## LONG STRETCH OF SIDEWALKS

After Years of Talk Town Now  
Has Permanent Walks.

A stretch of concrete sidewalk from the corner of Ramsey and Water streets to the corner of Roeberry and Superior is now laid and is indeed a credit to the town.

Most of this walk which is over a mile long, was put down this year under the present council's progressive policy.

The season's work is about over. The walk will be continued up Andrew street as far as the Grammar School, and then the walk commenced on Main street will be finished. This will probably be the season's program.

The Graphic thinks that a start should be made to make property owners pay a portion of the cost of such walks along their property. In this way much more work could be done each year and the burden on the taxpayers would be less.

Why not look into this matter at least.

CONNOLLY—McKAY

A very pretty wedding took place in St. Patrick's Church, Nelson, on June 22nd, when Rev. Father Eliahtoff united in marriage Miss Mary Irene McKay, daughter of Mr. and Mrs. Thos. McKay of Nelson and Joseph E. Connolly of Ramoth River.

The bride was becomingly dressed in white satin with hat to correspond and carried a white prayer book.

The bridesmaid, who also wore white satin was her sister, Miss Marie McKay and the groom was supported by Mr. Kirk Masterson, of Kirkwood.

After the ceremony the bridal party drove to the home of the bride's parents, where they partook of a dainty wedding breakfast. Following good wishes and congratulations they motored to Barnaby River to the home of the groom, where dinner was served.

The groom's gift to the bride was a gold pendant, to the bridesmaid, a ring, to the groomsmen, a set of cuff links. In the afternoon they motored to Newcastle and left on the Ocean Limited for a wedding trip to Quebec. On their return they will reside in Campbellton. Their many friends wish them a long and happy wedded life.

BUILDING ACTIVE.

Campbellton is again this year enjoying quite an active building trade. Eight or ten new residences are under way, besides one large concrete and brick block. Other residences are planned and it is expected at least twenty will be built this year. Besides these a large number of properties are being improved, and with the amount of civic work being undertaken employment is given to a large number of men, so that on the whole business in Campbellton is better than many north shore towns.

## FARMERS WIN IN ALBERTA

Have Elected Thirty-Eight Followers in Legislature.

Calgary, July 19.—The farmers have swept Alberta. At ten o'clock, last night it was apparent that nominees endorsed officially by U. F. A. had been elected to at least 38 out of the 61 seats in the legislature of the province. This demonstration of their strength involved the defeat of the Liberal government, headed by Hon. Charles Stewart.

The Liberal group in the next house will number not more than 15 and perhaps less. Labour elected four and these can be added safely to the voting strength of the forthcoming farmer administration. Four independents also made their way to the legislature, including "Boby" Edwards, editor of the "Edmonton Journal," who ran second in Calgary.

No straight Conservative was elected. General G. S. Stewart, the winner in Lethbridge, is described as an Independent-Conservative.

Premier Stewart has six colleagues in his cabinet. Three of them were defeated by U. F. A. candidates and three were elected. Hon. Duncan MacLean, in Taber, and Hon. George Smith in Camrose; Hon. J. R. Boyle, attorney general, was elected in Edmonton, but defeated by a farmer in Sturgeon. Hon. J. L. Cole won his fight in Grouard and Hon. C. R. Mitchell in Bow Valley.

About two hundred men are employed in and about the mill. Fortunately for these and the prosperity of the community at large the upper mill was practically ready to run and Mr. W. S. Richards immediately gave orders to have it in operation this morning.

The loss will be very heavy as a mill of the capacity of that destroyed cannot be erected to-day for less than \$125,000 and the insurance is only a portion of that amount.

NEW CARLISLE.

Mr. and Mrs. Robert A. Ross have returned from a visit to Edmonton. Mrs. Ross' former home and also spent some time in Campbellton and Broadlands.

Mrs. James Campbell is visiting her daughter Mrs. R. A. Ross. The recent rains, were a great help to the crops of this vicinity.

Mr. McDonald and Mr. Dobson, who recently lost their homes by fire, have commenced building again.

Friends of Mrs. Wm. Sheppard, who has for some time been ill, will be pleased to hear that she is improving, although not out of danger.

Mrs. J. R. Hughes and little daughter have returned from a visit to Sydney, N. S. Mrs. Hughes was accompanied by her sister who will remain until the end of the month.

Mr. Wilson Astle, returned on Wednesday from Montreal, where he purchased a new car. He was accompanied on the motor trip from Montreal, by his sister Miss Lillian, who is spending her vacation with her parents Mr. and Mrs. E. Astle.

## RICHARDS MILL DESTROYED

Fine Mill Burned Tuesday Evening, Loss Will Be Heavy.

Tuesday evening about 10 o'clock the sky to the east of Campbellton was illuminated by the glare of fire. Soon a general alarm was rung in and word was given out that the Richard Manufacturing Company's mill at Richardsville was on fire.

The Campbellton Fire Department with the steamer and a large quantity of hose was immediately dispatched.

The mill however was doomed to destruction and every effort was made to save the lumber pile in the vicinity and surrounding property, which was entirely successful as only the mill was burned.

The huge lumber piles were, fortunately, well soaked by the rain which had fallen during the day and with the effort of the firemen prevented any extension of the blaze.

The Richards lower mill was built shortly after the Campbellton fire, having been destroyed by embers from that conflagration. It was one of the most up-to-date mills in the district, and this past spring its capacity had been nearly doubled by the installation of much valuable machinery.

The fire originated in the mill proper in the vicinity of the lath machines. It is thought and made rapid progress. How it originated is a mystery as the mill had been down from 6 o'clock. Two watchmen, one in the mill and one in the engine room were on duty.

About two hundred men are employed in and about the mill. Fortunately for these and the prosperity of the community at large the upper mill was practically ready to run and Mr. W. S. Richards immediately gave orders to have it in operation this morning.

The loss will be very heavy as a mill of the capacity of that destroyed cannot be erected to-day for less than \$125,000 and the insurance is only a portion of that amount.

## MOST ENJOYABLE S. S. PICNIC

Large Crowd at New Mills Enjoyed Day at Sea Shore.

The Union Sunday School picnic held at New Mills last Thursday proved a most enjoyable one.

There was well over eight hundred men, women, children and babies in attendance and all had a good time. The beautiful grounds at New Mills were never in better shape, and picnic parties scattered under the trees in all directions.

Large numbers enjoyed the bathing while others went motor boating. A very exciting game of ball was played between the married and single men which resulted, up to the time the ball was batted to pieces, in a victory for the singles, but the married men were going strong.

A lengthy programme of sports was carried out. At about 4.30 the severe electrical storm struck the beach, but all the picnic crowd were comfortably placed in the picnic cars.

This is the first picnic since early in the war, and although it was not as well advertised as it might have been, and some missed it, yet it was one of the most enjoyable held at that popular picnic place.

