THE LATE MRS. ROSS

Had Intended to Remain All Winter in Victoria.

Many Londoners, as well as residents of the Northwest, were shocked to learn of the death of Mrs. Ross, her child, and niece, Miss McKay, in the awful Islander disaster, Mr. Ross was for many years, before his appointment to the Yukon, minister of public works in the Territories, and as such was known to almost every settler. Mr. and Mrs. Ross and their family resided in Regina, and citizens of the Territorial capital, therefore, feel most keenly for Commissioner Ross, and his motherless children. Principal D. J. Goggin, of the Regina Normal School, who, with Mrs. Gog-gin, was visiting at Port Hope, only learned of the accident late on Tuesday afternoon, and were shocked beyond measure to learn of the tragic fate of one who had been for many years a near neighbor and close friend. Principal Goggin explained how Mrs. Ross came to be separated from both her husband and her older children on this fatal trip. When Mr. Ross first went into the Yukon as commissioner, Mrs. Ross, their five children, and Miss McKay, their niece, who had always lived with them, went to reside with Mrs. Ross' mother in Victoria, B. C. This year the government built Mr. Ross a house at Dawson, but the work was delayed, and it was evident the house would not Lieut.-Col. Gordon, formerly of be fit for occupation this coming win-Kingston, who is ill in South Africa, ter. There were some details of the is at Wynberg, north of Cape Town, building Mr. Ross was unable to decide on, and Mrs. Ross went to Daw-son to decide on these. The four older children, two boys and two girls, were left in Victoria, but the youngest and Miss McKay accompanied Mrs. Ross. Mrs. Ross was, therefore, com ing back from this visit in order to remain this winter in Victoria, when the lamentable accident occurred.

PRETTY WEDDING THIS MORNING.

Miss Alve Florence Boyd Becomes the Wife of Mr. Charles Hall.

Miss Alve Florence Boyd, eldest daughter of Mr. John Boyd, and Mr. Charles Hall, of Stanley street, were married this morning at the residence of the bride's father, No. 173 Mill street. The marriage was performed by the Rev. Thomas Boyd, of Drayton, who is the bride's uncle, and the parlors in which the wedding company assembled were very beautiful with cut flowers and palms. The bride was married in a traveling suit of mavy blue and carried a bouquet of cream roses, while her sister, Miss Agnes, who attended her, was dressed prettily in white organdy, trimmed with Valencianes lace. Her bouquet was of pink roses. Mr. Frederick Hall, M.A., professor in the University of Tennessee, supported his brother. cholor scheme that was adopted in the house decorations prevailed also in the large marquee on the lawn, where the wedding breakfast was served. wedding was attended only by close relatives, among whom were Miss M. THE ACTION OF FRANCE APPROVED .

Opinion Favors London France in Her Course Toward Turkey.

No Naval Action Has Yet Been Taken by France.

The Sultan's Army on Strike-Natives Looted \$600,000 Worth of the Steamer Asturia's Cargo.

London, Aug. 22 .- Diplomatic opinion in London, generally, approves of the French action toward Turkey. It appears that the chancellories of Europe have been considerably annoyed by the sultan's recent efforts to reassert himself and to shake off the limited control exercised by Europe over certain parts of his administration. The sultan's dispatch of a mission to the far east was also displeasing to the great powers. The latter, therefore, are expected to generally wel-come France's rebuff of the sultan. THE STORY OF THE TROUBLE.

The sultan at the last audience which he granted to M. Constans, the French ambassador, agreed to send the latter the same or the following day, a document giving complete sat-isfaction to France regarding the claims of French citizens in the matter of quays, in accordance with the terms arranged between the sultan and M. Constans verbally. Instead of doing this, the sultan waited until Tuesday, when he sent M. Constans a document in which the terms dif-fered essentially from those arranged at the audience. Thereupon M. Constans declined to negotiate any further or to hold other communications with the porte, and referred the matter to the French foreign office. As the matter stands, relations between M. Constans and the porte are broken off, but France and Turkey are still in diplomatic relations through Turkish ambassador at Paris. If the sultan does not keep the promises which he made at the last audience,

M. Constans will be recalled. No naval action on the part of France has yet been decided on. stories in the papers to the effect that French warships are under orders to be in readiness to proceed to the Bosphorus have no foundation, in fact. Such a measure might, of course, become necessary, but that eventually has not yet been considered by the

GOT \$600,000 IN LOOT. Rome, Aug. 22. — A dispatch from Aden gives details of the wreck of the German steamship Asturia from Yokohama, April 19, for New York, which went ashore at Ras Jard Hafun, on the coast of Somaliland. The vessel had a cargo of the value of \$600,000. The crew of the Asturia were rescued by an English steamship. The natives carried off the cargo. The Italian cruiser Cristofero Colombo, which arrived at this time, fired on the natives, killing many of them. The goods were not recovered, however.

THE KING AND THE DANCER, Paris, Aug. 22 .- The query on every lip here as to whether Cleo de Mer-ode still is in favor with the King of the Belgians, is answered by a note in the Temps, which says a friend received a letter from her in which the asserts that she finds old friendships best. She is dancing at Ostend, and on the stage is in a blaze of jewels. Cleo de Merode carefully avoids the gambling table, although well as men, play there for

tremendous stakes. A Frenchman last week died in a fit there after losing \$60,000 to a young Englishman.

Wingham Lad Drowned-Little Boy Slept on His Dead Mother's Arm -Crushed by Cars.

Chicago, Aug.22.-When the excursion steamer City of Milwaukee was passing through Rush street bridge yesterday, a fender, which caught on the piles, mowed the heads of three choir boys who were leaning over the rail. Two of the boys were badly injured, and one of them will probably die. The steamer brushed against the piling of the bridge, which forced the fender up, and as the rope broke the fender recoiled like a huge bow. The three boys stood with their heads within range of the engine of destruction. The head of the first boy was nearly crushed by the

The warrants charge neglect of duty. Glennon and Dwyer were served with war-

rants. Sergt. Shiels, hearing that a warrant had been issued for his arrest, surrendered himself to Justice Jerome, the warrants having been

signed by that magistrate.

When Glennon, Dwyer and Shields were arraigned before Justice Jerome that magistrate said that they were charged with violating the penal code, section 117, in failing to do their duty as police officers with reference to a disorderly house on west 33rd street. Their counsel demanded an examina-tion of the defendants and their admission to bail. HAMILTON'S DAY AT PAN-AMERICAN

Five Thousand Visitors From the Ambitious City-The Kilties Going Again-The Presidential Day.

