MOOSE HELD UP I. C. R. TRAIN

**Big Animal Near Painsac Junction
Took Its Own Time to
Move Away.
PLENTY GAME.**

With a big moose calmly standing on the track, surveying unmoved the I. C. R. express from P. du Chen bound for Moncton this morning, the train was obliged to stop in the woods between Painsac Junction and Painsac Junction, until the forest monarch saw fit to move. The locomotive crew sighted the animal when some distance away, and as the train came nearer and he did not move, a few loud blasts of the whistle. But his forest lordship did not start so easily, and it was not until the locomotive was a few yards away that he saw fit to abandon his position and allow the train to pass. In the mean time, the passengers on the train had flocked from the cars, and had a good view of the big animal, which with a great spread of antlers, was a fine specimen of the forest monarch. After standing on the track for a time, the moose calmly cleared the fence at the side of the track, and vanished into the forest recesses.

As an evidence of the plenty of game in the province at the present time, a trainman stated to the Transcript that on Saturday a moose was seen feeding on the outskirts of Sussex, and two partridges were shot the same day on the main street of the same town.

HEAD-ON COLLISION OF C. N. R. TRAINS

**Two Men Killed, Locomotives and Cars Ruined
Near Banning, Ont.**

ATTACKED BY BULL-ELK

WINNIPEG, Oct. 4.—A head-on collision between two Canadian Northern freight trains occurred near Banning, Ont. on Saturday afternoon, resulting in the death of Fireman Woodstock and Brakeman Lockhart of the west-bound freight. It is understood the east-bound freight, misunderstanding orders, ran past Lacombe, where it was to meet local freight No. 7 and met this head-on at full speed. Both engines were nearly demolished and a dozen cars were reduced to kindling wood.

TORONTO, Oct. 4.—While a mushroom hunting in Riverside Park, yesterday, Bartholomew Bowler, modelist, was attacked by a bull elk belonging to the city Zoo, and terribly mangled. Bowler saved himself from death only by locking his arms and legs around the elk's horns the animal finally dropping exhausted.

At a meeting of counsel for the various parties interested in settling the affairs between the defunct Ontario Bank and Bank of Montreal, held on Saturday, Referee Kappelle decided, with the consent of counsel, that the bank would decide whether the Ontario Bank shareholders must pay the Bank of Montreal's claim, or whether a new accounting must be made. Whatever the decision of Mr. Kappelle, however, the losing side will appeal.

MONTRÉAL, Oct. 4.—Fire broke out yesterday afternoon in the premises of the Montreal Cotton and Wool Waste Company on Common street, and did about fifty thousand dollars damage. It is thought it was caused by a gas leak, and a fire alarm was given.

**One of Our Stylish
Fall-Suits.**

An entirely new and absolutely exclusive style for young men that has created quite a sensation in the tailoring world. A clever merging of single and double-breasted styles with an effect that is both novel and pleasing.

SOMETHING GOOD AT OPERA HOUSE

**The Gladys Klark Company
Made Good in Initial
Performance.**

BILL TO-NIGHT.

The Gladys Klark Company opened last evening at the Opera House, presenting 'A Parisian Princess' to a fine house. The specialties were of a high order and the audience showed their appreciation by prolonged applause. Tonight's bill will be 'A Man of Mystery' and tomorrow night this company will put on 'A Devil's Lane'.

The company in its initial performance before a Campbellton audience made many friends and we bespeak good houses for the balance of the week.

RESTIGOUCHE COUNTY TEACHERS' INSTITUTE MEETING HERE

**Instinctive Addresses Delivered and Papers Read at
Meeting of School Teachers at
Grammar School.**

VISITORS WERE PRESENT.

Campbellton, Sept. 30, 1909. The Restigouche County Teachers' Institute met in the Grammar School, Campbellton on Sept. 30th and Oct. 1st, at 10 a. m. The president, J. D. Jones, in the chair.

Mr. Jones addressed the Institute, and read a paper on 'The Teaching of the Great Master' to set the teachers thinking rather than to instruct them. It was an excellent paper and did indeed set us thinking.

Dr. Hay followed with encouraging remarks. He said the time taken from our schools was not lost to the pupils, if we got something at the Institute to make our teaching better. Young teachers not only need experience, but if they have that love of children which will attract their pupils, they do a greater work than those of wider experience who do not have this. Direct pupils in the line of Nature Study for they love it and are obedient. Train the hand, the eye, the mind, children want some confidence in the teacher if there is entire sympathy between pupil and teacher. Teachers need a certain amount of knowledge and sympathy with the little ones.