CANADA'S SHARE.

Canada's share of the reparations which Germany is to pay the British Empire has been fixed by the prime ministers' conference at \$500,000,000.

WAGE CUT TO

RAILWAY MEN

Thirty Thousand Affected By Agreement Reached Last Week.

Montreal, July 13.—Thirty thousand men are affected by the tentative agreement reached to-night by the Railway Association of Canada and the representatives of the locomotive and car departments of the leading Canadian railways.

The reduction in the rate of wages effective immediately is eight cents an hour and the railways involved are the C. P. R., C. N. R., the Grand Trunk and the more important of the smaller Canadian railways.

HEAD ON COLLISION.

Saturday night about 10 o'clock Henry Dunn of Glenview, while driving on Roseberry St. at a lively clip ran into an auto driven by Wm. McKinnon. The collision was directly head on, and took place just above the old L. N. R. railway crossing.

Fortunately no one was injured, but the car was both badly damaged. Dunn was entirely to blame and he was summoned to appear before Judge Matheson Tuesday, and fined \$3.00 and costs, besides agreeing to pay for the repairs to McKinnon's car.

A BIG TROUT.

Mr. John Dickie is authority for the statement that the caretaker at St. James' Church, to meet in Newcastle in 1922 was heartily accepted, the date of the meeting to be appointed by the executive committee.

## ONG PROTEST AGAINST CUT

C. B. of R. E. Pass Resolution at Montreal Meeting.

Montreal, July 19.—A resolution protesting strongly against the wage cut of 12 per cent. Proposed by the Canadian railways following similar action in the United States and pledging full and undivided support to the committee representing the members of Montreal local of the Canadian Brotherhood of Railway Employees, was passed unanimously tonight at a meeting of some 300 members of the brotherhood here.

Impassioned speeches were made against the reduction saying that the cost of living did not authorize it, and that the effects of it would sooner or later rebound upon the railways.

BERGSON MANOR.

Miss Ethel Miller spent the week-end, here the guest of Mrs. F. Warman.

Mrs. Daniel Clarke and Miss Edna Warman who were the guests of Mrs. Wm. Barry, returned home on Saturday Limited.

Mrs. Crawford and Mrs. Underhill spent a few days here last week attending the funeral of the late Mrs. E. Porter.

Miss Ethel Cleve is spending a few days here the guest of her Aunt Mrs. A. B. Kippert.

Mrs. S. J. Beckingham, Mrs. Wallace, Mrs. Little, Mrs. McKay and Mr. C. Beckingham motored up from Dalhousie last week and were the guest of Mrs. Fred Warman.

The many friends of Mrs. J. C. Andrew, who has been seriously ill at the Hotel Dieu Hospital, will be pleased to learn that she is improving.

Mr. H. Colbourne, who was visiting friends here, returned last week to his home in Nova Scotia.

Friends of Mrs. Mosher will be pleased to learn that she is recovering from her recent illness.

Repton Warman and Joseph Albert have returned from Blacklands where they were camping.

Miss Alice Jardine, who has been the guest of Mrs. Robt. Harper for the past month returned home on Tuesday.

There passed away on Wednesday last one of our oldest and most respected citizens, in the person of Mr. E. Porter, after a short illness of about 18 hours.

Deceased had for many years made her home here with her son Robert. The funeral which was held Thursday afternoon, was largely attended. Rev. Mr. Harrington officiating. Interment being made in the Rural cemetery.

PRESBYTERIAL NOTES.

At the meeting of the Presbytery held last week at Chatham, the following officers for the ensuing year were elected.

President—Mrs. L. H. MacLean. Vice-Presidents—Mrs. Hugh Miller, Mrs. D. Archibald, Mrs. J. H. A. Anderson and Mrs. A. B. Carson. Secretary—Mrs. Osborn Nicholson. Treasurer—Mrs. A. B. Cameron.

An invitation from the auxiliary of St. James' Church, to meet in Newcastle in 1922 was heartily accepted, the date of the meeting to be appointed by the executive committee.

## KIND WORDS ABOUT WEEKLIES

What Some of the Great Canadian Papers Said About Our Trip.

At every city at which a stop was made by the Canadian Weekly, the paper's special importance of such a pilgrimage from the east to the west was dwelt upon by the great daily papers of the west. We reproduce two of these, not because they are the best, or only ones, but they are two of many.

The Edmonton Bulletin, Hon. Frank Olives paper said:—

"It is a great mistake to underestimate the influence of the editors of weekly newspapers. There is a feeling abroad that this influence has been much circumscribed by the development of the city dailies and the widening of their field. Those closely in touch with the Canadian journalistic situation are under no such illusion.

Our visitors of to-day are on their way to their annual convention, to be held at the coast and their numbers and the wide territory which they represent indicate the spirit of their organization, and the serious manner in which they take their calling. Few bodies that have visited Edmonton are more worthy of a welcome from the citizens, and there should be no doubt about its heartiness."

A Voyage of Discovery.  
H. B. McKinnon of the Toronto Globe staff was in Edmonton when the party reached the city and made the visit the subject of a letter to his paper, the concluding portion of which is as follows:—

"What will result by this voyage of discovery by Eastern weekly newspapermen to the farthest boundaries of the spacious West? More than 1 or anyone can tell. In the course of five or six trips across Canada I have seen touring parties of all descriptions—from Rotarians to Pressmen of Empire; from Dakotan and Iowan farmers to leading men of the large cities. Most important of all, to my mind, are these editors of the weekly newspapers of Canada; more to be desired by the West, at this very moment, than the visits of princes or prelates. For with them comes, to thousands of their countrymen exiled from them by distance, the quickening touch of kinship, the warmth of the welcoming hand; with them goes an abiding possession in their hearts a new appreciation of their fellows; an understanding born of broader knowledge and a widened circle of acquaintance."

Eighty-five per cent. of these editors had never before been west of Winnipeg, and many of them never west of Ontario. What vistas have opened to their astonished eyes since they left the Manitoba portal to the greater West! What new impressions they have received; what misconceptions surrendered. How much more real to them "The West" will be when, back home, they write this or that paragraph of comment upon some national issue. What new sympathy and breadth of view they will be prepared to show upon these inevitable occasions in the future when, for the moment, East and West may seem unable to see things eye to eye. With half of Edmonton, I walked to the C. N. R. station to see the "Press Special" pull out for Jasper. The Newsboys' Band—strangely appropriate—had come voluntarily, to "play them off." At the call of the conductor friendly groups were separated and the Easterners reluctantly boarded the train. The band stopped playing and the engine bell broke into its warning clang. Before the wheels could turn someone began to sing—someone on the platform of a sleeper, the whole train took up the refrain, and to the tender sentiment of "A Perfect Day," carried far beyond the confines of the station on the listening air, the engine took the strain and the "Press Special" passed, from Edmonton, I walked to the hotel with a man who, for more than thirty years, has followed a long trail that has lured him farther and farther from his old Ontario home. As we left the station-yard he turned and gazed longingly after the disappearing tail-light. "I'm no sentimentalist," he said, "but I'm not ashamed to say that that singing made me fill right up. I'm not ashamed; I'm rather proud of it. Those are the things, McKinnon, that make me sure of Canada in whatever lies before her. We're all one."

