Strong Appeal Made To City Council To Get On With The Distribution of Hydro

REAL DELEGATION PRESENTS COMMISSIONERS SOUND AND UNDENIABLE REASONS FOR DESPATCH

File of 1,700 Contracts For Hydro and 800 More Prospective Users Presented—Commission has Now in Sight Sale of as Much Current as N. B. Power Company is distributing—Contracts For Ornamental Lighting System and Other Equipment Recommended to Council After Delegation Leaves—Mr. Thornton.

A real delegation went to City Hall this morning. It was alive, unanimous and knew what it wanted.

The spokesman, Fred A. Dykeman, was heartily applauded at intervals as he clearly and forcefully presented the case for civic distribution.

Both Mr. Dykeman and Father Duke made incisive speeches that went to the root of the matter, and the applause was of the sort seldom heard in City Hall.

Commissioner Thornton wanted to know who the people present represented, and after Father Duke had spoken he attempted to justify his own course thus far; but the only portion of his remarks which appeared to meet with hearty approval was that relating to his willingness to resign.

There was a rapid fire of general talk at times, for the delegation was very much in earnest, and others besides the two leading spokesmen took part in the discussion.

After the delegation had thanked the commissioners for a hearing and retired, the regular business was taken up and several matters relating to hydro distribution were put through committee, including approval of the contract for ornamental street lighting, and of a lease of warehouse and storage yard for the Civic Commission.

AT LEAST 100 THERE. It is estimated that at least 100 people jammed into the committee room or overflowed into the ante-rooms.

John Flood was the first speaker. He said he was present in the interests of the taxpayers of the City of St. John.

Mr. Dykeman said the world was turning toward "white coal," and St. John was ready to make some advancement it was desirous to think there were some willing to keep the heat of the New Brunswick Power Company on their feet.

Mr. Dykeman said the delegation was present to protest against the delay in carrying out the wishes of the people at the polls.

Public Ownership Produces Surplus

Barris, April 16.—Barris's Electric Light Department's profit of \$8,200 for 1922 is almost equalled by the surplus in the Waterworks Department, which amounts to \$6,488, nearly double that of 1921.

ex-Mayor Schofield's proposition at the figures of 12 1/2 cents which he proposed, said Mr. Dykeman, "the citizens would have been out of pocket \$240,000 in the two years' trial, as the rate now charged was a saving of about \$120,000 a year.

Rev. W. M. Duke said that he spoke for no organization or section of the people, as a citizen, interested in the development in this province and having seen hydro in operation in other sections.

Commissioner Thornton wanted to know who the people present represented, and after Father Duke had spoken he attempted to justify his own course thus far; but the only portion of his remarks which appeared to meet with hearty approval was that relating to his willingness to resign.

After the delegation had thanked the commissioners for a hearing and retired, the regular business was taken up and several matters relating to hydro distribution were put through committee, including approval of the contract for ornamental street lighting, and of a lease of warehouse and storage yard for the Civic Commission.

F. Cunningham and many others.

WEST SIDE TEAM WINS DEBATE BY SMALL MARGIN

A debating team from the men's society of the Church of the Assumption was awarded a "victory" over a team from the Knights of Columbus yesterday following their debate which was held in the R. of C. hall. Owing to a technicality in the ruling of the judges their decision will be protested. Yesterday's debate was waged on the question: Resolved that the United States should enter the League of Nations. It was exceedingly close, the judges spending more than two hours trying to thrust out the arguments and arrive at a decision. The West St. John team defended the affirmative side of the resolution and the Knights, the negative. E. J. Owens, leader, and C. I. Callaghan represented the Assumption Society and Richmond Grannan and F. O. Conlon were the Knights' speakers. The judges were Joseph Harrington, T. E. O'Leary and E. J. Heneberry. The Assumption Society won the league last year, and yesterday they were made the recipients of a large silver cup emblematic of this season's championship. It is understood that the executive of the league will meet in a day or two to consider the protest of the Knights of Columbus.

HISTORIC STREET IS DISAPPEARING. London, March 28.—(By mail)—An interesting bit of old Westminster is gradually disappearing, and soon there will be little left of the original Petty France, that quaint thoroughfare, rich in literary, artistic and historic associations, which connects Broadway with Buckingham gate. On the north side of Petty France, which for some time was known as York street, there remain five old houses, and three of these are doomed to speedy demolition to make way for the extension of Wellington Barracks. No. 32, well known for many years as an antique shop, has just been vacated. This house, which is over two hundred years old, has a remarkably fine old shop front, consisting of a beautiful bay window which is believed to be of the William and

You turn a Switch ---that's all. Imagine the relief of being free from the bother of a fire for cooking. When you cook by electricity the turn of a switch provides intense heat almost instantly. No matches—no fumes—no ashes. The advantages of electric cooking are enjoyed by thousands of women who use McClary's Electric Range. Now being shown in various types and sizes at your local dealers. 4-24

Mary period. It is gratifying to know that the War Office has decided that this interesting window is to be preserved, and, on the demolition of the house, it will be removed to the Victoria and Albert Museum, South Kensington. No. 32 is said to have been visited by George Morland, the famous painter, but there appears to be no record of his having lived in Petty France, at

First the Floor. The quickest, easiest, cheapest way to get on with brightening up the looks of a room is to lay down a smartly chosen Congoleum Square, Linoleum or Oilcloth. A long jump ahead on your housecleaning—call it house remodeling. All to do is get the measure and see all the city offers in variety, in value. As much as say run down to Linoleum Week at Marcus', where it is safe enough to enter when three double windows, crammed full, prove the class of their inside displays. Try it tonight—they're open evenings now, and you might go to a movie later. J. Marcus Furniture, Rugs 30-36 DOCK ST. Open Evenings

Sale of Smart Boy-Proof Boots. So all may know an unmatched range of worthwhile Boots, solid in quality, snappy as a Boy Scout in looks and decidedly different in price—here goes a Sale. It's like buying wholesale buying from a firm able to buy heavier than ordinary wholesale. Take the first half dozen one at a time and just see. Beginning with the top price—you expect to pay \$6.50 for genuine Mahogany Calf Bal Boots, fancy welt stitching, long wear rubber heels, heavy soles and medium recede toes. You expect to pay \$6.50 for sizes 2 1/2 to 5 1/2—here \$5.25. Another like pair of world beaters a trifle lighter in the sole, \$4.75. Foot Trainer natural shape Boots in real Box Calf, Gunmetal or Mahogany, that look like Sunday every day—sizes 11 to 2, \$4.50. Full round toe Box Calf Bluchers with nifty perforations, whole stock uppers, and extra thick soles. Sizes 3 to 5 1/2—\$4.35. Same sizes in Mahogany Calf Bluchers having full round toes—overstocked so \$4.75 values go out at \$3.35. Similar reason for taking a dollar off regular \$3.95 Mahogany side Calf Bals with recede toes. Equal reductions to \$1.98. FRANCIS & VAUGHAN Nineteen King

though he frequented the Old Bull's Head, an old-time hostelry on the opposite side of the street. This ancient inn was used for a number of years as an antique show-room, and it is now in the possession of a cable and rubber company. On the front wall is the sign "Ye Bull's Head," and the date 1874. One of the remaining old houses, No. 29, has been saved from immediate destruction, and will be used as an antique shop in place of its neighbors. This house is in a somewhat dilapidated condition, but it still contains several features of interest, particularly its quaint oak staircase and oak-paneled walls, which are to be preserved so long as the house remains. Petty France got its name from the number of French refugees and merchants who inhabited the district. The name was afterwards changed to York street, but it is again known as Petty France. The old houses in process of demolition are part of a block which included No. 19, in which Milton lived for some time. In a letter to "The Times" of October 22, 1876, David Masson, referring to the poet and his residence at No. 19 Petty France, writes: "Here his blindness came on; here was the brief period of his happy second marriage; here he wrote 'Defensio Secunda,' some of his other pamphlets, and some of the most famous of his sonnets, and here he began his 'Paradise Lost.'" The house was afterwards bought by Jeremy Bentham, who had an inscription placed on the wall, "Sacred to Milton, the Poet; and to Bentham, the Philosopher." The house was pulled down in 1877 to make way for Queen Anne's Mansions.

THE PEOPLE SPEAK.
The citizens of St. John have decided to tell City Hall once more what they want, and what they are determined to have. The large delegation that waited upon the City Council this morning, having with them some seventeen hundred contracts already signed up for hydro, spoke for the great mass of the people. They want civic distribution of hydro. They want an end of delay. They want the bond issues voted and the work on the civic distribution system speeded up.

