Japanese Arriving Under **Certified Conditions**

A THREE-YEAR AGREEMENT

HEAVY HEAD TAX-ADDITION TO THE ASYLUM AT NEW WESTMINSTER.

(Special to The Daily News)

Vancouver, Aug. 19.—That the Japan-ese arriving in British Columbia from Japan have been coming over under a contract made in Yokohama is generally proven by the discovery of forms of agreement signed by the immigrants.

These are drawn up between Canadian firms through Japanese employment agencies and signed on the other side.
Lucy stipulate that the immigrant shall remain in Canada for three years and work on labor assigned him on reaching this country. For this he is to receive fifteen dollars monthly in addition to clothing to a limited amount. Lodging and food suited to Japanese, payment to begin at the start of actual work. Until fifty dollars has been earned the employer may deduct five dollars monthly to be paid at the expiry of the contract. In case of death or permanent incapacity the employer is to pay one hundred dollars to the family of the immigrant. If during the first eighteen months the immigrant is permanent ly incapacitated through ordinary labor, certificate of a government medical health officer. Fifteen dollars advance is paid the immigrant on signature of the agreement, this amount to be refund ed at the rate of three dollars a month. agreement after reaching Canada including the provisions of the prior agreement, The agreements cover dif-ferent employments but are similar in

form to that noted above.

George Gear, Honolulu lawyer, arrived today with the three hundred Japanese today with the three hundred Japanese on steamer the Indiana. The larger part of the intended immigrants per Indiana were held back through reports of consul Morikawa. Gear will make a personal inspection of conditions and report to his employers. If his report is favorable it is stated that the Indiana will be heat in third down with a full ship.

be back in thirty days with a full ship-It is stated that M. Ishii, Japanese investigate the charges that the local consul Morikawa was interested in immigration companies at Yokahoma. The results of higher wages paid

Chinese servants is shown on the arrival of the Empress of India today when seventy-four Chinamen paid the five hundred dollars head tax.

It is announced that the provincial government will build a two hundred dollars head to hundred the seventh of the sev thousand dollar extension to the insane asylum at New Westminster, work to

In the cricket tourney both matches were declared on one innings. Portland defeated Vernon by 171 to 98. Victoria defeated Washington state by 162 to 74.

DEATH OF MADAME LAFLAMME

Prominent in Montreal Society Circles a Generation Ago

Montreal, Aug. 19-The death of Madame Virginie LaFlamme at the residence of her son Godfroi LaFlamme, has removed one who was prominently identified with Montreal social life in the past. In the old times when Montreal was a garrrison and British red coats were dwellers in the Mile. Virginie Roy, and afterwards Madame Godfroi LaFlamme was one of the leaders in the gay society of the time. When the prince of Wales, now his majesty the king, visited Montreal in 1880, who had the honor of dancing at the ball was the lady who had just

ed away. Her husband was the brother and business parener of Hon. Rudolph LaFlamme, member of the Mackenzie government. The firm were counse: for the defence in the cases of the St. Alban raiders and the accused were hid in Mr. LaFlamme's se for several days, and she secretly conveyed food from the kitchen to their place of concealment in the garret. This as in the house on St. Catherines street, between Monsfield and Metcalfe streets The late Mr. LaFlamme, husband of the was the brother of lady Jette wife of sir Louis Jette. There survive two sons, Godfroi LaFlamme of the postoffice Mr. Raoul, and two daughters, Mrs. Virginie Sturgeon and Mrs. Charles Massey,

CONGRATULATES CANADIANS

King's Cablegram to Canadian Articlery Association Halifax, Aug. 19-His majesty the king the Canadian team on winning the recent lery competition. Immediately the results were known earl Stradbroke cabled the king stating that the Canadians had and early Saturday morning he rehim to congratulate the Canadians on their The British artillery team left for | During the year there was an inec this afternoon and sail for Engand on Friday. "We have been overor we went we have been received \$5,193,179. h the greatest kindness and we appre-

We admired the excellent work done by the Canadians. Their gun laying was especially good and one thing that pleased ne very much was the interest taken by not return with the team but are going through Canada to the Pacific coast. A number of the team are also going to re-

nain in Canada some time. The cup precup but was to become the permanent property of the association which was vicorious. The Canadian team, having wo it, the decision as to its disposal rests with the Canadian artillery association.

Montreal, Aug. 19-F. A. Hart of Chicago has called on Dr. Laberge, health officer, n regard to slaughtering horses for human consumption. It was desired to purchase horses in Montreal and ship them to Chicago, where they could be turned into food. The stranger was referred to severa; horse dealers in the city, but as the price of horses is high in Montreal it was not thought much business will be done here. The doctor was asked if he thought a horse meat market would be successful in Montreal. He replied that the public would have to be educated to like the meat, which it appears is much appreciated in Paris and other cities. Inquiry was made as to the Montreal laws on the subject and Dr. Labarge said he could find nothing against the erection of a special abattoir for the slaughtering of horses. fact that the city was pledged to prevent the public sale of meat for any but re-

Dr. Laberge went on to say that he thought the board of health would soon regulations. There was really no reason why horse meat should not be used esthought better to regulate the sale.

PRISONER'S PATHETIC APPEAL

Wants Limit Set to Term so That he may Die in Liberty.

Montreal, Aug. 19-"You are the minister of justice, I know you are; you can do anything you want for me. Just fix a limit to my imprisonment so that I can

can die in liberty." This pathetic appeal was made to Hon. Jacques Bureau, solicitor general, while he was making an official inspection of the cells of St. Vincent de Paul peniten

The man who spoke was ex-constable Cawes of Quebec, who is condemned to life imprisonment for killing his wife during the winter of 1908. Bureas turned to the warden and inquired as to the manner in which the convict had conducted him-self since his arrival in prison. The ans wer was to the effect that the prisoner's conduct had been ideal. "We will see then," said the solicitor general, turning to the convict, "if something can be done

Ottawa, Aug. 19-George Mountain, the chief engineer of the railway commission, who accompanied the board on its recent tour of the west, has just completed a tour of the Canadian Northern lines with a view to seeing what has been done this season towards improving the C.N. system in the prairie provinces. In an interview today he expressed himself as agreably disappointed with what he saw and says the company is doing all it can to improve the condition of the roadbed and will soon have it in first class shape. Mr. Dillinger, of the railway commission staff, who has investigated the C.N.R. rolling stock equipment, considers that afgood condition

Mr. Mountain says the crops in northern Manitoba and Saskatchewan look magnificent, although two or three weeks late.

STARVED INTO SUBJECTION Valleyfield, Aug. 19-For a while today looked as if the strike of the 2500 operatives of the Montreal Cotton company pany agreed to give the mule spinners an advance of ten per cent, the other opera tives to return to work under the old scale The committee was satisfied with this settlement but when it came to the main body of the workers, the disposition was to all round. This the company considers impossible to grant and in consequence the strike must go on until the operatives have had enough. It is reported that the retail merchants of the city have refused to give credit, which if true, means that the strike cannot last long.