Already in the northern counties of New Brunswick we have communities where farmers appreciate breeding to purebreds. The Province of New Brunswick also has many purebred dairy bulls, Ayrshire or Holstein owned by bull clubs. These are of excellent breeding and up to the present have been giving good account of themselves. The credit for the placing of these excellent bulls is due mostly to the Dominion Live Stock Branch through their Maritime Representative.

It is to be hoped now that the members of the different clubs will learn to make good use of these animals and co-operate in making their club a real live one, one that will promote the live stock interests not only of the community but of the Province as well.

## DYNAMITING FISH.

Word has been received by Inspector H. E. Harrison from Oversee Charest, of Victoria and Madawaska counties, to the effect that three offenders had been taken into the tolls charged with dynamiting fish in his district. All sorts and sizes of fish are ruthlessly killed and the smaller ones are invariably left to rot. One of the trio paid a fine of \$200 and costs, and the other two are at present undergoing jail sentences, as the price of their acts.

## GETTING AHEAD WITH PUREBREDS.

There is nothing more agreeable to the heart of an agriculturist as he goes about his country trips than to notice the improvement in livestock brought about in different communities by intelligent farmers who are anxious to improve their herds by using pure bred bulls.

The road to success in raising live stock is evidently narrow, since so many start well but lack the courage to keep going; and before they have reached anything worth while drop out of the game.

What does this lack of enthusiasm on the part of a member of a bull club mean to himself and fellow members? It just means that in the first place he loses through his own hand the improvements that could be brought about if he would continue breeding to the purebred bull owned by the club or society. Secondly it throws his share of the load on the other members and makes it harder for the ambitious ones to carry on. Finally it induces others to drop out and the club or society goes to pieces.

Now what is the effect on the community itself? The simple fact that a club or agricultural society becomes extinct causes distrust among neighbors, a general feeling that purebreds are not worth breeding and a reversion to old time practices, that is, breeding to scrub bulls. In every community there are staunch believers in purebreds who with a little co-operation with their neighbors would undoubtedly make purebred breeding a success. There are generally the promoters of breeding clubs. But on the other hand there are too many indifferent ones who have not enough foresight in them to appreciate the benefits that can be derived from breeding to good purebreds. In their efforts to save a dollar or two as membership fees they not only lose many more in their own herd improvement but they hinder the advance of the live stock interests in their community by lack of support. These are the penny wise and pound losers and sooner or later they recognize their mistake but in the meantime their community suffers. Why not be a booster? Why not stick to your agricultural society or club, and improve the livestock. The latter is the basis of good agriculture and the surest and best means of marketing crops as they keep the fertility on the farm and thus permit the growing of better crops.

Already in the northern counties of New Brunswick we have communities where farmers appreciate breeding to purebreds. The Province of New Brunswick also has many purebred dairy bulls, Ayrshire or Holstein owned by bull clubs. These are of excellent breeding and up to the present have been giving good account of themselves. The credit for the placing of these excellent bulls is due mostly to the Dominion Live Stock Branch through their Maritime Representative.

It is to be hoped now that the members of the different clubs will learn to make good use of these animals and co-operate in making their club a real live one, one that will promote the live stock interests not only of the community but of the Province as well.

## RESTIGOUCHE BOY TRAGIC DEATH

Died Trying to Rescue Two Fellow Workmen in Mine.

Rico, Dolores County, Colorado, June 18 1921—Cameron Stiles, a Restigouche boy, meets death trying to rescue two of his friends, who were overcome with gas, in the Argentine mine Rico Colorado.

Last Thursday while working in the breast of the tunnel of the Argentine mine, Joe and Louis Stampfel sons of Mr. and Mrs. Frank Stampfel died from the effects of poisoning gas. Mr. Stiles who was at the surface of the mine thought it was time had drilled into a missed shot Cameron Stiles hastened into the breast of the tunnel in search of the missing boys. While on his way he too had fallen a victim to the poisonous gas. It was with difficulty that the bodies were reached as the drift was full of the deadly gas.

Albert Cameron Stiles was a Canadian of Scotch parentage born on a farm near Matapedia and was nearly forty seven years of age. He came to Silverton in 1902 and lived there a number of years. While there he was engaged in timber contracting and was well known all through the San Juan Basin. He came to Rico about nine years ago, being engaged in mining. He was a honest upright man. A loyal friend and few men were better liked than "Cam" as he was familiarly called. The manner of his death proved what sort of a man he was for he gave his life trying to save two others. Mr. Stiles was a married man with no family and a son of the late Robert O. Stiles and Mrs. Stiles of Matapedia, Quebec. He also leaves three brothers and two sisters, one brother living near Seattle and the others at the old home in Canada.

The funeral was conducted by the Rev. F. Brunner who spoke feelingly and impartially. Beautiful floral tributes were sent by different families from various places which showed the high esteem which the young men were held and all that was mortal of the remains were placed in their caskets and placed side by side in one grave in the Stampfel burying ground in Rico cemetery.

Mr. and Mrs. Stampfel have the heart felt sympathy of all in the loss of their two boys, Joe and Louis Stampfel.

A large monument has been erected by the Stampfel family bearing the names of the three young men, whom being comrades in life are now lying comrades in death. Greater love hath no man than this that a man lay down his life for his friends.—Rico Item, Rico Colorado, June 18th 1921.

Campbellton, N. B., July 21st, 1921.

Held over from last week.  
**FAVORS JAIL DELIVERY**  
Councillor Archibald Murchie of  
affidavit fame, is again heard from,  
having escaped conviction and a jail  
sentence himself, he naturally sym-  
pathizes with others who have not  
been as fortunate and are confined to  
jail at Dalhousie. At a meeting of the  
Municipal council held at Dalhousie  
last week, he made statements as  
reported on page two, which probably  
contain as much truth as his famous  
affidavit and his testimony under oath  
which cast reflections on the Revenue  
officers who made certain arrests in  
Durham.

He makes light of the serious of-  
fense of distilling liquor, and selling it  
contrary to the laws of the land.  
Coun. Murchie says that stills are  
working overtime in Durham. Well he  
should know, but as a member of the  
Municipal council it is his duty to see  
that the laws of the country are up-  
held, and not trampled under foot.  
However Coun. Murchie's testimony  
even under oath has proven so unre-  
liable that his mere statements should  
carry little weight.  
That a County Council would pass  
such a resolution as that placed on the  
minute book last week is a disgrace to  
Restigouche.