The following teachers were enrolled:—
L. D. Jones, Dalhousie; Miss E. M. Winton, Glenora; Miss E. J. McNair, Head of Tide; Miss Mabel McLeod, Campbellton; Miss Irene Currie, P. du Chen; Miss Sarah McAffrey, Dalhousie; Miss Winnie Thorne, Campbellton; Miss Eliza Miller, Summerside; Miss Violet Napp, Campbellton; Miss Lena Miller, Dalhousie; Miss Georgia Jackson, Campbellton; Miss Sarah Duffy, Campbellton; Miss Flora Ingram, Flat Lands; Miss Annie McLean, Campbellton; Miss Grace Henderson, Campbellton; Miss Grace Gray, Dalhousie; Miss Ella Cook, Black Lands; Miss Ella Murphy, Beckettville; Miss M. Shaw, Dalhousie; Miss M. A. Flinch, Glenora; Miss Mary J. McNair, Campbellton; Miss Katie McNair, Campbellton; Miss Alice Dickson, Campbellton; Miss Jennie Carter, Campbellton; Miss Harriet Jacques, River; Miss Goldall, Chatham.

The second session of the Institute met at 2 p. m.

Mayor Murray on behalf of the Corporation, gave the Institute a warm welcome to Campbellton. President Jones suitably replied in a few words of thanks.

Dr. Hay then gave a most interesting paper on 'The Comparison of English Rural Schools with N. B. Rural Schools.' Obedience is taught the children at home and at school. The discipline is perfect, they are so carefully trained. The choice of the teacher is more nearly those of the home, and the training extends over a period of six years. Every school in England has its cottage for the master attached. Then followed a graphic description of the observatory which in the several school rooms. This paper was talked on freely by Miss Duffy, Mr. Jones and Dr. Hay.

A paper on the study of English Grammar by Miss McAffrey followed. We must begin with the very young pupils and read good literature together. In the higher grades by criticism of literature, picking out the best of it.

Dr. Hay then gave a most interesting paper on 'The Comparison of English Rural Schools with N. B. Rural Schools.' Obedience is taught the children at home and at school. The discipline is perfect, they are so carefully trained. The choice of the teacher is more nearly those of the home, and the training extends over a period of six years. Every school in England has its cottage for the master attached. Then followed a graphic description of the observatory which in the several school rooms. This paper was talked on freely by Miss Duffy, Mr. Jones and Dr. Hay.

MOORS REPULSED BY THE SPANIARDS

**Get Reinforcements From
Friendly Tribes Who
Flock to Riffl.**

NEW FEATURES.

MELILLA, Oct. 4.—Fifteen hundred Moors appeared yesterday on the heights of Mount Minier-Lika, but they were dispersed by the Spanish artillery. The Moors also made a feeble attack on the Spanish position at Nkror, but were repulsed. No further information has been received here of the outcome of the offensive movements of the Moors. The Spanish forces. Natives coming into Melilla report that the capture by the Spanish of Zein, the sacred city of the Rif, has aroused the tribes in the outland, who are flocking to join the Rif leaders.

the classical and biblical expressions, etc. and have choice portions memorized. Composition is the beginning of grammar, conversation in the lower grades and composition in the higher. Be careful and diligent in correction of all incorrect speech. This paper was favorably criticized by the President, Dr. Hay.

Illustrated lessons in Number Work was then given by Miss Duffy to pupils in Grades I and II. The lessons were most interesting, practical and helpful. Miss Duffy was commended by Dr. Hay for the method employed.

The Institute was then addressed by Rev. Hunter Boyd, who visited the Institute while in town.

Third session of the Institute met at 9 a. m.

Nominating reported as follows:—
Miss M. E. McNair, Pres.; Miss Duffy, Vice-pres.; Miss Dickson, Sec.

Additional members of executive:—Miss Elizabeth Cook, Black Lands; Mr. Jones, Dalhousie.

Resolution of condolence on the death of the late E. W. Lewis was handed in by the Com. Resolution accepted and read.

Following is a copy of resolution:—
Whereas it has pleased God in His infinite wisdom to call to his eternal reward Ernest W. Lewis, Principal of Campbellton High School, and for many years President of Restigouche County Teachers' Institute, thus removing from our midst one ever active in the discharge of the duties of a useful life and endeared to all the teachers by his kindly disposition and exemplary character.

Therefore resolved, that all the teachers here assembled at the first session of the Institute shall on record of the great loss the teaching profession of this county has sustained by the death of one so untiring in his efforts to promote the best interests of education and the advancement of his pupils.

