goes to every part of the body any improvement in its condition not only results in strengthening the stomach, but every organ in the body. Rich, red blood is absolutely necessary to good digestion. If your stomach is weak and you are troubled with sour risings in the throat, a feeling of pressure about the heart, or nausea after eating, try the tonic treatment with Dr. Williams' Pink Pills. So many dyspeptics have been cured by this medicine that every sufferer from stomach trouble should try it. You will soon know the joy of good digestion and enjoy better health in other ways if you give this medicine a fair trial.

CURES A COLD QUICK AS WINK!

Don't Spoil Your Hair By Washing It

No more medicine for the stomach—that isn't where your cold is lodged. Just breathe in the healing vapor of Catarrhozone—a soothing healing medication that acts instantly. Colds, sore throat and catarrh fairly flee before Catarrhozone. Every spot that is congested is healed, irritation is soothed away, phlegm and secretions are cleaned out, and all symptoms of cold and catarrh are cured. Nothing so quick, so sure, so pleasant as Catarrhozone. Beware of dangerous substitutes meant to deceive you for genuine Catarrhozone. All dealers sell Catarrhozone, large size, which lasts two months, price \$1.00; small size, 50¢; sample size, 25¢.

CHURCHILL EXHORTS NEW TROOPS GOING TO RHINE

London, March 5—Winston Churchill, secretary of state for war, has sent a message to the new soldier battalions proceeding to the Rhine, saying: "You are about to proceed to Germany to form a part of the British army keeping a watch by the Rhine until the Germans agree to and carry out our just peace terms. Your period of training has been completed and you are in every respect fit to undertake the serious business of active service. You will find British troops where victorious have led them along the banks of the Rhine. The Allies at any moment to move swiftly forward into Germany."

Prince Joachim Was Expelled

Story of the Arrest of Ex-Kaiser's Son in Munich—Called Sergeant a Liar

Munich, March 5.—This is the story of the arrest of Prince Joachim at a hotel here, as related by a man familiar with the circumstances. The prince was discovered at a writing table, with the princess seated in an armchair nearby, reading a novel. "I presume you are Herr Joachim of Hohenzollern?" said the spokesman of the party sent to arrest him in connection with the alleged royalist plot. The prince eyed the soldiers a little contemptuously, and then said: "I suppose that is my name in new Germany. What do you want?" "We have come," replied the leader of the soldiers, "to arrest you for complicity in the reactionary plot."

DAILY HEALTH TALKS PREFERENCE FOR WAR CHAPLAINS

A Single Remedy Often Cures Many Diseases

It is almost impossible to give a list of the endless diseases that follow indigestion. Perhaps a whole column in this newspaper would be required to print them all. You eat to keep alive—to supply blood and flesh and bone and muscle and brain. It is easy to see that if your food is not digested and taken up by the delicate organs and distributed where it is needed, a disease of some sort is sure to come. Dyspepsia is a common symptom, and so are liver complaints, loss of flesh, nervousness, bad memory, dizziness, sleeplessness, no appetite. Many times, when neglected, indigestion results in coughs, throat diseases, catarrh, bronchitis and even more dangerous things. And all these disorders arise because the food is not properly digested in the stomach. It is plain even to a child that relief and cure are to be had only by setting up a healthy condition in the stomach. Dr. Pierce, of Buffalo, N. Y., many years ago combined a number of vegetable growths into a temperance remedy for indigestion, and called it Golden Medical Discovery. It is probably the most efficacious discovery ever made in medicine, for the list of people all over the world who have had their countless ills overcome by Dr. Pierce's Golden Medical Discovery makes an amazing total of thousands.

Council will be diverted to this extended civilian programme, but all funds so assigned will be expended along the original plan for which the money was raised. This was brought out in a discussion led by Robert E. Lewis, general secretary of the Cleveland (Ohio) Y. M. C. A. The proposed goal for the New England States for the foreign field programme follows: Connecticut, \$55,000; Maine, \$8,000; Massachusetts and Rhode Island, \$85,000; New Hampshire, \$10,000; Vermont, \$1,500.