The resolution as originally offered  
by Coun. Murchie was that the Sheriff  
be instructed not to detain prisoners  
sent to jail for violations of the Inland  
Revenue or Prohibition laws, or words  
to that effect, but seeing that this  
was bitterly opposed he changed the  
wording as reported elsewhere.  
Of course the resolution of the  
Council will have no effect as under  
the present Prohibition Act the local  
Government pays the prisoners board  
of all persons sent to jail for violation  
of the Act. Even though this were not  
the case, we feel sure the Attorney  
General would have something to say  
if the Sheriff acted upon this disgrace-  
ful resolution.

**CAREFUL SPENDING NEEDED.**  
At the present time there is great  
need for economy. During the past  
few years the most of us have for-  
gotten the good old habit of saving.  
There were high prices for all sorts  
of products including labour. Every-  
body had plenty of money and spent  
it freely. Too often, it was spent be-  
fore it was earned. Debts were in-  
curred with the expectation that  
these good times would be continued,  
and now that times have changed  
many will find it difficult to meet  
their obligations. There is just one  
remedy for this situation, and that is  
hard work and self denial. We will  
all have to get back to old time con-  
ditions and the sooner we do it, the  
better. The foundation of all the great  
fortunes were laid in hard times.  
There are just as great opportunities  
in the coming years as in the years  
that are past.—Picton Gazette.

The farmers Government of Ontario  
has borrowed and squandered public  
money until, the Provincial Treasur-  
er admits, a time loan cannot be got  
at a reasonable rate, and a temporary  
loan has been asked for.—Ex.

The Fredericton High School teach-  
ers who recently went on strike for  
higher salaries, have been reengaged  
at the old salaries. They have learned  
that this is not a good year for strik-  
ers.—Ex.

There were forty-nine failures in  
Canada last week, none of them in  
New Brunswick or Prince Edward Is-  
land.

PROTECT YOUR  
HORSES NOW

A few Simple Rules for the Ex-  
treme Hot Weather.

1. Load lightly, and drive slowly.
2. Stop in the shade if possible.
3. A sponge on top of the head, or  
even a cloth, is good, if kept wet. If  
dry it is worse than nothing.
4. Water your horse as often as  
possible. So long as a horse is working  
water in small quantities will not hurt  
him. But let him drink only a few  
swallows if he is going to stand still.
5. When he comes in after work,  
sponge off the harness marks and  
sweat, his eyes, his nose and mouth,  
and the dock. Wash his feet but not  
his legs.
6. If the thermometer is 75 degrees  
or higher, wipe him all over with a  
damp sponge, using vinegar water if  
possible. Do not wash the horse at  
night.
7. Saturday night, give a bran  
mash, lukewarm; and add a table-  
spoonful of saltpetre.
8. Watch your horse. If he stops  
sweating suddenly, or if he breathes  
short and quick, or if his ears droop,  
or if he stands with his legs braced  
sideways, he is in danger of a heat or  
sun stroke and needs attention at  
once.
9. If the horse is overcome by heat,  
get him into the shade, remove har-  
ness and bridle, wash out his mouth,  
sponge him all over, shower his legs,  
and give him two ounces of aromatic  
spirits of ammonia, or two ounces of  
sweet spirits of nitre, in a pint of wa-  
ter; or give him a pint of coffee  
warm. Cool his head at once, using  
cold water, or, if necessary, chopped  
ice, wrapped in a cloth.
10. If the horse is off his feet, try  
him with two quarts of oats mixed  
with bran, and a little water; and  
add a little salt or sugar. Or give  
him oatmeal gruel or barley water to  
drink.
11. Clean your horse at night, so  
that he can rest well, and clean him  
thoroughly. The salt dandruff drying  
on his skin makes him uncomfortable,  
and often produces sores under the  
harness.
12. Do not fail to water him at night  
after he has eaten his hay. If you  
don't he will be thirsty all night.
13. If it is so hot that the horse  
sweats in the stable at night, tie him  
outside, with bedding under him. Un-  
less he cools off during the night, he  
cannot well stand the next day's heat.

**Strengthen Your  
Business "Morale"**

Soldiers know what it means when an army's  
"morale" is shattered.

The fighting spirit is gone, the men invite defeat  
What is true of military forces is true of some in-

At the first serious jolt their morale weakens—hope  
flies, courage disappears—their fighting spirit is lost.  
There is no place in business today for the "calamity

## OBITUARY.

Mr. and Mrs. John Foster have the sympathy of all in the death of their infant son Russell Vernon, aged six months and eighteen days, who passed peacefully away on Sunday July 10th, after a week's illness. The funeral was held on Monday Rev. H. Miller officiating.

**John Landry**  
The death of John Landry occurred at his home in Nashes Creek, Friday July 8th at the advanced age of 90 years. He leaves to mourn the loss of a kind and loving father, three sons, Stephen, John and James, nine daughters Mrs. Patrick Doyle, Mrs. Xavier Hickie, Mrs. Abraham Laviolette, Mrs. John Bertin, Mrs. Wm. Savage, and Miss Ellen, one sister Mrs. Placide Roy of Elm Tree, and one brother Anthony of Bellefleur. Requiem Mass and Services were celebrated by Rev. Father de la Garde of St. Joseph's Church Nashes Creek.

**John Cole**  
The death of Mr. John Cole, one of Campbellton's most respected citizens took place at the Hotel Dieu Hospital on Sunday after only a few days illness.

Mr. Cole's wife died a few years ago at Shives-Athol. Three daughters and one son are also dead, viz: Mrs. Geo. E. Duncan, who died at New Carlisle, Mrs. Mabel and Nettie, who died in Boston, and Frank, whose death occurred at home. One son Harry who resides here, survives.

The funeral was held from the home of Mr. Wm. Dickie Monday afternoon. Rev. H. Miller conducted the services at the house and grave. Interment was made at the Rural cemetery.

**Wm. R. McCurdy**  
Wm. R. McCurdy, for over thirty years associated with The Halifax

Yours For  
Better-Cooked Food

Herald, passed away yesterday at his residence 73 Coburg road, following an illness of about a year's duration. His energy of character presenting such a fight against an incurable ailment was admirable.

Mr. McCurdy, who was 65 years of age, entered the service of The Herald in the capacity of foreman of the composing room and was one of the best known newspaper men in the Dominion. It was while in England with the Canadian journalists that he developed the disease which ultimately proved fatal.

As has been intimated, his energy was well high invincible, and only two or three days ago he took a motor drive about the city, visiting the Hydrostone district, and while showing plainly the progress of the disease, he was nevertheless bright and interested, and none would have supposed that the end was so near.