And further resolved, that a copy of this resolution be entered on the minutes of this meeting.

Georgia Dickson, Margaret McNair, Sarah G. Duffy, Committee.

Dr. Hay gave a very interesting talk on Science Study. He believes in acquainting the pupils with the plants and animals of their own neighborhood. Have sympathy with the calling, such teacher shall receive such a proportion of the annual pension as the number of years actually taught have to the thirty years, and Dr. Hay referred favorably to the lesson given by Mr. Hageman, then spoke briefly on true planning.

Moved that the Institute extend a vote of thanks to the trustees of Campbellton for the use of the school building. Carried.

Mr. Jones moved a vote of thanks to Dr. Hay for his very able assistance. Carried.

Miss McNair thanked the Institute for the honor conferred upon her. Dr. Murray as Mayor of the town made a few fitting remarks to the visiting teachers and to those who assisted the Institute.

Charles Goupil, the young man captured at Quebec by Inspector Duhan Noble on a warrant for being implicated in the robbery of Mr. Carlin, of three hundred dollars, appeared before Judge Matheson Monday and was sent up for trial.

Nelson LeTerneau, also arrested on the same charge, is now before Judge Matheson and his examination will likely conclude this afternoon.

The Institute then adjourned to the Manual Training room where a very interesting lesson to Grade VI was taught by Mr. Alward. The model for the lesson was a pencil sharpener.

Fourth session of the Institute met at 2 p. m.

Mr. Hageman conveyed to the Institute greetings from the Chief Supt. who regretted his inability to be present.

Mr. Hageman referred to the value of drawing in schools. In N. B. not enough stress is laid on drawing in many schools. Drawing is a form of expression. It is natural for little children to draw, and the faculty given a chance, develops naturally.

Mr. Hageman displayed some very excellent drawings from his class of last year.

Mr. Duffy moved a vote of thanks to Mr. Hageman for his very able assistance. Carried. Mr. Hageman responded with a few fitting remarks.

Mr. Jones brought in a resolution relating to pension schemes for teachers and moved that the resolution be adopted by the Institute. Carried.

Whereas, it is in the interests of the teaching profession and for the good of the province, that teachers be encouraged to remain in the profession and as this cannot be accomplished unless the teachers are assured that their pension scheme will be carried out, they may retire and spend the remainder of their lives in comfortable circumstances and.

Whereas, it is currently reported that our legislature, at its next session, contemplates introducing a bill to provide a pension for teachers who have spent their lives in active school service in the province.

Resolved, that the teachers of the County of Restigouche plan themselves on record approving such a pension scheme and that the term of active service be not longer than thirty years, and that the pension for male teachers not less than \$200, and for female teachers not less than \$150, and after twenty years of active service, should any teacher become disabled, and not able to follow the teaching profession nor any other calling, such teacher shall receive such a proportion of the annual pension as the number of years actually taught have to the thirty years, and Dr. Hay referred favorably to the lesson given by Mr. Hageman, then spoke briefly on true planning.

Moved that the Institute extend a vote of thanks to the trustees of Campbellton for the use of the school building. Carried.

Mr. Jones moved a vote of thanks to Dr. Hay for his very able assistance. Carried.

Miss McNair thanked the Institute for the honor conferred upon her. Dr. Murray as Mayor of the town made a few fitting remarks to the visiting teachers and to those who assisted the Institute.

Charles Goupil, the young man captured at Quebec by Inspector Duhan Noble on a warrant for being implicated in the robbery of Mr. Carlin, of three hundred dollars, appeared before Judge Matheson Monday and was sent up for trial.

Nelson LeTerneau, also arrested on the same charge, is now before Judge Matheson and his examination will likely conclude this afternoon.

Monday, Oct. 4.—We received on this date 110 baskets champagne grapes for wines and jellies. Same were sold inside three hours at McKennie & Trueman's, Campbellton's business store.

AGENT GENERAL WAS KILLED

**Fell From a Window at Sanitarium
While Confined
There.**

NERVOUS TP

MARGATE, England, Oct. 3.—Chas. A. Duff Miller, Agent General in New Brunswick in London, since 1896, fell from a window here yesterday and was killed. Mr. Miller was born in Ontario in 1854.

At the time of his death Mr. Miller was staying in a sanitarium, an agent of a nervous trouble. An attendant was constantly in charge, but Mr. Miller succeeded in scaling the wall and jumping out of a window.

It is assumed that he jumped out for his body was found in the yard beneath.