RECEPTION TO BORDEN Three Rivers, Aug. 19-Conservatives of this district intend giving a big reception to R. L. Borden on Aug 30

******* CANADA'S TRADE.

Ottawa, Aug. 19.-In the twelve months ending at the first of July, Canada's foreign trade showed the immense increase of \$65.723,969. The value of the imports and exports was \$612,642,-• 179. The total value of the im ◆ ports for the year was \$258,171,-• 674, a growth of \$1,585,044. The greater increase in the imports
 than exports is attributed to the • fact that Canada is growing so • fast that production is unable to ♦ keep pace with domestic demand. crease of \$19,891,161 in imports
from Great Britain and a decrease

Make Brave Attack Upon the French Position

GALLANT CHARGE IS LOST

BROTHER OF THE SULTAN OF MO-ROCCO HAS BEEN PROCLAIMED BY SOME OF THE TRIBES-MOORS LOST HEAVILY IN SUN-DAL'S BATTLE.

Casa Blanca, Aug. 19-A large force of Moors suddenly descended upon the French camp early this morning but were driven off after a sharp conflict. The tribesmen advanced to within 800 yards of the city, when general Drude sent against them, under cover of the guns of the warships, detachment of 50 Arab horsemen in the French service. The firing line extended 16 miles and lasterd from 7 to 11 a.m. The French used field and machine guns with deadly effect in repelling the attack of the Moors and shells from the cruiser Gloire also rendered efficient service.

From a military point of view Sunday's engagement was a small affair, but nevertheless it was an exhibition of splendid in-dividual bravery. Bodies of horsemen charged repeatedly in the face of magazine rifle and maxim artillery fire. One of the Arab, apparently a caid, who was mounted on a black horse and carried an al red flag. He headed a long line of horsemen in a fierce downhill charge. When the horsemen halted before the withering fire and turned and galloped back, this old man stopped, looked quietly at the French sition and then with the utmost sang froid, slowly and cooly retired.

Paris, Aug. 19-A telegram received here from vice-admiral Philbert, declares that the Moroscans apparently suffered great loss during the engagement of Sunday when the camp of general Drude was at-tacked. Advices from Morocco City de-clare that Mubaia Hafig, brother of the sultan has been proclaimed by the neigh-

Parls, Aug. 20—The correspondent of the Math at Casa Blanca speaks in loud praise of a 75 millimeter gun, 14 rounds of which he says put 1500 Arabs to flight. In attacking the center of the camp on the right, the Arab horsemen galloped to within 400 yards of the French positions where two rapid fire guns had been mounted on the roof of a farm building. These guns, each with 500 shots per minute, swept the ground with a rain of lead and covered it with the dead and dying. The Spahis (the Arab horsemen in the continues, were a brave sight as they rode back into camp. Men and horses were

TELEGRAPHERS STRIKE

Conflicting Statements, but Companies show Steady Gains

Chicago, Aug. 19—The developments in the telegraphers' strike today comprised the calling out of leased wire operators in six brokerage firms and the issuing of a number of conflicting statements regarding the progress of the strike. The comthe board of trade a larger number of opncement of the strike. Six of the largest brokerage houses in the city refused to sign the scale and their men were orered out. In one of the offices, however, three of the men continued to work. Many of the messenger boys who struck on the day following the walk out of the operators, returned to work today.

PASSENGER TRAIN DITCHED

everal Persons, Supposed to Have Been Killed-No Definite News

Newport, Ark., Aug. 19—Passenger train No. 8, the fast train between Texarkana and St. Louis, on the Iron Mountain line, is in a ditch at Alicia, Arkansas, and very meagre reports received here are that severa; persons have been killed and many injured. The wreck occurred at 9:30 and is said to be due to a broken rail. Assistance was sent at once from Alicia but the wrecking crew ha dnot returned up to midnight. The railroad officials admit that the wreck is a bad one but refuse to say how many are killed or injured. Telephone wires are working badly and it is impossible to get any information by tele-

EXHIBITION NOW A SUCCESS Norfolk, Va., Aug. 19—Prince Wilhelm of Sweden arrived in Hampton Roads at o'clock this afternoon on board the Swedish cruiser Fylgia and was given a noisy welcome by the ships of the Atlantic squadron which were decorated gail yin onor of his coming. He went imr to the New York building at the exposition where he had luncheon. The prince returned to the exposition near midnight and later went to the Fylgia on a launch.

CLOSE OF STEEL-COAL CASE

Montreal. Aug. 19-The steel and coal noon at 4 o'clock. There is much speculation as to what will happen next. Judge Langley's decision will probably be given Langley's decision will probably be given within a month and some say the case not arrived yet being reported 20 will be appealed, and whichever side wins will not be known until the final decision very much," said earl Stradbroke.

made within three weeks and that the trial will have served the purpose of bringing out all the points in dispute, Today's proceedings were entirely devoted to like

SIR HIBBERT IN MONTREAL Montreat, Aug. 19—Sir Charles Hibbert Tupper and lady Tupper of Vancouver grrived from Hallfax today and went joined here by their son Reginald of the British navy and will proceed to B.C. Sir Charles Hibbert is much pleased over his visit to his former constituents in his visit to his former constituents in Neva Scotia. Speaking of Vancouver he declared that that city also was growing some ten thousand people per year taking up their residence there. This urban ex-

FIERCE STORM ON SUNDAY

DID MUCH DAMAGE IN MINNESOTA

SUMMER TOWN NEAR ST. PAUL BAD-

St. Paul, Aug. 19-St. Paul and Minnea polis were last night swept by a storm that was almost a cloudburst and cyclone in one which visited many other poin the northwest with at least one known fatality, Anna Bolander, instantly killed by lightning in Duluth. Telegraph and telephone poles and wires are down in both church steepies were partly de-ted in Minneapolis and the smoke stack at an elevator blown down. Several small fires started in St. Paul.

50 minutes, almost the heaviest on record. cut off between St. Paul and points in

be more than 150 miles in every direction, with St. Paul as the central point. Damage to crops was very heavy. Washouts are reported on nearly all railroads, Burlington trains being stalled at Prescott, after having been held there al: night. The big buildings at Brainerd suffered great damage from hail storm. Buildings were unroofed at Sti.Iwater and the electric

service paralyzed. In 50 minutes between 8:25 and 9:15, 1.25 nones of rain fell and the total precipitation during the night amounted to 1.82 inches, almost a local record.

Minneapolis fared worse than St. Paul, the damage to that city including the partial demolition of a churc hateeple and the blowing down of a high smoke stack. A huge tent with a carnival in progress was blown down and there was a panic among the 500 people in it. Frank Montgomery had a shoulder bone dislocated in the crush.

A. C. Will and wife were thrown from their bed by a bolt which struck the house but escaped injury. Fires were started by lightning and many barns were unroofed during the storm; electdic light and tele-phone wires suffered throughout the city. The Northwestern Telephone company reorted today that probably five hundred that several of their long distance wires were out of service. The Tri-State Tele phone company also suffered severely.

done by the storm last night in this city and the surrounding country. The trolley lines were knocked out soon after 8 o'clock last night and were not yet in operation tonight. Forty St. Paul people spent the night in an interurban car within the city limits. The car was due to leave at 8:40.

terrific force. A dozen cottages were en panies are increasing the number of men at work and both of them had today on suffered injury. Frank Montgomery, Minneapolis, had his shoulder bone disle in a panic which happened among 500 peo ple who had taken refuge from the storm under a tent which fell upon the crowd A number of persons were shocked by lightning but none seriousty.