MR. SANDERSON AGAIN.
Mr. Sanderson is to be heard once more by the City Council this afternoon. He wants for the New Brunswick Power Company the distribution of the Musquash current. Why? Because the Power Company would be in control of the whole situation. It would have a monopoly again of electric light and power as well as gas and street railway service. It would have a clear field to go on and get eight per cent. on \$3,100,000, with the \$2,000,000 of common stock also recognised, and later to draw dividends. Of course Mr. Sanderson wants the Musquash current. He could afford to make a sacrifice at the outset to get control, knowing perfectly well that with a clear field and no possible opposition he could make the business venture a great financial success. By one means or another, backed by favorable legislation, he could accomplish his ends and the people would have to pay. Great emphasis has been laid on the fact that there would be some St. John men on the company's board of directors. Suppose they were men who did not lift a hand when the city was fighting against recognition of that capitalization of \$3,100,000. Would they be a guarantee of protection of the city's interests, especially after the city had made an agreement practically consenting to the company getting a return on \$3,100,000? They have declared against any deal that would have this result. They want civic distribution of their own electric current, and they will never consent to pay tribute to a corporation in order to get that current into their houses. After this morning's developments the City Council ought to be thoroughly convinced of that fact.

OUR SERVANT, MUSQUASH.
The people of St. John have at Musquash a servant ready to do their bidding day and night, for all time, without cessation and without reward. So long as that great body of water remains in storage it is the servant of the people. All it asks is the opportunity to serve. Do all the people realize what this means to the community? By the expenditure of public money this great reservoir of stored energy has been created. When the original cost of the development has been paid the only charge for all time thereafter will be the upkeep of the plant. There will be no watered stock to look after, and no profit to be paid to a middleman. The benefit will come direct from the power house to the home and the factory, not for a year or five years, but as long as nature fills the reservoir at Musquash. The people have this servant. It is theirs to command. Could there be a greater folly than to hand it over to a corporation, and pay that corporation for accepting its services? The question is to be settled now. Surely there is only one decision for an intelligent people. They can say no stronger proof of the value of this servant than the eagerness of the New Brunswick Power Company to get it away from them. If we are lacking in courage, if we have no faith in ourselves, the benefits of the development at Musquash will be lost to us, and public money spent for the good of the people will go to the enrichment of a corporation that has never given full value for the franchise and the privileges it has enjoyed. Such a result is inconceivable. The hydro-electric policy designed to bring cheap light and power to all parts of the province will fall if the benefit of the Musquash development goes to the New Brunswick Power Company.

ARE WE INFERIOR?
The propaganda in the interests of the New Brunswick Power Company implies a suggestion that the people of St. John are not as intelligent or as competent to conduct their own affairs as are the people of Ontario towns and cities. The latter have taken hydro, distributed it, and reaped an enormous benefit. This has been true of cities where the task involved competition with such a corporation as the New Brunswick Power Company. Our people are not blindly told that they are less intelligent or competent than those of Ontario, but that it clearly is the implication. No action must be taken except through the New Brunswick Power Company. It is to be the guardian of the city's welfare. It alone is competent to handle the Musquash current which the people have bought. They must pay tribute to it or suffer disaster. Of course we are not told this in so many words. We are assured that the Power Company's interests are our interests; that it is the most benevolent corporation, seeking ways to load benefits upon us. What it really is seeking is a fat return on that capitalization of \$3,100,000. After all, may it not fairly be assumed that St. John people

Health, Etcetera

Her Play! It's funny my dear, that men take good health for granted as they do. Most men consider that if they have a headache or a pain that the good Lord has selected them as a particular victim of revenge—when as a matter of fact they have probably eaten too much luncheon or have smoked too many cigars. Men abuse their bodies—and then wonder why there is a punishment. Women are different. Women take care of themselves. You'll notice that if a woman is ever-wiggle she takes sensible means to correct it. A man merely rails against fate and declares himself a victim of circumstances. You will never agree with me about it, but circumstances are what we make them. His Counter-Play! I don't wish to be rude, but did you ever observe the ladies who patronize the tea-rooms? Did you ever notice that whereas a man eats good roast beef and mashed potatoes, that the dear ladies order a cream puff and an ice-cream. Men walk into their bodily ills with their eyes open. Women indulge in the cause and make matters of themselves in creating the effect. When a man has something the matter with him—he has something the matter with him and has good cause to complain. When a woman bores ninety per cent. of the time she just imagines there's something the matter. It's a mighty good thing for the doctors that there are women in the world.

EINSTEIN SCORES

(Boston Herald)

A substantial advance towards "proof" of Dr. Einstein's famous "relativity theory" is recorded in the report made by the men who went out from the Lick Observatory last September to observe a total eclipse of the Australian coast. One requirement of the theory is that the light rays from stars seen near the darkened sun shall be bent out of their direct course, and this bending in the degree predicted by Einstein is now affirmed by the astronomers who took photographs during the eclipse. It may mean that light is made of flying particles, and not of undulations in the "luminiferous ether"; it may also mean that "the ether" is a myth, and that there is nothing in the universe save empty space and matter moving in it. But tests of other kinds have still to be applied, and while we wait for them many other features of the theory are being tested. Some of the things alleged the man in the street will be unable to assimilate and will even declare as "nonsense." His "common sense" at least protests against such notions as that, with freedom of movement, in every direction, space is "filled"; that a "straight line" continued indefinitely may come back to him through the back of his head; and that a human being hurled with the speed of light at a distant star would return an older, with practically the same time showing on his watch, to a planet which during his absence had gone forward in its life for hundreds of years. But there is a "high-brow" way of looking at the theory, and despite individual doubters and critics, science has given "Einsteinism" a hearty and appreciative welcome. And apart from these technical aspects it has taught even the man in the street that things, judgments and "facts" are relative to a degree never before suspected.

AUCTION RELICS OF MARY STUART

Several Bought for Scotland—Others Will be Sent to New York.

London, March 23.—(By Mail).—Several relics of Mary, Queen of Scots were bought at auction yesterday for public preservation in Scotland. The sale took place at Calder House, Piccadilly (Mr. W. E. Harcourt), and was largely attended. The relics were the property of Sir George Clerk, Bt., and a pearl and a miniature of Queen Mary, a portrait of a young girl, a necklace, a tortoiseshell fan, a jeweled pendant with miniature of Mary Queen of Scots, and a miniature of a young man, a medal struck to commemorate the betrothal of Mary and Darnley, a pearl and a miniature of a young man, a portrait of a young girl, a necklace, a tortoiseshell fan, a jeweled pendant with miniature of Mary Queen of Scots, and a miniature of a young man. The first lot, Sir George Clerk's, was a pearl and a miniature of Queen Mary, a portrait of a young girl, a necklace, a tortoiseshell fan, a jeweled pendant with miniature of Mary Queen of Scots, and a miniature of a young man. The second lot, Sir George Clerk's, was a pearl and a miniature of Queen Mary, a portrait of a young girl, a necklace, a tortoiseshell fan, a jeweled pendant with miniature of Mary Queen of Scots, and a miniature of a young man. The third lot, Sir George Clerk's, was a pearl and a miniature of Queen Mary, a portrait of a young girl, a necklace, a tortoiseshell fan, a jeweled pendant with miniature of Mary Queen of Scots, and a miniature of a young man.

The Range That Upholds Its Name

Experience has shown, time and again, that the Enterprise Monarch is the leading range in the leading line. Bakes perfectly, saves fuel, wears well, wonderfully convenient to operate. The best values we have ever offered.

ENTERPRISE MONARCH STEEL RANGE embodies every modern improvement, including with Glass Oven Door, Accurate Oven Thermometer, Controlled Damper, Shimmering Cover, Thermometer Guide, Duplex Grate, Boiler Lift, End Hearth, Top End Shelf, Nickel Side Shelves and Towel Rod on Hot Closet. The above features make it

THE MOST COMPLETE STEEL RANGE on the market.

VALUES IN MENS BOOTS

For the man who really wants to save money on his Footwear, we would advise an early visit to this popular shoe store. Below are listed a few of the best values we have ever offered.

- Men's Heavy Working Boots, Blucher Cut, with Tap Sole, absolutely Solid \$2.75
- Men's Black Grain Bluchers, Half Bellows Last, Goodyear Welt, A Good-looking shoe, \$3.95
- Men's Black Gun Metal Blucher, on Full Toe Last, Goodyear Welt, A Medium Light Weight throughout \$3.00
- Men's Black Kip Bluchers, Full Double Sole on Broad Last, Goodyear Welt \$4.75
- Men's Black Gun Metal Blucher, on Full Toe Last, Goodyear Welt, A Medium Light Weight throughout \$3.00

These in addition to the Specials shown last week. All good new merchandise and thoroughly reliable in every respect.

thirty-foot embankment overlooking the Mahoning River. Scores of citizens and Boy Scouts conducted a search of byways, woods and fields. The children had selected the closest, approximately six feet by three, as a likely place to play. They were trapped when the door with a small spring lock swung shut. All were exhausted and asleep when found. Theresa gave an account of their plight. "We went up there after it got dark," she explained. "When we tried to get out we couldn't get the door open. We yelled and cried, but no one came, so we all said our prayers."