MUCH BIG GAME UP SOUTH EAST

**Jeff Morrison and Chas. Gray Return
With Hunting Party Up
Upsalquitch.**

FINE HEADS SECURED.

The headwaters of the Restigouche are the far best hunting grounds for big game in the province of New Brunswick, and at that a number of big game hunters are flocking to the region to hunt. Large numbers of sportsmen to Campbellton, to take advantage of this region thoroughly and encourage the young hunters who are flocking to the region to take out game, setting traps.

Mostly, Jeff Morrison and Chas. Gray, with Louis Manierre and Norris Henderson of Chicago, spent three weeks at the South East Upsalquitch, and were very successful, although the weather was the worst these gentlemen have ever known. The country is fairly alive with big game, the party seeing thirty-four moose, six or seven being large bulls, one which they secured having a magnificent head, with a spread of fifty-six inches, with twenty-three points on one, and fifteen on the other. Each bull had a spread of thirty inches and a spread of thirty inches.

Whereas, it is in the interests of the teaching profession and for the good of the province, that teachers be encouraged to remain in the profession and as this cannot be accomplished unless the teachers are assured that their pension scheme will be carried out, they may retire and spend the remainder of their lives in comfortable circumstances and.

Whereas, it is currently reported that our legislature, at its next session, contemplates introducing a bill to provide a pension for teachers who have spent their lives in active school service in the province.

The Cook and Peary struggle for Pole is only beginning.

Aeronauts now claim that ballooning is a cure for many ailments. But the continued to multiply more rapidly than cures.

A big shipbuilding company is being formed in Montreal—'Boated', 'no formed', would seem to be the proper word there.

If reports of the decadence of the Equinox are reliable, the Pole will soon be an impossibility owing to the lack of trained help.

Bole hunters, sacking Commander Peary's vessel. This is a species of vandalism that seems on the increase with no hope of abatement.

A new sea predicts that the top crust of the earth will peel off. What a fine skin diamond we will all have to play on when that happens.

Still, the example of the Polar, tourists will not be confounded. Discovering the equator in winter will be a much more popular out of door sport.

It ought to be easy to be honest in Mars, where it appears the climate is so dry there are no umbrellas to tempt a man from the path of honesty.

President David Starr Jordan unqualifiedly condemns Japan's record as a sea-poacher. The Japanese will not be found as compliant as Canadians were.

There is nothing apparently to show that the North Pole is any different from any other spot in all the countless miles of eternal ice and snow. But it is the Pole.

It remains to be seen whether Montreal has really reformed or is merely indulging in age of those virtuous spasms that even hardened sinners occasionally experience.

It is estimated that 115,000 adult males in New York city make a living by 'their wits', without in any sense being an economic factor aiding in production or distribution.

It is worth noting that Dr. Cook had no spirit with him on his expedition not because prohibition is in force in the Arctic Circle, but because he did not need intoxicants.

A contest of endurance between an evangelist and a lecturing agnostic in Cleveland lasted over six hours, and the agnostic won. It is fortunate that eternal truths are not settled in that way.

The question whether the Polar star is right over the Pole cannot be definitely settled, because, Cook says, it is daytime all the time when any one can get there. Boreholes are afraid to go home in the dark.

Imports at the port of New York are growing rapidly, showing an increase of from 35 to 50 per cent. over the values of a year ago. Receipts of from \$1,000,000 to one million and seventy thousand dollars are not unusual in a day.

As the result of ninety days' racing at Victoria, B. C. one man has disappeared several thousand dollars in the hole, and three banks are unable to locate missing clerks. And yet there are people who favor betting on horse races.

Frank Wootan, England's best jockey who won 66 races in three months early this year on the English turf, is an Australian boy only 15 years old. He won his first race when less than 10 years old. His income is now as much as a cabinet minister's.

A London, England, police magistrate had a poor the other day when a young woman appeared in court and asked: 'Has my husband any right to go for holidays without taking me?' The magistrate not being a Solomon had to 'give it up'.

The Toronto Exhibition was not in progress forty-eight hours before there were five cases of blowing out the gas by rural visitors in one hotel and two by another, the latter likely to be fatal. There must be something topside about the educational advantages of the 'Big Fair in Ontario' or the rural population must be unusually dense.

The oldest priest in the world at present is, most probably, Canon Chas. Cadotte, born at Lile, France, April 10, 1806, and ordained seventy-seven years ago. And he is still in active service, as pastor of St. Roch—a position he has occupied since the year 1846, the year of the accession of Plus the Ninth. Five years ago when the venerable priest attained his ninety-eighth birthday, the dean of the district in a congratulatory letter ventured to suggest thoughts of his 'retiring from active ministry'. Canon Chas. Cadotte, reading the letter, then sealing his hat and cane he proceeded on foot to interview his superior—and he has not retired yet.