Duluth, Aug. 19-Duluth yesterday was visited by one of the worst electrical and rain storms in its history. One person was killed, a young woman named Anna Boland, who was struck by a bolt of lightning, which injured several others in the same house. It is estimated that ten inches of rain fell.

Lacrosse, Wis., Aug. 19 - The fourth severe rain and wind storm this month completely tied up traffic on the main lines of the Mi:waukee and Burlington roads today. Wires are down in every direction Minneapolis, Aug. 19—Mrs. James Mc-Walters, 156 Russel avenue, was the vic-tim of an accident during the storm last night. She is in the hospital and will pro-bably die. During the storm Mrs. Mo-Walters noticed that the cistern under the house was running over. She raised up the trap door in the kitchen floor to in-vestigate. A can of gasoline which had been in the kitchen had leaked and the oil ran down into the cistern and floated on the water. Mrs. McWalters struck match in order to look into the cistern. The match burned her fingers and she dropped it. Instantly there was an explowhich nearly wrecked the kit The flames burst up into Mrs. McWaiters' face and she was badly burned on the head and shoulders.

G. N. R. DEMORALIZED.

St. Paul, Aug. 19.—The Great • Northern train service has been demoralized. The Oriental limiaed, No. 2, was reported two hours late today and No. 4 which was

Canada to Reciprocate With

FACTS OF JAP INVASION

OFFICIAL FIGURES SUPPLIED FROM OTTAWA SHOW JAPANESE EN-TERING COUNTRY TO HAVE BEEN MUCH FEWER THAN AS-

Ottawa, Aug. 19.—During July the arrivals of Japanese at Victoria reported to the trade and commerce department totaled 858, of whom 725 were male and 133 females. Of the total arrivals 657 were destined for Victoria and 201 were were destined for victoria and 201 were in transit to the United States. Other Canadian ports also received Japanese immigrants. The net influx of Japanese to British Columbia last month was, therefore, about 700, considerably less

than some dispatches of the west seem-In a telegram received last week by sir Wilfrid Laurier, from G. R. Mac-Pherson, M. P., of Vancouver, the latter stated that since January last over 4,000 Japanese had arrived in British Columbia, 2,334 arrived last week and 2,000 were en route from Honolulu on the steamship Indiana. Mr. Macrherson urged the government to take some steps if possible to restrict the rising tide of oriental immigration into B. C. During July no less than 133 Chinese paid the poll tax for the privilege of entering Canada. In addition 44 Chinese

arrived who were exempted from politax, being merchants returning after less than a year's absence from Canada. Mr. Fielding and Hon. Mr. Brodeur expect to sail from Liverpool on the Allan boat which leaves on August 23. They should be in Canada by the first of September. For the past two months Messrs. Fielding and Brodeur have been in Paris negotiating with the French government on improvement of the tariff relations of Canada and France. It is believed here that Canada will be shortly given the same treatment by Australia as is accorded to Great Britain. In a tariff recently brought down. tain. In a tariff recently brought down tain. In a tariff recently brought down by the Australian government heavy duties were imposed against imports and a slight preference was given to Great Britain. Canada has cabled Australia that the offer of the preference Canada gives to Great Britain is still open to Australia if reciprocal treatment is accorded.

ment is accorded. CHICAGO AND ALTON CASE Washington, Aug. 19—Attorney general Bonaparte today made a searching investi-gation to determine if the Chicago and Alton railroad is entitled to immunity from prosecution for granting rebates to the Standard Oil. From 11 o'clock this morning until late this afternoon Mr. Bonaparte was in conference with district attorney Simms of Chicago, Charles B. Morrison special attorney for the government in the Standard Oil cases, special attorney Wil-kerson and counsel for the Rock Island on the summer city which borders take Independence, 22 miles from this city, with the conference the attorney general antirely wrecked, while 15 persons were more nounced that he would make no statement

> FURTHER TROUBLE EXPECTED Montreal, Aug. 19-In conversation this norning, Mr. Paquette, secretary-treasurer of the longshoremen's union, stated that neither the men nor the society's officers were thoroughly satisfied with the recent dispute which was settled. The documen the men had been called upon to sign, th officials did not consider worth the pape on which it was written and Mr. Pauquett ters were not in such a settled condition that the wharf association represented e further trouble by the fail.

YOUNG GIRL ASSAULTED. St. Paul, Aug. 19.—A special to the Figure Press from Menominee, Wis., says: Rose Gallatin, the 14 year old daughter of John Gallatin, was assaulted and nearly killed near this city last night. She was knocked down, several teeth knocked out and was finally left in an unconscious condition in a grain in an unconscious condition in a grain field near the highway. Her assailant used a bicycle in escaping at the approach of teams. Three suspects have been arrested. Feeling runs high in the city tonight and lynching is talk-

TO OUST FRENCH CANADIANS.
Montreal, Aug. 19.—Trouble is feared on the Caughanawaga reserve. The Indians insist on French Canadians being excluded from the reservation. The latter refuse to go and the government was appealed to and decided in favor of the Indians. The younger bloods want to use force but the older heads oppose this and today a deputation consulted F. D. Monk on the law on the matter. TO OUST FRENCH CANADIANS.

HAT COST HIS LIFE St. Paul, Aug. 19.—Charles Peterson, grocery driver, was killed by a special train en route to Minneapolis Sunday. Peterson was returning to the city from a pleinic at Jordan. His hat blew out of the window of the car. Peterson jumped off the train, got his hat and

was thrown under the wheels. Both of his legs were severed and his skull badly

CANADA AND THE NAVY
It is rather confusing trying to follow governor-general Grey's views on the suject of Canada's contribution to the British navy. The other day he was reported as having spoken at Halifax in favor of an immediate and direct contribution by Canada to the cost of maintaining the British navy. A St. John, New Brunswick, dispatch of later date, reporting a speech by earl Grey at a Canadian Club luncheon, makes him say:

"I have good reason for my view that Canada should not make any immediate contribution to the fleet. There are other directions in which it is more important in imperial interests that

important in imperial interests that Canada should expend her present en-

"Canada and the empire are neces-sary to each other. Without the sup-port and strength which Canada enjoys as a portion of the British empire, Can ence. On the other hand the British empire without Canada might soon

cease to be an empire. "So it is of first importance to the empire that Canada should be strong and that consequently all her surplus energies should be concentrated on what will increase her strength. The fact that the dominion government is not pre-pared to undertake obligations which these steps will involve until she is financially stronger than she is today is conclusive reason against her under-taking an expenditure which should follow and not precede those steps to which have referred.

DENOUNCES BROTHER PARSON. Peterboro, Ont., Aug. 19.—Rev. G. H. Potter, of St. Andrew's Presbyterian church, created a sensation in his sermon last night by charging that a min-ister of another local Presbyterian church had been seen drinking in a bar-room at a summer resort hotel at Bear Falls. He also denounced Sunday ex-

SORE WITH COAL DEALERS. Ottawa, Aug. 19.—Ottawa coal dealers recently advanced the price of coal and aroused the wrath of many people, who had not yet laid in a supply. All the city dealers concured in making the raise and some of the indignant ones are now threatening to enter action against the dealers for combining in re-

BOARDING HOUSE BURNED St. Catherines, Aug. 19—The boarding house of Lowry Pros., at St. David's, occupied by about at Italians was burned to the ground this morning. The Italians had to flee for their lives and most of them not only lost their clothing, but also their previous week's pay. The money lost in the fire is placed at \$400. Lorwy Bros.' Joss is \$1500. fully covered by insur-Bros'. loss is \$1500, fully covered by insurance.

having paid his annual visit to the leper colony, says there is strong hope that a cure for the dread disease has been dis-covered. One patient has been discharged as cured and a woman is progressing so favorably that she will be at fiberty in a short time. In other cases patients were

Stockholm, Aug. 19.—A local news-paper announces on what it declares to be good authority that Rudyard Kipling has been designated to receive the Nobel literary prize for 1907. The paper adds that Samuel L. Clemens (Mark Twain) was suggested for this honor.

