## Acadia University.

Acadia College was founded by the N. S. Education Society in 1838. In the following year application was made to the N. S. House of Assembly for a Charter of Incorporation with the title: "The Trustees, Governors and Fellows of the Queen's College." An Act creating such a corporation with the powers of a University was passed in 1840. At the next meeting of the Legislature, this Act was amended by changing the name to Acadia College.

In 1851 the power of appointing the Governors of the College was transferred from the N.S. Education Society to the Baptist Convention of the Maritime Provinces. The developments of succeeding years made it necessary that various amendments to the original Charter should be obtained. In order to avoid confusion and bring the Act of Incorporation into more complete harmony with existing conditions, a general revision and consolidation of the different Acts relating to the College was proposed by the Board of Governors. The Report of the Committee of the Board, having been adopted by the Governors, was referred to the Convention. That Body at its meeting in Yarmouth, in August, 1891, after suggesting some modifications, approved the Report and instructed the Governors to apply to the Parliament of Nova Scotia for the necessary legislation. Accordingly a bill embodying the proposed alterations was passed by the two Houses at the session of 1891, and received the signature of the Lieutenant Governor on the 19th of May in the same year. A copy of the Revised Charter is appended.

## An Act respecting Acadia University.

Passed May 19, 1891.

*Be it enacted by the Governor, Council, and Assembly as follows:—*

At the end of each Session all the Classes will be examined on the studies of the Session. These examinations will be conducted for the most part by written papers; but oral examinations will be introduced at the discretion of the Faculty. An average of seventy-five per cent. of the maximum must be made to admit a student to first-class standing.

In order to maintain standing, a student must make 45 in each subject taken, both in term work and examinations.

At the close of each Session the standing of each student shall be reported to his parent or guardian, if desired.

## Degrees and Fees.

The degree of Bachelor of Arts is granted to students who satisfactorily pass the prescribed examinations of the College Course.

The degree of Master of Arts may be received at the expiration of three years after the first Degree—subject to the following regulation of the Senate:—

Application for the degree must be sent to the Secretary of the Faculty one year in advance of the time of conferring of the degree. The applicant will be expected to prepare a Thesis on some assigned subject, which must be forwarded to the Secretary of the Faculty before the first of March previous to the

time for conferring the degree. Before the next regular meeting of the Senate, the Secretary will communicate to the applicant the report of the committee appointed by the Senate for the examination of such Thesis.

The fee for an Honor Certificate is one dollar; for the Diploma of the Degree of B. A., four dollars; for that of M. A., six dollars.

These fees must be paid before the meeting of the Senate for voting the Honors and Degrees.

If a student is excused from a regular examination, he may have a special examination for which a fee of two dollars for each subject will be charged.

The aim of this Association is to bind together in friendship all those who have studied at Acadia, and to insure the life-long devotion of its members to the interests of the College, and, through her, to the cause of Education generally. All Alumni are cordially invited to become members, and to aid in promoting these objects. The membership fee is one dollar per annum. Our Funds, which were formerly expended chiefly in the bestowment of Scholarships and other Prizes, have been lately applied towards the support of a Professorship. The Society has now, however, undertaken the support and endowment of a chair in the University to be known as the "Alumni Chair of Physics." Mr. Frank R. Haley of the class of 1884, has been appointed to this Chair, and will enter on the duties of the place in October, 1892. Mr. Haley has been for some years a successful teacher in Norwich, Conn., and will spend the next year in study in Edinburgh, Scotland.

The Seminary is under the direction of the Governors of the University. In its administration and classes, it is practically distinct from the other departments. A special committee of the Senate will co-operate with the Teachers in arranging the Courses of Study and determining the conditions of graduation.

Provision is made for three courses of study.—The Classical, the Literary, and the Musical. A diploma bearing the seal of the University will be awarded to students completing any one of these courses. The Seminary Building is situated on elevated ground and in view of the varied and attractive natural scenery of the valley of Grand Prè. The expenses of the School are moderate. It is the purpose of the Governors to make its educational advantages equal to the best in the Maritime Provinces. For more particular information application may be addressed to the Principal, Wolfville, N. S.