(Paul S. Remond, in the Atlantic)

A short time ago, in an interior village in Kiang Su, a woman, ambitious to become educated, killed herself after bad treatment from her husband's relatives. Her farcical letter was everywhere copied by the Chinese press. It has become a national document, and almost a chapter of the new movement. In it occur the following sentences: 'I am glad of the day because my husband's parents, having found great fault with me for having unbowed my feet and declared that I have been disgraced, have decided to put me to death. Maintaining that they will be severely censured by their relatives if I enter a school and receive education. They have been trying hard to deprive me of life. In order as they say, to keep beforehand all the trouble that I may cause. At first they intended to starve me, but now they compel me to commit suicide by taking poison. I do not fear death at all, but how can I part from my children who are so young? I have no other resource but to commit suicide. But the more thought of the destruction of my ideals and of my young children, who will without doubt be compelled to live in the old way, makes my heart almost break! The thought of my young children is beginning to make its impression upon the Chinese people and is turning them to favor more liberal religious customs.'

Stomach troubles move more quickly to disappear if the diet of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. When these 'inside nerves' fail, then the organs must falter. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 48 hours after starting the Restorative treatment patients say they realize a gain. \$2.50 by all dealers.

SEVEN SHOTS FIRED AT WOOL THIEVES

ST. STEPHEN, Sept. 30.—An attempt was made last night to steal a lot of wool from F. N. Carter's store, and policemen were stationed where the highway bridge near St. Croix Junction is two feet under water and no trains are expected over the Washington County Railway today. The Princeton Branch of the railway is flooded, and it will be three or four days before trains can get through in that direction. Should the dam at Princeton give way, of which there is some fear, the consequences will be serious.

MARTYRS OF IGNORANCE

A short time ago, in an interior village in Kiang Su, a woman, ambitious to become educated, killed herself after bad treatment from her husband's relatives. Her farcical letter was everywhere copied by the Chinese press. It has become a national document, and almost a chapter of the new movement. FOUND GUILTY OF MANSLAUGHTER

Verdict Returned in Poll Murder Trial

PERTH, Oct. 2.—After deliberating for one hour and fifty minutes the jury in the case of Samuel Poll, at Andover yesterday, returned and R. Bruce Ritchie, the foreman, announced: 'May it please your honor we find the prisoner guilty of manslaughter but ask that you be merciful.'

The prisoner, with pale face, watching the jury file into their places and heaved a pitiful sigh when the verdict was announced. He is liable to a maximum penalty of imprisonment for life, and the minimum punishment is optioned with the judge. The unfortunate man will know tomorrow morning what his sentence is to be. The prevailing impression here is that since the jury strongly recommended mercy, the sentence will be comparatively light.

POLL GOES FOR TWELVE YEARS

Samuel Poll for the murder of Jas. Orr, was sentenced at Andover at 2 o'clock today by Judge McLeod to twelve years in Dorchester. His honor announced that the sentence would be comparatively reduced for good behavior.

CANADIAN BANK ROBBER CAUGHT

One of the Men Who Looted Bank of Nova Scotia at Rainy River, Ont. Captured in Pittsburg

TORONTO, Oct. 2.—A man supposed to be the ring-leader of a band of daring robbers, who entered the Bank of Nova Scotia at Rainy River, July 2 last and boldly robbed the bank in broad daylight of \$3,500, has been captured.

Word to this effect was received yesterday in a special despatch from Pittsburg, together with some of the details of the manner in which the robbers fled from the scene of the crime and of how their capture was effected. W. Ladyslaw, Szymaniak, the man under arrest, is a Pole. He is quite young, big and well built, and has a long record of daring crimes in Canada. Proceedings are now under way to have him extradited.

\$500 FOR ONE SHORT STORY

Arthur Stringer, the Canadian novelist, was lured recently by poetry received the same recognition in a day as it used to. He replied that it undoubtedly did but the short story had become so extremely popular that all the clever writers were turning their attention to it instead. He added that he had just been paid \$500 for what he termed a 'poor story'. Probably Mr. Stringer wrote that story in one afternoon or evening. Just think of that. It illustrates the tremendous popularity of the short story today. The number of short story magazines is increasing though it cannot be said that the quality of the stories is getting better. Apparently the more stories that are printed, the lower the standard. Our Canadian magazine, the Bony Man, has been forging ahead rapidly of late in the item of short stories, and in its October number there are to be found five really clever pieces of work which stand out prominently from the mass of mediocre fiction now being published. This is a new departure for the Bony Man and as it has always been strong in its general articles, so it is now aiming to excel in both the quantity and the quality of its fiction.