RELEASE OF CAID MACLEAN. London, Aug. 19.—A special dispatch rom Tangier dated August 19th says that caid sir Henry Maclean, the English prisoner of Raisuli, was to have been surrendered to El Morani, the uncle of the sultan, and that he is to be

FUNERAL OF JOACHIM. Berlin, Aug. 19.—The funeral of Joseph oachim, the violinist who died August 15th, was held here today. Crown prince Frederick William who was among those present fainted in the hall during the ceremony and had to be carried to the open air before he recovered.

EARL GREY'S TOUR St. John, Aug. 19—His excellency the gov-ernor general and party passed through the city at noon today in the governor's private car, Cornwal and York. Earl Gre ysaid he had greatly enjoyed the trip to St. Andrew's, although he was somewhat inconvenienced because of a severe cold in the head. The party left shortly noon for Point Duchene. They will visit Charlottetown for a few days and return to Ottawa on Saturday or Sunday, travel-ling from the Island by steamer. While on the island he will visit the Macdonaid consolidated school at Hillsboro.

FOR AN ADJUSTMENT.

Washington, Aug. 19.—President Gompers of the American Federation of Labor reported to the executive council that he, John Mitchell and Daniel J. Keefe, have been instructed by the united labor organizations with an attempt to bring about an honorable adjustment of the telegraphers' strike at an opportune time. President Gomp when asked when that time would arrive, replied that he could not say, it might be in an

Hibbert Tupper May Accept Candidature

LOCAL ASPIRANT KICKING

HOW CONSERVATIVES OF NOVA SCOTIA PLAN TO AVERT AN-OTHER LANDSLIDE IN MARI-TIME PROVINCES AT THE COM-

Halifax, Aug. 19-There has been a small sized flurry in conservative circles during the past few days. In Pictou county leader of the opposition in the local legis-lature, for the conservative nomination for the dominion house. Sir Charles Hibbert Tupper was sent for and he has intimated in a general way that he will be a candidate if the party wants him. This is supposed to cut out both Messrs. Bell and Tanner, but advices from New Glasgow say that Mr. Bell will not be cut out. Once before he kicked over the

C. H. Cahn, solicitor for the Mexican Power company, it is said, has offered to "take" a constituency. "He was defeated by Hance Logan in Cumberland, W. B. Ross, who was a liberal until shortly beof as a possible candidate for

pose Mr. Fielding in Queen's-Shetburne and R. L. Borden's friends say that he will stand for a Nova Scotia riding, poswill stand for a Nova Scotia riding, pos-sibly Halifax. The intimation is that he will run for both Carleton and Halifax.

In court today judge Russel heard a motion to the cross petition of Roche vs. Borden and Carney vs. O. Mullin, set down for trial on Sept. 8. R. E. Harris, K.C., moved for a later date stating that Mr. Borden had made arrangements previously for a tour from Hulffax to Vancouver. He asked that a day in November be set. The court reserved its decision but later filed a judgment setting the cross petitions down for trial on Sept. 3, the same date as the cases of Hetherington vs. Roche and Carnes. cases of Hetherington vs. Roche and

PATERSON IS WANTED Commenting on the rumor that Hon-William Paterson was one of those who are likely to retire through the recon-struction of the cabinet, the Toronte Star says:
"Mr. Paterson is not quite 68 years of

age, and is as alert and vigorous as at any part of his long public career. He is a tireless worker in his office, and his administration of the customs department is highly satisfactory to the business community. The Brantford Expositor points out that he has continued, despite his heavy departmental du-ties, to take a prominent part in the ties, to take a prominent part in the public debates, both within and without parliament, and in the midst of an arduous election campaign is able to speak almost nightly before large audiences apparently without severe physical strain. Took that is cal strain. Today he is to all appearances as fit for service as at any period of his life, and it would be a ser loss, not only to his constituency, but to his leader and to the public life of the province, if a man still capable of so much usefulness, and of such un-blemished career, should feel the neces-sity for retirement from a sphere which he has so well adorned.

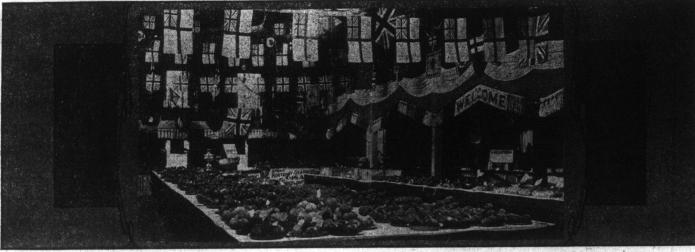

The erroneous opinion that Mr. Paterson is about 90 years of age may be due to the length of his public career. But Mr. Paterson began young. He was But Mr. Paterson began young. He was 33 years of age when he contested South Brant against sir Francis Hincks, a veteran whose experience went back to the days of the Canadian rebellion. Mr. Paterson won then, and he was never defeated afterwards except in 1896. The defeat was due to exceptional causes, and a seat was soon found for the new minister of customs. It should work in his favor, not against him, that he is one of the old guard who kept up the fight for liberalism through long years of discouragement."

JAPANESE SPIES Atlanta, Aug. 19 — Two Japanese were liscovered in the rear of Fort McPherson today taking views and sketches of the buildings and grounds. A former enlisted man who first discovered the men, after talking with them, reported the matter to the department of the gulf. The officials of the department say no action will be taken unless other discoveries are made.

WORLD'S SWIMMING CHAMPIONSHIP Weston-super Mare. England, Aug. 18— Z. DeHalmay of Budapest, won the 229 yard swimming championship tonight by half a yard from Paolo Radmilovio of Weston-super Mare. Charles A, Daniels of New York, was third. The time of the winner was 2 minutes and 34 seconds. The record for the distance is 2:28 2.5, made in 1902 by F. C. Blaine of Australia.

ESPERANTS IN CHURCH.

London, Aug. 19 .- A service in esperanto was given in St. Clements Dane's amny delegates to the Esperanto con-gregation was in attendance including many delegates to the Esepranto congress, which has just concluded its session at Cambridge.

ED BY LABOR DEPARTMENT.

engineer, who is consulting engineer for NOTABLE INCREASE IN WAGES DUthe Domin on Copper company was in the city yesterday on his way to Banff where he will spend a week or so at a summer were thirty trade disputes in Canada reported to the department of labor, an hotel with Mrs. Johnson.

