UNRESTRICTED RECIPROcity. - The members of the Helping Band, Upper Sackville, will debate upon the following subject, next Tuesday evening: Restricted Reciprocity will not be of benefit to Canada. All the members are requested to attend.

BAND CONCERT. - It has been decided to hold the Band Concert on the 11th of March next and although we have not yet seen the programme, it is promised that a rich treat is in store for those who may attend. Some grand specialties will be offered, and the musical programme promises to be the best offered in Music Hall for some time past.

MISSIONARY CONCERT. - A number of the Members of the Baptist Young People's Society had a pleasant drive on Friday evening last to Wood Point where they repeated their excellent concert on the Grand Lodge mission. Their efforts were warmly complimented by more than one speaker, and a fairly good collection was taken up in behalf of the mission in the interests of which the entertainment was given.

FAVORABLE REVIEW. - A very interesting lecture was delivered in the Baptist vestry of this place on Monday evening last by Mr. A. F. Brown, of Upland, Kings Co. He took for his theme the life and labors of Father Matthew, the distinguished Irish Priest, whose labors in behalf of the temperance reform in Ireland have won for him the title of "the great apostle of temperance."

WAR AT WOOD POINT. - A fracas occurred in the woods about two miles from Wood Point last Thursday which came within an ace of ending seriously for one of the combatants. Messrs. Clark of Wood Point, employed Messrs. Godden and Seth Ward, Jr. to cut kiln wood on their land near that place. It appears that Godden wanted to cut kiln wood to be used in his mill and was working Ward began to chop near by, and by falling his axes on Godden's clearing actually hindered his work. Ward was ordered to stop, but would not and compliments couched in language that the Post has printed, passed between them followed by general passage at arms with clubs between Godden and Moore Godden his son, and Ward in which Ward was shamefully wounded about the head and face by the two Goddens. In response to his cries James Ward, his brother, who was working near, arrived and stopped the fight. Ward says he was beaten by the Goddens while he was lying on the ground unconscious. Ward laid complaint before Justice Cahill on Saturday and Godden was this morning sentenced to \$10 costs or ten days imprisonment.

THE METHODIST CHORUS CONCERT. - The concert given by the choir of the Methodist church in the Music Hall last Friday evening was greeted with a crowded house and was in every particular a success. Upwards of 40 persons attended from Amherst, and several came by train and team from Dorchester and other parts. Every seat in the hall was taken. Owing to the prevalent illness some changes were necessary in the programme. Mr. Doull's bass solo "Out on the Deep" was received with great applause but he refused to respond to an encore. Miss Ethel Smith made a highly creditable debut in her pathetic reading "The Swan Song." She showed undoubted elocutionary ability. Regarding Mrs. Harrison's numbers too much cannot be said in praise. "I Son Titania" was given in her best style and was properly given a pronounced encore, and in "Lo! Here the Gentle Lark" given by special request, although not new to many was sung with rare effect. The trio, "Praise Ye" by Mrs. Harrison Messrs Harrison and Tinley was well given also the duet by Messrs Burrill and Huettis, and the comic trio "The Three Choices," by Messrs Doull, Harrison and Dobson. Mr. Dobson's tenor solo, "The Distant Shore" is a pretty conception to which Mr. Dobson did justice. Those who expected to hear something superb in elocution from Miss Launder were not disappointed. Her interpretation of the Poisson scene from Romeo and Juliet was truly grand and is well worthy of the highly favorable criticisms it has received. The program was as follows:

Part I. Triumphant March, Chorus and Solo - "With Sheathed Swords." Mrs. Dobson and Choir. Part Song - May Day Mrs. Wells, Misses Trueman, Wry and Eames, Messrs Dobson, Fawcett, Huettis and E. Dobson. Solo - "Out on the Deep" Mr. Doull. Reading - "The Swan Song." Miss Ethel Smith. Recit. and Polonaise - "Lo Son Titania" Mrs. Harrison. Male Chorus and Solo - "Jammie," Mr. Barrill and Choir. Flute Solo - Grand Fantasia, Auld Lang Syne Mr. Stokes. Trio - Praise Ye Mrs. Harrison, Messrs Harrison and Tinley. Part 2. Duet - "I Peacotari" Messrs Burrill and Huettis. Duet (Soprano) and Chorus - "I wait on the Lord" Mrs. Harrison, Miss Cogswell and Choir. "The Distant Shore." Mr. Dobson. Part Song - "Come, Dorothy, Come," Meadames Wells and Thorne, Misses Harrison and Carter, Messrs Harrison, Doull, Fulton and Tinley. Trio - "The Three Choices." Messrs Dobson, Harrison and Doull. Reading - Romeo and Juliet, scene III "The Poison Scene," Miss Lennox. Song - "Lo! here the Gentle Lark" (by special request) Mrs. Harrison (Flute obligato Mr. Stokes.) Chorus - "Hallelujah."

Local Matters.

Mr. C. A. Palmer, Barrister, St. John, has gone to Europe in connection with the Albert Railway case.

Messrs. Huntley & Epps rotary mill sawed 140,000 feet of lumber last week, an average of 23,333 feet a day. The largest day's work was 27,000 feet.

The Lea planing and wood working mill at Moncton was destroyed by fire last week. Every inducement is being made to make the work of rebuilding easy for the firm.

J. Havelock Rogers of the firm of W. H. Rogers & Son, Springhill died very suddenly of heart failure last week. This is the fourth death which has occurred in this family since Christmas.

UNDEERED - Scher Franklin Pierce Ogilvie, with coal from Parraboro for St. John, sank in Anthony's Cove on Sunday night. The crew got ashore safely, but suffered greatly from cold and exposure.

Mr. and Mrs. James Nelson of Leamington, Cumberland, are rejoicing over the birth of their first daughter in a family of eight. Of twenty-eight children born to George, James and John Nelson, brothers, twenty-five are boys.

Sunday 21st, was the anniversary of the terrible explosion at Springhill. Appropriate services were held in the churches and it is proposed to erect a suitable monument, the cost to be about \$4,000 in commemoration of the event.

The usual prayer meeting last Thursday evening in the Baptist vestry was in aid of the missionary fund. A jack knife, pearl-handled but much the worse for wear, was found on the collection plate at the conclusion of the service. - (Moncton Times)

It is reported that an I. C. R. Conductor of the north run division, has failed to make correct returns of money received by him. An I. C. R. official went to Campbellton on Saturday and brought the erring conductor to Moncton. The matter will likely be investigated. - (Times)

Alex. Walker, sawyer in Harkness Mill, Southampton, sawed in one day last week, 2,500 feet of deal. The number would have been considerably larger had not the logs seen been hard frozen pine. The fishers have two miles sawing, one of which runs day and night, making a day's labor amount to 600 logs.

The report published in some of the papers that Messrs. C. F. & F. R. Eaton had sold their timber land at Eatonville is incorrect. They were negotiating for the sale of the property but have decided not to sell, and will remove their sawmill from its present site to the brook water, preparatory to being engaged in cutting timber in the lumber business. They will not get out any logs this winter, but after this season will probably cut from four to five million feet a year. - Lead er.

Mr. Samuel Pattison, of Dorchester has patented what purports to be a vaporizer for stoves, furnaces and grates, which by providing a down draft, it is claimed will secure greater heat with more economy in fuel and less danger of ceasing gas. By this arrangement the wood or coal is placed first in a chamber, and the air is drawn through the grate, and the heat of the grate is used to heat the air. The working of the model shown in Mr. Pattison's establishment is all that could be desired, and the invention bids fair to occupy a prominent place among the late productions of inventive skill. - Transcript.