Buffalo, Aug. 22.—Hamilton Day at the Pan-American Exposition was appropriately celebrated by the numerous Canadians who found their way to the Rainbow City. Four large excursions were run, bringing fully five thousand visitors to the exposition. The famous 13th Battalion Band accompanied the city officials and a large num-ber of prominent citizens. This party included Mayor Hendrie, Henry Cars-callen, M. P. P., Ald. F. W. Walker, Ald. Burns, Ald. Fisher and others well known in civic and commercial circles. The Canadian building was the center of attraction, except duing the hour when the ceremonies took place in the Temple of Husic. These were opened by the hand playing "God Save the King," which brought every loyal Canadian to his feet. Then came the "Star Spangled Banner," which was the signal for another outburst of enthusias-

tic applause. The orator of the day, Hon. Henry Carscallen, referred to the fact that the British flag is torn down and burned by some hot-headed persons in this ountry, and declared that while such incidents may create discontent and prejudice among some people of Canada, they do not seriously disturb the friendly feeling toward this country and its people, which is possessed by Canadians, generally the series of Canadians and the series of Canadians generally. He expressed the hope that in the future, as in the present, the people of Canada and of this country may continue to dwell to gether practically in peace, happiness

and in respect of each other. The Kilties' Band, the famous 48th regimental aggregation of Canada, will be in Buffalo on the morning of Aug. 26. They come here from Pittsburg, where

Kinley, accompanied by Mrs. McKinley, and members of his household, will arrive in Buffalo on the evening of Sept. 4. On the morning of Presiden-tial Day, Sept. 5, the president will be escorted by mounted troops to the Lincoln Parkway gate. There he will be met by the entire military contingent of the government on the grounds.

KIDNEY IRRITABILITY,

Causing Frequent Rising at Night, Is Completely Cured by Dr. Pitcher's Backache Kidney Tablets.

Many people are troubled with an irritable condition of the Kidneys and bladder, that compels frequent attention during the day and frequent risings at night.

For such an annoying and serious Kidney trouble, there is no remedy so beneficial as the modern Kidney medicine, DR. PITCHER'S BACK-ACHE KIDNEY TABLETS. They allay all irritability, regulate the Kidney action and permit undisturbed rest at night.

Mr. Isaac Hutel, an old and highly-respected citizen of Mount Forest, Ont., has this to say: "For some ten years past, owing to hard work in my younger days on the farm, I have had a constant pain in my back that ran at times up into my shoulders. The Kidneys bothered me very much and my liver somewhat, also. I tried a good many remedies with only indifferent success, until I got a bottle of DR. PITCHER'S BACKACHE KIDNEY TABLETS at Yeoman's drug store in this town. The result of using these tablets has been beyond my expectations. They stopped the pain and soreness in the back and allayed the Kidney irritation, so that I can now rest well at night. They have also regulated my bowels and stirred feeling better than I have in a long time, and I am only too pleased to give this testimonial as to the good the remedy accomplished in my case."

Dr. Pitcher's Backache Kidney Tablets are 50 cents a box at all druggists. The Dr. Zina Pitcher Company, Toronto, Ont,

board into the water. Maddeson was locked up at the Agnes street station. Deputy Collector Inland Revenue.

Mr. James Jones, of Sarnia, Has a Wonderful Story to Tell.

A Discovery Worth Thousands

Sarnia, Aug. 22.-Special.-Mr. Jas. Hicks, of the Inland Revenue Department, makes the following statements which will be of great interest to our many readers:

Most people look forward with

pleasure to the coming of summer, but for the past fifteen years it has been a severe time with me on account of Hay Fever, to which I am subject. "I used hundreds of dollars' worth of remedies, but until I tried "Catarrhozone" I never even experienced relief. I used Catarrhozone on the recommendation of Mr. Geo. Ingersoll, my druggist, who certainly knew a preparation of great merit when he advised Catarrhozone in my case. worked marvels almost immediately, and I experienced grateful relief in a few hours after using it.

"Catarrhozone has permanently cured me of Hay Fever, and I can

most heartily recommend it as the most speedily, effective, pleasant and sure-to-cure Hay Fever remedy on the market. I venture to say Catarrhozone will cure any case of Hay Fever ever known"

Such strong testimony from one of Sarnia's most prominent and well-todo citizens speaks volumes for the merits of Catarrhozone and proves beyond doubt that it is a remedy which cures beyond liato relapse. The choking spells the pain, the languor, the feverish dis-tess, characteristic of Hay Fever do not return when Catarrhozone is used. Complete outfit, price \$1. Small size, 25c. Druggists, or N. C. DEATH DEALING STORMS PREVALENT

Waterspout and Tornado Do Great Damage -Several Lives Lost.

Hossick Falls, N. Y., Aug. 21.—Destructive storms in Berkshire county, Lower Vermont, and in Eastern New York, which began yesterday afternoon, culminated in a disastrous cloudburst last night. A bridge is gone at Pownal, Vt., and people are forced to keep in houses by the depth of water in the streets. The wreck-age force of the Boston and Maine Railroad is repairing washouts in the vicinity. North Adams suffered great loss from the cloudburst. The damage there is estimated at half a million dollars. Loss of life is reported. a man named Fitzpatrick having been drowned while trying to rescue a horse from the flood. The rainfall continues today.

TORNADO IN OKLAHOMA. Anadarko, Ok., Aug. 22.-Further details of the tornado which struck this city last night, indicate that the storm was severe in the country districts, where several persons were killed and injured and many buildings destroyed. The loss in crops and live stock will be heavy. One report says that four persons were killed at a farm house a few miles distant.

NATIONAL NEGRO BUSINESS LEAGUE

Declares the Proceedings at Pierce City, as Acts of Madness.

Chicago, Aug. 22 .- Delegates to the second annual convention of the National Negro Business League, which is in session in Handel Hall, declares the lynching at Pierce City, Mo., an act of madness, an atrocity. The fact that within a few hundred miles of Chicago the citizens of a town had proclaimed that no negro will be permitted hereafter to live or spend night in the village astonished the

delegates. Booker T. Washington, president of the league and leader of the convention would not talk about the affair. He said it would be too difficult to express himself so that he would not be misunderstood.

MOTORMAN MOBBED'

In New York-His Car Killed a Little Girl -Police Came to His Rescue.

New York, Aug. 22.-A determined effort was made by a mob last night to lynch Julius Seibel, a motorman, because his car had killed Annie Emery, 9 years old, on Madison avenue. The car was coming down a steep grade when the child tried to cross, became frightened and hesi-tated, standing in the middle of the track. The little girl was thrown under the wheels and her head crushed. People immediately swarmed about the place, women and children shrieking. The cry, "Lynch him!" was raised by the men, and a concerted attack was made on the motorman, who defended himself manfully with his back to the car. He was bruised and badly beaten before a squad of police rescu ed him, beating the crowd back with their clubs. He was arrested.