The wholesome, harmless green leaves and tender stems of a lung healing mountainous shrub, give to Dr. Shoop's Cough Remedy its curative properties. Tickling or dry bronchial coughs quickly and simply yield to this highly effective Cough medicine. Dr. Shoop assures mothers that they can with safety give it to even very young babies. No opium, no chloroform—absolutely nothing harsh or harmful. It cures the irritating cough, and breaks the sensitive membrane. Accept no other. Demand Dr. Shoop's. Sold by all dealers.

Was Taken Very Ill with DIARRHOEA. WAS WEAK AND DISCOURAGED. DR. FOWLER'S EXTRACT OF WILD STRAWBERRY CURED HIM.

Mr. T. W. Robertson, Elm Valley, Man., writes:—'I was taken very ill with diarrhoea, and tried everything I had ever heard of, as being good for it, but, without success until I was finally advised to try Dr. Fowler's Extract of Wild Strawberry. I was so weak and discouraged that I didn't expect to derive much benefit from it, but I am happy to say, that after I had taken two doses I was greatly relieved, and a few more entirely cured me. I feel now as well as ever, and I consider myself fortunate to get such a marvelous relief after expecting to die.'

'We wish to warn the public against being imposed on by unscrupulous dealers who peddle cheap imitations of "Strawberry Compound" for Dr. Fowler's.

If you want to be on the safe side, ask for Dr. Fowler's Extract of Wild Strawberry and insist on getting what you ask for.

The original is manufactured only by The T. Millard Co., Limited, Toronto, Ont. Price 35c.

FOUND GUILTY OF MANSLAUGHTER

Verdict Returned in Poll Murder Trial

PERTH, Oct. 2.—After deliberating for one hour and fifty minutes the jury in the case of Samuel Poll, at Andover yesterday, returned and R. Bruce Ritchie, the foreman, announced: 'May it please your honor we find the prisoner guilty of manslaughter but ask that you be merciful.'

The prisoner, with pale face, watching the jury file into their places and heaved a pitiful sigh when the verdict was announced. He is liable to a maximum penalty of imprisonment for life, and the minimum punishment is optioned with the judge. The unfortunate man will know tomorrow morning what his sentence is to be. The prevailing impression here is that since the jury strongly recommended mercy, the sentence will be comparatively light.

POLL GOES FOR TWELVE YEARS

Samuel Poll for the murder of Jas. Orr, was sentenced at Andover at 2 o'clock today by Judge McLeod to twelve years in Dorchester. His honor announced that the sentence would be comparatively reduced for good behavior.

CANADIAN BANK ROBBER CAUGHT

One of the Men Who Looted Bank of Nova Scotia at Rainy River, Ont. Captured in Pittsburg

TORONTO, Oct. 2.—A man supposed to be the ring-leader of a band of daring robbers, who entered the Bank of Nova Scotia at Rainy River, July 2 last and boldly robbed the bank in broad daylight of \$3,500, has been captured.

Word to this effect was received yesterday in a special despatch from Pittsburg, together with some of the details of the manner in which the robbers fled from the scene of the crime and of how their capture was effected. W. Ladyslaw, Szymaniak, the man under arrest, is a Pole. He is quite young, big and well built, and has a long record of daring crimes in Canada. Proceedings are now under way to have him extradited.

\$500 FOR ONE SHORT STORY

Arthur Stringer, the Canadian novelist, was lured recently by poetry received the same recognition in a day as it used to. He replied that it undoubtedly did but the short story had become so extremely popular that all the clever writers were turning their attention to it instead. He added that he had just been paid \$500 for what he termed a 'poor story'. Probably Mr. Stringer wrote that story in one afternoon or evening. Just think of that. It illustrates the tremendous popularity of the short story today. The number of short story magazines is increasing though it cannot be said that the quality of the stories is getting better. Apparently the more stories that are printed, the lower the standard. Our Canadian magazine, the Bony Man, has been forging ahead rapidly of late in the item of short stories, and in its October number there are to be found five really clever pieces of work which stand out prominently from the mass of mediocre fiction now being published. This is a new departure for the Bony Man and as it has always been strong in its general articles, so it is now aiming to excel in both the quantity and the quality of its fiction.