Speaking of the copper situation Mr. Johnson said that the depression in copper just now was due to a variety of causes, but in his opinion that depression was merely transient. He explains that there had been considerable stocks of copper accumulated at the end of May fast by the principal American buyers, such as theh General Electric company. That stock of copper was sufficient to last the companies holding it for about four months. When this stock is all used up the open market must be sought once more. In the meantime the United Metals company, a company which means much to the American copper market, was not buying to any extent ..

Now, the United Metals company is reported throughout Canada as having merely an intermediary, notwithstanding gone into effect during the second its stading on the copper market. They buy and sell on commission. Intimately associated with the United Metals com- The upward tendency in wages as pany is H. Rogers, who is intimately associated with the Standard Oil. There is no vis.ble connection, sa'd Mr .Johnson, between the two companies, laying an emphasis on the word "visible," but there ada, with the single exception of that is a great similar ty in the personnel of of 1903 when the number of increases the people handling their affairs. If the was greater, although the number United Metals company is not buying naturally the fellow who wants to sell and cannot wait to sell at high prices, is good changes reported during April, May and ing to let his copper go at less. He sees | June last were 117 in number; of these that the copper is going out of the country and that there is little demand at the wages, and two were in the nature of present moment and therefore he is willing to sell a lesser f gure. He knows there is a stringency in the money market which is, however, more appreciated in the west than in the east, and he is more witing ance of way employees of the C. P. R. to let his copper go at the smaller f gure | G. T. R. and C. N. R. systems alone

than would otherwise be the case.

The whole matter of the depression, Mr. Johnson considers to be merely manipulation. The manipulation is being cleverly done but that it is manipulation Mr. Johnson apparently has no doubt. He thinks led to coal miners in Alberta and Britthat when the copper stocks come to an lish Columbia effected 4,000 men, while end the owners will come into the market in the lumbering industry in Ontario and buy again at a low figure, profiting and the eastern provinces over 10,000 thereby, and when their buying is done river drivers and millmen obtained adcopper will have gone up to as high a figure as before. As the stocks cannot hold out beyond the end of next month a circular to the police departments and Mr. Johnson thinks that with the beginning of the fall the copper situation will be as good as ever.

Asked if the present demand for copper had not fallen off, Mr. Johnson admitted that it certainly had within the last 30 days, for the causes named but that if the demand of last year was taken against the demand of this, it would be seen it had increased on the whole. Certain business propositions in the way of open-ing up new undertakings have not gone through but if they had their realization would only have meant a greater demand. Because they have not gone through there had been no decrease in the dmand of the consumers of copper. That is as g eat as ever. Nothing has arisen that can take the place of copper. Why the new deals have not gone through Mr. Johnson is not prepared to state, but he is not at all inclined to admit that this has anything to do with the stringency in the market. As far as copper properties are concerned that stringency can hardly be said to exist in the east. Mr. Johnson has just arrived from New York and may, therefore, be c edited with knowing the sit-

Asked as to the reason of the doop in the values of copper properties, Mr. Johnson said this was probably due to two causes, one the depression in copper which he maintains is merely artificial, and the second the series of investigations which are taking place all over the states into the affairs of certain prominent companies.

The bears are having it all their own way in the eastern market and many shares But the intrinsic value of the properties concerned have not been altered thereby and Mr. Johnson is optimistic enough to believe that the investigations will do ous ness far more good in the long run than any small harm that is now being effected by ill advised action. It is curl-ous to note in this connection that the opin on of Mr. Johnson is that the end of the investigations in one direction will be the government control, not government ownership, of railways; something after the Ines of the Canadian Railway Com-mission. This Mr. Johnson thinks will work for the ultimate good of the public. How far Mr. Johnson is prepared to endorse his own views with regard to the evanescent nature of the present copper depression may be gathered by what is peing done and what is being attempted in the Dominion Copper smelter at Boundary Falls. There last year there were but two furnaces capable of handling together about 650 tons of ore daily. Then was built an entirely new plant around these furnaces and a thi d furnace added, the third having a capacity of 750 tons daily. From this on Mr. Johnson expects to be able to treat something like 1200 tons of ore daily, allowing for the occasional close down of a furnace for repairs, In addition to this huge expend ture, which is running into a half million dolfars at smelter and mine, Mr. Johnson now proposes to put in a blister copper converor, which will cost something like \$125,000. Mr. Johnson admits that the Dominion company's copper is now being converted

that it will pay his company to put in an expensive plant of their own. Of course with any prospect of a permanent drop in copper, such an expenditure would hardly
be justifiable.

Asked as to the l'kelihood of an amaiand other structures gamation of the interests of the Dominion Copper and B. C. Copper companies, Mr. Johnson said that there had been some newspaper talk but that as a matter of fact the subject has not so far reached

at the plant of the B. C. Copper company

at a favorable rate, but with the largely increased production he is of the opinion

ARE TO BUILD

Vancouver, Aug. 15 .- It is learned from a reliable source that an order may shortly be expected for renewing operations on the Kootenay Central this season. The recent trial trip of Wm. Whyte over the route impressed him favorably and the matter was immediately taken up with Shaughnessy. The result is said to be an agreement to let contracts for construction and the preliminaries are now being arranged. It is understood here that Hays and Morse of the Grand Trunk Pacific, are now en route to the coast to close a deal for the V. W. & Y. railway, extending from Vancouver, where the Railway Commission recently gave it rights, to the neighborhood of Fort George, where the new transcontinen-tal will be tapped. The line will then be a feeder to the G.T.P. to Vantensive surveys along the route and hold many options on waterfront property on obthsides of the inlet.

Dominion authorities have notified the provincial police that \$500 reward will be paid for the capture of Bill

The mountain mill men met with the coast men this afternoon. Efforts to obtain information as to action taken were very unsatisfactory as secrecy had evidently been imposed. It was learned, however, that the principal questhat the coast men join them in refraining from pressing northwest dealers on paper due. It is stated that with the banks refusing loans and the present crop situation, the result would be the ruin of a chain of businesses through the district. The question of curtailing coast logging was also brought up but the local men replied that their market was so varied that the probable slack trade in the northwest would not effect conditions here seriously. The question of car short-

WINTER SUPPLY OF FUEL

SASKATCHEWAN GOVERNMENT'S GOOD MOVE.

ARRANGE WITH COAL COMPANIES FOR LONG CREDIT.

Regina, Aug. 15.-The department of agriculture has issued a statement set-ting forth the arrangements made by the government with mine owners with a view to inducing dealers and householders to stock up with fuel for the coming winter. Some time ago the Alberta Railway & Irrigation which sells Galt coal mined at Lethbridge, offered to supply coal to agents freight prepaid, and wait till Decemfor payment.

The commissioner of agriculture has since received replies from a number of other large coal companies, who expressed willingness to make practically the same, or even more liberal terms. This arrangement it must be confessed adds the government, is in the nature of an encouragement of the credit system, which already has been the bane o but its peculiar conditions existing this year amply justify such a step, it is held, being taken on behalf of the people to obtain concessions from the several coal companies operating

in the province. The severe experience of western people during last winter established the fact that the only reliable safeguard against a probable fuel shortage in the prairie country is that the people should ay in their winter fuel supply during situation at resent is such that if railway companies supply the required rollto do, every facility will be afforded the people of Saskatchewan to purchase their winter's supply of fuel.

NELSON BOAT CLUB'S MIDSUMMER EVENT IS POPULAR.