HAD MONEY TO BURN

Miser Found He Was Going to Die ana Decided to Have His Cash Destroyed.

Winnipeg, Man., Aug. 22.-Fifty thousand in cash, left by H. F. Scott, of Faribault, Minn., a miser, who died a few days ago, if disposed of according to the terms of his will, will be burned. Scott was an eccentric individual.

and accumulated about \$60,000, mostly in cash. To his servant girl he left \$5,000, but his nephew, his nearest and only known relative, is cut off without a cent. The bequest of money to his servant was in return for the care she gave him during his last illness. 'After all my funeral expenses are reads the will, "I desire that my administrators gather up all of

my cash in bank, and in the presence of witnesses, burn it till nothing but ashes are left." Scott's nephew will probably contest the will, on the ground that his uncle was of unsound mind, and it is not believed that any court will perthis money to be destroyed, but will find that Scott was insane. The money would then revert to the

Hay Fever Germs Are Now Floating

About,

They are in the air everywhere, too minute to see, but just waiting for a chance to get into your fungs. Then they will play havoc with your breathing apparatus, and you'll wonder what to do. The dootor will say you had better inhale Catarrhozone, for it kills Hay Fever germs, and moreover is dead certain to reach them. Catarrhozone cures every time, and absolutely prevents the disease from returning. You inhale Catarrhozone with the air breathed: it goes directly to time, and absolutely prevents the disease from returning. You inhale Catarrhozone with the air breathed; it goes directly to the source of the trouble and cures it by removing the cause. UNBLUSHING BATHERS!

WERE BURNED Giris at Hockaway Drive and Walk In Scant Garments-And Such Stockings!

> Rockaway Beach, L.I., Aug. 22,-The summer residents of this place are preparing a crusade against the bathing suit habit, which has jarred upon their nerves until they can stand it no longer. Abbreviated bathing suits, which do not confine themselves to the seashore, but are seen on the streets and in all parts of the village, have brought out the protest. Young women, sometimes in crowds and sometimes accompanied by young men, have got into the habit of promenading the streets in their bathing suits. Some of them have gone so far as to call at the postoffice for their mail in that costume, and others have been seen out driving in the very lightest and airiest apparel.

> Some of the suits are considered offensive, and their wearers have been hooted at. The hosiery comes in for no little criticism also. Stockings, which are visible for some distance above the knee, of vivid hue, held in place by wonderful garters, have made Rockaway Beach dizzy. It is said that if the bathers persist in going about the village in their abbreviated costumes the police will be asked to act in the matter.

> A similar crusade has been begun at Sea Cliff, L. I. The crusaders take the stand that bathing suits are permissible in the water, but become immodest when too far away from it. Many of the summer residents who been in the habit of donning their bathing suits at their hotels and cottages and walking to the beach in them, say the crusaders are a lot of purists.

> DIES AT THE AGE OF 113 YEARS. New Orleans, La., Aug. 22.-Napoleon Pierre Guicheveau, born in France in 1788, died at Breaux Bridge, La., on Monday, aged 113 years. When 65 years of age he moved to New York from France, but after a short time he moved to the land of Evangeline. A few weeks ago he was enjoying good health, was cheerful, and appreciated a good joke. His hair was snow white and thick. He never wore spectacles, and could read with but little difficulty until recently.

ADWAY'S

SECURE

By their ANTI-BILIOUS properties they stimulate the liver in the secretion of the bile and its discharge through the biliary ducts. These Pills, in doses of from two to four, will quickly regulate the action of the liver and free the patient from these disorders. One or two of Radway's Pills taken daily by those subject to bilious pains and torpidity of the liver will keep the system regular and secure healthy digestion.

"I am 120 miles from the nearest drug store, and want you to send me a dozen boxes of your Pills. I have muscular rheumatism, and for nine months have been at Hot Springs. My liver and kidneys are affected. I find that your Pills do me more good than all the medicine I have taken and the Springs combined. "Respectfully, W. JAMES." "Harqua Haia, Yuma County, Arizona." "Your Radway's Pills have worked wonderfully in my family. My children, when sick, have received finstantaneous and complete relief by their use. Sudden colds, sore throat, I find I can quickly cure by the use of your Ready Relief and Pills. They should not be wanting in any well-kept home. "That doubly serves what helps you once." Yours truly, DR. H. E. SCHNEIDER. "60 Hudson street, Hoboken, N.J., and Times Building, New York."

"For years I have been troubled with rheumatism and dyspepsia, and came to the conclusion to try your pills. I immediately found great relief from their use. I feel like a new man since I commenced taking them, and would not now be without them. The drowsy, sleepy feeling I used to have has entirely disappeared. The dyspepsia has left me, and my rheumatism is gone entirely. I am satisfied if anyone so afflicted will give Radway's Pills a trial they will surely cure them, for I believe it all comes from the system being out of order—the liver not doing its work. "GEORGE SCALLY."

Perfectly tasteless, elegantly coated, purge, regulate, purify, cleanse and strengthen. Radway's Fills for the cure of all disorders of the Stomach, Bowels, Kidneys, Bladder, Nervous Diseases, Dizziness, Vertigo, Costiveness, Piles.

Steamships and Icebergs.

The disaster which befell the Vancouver, B. C., steamer Islander, while on her voyage from the north, should be searchingly inquired into. If, as is supposed, it was an iceberg which knocked a hole in her hull, and caused her to sink, carrying down with her many precious lives, the wonder is not that she kept affoat a quarter of an hour, but that she did not founder at once. Idebergs are very uncanny obstructions in the water. They are not amenable to the whistle of a steamboat; they provide sea room for no craft: they are generally submerged, and in a fog very difficult to see at any distance. For this reason we are astonished to read that at the time of the calamity the boat was being run at full speed. For the sake of the reputation of the officers of the vessel, it is to be hoped that this statement may be disproved. If it were true, it would show that those in authority were criminally negligent, and courted the disaster which happened.