COLLINA, N. B.

A tiny spot within New Brunswick's Blue skies came gently down to meet the hills: Blue Heaven nestles on each little farm: And yon white, downy clouds, afloat in space, seem resting on the neighboring hill-tops rim. Where summer rains wash clean the butterfly, and the roses and, and start the dew, and the rain clouds rift, and shafts of golden light descend, unhampered, to the smiling Or, paint upon the unobstructed East Heaven's bow of hope. Where there is in dale and wood, for Autumn to display A matchless artistry. Room in the sky. For Autumn's hand to sew her sparkling threads, to spray her constellations in the blue. A fitting canopy for the proud court King Winter holds throughout his frosty reign. Where Spring comes with her most alluring grace, Leaving arbutus in the wood's recess. Recapturing the air the sweet perfume Of apple blossoms and the cherry wild: Where all the year its fascination spreads, Its sparkling air, its life, its naturalness. Collina, sleeping always through the years, No fate have you, nor history, except That you have cradled hands which helped to mould the destinies of nations near and far. And voices from your hills sound round the earth.

Problem For Experts.

Mr. Swivel was much perturbed to find that the three pounds of meat which he had purchased for dinner had mysteriously disappeared. His wife, aiding in the search and noticing what she took to be a guilty look on the face of the family cat, pointed to it and said: "There's the meat." "Why, no," objected Swivel, "what little thing couldn't get away with three pounds of meat? Still, let's weigh her and find out." They did so. The scales registered eleven three pounds. "Yes," he admitted, in puzzled tones, "there's the meat all right, but where's the cat?"—American Legion Weekly.

HEAVY LOSS IN STAGE PROPERTY IN N. Y. FIRE

New York, April 16.—Stage scenery and other theatrical effects, valued at \$1,200,000, the property of Comstock and Gest, producers, were destroyed in a fire which swept a six-story building in East Forty-Fifth street yesterday.

NEW FEDERATION PASTOR.

Gleazer—Rev. Isaac A. Corbett, B. A., B. D., who some weeks ago was in a fire which swept a six-story building in East Forty-Fifth street yesterday.

PRAYERS CALLED CHILDREN IMPRISONED 48 HOURS

Warren, Ohio, April 16.—After being imprisoned in a closet in a vacant second-story room of a down town building for forty-four hours, Theresa Sandford, three years old; John Williams, also three; and his sister Margaret, five years old, are safe at home recovering from the ill effects of their long confinement without food and water.

Rev. Raymond McCarthy celebrated the masses in St. Rose's church on Sunday morning and officiated at vespers in the evening.

ROYAL NEWSPEPAPERMAN.

Swedish Prince Joins Staff of Weekly Journal.
Stockholm, March 20.—(By Mail).—A royal prince as a paid dramatic critic is the latest addition to the literary world of Stockholm. Prince William, second son of King Gustaf, and member of the Swedish nobility, has been appointed to the post of dramatic critic of the weekly journal "The Pearl." The prince's latest work, "Among Dwarves and Goblins in Africa," is a colorful and entertaining story of his recent hunting and exploring trip in Africa. A translation of this work is about to appear in England, and it is reported that negotiations are being carried on for an American edition.

TRANS-CANADA HIGHWAY PLAN

A plan for a Trans-Canada highway, fostered by Dr. P. E. Doolittle, president of the Canadian Automobile Association, was spoken of yesterday by Dr. Doolittle, who was in the city. He was in Quebec and Halifax last week and had with him profiles of the road map to be printed in connection with this scheme for the eastern division from Halifax to Sault Ste. Marie. The map will show some of the main points of interest along the road and the back may be covered with descriptive matter about the province in which it is given out. During the summer, Dr. Doolittle intends coming to the Maritime Provinces by car to take some pictures of scenes here for showing through the winter months at lectures.

T. M. Drienaidé Dead In Washington, D. C.

Thomas M. Drienaidé, formerly city editor of The Telegraph, and at the time of his death attached to the New York Sun, died on Saturday night in Washington. His wife and one of his sons, Dr. Francis R. Drienaidé of John Hopkins Hospital, Baltimore, were with him when he died. He was stricken with tetanus while on a southern cruise with Secretary of the Navy Denby on the U. S. transport Henderson. The body was taken to New York where the funeral will be held tomorrow afternoon.

Spring Footwear For Kiddies. In choosing Children's Footwear, one should always take into consideration the very definite economy to be gained through getting Shoes of the better quality, which save for you through longer wear. And you should not overlook the very important fact that life-long foot ailments which often result from cheap, poorly fitted Shoes can be entirely avoided by selecting the better grade, in which skilled workmanship assures shape-retention and proper foot support.

concerning the conduct of Rear Admiral Schley during the action. For many years Mr. Drienaidé, because of his ability to handle news events of an extraordinary character, was assigned to stories of rare and commanding magnitude. The newspaper writing world still refers to his description of the eruption of Mount Pelee as a classic. Subsequently he was sent to San Francisco at the time of the earthquake and fire, where he added to an already established reputation. He reported the assassination of President McKinley, was a member of the Sun's delegation to many famous national conventions, and wrote the lead to many of the famous criminal trials during his day. Of late years he had served for a long period as assistant managing editor of the Sun, and other executive positions.

SUGGESTS FIRE
BOAT FOR HARBOR

Commissioner Bullock Presents Report of Harbors, Ferries and Land Departments for Year.

The report of T. H. Bullock, Commissioner of Harbors, Ferries and Land, for 1922, as presented to the Common Council last week was as follows:

"In submitting my report for 1922, I beg to note that the harbor returns now to hand indicate an improvement in business, both as to tonnage and revenue, and in excess of what was anticipated as based on the previous year's business. We had provided for a deficit of \$22,386.41, whereas the revenue exceeded the expenditures by \$16,947.52. The receipts from all sources amounted to \$1,211,208.03, and the expenditures \$1,194,260.51.

"The Harbor Master's report will show the tonnage and traffic handled to be larger than the previous year. It should be noted that the arrivals and clearances in said report apply to the whole port, while the revenues and charges as shown only apply to city wharves and not the entire port.

"Mr. A. Charlton was appointed harbor inspector for the port in addition to his duties as clerk to the harbor master. This appointment was made in order to curb the frequent violations of the harbor regulations and to take care of menaces due to the increasing use of fuel oil and the handling of large quantities of petroleum products at some of the wharves.

"The pilfering of goods, which assumed alarming proportions during the past few years, has been curbed to a large extent, due to the problem being systematically tackled by the principal bodies interested.

"The Federal Government made 18 sheds into a frostproof warehouse for the reception and shipment of potatoes. This business adds very materially in the tonnage of the port, since there are now two frostproof warehouses used exclusively for potato shipments.

"With a view of defining the policy in regard to the use of the mill pond site and declaring said site, consisting of some twenty-three acres, to be longer in the harbor area, the following resolution was unanimously adopted in Common Council, June 16, 1922: 'The Policy of the City Council re Mill Pond Site.

"Whereas, delegations from time to time have appeared before this Council complaining about the unsightly appearance and unhealthy state of the mill pond, due to the large amount of sewage that empties into said area, and asking that the same be remedied and the place filled in.

"And whereas, there has been a persistent request that the Council define its policy as to the use and development of said area:

"He it therefore resolved, that the future use of the Mill Pond (so called) and situate in Brooks Ward, be declared for the use of railways, or for industrial or commercial requirements and building sites and public purposes.

"That the lots at present laid out and fronting on the several streets and not yet disposed of be leased or sold at prices and on conditions as may be determined from time to time by order of the Common Council.

"In order to remedy existing conditions, be it further resolved, that a trunk sewer be constructed through the entire area and to empty into Sand Point Slip and the place filled in and reclaimed, providing these works can be undertaken at what might be considered a reasonable expenditure. That the existing streets be extended east and west, north and south through the area. It is confidently expected that these improvements will enable the city to find new assessable values, thereby enabling the city in the near

Famed for Flavour!

The outstanding flavour of "SALADA" Tea gains fresh friends daily.

HAVE YOU TRIED IT YET?

Send for a sample.

BLACK or GREEN from 75c.

future to largely cover the interest charge on the cost of reclamation. "And further resolved, that the Commissioner of Public Affairs and the Commissioner of Water and Sewerage submit to this Council on or before July 1 next, plans and estimated cost of the combined work.

"T. H. BULLOCK, Commissioner.