These survive him, his wife, two sons, William and Jack, and three daughters, Mrs. Kenneth Baird who has just arrived in China with her husband, who goes to undertake work as a medical missionary there, Margaret, a trained nurse and Elizabeth, still at school.

The deceased gentleman was well known throughout New Brunswick and Rev. J. F. McCurdy of New Carlisle is a brother.

**Mrs. Porter, Sr.**  
Mrs. Emeline Porter, widow of the late Mr. James Porter of Blackville, Northumberland County, died July 18th, at the residence of her son, Mr. Robert Porter, Ferguson Manor, where she had made her home for a number of years past.

She leaves to mourn the loss of a kind and loving mother, one son Robert, and three daughters, Mrs. Stafford Sullivan of Ferguson Manor, Mrs. Charles Crawford and Mrs. Charles Underhill of Blackville.

Mrs. Porter was of an amiable and cheerful disposition, a true practical christian and greatly beloved by all who knew her. For a number of years past she was engaged a great part of her time in maternity nursing and was always ready and willing to respond to a call in that capacity, wherever her services were required. Her death will therefore be mourned by a large number of families in the community in which she lived so long.

The funeral, which was largely attended, was held on Thursday last. The service was conducted by the Rev. Mr. Harrington. Three hymns, "Safe in the Arms of Jesus," "He leadeth me," and "Beulah Land," were rendered. The pall bearers were—Mr. Sherman LeFurgey, Mr. Edward Touchie, Mr. Howard Porter, Mr. Daniel Clark, Mr. Adam Porter and Mr. Fred Warman. The floral tributes, which were very beautiful, were as follows:—

Wreath—Son and daughters.  
Spray—Mrs. D. Sullivan.  
Spray—Mrs. Cooling.  
Spray—Mrs. J. Hill.  
Spray—Mrs. James Porter.  
Spray—Mrs. Perley Sullivan.  
Spray—Mrs. J. Roix.  
Spray—Mrs. William Thompson.

WOULD GO FROM

Tennessee Farmer Wants To Go From House to House And Tell Everybody About Tanlac.

"If I were not so busy with my farmwork I would go from house to house and tell the people about Tanlac," said A. J. Livingston, a well-known farmer, living near Ashland City, Tenn.

"I had stomach and kidney trouble and suffered torment with my back and side. The doctors could do nothing for me so I wrote to a friend of mine in Nashville about Tanlac and he advised me to try it, saying he had heard so many favorable reports about it and sent me a bottle.

"After taking the first bottle I felt so much better that I ordered another bottle myself and the result is I am a well man, I told a friend of mine about it and ordered a bottle for him and he had good results. I can eat anything I want and it don't hurt me and I can sleep like a log. To tell you the truth, I just simply feel like a new man and have more strength and energy than I have had in years. It is simply the greatest medicine in the world. I would like to see all my friends and get those who are suffering to try it and I hope you will reach them through this testimonial, which I have gladly given."

Tanlac, the celebrated medicine, which accomplished such remarkable results in this man's case, is a wonderful tonic, appetizer and invigorant. It builds up the system, creates a healthy appetite, promotes digestion and assimilation of the food and makes you feel strong, sturdy and well as nature intended.

**BLACK CAPES.**  
Rev. George A. MacLellan District Secretary of the Quebec Bible Society, filled the pulpit in the Presbyterian Church on Sunday evening.

Mr. and Mrs. R. A. Campbell and a call in that capacity, wherever her services were required. Her death will therefore be mourned by a large number of families in the community in which she lived so long.

The funeral, which was largely attended, was held on Thursday last. The service was conducted by the Rev. Mr. Harrington. Three hymns, "Safe in the Arms of Jesus," "He leadeth me," and "Beulah Land," were rendered. The pall bearers were—Mr. Sherman LeFurgey, Mr. Edward Touchie, Mr. Howard Porter, Mr. Daniel Clark, Mr. Adam Porter and Mr. Fred Warman. The floral tributes, which were very beautiful, were as follows:—

Wreath—Son and daughters.  
Spray—Mrs. D. Sullivan.  
Spray—Mrs. Cooling.  
Spray—Mrs. J. Hill.  
Spray—Mrs. James Porter.  
Spray—Mrs. Perley Sullivan.

Newsp Notes of Town and Gathered by G.

## INJURED.

Mr. Harry Smith received a severe shaming up and some minor injuries last Thursday when he fell out of his hay loft to the floor of his barn. He is able to sit up but is suffering considerably.

## NO SHORTAGE.

During the long dry spell there was no shortage of water in the town system here. The Graphic understands that the Smith Lake reservoir is well filled and the town reservoir is also full.

## EARLY CLOSING.

Miss Henderson and Miss Barthe's Millinery parlors will be closed during July and August, every night at six, except Saturday.

## EXTENDED SYMPATHY.

At last regular meeting of Division 138 B. of L. E. held Sunday July 17th, 1931 it was resolved that the members extend sympathy to Bro. Wm. Young our sincere sympathy in his recent bereavement.

## RETURNING FROM TRIP.

Mr. and Mrs. Arthur Nadeau and daughter, Veronica, with Mr. and Mrs. A. J. Arnold and son, Eugene, of Chandler, Que. passed through on their way home from a three-week trip by auto to New York and New England States. Although the weather was extremely hot they had a most enjoyable trip.

## POACHING CASES.

The fishing wardens are having strenuous times on the rivers just now. The rivers are reported full of salmon and the temptation to drifters is very great. A number of cases have been tried before Judge Matteson and this imposed. Others are to come up at a later date.

## FREIGHT DERAILLED.

Freight train No. 675 was derailed near Mont Joli, Quebec, about 7:25 o'clock on Saturday morning, the accident, it is reported, being the result of a burned journal on a freight car. About seven cars left the rails. The locomotive remained on the track. It is reported that no one was injured, but there was considerable damage to rolling stock.

The Ocean Limited, eastbound, due here at 11 o'clock did not arrive until after six being delayed by the accident.

## IN FREIGHT BUSINESS.

A number of Lunenburg fishing schooners, failing to earn dividends in the fishing business are now carrying freight. Two brought a cargo of coal here for the railway from Cape Breton and are loading lath for a return cargo.

**BAZAAR.**  
The ladies of the R. C. congregation, Athol will hold their annual Bazaar in aid of the new church on Monday August 1st.

**NEED ATTENTION.**  
The Public Property and Streets committee have been so busy building sidewalks that the streets have been neglected. There are very many places, which need immediate attention.