No captain has any right to risk valuable lives and property for the purpose of making speed, while conditions of fog and ice are present. Nor need an officer be in any doubt as to these conditions. Atlantic Ocean steamship captains tell us that the presence of ice is readily detected while yet miles off, by the fall in the thermometer, and when this sure indication is presented it becomes the duty of the captain and his officers to at once direct that the vessel be slowed down, even when there is no fog, so that when icebergs are found to be drifting in the way of the steamship, she may be either stopped or backed out, or have her course changed with the neces- and heart of the Canadians, and that sary celerity. No Atlantic captain that we know of ever rushes his vessel at full speed in the dark, through a portion of the sea known to be infested by icebergs. To do so would be to invite almost certain disaster. Indeed, when the glass shows that ice is probably near, and there is fog, the Atlantic liners will often lie to for many hours on a stretch rather than run the risk of dashing into one of these ice mountains, and imperiling the lives of all on

The inference from the statement made by Mr. Belcourt, M. P., Ottawa, who was one of the saved, and who seems to have made an almost miraculous escape owing to his coolness and resource, is that the Islander was being run unduly fast, despite the known perilous conditions, in order that Seattle might be reached as speedily as possible. But if this could only be achieved by imperiling the lives of the passengers, there were surely none on board who would have been willing to take the risk. It may be that the officer who was in charge at the timethe captain was off duty and asleephad instructions to be cautious, but on most, if not all, of the Atlantic steamships, the captain invariably remains on the bridge during periods of fog and ice, the better to be able to supervise the needed precautions to safeguard his vessel. Captain Foote's conduct, in the supreme moment of danger, was all that one could wish from a brave Canadian officer. It will be a sad reflection on his good judgment, and a warning to others like placed, if it is found that he failed to command those representing him, while he slept, to take every needed precaution to avoid collision with the ice. The loss of time to follow a period of slow and cautious steaming would surely have been regretted by neither the owners nor patrons of the ill-fated Islander.

Farm Help Out West.

There may have been some misman-Agement on the part of the Manitoba provincial officials in distributing the thousands of men who went up looking for big wages in the harvest fields of the Prairie Province. But there is no doubt that not a few of the young fellows who took advantage of the phenomenally cheap excursions offered by the Canadian Pacific Railway Company were ill-fitted, by physical equipment to earn a living on a farm. Nor, when they started out, did some of them expect to go into the harvest field. They hoped to get some "soft enap" in the towns or villages. It would be better for the Manitoba farmers, however, if they could so contrive to manage and "mix" their farming that they could employ more hands all the year round, and thus not be under the necessity of borrowing all their help every harvest.

Mark Your Products "Canadian."

The British people do not know what "Ont." means, and if they do chance to be aware that it is Ontario abbre-viated, they don't know whether On-tario is in the State of New York or in Alaska. They all know Canada. Recent events have made Canada famous in Great Britain. The fact that a man comes from Canada is enough to procure for him the warmest welcome Britain can give, and goods "Made in Canada" attract great atention.—Hamilton Spectator.

Right you are! Canadians cannot be too careful to advertise their products as "Made in Canada," whether manufactured or natural from the soil. This is a matter in which we ought all to follow the example of the people of the United States. We cannot too loudly proclaim what we can do by marking all exports "Made in Canada." Let us ever remember that it is Canada as a whole and not a section, that people in other countries know anything about.

It is the man with the smallest family who is most down on the census for showing so few population.

Right Hon. Jos. Chamberlain denies the report that he will pay a visit to Canada this year. He might do much worse than come and see our promising territories. Too few of the British statesmen have crossed this continent on Canadian soil. If they were to do so they could not fail to be enthusiastic over its prospects.

The Deputy Minister of the Interior, who has just returned to Ottawa from a visit of inspection in the west, reports that the buffalo in the National Park at Banff are steadily increasing in numbers. Two years ago, when Hon. David Mills visited the park, he found but 22; now there are 31. By and bye, with proper care, we may have quite a herd of buffalo in the Rockies. On the Northwest plains, where once the Buffalo roamed in tens of thousands, only little heaps of bones are to be found. In this respect, the Dominion is on all-fours with the United States, for there, too, the advancing civilization of the latter half of last century killed off the buffalo for his skin with ruthless determination.

Some time ago reflection was cast upon Hon. Mr. Mills, the minister of justice for Canada, in connection with this colonial conference. High Circle Companions of the Forest Choose Officers—Banqueted at the Beach.

Hamilton, Aug. 21.-At yesterday afternoon's session of the High Circle, of the Companions of the Forest, the principal business was the election of officers, which resulted as follows: Mrs. Hamilton, Windsor, chief com-

Mrs. Lucien Hills, Hamilton, subchief companion. Mrs. Pearson, Toronto, chief mar-

Mrs. Farrants, Toronto, chief guard. Mrs. Thorpe, London, chief sentry. The report of the high chief companion shows that two new circles have been instituted, one at Rat Portage and one at Peterboro. One circle, Primrose, 128, of Petrolia, has been dissolved, and two circles, one in Winnipeg and the other in St. John, N. B., that have not been in existence for years, have been erased from the books. The present membership is 1,-498, and the total circle funds amount to \$6,206 95, an increase of \$1,424 14 since the last meeting. Two new juvenile circles have been formed, one in Toronto and the other in London, making six juvenile circles in all. The companion recommends that these be federated on the basis of a

boys' juvenile federation. The treasurer's report shows that the assets of the high circle are: Cash in bank, \$3,447 53; cash on hand, \$161 74; merchandise account (inventory), \$283 69; owing to circles, \$120 42; total, \$4,013 38. The receipts of the funeral fund were \$1,436 51, and the balance from last year \$3,108 31. The disbursements on death claims were \$1,000, leaving a balance in the treasury of The receipts of the management fund were \$564 42, and the dis-bursements \$499 97, leaving a credit

balance of \$64 45. In the evening the delegates were the guests of the local reception committee for a ride to the beach and a banquet and dance at the Lakeside Hotel. Nearly 200 members of the C. O. F. and A. O. F. took in the trip to the Beach, and 80 guests were present

at the banquet. At this morning's session the impressive ceremony of installing the new officers was performed by Past H. C C. Richards. This is the first year that the ladies made a clean sweep in the contest for official positions. The following were elected district chief

companions: Brant-J. R. Nelson, Brantford, Elgin-Mrs. Ashton, St. Thomas. Hochelaga-Mrs. Hayes, Montreal. Middlesex-Louis Hessel, London. Lambton-Mrs. Robinson, Sarnia.

Peterboro-Miss Smith, Peterboro. Bros. D. B. Humphrey, of Toronto, and E. Fuller, Hamilton, were presented with past district chief companions badges. The retiring chief officers were allowed to retain their jewels. Toronto was selected as the next place of meeting.

Five More Men Perish in Cleveland Tunnel

Two Miles Beyond the Scene of Last Week's Disaster—A Life-Saver Among the Victims.

Cleveland, Ohio, Aug. 21.-As the result of an explosion of gas in the new waterworks tunnel under Lake Eris last night five more lives were added to the fatality list of casualties recorded since work began on the great artificial waterway.