"June 13, 1922." New by-laws and regulations have been adopted for the handling and transporting of fuel oil and petroleum products.

"The top-wharfage by-law was amended. The schedule rate on timber, when sheds are not utilized, being reduced to 15c a ton, fire brick to 15c a ton, salt to 15c a ton, and the rate on other goods to 10c per ton.

"A solid fill was made to the South Wharf and the surface asphalted together with a curbed sidewalk so far as Ward street. The balance of the structure was double planked and heavily timbered.

"The report of the city engineer gives in detail the various works carried on during the year.

"Motor Fire Boat. A motor fire boat would prove a valuable adjunct to the Port, whenever the finances warrant. A boat similar to one built for Los Angeles, Cal., might be considered. This boat is 59 ft. in length and 17 ft. breadth, with a pumping capacity of 1200 gallons per minute at 120 pounds pressure; supplied with 2500 feet hose, turret nozzles, etc.

"Hon. W. H. Thorne was instrumental in having a number of the Senate make an inspection of our port facilities on May 5th. We were also honored on July 19th, by a visit from Hon. Dr. I. H. King, Minister of Public Works; I. B. Cope, Secretary of State, and St. Laurent, chief engineer.

"Your commissioner was a delegate to the convention of American port authorities at Toronto last September. The papers read and discussed at this meeting were of a high order, as presented by gentlemen of outstanding ability in their respective spheres. An incentive to do things is to keep in touch with men who are accomplishing much and successful in their projects. I noted Toronto is decided on making a large undertaking in regard to port development. The entire lake frontage of that city has been brought under the control of the harbor commission and modern facilities are under construction.

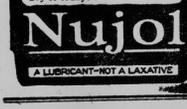

"The policy of the city should be to sell off all its lands in Lancaster. The net earnings on the lands as leased for 1922 shows taxes paid on lands \$4,330.52. The total rentals amounted to \$2,707.25, a net loss of \$1,623.27. Taxes paid by the city on Lancaster lands: 1917 \$2,799.94 1918 3,074.46 1919 2,824.48 1920 3,890.43 1921 4,102.06 1922 4,330.52

"Appreciating your co-operation and the courtesy of the staff of the different departments,

Constipation

Relieved Without The Use of Laxative

Nujol is a lubricant—not a medicine or laxative—so cannot gripe. When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food waste soft and moving. Doctors prescribe Nujol because it acts like the natural lubricant and thus secures regular bowel movements by Nature's own method—lubrication. Try it today.

A curtailment of \$17,600 in the past four years, a betterment of \$4,900 per year.

RECOGNIZED WORTH OF BRITISH TOMMY

U.S. Troops Changed Views During War, Says General O'Ryan.

New York, April 15.—Major-General John F. O'Ryan, commander of the New York division of the United States army in France, and John W. Dufor, editor of the Winnipeg Free Press, were guests of the Canadian Club at a luncheon given in their honor here last week.

General O'Ryan, in a brief address, dealt with the change of sentiment toward the British, which had been brought about in the United States as a result of the experiences of the war. A very large percentage of the men in his division were either Irish or German parentage, and were outspokenly anti-British at the time of their enlistment. There was something like consternation in the ranks when they learned that they were to be attached to the British army in France. However, after they had experienced a few battles as comrades-in-arms with the British Tommies, their feeling of antipathy was changed to one of good fellowship. O'Ryan related several stories of the war illustrative of this sentiment.

Dealing briefly with the proposed participation of the United States in the International Court of Justice and the criticism of this step on the ground that it meant entrance into the League of Nations, General O'Ryan declared that the average United States citizen had never made a careful study of the League, the opposition to it would break down.

Mr. Dufor declared that the fact that the United States had been unable to find it possible to unite with the other nations in the League of Nations, had been a disaster to the world second only to the disaster of the war. The presence of the United States in the League was essential to its proper functioning. The United States influence of the two great English-speaking nations would maintain the stability of civilization and prevent a recurrence of disaster, but he did not believe any form of alliance was necessary or desirable. If an Anglo-Saxon bloc were formed, there would be dissension and suspicion leading to disaster. But without any definite pact, the English-speaking nations would inevitably and almost unconsciously act together in time of crisis, just as the United States and British soldiers had spontaneously forgotten all tribal prejudices and had co-operated so wonderfully during the war.

MANY SETTLERS ON THE MARBURN. The C. P. R. steamer Marburn, from Glasgow via Belfast, docked at No. 1 pier yesterday morning at 11 o'clock. She had on board 1400 passengers, of whom 132 were cabin passengers, and the remainder stowage; also 1400 tons of general cargo, twenty tons of baggage and twenty bags of mail. There were 163 passengers for the United States.

For this province, the Marburn brought several boys who are to make their home at the Cossar farm, Gagetown.

Captain A. H. Clews is now in command of the Marburn, succeeding Captain Hall who has gone to the Marloch. C. Sepsworth, formerly of the Empress of Britain, is chief officer of the Marburn and A. F. Campbell is first officer.

MELITA REACHES PORT DAY EARLIER THAN SCHEDULED

The C. P. R. liner Melita, the third vessel of the company's passenger fleet to arrive within twenty-four hours to docked yesterday at noon at Sand Point, from Antwerp and Southampton via Cherbourg. The liner brought 182 cabin and 791 third-class passengers, 1,980 tons of general cargo, one carload of express matter and a large consignment of mail. The steamer made excellent time on her trip arriving one day before she was expected, due largely to an exceptionally fine weather conditions encountered.

There was on board a party of thirty-two colonial-born Canadians who are among the first of a group of 2,000 who are being brought to Canada under a colonization scheme. They are on their way to Winnipeg. They were met at the steamer by F. Beck, representative of the Swiss colonization company at Ottawa, and also Mr. Semmell, representative of the Swiss consul at Montreal.

HOLD UP FREIGHT, GET LIQUORS WORTH \$30,000. Gang of 14 Armed Men Shift Big Load of Alcohols to Trucks. Pemma, Ill., April 15.—Fourteen armed men held up a Santa Fe freight train, northbound for Chicago, and stole \$20,000 worth of whiskey and alcohol.

Four armed men boarded the caboose of the freight train at Pekin, in Tazewell county, and covered members of the crew and a railroad detective, who was aboard to guard the shipment. Two of the bandits stood in the caboose while the others boarded the engine and ordered the engineer to proceed to Crandall's Crossing, two miles north of Morton, where the liquor was transferred to trucks.

Then write to-day for our interesting booklet "Painless Old Men." You will be astonished to learn from it how easily you can provide now for your comfort and independence in your later years.

HOW DEPARTMENT OF HEALTH FOUGHT THE EPIDEMIC

During the epidemic of typhoid fever in Madawaska county 131 cases have been reported. Hon. W. F. Roberts, minister of health, said last night. Of these, ninety-three were mild, twenty-six serious and twelve dangerous. There were three deaths.

Ninety-six houses were involved, or about half the houses in Edmundston. The cases reported were all in Edmundston, with the exception of three at St. Jacques.

MOTOR SHOW CLOSSES. The 1923 motor show closed its doors Saturday night on what has been termed as the best exhibit here in a great many years and one that has produced already the results hoped for by those who promoted the affair. Not only have many sales been completed but a large list of prospective buyers has been compiled by the various dealers represented in the show. The attendance was larger than it has been in recent years and the exhibits excelled the designs of other years.

LOCAL NEWS

ENGAGEMENT ANNOUNCED

Montreal Star: Mr. and Mrs. M. Beaton, Selby street, Westmount, announce the engagement of their eldest daughter, Evelyn Ann, to Lewis V. Lingley, youngest son of the late Mr. and Mrs. L. W. Lingley, of St. John, N. B. The marriage will take place early in June.

NOVELTY SHOWER

Miss Teresa McCormick was tendered a novelty shower last Thursday evening at the home of Mr. and Mrs. James McCormick, Clarendon street. She was the recipient of a large number of useful as well as beautiful presents.

THAT EAST END STREET CAR

Frank Dunham, motorman on the East St. John street car referred to in an item in the Times on Saturday, declines positively that the car on East St. John that morning ahead of time. He says the men get their time correct every morning.

BISHOP RICHARDSON HERE

Bishop Richardson was the speaker yesterday morning in St. John's Stone church and addressed a large congregation on the Resurrection. In the evening he conducted a confirmation service in St. George's church and confirmed twenty-three candidates.

BRINGING 700

The Canadian Pacific steamship Empress of Britain is due here on Thursday from Southampton, 300 saloons, eighty-one cabin and six third class. Included in the list are 245 tourists who were on Clark's "around the world cruise."