TEAGUE AND DESBRISAY HEROES OF THE DAY.

Nelson boat club was held vesterday afternoon and was a great success being enjoyed by participants and spectators. C. A. Lee acted as starter and kept the various events going in rap succession. Captain Gore and Norman Fraser were the judges and time keep-ers, H. Selous being in charge of the ourse Tea was served on the float during the afternoon and was much appreciated. The attendance was large and the scene was very gay from early in the afternoon until dusk. The greasy pole walking, tub race and tilding maich ment. Messrs. Lindsay and Hunt lent the tilters barges to dis-

tinguish themselves.

The boat club will hold another regatta before the summer ends, this oc-casion being so pronounced a success. The winners of the events of the day

are as follows: First heat of the single sculls, between A. Bishop and R. Bell, won by

the former. First heat of the four oar lap streaks between J. Teague, A. Poole, A. Cheyne, Ray Ball and E. Robertson, R. Sharpe, A. H. Ferguson, D. Manhart. This was won by Teague's crew by five lengths. minutes 8 seconds. The crews got away well together but Teague rowing 34, steadily crept away from Robertson and rounding the bouy at the half mile in nice style won easily.

Second heat of the four oar lap streaks between Dr. Hall, T. D. Des-Brisay, C. Longhurst, H. Bishop and Nott, G. Johnston, D. McAlman, F. Blodgett. This was won by Dr. Hall with two lengths. Time 7 minutes 25 race up to the bouy at the half mile back, Dr. Hall's crew gained a length and kept it up to the finish. Frank

Nott deserves a great deal of credit as his crew were all this year's men.

There were four entries for the single canoe race which was won by H. W.

Second heat single sculls between G Johnstone and F. Nott. Won by F. Nott.

The mixed doubles was won by H. W. Robertson and Mrs. Procter after an exciting race with W. Hayes and Mrs. Heathcote in which the latter were the favorites up to the last three

Final heat, four oar, between the crews of Teague and Hall. This was won by Teague by four lengths, Time 7 minutes. Dr. Hall's crew caught the water first and got away smartly with soon got upon even terms and rowing 33 reached the half mile bouy with length to the good and making a splendid turn increased the lead before the finish into four lengths.

The men's double canoe race was won by Egg and Robertson. The meu's double with lady cox was

won bySammons and Ford with Miss The third heat of the singles was won by DesBrisay, defeating Dr. Hall and the fourth and final by DesBrisay,

defeating Nott.

The tub race was won by A. Bishop, at least he got the decision, for apparently the only way to get the tub to move was to lie over it and prothrough the water bottom up. The diving contest was won by A. Bishop who had lots of practice in the tub race Archie also captured the greasy pole walking, but the honors of the tilting match went to H. Bishop and C. Long-

FERNIE BUILDING OPERATIONS ogress on Postoff ce and New Cour

House (Special to The Daily News)

Fernie, Aug. 15-The demolitica of th old provincial buildings has comminced, to make room for the handsome new struc-tu.e to be erected on the ste by the government and today little of the old building remains. Buld ng operations wil be g n at once and will be rushed to com; l ion w thout ceray, the of cials having n block on Victoria avenue. The contractors on the new postoff.ce and customs office are making tapid prog.ess and there is little doubt that the roof will be on be-

fore snow flies.

The installat on of the sewage system is going on apace ,though it has been d.ffi-cult to secure men. It is expected that this centract w.ll also be completed be-

fore winter. A large gang of laborers came in on the Great Nno thein express last night to engage in the construction of the line be-tween hele and Michel which was commenced on Monday. All the material and machinery 's already on the ground and the work will be rushed forward with ex-

R. G. D.innan, general superintendent and D. Daves, comptrol er of the coal company, have returned from Toronto and G. G. S. Lindsey, general manager, is expected to arrrive in a couple of days.

EMPRESS DOWAGER TO ABDICATE Tsi Hau Ti ed of Cares of Gove ning the Chinese Empire

London, Aug. 15-Despatches f. om Shang that Tsi Hau, the empress dow.ger of China, has announced her de ermination to abdicate at the next Chinese new year. She desires to hand over the cares secret decree has been 'ssued oalling a meeting of the grand council to make t

change.

The dowager empress who is now 72 years old has been supreme in Chinese affairs for many years. Her career is a remarkable one. The daughter of a Manchu, sold in infancy by her father who ran into financal difficulties, she became at an early emperor Hien Fung. She won his admi.a-REGATTA SCORED SUCCESS | tion and affection and bore him a son. This son she placed on the throne but his career was brief, poison, it is thought, causing his death. As there was no heir Chung became emperor under the name of Kwang Su, and under the regency of Tsi Hau, the dowager empless, in 1889 the emperor nominally assumed control of the government, but nine years later The annual midsummer regatta of the regency of the empless downger was restored and she has kept h m in the back-

ground ever since. PEACE OF EUROPE

importance Attached to Meeting of King

Paris, Aug. 15-French opinion generally ega: ds the meeting be ween k nd Edwa d and emperor William at W helmshoe y s-terday, as marking another stage in the refaxation of European tensions. Like the series of agreements Great Britain has been contemplating and that from this standpoint it will strengthen the peace of Europe. Moreover, yesterday's meeting is contrasted with the handshake between the king and German emperor last year nberg and there is consider the Wilhelmshoe meeting as being something in the nature of a genuine whose relations heret fore have been notor ously cool. So far as French inte ests are concerned the impression prevails that they cannot be prejudiced by what occur- have, therefore, to be restricted red at Wilhelmshoe, especially should cir-cumstances later necess tate a boadening of the mandate which France and Spain

received at A geciras. COLLIDED WITH HAND CAR. Cedar Rapids, Iowa, Aug. 19.-Passenger train No. 3 on the Chicago, Milwau-Both crews rowed an even kee & St. Paul railroad was wrecked today at Keystone. 30 miles west of here. on each animal. except sheep, which reservoirs and animal except sheep. which reservoirs were sheep.

During the past thirty days there has been shipped from the Hall Mines smelter nearly a car of bullion each day. As a car of bullion is supposed to be worth something like \$8,000, it will be seen that the local reduction up. At the same time the weekly returns of the ore received at the smelter show that the ore receipts have been more than ordinarily low. In other words the Hall Mines smelter has been cleaning up. At the end of January last there was a stock of ore in hand. filling the bins of the smelter, which was sufficient to run that plant for six months. Today all that ore has been put through the single furnace now being used and the bins are dry. There nothing left but some mattte and flux that matte a little dry ore purchased by the car lot from time to time. A week or ten days should see that stock exhausted. Then the smelter will have realized upon the whole of the ore that it has purchased in the past came for it to be smelted. There will be little left except some flue dust and some sows at the bottom of the cruci-

In the meantime a circular has been sent out by the management of the smelter to all of its clients asking them whether they are prepared to enter upon a contract to supply a certain quality of ore every month. Answers to this circular will be at hand within the next week or so, before the present supply of matte on hand is ex-

That is to say within a few days the Hall Mines smelter will be capable of realizing its exact position. It will have converted the ore for which it has already paid into bullion; it knows its debts, it knows exactly what has to be done to bring it up to date, and it will know whether there is a sufficiency of a regular supply of ore on hand make it worth the while to spend the money neces ary to place the reduction works on a more up to date and economical basis than it up to the present has stood At the same time every em-ployee in the establishment, whether of the reduction department or of the office staff, has been placed upon day's pay. Hence within a short period the smelter will be in a favourable posi-tion to either go on or to close down

as the case may happen to be.