The dead are Ray Treadshaw, Jas. Williams, Daniel Higgins, James Ballincourt and John Bert.

THE SCENE OF DISASTER. Crib No. 3, five miles from shore, two miles beyond crib No. 2, where nearly a dozen lives were lost a week ago, was the scene of the latest accident. work of sinking the big intake shaft at this point was completed yes-terday, and five workmen were en-gaged in digging a tunnel in the direction of No. 2 crib, when the explosion occurred.

An immense volume of water from the lake rushed in upon the unfortunate workmen at the bottom. Two men who were at work on staging at the top of the shaft were blown high into the air, but alighted on the crib and

were not seriously injured. The accident occurred early last night, but nothing was known on shore until today. For some unexplained reason no boats are kept at the cribs. Thirty men who were on the crib when the explosion took place spent the night

SCOTTISH CLANS IN CONVENTION.

London Delegates at the Great Gathering in Pittsburg, Pa.

Pittsburg, Aug. 22.-More than 100 representatives of the Scottish clans from all parts of the United States, Canada and Mexico are taking part in the twentieth biennial convention of the Order of Scottish Clans. The meetings will last until Friday, two sessions to be held daily. Little of importance will come before the convention, and consequently the time of the visitors in Pittsburg will be spent in viewing the many points of interest hereabouts. This organization is a fraternal one, and has for its members all the prominent Scotchmen of the country, the local clan being one of the most prominent in the United States.

The convention opened Monday morning at 10 o'clock. The members congregated at the Monongaheta House, which has been selected as the headquarters, and in a body marched to the convention hall. A bagpipe or-chestra, with musicians attired in the native costume, headed the procession and furnished appropriate music.

The meeting was called to order by Royal Chief W. H. Steen, of Braidwood, Ill. At the opening session, held in secret, which is one of the forcible rules of the society, the routine business of the meeting was discussed, which consisted principally in the appointment of committees. At the con-clusion of this session an open meet-ing was held. Magistrate D. J. Mc-Garey and Arthur Kirk, of this city, addressed the convention in behalf of the local clans, tendering the visitors all the courtesies of the city. Several impromptu speeches were then given. Chairman Phillips, of the local committee on arrangements, announced the following programme for the con-

ROBERT JOHNSON'S DEATH. Stratford, Aug. 21.-One of the pioneers of Stratford was laid to rest here yesterday in the person of Robert Johnson, who for the past two months has been living with his daughter in Sarnia. Mr. Johnson was born in Lincolnshire, England, in 1816, and to Canada in 1831, locating in Hamilton, where he lived ten years. He came to Stratford ten years later, there being but six other families here at the time. The deceased followed the trade of tailor. He erected the present Queen's Hotel, which he conducted for about six years. Mr. John-

The Resilia insole expands from outsole when foot is lifted.

It thus draws in fresh air, through a tiny valve in the heel, which locks it in.

When insole is borne upon, the air contained in the cross channels is then forced up around the stocking, through a row of perforations, under the hollow of the foot.

The valve works one way only.

It thus locks the air in, when foot is lifted, compelling it to circulate up around the stocking, and out at the boot top.

GREAT SWINDLE.

Steamer Officer Planned It to Let In Undersirable Immigrants From Europe.

New York, Aug. 22 .- A scheme to defraud the government and evade the emigration laws by securing the admission of undesirable immigrants, means of forged papers and collusion between ships' officers and inspectors of immigration, has developed.

According to the story of an inspector, told to Assistant Commissioner of Immigration McSweeney, he was approached by the officer of the steamship and told of a scheme to defraud the government, in which he was in-

This scheme was that immigrants, all of the undesirable class, be entered on the ship's books as American citizens,

son, of Dresden. Three sons and a to carry out their claim of previous daughter also survive. They are John residence. For this the immigrants were to pay \$5 each, and 60 or 70 could be landed every trip, or altogether 3,-000 or 4,000 every year.

The inspector reported to Commissioner McSweeney, and was told to acquiesce. He did so, and when the ship arrived on Sunday, the immigrants were landed, but never got further than the pier. The ship's officer was then ar-rested. The names have not yet devel-

up in court.

LAST OF GOLD BARS FISHED UP. San Francisco, Cal., Aug. 22. — The last of the 37 bars of bullion and fine gold stolen by John Winters a fortnight ago, from the Selby Smelting and Lead Company's works, at Vallejo Junction, was recovered from the bay on Tues-day. The total value of the gold re-

covered is \$283,000. ATTACKED BY A BULL. Hamilton, Aug. 22.-George Haines, of Beverly, had occasion to go into a field on the farm of R. L. Biggs when a bull made an attack upon him, severely bruising him on his back and sides. He seized a piece of wood and dealt the animal a heavy blow on the nose, which drove him off, but he soon returned for another attack. In the meantime his intended victim managed to crawl over a fence near by. He was not seriously injured, though he will feel the effects of the pummeling he got for a long time.

FOR INFLAMMATION OF THE EYES.—Among the many good qualities which Parmelee's Vegetable Pills possess, besides regulating the digestive organs, is their efficacy in reducing inflammation of the eyes. It has called forth many letters of recommendation from those who were afflicted with this complaint and found a cure in the pills. They affect the nerve centers and the blood in a surprisingly active way, and the result is almost immediately seen. almost immediately seen.

NEW THEATER

Mr. Graydon Thinks It Is a Splendid Piece of Work.

Building as Nearly Fireproof as Human Skill Can Make It and Exits Are Adequate.

A citizen went into the city engineer's office this morning and showed much anxiety over the new opera house, saying that the fire exits were inadequate. So Mr. Graydon went up to the handsome new building and satisfied himself that there was abso-

lutely no need for alarm. "I went all over it," he said, "and it's in first-class shape. The exits are alright, but I don't see how a fire can start there very well. The boiler house is detached from the main building; there's no gas, and the stores are separate. A fireproof wall is built between the orchestra and the stage, and the walls around the stage are fireproof and lined with asbestos. The drop curtain and scenes are of asbes-It would take an hour for a fire to eat through, if one ever started."
"It's a remarkably fine theater,

the engineer added, reflectively. "There's not a seat in it where every-thing cannot be heard. The theater's acoustics is perfect. The proscenium is made in the form of a sounding board and throws the sound over all the house. That Col. North knows his

BOERS ATTACK THE BRITISH BLOCKHOUSES

Yow the Situation Was Saved—Searchlighte and Armored Trains Utilized-Enemy Beaten Back.