VISITED CHILDREN'S AID HOME

About eighteen members of the Beacon Light class of the Point Pleasant Sunday school on Sunday afternoon visited the Children's Aid Home, 28 Garden street. They were accompanied by the matron, Mrs. J. M. Macdonald, and the children getting ready for Sunday school and were shown over the premises by the matron.

W. H. TRUEMAN A JUDGE

Word was received in the city on Saturday night that Walter H. Trueman, formerly a practicing barrister in this city, had been appointed a judge in the Appeals Court of Manitoba. He is a son of the late Hon. Wm. H. Trueman, M.P., of the 1880s.

EDWIN K. ALLABY

Edwin K. Allaby, a highly respected resident of Hanford Brook, St. John county, died at noon yesterday. The news of his death was received with great regret, for while he had been in poor health for some time, his death was entirely unexpected.

MRS. SMITH IN FREDERICTON

In delivering her travelogue, "Flanders and France Revisited," in centres outside of St. John, Mrs. E. Albertson Smith has been given enthusiastic receptions and has spoken before fully appreciative audiences as greeted her in the city, which is saying a great deal. She returned on Saturday after giving the address at Sackville and at Moncton.

MRS. CATHERINE BANNISTER

At River Glade on Sunday morning Mrs. Catherine Bannister passed suddenly away at the age of 74 years. She was the wife of the late John C. Bannister. She leaves to mourn two sons, Joseph of Petticoat and Elwin of River Glade with whom she made her home; and four daughters, Mrs. William Steves of River Glade, Mrs. Frank Lodge, Miss Myrtle and Miss Winnie Bannister of St. John, and one sister, Mrs. Susan Crandall, and one brother, David S. Geldart both of Moncton. The burial will take place at River Glade on Tuesday afternoon.

MORE SNOW

During a snow storm here, which broke early this morning, three and eight-tenths inches of snow fell. Rain followed. D. L. Hutchinson, director of the observatory said it is not unusual to have snow storms during April. The month so far has pointed out, has been fine and bright, although the temperatures have been quite unseasonable. The total snow fall for the season here to date has been 142.2 inches. There are no records available to show that there ever was such a heavy snow fall during any winter season in these parts.

POLICE COURT

Emery Hatrick and Holly Crowe were arrested at three o'clock on Sunday morning and charged by Police-man McAvour with wandering around and not giving a satisfactory account of themselves. The policeman said he had followed them around for a half hour and then asked them where they were going. They said they were going for a walk and were staying at the Edward hotel. He had told them to go to the hotel and they had started off in the opposite direction. Crowe said this morning that they had said they were staying at the Prince William hotel. He said he came from Sussex. Five men charged with drunkenness were remanded.

Dual Distributing Systems In Several Cities In Ontario

Several Towns Have Both Private and Municipal Systems to the Advantage of the People—Civic Hydro Engineer Returns After Inspection Trip.

St. John will not be alone in its decision if it resolves to erect another distribution system in the same streets as that now occupied by the New Brunswick Power Company system, according to a statement made to a Times reporter today by Barry Wilson, engineer of the Hydro Commission of the City of St. John, on his return after a visit to Upper Canadian cities. Mr. Wilson said that several cities in Ontario, including Toronto, St. Catharines, Hamilton, Thornhill, Welland and Niagara Falls, had dual distribution systems, and in every case the municipal authorities were driving the private companies out of the field.

ASK TENDERS FOR A NEW AMBULANCE

Matter Before City Council This Morning—Suggestion to Put Old One on the West Side—New Traffic Laws Discussed.

The City Council in committee this morning authorized Commissioner Thornton to call for tenders for a new ambulance for the city.

CHIEF JUSTICE SPEAKS NICELY OF NEW JUDGE

Hon. Mr. Justice McKeown Refers to Appointment of W. H. Trueman to Bench in Manitoba.

In the circuit court this morning His Honour Chief Justice McKeown made pleasing and flattering reference to the news received on Saturday telling of the appointment of W. H. Trueman of Winnipeg, formerly of St. John, to the bench in Manitoba, he having been appointed Judge in the Appeals Court.

LATE SPORT NEWS

New York, April 16—With a spring series victory over the Chicago White Sox made complete yesterday by a win at the Polo Grounds, 11 to 6, the New York Giants will meet the Army team at West Point today before leaving for Boston tonight. The Giants won the series 8 to 7, one contest being a tie.

BANK MANAGER AND FORD AGENT UNDER ARREST

Accusation of Conspiracy to Juggle Accounts Involving \$80,000 Shortage at Ford, Ont.

Windsor, Ont., April 16—Accused of entering into a conspiracy to "juggle" accounts involving a shortage of \$80,000 in the funds of the branch of the Bank of Montreal at Ford, Edward J. Colquhoun, manager of the branch, and Wm. E. Disher, a motor purchasing agent for the Ford Motor Company, were arraigned here in the police court today.

ACCUSES DRURY GOVERNMENT AS GREAT SPENDERS

Toronto, April 16—Ontario needs a change of government and an application of those principles of economy which the U. S. has practiced, today, said G. Howard Ferguson, leader of the Ontario Conservatives, when addressing the electors of West York on Saturday.

MARRIED SIXTY YEARS; AFTER HER HUSBAND

Windsor, Ont., April 16—Mrs. Adele Garret, eighty-five years old, resident of Windsor for fifty-eight years, died yesterday. Mr. Garret died four months ago. They had been married for sixty years. Nine children survive. There are also seventy grand-children, 107 great-grandchildren, and one great-great-grandchild.

"FAT LADY" OF MONTREAL DEAD; WEIGHED 400

Montreal, April 16—In a coffin one third larger than the largest stock casket, Mrs. Katie Chervitz, known for many years as "The Fat Lady," was buried here on Saturday. Mrs. Chervitz, who was forty years of age, and weighed more than 400 pounds, contracted pneumonia on Friday and died on Saturday morning.

POLICEMAN AND PRISONER

Ringside seats were at a premium in the north end on Saturday night when a battle royal was staged in Main street between Sheriff and Simonds by Policeman Gaudet and a man he was endeavoring to arrest for drunkenness. A large crowd collected to watch the contest in which the policeman was victorious and he landed his charge behind the bars, brushed off his coat-sleeves and went looking for new fields to conquer.

A LABOR CHEQUERS FOR WEEK-END CONFERENCES

Lady Warwick, who is known as the Socialist Countess, has given the use of her home Easton Lodge, not far from London, England, to the Labor Party for the holding of week-end conferences, and for the relaxation of Labor members of Parliament, in the same way that Chequers was given to British Premiers by Lord Lee. Lady Warwick belongs to the British Socialist Party and the Independent Labor Party.

SEEK FIRST HUSBAND IN DOUBLE MURDER

Brother of One of the Two Women Slain on Staten Island Sees District Attorney—Motive Still a Mystery.

New York, April 16.—Steps to investigate further the married life of Mrs. Irene Blandino, wife of a Jersey City barber, who with Ethel Phillips, a Bayonne girl, was found murdered early Friday morning near South Beach, Staten Island, were taken by the Richmond authorities after the questioning of Joseph Salerno, Mrs. Blandino's brother, of 704 Jay street, Utica.

The officials are anxious to trace the movements of a former husband of Mrs. Blandino, whose name they obtained, and of associates of a second husband, who was slashed to death about a year ago. The third husband, James Blandino, and his employe, Rosario De Lorenzo of 847 Fourth street, Jersey City, are held in \$25,000 bail at Stapleton, but the police admit that they have little evidence against the two prisoners.

District Attorney Maloy and Police Captain Van Wagener, who have been constantly at work on the case since the bodies of the women, bearing numerous slashes from a sharp skinner's knife, were discovered, admitted that they had learned little to help them in arriving at a motive for the murder. They are hopeful, however, that Salerno's story will provide a lead that will bring about a solution of the crime.

Salerno's Brother Sees Prisoners. The District Attorney accompanied Salerno to the Richmond County Jail, where he confronted the two prisoners. Mr. Maloy and Detective Decker of the Staten Island police questioned Blandino and De Lorenzo at length, but they gained little additional information.

Salerno told the District Attorney that when his sister was a girl she had been run over by a trolley car in Utica and had lost a leg. A verdict of \$10,000 was returned, but on appeal it was reduced to \$2,000. The money Salerno said, had been placed to his sister's credit.

About three years ago, Salerno said, his sister was married to Benedetto Delcato, a Utica peddler. They lived together for about a year and then he deserted her, Salerno said. After separating from her first husband, the young woman went to Jersey City, and there she is said to have married Frank Brungino, who was stabbed to death in March, 1922. Four or five months later she is said to have married Blandino in Manhattan City Hall.

Asked as to what had become of the \$2,000 which Mrs. Blandino received, Salerno said that she had taken it with her when she moved to Jersey City and that he thought she had deposited it in a bank there.