At the same time rt must be remempered that the Hall Mines smelter, of late years almost purely a customs smelter ,was originally designed for the ores of the Silver King. At this time of writing the Silver King is being developed under far more hopeful auspices than has been the case for years past. A crosscut is being run from the Dandy to connect with the main work-ings of the King at a depth of 175 feet. This will also unwater the mine to that extent. Simultaneously the ore body, which has been regained, is being sunk upon and other surface workings are being prosecuted upon gash veins or lenticular occurrences of ore, a marked feature of the King at the highe levels. An added force of men has been equisite and the probabilities are, as he work proceeds and the gradually unwatered to its lowest lev els, this force of men will be augment-

ed from time to time, Whenever the King is ready to ship then the smelter, belonging to the same company, is ready to open up and re ceive and smelt that ore, the smelter always having possessed a small cop-per furnace in addition to the larger lead furnaces which have been in use

for years past.
iWth regard to the improvements gement. The machinery is all good and made from time to time under condiextra machinery thereby made neces-sary has added to the cost of the op-

erations. Improvement is possible in two diperor Francis Joseph at Ischt, the papers think it may be important in calming the sensibilities of Germany concerning the would be no doubling back of the ore in its path from the time it enters the ed in the Booklyn mine. smelter, passes through the sampling. The ffth giant ore crusher ordered by

lion, matte or slag. Furthermore to bring up the capacity of the roasting department an ad-ditional roaster and convertors would be necessary. At present this is hardly sufficient to keep the furnace now used going full blast and the charges

To make these changes would necessitate the expenditure of considerable capital although probably a sum less than \$100,000 would suffice. If done somewhat on the plans outlined there would be a considerable reduction in the cost of smelting and the smelter would be placed upon a paying basis, despite all competitors. But before the company can feel itself justified in pro-ceeding to this expenditure it is first be some guarantee of a regular supply of ore. The needs of a fast opening up office.

district call for more than one smelter, quite apart from a question of competition keeping down prices.

The question of whether the Hall Mines smelter is worked as a customs plant in future depends largely upon the silver-lead mines of the district, quite as much as it does upon the shareholders who may feel inclined, if no regular supply of ore is forthcoming, not to bother about debentures or reconstruction or financing by any other method a doubtful proposal but rather method a doubtful proposal but rather to restrict themselves to reducing the ore of the Silver King which once again is looking very promising. Of course if the latter course is decided upon there will be a heavy reduction of the staff of the smelter which will which will probably only be kept in such shape as to permit of the reduction of the ores of the King whenever those ores sufficiently accumulate to make a run ne

MADAME GOOLD'S VERSION

Claims Murder of Emma Levine Committe by Unknown Man
London, Aug. 15—Accord ng to the Chron.

icle's Marseilles correspondent, M s. Goold has made the following statement to her counsel concerning the murder of Emma Levine, whose dismembered body was disn the Good's trunks on their arrival at Marseilles from Monte Carlo: "Oh, my God! We have been so unfor-turate. After having mede a fortune in Canada we lost it. Then we made money again and again lost it, but we have still enough to live on. It is absolutely larse that poor Emma Levine lent us 1000 francs. On the day of the crime she arrived at o'clock to take a cup of tes with me. She had been in the sa on only a minute when a young man, who was unknown to us entered and struck her and she fell dead. I was alone. I fainted and fell into an easy chair. When my husband entered he brought me around and then said we

must get r'd of the bod. "The assassin had had time to place the body in a trunk which was in the room. wished to stop my husband from carrying out the mad idea of getting iid of the body, but he had had a good deal of whiskey and was intoxicated and would after having dismembered the body.

Much has been said recently of the en terprising cities and towns whose public pirited men and business merchants have nanufacturing industries and to promote the growth of population. Very title is heard of the resu ts. This |s because th co-lope ative municip 1 adve.tising scheme is a comparatively recent development and in many cases has not had time for fair trial.

An interesting report has been published in Winnipeg on the work of the Winnipeg industrial bureau. Eighteen months ago this organization, whose executive comprised of representatives drawn from the ten organized bodies of the city, com-menced a campaign to extend the r manufacturing industries. In that time advertising has located 22 new manufactuing ndustries. The population has increas at the rate of 60 actual new resident every day, the populatio in 1905 showed 79,975 and today 111.717. The bank deposits increased in the past year over 36 per cent. The Winnipeg experiment is a marked suc cess and the development bu eau is looking to still greater things.

NEW GIANT ORE GRUSHER

BEING ADDED TO GRANBY CO.'S EX-TENSIVE PLANT PHOENIX GROWING IN POPULATION-BUILDING BOOM

(Special to The Daily News) enix, Aug. 17-The foce of men at the War Bagle mine in this camp is gradually necessary in the smelter a casual visit being augmented by Chas. Blesel, the supto the works will show that improveer erintendent, the week a diamond drill bement is hardly necessary in the way of | ing started at work there to give the group machinery but rather in that of arran- a thorough prospecting. These a.e some Granby of the poperties recently purchased by Other mines up to date. The existing arrangement, the Conso dated Mining and Smelting Co. made from time to time under conditions altering from the days when the bave arrived at the Snowshoe mine, being B. C. COPPER CO.'S RECEIPTS the second half of the 30 drill Rand air the reduction of the Silver King ore to those when it was the reducer of customers. toms and lead ores, altering again under the instruction of the Herberlein future with Bonn agton Falls power. A roasting process, is no longer as effective economically as it might be made. The whole works are cramped. The ore has to be sent to one end of the plant to be roasted and then brought back to be smelted and the constant handling house, with capacity for some 75 men. The and extra distance traversed with the company also owns and operates the Emma and B. C. mines in the same camp and in-tends to operate them all with g eater vigor in future.

Today the Dominion Copper company is ing process up the hill, thereby necessitating the change of the position of the mill or by the taking of the furnaces down the hill below the roasters.

In the control of the mill or by the taking of the furnaces down the hill below the roasters. after, the ore being loaded directly into
the railway ore dumps. It is likely that
later new ore bunkers will be constructed
as a very large tonnage has been developad in the Brooklyn mine.

smelter, passes through the sampling The fth giant ore crusher ordered by mill, goes into the storage bins, is drawn thence to the Heberlein convertors and roasters and goes on thence to the furnace to be drawn off as bullion, matte or size.

36x42 inches.

The improved conditions generally in the Boundary country this season have brought many new people to this place and Phoenix today probably has a larger population than ever before, there being about 1000 men employed in the mines or around the city. The immediate result has been a scarcity of residences to accommo-date the families arriving and settling here. Every one of the 15 notes is filled most of the time, only a few keeping rooms for translents, and those hotels are often ffiled to the roof. As a consequence many have sought uilding sites and w.thin the

Expert plano tuner and regulator Jas,. absolutely necessary that there should R. Muir. Strictest attention to all detains Leave orders at Standard Furniture Co.'s last month or two probably a score have purchased lots with the intention of build-ing residences, a number now being in probeen let for many others, to be erected as soon as possible. Besides this two or three wo and three store ybusiness blocks have been planned, the locations purchased, and will be built as soon as contracts can be awarded and lumber secured. Probably \$25,000 worth of uildings are now either inder contract or will be nut up in the situation to some extent.