Cape Town, Aug. 22. - The Boers made two night attacks on the blockhouses near Naauwpoort, Cape Colony. The first was ably repulsed, but subsequently Lotteer's men made a bold attack five miles north of Naauwpoort, and the blockhouses received a baptism of fire. The British troops behaved

excellently. Armored trains arrived on the scene with Maxim guns and searchlights, and strong infantry reinforcements were also sent. The searchlights played on the rugged hills, and the Maxims and rifles poured in showers of lead wherever it was thought the Boers might be lurking. The Boers were forced to retreat.

CANADA AND THE WAR. Ottawa, Aug. 22.-Canada's expenditure up to date in conection with the South African contingents has been a little over \$2,000,000, but the country has already been repaid this sum in the shape of contracts for hay and food products for the British army, and, in addition, \$2,000,000 have gone into the pockets of the people. Prof. Robertson, commissioner of agriculture, states that his department has paid out up to date \$4,000,000 for supplies which have been sent to South Africa. The department of agriculture has, of course, acted as the agent for the British Governmen in this matter. Prof. Robertson has gone to St. John, N. B., to inspect a shipload of hay, oats, etc., which is required for army pur-poses in South Africa. Two more shiploads will leave during the balance of this month, and another five shiploads will be sent in September from St. John.

THE WRECK OF THE STEAMER ISLANDER.

.essel Was On Her Proper Course-Total Death List-Less Than Forty

Victoria, B. C., Aug. 22.-The official report presented to Capt. Gaudin, local agent of marine, by Chief Officer Nerotsos, of the ill-fated Islander, gives the exact location of the disaster as six and a half miles west by south, three-quarters west, magnetic, of Point Hilda, in Stephen's Passage, Douglas Island, Alaska. He computes the approximate number of dead at 38,

and saved at 143. Arrangements are now under way for an official inquiry into the dis-aster, which will be held when instructions are given from Ottawa by the local agent of marine. The report shows that the steamer was on her

proper course.

Chief Officer Nerotsos, of the Islander, in an interview, said that the pas-sengers evidently did not know that the boats were reached from the hurrican deck, for few other than Capt. Harris, who assisted in getting them out, was up there until the last boat was being lowered over the starboard side. He is thankful that they were not up there, for he says if they had been the boats would never have been lowered. As it was they rushed the last boat, and jumped into it before it could be lowered, and almost caused the total loss of a boat which saved many lives. When they jumped in they carried away the davit, which fell into the water, and the stern of the boat went down. The boat was saved only by the presence of mind of a fireman who cut away the tackle and let the boat down.

"Vaughan, my dear fellow, as I am soon. to become a married man, and lead a new existence, I feel it necessary to ar-range all my affairs before that event range all my affairs before that event takes place. Before I take fresh duties upon myself, I must dispatch my old ones. Now my greatest duty is towards yourself. I wish to make arrangements for your future. I know you have squandered your property; but we will not talk about that now. You shall not be dependent upon anyone's bounty, for I will place you beyond all need. not talk about that how. Four shall not be dependent upon anyone's bounty, for I will place you beyond all need. You know that I am rich; and that by of inheritance when your father dies all Cylandow will be mine. You did not know what took me to town yesterday? Weil, It was to pay a visit to my lawyer, who has executed a deed, in which I transfer the estate of Glenowen to you and your heirs forever."

And with these words Deacon handed a document to his brother, who looked at it with astonishment and ambarrassment. A crimson flush overspread his whole countenance, and deeply moved by his brother's noble behavior, he seized his hand and warmly pressed it between his own.

"My kind, good brother!" he exclaimed. "Oh, this is too much, Deacon! I

"My kind, good brother!" he exclaimed. "Oh, this is too much, Deacon! I am an extravagant fellow, and don't deterve this generosity at your hands. Take back your gift. I cannot, I dare not accept it!"

The other smiled.

"Why, Vaughan." answered he, would you have me think that you would not have acted as I have acted, had you been wealthier than myself? Or have you such an over-estimation of wealth that you condemn me for giving you this handsome property? Oh, Vaughan, I am so rich, and so immeasurably happy, that I feel I could bestow upon you the half of what I possess. Think of the treasure I shall soon possesss in Juliana!"

Vaughan cast his eyes upon the ground, and his heart felt like lead in his breast. Oh, what had he done? He had robbed his noble-souled brother of that which he most prized on earth—the love of Juliana! What was he to do? Vaughan felt his affection for Juliana melt away into nothingness, when he remembered how he had deceived and wronged his brother. These thoughts bleached Vaughan's cheeks, and made him bow his head with shame.

"What is the matter with you, Vaughan?" inquired Deacon, unsuspectingly.

"Oh, brother, forgive me!" the young-

"I—I know not how to tell you!" stammered the other. "I suffered passion to overcome my prudence, my reason, and my honor; and I have spoken to her as ought not to have done, and-Deacon's features were colorless as

WARM WELCOME!

Sir Thomas Lipton Receives a Flattering Reception at New York.

London Bowlers Meet Defeat in the Toronto Tournament ---Strathroy Defeated by London Ball Team.

YACHTING.

LIPTON'S ARRIVAL. New York, Aug. 22. — Sir Thomas Lipton, owner of Shamrock II., challenger for the America's cup, arrived in this city at 8 o'clock last evening. He met with the most cordial American reception indeed. The steamship Teutonic, on which he was a passen-ger, received one continuous ovation from Sandy Hook to her dock. Sir Thomas and his party landed at 8 o'clock, and were driven to the Waldorf-Astoria for dinner. This morning he took up his quarters on the steam yacht Erin, now anchored off Stapleton. Included in the party of Sir Thomas were Mr. George Lennox Wat-son, designer of the Shamrock; Hon. now, for you belonged to another, Charles Russell, who will represent the Royal Ulster Yacht Club on the American cup defender; Mr. J. B. Hillyard, a prominent Clyde yachtsman; Mr. C. O'Malley, Mr. John Westwood, and W. M. Duncan,

Sir Thomas comes to America for his second attempt to lift the cheerful and resolute. He had this to say to the newspaper correspondents: "I am thoroughly delighted to be again in America, and should be ungrateful if I did not say that I am thoroughly pleased with the reception that has already been given me. I think I can do better this time, for I have in Shamrock II. a boat at least nine minutes faster over a 30-mile course than the Shamrock I., and the old boat during the trials on the other side was certainly 5 to 10 minutes faster than when she raced in America in 1899. At any rate, we expect to make a good race against the American defender, whether she be Constitution or Columbia. I am hoping for a good breeze during the races, for certainly Shamrock II. shall be thoroughly satisfied that the better boat has won, for I have a good opinion of American sportsmanship, and the fairness of the New York Yacht Club, under whose auspices the races are held. My recolusive won an enjoyable time. WON AT AYLMER.