The aid of the Utica police has been asked by Captain Van Wagener in the search for Mrs. Blandino's first husband. District Attorney Maloy is also searching for men with whom, it is said, Mrs. Blandino and Ethel Phillips frequented roadhouses near Rutherford. Blandino said that he had known that his wife and the Phillips girl had been going with other men in Jersey City, but he did not know the names of any of them. Two nights before the murder, he said, he saw his wife and the girl go into a Jersey City saloon.

One Clue Leads to Roadhouse. One story that District Attorney is checking up is that Blandino went to the proprietor of one of the roadhouses which his wife often visited and demanded she be kept out of the place. Captain Van Wagener and his men made a thorough search of every bungalow between Woodland Beach and South Beach for possible clues. Many of the owners of these bungalows visited them and the police had little difficulty in gaining entrance to all of them, but they failed to find any evidence, but they did find that Blandino had been slain in one of them. The police are convinced that the murderers, and they believe there were at least two of them, brought the bodies to the place where they were found in an automobile.

The murderers were not familiar with Staten Island, the police say, because if this were the case they could easily have found a more secluded spot to leave the bodies, where they might have lain for days without discovery.

"The men who killed these women probably had never been over the road where the bodies were found before," said Captain Van Wagener. "Hundreds of persons, both in automobiles and on foot, pass along the road every day. The spot itself was lonely enough, but many side roads in the vicinity would have delayed discovery of the crime much longer."

Asks Harding's Aid To Halt Smuggling

Wayne B. Wheeler Urges Use of All U. S. Departments

Washington, April 16.—Wayne B. Wheeler, general counsel of the Anti-Saloon League, this week urged President Harding to issue an executive order calling upon all branches of the federal government to co-operate in efforts to suppress the smuggling of liquor into this country.

Mr. Wheeler, who saw the President this morning, declined to say whether or not he broached the question of the employment of naval vessels, such as the Ford Eagle boats, against liquor-laden fleets hovering off the North Atlantic coast. This is a matter that Commissioner Haynes of the prohibition unit intends taking up with the President and Secretary Denby when the latter returns from his Panama trip.

The prohibition forces contend that there is much wasted effort by the various inspection branches of the government whereby officials of other departments come into contact with evidence of liquor law violations but do not report them because they do not come within the jurisdiction of their departments. It is understood that Mr. Wheeler informed the President that the department of labor could furnish evidence of liquor and narcotic smuggling revealed from immigrant inspection. He would have all branches of the government turn over to the prohibition enforcement officials evidence of run running that they have encountered.

Abbey's EFFERVESCENT SALT for Billousness

Under the executive order the Anti-Saloon League would have President Harding issue, the intelligence branch of the state department would report to the prohibition unit all evidence of liquor shipments from abroad that have come to the notice of consular agents. Commercial attaches of the department of commerce stationed abroad also might be in a position to report upon the destination of suspected liquor cargoes that leave foreign ports.

"These liquor smugglers on ships of foreign registry, who defy our laws under guise of ship's stores and supply these to bootleggers are the meanest criminals in the smuggling trade," Mr. Wheeler declared.

"The increased applications to export whiskey to Scotland and supply it to the rum runners is another situation that needs serious consideration. I am sure the President will do everything within the law to help prevent this scandal on our shores. There are limitations, of course, as to what the government can do, but it has not yet exhausted all the resources at its command."

Used After Shaving Keeps Skin Soft and Smooth

Many men suffer from irritation of the skin as a result of shaving. With some it assumes a form of eczema and becomes most annoying and unsightly. By applying a little of Dr. Chase's Ointment after shaving the irritation is overcome and Barber's Itch and Eczema are prevented or relieved.

DR. CHASE'S OINTMENT

INSURANCE AGENT RECOVERS APPETITE

Generally Run-Down After Long, Trying Winter, Mr. Harmer Tries Drecto, With Splendid Results.

Mr. E. T. Harmer, the popular insurance agent of 107 Prince William Street, St. John, N. B., is a practical business man, who, realizing the need of a reliable tonic, selected Drecto. As is usual in all such cases, this splendid remedy quickly toned and regulated his whole system and restored Mr. Harmer to his accustomed health and spirits. Mr. Harmer's statement which follows, is particularly appropriate at this season of the year, when everyone is in need of a spring tonic to properly flush out the system and put it in shape for the hot summer months.

"I was not feeling well after the hard winter we have had and I was badly in need of a good tonic. I felt weak and could not eat. I had no appetite at all. I heard so many good reports of Drecto that I thought I would try it. I have only used one bottle and I feel fine. I eat heartily and my strength is coming back. I feel literally like a new man. Drecto certainly is a great tonic and I recommend it strongly."

Not only is Drecto a splendid tonic and corrective for all digestive ailments, but it is perfectly safe and natural in its ingredients and action as well. Compounded with scientific accuracy from herbs, roots, bark and leaves of known medicinal value, it contains no mercury, potash or habit-forming drugs.

Drecto is being specially introduced in St. John by Ross Drug Co., 100 King street. It is also sold by Moore's Drug Store, 105 Prince Edward street, and F. W. Munro, 357 Main street. It is also sold in Fairville by T. H. Wilson, in West St. John by Watson R. Dunlop, and by a good druggist everywhere.

FEELING TIRED. Nearly all constitutions during the winter season experience an almost indescribable, but thoroughly understood, feeling of lassitude—a dull, languid, heavy debility which is extremely unpleasant and which may, if neglected, lead to very serious consequences. No remedy at present known has proved so successful in a case of this kind as DR. WILSON'S HERBINE BITTERS. A true Blood Purifier. THE BRAYLEY DRUG COMPANY, LTD., St. John, N. B.

"The Torch of Verified Circulation"

Lights up the way for the Advertiser

The Telegraph and The Evening Times, with a combined daily net paid circulation exceeding 30,000 copies, are the only A. B. C. (Audit Bureau of Circulation) papers in the province of New Brunswick. These newspapers alone give the advertiser a verified circulation whose extent is absolutely known and established beyond question.

Mr. Advertiser, do you realize what this means?

All of the principal Canadian dailies are members of the A. B. C. That is, they give their advertisers, present and prospective, circulation figures which are audited, certified and approved by an independent court whose standing is recognized in business circles throughout Canada and the United States.

Mr. Advertiser, Look at this:

The Following Canadian Newspapers are members of the A. B. C.:

- St. John—The Telegraph and The Evening Times (the only A. B. C. papers in New Brunswick).
- Halifax—The Chronicle and Echo, The Herald and Mail.
- Charlottetown—The Guardian.
- Quebec City—LeSoliel, L'Evenement.
- Montreal—The Gazette, The Star, The Herald, La Presse, La Patrie, Le Canada, Le Devoir, The Standard.
- Ottawa—The Citizen, The Journal, Le Droit.
- Toronto—The Globe, The Star, The Mail and Empire and Sunday World, The Telegram.
- London—The Advertiser, The Free Press.
- Brantford—The Expositor.
- Brockville—The Recorder and Times.
- Fort William—The Times-Journal.
- Hamilton—The Spectator.
- Kingston—The British Whig, The Standard.
- Windsor—The Border Cities' Star.
- Winnipeg—The Manitoba Free Press, The Tribune.
- Saskatoon—The Star, The Phoenix.
- Regina—The Leader, The Post.
- Calgary—The Morning Albertan, The Herald.
- Edmonton—The Bulletin, The Journal.
- Vancouver—The Province, The Sun, The World.
- Victoria—The Colonist, The Times.

Mr. Advertiser, in that list you have the chief newspapers of Canada. They give you an independent audit of their circulation by a universally recognized authority.

"Net Paid" circulation does not mean old lists of doubtful value. "Net Paid" means that every subscriber included in the figures is either paid in advance or does not owe for more than six months. The Telegraph and Times, remember, have a combined "net paid" daily circulation of more than 30,000 copies.

Figuring by circulation The Telegraph and Times rates are the lowest in the Maritime Provinces.

By putting the same ad in both papers you cover the city of St. John and the province of New Brunswick as with a blanket, so far as prospective buyers of your goods are concerned, for these two papers reach to a really wonderful extent the people in this city and this province who are in a position to purchase the goods that local or national advertisers offer for sale, be these goods bonds or toothpicks, razors or mowing machines, diamonds or medicines, shoes or silks.

Think over the facts, Mr. Advertiser. Just ask yourself quietly and thoughtfully what that chain of leading Canadian newspapers means. Their verified circulation is their greatest advertising solicitor. Think about "the torch of verified circulation."

WHAT'S DOING IN THE MONEY AND STOCK MARKETS TODAY

"DAILY SPECIAL" IN JEWELRY WINDOW

When It's Sold a Card Stating So is Put in Its Place—Plan Increases Sales.