Soul-Inspiring Music At the Introduction Piece. We are presented by Mr. Isaac Dolas, of Indianapolis, with a couple of his latest musical gems, which have already been highly commended by the keenest musical critics of the land. "The Air Ship Weller" and the "Old Fellow's Grand March," adapted for piano or organ. Being only an amateur and lover of - but not an expert in good music, we can only give the opinion of our more gifted friends, who pronounce both these productions to be masterpieces of their kind, and most soul-stirring and inspiring appeal to the lover of music. Either, performed by a skillful pianist or organist will take the audience off their feet. If any of our readers, who delight in good music, will send this clipping, with ten cents in postage stamps, to Mr. Isaac Dolas, Indianapolis, Ind., they will get either one of these pieces by mail. Both for 20 cents. You will never regret this small outlay. - CHAMPION OF FREEDOM AND RIGHT, Chicago.

Carey explained clearly to them last Friday night "The History of Chemistry." The next lecture will be delivered by Mr. H. Corbett, subject - "Electricity."

AN INTERESTING WELL CASE. - Last November Elmer Brown took a contract to dig an artesian well on the property of Miss Allen, Harrison Ave. Brown agreed to drill the well, furnish the necessary fixtures at a certain price and guarantee that the water should be satisfactory both as regards quantity and quality. Brown drilled a hole 300 feet and struck a flow of water, put in a pump and left the job as finished. Ever since however the water has been so muddy that it has been impossible to use it and Miss Allen refused to accept the work as done, it not being up to the contract. The defence is that a vein of water has been struck and that the water is so muddy that it is required in time for the water to clarify. The case has been adjourned for two weeks.

CHERRY BLOSSOMS. - A happy event took place at the residence of Warden Ogden, yesterday in which his daughter Annie, and one of Sackville's most prominent citizens, Mr. James R. Ayer, were the principals. The ceremony was performed by Rev. Dr. Brecken, assisted by Rev. Dr. Brecken and Rev. Mr. Warren. The bride was tastefully attired in sash and shawl, with train, and carried a handsome bouquet of roses. She was unattended. After the ceremony, the guests of which there were a large number repaired to the dining room where an sumptuous repast was served. The bride was the recipient of many valuable presents from her friends. The happy couple took the C. P. R. for a trip to Montreal, Ottawa and other points. The Cornet Band accompanied the party to the station and played a serenade. The Post joins the many friends of Mr. and Mrs. Ayer in wishing them all possible good luck and happiness in their wedded life.

Bale Verte vs. Port Elgin. MR. EDITOR, - Your Bay Verte correspondent "G." on 11th asks why the Sackville customs "furnished" Mr. Snowball with "misleading statistics" for his circular? "When increase of sales or other facts on public funds is sought a good business showing is effective, but why should Sackville arrogate to itself honors that are due elsewhere? Again on 18th, Bay Verte claims the due place in statistical reports. "Must Bay Verte because an outpost of Sackville be deprived of the emoluments arising from a good report of Sackville reap the benefits of the lack of knowledge is supposed by a surplus of unnecessary indignation. If "G." took the trouble to enquire before rushing into print, he would have learned that Mr. Snowball issues printed blank forms, which Customs officers fill in as per directions. If Mr. Snowball wanted Bay Verte separate returns he could have readily obtained it on application.

M. ["G." is in error as to the Import collections of Bay Verte and Sackville. The latter's collections for the past three years have largely exceeded \$90,000, whereas Bay Verte stands as follows: '88-'89, \$ 17,82; '89-'90, 221,59; '90-'91, 101,30. Ed.]

DEAR SIR: - "G." presumably a lumber shipper of Bay Verte wants the world to know that he is not a Sackville man and how unfair it is for Sackville to "arrogate" to itself Bay Verte honors. I want to ask "G." a few questions: 1 How many million feet are manufactured there? 2 How many steam saw mills are operated there? 3 How many million feet are manufactured there? 4 Is not the lumber shipped from the "outpost" of Bay Verte manufactured in Sackville? 5 In any correct statistics, why are not these places entitled to the credit of what they manufacture? What right has Bay Verte to "arrogate" to itself the business of places double as important? 6 If Sackville "arrogates" to itself shipments made by Bay Verte, on what ground does "G." pretend that Bay Verte right to "arrogate" to itself shipments made by Upper Cape, Bristol, Midgee and Port Elgin. Let us have fair play. Yours PORT ELGIN.