In a friendly game at Aylmer bowlers won easily. Aylmer bowlers entertained the Londoners regally, and in addition to fine sport, the visitors had a most enjoyable time. The score:

Aylmer something better than a light wea-er boat. Whatever the outcome, I lection of my attempt to lift the cup two years ago is altogether a pleasant one, and I hope to cement the friendship then so happily begun."
The only thing that Sir Thomas has to criticise on American yachting is the rule of measurement. Sir Thomas and Designer Watson hope to see the

races at Oyster Bay today between the Constitution and Columbia. The Teutonic was sighted about 4:30 east of Sandy Hook lightship. The news of her probable arrival, about it o'clock, had already been communicat-Thomas Lipton's private signal at her tall pole masthead, and the blue ensign of the Royal Ulster Yacht Club, at her stern, was all ready at sundown to take her first trial spin in American waters. At 6:25, when the Teutonic passed up the bay bearing the yacht's owner, and her designer, George L. Watson, the 39 men of her crew and Capt. Sycamore lined up on the starboard side, and gave three hearty cheers. The old cannon that served for years on board the pilot boat Lawrence barked its welcome from the Ocean Yacht Club, and Commodore Wigand, of the Staten Island Yacht Club, whose float stage has been tendered to the Lipton fleet, ordered a salute fired in honor of the Shamrock's owner.

A woman has a right to be positive on matters which are matters of personal knowledge and experience. Every wom-an who has used Dr. Pierce's Favorite Prescription for diseases of the womanly organs is positive as to its wonderful curative value, and confidently recommends it to similar sufferers.

Women who suffer from inflammation, ulceration, female weakness, or nervous diseases caused by disease of the wom-anly organs will find a complete cure by the use of "Favorite Prescription."

"Several years ago I suffered severely from female weakness, prolapsus, and menorrhagia, and used Dr. Pierce's Favorite Prescription with splendid effect," writes Fannie Shelton, of Washington, Iowa. "Glad I have not needed it for a few years past, but if I should have any return of the old trouble would surely try 'Faworite Prescription.' I have recommended it to a number of my lady friends. I always tell them to try a bottle, and if they are not benefited by it I will pay for the medicine. In every case they have spoken in praise of it."

The city police and the constables of the county went down to Springbank yesterday, and played, what they in their innocence, called baseball. Before the game, each side had the idea that the other fellows were not one; two, three in sports, and in the classic words of one of the chief's men, they wanted to "make a mess" of their opponents. Well, the city men won, but as far as that goes, each side succeeded, at some point in the game in causing the other players to feel a sneaking desire to take to the tall timbers. As long as they play as they did yesterday the 7-year-old Swatters of South Street and the Bulldog Nine of Finnegan's Flats can still be chesty-they're not by any means the frailest followers of the great Powers and mighty Goldsmith that live in this beautiful Forest City. It is not the purpose of this great self-respecting daily to go into the ghastly details of that performance. A long-suffering and slowto-anger public allows us a generous limit—but we desist. It suggests a whole lot, though to say that Ben

Waterworth and Bob Black were in the box, and if the oldest inhabitant tries hard he may remember that even in his youthful days the aforementioned twain were showing the kids how not to pitch. If it hadn't been for the infusion of hot young blood in the per-sons of Frank Love and Tom Robson the story of that game would be a sad tale, indeed.

A matter-of-fact statement—on out-

line merely—is contained in the score below, but it never even hints at the wild throws, the lack of judgment, the unspeakable mistakes, the—but here's the score, read it, and, with a powerful imagination, throw in all the side

STRATHROY WAS EASY. Strathroy, Aug. 22. — The London ex-Canadian League baseball team had the easiest kind of a job in defeating the Strathroy team yesterday after noon. After eight innings had been played, the game was called, with the score 23 to 1. Near the end of the game a number of the London players de-liberately allowed themselves to be thrown out. Harrison began to do the twirling for the Strathroys, but at no time were any of his benders hard to solve. Lucas was called in to complete the game, and did considerably better. Strathroy secured their only tally in the last inning. With one man out a steal of second produced their single run. The ball got away from Lee, who covered the bag, and before it could be recovered, the man had crossed the rubber. Wan-less pitched an excellent game for London and was given good support. The batteries were: Harrison, Lucas and Macbeth, and Wanless and Gunn.

FLYS. The Barracks wam play the City Hotel nine this evening. The Dorchester baseball team easily defeated the Delaware nine in a very snappy five-inning game of ball at Springbank on Tuesday afternoon. The game was called for 3 o'clock, but the Delawares failed to put in an appearance until 4:30, consequently the game was called in the fifth inning on account of rain and awarded to Dorchester, the score being 3 to 5 in favor of the latter. The feature of the game was the brilliant pitching of Marsh. The Barracks club were defeated by a team from Messrs. Bradford & Hessel's last evening, in a five-inning game, by a score of 4 to 2. The score:

TURF. MADE A TRACK RECORD.

Saratoga, N. Y., Aug. 22.-W. J. Arthe track record for six furlongs yesterday afternoon. She covered the distance in 1:12%, the previous record being 1:12½, made by Voter two years ago. Belle of Lexington's weight was but 95 pounds, and aided by her light impost, she went to the front early in the race and won easily by lengths from Chuctumunda, who was shut off on the back stretch and made up a lot of ground. W. C. Whitney scored a double triumph in the Grand Union Hotel stakes, in which his 2year olds, King Hanover and Goldsmith, finished first and second respectively. AT WINDSOR.