One of the many half-size shops of Los Angeles is that of the Humphreys Jewelry Company, 616 Broadway, of which Thomas Humphreys is the proprietor. His main display window is necessarily small, so about a year ago he adopted a plan by which people walking along that way would be influenced to watch his displays.

He put on a daily special and has kept it ever since. His leading line is diamonds, so his daily specials are diamond rings of the more popular grades.

A card is mounted to the left of the small display window close to the glass. It has windows, but it is so small that it is not possible to read the message to the shoppers. The card is mounted on velvet, appears on the card.

One of the cards, for instance, read as follows: ATTENTION! Trade Stimulator. Our Daily Special. Regular retail value \$225.00. Our regular price \$175.00.

If the item is sold even by 980 no other takes its place, but a card is inserted to indicate that the day's special is sold and suggesting that the party should watch the window. If the item is unsold at the close of the day it is put into stock and another succeeds it the next morning. Three or four specials are sold every week.

People who watch the window, get them to look the entire window over, says Mr. Humphreys. People get times when they will see a remark such as this: "That's pretty cheap for this ring; let's see what's made in a watch chain for George."

Although sales made in this way are made at the margins the jeweler believes that they are justified by their influence.

THREE BANKS FOR C. N. R. BUSINESS

Moncton, N. B., March 16.—That the Royal Bank of Canada will be the financial agent of the Canadian National Railways in the Atlantic Region is a report not denied by the bank here. The bank is one of the three banks which are to handle the business of the C. N. R. system, according to information gleaned here from the bank of Montreal. According to the information gleaned here from the bank of Montreal will get the business of the central region while the Canadian Bank of Commerce will get the business of the western region. The change will go into effect May 1.

NEWS NOTES OF STOCK INTEREST

(McDougall & Cowans) New York, April 16.—Ills Central year net income \$16,089,676 after taxes and charges, against \$7,705,194 in 1922.

Orders received by General Electric Co. for three months ended March 31, totalled \$80,010,945 compared with \$81,388,900 for corresponding period of 1922, an increase of 86 per cent, according to statement or President Earnings.

Earnings of Gulf States Steel for first quarter are understood to have been \$338,378, equal after Pfd dividend to \$4.44 a share or at annual rate of \$17.76 a share.

FORDNEY TARIFF DRIVES LUMBER MILL TO CANADA Vancouver, April 16.—As a direct result of the restrictions on Canadian saw logs under the Fordney-McCormack tariff, the Morrison Mill Company, one of the largest operating lumber concerns in the State of Washington, contemplates the removal of its big plant from Blaine, Washington, to Vancouver, working under the tariff, the Morrison Company finds it cannot compete with the mills operating in Canada.

CATTLE TRADE AND WEST. (Montreal Star.) The arrival at two British ports of the first shipment of Canadian cattle after the disappearance of the embargo marks the end of a long struggle and, we hope, the beginning of a profitable trade. This is one of the boons which our Government has secured for the encouragement of the West. It ought to mean more profit for the West. Unfortunately, everybody has miscalculated, it will—unless, again, somebody else intercepts the profits.

Western observers insinuate that plans are already laid for other people to intercept the profits. This may be only a part of the settled and sinister distrust of the East which obtains in the West, or it may be true. In any case, it is charged, and the Government at Ottawa ought to investigate and tell us whether or not the profits on this reach the Western ranchers.

This is a matter in which the whole country, East as well as West, is interested. Farming and ranching may be made profitable in the West. This is the key-stone of our future prosperity. Not only the prosperity of the whole as an economic and political unit, are bound up with making a success of the West. We have mortgaged our whole future down here to supply the West with trade and transport equipment, and it would be a suicidal folly to let the mortgage be foreclosed because we had not employed every means to make the equipment pay.

FINANCIAL PRICES CLIMB TO HIGHER GROUND

NEW YORK MARKET. (By direct private wire to McDougall & Cowans, 28 King Street, City.)

New York, April 16. Stocks to twelve noon. Open High Low

Table with columns: Stock Name, Open, High, Low. Includes Atchafalca, Allied Chem, Am Smelters, Asphalts, Anaconda, Bait & Ohio, Ball & Loring, Beth Steel, Bosh, C. P. R., Can, Chandler, Cen Lead, Cuban Cane Pfd, Gulf Steel, etc.

Optimistic Trade Reports Influence Wall Street—Dull in Montreal.

New York, April 16.—Prices continued their rise to higher ground at the opening of today's stock market in response to additional reports of business prosperity contained in week-end trade-reviews and earnings statements of individual companies.

Public utilities, food, independent steel and automotive shares enjoyed the best advances, but, in general, price fluctuations were rather narrow. Among the few outstanding strong spots were Hupp Motors, Corn Products, Federal Central, Colorado Fuel, Iron Products, Sloss-Sheffield, Crucible and Postum Electric, all up two to two points.

Call money opened at 4 1/2 per cent. Montreal Exchange. Montreal, April 16.—(10:30)—The opening of the local stock market was dull today, with business transacted over a narrow range.

BRING ALBERTA COAL TO TORONTO FOR \$16 Ottawa, April 16.—"You would need several additional machines to estimate the amount of coal in the province of Alberta," Joseph Erington, discoverer of the Alberta fields, told the coal supply last week.

NEW YORK FUR SALE. New York Auction Company, Inc. announces the following comparison of prices realized at its sale held April 10 as compared with the January 1923 sale.

WOLF, Canadian, 15 per cent. higher. Wolf, Western, 10 per cent. higher. Wolf, Siberian, 20 per cent. higher.

Marten, heavy section Pale, 10 per cent. lower. Stone Marten, 15 per cent. lower. Baum Marten, 25 per cent. lower.

Kolinsky, 30 per cent. higher. Fitch, Russian, no change. Fitch, German, 25 per cent. lower.

The company announces the following comparison of prices realized at its sale held April 11 as compared with the January 1923 sale:

Russa Sable, brown and pale, 10 per cent. lower. Wolverine, 10 per cent. lower. Squirrel, no change.

Muskrat, North West Canadian, no change. Muskrat, black, 15 per cent. higher.

The southern Appalachian area upon which America depends for her hardwood has fallen off 80 per cent. in production.

FREDERICK MARKETS. The prevailing prices today were as follows: Chickens, 35 to 40 cents. Poultry, 30 cents.

CHICAGO GRAIN MARKET. To twelve noon. Chicago April 16. May wheat, 124 1/2. July wheat, 124 1/2.

WINNIPEG GRAIN MARKET. To twelve noon. Winnipeg, April 16. May wheat, 124 1/2. July wheat, 124 1/2.

Gas and Petroleum In Western Canada

Progress Made in Developing These Two Resources in the Past Year.

During the year 1922 boring operations were conducted in different districts in the province of Alberta, in the North West Territories, the Railway Belt of British Columbia and some boring was done in the provinces of Saskatchewan and Manitoba.

Up to the end of the last calendar year, there had been about 230,000 feet of drilling done in Alberta alone. The results have been the discovery and development of one of the most gas-rich fields of the world, the output of which amounts to 180,000,000 cubic feet daily, and is used for domestic and industrial purposes in many of the towns and cities of southern Alberta.

In addition to the gas wells there are six wells producing oil in Alberta, all situated in the southern Alberta foothills area, and one well in Alberta, St. Louis, Southwestern, Missouri Pacific Pfd and B. & O.

Noon Report. New York, April 16.—(Wall Street, noon)—Speculative selling operations in the Pan-American issues had a restraining effect on trading but failed to develop sympathetic weakness in any of the other oils, except in Maryland and Pacific, each of which dropped a point.

Public utilities, food, independent steel and automotive shares enjoyed the best advances, but, in general, price fluctuations were rather narrow. Among the few outstanding strong spots were Hupp Motors, Corn Products, Federal Central, Colorado Fuel, Iron Products, Sloss-Sheffield, Crucible and Postum Electric, all up two to two points.

ONE AISLE CUTS THROUGH 5 STORES

And All Five Merchants Benefit, Not Being Competitors—Is Like One Big Shop.

A novel method of co-operation has been developed by five merchants in Minneapolis whose places of business adjoin. The plan is simply this—Connecting doors have been placed in the four separating walls and a passageway or aisle now extends through all five stores.

This passageway, crossing about in the center of each store, makes it possible for a customer entering one of the stores to shop in all the others without going outside. In other words, it makes for the convenience of the purchaser in doing stores, and the factor is all the more marked because the five co-operating stores, meats and baked goods, respectively.

The Hove Grocery Company, Pickering's (dry goods and furnishings), the California Fruit Store, Berry's Quality Meat Market and Thomson's Bakery are the establishments concerned. They are located at 23-27-31-33 Hennepin avenue, in the center of a very fine residence district.