REPUTATION COUNTS

With a remedy, as with everything, Zam-Buk enjoys an enviable reputation amongst remedies. Why? Because it justifies the claims made for it. Not only does Zam-Buk cure skin troubles and injuries quickly and permanently, but the quickness with which it ends pain and irritation makes it the most popular remedy wherever it is used. Then, too, Zam-Buk is the best preventive of blood-poisoning. Applied to an injury as soon as sustained, it destroys all germs and prevents festering. Zam-Buk is best for eczema, piles, rashes, boils, pimples, ulcers, burns, cuts and sores. All dealers, 50c. box.

DEMOCRAT ELECTED FOR FIRST TIME IN 50 YEARS IN BUTLER CO., PENN.

Greensburg, March 5.—For the first time in fifty years, a Democrat attorney, John H. Wilson, has been elected to congress from Butler county, according to late returns from Tuesday's special election in the twenty-second, or Bellefonte, Westmoreland congressional district. With the vote practically complete Mr. Wilson is leading John M. Jamieson, Republican by 473 votes. The successful candidate will occupy the seat left vacant by the death of E. R. Robbins, Republican.

Y. M. C. A. ASKED TO EXTEND WORK

Secretary Mott Outlines World Programme to be Undertaken in Response to Nations' Appeals

Boston, March 6.—Dr. John R. Mott, general secretary of the National War Work Council of the International Committee, Young Men's Christian Association, outlined in Boston the world programme of the association in response to official requests of the score or more of foreign nations which have come into contact with the Y. M. C. A. in the great war. Nearly 2,000 business men of New England gathered at the Boston City Club on the evening of the association's activities. The new programme has been started, Dr. Mott explained, by the enlargement of the executive council of eight members of the international foreign work department to 100 members from the United States and Canada. A delegation of American business men and secretarial representatives of the Y. M. C. A. is already en route to the Balkans and the Near East to study the field as a result of requests for the establishment of civilian Red Triangle work from Greece, Serbia, Rumania and Bulgaria. The programme for establishing the American Y. M. C. A. in France has been set in motion under the supervision of the French War Department. King Victor Emmanuel of Italy has requested the American Y. M. C. A. to continue its work there, and 300 American secretaries are now in service in that country. In all Russian territory not under the control of the Bolsheviks, the American Y. M. C. A. is serving civilians and soldiers, well as from Vladivostok in Siberia. The personnel of the Y. M. C. A. in Russia and Siberia is larger than the entire diplomatic corps of the United States and the representatives of other relief organizations there combined. Requests for Y. M. C. A. organizations have been received from President Mirsaryk of the New Czechoslovak Republic and from Poland. In India, Ceylon, Mesopotamia, Persia, Egypt and Turkey the work will be continued and enlarged upon, while extensions of the organization are being sought in all the South American countries, Dr. Mott said. No funds of the National War Work

SMOKE MACDONALD'S INDEX

PROGRESS OF PLANS FOR HARBOR COMMISSION

Ottawa, March 5.—Mayor Hayes and Harbor Commissioner Bullock, with R. W. Wigmore, M. P., expect to reach tomorrow a satisfactory agreement with Hon. Messrs. Carvell and Maclean, acting for the government, in regard to the taking over of St. John harbor. "Negotiations have been proceeding satisfactorily," said Mayor Hayes to your correspondent today, "although we can hardly confirm as yet the publishing of a statement that the government has agreed to pay something like \$2,225,000 for the city's capital investment in the harbor. We are getting a few further details today from St. John, which the ministers have asked for. We continue to agree on the whole matter then. The agreement will, of course, have to be ratified by legislation at this session of parliament."

BIG SURPRISE TO MANY IN ST. JOHN

People are surprised at the instant action of simple buckthorn bark glycerine, etc., as mixed in Adler-ka. One spoonful flushes the entire bowel tract so completely it relieves any case of stomach, gas or constipation and prevents appendicitis. The instant, pleasant action of Adler-ka surprises both doctors and patients. It removes foul matter which poisoned your stomach for months. J. Benson Mahony, druggist.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or sinuses disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night. Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney machine any time.

How To Make \$5,000 An Hour

Hero of Wallingford Story Shows the Way in Breezy Picture at The Imperial

"Five Thousand an Hour," which was the attraction yesterday at the Imperial and is being continued today, was a sure-fire hit with a star who proved himself capable of keeping his big audience breathless throughout the entire performance. This clever actor is the latest Metro star, Hale Hamilton, of "Get-Rich-Quick Wallingford" fame.