ORE SHIPMENTS OF WEEK FALLING OFF NOTICEABLE DUE TO

COKE SHORTAGE GENERAL SITUATION SHOWS OFTI-

MISTIC FEELING

Apart from the coke shortage which is serious indeed, the mining situation is favorable. Several new mines have joined the shipping list which, indeed, is now almost a weekly occurrence and is a token of the better feeling now prevailing. Most of the smelters are preparing for better and larger operations. Trail is consider jably extending its plant, Granby is project ing improvements, the Dominion Copper is putting in a blister copper process, al that the slump in the price of lead and copper is likely to be permanent. Several new deals have been reported during the week, notably the Goodenough at Sandon and the Hewitt and Wakefield at Slocar while there are several others ; The Hall Mines smelter locally is clean up its plant with a view of operating of tial expenditure is necessary. Under the prevailing conditions it is likely that this will be forthcoming n London.

Appended will be found the ore shipment and smelter receipts in detail for the pas week and year to date in tons. BOUNDARY SHIPMENTS

MARYSVILLE SMELTER RECEIPTS

(Special to The Daily News)

Vancouver, Aug. 14.—Information re-ceived here states that Borden's tour through this province will extend from 23 yards, high guns. One hundred dol September 24 to October 1. The following itinerary has been outlined. September 24, Vancouver; 25, Victoria; 26, New Westminster; 27, Kamloops; 28, Nelson; 30, Grand Forks; October 1, Cranbrook. Arrangements for meetings will be made by local conservative associations at the points noted. It is understood that Borden's party will include the following members house: Monk, Jacques Cartier, Ames, Stanne, Montreal: Cockshutt, Brant-

To meet the shortage of teachers in the province the department has recommended an order in council to remedy the conditions. It states that for one year from June 30, regular certificates of the department may be issued to those holding first-class certificates from other provinces and wno have had professional training at approved normal schools, the certificates to be granted without examination.

ford, also as well as others not yet

The provincial executive has granted Fraser, daughter of Simon Fraser, the famous explorer of the province. Miss Fraser is now living in Toronto at the age of eighty years.

Hon. Frank Oliver, minister of the interior, this afternoon made the following statement in an interview with your orrespondent.
"My principal mission here is to gath-

er information regarding the question of oriental immigration, which I understand is absorbing public attention at this juncture. Let me assure the people of British Columbia that I have come with an open mind. So far as I am pericerned I am unreservedly in favor of a white and British Canada, As minister of the interior and in charge of a department and especially intrusted with immigration affairs my policy has tract desirable settlers, and to exclude

all undestrables "I am very glad you are here, for British Columbia, unless barriers are raised aaginst the orientals, will soon no onger be a white man's country," was the comment of R. S. MacPherson, M.

P., who was present.
Later Oliver studied the question at first hand by a trip through the orien-tal quarters and in the saw mills employing Asiatics. Tomorrow he will receive a deputation of the Asiatic Exleague and visit Stevenston to see effect of immigration on the salmon

see effect of infinity.

Speaking on land matters, Oliver denied ever having considered a proposition to hand the control of the railway Changes in tion to hand the control of the railway belt over to the province. Changes in land regulations would, however, be shortly made by the dominion greatly favoring homesteaders. The authorities recognized the increase of agricultural and pastoral settlements in B. C. was now so great as to require special regulitions. The proposed changes he was sure would attract thousands to the railway belt.

way belt. Oliver will address the Canadian club on Friday on "Building of Canada." Hamar Greenwood, member of the im-perial house, will afters the Canadian club the first week in September.

Violet Longsley, fourteen years old, who was taken by the Children's Aid society from Rossland recently, has escaped from the home here and no trace can be found of her.

Vancouver has sold \$100,000 of the

million dollar pile of her debentures ly-ing in her vaults. Toronto bankers were purchasers at ninety and accrued Marpole announced this morning that work would begin at once on the Van-

TRAPSHOOTERS' CONTEST GREAT GATHERING AT SPOKANE

the right of way from Wellingto

French Creek, thence to Alberni.

NEXT MONTH. THIRD PACIFIC COAST HANDICAP TOURNAMENT.

Spokane, Aug. 17.—Some of the fore-most amateur trap shooters in the middle-western, eastern and Pacific states and British Colubia will be entered at and British Colubia will be entered at the Interstate Association's third Pacific coast handicap torunament at Natatorium park, Spokane, September 10th to 12th, under the auspices of the Spokane Rod and Gnu club. There will also be a number of professionals. The last named will be permitted to shoot for "targets only," from handicap distances as allotted by the committee, headed by Elmer E. Shaner of Pittsburg. Two trophiles with \$1,500 added by the Intetrophies, with \$1,500 added by the Inte-state Association and the Spokane Rod and Gun club, will be awarded as prizes.
The trophy in the preliminary handicap is a sterling silver vase, the award cap is a stering silver vase, the award
to the Pacific coast handicap being a
sterling silver loving cup.
The official program just issued by
Mr. Shaner, secretary and manager of
the Interstate Association, says that the

great northwest has claims that cannot be ignored, and, accordingly moves the 31,129 Pacific coast handicap to Spokane. The first two tournaments took place in Cal-ifornia . Conditions governing the Pacific coast

handicap call for 100 targets at unknown angles, with handicaps from 16 to 23 yards, high guns; not class shooting. There will be \$200 added to the purse, the number of moneys to be determined by the entries received. The entrance mony is \$10. In addition to the first money the winner will receive a trophy. Regular entries must be made on the grounds before 5 o'clock on the after-

from the local and foreign mines for the inary handicap provides two places for past week were 38,707 tons and for the year each 10 entries or fraction of that number up to 250. Not more than two man-

ufacturers' representatives will be permitted to shoot in any one squad, provided the number of entries permits of this arrangement. The handicap will be at 100 targets, unknown angles, open to amateurs only, but agents and represen tatives may also shoot for "targets only." The handicap will be from 16 to

lars is added to the purse and the win-ner will receive a trophy presented by the Interstate Association.

Mr. Shaner says in the foreword of the program that the Spokane Rod and Gun Club, of which A .F. Wiese secretary, is one of the best organiza-tions of the kind in the country. Its members have gained a reputation of being one of the most congenial lot of mortsmen that ever formed a shooting trap shooting throughout the northwest was never greater than this season it is confidently expected this will be

one of the best tournaments ever given

west of the Rockies

The fact that the C.P.R. is dumping some worn out box cars, first carefully divesting them of all easily available iron work, off the track on the C.P.R. flat near the wharf gave rise yesterday to the state-ment that there had been a wreck. On the contrary, the boys of the town are few days.

NOTICE is hereby given that 30 days after date I intend to apply to the Chief Commissioner of Lands and Works at Vic-toria, B.C., for a special license to cut and carry away timber from the follow-ing described lands: No. 1—Commencing at a post planted on

the east boundary of block 5817 and marked "C.S. northwest corner post, limit No. 1," on the west side of Deer creek, running as follows: 80 chains south; thence 80 chains east; thence 80 chains north; thence 80 chains west to point of com-No. 2-Commencing at a post planted