The sales building possibilities of connecting doorways, are all put under the same roof, with all the advantages such an arrangement offers to the customers.

Silk From Wood Pulp A Growing Industry

Some Made from Canadian Raw Material but None Yet Manufactured Here.

Entering into the manufacture of all kinds of ribbons, ties, scarfs, hose, jerseys, velvets, satins, braids and trimmings for fancy textures, and other fibres into numerous fabrics is a cellulose product, known as artificial silk, that has been made in Europe for the last twenty years, and in the United States since 1911.

The manufacture of artificial silk the viscose process now much used. The raw material is cellulose in the form of wood-pulp, bleached as for paper making, and the chemicals for treating the pulp are caustic soda and carbon bisulphide. The labor, however, is the principal item of cost.

Some of the large factories employing as many as 3,000 men and women. Through some Canadian wood-pulp finds its way to French and Italian factories, no artificial silk is at present made in the Dominion yet imports now reach a value of over 22,000,000 a year, and these do not include the great quantity of imported fabrics partly made from artificial silk, for which no record is available.

SHIP LINES PLANNING TO SHIFT TO MONTREAL ROUTE. New York, April 16.—Two Shipping Board operators are planning to shift their services from United States ports to Montreal upon opening of navigation on the St. Lawrence.

Butter Declines. Butter declined 9 1/2 to 11c a pound in Montreal during the last ten days of the situation on Friday last. The Gazette of Saturday says: "The market opened weak at a further decline of 1c per lb. with sales of Quebec fresh-made fodder creamery butter at 22 1/2c per lb. but later in day a stronger feeling developed in the situation and prices reacted to 21c to 22c per lb. under the increased demand for supplies and a more active trade was done with sales at the close at 21 1/2c to 22c per lb. The first lot of filtered creamery butter from the Farm Products Grading Association was sold at 21c per lb. delivered here. There was an increased demand from grocers and other dealers for small lots of creamery butter and a fair trade was reported in a wholesale jobbing way in firm quantities at 20c per lb. in solid packages, and at 37c per lb. in 1-lb. blocks."

AMERICAN LURED TO COBLENZ BY LOW LIVING COST. Coblenz, March 15.—(By mail)—The cheap living in this part of the Rhine country continues to attract many Americans abroad, many of whom came here originally to visit the American occupation zone.

How it works out for the German is another matter. What is cheap to the foreigner is dear to him. In the case of automobile drivers, the American may use a taxi for a little, and the entire bill will not be more than \$3 or \$4, out of which the driver gets the equivalent of twenty-five cents.

One of these skilled laborers, now driving an automobile for hire, was an infantry captain during the war. After the war, he worked for the British and Southampton via Cherbourg. Str Manchester Express, 2649, from Manchester. Str Bosworth, 4140, from Havre and London. Sailed Yesterday. Str Manchester Producer, 4197, for Manchester via Halifax.

MERCHANTS HAVE CLOSE CALLS

A Smooth Stranger Nearly Gets Away With Goods on Worthless Check.

The efforts of a stranger calling himself a lieutenant of the Royal Navy to obtain a complete outfit of clothing and a motor car and to pay for them with checks on the Toronto branch of the Dominion Bank met with an almost complete failure last week.

The man, who registered at the Royal Hotel, took a taxi to Scovill Brothers and there got together a complete wardrobe, for which he paid with a check. He then endeavored to acquire a sports model automobile at the William Pirie, Son & Co. sales rooms, but the manager here was skeptical when he tried to borrow a ten-dollar bill on the strength of the check. In the meantime Scovill Brothers had made some inquiries and found the check he held to be worthless, so the bluster he displayed and gave up the check. It was learned the next day that he had checked out from the hotel and left for parts unknown.

Expect Close Pennant Races.

New York, April 15.—With the opening of the 1923 baseball season but a few days off, the regular pre-season forecasts in the major leagues are being given out by the magnates. All are of the opinion that the coming season will be a record one in the matter of close pennant races and public interest.

St. Johns Reorganized.

The St. Johns baseball team has been reorganized and will be strengthened by a battery and perhaps one other outside layer. Arrangements have been completed with the East End Club for the use of their grounds, and are to be put in first class condition. It is planned to secure good outside teams on a percentage basis. Alfred

Henderson has been appointed business manager, but a playing manager and captain have not as yet been named. The team, proposed playing three night games and on Saturday afternoons weekly.

St. Croix League.

St. Stephen, N. B., April 14.—The St. Croix Baseball League was organized here last night. Edward Chase, of Baring, was elected president and Leonard Webber, of St. Stephen, secretary. The teams in the league this year will be Calais, Woodland, Milltown, N. B., and St. Stephen. Each team will be allowed four imported men and no importation will be allowed after the first half of the schedule is played. The schedule will be drawn up next week.

BASKETBALL.

St. David's Boys Win.

St. David's Taxis Boys won from the Central Baptist team in the championship game played on Saturday night at the Y. M. C. A. The score was fourteen to twelve and the game was one of the fastest and most exciting had won seven games and lost one. Captain Connel, of St. David's, was the star player for his team and A. Arthurs and M. Bone shone for the Centrals.

The line-up and individual scores were as follows:

| | | | |
|-------------|-------------|----------|----------------|
| Central | Malcolm (6) | Forwards | Bone (4) |
| St. David's | Shaw (2) | Centre | A. Arthurs (6) |
| | Smith (6) | Defence | S. Arthurs (2) |
| | Fraser | McCrack | Connel |

High School Wins.

In the local Y. M. C. A. gymnasium on Saturday afternoon, the St. John High School basketball team defeated the Aberdeen High School, Moncton, by a score of 37 to 24. The game was very close and exciting and the visitors put up a game fight. J. P. McInerney refereed.

The line-up:

| | | | |
|----------|-------------|------------|--------------|
| St. John | Forwards | Moncton | |
| | St. John | Centre | Thompson |
| | Wattison | Defence | Morton |
| | Humphrey | Spares | Hutchinson |
| | Campbell | Stonchouse | McLaughlin |
| | Ewing, Gunn | Spares | E. Thompson. |

There was some very good play on Saturday evening in the St. Vincent's gymnasium when the St. Vincent's girls played their first basketball match of the season. Miss Kindred, physical instructor, refereed. Team A won the High School game by a

Fleet of Test Cars Prove Dominion Tire Mileage

When you equip your car with Dominion Tires you know that the type of tire you buy has been tried and proven on the type and weight of car you drive.

Dominion Tires are tested on a fleet of cars at the expense of the Dominion Tire makers, not on your car at your expense.

That extra dependability and super-service which you get in Dominion Tires is the combined result of years of the best manufacturing experience and of thorough testing on a fleet of cars, maintained for that purpose by the Dominion Tire factory.

These cars, all different in type and weight, travel fully loaded, practically every day in the year, in all weathers over every kind of road—75 per cent of them gravel roads. These tests accurately prove what a tire will do or not do. They are a sure guide to correct construction and materials.

This extra assurance of value adds nothing extra to the price.

BOWLING.

Elimination Roll-Off Tonight.

At a meeting held Saturday night arrangements were completed to have a three game roll-off between teams representing the Y. M. C. I. and Imperial alleys to decide which team will enter the Brunswick-Balke-Collender trophy tournament. The first game will be rolled tonight on the Y. M. C. I. alleys, the second Wednesday evening on the Imperial alleys, and if a third is necessary it will be rolled next Friday evening on the Army alleys.

Noted Stallion Burned.

Inchape, a noted racer and the prize stallion of the Harry F. Sinclair stable, Jostown, N. J., together with Cirrus, another stallion; twenty-nine mares and eleven colts, was burned to death in a fire which swept a stable on the Ranococas stock farm on Saturday night. Henry W. Tress put the total loss in animals at \$100,000, valuing Inchape alone at \$40,000.

St. John Branch, 64 Prince William Street.

GIRL BOXERS MUST BEAT BOXING OFFICIALS BEFORE THEY CAN BATTLE IN RING

IDA SCHNALL (left) who has temporarily given up water sports to train for boxing match with JEANNE LA MARRE (right).

Pittsburg, April 16—Jeanne La Marre of Pittsburg and Ida Schnall of Brooklyn want to meet in the ring on May 12. But it is expected that they'll run into opposition aplenty with the New York State Boxing Commission. Officially the commission has given no ruling on the proposed bout. On good authority, however, it is said that a permit for a ring battle between the two girls will be denied on the grounds that it would be detrimental to boxing.

"There isn't any reason why women shouldn't box," says Jeanne. "I've got as good a right to earn a living as the men boxers—and you can take that two ways." Her right certainly carries a beautiful punch. She also insists that there is nothing in the boxing laws to prohibit women from donning the padded gloves.