The play is that of a live-wire young business man who finds himself on the verge of bankruptcy. He is down-hearted—Never! He decides that he will woo fortune boldly and get himself a million. This million has to be made in the incredibly short time of six weeks—the reason being a girl. To marry this girl the million has to be forthcoming in the time mentioned so, in a thoroughly practical way, which makes the beholder wonder why he never thought to use the same simple and obvious methods of acquiring a fortune, this young man sets himself the task of making five thousand an hour.

Mr. Hamilton has a magnetic and infectious smile and manner and his audience was with him from the moment of his first appearance on the screen until the final when the girl and the million are his.

The supporting cast was quite on a par with the magnitude of this latest screen star and includes such well known actors as Lucille Lee Stewart, Robert Middlemass, Robert Whittier, Gilbert Douglas, Jack Burger, Isabel O'Madigan, Florence Short, William Frederick, War-

URGED THAT WAR BE ENDED QUICKLY

Ludendorff Knew Germany Was Beaten in August of Last Year—Ground Had Become Shaky

Copenhagen, March 5.—A despatch from Berlin quotes an interview with General Ludendorff, former first quartermaster-general of the German army, in which Ludendorff repeats former statements that he desired peace on the basis of the status quo, both in 1917 and in 1918.

Ludendorff is reported to have said that the events in August of last year showed that the value of some units in the German army had depreciated and that an improvement was not to be expected in view of the fact that the war had broken the will of the people at home. Afterwards the ground had become shaky, said Ludendorff, and he informed the government that it was no longer possible to make Germany's enemies desire peace by means of war, and that the warfare should be ended quickly.

After the collapse of Bulgaria, according to the interview, Ludendorff demanded that the German government make an offer of peace, but he added that it was a mistake to say that he demanded an armistice within twenty-four

SMOKE MACDONALD'S INDEX MORNING NEWS OVER THE WIRES

The British government has decided to release all political prisoners. In order to prevent a great public demonstration the prisoners will return to Ireland in small batches.

In the House of Commons yesterday the Right Hon. Winston Churchill said that Canadian losses at the Ypres salient from July 31 to Nov. 18, 1917, were 496 officers and 11,917 men. The Canadians moved in to the salient and participated in the battle of Passchendaele where they gained an important victory.

A drowning fatality occurred at Concession, Digby County, yesterday, when three boys attempted to cross Specular lake and broke through the ice. The mother of two of them, Mrs. Phillip Gaudet, heard their cries and rushing to the lake broke through the ice and waded out to her neck, saving the lives of two of the boys. The third lad was out farther and it was some time before he was taken from the water. All efforts at resuscitation failed. He was fourteen.

POLICE COURT.

Harris Gilbert, who conducts a second hand store at 24 Mill street, was in the police court yesterday afternoon, charged with buying military goods contrary to the Criminal Code. The case was adjourned until Monday, when the counsel for the military authorities, Capt. G. Earl Logan, will be present.

H. C. Perkins was arrested by Inspector Garnett yesterday afternoon on the arrival of the Montreal train and brought him before the magistrate, who fined the accused \$200. Perkins admitted having liquor in his possession, but declared it belonged to another man. Being a stranger in the city, he had to wire to friends in order to get the amount of his fine.

Store Awnings.

The old order-in-council, which provides that store awnings shall be at least eight feet above the street, will not be enforced, according to a statement by Commissioner Thornton. It will be compulsory that store-keepers raise their awnings at least seven feet above the street.

PRINCE ALBERT

the international joy smoke

TALK about smokes, Prince Albert is geared to a joyhandout standard that just lavishes smokehappiness on every man game enough to make a bee line for a tidy red tin and a jimmy pipe—old or new!

Get it straight that what you've hankered for in pipe or cigarette makin' smokes you'll find plenty in P. A. That's because P. A. has the quality!

You can't any more make Prince Albert bite your tongue or parch your throat than you can make a horse drink when he's off the water! Bite and parch are cut out by our exclusive patented process!

You just lay back like a regular fellow and puff to beat the cards and wonder why in samhill you didn't nail a section in the P. A. smokepasture longer than you care to remember back!

Most Canadian dealers now sell Prince Albert in the tidy red tins. If your dealer does not handle it tell him to order through his jobber. Leading Canadian jobbers are now supplied.