Toronto, Aug. 22.—The first annual race meeting of the Toronto Driving Club was held at Dufferin Park yesterday on the half-mile track. There was an attendhalf-mile track. There was an attendance of about 1,200, and the races were close. Three events were on the cardthe 2:50 pace, 2:50 trot and half-mile running. Capt. Andy won the 2:50 pace in straight heats. In the first heat Madison J ran away and jumped the fence, carrying along the buggy, too. The driver was not hurt. The best races was the 2:50 trot. Expelled won the first two heats, and then Maude took the next three, with exciting finishes. The time in the third heat, 2:25½, is a track record. For the half-mile running, Wilfrid Laurier, the favorite, went lame in the first heat and was withdrawn.

be a consolidation of Canadian racing interests next season. Consequently two meetings will not be in progress at the same time in Canadian territory. The scheme contemplates a union with the interests which control the Windsor race track, opposite Detroit, and the Highland Park Jockey Club, which operates the Fort Erie track across the river from Buffalo, as well as the Highland Park Plant in Detroit. Last year Windsor and Highland Park ran in opposition to each other, and the result was disastrous to both associations, as is bound to be the case where there is not a population anywhere near enough to support two meetings at the same time. That mistake has not been made this year. While there is no longer any feeling between the Highland Park Jockey Club and the new Windsor. Racing Association, Windsor and Fort Erie have clashed this season. Though there has not been a scarcity of horses at either track, it is a sure thing that each would have done better if it had had the field to itself. To bring about such a condition in the future, according to the Detroit story, the Highland Park Club and Messrs. Chambers, Walker and Wagner, the lessees of the Windsor track, will arrange to have a cir-cuit, consisting of Windsor, Fort Erie and Highland Park. The scheme contemplates 60 days' racing at Windsor, a like period at Fort Erie and a 30day meeting at Highland Park for a wind-up. There will be racing on the proposed new circuit almost the entire legitimate racing season. If the ideas of Sam Wagner and his associates in Windsor are carried out there will be few purses less than \$300, and a number of valuable stakes to be decided at each of the three tracks. They expect in this way to attract a great many horses of good class to the proposed new circuit. With meetings conducted on high class principles in a section which, during the heated term is, by comparison with St. Louis, Chicago and Cincinnati, a paradise, they are confident that many lovers of the sport will be attracted from those cities and that the game will take on an air of prosperity such as has never been known in this section. The owners of the Windsor plate, with such a circuit in view, already have agreed to make further improvements. They have given assurance that they will move the grandstand quite a distance farther back and lay s. concrete prome-nade in front of it. They will also [Continued on page 8.]

A LOCAL BUDGET.

-Mr. J. Guymer, Grey street, on Tuesday afternoon was using a gasoline stove, when an extra supply of the gasoline was turned on, without warning. It flared up, and he was quite burned on the left arm, nearly to the shoulder.

-A Kingston dispatch says: "Jas. Farmer, a young fellow from London, sentenced to five years in the Kingston Penitentiary for burglary at Wood-stock, arrived at the police station last night. This morning, as he was being led from the cells to the cab to convey him to the penitentiary, he lit a cigarette, and puffed away at it as unconcernedly as if he had been starting

off on a pienic." -The death of Mr. W. R. Tanner, of No. 124 Colborne street, occurred yesterday, after an illness extending over some months, from consumption. He was an employe at McClary's for a number of years. Deceased was a member of London Camp, No. 17, K. O. T. M. A widow and five children survive. The funeral takes place to Woodland Cemetery Friday afternoon.

AN OUTING AT PORT STANLEY. The annual excursion of St. John's and London township Sunday schools took place to Port Stanley yesterday. About 300 people went down to the lakeside by the morning trains, and the afternoon trains also carried a large number.

HIGH COURT.

The weekly high court at London will be held on the following days: Saturday, Sept. 7; Thursday, 12, Saturday, 21, and Saturday, 28; October, Friday, 4; Saturday, 12; Saturday, 19; Friday, 25; November, Friday, 1; Saturday, 9; Saturday, 30; December, Saturday, 14; Thursday, 19.

Selection—"Daughter of the Regiment"
Valse—"Liebestraume" Erti
God Save the King.

AT SPRINGBANK.

The attractions at Springbank this week are the best of the season. Rich's songs and stories are full of humor, and he has no effort to satisfy his admirers by the latest topical songs and hits. Frank Jones and Lillian Walton, in a "country" sketch, delight the large crowds. The latter's soft-shoe dancing and Jones' trick cornet playing add further interest to their performance, outside of the sketch. La Mondue's slack wire performance brings plenty of applause. Harvey's turn is one of the neatest and cleverest ever given at the park. The balancing of innumerable heavy chairs, tables, wagon wheels, etc., on his chin, holds the closest attention of the audience. The final turn of the battle axe performers winds up a very enjoyable entertainment.

THE BURGLAR RAN. A few evenings ago Mrs. Whyte, wife of General Manager Whyte, of Winnipeg (formerly of this city), was aroused in the middle of the night by a burglar in her bedroom. The rascal turned his dark lantern on Mrs. Whyte, who naturally became very much alarmed, and screamed lustily. Her screams scared the burglar, who, in his hurry to get out, dropped Mrs. Whyte's jewel box, which he had in his possession. He, however, took a valuable diamond pin, which was in the pin cushion, and this was all the booty he secured. The rascal entered the house through an unfastened window, but he took the precaution of opening the front door so as to be able to beat a hasty retreat. No trace of the scoundrel, seems, so far, to have been found. Mrs. Whyte, whose hus-band is in Russia, left a day or so after for Rat Portage, where she is at her summer cottage.

Many Happy Returns.

Many happy returns of the day to Ezra Butler Eddy, president of the E. B. Eddy Company, Limited, of Hull, P. Q. He was born in Brandon, Vt., Aug. 22, 1827, and established his factories at Hull, P. Q., in 1851. He has met with more misfortune by fire than any other man in America, but the clearness of his brain, combined with his undaunted energy, have always enabled him to overcome disaster. Mr. Eddy is rightly called the king of the paper, match and woodenware trade of the Dominion of Canada.

There's a Story in Morning Tiredness There's a Story in Morning Tiredness A story of poor blood, weakened nerves, of a starved brain. Plenty of food, mind you, but perhaps poorly prepared, and too poorly digested to maintain a vigorous body. Ferrozone quickly makes blood, gives strength to the nerves, cures the fagged feeling that prevents vigorous thought and action. Use Ferrozone, it makes blood, and good blood feeds the nerves. Strong and vigorous nerves are just another name for good health. If you seek health, and a relief from the thred morning feeling, use Ferrozone. Sold only by W. T. Strong & Co.

NO PERSON should go from home without a bottle of Dr. J. D. Kellogg's Dysentery Cordial in their possession, as change of water, cooking, climate, etc., frequently brings on summer complaint, and there is nothing like being ready with a sure remedy at hand, which oftentimes saves great suffering, and frequently valuable lives. This Cordial has gained for itself a wide-spread reputation for affording prompt relief from all summer complaints.

A DECISION REVERSED. Toronto, Aug. 22.-The executive the Canadian Cricket Association at a the Canadian Cricket Association at a full meeting decided that the international match should be played at Ottawa on Sept. 9 and 10, and not is originally agreed on at Rosedale. Originally both Buffalo and Rosedale made offers for the match, and at a meeting of the executives, which it was claimed was not a representative one, it was decided to give the match to Rose dale. Tuesday night this decision was reversed after a full discussion. The vote was a close one—11 to 9.