The wholesome, harmless green leaves and tender stems of a lung healing mountainous shrub, give to Dr. Shoop's Cough Remedy its curative properties. Tickling or dry bronchial coughs quickly and simply yield to this highly effective Cough medicine. Dr. Shoop assures mothers that they can with safety give it to even very young babies. No opium, no chloroform—absolutely nothing harsh or harmful. It cures the irritating cough, and breaks the sensitive membrane. Accept no other. Demand Dr. Shoop's. Sold by all dealers.

NOTICE OF ASSIGNMENT, OF MEETING OF CREDITORS AND TO FILE CLAIMS.
Take Notice, that Murdoch G. Mann and Joseph Baxter of the Town of Campbellton, in the County of Restigouche, doing business as co-partners under the name, style and firm of Mann & Baxter, Contractors, pursuant to the provisions of Chapter 141, of the Consolidated Statutes of New Brunswick, 1905, entitled "An Act respecting Assignments, and preferences by Insolvent Persons," did on the 1st day of October, A. D. 1909, make a general assignment for the benefit of his creditors, to John Harquail of Campbellton, in the County of Restigouche, a member of the firm of J. & D. A. Harquail, Limited.

And also that a meeting of the creditors of the said Mann & Baxter, will be held in Murray's Hall, Campbellton, N. B. on Monday, the 11th day of October, A. D. 1909, at two o'clock in the afternoon, for the appointment of inspectors, and giving of directions with reference to the disposal of the estate, and the transaction of such other business as shall legally come before the said meeting. And further take notice, that all creditors are required to file their claims duly proven with the assignee within three months from the date of this notice, unless further time be allowed by the Judge of the Supreme Court or County Court, and that all claims not filed within the time limited, or such further time as may be allowed by any such Judge shall be wholly barred of any right to share in the proceeds of the estate, and the said assignee shall be at liberty to distribute the proceeds of the estate as if any claims not filed as aforesaid, did not exist, but without prejudice to the liability of the debtor thereon.
Dated at Campbellton aforesaid, this 2nd day of October, A. D. 1909.
JOHN HARQUAIL,
Assignee.

Fine fall weather has prevailed for the past three or four days and the country is drying out, after the drenching of last week.

TUNING AND REPAIRING

Walter C. Day, graduate tuner and repairer of pianos and organs, will be in town on Oct. 1st, or within a week of that date. Orders may be left with D. P. Graham, Satisfaction guaranteed. Business attended to in all parts of the North Shore.

DIED

At the home of his parents, New Richmond, on Thursday, Sept. 29th, 1909, after an illness of over two years, John Clement Dimock, formerly of Worcester, Mass., aged 33 years, 3 months and 25 days; youngest son of Mr. and Mrs. Wm. Dimock, and beloved husband of Edie M. Pidgeon.

MERAMICHI LOGS ADRIPT

The big freight of the last few days sent a large quantity of logs adript on the Miramichi. Hundreds of logs said to belong to Mr. Sullivan, came down the North West, and a large number came from the Barnaby River boom. Many of them were picked up off Chatham.

QUICKEST ON RECORD

The S. S. General Consul Pallen, Capt. Christie, Copenhagen, sailed from Chatham, Aug. 28th, with 1215 cwt. of grain; discharged cargo at Belfast, Ireland, and arrived at Campbellton, Sept. 28th. This is said to be the quickest trip on record in the North Shore lumber trade—Chatham World.

SEVERE TREATMENT

We learn from the St. John papers that Mr. Hanco Logan, ex M. P., Amherst, called to see Bruce Macdonough the other day, and was not permitted to do so. If he was a condemned man, he would be allowed to hold regular receptions and receive bouquets and sweetmeats, as Collins did. But he is a political prisoner, convicted unjustly of publishing obscene matter, and is forbidden to receive a visitor. The authorities are treating Macdonough with a severity that borders on the burlesque—Chatham World.

BULP MILL AT WORK

The Miramichi pulp mill is running again. It is reported that some of the men have not been taken on because they took the lead in knocking off when payment was not forthcoming, and after patiently waiting for weeks, applied to the law to assist them in getting their earnings. We hope this report is untrue. Surely there is no white man in a civilized country like this, who is such a nigger-driver in soul as to blame a man for quitting work after eight weeks of unemployment and employing a lawyer after four or five weeks more of waiting for his pay. If there is such a man in this community, show him up—World.