TO FREDERICTON.
The guard of honor and the garrison band left this morning for Fredericton to take part in the ceremony of the opening of the legislature. Special cars were attached to the regular train for their conveyance. They will return tonight on the evening train.

HOME FROM WAR.
Among the soldiers who arrived on the Belgic at Halifax was Sapper Arthur B. Dunphy, First C. B. T., who enlisted at Amherst on Aug. 10, 1914, at the age of sixteen, and spent twenty-seven months of service. He is now visiting his mother, Mrs. Wesley Duncan McBeath, 78 City road, St. John.

KELLY-DUPLESSIS.
An interesting event took place in the Cathedral on Tuesday, when Rev. A. P. Allen united in marriage George F. Kelly, of Fairville, son of Mrs. Peter Kelly, to Miss Jennie Duplessis, daughter of John Duplessis, Enniskillen, Queens county. They will reside in Fairville, and many friends wish them many years of happy married life.

WON PRIZES.
In connection with the recent valentine tea of the Catholic Girls' Guild, held at the Y. M. C. L. two drawings were held yesterday. Ticket No. 264, held by Miss McManus, 90 Brussels street, won a handsome lace yoke, and a fruit cake was won by Mrs. Frank H. Foster with ticket No. 124.

ST. JOHN AMBULANCE ASSOCIATION.
The home nursing class instructed by Miss McGaffigan, was examined last evening by Major Skinner and Captain Price. A first aid class will begin next week, Lieut. Loughery being in charge. Another course of instruction in home nursing is to be arranged, names are being received by Mrs. A. M. Rowan.

GIVEN WELCOME.
Very pleasant hours were spent on Tuesday evening at the residence of Mrs. Joseph Brown, 800 Guilford street, West St. John, when about sixty people gathered in honor of her brother, Private George Hampton, who just returned from the front. The evening was spent in games and refreshments were served. All enjoyed a pleasant evening and Private Hampton was given a sargent ring. Mrs. Brown officiating at the presentation.

DEATH OF RICHARD LODGE
Friends of Richard Lodge, which he shocked to learn of his death, which occurred this morning. He had long been a resident of Fairville, and will be greatly missed. He leaves three sons, Herbert, Frank and Phair, all of this city, also four daughters, Mrs. William Miller of Randolph, Mrs. Mary Conrad, Mrs. L. H. Golding and Mrs. F. D. Clarke, all of Boston. A large number of friends is extended to those left to mourn.

MRS. JUDSON BROWN.
Friends of Mrs. Elizabeth Brown, wife of Judson Brown, will regret to learn of her death, which took place at Gagetown on March 5, after a short illness. She was formerly of Newfoundland. Mrs. Brown leaves to mourn her husband and one son, her father, Dr. Victoria, Newfoundland, three sisters and two brothers. The sisters are Mrs. Eugene Clarke of this city, Mrs. Higgins of Sydney, N. S., and Mrs. Burke of Victoria, and the brothers are James of Bathurst, N. B., and Edward at home.

ON WAY TO ENGLAND.
Among interesting visitors at present in the city are Major and Mrs. George Heather, who are at the La Tour Apartments awaiting the sailing of the S. S. Melita tomorrow, when they expect to leave for England. Major Heather is a veteran of the South African war, having served there with distinction, and has served in the present war with the field artillery (imperial). He is a native of Galway, Ireland. He married a Canadian girl who has rendered conspicuous service in connection with the hospitals in England.

ON TRIP TO MAINE.
John J. Ryan, Jr., left last evening for Augusta, Maine, to visit his mother, Mrs. John J. Ryan. Mr. Ryan, who has recently returned from overseas, after having served in England and in France for more than three years, will receive a hearty welcome in Augusta from his family and friends there whom he has not seen since his return. Mr. Ryan expects to remain in Augusta for a week or ten days, when he will return to St. John for the purpose of being discharged from the army. He is well known in the city and vicinity and especially in Hampton, at which place he made his former home, and his many friends are very glad to welcome him back again.