**TEN THINGS TO REMEMBER.**  
1. Remember that everything that is alive can feel. Sometimes there are too many insects, and they have to be killed. When they must die, kill them quickly and as mercifully as you can.  
2. Remember that cruelty grows like other sins if not checked.  
3. Remember that to take pleasure in seeing animals hurt or killed shows that something is terrible wrong in our nature.  
4. Remember your pets—if you keep any—see that they do not starve while you live in plenty.  
5. Remember that cats and dogs want fresh water where they can get it.  
6. Boys who drive donkeys or horses should remember that they must go slowly when they have loads to drag, and that the poor animals are made of flesh and blood. Blows will make them weak and less able to work. Angry words will frighten them and wear them out. Use the whip as little as possible, and encourage them with kind words.  
7. When you feel inclined to throw stones at living creatures, stop and think: "How should I like to be bruised and to get my bones broken for fun?" The boy who hurts or teases small, weak animals, rob nests, or gives pain to gentle creatures, is a coward.  
8. Remember that though animals cannot talk like men, they can understand much that we say. Learn to govern them by kind words instead of blows.  
9. Remember that the girl who wears feathers in her hat, taken from a bird killed on purpose, is doing a cruel thing.  
10. Remember that every kind deed we do, and every kind word we say, makes us better than we were before.

# Oldsmobile

Performance heads the list of essentials of those who actually drive the car. Ruggedness of chassis that spells dependability; engine power and flexibility that result in quick acceleration, plenty of speed and rare pulling and climbing ability—these are inherent in Oldsmobile "Four."

This touring car brings to the family all the comforts of a very high grade automobile at a cost that the man of average means can comfortably afford. And the moderate investment price is enhanced by the very low cost of operation.

Ask for a demonstration. I will be pleased to take you for a spin.

Also agency for Hudson, Essex and Maxwell Cars, Motor Supplies' Etc.

## ANTHRACITE COAL—1921

To those who are hoping for lower prices:

We are in the coal business. We believe we know conditions.

We cannot predict future prices. We do not think further reductions are likely.

Present mine wage agreements don't expire until March 31, 1922.

There isn't much hope of general reduction in freight rates.

If the proposed Pennsylvania State Tax on anthracite becomes a law, this will mean an additional 18.50 or even 25 cents after next July 1st.

Coal is far cheaper today than it will be next winter if you hold off buying! That is absolutely certain.

You received the same advice in 1919—those who took it suffered no hardship of consequence during the big bituminous coal strike.

We are simply appealing to your common sense.

## R. K. SHIVES

Coal & Insurance

You insure your house against fire, don't you? Not because you expect fire, but as a protection in case you have a loss.

The best insurance you can buy now is fire insurance—you don't know what's coming next winter.

The Real Estate interests of Montreal recently had a survey made, with a resulting recommendation that coal be bought now, and stored to the limit of facilities.

The Manufacturers' Record of Baltimore says:

"Protect yourself at once for all family and factory coal needs."

We say: "Buy your coal now—take reasonable quantities throughout the winter and summer. In this way, you will avoid an excessive demand (like last fall), and a shortage with high prices next winter. Thus, if unusual conditions arise in the winter, you can measure the value of the coal already in your cellar."

Call us up—we'll work with you.

## NEW CARLISLE.

Through the derelict of a freight train, the regular of Gaspe was detained here for several hours, on board was the R. C. G. A. Band of Quebec enroute to Gaspe for the unveiling of the Memorial.

Colonel Pinault of the St. Lawrence Fusiliers was approached and asked to play a few selections, he readily gave his permission. Before the concert the citizens who owned cars gave the boys of the band a trip to Paspébe which they thoroughly enjoyed. Capt. O. Neil Quebec's famous Band Master then marched the boys to the Town Hall Square and to the enjoyment of everybody played the following:—

March—Semper-Parva.

Overture—Masaniello—Auber.

Selection—Robin Hood—De Koven.

Selection—The Naughty Princess. O Canada.

The Marches.

God Save the King.

N

After which Rev. Major Buchand proposed a hearty vote of thanks to Colonel Pinault and Band Master Captain O'Neil for the enjoyable concert which was carried enthusiastically.

The Orange Order attended Divine Service last Sunday evening in large number, so great was the congregation that many could not get in. The rector preached from the text "Love the Brotherhood" the sermon throughout was a practical one which applied not only to the order but to the whole brotherhood of man. At the close of the service the whole congregation joined heartily in the National Anthem.

At the time of writing large crowds are coming in by teams and train to help to celebrate the glorious 12th.

The committee under John Thompson W. Deaugh and Bert Law are working hard to make the day a success.

The side show in connection with Wheeler Circus recently held here by all accounts was a disgrace, the low scenes witnessed by those who attended were shocking. Let our Canadian authorities get after the dirty low down Americans who are destroying the lives of our girls and boys.

We understand that the Meigs Pulp Company are closing down for a considerable period.

We see that the Hon. Marcell is spending his usual summer holidays in Carleton, no doubt before the general elections, he will pay a visit to the county seat.

The Chisholm Bros. are the only busy men here they are shipping good catches of salmon every day.

Our wharf looks as if the government are interested, frequently we see barges, tug boats, and dredges all busy in dragging around the wharf.

Our hotel proprietors are all smiling for they are always full of visitors.

New Carlisle is coming to its own.

GIRL'S STATEMENT WILL HELP CAMPBELLTON.

Many women will profit by the following statement of one of their sex: "I was afraid to eat on account of stomach trouble. Even rice did not agree. After taking Adler-Li I can eat anything." Adler-Li acts on BOTH upper and lower bowel, removing food matter which poisoned stomach. EXCELLENT for gas on the stomach or sour stomach. Guards against appendicitis. It brings out poisonous matter you never thought was in your system. A. Mc G. McDONALD, Druggist.

## ABLE TO DO HER WORK

After Long Suffering Mrs. Peasey Restored to Health by Lydia E. Pinkham's Vegetable Compound

Toronto, Ont.—"I suffered with irregular menstruation, was weak and nervous, could not run down, could not eat and had headaches. The worst symptoms were dragging down pains, so bad I sometimes thought I would go crazy and I seemed to be smothering. I was in this condition for two or three years and could not seem to work. I tried all kinds of medicines and had been treated by physicians but received no benefit. I found one of your booklets and felt inclined to try Lydia E. Pinkham's Vegetable Compound. I received the best results from it and now I keep house and go out to work and am like a new woman. I have recommended your Vegetable Compound to my friends and if these facts will help some poor woman use them as you please."—Mrs. J. F. PEASEY, 387 King St., Toronto, Ontario.

If you are one of these women do not suffer for four or five years as Mrs. Peasey did, but profit by her experience and be restored to health.

Probably the most luxurious of the early theatres was "The Theatre," built by Edward Allen, an actor, in 1599, and so christened because it cost its owner the then fabulous sum, including the ground it stood on, of £1,250.

The only illumination during the performance was that afforded by candlelight, gas being unknown until 1817, when the first performance by gaslight was given at Drury Lane.

The Japanese Woman.