OBITUARY

The death of Mrs. Geo. Dixon took place at her home, Broadlands, P. Q. Sept. 25th, after an illness extending over a number of years. She was formerly Miss Dorothy Duncan of Maple Green, Restigouche, and was the wife of Mr. George Robinson, of this place, was united in marriage to Mr. Fred P. Adams of Broadlands, Que. The ceremony was a very quiet one, only the immediate relatives of the contracting parties being present. The bride who was given away by her uncle, was her travelling suit of navy blue jaded cloth with blue hat to match, and white Brussels net blouse. The bride was attended by her sister, Miss Flora Robinson, while Mr. Charles Adams supported his brother. The groom's to the bride was a solid gold watch chain, and the bride's a pearl brooch. The church was very prettily decorated for the occasion. After a dainty luncheon served at the home of the bride's mother, the happy couple left by train for their future home at Broadlands, amidst showers of rice and good wishes.

ALMA-MATROBIN

A very pretty wedding took place in St. Paul's church, Shigawake, on Wednesday, Sept. 1st, at 9 a.m. when Miss Gladys, eldest daughter of Mrs. George Robinson, of this place, was united in marriage to Mr. Fred P. Adams of Broadlands, Que.

The ceremony was a very quiet one, only the immediate relatives of the contracting parties being present. The bride who was given away by her uncle, was her travelling suit of navy blue jaded cloth with blue hat to match, and white Brussels net blouse. The bride was attended by her sister, Miss Flora Robinson, while Mr. Charles Adams supported his brother. The groom's to the bride was a solid gold watch chain, and the bride's a pearl brooch. The church was very prettily decorated for the occasion. DRINK, CURED

New system of treatment. Recently discovered Remedy that Cures Rapidly and Permanently. Marvellous Results obtained that makes our remedy one of the wonders of Modern Medicine. Patients cured secretly at their own will and knowledge. No suffering, no injections, no loss of time, or detention from business, no bad after effects.

Free We send by mail free of charge, our 64 page book, which fully explains our system of treatment, of how the drink, tobacco and drug habit can be rapidly overcome and cured. This book is sent in a plain envelope, postpaid on observation, as no one can tell what your letter contains. All correspondence absolutely secret and confidential. Address: DE SILVA INSTITUTE, 55 University St., Montreal, Can.

STEEL SHIPBUILDING

The first steel steamship ever built in a maritime province of Canada is under construction at Miramichi, Nova Scotia. A great development is expected in this industry, which, in the past of wooden craft, was such an important factor in the prosperity of the provinces bordering on the Atlantic coast.

Another lot Blue Grapes or white, Jellies, etc. to arrive Thursday. McKenzie & Trueman.

ROADS ARRESTED

On Saturday I. C. R. Inspector Duncan Noble arrested four young men at Bathurst, charged with creating a disturbance at the depot there. They were up before the Magistrate and fined from \$6 to \$10 each. Since the railway to the mines has been under construction there has been considerable rowdiness about the Bathurst depot, which the authorities are bound to suppress.

The up-to-date grocery—McKenzie & Trueman.

A BAD FAILURE

The failure of Messrs. Mann & Baxter is the worst that has taken place in Campbellton for many years. The liabilities are heavy with practically no unsecured assets. The firm had under construction by contract, a large number of houses for private parties, on which in some cases the full amount of the work done had been paid for, and these parties now find that mechanics and other liens are recorded against them, which will mean that more than the contract price will have to be paid, besides delaying the completion of the work. Another regrettable feature of the failure is the number of individuals who are out from \$200 to \$500 by endorsing notes for this firm. These parties in some cases have not done a dollar's worth of business with the firm, yet they will be called upon to pay the amounts of the various notes bearing their autographs. The list of note-holders' names appearing in the liabilities is large. The liabilities are considerably over \$25,000.

**Could Not Lie On His Left Side
Heart Would Stop.**

Hundreds of people go about their daily work on the verge of death, and yet do not know it. It is only when the shock comes that the unsuspected weakness of the heart is apparent. There is only one cure, and that is

MILBURN'S HEART AND NERVE PILLS

Try Them and Be Convinced.

Mr. Paul Poul, Casapedia, Que., writes: "About five years ago I gave up all hope of getting better of heart trouble. I would nearly choke, and then my heart would stop beating. I could not lie on my left side, and became so nervous and weak I could not work. A friend told me to try Milburn's Heart and Nerve Pills, and before the first box was taken I was almost well, and the second box completed the cure. I have advised many others to try them, and they have all been cured of the same trouble. I have offered to pay for a box for anybody they do not cure."

Milburn's Heart and Nerve Pills are 50c. per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