ST. JOHN POLKS IN LOS ANGELES
The other evening at a gathering in Los Angeles, California, no fewer than twenty-two St. John ladies and gentlemen were present. Some of them were visiting that lovely clime, others were residents, but all chatted and revelled in the gossip of the dear old East. Among those present as visitors were Mr. and Mrs. John W. Vanward and Mr. and Mrs. Minchin Barker, who are on a health quest. It is written home that California is literally dotted with New Brunswickers, the same as British Columbia. The New Brunswick annual picnic held at Vancouver each summer usually numbers more than 2,000 bluesoes, who really do not fully represent all the N. B. ex-residents out there, but more particularly some groups of acquaintances and social sets.

FRIENDS TOOK HIM OUT OF HANDS OF HUNS

Experiences of Pte. James E. Dureen of St. John in War—Now in Hospital in England

After a war record which includes two wounds, capture by the Germans and rescue by his friends, Private James E. Dureen of 216 Sydney street is slowly recovering from his last wound in an English hospital. He expects to be invalided home before long and his friends are ready to give him a hearty reception when he arrives.

Private Dureen went overseas with the 65th Battalion and soon was transferred to another unit at the front where he served until he received a slight shrapnel wound in the arm. When he recovered he was placed on instruction work in England and continued as instructor for nearly a year.

When an opportunity offered he returned to the front, this time in charge of a machine gun section. During a five-day fight he received a severe wound in the hip which left him helpless in the midst of the fight. He was captured by the Germans who put him on a stretcher and started him back towards the enemy lines. He was observed by a squad of Canadians who rushed to his rescue and, driving the Germans away, took possession of him and carried him back to their own lines.

Private Dureen was taken to a hospital in France he was sent to England and now is in the convalescent hospital at Epston, Surrey, England, where he is undergoing electrical treatment.

During his service at the front Private Dureen fought in the battles of the Somme, Ypres, Gabriel and Vimy Ridge. Before going overseas he was employed with the Imperial Oil Company.

MONTREAL AND BOSTON TRAINS WERE HELD UP

Freight Cars Off Track—Some Comment Because Special Was Not Sent Out

At nine o'clock this morning the derailment of some cars of a mixed freight train, on the Montreal and Boston, some twelve miles from the city, caused the hold-up of the important mid-day trains from Montreal and Boston.

The passenger trains were about an hour behind their schedule in the first instance and C. P. R. officials commiserated with thought it would be another couple of hours before the track would be cleared.

Asked if it was intended to send an emergency train as far as Ononette to bring in passengers and mail matter, the Times was informed that it was not likely such would be done. This would mean therefore that transfer passengers for points out of St. John would have to wait until 11 p.m. tonight to proceed to their destination.

The Halifax express, because of the long delay, proceeded on her route in the early part of the afternoon, not waiting for the held-up passengers.

The Times found there was considerable adverse comment among business men in possession of the facts, relative to the delay in mail and express matter this afternoon, they contending that an effort should have been made to get these lively services into town as well as the passengers, especially through passengers.

At 1:45 this afternoon the C. G. R. depot reported the Montreal and Boston trains to be forty minutes late in reaching the scene of the derailment at Ononette. It was then thought the track would be cleared so that the express trains would be not later than two hours and forty-five minutes altogether from the time of their departure from the station. However there will be plenty of time to make connection with the Halifax express.

THE HOME-COMING MEN

Charles Robinson, secretary of the Returned Soldiers Aid Commission said that there were no men off the lately arrived steamer Megantic for this dispersal station. However there will be plenty of succeeding boats. Mr. Robinson has no definite knowledge of soldiers from the other side from time to time, but lists arrive immediately upon reaching this side of the water.

A citizen suggests that with the growing mildness of the weather and in summer time some more elaborate form of greeting be extended the soldiers at this port, something in which the people as a whole can share.

A prominent English newspaper the other day upbraided the British government for not giving colonial soldiers a more enthusiastic send-off, saying that it would probably be the last time in history, or at least for generations, that such a privilege would be accorded the Motherland. The men had crossed the ocean, fought and won, and it was an historic departure of extraordinary importance that would probably be rarely passed over as a casual occurrence.

FERRY TRAFFIC INCREASES
Traffic on the harbor ferries during February showed an increase in comparison with the corresponding month last year. The number of passengers carried was 196,200, as compared with 164,707, an increase of 31,493. The revenue from passengers was \$3,254.14, an increase of \$728.94. Teams crossed to the number of 9,388, an increase of 421, producing a revenue of \$861.15, an increase of \$88.23. The total increase in revenue, as compared with February of last year was \$4,135.29.