Mr. Sydney Greenbush has a high opinion of the Japanese woman. The Japanese man, he says in Japan Real and Imaginary, has been made famous by the attentions of the woman. He occupies the same place in his society as does our woman in ours—

"Foreigners seldom get a chance to help in the home life of the Japanese simply because in the majority of cases there is no such thing," he writes. "Even were you to speak the language fluently, what would most women talk about? They are not trained in social life, and the reason is as much that they are too bashful as that the Japanese is well educated. I have been in the homes of a few well-to-do Japanese, and in each case the woman would be interested, but would retire soon after. The homes are then quiet. Among the educated and the converted, the woman does come forward a little, but generally finds more pleasure in serving delicacies than entering the conversation. This is due to the absence of natural selection, in this matter of mating. Were a man and a woman to meet in a room where they could not be seen by others, they would not only be wife and mother, but also companion. As it is, only rarely are the dull and stupid eliminated. The parents are more concerned about having meek and obedient daughters-in-law whom they can manage than that their sons should have pleasant companions.

A New Duke of Edinburgh.

In due course Prince Henry is to follow in the footsteps of the Duke of York and become a duke in his own right. North of the Tweed the Duke of York is a duke in name only, but in the eyes of the world he is a duke in fact. When the King was at Holyrood recently he was informally approached upon this matter, and promised to give it his best attention.

But the title could be conferred upon Prince Henry, it is probable that the King would like to confer with the Queen of Roumania and other daughters of the late Duke of Edinburgh in order to learn whether they would have any objection to this title being revived. It is probable that this dukedom will be conferred upon Prince Henry upon his twenty-first birthday at the end of next March.

Ireland and Literature.

"There are people in Dublin who seem to believe that Ireland has produced a greater literature than England, and will denounce you as a traitor to your country if you protest that she cannot show poets of the stature of Chaucer, Shakespeare, Milton, Shelley, Keats, Wordsworth, Browning and Tennyson," writes Mr. St. John Ervine in the North American Review.

"I am the sort of patriot who would like to see his country raise herself to the level of other countries, but I am not the sort of patriot who will pretend that she is on the level of England, France, and Germany when, in fact, she is far below it."

Viscount Fitzbarr's Heir.

The Hon. Gideon Murray, M.P., who became the heir to his father, Viscount Fitzbarr, by the lamented death of his elder brother, the former Liberal Chief Whip, is as widely known in West India as in political circles.

For six years Mr. Murray was administrator of the beautiful island of St. Vincent, where the arrowroot comes from. His popularity was shared by Mrs. Murray, who, on their departure for St. Lucia in 1915, received many farewell gifts, including a diamond star, from the women of St. Vincent. Mr. Murray's political courage found expression in a scheme which he propounded for solving the difficult problem of the West India federation.

Mistaken Identity.

An elderly and short-sighted lady who was a stranger to London was on a motor-bus from Brighton to the Elephant and Castle. She had worried the passengers on either side of her as to whether she was nearing her destination. Finally, getting restless, she reached over and deliberately poked the conductor—who was collecting fares on the top—with her umbrella. "Tell me, my man," she said, "is this the Elephant?" "No, ma'am, it isn't," sharply replied the man. "It's the conductor!"

FORTY FAMILIES TO WEST FROM NEW ENGLAND.

Windsor, July 16.—Forty French Canadian families, with their families, arrived en route to farms in the Saskatchewan and Edmonton districts. They came from industrial centres in the New England states, to which they had migrated from Eastern Canada before or during the war. Most of them were farmers at one time and are repatriating to resume their former occupations.

## Their Glory Shall Not Fade

In the special order issued to the Canadian people on March 27, 1913, General Sir Arthur Currie wrote: "To those who will fall I say, You will not die but step into immortality—your names will be revered forever and ever by your grateful country, and God will take you into His care."

The pledge thus given is being faithfully fulfilled in relation to employees of the Canadian Pacific Railway Company by the placing of bronze memorial tablets at over a score of its principal offices and stations. Furthermore two imposing bronze statues have been designed for the great C.P.R. Stations at Montreal and Winnipeg to stand forever as tribute to the heroism and self-sacrifice of C.P.R. men who died in the cause of freedom. Far-flung and scattered are their graves, but single was their spirit and their ideal, the service of their country.

Out of 11,602 employees who were reported as joining the Forces, 1,096, or nearly ten per cent paid the supreme sacrifice. These came from every rank of the company, from every department, and every service by air, land and sea—faithful unto death.

The bronze tablet, replicas of which will be placed at the principal railway centres in each province of Canada, and also in London, Liverpool and the Orient, has been designed by Mr. Archibald Pearce, of the Chief Engineer's Department of the company, and is being engraved at Worcester, England, by the Bromsgrove Guild and Applied Art. The tablet depicts an advancing army of infantry, cavalry, artillery, supplies, munitions, tanks and railway transport flanked on either side by a warship and a C.P.R. liner with aeroplanes flying overhead. Britannia calls with outstretched hands to the Overseas Dominions and points out the road to death and glory, while underneath is a scroll with the list of the chief battles in which the C.P.R. men fell. The inscription commemorates:

"Those in the Service of the Canadian Pacific Railway Company who at the call of King and Country, left all that was dear to them, endured hardship, faced danger, and finally passed out of sight of men by the path of duty and self-sacrifice, giving up their own lives that others might live in freedom. Let those who come after see to it that their names be not forgotten."

The large bronze statue group which will be duplicated for the C.P.R. Stations at Windsor Street, Montreal and at Winnipeg, is the work of Count de Lion MacCarthy, the well known Montreal sculptor. In majestic and impressive allegory, it represents the uplifting of the soul of a hero from the battle lines to that borne from which no traveller returns. The armed figure of a soldier clad in khaki, battle-stained, yet tranquil in death, is borne heavenward by a winged and laurel wreathed Angel of Victory. The figures in the group are of heroic proportions, over seven feet high, supported upon a marble pedestal.

Thus shall the memory of the gallant dead remain in inspiration to their comrades and to the world at large. By their sacrifices for the Empire, they kept clear and open the

Impressions of the Trip With the Canadian Weekly Press Association Party.

Vancouver, B. C. Thursday, June 9.—Our train ran steadily all through the night, through what we were told was some of the most interesting scenery of our trip, but because of the delay at Blue River, we passed it all during the hour of darkness.

We arrived at the great gateway to the Pacific, Vancouver, shortly after six o'clock and after breakfast set out to view the wonders of the city.

This city has a population of 160,000, of which 10,000 are Orientals. It is splendidly situated on Burrard Inlet of the Pacific Ocean and the scenery is magnificent.

Like all other Western Cities, its people are loyal, generous and hospitable and, in no city was our welcome more hearty or genuine than in the city of Vancouver. The Vancouver Hotel was headquarters for the party for two days.

At 10 o'clock sharp the first meeting of the Canadian Weekly Press Association was called to order by the President and for hours each day Thursday and Friday publishers from as far East as Sydney Mines, C. B. and Vancouver Island in the West met, talked shop, and became better acquainted.

At the convention many interesting papers, covering every phase of the printing and publishing business were delivered and discussed. A report of these would not interest our readers.

The visitors were entertained at luncheon by the Canadian Club of Vancouver Hotel the first day of the convention, and our President, Mr. Davies delivered a very eloquent address among other things he set forth the work and worth of the country weekly as follows: "It comes into the home, not as a paper, but as a friend. The father and mother read it, the whole family read it, even down to the children, seven and eight years old, who look for their school reports. In this way confidence is established, which, if not misused, will be retained by those children and mould their opinions even when they grow up."

"The weekly papers get down below the surface of the news, they express the opinion of the rural communities. What mission it has to fulfil, it

## NEW CARLISLE

A number of citizens of New Carlisle have recently decided to endeavor to raise money for a Soldiers Memorial of some kind for the county of Bonaventure.

With this object in view a Club known as the War Memorial Aid Club has been formed by a number of enthusiastic young women. This club held a very successful Tag Day on July 1st at which the sum of eighty one dollars and twenty one cents was realized.

The members of the club wish to thank those who donated so liberally, also Misses Pearl Cooke, Elsie Robinson, Mabel Chappel, Pansy Brimble, Mary Smollett and Amelia McCurdy, who helped to collect.

## Catarhal Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased part of the ear. Catarhal Deafness requires constitutional treatment. It is caused by a diseased condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be removed, your hearing may be destroyed forever. does faithfully and well. By its influence it helps to make the people contented. When a settler comes out from the Old Land and finds his name recorded in the weekly paper, it makes him feel a recognized member of the community—helps him to become a better, more interested citizen. The daily cannot be bothered with so many intimate details, but the weekly records names—thrown its columns open not only to the select few hundred catalogued in the columns of the daily, but to the five, six and seven hundred, who are all appreciative."

At 4:30 the convention adjourned its afternoon session so that the members of the association could be the guests of the B. C. Institute of Journalists, at Point Gray Beach. Autos were in waiting to convey all to the scene, and the drive was a most delightful one. On our way out I saw my first seaplane in flight. It was on its way to the beach, and as it circled about in the landing it was indeed an interesting sight to one unaccustomed to seeing them.

At the beach were congregated fully six hundred people. The Seventh Battalion band was present and played during the evening. Steaks, oysters, piled crabs, ham sandwiches, cake, tea and coffee were provided in plenty and everyone had a good time. At this point I can do no better than produce a brief report which appeared in the Daily Province next morning. It will convince my readers that we at least had a good time.

"A special 'newspaper' was published and given to the touring editors as a souvenir. This was 'The Weekly Clam,' with the largest, guaranteed circulation on Spanish Banks." It contained a cartoon by Fitzmaurice, some burlesque despatches, and shrewd hits dealing with the visitors. The reading of this little four-page journal served to while away the time until the meal at a cafeteria was ready, and while the banquet was in progress the band of the 7th Battalion rendered selections under the baton of Bandmaster McClellan.

Another interesting item which was quite unexpected was the passing of one of the huge seaplanes from the government hangar at Jericho. There was a roar of the propellers and the journalists saw a big aircraft come, "taxiing" along the water. When it was opposite the party it took off and went away on a short patrol flight. It was quite a novelty to many from the prairies who, while accustomed to air-planes, had not previously seen craft take off the water.

After the meal, guests and hosts moved west along the beach and seated themselves on the sand, while Fred Coucher's concert party, the Columbians, entertained with a short but much appreciated programme. Fred Coucher, Peggy Coucher, Mary Arnold, Ethel Dunne and "Goody" Goodwin were the artists and nobly overcame the handicap of singing in the open air without a stage or sounding board of any description.

An excellent illustration of the spirit which prevailed was provided when it was found that the little organ borrowed from the Salvation Army for the occasion for the use of the accompanist, was somewhat weak in its volume. There was something wrong with the bellows. This called for a volunteer to work the "gadget" by hand.

A real salt-water man jumped into the breach. He was no stranger to clams, seaweed and oysters and so was able to spare a little time for the business of helping out the accompanist. He was Mr. H. R. Arenberg of the Progress-Enterprise, Lunenburg, Nova Scotia. He pumped that organ until his natural rosy complexion took on a tint deeper than a Moscow radical, but he earned quite a reputation.

Sang Alouette. The Kiwanis Glee Club, under the direction of Mr. J. C. Welch, led in community singing and gave freely of their time and voices. Their efforts were much appreciated and added much to the informality which was one of the picnic's delightful features. But they were not the only singers. The French-Canadian delegates and

**There is only one way to kill all the Flies**

This is it—Darken the room as much as possible, close the windows, raise one of the blinds where the sun shines in, about eight inches, place as many Wilson's Fly Pads as possible on plates (properly wetted with water but not flooded) on the window ledge where the light is strong, leave the room closed for two or three hours, then sweep up the flies and burn them. ## "Experience Teaches"

Twenty four million dollars was paid to beneficiaries by the Life Insurance Companies in Canada last year, and thirty-one million dollars was paid to living policy-holders. Of the 11,450 policies which became claims— 850 policies were in force less than one year, 1,050 less than two years, 2,100 between three and five years, 2,150 between five and ten years, 2,800 between ten and twenty years, 2,200 more than twenty years and all of these persons were in good health when they applied for Life Insurance. Life is very uncertain, as last year's death claims show, and, on the other hand, insurance money has brought untold benefit to thousands of homes and individuals.

## Quick and Reliable Local Service for Bearings

The Bearings Service Company of Detroit announce the establishment of a local authorized agent to give Bearings Service to manufacturers, repair men and owners of motor cars, motor trucks and tractors, in this vicinity. With the establishment of this local agency it will no longer be necessary to lay up a machine for a long period of delay pending the receipt from a factory of bearings for replacement or repair. We can provide this kind of service on either Timken, Hyatt, or New Department Bearings, the latter being interchangeable with other makes of ball bearings. **NOVA SALES COMPANY, LTD.** 82—96 PRINCESS STREET, ST. ### TRY THIS.

Sing this to the tune of "The Old Oakum Bucket."

How dear to our heart is the steady subscriber, who pays in advance at the birth of each year. Who lays down the money and does it quite gladly, and casts round the office a halo of cheer.

He never says: "Stop it; I cannot afford it, I'm getting more papers than I can read," but always says: "Send it, our people all like it—in fact we all think it a help and a need."

How welcome his check when it reaches our sanctum, how it makes our pulse throb, how it makes our heart dangle. We outwardly thank him; we inwardly bless him—the steady subscriber who pays in advance.

## Your Clothes

Your clothes should be the best that money can buy.

Clothes do not make the man, but they make him presentable, and he is often judged by his appearance.
